2 Driving: To Complaints Lloyds / Broadsure Direct / KGM / **Time** 11:31 – "I am writing due to the complaint I put in. I have forwarded emails to Broadsure Direct and spoken to Broadsure Direct who took the policy of insurance out policy no: MT3574694 I have been asking for information from KGM since 2013 and have heard nothing back. When the policy was taken out there was some reason it did not show up on the MID database Broadsure Direct and KGM was aware of this. Due to this fact I had my vehicles were sized a number of times I believe 8 or 9 times in all, where I had to pay the costs to get my vehicles out the compound each time. In the week when I was pulled by police it was not so bad as the insurance company was opened so when I showed the police my policy, they could call the insurance company. The seizers happened mostly at the weekend mostly due to the insurance company being closed and the police could not talk to anyone even when I had my policy on me at all times to prove I did in fact have insurance. I made many calls to the police,

Broadsure Direct, KGM and the people who run the MID database, but the issue did not go away and my vehicles still did not show up on the MID database. There was also a time in Nov 2013 when my van was sized this was due to KGM telling the police I was not insured due to the police telling KGM that I had tools in my van. Which was a lie by the police as I did not have anything in my van. Kelly Tiller from the trade section was dealing with this and a few days later I got a letter from KGM saying they was going to cancel my policy. As you can understand I was very upset over this as I had done nothing wrong. At these times lots of calls was both made to KMG and Broadsure to stop the cancelation of my insurance policy, I spoke to Kelly Tiller many times, but she believed the police and I had no say in the matter. The police were off duty so I could not speak to them and Kelly Tiller was saying unless I could prove I did not have any tools in my van then the insurance policy would be cancelled which was very unfair as I had done nothing wrong, I knew I never had any tools. But I also asked Kelly Tiller did the police tell her what tools was meant to be in my van, to which she said no. KGM was not even aware I had mechanics trade on my policy so if my mechanics tools had been in my van at the time my insurance would still have been cancelled which to me what was the point in having insurance? I then spoke to a wonderful operator at the police when I called told her what had gone on and was told by her to go to the police compound as when any vehicles are taken there, they have to do a full list of items that are in the vehicles as they are in fact legible if something goes missing. Over that weekend I sent emails to the compound and forwarded them to Broadsure as my insurance was due to be cancelled on the Monday. On Monday I got an email from Broadsure direct asking me to go to the compound as Kelly Tiller had no luck getting a reply from them also, and once there to call Kelly Tiller due to the time on the Monday I got the email it would have been too late to go the compound and get a call to Kelly Tiller as she would have ended work for that day so I sent an email saying I would be going there early the next morning. I went the next day and asked to speak to the manager of the compound who in fact looked up my van and said nothing was in there, there was not tools I called Kelly Tiller and the manager of the compound spoke to her and confirmed there was nothing in the van when it was taken there by police and that I had put thing in the van when I had taken it out of the compound. At this point Kelly tiller believed me and said the policy would not be cancelled. But on my way back from the compound driving my phone ring and I stopped to pick it up and it was Broadsure direct saying my policy had in fact been cancelled I was very upset at this and told them what had happened, I was asked to hold on they was called KGM back and would call me right back. I waited till Broadsure direct called me back and confirmed my insurance policy had not been cancelled then drove home. From this point I have been asking for all information and putting data protection acts in which have not been dealt with and I have heard nothing from KGM. I have been back and forward to court due to no insurance and in fact 4 cases I did not get any summons so was in fact found guilty as I did not know it was even going to court. I have had points put on my driving license for no reason and had to go back and forward to court many times when this should not have been the case. Then the case come up for the seizer when the police said I had tools in my van I went to court with all my documents but due to not having the information I had asked for from KGM many times about that case I was found guilty. I am very upset about the whole policy with KGM. I have put an appeal in, and this case will be going to crown court I have again asked for information and again heard nothing. These matters need to be addressed as I am suffering due to all of this. Martin Jenkins at Broadsure Direct knows everything that has gone on as he was my main contact. I also have all the emails the last one that I will enclose again, which I have heard nothing about and the 1st Subject access request under the Data Protection Act 1998 that I sent on the 26/11/2013. I did in fact send the Subject access request under the Data Protection Act 1998 about time times and asked Martin Jenkins to look into why I had heard nothing about more than once. Once I

get the appeal date for crown court, I will ask the court to summon the people at KGM to deal with this matter as they know I was insurance and did nothing wrong and the police lied. All I have asked for is the data so there will be no need to summons people this way I can send the section 9 witness statements over to the crown and the other information and this case should be dropped against me. It just seemed that KGM does not want to do anything and give me the information I need to prove in fact I was insurance and the police lied to KGM to in fact make it that I was not insurance. There is a lot more I could say about the insurance I had with KGM, but this insurance policy was my worst nightmare. It has messed my clean driving license up and in fact got to the point I could not drive so could not work. Due to the fact, KGM could not send me the information over that was needed to prove I did have insurance. If you need o can send over all the emails that has been sent back and forward to Broadsure who sent them to KGM. I have lost a lot of money, and time due to this insurance policy I have had to pay for my vehicles to be taken out of the police compound around 8 to 9 times at a cost of £180.00 to £200.00 a time. All the loss of work due to having to take time to go to the police compound, and all the times I have had to go to court for no insurance when in fact I had insurance. And points put on my driving license to the fact I could not drive, this has all been costs to myself. My Mother Lorraine Cordell has also written many of the emails and is fine with dealing with this issue."

I am very upset about the whole policy with KGM. I have put an appeal in, and this case will be going to crown court I have again asked for information and again heard nothing. These matters need to be addressed as I am suffering due to all of this. Martin Jenkins at Broadsure Direct knows everything that has gone on as he was my main contact. I also have all the emails the last one that I will enclose again, which I have heard nothing about and the 1st Subject access request under the Data Protection Act 1998 that I sent on the 26/11/**2013**. I did in fact send the Subject access request under the Data Protection Act 1998 about time times and asked Martin Jenkins to look into why I had heard nothing about more than once. Once I get the appeal date for crown court, I will ask the court to summon the people at KGM to deal with this matter as they know I was insurance and did nothing wrong and the police lied. All I have asked for is the data so there will be no need to summons people this way I can send the section 9 witness statements over to the crown and the other information and this case should

be dropped against me. It just seemed that KGM does not want to do anything and give me the information I need to prove in fact I was insurance and the police lied to KGM to in fact make it that I was not insurance. There is a lot more I could say about the insurance I had with KGM, but this insurance policy was my worst nightmare. It has messed my clean driving licence up and in fact got to the point I could not drive so could not work. Due to the fact, KGM could not send me the information over that was needed to prove I did have insurance. If you need o can send over all the emails that has been sent back and forward to Broadsure who sent them to KGM.

1257,

I have lost a lot of money, and time due to this insurance policy I have had to pay for my vehicles to be taken out of the police compound around 8 to 9 times at a cost of £180.00 to £200.00 a time. All the loss of work due to having to take time to go to the police compound, and all the times I have had to go to court for no insurance when in fact I had insurance. And points put on my driving licence to the fact I could not drive, this has all been costs to myself. My Mother Lorraine Cordell has also written many of the emails and is fine with dealing with this issue.

To Whom It May Concern:
I am writing due to the complaint I put in. I have forwarded emails to Broadsure Direct and spoken to Broadsure Direct who took the policy of insurance out policy no: MT3574694 **1259,**
I have been asking for information from KGM since **2013** and have heard nothing back. When the policy was taken out there was some reason it did not show up on the MID database Broadsure Direct and KGM was aware of this. Due to this fact I had my vehicles were sized a number of times I believe 8 or 9 times in all, where I had to pay the costs to get my vehicles out the compound each time. In the week when I was pulled by police it was not so bad as the insurance company was opened so when I showed the police my policy, they could call the insurance company. The seizers happened mostly at the weekend mostly due to the insurance company being closed and the police could not talk to anyone even when I had my policy on me at all times to prove I did in fact have insurance. I made many calls to the police, Broadsure Direct, KGM and the people who run the MID database, but the issue did not go away and my vehicles still did not show up on the MID database. There was also a time in Nov **2013** when my van was sized this was due to KGM telling the police I was not insured due to the police telling KGM that I had tools in my van. Which was a lie by the police as I did not have anything in my van. Kelly Tiller from the trade section was dealing with this and a few days later I got a letter from KGM saying they was going to cancel my policy. As you can understand I was very upset over this as I had done nothing wrong. At this time lots of calls was both made to KMG and Broadsure to stop the cancelation of my

insurance policy, I spoke to Kelly Tiller many times, but she believed the police and I had no say in the matter. The police were off duty so I could not speak to them and Kelly Tiller was saying unless I could prove I did not have any tools in my van then the insurance policy would be cancelled which was very unfair as I had done nothing wrong, I knew I never had any tools. But I also asked Kelly Tiller did the police tell her what tools was meant to be in my van, to which she said no. KGM was not even aware I had mechanics trade on my policy so if my mechanics tools had been in my van at the time my insurance would still have been cancelled which to me what was the point in having insurance?
I then spoke to a wonderful operator at the police when I called told her what had gone on and was told by her to go to the police compound as when any vehicles are taken their they have to do a full list of items that are in the vehicles as they are in fact legible if something goes missing. Over that weekend I sent emails to the compound and forwarded them to Broadsure as my insurance was due to be cancelled on the Monday. On Monday I got an email from Broadsure direct asking me to go to the compound as Kelly Tiller had no luck getting a reply from them also, and once there to call Kelly Tiller due to the time on the Monday I got the email it would have been too late to go the compound and get a call to Kelly Tiller as she would have ended work for that day so I sent an email saying I would be going there early the next morning. I went the next day and asked to speak to the manager of the compound who in fact looked up my van and said nothing was in there, there was not tools I called Kelly Tiller and the manager of the compound spoke to her and confirmed there was nothing in the van when it was taken there by police and that I had put thing in the van when I had taken it out of the compound. At this point Kelly tiller believed me and said the policy would not be cancelled. But on my way back from the compound driving my phone ring and I stopped to pick it up and it was Broadsure direct saying my policy had in fact been cancelled I was very upset at this and told them what had happened, I was asked to hold on they was called KGM back and would call me right back. I waited till Broadsure direct called me back and confirmed my insurance policy had not been cancelled then
1260,
drove home. From this point I have been asking for all information and putting data protection acts in which have not been dealt with and I have heard nothing from KGM. I have been back and forward to court due to no insurance and in fact 4 cases I did not get any summons so was in fact found guilty as I did not know it was even going to court. I have had points put on my driving licence for no reason and had to go back and forward to court many times when this should not have been the case. Then the case come up for the seizer when the police said I had tools in my van I went to court with all my documents but due to not having the information I had asked for from KGM many times about that case I was found guilty. I am very upset about the whole policy with KGM. I have put an appeal in, and this case will be going to crown court I have again asked for information and again heard nothing. KGM have in fact not followed the protocol for the Subject access request under the Data Protection Act 1998 which has been put in 3 times already to KGM, I will be addressing this with the Information Commissioner's Office as I do not see any reason you would have to stop the information, I have asked for under this act to prove I was not in fact guilty of no insurance. And now say to deal with this you need information from me. I can understand you want the information for the complaint that has been put in, but not the information I asked for to show I was in fact I was insured for an appeal that is ongoing. And in fact, would not have been ongoing if the Subject access request under the Data Protection Act 1998 as I would not have been found guilty. I would like the data sent to the court as soon as possible in regards to this so they can look at the facts and see if fact I was insured so there should be no need for the appeal to go ahead with more of my time wasted going to court.

To Whom It May Concern:
I am writing due to the complaint I put in. I have forwarded emails to Broadsure Direct and spoken to Broadsure Direct who took the policy of insurance out policy no: MT3574694 I have been asking for information from KGM since **2013** and have heard nothing back. When the policy was taken out there was some reason it did not show up on the MID database Broadsure Direct and KGM was aware of this. Due to this fact I had my vehicles were sized a number of times I believe 8 or 9 times in all, where I had to pay the costs to get my vehicles out the compound each time. In the week when I was pulled by police it was not so bad as the insurance company was opened so when I showed the police my policy, they could call the insurance company. The seizers happened mostly at the weekend mostly due to the insurance company being closed and the police could not talk to anyone even when I had my policy on me at all times to prove I did in fact have insurance. I made many calls to the police, Broadsure Direct, KGM and the people who run the MID database, but the issue did not go away and my vehicles still did not show up on the MID database. There was also a time in Nov **2013** when my van was sized this was due to KGM telling the police I was not insured due to the police telling KGM that I had tools in my van. Which was a lie by the police as I did not have anything in my van. Kelly Tiller from the trade section was dealing with this and a few days later I got a letter from KGM saying they was going to cancel my policy. As you can understand I was very upset over this as I had done nothing wrong. At these times lots of calls was both made to KMG and Broadsure to stop the cancelation of my insurance policy, I

spoke to Kelly Tiller many times, but she believed the police and I had no say in the matter. The police were off duty so I could not speak to them and Kelly Tiller was saying unless I could prove I did not have any tools in my van then the insurance policy would be cancelled which was very unfair as I had done nothing wrong, I knew I never had any tools. But I also asked Kelly Tiller did the police tell her what tools was meant to be in my van, to which she **1269,**
said no. KGM was not even aware I had mechanics trade on my policy so if my mechanics tools had been in my van at the time my insurance would still have been cancelled which to me what was the point in having insurance?
I then spoke to a wonderful operator at the police when I called told her what had gone on and was told by her to go to the police compound as when any vehicles are taken there, they have to do a full list of items that are in the vehicles as they are in fact legible if something goes missing. Over that weekend I sent emails to the compound and forwarded them to Broadsure as my insurance was due to be cancelled on the Monday. On Monday I got an email from Broadsure direct asking me to go to the compound as Kelly Tiller had no luck getting a reply from them also, and once there to call Kelly Tiller due to the time on the Monday I got the email it would have been too late to go the compound and get a call to Kelly Tiller as she would have ended work for that day so I sent an email saying I would be going there early the next morning. I went the next day and asked to speak to the manager of the compound who in fact looked up my van and said nothing was in there, there was not tools I called Kelly Tiller and the manager of the compound spoke to her and confirmed there was nothing in the van when it was taken there by police and that I had put thing in the van when I had taken it out of the compound. At this point Kelly tiller believed me and said the policy would not be cancelled. But on my way back from the compound driving my phone ring and I stopped to pick it up and it was Broadsure direct saying my policy had in fact been cancelled I was very upset at this and told them what had happened, I was asked to hold on they was called KGM back and would call me right back. I waited till Broadsure direct called me back and confirmed my insurance policy had not been cancelled then drove home. From this point I have been asking for all information and putting data protection acts in which have not been dealt with and I have heard nothing from KGM. I have been back and forward to court due to no insurance and in fact 4 cases I did not get any summons so was in fact found guilty as I did not know it was even going to court. I have had points put on my driving licence for no reason and had to go back and forward to court many times when this should not have been the case. Then the case come up for the seizer when the police said I had tools in my van I went to court with all my documents but due to not having the information I had asked for from KGM many times about that case I was found guilty. I am very upset about the whole policy with KGM. I have put an appeal in, and this case will be going to crown court I have again asked for information and again heard nothing. These matters need to be addressed as I am suffering due to all of this. Martin Jenkins at Broadsure Direct knows everything that has gone on as he was my main contact. I also have all the emails the last one that I will enclose again, which I have heard nothing about and the 1st Subject access request under the Data Protection Act 1998 that I sent on the 26/11/**2013**. I did in fact send the Subject access request under the Data Protection Act 1998 about time times and asked Martin Jenkins to look into why I had heard nothing about more than once. Once I get the appeal date for crown court, I will ask the court to summon the people at KGM to deal with this matter as they know I was insurance and did nothing wrong and the police lied. All I have asked for is the data so there will be no need to summons people this way I can send the section 9 witness statements over to the crown and the other information and this case should be dropped against me. It just seemed that KGM does not want to do anything and give me the information I need to prove in fact I was insurance and the police lied to KGM to in fact

make it that I was not insurance. There is a lot more I could say about the insurance I had with KGM, but this insurance policy was my worst nightmare. It has messed my clean driving licence up and in fact got to the point I could not drive so could not work. Due to the fact, KGM could not send me the information over that was needed to prove I did have insurance. If you need o can send over all the emails that has been sent back and forward to Broadsure who sent them to KGM. I have lost a lot of money, and time due to this insurance policy I have had to pay for my vehicles to be taken out of the police compound around 8 to 9 times at a cost of £180.00 to £200.00 a time. All the loss of work due to having to take time to go to the police compound, and all the times I have had
1270,
to go to court for no insurance when in fact I had insurance. And points put on my driving licence to the fact I could not drive, this has all been costs to myself. My Mother Lorraine Cordell has also written many of the emails and is fine with dealing with this issue.

6 Driving: To Complaints Lloyds / Broadsure Direct / KGM / **Time** 22:51 – "Please see attached Insurance, which will show you full details of his insurance policy and dates covered. Yes, we do want full discloser so this mater can be sorted out by the court and I can send the information over to the CPS for the case of the 14/11/2013 where the police officer told KGM I had tools in my van to void my insurance. Kelly Tiller from the trade section and Jessica know fully what went on and it was Jessica that took the phone call from the police officer. After this I believe Kelly Tiller took over dealing with my policy and she was the one that had the say to cancel my policy and she was the one that believed the police until I went to the police compound and spoke to the manager there where he spoke to Kelly Tiller. If I

had not done this Kelly Tiller would have cancelled my policy of insurance and I have all the emails to prove this. After Kelly Tiller found out I was not lying about having no tools in my van the insurance policy was kept in place, I did ask Kelly Tiller on more than once to send me the information and put data requests in which was not replied to. Now I have been found guilty when Kelly Tiller knows the truth that there was not tools and the police officer lied to KGM on the phone call. I am the one that has suffered over all this not just on this case but all the times I have been taken to court for no insurance over the year my policy run with KGM due to it not showing on the MID database. You should have all the emails already from Broadsure Direct and many was sent by them to KGM as I was told KGM could not talk to me and I had to deal with Broadsure Direct about my policy Martin Jenkins from Broadsure Direct should also have copies of all emails as I do. I have spoken to DVLA today and asked for the data of how many times points was put on my license due to not getting summons from police and then dealing with cases I knew nothing about and then I had to get the cases reopened, I have to write them a letter and they will send the data I have asked for in the post. I do have a lot of letters which I will sort out scan and send over. But the 1st part I want to deal with is the court case I was found guilty at and have put an appeal in that is the most important to me right now. We can deal with everything else once I get all the data scanned as there is really a lot and it was all due to KGM not sorting out why my insurance was not showing on the MID database. The seizers alone have left me out of pocket by around £1700.00. That is without all the days I have not been able to work due to my driving license being messed up and showing points for no insurance. All the time going back and forward to the compound to collect my vehicles, and everything else I have had to deal with the courts when in fact I had done nothing wrong. I have tried to deal with this for months and months without going to the ombudsman and KGM has taken no notice, it has taken me to go to the ombudsman for KGM to take any notice and I don't feel anyone would be happy with this sort of service from KGM let alone any company doing this and causing someone so much suffering. It was one of the police in the end at the compound who in the end worked out why it was not showing up on the MID and that was because there had been a space put within my Reg Numbers. It was that bad two police compounds knew me and said each time not again. As you can see, I am not very happy about all of this but I do not think anyone would be when they paid for their insurance and had done nothing wrong to suffer all this. Therefore, could you please get the information I need to send to the CPS, I have written what was needed from Nov 2014 and way before this, and it still has not been sent and I have this hanging over my head. I did not just get points on my license. I got disqualified from driving for 6 months due to repeat offending of no insurance please tell me why when I have paid for my insurance from KGM? The reason it has not been enforced is due to me putting an appeal in. You can contact my mother on 0208 or 0796."

