THE DEFENSES
NOTICE OF OBJECTION TO SECTION 9 STATEMENTS

- **Case:** R v Simon Cordell
- **URN:** 01YE1267925

I, Simon Cordell, object to the following witnesses' evidence being read under Section 9 CJA 1967. I require their attendance in person for cross-examination, or for their evidence to be excluded as their live testimony is necessary to resolve disputed issues in the case.

1. **Witnesses Required in Person:**
   - A. **Rebecca O'Hare:**
     1) Alleged victim. Her credibility and consistency of accounts are central to the defence.

2. **Disclosure / Evidence Officers**
   - A. **PC Joel Avigdor (P265750 / 2916NA)** Disclosure Officer
     1) Certified unused material schedule.
     2) Must explain contradictions in disclosure, including backdated MG11s, why unused material was marked "Nothing to Disclose," and why key exhibits (999 call, custody contradictions) got internally omitted at later dates.
     3) Needs to clarify his roles in person in certifying disclosure about custody logs show irregularities and BWV not disclosed. Why only last two minutes of interview is submitted and case ratio files and disclosure decisions require explanation due to apparent omissions and inconsistencies. The officer is also to be integrated about the third Statement taken from the alleged Victim, Rebbeca O'Hare and its disclosed date and created date!

   - B. **PC Calvin Chan (1405NA / 2464NA)** Arresting officer
     1) Statement dated 02/08/2025 at 1300 hrs., impossible as arrest occurred at 21:16.
     2) Admits he did not receive the allegation; only Obsiye spoke with the alleged victim.
     3) Exhibits BWV CKC/01, but disclosure says, "Exhibit does not work." Must attend to explain timestamp integrity and why footage is unavailable.
     4) Badge number ambiguity (1405NA vs 2464NA) must be clarified in person.
     5) Attendance required to resolve contradictions about entry, use of force, and officer identity. Why BWV Shows him outside the flats while pc Obsiye is still upstairs taking a statement alone and his statements don't mention this causing a conflict in his timeline of events.

   - C. **PC Obsiye (P243682)** Arresting officer
     1) Refused to listen at the front door and act in accordance with policies. Police Caution for Harassment Act of Law alone though a closed front door without identification of the alleged offender.
     2) Logged threats not demonstrated by evidence,
     3) Applied leg restraints, recklessly.
     4) Custody record falsely claims she searched for me at 07:58 on 03/08/2025, though I was brought to hospital by over officers and never saw her again, after the 02/08/25.
     5) Must explain this contradiction and confirm her actual involvement as the cases she

brought were NO Further Actioned but still contain the same Can and Urn number with an Illegal Swapped Charge due to no legal process afterwards, as the police official custody logs prove!

6) Pc Obsiye official MG11 Statement is also contended as it is illegally backdated to the 01-08-2025 and its created date is before the day of incident meaning she never created the official statement when she gave her oath stating otherwise, "Date/Time Impossible; Backdated Statement,"
7) Her BWV has not been disclosed as required by the defence as a reviewable copy.
8) She is also the statement taker of Rebeca O' Hare and was left alone while Pc Chan was outside as his BWV Demonstrates to be true.

D. PC Reece Williams (1675NA) Van officer

1) Statement dated 30/08/2022, three years before incident. Suggests template reuse or misfiling.
2) Confirms Obsiye delivered caution through closed door, FOR harassment Act 1997, alone violating PACE Code C (lawful access, visual identification, comprehension).
3) Describes Chan as 2464NA enforcer, contradicting Obsiye's confirmation of 1405NA. Must attend to clarify officer identities and accountability.

E. PC George Wilson-Wallis (1456NA) Van officer

1) States arrest occurred at 21:16 "Through the Closed Front Door." Confirms Obsiye performed the arrest for Harassment alone.
2) Refers to suspect as "Samual," not Simon. Critical identity error undermines reliability.
3) Attributes enforcer to 2464NA, not Chan. Must attend to explain officer identities and clarify who breached the door.
4) Call sign confusion (NA30L vs NA22N) must be explained as this is another team member of his or a made-up badge number.

F. PC Uddin (P264294) Interviewing officer

A. Conducted interview.
B. Must explain why disclosed video shows only a fragment (16:13–16:14) and why the Threats to Cause Criminal Damage Act 1971 charge/complete interview is missing.
C. Needs to clarify whether interview notes were altered or incomplete.

3. Custody Sergeants ("Skippers")

A. SGT OZCAN (P240417) CUSTODY SERGEANT, FULL SHIFT TIMELINE TABLE

1) Re Authorised "Detention at 07:58" before any officer in case was assigned.
2) Approved a search entry attributed to PC Obsiye that could not have occurred.
3) Reason Attendance Is Required: Sgt Ozcan Must Explain the Lawfulness of The Initial Detention, The Basis for the Search Entry, And Why Detention Grounds Were Repeated Despite Contradictions in the Custody Record.

