And also, on one time came with the council due to noise how they can lose all this data. As this would prove Simon did not break into the building and in fact show that there were people living there. They also took a guy Simon knows called Martin Carl in the back of their van due to him hitting a girl which a 999 call was made. The police stayed there for around 1 hour this time as they were trying to get the guys shoes to be able to take him away. Simon is not sure if they took him to the station but if the police took him away there should be a record of this. The CPS is saying there have given all the discloser yet where are the pictures from the

Feb 2013

case where are all the statements for this case. Are they hiding information as we are not asking for the information to the right address?

As if you look in the information, we got yesterday from the CPS the address is Bianca Road which as we have said before that's the road, we said the party was on. The case for Simon the police is saying Haymerle Road. Which as we showed you when you on Google maps both streets are right around the building as it is covered by 2 street names. Josey Simon cannot take no more his bail needs to be address ASAP I am scared I going to get the police here saying he has taken his life something does need to be done.

Plan

1. If Mr Cordell would like to try medication Sertraline starting at 50mg for one week then increasing up to 100mg would be a good choice.

2. Crisis plan agreed with Mr Cordell if he feels like acting on his suicidal thoughts (call Crisis Team, or Samaritans or an ambulance).
3. Discuss with team at MDT for advice around sources of support.
4. Mr Cordell to consider psychotherapy to address problems from the past.

Thank you for referring this 33-year-old man with low mood, suicidal thoughts and anxiety. He attended an appointment at the Silver Street Clinic 11.03.14 with his mother Lorraine.

Mr Cordell explained to me that he is under a lot of stress at the moment due to a pending court case. He told me he is accused of burglary, but that he had been wrongly accused and the police had falsified items on his criminal record. He said that the record had led to the judge placing restrictive bail conditions including being at home in his flat after 8 pm. This has meant Mr Cordell has not been able to work for the last nine months (as he normally works as a DJ and party host with most work going on beyond that time). The bail conditions have just been extended for a further six months. Mr Cordell feels that these restrictive conditions have made him feel "a prisoner" in his own home.

Mr Cordell describes feeling anxious most days. He says he has a poor appetite and has lost "3 stone" in weight over the last 9 months. He says he often finds his thoughts are over active and will not give him any rest. Mr Cordell says he finds it difficult to get off to sleep, sometimes not until 5am, but then will stay in bed until midday. His mother says she has noticed him become "more aggressive" and trying to isolate himself from others.

Thank you for seeing this 33-year-old Afro-Caribbean man. He gives a history of symptoms of anxiety and depression. which have been on-going for a few months. His symptoms have progressively got worse and he has been having some suicidal thoughts. although he has not made any concrete plans to do anything. He says that the only reason he has not acted on these suicidal thoughts is because of his ex- patient and family.

He is currently involved with the criminal justice system and is -currently - on probation. He is under curfew and there have been imposed- restrictions on his movements. He says he is finding it very difficult to cope with the conditions of his - sentence. mainly the confinement t. his home. He says that his relationship with is partner appears to have broken down because of what he describes as the tough - conditions of his probation. He continues to feel very low and anxious when he is confined- to his home. - He is having difficulty sleeping.

He has had problems with depression in the past and was referred to the psychiatric services in 2011s. He has agreed to commence anti-depressant medication today in the form of Sertraline 50mg once daily. He requested some sleeping tablets and I have given him 10 tablets! of Zopiclone 3.75mg 1-2 tabs nocte to be used Infrequently.

Therefore, I cannot understand why you do not have any information as to these dates. I there for ask if you have any information on any dates about Bianca Road, SE15.6SJ / Haymerle Road, SE15 6SD, and noise could you please forward any information as to reports, noise abatement orders, and any calls and police IDs and Noise and Nuisance Team officer attending could you please forward this information to me. I know this as fast as I have been arrested by police for the party that took place in the

and I am the one that walked around the building with the Noise and Nuisance Team officer as I am the one that Hire my sound system for this night. If it is that you do have information and cannot give it to me can you please inform me of this, then if it would be easier, I could put a section 35 DPA request for the information.

Hi Josey

Would it be possible for Simon to get an update as to what will go on in court tomorrow, and who will be attending for him will it be Jemi?

Also, will the court be hearing a bail application tomorrow and if not, can it be put in for it to be heard tomorrow?

Update to Simon cases for Enfield Court which is on his PNC I have the list from Enfield Court which has took them 3 weeks to do as there were so many cases on the PNC. I have tried to call you many times and sent a few texts since I got the list from the court last Thursday so that I could go over the records but I have not heard from you. From looking at the list there are 5 cases that need to come off Simon record for the Enfield cases. There is also an issue I have with one case which will need looking into but I think I have to get my records for that date and see if it is the same case which I think it was as I can only remember one case that was ever at St. Alfred's Church right next to my house. When Simon, Tyrone, and me was arrested also at the church by me. If you remember you took Tyrone case away from mine and Simon due to Tyrone age and his case was heard on its own and Simon and mine was heard together Tyrone went to prison for this case and me and Simon got a not Guilty. There are also 2 other records that they missed out of the list I put in so I need to address this also. So, with the other case for City of London for failing to surrender that will be 6 cases that are not correct on his PNC record. And that is without the one I have an issue with for St. Alfred's Church by me, and the other 2 cases they forgot to check. It's not that the records are wrong it is the case that the court does not have any records at all for these cases, and the lady at the court showed me what she had to look at to get the records which is very large books with each court listing within them for every case heard at court so how is it so many cases do not have any records at the court yet they are on Simon PNC record I just do not understand. 2 are in fact Burglary's, 2

are for class B drugs, 1 is for Taking motor vehicle, Update for DR Jervis psychiatrist after him seeing Simon on the 11/03/2014 he has said he will be writing a report to Simon GP and a letter for Simon so he can give it to you, I have spoken to him today but due to a backlog the report has not gone out yet so we will not have that for tomorrow at court I do not think but Simon still wants a bail application for tomorrow if that is possible. Simon has also said he does still want the 999 calls that was made on the day of the party he hires his sound system out to; he does still want the name of the Inspector and any others police officers that attended the building on

04/05/2013

05/05/2013

The picture that the police took of the damaged wall and showed him that picture in interview. And the pictures for the

16/02/2013

that the police took. If there is any reason that you or Jemi feel that this information is not needed can you please update us to the reason as Simon does not understand why these would not be needed for his case.

774,

Also, Simon has asked did you put the letter into the council as you said you would do for the person that attended the building on the

16/02/2013

17/02/2013

and the

04/05/2013

05/05/2013

as I said to you, I have put a freedom of information act into them, they did reply they did not have any information but I have written back to them saying there has to be a record and I am waiting a reply from them. Can you also please let us know what time Simon has to be in court tomorrow?

An update to the email below. The police called here late yesterday night I was thinking they had come to tell me Simon was dead. The police have put Simon on their vulnerable list due to how bad he has got, he is even beaching his skin because he thinks the police are doing this due to his colour, he has been doing this for the last weeks but it only come out

775,

this weekend He has started over the last weeks locking himself away not letting anyone see him which is really not a good thing. Saturday he even told Katie not to come any more which really is the last person he lets in. This really has to be listed for court this week as he is getting worse. I want to write a letter to the judge about what is going on would he read this at a bail application and not let it be read out in court as there will be very private things in it. Can you give me an update to the below email and this one as to what can be done I am trying to keep him as claim as I can till he has to see the psychiatrist but it is very hard and this is making things worse on my health which you know already is not good. I would also like to put a complaint in about this and how the police have handled this whole case.

06th March 2014

Hi Josey

If at all possible, can you confirm what happened in court today by email. Is it the case now that no more discloser will be asked for?

Also, if no more discloser is needed can you list it for court to see if the judge will bring the trial date forward? If the conditions of bail could be changed there would not be so much of a problem waiting till

July 2014

for it to go to trial, but I don't think Simon or I can take this till

July 2014

if the bail is not addressed.

There are still some issues I do see one being is part of Simon bail conditions is for failing to surrender which should not be the case as there is no failing to surrender on his record now and this has been proved. There is also the case you said before once you got all the discloser you needed from the insurance and CPS you said you would put an application in for his bail to be addressed; now it all seems to be on a letter from the doctors which was not the case before. If we take this to the high court for his bail to be addressed will they look more of the case of just what the CPS says?

I don't think Simon can take it till the

17/02/2014

to see DR Jervis psychiatrist at Barnet Enfield and Haringey Mental Health Trust 58 to 60 Sliver street, EN1 3EP, nor do I think I can take any more of the worry that he will just end his life as that is what it has come to.

If you just look at my phone bills and see all the 101 calls to the police over the last months with Simon telling them he wants to kill himself you would see this. The other day I had 4 police officer in my home due to this while I am trying to stop him thinking the way he is for hours. The stress this is having not only on Simon but me and the people around him trying to help him. The judge has got to hear what is going on here to this family due to all this and the lies by the police and the cover ups in this case. How can they call this burglary they are still hiding the information as to the inspector that was there before the party started that let the party go on, and went into the building before Simon had even gone in there and saw the damage to the building?

How can they hide that he comes along with TSG more than once?

And also, on one time came with the council due to noise how they can lose all this data. As this would prove Simon did not break into the building and in fact show that there were people living there. They also took a guy Simon knows called Martin Carl in the back of their van due to him hitting a girl which a

776,

999 call was made. The police stayed there for around 1 hour this time as they were trying to get the guys shoes to be able to take him away. Simon is not sure if they took him to the station but if the police took him away there should be a record of this. The CPS is saying there have given all the discloser yet where are the pictures from the

Feb 2013

case where are all the statements for this case. Are they hiding information as we are not asking for the information to the right address?

As if you look in the information, we got yesterday from the CPS the address is Bianca Road which as we have said before that's the road, we said the party was on. The case for Simon the police is saying Haymerle Road. Which as we showed you when you on Google maps both streets are right around the building as it is covered by 2 street names. Josey Simon cannot

take no more his bail needs to be address ASAP I am scared I going to get the police here saying he has taken his life something does need to be done.

It is also fact that on the

Feb 2013

due to noise and that they could legally take the sound system due to this. The person that Hire there sound system for that party walked around the whole warehouse and took noise levels and said that if the noise was kept with a limited he had said the party could carry on, the police was also there the noise officer left the warehouse to go on to a next place and told the person who had hire there sound system out there was be back throughout the night to check if they had kept the sound to the limited that was set. Therefore, I cannot understand why you do not have any information as to these dates. I there for ask if you have any information on any dates about Bianca Road, SE15.6SJ / Haymerle Road, SE15 6SD, and noise could you please forward any information as to reports, noise abatement orders, and any calls and police IDs and Noise and Nuisance Team officer attending could you please forward this information to me. I know this as fast as I have been arrested by police for the party that took place in the

and I am the one that walked around the building with the Noise and Nuisance Team officer as I am the one that Hire my sound system for this night. If it is that you do have information and

address you gave as Unit 3, 4 Horrisons Industrial Estate, Haymerle Road Se15 6SD for the dates

16-17 February 2013

I can confirm that no records were recorded under that particular address. This request has requested 'Bianca Road' as a search criterion, and in addition to the

16-17 February 2013

also gives new dates of

4-5 May 2013.

All Calls (Service Requests) received

16-17 February 2013

Our records show 3 service requests were received regarding noise from 'the street' Bianca Road on the 17th February **2013** at:

05:37hrs

07:50hrs

07:53hrs

The first service request was received outside of our operational hours. With regards to the other two service requests, the officers rang the clients at 08:15hrs and 08:25hrs respectively. The first client informed the Officer that the music was no longer bothering them, however, the other client asked for the officers to visit. Two officers visited the client at 08:45hrs and assessed the level of noise received at the client's premises. No nuisance was witnessed; however, they advised the client to call back should the level rise. No further calls were received, and no Abatement Notice was served on that date. In response officers visited the site on

01 May 2013

and established that the 'old sausage factory' in Bianca Road was being squatted. Officers spoke to the squatters who were residing there, and whilst they did not substantiate the claim, they did not deny it either. Officers felt that should the rave go ahead it would likely cause a nuisance to nearby residents. In a proactive attempt to address this, on

03 May 2013

Officers served a section 80 abatement Notice for 'likelihood of nuisance' which effectively prohibited the nuisance from occurring or recurring. Whilst the Notice prohibited the occurrence or recurrence of nuisance from the rave, it could not prevent the rave from taking place. In addition to the above, Council Licensing officers also visited the site with Police and a warning letter was issued regarding unlicensed entertainment.

Actions on the

I have been out on an attempted murder last night and most of today and this evening I have been highlighting raw call data for the barrister to minimise my client's knowledge in a conspiracy to supply firearms case presently going to trial. I will call you tomorrow in the afternoon to discuss.

05/05/2014

before it had even happened as they got information on the

that a party was going to take place on the

so, they went to the building on the

01/05/2013

and spoke to the squatters on this date which proves it was already being squatted before Simon went to the building on the

Simon always through the council told him that the Noise Abatement Notice was put on the building in the

Feb 2013

but as you can see it was put in place on the

But I wonder who give the council the information on the

about the party for the

04/05/2013

05/05/2014

it must have been someone that the council would have believed could it have been the police?

It also does show the police was there but that the council did not take their IDs which does not help but it does show the police was there. Also is there any update from Jemi about the

18/03/2014

for court as to what was said, and the bail application?

Good afternoon

Many thanks for the V5 now received, however the details therein do not tally with the insurance nor the sales and purchase receipts submitted by the policyholder as such we are at this time unable to close the file. We will however pass the evidence to hand onto the third party and request confirmation that they will redirect their claim, failing which we will insist that they obtain judgement on the driver of the vehicle at the time of the alleged incident. As the vehicle was never removed from the policy and the DVLA history does not tie in with the purchase/sales history submitted we are left with a possible involvement as the RTA Insurer which remains a contentious issue, as the V5 shows the owner from

06/02/2012

To

15/02/2014

as Adam Harris, with the inception of this insurance policy being

for the vehicle and our mutual client/policyholder. We trust the above is of assistance. Paul McNally | Technical Claims Handler Auto Accident Claims on behalf of KGM Insurance | Sureland House | Journeyman's Way | Southend on Sea | SS2 5TF

Dear Martin

Here is the logbook for CX52JRZ please see attached. I did call DVLA after I got the letter from them which showed the spelling of the last name wrong as it was spelled Cardell and not Cordell, they told me I had to wait until the logbook come in the post and then to fill in section 6 to get it corrected. Which I will be doing. Also, I have also noticed today when the logbook came in the post and I am not sure why they have put the new keepers date as

15/02/2014

as the green slip section 10 was sent to them, so the date of the

10/11/2013

was on it so I will be writing a letter to ask why this was done, along with the section 6 to correct the last name. Could you please update us as to when this can be sorted with KGM as to the claim that is against Simon so he can sort his insurance out. Also, about the claim for

09 Dec 2013

we still have not heard from KGM as to when someone will be sent out to take a report from Simon could this be looked into?

And also, I know there was some confusion as to the number that was called to report this on the

09 Dec 2013

please see the below information from my phone bill Mon 09 Dec13:28 SPEC SERV
08444126412 22:00 The call was made to 08444126412 at 13:28 and lasted 22 min this is when Simon called to report what had happened on the

09/12/2013

and give all the information which the person noted. I know there is some issue as to the lady who witnessed this information being missing but it was all given on this call. If it can be possible can someone get the tape for this call and get the information to the witness so KGM can contact her about what she saw and who was at fault.

Dear John Page

Thank you for the below email with the data I asked for in a freedom information act. I can see there is information for the request I put in but was wondering if there was any way I could get some more information to some of the data you have sent me. You say in the information that "on

01 May 2013

the Noise & Nuisance Team received information regarding a potential rave which would allegedly be held on the night of the

04 May 2013."

Is there any way we could get the information as to the person or persons that give the information regarding a potential rave and what time this information was received?

Was it the police that informed you of this information of the potential rave which would allegedly be held on the night of the?

04 May 2013

if it was could we get the name of the police officers who passed this information to the Noise and Nuisance Team?

Can you also tell us if it was not the police that gave the above information did the Noise and Nuisance Team contact the police with the information as to a potential rave which would allegedly be held on the night of the

04 May 2013

and if so, what was the police officers' details?

On the

01st May 2013

when Noise and Nuisance Team went and spoke to the squatters who were residing there, did the police attend at this time if so, could we have the police officers' details?

On the

03rd May 2013

Officers served a section 80 abatement Notice for 'likelihood of nuisance' which effectively prohibited the nuisance from occurring or recurring. Whilst the Notice prohibited the occurrence or recurrence of nuisance from the rave, it could not prevent the rave from taking place. Could we please have a copy of the section 80 abatement Notice that was served, and also any police officers' details that attended to serve the said notice? Council Licensing officers also visited the site with Police and a warning letter was issued regarding unlicensed entertainment, could we also have a copy of the warning letter that was issued regarding unlicensed entertainment, and the police officers' details that attended to serve this letter regarding unlicensed entertainment?

If this information can be done under the same freedom information act, I would be grateful, if you would need a section 35 DPA I can forward this to you. Could you please update me as to this request?

The level of service provided by the Enfield Council and the Enfield Homes teams staff is truly inadequate to the sufficient need services required, for an example when the staff are using the available granted money that comes from the community repair chest budget that gets granted for repairs they do no manage maintain and distribute the selfless cash within the relevant emergency sectors of highest priorities to a reasonable standard and in a practical time scale, as my rented council flats conditions are of the highest priorities but still continues to suffer alongside myself, once I had applied for the staff to initialize the capital and reasonable persons to rectify the repairs need, so to fix my home in a relevant time period and to a professional standard!

Hi Josey

Here is the information you asked for. Also, I noticed something funny about the CPS discloser that was sent on

18/03/2014

on the 2nd page is saying about Miss Pursey and that she was arrested for burglary in

May 2013

and interviewed. How can this been when the DNA never come back till

mid-June 2013

and Miss Pursey circulations papers was not complete until the

26.06/2013

and it was pending her arrest. If you need anything else please let me know

The previous conviction discrepancies will be highlighted counsel to counsel between the prosecution and the defence. Tactically we have to withhold certain information in particular the email from the council. I have referred to the noise abatement officer attending and alluded to police also being in attendance. The CPS is the organisation that makes the decision on continuing the prosecution and if the police are failing to investigate and we provide written representations with evidence in support then the prosecution may review on the grounds that there is no realistic prospect of conviction. This is the most sensible approach. As advised earlier once my headache clears, I will be drafting detailed representations with a view to the CPS reviewing the prosecution in this case.

Dear Sir or Madam

We refer to the above matter. This case was last mentioned in court on 18th March 2014 and on that occasion the Learned Judge made a number of directions. Statements and invoices regarding the repair of the wall to be served by

21st March 2014

Not Served Statements from council to be served by

29th March 2014

Not served We attach a copy of the insurance file that we received from Mr Patel's insurance company and note will no doubt be taken of the dates of the previous break ins and the damage caused on previous dates prior to

May 2013

You will also no doubt note that there were no invoices submitted for any repairs during that period of time and also the delay in the Patel's responding to the insurance claim. It has always been our client's case that the damage caused to the wall and inside the building had already been committed before he hired out his sound system for the private party. Our client has always disputed causing the damage or having any knowledge as to how this damage was caused. We further raise that other suspects forensically linked to the earlier offences were released with no further action been taken against them. Mr Cordell has always maintained that police officers attended with the noise abatement officers but we are yet to be provided with the officer's contact details or indeed the reason for their attendance. Clearly the issue is why did the Police allow a party to go ahead if persons present were damaging a wall and removing property. Mr Cordell feels like he is being singled out and made a scapegoat in this

case. He denies involvement in the burglary and this allegation is having an adverse effect not only on his business but also on his mental health. We attach a copy of a letter confirming his medical diagnosis from his GP.

805,

We respectfully request that the curfew condition be removed in its entirety as the curfew of having an adverse effect on Mr Cordell's mental wellbeing. We request that the bail variation be addressed tomorrow at the pretrial review hearing. Please confirm the listing at your earliest convenience.

Yours faithfully

Subject: RE: [1] Simon Cordell Logbook

Dear Martin

After the call I made to you today and what we spoke about please see the email that you asked me to write. As said on the phone today and as you are well aware Simon did not think any Vehicles was on the database and had to carry his policy around from the start of his policy with KGM as each time he was pulled by police nothing showed as him being insured, so as you are aware the police and Simon had to call you many times when Simon was pulled by police to confirm with the police that he was in fact insured. So as to what the claims department are saying about the Vehicle being on the database how was Simon have meant to know about this to have called to take off any Vehicles?

Simon did not know there was an error on the database due to it being inputted wrong on the database form, so it was showing up on the insurance database but not he mid database due to this error, so how was he meant to be aware of this fact. He was only made aware of this in late

November 2013

when some issues came up that Kelly Tiller of KGM was dealing with. It was at this point his car started showing up on the mid so KGM had fixed this, but no other Vehicles, was showing up on the mid database until it was corrected in

Jan 2013

by KGM. I do believe now it was something to do with a space being placed within the numbers of the reg of the Vehicles, the insurance database accepts this but the mid database does not. But this is documented well in emails. Also why has KGM never sent me any letters of this claim being held against me?

there was a call from KGM about the

Sep 2013

but I told the person who called I did not own the Van at that time I was asked to send in the bill of sale and I did, after this I did not hear anything else about this so was thinking everything was ok until it was time for my renewal it was only at this point I was told about this claim being on my insurance, It is also well known you have my mums phone number which is on file which is 0208 245 7454 and there is always someone at home so if there was any issues why no phone calls or any letters about this?

But also, I am sure there should have been a letter sent about this claim and there have never been any letters sent. There are some more issues and that is the claim for

Dec 2013

when Simon was taking my car to service it. As you are aware KGM even said Simon was not covered by his trade policy and you had to call them and sort this issue out. But that still does not cover the fact Simon has made many calls and also sent emails about this claim. Which we still have not heard anything back about also there has been no letters sent about this claim also. The last time he called he was told that someone would be sent out to take a report for this claim yet again there have been no phone calls or letters to set this up so a report can be taken. There is also a problem that on the

09/12/2013

when he called to report this, he gave over a witness information IE Name and her phone number which on the last call that was made they did not seem to have any information as to the witness information I have checked my phone bill and the call was made please see below.

812,

Mon 09 Dec 13:28 SPEC SERV 08444126412 22:00

The call was made to 08444126412 at 13:28 and lasted 22 min this is when Simon called to report what had happened on the

09/12/2013

and give all the information which the person noted. I have asked for the recoding of the phone call be pulled out and heard so that the information as to the witness can be put on this claim and contacted yet I have heard nothing also. I have asked and emailed many times about this claim and it seems nothing has been done but yet KGM wants to hold this claim also against my insurance. There is also the fact on the

26/11/2013

an email was sent to Kelly Tiller at KGM about a subject access request under the data protection act 1998 again I have heard nothing about this and more emails have been sent over about this. Please can these issues be addressed I paid for my insurance and it seems that nothing gets done it does not matter how many times calls are made or emails are sent KGM are just leaving everything. How long should it take to sort out a claim? Should I have had at least a letter?

Why has nothing been addressed?

As at this time due to these claims I cannot work and this is costing me money every day I am not insured.

Good afternoon

Many thanks for the V5 now received, however the details therein do not tally with the insurance nor the sales and purchase receipts submitted by the policyholder as such we are at this time unable to close the file. We will however pass the evidence to hand onto the third party and request confirmation that they will redirect their claim, failing which we will insist that they obtain judgement on the driver of the vehicle at the time of the alleged incident. As the vehicle was never removed from the policy and the DVLA history does not tie in with the purchase/sales history submitted we are left with a possible involvement as the RTA Insurer which remains a contentious issue, as the V5 shows the owner from

06/02/2012

To

15/02/2014

as Adam Harris, with the inception of this insurance policy being

23/02/2013

for the vehicle and our mutual client/policyholder.

I have flagged up all the issues that are relevant. I will wait for a response from the insurance company. The invoices do look dodgy but the insurance company can put pressure on Mr Patel. I am trying tactically to flag up the issues. Once Mr Allaway confirms never received the invoices he will undoubtedly dig further and hopefully this will bear fruit. The point you raise about paying invoices is not relevant and does not take us any further. The point to be made is **(a)** how many estimates obtained

(b) when were they submitted. The missing invoice number will also be picked up by the insurance company but the main point we have to establish is when submitted. They appear to be backdated as not in original insurance file but I need insurance company to verify this before taking the matter any further. You know the old saying about giving a person enough rope. You have to wait, bide your time. I aim to do representations to CPS hopefully before weekend. As stated previously if no statement from noise abatement officer then I will get the case listed again with DC Mayhew to attend. He can explain why all statements with Mr Patel telephone statements. I am also going to ask for statement from manager of warehouse as to damage and also the so-called missing crime report.

Hi Josey

I have noted things also can you also ask how Mr Patel paid these invoices?

Not sure if that can be done and when I last spoke with Mr Allaway, he had been trying to get a face to face meeting with Mr Patel each time he called to try and sort it someone picked the phone up and said Mr Patel was on holiday. He also did not believe this and also and also said that the invoiced that had been sent in was not real ones he knew they were fishy. Also due to the x3 claims Nikki went to the warehouse on the

28/03/2013

after the 2nd breaking on the

25/03/2013

and from the file Mr Patel did not even tell her that he had fixed the wall and paid for it on the

21/03/2014

and he must have known already that on the

29/03/2013

the same company was coming to fix the wall again. Nikki was there on the

28/03/2013

taking pictures. So why did he not tell her this then?

Also, he said he had to leave the warehouse as the insurance company wanted to take pictures. Yet Nikki I am sure only went to the warehouse once and that was after the 2nd breaking on the

25/03/2013

Also looking at the invoices they don't even have an invoice number. There no costing for anything on them. I would like the invoices checked and I mean really checked the right person could tell when these invoices were printed. It's also very funny that the same said part of the wall was damaged 3 times if they had fixed it correctly it would have been much harder as it was new why was the same said part of the wall now done 3 times. And yet also in the file for the March claim Mr Patel only told the insurance company about the alarm there was no wall said about in the March claim. I have not had time yet to look at all the statements but I will most likely have more to say and so will Simon. Also £600.00 to fix the said wall and yet he is saying to the police £8000 to £10,000 for the damage to the building?

816,

And Mr Patel did not do stock take from

Feb 2013

case none was also done in

March 2013

nor

May 2013

yet for the

May 2013

case he can come up with a cost of around £8220?

I will read over the rest of this later I only just really looked at it a very little did not even read Mr Patel statement fully and I have seen this.

Dear Simon / Lorraine

I refer to the above matter. I can confirm that Counsel has written on his court note that Simon is now subject to a condition of residence only. I will still request the bail sheet and forward it to you from the Crown Court to avoid any confusion. I attach a copy of a Notice of Additional Evidence dated

08th April 2014

You will no doubt note the discrepancies in the statement of DC Mayhew dated

03rd April 2014

For clarification if there is no statement from the noise abatement officer by

10th April 2014

I will be listing the case for mention. The statement of DC Mayhew referring to the Inspector who attended on the date of the scene the day of the illegal rave is inaccurate. Inspector Mc Millen's statement refers to attending the scene of a reported burglary and he notes that there were no squatters signs up. I will therefore need Simon to deal with this in his proof exhibiting extracts of his Facebook page which shows the notices etc. I will be asking for the statements of the officers who attended with the noise abatement officers and all updates on the CAD system. I am asking for a copy of the CD of photographs from the SOCO from February **2013** referred to in the statement of Paul Whittaker.

In relation to the invoices served also dated

01st March 2013

And

29th March 2013

these were absent from the insurer's file of papers and reference was made to the second break in, in the report of Nikki Diamond. I will email Trevor Allaway to request confirmation as to whether the two invoices were ever sent to the insurance company and if so when. The bottom of the invoice also refers to an optional extra and there is no proof that Mr Patel ever paid for the damage to be repaired. The other point is that it seems a very long way for a West London builder to travel for £500 worth of work. I am going to ask whether the Patel's from Hounslow are related whether by family or business or whether Rakesh Patel or Deven Patel have any interests in this company. I will ask the insurance company if they have any knowledge of any connection between the Patel insurance clients and Patel the builders. I will also ask the CPS to ask Mr Patel for copies of any alternative quotes and a similar question will be posed to the insurance company. If you have any questions re the above can you please email me as I am in and out of the office quite a lot this week.

Dear Mr Allaway

I refer to my previous emails. I am attaching copies of two invoices received from the CPS in relation to the case against our client. You kindly provided me with a copy of your insurance file pursuant to a section 35 application and in that disclosure, there were no invoices dated

01st March 2013

or

29th March 2013.

Can you please confirm by return email whether you were provided with a copy of the invoices in?

and if so on what date. Please also confirm whether you were provided with alternative quotations from any other companies in relation to the damage in

February 2013

and

March 2013

If you were not then please confirming this also. If no invoices were provided last year can you please confirm whether you know of any connection between your client and the Building Company Patel Construction. The invoices refer to optional extras amounting to £4500 plus VAT but no invoice has been provided to confirm that this work was ever carried out which begs the question as to whether the premises were ever actually secured and whether the damage was ever remedied as claimed. We are very concerned as to how did the damage jumped from £600 with an optional extra to £4,500 plus VAT and finally to a claim in the region of £40,000 from an estimate sent to the insurance company in

September 2013

Mr Rakesh Patel in his statement dated

10th March 2014

(telephone statement) refers to his Manager reporting the second break in to police but not having a crime reference number. We will be asking for a statement from the manager to be obtained via the police as this would undoubtedly list the damage caused etc We would be grateful if the above could be confirmed. Our client is facing a charge of burglary based on damage caused. The case is listed in the warned list for trial in

I will still request the bail sheet and forward it to you from the Crown Court to avoid any confusion." I went to the police station and got a copy as to what was sent over to them please see attached. Also, I spoke to Woolwich myself on phone and they said 3 things were listed. They also said really the judge should have read all bail conditions out, and not just said your bail conditions are now to reside at address known to court. So, can this be addressed and ask them to hear the recorded tape of what was in fact said or even ask the judge

Dear Mr Allaway

I refer to my previous emails. I am attaching copies of two invoices received from the CPS in relation to the case against our client. You kindly provided me with a copy of your insurance file pursuant to a section 35 application and in that disclosure, there were no invoices dated **01st March 2013**

Or

29th

827,

March 2013.

Can you please confirm by return email whether you were provided with a copy of the invoices in?

2013

and if so on what date. Please also confirm whether you were provided with alternative quotations from any other companies in relation to the damage in

February 2013

And

March 2013

If you were not then please confirming this also. If no invoices were provided last year can you please confirm whether you know of any connection between your client and the Building Company Patel Construction. The invoices refer to optional extras amounting to £4500 plus VAT but no invoice has been provided to confirm that this work was ever carried out which begs the question as to whether the premises were ever actually secured and whether the damage was ever remedied as claimed. We are very concerned as to how did the damage jumped from £600 with an optional extra to £4,500 plus VAT and finally to a claim in the region of £40,000 from an estimate sent to the insurance company in

September 2013

Mr Rakesh Patel in his statement dated

10th March 2014

(telephone statement) refers to his Manager reporting the second break in to police but not having a crime reference number. We will be asking for a statement from the manager to be obtained via the police as this would undoubtedly list the damage caused etc We would be grateful if the above could be confirmed. Our client is facing a charge of burglary based on damage caused. The case is listed in the warned list for trial in

June 2014

We thank you in advance for your assistance in this matter.

Yours sincerely

Josephine Ward

Re: Your request for information: 385573

Thank you for your request for information that was received on

I can see there is information for the request I put in but was wondering if there was any way I could get some more information to some of the data you have sent me. Is there any way we could get the information as to the person or persons that give the information regarding a potential rave and what time this information was received?

831,

Can you also tell us if it was not the police that gave the above information did the Noise and Nuisance Team contact the police with the information as to a potential rave which would allegedly be held on the night of the

On the

01st May 2013

when Noise and Nuisance Team went and spoke to the squatters who were residing there, did the police attend at this time if so, could we have the police officers' details?

On the

03rd May 2013

Officers served a section 80 abatement Notice for 'likelihood of nuisance' which effectively prohibited the nuisance from occurring or recurring. Whilst the Notice prohibited the occurrence or recurrence of nuisance from the rave, it could not prevent the rave from taking place. Could we please have a copy of the section 80 abatement Notice that was served, and also any police officers' details that attended to serve the said notice? Council Licensing officers also visited the site with Police and a warning letter was issued regarding unlicensed entertainment, could we also have a copy of the warning letter that was issued regarding unlicensed entertainment, and the police officers' details that attended to serve this letter regarding unlicensed entertainment?