Dear Andrew
1273,
I will forward this to you within a few days I will ask the police compound to do a full print out as to all the tickets as I believe there is a few missing. I do have around 6 of the tickets here when the vehicles were sized, I also do have court letters, and letters from DVLA, which I will forward over to you once I have scanned then in so please give me a few days and I will get back to you with this information as there is a lot of data. The main one at this time I am worried about is the case where the vehicle was sized due to the police lying and me being found guilty at court you did have an email on the 30 November **2014** about what was needed and I do have the court letter showing I was found guilty and about the appeal. This data should have been given under the Subject access request under the Data Protection Act 1998 I put in, so was wondering what you can do about this and if you will need a new Subject access request under the Data Protection Act 1998, I have already sent 3 in so to do a 4th I do not feel I should need to do. KGM have in fact not followed the protocol for the Subject access request under the Data Protection Act 1998 which has been put in 3 times already to KGM, I will be addressing this with the Information Commissioner's Office as I do not see any reason you would have to stop the information, I have asked for under this act to prove I was not in fact guilty of no insurance. And in fact, would not have been ongoing if the Subject access request under the Data Protection Act 1998 as I would not have been found guilty. I would like the data sent to the court as soon as possible in regards to this so they can look at the facts and see if fact I was insured so there should be no need for the appeal to go ahead with more of my time wasted going to court.

Due to the fact, KGM could not send me the information over that was needed to prove I did have insurance. If you need o can send over all the emails that has been sent back and forward to Broadsure who sent them to KGM. I have lost a lot of money, and time due to this insurance policy I have had to pay for my vehicles to be taken out of the police compound around 8 to 9 times at a cost of £180.00 to £200.00 a time. All the loss of work due to having to take time to go to the police compound, and all the times I have had to go to court for no insurance when in fact I had insurance. And points put on my driving licence to the fact I could not drive, this has all been costs to myself. My Mother Lorraine Cordell has also written many of the emails and is fine with dealing with this issue.

Simon Cordell

Dear Andrew
Please see attached Insurance, which will show you full details of his insurance policy and dates covered. Yes, we do want full discloser so this mater can be sorted out by the court and I can send the information over to the CPS for the case of the 14/11/**2013** where the police officer told KGM I had tools in my van to void my insurance. Kelly Tiller from the trade section and Jessica know fully what went on and it was Jessica that took the phone call from the police officer. After this I believe Kelly Tiller took over dealing with my policy and she was the one that had the say to cancel my policy and she was the one that believed the police until I went to the police compound and spoke to the manager there where he spoke to Kelly Tiller. If I had not done this Kelly Tiller would have cancelled my policy of insurance and I have all the emails to prove this. After Kelly Tiller found out I was not lying about having no tools in my van the insurance policy was kept in place, I did ask Kelly Tiller on more than once to send me the information and put data requests in which was not replied to. Now I have been found guilty when Kelly Tiller knows the truth that there was not tools and the police officer lied to KGM on the phone call. I am the one that has suffered over all this not just on this case but all the times I have been taken to court for no insurance over the year my policy run with KGM due to it not showing on the MID database. You should have all the emails already from Broadsure Direct and many was sent by them to KGM as I was told KGM could not talk to me and I had to deal with Broadsure Direct about my policy Martin Jenkins from Broadsure Direct should also have copies of all emails as I do. I have spoken to DVLA today and asked for the data of how many times points was put on my licence due to not getting summons from police and then dealing with cases I knew nothing about and then I had to get the cases reopened, I have to write them a letter and they will send the data I have asked for in the post. I do have a lot of letters which I will sort out scan and send over. But the 1st part I want to deal with is the court case I was found guilty at and have put an appeal in that is the most important to me right now. We can deal with everything else once I get all the data scanned as there is really a lot and it was all due to KGM not sorting out why my insurance was not showing on the MID database. The seizers alone have left me out of pocket by around £1700.00. That is without all the days I have not been able to work due to my driving licence being messed up and showing points for no insurance. All the time going back and forward to the compound to collect my vehicles, and everything else I have had to deal with the courts when in fact I had done nothing wrong. I have tried to deal with this for

months and months without going to the ombudsman and KGM has taken no notice, it has taken me to go to the ombudsman for KGM to take any notice and I don't feel anyone would be happy with this sort of service from KGM let alone any company doing this and
1279,
causing someone so much suffering. It was one of the police in the end at the compound who in the end worked out why it was not showing up on the MID and that was because there had been a space put within my Reg Numbers. It was that bad two police compounds new me and said each time not again. As you can see, I am not very happy about all of this but I do not think anyone would be when they paid for their insurance and had done nothing wrong to suffer all this. Therefore, could you please get the information I need to send to the CPS, I have written what was needed from Nov **2014** and way before this, and it still has not been sent and I have this hanging over my head. I did not just get points on my licence I got disqualified from driving for 6 months due to repeat offending of no insurance please tell me why when I have paid for my insurance from KGM? The reason it has not been enforced is due to me putting an appeal in. You can contact my mother on 02 or 0

Dear Andrew
I will forward this to you within a few days I will ask the police compound to do a full print out as to all the tickets as I believe there is a few missing.

I do have around 6 of the tickets here when the vehicles were sized, I also do have court letters, and letters from DVLA, which I will forward over to you once I have scanned then in so please give me a few days and I will get back to you with this information as there is a lot of data.

289,

The main one at this time I am worried about is the case where the vehicle was sized due to the police lying and me being found guilty at court you did have an email on the 30 November 2014 about what was needed and I do have the court letter showing I was found guilty and about the appeal.

This data should have been given under the Subject access request under the Data Protection Act 1998 I put in, so was wondering what you can do about this and if you will need a new Subj etc. access request under the Data Protection Act 1998, I have already sent 3 in so to do a 4th I do not feel I should need to do.

KGM have in fact not followed the protocol for the Subject access request under the Data Protection Act 1998 which has been put in 3 times already to KGM, I will be addressing this with the Information Commissioner's Office as I do not see any reason you would have to stop the information, I have asked for under this act to prove I was not in fact guilty of no insurance.

And now say to deal with this you need information from me. I can understand you want the information for the complaint that has been put in, but not the information I asked for to show I was in fact I was insured for an appeal that is ongoing. And in fact, would not have been ongoing if the Subject access request under the Data Protection Act 1998 as I would not have been found guilty.

I would like the data sent to the court as soon as possible in regards to this so they can look at the facts and see if fact I was insured so there should be no need for the appeal to go ahead with more of my time wasted going to court.

Regards

Simon Cordell

Subject: RE: MT3574694
To Whom It May Concern:
I am writing due to the complaint I put in. I have forwarded emails to Broadsure Direct and spoken to Broadsure Direct who took the policy of insurance out policy no: MT3574694
I have been asking for information from KGM since 2013 and have heard nothing back.
When the policy was taken out there was some reason it did not show up on the MID database Broadsure Direct and KGM was aware of this.
Due to this fact I had my vehicles were sized a number of times I believe 8 or 9 times in all, where I had to pay the costs to get my vehicles out the compound each time. In the week when I was pulled by police it was not so bad as the insurance company was opened so when I showed the police my policy, they could call the insurance company.
The seizers happened mostly at the weekend mostly due to the insurance company being closed and the police could not talk to anyone even when I had my policy on me at all times to prove I did in fact have insurance.
I made many calls to the police, Broadsure Direct, KGM and the people who run the MID database, but the issue did not go away, and my vehicles still did not show up on the MID database.
There was also a time in Nov 2013 when my van was sized this was due to KGM telling the police I was not insured due to the police telling KGM that I had tools in my van. Which was a lie by the police as I did not have anything in my van. Kelly Tiller from the trade section was dealing with this and a few days later I got a letter from KGM saying they was going to cancel my policy. As you can understand I was very upset over this as I had done nothing wrong.
At this time lots of calls was both made to KMG and Broadsure to stop the cancelation of my insurance policy, I spoke to Kelly Tiller many times, but she believed the police and I had no say in the matter. The police were off duty so I could not speak to them and Kelly Tiller was saying unless I could prove I did not have any tools in my van then the insurance policy would be cancelled which was very unfair as I had done nothing wrong, I knew I never had any tools.
But I also asked Kelly Tiller did the police tell her what tools was meant to be in my van, to which she said no. KGM was not even

291,

aware I had mechanics trade on my policy so if my mechanics tools had been in my van at the time my insurance would still have been cancelled which to me what was the point in having insurance?
I then spoke to a wonderful operator at the police when I called told her what had gone on and was told by her to go to the police compound as when any vehicles are taken there, they have to do a full list of items that are in the vehicles as they are in fact legible if something goes missing. Over that weekend I sent emails to the compound and forwarded them to Broadsure as my insurance was due to be cancelled on the Monday. On Monday I got an email from Broadsure direct asking me to go to the compound as Kelly Tiller had no luck getting a reply from them also, and once there to call Kelly Tiller due to the time on the Monday I got the email it would have been too late to go the compound and get a call to Kelly Tiller as she would have ended work for that day so I sent an email saying I would be going there early the next morning.
I went the next day and asked to speak to the manager of the compound who in fact looked up my van and said nothing was in there, there was not tools I called Kelly Tiller and the manager of the compound spoke to her and confirmed there was nothing in the van when it was taken there by police and that I had put thing in the van when I had taken it out of the compound.
At this point Kelly tiller believed me and said the policy would not be cancelled. But on my way back from the compound driving my phone ring and I stopped to pick it up and it was Broadsure direct saying my policy had in fact been cancelled I was very upset at this and told them what had happened, I was asked to hold on they was called KGM back and would call me right back. I waited till Broadsure direct called me back and confirmed my insurance policy had not been cancelled then drove home.
From this point I have been asking for all information and putting data protection acts in which have not been dealt with and I have heard nothing from KGM.
I have been back and forward to court due to no insurance and in fact 4 cases I did not get any summons so was in fact found guilty as I did not know it was even going to court.
I have had points put on my driving licence for no reason and had to go back and forward to court many times when this should not have been the case.
Then the case come up for the seizer when the police said I had tools in my van I went to court with all my documents but due to not having the information I had asked for from KGM many times about that case I was found guilty. I am very upset about the whole policy with KGM. I have put an appeal in, and this case will be going to crown court I have again asked for information and again heard nothing. These matters need to be addressed as I am suffering due to all of this.
Martin Jenkins at Broadsure Direct knows everything that has gone on as he was my main contact.
I also have all the emails the last one that I will enclose again, which I have heard nothing about and the 1st Subject access request under the Data Protection Act 1998 that I sent on the 26/11/2013. I did in fact send the Subject access request under the Data Protection Act 1998 about time times and asked Martin Jenkins to look into why I had heard nothing about more than once.
Once I get the appeal date for crown court, I will ask the court to summons the people at KGM to deal with this matter as they know I was insurance and did nothing wrong and the police lied. All I have asked for is the data so there will be no need to summons people this way I can send the section 9 witness statements over to the crown and the other information and this case should be dropped against me.

It just seemed that KGM does not want to do anything and give me the information I need to prove in fact I was insurance and the police lied to KGM to in fact make it that I was not insurance.
There is a lot more I could say about the insurance I had with KGM, but this insurance policy was my worst nightmare. It has
292,
messed my clean driving licence up and in fact got to the point I could not drive so could not work. Due to the fact, KGM could not send me the information over that was needed to prove I did have insurance.
If you need o can send over all the emails that has been sent back and forward to Broadsure who sent them to KGM.
I have lost a lot of money, and time due to this insurance policy I have had to pay for my vehicles to be taken out of the police compound around 8 to 9 times at a cost of £180.00 to £200.00 a time. All the loss of work due to having to take time to go to the police compound, and all the times I have had to go to court for no insurance when in fact I had insurance. And points put on my driving licence to the fact I could not drive, this has all been costs to myself.
My Mother Lorraine Cordell has also written many of the emails and is fine with dealing with this issue.

Hi Martin

Thank you for getting back to me about this matter, and for you contacting KGM and getting this addressed, please see the below information that will be needed. We will also still need the section 9 witness statement from you.

The below section is what will be needed from KGM.

Section 9 witness statement from:

- Jessica about the call that she took, from the police officer who called KGM after Simon Cordell was stopped on the 14/11/2013. This statement will include what was said on the phone call by the police officer and what Jessica said to the police officer this would also include what sort of tools the police officer said there was in the van. Any other information as to the date of the 14/11/2013 and after this date as to any dealing Jessica had with the stop on the 14/11/2013.
- Copy of all phone recordings between the police officer, and Jessica on the date of 14/11/2013.
- All phone recordings of any calls that were made, to KGM from Simon Cordell or Lorraine Cordell to try to stop his insurance policy being cancelled and to address the stop that was made on the 14/11/2013.
- The phone recording of when Kelly Tiller had asked Simon Cordell to go to the police compound, and get someone from the compound to call Kelly Tiller about the list of tools that was meant to have been in the van when the police stopped Mr. |Simon Cordell on the 14/11/2013. I believe Simon Cordell went to the police compound on the 26/11/2013 and this is where the manager of the compound and Simon Cordell spoke to called Kelly Tiller and confirmed there was in fact no tools in the van.
- Copies of all emails that were sent from KGM to Broadsure and Broadsure to KGM with regard to the police stop of Simon Cordell on the 14/11/2013. This would include all emails of dates after the 14/11/2014 when Simon Cordell was trying to stop his insurance policy from being cancelled and was trying to address this matter of what the police had said about there being tools in his Van which was why the insurance policy was going to be cancelled.

Section 9 witness statement from:

- Kelly Tiller as to any dealing she had with the police stop on Simon Cordell on the 14/11/2013. This would include all dealing with Broadsure about this matter and any calls that was made to her by Simon Cordell and Lorraine Cordell, and any calls Kelly Tiller made about this matter about the cancellation of the policy and the stop by the police on the 14/11/2014 until this issue was addressed.
- This would also include all details of the call that was made by the police compound to Kelly Tiller on the 26/11/2013 to prove there were no tools in the van. Which in turn stopped the cancelation of the insurance policy as I believe the reason for the cancellation was due to Kelly Tiller saying he had voided his insurance due to there being tools in the van.
- Full details as to why the insurance policy was going to be cancelled and what Mr. Simon Cordell was meant to have done wrong which would have in fact made his insurance policy void.

- Full details as to why in the end the insurance policy was not cancelled and the reasons for not cancelling which was due to Mr. Simon Cordell going to the police compound and the police compound confirming to Kelly Tiller over the phone there was in fact no tools in the van.
- The reason why until Jan 2014 that Mr. Simon Cordell's insurance did not show up on the MID database.
- Confirmation Simon Cordell did have insurance to drive on the 14/11/2014 and did not void his insurance in any way.
- Why Kelly Tiller did not deal with all the data protection requests that had been submitted to KGM, under the data protection act 1998 subject access request, as if this had been done Simon Cordell would not be in the court system for this case.

Regards
Lorraine

Information we need.pdf
Dear Andrew
Please see attached Insurance, which will show you full details of his insurance policy and dates covered.
Yes, we do want full discloser so this mater can be sorted out by the court and I can send the information over to the CPS for the case of the 14/11/2013 where the police officer told KGM I had tools in my van to void my insurance. Kelly Tiller from the trade section and Jessica know fully what went on and it was Jessica that took the phone call from the police officer. After this I believe Kelly Tiller took over dealing with my policy and she was the one that had the say to cancel my policy and she was the one that believed the police until I went to the police compound and spoke to the manager there where he spoke to Kelly Tiller. If I had not done this Kelly Tiller would have cancelled my policy of insurance and I have all the emails to prove this.
After Kelly Tiller found out I was not lying about having no tools in my van the insurance policy was kept in place, I did ask Kelly Tiller on more than once to send me the information and put data requests in which was not replied to. Now I have been found guilty when Kelly Tiller knows the truth that there was not tools and the police officer lied to KGM on the phone call.
I am the one that has suffered over all this not just on this case but all the times I have been taken to court for no insurance over the year my policy run with KGM due to it not showing on the MID database.
You should have all the emails already from Broadsure Direct and many was sent by them to KGM as I was told KGM could not talk to me and I had to deal with Broadsure Direct about my policy Martin Jenkins from Broadsure Direct should also have copies of all emails as I do.
I have spoken to DVLA today and asked for the data of how many times points was put on my licence due to not getting summons from police and then dealing with cases I knew nothing about and then I had to get the cases reopened, I have to write them a letter and they will send the data I have asked for in the post.

I do have a lot of letters which I will sort out scan and send over. But the 1st part I want to deal with is the court case I was found guilty at and have put an appeal in that is the most important to me right now.
We can deal with everything else once I get all the data scanned as there is really a lot and it was all due to KGM not sorting out why my insurance was not showing on the MID database. The seizers alone have left me out of pocket by around £1700.00. That is without all the days I have not been able to work due to my driving licence being messed up and showing points for no insurance. All the time going back and forward to the compound to collect my vehicles, and everything else I have had to deal with the courts when in fact I had done nothing wrong.
I have tried to deal with this for months and months without going to the ombudsman and KGM has taken no notice, it has taken me to go to the ombudsman for KGM to take any notice and I don't feel anyone would be happy with this sort of service from KGM let alone any company doing this and causing someone so much suffering.
It was one of the police in the end at the compound who in the end worked out why it was not showing up on the MID and that was because there had been a space put within my Reg Numbers. It was that bad two police compounds new me and said each time not again.
299,
As you can see, I am not very happy about all of this, but I do not think anyone would be when they paid for their insurance and had done nothing wrong to suffer all this.
Therefore, could you please get the information I need to send to the CPS; I have written what was needed from Nov 2014 and way before this, and it still has not been sent and I have this hanging over my head. I did not just get points on my licence I got disqualified from driving for 6 months due to repeat offending of no insurance please tell me why when I have paid for my insurance from KGM? The reason it has not been enforced is due to me putting an appeal in.
You can contact my mother on 007 or 007

Dear Andrew
I will forward this to you within a few days I will ask the police compound to do a full print out as to all the tickets as I believe there is a few missing.
I do have around 6 of the tickets here when the vehicles were sized, I also do have court letters, and letters from DVLA, which I will forward over to you once I have scanned then in so please give me a few days and I will get back to you with this information as there is a lot of data.
The main one at this time I am worried about is the case where the vehicle was sized due to the police lying and me being found guilty at court you
300,
did have an email on the 30 November 2014 about what was needed, and I do have the court letter showing I was found guilty and about the appeal.
This data should have been given under the Subject access request under the Data Protection Act 1998 I put in, so was wondering what you can do about this and if you will need a new Subject access request under the Data Protection Act 1998, I have already sent 3 in so to do a 4th I do not feel I should need to do.
KGM have in fact not followed the protocol for the Subject access request under the Data Protection Act 1998 which has been put in 3 times already to KGM, I will be addressing this with the Information Commissioner's Office as I do not see any reason you would have to stop the information, I have asked for under this act to prove I was not in fact guilty of no insurance.
And now say to deal with this you need information from me. I can understand you want the information for the complaint that has been put in, but not the information I asked for to show I was in fact I was insured for an appeal that is ongoing. And in fact, would not have been ongoing if the Subject access request under the Data Protection Act 1998 as I would not have been found guilty.
I would like the data sent to the court as soon as possible in regards to this so they can look at the facts and see if fact I was insured so there should be no need for the appeal to go ahead with more of my time wasted going to court.
Regards
Simon Cordell

