   3+ Whether It Will Be Disclosed,
   And If Not, The Statutory Reason For Non-Disclosure

b) This request is made to ensure a fair trial and to allow the defence to understand, test, and challenge the evidence.

2) Why do you think the prosecutor has that material ?

1+ **Full Custody Detention Record (26–27 August 2025):** Because a custody record is **mandatory** for every detention under PACE Code C and it is automatically created, stored, and accessible to the prosecution.

2+ **Full List Of Attending Officers (Names, Badge Numbers, Ranks):** Because all attending officers must be recorded in the incident logs, CAD logs, and MG forms.
The prosecution receives these details from police as part of case preparation.

3+ **Original Contemporaneous Police Notebooks:** Because officers must retain their notebooks and provide them to the OIC and CPS when requested. They form part of the “unused material” the prosecution must review.

4+ **BWV From All Attending Officers:** Because BWV is automatically uploaded to the police digital evidence system and forms part of the case file. The CPS has access to it through the OIC.

5+ **The BWV Referenced In The MG5 Summary:** Because the MG5 explicitly states BWV exists. If it is referenced in the MG5, the prosecution has been notified of it and must review it.

6+ **Any CCTV From Property Or Police Vehicles:** Because officers are required to seize or preserve CCTV where relevant. Police vehicle CCTV is automatically stored and accessible to the OIC and CPS.

7+ **FME / Medical Notes For Yourself:** Because custody staff must record any medical assessment or injury. These records are stored in the custody system and available to the prosecution.

8+ **FME / Medical Notes For The Officer Alleging Assault:** Because any officer claiming injury must complete an injury form or be assessed. These records are held by police and form part of unused material.

9+ **Notes Or Logs Explaining The Decision Not To Interview You:** Because custody sergeants must record reasons for no interview under PACE Code C. These notes are part of the custody record and available to CPS.

10+ **Notes Relating To The Use Of Your Father As An Appropriate Adult:** Because the custody sergeant must record the identity and suitability of any appropriate adult. This is part of the custody record and unused material.

11+ **Internal Communications Relating To Arrest, Charge, Or Decision-Making:** Because the OIC must communicate with CPS regarding charging decisions. These communications are retained and fall under CPIA unused material.

12+ **Proof Of Creation Of The Case Ratio / Case Ration Folder:** Because digital case folders automatically generate metadata (creation date, author, edits). The prosecution receives the case folder from police.

13+ **Access To The Case Ratio Folder (Or Full Export):** Because the CPS receives the full case file from police, including digital folders. They hold or can request the complete export.

14+ **Custody-Suite Video And Audio Footage:** Because custody suites record detainee movement and interactions. This footage is stored by police and accessible to CPS.

15+ **Risk Assessments Or Use-Of-Force Forms:** Because officers must complete risk assessments and use-of-force forms when force is used or anticipated. These are held by police and form part of unused material.

16+ **Documents Relating To The Alleged GPS Tag Breach:** Because the alleged breach triggered the police attendance. The alert, logs, and communications are held by police and provided to CPS.

17+ **Documents Relating To The Charge Swap On 02/08/2025:** Because any alteration of charges must be recorded and communicated to CPS. These documents form part of the case history.

18+ **All MG11 Witness Statements And Original Notebook Entries:** Because MG11s and notebook entries are standard evidential material. They are held by police and provided to CPS.

19+ **Evidence Of Charges Being Bundled Together At Arrest/Caution:** Because custody sergeants must record all arrest grounds and cautions. These records are part of the custody file and available to CPS.

20+ **Any Unused Material Withheld From The Defence:** Because the prosecution must create MG6 schedules listing all unused material. The CPS hold this material and must disclose anything that may assist the defence.

3) Why might that material:

(a) undermine the prosecutor's case against you, or

(b) assist your case **

- My **General Explanations (Applies To All 23 Items):**

a) The requested material may undermine the prosecution case or assist my defence because:

1+ It May Show **Inconsistencies** In The Officers' Accounts,
2+ It May Show **Procedural Irregularities** In Arrest, Detention, And Charging,
3+ It May Show **Missing Or Incomplete Evidence**,
4+ It May Show **Failure To Follow Pace And CPIA Requirements**,
5+ It May Show **Lack Of Injury**, **Lack Of Force**, Or **Lack Of Assault**,
6+ It May Show **Objective Evidence** (BWF / CCTV) Contradicting The Allegation,
7+ It May Show **Improper Decision-Making**,
8+ It May Show **Conflicts Of Interest**,
9+ It May Show **Material That Should Have Been Disclosed Earlier**,
10+ It May Show **Evidence That Supports My Account Of Events**,
11+ It May Show **Evidence That Weakens The Credibility Of The Allegation**,
12+ It May Show **Evidence That Supports A Lawful Explanation For My Actions**,
13+ It May Show **Evidence That Contradicts The Prosecution Narrative**,
14+ It May Show **Evidence That Affects The Reliability Of The Officers Involved**,
15+ It May Show **Evidence That Affects The Fairness Of The Proceedings**,
It May Show **Evidence That Should Be Considered By The Court When Assessing The Facts**.

b) Because the allegation is based **solely on police statements**, any material that:

1+ Contradicts Those Statements,
2+ Shows Uncertainty,
3+ Shows Lack Of Injury,
4+ Shows Lack Of Force,
5+ Shows Lack Of Aggression,
6+ Shows Procedural Failures,
7+ Or Shows Improper Conduct,

c) …is **capable of undermining the prosecution case** and **assisting my defence**.

4) Do you want the court to arrange a hearing of this application ? YES / NO

If YES, explain why you think a hearing is needed. (If you do not ask for a hearing, the court may arrange one anyway.)

1+ To formally address the unlawful substitution of charges
2+ To compel disclosure of withheld evidence including CCTV and full interview footage
3+ To challenge procedural breaches that left me unrepresented and GPS tagged
4+ To expose the refusal of witness evidence and solicitor access breaches

09		**Streamlined Forensic Reports:** **We request an Explanation for the Lack of Forensic Reports**: - No forensic reports have been disclosed or produced in relation to this case. This absence is significant because: 1+ Forensic reports are normally required to evidence risk assessments, particularly where GPS tagging or restraining orders are considered upon conviction. 2+ Without such reports, there is no documented basis for imposing restrictive measures such as electronic monitoring or restraining orders. 3+ The lack of forensic evidence undermines the prosecution's ability to demonstrate necessity or proportionality of these measures. 4+ It raises procedural concerns, as risk assessments are a standard safeguard to ensure that restrictions are justified and lawfully applied. **Disclosure Request: -** We therefore request confirmation and disclosure of: 1+ Any streamlined forensic reports that should have been prepared in connection with risk assessment. 2+ Any documentation relating to GPS tagging or restraining order recommendations. 3+ An explanation from the prosecution as to why such reports are absent, and whether they were ever commissioned.