If this information can be done under the same freedom information act, I would be grateful, if you would need a section 35 DPA I can forward this to you. Could you please update me as to this request?

Feb 2013

due to noise and that they could legally take the sound system due to this. The person that Hire there sound system for that party walked around the whole warehouse and took noise levels and said that if the noise was kept with a limited he had said the party could carry on, the police was also there the noise officer left the warehouse to go on to a next place and told the person who had hire there sound system out there was be back throughout the night to check if they had kept the sound to the limited that was set. and established that the 'old sausage factory' in Bianca Road was being squatted. Officers spoke to the squatters who were residing there, and whilst they did not substantiate the claim, they did not deny it either. Officers felt that should the rave go ahead it would likely cause a nuisance to nearby residents. In a proactive attempt to address this, on

03 May 2013

Officers served a section 80 abatement Notice for 'likelihood of nuisance' which effectively prohibited the nuisance from occurring or recurring. Whilst the Notice prohibited the occurrence or recurrence of nuisance from the rave, it could not prevent the rave from taking place. In addition to the above, Council Licensing officers also visited the site with Police and a **840,**

warning letter was issued regarding unlicensed entertainment. Actions on the

The Noise Team made several visits at the following times: 01:37hrs 2 officers noted that the rave had started; they contacted Southwark Police to enquire whether there were sufficient resources to shut it down (should a nuisance be witnessed), and were informed that this would be unlikely. They also spoke to the organisers of the rave, and reminded them that the Notice was in place. The organisers reduced the volume to a low level. 03:50hrs The Noise team Unit Manager also visited the site along with the Police who were attached to the Council's Night time Economy Team. She also spoke to the organisers, who stated that they would reduce the volume further on request. No Police ID numbers were taken or recorded. 11:47hrs 2 officers visited the premises but no nuisance witnessed. 16:53hrs Same 2 offices visited with nothing being witnessed. I met a new partner: --

After I headed back out and met a new partner who already has a younger sibling, this young child was with another man and for that time we were together, we were very much happy I believe. We knew each other for some time, but never got to know each other better. The day got panned by me so I would work; the date was the

20/04/2014

and I was to be supplying power and a sound system equipment to an event which got known as Cannabis 420 days. Police said that I was not due to attend at the event with equipment, when I drove up to the entrance, which I understood not to be true, as I got asked to power the event and sound by a company who messaged me a few weeks in advance of the date. I still have the emails to prove this, from people who managed the event; I left the site after what transpired to happen after the police officers said what they said. After leaving, I got a phone call explaining that I let the person down who hired me for the event, as a consequence, I drove back home and put the equipment away, I later got a phone call from a friend who said that he had a party going on and asked if I would like to attend. I did this and with no equipment while there I was having a good time when I came across a beautiful lady. She came up to me after her friend ended up banging her head after dropping from taking a balloon and together, we looked after her. While looking after this lady with a saw head, I and the beautiful lady had been trying to find cold drink but there seemed to have none left. I can remember the room being hot and this being the first time that I went out to have fun as for the bail conditions that I got placed on since breaking up with my first partner. Thought the night I continued to chat with this lady, and we got along well. She made me smile when she popped up with a few cold bottles of fizzy Lucozade for us all and I asked her was where she had managed to get them from. When she replied to me, from the shop; I tried to think of where the closest shops were to where we were and knew them to be far away. Me, being me, I never would expect a woman to puts her hands into her own pockets, to pull out her money, so to pay for something, but on this occasion she in fact made me feel welcome, to take the drink from her. It got explained by her that she saw the police on her way back in, and she thought that it would be best to take her back home so that we were both safe and that is what I did I found my new partner.

Our **reference:** 385573 Dear Mr Cordell,

Re: Your request for information: 385573

I am writing further to your request for information dated

27 March 2014

to advise you that we have now completed our search for the information you requested:

Thank you for the below email with the data I asked for in a freedom information act. I can see there is information for the request I put in but was wondering if there was any way I could get some more information to some of the data you have sent me. You say in the information that "on

01 May 2013

the Noise & Nuisance Team received information regarding a potential rave which would allegedly be held on the night of the

04 May 2013.”

Is there any way we could get the information as to the person or persons that give the information regarding a potential rave and what time this information was received?

Was it the police that informed you of this information of the potential rave which would allegedly be held on the night of the?

04 May 2013,

if it was could we get the name of the police officers who passed this information to the Noise and Nuisance Team?

Can you also tell us if it was not the police that gave the above information did the Noise and Nuisance Team contact the police with the information as to a potential rave which would allegedly be held on the night of the

04 May 2013,

and if so, what was the police officers' details?

On the

01st May 2013

when Noise and Nuisance Team went and spoke to the squatters who were residing there, did the police attend at this time if so, could we have the police officers' details?

844,

On the

03rd May 2013

Officers served a section 80 abatement Notice for 'likelihood of nuisance' which effectively prohibited the nuisance from occurring or recurring. Whilst the Notice prohibited the occurrence or recurrence of nuisance from the rave, it could not prevent the rave from taking place. Could we please have a copy of the section 80 abatement Notice that was served, and also any police officers' details that attended to serve the said notice? Council Licensing officers also visited the site with Police and a warning letter was issued regarding unlicensed entertainment, could we also have a copy of the warning letter that was issued regarding unlicensed entertainment, and the police officers' details that attended to serve this letter regarding unlicensed entertainment?

If this information can be done under the same freedom information act, I would be grateful, if you would need a section 35 DPA I can forward this to you. Could you please update me as to this request?

The information that can be disclosed is below.

Question: Is there any way we could get the information as to the person or persons that give the information regarding a potential rave and what time this information was received?

Answer: The identity of any person making a service request to the Council is kept anonymous.

Enfield Neighbours' anger over 15-hour rave in Southbury Road

Charlie Peat / Friday 25April **2014** / News

Follow @ Enfield Andy Chaz

Ravers took over abandoned business building for more than 15 hours,

The former HAN building in Crown Road, on the junction with Southbury Road, was the venue for an illegal party that began on Saturday night.

According to residents in Anglesey Road, adjacent to crown road, the loud noise and disturbance continued until 3pm the next day.

One resident, who wanted to remain anonymous, said that the 15-hour rave was "ridiculously loud/'

He said: "It was so loud the whole house was shaking like an earthquake was happening. There are no clubs or bars near us so this was quite a shock. We understand that sometimes it could be loud late at night but for it to continue until 3pm the next day is not right. "I walked along to check out what was going on, it was ridiculously loud. Things were getting smashed up in the building and people were spray painting everywhere." Police say they attended late on Saturday evening and returned the following day and music was still being played.

Listed building 'wrecked' by graffiti (From Enfield Independent)

Vandals have "completely wrecked" an abandoned building by painting graffiti on the front and squatting inside.

The NAN building, in Crown Road, on the junction with Southbury Road, Enfield, has also been used for illegal raves and parties in the last few months.

Formerly used as a car factory, the Grade II listed building closed down more than a year ago and **Enfield Borough Council is now looking for a new owner.**

David Cockle, the chairman of the Enfield Society, has been left concerned by the way the way the building has fallen into disrepair.

He said: 'It once had a very nice, manicured garden - but now it's just been completely wrecked. It's a huge shame.

"I recently discovered that squatters have been on site and it's generally in a deplorable state, it doesn't give a good impression to people visiting the area for the first time.

"It's such a high-profile site and one we should be proud of, but now it just looks awful.1'

Earlier this year, people in nearby Anglesey Road, said their houses were "shaking like an

The party included loud music and continued until 3pm the next afternoon - a total of 15 hours.

Graffiti tags have now been emblazoned on the front of the building, which has been boarded up.

Mr. [REDACTED] added: "For a listed building to be left like that, it's terrible

"The plants and shrubs are overgrown too - it's sad to see it so run down.

"It used to be such an attractive building. 1M

Hi Josey

Simon has asked can his case be listed for court this week about the non-discloser he said the CPS has had long enough and still have not given over what they were meant to. This was last in court on the

08/04/2014

and the judge give until the

11/04/2014

for the CPS to give the discloser over which still has not happened the Judge said that if the discloser was not given it was meant to be re listed back in court. The CPS asked for more time which you gave them and they still have done nothing, so Simon wants it listed in court so this can be told to the judge.

Living in such dreadful conditions is not humane and my flat would be nice if it was veridical and kept up to the right ISO standards but this simple upkeep gets pushed aside by the Enfield Council and the Enfield homes pertinent departments of concern in reference towards the damp heating air ventilation and also the sound issues of disrepair that are unreasonable!

Disrepair!

The HHSRS and the housing Act 1985 inclusive of many other rights of mine and many other people's rights designate that these quandaries of disrepair must not get left by the Enfield Council and the Enfield Homes teams to carry on the way they do, as it is causing me to have no delectation out of my flat and causes me a negative emotional distress!

Hi Josey

Simon has asked can his case be listed for court this week about the non-discloser he said the CPS has had long enough and still have not given over what they were meant to. This was last in court on the

08/04/2014

and the judge give until the

11/04/2014

for the CPS to give the discloser over which still has not happened the Judge said that if the discloser was not given it was meant to be re listed back in court. The CPS asked for more time which you gave them and they still have done nothing, so Simon wants it listed in court so this can be told to the judge.

The Enfield Homes and the Enfield Council have got lots of early resolution to fine-tune the disrepair issues contained within my flat and concur to act with rehabilitating the quandaries but their staff do not follow the company's stationery obligations of care towards my person and this neglect leaves me in a worse condition of health than just the damp!

Subject: Regina v. Simon Cordell for mention at Woolwich Crown Court on Wednesday

21st May 2014

Dear Sir or Madam

We continue to act on behalf of Mr Simon Cordell in relation to an allegation of burglary. As you are aware this case was in court on

08th April 2014

for a mention hearing before his Honour Judge Shorrocks. On that occasion the Learned Judge made directions as to the service of crime scene photographs from

February 2014

(as referred to in the statement of Paul Michael Whittaker dated

25th March 2014).

There are 14 photographs referred to in the statement but we have not been provided with an album containing the pictures of indeed a photograph. In addition, we have not been served with the statement from the Council regarding the noise abatement. We will forward under separate cover copies of a section 80 noise abatement notice and a notice prohibiting the sale of alcohol at the planned party in Bianca Road that Mr Cordell's mother secured from the Council under a section 35 application. It appears as though there is confusion as to the venue address and indeed the venue referred to in the noise abatement notice (Bianca Road) and the alleged burgled premises appear to be one and the same albeit the burglary is charged under the address of Unit 34 Haymerle Road, Peckham, London, SE15 6SA as opposed to Bianca Road. We also request that the prosecution clarify specifically what the particulars of the charge is against Mr Cordell as in the advance information he was charged with loss of stock to the value of £8220. Mr Patel in his statement dated

08th May 2013

refers to loss and also damage. The damage is estimated at £8,000 £10,000. In the case papers there is reference to a burglary and the items being stolen being a gazebo and also a chair. With regards to the gazebo Mr Cordell will bring to court a copy of an invoice that he has confirming that he purchased this item and therefore this could not have come from any burglary. In addition, the invoices provided in the case papers do not have listed the chair seized from Mr Cordell's home address. The chair listed on the invoices provided by Mr Patel refer to Monaco multi position chairs whereas the chair removed from Mr Cordell's address is a Venice chair. The photograph provided is of a Venice chair and not a Monaco chair. We seek clarification as to the particulars of the burglary charge as if the charge is to be amended to damage caused. There have to date been three burglaries at the premises, one in **February**

2013,

one in

March 2013

and one in

May 2013.

We know from the insurance documents that Nikki Diamond visited the site on

28th February 2013

and updated the broker on

02nd April 2013

damage being described as access holes being knocked through in the walls to gain access and an additional two access points were discovered. reference is made to damage to the roof also. There is also a comment made that there is no way to differentiate which damage was caused when. We know that there are crime scene photographs in relation to the

February 2013

offence and these need to be compared to the crime scene photograph's in relation to the

May 2013

offence. We also request that the officer in the case clarify the position with regards to the invoices and the date when they were obtained from Mr Patel. The invoices that we are specifically making reference to are the ones dated 1st **March 2013** and

29th March 2013

which itemise identical damage. The optional extras recommended are identical also. Mr Trevor Allaway from the Insurance company confirmed that he never received the invoices / estimates from Mr Patel and he checked with Nikki Diamond whether she had seen the invoices and she stated that they had not been provided to the insurance company. Indeed, from the insurance file there is an email from **Simone Sail man** requesting repair quotations from **Deven Patel**

(dated 24th April 2013)

but the invoices provided by Mr Patel to the police are clearly dated

01st March 2013

And

29th March 2013

Our query is why were these not

859,

provided to the insurance company?

We request the date that these invoices were provided to the police. The estimate itemising the damage dated

05th September 2013

appears to correspond to damage itemised in a telephone call to the insurance broker by Nicola Diamond on

02nd April 2013

at 15:04:00 with additions. The estimate for this damage is **£39420.00**. Mr Patel in his statement dated

08th May 2013

estimates the damage as being between **£8,000 £ 10,000**. Yet the invoice dated

05th September 2013

substantially increases the estimate by some **£30,000**. The invoices dated in March only refer to rebrickwork on one wall at a cost of £600 yet Nicola Diamond refers to at least three entry points. The statement of Mr Rakesh Patel dated

10th March 2014

gives us cause for concern as he has produced two invoices that never appear to have been provided to his insurance company. He also makes reference to his manager reporting the burglary but not been given a crime reference. We request that a statement be taken from this Manager and in particular that the Manager confirms the damage that was caused and the value of the stock stolen and how this amount was reconciled to stock in the warehouse. We are also concerned as police attended on the night of the rave in

May 2013

and the damage to the wall would have been apparent to the police. In addition, we find it bizarre that there were no additional police patrols in the area on the night of a rave. Our client is adamant that police officers attended on the night in question and were powerless to stop the rave / private party from taking place because there were people squatting inside the premises and notices on the walls clearly stating that the premises were being used as legal squats. The police officers who attended on the night of the rave / private party can confirm

that there was damage already in existence and also that the premises were a legal squat. This would contradict the statement of Inspector Mc Millan dated

31st March 2014

who stated that there were no obvious notices / signs indicating squatters' rights?

We therefore request that the officer in the case make enquiries in relation to the Bianca Road address as referred to in the section 80 notices. We request that this case be listed for mention on Wednesday

21st May 2014

in order that the above can be clarified and also that our client's bail conditions are clarified, in particular our client seeks the return of his passport. We await the confirmation of the listing in due course.

Yours faithfully

MICHAEL CARROLL & CO.

Attachments: Rewired Our ref_ A27_190530 AX REF 403050.pdf

Dear martin

For the last 3 days Simon and myself have been trying to sort these 2 claims out with KGM. Many phone calls have been made and all sorts of things said. Claim dated

14/09/2014

information below Today I got a call back for the claim dated

14/09/2013

where I asked the lady, I spoke to for the information for the insurance company that were making the claim, I was also shocked to hear that they had only today again sent an email to Accident exchange to get them to redirect the claim, the information is below.

Company: Accident exchange

Ref: LR4030501

Phone Number: 08700116720

Simon called and spoke to a Mr. Chris Garvin at around 11.50am on the

22/05/2014

Simon was told that they were no longer looking at his insurance and had not been for some time. That they had redirect there claim to Mr. Harris and all they were waiting for was for proof of the sale of the index incident vehicle, CX52 JRZ from KGM and had been waiting for this for some months to close that part of the claim down for Simon. Simon asked Mr. Chris Garvin if he could email himself this and also email this again to KGM I will attach the email from Mr. Chris Garvin with this email for you to see Again it does seem as if KGM are not doing their job as from what I heard today this claim should have been taken of my insurance from months ago. Simon again called KGM about this and getting KGM to send Mr. Chris Garvin the proof of sale and was shocked to hear it would take KGM 5 days to send this over so that this claim can be closed down. I at this time think KGM has had long enough already to deal with this matter and due to how long this has taken has messed Simon insurance up enough already due to KGM not doing their job. This should have been cleared up months ago but KGM is just holding on to it. Claim dated the

09/12/2013

information below Also today we have been trying again to sort the claim dated

09/12/2013,

where Simon was driving my car to service it the Rover Reg Y311 FVV. We have been told that the last few weeks they would send us a form out to fill in to Simon email address

re_wired@ymail.com

which should be on file when he took the insurance policy out with KGM. But not getting the form again we called and asked why. They seemed to have had the wrong email so re took it and said they would send they out yesterday still not having got the email by today we asked them why we had not got this again they had the wrong email so again they had to take it. We do now have the form which is a joke in itself to fill in so I made a call to KGM to get some help as most of the information also KGM already have, but within the call I was not happy with what Mr. C Clancy said to me on the phone. They do seem to have the witness information now to the claim which was given on the phone to KGM on the

09/12/2013

which they in the pass told me they did not have. Mr. C Clancy had to in the end go and get the file out as there was so much mess on their system, he needed to see what had been done in the file. They did call Miss Hue who is the witness and got her email address and they sent her an email on the

05/02/2014,

but since this time, they have not heard from her. I said to Mr. C Clancy with the mess up with Simon email address and not taking down the correct email does it not seem something is wrong if Miss Hue was willing to give you her email then why would she not have filled in the information to ask her for. Why has nothing been following up by calling Miss Hue and asking. He could not understand why this had not been done. He then went on to try and help me with the form they had sent over and when he heard I was insured on Y311 FVV he said could I give him a while for him to read the full file.

866,

He came back on the phone and said but why is this claim not going through my insurance I said why should it as I was not driving it on the

09/12/2013

it was covered under Simon Trade insurance as he was taking it to be serviced. At this he said that Simon was not covered to drive my car to service it under his trade insurance, I told him what was the reason for having this trade insurance if Simon was not insured. I then went on to say about some months back when I myself talked to the claim handler Miss Alana Foster and she said this also. And that you had contracted the underwriters and sorted this out and Simon was in fact insured. He said he was going to have to contract the underwriters and conform this. At this I was really not happy and told him does your teams do their work correctly as to me there is no communication between KGM departments. I told him on the phone I was going to again contract you and again sort this mess out as if there still saying Simon was not insured then they sold him the wrong insurance policy. At this he said to me don't do that just wait till I get back to you today or tomorrow. There is a lot more that has been said but this is just a little outline. Sorry Martin there is such a mess with KGM they don't seem to know what they are doing and this is having a great effect on Simon life and more costs due to his insurance costs, and the fact now he has to go to court around 6 times for no insurance when he was in fact insured and his insurance was paid for. Can you please try to deal with this mess?

And take a look at the email that I have attached for the claim of

14/09/2014

I don't see why Simon no claims are being withheld due to KGM not doing their job and also having the new insurance closed due to this fact and you having to open a new one this is really looking bad on Simon and he has done nothing wrong here. Also, can I ask something about Simon New insurance does it cover him for his window screen on his car?

Can you please give us an update for all this and sorry for the long email?

Regards

Lorraine

Lorraine

As discussed yesterday when I receive the information from the barrister, I will arrange a meeting with Simon. I have asked for it to be placed in the DX and I can confirm that it has not yet been received, hopefully tomorrow. With regards to the bail conditions I am awaiting on the barrister's back sheet to clarify the above. I will send a chaser email to Chambers now.

Hi Simon / Lorraine

I am forwarding Counsel's back sheet from the mention hearing. The bail position is wrong as it would be as per the conditions imposed by the Judge on the last occasion when Simon appeared and he lifted the curfew. I will seek clarification of this point. I will email Woolwich Crown Court to request clarification of the bail conditions imposed in April **2014**. The statement from the noise abatement officer has still not yet arrived, nor has the colour photographs I asked for them to be sent in the DX yesterday so Tuesday will be the next day that I can check. Any queries between now and then please do not hesitate to contact me at my office by email or text.

Kind regards

Simon CORDELL was seen exiting an alleyway to the side of the police station at the rear of the kinder garden centre. In the car park to the rear of the premises was a Silver Ford Focus VRM MA57LDY. Whilst waiting to gain access Joshua HOLLY-FIELD popped his head over the boarding j to			

the premises and climbed over on police request.

He was detained and searched with nothing found on his person. When asked why he was in the ground of the premises he stated 'Squatters rights, I haven't done anything wrong, you can speak to my lawyer who is with your colleagues round the front'.

This lawyer turned out to be Simon CORDELL Whilst officers checked for signs of a break-in it was established through HOLLY-FIELD i that they were looking for a place to set up a rave over the bank holiday period.

The Ford Focus was searched in the presence of CORDELL as it smelt strongly of cannabis with a negative result.

CORDELL stated that when he sets up raves, he attracts in excess of 5000 people over a 3-day period.

CORDELL is planning to set up a rave and actively looking for premises to complete this.

A Friend's Place: --

I got asked to attend a friend's place of residence, to say hello and to drop off money for food: -

-

On the

25/05/2014,

some friends called me and said they were living at Unit 5 Georges Industrial Estate White Hart Lane Tottenham, London, N17, I understood that this was their home as they were homeless and if it were not for this place for residents. I got asked to attend to say hello and so to drop off money for food and other living essentials to them. In the end, I drove in my van and when I arrived at the area's location; I pulled over and stop on the way to my friends. The place I stopped at was a local pizza shop and I ordered food for us all, I asked for the food to get delivered to the same address to where I would be. I arrived at my destination I noticed that there were no police present. The occupiers allowed me entry into their legal home and I drove my van inside. We took a seat together after they showed me around. Once we sat down, we started the normal general chat about what each other's, lives had gotten up to, since we last saw each other. The pizzas soon, therefore after arrived as I ordered them to and we all indulged in eating the food and after some time, while me and my friends lengthened our conversations. I got startled; I could make out the sound of an alarm bell going off inside of the building, I noticed a lot of activity from within the premises and overheard a person shouting at another person. On listening even closer, to what they were shouting about, I can remember their discussion being that of: somebody else had got into a section of the premises and opened a fire door that did never got opened before, soon after, the door had got sealed and opened the alarm went straight back off to how it originally was before hand: silent! In the cool down period of what just posited to proceed; what I would claim to be about minute the police arrived and as a regular event they chose to talk to me once they realised my presence. The police done their cheeks and asked to look inside of my van on doing so; I granted them permission to do so after the police officers checks they were happy that I had no true sound equipment on me other than two old speaker boxes without speaker drivers in them, that I left in the van due to not being able to move them into my storage room due to space. The police said it would be OK for me to leave and go so this is what I did. A few months later the police added this day into the ASBO Proceedings. On the day I never got arrested for any criminal offences. When I arrived to the premises in my van, the building already got occupied under a section 144 LASPO notice and I merely attended, just to bring food to some friends and spend time with them all. I had empty speaker boxes in my van, but they did not contain the drivers that would have got required to make sound neither did I have any other equipment that would constituent towards a full sound system. I also did not have any, intentions of setting up a rave as is being stated by PC Steve Hoodless. What did in fact happen is that after the incident the

attending police officers add this inelegance into the police National computer system and months later a Steve Elsmore got told to create an ASBO, so he and other official people edited them police cad's and this can get seen in the official Anti-Social Behaviour paperwork and then the officers of the law adduced the information into the application for their own self gain in victimising me?

On 25/05/2014 at 23:21 hrs Police were called to UNIT 5 ST GEORGE'S INDUSTRIAL ESTATE WHITE HART LANE N17 by the security guard at the venue stating suspects; were on premises. Police attended the venue and a large group of approx. 20 young males and females, between 18-35 years of age and of mixed origins ran out the rear of the industrial estate through an alleyway leading to THETFORD CLOSE N13. Several males were still inside the premises			

claiming to be squatters. The remote viewing CCTV at the venue was contacted and stated that the alarms had just been activated and it had footage of several suspects causing damage to the security cameras and door locks at the venue upon entering the premises. After several minutes and upon hearing Police organising entry to the premises in order to search for the suspects concerned in Criminal Damage the remaining occupants ran out of the rear doors to the venue. The front shutter then opened and a WHITE FORD TRANSIT VEHICLE VRM CX52JPZ attempted to exit the premises. The driver an IC3 Male gave the particulars of Simon CORDELL DOB 26/01/1981 of 109 BURNCROFT AVENUE EN3. PNCID 97/99378V. CORDELL stated he had just attended the venue to give his friends some food as they were squatting. The rear of the TRANSIT VAN contained a set of large speakers and music equipment but CORDELL insisted he used the equipment for festival work and was not setting up for a 'Rave'. CORDELL produced insurance documents but due to the day/hour officers were unable to verify details. CORDELL did not match the description of the IC1 Male suspects and was advised to leave the venue. Security guards remained at the premises in order to secure them. Several young males and females continued to arrive at the venue dressed in 'suitable evening attire' for a: Rave and then promptly left upon seeing Police.

Hi Josey

I called the OIC today and told him where Simon Passport was so he sent an email over to them to release the passport. Simon has collected it now so he has it back. So, it's now just to confirm the signing on each Sunday and not to go into Southwark council left to confirm which

as far as the judge said he is not meant to be doing this. Can you also give me an update as to if you had anything from the DX yet?

As the OIC also said there is a statement from Nikki Diamond that was handed over at court last week, on the phone today. But I sure Nikki Diamond was meant to be Simon witness along with Trevor Allaway.

Hi Simon / Lorraine

I am forwarding Counsel's back sheet from the mention hearing. The bail position is wrong as it would be as per the conditions imposed by the Judge on the last occasion when Simon appeared and he lifted the curfew. I will seek clarification of this point. I will email Woolwich Crown Court to request clarification of the bail conditions imposed in

April 2014.

876,

The statement from the noise abatement officer has still not yet arrived, nor has the colour photographs I asked for them to be sent in the DX yesterday so Tuesday will be the next day that I can check. Any queries between now and then please do not hesitate to contact me at my office by email or text.

Kind regards

Josephine

I get frustrated when I optically discern my property getting damaged beyond disrepair because of the damp and mould in my rented home I perpetuate to repine in the hope that the correct decisions get made by the Enfield Homes and the Enfield Council's teams but without any transmutation in my living circumstances, I perpetuate to take photo pitches of the damage cause to the property and make this report as authoritatively mandated to do so by the Councils staff!

On 24/05/2013 at about 2030 hours police responded to reports of a suspects on at the old Ponders End			

Police Station CAD 8306 refers.

On arrival police contained the area. Simon CORDELL was seen exiting an alleyway to the side of the police station at the rear of the kinder garden centre. In the car park to the rear of the premises was a Silver Ford Focus VRM MA57LDY.

Whilst waiting to gain access Joshua HOLLY-FIELD popped his head over the boarding j to the premises and climbed over on police request.

He was detained and searched with nothing found on his person. When asked why he was in the ground of the premises he stated 'Squatters rights, I haven't done anything wrong, you can speak to my lawyer who is with your colleagues round the front'.

This lawyer turned out to be Simon CORDELL. Whilst officers checked for signs of a break-in it was established through HOLLY-FIELD I that they were looking for a place to set up a rave over the bank holiday period.

The Ford Focus was searched in the presence of CORDELL as it smelt strongly of cannabis with a negative result.

CORDELL stated that when he sets up raves, he attracts in excess of 5000 people over a 3-day period.

CORDELL is planning to set up a rave and actively looking for premises to complete this.

On 24/05/2013 at about 2030 hours police responded to reports of a suspects on at the old Ponders End' Police Station CAD 8306 refers. On arrival police contained the area. Simon CORDELL was seen exiting an alleyway to the side of the police station at the rear of the kinder garden centre. In the car park to the rear of the premises was a Silver Ford Focus VRM MA57LDY.			

Whilst waiting to gain access Joshua HOLLY-FIELD popped his head over the boarding to the premises and climbed over on police request. He was detained and searched with nothing found on his person. When asked why he was in the ground of the premises he stated 'Squatters rights, I haven't done anything wrong, you can speak to my lawyer who is with your colleagues round the front'. This lawyer turned out to be Simon CORDELL,

Whilst officers checked for signs of a break-in it was established through HOLLY-FIELD that they were looking for a place to set up a rave over the bank holiday period.

The Ford Focus was searched in the presence of CORDELL as it smelt strongly of cannabis with a negative result.

CORDELL stated that when he sets up raves, he attracts in excess of 5000 people over a 3-day period.

CORDELL is planning to set up a rave and actively looking for premises to complete this.

Hi Martin

Can you tell me if the claim for the?

14/09/2013

has been taken off by KGM they have had notice to do this and it was due to be done last week.

If it has does Simon no claims come into force now?

Also, can you tell me the payments for his new insurance as Simon has not had anything from them yet in the post or from yourselves?

Also, what date the next payment is due to be paid. The total cost of the insurance and the monthly instalment costs please. And if KMG has closed down the claim for the

14/09/2013

and Simon no claims come back into force what is the total payment for the new insurance.

Also, as I said on the phone before |Simon has to go to court for no insurance for

Nov 2013

when the police said Simon had tools in his van would it please be possible to get an email which shows fully what happened as to Simon insurance going to be closed down due to what the police said and that the only reason it was not was due to Simon having to go to the compound and speak to the manager who then called Kelly Tiller at KGM and told her there was no tools when the police took the Van into the compound therefore KGM said he was in fact insurance the day he was stopped by the police and that the van should not have been sized, also explained that you yourself talked to the police by phone on that day and told them he was insured. This would really help so it can be shown to the judge.

I know you are annual leave and not in a position to check the DX. But I was thinking that the office would keep you updated on your cases as to if anything did come in the DX. I will call the office tomorrow and ask if anything has come in and if not could an email be sent to the barrister as it been 13 days since this went to court and she has had the information, If the barrister had sent the DX you asked for you should have had it the next day.

Asbo Case Progress Way: --

Progress Way; A month passed, and the date turned into the

06/06/2014;

my mother had been looking after my Nan as she was not too well at all, so my mother took my Nan from her own home to hers. My Nan stayed at my mums and lay in her bed and this seemed like it was to be her last days with us all, so regarding the

6th June 2014,

I did not attend at an occupied Warehouse at Progress Way, Enfield, as the police claim I did; I do not accept that I was present at this warehouse on that date. I prior stayed with friends in between my house and my mother's. In the following day off the;

07/06/2014

well after my Nan arrived to my mother's house, for her to live for a little while. I remember that the day had got arranged to be my cousin's leaving party, as he planned a worldwide holiday to go on. The leavening party got planned to take place at a Club and the day started with me in doors as normal, because of the threat of more police reapers ails, of the brutality that I get faced with. I had not been in contact with many of my friends for months prior to this date, due to the police and court bail conditions that I got placed under. Later in the day I travelled to my cousins leaving party when I received a phone call from a friend who said there was to be a party on and it got cancelled by police from taking place in Essex outside in open air. In continuing to speak to my friend; he explained that the private party got moved to a prior squatted building in Progress Way next to where I live. He asked me if I would attend and I said yes to his invitation, so regarding the

07th June 2014

at a Warehouse on Progress Way in Enfield; I had been having a family drink in the pub/hall with my cousin Dwayne Edwards his leaving party continued on from the

07/06/2014,

till the early hours on the

08/06/2014,

I also while on the phone to my friend agreed to drop a set of keys of, as this friend would be at the same location, I left the pub/hall to visit my friend who was living at Progress Way. Straight after I parked my van that I travelled in, along the Great Cambridge Road, in the petrol station. I crossed the Road and directly in front of me, was a fair amount of people, entering an alleyway. I accept that I also entered the alleyway with them leading me and found that this lead up to the gates of Progress Way as soon as I done this I got approached by members of the police and local council. A policeman asked me my name and my personal details and I did not reply to him, the reason I did not answer his question is that I felt like I was getting entrapped by his line of questioning. He asked me to follow him back to where I had just come from, which was where my car got parked along the Great Cambridge Road, so I did what he asked of me to do, I felt straight away like the police officer, had made his mind up and therefore accused me of organising a so called rave to him, or to other people “a private party,” to which I had not done, as soon as I finished being addressed by the governing officials, I then left them and waited in the petrol station across the road for my friend, this was so that I could give him his keys back. When speaking to my mate in the petrol station while waiting in my van I describe what had just developed. We continued chatting, and he asked me to hire out a power generator to the occupation, so I asked for my terms of hire to get signed and this happened. I then left and headed back home and waited for him to collect the equipment as agreed. The private party started on the

06th June 2013

and had got prior arranged months in advance, while I was being detained under police house arrest, I never got to the first location and I now understand other information that I did not think, for instance; A police dispersal notice got issued to other persons in Essex when an inspector landed in his police helicopter; he also had news reporters with him. In checking for the newspaper articles, you can see another; person identifications and those people are not me. I never attended until the early hours of the

08th June 2013,

so, I did not get involved in organising any event at a Warehouse on Progress Way and for truth at no point did I cause any anti-social behaviour, as seems to get started by the police officers and not by any members of the public. Soon after I left and headed back home for this day to get added into the Anti-Social Behaviour Order, there is more about this case latter.