Subject: RE: MT3574694
To Whom It May Concern:
I am writing due to the complaint I put in. I have forwarded emails to Broadsure Direct and spoken to Broadsure Direct who took the policy of insurance out policy no: MT3574694
I have been asking for information from KGM since 2013 and have heard nothing back.
When the policy was taken out there was some reason it did not show up on the MID database Broadsure Direct and KGM was aware of this.
Due to this fact I had my vehicles were sized a number of times I believe 8 or 9 times in all, where I had to pay the costs to get my vehicles out the compound each time. In the week when I was pulled by police it was not so bad as the insurance company was opened so when I showed the police my policy, they could call the insurance company.
The seizers happened mostly at the weekend mostly due to the insurance company being closed and the police could not talk to anyone even when I had my policy on me at all times to prove I did in fact have insurance.
I made many calls to the police, Broadsure Direct, KGM and the people who run the MID database, but the issue did not go away, and my vehicles still did not show up on the MID database.
There was also a time in Nov 2013 when my van was sized this was due to KGM telling the police I was not insured due to the police telling KGM that I had tools in my van. Which was a lie by the police as I did not have anything in my van. Kelly Tiller from the trade section was dealing with this and a few days later I got a letter from KGM saying they was going to cancel my policy. As you can understand I was very upset over this as I had done nothing wrong.
At this time lots of calls was both made to KMG and Broadsure to stop the cancelation of my insurance policy, I spoke to Kelly Tiller many times, but she believed the police and I had no say in the matter. The police were off duty so I could not speak to them and Kelly Tiller was saying unless I could prove I did not have any tools in my van then the insurance policy

would be cancelled which was very unfair as I had done nothing wrong I knew I never had any tools.
But I also asked Kelly Tiller did the police tell her what tools was meant to be in my van, to which she said no. KGM was not even aware I had mechanics trade on my policy so if my mechanics tools had been in my van at the time my insurance would still have
302,
been cancelled which to me What was the point in having insurance?
I then spoke to a wonderful operator at the police when I called told her what had gone on and was told by her to go to the police compound as when any vehicles are taken there, they have to do a full list of items that are in the vehicles as they are in fact legible if something goes missing. Over that weekend I sent emails to the compound and forwarded them to Broadsure as my insurance was due to be cancelled on the Monday. On Monday I got an email from Broadsure direct asking me to go to the compound as Kelly Tiller had no luck getting a reply from them also, and once there to call Kelly Tiller due to the time on the Monday I got the email it would have been too late to go the compound and get a call to Kelly Tiller as she would have ended work for that day so I sent an email saying I would be going there early the next morning.
I went the next day and asked to speak to the manager of the compound who in fact looked up my van and said nothing was in there, there was not tools I called Kelly Tiller and the manager of the compound spoke to her and confirmed there was nothing in the van when it was taken there by police and that I had put thing in the van when I had taken it out of the compound.
At this point Kelly tiller believed me and said the policy would not be cancelled. But on my way back from the compound driving my phone ring and I stopped to pick it up and it was Broadsure direct saying my policy had in fact been cancelled I was very upset at this and told them what had happened, I was asked to hold on they was called KGM back and would call me right back. I waited till Broadsure direct called me back and confirmed my insurance policy had not been cancelled then drove home.
From this point I have been asking for all information and putting data protection acts in which have not been dealt with and I have heard nothing from KGM.
I have been back and forward to court due to no insurance and in fact 4 cases I did not get any summons so was in fact found guilty as I did not know it was even going to court.
I have had points put on my driving licence for no reason and had to go back and forward to court many times when this should not have been the case.
Then the case come up for the seizer when the police said I had tools in my van I went to court with all my documents but due to not having the information I had asked for from KGM many times about that case I was found guilty. I am very upset about the whole policy with KGM. I have put an appeal in, and this case will be going to crown court I have again asked for information and again heard nothing. These matters need to be addressed as I am suffering due to all of this.
Martin Jenkins at Broadsure Direct knows everything that has gone on as he was my main contact.
I also have all the emails the last one that I will enclose again, which I have heard nothing about and the 1st Subject access request under the Data Protection Act 1998 that I sent on the 26/11/2013. I did in fact send the Subject access request under the Data Protection Act 1998 about time times and asked Martin Jenkins to look into why I had heard nothing about more than once.
Once I get the appeal date for crown court, I will ask the court to summon the people at KGM to deal with this matter as they know I was insurance and did nothing wrong and the police lied. All I have asked for is the data so there will be no need to summons people this way I

can send the section 9 witness statements over to the crown and the other information and this case should be dropped against me.
It just seemed that KGM does not want to do anything and give me the information I need to prove in fact I was insurance and the police lied to KGM to in fact make it that I was not insurance.
There is a lot more I could say about the insurance I had with KGM, but this insurance policy was my worst nightmare. It has messed my clean driving licence up and in fact got to the point I could not drive so could not work. Due to the fact, KGM could
303,
not send me the information over that was needed to prove I did have insurance.
If you need o can send over all the emails that has been sent back and forward to Broadsure who sent them to KGM.
I have lost a lot of money, and time due to this insurance policy I have had to pay for my vehicles to be taken out of the police compound around 8 to 9 times at a cost of £180.00 to £200.00 a time. All the loss of work due to having to take time to go to the police compound, and all the times I have had to go to court for no insurance when in fact I had insurance. And points put on my driving licence to the fact I could not drive, this has all been costs to myself.
My Mother Lorraine Cordell has also written many of the emails and is fine with dealing with this issue.
Regards Simon Cordell

Hi Martin

Thank you for getting back to me about this matter, and for you contacting KGM and getting this addressed, please see the below information that will be needed. We will also still need the section 9 witness statement from you.

The below section is what will be needed from KGM.

Section 9 witness statement from:

1. Jessica about the call that she took, from the police officer who called KGM after Simon Cordell was stopped on the 14/11/2013. This statement will include what was said on the phone call by the police officer and what Jessica said to the police officer this would also include what sort of tools the police officer said there was in the van. Any other information as to the date of the 14/11/2013 and after this date as to any dealing Jessica had with the stop on the 14/11/2013.
2. Copy of all phone recordings between the police officer, and Jessica on the date of 14/11/2013.
3. All phone recordings of any calls that were made, to KGM from Simon Cordell or Lorraine Cordell to try to stop his insurance policy being cancelled and to address the stop that was made on the 14/11/2013.
4. The phone recording of when Kelly Tiller had asked Simon Cordell to go to the police compound, and get someone from the compound to call Kelly Tiller about the list of tools that was meant to have been in the van when the police stopped Mr. |Simon Cordell on the 14/11/2013. I believe Simon Cordell went to the police compound on the 26/11/2013 and this is where the manager of the compound and Simon Cordell spoke to called Kelly Tiller and confirmed there was in fact no tools in the van.
5. Copies of all emails that were sent from KGM to Broadsure and Broadsure to KGM with regard to the police stop of Simon Cordell on the 14/11/2013. This would include all emails of dates after the 14/11/2014 when Simon Cordell was trying to stop his insurance policy from being cancelled and was trying to address this matter of what the police had said about there being tools in his Van which was why the insurance policy was going to be cancelled.

• **Section 9 witness statement from:**

6. Kelly Tiller as to any dealing she had with the police stop on Simon Cordell on the 14/11/2013. This would include all dealing with Broadsure about this matter and any calls that was made to her by Simon Cordell and Lorraine Cordell, and any calls Kelly Tiller made about this matter about the cancellation of the policy and the stop by the police on the 14/11/2014 until this issue was addressed.
7. This would also include all details of the call that was made by the police compound to Kelly Tiller on the 26/11/2013 to prove there were no tools in the van. Which in turn stopped the cancelation of the insurance policy as I believe the reason for the cancellation was due to Kelly Tiller saying he had voided his insurance due to there being tools in the van.
8. Full details as to why the insurance policy was going to be cancelled and what Mr. Simon Cordell was meant to have done wrong which would have in fact made his insurance policy void.

9. Full details as to why in the end the insurance policy was not cancelled and the reasons for not cancelling which was due to Mr. Simon Cordell going to the police compound and the police compound confirming to Kelly Tiller over the phone there was in fact no tools in the van.
10. The reason why until Jan 2014 that Mr. Simon Cordell's insurance did not show up on the MID database.
11. Confirmation Simon Cordell did have insurance to drive on the 14/11/2014 and did not void his insurance in any way.
12. Why Kelly Tiller did not deal with all the data protection requests that had been submitted to KGM, under the data protection act 1998 subject access request, as if this had been done Simon Cordell would not be in the court system for this case.

To Whom It May Concern:
I am writing due to the complaint I put in. I have forwarded emails to Broadsure Direct and spoken to Broadsure Direct who took the policy of insurance out policy no: MT3574694
I have been asking for information from KGM since 2013 and have heard nothing back.
When the policy was taken out there was some reason it did not show up on the MID database Broadsure Direct and KGM was aware of this.
Due to this fact I had my vehicles were sized a number of times I believe 8 or 9 times in all, where I had to pay the costs to get my vehicles out the compound each time. In the week when I was pulled by police it was not so bad as the insurance company was opened so when I showed the police my policy, they could call the insurance company.
The seizers happened mostly at the weekend mostly due to the insurance company being closed and the police could not talk to anyone even when I had my policy on me at all times to prove I did in fact have insurance.
I made many calls to the police, Broadsure Direct, KGM and the people who run the MID database, but the issue did not go away, and my vehicles still did not show up on the MID database.
There was also a time in Nov 2013 when my van was sized this was due to KGM telling the police I was not insured due to the police telling KGM that I had tools in my van. Which was a lie by the police as I did not have anything in my van. Kelly Tiller from the trade section was dealing with this and a few days later I got a letter from KGM saying they was going to cancel my policy. As you can understand I was very upset over this as I had done nothing wrong.
At this time lots of calls was both made to KMG and Broadsure to stop the cancelation of my insurance policy, I spoke to Kelly Tiller many times, but she believed the police and I had no say in the matter. The police were off duty so I could not speak to them and Kelly Tiller was saying unless I could prove I did not have any tools in my van then the insurance policy would be cancelled which was very unfair as I had done nothing wrong I knew I never had any tools.

But I also asked Kelly Tiller did the police tell her what tools was meant to be in my van, to which she said no. KGM was not even aware I had mechanics trade on my policy so if my mechanics tools had been in my van at the time my insurance would still have been cancelled which to me what was the point in having insurance?
I then spoke to a wonderful operator at the police when I called told her what had gone on and was told by her to go to the police compound as when any vehicles are taken there they have to do a full list of items that are in the vehicles as they are in fact legible if something goes missing. Over that weekend I sent emails to the compound and forwarded them to Broadsure as my insurance was due to be cancelled on the Monday. On Monday I got an email from Broadsure direct asking me to go to the compound as Kelly Tiller had no luck getting a reply from them also, and once there to call Kelly Tiller due to the time on the Monday I got the email it would have been too late to go the compound and get a call to Kelly Tiller as she would have ended work for that day so I sent an email saying I would be going there early the next morning.

310,

I went the next day and asked to speak to the manager of the compound who in fact looked up my van and said nothing was in there, there was not tools I called Kelly Tiller and the manager of the compound spoke to her and confirmed there was nothing in the van when it was taken there by police and that I had put thing in the van when I had taken it out of the compound.
At this point Kelly tiller believed me and said the policy would not be cancelled. But on my way back from the compound driving my phone ring and I stopped to pick it up and it was Broadsure direct saying my policy had in fact been cancelled I was very upset at this and told them what had happened, I was asked to hold on they was called KGM back and would call me right back. I waited till Broadsure direct called me back and confirmed my insurance policy had not been cancelled then drove home.
From this point I have been asking for all information and putting data protection acts in which have not been dealt with and I have heard nothing from KGM.
I have been back and forward to court due to no insurance and in fact 4 cases I did not get any summons so was in fact found guilty as I did not know it was even going to court.
I have had points put on my driving licence for no reason and had to go back and forward to court many times when this should not have been the case.
Then the case come up for the seizer when the police said I had tools in my van I went to court with all my documents but due to not having the information I had asked for from KGM many times about that case I was found guilty. I am very upset about the whole policy with KGM. I have put an appeal in, and this case will be going to crown court I have again asked for information and again heard nothing. These matters need to be addressed as I am suffering due to all of this.
Martin Jenkins at Broadsure Direct knows everything that has gone on as he was my main contact.
I also have all the emails the last one that I will enclose again, which I have heard nothing about and the 1st Subject access request under the Data Protection Act 1998 that I sent on the 26/11/2013. I did in fact send the Subject access request under the Data Protection Act 1998 about time times and asked Martin Jenkins to look into why I had heard nothing about more than once.
Once I get the appeal date for crown court, I will ask the court to summons the people at KGM to deal with this matter as they know I was insurance and did nothing wrong and the police lied. All I have asked for is the data so there will be no need to summons people this way I can send the section 9 witness statements over to the crown and the other information and this case should be dropped against me.

It just seemed that KGM does not want to do anything and give me the information I need to prove in fact I was insurance and the police lied to KGM to in fact make it that I was not insurance.
There is a lot more I could say about the insurance I had with KGM, but this insurance policy was my worst nightmare. It has messed my clean driving licence up and in fact got to the point I could not drive so could not work. Due to the fact, KGM could not send me the information over that was needed to prove I did have insurance.
If you need o can send over all the emails that has been sent back and forward to Broadsure who sent them to KGM.
I have lost a lot of money, and time due to this insurance policy I have had to pay for my vehicles to be taken out of the police compound around 8 to 9 times at a cost of £180.00 to £200.00 a time. All the loss of work due to having to take time to go to the police compound, and all the times I have had to go to court for no insurance when in fact I had insurance. And points put on my driving licence to the fact I could not drive, this has all been costs to myself.
My Mother Lorraine Cordell has also written many of the emails and is fine with dealing with this issue.
311,
Regards
Simon Cordell

Hi Martin
Thank you for getting back to me about this matter, and for you contacting KGM and getting this addressed, please see the below information that will be needed. We will also still need the section 9 witness statement from you.
The below section is what will be needed from KGM.

- **Section 9 witness statement from:**

1. Jessica about the call that she took, from the police officer who called KGM after Simon Cordell was stopped on the 14/11/2013. This statement will include what was said on the phone call by the police officer and what Jessica said to the police officer this would also include what sort of tools the police officer said there was in the van. Any other information as to the date of the 14/11/2013 and after this date as to any dealing Jessica had with the stop on the 14/11/2013.
2. Copy of all phone recordings between the police officer, and Jessica on the date of 14/11/2013.
3. All phone recordings of any calls that were made, to KGM from Simon Cordell or Lorraine Cordell to try to stop his insurance policy being cancelled and to address the stop that was made on the 14/11/2013.
4. The phone recording of when Kelly Tiller had asked Simon Cordell to go to the police compound, and get someone from the compound to call Kelly Tiller about the list of tools that was meant to have been in the van when the police stopped Mr. |Simon Cordell on the 14/11/2013. I believe Simon Cordell went to the police compound on the 26/11/2013 and this is where the manager of the compound and Simon Cordell spoke to called Kelly Tiller and confirmed there was in fact no tools in the van.

5. Copies of all emails that were sent from KGM to Broadsure and Broadsure to KGM with regard to the police stop of Simon Cordell on the 14/11/2013. This would include all emails of dates after the 14/11/2014 when Simon Cordell was trying to stop his insurance policy from being cancelled and was trying to address this matter of what the police had said about there being tools in his Van which was why the insurance policy was going to be cancelled.

• **Section 9 witness statement from:**

6. Kelly Tiller as to any dealing she had with the police stop on Simon Cordell on the 14/11/2013. This would include all dealing with Broadsure about this matter and any calls that was made to her by Simon Cordell and Lorraine Cordell, and any calls Kelly Tiller made about this matter about the cancellation of the policy and the stop by the police on the 14/11/2014 until this issue was addressed.
7. This would also include all details of the call that was made by the police compound to Kelly Tiller on the 26/11/2013 to prove there were no tools in the van. Which in turn stopped the cancelation of the insurance policy as I believe the reason for the cancellation was due to Kelly Tiller saying he had voided his insurance due to there being tools in the van.
8. Full details as to why the insurance policy was going to be cancelled and what Mr. Simon Cordell was meant to have done wrong which would have in fact made his insurance policy void.

9. Full details as to why in the end the insurance policy was not cancelled and the reasons for not cancelling which was due to Mr. Simon Cordell going to the police compound and the police compound confirming to Kelly Tiller over the phone there was in fact no tools in the van.
10. The reason why until Jan 2014 that Mr. Simon Cordell's insurance did not show up on the MID database.
11. Confirmation Simon Cordell did have insurance to drive on the 14/11/2014 and did not void his insurance in any way.
12. Why Kelly Tiller did not deal with all the data protection requests that had been submitted to KGM, under the data protection act 1998 subject access request, as if this had been done Simon Cordell would not be in the court system for this case.

Could you please pass on the attached documents to Kelly Tiller at KGM one is a Subject access request under the Data Protection Act 1998.
The other letter is just to get Kelly Tiller to confirm by email I am in fact still insured so I have this in writing and also to found out why my van is still not showing up on the database.
And also, about the logbooks which I am still waiting for them from DVLA I called DVLA today when I got back from the compound and was told it can take 8 weeks for me to get the new logbooks, I will therefore send then right over to you by email as soon as I get them.
Many Thanks

Please see attached Insurance, which will show you full details of his insurance policy and dates covered. Yes, we do want full discloser so this mater can be sorted out by the court and I can send the information over to the CPS for the case of the 14/11/**2013** where the police officer told KGM I had tools in my van to void my insurance. Kelly Tiller from the trade section and Jessica know fully what went on and it was Jessica that took the phone call from the police officer. After this I believe Kelly Tiller took over dealing with my policy and she was the one that had the say to cancel my policy and she was the one that believed the police until I went to the police compound and spoke to the manager there where he spoke to Kelly Tiller. If I had not done this Kelly Tiller would have cancelled me

Subject: RE: Notification Case No 8079/**2014** MT3574694
Dear Mrs Cheryl Shannon
Thank you for the email it is not my intention to go to court yet. But due to the mess up with my insurance from KGM my driving licence has been very badly damaged, and I have suffered due to the insurance I had with KGM not showing up on the Police MID database. This in turn made me keep getting pulled by the police on the weekdays it was not so bad as I always had to carry my insurance policy and showed the police and they called my insurance company. But at the weekends due to the insurance company being closed the police could not confirm I had insurance so my vehicles were sized which in turn I suffered with the cost to take my vehicles out of the police compound and wasted my time having to go to the compound when there should have been no need. Also, it caused me problems getting home after the police sized my vehicles. I am out of pocket of around £1700.00 just for the cost to get my vehicles out of the compound this is without everything else that has led on due to it showing I was not insured. I have had to go to a number of court cases just to prove I had insurance and then there have been cases where I have had no summons from the police so could not file, I was pleading not guilty so they found me guilty when I did not even know there was a court case going ahead. This has put points on my driving licence and fines, and I have been banned from driving. I have had to spend my time to get the cases reopened once I knew about them also.
1294.
In addition, there was one case when the police lied to my insurance company that I had tools in my van which I did not. Which I had to spend more of my time to prove to KGM that in fact there was no tools in my van as my insurance was getting cancelled for no good reason. I done this by way of having to go to the police compound as when any vehicle is impounded, they have list everything that was in the vehicle. When I got to the police compound, I spoke to a manager who confirmed there were no tools, and a telephone call was made to Kelly Tiller at KGM and she spoke to the manager and he confirmed to her there was no tools when the van was taken into the police compound or when it was removed from the police

compound. I knew this case would go to court as the police office had in fact tried to make my insurance void, so I put in Subject access request under the Data Protection Act 1998 to be able to get the information I knew I would need. KGM done nothing about this I did not get one reply from putting 3 Subject access requests under the Data Protection Act 1998 this was going back to Nov **2013**. this case was heard at court and due to not having the information I needed to prove the police office was not telling the truth I was found guilty and disqualified from driving for 6 months due to repeat offending of no insurance. I have appealed this as I was insured but need the data which KGM hold to prove this, but they will not give me it. This case is due to go to the crown court I have not got a date yet but if I can get the information to the CPS, it will not need to go to appeal. I have asked KGM again in Nov **2014** for the information and written what would be needed just for this case, and they still have not sent it and I being asked for information. ATM as it stands KGM have failed to comply with 3 Subject access requests under the Data Protection Act 1998 and follow the correct protocol for acting on a Subject access request under the Data Protection Act 1998. All this is having a huge impact on my life not being able to drive due to points on my driving licence which in fact was clean now I have such a mess to sort out just to get all of this sorted when I was in fact insured and had paid for my insurance and have done nothing wrong. Yes, I am very upset over all of this and KGM is not helping I have been asking and asking and getting nowhere I should not be going through this. Yes I do want my money back I have lost but right now I want these court cases to be dealt with and for my driving licence to go back to being clean with no points this is the most important part for me but KGM does not seem to understand this and this is upsetting me even more, the insurance I took out with KGM has turned into a nightmare and I don't know when this is going to end and they are going to deal with this matter so I can clear my name with DVLA and the courts. I am forwarding you all the emails I am sending so you can see what is going on and keep updated. As you can see, I am not getting very far with the information I need to clear my name with the courts and DVLA. If KGM fail to comply with the Subject access request under the Data Protection Act 1998 and give me the information I need within 7 days I will be putting it in your hands to deal with all of the matters as this has been going on long enough.

