2-16, 2-16 and it's the 8th of the 10th, 2-1st and 25th. I called Tuckers yesterday and I've called them again today and I've put up a file on the 13th. They failed to contact my witnesses.

They've failed to respond to me. I've not seen my defence paper. The list goes on.

(0:20 - 1:27)
I've never seen a defence bundle, a statement of mine or any of my evidence that I've submitted receipted or put into a bundle. The list goes on. I've found a precedent to the law and the law itself and I'm being refused access to my legal rights due to being arrested for harassment and only harassment as the police officer statements show and demonstrate all of them.

Police officers like the arresting officer has different badge numbers, two different badge numbers. I think they're using another set of police officers that have arrived that they've not named and identified and they're using their badge numbers for him to squander his responsibility or they've actually manipulated the paper to come up with two extra badge numbers. This is unfair, this is completely illegal.

I've never committed the crime or offence that they're saying. The harassment charge was one arrest and later on they've swapped the charge over with a different proof. So I'm going to quickly try the phone Tuckers now and find out what is going on.

(1:48 - 1:56)

Hello, may I ask who is speaking again please? Hey there, I'm Mr Cordell and I'm a client of Tuckers Lizards. I was just wondering if you can give me some advice in regards to a few things. I don't want to be too much of a bother to myself.

(4:44 - 6:16)
What my... is that okay? My date of birth is the 26th of the 1st 1981. Mr Simon Paul Cordell. Yes, they were both to do with the same case but they've been separated as different offences.

But the issue is to do with the threats, alleged threats to cause criminal damage in 1971 that I'd like to speak to you about. Yeah, I don't think it's something you should... Is it okay if I speak to yourself for two seconds before you refer me because I'm looking to maybe have the issue put past a manager or a line manager or somebody else and I'd like to give you my

reasons as to why. I think that that's fair because I'm just a call husband so I don't want to be wrong whatsoever.

So, yeah. Who are you going to try to pass me over to please? Nicola Wendell is supposed to be my case manager and I'm not happy with her at the moment and I don't want to be passed to her. She's a trainee solicitor she said and I'm not happy with her legal advice so I'd like to speak to a line manager or a manager of some form.

(6:16 - 9:36)
Yeah, I was just going to comment. I think that is still not the topic. I'd appreciate that so much.

Thank you, madam. It has been put on hold. Hello, I'm Morgan, her life manager.

(9:37 - 10:52)
Can I ask what about your, Can I ask what about your, I'd love to do that but my issue is, I'd love to do that but my issue is, I just want to sort of stir a bit and break a toast. I just want to sort of stir a bit and break a toast. Even if it's just a note that you want to file for me, I'd be appreciative if you can do anything because this was a matter of emergency.

Today's the 8th of the 10th 2025 and it's already 2.26 and I've been trying to go through a process from since my arrest on the 2nd of the 8th, 25, and that is with yourself to get legal aid and to be able to get my defence fund all my defence statements and stuff prepared for the 13th of the 10th and 13th of the 11th. No 13th of the 10th which is in five days time to try and everything the process was quite quite long in process and now I was trying to talk speak to my legal advisor which was, hello madam you still there? Yeah. I was trying to say I was trying to speak to my legal advisor which was Nicole and obviously I respect Nicole and I respect what she says because she's in her position and she's worked hard for that but as she says she's a trainee solicitor and I was pretty confident after speaking to a few other people and checking the laws online that I was right that I have to be arrested for each charge separately, harassment and so forth.

(10:52 - 12:40)
In the piece of the statements it said that there was just harassment so I knew I wasn't arrested for anything else other than harassment. These other charges have been swapped around late without fair process so she was pretty confident that this can be done but I found a precedent in law which guarantees that I am right and that these things have to be I have to be arrested separately and I wasn't and all I asked was for someone to fair to her or someone else to fairly review what I was saying and reply back to my email that I spent time caring and sending back over. I knew it was against what she had said but she's acted unfair since and she won't even reply to those emails and she's failed to even contact any of my witnesses or give me a number so I can get my witnesses to contact her and now no one's attending for I've not seen my own defence statement and I'm so concerned you know about what is going on and there are only a couple of days left.

Is there anything that you could help me do now to prevent me going to court unprepared when legal aid has been granted and I have to make files for it? I'm quite excited um I've got 6 emails in here so I don't know how to find them and how to write them um well I can only advise call back tomorrow or next Friday um yes see for the support for those as I provided

with a doctor. So either you'll call back on Friday or text me Thursday. But her line manager... But I'm in court on Monday, madam, for a trial and she's supposed to have contacted the witnesses all week and she was supposed to be sending me video footage as disclosures.

(12:40 - 12:49)
She's failed to send me an email response. She could have sent at least the video footage or told me she's contacted my witnesses. She could have sent me a copy of my defence statement.

(12:49 - 13:02)
She's not given me fair time to prepare myself because she isn't executing her job correctly and her job title. And this is unfair. And there must be some... She told me herself I'm a Project Y or X or whatever it is, like a consent.

(13:03 - 13:16)
And she's a trainee solicitor. So someone must be overseeing what's happening here. And for this to drag on so long and for that person not to pick up as well on what is happening in my complaint, that raises serious concern.

(13:16 - 13:25)
Hmm. Hello? Yeah, I understand. Of course, there's a side question.

(13:25 - 13:29)
I can understand. I've been on the phone for months. I let them know.

(13:29 - 13:38)
And it was a call back on forums or websites and... Yeah. All right. OK, thank you.

(13:38 - 13:45)
Is that OK? I'll try tomorrow, first thing in the morning. And then if worse comes to worse, we'll work from there. Thank you.

(13:45 - 13:47)
I appreciate your time today. You're welcome. Take care.

(13:47 - 13:48)
You too.