Hi Martin

Please can you let me know about Simon insurance it's not showing on the mid database and I really need to know about the payments and also the below emails. I did call today to talk to you and left my number for you to call me back but did not get any calls. I need to know if Simon is insured. The last time I spoke to you said you would get back to me about the payments and I have not heard anything yet from you and no paper work has come to Simon address.

Subject: RE: Simon Cordell

Hi Martin

Can you tell me if the claim for the?

14/09/2013

has been taken off by KGM they have had notice to do this and it was due to be done last week. If it has does Simon no claims come into force now?

Also, can you tell me the payments for his new insurance as Simon has not had anything from them yet in the post or from yourselves?

Also, what date the next payment is due to be paid. The total cost of the insurance and the monthly instalment costs please. And if KMG has closed down the claim for the

14/09/2013

and Simon no claims come back into force what is the total payment for the new insurance.

Also, as I said on the phone before |Simon has to go to court for no insurance for

Nov 2013

when the police said Simon had tools in his van would it please be possible to get an email which shows fully what happened as to Simon insurance going to be closed down due to what the police said and that the only reason it was not was due to Simon having to go to the compound and speak to the manager who then called Kelly Tiller at KGM and told her there was no tools when the police took the Van into the compound therefore KGM said he was in fact insurance the day he was stopped by the police and that the van should not have been sized, also explained that you yourself talked to the police by phone on that day and told them he was insured. This would really help so it can be shown to the judge.

Regards

Lorraine

Nov 2013

when the police said Simon had tools in his van would it please be possible to get an email which shows fully what happened as to Simon insurance going to be closed down due to what the police said and that the only reason it was not was due to Simon having to go to the compound and speak to the manager who then called Kelly Tiller at KGM and told her there was no tools when the police took the Van into the compound therefore KGM said he was in fact insurance the day he was stopped by the police and that the van should not have been sized, also explained that you yourself talked to the police by phone on that day and told them he was insured. This would really help so it can be shown to the judge.

I am now in possession of the crime scene photographs which appear to show a much tidier warehouse. The CPS have still not confirmed whether the burglary is based on damage or loss. If loss then Simon is covered in terms of the receipts. If damage then Mr Patel, Nikki Diamond etc will all have to attend court as will the warehouse manager. I do not have a car at the moment as I had an accident in May so my ability to do late visits is significantly impacted. Is Simon likely to be available Friday afternoon. I am at Milton Keynes in the morning and should be back in London for 2pm or alternatively what about Saturday. Please let me know which is the more convenient.

I get made to feel infuriated by the Enfield Councils and the Enfield Homes disorientated practice towards their Statutory Obligation of conduct towards their clients, because it makes me sufferer every day and night by their staff's negligence after their intentional infliction of emotional distress that I gets inflicted upon me, in the staff understanding the exigency of me having heating in my habitation and not rectifying the issues of the Damp, Sound Proofing and the Heating!

Information

On 25/05/**2014** at 23:21 hrs. Police were called to UNIT 5 ST GEORGE'S INDUSTRIAL ESTATE WHITE HART LANE N17 by the security guard at the venue stating suspects; were on premises. Police attended the venue and a large group of approx. 20 young males and females, between 18-35 years of age and of mixed origins ran out the rear of the industrial estate through an alleyway leading to THETFORD CLOSE N13. Several males were still inside the premises claiming to be squatters. The remote viewing CCTV at the venue was contacted and stated that the alarms had just been activated and it had footage of several suspects causing damage to the security cameras and door locks at the venue upon entering the premises. After several minutes and upon hearing Police organising entry to the premises in order to search for the suspects concerned in Criminal Damage the remaining occupants ran out of the rear doors to the venue. The front shutter then opened and a WHITE FORD TRANSIT VEHICLE VRM CX52JPZ attempted to exit the premises. The driver an IC3 Male gave the particulars of Simon CORDELL DOB 26/01/1981 of 109 BURNCROFT AVENUE EN3. PNCID 97/99378V. CORDELL stated he had just attended the venue to give his friends some food as they were squatting. The rear of the TRANSIT VAN contained a set of large speakers and music equipment but CORDELL insisted he used the equipment for festival work and was not setting up for a 'Rave'. CORDELL produced insurance documents but due to the day/hour officers were unable to verify details. CORDELL did not match the description of the IC1 Male suspects and was advised to leave the venue. Security guards remained at the premises in order to secure them. Several young males and females continued to arrive at the venue dressed in 'suitable evening attire' for a: Rave and then promptly left upon seeing Police.

1 Falcon Park, Neasden Lane; NW10: --

On the

20th June 2014

it got alleged by members of the police that I got involved in the organisation of and/or supplied equipment for and/or attended an illegal rave at 1 Falcon Park, Neasden Lane, NW10. This is not accurate information as the truth is that I had got contacted by way of mobile phone by a client, and he asked me if I would hire a sound system out for a gentleman's, birthday party. After our conversation I agreed to do so and a sound system and a van got hired out to that person and then later collected from outside of my home address. My terms and conditions got signed, and a deposit got given to me, by the client. Once the client left me, I continued with my day and then went back to my home. When at my home, I ended up receiving a phone call at 1:00 hours in the morning by the same client who said that the police were in attendance, and they were seizing the sound system. I remember getting up from what I had prior gotten occupied with and leaving my home address at around 1am hours, so to attend to the private party location, which took place indoors. Then soon after I arrived at the client's destination, at around the time of; 2:00 hours, I would claim that I took one hour and ten minutes to attend to, as I drove outside of the address that I had to be at so to park my car I can remember there being lots of different members of the police who were already present. When I approached to the address front door on my two feet, to which address I got given by the client, the police were there blocking any persons entrance, so I spoke to the police officers and explained to them by circumstances, this meant that I showed them a copy of the higher invoice and a copy of my terms and conditions of hire, I got allowed entry by the police officers who were present to pack the sound system away and once I finished doing this, I asked to get released with the equipment, it then got explained that the equipment was to get confiscated. After a lengthy, debate, I had no option but to allow the police officers to seize the equipment, I got allowed to collect the sound system from the police at a later date, without being arrested or any charges being brought into motion. This meant; that I never returned the sound system to the same client ever again as he breached my terms and conditions and at no time did, I knowingly supply equipment for an illegal party.

A few months' later this date got added to the Anti-Social Behaviour Order against me, even low I caused no problems.

Hello Rachel

Simon did ask Martin the other day about this and Martin said the only document that was missing due to an error on my part was the statement of facts as I had sent him the old insurance one which I corrected by him sending me the one he needed by email and then getting Simon to sign it and sending it back to Martin. Simon has never changed his address on his of Driving Licence or his passport they have always been in my address, if you would need one in his address then we would need to send off to DVLA and get it changed which he has never wanted to do as he feels safer that they always come to my addressee as he sometimes does not get his mail to his address. We have never had any problems before due to them being in my address, do you need the Driving Licence changed to his address for a reason?

On 19th July 2014 it got alleged by police to: --

On

19th July 2014

it got alleged by police to have got involved in the organisation of and/or supplied equipment for and/or attended an illegal rave at the 198 Great Cambridge Road, Enfield Town, EN1 1UJ. This road is between my home and my mother's house. It is the route that I drive down when I

am going to stop at a twenty-four hours McDonald's in my local area. The GMT time zone was around 3:00 hours on a Sunday morning. When on this morning I was passing in my car, what got known as the old Carpetright, 198 Great Cambridge Road, what escalated to proceed next is that I saw a man who I know to be homeless, got detained by police officers, along the roadside, when I noticed them all together, I was taking a right turn out of Lincoln Road and in respect of this I continued to travel on the opposite side of the Great Cambridge Road, to where the police had been?

I turned around at the closest traffic lights, which at the time I understood to be next to the Odeon Cinema. Once I turned my car around to head back towards my friend, I noticed a car park a few premises before 198 Great Cambridge Road, what is a general car park open to the public and belongings to a company named Magnet, I parked there as I could see that the police officer's blocked access to the car park belonging to 198 Great Cambridge Road. In stopping my car, I locked my vehicle and walked up to where the police were detaining the person that I knew. On doing this, a police officer approached me and told me I was under arrest, for a possible breach of the peace, to my surprise. I later got released from police custody and this got achieved with no further action being taken, to be honest, I do not believe I got booked into custody; In that time at the police station I did not get to speak on the phone or in person with a solicitor and I did not have an interview take place. In the early hours of the morning at around 8:00 hours the police de-arrested me and realised I from the Edmonton police station with being the truth is that I never got involved in the organisation of any event on this day at 198 Great Cambridge Road, nor did I supply any equipment, neither did I cause any acts of Anti-Social Behaviour on this date. I got super shocked when months later this day got used in the Anti-Social Behaviour Order against me, so I took a look into the folder after copying the person's Facebook profile whose birthday party had supposed to of taken place. Then I contacted the Hirer of the sound system present at the incident who then supplied me with a headed letter from their company stating that I had not been working for them on this date, I soon after passed the letter to the police and prosecution teams. When taking a finer look into the case paperwork I noticed a few of the following problems;

Information

URN	YERT00 376024	GPMS	RESTRICT ED
Information CAD 10635/19 July refers, At 2205hrs police were called to the Carpet Right show room on the A10 GREAT CAMBRIDGE ROAD ENFIELD regarding a possible rave in the empty premises. There j was about 20 people inside the premises with sound equipment which they were about to set up. When officers arrived, they blocked the front of the venue to stop anyone else j getting in. The main organiser was spoken to by police. This male was Simon CORDELL 26/01/1983 of 109 BURNCROFT AVENUE ENFIELD EN3. He admitted to organising the party and said he was expecting several hundred people. Whilst dealing with CORDELL police were told that crowds were gathering outside SOUTHBURY ROAD train station waiting to be told where the rave was. After a long conversation with CORDELL he was arrested to prevent a breach of the peace a take to EDMONTON POLICE STATION C/N 01YE3597/14 refers. As a result of his arrest the people inside the venue all left. The music system was I loaded into a white van VRM PE52UHW. The owner and driver of this vehicle was Elliot [LAIDLER of 32 GRANTHAN ROAD E12. He stated it was the first time he had worked for CORDELL. The van could not leave the car park as the key for the padlocked gates could not be found. However, after two hours the vehicle was able to leave by driving over the pavement. Two other vehicles were also able to leave. VRM LD530KB which has a KIA registered I to The Floor Sanding Company 5 WARWICK ROAD EDMONTON N18 and VRM R659YEX a fiesta			

registered to Bradley DAVIS 79 MEADOW ROAD BARKING.

CORDELL was released at 0400hrs as a breach of the peace was no longer likely to take place. Clearly CORDELL makes a living by organising raves in NORTH LONDON.

Of note is when officers searched the car park after everyone had left, they found a set of keys by the electronic steel shutters. These keys opened the shutters to the premises and on the key fob attached to the keys was a PIN number for the alarm system. This is how youths gained entry to the premises. These looked official keys to the venue. It is a mystery how they came into the possession of the youths. It is possible that CORDELL has obtained them via the security company or an ex-employee. They have been booking into the 66 at YE under the reference **"Blocked Out"**

Information

CAD 10635/19 July refers,
At 2205hrs police were called to the Carpet Right show room on the A10 GREAT CAMBRIDGE ROAD ENFIELD regarding a possible rave in the empty premises. There j was about 20 people inside the premises with sound equipment which they were about to set up. When officers arrived, they blocked the front of the venue to stop anyone else j getting in. The main organiser was spoken to by police. This male was Simon CORDELL 26/01/1983 of 109 BURNCROFT AVENUE ENFIELD EN3. He admitted to organising the party and said he was expecting several hundred people. Whilst dealing with CORDELL police were told that crowds were gathering outside SOUTHBURY ROAD train station waiting to be told where the rave was. After a long conversation with CORDELL he was arrested to prevent a breach of the peace a take to EDMONTON POLICE STATION C/N 01YE3597/14 refers.
As a result of his arrest the people inside the venue all left. The music system was I loaded into a white van VRM PE52UHW. The owner and driver of this vehicle was Elliot [LAIDLER of 32 GRANTHAN ROAD E12. He stated it was the first time he had worked for CORDELL. The van

could not leave the car park as the key for the padlocked gates could not be found. However, after two hours the vehicle was able to leave by driving over the pavement.

Two other vehicles were also able to leave.

VRM LD530KB which has a KIA registered I to The Floor Sanding Company 5 WARWICK ROAD EDMONTON N18 and VRM R659YEX a fiesta registered to Bradley DAVIS 79 MEADOW ROAD BARKING.

CORDELL was released at 0400hrs as a breach of the peace was no longer likely to take place. Clearly CORDELL makes a living by organising raves in NORTH LONDON.

Of note is when officers searched the car park after everyone had left, they found a set of keys by the electronic steel shutters. These keys opened the shutters to the premises and on the key fob attached to the keys was a PIN number for the alarm system. This is how youths gained entry to the premises. These looked official keys to the venue. It is a mystery how they came into the possession of the youths. It is possible that CORDELL has obtained them via the security company or an ex-employee. They have been booking into the 66 at YE under the reference

Of note is when officers searched the car park

possible that CORDELL has obtained them via
the security company or an ex-employee. They
have been booking into the 66 at YE under the

He stated that he has over 20,000 followers on one social media network, and 70,000 on another. He says that he could organise a rave and get 20,000 people at it without any problems what so ever, and that he gets a lot of requests from anarchist type groups etc to run raves for them. Of note is that he claims Occupy London, Black Block, and other anarchist groups have been asking him to organise one for Notting Hill Carnival so that they can "cause carnage and mayhem".

I was driving down Alma Road: --

This day was a Thursday and at 16:30 hours and on the **24th July 2014.**

I personally got alleged to have admitted to policing officers that I organized illegal raves and this is too far a distance away from any prospect of a reality for there to be any truth in. What really took place is that on this evening at about 16:30 hours, I was driving down Alma Road. I use this road to travel between my mother's house and my flat as it is the shortest and fastest route on most days. My Nan used to live off Alma Road just before **2014**, so this method of a chosen route means that I would drive or pass by her house, before she stayed at my mother's house. I was travelling from my mother's home on the

24th July 204:

a little while after visiting my Nan and my mother due to my Nan's illness and to also say hello to them and others. The police pulled me over on my travels back to my home, I used Alma Road as a route and not managed to travel less than half of the way to my destination when I noticed an unmarked police car as it was showing to take a right turn, the opposite way from which I was travelling. It took a right turn out of Durant's Road when I realized it was an unmarked police car, I noticed this as I had seen the driver on active duty in the local area beforehand, as I drove past the unmarked police car it changed its sign to the way I was heading, it showed left. The car followed me and then put on its blue lights, so I pulled over to the left-hand side of the road, opposite the BMW repair centre along Alma Road ajar to the football field or rugby field that is on the other side of the road to the plan of field next to the high semi high rise of maisonette flats. When I stopped, I pulled over my car that I had driven on the left-hand side of the pavement that leads to the back entrance of Durant's Park. I took note to the male officer who got out of the passenger side of their undercover car and approached my driver's door. In understanding what they had been like to me, so I decided that the best thing for me to do to aid in their request without my solicitor or no witness being present was to opened my car window to the man just the slightest little, bit and asked politely why I got pulled over. The police officer said he was not sure why, but explained his colleague instructed him to do so. It got easy to think to myself a thought like; all these coppers have gone mad, the police officer told me that he did not know why, he pulled me over, I had questions for him as I asked him more questions; He then hurried and back to his unmarked police car. He soon after re-approached me while I stayed safe locked in my car, but this time

he came with the driver his college. I waited for them to approach and then as they arrived and bent down to the gap in my window, I asked again why I got pulled over, this time the driver of the police car pulled out his truncheon and said I had to get out of my car, and that if I declined my window would get smashed. Stunned is how I felt, amazingly stunned, I noticed that he really meant what he said and did not want to pay for a window, so I got out of my vehicle as I had nothing to hide, I could not have been any, surer of anything other than that I did not commit any offence, in fact I committed no offence whatsoever, and I definitely was not showing up as wanted by the police. It got finally explained to me by the police that I got pulled over because I drove too close to the car in-front of me. This car referred to did not get stopped by the officers and had not gotten stopped by the driver of that vehicle. I then got accused of having drugs, and I continued to get searched, and my vehicle also went through the same procedure of a full custom search and nothing got found as I had nothing illegal on me. It then got asked by the police officers what I had recently got up to, so I said to them both; that I was setting up my company catalogue and that catalogue I was building with a friend, this included talk about my company website; I explained to the police officers that I almost finished completing it, I also said to them that I was trying to achieve positive effects within today's society with my business that I am building a brand for. Once the police checked everything, they needed to get parted after I shook hands with them both and said goodbye. Then I made my way home, and I surely did not cause any Anti-Social Behaviour on the

24th July 2014.

Shortly after the police added this day also into the Anti-Social Behaviour Order and now, I have got the following problems with the case file paperwork and governing laws representing the case.

Information “BLOCKED OUT” “BLOCKED OUT” “BLOCKED OUT” On arrival at Millmarsh Lane there were numerous young people milling around trying to locate the rave which was eventually found on the North footway just by the Greggs Factory. It was a small strip of concrete completely open to the air with a large amplified sound system at the far end obstructed from view of the street by vegetation. Simon Cordell was at the gate and immediately shut it on police arrival. Eventually, Mr Cordell agreed to let me and APS Ames onto the			

property to confirm there was no damage or theft offences being committed.

Simon Cordell's car a silver ford focus VRM MA57LDY was present and contained at least three massive nitrous oxide tanks. When queried he admitted he had seen the news article about the dangerous effects of this and how the Government would probably regulate it.

There was about 30 people in so in discussion Mr Cordell was told it was an illegal rave and I would be seeking Supt authority to seize the sound equipment. Mr Cordell began to pack away his equipment stating it was a birthday party only but he was going.

Whilst stood waiting for him to leave a group of about 100 teenagers turned up on mass and immediately became confrontational stating, they were going to storm the rave. As we had good numbers the group initially dispersed but tried to go via a back entrance to the venue which led to arrests when scuffles with police started.

The group then completely moved off but returned about twenty minutes later in even bigger numbers. The situation quickly escalated as the group started throwing cones and general road furniture towards police, luckily dogs were on hand and the crowd was; dispersed after numerous missiles were thrown at police and a number of arrests were made. The group then hung around and got on trains only to try and enter Progress Way and the

The net result was at least 4 arrests for various public order and one officer injured who previous rave site. It was only large numbers of TSG that prevented the group forcing their way in. Again, Simon Cordell and his silver Focus were present.

Simon Cordell's attitude is that he is a modern day business man and the actions of the group had nothing to do with him. It was fortunate more officers were not injured.

Information

On SUNDAY 27th of JULY **2014** police drove down MILLMARSH LANE ENFIELD, because information had been received that a rave would be taken place that evening. Police drove down and found the rave, which was on a piece of land between Gregg's and PUGH CHARLES GLASS.

This appeared to be a drive way that was over grow, but had a gate on it, which the people at the rave had the key for Police spoke to the people inside and they did not know if they had any first aiders there and they said that had one fire extinguisher on the site.

The people there let police in and there was no alcohol there, but they had water to drink, the rave was outside on open land. There was a big

stack of speakers, which was been; powered by a van belonging to Simon CORDELL. Police saw the van drive out with Simon CORDELL driving it.

The rave was a 20th birthday do for one of people there.

The rave was organised by Simon CORDELL and was connected to another rave on ALMA ROAD.

On THURSDAY 24th JULY **2014** at around 1625 hours plain clothes officers from YE Gangs Unit had cause to stop the following male on ALMA ROAD EN3: -

Simon CORDELL dob 21/01/1981 I MALE
109 BURNCROFT AVENUE EN3 7JQ PNCID-97/99378V

He was driving a silver Ford Focus vrm MA57LDY on which he is insured, but is not the registered keeper. He was stopped as he was driving about 1" from the bumper of the car in front of him, and his driving was erratic. He claimed to know the other driver, this male however he approached officers saying he had been driving like that behind him since YR! CORDELL was obstructive as usual, refusing to get out of his vehicle etc. He stated that his solicitor has a big case going where all his criminal records will be wiped as police, I have unlawfully picked on him for years etc

Of interest, he stated that he has 4 brand new speaker systems at home which he is I happy to loan people for raves etc, and that he is

inundated with requests to run raves. He stated that he has over 20,000 followers on one social media network, and 70,000 on another. He says that he could organise a rave and get 20,000 people at it without any problems what so ever, and that he gets a lot of requests from anarchist type groups etc to run raves for them. On note is that he claims Occupy London, **Black Block**, and other anarchist groups have been asking him to organise one for Notting Hill Carnival so that they can cause carnage and mayhem".

"BLOCKED OUT"

On arrival at Millmarsh Lane there were numerous young people milling around trying to locate the rave which was eventually found on the North footway just by the Greggs Factory. It was a small strip of concrete completely open to the air with a large amplified sound system at the far end obstructed from view of the street by vegetation.

Simon Cordell was at the gate and immediately shut it on police arrival. Eventually, Mr Cordell agreed to let me and APS Ames onto the property to confirm there was no damage or theft offences being committed.

Simon Cordell's car a silver ford focus VRM MA57LDY was present and contained at least three massive nitrous oxide tanks. When queried he admitted he had seen the news article about the dangerous effects of this and

how the Government would probably regulate it.

There was about 30 people in so in discussion Mr Cordell was told it was an illegal rave and I would be seeking Supt authority to seize the sound equipment. Mr Cordell began to pack away his equipment stating it was a birthday party only but he was going.

Whilst stood waiting for him to leave a group of about 100 teenagers turned up on mass and immediately became confrontational stating, they were going to storm the rave. As we had good numbers the group initially dispersed but tried to go via a back entrance to the venue which led to arrests when scuffles with police started.

The group then completely moved off but returned about twenty minutes later in even bigger numbers. The situation quickly escalated as the group started throwing cones and general road furniture towards police, luckily dogs were on hand and the crowd was; dispersed after numerous missiles were thrown at police and a number of arrests were made. The group then hung around and got on trains only to try and enter Progress Way and the

The net result was at least 4 arrests for various public order and one officer injured who previous rave site. It was only large numbers of TSG that prevented the group forcing their way in. Again, Simon Cordell and his silver Focus were present.

Information

On SUNDAY 27th of JULY 2014 police drove down MILLMARSH LANE ENFIELD, because information had been received that a rave would be taken place that evening. Police drove down and found the rave, which was on a piece of land between GREGGS and PUGH CHARLES GLASS.

This appeared to be a drive way that was over grow, but had a gate on it, which the people at the rave had the key for.

Police spoke to the people inside and they did not know if they had any first aiders there! and they said that had one fire extinguisher on the site.

The people there let police in and there was no alcohol there, but they had water to drink. The rave was outside on open land. There was a big stack of speakers, which was been powered by a van belonging to Simon CORDELL.

Police saw the van drive out with Simon CORDELL driving it.

The rave was a 20th birthday do for one of people there.

The rave was organised by Simon CORDELL and was connected to another rave on ALMA ROAD.

On THURSDAY 24th JULY 2014 at around 1625 hours plain clothes officers from YE; Gangs Unit had cause to stop the following male on ALMA ROAD EN3: -

A friend asking me to attend at Mill marsh Lane: --

The night got dark and stormy, making it so that I could not fall to sleep, I could hear a metal gate getting blown open and closed as it made a creaking sound from not being greased and oiled the sun coming through the curtains meant that it had turned into the following date of the;

27th July 2014

and I planned to stay indoors, right up and till when I received a phone call, this phone call was of a friend asking me to attend at Mill marsh Lane as there was private land with a warehouse being occupied by friends at the rear, so I agreed to meet them all. I had never been there in the first place beforehand, so I brought my coat. Along in my route to my destination I stopped and pick up some MacDonald's for me to eat and when doing this I ordered a few extras; cheese burgers for everyone else to eat who I met. When soon after, I finally arrived and therefore had attended at Mill marsh Lane I started too relaxed with my friends for that time given to us. In all honesty, I never knew of any event taking place on this day at first, right up

and till my friend received a phone call asking him if another one of his friend's birthday parties can take place at where he lived. I understood that an agreement took place between them both, at no part of my own. For a long time, I continued not to understand too much until a convoy of a group of different people arrived and I spoke to some of them who were then present. In talking to the others, they explained that the police kicked them out of another occupied place of residents, while having a private birthday party for a member of the occupation. Then I watched a sound system being set up and other people moving their belongings into the occupied building; the reason being is that I like sound systems. Members of the local police force soon after arrived and were talking to people at the gate, so I took a nosey wander over to see everything going on. It meant to me, that in me doings so, I noticed that the police officers accepted that the occupants had placed LASPO notices on the premises and were treating as their home, even low this got accepted the police officers still got given entry to the premises as an equal to other occupiers. In this being granted they took the opportunity and forcibly kicked every person out of their home. The sound system then got ordered to get removed or would get seized by the attending police officers. I got invited as a visitor but still understand that the sound system had too then get moved at the request of police, so I aided in their help, the true owners of the PA equipment were the occupier's friends and I did not have any hand in this and as a continuation off the events I headed home. On this day I owned none of the sound equipment, and I did not rent or lend any sound equipment to anyone in respect of this occasion or take part in the organisation of anything other than going to see friends. I did not cause any acts of Anti-Social Behaviour on the

27th July 2014

as the police latter stated that I did.

He was driving a silver Ford Focus vrm MA57LDY on which he is insured, but is not the registered keeper. He was stopped as he was driving about 1" from the bumper of the car in front of him, and his driving was erratic. He claimed to know the other driver, this male however approached officers saying he had been driving like that behind him since YR! CORDELL was obstructive as usual, refusing to get out of his vehicle etc. He stated that his solicitor has a big case going where all his criminal records will be wiped as police have unlawfully picked on him for years etc Of interest, he stated that he has 4 brand new speaker systems at home which he is happy to loan people for raves etc, and that he is inundated with requests to run raves.

He stated that he has over 20,000 followers on one social media network, and 70,000 on

another. He says that he could organise a rave and get 20,000 people at it without any problems what so ever, and that he gets a lot of requests from anarchist type groups etc to run raves for them.

Of note is that he claims Occupy London, **Black Block**, and other anarchist groups have been asking him to organise one for Notting Hill Carnival so that they can "cause carnage and mayhem".

On SATURDAY the 7th JUNE **2014** I was on duty in full uniform, working as YE3N section Supervisor.
At 0203Hrs approximately I attended a disused warehouse at Progress Way EN1, where an illegal rave was being held. I attended with Inspector Hamill YE1N and representatives from the Environmental Health Office at Enfield Council, approaching the gates and asking to 'speak with the organiser'.
There I spoke with a man who I recognised as Simon Cordell, from previous illegal rave events on Enfield Borough. I would describe him as a light skinned black male, AA35 and at the time he was wearing a white long-sleeved T shirt and Grey bottoms, he is approximately f509 tall and of medium build. He refused to provide his details to the council representatives in order that a noise abatement order could be served, however he was provided with a copy. Approximately 10 minutes later we left the scene having risk assessed the incident.;
I returned to the venue approximately two hours later, I again asked to speak with the organiser however none came forward. I asked the two men on the door, who appeared to be party goers to let me in to have a look around. I walked around and there was extremely loud drum and bass music playing, with approximately 100 people dancing. Party goers observed me in Police uniform and ran away into the large open area, presumably because of drug misuse matters - there was significant evidence to suggest illegal drugs were being used such as discarded self-seal bags, and empty canisters consistent with 'laughing gas' use.
At approximately 0630Hrs we received a call to nearby Woodgrange Gardens, to reports of a male assaulted.

Following an initial investigation this individual matched the description of a male earlier observed on the warehouse roof. It appeared that he had fallen off of the roof and into some bushes and his injuries were consistent with a fall from height. He was heavily under the influence of alcohol and quite probably illegal drugs. He went to North Middlesex Hospital with the London Ambulance Service.

On Friday 6th June **2014** I on duty in full uniform working as the Duty Officer for the Borough of Enfield. My working hours for this evening were 2200hrs to 0700hrs. During the early hours of the 7th June I was made aware of a potential Rave that was in progress in a discussed Industrial Building on Progress Way. I have had a CAD created reference 1047/7June and dispatched officers to the location to access numbers, crowd dynamics and gather information around times the vent is likely to run until and also to make contact or identify the potential organiser. Officers have reported back that Tyrone Benjamin and Simon Cordell where at location and the believed the event organisers. There were approximately 200 people in attendance, the event was covered by security officers who had stated that they were volunteers and not licences through S1A. Officers have spoken with staff to confirm that all fire escapes where clear, that there were sufficient fire extinguishers in place and that there were first aid kits available. The event was also being powered by generators. Staff were forthcoming with information, but refused to allow offices inside the venue. Due to call demand during the shift and low policing numbers it was inappropriate to enter the premises to seize the equipment and close the event, but deployed officers to conduct regular visits to the venue, where number at their peak where 500 but reported to be quiet and peaceful. Local authority noise team were contacted reference T548832. The event was expected to run until 0700hrs on Saturday 7th June with plans for the event to continue again later in the evening on the 7th June. During the course of the shift we received a total of calls from local residence complaining about the noise of the rave. On Saturday 7th June **2014** I was again on duty in full uniform working as the Borough's Duty Officer for the hours of 2200hrs to 0700hrs. As with the previous evening I was made aware again of a Rave at an empty Warehouse of Progress Way. As with

the previous evening, I have posted officers to make regular visits to the venue to access numbers, crowd dynamics and general intelligence around the event. During the course of the number numbers at the event around 300. At 0200hrs 1 have attended the venue with A/PS Miles and two environmental officers. Were located to the venue that was located off progress way, down the side off "Tops Tiles" the warehouse was at the bottom of this side road behind a metal gate. The gate padlock had been removed and a

security officer was opening the gate to allow access. As myself and A/PS Miles and the EO have approached the gate they have closed the gate preventing us access. I have introduced myself and asked to speak with the event organisers, to which a member of staff has disappeared into the venue and returned with a male who I would describe as light skinned black male, Approximate age of 35, wearing a white long-sleeved t-shirt, grey bottoms. I recognised this male as Simon Cordell. I have introduced myself and asked if we could speak at the bottom of the road where the noise levels would allow us to talk. We have all moved to the bottom of Progress Way where I have introduced myself and explained the purpose of the visit and asked "It's Simon isn't it?" to which he has replied "Yes" I have then further asked "Simon Cordell" to which he has indicated that it was but not verbally confirmed the answer. I have introduced the two EO's the Simon who have explained the purpose of their visit and the fact that they were going to serve a noise abatement order, they have produced the paperwork and asked the male for his name to which he has refused to provide his details. It was explained that without the name of a person from the venue the EO's are unable to serve the paperwork. As we have been unable to progress this line of action, I have made the request to Simon Cordell to turn the music down. During the course of the 8th June we had approximately 40 calls complaining about the noise. During the course of the shift police had contact with several groups that had been attendance at the Rave, all of which were extremely intoxicated and by their behaviour had clearly been using drugs, which they confirmed they had used, but on police contact did not have any drugs on them. As officers were not permitted access into the venue it is unknown the extent of drug and alcohol abuse which may or may not have taken place within., however, a call from a member of public CAD 2410 of 8th June received at 0535hrs stated that drugs were openly being sold. In relation to any additional calls and increase in demand as the result of this illegal event taking place, at 0310hrs on the 8th June PS 92YE noticed a male from the roof of an adjoining building to the venue.

The venue backs onto that of the Police parade site which meant as officers enter and left the premises, they had a full and unobstructed view of the rear of the Rave premises, officers have attended the venue, however, the male had already come down from the roof. Staff were given advice as to ensuring that people do not get onto it again. At 0504hrs CAD 2290 8th June police were called to a male assaulted in the street. Officers and LAS have attended the location of Woodgrange Avenue where the male had injuries of suspected broken wrists and a bloody mouth, he initially stated that he had been attacked from behind but on investigation it transpired that this male had been one of the people seen on the roof earlier and had fallen whilst getting down

Hi Martin

Please see the list of emails that I sent to the insurance company that put the claim in for the 15/09/2014 the ref for this claim for accident exchange was ref: A27/190530 AX REF 403050(11) they were sent from Simon email address. Also please see the attached document that was sent over to KGM so the claim could be taken off of Simon insurance from Chris Garvin from accident exchange. I was the one that had to deal with this to sort this out as you will see as KGM was not doing anything to sort this claim out which was against Simon name. This was cleared from Simon insurance in May 2014 so I cannot understand why it is still on Simon insurance. I have sent this over before to you when it was sorted but it seems to still be on there and KGM did say to me that they would send you the details so it could be taken off. Can this please be addressed and this taken off Simon insurance so that his insurance is not so high and his no claims can come back into force.