Please see attached Insurance, which will show you full details of his insurance policy and dates covered. Yes, we do want full discloser so this mater can be sorted out by the court and I can send the information over to the CPS for the case of the 14/11/**2013** where the police officer told KGM I had tools in my van to void my insurance. Kelly Tiller from the trade section and Jessica know fully what went on and it was Jessica that took the phone call from the police officer. After this I believe Kelly Tiller took over dealing with my policy and she was the one that had the say to cancel my policy and she was the one that believed the police until I went to the police compound and spoke to the manager there where he spoke to Kelly Tiller. If I had not done this Kelly Tiller would have cancelled my policy of insurance and I have all the emails to prove this. Dear Andrew
Please see attached Insurance, which will show you full details of his insurance policy and dates covered.

Yes, we do want full discloser so this mater can be sorted out by the court and I can send the information over to the CPS for the case of the 14/11/2013 where the police officer told KGM I had tools in my van to void my insurance. Kelly Tiller from the trade section and Jessica know fully what went on and it was Jessica that took the phone call from the police officer. After this I believe Kelly Tiller took over dealing with my policy and she was the one that had the say to cancel my policy and she was the one that believed the police until I went to the police compound and spoke to the manager there where he spoke to Kelly Tiller. If I had not done this Kelly Tiller would have cancelled my policy of insurance and I have all the emails to prove this.

320,

After Kelly Tiller found out I was not lying about having no tools in my van the insurance policy was kept in place, I did ask Kelly Tiller on more than once to send me the information and put data requests in which was not replied to. Now I have been found guilty when Kelly Tiller knows the truth that there was not tools and the police officer lied to KGM on the phone call.

I am the one that has suffered over all this not just on this case but all the times I have been taken to court for no insurance over the year my policy run with KGM due to it not showing on the MID database.

You should have all the emails already from Broadsure Direct and many was sent by them to KGM as I was told KGM could not talk to me and I had to deal with Broadsure Direct about my policy Martin Jenkins from Broadsure Direct should also have copies of all emails as I do.

I have spoken to DVLA today and asked for the data of how many times points was put on my licence due to not getting summons from police and then dealing with cases I knew nothing about and then I had to get the cases reopened, I have to write them a letter and they will send the data I have asked for in the post.

I do have a lot of letters which I will sort out scan and send over. But the 1st part I want to deal with is the court case I was found guilty at and have put an appeal in that is the most important to me right now.

We can deal with everything else once I get all the data scanned as there is really a lot and it was all due to KGM not sorting out why my insurance was not showing on the MID database. The seizers alone have left me out of pocket by around £1700.00. That is without all the days I have not been able to work due to my driving licence being messed up and showing points for no insurance. All the time going back and forward to the compound to collect my vehicles, and everything else I have had to deal with the courts when in fact I had done nothing wrong.

I have tried to deal with this for months and months without going to the ombudsman and KGM has taken no notice, it has taken me to go to the ombudsman for KGM to take any notice and I don't feel anyone would be happy with this sort of service from KGM let alone any company doing this and causing someone so much suffering.

It was one of the police in the end at the compound who in the end worked out why it was not showing up on the MID and that was because there had been a space put within my Reg Numbers. It was that bad two police compounds new me and said each time not again.

As you can see, I am not very happy about all of this, but I do not think anyone would be when they paid for their insurance and had done nothing wrong to suffer all this.

Therefore, could you please get the information I need to send to the CPS; I have written what was needed from Nov 2014 and way before this, and it still has not been sent and I have this hanging over my head. I did not just get points on my licence I got disqualified from driving for 6 months due to repeat offending of no insurance please tell me why when I have

paid for my insurance from KGM? The reason it has not been enforced is due to me putting an appeal in.

Dear Andrew
I will forward this to you within a few days I will ask the police compound to do a full print out as to all the tickets as I believe there is a few missing.
I do have around 6 of the tickets here when the vehicles were sized, I also do have court letters, and letters from DVLA, which I will forward over to you once I have scanned then in so, please give me a few days and I will get back to you with this information as there is a lot of data.
The main one at this time I am worried about is the case where the vehicle was sized due to the police lying and me being found guilty at court you did have an email on the 30 November 2014 about what was needed and I do have the court letter showing I was found guilty and about the appeal.
This data should have been given under the Subject access request under the Data Protection Act 1998 I put in, so was wondering what you can do about this and if you will need a new Subject access request under the Data Protection Act 1998, I have already sent 3 in so to do a 4th I do not feel I should need to do.
KGM have in fact not followed the protocol for the Subject access request under the Data Protection Act 1998 which has been put in 3 times already to KGM, I will be addressing this with the Information Commissioner's Office as I do not see any reason you would have to stop the information, I have asked for under this act to prove I was not in fact guilty of no insurance.

And now say to deal with this you need information from me. I can understand you want the information for the complaint that has been put in, but not the information I asked for to show I was in fact I was insured for an appeal that is ongoing. And in fact, would not have been ongoing if the Subject access request under the Data Protection Act 1998 as I would not have been found guilty.
I would like the data sent to the court as soon as possible in regards to this so they can look at the facts and see if fact I was insured so there should be no need for the appeal to go ahead with more of my time wasted going to court.

323,
To Whom It May Concern:

I am writing due to the complaint I put in. I have forwarded emails to Broadsure Direct and spoken to Broadsure Direct who took the policy of insurance out policy no: MT3574694
I have been asking for information from KGM since 2013 and have heard nothing back.
When the policy was taken out there was some reason it did not show up on the MID database Broadsure Direct and KGM was aware of this.
Due to this fact I had my vehicles were sized a number of times I believe 8 or 9 times in all, where I had to pay the costs to get my vehicles out the compound each time. In the week when I was pulled by police it was not so bad as the insurance company was opened so when I showed the police my policy, they could call the insurance company.
The seizers happened mostly at the weekend mostly due to the insurance company being closed and the police could not talk to anyone even when I had my policy on me at all times to prove I did in fact have insurance.
I made many calls to the police, Broadsure Direct, KGM and the people who run the MID database, but the issue did not go away, and my vehicles still did not show up on the MID database.
There was also a time in Nov 2013 when my van was sized this was due to KGM telling the police I was not insured due to the police telling KGM that I had tools in my van. Which was a lie by the police as I did not have anything in my van. Kelly Tiller from the trade section was dealing with this and a few days later I got a letter from KGM saying they was going to cancel my policy. As you can understand I was very upset over this as I had done nothing wrong.
At these times lots of calls was both made to KMG and Broadsure to stop the cancelation of my insurance policy, I spoke to Kelly Tiller many times, but she believed the police and I had no say in the matter. The police were off duty so I could not speak to them and Kelly Tiller was saying unless I could prove I did not have any tools in my van then the insurance policy would be cancelled which was very unfair as I had done nothing wrong, I knew I never had any tools.
But I also asked Kelly Tiller did the police tell her what tools was meant to be in my van, to which she said no. KGM was not even aware I had mechanics trade on my policy so if my mechanics tools had been in my van at the time my insurance would still have been cancelled which to me what was the point in having insurance?
I then spoke to a wonderful operator at the police when I called told her what had gone on and was told by her to go to the police compound as when any vehicles are taken there, they have to do a full list of items that are in the vehicles as they are in fact legible if something goes missing. Over that weekend I sent emails to the compound and forwarded them to Broadsure as my insurance was due to be cancelled on the Monday. On Monday I got an email from Broadsure direct asking me to go to the compound as Kelly Tiller had no luck getting a reply from them also, and once there to call Kelly Tiller due to the time on the Monday I got the email it would have been too late to go the compound and get a call to Kelly Tiller as she would have ended work for that day so I sent an email saying I would be going there early the next morning.
I went the next day and asked to speak to the manager of the compound who in fact looked up my van and said nothing was in there, there was not tools I called Kelly Tiller and the manager of the compound spoke to her and confirmed there was nothing in the van when it was taken there by police and that I had put thing in the van when I had taken it out of the compound.
At this point Kelly tiller believed me and said the policy would not be cancelled. But on my way back from the compound driving my phone ring and I stopped to pick it up and it was Broadsure direct saying my policy had in fact been cancelled I was very upset at this and told

them what had happened, I was asked to hold on they was called KGM back and would call me right back. I

324,

waited till Broadsure direct called me back and confirmed my insurance policy had not been cancelled then drove home.

From this point I have been asking for all information and putting data protection acts in which have not been dealt with and I have heard nothing from KGM.

I have been back and forward to court due to no insurance and in fact 4 cases I did not get any summons so was in fact found guilty as I did not know it was even going to court.

I have had points put on my driving licence for no reason and had to go back and forward to court many times when this should not have been the case.

Then the case come up for the seizer when the police said I had tools in my van I went to court with all my documents but due to not having the information I had asked for from KGM many times about that case I was found guilty. I am very upset about the whole policy with KGM. I have put an appeal in, and this case will be going to crown court I have again asked for information and again heard nothing. These matters need to be addressed as I am suffering due to all of this.

Martin Jenkins at Broadsure Direct knows everything that has gone on as he was my main contact.

I also have all the emails the last one that I will enclose again, which I have heard nothing about and the 1st Subject access request under the Data Protection Act 1998 that I sent on the 26/11/2013. I did in fact send the Subject access request under the Data Protection Act 1998 about time times and asked Martin Jenkins to look into why I had heard nothing about more than once.

Once I get the appeal date for crown court, I will ask the court to summons the people at KGM to deal with this matter as they know I was insurance and did nothing wrong and the police lied. All I have asked for is the data so there will be no need to summons people this way I can send the section 9 witness statements over to the crown and the other information and this case should be dropped against me.

It just seemed that KGM does not want to do anything and give me the information I need to prove in fact I was insurance and the police lied to KGM to in fact make it that I was not insurance.

There is a lot more I could say about the insurance I had with KGM, but this insurance policy was my worst nightmare. It has messed my clean driving licence up and in fact got to the point I could not drive so could not work. Due to the fact, KGM could not send me the information over that was needed to prove I did have insurance.

If you need o can send over all the emails that has been sent back and forward to Broadsure who sent them to KGM.

I have lost a lot of money, and time due to this insurance policy I have had to pay for my vehicles to be taken out of the police compound around 8 to 9 times at a cost of £180.00 to £200.00 a time. All the loss of work due to having to take time to go to the police compound, and all the times I have had to go to court for no insurance when in fact I had insurance. And points put on my driving licence to the fact I could not drive, this has all been costs to myself.

My Mother Lorraine Cordell has also written many of the emails and is fine with dealing with this issue.

Regards

Simon Cordell

Hi Martin

Thank you for getting back to me about this matter, and for you contacting KGM and getting this addressed, please see the below information that will be needed. We will also still need the section 9 witness statement from you.

The below section is what will be needed from KGM.

• Section 9 witness statement from:

1. Jessica about the call that she took, from the police officer who called KGM after Simon Cordell was stopped on the 14/11/2013. This statement will include what was said on the phone call by the police officer and what Jessica said to the police officer this would also include what sort of tools the police officer said there was in the van. Any other information as to the date of the 14/11/2013 and after this date as to any dealing Jessica had with the stop on the 14/11/2013.
2. Copy of all phone recordings between the police officer, and Jessica on the date of 14/11/2013.
3. All phone recordings of any calls that were made, to KGM from Simon Cordell or Lorraine Cordell to try to stop his insurance policy being cancelled and to address the stop that was made on the 14/11/2013.
4. The phone recording of when Kelly Tiller had asked Simon Cordell to go to the police compound, and get someone from the compound to call Kelly Tiller about the list of tools that was meant to have been in the van when the police stopped Mr. |Simon Cordell on the 14/11/2013. I believe Simon Cordell went to the police compound on the 26/11/2013 and this is where the manager of the compound and Simon Cordell spoke to called Kelly Tiller and confirmed there was in fact no tools in the van.
5. Copies of all emails that were sent from KGM to Broadsure and Broadsure to KGM with regard to the police stop of Simon Cordell on the 14/11/2013. This would include all emails of dates after the 14/11/2014 when Simon Cordell was trying to stop his insurance policy from being cancelled and was trying to address this matter of what the police had said about there being tools in his Van which was why the insurance policy was going to be cancelled.

• **Section 9 witness statement from:**

6. Kelly Tiller as to any dealing she had with the police stop on Simon Cordell on the 14/11/2013. This would include all dealing with Broadsure about this matter and any calls that was made to her by Simon Cordell and Lorraine Cordell, and any calls Kelly Tiller made about this matter about the cancellation of the policy and the stop by the police on the 14/11/2014 until this issue was addressed.
7. This would also include all details of the call that was made by the police compound to Kelly Tiller on the 26/11/2013 to prove there were no tools in the van. Which in turn stopped the cancelation of the insurance policy as I believe the reason for the cancellation was due to Kelly Tiller saying he had voided his insurance due to there being tools in the van.
8. Full details as to why the insurance policy was going to be cancelled and what Mr. Simon Cordell was meant to have done wrong which would have in fact made his insurance policy void.

9. Full details as to why in the end the insurance policy was not cancelled and the reasons for not cancelling which was due to Mr. Simon Cordell going to the police compound and the police compound confirming to Kelly Tiller over the phone there was in fact no tools in the van.
10. The reason why until Jan 2014 that Mr. Simon Cordell's insurance did not show up on the MID database.
11. Confirmation Simon Cordell did have insurance to drive on the 14/11/2014 and did not void his insurance in any way.
12. Why Kelly Tiller did not deal with all the data protection requests that had been submitted to KGM, under the data protection act 1998 subject access request, as if this had been done Simon Cordell would not be in the court system for this case.

Subject: RE: Notification Case No 8079/2014 - MT3574694
Dear Mrs Cheryl Shannon

332,

Thank you for the email it is not my intention to go to court yet.
But due to the mess up with my insurance from KGM my driving licence has been very badly damaged, and I have suffered due to the insurance I had with KGM not showing up on the Police MID database. This in turn made me keep getting pulled by the police on the weekdays it was not so bad as I always had to carry my insurance policy and showed the police and they called my insurance company. But at the weekends due to the insurance company being closed the police could not confirm I had insurance so my vehicles were sized which in turn I suffered with the cost to take my vehicles out of the police compound and wasted my time having to go to the compound when there should have been no need. Also, it caused me problems getting home after the police sized my vehicles. I am out of pocket of around £1700.00 just for the cost to get my vehicles out of the compound this is without everything else that has led on due to it showing I was not insured.
I have had to go to a number of court cases just to prove I had insurance and then there have been cases where I have had no summons from the police so could not file, I was pleading not guilty so they found me guilty when I did not even know there was a court case going ahead.
This has put points on my driving licence and fines, and I have been banned from driving. I have had to spend my time to get the cases reopened once I knew about them also.
In addition, there was one case when the police lied to my insurance company that I had tools in my van which I did not. Which I had to spend more of my time to prove to KGM that in fact there was no tools in my van as my insurance was getting cancelled for no good reason. I done this by way of having to go to the police compound as when any vehicle is impounded, they have list everything that was in the vehicle. When I got to the police compound, I spoke to a manager who confirmed there were no tools, and a telephone call was made to Kelly Tiller at KGM and she spoke to the manager and he confirmed to her there was no tools when the van was taken into the police compound or when it was removed from the police compound.
I knew this case would go to court as the police office had in fact tried to make my insurance void, so I put in Subject access request under the Data Protection Act 1998 to be able to get the information I knew I would need. KGM done nothing about this I did not get one reply from putting 3 Subject access requests under the Data Protection Act 1998 this was going back to Nov 2013. this case was heard at court and due to not having the information I needed to prove the police office was not telling the truth I was found guilty and disqualified from driving for 6 months due to repeat offending of no insurance. I have appealed this as I was insured but need the data which KGM hold to prove this, but they will not give me it. This case is due to go to the crown court I have not got a date yet but if I can get the information to the CPS it will not need to go to appeal. I have asked KGM again in Nov 2014 for the information and written what would be needed just for this case, and they still have not sent it and I being asked for information.
ATM as it stands KGM have failed to comply with 3 Subject access requests under the Data Protection Act 1998 and follow the correct protocol for acting on a Subject access request under the Data Protection Act 1998.
All this is having a huge impact on my life not being able to drive due to points on my driving licence which in fact was clean now I have such a mess to sort out just to get all of this sorted when I was in fact insured and had paid for my insurance and have done nothing wrong.
Yes, I am very upset over all of this and KGM is not helping I have been asking and asking and getting nowhere I should not be going through this. Yes I do want my money back I have lost but right now I want these court cases to be dealt with and for my driving licence to go

back to being clean with no points this is the most important part for me but KGM does not seem to understand this and this is upsetting me even more, the insurance I took out with KGM has turned into a nightmare and I don't know when this is going to end and they are going to deal with this matter so I can clear my name with DVLA and the courts.
I am forwarding you all the emails I am sending so you can see what is going on and keep updated. As you can see, I am not getting very far with the information I need to clear my name with the courts and DVLA. If KGM fail to comply with the Subject access request under the Data Protection Act 1998 and give me the information I need within 7 days I will be putting it in your hands to deal with all of the matters as this has been going on long enough.
333,
Regards
Simon Cordell

Dear Mr. Cordell,
Thank you for your emails.
I note that you have been liaising with Canopius in regard to your complaint and from the correspondence we have on file that it is your intention to go to court.
Lloyd's complaints procedure is to offer policyholders the option for a review by Lloyd's, should they remain dissatisfied with the way in which their complaint has been handled. This is an independent review by a case officer at Lloyd's. However please note once a complaint becomes the subject of a court case Lloyd's can take no further action and we would have to cease our investigation.
Therefore, please can you confirm whether you are providing these emails for information only or whether you wish Lloyd's to review your case in place of potential court proceedings.