B. SGT HALES (P235743) CUSTODY SERGEANT, FULL SHIFT TIMELINE TABLE

1) Logged arrest "Details at 09:19," noting "Officer in case was NA VCT."
2) No Officer in Case (OIC) was assigned during detention.
3) **Reason Attendance Is Required:** Sgt Hales must explain why no OIC was assigned, how charges were processed without oversight, and why the custody record shows gaps in officer assignment.

C. SGT BLOOMFIELD (P232415) SHIFT TYPE FOR EACH TIMESTAMP

1) 03/08/2025 – 16:17 Interview Finish
2) Returned detainee to custody at 16:17
3) Reset cell-visit clock
4) PACE compliance signed by PC Uddin at 16:16
5) Reason Attendance Is Required: Sgt Bloomfield must clarify the interview return process, confirm PACE compliance, and explain discrepancies between interview timing, return timing, and custody-log entries.

D. SGT SMITH (P201985) FULL SHIFT TIMELINE TABLE

1) Early-Morning Disposal Decision – 04/08/2025 at 03:33
2) Sgt Smith is recorded as the supervising custody sergeant at 03:33, the time the early-morning disposal/decision entry was made. This is a critical timestamp because it falls within the period where the detainee recalls seeing the "main corporate" officer again despite this being a different shift from the 08:00 arrival the previous day.
3) Key Issues Requiring Clarification: Basis for the Disposal Entry: The custody record shows a disposal decision at 03:33, but the underlying rationale, evidence reviewed, and procedural checks performed by Sgt Smith are not documented in detail.
4) Continuity of Detention: Sgt Smith must clarify what information was handed over from the previous sergeant, whether any irregularities were flagged, and what he understood about the detainee's status at the time.
5) Medical and Welfare Notes: The custody record contains disputed mental-health-related entries and welfare observations. As the supervising sergeant at 03:33, Sgt Smith must explain whether he reviewed these entries, relied on them, or authorised decisions based on them.
6) Identity and Presence: Because the detainee recalls seeing the same officer at both 08:00 and 04:00 — two different shifts — Sgt Smith's attendance is necessary to confirm his presence, role, and actions during the night shift.
7) Reason Attendance Is Required: Sgt Smith must explain the early-morning disposal decision, confirm the accuracy of the custody entries under his supervision, and clarify continuity of detention and welfare-related notes.

E. SGT WILLANS (P236764) CUSTODY SERGEANT, SHIFT TIMELINE TABLE

1) Took over custody at 18:57 handover.
2) Must explain continuity of detention and whether irregularities were communicated during handover.
3) Recorded: "I participated in a handover between the incoming and outgoing custody teams, which was conducted within the sight and sound of CCTV. I accept responsibility for the detainee."
4) Reason Attendance Is Required: Sgt Willans must clarify the handover process, explain welfare-note inconsistencies, and confirm what information he received about the detainee's status.

4. Inspector

A. Insp Sewell (P240595) – Inspector

1) Conducted detention review at 13:33.
2) Must explain why continued detention was authorised despite disputed medical entries,

absence of OIC, and contradictions in custody logs.

A. Novo Rodriguez (C749973) – DDO

1) Booked me in at 07:43, logged detainee details, property, rights.

1) Immigration checks, appropriate adult contact.
2) Must explain why appropriate adult was inconsistently logged as present/not present.
3) Needs to clarify why Simons Aunt, Appropriate Adult, was denied access despite being available. She was telephoned and told that the initial charge was dropped by police and that new charge would be brought to him and she would need to attend, afterwards she never received another call asking her to attend so contact the police back herself to be told that another appropriate adult had attended. Simon at the time refused any other Appropriate Adult other than his aunt! She was misled into believing I had refused her and that I went through another legal process due to new Criminal Charges being brought.

C. Shirzad (C747009) DDO

1) Cell visits, welfare checks.
2) Must explain observations logged "Talking to Self, Hallucination Observations and The Basis Upon Which They Were Recorded."

A. **CPS Prosecutor J Rainbird** CPS
   1) Signed disclosure certificate on 22/09/2025.
   2) Must explain why unused material was marked "Nothing to Disclose" despite clear relevance (999 call, custody Detention Log Contradictions) and additional Backdated Statements as well as Created date and modified date of Case Ratio Archive.
   3) Needs to clarify why disclosure was incomplete and backdated.

7. **Issues Making Live Evidence Necessary**
   - Credibility and reliability of alleged victim's statements.
   - Procedural irregularities in disclosure and custody records.
   - Fabricated or contradictory custody entries (search, medical, interview).
   - Accuracy of medical notes and risk assessments.
   - Lawfulness of detention and interview process.
   - Integrity of PNC updates and disclosure certification.
   - Missing badge numbers and incomplete officer identification (e.g. PC Chan).