Lorraine

Thank you for your recent correspondence on the phone and by email on the 22/05/2014

Please see attached proof of the sale of the index incident vehicle, CX52 JRZ. Could you please now let my insurance company KGM know that this matter has now been fully re-direct to Mr. Harris and that you can now completely discount my insurance from your enquiries, I would be very grateful if this can be done so that KGM can give me my no claims back.

Thank you so much for your email about organising an international music festival in aid of Mind next year. It sounds like a wonderful idea. We're absolutely thrilled to have your support and would love to help in any way we can with your fundraising. If you could let me know your postal address, I'll pop a fundraising pack in the post to you which should arrive in 10-14 days. There'll be lots of information in the pack by way of a starting point, but we can provide materials for on the day, and advice and support regarding fundraising and help from our media team with publicizing the event if appropriate. It would be great to hear more about the festival and how it will run when you have a minute. Thank you once again for your support and I look forward to hearing from you.

Asbo Case

Mill Marsh Lane!

10/08/2014 Mill Marsh Lane said party, Used in ASBO Case: --

It is further alleged to have got involved in the organization of and/or supplied equipment for and or attended an illegal rave on the

9th to 10th August 2014

at Mill marsh Lane; I dispute this, I did not get involved in organisation of any rave, and I did not supply equipment. The police have alleged that this event got run by Every Decibel

Matters, I can confirm that I am not an employee of this organization, or a shareholder, or a director and have no controlling interest in this company, I exhibit a letter sent from Every

Decibel Matters Ltd “to whom it may concern” verifying this, I exhibit this as exhibit SC/19. On

this day I planned to go to a birthday dinner, but I was not present at an illegal rave. Police

came and requested that people leave and so I left, a conversation did occur with the police

concerning three empty CO2 gas canisters that I carried in my vehicle, VR****. I displayed

knowledge of nitrous oxide, but this was just in a general conversation with the police as it is

information I had to learn when carrying CO2 cylinders for welding and I also remember talking

to a police officer about an occupier I met called Jena having passed her first aid test, this was

general conversation. It is correct that it disputes encouraging any crowd behind a gate to come in and I did not incite others to breach the peace, and I did not put anyone in danger. I deny behaving in an anti-social manner on this date, and I caused no Anti-Social Behaviour.

Information

URN	YER003 76728	GPMS	RESTRICTED
Information BLOCKED OUT BLOCKED OUT BLOCKED OUT On arrival at Millmarsh Lane there were numerous young people milling around trying to locate the rave which was eventually found on the North footway just by the Greggs Factory. It was a small strip of concrete completely open to the air with a large amplified sound system at the far end obstructed from view of the street by vegetation.			

Simon Cordell was at the gate and immediately shut it on police arrival. Eventually, Mr Cordell agreed to let me and APS Ames onto the property to confirm there was no damage or theft offences being committed.

Simon Cordell's car a silver ford focus VRM MA57LDY was present and contained at least three massive nitrous oxide tanks. When queried he admitted he had seen the news article about the dangerous effects of this and how the Government would probably regulate it.

There was about 30 people in so in discussion Mr Cordell was told it was an illegal rave and I would be seeking Supt authority to seize the sound equipment. Mr Cordell began to pack away his equipment stating it was a birthday party only but he was going.

Whilst stood waiting for him to leave a group of about 100 teenagers turned up on mass and immediately became confrontational stating, they were going to storm the rave. As we had good numbers the group initially dispersed but tried to go via a back entrance to the venue which led to arrests when scuffles with police started.

I am a police officer attached to the Anti-Social Behaviour Team as part of the Community Safety Unit based at Enfield Civic Centre;
This is a statement of hearsay evidence compiled from police records to be relied upon in regards to an application as allowed by Section 1(c) of the Crime and Disorder Act 1998 as amended by the Anti-Social Behaviour Act 2003 against Simon CORDELL born 21st January 1981, of 109 Bumcroft Avenue, Enfield. EN3.

I have looked at the following police databases, Police National Computer (PNC), Crime Reporting and Information System (CRIS) and Criminal Intelligence (CRIMINT). The PNC holds information concerning arrests, case progression and previous convictions; it also holds information about vehicle ownership. CRIS is the database police use to record crime and document the investigation. The CRIMINT database holds intelligence provided by Members of the Metropolitan Police Service or information they have been told by members of the public.

This statement aims to show supporting evidence of the course of behaviour by Simon CORDELL I will

be providing the hearsay evidence obtained from these police indices as this information has either been witnessed first-hand by the officers themselves or passed on by independent witnesses. There is an operational need to protect the identity of some witnesses who, for example are too frightened due to fear of reprisal by the Defendant to give evidence. Those witnesses who names are known and were content for their identity to be disclosed are given in the statement. In the case of the information obtained from these police indices coming from named Members of the Police Service it is felt that it is neither practicable nor proportionate to require each witness to be called individually to give evidence in court.

Simon CORDELL is known to police and has 28 previous convictions. A copy of his PNC is available with this application.

Illegal Raves

Illegal raves are a strain on society; they break down communities and cause residents and members of the public harassment, alarm and distress due to noise nuisance and the amount of individuals that come into the area. These raves are usually poorly run and cause damage not only

to the buildings being used but to the environment. The properties being used for such events are commonly disused buildings; the organisers have no idea as to whether these buildings are safe. Recently there have been a number of deaths at raves; the most recent was a young 15-year-old male who died at a **Rave in Croydon** which was believed to be attended by around 2000 revellers. Raves are notorious for drugs being present. These illegal events have a huge impact on Police. Officers are called to the venues and also there are a huge number of calls from members of the public and residents complaining. This type of illegal event cannot be tolerated and action must be taken to disrupt these events and if a court order is not granted then Simon CORDELL is free to continue to organise such events. Simon CORDELL has openly admitted to officers that he runs such events and has even bragged about it to Police.

Reports involving Simon CORDELL:

1. On 10th August **2014**, Officers arrived at Millmarsh Lane, there was numerous young people milling around trying to locate the rave which was eventually found on the North footway just by the Greggs factory. It was a small strip of concrete completely open to the air with a large amplified sound system at the far end obstructed from view of the street by vegetation. Simon CORDELL was at the gate and immediately shut it on Police arrival. Eventually, Mr CORDELL agreed to let me and A/PS AMES onto the property to confirm there was no damage or theft offences being committed. Simon CORDELL'S silver Ford Focus VRM MA57LDY was present and contained at least three massive nitrous oxide tanks. When queried he admitted he had seen the news article about the dangerous effects of this and how the Government would probably

2. On 27th July **2014**, Police drove down MILLMARSH LANE, ENFIELD, because information had

been received that a rave would be taking place that evening. Police drove down and found the rave, which was on a piece of land between Greggs and Pugh Charles Glass. This appeared to be a driveway that was over grown, but had a gate on it, which people at the rave had the key for. Police spoke to the people inside and they did not know if they had any first aiders there and they said that they had one fire extinguisher on the site. The people there let police in and there was no alcohol there, but they had water to drink. The rave was outside on open land. There was a big stack of speakers which was being powered by a van belonging to Simon CORDELL. Police saw the van drive out with Simon CORDELL driving it. The rave was a 20th birthday party for one of the people there. The rave was organised by Simon CORDELL and was connected to another rave on ALMA ROAD.

3. On Thursday 24th July **2014** at around 1625 hours, plain clothes officers from YE Gangs Unit had cause to stop the following male on ALMA ROAD EN3. Simon CORDELL. He was driving a silver Ford Focus vrm MA57LDY on which he is insured, but is not the registered keeper. He was stopped as he was driving about

1" from the bumper of the car in front of him and his driving was erratic. He claimed to know the other driver; this male however approached officers saying he had been driving like that behind him since YR. CORDELL was obstructive as usual, refusing to get out of his vehicle etc. He stated that his solicitor has a big case going where all his criminal records will be wiped as Police have unlawfully picked on him for years etc.

Of interest he stated that he has 4 brand new speaker systems at home which he is happy to loan people for

raves etc and that he is inundated with requests to run raves. He stated that he has 20,000 followers on one social media network and 70,000 in another. He says that he could organize a rave and get 20,000 people at it without any problems what so ever, and that he gets lots of requests from anarchist type groups etc to run raves for them. Of note he claims Occupy London, Black Block and other anarchist groups have been asking him to organize one for Notting Hill Carnival so that they can "Cause carnage and mayhem".

Ref: YERT00376229. PC EDGOOSE.

4. On 19th July **2014** at 2205 hours Police were called to the Carpet Right show room on the A10 Great Cambridge Road Enfield regarding a possible rave in the empty premises. There was about 20 people inside the premises with sound equipment which they were about to set up. When officers arrived, they blocked the front of the venue to stop anyone else getting in. The main organiser was spoken to by Police. This male was Simon CORDELL. He admitted to organising the party and said he was expecting several hundred people. Whilst dealing with CORDELL Police were told that crowds were gathering outside Southbury Road train station waiting to be told where the rave was. After a long conversation with CORDELL he was arrested to prevent a breach of the peace and taken to Edmonton Police Station C/N 01YE3597/14

refers. As a result of his arrest the people inside the venue all left. The music system was loaded into a white van VRM PE52UHW. The owner and driver of this vehicle was Elliot LAIDLER. He stated it was the first time he had worked for CORDELL. The van could not leave the car park as the key for the padlocked gate could not be found. However, after two hours the vehicle was able to leave by driving over the pavement. CORDELL was released at 0400 as a breach of the peace was no longer likely to take place. Clearly CORDELL makes a living by organising raves in North London. Of note is when officers searched the car park after everyone had left, they found a set of keys by the electronic steel shutters. These keys opened the shutters to the premises and on the key fob attached to the keys was a PIN number for the alarm system. This is how youths gained entry to the premises. It is possible that CORDELL has obtained them via the security company or an ex-employee.

1. C/N 01YE/3597/14 relates to the arrest of Simon CORDELL as above. He was arrested to prevent a breach of the peace due to setting up a rave. He was later released from custody.

2. CRIS1914855/14 - CAD 11854 20th June **2014**. Police discovered a Rave being set up at 1 Falcon Park, Neasden Lane NW10 and closed the rave down on the authority of Chief Superintendent Gideon SPRINGER. All persons at the rave left the venue upon Police advice to leave. However, under S64 CJPO the vehicle and sound system were seized from the DJ again under authority of Chief Superintendent Gideon SPRINGER. The vehicle VRM CX52JRZ a white Ford transit was removed from the property and taken to Wembley Police Station. The owner of the vehicle is Mr Simon Paul CORDELL. The vehicle was later restored.

PC HAWORTH.

3. On 7th June **2014**, it came to Police notice that a rave was taking place in an empty Warehouse in Progress Way, Enfield EN1.

Simon CORDELL and Tyrone BENJAMIN have set up a rave in the empty warehouse. Officers attended firefighting equipment/escape exits seen. Approximately 200 people in attendance all well natured. YE1N A/Insp HAMILL aware and unable to close down due to insufficient units available. Rave is due to finish at 0700 but start up again at 2200hrs.

4. On 25th May **2014** at 23:21 hours, Police were called to Unit 5 St Georges Industrial Estate, White Hart Lane N17 by the security guard at the venue stating 'suspects were on premises'. Police attended the venue and a large group of approx. 20 young males and females, between 18-35 years of age and of mixed origins ran out of the rear of the industrial estate through an alleyway leading to Thetford

Close N13. Several males were still inside the premises claiming to be squatters. The remote viewing CCTV at the venue was contacted and the alarms had just been activated and it had footage of several suspects causing damage to the security cameras and door locks at the venue upon opening the premises. After several minutes and upon hearing Police organising entry to the premises in order to search for suspects concerned in Criminal Damage the remaining occupants ran out of the rear doors to the venue. The front shutter then opened and a White Ford Transit vehicle VRM CX52JPZ attempted to exit the premises. The driver an IC3 male gave the particulars of Simon CORDELL. He stated that he had just attended the venue to give his friends some food as they were squatting. The rear of the Transit van contained a set of large speakers and music equipment but CORDELL insisted he used the equipment for festival work and was not setting up for a Rave. Several young males and

8. On Sunday 20th April **2014** Cannabis 420 day was being held in Hyde Park W2. Police noticed a white Ford Transit Van CX52JRZ with a trailer on tow and a large generator on the trailer. The driver admitted that he was asked to attend to supply support to a band that was going to attend the event. The driver gave his details as Simon CORDELL. Vehicle had been driven onto park roads within Hyde Park and was asked to leave prior to large numbers attending the event. He did so but will be one to watch out for next year should this vehicle return to the park for next year's event.

9. On 24th May **2013** at about 2030 hours Police responded to reports of a suspect on at the Old Ponders End Police Station. On Arrival Police contained the area. Simon CORDELL was seen exiting an alleyway to the side of the Police station at the rear of the Kinder Garden Centre. In the car park to the rear of the premises was a Silver Ford Focus MA57LDY. Whilst waiting to gain access Joshua HOLLY-FIELD popped his head over the boarding to the premises and climbed over on Police request. He was detained and searched with nothing found on his person. When asked why he was in the ground of the premises he stated "'Squatters rights', I haven't done anything wrong, you can speak to my lawyer who is with your colleagues round the front". This lawyer turned out to be Simon CORDELL. Whilst officers checked for signs of break-ins it was established through HOLLY-FIELD that they were looking for a place to set up rave over the bank holiday period. The Focus was searched in the presence of CORDELL as it smelt strongly of cannabis with a negative result. CORDELL stated that when he sets up rave's he attracts in excess of 500 people over a 3-day

period. CORDELL is planning to set up a rave and actively looking for the premises.

10. Criss 4208625/13 - Relates to a public order matter. On 7th April **2013**, Police were called to Ellesmere Street E14 where an informant had seen a group of males load a flat screen TV into the rear of a white Ford Transit panel van VRM CX52JRX. The informant was a local resident and was particularly concerned as her neighbour had been recently burgled. The vehicle was in Ellesmere Street junction of Upper North Street there could see there were 4 males sat in the front cab. The person in the driving seat was a light skinned IC3 male. Police parked behind the van and PC ASTON got out of the car to get around to the van. **PC SCOTT**

opened the car door to speak to the driver and he said "What the fuck do you want, you can't stop me". We identified ourselves as Police Officers by displaying my warrant card and he continued to say you have no power to stop me what are your powers. It was explained why we were there and why we had stopped him. He remained aggressive saying that we did not know how to do our job and that we had no powers to search him. The other males in the van were telling the male to calm down and let us get on with it. He was still aggressive saying that he was all legit saying that we had no reason to be there. He then turned off the engine and jumped out the van and walked toward the pavement. We explained he was detained for the search and he continued to shout "Don't you fucking touch me, I can walk around". He continued to question our grounds and I again explained them to him. An elderly member of the public was walking past and he shouted at him "Oi mate the fucking Police want to search you coz they think you may be a burglar". The male turned around looked in disgust and walked off again. CORDELL continued to walk around by our vehicle and it was again explained he was detained for search as he was walking away from him Police took hold of his right arm. As this happened, he shouted "Don't fucking touch me". He was continually aggressive. He was shouting "Get the fuck off me" and members of the public were at their windows trying to see what was going on. PC ASTON was trying to take out his left arm while PC SCOTT was trying to take out his right. He was shouting "Get the fuck off me" continually and another unit arrived. Handcuffs were applied in the rear stack position as he was still being aggressive and uncooperative. As he calmed down it was again explained why he was being searched and he said "you can't fucking touch me". He was searched under section 1 of pace and nothing was found. The van was searched and again nothing was found. The others males were searched under

the same powers and nothing was found. PC ASTON did check on the van and the Pnc stated that it had no insurance. CORDELL stated he had traders which could not be proved so the van was seized. He said "you are not fucking taking my van". At 1446 he was arrested for no insurance and section 5 of the public order act as he could not provide a valid name or address. CORDELL was later charged with no insurance and Section 5 public order.

I am a police officer attached to the Anti-Social
Behaviour Team as part of the Community Safety
Unit based at Enfield Civic Centre;

This is a statement of hearsay evidence compiled from police records to be relied upon in regards to an application as allowed by Section 1(c) of the Crime and Disorder Act 1998 as amended by the Anti-Social Behaviour Act 2003 against Simon CORDELL born 21st January 1981, of 109 Bumcroft Avenue, Enfield. EN3.

I have looked at the following police databases, Police National Computer (PNC), Crime Reporting and Information System (CRIS) and Criminal Intelligence (CRIMINT). The PNC holds information concerning arrests, case progression and previous convictions; it also holds information about vehicle ownership. CRIS is the database police use to record crime and document the investigation. The CRIMINT database holds intelligence provided by Members of the Metropolitan Police Service or information they have been told by members of the public.

This statement aims to show supporting evidence of the course of behaviour by Simon CORDELL I will be providing the hearsay evidence obtained from these police indices as this information has either been witnessed first-hand by the officers themselves or passed on by independent witnesses. There is an operational need to protect the identity of some witnesses who, for example are too frightened due to fear of reprisal by the Defendant to give evidence. Those witnesses who names are known and were content for their identity to be disclosed are given in the statement. In the case of the information obtained from these police indices coming from named Members of the Police Service it is felt that it is neither practicable nor proportionate to require each witness to be called individually to give evidence in court.

Simon CORDELL is known to police and has 28

Illegal Raves

Illegal raves are a strain on society; they break
down communities and cause residents and
members of the public harassment, alarm and
distress due to noise nuisance and the amount of
individuals that come into the area. These raves
are usually poorly run and cause damage not only
to the buildings being used but to the environment.
The properties being used for such events are
commonly disused buildings; the organisers have
no idea as to whether these buildings are safe.
Recently there have been a number of deaths at
raves; the most recent was a young 15-year-old
male who died at a **Rave in Croydon** which was
believed to be attended by around 2000 revellers.
Raves are notorious for drugs being present. These
illegal events have a huge impact on Police.
Officers are called to the venues and also there are
a huge number of calls from members of the public
and residents complaining. This type of illegal
event cannot be tolerated and action must be
taken to disrupt these events and if a court order is
not granted then Simon CORDELL is free to
continue to organise such events. Simon CORDELL
has openly admitted to officers that he runs such
events and has even bragged about it to Police.

Reports involving Simon CORDELL:

1. On 10th August **2014**, Officers arrived at
Millmarsh Lane, there was numerous young people

milling around trying to locate the rave which was eventually found on the North footway just by the Greggs factory. It was a small strip of concrete completely open to the air with a large amplified sound system at the far end obstructed from view of the street by vegetation. Simon CORDELL was at the gate and immediately shut it on Police arrival. Eventually, Mr CORDELL agreed to let me and A/PS AMES onto the property to confirm there was no damage or theft offences being committed. Simon CORDELL'S silver Ford Focus VRM MA57LDY was present and contained at least three massive nitrous oxide tanks. When queried he admitted he had seen the news article about the dangerous effects of this and how the Government would probably

regulate it. There was about 30 people in so in discussion Mr CORDELL was told it was an illegal rave and I would be seeking Supt authority to seize the sound equipment. Mr CORDELL began to pack away his equipment stating it was a birthday party only but he was going. Whilst stood waiting for him to leave a group of about 100 teenagers turned up on mass and immediately became confrontational stating there were going to storm the rave. As we had good numbers the group initially dispersed but tried to go via a back entrance to the venue which led to arrests when scuffles with Police started. The group the completely moved off but returned about 20 minutes later in even bigger numbers. The situation quickly escalated as the group started throwing cones and general road furniture towards Police. Luckily dogs were on hand and the crowd was dispersed after numerous missiles were thrown at Police and a number of arrests were made. The group then hung around and got on trains only to try and enter Progress Way and the previous rave site. It was only large numbers of TSG that prevented the group forcing their way in. Again, Simon CORDELL and his silver Focus were present. Eventually, the group began to move off. The net result was at least 4 arrested for various public order and one officer injured who may require a stitch or two to his arm. Simon CORDELL's attitude is that he is a modern day business man and the actions of the group had nothing to do with him. It was fortunate more officers were not injured.

2. On 27th July **2014**, Police drove down MILLMARSH LANE, ENFIELD, because information had

been received that a rave would be taking place that evening. Police drove down and found the

rave, which was on a piece of land between Greggs and Pugh Charles Glass. This appeared to be a driveway that was over grown, but had a gate on it, which people at the rave had the key for. Police spoke to the people inside and they did not know if they had any first aiders there and they said that they had one fire extinguisher on the site. The people there let police in and there was no alcohol there, but they had water to drink. The rave was outside on open land. There was a big stack of speakers which was being powered by a van belonging to Simon CORDELL. Police saw the van drive out with Simon CORDELL driving it. The rave was a 20th birthday party for one of the people there. The rave was organised by Simon CORDELL and was connected to another rave on ALMA ROAD.

3. On Thursday 24th July **2014** at around 1625 hours, plain clothes officers from YE Gangs Unit had cause to stop the following male on ALMA ROAD EN3. Simon CORDELL. He was driving a silver Ford Focus vrm MA57LDY on which he is insured, but is not the registered keeper. He was stopped as he was driving about

1" from the bumper of the car in front of him and his driving was erratic. He claimed to know the other driver; this male however approached officers saying he had been driving like that behind him since YR. CORDELL was obstructive as usual, refusing to get out of his vehicle etc. He stated that his solicitor has a big case going where all his criminal records will be wiped as Police have unlawfully picked on him for years etc.

Of interest he stated that he has 4 brand new speaker systems at home which he is happy to loan people for

raves etc and that he is inundated with requests to run raves. He stated that he has 20,000 followers on one social media network and 70,000 in another. He says that he could organize a rave and get 20,000 people at it without any problems what so ever, and that he gets lots of requests from anarchist type groups etc to run raves for them. Of note he claims Occupy London, Black Block and other anarchist groups have been asking him to organize one for Notting Hill Carnival so that they can "Cause carnage and mayhem".

Ref: YERT00376229. **PC EDGOOSE.**

4. On 19th July **2014** at 2205 hours Police were called to the Carpet Right show room on the A10 Great Cambridge Road Enfield regarding a possible rave in the empty premises. There was about 20 people inside the premises with sound equipment which they were about to set up. When officers arrived, they blocked the front of the venue to stop anyone else getting in. The main organiser was spoken to by Police. This male was Simon CORDELL. He admitted to organising the party and said he was expecting several hundred people. Whilst dealing with CORDELL Police were told that crowds were gathering outside Southbury Road train station waiting to be told where the rave was. After a long conversation with CORDELL he was arrested to prevent a breach of the peace and taken to Edmonton Police Station C/N 01YE3597/14 refers. As a result of his arrest the people inside the

venue all left. The music system was loaded into a white van VRM PE52UHW. The owner and driver of this vehicle was Elliot LAIDLER. He stated it was the first time he had worked for CORDELL. The van could not leave the car park as the key for the padlocked gate could not be found. However, after two hours the vehicle was able to leave by driving over the pavement. CORDELL was released at 0400 as a breach of the peace was no longer likely to take place. Clearly CORDELL makes a living by organising raves in North London. Of note is when officers searched the car park after everyone had left, they found a set of keys by the electronic steel shutters. These keys opened the shutters to the premises and on the key fob attached to the keys was a PIN number for the alarm system. This is how youths gained entry to the premises. It is possible that CORDELL has obtained them via the security company or an ex-employee.

5. C/N 01YE/3597/14 relates to the arrest of Simon CORDELL as above. He was arrested to prevent a breach of the peace due to setting up a rave. He was later released from custody.

6. CRIS1914855/14 - CAD 11854 20th June **2014**. Police discovered a Rave being set up at 1 Falcon Park, Neasden Lane NW10 and closed the rave down on the authority of Chief Superintendent Gideon SPRINGER. All persons at the rave left the venue upon Police advice to leave. However, under S64 CJPO the vehicle and sound system were seized from the DJ again under authority of Chief Superintendent Gideon SPRINGER. The vehicle VRM CX52JRZ a white Ford transit was removed from the property and taken to Wembley Police Station. The owner of the vehicle is Mr Simon Paul CORDELL. The vehicle was later restored.

PC HAWORTH.

7. On 7th June **2014**, it came to Police notice that a rave was taking place in an empty Warehouse in Progress Way, Enfield EN1.

Simon CORDELL and Tyrone BENJAMIN have set up a rave in the empty warehouse. Officers attended firefighting equipment/escape exits seen. Approximately 200 people in attendance all well natured. YE1N A/Insp HAMILL aware and unable to close down due to insufficient units available. Rave is due to finish at 0700 but start up again at 2200hrs.

8. On 25th May **2014** at 23:21 hours, Police were called to Unit 5 St Georges Industrial Estate, White Hart Lane N17 by the security guard at the venue stating 'suspects were on premises'. Police attended the venue and a large group of approx. 20 young males and females, between 18-35 years of age and of mixed origins ran out of the rear of the industrial estate through an alleyway leading to Thetford

Close N13. Several males were still inside the premises claiming to be squatters. The remote viewing CCTV at the venue was contacted and the alarms had just been activated and it had footage of several suspects causing damage to the security cameras and door locks at the venue upon opening the premises. After several minutes and upon hearing Police organising entry to the premises in order to search for suspects concerned in Criminal Damage the remaining occupants ran out of the rear doors to the venue. The front shutter then opened and a White Ford Transit vehicle VRM CX52JPZ attempted to exit the premises. The driver an IC3 male gave the particulars of Simon CORDELL. He stated that he had just attended the venue to give his friends some food as they were squatting. The rear of the Transit van contained a set of large speakers and music equipment but CORDELL insisted he used the equipment for festival work and was not setting up for a Rave. Several young males and

9. On Sunday 20th April **2014** Cannabis 420 day was being held in Hyde Park W2. Police noticed a white Ford Transit Van CX52JRZ with a trailer on tow and a large generator on the trailer. The driver admitted that he was asked to attend to supply support to a band that was going to attend the event. The driver gave his details as Simon CORDELL. Vehicle had been driven onto park roads within Hyde Park and was asked to leave prior to large numbers attending the event. He did so but will be one to watch out for next year should this vehicle return to the park for next year's event.

10. On 24th May **2013** at about 2030 hours Police responded to reports of a suspect on at the Old Ponders End Police Station. On Arrival Police contained the area. Simon CORDELL was seen exiting an alleyway to the side of the Police station at the rear of the Kinder Garden Centre. In the car park to the rear of the premises was a Silver Ford Focus MA57LDY. Whilst waiting to gain access Joshua HOLLY-FIELD popped his head over the boarding to the premises and climbed over on Police request. He was detained and searched with nothing found on his person. When asked why he was in the ground of the premises he stated "'Squatters rights', I haven't done anything wrong, you can speak to my lawyer who is with your colleagues round the front". This lawyer turned out to be Simon CORDELL. Whilst officers checked for signs of break-ins it was established through HOLLY-FIELD that they were looking for a place to set up rave over the bank holiday period. The Focus was searched in the presence of CORDELL as it smelt strongly of cannabis with a negative result. CORDELL stated that when he sets up rave's he attracts in excess of 500 people over a 3-day

period. CORDELL is planning to set up a rave and actively looking for the premises.

opened the car door to speak to the driver and he said "What the fuck do you want, you can't stop me". We identified ourselves as Police Officers by displaying my warrant card and he continued to say you have no power to stop me what are your powers. It was explained why we were there and why we had stopped him. He remained aggressive saying that we did not know how to do our job and that we had no powers to search him. The other males in the van were telling the male to calm down and let us get on with it. He was still aggressive saying that he was all legit saying that we had no reason to be there. He then turned off the engine and jumped out the van and walked

toward the pavement. We explained he was detained for the search and he continued to shout "Don't you fucking touch me, I can walk around". He continued to question our grounds and I again explained them to him. An elderly member of the public was walking past and he shouted at him "Oi mate the fucking Police want to search you coz they think you may be a burglar". The male turned around looked in disgust and walked off again. CORDELL continued to walk around by our vehicle and it was again explained he was detained for search as he was walking away from him Police took hold of his right arm. As this happened, he shouted "Don't fucking touch me". He was continually aggressive. He was shouting "Get the fuck off me" and members of the public were at their windows trying to see what was going on. PC ASTON was trying to take out his left arm while PC SCOTT was trying to take out his right. He was shouting "Get the fuck off me" continually and another unit arrived. Handcuffs were applied in the rear stack position as he was still being aggressive and uncooperative. As he calmed down it was again explained why he was being searched and he said "you can't fucking touch me". He was searched under section 1 of pace and nothing was found. The van was searched and again nothing was found. The others males were searched under the same powers and nothing was found. PC ASTON did check on the van and the Pnc stated that it had no insurance. CORDELL stated he had traders which could not be proved so the van was seized. He said "you are not fucking taking my van". At 1446 he was arrested for no insurance and section 5 of the public order act as he could not provide a valid name or address. CORDELL was later charged with no insurance and Section 5 public order.

PC SCOTT.

I am Steve Elsmore, a Police officer attached to the Anti-Social Behaviour Team within the London Borough of Enfield. I make this further statement regarding an ASBO matter in relation to Simon CORDELL. On 16th May **2016**, I was asked to check timings in relation to the schedule that is due to be served on the court. Whilst searching for timings for Crimint HTRT00376798, I found an incident log attached to this Crimint. I do not recall previously seeing this log. Usually the inputting officer would put an indicator on the Crimint to say that there is an attachment. On this occasion there is no indicator referring to this attachment. It is possible that I may have previously missed this attachment due to the volume of incidents that I was searching through. The attachment itself is an incident report from Canary Wharf Group and the incident summary states -Trespassers on site - illegal rave - forced entry shed 4 - Police tasked - no action - group left site. This is dated 12 January **2013**. The incident log details what action was taken by Canary Wharf Group during this particular incident. It also provides detail on the impact to the residents. On page 5 of the incident log there is an entry that states "P BOUZON (CW178) informs the ECC that the vehicle registrations that he gave me are actually the 2 vehicles that gained access through the fence and arc located within the Shed 4 area". One of the vehicles is MA57LDY. This vehicle was registered to Simon CORDELL as per the Crimint Report.

My Nan passed away!

On the

29/08/2014

a Family meeting had to take place with the doctor looking after my Nan regarding her health. Soon after my mother had to leave the hospital, and this took place at around 19:15 hours, she left with my sister. My mum went back to the hospital with my sister at 21:20 my Nan health got worse, and she notably was having problems breathing. My mum called the family, so I attended with other close members of the family. In the early hours of the

30/08/2014,

I got left alone while the rest of the family had gone to get well needed rest; I took a seat beside the bed that she was getting taken care in. At the time I can remember myself; feeling her fall to sleep and deciding that it would be best for us all, who knew her; for me to keep on tingling her arm, as it seemed to make her smile while she kept drifting away, so that she never went into a deep coma. I felt this working as I looked at the clock up on the wall in the hospital room that she got placed in being at the time of 1:00 hours. The time ticked on till I last remember seeing the clock handles strike 5:47 and then I recollect a woman's voice who was a nurse or doctor; saying to me Simon, Simon, Simon. While still sitting in the chair with my hand on my Nan's hand, I jumped up without taking a stand and went to analyse what had changed in the room, I look at the nurse or doctor woman then the clock in a quick swift glaze and straight at my Nan. The women had let her voice pronounces the out aloud from her mouth to me at the same time as my brain told me that it was 06:02 hour and I realised that I had dropped off to sleep for 14 minutes. She said that Simon your Nan has passed away. Fuller of upset I held back the tears as I did not want to believe her at first, but I understood that what she had said, must be correct.