Dear Andrew
Please see attached Insurance, which will show you full details of his insurance policy and dates covered.
Yes, we do want full discloser so this mater can be sorted out by the court and I can send the information over to the CPS for the case of the 14/11/2013 where the police officer told KGM I had tools in my van to void my insurance. Kelly Tiller from the trade section and Jessica know fully what went on and it was Jessica that took the phone call from the police officer. After this I believe Kelly Tiller took over dealing with my policy and she was the one that had the say to cancel my policy and she was the one that
334,

believed the police until I went to the police compound and spoke to the manager there where he spoke to Kelly Tiller. If I had not done this Kelly Tiller would have cancelled my policy of insurance and I have all the emails to prove this.
After Kelly Tiller found out I was not lying about having no tools in my van the insurance policy was kept in place, I did ask Kelly Tiller on more than once to send me the information and put data requests in which was not replied to. Now I have been found guilty when Kelly Tiller knows the truth that there was not tools and the police officer lied to KGM on the phone call.
I am the one that has suffered over all this not just on this case but all the times I have been taken to court for no insurance over the year my policy run with KGM due to it not showing on the MID database.
You should have all the emails already from Broadsure Direct and many was sent by them to KGM as I was told KGM could not talk to me and I had to deal with Broadsure Direct about my policy Martin Jenkins from Broadsure Direct should also have copies of all emails as I do.
I have spoken to DVLA today and asked for the data of how many times points was put on my licence due to not getting summons from police and then dealing with cases I knew nothing about and then I had to get the cases reopened, I have to write them a letter and they will send the data I have asked for in the post.
I do have a lot of letters which I will sort out scan and send over. But the 1st part I want to deal with is the court case I was found guilty at and have put an appeal in that is the most important to me right now.
We can deal with everything else once I get all the data scanned as there is really a lot and it was all due to KGM not sorting out why my insurance was not showing on the MID database. The seizers alone have left me out of pocket by around £1700.00. That is without all the days I have not been able to work due to my driving licence being messed up and showing points for no insurance. All the time going back and forward to the compound to collect my vehicles, and everything else I have had to deal with the courts when in fact I had done nothing wrong.
I have tried to deal with this for months and months without going to the ombudsman and KGM has taken no notice, it has taken me to go to the ombudsman for KGM to take any notice and I don't feel anyone would be happy with this sort of service from KGM let alone any company doing this and causing someone so much suffering.
It was one of the police in the end at the compound who in the end worked out why it was not showing up on the MID and that was because there had been a space put within my Reg Numbers. It was that bad two police compounds new me and said each time not again.
As you can see, I am not very happy about all of this, but I do not think anyone would be when they paid for their insurance and had done nothing wrong to suffer all this.
Therefore, could you please get the information I need to send to the CPS; I have written what was needed from Nov 2014 and way before this, and it still has not been sent and I have this hanging over my head. I did not just get points on my licence I got disqualified from driving for 6 months due to repeat offending of no insurance please tell me why when I have paid for my insurance from KGM? The reason it has not been enforced is due to me putting an appeal in.
You can contact my mother on 007 or 007

Dear Andrew
I will forward this to you within a few days I will ask the police compound to do a full print out as to all the tickets as I believe there is a few missing.
I do have around 6 of the tickets here when the vehicles were sized, I also do have court letters, and letters from DVLA, which I will forward over to you once I have scanned then in so, please give me a few days and I will get back to you with this information as there is a lot of data.
The main one at this time I am worried about is the case where the vehicle was sized due to the police lying and me being found guilty at court you did have an email on the 30 November 2014 about what was needed and I do have the court letter showing I was found guilty and about the appeal.
This data should have been given under the Subject access request under the Data Protection Act 1998 I put in, so was wondering what you can do about this and if you will need a new Subject access request under the Data Protection Act 1998, I have already sent 3 in so to do a 4th I do not feel I should need to do.
KGM have in fact not followed the protocol for the Subject access request under the Data Protection Act 1998 which has been put in 3 times already to KGM, I will be addressing this with the Information Commissioner's Office as I do not see any reason you would have to stop the information, I have asked for under this act to prove I was not in fact guilty of no insurance.
And now say to deal with this you need information from me. I can understand you want the information for the complaint that has been put in, but not the information I asked for to show I was in fact I was insured for an appeal that is ongoing. And in fact, would not have been ongoing if the Subject access request under the Data Protection Act 1998 as I would not have been found guilty.
336,

I would like the data sent to the court as soon as possible in regards to this so they can look at the facts and see if fact I was insured so there should be no need for the appeal to go ahead with more of my time wasted going to court.

Simon Cordell

To Whom It May Concern:
I am writing due to the complaint I put in. I have forwarded emails to Broadsure Direct and spoken to Broadsure Direct who took the policy of insurance out policy no: MT3574694
I have been asking for information from KGM since 2013 and have heard nothing back.
When the policy was taken out there was some reason it did not show up on the MID database Broadsure Direct and KGM was aware of this.
Due to this fact I had my vehicles were sized a number of times I believe 8 or 9 times in all, where I had to pay the costs to get my vehicles out the compound each time. In the week

when I was pulled by police it was not so bad as the insurance company was opened so when I showed the police my policy, they could call the insurance company.
The seizers happened mostly at the weekend mostly due to the insurance company being closed and the police could not talk to anyone even when I had my policy on me at all times to prove I did in fact have insurance.
I made many calls to the police, Broadsure Direct, KGM and the people who run the MID database, but the issue did not go away, and my vehicles still did not show up on the MID database.
There was also a time in Nov 2013 when my van was sized this was due to KGM telling the police I was not insured due to the police telling KGM that I had tools in my van. Which was a lie by the police as I did not have anything in my van. Kelly Tiller from the trade section was dealing with this and a few days later I got a letter from KGM saying they was going to cancel my policy. As you can understand I was very upset over this as I had done nothing wrong.
At this time lots of calls was both made to KMG and Broadsure to stop the cancelation of my insurance policy, I spoke to Kelly Tiller many times, but she believed the police and I had no say in the matter. The police were off duty so I could not speak to them and Kelly Tiller was saying unless I could prove I did not have any tools in my van then the insurance policy would be cancelled which was very unfair as I had done nothing wrong I knew I never had any tools.
But I also asked Kelly Tiller did the police tell her what tools was meant to be in my van, to which she said no. KGM was not even aware I had mechanics trade on my policy so if my mechanics tools had been in my van at the time my insurance would still have been cancelled which to me what was the point in having insurance?
I then spoke to a wonderful operator at the police when I called told her what had gone on and was told by her to go to the police compound as when any vehicles are taken there they have to do a full list of items that are in the vehicles as they are in fact legible if something goes missing. Over that weekend I sent emails to the compound and forwarded them to Broadsure as my insurance was due to be cancelled on the Monday. On Monday I got an email from Broadsure direct asking me to go to the compound as Kelly Tiller had no luck getting a reply from them also, and once there to call Kelly Tiller due to the time on the Monday I got the email it would have been too late to go the compound and get a call to Kelly Tiller as she would have ended work for that day so I sent an email saying I would be going there early the next morning.
I went the next day and asked to speak to the manager of the compound who in fact looked up my van and said nothing was in there, there was not tools I called Kelly Tiller and the manager of the compound spoke to her and confirmed there was nothing in the van when it was taken there by police and that I had put thing in the van when I had taken it out of the compound.
At this point Kelly tiller believed me and said the policy would not be cancelled. But on my way back from the compound driving
338,
my phone ring and I stopped to pick it up and it was Broadsure direct saying my policy had in fact been cancelled I was very upset at this and told them what had happened, I was asked to hold on they was called KGM back and would call me right back. I waited till Broadsure direct called me back and confirmed my insurance policy had not been cancelled then drove home.
From this point I have been asking for all information and putting data protection acts in which have not been dealt with and I have heard nothing from KGM.

I have been back and forward to court due to no insurance and in fact 4 cases I did not get any summons so was in fact found guilty as I did not know it was even going to court.
I have had points put on my driving licence for no reason and had to go back and forward to court many times when this should not have been the case.
Then the case come up for the seizer when the police said I had tools in my van I went to court with all my documents but due to not having the information I had asked for from KGM many times about that case I was found guilty. I am very upset about the whole policy with KGM. I have put an appeal in, and this case will be going to crown court I have again asked for information and again heard nothing. These matters need to be addressed as I am suffering due to all of this.
Martin Jenkins at Broadsure Direct knows everything that has gone on as he was my main contact.
I also have all the emails the last one that I will enclose again, which I have heard nothing about and the 1st Subject access request under the Data Protection Act 1998 that I sent on the 26/11/2013. I did in fact send the Subject access request under the Data Protection Act 1998 about time times and asked Martin Jenkins to look into why I had heard nothing about more than once.
Once I get the appeal date for crown court, I will ask the court to summons the people at KGM to deal with this matter as they know I was insurance and did nothing wrong and the police lied. All I have asked for is the data so there will be no need to summons people this way I can send the section 9 witness statements over to the crown and the other information and this case should be dropped against me.
It just seemed that KGM does not want to do anything and give me the information I need to prove in fact I was insurance and the police lied to KGM to in fact make it that I was not insurance.
There is a lot more I could say about the insurance I had with KGM, but this insurance policy was my worst nightmare. It has messed my clean driving licence up and in fact got to the point I could not drive so could not work. Due to the fact, KGM could not send me the information over that was needed to prove I did have insurance.
If you need o can send over all the emails that has been sent back and forward to Broadsure who sent them to KGM.
I have lost a lot of money, and time due to this insurance policy I have had to pay for my vehicles to be taken out of the police compound around 8 to 9 times at a cost of £180.00 to £200.00 a time. All the loss of work due to having to take time to go to the police compound, and all the times I have had to go to court for no insurance when in fact I had insurance. And points put on my driving licence to the fact I could not drive, this has all been costs to myself.
My Mother Lorraine Cordell has also written many of the emails and is fine with dealing with this issue.

Simon Cordell

Hi Martin

Thank you for getting back to me about this matter, and for you contacting KGM and getting this addressed, please see the below information that will be needed. We will also still need the section 9 witness statement from you.

The below section is what will be needed from KGM.

Section 9 witness statement from:

1. Jessica about the call that she took, from the police officer who called KGM after Simon Cordell was stopped on the 14/11/2013. This statement will include what was said on the phone call by the police officer and what Jessica said to the police officer this would also include what sort of tools the police officer said there was in the van. Any other information as to the date of the 14/11/2013 and after this date as to any dealing Jessica had with the stop on the 14/11/2013.
2. Copy of all phone recordings between the police officer, and Jessica on the date of 14/11/2013.
3. All phone recordings of any calls that were made, to KGM from Simon Cordell or Lorraine Cordell to try to stop his insurance policy being cancelled and to address the stop that was made on the 14/11/2013.
4. The phone recording of when Kelly Tiller had asked Simon Cordell to go to the police compound, and get someone from the compound to call Kelly Tiller about the list of tools that was meant to have been in the van when the police stopped Mr. |Simon Cordell on the 14/11/2013. I believe Simon Cordell went to the police compound on the 26/11/2013 and this is where the manager of the compound and Simon Cordell spoke to called Kelly Tiller and confirmed there was in fact no tools in the van.
5. Copies of all emails that were sent from KGM to Broadsure and Broadsure to KGM with regard to the police stop of Simon Cordell on the 14/11/2013. This would include all emails of dates after the 14/11/2014 when Simon Cordell was trying to stop his insurance policy from being cancelled and was trying to address this matter of what the police had said about there being tools in his Van which was why the insurance policy was going to be cancelled.

Section 9 witness statement from:

6. Kelly Tiller as to any dealing she had with the police stop on Simon Cordell on the 14/11/2013. This would include all dealing with Broadsure about this matter and any calls that was made to her by Simon Cordell and Lorraine Cordell, and any calls Kelly Tiller made about this matter about the cancellation of the policy and the stop by the police on the 14/11/2014 until this issue was addressed.
7. This would also include all details of the call that was made by the police compound to Kelly Tiller on the 26/11/2013 to prove there were no tools in the van. Which in turn stopped the cancelation of the insurance policy as I believe the reason for the cancellation was due to Kelly Tiller saying he had voided his insurance due to there being tools in the van.
8. Full details as to why the insurance policy was going to be cancelled and what Mr. Simon Cordell was meant to have done wrong which would have in fact made his insurance policy void.

9. Full details as to why in the end the insurance policy was not cancelled and the reasons for not cancelling which was due to Mr. Simon Cordell going to the police compound and the police compound confirming to Kelly Tiller over the phone there was in fact no tools in the van.
10. The reason why until Jan 2014 that Mr. Simon Cordell's insurance did not show up on the MID database.
11. Confirmation Simon Cordell did have insurance to drive on the 14/11/2014 and did not void his insurance in any way.
12. Why Kelly Tiller did not deal with all the data protection requests that had been submitted to KGM, under the data protection act 1998 subject access request, as if this had been done Simon Cordell would not be in the court system for this case.

Lorraine

the mess up with my insurance from KGM my driving license has been very badly damaged, and I have suffered due to the insurance I had with KGM not showing up on the Police MID database. This in turn made me keep getting pulled by the police on the weekdays. It was not so bad as I always had to carry my insurance policy and show it to the police and they called my insurance company. But at the weekends due to the insurance company being closed the police could not confirm I had insurance so my vehicles were sized which in turn I suffered with the cost to take my vehicles out of the police compound and wasted my time having to go to the compound when there should have been no need. Also, it caused me problems getting home after the police sized my vehicles. I am out of pocket of around £1700.00 just for the cost to get my vehicles out of the compound this is without everything else that has led on due to it showing I was not insured. I have had to go to a number of court cases just to prove I had insurance and then there have been cases where I have had no summons from the police so could not file, I was pleading not guilty so they found me guilty when I did not even know there was a court case going ahead. This has put points on my driving license and fines, and I have been banned from driving. I have had to spend my time to get the cases reopened once I knew about them also. In addition, there was one case when the police lied to my insurance company that I had tools in my van which I did not. Which I had to spend more of my time to prove to KGM that in fact there was no tools in my van as my insurance was getting cancelled for no good reason. I done this by way of having to go to the police compound as when any vehicle is impounded, they have to list everything that was in the vehicle. When I got to the police compound, I spoke to a manager who confirmed there were no tools, and a telephone call was made to Kelly Tiller at KGM and she spoke to the manager and he confirmed to her there was no tools when the van was taken into the police compound or when it was removed from the police compound. I knew this case would go to court as the police office had in fact tried to make my insurance in the void, so I put in the Subject access request under the Data Protection Act 1998 to be able to get the information I knew I would need. KGM has done nothing about this. I did not get one reply from putting 3 Subject access requests under the Data Protection Act 1998 this was going back to Nov 2013. This case was heard at court and due to not having the information I needed to prove the police office were not telling the truth I was found guilty and disqualified from driving for 6 months due to a repeat offending of no insurance. I have appealed this as I was insured but need the data which KGM hold to prove this, but they will not give me it. This case is due to go to the crown court I have not got a date yet but if I can get the information to the CPS, it will not need to go to appeal. I have asked KGM again in Nov 2014 for the information and written what would be needed just for this case, and they still have not sent it and I being asked for information. ATM as it stands KGM have failed to comply with 3 Subject access requests under the Data Protection Act 1998 and follow the correct protocol for acting on a Subject access request under the Data Protection Act 1998. All this is having a huge impact on my life not being able to drive due to points on my driving license which in fact was clean now I have such a mess to sort out just to get all of this sorted when I was in fact insured and had paid for my insurance and have done nothing wrong. Yes, I am very upset over all of this and KGM is not helping I have been asking and asking and getting nowhere I should not be going through this. Yes I do want my money back I have lost but right now I want these court cases to be dealt with and for my driving license to go back to being clean with no points this is the most important part for me but KGM does not seem to understand this and this is upsetting me even more, the insurance I took out with KGM has turned into a nightmare and I don't know when this is going to end and they are going to deal with this matter so I can clear my name with DVLA and the courts. I am forwarding you all the emails I am sending so you can see what is going on and keep updated. As you can see, I am not getting very far with the information I need to clear my name with the courts and DVLA. If KGM fail to comply with

the Subject access request under the Data Protection Act 1998 and give me the information I need within 7 days I will be putting it in your hands to deal with all of the matters as this has been going on long enough."

I understand you were stopped several times and had vehicles seized, you are in the process of obtaining evidence of these vehicle seizures and the costs incurred by you as a result for us to consider compensation. When you have gathered this, please forward the evidence to us as soon as possible. There is also the matter of your Data Subject Access Request. I have spent some time today tracking down recorded calls and various communications and hove notified our Data Protection Officer of your request. I can see that you have made a request, any request should correctly be sent on for the attention of the Data Protection Officer along with a £10 fee. Your request was addressed generally to KGM with no fee and it would appear not actioned. The underwriter dealing with your request should have asked immediately for the fee payment and escalated your request accordingly. This was not done for which I must apologise, as a result we will waive the fee requirement and I would confirm this is now in hand. We have yet to issue a final response to your complaint and I would assure you we will do this as soon as we have received your response to the above points."

Dear Mr. Cordell,
Unfortunately, Andy has been called away due to a family emergency, in his absence I have picked this matter up. The first order of business to my mind is dealing with the Court case, can you confirm when the date has been set for the hearing, please? Dear Andrew
Please see attached Insurance, which will show you full details of his
1316,
insurance policy and dates covered. Yes, we do want full discloser so this mater can be sorted out by the court and I can send the information over to the CPS for the case of the 14/11/**2013** where the police officer told KGM I had tools in my van to void my insurance. Kelly Tiller from the trade section and Jessica know fully what went on and it was Jessica that took the phone call from the police officer. After this I believe Kelly Tiller took over dealing with my policy and she was the one that had the say to cancel my policy and she was the one that

believed the police until I went to the police compound and spoke to the manager there where he spoke to Kelly Tiller. If I had not done this Kelly Tiller would have cancelled my policy of insurance and I have all the emails to prove this. After Kelly Tiller found out I was not lying about having no tools in my van the insurance policy was kept in place, I did ask Kelly Tiller on more than once to send me the information and put data requests in which was not replied to. Now I have been found guilty when Kelly Tiller knows the truth that there was not tools and the police officer lied to KGM on the phone call. I am the one that has suffered over all this not just on this case but all the times I have been taken to court for no insurance over the year my policy run with KGM due to it not showing on the MID database. You should have all the emails already from Broadsure Direct and many was sent by them to KGM as I was told KGM could not talk to me and I had to deal with Broadsure Direct about my policy Martin Jenkins from Broadsure Direct should also have copies of all emails as I do. I have spoken to DVLA today and asked for the data of how many times points was put on my licence due to not getting summons from police and then dealing with cases I knew nothing about and then I had to get the cases reopened, I have to write them a letter and they will send the data I have asked for in the post. I do have a lot of letters which I will sort out scan and send over. But the 1st part I want to deal with is the court case I was found guilty at and have put

1317,

We can deal with everything else once I get all the data scanned as there is really a lot and it was all due to KGM not sorting out why my insurance was not showing on the MID database. The seizers alone have left me out of pocket by around £1700.00. That is without all the days I have not been able to work due to my driving licence being messed up and showing points for no insurance. All the time going back and forward to the compound to collect my vehicles, and everything else I have had to deal with the courts when in fact I had done nothing wrong. I have tried to deal with this for months and months without going to the ombudsman and KGM has taken no notice, it has taken me to go to the ombudsman for KGM to take any notice and I don't feel anyone would be happy with this sort of service from KGM let alone any company doing this and causing someone so much suffering. It was one of the police in the end at the compound who in the end worked out why it was not showing up on the MID and that was because there had been a space put within my Reg Numbers. It was that bad two police compounds new me and said each time not again. As you can see, I am not very happy about all of this but I do not think anyone would be when they paid for their insurance and had done nothing wrong to suffer all this. Therefore, could you please get the information I need to send to the CPS, I have written what was needed from Nov **2014** and way before this, and it still has not been sent and I have this hanging over my head. I did not just get points on my licence I got disqualified from driving for 6 months due to repeat offending of no insurance please tell me why when I have paid for my insurance from KGM? The reason it has not been enforced is due to me putting an appeal in. You can contact my mother on 007 or 007

THE CLERK OF THE COURT:	Are you Simon Cordell?
THE DEFENDANT:	Yes, that is correct.
THE CLERK:	Thanks. Take a seat.
THE RECORDER:	Mr. Pottinger, yes?
MR. POTTINGER:	My learned friend Mr. Kennedy is for the appellant. Your Honour, the ~ this is a case of no insurance.
THE RECORDER:	Mm.
MR. POTTINGER:	The defendant was stopped on Brixton Hill in a Ford Transit with a colleague. There are some disputes as to facts but according to the officer he appeared to be working at the time. There is in place a valid policy of insurance for that vehicle, the vehicle covering social, domestic, pleasure and motor trade purposes but not work.
THE RECORDER:	Social, domestic...?
MR. POTTINGER:	Pleasure and motor trade purposes. I have been -1 was looking at Archbold with my learned friend just to see as far as what issues — who the burden is on. The prosecution has to prove that the defendant used a vehicle on a road. Once that is established, it is for the defendant to prove there was a valid policy of insurance in force at the time. There is no dispute the vehicle was being used on a road, there's no dispute there was a valid policy of insurance in force at the time. The dispute here is the nature of the use at the time and in the place. I just want to check before we start on whom that burden falls.
THE RECORDER:	Right.
MR. POTTINGER:	Archbold is silent on the point. I was just reconsidering matters. I don't know if — I really think it should be established before we start just by looking at a court copy of Wilkinson although the difficulty being — or sometimes Blackstone is clearer than others. But I think it's something that really needs to just be checked before we start because
THE RECORDER:	I agree. Because if you can't prove it
MR. POTTINGER:	Well, the Crown have — we have evidence that we say shows he was working at the time.

