I live at - 101 Burncroft Avenue Enfield Middlesex EN3 7JQ

I was outside of my building talking to a friend, when I saw my neighbour talking to the delivery man who just pulled up.

We said hello to each other and talked about food to each other.

I heard my neighbour Simon saying to the delivery man that the order wasn't correct.

At no point did I see anybody apart from myself and my friend plus Simon, my neighbour and the delivery man with the food.

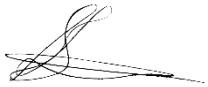

Simon went in and came back out to the deliveryman, and they carried on talking.

Simon went back inside for about five minutes and then I heard the police siren entering the estate and then they pulled up outside of Simons and my flat.

Two male officers ran passed me and ran towards the carpark and then came back and went into Simons building a few seconds latter another couple of police officers came out of the car and one of them asked me which way did the other officers went, I pointed to

Continuation of Statement of:
Simons flat.
I heard one of the officers saying a knife, I asked what's going on and they said nothing and went inside, before they went in I voiced that my neighbour Simon has just come out of hospital and that he has had a major hospitalization and that they need to phone for a ambulance and they stated that they are busy and that they would take Simon to the hospital in the police van.
I then rang 999 and told the operator that it is an emergency and that I need an ambulance and explained to them about Simon conditions and that the police are there with him in his. I was told by 999 that an ambulance is on its way and to keep calm, I then asked the officer why he said that there was no ambulance available and why they wanted to take Saimon in the van.
Because I had just spoken to the 999 and an ambulance is now being sent. The officer did not say anything, and they brought Simon out and they sat him on the floor. I gave him a pillow to sit on the floor with as the floor was cold.
I heard them saying that they would take him to the hospital in the police van and I voiced to Simon, not to get into the van and that the ambulance is on its way.