On THURSDAY 24th JULY 2014 I was on duty in plain clothes as operator of an unmarked police vehicle in company with APS 212YE MARTIN, PC 151 YE ROBERTSON, and PC 229YE O'NEILL. At around 1625 hours on Alma Road EN3 we had cause to stop a silver Ford Focus vrm MA57LDY due to the manner of its driving. The driver was a male I know to be Simon CORDELL dob21/01/1981. I know him as I have dealt with on a number of previous occasions. He was initially hostile about having been stopped, but once he had calmed down, he engaged in conversation with us. He stated that he is staying out of trouble now, and he does not get involved in any of the things he used to. He stated that he has 4 brand new speakers at home which are suitable for use at raves, but he does not use them and has offered to lend them to any "youngsters" to use. He went on to say that they are not interested though as these days they just want to steal everything. He said he gets inundated with requests to run raves all the time, but he doesn't get involved now. He claims to have 20,000 followers on one social media site, and 70,000 on another. He said he could organise a rave and get 20,000 people at it with no problems whatsoever, and he gets requests from anarchist type groups to run raves for them. He went on to say that he had been asked by Occupy London, Black Block and other anarchist type groups to run a rave at

Notting Hill Carnival for them so that they could cause carnage and mayhem, but he had refused. Whilst on public order duty at Notting Hill Carnival I saw Mr CORDELL walking through the area I was deployed around TAVISTOCK ROAD. He was pushing a wheelie bin, and he was approached by members of a group of around 10-20 people who had been waiting at a junction near our location. This group had been playing drum and bass music and had told officers they were heading to an event but were awaiting the location. It was somewhere between 2200 - 2300 hours when I had seen the group, and Mr Cordell.

Lou Demseventmanagement, Sep 03 19:50:

Hello there!

I am enquiring as to how I can gain access to the full administration of my fundraising page. I optate that the Enfield Council and the Enfield Homes treated the myself and the disrepair issues with reverence by providing me with a subsidiary and timely accommodations when I elevate an emergency issue of concern with their staff, as this does not transpire so far and because of this neglect I suffer!

Disrepair!

what I expect off the Enfield Council and the Enfield homes, when requesting for my health to get taken into consideration, is a replication that does not make me wait for months in an emergency situation of disrepair and with an expeditious outcome of a constructive impact that resolves the quandaries, but this has not transpired as of yet!

Further to my statement dated 15/08/**2014** regarding an illegal rave on Saturday 9th August **2014** I have been asked to clarify the role that Mr Simon CORDELL had during the incident.

On the night I first noticed the location of the rave as a male quickly locked the gates upon apparently seeing my marked police vehicle. This male was Mr Simon CORDELL and it was him that initially said I could not enter and it was him who was very much in charge of deciding if Police were going to be let in. Indeed, having been let into the venue by Mr Cordell I had a number of conversations with him about whether what I saw constituted a rave and part of Mr Cordell's argument to stop me closing it down included telling me that it was a private party but that ultimately it didn't matter because he was applying for licences from the council and soon his events would be legitimate and could not be closed. The conversation was very much that this was his event and he would keep running them no matter where he had to go. It was Mr Cordell who showed me around the venue pointing out first aiders and piles of bottled water in an attempt to convince me this was a legitimate party. Having explained that I was going to order the rave closed or seize the sound equipment it was Mr Cordell who passionately argued against this whilst maintaining he did not want his sound equipment seized. Eventually, it was Mr Cordell who told other persons present that the event was closing and told people in yellow jackets to start packing up the equipment. Aaron King Ps 91 YE

Dear Miss Brown

My son was due to attend court today at 2pm but he is very unwell as I said on the phone to you his Nan has just died and he also has Crohns disease and depression, due to his Nan passing away this has made his Crohns disease come on very bad. We have tried to leave today to come to the court and had to turn around due to my son needing to change his things again. Please can this email be passed to the judge to show why my son cannot attend court today. In addition, please show the judge my son's insurance documents and all the emails that went back and forward to the insurance company. Can you please ask the Officer that checks the documents to call KGM which will show he was insured and ask him to talk to Kelly Tiller who direct number is in the emails?

Can you please get back to me with an update to this matter and if the judge will set a new date or deal with this matter today as he will have all the documents needed to show my son was in fact insured.

Regards

Lorraine Cordell

On Friday 12th September **2014** I attended the address of Simon Cordell in Bumcroft Avenue EN3 with A/PS 556YE PETRUCCI, PCSO NASSEER and PCSO TILLEY.

1 knocked on Simon Cordell's front door at 1230 hours and he opened the door and asked what we wanted; I asked him if he was Simon Cordell, to which he replied, "Yeah." I stated to him that I was here to issue him with a summons to attend Highbury Corner Magistrates Court on 6th October **2014** at 1:30pm. Mr. Cordell stated, "What is this for?" I informed him that it was for an ASBO; I showed him the summons and the folder and as I went to hand him the folder and the summons

Cordell stated, "I'm not accepting that, I'm not having that." Cordell then placed the folder on the floor, outside his door, in the hallway. I stated to him that he does not have to accept it and that I have already informed him of the date, time and where to go. Mr. Cordell then shut the door before I could hand him the summons, so I posted it through his letter box. Mr. Cordell was also told to inform his solicitor of this.

Mr. Cordell was a light skinned, mixed race male, with short black hair and was of medium build.

Dear Sir or Madam

I have tried to call the court on a number of occasions regarding my conviction and sentence for no insurance but the phone just rings when I press the number given to ask about this case the telephone number, I am calling is 0208 955 0555. I have now found out the information to the case but pressing number 7 the lady I spoke to did in fact try and put me to a manager but that also just ring then cut me off. So, I called back again and asked her if she could give me the information which she did. I am making this request to have my case listed in order that I can do the following; -

1. Application to set aside the conviction
2. Re-open the case

My name: Mr Simon Paul Cordell **DOB:** 26/01/1981.

Address: 109 Burncroft Av Enfield Middlesex EN3 7JQ

Case No: 011401596899 Application to set aside the conviction: -

On 01/01/**2014** I was stopped by the police as they did not believe that I held a valid policy of insurance. Due to this being a holiday my insurance company was closed so the police could not check if I was in fact was insured, I was insured and asked the police to check there records due to the amount of problems I had had with my insurance not showing on the MID database and being stopped do many times they did this and could in fact see many times but still impounded my van reg CX52 JRZ. After the holidays I went to the compound and had to again pay for my Van to be taken out of the compound. I never received any summons in relation to this matter and I only became aware that the case had been dealt with in my absence when I received a letter from the DVLA advising me that I had to send in my driving licence. I disputed with the DVLA the points but I was given an ultimatum that if I did not send in my licence it would be revoked. The offence of no insurance was allegedly committed on 01/01/**2014**. I had a valid policy of insurance from 23/02/**2013** and this policy was valid until 22/02/**2014** The company insuring me was KGM, and my broker was Broadsure direct I am the named policy holder, Mr. Simon Cordell and my policy number is MT3574694. I have points on my licence which I should not have. Can you please as a matter of urgency email me back on this matter so that I can have a date so that the conviction can be set aside and my case heard in order that I can show the court my insurance and the PLO can make the necessary enquiries. I would be grateful if you can inform DVLA that this matter and the points that have been added to my licence is being disputed so this can be put on hold as I do not see why I should suffer when I have done nothing wrong and I was insured to drive. This is in fact have a big effect on my life when I have done nothing wrong and would like this addressed as a matter of urgency. This matter is urgent. I cannot resolve this matter until the case is listed before either a District Judge or Magistrates so I would appreciate your cooperation. I am very disappointed that you have ignored all my emails. This is causing me stress. Can you now please resolve this legal matter by listing the case for an application to set aside the conviction?

The start of the Anti-Social Behaviour Order case proceeding for me;

It turned from summer to winter without me even going outside to realise; and in this change of seasons a bundle got said to have got served onto me; "Mr Simon Cordell," at Burncroft Avenue, to which I dispute to be true at all. This Bundle was in the Anti-Social Behaviour Order Case. Being locked up by the police and the local council made life harder for me, in just looking after myself, so how am I supposed to look after another man's child like this or have my own. I refer to: Friday

12th September 2014,

what is the date of the start of the Anti-Social behaviour case, which never got served in accordance with the law; this was for a multitude of reasons, the first being that the application was too big to fit into my letter box, so I did not accept it and also because of this, I disputed that I ever got served the Anti-Social Behaviour Order folder correctly, as it never got handed. What really happened next is, I was in at my home and I was alone, I had got upset because of everything that had been going wrong in my life, but the truth is that on this day, I woke up as normal, so for me to continue with making my plans for a positive future be able to come true. I was doing this by working hard on the right things and by this time I was well into the daily routine of the constructive work towards the development off my company and my future life. I had been drafting a proposal, and all the other noble, little bits of remnants towards the documents I was working on. When I noticed a sound, this sound was coming from outside of my front door; this was a surprise to me because I had not been expecting any visitors. This sound was a sound that I had heard many times before, I knew it to be a police radio and so before they could knock on my front door, I tried to get to the front door spy hole without getting detected, by the police officers. I heard them knock on my front door; So, with this all explained, I was cautious to open the front door, so because of this reason, I approached the door with caution, so to meet the unexpected visitors. I looked into the keyhole and could see what looked like the police through the keyhole. I asked the people outside a question without opening the door what was: what do you want of me, they said they needed to talk. At this point of time I knew that I should have nothing to hide, I opened the door just a little, just so that I could see them in the hallway through the small gap in between the door and the door frame and then I used my foot to keep it ready to get locked as fast as possible in the shortest time scale practical of any problems arising. I wanted to see what the police wanted to talk about, once the door got opened a little the police officer then said to me that they wanted to serve documents with me, at which point I then replied that I was not willing to accept anything and closed the door. Upon closing the front door closed, I told the police that I was not rude, but was not willing to accept receipt of any documents, with this being said I noticed through the spy hole, that the police officers had both spoken to each other, so I could hear what was being said between them both clearly, I then moved my ears closer to the gap on the edge of the front door. I listened closer and once I had done this, I could hear what was being said, I then heard the lady police officer say through the closed door: — what the Lady police office said was: — what should we do, to the man police officer and the man police officer said in reply: just put it on the floor in front of the door, and he took letters from the lady police officer and then posted them in my letter box. Straight away I continued to look through the keyhole again and watched what the police officers was doing, I then noticed the Man police officer posting four pages of papers into my letter box and the lady police officer put a large blue file in plain vision outside of my front door on the doorstep. I then made a phone call to my mother, as fast as I could do, I done this so that she could also know

what had happened and in doing so asking her to attend my flat. But due to a death in the family, she could not attend, to my home address until the next day, dated the 13/09/2014. When my mother did finally get to my home address, she found out that the folder got placed outside of the front door, in the communal hallway and got left alone, with nobody present; it got left in plain view of everyone.

Disrepair!

The Enfield Homes team's officials have caused me distressful by not doing their jobs in a plausible time frame, so to fine-tune the disrepair issues within my habitation!

Time Spent Building:

In the background of everything going on I continued working on creating a new up to date Temporary Food Stall and policies inclusive of other possible outlets databases for the Too Smooth Entertainment company and I continued to Study and finish at the Time Start:

07:00Am and Time End: 03:00 PM!

My mother also continues to work on building my company website for me with others at the Time Start: 09:00 and Time End: 14:00!

Working at Home doing Court Case Defence Work!

I spent time and resources costing expenditure with my mother also building my defence case, against the allegations getting put against me at the Time Start: 09:00 and Time End: 14:00!

The Asbo folder got left in the hallway;

It somehow got placed in the hallway and then left open, so that anyone could have looked into it, she got shocked to see this had happened and also found that in the document there was full details of Mr. S. Cordell inside of it and also that of other people personal names, that should have gotten protected from this occurring; under the data protection act 1998, the police should have never left this folder outside any address, which would give anyone accesses to it. My mother, in that moment, on noticing the folder in the hallway, unattended that is to strengthen and further left in the condition, to what it got found, also understood that this was because of the police officers, misplaced conduct. She did not know what to do at first, she got shocked, at what she found and took it back to where it got addressed from, on inspecting the folder it claimed the address of the New Scotland Yard Headquarters, so she took it to Edmonton Police Stations, lost property, so that she could hand the folder back to themselves, as it never got served in accordance off the law and now had become lost and found property. I did not accept the folder, from the police. My mother or I was not sure, if any papers were missing, which should have got placed within side of the folder and as explained by the next day when my mother arrived to mine, she had found the folder opened in the hallway, I believe that the police understood, that this was wrong in law and that when I did not accept the documents from being served, that they should have then taken them right back with themselves to where they just came from, for me to guess that place I would say, the police station or civic centre, so to have rearranged for a true served document to get reissued.

Hi Lorraine,

The Policy is due to be cancelled today at 17.00 hrs. The insurance company have advised the following They are awaiting Counterpart license with issue number 21 The proof of trade is unacceptable, as it needs to be in Simons name, I can adjust the policy show the trading name but it means that Simon will have to trade under that name. Obviously, the license is an issue as the Photo card is issue 21 and the counterpart copy, we have had issue 19a (this means that two licenses have been issued since the copy we have received) I have been trying to ring you so we can get this rectified but have just been told you are not answering you phone as you are ill. If the counterpart is not received by 17.00 hrs then the policy will be cancelled by the insurers and we have no control over this.

Dear Miss Brown

My son was due to attend court today at 2pm but he is very unwell as I said on the phone to you **his Nan has just died** and he also has Crohns disease and depression, due to his Nan passing away this has made his Crohns disease come on very bad. We have tried to leave today to come to the court and had to turn around due to my son needing to change his things again. Please can this email be passed to the judge to show why my son cannot attend court today. In addition, please show the judge my son's insurance documents and all the emails that went back and forward to the insurance company. Can you please ask the Officer that checks the documents to call KGM which will show he was insured and ask him to talk to Kelly Tiller who direct number is in the emails?

Can you please get back to me with an update to this matter and if the judge will set a new date or deal with this matter today as he will have all the documents needed to show my son was in fact insured.

Regards

Lorraine Cordell

Hello Martin

After Simon has just got off the phone to you and you saying to him that **the full amount would need to be paid to keep the insurance in place or 2 payments at £700** to keep it in place. I fill that this is way too much to ask I have a letter here dated the 26/09/2014 saying that he has 7 days from that date before the insurance is closed. There have been so many errors with his insurance even to the fact we never got any documents for ages as they were left in the fill and forgot to be sent out. So, for ages we never had any documents so did not know when any payments were due. As you are also aware my mother passed away and the family has been dealing with that also. There have been many emails that have been sent to Broadsure and many problems over the last 2 years. Even to the fact from April 2014 when Simon started a next insurance policy that all went wrong also by no fact of his own, and you making a payment to the said company I fill should never have been made. Please can you say what is going on with the insurance policy and if instalments can be made and by how much as ATM there is no way after paying for a funeral that 2 payments of £700 can be made.

Can you also send him over his no claims bonus?

Lorraine

The website is made with a backend with Wordpress The website was at 1st going to be only **Toosmooth** hire company for Entertainment He then wanted a section added that included a trade section which would have allowed a user to sign up for an account under a payment method there was going to be 3 payment options which give the user more option for the higher account. With this he wanted them to be able to get their own page and be able to include their form of business. There would have been option that would have included DJs then once for MCs, then one for PA system hire etc. Each section would be under area of location for the hire. This is the section I had problems with as it was in fact like a yellow page for Entertainment but allowing the option for the user to input their company data so the website needed min input and maintenance. Coding this within the website was where I had issues as I had to make it also work with the Wordpress backend database.

Lorraine

I have scheduled a meeting with Simon tomorrow so that the following can be done:

(a) Simon signs "CRM" 14 and I can submit legal aid application again

(b) Simon's defence document bundle is updated and indexed Simon's statement is updated

All freedom of information disclosure is considered and included in the bundle Simon's comments on the additional statement Basically, you now know how the police are putting the case. You have specified areas that you require clarification upon, namely **Crown Road raves etc.** I have left a voice message for Andy asking him to confirm if he is willing to do the appeal as usually barrister's like fresh eyes on the case as the prosecution is not firmly on notice as to

the points that we are raising. We also now know the points that the prosecution is making and we need to challenge them. Re Freedom of information - please bring all that you have so that I can consider it and include it in the bundle Email to Essex will be done tomorrow when you are present Email to Val at Public Order unit will be done tomorrow - as you are aware the police did not take a statement from Val but provided a statement regarding a conversation so we will request information. This point was mooted with Andy during the conference and he was of the view that this could be a double-edged sword and I agreed with Andy. Perhaps via emails / Facebook we can explain how Simon was present so early on for the parties. Whatever you have on the USB please bring so that we can consider this also.

The meeting is scheduled between 2pm - 4pm tomorrow.

Hi Josey

I have not had a reply to the below emails yet, can you please tell me what this meeting is going to be tomorrow that you want Simon to attend at the office at 14 00 hours. Is it just going to be to sign and new legal Aid form, and hand over a list of information for the appeal?

As said in an earlier email you will not just be able to print of the new information and hand it in as each part will need going over as there are 100s of pages, I can bring it on a USB pen as at this time I have just printed it to PDF so it all on my computer the only one I printed off which the judge would not allow was **Hippy Fest**, and some other documents from the news showing these parties was still going on. Now I have event pages showing this clearly has not stopped. And the police are allowing them to go on. I have already sent you a list of information that has been gathered, and explained what would be need to be done, due to it not being done for the trial. I know you cannot do any work without legal aid being granted, and I know Simon thinks tomorrow he will be sitting down with you going over a lot of data will this be the case?

Could you also tell me if Andy Locke will be dealing with the appeal?

I not sure how this will work as legal aid has not been granted yet would he be able to book the days that would be needed for the appeal.

Hi Josey

Can you please fill the form in for legal Aid and leave it at the office and let me know when this has been done please then me and Simon will come to the office and he will sign and date it and I will get the staff to take a copy of the form so you have a copy of it. I will then take it to the post office and send it next day signed for as I am not going to wait until the 09/10/2015 for Simon to sign this legal Aid form this needs to be done as soon as possible so we know if it has been granted or it will have to go in front of the judge like last time.

Hi Josey

I can print the form off and take it to Simon like I did last time get him to sign it and date it, and then bring it to your office I will even pay for it to be sent next day delivery signed for, so we have proofed this time they got it as I don't trust normal delivery after what you said and that legal aid losing so many applications, or please leave the form with someone at the office and I will bring Simon to the office before the 09/10/2015 to get him to sign it and date it in front of one of the staffs and leave the money there so it can be posted next day delivery. This way you be able to get it before 09/10/2015 so it can be sent off so you are not doing any work before legal aid is granted. There is only 5 weeks 4 days left for the appeal case, and there is so much that was not done for the last trial that it all needs to be done. I don't want him just coming to the office to sign the form on the 09/10/2015 he already is not well enough as you already know and then we have to wait weeks to find out if the application has been granted again in which time no work can be done again as this will really upset him and I really can do without that, and I am not having the date set back on the 26/10/2015 when it is listed in court to make sure everything is ready. this case has been going on for over a year now and it was never ready for trial the 1st time. You also have to look at the CADs as I been saying all along a lot are not correct and we need to get the cads for the 06th June funny how none of them are in there and also all the **Cads for Crown Road**. I mean the grid that are left open in the cads we have got are for places like chase side miles away from progress way, and other places, and then you got crown road 2 secs away from Southbury road train station and progress way is 17mins away from Southbury road, so did the police ask all the people that were at Southbury road what party they were going to?

I mean from what the police said on the stand they did not even know a party was going on at crown road which is a joke seeing as parties had been going on there every week since April 2014, it just does not add up and if it had been looked at when I kept asking this should have been seen. And what about the medical notes I still don't know anything about them, if you have not got them it takes around 6 weeks to get them so we are already out of time, but seeing as Michael said he had paid for them I think you should have them they just were not at court for the trial. And the Cads and medical notes was meant to have been done from the trial, also we still don't have the court bundle from the trial so don't know what is in it. Things will need to be asked for Josey I am tiring as much as I can to get as much work as I can done, Simon and me done a lot of work already. I don't think you understand how much paper work is going to be added to this case. and I been up and down Highbury corner getting the errors addressed that is on his PNC record which should have been done for the trial. Also, as I already said the police are not helping with all the FOI, I am putting in they are finding every way possible not to deal with it, and sorry but 5 weeks is not long enough to address this entire, well it will be 4 weeks 3 days by the 09/10/2015.

Clearly you are not familiar with the workings of the Legal Aid Agency and the frequency with which they lose forms, or the amount of time I waste on the phone to them making enquiries about legal aid applications previously sent in. The Crown Court has been advised during a telephone conversation that the appeal would be 2- 3 days as per the length the original hearing took. As previously advised Lorraine all other work will be undertaken once legal aid has been granted otherwise, we will not get paid for any backdated work. I submitted the appeal and that has been lodged. I did not submit a court stamped form so will now have to get fresh form signed and date stamped and I will only be paid from that date. I was wondering if you had heard anything from legal aid yet.

Could you please deal with the information below I have asked for over and over again?

Could I please get the case files, since this case started in Sep **2014** so I can see what has been done?

The information about the medical records. A list of what was given the Magistrates for the trial as Simon never had his own bundle for trial, we don't know what was in fact sent to the court, we do know there was medical records lists 2 sets but the court did not seem to have these, as there were a lot of things Given to Michael which we don't know if they were sent. Could you

please forward me the **email to** Superintendent Adrian Coombs from Essex police that you said you was going to send weeks ago asking him about the statement. Forward me the email you have sent to the crown court about the appeal updating them to how many days you think the appeal will take and any person that are being called, I know you will not be able to give them a full list as of yet as we don't yet have the statement from Superintendent Adrian Coombs and information about the public order unit. I keep sending emails with lists of things but you only every seem to reply to as little as you can and we never get an update as to what is being asked this has gone on since this case started Sep **2014**, I know Michael was dealing with this case and he left, the trail was a mess Josey as so much was never done. Also, did you get the below email of information you asked for, and how we are going to deal with this please?

Also, it seems that he was one of the people that was at Croydon Party and put on the news and newspapers, he handed himself in for this on the

Also, he does not stop there about Scotland Yard.

Also, this was not outdoors like the police are trying to say and I can prove this, also the po ice must have known there were squatters there due to the party on the

27/07/2014

Just say I got information a lot of information to each event they say Simon set up. But Josey you need to under the information and how it works I am very good at computers and it even took me a little while to work out how these people set these pages up and what they are doing with the event pages. So just saying you will print them off is not going to be enough as you are going to have hundreds of pages that will need tagging. You need to see the information and understand t to be able to lay this out how it will need laying out for people to understand it. and how I was able to find it which I started when this case started, and have been saying I had it and the event pages but nothing was done, now some pages have been deleted, but we all know the police can get them don't we. I even got events to date that these people are still setting up and the po ice are giving green lights to them which mean the police are allowing these parties to go ahead. These parties are in fact still going on every week. Also, Josey the paper works the police served really does need time to go over it there is times that are off so many things that are wrong here. The CADs well sorry but the police are trying it on with these they really are and something needs to be done about how they have blacked so much out. But I need to show you for you to understand. And please tell me why a grid ref would need to be blacked out?

But there is a lot of work with the police papers that needs to be gone over which was not done for the trial and Josey this will take time. That last statement you missed in your email from the office in charge of the case needs to be dealt with also it was too late when we found out about it the day before the trail and that being in Val Tanner from the public order unit at Scotland Yard, but I need to say in a statement what she said to me on the phone as it doesn't work out with what the police officer said in that statement. And also, the phone ca l that DS Chapman from the public order unit at Scotland Yard. The pubic order unit at Scotland Yard know a lot more Josey and they know it and they are allowing Simon to be blamed for this knowing he never done it that is wrong Josey it really is. was really funny how the office in charge of this case deleted the email he sent to the public order unit why would he have done this why would he have not taken a statement from Val Tanner? Simon did do a lot of this with me right from the start when this started but Michael kept saying that does not matter, But Josey t does matter I did not understand how a civil case worked until the end at trial I did ask but it was not explained to me or Simon.

Hi Josey

Can you please update us about the legal aid, I have contacted them via email and phone, civil and criminal, they don't have an application for legal aid for the appeal they have not even been updated there is an appeal going ahead. I spoke today to Debbie Adams from Criminal, and Civil sent me an email on the 22/09/2015 saying no application has been put in. I was told the turnaround is 2 days to know if it has been granted Josey this was meant to have been put in weeks ago. I cannot take no more of this please update me.

Hi Josey

I was wondering if you had heard anything from legal aid yet. Could you please deal with the information below I have asked for over and over again?

Could I please get the case files, since this case started in Sep **2014** so I can see what has been done?

The information about the medical records. A list of what was given the Magistrates for the trial as Simon never had his own bundle for trial, we don't know what was in fact sent to the court, we do know there was medical records lists 2 sets but the court did not seem to have these, as there were a lot of things Given to Michael which we don't know if they were sent. Could you please forward me the email to Superintendent Adrian Coombs from Essex police that you

said you was going to send weeks ago asking him about the statement. Forward me the email you have sent to the crown court about the appeal updating them to how many days you think the appeal will take and any person that are being called, I know you will not be able to give them a full it's as of yet as we don't yet have the statement from Superintendent Adrian Coombs and information about the public order unit. I keep sending emails with lists of things but you only every seem to reply to as little as you can and we never get an update as to what is being asked this has gone on since this case started Sep **2014**, I know Michael was dealing with this case and he left, the trail was a mess Josey as so much was never done. Also, did you get the below email of information you asked for, and how we are going to deal with this please?

Please could you take a little time and deal with just some of this.

Hi Josey

I got the face book events pages for 12/01/**2013** Canary Wharf Simon was taken to the Royal London Hospital I found out the hospital called them they have the records. 25/05/**2014** Unit 5 St Georges Ind Est White hart Lane, N17 I got emails of the event and what was written on the Facebook event page as to the location and what the event was called and the links to the event etc, but event page was deleted. Event was called Chaotic Waves Gully posted in >>2100+ ATTENDING<< TONIGHT!!! AACHAOTIC WAVES//RIGHT WRONGUNS//BASSFACE SOUNDS//HOUSE OF HAVIK PRESENTS THE 1ST YEAR ANNIVERSARY OF CHAOTIC WAVESAAFT SKUNK-WORKS ARENA (Then changed to) (Chaotic Waves Gully posted in) A VERY CHAOTIC POPUP! 06 to 08 June **2014** Progress way Enfield the full event page is 225 pages Hippy Fest and the Superintendent from Essex statement which should also then bring up a name for a Superintendent in the MET police he spoke to about Hippy Fest. 20 June **2014** 1 Falcon Park Neasden Lane NW10 full event page is 87 pages 19/07/**2014** Carpet right A10 Enfield I got Antony Harvey Facebook account page I been waiting for nearly a year for him to add me so I could see what his account page showed as he deleted the event page the event was called 19th JULY (1.4k attending) The Raving Family That Rave In The Woods he only added me to his Facebook account on the 13/09/**2015** and oh yes I got the information from his Facebook account page, which shows him and others talking about the event, and also a person says on his page there is 200 people waiting at Southbury. Also, it seems that he was one of the people that was at Croydon Party and put on the news and newspapers, he handed himself in for this on the 30/06/**2014** to a police station and was taken to Scotland Yard for interview this is confirmed by his mother on his Facebook account as she was keeping people updated. He was given bail from Scotland yard but it seems on bail conditions from reading his page and reading between the lines one of them seem to be was not to attend any illegal raves, he got NFA for that one the 04/08/**2014** from Scotland yard from what it says on his page, But tell me this he was arrested on the 19/07/**2014** for this event Simon is being blamed for before Simon got there, why when the police saw Simon did, they arrest Simon and de arrest Antony Havey, I sure they would have had his name and done a name check and saw what he was on bail for?

Also, he does not stop there about Scotland Yard.

1000,

27/07/**2014** Millmarsh Lane Enfield Emails for this one with information and location. Also, this was not outdoors like the police are trying to say and I can prove this 09 to 10 Aug **2014** Millmarsh Lane Enfield the full event page is 108 pages. Also, this was not outdoors like the police are trying to say and I can prove this, also the police must have known there were squatters there due to the party on the 27/07/**2014** Just say I got information a lot of information to each event they say Simon set up. But Josey you need to under the information and how it works I am very good at computers and it even took me a little while to work out how these people set these pages up and what they are doing with the event pages. So just saying you will print them off is not going to be enough as you are going to have hundreds of pages that will need tagging. You need to see the information and understand t to be able to lay this out how it will need laying out for people to understand it. and how I was able to find it which I started when this case started, and have been saying I had it and the event pages but nothing was done, now some pages have been deleted, but we all know the police can get them don't we. I even got events to date that these people are still setting up and the po ice are giving green lights to them which mean the police are allowing these parties to go ahead. These parties are in fact still going on every week. Also, Josey the paper works the police served really does need time to go over it there is times that are off so many things that are wrong here. The CADs well sorry but the police are trying it on with these they really are and something needs to be done about how they have blacked so much out. But I need to show you for you to understand. And please tell me why a grid ref would need to be blacked out? But there is a lot of work with the police papers that needs to be gone over which was not done for the trial and Josey this will take time. That last statement you missed in your email from the office in charge of the case needs to be dealt with also it was too late when we found out about it the day before the trail, and that being in Val Tanner from the public order unit at Scotland Yard, but I need to say in a statement what she said to me on the phone as it doesn't work out with what the police officer said in that statement. And also, the phone ca l that DS Chapman from the public order unit at Scotland Yard. **The pubic order unit at Scotland Yard** know a lot more Josey and they know it and they are allowing Simon to be blamed for this knowing he never done it that is wrong Josey it really is. was really funny how the office in charge of this case deleted the email he sent to the public order unit why would he have done this why would he have not taken a statement from Val Tanner? Simon did do a lot of this with me right from the start when this started but Michael kept saying that does not matter, But Josey t does matter I did not understand how a civil case worked until the end at trial I did ask but it was not explained to me or Simon.

After Simon has just got off the phone to you and you saying to him that the full amount would need to be paid to keep the insurance in place or 2 payments at £700 to keep it in place. I fill that this is way too much to ask I have a letter here dated the 26/09/**2014** saying that he has 7 days from that date before the insurance is closed. There have been so many errors with his insurance even to the fact we never got any documents for ages as they were left in the fill and forgot to be sent out. So, for ages we never had any documents so did not know when any payments were due. As you are also aware my mother passed away and the family has been dealing with that also. There have been many emails that have been sent to Broadsure and many problems over the last 2 years. Even to the fact from April **2014** when Simon started a next insurance policy that all went wrong also by no fact of his own, and you making a payment to the said company I fill should never have been made. Please can you say what is going on with the insurance policy and if instalments can be made and by how much as ATM there is no way after paying for a funeral that 2 payments of £700 can be made. Can you also send him over his no claims bonus?

“The date had turned into the!”

The date had turned into the; **06/10/2014** and I had to **attend to court for the first instance of the Anti-Social Behaviour Order**, interim order proceeding to take place; It had got meant for me by the police officer’s having a court hearing for the interim Order to get put into place against me, but when I arrived at court legal aid had not gotten granted for me, so Michael Carroll the director of my acting solicitor firm came to court to explain this fact, the judge overturned and granted legal aid, in my favour. In the start of the application for the Interim hearing, the judge would not hear due to my solicitors not having time to go over the case files, as legal aid did not get granted in time I could remember the CPS and the police did not seem to be thrilled about the decision made by the judge. The court case proceedings were then put off to get reheard at a Hearing on the **22/10/2014**.

Speaker 2:	03:05	the metropolitan at woman called Sally Gilchrist.
New Speaker:	03:07	ok.
New Speaker:	03:07	There is a Sir Hogan Howell himself, um, authorized it and Jane Johnson the borough commander for Edmonton, she authorised it and they've let another gentleman called Lemmy now who works for the council come in whose fraudulently put a possession order against me.
Speaker 1:	03:26	Okay. Okay. Okay, well you've obviously got a lot going on there. Can I just take a few details? Can I take your name?
Speaker 2:	03:30	My name? Mr. Simon Paul Cordell. My Christian name is Paul. I'm not Christian anymore low, now I don't really believe in Christianity.
Speaker 1:	03:38	So you're known as Paul Cordell?
Speaker 2:	03:40	Simon Paul Simon. Middle name is Paul. My first name. Simon.
Speaker 1:	03:44	Okay, and your address for me?
Speaker 2:	03:46	That's 109 Burncroft Avenue.
Speaker 1:	03:49	Sorry, what Avenue?
Speaker 2:	03:50	109 Burncroft Avenue. B U R N Croft Avenue. Who am I speaking to?
Speaker 1:	03:57	My name is Allison Addison.
Speaker 2:	03:58	And what borough, what scent? Where am I actually speaking to you from? Where are you based?
Speaker 1:	04:02	Communications command in Bow
Speaker 2:	04:05	communications in Bow, Okay, thank you. Who's in charge in charge of you at the moment? Who's in charge of both at the moment? Who's the senior officer there?
Speaker 1:	04:14	Well, it'd be a duty officer.
New Speaker:	04:14	Oh, ok, is it ok if
Speaker 2:	04:17	I know that one.
New Speaker:	04:17	You have access to.
New Speaker:	04:18	Yes go on.
New Speaker:	04:18	You have access to Google, is that correct?