THE RECORDER:	Working?
MR. POTTINGER:	The defendant will say other -- but who's — who's got to prove it and to what standard.
THE RECORDER:	I understand. Exactly.
MR. POTTINGER:	The – I mean, it's — it's clear that the Crown say he was in work B clothes with a friend, covered in paint.
THE RECORDER:	Yes.
MR. POTTINGER:	On a weekday afternoon. And he was -- gives some kind of explanation.
THE RECORDER:	So, if I drove home in my robes that might indicate that I was working instead of commuting?
MR. POTTINGER:	If — well, that's the issue. Because there -- there is no dispute that there was in policy — in force a valid policy.
THE RECORDER:	Has -- anyone got this policy?
MR. POTTINGER:	There's some correspondence which has been obtained, yes. The officer at the time made enquiries with the insurance company.
THE RECORDER:	Okay.
MR. POTTINGER:	But whether it covers the use -- and I --1 do also have recollections that — I just want to see if I can find a reference because I
THE RECORDER:	Do you? Well, I think — I think you need to find
MR. POTTINGER:	I think there are cases covering where there's a clause in the policy and what — what exactly offence, if anything, committed.
THE RECORDER:	Yes.
MR. POTTINGER:	I just want to check that.
THE RECORDER:	Yes, I think — I think you need to.

MR. POTTINGER:	I was thinking -- just looking it up before that was fine but actually, thinking again, we're not ready because we just need to check this point of law.
THE RECORDER:	Yes, you need to clarify that. My knee-jerk reaction is that it will be on the Crown to prove that
MR. POTTINGER:	That's my knee-jerk reaction as well.
THE RECORDER:	but I
MR. POTTINGER:	But I just think we should clarify it.
THE RECORDER:	I agree entirely. Mr. Kennedy, any views?
MR. KENNEDY:	I agree with everything that's been said.
THE RECORDER:	Okay.
MR. KENNEDY:	It's a single-issue case.
THE RECORDER:	Yes.
MR. KENNEDY:	Whether he was using that vehicle for working that day.
THE RECORDER:	Right.
MR. KENNEDY:	That's the issue.

THE RECORDER:	Can you help me with this? Whose -- policy is it? Is it a work policy? Is it a domestic policy? What are we talking?
MR. KENNEDY:	It's this -- it's his policy.
THE RECORDER:	It's his policy. And has he got a copy of it?
MR. KENNEDY:	Yes. We've got a copy available.
THE RECORDER:	Could — could — could we see a copy of it —
MR. KENNEDY:	Sure.
THE RECORDER:	whilst this is going on so that we can at least have a look at what's -- happening.

MR. KENNEDY:	Mm.
THE RECORDER:	If you'd like to hand it to the clerk, maybe she'd be good enough to copy it for us and bring it through to us. We'll rise until you've sorted it out.
MR. POTTINGER:	Yes.
MR. KENNEDY:	I've got spare copies so
THE RECORDER:	Oh, thank you. That's even better. Good. Thank you very much. Let us know as soon as you're ready.
MR. POTTINGER:	Yes. (There followed a short adjournment)
THE RECORDER:	How are you doing, Mr. Pottinger?
MR. POTTINGER:	Your Honour, I think gut-feeling is the right feeling so -- we didn't find a case directly on point but I think just looking at it very carefully and standing back, because the use has to be proved then it's the
THE RECORDER:	Yes.
MR. POTTINGER:	And that's the fairest way of dealing with it in any event.
THE RECORDER:	So, the issue as far as the Crown is concerned is whether or not he was working at the time? Is that it?
MR. POTTINGER:	Yes.
THE RECORDER:	Because
MR. POTTINGER:	Or whether he was -- well, whether he was using the vehicle for work purposes.
THE RECORDER:	Yes. What concerns me is — is whether or not we in any event have enough information. Because this is merely the certificate of motor insurance. There should be a schedule of motor insurance. Is that available? The actual policy. Because it is the experience of those on the Bench that on occasions it is very difficult to ascertain the point

	that's being made here and that the policy itself may have a different specification to that set out on the certificate. In other

5

221,

THE RECORDER:	words, if KGM were asked "In the circumstances that we, the defence, put before you, were this man insured?" and the answer is "Yes" then how can this court adjudicate on this matter now in the absence of that information? Do you have that information? There's a nodding going on from behind you.
MR. KENNEDY:	The information I have comes from the appellant himself regarding his version of the facts which is that — his contention is that he was driving to go and see somebody about
THE RECORDER:	Yes.
MR. KENNEDY:	the possibility of future work.
THE RECORDER:	Right. I appreciate that.
MR. KENNEDY:	And -- he spoke to his insurers
THE RECORDER:	Yes.
MR. KENNEDY:	and asked whether he would be covered if that were the position
THE RECORDER:	Right.
MR. KENNEDY:	to which the answer was Yes.
THE RECORDER:	All right.
MR. KENNEDY:	I — I don't believe he can contend that if he were using it as a tradesman for working - which is the Crown's position - that he would have been covered.
THE RECORDER:	Right. So, he doesn't contend that. But you're saying that in fact he has evidence of or he has hearsay evidence of -1 don't know which it is at the moment - the fact that KGM say he would have been covered for what he was doing at the time?
MR. KENNEDY:	He does. And I don't -- and I don't think the Crown take issue with that.
THE RECORDER:	All right.
MR. KENNEDY:	Having discussed the matter briefly with the Crown, it really is a question (Inaudible).

6

223,

THE RECORDER:	Of what he was doing at the time. All right.
MR. KENNEDY:	Yes.
THE RECORDER:	I'm jumping the gun. Thank you.

MR. POTTINGER:	Well, I
THE RECORDER:	Over to you, Mr. Pottinger.
MR. POTTINGER:	I don't - the -1 don't - I
THE RECORDER:	If you call your evidence to show us that he was not covered and then we'll take it from there.
MR. POTTINGER:	Well, we — we — we simply show what he was doing at the time and what he said to the officer.
THE RECORDER:	Yes. And so, if you want to adduce your evidence that says that he was driving not in accordance with this policy, then we can get on with it, can't we?
MR. POTTINGER:	Yes. I don't know whether I'm being told I've been ~ I've made a concession which I haven't necessarily made.
THE RECORDER:	All right.
MR. POTTINGER:	That — that's the point.
THE RECORDER:	Well, listen. I think I'm — I'm -- sort of jumping the gun here. We're -- concerned about the civil aspect of this.
MR. POTTINGER:	Yes.
THE RECORDER:	And it may be that it will come to a position when in fact we can't carry on. But from what I've heard from the two of you at the moment, let's get on with it. And if it gets to that point and we think there's been an injustice done because it needs more input from KGM, then we'll say so. My concern is this -I'm quite frank - that I think this would be the simplest thing in the world to sort out, that somebody ought to get a letter from KGM and say "In the circumstances as told to us by Mr. Cordell he is..." or "...isn't covered." If the Crown then say, "Well, what he's telling them is a load of porky pies" then you have a case.

7

224,

MR. POTTINGER:	Yes.
THE RECORDER:	But without knowing the first part
MR. POTTINGER:	Well, I've not seen anything and I — because I know the officer rang the company and said he's — he's using it for work but — but clearly the — touting for work or whatever. I don't know what the — what the position is as far as that's concerned. That's -- a matter for the defence to prove and at the moment they
MR. KENNEDY:	Well, I'm getting slightly lost here and it's probably my fault. My understanding of this case is this, that he has an insurance policy for that vehicle. It wouldn't cover him if he were working. The Crown say that he was working. They're — they're about to call evidence to say so. His -- he says he wasn't. He says that he was going to see somebody about future work and I don't — as I understand it, I don't think the Crown

	suggest that if his position is correct or cannot be disproven that they — that his insurance was invalid.
THE RECORDER:	That's -- the point.
MR. POTTINGER:	Yes.
THE RECORDER:	Are the — are the Crown taking that stance or not? Or are you saying, irrespective of what he says about it on that date now, and the Crown have the advantage of hearing what he said about it, presumably, at the court below, if your position is "We say, irrespective of what he said, he wasn't insured" then we need to sort that out. If you say — if you accept his version of events, "We accept he was insured" then we can bat on. Or we can bat on anyway.
MR. POTTINGER:	Yes.
THE RECORDER:	But the point about it is all I'm trying to do is pre-empty
MR. POTTINGER:	Yes.
THE RECORDER:	a situation where we suddenly have to start making enquiries from an insurance company. But all we're doing in fact is chewing the breeze and wasting time. **MR. POTTINGER:**
THE RECORDER:	Yes.
MR. POTTINGER:	So, let's get on with it.
MR. POTTINGER:	Well, let's just carry on.

8

225,

THE RECORDER:	Yes. Fine.
MR. KENNEDY:	Well, sorry. Can I establish whether the Crown -- it's set out in one-line following caution - "You don't know nothing. I was trying to get a job here. You don't understand, man." That in a nutshell is his position.
THE RECORDER:	Thank you.
MR. KENNEDY:	That he was going to see somebody
THE RECORDER:	Right.
MR. KENNEDY: —	about obtaining future work. My
THE RECORDER:	I've got it. Mr. Pottinger, is that accepted? So that in other words what -- we're asking the Crown is do you accept that if in fact he was only going to look for work, as he asserts, that he was covered?
MR. POTTINGER:	(After a long pause) I just (Inaudible). Not necessarily. I'm just thinking whether -- that — because obviously it's social, domestic, pleasure and motor trade purposes. If -- a man is driving round in rounds touting for work with a van and cards for work
THE RECORDER:	Well, this is what concerned me.

MR. POTTINGER:	And there are cards in the van. I am concerned. I'm not sure that necessarily is
THE RECORDER:	I have my cards in the car. It doesn't mean I'm driving round touting for work.
MR. KENNEDY:	Can I -- can I expand then. Not touting around looking for tradesman work or — or the like but was going to see somebody at a building that was going to be turned into a club, looking for a management role in the club.
THE RECORDER:	Yes.
MR. KENNEDY:	That's what we would say clearly. So, it's not — it's not driving around looking for handiwork. The Crown's evidence seems — they're — they're obviously not constrained by what's simply in the one witness statement but it does seem geared very much towards saying that he is a tradesman going about his daily work.

9

226,

THE RECORDER:	Does the Crown know what its case is?
MR. POTTINGER:	Well
THE RECORDER:	I — I — I — I'm really concerned about this because I'm concerned just taking it off one piece of paper, the certificate.
MR. POTTINGER:	Yes.
THE RECORDER:	There is a policy in existence. There must be.
MR. POTTINGER:	Yes.
THE RECORDER:	And the policy should set out the details of this certificate. **Q** And the Crown should be able to look at that policy and say Yes or No to the proposition that's being put forward or "We will make enquiries". Let's say, for the sake of example, Mr. Cordell had run into the back of a police car and dented it and the insurance company had said "You weren't covered because of what you were or weren't doing" then we know where we are. What we don't know at the moment is what the insurance company say about what he was doing at the time on D his version of events. And without knowing that, how can we know whether he was covered or not just on the basis of a certificate of motor insurance which is not the full policy which may say or may explain whether or not he is? That -- that's my real concern about this. I — I think this — this situation is — is
MR. KENNEDY:	I can't take an unfair advantage and I wouldn't seek to. The Crown — well, they had the advantage at the lower — at the lower court
THE RECORDER:	Exactly, yes.
MR. KENNEDY:	of knowing what the position is. But it's the Crown to -- it's the Crown to prove the -- that the -- well, (Inaudible), I suppose.
THE RECORDER:	I — I am unhappy about proceeding without input, proper input, from KGM. That's the bottom line. You need it and you need it and it should have been done.

MR. KENNEDY:	Well, I have the hearsay evidence. I'm not sure that I do
THE RECORDER:	Yes.
	need it for — for this reason. If it's — the burden is on the **A** Crown. Once you've got a prima facie valid insurance document, which we have

10
227,

MR. KENNEDY:	A Thank you.
MR. POTTINGER:	It was -- (To Mr. Kennedy) I can lead on the date and time? Is that right?
MR. KENNEDY:	Yes.
MR. POTTINGER:	Yes. It was 14th November. That's a Thursday? Is that right?
A	Yes, that's correct.
Q	1300 hours? Is that right? And you were in Brixton Hill? Is that right?
A	Yes, Brixton Hill.
Q	And what were the nature of your duty, please?
A	It was a traffic operation.
Q	And what — were you monitoring the traffic flow and stopping various vehicles for checks?
A	Yes.
Q	Is that right?
A	Yes, there were officers up and down Brixton Hill and I believe there were also a couple of officers who were sort of spotting vehicles further up the road.
Q	Right. And were you given a registration number to - to stop?
A	Yes. Over the radio I received a message relating to a vehicle and that vehicle — actually I expected my colleagues to pull it over further up the road and for whatever reasons they didn't.
Q	But you stopped it further down? Is that right?
A	Yes. Well, Mr. Cordell was pulling over anyway.
Q	And so you walked up to the vehicle and -- who was the driver, please?
A	Mr. Cordell.
Q	And was there anybody — what conversation did you have with him, please?
A	So I walked over and explained to him that I was obviously stopping him - granted he'd already stopped -and that I was wanting to check his driving documents, specifically obviously driving licence and insurance.
Q	And what did he say to that?

A	He said that he's -- "I'm busy. I'm just off to do some work" and as part of that he sorts of gestured towards what — a building that used to be the South Beach nightclub or bar on Brixton Hill.

12

228,

Q	Just before you go any further, the vehicle itself -- what kind of vehicle was it?
A	It was a white Ford transit van and the vehicle registration mark was Charlie X- ray 52 Juliet Romeo Zulu.
Q	So, he said "I'm busy. I'm just off to do some work." What did you then say to him?
A.	Obviously, I explained to him that I needed to check his documents.
Q	And what else did he say?
A	"Well, I'll give you my insurance but I'm just going to be there to do some work."
Q	And what were he pointing to, please?
A	Towards the South Beach nightclub or bar on Brixton Hill.
Q	And what did you then explain to him?
A	I explained that he'd have to sort of wait with me whilst I obviously checked the documents that he was producing.
Q	I think he gave you his name and date of birth, 26th January 81? Is that right?
A	Yes, that's correct.
Q	Was there anybody else in the vehicle?
A	Yes, there was a passenger in the vehicle, in the front cab of the van, and that gentleman was a male, Dean Reid, with a date of birth of 11th February 1992.
Q	And he showed you an insurance certificate? Is that right?
A	Yes, that's correct.
Q	And what were the cover shown on the insurance certificate, please?
A	So, it showed that Mr. Cordell could drive any vehicle he owned or had possession of for social, domestic, pleasure and motor trade purposes.
Q	And given that, did you make any enquiries as far as the cover that was on his policy, please?
A	Yes, that's correct. I did so. And obviously given what he'd said to me at the time, I contacted a Jessica Kempton in the Underwriting Department at KGM Motor Insurance by telephone.
THE RECORDER:	Is there a hearsay notice, please?
MR. POTTINGER:	No. Well, I — I was — I was not going to -- as far as you were - I don't want you to give the answers concerned, but did you — what did you tell

13

229,

A	The insurers as far as you were concerned was the use that the vehicle was being used for?
A	I suspected the vehicle was being used for business purposes rather than any of A the social, domestic, pleasure or motor trade purposes and for that reason obviously I contacted them to see if it was covered, obviously suspecting that Mr. Cordell wasn't actually covered to drive the vehicle on his policy that he produced.
Q	Just tell us what Mr. Cordell's appearance was, please, that day? What was he wearing?
B	
A	In essence both Mr. Cordell but also his -- colleague or his partner, the passenger in the vehicle, they were both sort of wearing working clothes covered in sort of paint and dirt which again gave me sort of cause to suspect that they were out to do some work for business.
C	
Q	What was the -- what was in the vehicle? What was the condition of the vehicle?
A	It was, I suppose, what I might describe as just an average kind of builder's sort of transit van, loose sort of debris, loose items and general dirt in the footwell area and over the dashboard. In the front of the van also was quite a number of business cards and those business cards had the names Simon and Dean on there, a sort of D company name or a trading name of TS Enterprise and it also on that card offered a range of services including general repairs, painting and decorating, man & van, removals, cleaning and property maintenance services.
Q	And so it's Simon Cordell, Dean Reid? That was the names of the two?
A	Yes.
E	I think you then pointed -- is that right? You then took the view that they were driving without valid insurance for — for the purpose? Is that right?
Q	Yes. That's the view I formed. I obviously suspected it already but kind of at that point I was -- yes, I pointed out the offence of driving without insurance.
A	
F	And you cautioned him? Is that right?
Q	Yes, I did.
A	And what did he say in reply to the caution?
Q	He said, "Nah, you don't know nothing. I was trying to get a job here. You don't understand me."
A	What -- had you proposed to do as far as the offence was concerned?
Q	Basically, I would have issued a fixed penalty notice and obviously seized the vehicle also.
H	

230,

Q	Without going into detail, were you — were you able to issue the ticket at the time?
A	Not initially, no.
Q	But were you able to establish a satisfactory address at the scene of him?
A	Not at the scene, no, but subsequently we were able to issue a fixed penalty notice.
Q	Again, in general terms was Mr. Cordell being co-operative?
A	No.
Q	What was his demeanour and how did that develop?
A	I would say un-co-operative. I personally found some of the language he was using towards me quite offensive, some of the comments he was making.
Q	Did you call for assistance from — from a senior officer at one stage?
A	Mr. Cordell insisted at one point that — that an Inspector attend. Fortunately, as it was, as I mentioned, a traffic operation, there was an Inspector within the sort of immediate area and an Inspector did come down and speak to Mr. Cordell.
Q	After the Inspector had left, were you still able — were you then able to issue the fixed penalty notice?
A	No, I was not.
Q	I think you eventually - is that right? - arrested him? Is that right?
A	Yes. Unfortunately, I was inevitably having to deal with it by that way because, you know, he was so un-co-operative.
Q	But I think at the police station - is that right? - with the help of the custody sergeant you were then able to issue the fixed penalty notice?
A	Yes, yes.
Q	Is that right?
A	Yes.
Q	And I think you — you made a further check on the policy back at the police station to check it was social, domestic, and pleasure and -- motor trade? Is that right?
A	Yes. I contacted MIB, the Motor Insurance Bureau.
MR. POTTINGER:	Yes. If you'd just like to wait there.