Speaker 1:	04:21	No, not while I'm working. No. There'd be no need for me to use Google while I'm working.
New Speaker:	04:25	AR, so.
New Speaker:	04:25	Would it not be best. Just go if you've got all this evidence, would it not be best to take it all into a police station.
Speaker 2:	04:32	I, I'm, I'm in fear of reimbursables of walking into the police station. Every time I walk into a police station I get viciously attacked or, and I've, I've, I've, I've had to lock myself in my house. I've had to block my letter box so that nothing can be put in my house. I've got, I've built a website called Horrific corruption.com I've got all the recordings of the nine, nine, nine call centres that I've ever made, there is 220 phone calls asking for your assistance. I've got all the videos of what my neighbours were doing to me, banging on all the walls, attempting to murder me, taking my right to life. Article 2 and Article 13 I've got all of me explaining then the phones, what they were doing to me, they, they, they. falsified paperwork.
New Speaker:	05:09	
Speaker 1:	05:10	Ok but is it's complaints against police,
Speaker 2:	05:12	it's not just.
New Speaker:	05:14	And you are not happy.
New Speaker:	05:14	it's against civilians as well they attempted to murder me and it's attempted murder. It's more a knock a banging noise starts with something called Christie V Davey, which is a tort law, which is okay. Two people started, a woman started banging a block once a long time ago and they created the law, the tort law, the Christie V Davey. Then after that become hate crime. When somebody continues doing that hate crime is an actual crime. It's in a criminal offense than after hate crime. When someone continues to do something for a duration, like a five years torturing you while you're inside your house being illegally held and they banging on the walls and an I am phoning the police that becomes attempted manslaughter and it's above section 18 with intent even though it's still does hold a tenant and have spoken to the Supreme courts and I spoke to the European committees and that and I'm building my, I built an official report. I've got loads of police officers that I've let into my house and had dictators in my pockets. I've gone, going through the report with them in my front room. They've not known that on recording,
Speaker 1:	06:12	Simon, Simon, I'm going to have to stop you there.
New Speaker:	06:14	For what reason.
New Speaker:	06:14	Okay. I don't think, I don't think this is something I can deal with over the phone.
New Speaker:	06:18	why.
New Speaker:	06:18	Okay.

New Speaker:	06:18	So, can you send a police officer to my house.
New Speaker:	06:18	Have you spoken to the Independent complaints commission.
Speaker 2:	06:23	Yes, I have spoken. I've, I've had dealings with the independence complaint commission and I've had dealings.
New Speaker:	06:26	Right.
New Speaker:	06:26	and I've had dealings with guy. I went through this case through the appeal stage for JR and the plea, the metropolitan police in your course and as a lot of the people that I have on recording from your call centres who's about to most recently lose their jobs because their voice are on there and the names and everything they've signed that said and done, every single one of them is all say that I have been robbed. your black boy on the block. You dead. Do you listen to the recordings now online? Yeah, before I publish it.
New Speaker:	06:53	I, I, I am not going to do that yeah. Yeah. I'm not going to actually do that. I can't do that
Speaker 2:	06:56	before I publish.
New Speaker:	06:57	ok.
New Speaker:	06:57	them to everybody. Yeah. But you can get a police officer, a police station that can take my case on and deal with it efficiently how it's supposed to be dealt with. You have whistle-blowing policies and procedures. One of them is called the Codes of efficiency, the Act 1999 and 2003 and now I call you and your name and I tell you what that efficiency Act 1999 does and 2003, it says if I tell you what another police officer is doing or another servant who assigned the Alliance of oath and you do not act a formatively and call and interview between you and that person you are as bad as that person if not worse. Now I've informed you that Steve Ellis has fraudulently made an Asbo application. You can go to that Asbo application because you are working for that company and you can see that each police officer falsified four statements in them, four statements. They never got victims. They never got no victims to sign for them. The statements, yeah, they falsified the paperwork. All the timestamps to your Cads, the crimits that are come out. Yeah, they made them all up for progress way which is one area because no one really went there.
Speaker 1:	08:06	Simon, Simon,. I'm going to have to stop you. This is nothing I can deal with other the phone.
Speaker 2:	08:11	You can do connect efficiently. I'm telling you what they're doing.
New Speaker:	08:14	Please.

New Speaker:	08:14	I'm going to put your record.
New Speaker:	08:15	Simon.
New Speaker:	08:15	in online in a second and.
New Speaker:	08:17	please.
New Speaker:	08:17	you're going to be famous as well for not protecting me.
New Speaker:	08:20	Please listen to me. I want to help you, you need to listen to me
New Speaker:	08:20	My human rights are important,
Speaker 1:	08:21	so listen to me. Okay? This is not something I can deal with over phone at the moment. Okay.
Speaker 2:	08:29	You can send a police officer under the police reforms at 2003 which or 1999 which is,
New Speaker:	08:34	ok, Simon
Speaker 1:	08:35	Simon I am going to advice you for the first time. This is not something I can deal with over the phone,
Speaker 2:	08:40	so you consider.
New Speaker:	08:41	ok if you want an officer, if you want an officer.
New Speaker:	08:41	use people do, you have resources that you have available to you.
New Speaker:	08:44	Go down to a police station.
New Speaker:	08:44	Can you look at, can you look at complaints now and please, can you, can you look a complaint and send it? Can you log a complaint right now for me? Please?
New Speaker:	08:52	I am now advising you for the twice.
New Speaker:	08:52	Can you, can you please look a complaint from you? I'd like to make an official complaint to you right now in regard for the offices that I'm putting you in receipt of the evidence of, and I want you to log that onto the computers, now in front of you as somebody to deal with that with the duty of your care that you are supposed to
Speaker 1:	09:06	Lower your voice then. Lower your voice Simon. Okay.
New Speaker:	09:09	Yeah.
New Speaker:	09:09	You need to lower your voice So the idea is always, if you wish for me to help you,
Speaker 2:	09:11	I'm tongue tied madam, I' am, tongue tied and I have pressured speech. I went to speech therapy as a kid and everything. I don't ever mean to be like that or be any way. It's just lisps when I'm trying to speak. That's what happens sometimes.
Speaker 1:	09:25	Okay. So, which what is your new complaints you wish to make?
Speaker 2:	09:28	My complaint is that metropolitan police force are illegal.
Speaker 1:	09:32	Right. Can you speak slowly as well? Because I do have to type. Okay, so you wish to complain that the met police? Yeah.

Speaker 2:	09:38	Yeah. Have promised that once the case, the ASCO case had finished in court that they will, and I've got the recording of this.
New Speaker:	09:46	Can you slow down for me. Yeah.
New Speaker:	09:46	have promised in the recordings. That I have online that once the Asbo,
Speaker 1:	09:53	sorry, sorry, sorry, the Asbo case once it is finished in court.
Speaker 2:	09:57	Yeah. That Steve, Tom, Sergeant Thomas on phone me on an incoming call as well as many of our offices did throughout the four years, of its ongoing. And they promised me that the second that the case is over the second iPhone use lot again in regards to putting an official complaint in that you will act efficiently and that you will, you will stop them police officers from working and do whatever has to be done. If the evidence,
Speaker 1:	10:21	I'll write slow down slow down because I have no idea what you're talking about. The slow down. So, they promised you that once the case was over, they would efficiently and the police officers would do what?
Speaker 2:	10:31	Take an investigation in regards to the negligence and misconduct that I claim that their officers have pursued in against my free will against me.
Speaker 1:	10:41	Okay. Okay. So, they would investigate. Yeah.
Speaker 2:	10:44	The negligence and misconduct.
New Speaker:	10:47	Against you.
New Speaker:	10:47	that the police officers have falsified against me under the Fraudulent companies Act 2006
Speaker 1:	10:55	The officers have falsified information. Yeah.
Speaker 2:	10:57	They falsified under the companies Act 2006 falsified fraud under the fraud company Act 2006.
New Speaker:	11:02	ok.
New Speaker:	11:02	and I would, and I've got recordings of loads of the sergeants phoning me telling me that the second I have, I can do this, that they're going to investigate the timestamps that go backwards in your call centres. They're going to investigate the, I'm not the right colour skin to fit the crime in the beginning. And an IC1 has committed the crimes not an IC3.
New Speaker:	11:25	Ok you need to slow down.
New Speaker:	11:25	I am sorry Madam,
New Speaker:	11:29	It's just me typing.
New Speaker:	11:29	I am sorry Madam. Sorry.
New Speaker:	11:31	If you want me to help you.
New Speaker:	11:31	Sorry, I can type fast. That's what it is. I, I, I'm not even trained. I'm not even trained or in a call centre and used to see how fast I can type.
New Speaker:	11:40	Good for me.

New Speaker:	11:40	Good for me. That's good for all of us. because I wrote paperwork and policies for all of us, I wrote a model constitution to protect your children, my children and everyone and use and your company discriminated me and scribbled my black boy on the block. They called me a black boy down the phone and I'm going to go public. And then hopefully when the coppers come into work tomorrow, if you look at the website when you go home, if I leave it on overnight, you're going to say to them, why did you come into work? Are you all going to be looking at each other, put in handcuffs on each other? How have your friends in that call centre that I've got on recordings are in so much trouble? It's unreal.
Speaker 2:	12:16	You don't need to start taking this very seriously. Cause I want to do an inner body claim and sort this out in a body and you all keep on boying me and telling me to go out and go out of body and go to a solicitor. I'm ready to send my paperwork to solicitor and that's what I'm trying to show you through that website now. Yeah. Yeah. I want somebody to deal with this inner body and what my proposal is to use lot.
Speaker 1:	12:36	Simon lower the voice,
Speaker 2:	12:38	Sorry, sorry. What my proposal was to use lot what has been in all the recordings. I knew that use lot fraudulently defrauded me from that the company done that to me, but what I'm saying is they never proved, I never really threw the parties. The Facebook parts. The people that really throw the parties. I copied their Facebook profiles and I've put them on Facebook so you can see that I never really throw the parties.
New Speaker:	12:57	There dead
Speaker 1:	13:00	Simon, I've got to tell you now, I'm not going to be looking at any Facebook. I'm not going to be looking into anything that is in relation to this.
Speaker 2:	13:04	It's not Facebook. It's not Facebook, is its.
New Speaker:	13:06	Or Google, I am not going to be looking.
New Speaker:	13:06	
New Speaker:	13:06	Yes but a police officer, a police officer above you who is supposed to be who is supposed to be acting under the codes of conduct that he did. We worked efficiently and we'll deal with this and you will act under the whistleblowing policies and you will work to efficiently under your, under your cabinets policies.
New Speaker:	13:22	Ok Simon.
New Speaker:	13:22	Do you have what you, you are governed under the equality to Rights year. Do you know what the equality work to equality to rights is?

New Speaker:	13:28	Simon please stop, I am going to.
New Speaker:	13:28	Non Auditable
Speaker 1:	13:28	If you do not stop shouting,
Speaker 2:	13:30	I'm not shouting I'm tongue tied. It's a disability. I get getting money for it.
New Speaker:	13:34	I do apologize to you.
New Speaker:	13:34	I said disability. You having a go at me because I've got a disability because I'm disabled.
New Speaker:	13:38	I'm not.
New Speaker:	13:39	Yeah you are. You are. I'm you are. I'm sorry I can't help be in pressured speech. You are. I can't help being like this is the way I was born. I've got, I've got a finger under my tongue and it hasn't been cut so I, that's why I had to go to on the blue bus at school and go and talk and they have to teach my speech therapy my whole life. I've been like, okay Simon. Okay, I understand. Okay, I'm postural plate down for you. Would you like a reference number for your calls?
Speaker 1:	14:02	I would appreciate it and I would like to know if somebody's going to call me back and who's going to call me back?
Speaker 2:	14:08	I don't know the name of the officer who is going to call you back but it hasn't been passed through to them ok.
Speaker 1:	14:13	Can I take the number then please and the Cad number two this call and the rest of it.
Speaker 2:	14:16	The CHS reference, I am on CHS and the reference is three zero, zero, zero nine all right.
Speaker 1:	14:20	30009 and then what got today's date at the end of it?
Speaker 2:	14:30	You put the dates.
Speaker 1:	14:36	And what is today's date again.
New Speaker:	14:40	Sorry, let me finish speaking. Today's date is the 6th of October 2014
New Speaker:	14:40	Ok, well, do you know what you've listened to this year. If you check on Google mobile phone. Yeah, mobile phone doesn't show of the case files and all the coppers names and everything. Yeah. I'm going to turn the website on for an hour because I believe that some are used. I've got a PC and then you can actually see what's actually happening. I haven't even loaded up half of the audio and the video evidence software yet and I haven't even started on it. I'm about to start on it in a minute. That's why I'm trying to phone you and sort this inner body rather than just going to, I've got barristers and solicitors begging, have you worked at seven years holding me hostage?
Speaker 2:	14:45	Simon I am clearing the line.
New Speaker:	15:15	Can I just say, well, can I just say one thing to you?
New Speaker:	15:17	Yeah.
New Speaker:	15:17	Now listen to this. This is important for all of you.

Speaker 2: [15:19](#) Yeah. Seven years. Yeah. Holding me hostage here. If you work out the hours in seven years, that's one and a half million hours. Yeah. If you take away then \$500,000 say I was asleep. That's 1 million hours. Yeah. The I've been up studying, doing my defence phoning use lot. Yeah. If I get one pound that means every pound, I get in compensation every hour. Yeah. I'll get 1 million pounds for the seven. It's seven years I've been phone use lot and explaining to you everything that's been going on. Yeah. I want I'm; I want to get what's rightfully mine and what you knew from the beginning. I've got recordings of them doctors in this house and the police in his house going through the Asbo in **2014** with me and always saying I'm not the right colour. Notice in the missing signatures in the report in **2014**, going through my medical notes in **2014** knowing that there's nothing wrong with me, and then use that. Continue spreading all these rumours and this sex scandal.

New Speaker: [16:10](#) Simon I am clearing the line.

New Speaker: [16:10](#) An endangered Hyde's life Shannon's life and the rest of us.

New Speaker: [16:13](#) Simon I am going to have to clear the line good bye.

New Speaker: [16:13](#) Yeah, we'll use, I have a good day then. Oh, good evening. Sleep. Well.

Hi, I dropped all the paperwork back to Kempe hall the other day after sorting it all out. I also went to the hall earlier and fixed the internet, I am going back to see Diana tomorrow; and maybe I will see you if you're not busy Si.

Hi Simon,

at the moment you have all the paperwork relating to the Hall. We have got a meeting with Monica on Monday about training; and not sure what else. You would know from going through the paperwork, what we are missing?

It's a matter I think of let's see what happens then. In the paperwork is there minutes or notes from the last AGM as she would like a copy. We as the committee have got to put together an Asset Register in the hall. Did you call Mark at F.E.C.A about our paper work down there?

Thanks

Patsy.

Hello Martin

After Simon has just got off the phone to you and you saying to him that the full amount would need to be paid to keep the insurance in place or 2 payments at £700 to keep it in place. I fill that this is way too much to ask I have a letter here dated the 26/09/**2014** saying that he has 7 days from that date before the insurance is closed. There have been so many errors with his insurance even to the fact we never got any documents for ages as they were left in the fill and forgot to be sent out. So, for ages we never had any documents so did not know when any payments were due. As you are also aware my mother passed away and the family has been dealing with that also. There have been many emails that have been sent to Broadsure and many problems over the last 2 years. Even to the fact from April **2014** when Simon started a next insurance policy that all went wrong also by no fact of his own, and you making a payment to the said company I fill should never have been made. Please can you say what is going on with the insurance policy and if instalments can be made and by how much as ATM there is no way after paying for a funeral that 2 payments of £700 can be made. Can you also send him over his no claims bonus?

Regards

Lorraine

Hello Martin

After Simon has just got off the phone to you and you saying to him that the full amount would need to be paid to keep the insurance in place or 2 payments at £700 to keep it in place. I fill that this is way too much to ask I have a letter here dated the 26/09/2014 saying that he has 7 days from that date before the insurance is closed. There have been so many errors with his

insurance even to the fact we never got any documents for ages as they were left in the fill and forgot to be sent out. So, for ages we never had any documents so did not know when any payments were due. As you are also aware my mother passed away and the family has been dealing with that also. There have been many emails that have been sent to Broadsure and many problems over the last 2 years.

1012,

Even to the fact from April **2014** when Simon started a next insurance policy that all went wrong also by no fact of his own, and you making a payment to the said company I fill should never have been made. Please can you say what is going on with the insurance policy and if instalments can be made and by how much as ATM there is no way after paying for a funeral that 2 payments of £700 can be made. Can you also send him over his no claims bonus?

374. Lorraine Cordell _Re_ urgent Simon CORDELL 011401596899

/ Page Numbers: 1025,1026,1027,

I am writing this email due to the reply dated the 01/10/**2014** I got in the post on 06/10/**2014** about the email I sent to you on the 12/09/**2014** please see below email dated 12/09/**2014**.

1026,

Above is a picture of the reply where you say I have 21 days to file a statutory declaration due to me being unaware of the court processing. I did not know about this court case. **I have been wrongfully convicted and have points on my licence,** which should not be there. In the email dated the 12/09/**2014**, I asked for my case to be listed in order that I could do the following

1. Application to set aside the conviction

2. Re-open the case

The reason for this is due to I have been wrongfully convicted as I did in fact have insurance. As shown in the attached file.

1027,

Broadsure direct I am the named policy holder, Mr. Simon Cordell and my policy number are MT3574694. I have points on my licence which I should not have. Can you please as a matter of urgency email me back on this matter so that I can have a date so that the conviction can be set aside and my case heard in order that I can show the court my insurance and the PLO can make the necessary enquiries. I would be grateful if you can inform DVLA that this matter and the points that have been added to my licence is being disputed so this can be put on hold as I do not see why I should suffer when I have done nothing wrong and I was insured to drive. This is in fact have a big effect on my life when I have done nothing wrong and would like this addressed as a matter of urgency. This matter is urgent. I cannot resolve this matter until the case is listed before either a District Judge or Magistrates so I would appreciate your cooperation. This is causing me stress. Can you now please resolve this legal matter by listing the case for an application to set aside the conviction?

I can then forward my documents to the relevant prosecuting authority. Please see attached my insurance documents for this offence in fact showing I was in fact insured. I await hearing from you in relation to this matter and I thank you in advance for your anticipated cooperation in this matter.

Yours faithfully

Simon Cordell

Hello Martin

After Simon has just got off the phone to you and you saying to him that the full amount would need to be paid to keep the insurance in place or 2 payments at £700 to keep it in place. I fill that this is way too much to ask I have a letter here dated the 26/09/2014 saying that he has 7 days from that date before the insurance is closed. There have been so many errors with his insurance even to the fact we never got any documents for ages as they were left in the fill and forgot to be sent out. So, for ages we never had any documents so did not know when any payments were due. As you are also aware my mother passed away and the family has been dealing with that also. There have been many emails that have been sent to Broadsure and many problems over the last 2 years. Even to the fact from April 2014 when Simon started a next insurance policy that all went wrong also by no fact of his own, and you making a payment to the said company I fill should never have been made. Please can you say what is going on with the insurance policy and if instalments can be made and by how much as ATM there is no way after paying for a funeral that 2 payments of £700 can be made. Can you also send him over his no claims bonus?

Regards

Lorraine

Thank you for your recent enquiry with regards to Unecol House. I am writing to advise you that the Council do not hold presently current blue print plans for this asset.

1032,

I can advise you however that the site is c 30,000 sq. ft in size and the Council maybe seeking to market it in the Autumn for a tenancy. If you may have an interest in this, please by all means send me details of your business and your outline proposal for utilising this premise. (if applicable) I hope this helps for now.

Hi Patsy

1039,

Thank you for your email. In terms of policies there are quite a few required e.g. Health & Safety Policy, Equality & Diversity Policy, Safeguarding Policy, Data Protection Policy, Financial policy etc. We have some good practice guidance of the roles of a management committee which I can bring along next Monday, however the trainer that I will be bringing along will be able to provide advice, guidance and also deliver training to yourselves on both the role of a management committee and your responsibilities of managing a hall, including all the policies. Pricing of the hall needs to be consistent, there is no difference if you are a member or non- member. The current pricing of our halls is £13 per hour for voluntary groups and £23 per hour for commercial/private companies to use. For parties from 11am to 11pm the rate is £230. When you provide the booking to your hirers you should be getting them to sign a hire agreement so that they have something showing their responsibilities and also this is there receipt of payment. We can build on this as part of the training with the committee. Once you have confirmed if 13th October is good for you all, at this meeting, could you provide me with a copy of the minutes of your AGM and your accounts please. Any questions then please let me know.

Hello Martin

After Simon has just got off the phone to you and you saying to him that the full amount would need to be paid to keep the insurance in place or 2 payments at £700 to keep it in place. I fill that this is way too much to ask I have a letter here dated the 26/09/2014 saying that he has 7 days from that date before the insurance is closed. There have been so many errors with his insurance even to the fact we never got any documents for ages as they were left in the fill and forgot to be sent out. So, for ages we never had any documents so did not know when any payments were due. As you are also aware my mother passed away and the family has been dealing with that also. There have been many emails that have been sent to Broadsure and many problems over the last 2 years. Even to the fact from April 2014 when Simon started a next insurance policy that all went wrong also by no fact of his own, and you making a payment to the said company I fill should never have been made. Please can you say what is going on with the insurance policy and if instalments can be made and by how much as ATM there is no way after paying for a funeral that 2 payments of £700 can be made. Can you also send him over his no claims bonus?

Regards

Lorraine

Being at my new living partner home address: --

I can say with a smile on my face that even with the problems that I got faced with, that summer seemed to last forever and in the middle of that summer, I can remember being at my new living partner home address, when I was painting the young Child's bedroom, this was due to the child sleeping down stairs in the front room between us and this was as no other man accomplished this for the pair of them already. While decorating and painting the bedroom; my new living partner at the time had gone for a routine check-up at a sexual clinic in her own area, at the time this was of no concern to me and I went happy for this to go ahead. In the middle of me fixing the bedroom up to a nice standard, my new living partner arrived back home, she asked me to sit down with her, as she had something important to explain to me. We walked into her hallway, this was at the top of her staircase and was outside of the bedroom, that I plastered and decorated, then my new living partner started to explained to me what happened, she said that while she was at the clinic, she got in their medical chair to get her check-up, when the woman looking after her welfare, said to her that she had noticed a spot on the top of her ass cheek and that as the clinician she wanted to test it. My new living partner explained to me that she allowed this to happen and was now waiting for the test to confirm the results, as a result of this; we were both then waiting to find out if this was of any concern to us both. After explaining this to me, she took a seat at the top of her staircase and pulled her trouser bottoms down, pulling her leg right up into the air showing me the top of her ass, this revealed to me what seemed to be a normal spot in my eyes, that any other person's may see on any other person, that is to explain. With myself being me and what just got told to myself, I never really managed to contemplate on the full understanding of what had just happened to me and how much that moment would change the rest of my life, what got said had yet to sink into my mind. I remember smiling at her and telling her that nothing will matter as I will be there for our family and things will be OK.

The older Nephew / son, the dark secret: -

Meeting Mathiyalagan Markandu family including the older Nephew / son, the dark secret: -
This little dark secret used to pretend to me that he lived in the same block of flats as I do and the flat is supposed to be two up to the side of my flat. In layman terms; his so called flat, got said to be in the same block but on the other side to me and not directly above mine, but months later I found out he was a liar. He used to befriend me, when we would meet in the corridor or outside of the block of flats, whenever I bumped into him as he would go up the stairs, to try to kill me. I never knew it was him at first, who had been attacking me, with his stepfather and mother, I saw him so many times throughout the years of being violated with no help of the police or council and never believed in their being anywhere next to the amount of evil in him and because of this I continued to say hello to him whenever I would see him, as a response to me, believing that he never followed suit with the rest of the involved members of neighbours, I always would be polite and courteous towards him for that portrayed reason. He would display himself as, well-mannered and seemed to be trustworthy, throughout this time. So, when the Mathiyalagan Markandu family had acted ignorant towards my wellbeing I sought further assists of other people and the Mr. Mathiyalagan, elder step son had become one of them people. I understood for him to live on the same floor as the Mathiyalagan Markandu family, and he was also of the same ethnicity as they; of an Indian culture, so I trusted in him of fixing the issues going on, with his good honest help. In seeing Mr. Mathiyalagan, elder step son, on a sunny day I then had good reason to believe that moment in time would be a good opportunity for me to start reasonable discussions with him and away to further express; how I had prior helped the Matthews in the start of them moving into the flats and in doing so asking him to talk to them, he agreed to do so. I continued our conversation by saying to him it was wrong for his next door neighbours, to be doing the things they do towards me and further asked him for his help in him approaching them, as he was still their friend and he could act as a neutral person who could do a good deed by helping us all to rectifying the problems, after we had finished chatting all had gotten agreed to get accomplished, so I concluded in him and hoped soon after I would get privacy in my home again.

Re: FW: Simon Cordell Asbo email one

Lorraine

I asked for a lot of this information when Simon attended the office last week. I have had four hours sleep last night. I am attaching Simon's proof of evidence that I am sending on to the barrister. We will be challenging on each and every aspect from definition of rave to whether anti-social behaviour occurred, distances, locations from residential areas etc; **lack of CADs etc**. Email over what you can and I will somehow get it to court tomorrow in the afternoon.

To Whom It May Concern:

I am writing this email after a call that was made to the **City of London Magistrate Court** on the 10/02/2014 about a list that is on my PNC that is incorrect. I was told to write this email including as much information as I could to get this updated. I have contacted you a few times before about this Error on my PCN and was told that you would get it updated but as of now this has never been done. I was told on the 10/02/2014 when I called due to the date that it would be down to the police to update this. You would have only forwarded the information to the police to get this updated. The Error is for a case that was heard on the 03/03/2008 at the City of London Magistrate Court, for failing to surrender to custody at appointed time, on the 25/01/08. The error is that I did not go to go but my mum called the court and a sick note was handed to the court and the case was dismissed, so should not be on my record This has caused me problems with bail on a few times and this is why calls have been made before to the court, at this time it has been causing me problems again with a case I am at Woolwich Crown court for.

1051,

I have attached the page for the PNC print out the police did for the case at Woolwich crown court that I am on bail now for. This print out was done by the police on or around the 26 June 2013 for the Woolwich case. I do feel this is causing me problems with my bail and I am therefore asking for this to be dealt with as fast as possible in order that I can show the court this should in fact not be on my record. I was told on the 10/02/2014 when I called that if I ask for a court transcript that this could be done faster than updating the PNC records and I would be able to show the Judge at Woolwich crown court the court transcript for the case that is on my file in error and that should be enough to prove that it should not be on my record. I am there for asking for the court transcript to be sent to me if there are costs for this please email me back with the cost for this to be sent to me and I will get this paid to the court. Please see attached file for the page in my PNC record which is there in error I have highlighted the case. If this can be done as a matter of urgency due to the impact this is having on my life.

Many Thanks

Mr Simon Cordell

The Enfield court bits I picked up I can bring them to court tomorrow as I have them in file format from the court and you can see they are from the court but the copying they did is not great as they was having major issues with their photo copier that's why it took so long to get the information I had asked for, so the scans are really bad so maybe better to just bring the files I picked up at Enfield court with me to court tomorrow. I can send the emails over asking for all the information from the court as that's in email format and clear. Also, some of the cases I asked for they did not add them in as there was so many cases and I think they over looked some cases. But I marked a PCN so I send that over that way you can see as I done that from the files I picked up from the court. I have also sent the letter from the doctor not sure if you need that also.

To Whom It May Concern:

I am writing this email as I have an ongoing case at Woolwich Crown Court, and I have noticed some errors in my PNC record which the police printed off at around 25/06/**2013**. I would be very grateful if you can pull up the following records so I can check them with the PNC the police printed off for the case that is ongoing at Woolwich Crown Court, I have been told I will need a Memorandum of conviction or the transcript for the case. I do know there are some errors on the cases that was heard at Enfield Magistrates and can see them clearly, but due to how far they go back cannot remember some of the cases. I do also know some are correct but due to some dates being wrong on some of the ones I can see errors in I would like to check all the cases on the PNC that was heard at Enfield Magistrates. If this can be done as a matter of urgency due to the impact this is having on my life with the case that is ongoing at Woolwich Crown Court and my bail and other issues. If the information could be emailed to me, I would be grateful as I am next in court on March **2014**

and would like this information of any errors so I can show the judge. Please see below the lists of cases I would like information on.

Hello Martin

After Simon has just got off the phone to you and you saying to him that the full amount would need to be paid to keep the insurance in place or 2 payments at £700 to keep it in place. I fill that this is way too much to ask I have a letter here dated the 26/09/**2014** saying that he has 7 days from that date before the insurance is closed. There have been so many errors with his insurance even to the fact we never got any documents for ages as they were left in the fill and forgot to be sent out. So, for ages we never had any documents so did not know when any payments were due. As you are also aware my mother passed away and the family has been dealing with that also. There have been many emails that have been sent to Broadsure and many problems over the last 2 years. Even to the fact from April **2014** when Simon started a next insurance policy that all went wrong also by no fact of his own, and you making a payment to the said company I fill should never have been made.

1143,

Please can you say what is going on with the insurance policy and if instalments can be made and by how much as ATM there is no way after paying for a funeral that 2 payments of £700 can be made. Can you also send him over his no claims bonus?

Regards

Lorraine

Helping out

In the Community Hall!

In the meantime, I became a member at general meetings held at my local community hall Taking part in the daily challenges that a community hall can get presented with. This introduced me to various people who helped me with superb advice towards my company running objectives; these objectives meant that I committed myself to voluntary work in the local community. I was working for events such as Lock to Lock festival, Winchmore hill festival for kids with cellarfuls, Durant's park festival, Enfield town festival, Ponders End festival, while I was supporting a new client with building a charity event for premature babies, I also made agreement's to be a manager of a new nightclub that was being launched in the heart of Brixton. At the time I was building strong relationships with nice, honest, people, this got achieved with a view of developing there's and my running business, so that I could help make a positive effect of today's people and society. I arranged a community charity children's fashion show fundraiser, however, this event sadly did not go ahead as planned as the stress of these proceedings meant I could not take part in it, as to my dissatisfaction I am now signed off from work due to problems that I am having as the court proceedings have made a large deterioration of my health inclusive of members of my neighbour's attitudes towards my human rights, by way of the stress that they have caused.

Me and Partner Two!

Weeks, months, slowly, went by: --

Weeks, months, slowly, went by, with us both managing the news we had ended up getting told, in contrast, I remember the first few weeks as I was still cautious of the news that I had got explained to me, by my second living partner. In these first few weeks' time period that passed by, we both waited for the test results to arrive.

Throughout this time period, we stayed together as a couple and I continued to have a constructive attitude towards her feelings, but in the back of my mind, I got worried with concern that I may have hurt another person; I tried to continue with work, in this moment of time. Once my second living partner had received her test results, we got told that she was a carrier, and this meant, that we were both possibly carriers of hsv1, otherwise known as herpes. I felt sick, straight after with worry and ended up back at my own home address a few days later and equally, important, I also attended by the local clinic myself and requested to get a test completed; my request was at first refused, the reason given to me, was Evergreen Clinic, does not do mandatory HSV1 tests, this is due to how common it was amongst every

person, I got admit tingly, determined to get tested and showed them I would not leave the surgery until a test got completed, after some persuasion, it got agreed for my blood to get taken, as a test sample. After I left the surgery, I had to wait for my test results.

I trusted in a close friend

Stan!

A few more weeks had passed by, me and my new living partner continued to resolve the issues we got now faced with, time we never argued, with each other. Likewise, I got worried afterwards of what had got explained to me, by my new partner about her test results, so I trusted in a close friend, Stan, this was about my problems, the conversation was polite as always and got held in his own front room, this was while over a drop of whiskey, that he had offered to me, at no point of time, did I leave him any concern regarding any intent of a negative attitude about myself and I surely, raised no concerns of a verbal disrespect, towards my second living new civil partner.

In this time, I only spoke to Stain, about the problems I was having, this was as I looked at him like a father figure by this stage of our friendship. I believed, and therefore trusted in Stain, partly, as I knew that he was already a father figure, so with this full understanding in mind, I thought he would support me, this being while I was looking after another man's child, or partly, as I had always been there for him causing him no problems of concern.

Disrepair!

I treat the council officials with reverence in the believe that they must act in a natural manner when dealing with incident relating to their clients but they act Inferior with bios decisions against me, resulting in no logic or fair gain at the conclusion of incidents, once put in receipt of true official evidence and this is at my loss of life without any erroneous doings from myself!

A different part of a continuation: --

A different part of a continuation off my life's true events leaves me with Questions, like: Can you guess for yourself the next bad thing in the sentence below that got left to materialize?

The Answer: I didn't even get a cup of tea or coffee with any of them in all of them years that I lived beside of them: -

I kept being sick in my home toilet and I got victimised by the Mathiyalagan Markandu family, banging and flushing the toilet above me, I could hear them banging above me wherever I moved in my own home, I could not even take my clothes off and get in my own bath and stay

safe, my friends stayed over at mine and if they tried to bathe they would do the same to them, I took victim and witness statements of them all.: -

Stan and Debbie making me go to my mother's home to talk: --

Feeling sick from what Stain Curtis / Fisher and Debra Andrews and the Mathiyalagan Markandu family, were doing to me. What they did got achieved to make me kill myself or aid in me running away from the problem, I decided I did not want to hurt myself and I was surly, not going to get left in the state of a Mental Health client.

I felt, insulted, I was being treated by them as I had worked hard in previously, managing a close knit relationship with them all, especially, the named: Stan and Debbie, so rather than sit in my home and get assaulted one night I left and headed to my mother's home, intending to pick up my fire extinguishers from my catering trailer and taking them home for mine and others safety, I had to go to my mother's as I had really, felt, concerned about them as for their behaviour, was clear torture's acts towards me and on top of all of this I got upset because the Anti-Social Behaviour Order case conditions had started to overwhelmingly, damage my attempts to build a legitimate business.

Council Tax Account: 5xxxx Simon Cordell

Property address: Burncroft Avenue, Enfield, EN3 7JQ Thank you for your email.

The regulations were changed on the 1st of March 2013 when a local scheme of charges got introduced. Disabled persons are not exempt from the charge. If paying causes hardship, you may apply for an increase in the amount of Council Tax Support too offset the charge. Please go to www.Enfield.gov.uk/hardship to make the application.

Going, to the court for the Anti-Social Behaviour Order
05/11/2014; --

Going, to the court for the Anti-Social Behaviour Order case for the second time meant that when I eventually, arrived at the courthouse, so for the prosecution to apply to place an interim order conditions on me I got upset, as this would allow the police too also apply for conditions of bail, against my liberties and legal rights, I understood this would be until the application got proven or not, the district judge allowed for the interim order to get granted but without the conditions of bail. If I try to recollect what actually, happened next, I would remember; the prosecution on this day were organising their case and trying to continue to apply for the conditions to get instated on me, I found no judge would grant them. It was peculiar, as the judge, walked out of the court room until another judge took their place and also would not hear this case; this proceeded to happen in the first few of the courtroom hearing instances.

Check to put together same day!

The Asbo interim order got granted against me without conditions.

On the

05/11/2014

I had to attend to court yet again for the Interim order hearing and the order got granted. My Acting Barrister could not attend due to the flood in his home; a next Barrister came to court,

but had no paperwork for the case I understood this is why the interim got granted as nothing got said in my defence, when I attended to court and the interim order proceeded to get granted by a funny judge and her name is Xxxx, after the hearing finished, the trial date got set. The atmosphere in the courtroom continues to get wired as somebody had kept on controlling the additional light switch for the courtroom from outside and kept turning the lights on and off, this got done so no person could see each other because of the darkness, this happened in most of the case, right until the judge herself shouted out aloud; for whoever had foreseen this to proceed, to stop, she encouraged this out aloud, so all could hear her voice saying her words. Afterwards she said she would be the judge on the day of my trial. I felt, violated by the justice system and understood if my own prior arranged barrister could attend who had studied the case files, this should not ever have happened. My barrister could not attend due to a water flood, what took place in his own home; another Barrister, who I had never met beforehand, came to court to defend me, but he had no paperwork for the case files and seemed to do not understand what had gone on so far, in the case proceeding, I am sure this is why the interim order got granted incorrectly, too me, as nothing correct got said in my defence. So, in despair, I headed home and got upset being the judge had allowed this application to happen and started too further look for the right answers to the laws, that should be in place, governing my case, I then took a look at Google for correct answers; I came across the judge's details, who said she would handle the case and granted the order. In reading her online statistics, I noticed a few wired worries, things, weird to me, at least which are: -

The banging at Me

Went Mad!

Debra has gone made chasing me around my flat, doing her best to attack me and I could prove this got done with stain at this stage, but not with the Mathiyalagan Markandu family and Co, So I contacted the police by way of calling the police 999 call centre and recording the conversations with my own personal dictator about my findings, these are two things that I complained about: --

2

The emergency 999 call centre

Time stamps in the Asbo file got found to be in Error!

I had noticed the emergency 999 call centre time stamps were wrong in my paperwork relating to the Anti-Social Behaviour Order case files I started to not feel safe going around my own home town, as I knew the police would need to stop me from getting to court to explain this, as they would lose their jobs and pensions and this meant I could not freely, walk around and I stayed indoors doors thought the summer and winter time, even when my curfew is not active.

--

Tape recording one z0000010; --

Welcome to the Metropolitan police introduction; —

Police Officer; Police operator your reason for calling.

Simon; I was just wondering if you could give me some general, help.

Police Officer; Go on.

Simon; All right basically, in **2014** an application got put against myself for an Anti-Social Behaviour Order, that was for the organisation of illegal raves the respondent's case was, I attended to court and I proved my innocence against the respondent's case under section 63 of the crime and disorder act 1998.

Police Officer; OK before you start, you need not give me all the Acts and sections just basically tell me what has happened.

Simon; Alright, since then I have been to court and proved my innocent's and I got found not guilty (Further Amendment 15/05/2017 "under the respondent's case.)

Simon; What I have worked out since then is that the developer of the application is a Steve Elsmore, and he has done that under a Jane Johnson's Command who is the borough commanding officer for North London, I believe this.

Simon; Now what I understand is that the Urn numbers which are information reports means that every police officer has a special logging when logging into the police national computer and I understand in that development of what the police done 15 police officers sat down at a table and logged in one after the other creating unique urn numbers that run consecutively, one straight after the other, and they changed the created dates on them

information logs and what they done was then spread them out other a whole year at the same time they made loads of 999 calls in the actual system and in creating the 999 calls they managed to, the time stamps were wrong in all the 999 calls they are back dating each other now I continually, try to get a police officer a manager of Steve Elsmore to oversee the information I proved that beyond reasonable doubt, I sent them copies of it, the actually, 999 calls when they were being created year.

Police Officer; are you saying the police have been making 999 calls?

Simon; Year, Well I proved I got the evidence I have got a folder here right now I got a bundle and what happened is.

Police Officer; Hang on, hang on, hang on, let me finish.

Simon; yes, sir, go on.

Police Officer; Hang on let me finish so you also say that police are changing reports on the police National computer is that correct.

Simon; Yes, yes that is correct, and I have got evidence of that.

Police Officer; Oh hang, o hangs on, hang on, let me stop you their police can't do that.

Simon; Sir may I say something to you.

Police Officer; Hang on let me finish, let me finish, let me finish OK, police can access the police Pnc as you know well, must know, year all right, they can access the Pnc, but they only the only people that can change the reports and change the information on the Pnc are the people, who; actuary work for the Pnc burro who are people employed by the government who are not part of the police and don't even work in a police building.

Simon; Yes, um so OK for this information I have listened to you I sort of believed I had that I had that same belief myself, so what I have done is write to their; is met cc there is storm and there is; arms, I actually write to the developers of the software.

Police Officer; you wrote, you wrote, (Clearly voiced Mutter "there fucked.")

Simon; Pardon;

Police Officer; you wrote to the development.

Simon; Year I wrote to them and what I have of them is what they gave me a thing saying, members of the police Gold command and the same for fire and ambulance can change the created dates now what the problem was.

Police Officer; (Clear background mutter "You was robbed")

Simon; What, the problem was, what the issue is when I, my actual folder here now, I have like ten information, reports of the police where the police have logged into the police computer and done that.

Police Officer; where did you get that from?

Simon; I got served an application an Asbo.

Police Officer; Year where did you get them ten information reports

Simon; Steve Elsmore made them under his own development, now

Police Officer; Yes, but how did you get them?

Simon; Because my solicitor handed them to me, because the application off my case, but now normally, in most instances, this is my issue year, in most instances if this was one criminal case against somebody no one could prove their innocence in this, but what the mistake here that got made here is the police put ten cases, incident on different dates all in one folder, now in doing that the dates all referred to different dates thought an annual, yearly, period, now when I was looking at the information report, which I have in front of me ten different ones with ten different police officers names, they start with Urn numbers and the Urn number is Yert00376227 for instances on this one here, with Steve Elermore's login name,

what happens is you go to the next information report which is another date and it has the same Urn number but with just one number above a police officer logged straight in and changed the created dates and I got another one here that does actually, the same it goes up one number and then another one here that goes up another number 798 and they're all unique Urn numbers but the created dates were changed thought.

Police Officer; what is your name?

Simon; my name is Mr Simon Cordell, these police.

Police Officer; where are you calling from tonight then Simon?

Simon; I am calling from my home address where I am being held. Police Office; But why!

Police Officer; but what is your home Address?

Simon; my home address is Burncroft Avenue.

Police Officer; and why are you calling tonight, other than to recite all of this information to me?

Simon; because right, now, I understand;

Police Officer; what is your reason?

Simon; because: I understand my Human rights and what you as an original police officer.

Police Officer; Simon I am going to give you some advice now as a police officer, I am a Police officer, if you got a problem or a complaint to make against some police you need to log that you are not getting fairly, treated.

Simon; sir, sir;

Police Officer; hang on let me finish, let me finish it's my turn to talk.

Simon; yes, OK.

Police Officer; you believe that there is corruption in the police, you need to go to your solicitor and log a complaint with your solicitor or professionally, log a complaint with the police.

Simon; I have.

Police Officer; or you need to go to the Ipecac.

Simon; Sir, Sir;

Simon; OK! Carry on then sir.

Police Officer; if you have already done that if you already done that then you must let them do their job, all right.

Simon; Sir can I just say something, OK I respect what you said to me, but I am asking for the better judgement of yourself, which I understand that you are already trying to give to me, but what my other issue is I have got lots of issues here that this case clearly said that it was illegal the organisation of illegal raves yes therefore if it was illegal then I should have got arrested under that pretence yes because there is; criminal and civil law because I never got arrested for something that is illegal, now what I done was I logged three complaints in, official complaints in through the police procedures and I done that under the Ipecac advice to do that, now they told me, I got a letter here where the complaint got suspended until further, until the case is over because it can cause produce towards the case, the on goings of the case

Police Officer; "A mutter that not auditable."

Simon; know what has been going on is these police understand, no matter what; the second I get to court I will prove a section 63 should have never got imposed onto me, as for it is only for outdoor events, and implying.

Police Officer; and when you got to go back to court.

Simon; they keep postponing the case until September.

Police Officer; "A mutter that not auditable."

Simon; But the issue is; I have been waiting since **2013** to prove, I am innocent, now what I done to go even further

Police Officer; what you just when you first called was that you were organically, not first found guilty.

Simon; Yes, that is what it was and I have the transcripts right here to prove that.

Police Officer; what is wrong with you not being found guilty then?

Simon; year but when I got found not guilty what the judge did was wrong under the applicant's case is, I got found not guilty but what they done, I got the transcripts' saying that he wasn't found guilty for the organisation of illegal raves, what she done was she in the court she goes well in **2014** you swore at a police officer, I got it in the transcripts, she goes, so I will give you the Anti-Social Behaviour Order for that, but that is a section four or five under the riot act and I should have got arrested then for that or I should have had a member of the public bring a civil case and no one done that.

Police Officer; and who gave you that a judge?

Simon; yes, and she has done that incorrect and I am waiting.

Police Officer; she, she, have you complained against the judge?

Simon; Yes, yes I wrote two articles six's and handed them in and I proved that all the 999 calls go backwards in time, yes, yes, from the previous one's yes, it happens in about, because I got, they accused me of ninety-three incident numbers yes, but they only gave me the paperwork to thirty of them yes, for one day, now in them thirty days they have blocked out grid hum location numbers yes and forgot to block out all the grid numbers, now when I check the grid numbers, now I am being accused of one place being in Progress Way but the grid numbers show that they are all across the country, Yes I could not be in one hundred places at the same time.

Police Officer; Simon! Simon! Simon! Simon! Simon! Simon! "Bull" why is you actually, calling tonight.

Simon; Because, I am stuck in my house and I am therefore being held hostage, and I get scared to walk down my home town street!

Police Officer; no, you are not, you can walk down.

Simon; no, I can't.

Police Officer; hold on, hold on, hold on, let me finish, your court case is not until September.

Simon; yes;

Police Officer; you are innocent until you get proven guilty you can walk wherever you want.

Simon; I have got fifteen of the highest-ranking officers, yes, that have sat there at a table and manufactured the evidence and fabricated it together yes, they, under the article.

Police Officer; who would go and do that?

Simon; under article three of my Human Rights it states that it is inhuman.

Police Officer; why would they do that?

Police Officer; why would they do that why would they do that?

Police Officer; would fifteen high level police officers be interested in you?

Simon; I got the paperwork here to prove that has happened yes and to prove.

Police Officer; what you need to do is bring it to court in September and prove it, they're talking to me, on the phone is not going to change anything

Simon; but I would like to know who oversees, I would like to see who oversees PC Steve Elmore's work, because he clearly.

Police Officer; where does PC Elmore work?

Simon; PC Elmore is attached, to the Edmonton police station.

Police Officer; OK then that would be the commanding borough commander of the Edmonton then won't it.

Simon; yes;

Simon: Only the commanding borough of Edmonton?

Simon; now I have written an article six in, which is about the rights to a fair trial yes.

Police Officer; Absolutely;

Simon; I proved in that article six: — the time stamps, I time stamped everything I time stamped every time stamp that went backwards every geological location; I proved all the things.

Police Officer; so why are you telling me this?

Simon; because you signed up to protect us, the people!

Police Officer; why did I?

Simon; your wages are there to protect me and my friends and.

Police Officer; no, no listen, I don't understand why you are ringing me, it's going to court you have got your evidence, you have got your solicitor, and you have been to the Pip, you just want to argue.

Simon; because I want a police officer to, I want a police officer, because this police officer has now gotten told to go away and UN retracts everything in the book's that he forged alongside with the other officer's and to hand it in.

Police Officer; how do you know that?

Simon; the judge has told them that is their orders right this second.

Police Officer; well you are not going to court right up and till September.

Simon; yes, again, I have been to court already nine times sir.

Police Officer; but you got found not guilty.

Simon; yes, but I have now been to court nine time still trying to get my freedom, right now section 63 is wrongfully, being imposed.

Police Officer; Simon, Simon I will go right now, you have to take it up with your solicitor.

Police Officer; hang on, hang on, I got to go.

Simon; what is your name, sir?

Police Officer; my name is PC Lean, thank you very much.

Simon; PC Lean I have been recording this conversation I hope you would like to know that and if you would like me to play.

End of the tape recordings; --

I knocked on Debbie's front door for the first time, then the Mathiyalagan Markandu family's front door for the first Time! The banging got worse and worse as the families and Stan Curtis banged on the taps and pipes and floor boards so I could not sleep or study while developing my company, their actions towards me made it so that I could not even work on my own website without being assaulted. One day a few months after the occupiers of the flats I complain about in this report had continued to take place in victimizing me, that is to explain in their assault against me on a continual daily basis, with no remorse for their actions. I knocked on Debbie's door and ask why she was doing this to me, she blames the Mathiyalagan Markandu family, I then headed upstairs and asked the Mathiyalagan family the same question with the reply of them blaming Debbie Andrews 113, I knew it to be both addresses including Stan Curtis, I believe that no person can question me about what I state as being false or misleading in any deceiving way, the reason for this is that I recorded the ongoing on camera and by way of an audio dictator recorder and I also had numerous friends stay over at my home who were also violated by the people living in all of the addresses, who are also willing to be witnesses and victims with their statements of truth.

Handshake 1: --

After going up stairs to Debra and then the Mathiyalagan Markandu family flat after, to speak to the people treating me in such a way: they all blamed each **other:** --

The first handshake with Mr. Mathiyalagan Markandu was in **2014**, the day after when I went upstairs to Deborah's and the Matthew flats, as them and Stan Curtis started to viciously, attack me, so after a few weeks passed with no change I decided to go upstairs and knock on the Mathiyalagan Markandu family flat front doors to speak with them about my questions to why this was happening to me, and if they would help me make it stop if not for me to do it for their child, I spoke to them about Deborah as they accused her themselves, of doing the banging at me, that I got subjected towards in me believing in the Mathiyalagan Markandu family; as I had only helped them in a nice way in the past and I didn't know them or their names, other than that. We spoke politely, to each other and they maintained that it was Deborah Andrews who was doing the assaults against me, when I spoke with them, I asked Mr. Mathiyalagan Markandu whether he would write a letter in regards about Deborah Andrews negative actions and the concern for him having his new born child in the flat around her because of the continuing loud banging noises that got left to happen 24 hours a day, he agreed to write a letter and hand deliver it to my front door, I then asked him whether he would shake my hand in an agreement given his word, he held his hand out and we shock hands, afterwards we both went along in our own days, ways.

I am forwarding the court note from the interim ASBO application. As I indicated to yourself and Simon the restrictions imposed in the ASBO are imposed to prevent anti-social behaviour and do not curtail Simon's legitimate business interests. The cross-examination of the police witnesses is best left until the full ASBO application. With regards to the witnesses that we required, we did ask for all police officers to be in attendance as they were for the initial

hearing when there was a flood at the barrister's house. The restrictions imposed in the ASBO appear on first reading to be fair and the District Judge has taken into consideration Simon's human rights. We return to court in 15th March **2014** when the case is set down for two days. You will no doubt note all the other directions made but we have time to comply with these. Any questions please do not hesitate to contact me.

Regards

Josephine

On this day I asked Stan if he would go upstairs to debris and try to resolve the problems he said: no. When I asked why he explained to me, that one day not so long ago at this time of relevance, he had been in his own back garden when Debra had been upstairs drunk in her flat.

Do you ever question yourself when you think?

Because I do and I keep thinking, personally, that I was better of writing all of the documents for a festival than this report: -

Contacting the council and MP's; - Obviously, the banging never stopped it continued and got much, much, much, worse than ever before. Between the different contacts that I had with the MP's, Enfield council and the police nothing changed for me the banging continued as I explain and got much, much, much, worse. I asked my mother if she could help me in emailing and or calling Enfield Council, so to get the problems addressed, as towards what was being done to me, by members of my neighbours, which my mother and I both did on a numerous amount of different occasions, many emails got sent to the official departments, I even called them by phone on top of sending emails as did my mother. At the first chance I and my mother had we then after continually, sent the correct correspondence addressed to the relevant complaint departments who would have any relevance in these situations and this got done by us with no correct follow up taking place of them sent correspondents thus so far, this is a serious concern to me: - "the victim" and any others it may affect, indirectly. Nothing was being done by the council I told them I got CCTV of what was going on but they never asked to see it, in the one and only meeting I got with them, they did not even ask to see all the evidence that I have, I offered more than once in the meeting to show them, the lady did not even write anything down throughout, I said to her that Debbie even attacked me outside the flat all of this got told to the council.

2

A Subject access request got made

To the Local council Enfield: --

A Subject access request got made to the Local council Enfield, so chasing answers, I re-submitted a subject access request in to the local council again, so that I could find out more information as to what was truly, being addressed by them and why and also what was being done about it.

In the request that I sent I asked for some of: -

Any information, as to any complaints made by my neighbours or any other person about me or my personal visiting guests, in any of the times, that they been and visited me, this was to get answers for the time period, of Enfield Council being my Landlords; this was to include any anti-social complaints.

The reply that I received back, that was in acceptance off my Subject access request and was an answer of no there has been no complaints that got made to them, regarding myself or any of my other visiting guest, this got agreed for the time of the first eleven years, which I had lived in my home.

Assaulted with battery and negligence: --

Every day I get assaulted with battery and negligence towards my human right Article 2 the right to life and article 13 the right to a private family life this continues with article 5 the right to freedom and security alongside most of my other human rights that have gotten breached now towards me I can feel the damage that Stain, Debra and the Mathiyalagan Markandu do to me, by banging on the floor and walls inclusive of slamming on and off when abusing the water tap on and off at a compulsive fast rate, they bang so hard and, compulsively, that it causes all the other fixtures in the building to come loose and so that every other close by person within a half mile radius can hear them assaulting me. I believe is easy for others to see that this is having a negative effect on me, I had done nothing wrong to them all and because the two flats above my flats, main water feed runs through my flat, I cannot get away from hearing them while they assault me with tortures acts and endanger my life, while I try to stay strong. Stain, Debra and the Mathiyalagan Markandu's kept doing the things that I mention about so that other person's children might come into the block and try to also victimise me, while they cause me mental sufferings. On this day this got left to happen to me, by the police and local council once I contacted them about my safety concerns.

2

I Received a Phone Call: --

Also, on this day I received a phone call of my new living partner and got asked to attend her mothers and fathers' home as her mother and father had fallen ill, I attended and done my best for them all and because of this event her father and mother ended up ill in the hospital. I picked my new living partner up from the other side of London from her own house, and we soon both arrived at the hospital. At the time I felt it was best to give them all some additional space for myself, as of what had happened in the accident. I always missed my new living partner and ended up going to meet her in my car whenever I could. If I could I would drive outside of her home and visit her, regularly, with her consent. At times, we would go out together and afterwards maybe end up driving around for hours; we basically, enjoyed each other's company.

The reason that we never went back to my own flat, like we done prior, was partly because of what members of my neighbours had already done to me: their attack on me that is to explain, since I entrusted in stain and them.

3

One off the times;

That I enjoyed: --

One off the times, that I enjoyed with my new living partner was when we ended up going for a late-night driving lessons together for her, so she could learn how to drive. We did this around Alexandra Palace, so I bought her a bottle of drink and the rest seemed to happen, instant, however and evidently, she drove on her own, by the end of the night. Sadly, we both slowly, faded away from each other after this, as of the problems occurring in our lives.

I received a phone call from the Clinic:

Evergreen!

At the same time, I had already been to the clinic and requested to have my blood test taken, when I received a phone call of the clinic of a woman a few weeks later about my results, she explained to me, that I tested positive in my results for HSV1, when on the phone to the woman I asked her the line of questioning such as: can I still have a healthy sex life, she told me no and that I from now on should not kiss another person or have sexual intercourse. When asked why she continued by saying: - as fluid could come out of any contraception that may get used and it could get passed on to any other partner, being told this information I got left feeling heart broken, I remember putting the phone down and wishing that I was not alive anymore with the thought of it being possible that I hurt a woman and being a man. I left my mother's after this and then travelled home; without talking to her about the phone call or problem yet. After I had received the phone call, I ended up looking to Google for answers and being left even more confused, I read articles about other people who gotten diagnosed with the same problem and wanted out of their life's. A few months later, I was to realise that when I was on the phone to the colimitation I never got asked to attend the clinic for any advice or contraception, leaving me searching for my own answers and understanding of what was taking place. I remember

arriving at my mother's house because of members of my neighbour's cruel treatment and I further contemplate on the fact that I had to walk rather than drive, the reason for this was because I had been placed on nine times the amount of driving bans, this was at no fault of my own, totalling to 46 driver points, there is more about what happened to them occasion later on in this book. On arriving at my mother home, I went upstairs one day and I remember this day to be on a Sunday evening. I was still upset as if in I was down in the dumps, so I went up stair to speak to my mother and sat down at the bottom of her bed. In talking to her I shared my problems with her and explained the problems I was facing, during our conversation I remember feeling like a little child the reason being for this was due to not sitting at the bottom of my mother's bed talking about troubled problems of mine since I was the youngest child for many years prior to this date. During the talk with my mother, she asked me what happened when I got called back in to evergreen clinic after the phone call, I had received from them, that was in reference towards my test results. I explained to her that I did not get called back and this is why I never understood the situation that I was in. She got surprised to understand that I never got called back into their offices and spoken to and was for surely, flabbergasted to understand that I never got given any further guidance or contraception.

CRHT:

Mother, Lorraine: [REDACTED]

Father, Ben: [REDACTED]

We spoke initially with mother on phone. She reiterated that Simon has suffered years of harassment by the police for past offences. Not all true. She has spoken with him today and he has been extremely angry with her and the father. We stated to mother that we will be tactful and say only that the family were concerned.

We attended the flat around 17.30. There were police outside. They had been attempting to enter as they had received complaints from neighbours due to Simon screaming out in distress.

We spoke with the officers and explained that we were from the mental health services. They stated that they had not properly spoken with him and observed him to be holding a small gas cannister, possibly sniffing nitrous oxide for recreational purposes.

We all jointly spoke with his mother and she requested that CRHT do not attempt to see him following this as it will antagonise the situation.

19.30: Spoke with Lorraine. She stated that a friend is currently with him and he is calmer. The coincidental timing of the police attending has caused him to blame Lorraine for calling police. He is convinced that she is also conspiring against her. he has stated to her that he is feeling persecuted, he is paranoid and suffering ideas of reference from the TV constantly.

Lorraine explained that he has had an ASBO put on him due to being aggressive when in court, he has been bailed to his own address c/o a burglary accusation in June **2014**.

Lorraine spoke of her own mother who has been treated for BPAD and was prescribed clozaril with good effect. Mother is now deceased c/o cancer complications.

Lorraine states that Simon has suffered sexual abuse as part of a paedophile ring when younger. This is the source of his anger and subsequent treatment under CAMHS. He has refused to talk about it for years and has declined any therapy / counselling for this so far.

Lorraine states that she does not want him to be asked about any sexual abuse.

I informed mother of the remit of HTT and that he may be potentially prescribed an antipsychotic for his emerging paranoid psychosis. She reiterates that he will most likely refuse all medicine interventions. He has been prescribed medicine for Crohn's disease. He does not take.

We have mutually agreed to plan:

- CRHT to call mother tomorrow am to negotiate another visit to assess

The Medical home treatment team came to set me up and get me because of Ozzie: - Clinic!

With the whole understanding, my mother suggested that I rearrange a meeting at the clinic and attended with my issues of concerns being raised, so I arranged the appointment for the following morning. When I attended the clinic for the second time I once again had to wait for what was a long time to get seen, when a acclimatizing asked me to follow her into a room, by me doing what she requested we took a seat in the room and spoke, while discussing the issues that I was trying to solve, so to be sure of the full understanding of a true and whole picture of what was going on in my life, I took a look into the folder the culmination had in her position on her desk top table, this folder related to my medical notes, on doing this and taking the best glance possible of the paperwork, I noticed the test result said it subjected that I may be a carrier of the blood, so showed my upset and requested an official company headed letter to get made to my person so for it to state this new information of relevance and also request that of a formal apologise, the clinicians agreed for this to get completed and I left their premises to go back home.

The Medical home treatment team came to set me up and get me because of Ozzie: - Update: 19/11/2014

Not being able to bear the sound problems with my flat anymore; I thought what gets done to me, is; "wrong." This was when I was to realise how inadequate the sound proofing in my flat really, was. Because Ozzie had wanted his friend to live with him, he kept pretence that he could not hear me and my first partner over the first five years. I was to find out how much this was a lie. I was angry with Ozzie because he caused a lot of unneeded stress on my relationship, for so many years prior and he kept breaking promises to fix the problem. So, when the police arrested me in the burglary case and I got put on the bail conditions I had gone to Ozzie house and spoke to him, I took a seat in his flat with him, so to sort out the problems in mine and my partner's life's, I did this so to address Ozzie with the issue. I explained myself in full and how this was having an effect on us. After coming home, I had been upset due to what had got explained to me, by my new partner at that point in time. What I was to find out later was that Ozzie had been listening through the walls of my upset. I still to date cannot believe what he has done to me, and my loved ones, he had made an emergency 999 phone call to the police about overhearing me in my own home and then the police called the doctors to arrive for the first time in my life and this was not be the only time the doctors would visit me. Allegations state that I became paranoid about my mother to whom I and my mother disputed, the home treatment team attended my home address on this date and made a call to my mother. When the home treatment team turned up to my flat the police was already there, the Home treatment team phoned and spoke to my mother asking her, if she understood why the police was there, which she replied to them no, she also explained to the Home treatment team that the police kept coming into my flat for no reason. The Home

treatment team then talked to the police and left my mother on hold. My mother heard what got said by the police to the Home treatment team as too why they were at my address again. The police said they got a phone call: stating that I was shouting, they gave the Home treatment team 3 different door numbers to my entrance door, which were all wrong. Not one person admitted that they understood who made the 999 calls to the police. The Home treatment team told the police to leave. On this day I was fine until the police turned up at my flat once again. I was not shouting or upset, so do not really, believe someone called the police, worried about me or if they did, they were setting me up. Due to how the police are with me, I got upset and would not open the door, so I sometimes shout to the police in these situations, through the door, as I feel safer, the police do not leave me alone, so why would I open my door when I am on my own, I always feel safer waiting until someone I have contacted gets to my flat, so they can see what is going on. Home treatment team told my mother I seemed to upset for them to talk to and she told them it was no wonder the police are going to his flat all the time when he has done nothing wrong.

T/C was made to Simon's mother this morning to inform her that we were planning to come and Ax Simon this morning. She informed me that Simon remains very paranoid, guarded and abusive to individuals. Currently she said his father is with him.

Having arrived at Simons property I called Simons father on the phone. I asked him whether we could Axe Simon. He said at present was not good, we would aggravate Simon further. I tried to ask him how Simon has been however he was reluctant to answer fearing Simon may know who he is talking too.

Simon was heard shouting in the background. 'who the fuck is you talking to? what do they want? Get the fuck out of my house et out I don't want anything. 'Simon continued to shout abuse at his father. He was heard to have been very paranoid and abusive. Simon's father then said we would not come back and that we should leave Simon alone. He was heard trying to calm Simon down in the background.

We were unbale to Ax Simon. Given the risks posed by Simon and the concerns from his family and neighbour, Simon is not willing to engage with the HTT or be Ax. I feel that this needs to be discussed with the team consultant for possible MHAA??

PLAN

Discuss with team consultant for possible MHAA??

If Simon is to have a MHAA then a warrant will be required as Simon has an extensive forensic history an also at present will not allow anyone to see him.

Dear Rachel and Martin

I am writing this email as I said on the phone the other day to you there is big problems with Simon Licence due to KGM I do not have counterpart issue 21 Simon lost it ages ago. Due to KGM and all the times Simon vehicles was sized due to then showing as not insured Simon cannot even drive as his licence has been revoked for no insurance. Which as you are aware, he was in fact insured. As I said, no summons came for 2 of the seizer so we did not know about them going to court and they found him guilty of no insurance when in fact he was insured the reason we found out was DVLA wrote to us asking for Simon Licence to be sent to them to add the points, these 2 cases I am asking the court to set them aside, and reopen the cases in the email to the court I have sent a copy of Simon insurance. But the 2 courts are taking their time about it to do anything or set a new date. We got one summons out of the 3 cases that I am trying to deal with and sent that off saying not guilty I done this by email also and sent a copy of insurance but this is the case where the police officer spoke to KGM and Martin to which both said he was in fact insured then the police officer said Simon had tools in his van which he did not and KGM was going to void his insurance due to this Martin is well aware of this one and so is Kelly Tiller at KGM I have asked both KGM doe data about this and also Martin to write an email about this but none has done this as I have had not repose to what I asked. There is also the fact no letter come from the court with a date this was going to be heard, this case is listed to be heard at court on the

26/11/2014

Therefore, as you can see due to KGM and Simon insurance not showing on the MID database this has had a huge impact on Simon if I could apply for a new Licence I would but due to it being revoked I cannot get this. Therefore, the counterpart you need cannot be dealt with until all of this goes to court and is sorted and this is no fault of Simon's. Simon licence at this time due to the no insurance will have points on it due to the no insurance this is a mess due to what KGM done with Simon insurance, I have kept asking for things to send the court but have had nothing, so ATM Simon has insurance and cannot even drive. Which in itself is totally wrong. I am also at this time writing a letter to the insurance ombudsman as it has gone too far Simon losing his licence when in fact he did have insurance and it did not matter how many times we called Martin and KGM the MID database was not corrected, until the compound noticed what was wrong and then we forwarded this information over to Martin and KGM, at this point KGM did in fact sort his car out on the database but not his van this did not happen for some months after due to us keeping on about it to KGM. And it was all due to a space being placed in the database within the reg of the vehicles. Simon ATN is out of packet by a lot of money due to the sizers and also due to paying for insurance that he cannot even use now due to this mess which is not right. I do not know how this is going to be dealt with as I cannot send you the document you are asking for Broadsure knows my son has a licence as Simon has been using Broadsure for the past 3 or 4 years can you please get back to me about this matter as you said you would talk to Martin after our last call and I have heard nothing.