15

231,

A	**Cross-examined by MR. KENNEDY**
B	
Q	Officer, you compiled your notes shortly after this incident, did you?
A	Yes, that's correct.

Q	And they're — it's a pretty detailed note you took, isn't it, of this incident?
A	Sort of the standard I like to try
Q	Yes.
A	and adhere to, yes.
Q	Comprehensive, isn't it?
A	Yes, I — as -- best I can say, yes.
C	All the relevant details that you could remember at the time of the writing of the notes?
Q	Yes.
A	Now my questions really are geared towards a single issue here. It's whether this man was working that day in his van. Whether Mr. Cordell was working. He wasn't stopped in the initial -- what happens in these operations, isn't it, is that vehicles drive along and there's police at usually two different spots in the road and cars are stopped if you want to check their documents, cars and vehicles? Is that right? Obviously different operations will be organised differently but, yes, in general that —that sounds about right.
Q	And on this occasion Mr. Cordell -- he wasn't actually stopped, he pulled up of his own accord close to where this operation was taking place? A Yes.
Q	And then you went and approached him? Is that right?
Q	Yes, that's correct. F
A	And you formed the impression, you have told us in as many words, that he was working that day?
Q	Yes.
A	Working as a — as some sort of tradesman that day? Yes. G
Q	Just to cover quick points, you didn't see him working?
Q	No.

16

232,

Q	You did not speak to anyone he was working for?
A	No.
Q	You did not seize or view any paperwork pertaining to him working that day?
A	No.
Q	When he was cautioned, he said "Nah, you don't know nothing. I was trying to get a job here. You don't understand, man"? That's what you've noted?
A	Yes.
Q	Isn't it the case that before he made that comment following arrest that he was explaining to you that he wasn't working and that he was actually going to see someone about getting future work?

A	The only comment I've made in my notes is — is that initial one which stated -- where he stated "I'll give you my insurance but I'm just going in there to do some work".
Q	Forget your notes for a moment. Let's concentrate on this phrase, this agreed phrase - "Nah, you don't know nothing. I was trying to get a job here. You don't understand, man." Okay? Before he said that, isn't it the position that he was explaining "I was trying to get a job here"?
A	I don't recall that. My — my recollection is that he was there to try and get some work.
Q	All right — sorry?
A	He was there to try and get some work. So, whether it — I don't know whether you're asking me about a job or work. It's
Q	That was — that was what he said? "I'm there to try and get some work"?
A	Yes.
Q	Now we know he said that after arrest. Yes? You've noted that.
A	I don't believe it was after arrest.
Q	Sorry. After caution.
A	Yes, after caution.
Q	Yes. He'd said that earlier before that, hadn't he?
A	Sorry, can I ask you just to go over that again?
Q	Yes. Right. You've said how you cautioned him. And you reasonably suspected Mr. Cordell was driving the vehicle for business purposes. You pointed out the offence of no insurance and then you cautioned him to which the response

17
233,

Q	was "Nah, you don't know nothing. I was trying to get a job here. You don't understand, man." Okay?
A	Yes, that's correct.
Q	So, after the caution he said to you that you weren't understanding him and that he was trying to get a job? B A Yes, that's correct.
Q	Okay. Now what I'm suggesting to you is before the caution there was a conversation in which he was trying to get you to understand that he was looking — he had an appointment to see someone about future work.
C	I don't recall that, unfortunately.
A	the ~ it might just be a turn of phrase but you said that he was wearing working clothes in paint — covered in paint and dirt. That caused you to suspect he was working? Yes?
Q	Yes.

A	The — there was a dispute by the roadside, wasn't there, about whether he was working?
D	Yes, yes. That is fair to say.
Q	and he was saying he wasn't and you were saying he was?
A	Yes.
Q	Right. The initial conversation with him or the initial interaction with him you have said that he said "I'm busy. I'm just off to do some work. I'll give you my insurance. I'm just going in there to do some work." He never said that, did he?
A	Well, I believe he did, yes.
Q	You've just said a moment ago that he was disputing that he was working?
A	Yes. He subsequently did dispute that.
Q	Right. So, you're saying there was this change of tack? Is that your evidence?
A	Yes. My evidence is that Mr. Cordell when he realised that the trader's policy wasn't going to sort of pull any wool over my eyes, he actually became -- that's what caused him to become un-co-operative towards me, when he realised that actually he wasn't going to be successful in fobbing me off.
F	Well, I suggest to you -- I'll make it plain. His case is that you are either being untruthful or mistaken when you say that he said that he was off to do some work?
A	Well, I certainly am being truthful.

18

234,

Q	So, we've got in terms of your - obviously informing your thinking of why he — why you thought he was working, you've got — it was a -- it was a week day and it was during working hours? Yes?
A	Yes.
Q	That's equally consistent with going to see someone about future work? Would you agree?
A	Yes, it's — in and of itself it's not enough, no.
Q	You make the point about his what you say were working clothes covered in paint and dirt?
A	Yes.
Q	I suggest to you you're wrong about that and in fact he had on maybe scruffy jeans but he wasn't in workmen's clothing?
A	(No audible reply)
Q	You're wrong, aren't you? He had scruffy jeans on but he didn't have workmen's clothing?
A	Well, I — I can't recall the exact clothing but he looked to me like a builder from the paint, the — the dirt on his clothes.
Q	But we've got no description of the clothing really, have we?

A	If I just refer to my notes. Yes. In my statement all I — all I say is that they were dressed in clothing covered with paint and other dirt.
Q	Jeans, overalls, colour?
A	I don't recall.
Q	This was a point you raised with him by the roadside and he explained to you that these weren't his — these weren't working clothes. Do you recall that?
A	No, I don't recall that, no.
Q	The cards that you rely on to -- that informed your thinking. Did you seize any of these cards?
A	Yes, I did seize one of those business cards.
Q	Have you got it?
A	No. Unfortunately, I do not have it with me.
Q	Why not?
A	I was unable to obtain it from the property store at Kennington police station.

19

235,

Q	Again, this was a point that you raised with Mr. Cordell by the roadside and he explained how the card wasn't for him working as a tradesman, rather that he has a company which acts as a middleman for tradesmen and that's why his name was on the card. Do you remember that?
A	No, I do not recall that.
Q	So, we've got the time of the day, you've got his clothing, you've got the cards. Anything else?
A	And his initial comment of course.
Q	Workmen often, tradesmen, will carry tools around in a van, won't they?
A	Yes. Often.
Q	Any tools?
A	Not that I recall, no.
Q	There's no reference to tools in your statement, is there?
A	No.
Q	I think you were asked about this at the Magistrates' Court. There's no secret. This matter has been before the Magistrates' Court. And I think it's right you gave the same answer you've just given; you don't recall there being any tools?
A	Yes. I don't recall.
Q	You would have noted them?
A	I would like to think so.
Q	If you're noting factors which suggest that he is working as a tradesman that day, there's no way you'd have left that out, is there?
A	Well, never say never, I suppose. Obviously, Mr. Cordell was un-co-operative, you know, throughout this sort of encounter from the moment he realised I was going to be looking — dealing with the offence that I had before me. But, no, I don't recall any tools.

Q	Okay. I've got a -- you spoke to the insurance company when you were by the roadside, didn't you?
A	Yes, I did.
MR. KENNEDY:	I've got the — what I suggest is the tape of -- CD recording of this call. I just want to play an excerpt of it.
THE RECORDER:	Well, is this the call that the officer makes?
MR. KENNEDY:	Yes.

20

236,

THE RECORDER: **MR. KENNEDY:**	Thank you.
A	(An excerpt from the recording of the telephone call was played)
Q	That's -- you, yes?
A	Yes, it certainly sounds like me.
(The recording continued)	
Q	You said to the insurance company there "Looking at the van, it's got a load of tools in"?
A	Yes, yes. That does sound like that's what I said, yes.
Q	And when you said that to the insurance company, you were lying, weren't you?
A	I don't recall lying. I'm faced with two -- obviously I've got my recollection and my notes and then I've obviously got that recording.
Q	We went through that your notes were comprehensive. Yes? Didn't we? Officer?
A	Yes, you asked me, yes.
Q	Yes. And we went through that you had outlined the factors informing your view that these people were working? Yes?
A	Yes.
Q	Obviously, tools in the van would be an obvious indicator of that? Yes?
A	Yes.
Q	No reference in your statement to tools?
A	No. No reference to tools.
Q	No reference to tools in the Magistrates' Court? Yes?
A	No. Yes, correct.
Q	On the scene there you're ringing up the insurance company saying there's a load of tools in there - "It's got a load of tools in"?
A	(No audible reply)

Q	You — you were dishonest in your dealings with Mr. Cordell, weren't you?
A	Well, I don't believe I was, no.

21
237,

Q	And it's not true that he said he was going to do some work. He said he was going to speak to someone about work? You had quite a conversation with him on the roadside. He was explaining to you?
A	(No audible reply)
Q	Yes?
A	I don't recall the conversation we had, obviously the specifics of it, no.
Q	You've told us about — do you remember that Mr. Cordell spoke to the insurance company first?
A	No, I don't recall that.
Q	By the roadside what happens - see if this jogs your memory. Mr. Cordell spoke to the insurance company about the insurance, yes? And then you — and then you rang subsequently. You were there when he rang them and then he was there when you rang them there? Yes?
A	I — I'm sure he probably was with me when I called them.
Q	Yes. And you've gone about — on about him being un-co-operative and so on. What actually happened is he took affront to you ringing the insurance company and lying to them about there being a load of tools in the van? Do you remember that?
A	No. Unfortunately, I do not recall that, no.
Q	And he was saying "Why are you lying to the insurance company? Why are you saying there's tools in the van? There isn't." Do you remember that?
A	No, I — I do not recall that, no.
Q	That's the exchange, I'd suggest, that you're characterising as him being uncooperative?
A	(No audible reply)
Q	Mm?
A	Sorry, I'm -- is there a question?
Q	That's the position, isn't it?
A	No. I don't recall that. My --— I suppose my position would be that obviously on stopping the van I — I don't recall exactly when in the sequence I've -- contacted the insurance company. You see, I hadn't searched the van, I suppose. I — I — you know, I'd seen from a glance sort of loose items and debris in the - in the front of the van.
Q	So, you hadn't searched the van?
A	No, I don't believe I had by the — when I was phoning the insurance company.

239,

	A Yes, a statement format so there – I have a copy of that. **MG11.**

MR. POTTINGER:	The statement's dated 14th November.
THE RECORDER:	I'd like to see a copy of it, please. Thank you. When did you make this statement? A (No audible reply)
THE RECORDER:	I can't see a time or date-stamp on it.
MR. KENNEDY:	Yes, I know. That's-well. A It will have been 4.30 pm in the writing room at Peckham.
THE RECORDER:	How do you know that? **A** It's on the rear of the — the sheet.
MR. KENNEDY:	Well, what do you have there? Oh sorry. That's the — is that the originals? **A** No, this isn't an original, no.
THE RECORDER:	Well, let's carry on. And I'd like to see, after the short adjournment, all the documents that this officer has been referring to. I'll hand this back now. And I want to see the originals that this officer is relying upon.
MR. POTTINGER:	Yes, the - it's the - just
THE RECORDER:	Not now.
MR. POTTINGER:	No. I'll just-—
THE RECORDER:	Let Mr. Kennedy finish.
MR. POTTINGER:	Certainly, your Honor. What the — what the document was that he — he relied on.
THE RECORDER:	Thank you. Mr. Kennedy, forgive me for interrupting. We'll deal with it later on.
MR. KENNEDY:	So, he was arrested, wasn't he?
THE RECORDER:	Yes.
MR. POTTINGER:	The van was seized? Is that right? A Yes, the van was seized.

Q	You hadn't searched the van
A	I was basing — I was basing
Q	but you were telling them there was a load of tools in there?
A	The conversation I will have had with the insurance company - obviously we've got the recording
Q	Mm.
A.	will have been based on my interaction at the scene and from my notes and my recollection it was based on that front of the cab, that front area where obviously the driver and passenger were.
Q	But what tools were in the front of the van then?
A	So - so what I -1 would suggest is that the loose items I refer to in my notes -perhaps some of those items were tools but I — I don't recall.
Q	Have you got your handwritten notes or the typed-up statement?

A	I've got my;
Q	It doesn't really matter.
A	I've got my typed statement. I don't know if.
MR. KENNEDY:	Is it the same as the notebook?
THE RECORDER:	I'd like to see a copy. Have you got your actual notebook, officer? Have you got your actual notebook? **A** Not from the time, no.
MR. KENNEDY:	The statement was
THE RECORDER:	Mr. Kennedy, do you have a copy of the actual notebook?
MR. KENNEDY:	No, I don't. Was-- there actually a notebook or is it **A** I believe it will have been original notes on the fixed penalty notice if — if that's what's being referred to.
MR. KENNEDY:	Right.
THE RECORDER:	I'm slightly confused because at the outset of this officer's evidence it was put to him that he'd made notes and now it seems that we're not talking about notes, we're talking about a statement or a proforma.
MR. KENNEDY:	Were — were your notes actually in a statement format?

239,

	A Yes, a statement format so there – I have a copy of that. **MG11.**
MR. POTTINGER:	The statement's dated 14th November.
THE RECORDER:	I'd like to see a copy of it, please. Thank you. When did you make this statement? A (No audible reply)

MR. KENNEDY:	So, he was arrested, wasn't he?
THE RECORDER:	Yes.
MR. POTTINGER:	The van was seized? Is that right? A Yes, the van was seized.

24

240,

A

A	
Q	When you seize a van, you produce a seizure notice? Is that right?
A	Yes, that's correct.
Q	That would note --1 haven't got it to hand. Have you got that?
A	I don't have it here at the stand with me, no.
Q	No. But in general terms a seizure notice would note what the vehicle — who — who the vehicle's been seized from? Yes?
A	Yes.
Q	What the vehicle is?
A	Yes.
Q	Contents of the vehicle?
A	Yes.
Q	And so if there were tools in the vehicle then they would be noted, wouldn't they?
A	I believe that the particular interest is around the value so if it's something of value then it's recorded. So, if tools are of a value to the individual then, yes, they are, they will be recorded, yes.
Q	Well, I mean, let's use your — let's use your phrase, "a load of tools". If you seize someone you believe to be a workman's vehicle and it's got a load of tools in it, i.e., their livelihood, part of their livelihood, a seizure notice would be obliged to cover the fact that a load of tools had been seized, wouldn't it?
A.	Again I -- again I would come back to — to what extent they're of value. Certainly, if it was sort of large machinery then, yes. If it's maybe a couple of screwdrivers on the dashboard then I can see why that might get overlooked. But, yes, in general you do record what's -- in the vehicle, yes.
Q	Tools of the trade from a trade — you can't just go about taking a tradesman's van with a load of tools in it without giving them a receipt telling them what you've told -showing them what you're taking (Inaudible)?
A	Correct.
Q	I don't know if you — did you draft the seizure notice in this case?
A	I do not recall.

Q	No. There's no reference on the seizure notice in this case -- I think it will be agreed in due course. No reference to tools on the seizure notice. Are you able to explain that?
Q	No, I'm — I'm not able to explain. I — I don't recall whether it was myself or another colleague that completed the seizure notice.

25

241,

Q	All right. Just to make Mr. Cordell's position plain, I accept you formed the impression that he was working. But he told you he wasn't. Yes?
A	Yes. Ultimately over the course of that interaction he did dispute that, yes.
Q	And when you say that at the outset of the conversation, he told you he was working, I suggest you're being dishonest?
A	No. I would reject that.
Q	And the reason that he got arrested and the van seized rather than a fixed penalty notice — you say it's because he was being un-co-operative? Yes?
A	In terms of the seizure?
Q	In terms of why this wasn't dealt with by way of a fixed penalty notice, why it was dealt with in terms of him being arrested and then the van needing to be seized.
A	Yes. He was being un-co-operative.
Q	Because you say he was being un-co-operative. I suggest to you he was standing his ground saying "I haven't been working here" and was saying "Why are you lying to my insurance company?"
A	I don't — I don't recall him saying that I'd lied to the insurance company.
THE RECORDER:	You certainly hadn't told them the truth, had you, on the face of it? **A** I certainly acknowledge there's a discrepancy there, your Honour.
THE RECORDER:	Yes.
MR. KENNEDY:	Thank you. Nothing further. <u>Re-examined by MR. POTTINGER</u>
Q	Did you — you said he became un-co-operative and at a later stage claimed that he was looking for work rather than working? Is that right?
A	Yes.
Q	Had you mentioned the insurance before he — in terms of him saying that he was actually looking for work rather than working, can you help us when that change happened?
A	As soon as — for me anyway, as soon as I'd asked — as soon as I'd asked for his documents initially and he'd said "Oh, you know, I'm busy. I'm just going to go in there and do some work" for me the — the suspicion was there, "Well, I need to make sure on the insurance that it covers him for..." — "...for business" and then of

26

242,

A	course over the process of saying "Can I see your insurance certificate?" and so on, yes, it's become clear that I'm digging into his insurance.
Q	Can you actually recall seeing anything in the vehicle apart from loose items and debris?
A	No. Loose items
Q	And the cards?
A.	the business cards and debris, yes.
MR. POTTINGER:	I've got no further questions. Does your Honour have any questions?
THE RECORDER:	Yes. Was it a solid van or an open transit?
A.	My apologies, your Honour. Can you repeat
Q	Was it a solid van or was it an open-backed
A.	It was a closed
Q.	Closed.
A	panel vans.
Q.	Did you look in it?
A.	No, not initially, no. I don't believe I did.
Q	Did you see any ladders?
A	No, I don't recall any ladders.
Q	Paint pots?
A	No, I don't recall any paint pots.
Q	Tools?
A	I don't recall any tools.
Q	Thank you. You rang the insurers having been given the certificate of motor insurance? Is that right?
A	Yes, that's correct.
Q	Where did you get the phone number from?
A	(No audible reply)
Q	I can't see it on this certificate. Perhaps it's just my eyesight but
A	I don't recall where I got the number from.

27

243,

Q	Right. I think somebody knows but we can deal with that later on. You don't recall anyway?
A	No.
Q	Thank you. Anything else? No. Thank you, officer. That's all. I would like you to remain at court, please, and I would like you to produce all the notes that you've relied upon this morning and hand them to Mr. Pottinger. Thank you.
A	Yes, your Honour. Thank you.
Q	You may leave the courtroom but don't leave the building, please.
A	Yes, your Honour.

	Thank you.
(The witness withdrew)	
THE RECORDER:	Anything else, Mr. Pottinger, you wish to call?
MR. POTTINGER:	No.
THE RECORDER:	Any other evidence?
MR. POTTINGER:	No.
THE RECORDER:	That's it, is it?
MR. KENNEDY:	There's five minutes before lunch. I've got a submission. It's a ^ very short one. I can fit it in the five minutes.
THE RECORDER:	Yes. Thank you. Fire away.
MR. KENNEDY:	Well, the burden is on the Crown to establish beyond reasonable doubt that Mr. Cordell was working that day. They've only called one witness. I p suggest to you that he was a problematic witness and that in terms of the factors that he records that would suggest that he was working, they don't reach the threshold of beyond reasonable doubt. You've got that it was a work day during working hours but that doesn't really take the case anywhere. We've got a suggestion of paint on clothing. Well, you've heard that it's been challenged. It's a matter for you how much credibility you give that witness, but it doesn't take the G case to the threshold, I suggest. The same for cards. And there is - there's an absence — aside from that there's an absence of — of the sort of thing that you might expect to be produced to prove somebody was working. Your Honour just raised a couple but the list is long, isn't it? There are ladders, paint pots, tools, any paraphernalia. Not even a search of the van and no enquiries, it appears, made with — at the scene of the person he — it's — with anybody, no — no enquiries at the ® scene to establish that he was working.