Approved Mental Health Professional Service On going Progress

T/c to Lorraine Cordell) mother on 0208 245 7454, Lorraine said that Simon has been set up by the police. He was accused of burglary in June 2014 but the court throw the case out due to lack of evidence. She also alleged that Simon is being harassed by the police; monitor his flat on a daily basis. The police often stop and search him and believe that he is being targeted. She described him as a good person who recently stopped a youth centre from closing in Enfield.

Lorraine is concerned about Simona€™s chromes a € “stopped medication and is low in vitamin D. Four weeks ago, he was admitted to North Middlesex Hospital. She said that the police have him on there at risk register for suicide. Simon has been put on an ASBO due to nuisance (was unable to elaborate on this) Lorraine said that Simon called her in the night and talks about the police harassment. She thinks he needs treatment but would be unwilling to accept it. She stated that Simon called his father and apologies for his behaviour yesterday towards him and HTT. Lorraine said that his father Ben is the oldest therefore he is the nearest relative within the meaning of the mental health act (1983/2007). However, Lorraine said that she provides significant and substantial support and sees or has contact with Simon on a daily basis.

Lorraine then received a call from Simona€™s best friend who advised her that Simon was coming to see her. Due to this I ended the call as Simon was outside and said that I would call back later.

T/c to Ben (father) on 07415 388 734 no reply or message facility

T/c to Ben and discussed the nearest relative. Ben said he is the oldest parent but Simona€™smother Lorraine provides significant and substantial support and has contact with him on a daily basis. Ben said that Simon is very depressed after experiencing the loss of his grandmother; brake up with his girlfriend, being placed on an ASBO and being harassed by the police. Ben took three days off work to stay with Simon and yesterday he seemed a lot calmer. However, he continues state that he does not want other people such as HTT to be involved. I explained that HTT have requested that Simon be assessed under the Mental Health Act. Ben said that it might make Simon worst, so would talk to Lorraine and assesses the situation. I agreed to contact Lorraine and gain her views.

T/c to Lorrain, Simon was present so she was unable to talk but replied yes or no to my questions. She agreed that he was a little calmer and that she would not want the police to be

involved. I asked Lorraine to talk to Simon about seeing the HTT again as this would be the least restricted alternative to hospital. Lorraine said she felt he would be ok over the weekend and I advised her to contact the police if she felt threatened or take him to North Middlesex Hospital A&E.

Plan

I will contact Lorraine on Monday and review the situation.

To Whom It May Concern:

I am writing this email due to a letter from the court that my son Simon Cordell DOB 26/01/2014 had a case on the

06/11/2014

in Bromley Magistrates Court It says on the letter it was for a case of no insurance the case number is 011402647845. The problem is we did not know he was due to come to court on this date we have had no summons and my son is insured he always has insurance and would not drive without it. There has been a number of issues with his insurance and this is due to it not showing up on the MID database. There has been a number of Seizers to his vehicles for no insurance when he was in fact insured. Could you please send me details of what date this offence of no insurance happened? This way I can send the correct insurance policy by email. and can work forward to clearing this matter up.

Time: All-Day and All-Night whenever they knew that I was indoors!

To explain that I get left Embarrassed because of their actions towards me is an understatement!!

The Enfield Homes and the Enfield Council staff aloud the tenants of 117 and 113 and 111 Continued to victimizing me by Loud and truculent banging in the bathroom got worse and this got achieved by slamming objects on to the floor with evil intent of malefactor actions! Then victimizing me with intent of using the same repeated items of the building fixtures to have tortures effects on me within my rented home is unfair living circumstances! Jumping up and down on the floor above where ever they can tell that I am present below! Slamming the main, communal ingress door closed! Slamming their own living room, door closed! Slamming their own bedroom, door closed! Banging with objects onto the internal main buildings walls and floors, so to intimidate surely me and maybe others living close by whom may be present to an extent only worthwhile for the perpetrators selfless glory, In them perpetrators knowing that their behaviour would only leave all those getting victimized towards getting left by their wrongful actions as to being put into a state of a mental health patient and not rightfully with this occurring within mine and their rented or paid for homes!

Summary!

I understand the failures towards my life that get committed by some of the Enfield's Councils staff's reckless behaviour within the complaints departments, who do not fix the disrepair issues that I do suffer with unfairly in the situation but I can do nothing over than document it all down and keep persistent in the circumstances!

Going to my Mothers

Because the Police Set me and my Friend Up!

When sitting down at home alone I wonder; who told the coppers and them involved pacific members of neighbours, that it was OK to try to kill me, I had found my person getting locked in my own home like a prisoner oh how the average normal days slowed down that went past, and turned bad, this is the day that I ended up at my mother's :-I had been at my own home at first with a good friend all day when at around the time of eleven o'clock I received a phone call on my personal mobile phone, this was to my surprise as I had just brought a new phone-smart chip card and I had yet had the chance to supply the telephone number to any other person, when asking the person who they were while on the phone they replied "police," they explained to me, that they had been a couple off police officer's earlier in the day whom had been outside of my home address and together they had been trying to gain entry and to do this they needed the entry code. When asked why they continue to explain: — so that they could speak to me. I asked the reason for their visit and this never got explained to me, so that got clearly explained to me, to understand, so instead I gave the right entry code minus the last correct digit, I pacifically recollect asking repeatedly, for the person on the phone to give me their badge number and I got refused, so in completing our conversation we said bye to each other and it came to an end. On consultation with my friend to what had just happened on the phone, we both walked towards my mother's home and got done as for our own belief in our safety. Before walking towards my mother's home, we phoned the emergency services, so to ask if there was any record on the police computers, what would have been of a police officer that had made the phone call, which I had received. The reply given by the police civilian's while on the phone was a simple, blunt answer of, "No. The next decision me and my friend made was to make another phone call, this was to call my mother, so for all to explain the version of events to each other regarding what had happened and also in doing so to make sure that we had highlighted our concerns of our own safety to her, while still on the phone we all together made the agreement for me and my friend to make our way to her home. After the phone call had finished me and my friend chose to statically, plan our chosen route and then made our way on foot. By this time both of our resources of available capital had become low, for me this was due to the police restrictions I had gotten placed on the bail conditions that get compiled together with the additional, driving bans had taken the role on me. We started our

mission to get to our location when while on route we were both compromised in our plan for a peace full walk; this got managed by members of the met police force, as we had foreseen may have happened prior, I remember knowing that this was to our own dissatisfaction. This incident got added latter into the on goings of the Anti-Social Behaviour Order. In the full search for the true incident of occurrences that happened on this night: a person will find out that this is what really occurred; On this night we were latter to understand what happened the reason being is:- my mother made a phone call to the police, this was once me and my friend had got off the phone to her, she done this so that she could understand what had truly, happened and why it had, It got explained to her after calling the emergency 999 number from her mobile phone, that police officers attended my home address earlier, the reason that the officer done this got said to have been because they claimed to have received a phone call from myself earlier in the day, to which I dispute as this was not true. The police officers who said that they had come to my house where the officers who latter pulled me over with my friend and were the same officer to then later update an Anti-Social Behaviour Order application with this incident. When we got pulled over on this incident we got stopped, we got searched and after the event, we got let to go free pretty soon after, this problem occurred with the police alongside a roadside and this road was the same as any other road, it had adjoining roads that lead to other destinations, on this occasion roads leading off the road to where we all got pulled over, was towards industrial estates, to which my Anti-Social Behaviour Order conditions will condemn me to prison for, if ever found guilty and would mean up to the time of five years in prison and if this was to happen, then it would also mean, that I would gain a mark on my criminal record, as an Anti-Social Behaviour Order is not a criminal offence on its own, but once found guilty for what it probates, the Anti-Social Behaviour Order conditions of any proven breach become a criminal offence. At present, I do not have a criminal record that I have to declare to any person, as they were minor offences when I was a young man known as "Time Spent." When I and my friend finally, reached into my mother's house we both stayed and sleep there over the night and have something to eat and done so, in the morning my friend left to his own house.

A long time has passed by and I am still being victimised by the already mentioned. Stan and Debra inclusive of the Mathiyalagan family members and they have now breached my human rights on a day to day and night to night basis this is while Stan and Debra are always both drunk and fuelled on alcoholic drinks when they are both together, this tortures behaviour of theirs towards me gets done to an extent off an attempted manslaughter charge that would be in accordance to section 18 of that Act and would also include proof of clear intent for the reasons such as sport "Cruel inhuman treatment is what they force upon me to suffer with. I know this as I rapidly, told them all that are definitely involved in the un human act of torture that I personally, had not gotten in a sense, tricked by their evil banging on the floorboards and walls at me, even with or without foreign objects being used at different times by them, on numerous instances this evil behaviour of theirs contains the use of their feet and hands inclusive of the objects and fixtures they use against me that I did past mentioned about. Together they work in collaboration to maintain a 24-hour assault on myself to get overseen and managed in their wrongful self-gains.

yet again and this had not got done of any wrong doings of my own, they came to my home address with no prior warnings, I found out that their intentions were to do a MHA assessment on my person, even low there clearly found nothing wrong with me in the past, but I still allowed this assessment to take place, so for it to happen to me, and once the doctors finished doing their further checks on me, they all together stated, after they finished testing me out, that I seemed to be acting much calmer than the last time that they attempted to visit my home, after we all spoke to each other I knew that something did not seem official about why they kept doing too me, when the kept attending unannounced at my home and then intimidating me with their mental health acts, I remember closing the door on them as they left and feeling like I could tell that they would be back again.

Summary of assessment

19/11/2014

Enfield CRHT

Page Numbers: 3,4

Summary of assessment

Patient's name Simon Cordell

Date of assessment 25/11/2014

1. Referral details and any other precipitating factors

Mr Cordell was referred to the Enfield CRHT by his mother on 19/11/2014 as she was concerned that he was mentally distressed, paranoid towards her and thinking that the television was talking to him. According to his mother, he has had several incidents with the police recently and they were also worried about his well-being. Mr Cordell's mother was concerned that he was not willing to accept any help from the family. Mr Cordell's father had tried to help him on 19/11/2014 and went to his flat but Mr Cordell had asked his father to leave his house after seen his father talking to professionals from the mental health service (HUB). According to his mother, Mr Cordell had suffered years of harassment from the police due to his past offences. The police had attended the property as Mr Cordell's neighbour had complained that Mr Cordell was screaming in distress. The police

had observed him holding a gas canister, which is usually used for recreation purpose and spoke with the CRHT colleague about his current situation. Mr Cordell's mother had requested the ECRHT colleagues not to see him on that day as she had feared that it might antagonise him. When the ECRHT colleague went to see Mr Cordell on 20/11/2014, they observed him being abusive towards his father and did not want to meet with the CRHT colleagues. Mr Cordell was subsequently referred for a MHA as he had refused to engage with the ECRHT.

2. Relevant social and medical history

Mr Cordell is living in a council flat on his own. He was in a long-term relationship but his girlfriend had broken up with him 2 years ago. He was a victim of a large paedophile gang as a young child and was seen by CAMH and has a history of violent suicide attempts in the past. He has had many incidents from the police since in his late teens. According to his medical records, he was put in a Young Offender's Institution at the age of 16 for repeated driving offences, mainly driving without a license. Mr Cordell has an ASBO put on him due to him being aggressive when he was in the court for burglary in June **2014**. The case at that time was dismissed. He has reported his ASBO is affecting his ability to do anything constructive in his life. He said that has tried to set up a business for providing party entertainment but he has not been able to do anything due to the restrictions of his bail. He was attending a youth centre in Enfield up and fought hard to keep it open with petitions etc.

He is suffering from Crohn's disease and according to his mother, he has not been taking medication for this disease.

3. Record of interview with patient (Include where it was conducted who was present and use of police if required during process)

The interview took place at Mr Cordell's home address. Those attended - M G, AMHP, I A, AMHP trainee, Dr M and Dr A S12 doctor. Mr Cordell put his dog in the back yard. The reason for the visit was explained to Mr Cordell and he was interviewed appropriately. He was very calm throughout the interview. He said he has been stressed with the fact that he had not been able to do anything in his life due to the previous bail conditions. The ASBO is affecting his business opportunities. He said he would like to build up his business and get on with his life but he is not being able to do this. He said he is spending most of the time indoors and occasionally taking his dog for a walk. He said he is working on his computer, trying to fix his website. He stated that he is getting sleep but found it being difficult for few days as he was working on his computer late at night. He denied drinking alcohol

or taking any illicit drugs recently. When asked about the support he would require from the mental health service, he said that he would like to get some advice and move on with his life. He said he has no thought of harming himself or others. He was optimistic that he would go through this difficult situation and recognised that his grandmother's recent death had also contributed to his problems. He has agreed that he would contact the mental health crisis service if he needs help or he would go to the North Middx A&E if he felt bad in the future. He said that he had contacted the crisis service in the past and he knows how to access services.

4. Assessment of risk to patient and/or to others

Mr Cordell had told the mental health professional in March 2014 that he had suicidal thoughts and he had been E-searching the ways to kill himself on YouTube. However, he said today that he is a strong person and he has no intention of harming himself or others. As he has not had any thought of harming himself recently, the risk remains low at present. He said that he knows how to get help if he needs any support in the future and he was given contact information about the ECRHT. Risk of social isolation: He has stopped attending youth centre and not going out as he used to do in the past. He was advised to go out at least for a walk with his dog daily and he has agreed for this plan.

Patient's name Si Simon Cordell

5. Consultation with Nearest Relative and process of identifying the Nearest Relative

Mr Cordell is not married and living on his own. He has no children aged over 18 years of age. His parents are ordinarily residents in the UK. His father is the eldest of the two. However, his mother is providing significant and substantial care for him on daily basis. His father does not see him regularly and or provide any substantial care for him as his mother. Therefore, his mother is the Nearest Relative according to S26 (4) of the MHA. She described a complicated relationship with the police since he was 14 and guilty of driving stolen and other cars without a licence. More recently he has grown up and she still feels he is repeatedly targeted by the police. They often stop him to ask about his welfare and then use this to search him. She denies that he used any street drugs but then admitted he used to do this and

the last assessment had been after he had attended a festival and gave in to peer pressure taking lots of drugs. She claimed he is not using drugs now but then admitted he does use (laughing gas) from time to time

6. Consultation with Assessing Doctors

Both the assessing doctors had agreed that his problems are mostly related to his early history and losses of significant others over the past 2 years. **Dr Moorey** was of the opinion that counselling could make matters worse and that he should be encouraged to continue to work towards his long-term goals. The doctors felt that Mr Cordell is managing his difficult situation well and said that he can call crisis service if he requires support in the future.

7. Views of others consulted

Mr Cordell is reported to saying that he did his best to help but, on the whole, left the caring to Simon's mother his ex-partner who is heavily involved.

8. Mental Capacity Act 2005

Mr Cordell has capacity to decide on his present crisis situation. He has agreed to call the mental health service if he requires support in the future.

9. Reason for the decision to make the Application (including choice of section

It was decided there were no grounds to admit him to hospital as the doctors who attended the Mental Health Act assessment agreed that Mr Cordell is not suffering from a mental disorder that would require a hospital admission either voluntary or compulsory.

Looking more into the;
Anti-Social Behaviour Order!

The more I looked into the Anti-Social Behaviour Order Case files I noticed, that these people that proceeded with the application were not good police officer, they were criminals. I needed to safeguard myself from their actions and after contemplating on what would be the best way forward for me and anyone involved, I called the Metropolitan police 999 call centre again to ask for more advice and security and this is a copy of that conversation that got recorded then transcribed.

Dear Miss S E Leslie

Thank you for the reply to my email, I did in fact speak to someone at the court yesterday Mr Mark Dredge as I explained my son was due in court yesterday on a next matter of no insurance when he was insured. After speaking to that court, they told me to ask the CPS dealing with that case to deal with the other 2 matters of no insurance which my son never got a summons for. Mark Dredge told me the case at Bromley was in fact a date of

20/05/2014

so, I attended court with my son yesterday with my son's insurance papers for that date. I did ask the CPS yesterday to deal with these other 2 matters but she said she could not and I would have to contract the court which I had told her I had already done. 403. Lorraine Cordell _Re_ Simon Cordell Section 9 statement for court

From: Lorraine Cordell

lorraine32@blueyonder.co.uk

Sent: 27 November 2014 16:40

Subject: RE: Simon Cordell Section 9 statement for court

Hi Martin

Definition of an 'admissible witness statement' To be admissible (allowed) in court section 9 of the Criminal Justice Act (CJA) 1967 states for a witness statement to be used as evidence in any criminal proceeding, other than committal proceedings, it must:

- Be a formal written document of a person
- Be a set of facts relating to a certain event, or events
- Be signed by the person who makes it, to confirm that the contents of the document are true, this is known as a statement of truth, and have had a copy served on the other parties before the trial. If all of the above apply, the witness does not always need to attend the trial to give oral evidence. But once they have made a written statement, they may be called on to attend court and give their evidence in person. The jury do not see witness statements so the evidence contained in them will either be read out by counsel or be given orally by the person who has given the statement. When you can produce a witness statement as evidence in court to be admissible in court, evidence must be relevant to a fact which has to be proved, or disproved. Every fact, and document relied upon in court must be proved by admissible evidence. You can produce a witness statement as evidence in court when:
 - The relevant conditions in section 9 of the CJA 1967 are met:
 - This allows the defense to agree to a statement being read at trial where it has been served in advance to them. For more information on the act, see related link.
 - Section 116 or 117 of the CJA 2003 applies:

Welcome to the Metropolitan police introduction: --

Police Officer; Hello this is a police officer, what is your reason for calling, today.

Simon; hello I would like to put a complaint in and I was just wondering if you could help me do this please.

Police Officer; yes, is it a complaint against police.

Simon; yes, that is correct.

Police Officer; yes, I can take the complaint.

Simon; I would like to; can you forward an **email to** Jane Johnson please.

Police Officer; Jane Johnson;

Simon; yes, superintendent for Edmonton police station the commissioner.

Police Officer; let me just have a look, just one second.

Police Officer; Jane Johnson yep chief superintendent;

Simon; yes, that is correct.

Police Officer; yes, that is ok, is this complaint that has already got made or is it that you need to make a first one.

Simon; this is just a fresh **email to** herself it is more of a request than a complaint at the present time, but it may turn into an official complaint depending on how she disciplines her officers that she represents.

Police Officer; OK

Police Officer; and that is too Jane Johnson ok go ahead with the continence and I will get the email sent to you.

Simon; my name is a Mr Simon Paul Cordell.

Police Officer; Paul Cordell;

Police Officer; Cordell;

Simon; yes, that is correct madam.

Simon; and.

Police Officer; and your contact number 0208-245.

Simon; yes, that is correct.

Police Officer; right go ahead.

Simon; and the issue is of concern that I have her signature at the bottom of an Asbo Order a standalone Asbo Order and there has been a lot of corruption represented in side of it, that she has instructed, a Steve Elsmore too complete an application for an Anti-Social Behaviour Order for the organisation of illegal raves and in that application there is lots of police corruption and foul play where the evidence has gotten manufactured, now I am asking her to oversee her officers that she has instructed to make such an application and then to check the time stamps relating to the Cad's and to check the Urn numbers that run consecutively, over an annual year period when they should not, I am asking her to oversee this and to inform me of my case being manufactured and for this it will get dropped or I am calling her, herself to the court as a witness and I will investigate myself against her also for her actions and decisions.

Police Officer; OK

Simon; to what is allowed to happen, she is basically, the boss of all the police and she is charge of Steve Elsmore, she has told Steve Elsmore to make the application and either she told Steve Elsmore to manufacture the application in such a way and or to falsify information contained within it or she does not know that Steve Elsmore has done that and I would like her to know that Stave has done that and I would like her to decide to whether she is going to suspended him right now and give the case to somebody else to handle or what she will do and I would like her to contact me back at Re_wired@ymail.com as soon as practically, possible.

Simon; I know I was going fast, but did you manage to get the full gist of what I am explaining to you madam.

Police Officer; yes, I got the jest I made the points for you.

Simon; so, she will contact me back at Re_wired@ymail.com as soon as practically, possible regarding how she will represent this case, because at the present time I am being held captive within my own home because she is not doing her job, correct.

Simon; I have handed in an Article six twice now sine this case started at the courts with a complete copy, if she would like to get a copy of the court case she can and contained within this is a copy of the Article six with all the drafted corruption inside it and also I have handed in three complaints, three official complaints that get now issued on the police Pnc computer this will also show this information.

Police Officer; OK

Simon; and if she would like to hold a meeting with me and I would be happy to come to the police station and show her the evidence I have

Simon; either she is a part of the corruption or she is separate from the corruption and for her to be separate she must do her job correctly, and this must mean that I am not being held captive in my own home

Police Officer; OK

Simon; to law's that do not even exist.

Police Officer; right; OK, then

Police Officer; what I will do for you right now Simon is getting this email sent over to her right now, please can you just confirm your email address again Re_wired@ymail.com

Simon; thank you.

Police Officer; ok good buy.

Simon; you have a good day

Stain and the rest doing his and their best to scare me: --

Stain continued to play with his front door locks so to intimate me on a regular daily basis, I knew this not to be his normal actions due to me, leaving besides him for so long. I could hear the locks being turned and locked so to warn me of the needed securing towards my own premises due to their misplaced behaviour towards me, so I got a security gate in my back garden from my last prior council flat laying down on the floor, it got placed there for about ten years prior since I moved into this home of mine and got left as dormant. The council was not protecting me neither was the MPs when informed of what I was being subjected towards by others, against my free will. I invested in a welder, of my own and did this so to put the gate up and in place, to secure my premises, as I always left my front door pretty insecure because; I trusted in stain and other residents on my living estate, but this trust got broken into peace by them mentioned neighbours, as I used to feel secure in my home before they started their tortious acts.

Going to the shop and seeing Debra; --

Shortly, after this day, I had gone to my local shops, when walking into the shop I looked at the display chillier, which holds the alcoholic drinks in it. On looking at this feature, I noticed Debra picking up a large bottle of cider I knew this to be so that she could get ready to pay for it. I also was sure that she would then come home and get drunk and start with me and also understood that she would do this while she was attacking me, I understood this would happen to me, because it was a normal, daily, routine, of my life, by this stage. While still in the shop, I decided not to let her know that I was there and watched her for a minute or so, this got completed for me not to get noticed, I had to slip up the other side of the ale that was in the shop. On doing this, I pick up what I came for in the start. Then I hurried and in one quick, swift movement, I had successfully completed my goal so far, I then sneaked back down the other ale to where I first seen her standing, once she had moved. Then from myself being in the right position, to where she had originally, been standing, I could now see here paying at the till. I felt my heart beating out of my chest. More than ever right there and then I wanted to understand why she had been treating me the way in which, she had been doing, with the others. I also wanted to find out what I done wrong to her, for it all to have started in the first place.

Catching up with Debra after seeing her in the Local shop; --

I do not believe in people bleaching the colour of their skin, just to get let into society by others as they seem to want to make many people feel. If I knew this, I might have been able to stop it from happening to me; I wanted to know these things, so that I could consider the circumstances of what she was doing to me, all over the nice different valuable good things that I done for her, in the past. It was simple: I wanted for her to reply about what I had done wrong to her and now this was my first opportunity to talk to her outside of the block of flats since it had all taken place against me. I waited and not approach her as I knew this would be the best action to take, I have done this, and she still did not know that I was in the shop, as soon as she left, I quickly, paid for what I wanted and then hurried to the front door, I looked to the right as I knew this to be how she would walk back home to our block of flats, but I had not anticipated seeing her with friend's, like she was then, so I had to re contemplate on my method of approach and hurried towards her and her associates. Seconds passed by and I was behind them both, I had to keep my footsteps quiet, within the last two feet I found myself:

— saying in a reasonably, loud voice, why are you doing this to me. I noticed them jump towards me it was a surprise to them, as too me, this was a woman that I had known for years and even picked up from the roadside in the rain in my vehicle to take back home safe on other accountable days in the past, who I was now talking to about assaulting me. She never explained and she seemed to make a screaming sound for around two seconds, so I felt remorse for her and walked away. When I got home, I kept absolutely, quiet as I could hear her deliberate loud footsteps and her banging get louder and louder while she got drunk, nothing had changed the banging continued and I was right about her intentions on this day, as she had started again. In being Free, for the eight week's that I was free after the burglary case had finished, I had met my new second living partner, as explained and had our own so-called problems and I was continuing with the exceptional work, that I had been creating, right until the moment off noticing members of the government officials were creating a true concern towards my well-being and now this is the beginning of the Anti-Social Behaviour proceedings.

2

Emails got sent to my Insurance Broker: --

On the 30/11/2014, Emails got sent to my Insurance Broker, who are Broadsure Direct and KGM who were my insurance underwriters the reason to why I contact them both is because KGM had not dealt with my subject access requests under the data protection Act 1998. I wanted to sort out about being found guilty and I understood that KGM held the tapes from the roadside with the police officer talking to them and I had to wait for the reply.

RE: Council Tax 55508596

I am writing this letter due to you saying I owe council tax for

2013/2014

And

2014/2015

I believe this is due to the new changes that came into force on

April 2013

I believe a mistake has been made and I do not feel I come under the team for the 19.5% council tax that came into force in

April 2013

The reason I believe this is due to I feel I am exempted from this payment the reason why is I am on support rate of sickness benefit and have been for many years due to ill health. I feel the issue has not been seen by the council due to the reason I will write below.

- I am still on the old payment method I get Incapacity Benefit but due to not paying enough contributions I get income support; this was a life time award.
- When the new DWP system came into force, which is now called ESA. The problem I have is under the new ESA system I will be classed as in the support group for my illnesses.
- There are still many people that are on the old system of Incapacity Benefit but due to not paying enough contributions get income support, And the DWP changing the deadline for moving everyone over to the new system has meant these people are not getting the right council tax award.
- These people have not yet been moved over to the new system and this is at no fault of their own, this is down to how long the DWP are taking to move every one of the old systems onto the new one.
- I would ask you to look into this issue and address it and until then any action that has been taken against me be put on hold until this matter is addressed. As I have had a letter from Equita saying I owe a lot of money which I would never be able to afford to pay and that they are coming to my home, this is making my health worse.

1194,

I do have reading and writing issue and over the past year have had more problems within my life that has made my health even worse and a breakdown with the people that help me. This has just been resolved and I am getting help with writing this letter to yourselves to address the payment you say that I owe.

- Can you please get back to me as soon as possible about the above issue as all this money that you say I owe is making my health worse and I cannot take no more I just need to try and get all the matters that have build-up of the last years addressed.

Yours sincerely

Mr Simon Cordell

RE: Council Rent: 497630

I am writing this letter due to I owe some rent to you, and I would like to try and get this addressed. I believe I owe something around £260.00, and that my weekly payment should be £06.01 As you will be aware, I am on housing benefit due to illness and have been for some time I get Incapacity Benefit but due to not paying enough contributions get income support, I am still on the old system as the DWP has not moved me over yet to their new system ESA as of yet. I do have reading and writing issue, which you are aware of and need help with dealing with these issues over the past year I have had more problems within my life due to a breakdown with the people that help me. Therefore, issues have not been dealt with in the manner they should have as I did not have the support to address these issues. This has just been resolved and I am getting help with writing this letter to you to address the payment I owe to my rent payment. I am asking you to deal with this issue if it can be by way of you applying to the DWP to take the £06.01 a week out of my benefits along with the minimum payment to pay back the money I owe you for my rent. Could you please get back to me as soon as possible to explain what can be done about this issue and how it will be addressed.

Yours sincerely

Hi Martin

Thank you for getting back to me about this matter, and for you contacting KGM and getting this addressed, please see the below information that will be needed. We will also still need the section 9 witness statement from you. The below section is what will be needed from KGM.

Section 9 witness statement

From: Jessica about the call that she took, from the police officer who called KGM after Simon Cordell was stopped on the

14/11/2013

This statement will include what was said on the phone call by the police officer and what Jessica said to the police officer this would also include what sort of tools the police officer said there was in the van. Any other information as to the date of the

14/11/2013

and after this date as to any dealing Jessica had with the stop on the

14/11/2013.

Copy of all phone recordings between the police officer, and Jessica on the date of

14/11/2013.

All phone recordings of any calls that were made, to KGM from Simon Cordell or Lorraine Cordell to try to stop his insurance policy being cancelled and to address the stop that was made on the

14/11/2013.

The phone recording of when Kelly Tiller had asked Simon Cordell to go to the police compound, and get someone from the compound to call Kelly Tiller about the list of tools that was meant to have been in the van when the police stopped Mr |Simon Cordell on the

14/11/2013

I believe Simon Cordell went to the police compound on the

26/11/2013

and this is where the manager of the compound and Simon Cordell spoke to called Kelly Tiller and confirmed there was in fact no tools in the van. Copies of all emails that were sent from KGM to Broadsure and Broadsure to KGM with regard to the police stop of Simon Cordell on the

14/11/2013

This would include all emails of dates after the

14/11/2014

when Simon Cordell was trying to stop his insurance policy from being cancelled and was trying to address this matter of what the police had said about there being tools in his Van which was why the insurance policy was going to be cancelled. Section 9 witness statement from Kelly Tiller as to any dealing she had with the police stop on Simon Cordell on the

14/11/2013

This would include all dealing with Broadsure about this matter and any calls that was made to her by Simon Cordell and Lorraine Cordell, and any calls Kelly Tiller made about this matter about the cancellation of the policy and the stop by the police on the

14/11/2014

until this issue was addressed. This would also include all details of the call that was made by the police compound to Kelly Tiller on the

26/11/2013

to prove there were no tools in the van. Which in turn stopped the cancellation of the insurance policy as I believe the reason for the cancellation was due to Kelly Tiller saying he had voided his insurance due to there being tools in the van. Full details as to why the insurance policy was going to be cancelled and what Mr Simon Cordell was meant to have done wrong which would have in fact made his insurance policy void. Full details as to why in the end the insurance policy was not cancelled and the reasons for not

1199,

cancelling which was due to Mr Simon Cordell going to the police compound and the police compound confirming to Kelly Tiller over the phone there was in fact no tools in the van. The reason why until

Jan 2014

that Mr Simon Cordell's insurance did not show up on the MID database. Confirmation Simon Cordell did have insurance to drive on the

14/11/2014

and did not void his insurance in any way. Why Kelly Tiller did not deal with all the data protection requests that had been submitted to KGM, under the data protection act 1998 subject access request, as if this had been done Simon Cordell would not be in the court system for this case.

Dear Lorraine,

Thank you for your email as it appears that your attempt to deal with the prosecution in one go was not a success. This will mean that your Son will have to complete a Statutory Declaration at Bromley Magistrates Court. I would suggest that you either ring the court or email to confirm when your son heard about the case. Often this easiest dealt with over the phone and we can book your son in a Statutory Declaration in one of Bromley's Traffic Courts.

Kind Regards

Mark Dredge

Dear Miss S E Leslie

Thank you for the reply to my email, I did in fact speak to someone at the court yesterday Mr Mark Dredge as I explained my son was due in court yesterday on a next matter of no insurance when he was insured. After speaking to that court, they told me to ask the CPS dealing with that case to deal with the other 2 matters of no insurance which my son never got a summons for. Mark Dredge told me the case at Bromley was in fact a date of 20/05/2014 so I attended court with my son yesterday with my son's insurance papers for that date. I did ask the CPS yesterday to deal with these other 2 matters but she said she could not and I would have to contract the court which I had told her I had already done. Please see attached file of my son's insurance. You can contact me on 07961 833021.

Regards

To Whom It May Concern:

I am writing this email due to a letter from the court that my son Simon Cordell DOB 26/01/2014 had a case on the 06/11/2014 in Bromley Magistrates Court It says on the letter it was for a case of no insurance the case number is 011402647845 The problem is we did not know he was due to come to court on this date we have had no summons and my son is insured he always has insurance and would not drive without it. There has been a number of issues with his insurance and this is due to it not showing up on the MID database. There has been a number of Seizers to his vehicles for no insurance when he was in fact insured. Could you please send me details of what date this offence of no insurance happened? This way I can send the correct insurance policy by email. and can work forward to clearing this matter up.

Regards

Lorraine Cordell