28

244,

MR. KENNEDY:	It is Galbraith (Inaudible), isn't it?
	Yes. I would suggest the answer is No.
THE RECORDER:	Thank y What you do have — the height of the Crown's case would be the admission that the — by Mr. Cordell that he said at the start "I'm just going to work." That's the height of the Crown's case. In my submission, you cannot rely on that being an accurate and truthful note of the conversation that he -- because of the credibility issues concerning the one witness who gives that evidence. So, taking a step back, can the Crown prove beyond reasonable doubt on the evidence we've heard already that — I know that's not the test at this stage but applying the correct test at this stage, the half-time test, could a reasonable -- could a reasonable tribunal properly directed convict on the evidence that they've heard? out. Mr. Pottinger?

MR. KENNEDY:	What do you say about the burden of proof in relation to this offence not for the half-time submission but for the end of the day?
THE RECORDER:	(In auditable The evidence is that the defendant was there with Dean Reid, according to the officer in clothing consistent with work in a vehicle in a condition although without tools consistent with being used for work, with a number of business cards containing the names Dean and Simon, the two persons in that van, advertising a business in provision of general repairs, painting decorating, man and van removals, cleaning, property maintenance services. So, the Crown say that there is an obvious inference there. Simon and Dean were in a van together, there is a card saying Simon and Dean, general jobs - nothing to do with the motor trade because that would be covered by the use - in a van, consistent with it being used for odd jobs, in clothing consistent with being used with odd jobs and — and an admission at the start.
MR. POTTINGER:	On the Crown to prove beyond reasonable doubt that there was no policy in force?
THE RECORDER:	Well, no. No, it is not. It is for the defendant to prove on the balance of probabilities there was no policy in force for the use of that vehicle.
MR. POTTINGER:	Sorry, for the defendant to prove
THE RECORDER:	It is for the defendant — sorry, for the defendant to prove on

245,

MR. POTTINGER:	the balance of probabilities. It is really a question of the use of the vehicle and the nature of the use. So the
THE RECORDER:	It all comes down to the use, doesn't it?
MR. POTTINGER:	Yes.
THE RECORDER:	Thank you.
MR. POTTINGER:	That was the -- grey area which I was seeking just to think about briefly.
THE RECORDER:	Well, I understand. But I just wanted to clarify
MR. POTTINGER:	Yes. No, you can — the -- it is an absolute offence. I think the — and the burden of proof section is at 32-179. The prosecution has to prove the vehicle — used a vehicle on the road. Once that is established it is for the defendant to prove there was a valid policy in force at the time. But the slight grey area here is the — it is the nature of the use that's being contested.
THE RECORDER:	Yes. Thank you. Anything else?
MR. POTTINGER:	No.
THE RECORDER:	Thank you. Although it is after one o'clock, we're going to rise and we're going to come back within the next five or ten minutes and deal with this submission. I apologise to all those whose luncheon it will interfere with, but it may take less time in the end. Thank you very much.

(There followed a short adjournment)	
THE RECORDER:	We have considered this case very carefully and we're very unhappy with it. In essence, we are going to take a robust approach and we are going to dismiss this case now thereby allowing the appeal. I don't propose to give any further grounds or reasons. We are not satisfied that the Crown have shown sufficient cause that this man wasn't covered by this policy, if you'll forgive the double negatives, and in the circumstances, we allow the appeal.
MR. KENNEDY:	I'm very grateful. Costs follow the event.
THE RECORDER:	Yes, they do.
MR. KENNEDY:	(Inaudible) for costs.

30

246,

THE RECORDER:	Application for costs granted.
MR. KENNEDY:	Thank you.
THE RECORDER:	I would like to see the officer's notebooks, please, Mr. Pottinger, and I'd like them handed to the clerk, the original ones, so that I can view them and they will be returned in due course.
MR. POTTINGER:	What — what he gave me was — was in fact the same statement you have.
THE RECORDER:	Right. He said - he referred to some — there was - as though there was a date-stamp on the back of something.
MR. POTTINGER:	There's a — that's the
THE RECORDER:	Can I see that now? That'll be fine.
MR. POTTINGER:	Yes, certainly.
THE RECORDER:	Thank you very much.
MR. POTTINGER:	I just mention matters outside — I think there was a -- the fixed penalty notice, the original fixed penalty notice, isn't in the file and I'm afraid that is what happens these days. In the old d
THE RECORDER:	Yes.
MR. POTTINGER:	the original file would come through on appeal. The way the system works now, you do
THE RECORDER:	No, no. I — I understand. I understand.
MR. POTTINGER:	And I can only
THE RECORDER:	No, no. It's not your fault at all.
MR. POTTINGER:	It may be on the back of that, the original handwritten

THE RECORDER:	I'll pass that on.
MR. POTTINGER:	I say "I" - we.
THE RECORDER:	
B	"We". Yes. No
MR. POTTINGER:	We. And I'll say no more.
THE RECORDER:	No. It's — it's obvious.
MR. POTTINGER:	
C	Mr. Cordell, I hope you've heard and understood, sir, what's happened. Your disc is still in the machine. Somebody needs to recover that. But I would like it to remain as an exhibit in these papers should it be needed in due course.
THE RECORDER:	Your Honour the --1 think there's that case of Baker which is at the end of the list.
D MR. POTTINGER:	Baker? Oh yes. THE CLERK: Do you want me to call him?
THE RECORDER:	Yes. Thank you very much. You're free to go. Thank you very much.
THE RECORDER:	I was thinking rather than coming back for five minutes. (Inaudible).
MR. POTTINGER:	
F	I know. That's --1 don't know -- is there anything we can do about it?
THE RECORDER:	Well
MR. POTTINGER:	Can I just, sorry, formally just quickly click over, sorry, for the recording.

In addition, when KGM spoke to the manager at the police compound and found out in fact there was not tools, I think the reason for this is the police officer committed perjury in the court. However, if you think a Letter of Indemnity would sort this matter out then if this could be done, I would be very grateful, but could you include in the letter only reason this has come about is due to what the police officer told KGM about the tools being in the van. In addition, this is the reason KGM told the police officer that I would not then be covered by the insurance policy I had in force with them. This should cover it I hope as I really did nothing wrong and Kelly Tiller knows the police officer lied to get my insurance cancelled as she spoke to the police compound and they told her there was no tools. The vehicle registration I was driving on the 14/11/2010 was CX52JRZ, this registration was included on my insurance. So, should have shown on the database along with my car. However, none showed up as being insured on the MID database, this is what has caused me all the problems with the police. As already aware yes, I was stopped around 8 or 9 times and had vehicles seized. I do have some of the some of them here already like do have the receipt what I paid to get the vehicle out of the compound for the 14/11/2013 case I picked that up on the 16/11/2013. I have the ones for the 08/04/2013, 29/10/2013, 16/11/2013, 03/01/2014 I just need to get the receipts for the other dates and also something that shows they was all sized due to no insurance from the police compound. As for the Data Subject Access Request, I am most grateful that this is being addressed. If I had known a fee was, needed I would have paid that right away, but due to no one getting back to me about the ones that were put in, I did not know a fee was needed."

Dear Mr. Cordell,
Unfortunately, Andy has been called away due to a family emergency, in his absence I have picked this matter up. The first order of business to my mind is dealing with the Court case, can you confirm when the date has been set for the hearing, please? My thought is that we provide a Letter of Indemnity that basically confirms that you had a valid policy in force between said dates and on what vehicles, this should satisfy the Courts but if they need anything else, we will be happy to assist, just let me know what you require. I understand you were stopped several times and had vehicles seized, you are in the process of obtaining evidence of these vehicle seizures and the costs incurred by you as a result for us to consider compensation. When you have gathered this, please forward the evidence to us as soon as possible. There is also the matter of your Data Subject Access Request. I have spent some time today tracking down recorded calls and various communications and hove notified our Data Protection Officer of your request. I can see that you have made a request, any request should correctly be sent on for the attention of the Data Protection Officer along with a £10 fee. Your request was addressed generally to KGM with no fee and it would appear not actioned. The underwriter dealing with your request should have asked immediately for the fee payment and escalated your request accordingly. This was not done for which I must apologise, as a result we will waive the fee requirement and I would confirm this is now in

Dear Andrew
Please see attached Insurance, which will show you full details of his insurance policy and dates covered. Yes, we do want full discloser so this mater can be sorted out by the court and I can send the information over to the CPS for the case of the 14/11/**2013** where the police officer told KGM I had tools in my van to void my insurance. Kelly Tiller from the trade section and Jessica know fully what went on and it was Jessica that took the phone call from the police officer. After this I believe Kelly Tiller took over dealing with my policy and she was the one that had the say to cancel my policy and she was the one that believed the police until I went to the police compound and spoke to the manager there where he spoke to Kelly Tiller. If I had not done this Kelly Tiller would have cancelled my policy of insurance and I have all the emails to prove this. After Kelly Tiller found out I was not lying about having no tools in my van the insurance policy was kept in place, I did ask Kelly Tiller on more than once to send me the information and put data requests in which was not replied to. Now I have been found guilty when Kelly Tiller knows the truth that there was not tools and the police officer lied to KGM on the phone call. I am the one that has suffered over all this not just on this case but all the times I have been taken to court for no insurance over the year my policy run with KGM due to it not showing on the MID database. You should have all the emails already from Broadsure Direct and many was sent by them to KGM as I was told KGM could not talk to me and I had to deal with Broadsure Direct about my policy Martin Jenkins from Broadsure Direct should also have copies of all emails as I do. I have spoken to DVLA today and asked for the data of how many times points was put on my licence due to not getting summons from police and then dealing with cases I knew nothing about and then I had to get the cases reopened, I have to write them a letter and they will send the data I have asked for in the post. I do have a lot of letters which I will sort out scan and send over. But the
1331,
1st part I want to deal with is the court case I was found guilty at and have put an appeal in that is the most important to me right now. We can deal with everything else once I get all the data scanned as there is really a lot and it was all due to KGM not sorting out why my insurance was not showing on the MID database. The seizers alone have left me out of pocket by around £1700.00. That is without all the days I have not been able to work due to my driving licence being messed up and showing points for no insurance. All the time going back and forward to the compound to collect my vehicles, and everything else I have had to deal with the courts when in fact I had done nothing wrong. I have tried to deal with this for months and months without going to the ombudsman and KGM has taken no notice, it has taken me to go to the ombudsman for KGM to take any notice and I don't feel anyone would be happy with this sort of service from KGM let alone any company doing this and causing

someone so much suffering. It was one of the police in the end at the compound who in the end worked out why it was not showing up on the MID and that was because there had been a space put within my Reg Numbers. It was that bad two police compounds new me and said each time not again. As you can see, I am not very happy about all of this but I do not think anyone would be when they paid for their insurance and had done nothing wrong to suffer all this. Therefore, could you please get the information I need to send to the CPS, I have written what was needed from Nov **2014** and way before this, and it still has not been sent and I have this hanging over my head. I did not just get points on my licence I got disqualified from driving for 6 months due to repeat offending of no insurance please tell me why when I have paid for my insurance from KGM? The reason it has not been enforced is due to me putting an appeal in. You can contact my mother on 007 or 007

Dear Peter Wood
Thank you for picking this up and taking the time to deal with this matter. The date of the appeal I do not have yet. I are waiting for this but the court and CPS said if I get the information needed before the court date then it could be sent to the court who found me guilty and the CPS and this would be linked to the case and addressed. In addition, there should be no need for the appeal court case. I am trying to do this so that a next day is not got to be wasted of my time in court and getting to and from the court. The day that the police officer pulled me and told KGM that I had tools in my van, which the police officer lied, and the police officer has said this in court so lied to the judge is 14/11/**2013**. I think due to what the police officer said in court the CPS and judge would like to know the facts and what the police officer said on that phone call to KGM. In addition, when KGM spoke to the manager at the police compound and found out in fact there was not tools, I think the reason for this is the police officer committed perjury in the court. That is why they asked me to get proof that my insurance was not void, section 9 witness statements as to what the police officer told KGM on the phone to try to void my insurance, in addition, the facts how KGM found out I had in fact done nothing wrong and my insurance should not be cancelled. However, if you think a Letter of Indemnity would sort this matter out then if this could be done, I would be very grateful, but could you include in the letter only reason this has come about is due to what the police officer told KGM about the tools being in the van. In addition, this is the reason KGM told the police officer that I would not then be covered by the insurance policy I had in force with them. This should cover it I hope as I really did nothing wrong and Kelly Tiller knows the police officer lied to get my insurance cancelled as she spoke to the police compound and they told her there was no tools. The vehicle registration I was driving on the 14/11/**2010** was CX52JRZ, this registration was included on my insurance. So, should have shown on the database along with my car. However, none showed up as being insured on the MID database, this is what has caused me all the problems with the police. As already aware yes, I was stopped around 8 or 9 times and had vehicles seized. I do have some of the some of them here already like do have the receipt what I paid to get the vehicle out of the compound for the 14/11/**2013** case I picked that up on the 16/11/**2013**. I have the ones for the 08/04/**2013**, 29/10/**2013**, 16/11/**2013**, 03/01/**2014** I just need to get the receipts for the other dates and also something that shows they was all sized due to no insurance from the police compound. As for the Data Subject Access Request, I am most grateful that this is being addressed. If I had known a fee was, needed I would have paid that right away, but due to no one getting back to me
1343,
about the ones that were put in, I did not know a fee was needed.

1 An Email to Independent Monitor Home Office Gov: Errors on PNC / Error information really needed / **Time** 02:38 - "I am writing this email due to needing some information about my son. I have written a large number of emails and also contacted many people but cannot found a way to get my sons PNC record corrected. One case we have known about for some time and was told it would be correct, but it never has. We have his PNC record from the police case that he was found not guilty for in 2014. The problem is when looking over his PNC record, I saw more errors so contacted the courts. I have the memorandum of conviction, which does show the case was dismissed but, on the PNC, it says he was found guilty of this offence. I have also contacted one other court about a number of records on his PNC that did not seem correct, it took them around 6 weeks to check, as they have to recheck a few times to make sure. However, they also seem very confused as 5 cases they do not have any records for the cases every been heard at the court, that are on my sons PNC record. Also, not all the records were checked as when I sent over the list to be checked there was a few dates missed out of my email to the courts to the persons that was doing the checks. I still have to check other records with other courts, but this is a great concern, and these mistakes needs to be addressed I just cannot find the right people to go to that can address these matters. I have been to the police and the 2 courts have been told of these errors, yet they do nothing and these records are still on my sons record which are having a great effect on his life. These records go back to around 1997 to 2009. And as said above I have not done a full check with the courts on all the records that are on the PCN, as I know other things are wrong. My son feels he has suffered due to these errors re bail and the court looking at these records when he has been in front of the courts. Please if this email has not gone to the correct place as I found this email on google could you please help me and tell me where I would need to go to get something like this addressed. Yes, we do want full discloser so this mater can be sorted out by the court and I can send the information over to the CPS for the case of the 14/11/**2013** where the police officer told KGM I had tools in my van to void my insurance. Kelly Tiller from the trade section and Jessica know fully what went on and it was Jessica that took the phone call from the police officer. After this I believe Kelly Tiller took over dealing with my policy and she was the one that had the say to cancel my policy and she was the one that believed the police until I went to the police compound and spoke to the manager there where he spoke to Kelly Tiller. If I had not done this Kelly Tiller would have cancelled my policy of insurance and I have all the emails to prove this.
1360,
After Kelly Tiller found out I was not lying about having no tools in my van the insurance policy was kept in place, I did ask Kelly Tiller on more than once to send me the information and put data requests in which was not replied to. Now I have been found guilty when Kelly Tiller knows the truth that there was not tools and the police officer lied to KGM on the phone call. I am the one that has suffered over all this not just on this case but all the times I

have been taken to court for no insurance over the year my policy run with KGM due to it not showing on the MID database. You should have all the emails already from Broadsure Direct and many was sent by them to KGM as I was told KGM could not talk to me and I had to deal with Broadsure Direct about my policy Martin Jenkins from Broadsure Direct should also have copies of all emails as I do. I have spoken to DVLA today and asked for the data of how many times points was put on my licence due to not getting summons from police and then dealing with cases I knew nothing about and then I had to get the cases reopened, I have to write them a letter and they will send the data I have asked for in the post. I do have a lot of letters which I will sort out scan and send over. But the 1st part I want to deal with is the court case I was found guilty at and have put an appeal in that is the most important to me right now. We can deal with everything else once I get all the data scanned as there is really a lot and it was all due to KGM not sorting out why my insurance was not showing on the MID database. The seizers alone have left me out of pocket by around £1700.00. That is without all the days I have not been able to work due to my driving licence being messed up and showing points for no insurance. All the time going back and forward to the compound to collect my vehicles, and everything else I have had to deal with the courts when in fact I had done nothing wrong. I have tried to deal with this for months and months without going to the ombudsman and KGM has taken no notice, it has taken me to go to the ombudsman for KGM to take any notice and I don't feel anyone would be happy with this sort of service from KGM let alone any company doing this and causing someone so much suffering.
1361,
It was one of the police in the end at the compound who in the end worked out why it was not showing up on the MID and that was because there had been a space put within my Reg Numbers. It was that bad two police compounds new me and said each time not again. As you can see, I am not very happy about all of this, but I do not think anyone would be when they paid for their insurance and had done nothing wrong to suffer all this. Therefore, could you please get the information I need to send to the CPS, I have written what was needed from Nov **2014** and way before this, and it still has not been sent and I have this hanging over my head. I did not just get points on my licence I got disqualified from driving for 6 months due to repeat offending of no insurance please tell me why when I have paid for my insurance from KGM? The reason it has not been enforced is due to me putting an appeal in. You can contact my mother on 007 or 007

To Whom It May Concern:
I am writing this email due to needing some information about my son. I have written a large number of emails and also contacted many people but cannot found a way to get my sons PNC record corrected. One case we have known about for some time and was told it would be correct, but it never has. We have his PNC record from the police case that he was found not guilty for in **2014**. The problem is when looking over his PNC record, I saw more errors so contacted the courts. I have the memorandum of conviction, which does show the case was dismissed but, on the PNC, it says he was found guilty of this offence. I have also contacted one other court about a number of records on his PNC that did not seem correct, it took them around 6 weeks to check, as they have to recheck a few times to make sure. However, they also seem very confused as 5 cases they do not have any records for the cases every been heard at the court, which are on my sons PNC record. Also, not all the records were checked as when I sent over the list to be checked there was a few dates missed out of my email to the courts to the persons that was doing the checks. I still have to check other records with other courts, but this is a great concern, and these mistakes needs to be addressed I just cannot find the right people to go to that can address these matters. I have been to the police and the 2 courts have been told of these errors, yet they do nothing, and these records are still on my sons record which are having a great effect on his life. These records go back to around 1997 to 2009. And as said above I have not done a full check with the courts on all the records that are on the PCN, as I know other things are wrong. My son feels he has suffered due to these errors re bail and the court looking at these records when he has been in front of the courts. Please if this email has not gone to the correct place as I found this email on google could you please help me
1373,
and tell me where I would need to go to get something like this addressed. This email is private.

Dear Simon,
I spent some time last Friday tracking down a number of calls and did find the original call that the Police made to Jessica and the calls Kelly made to the Compound so we can provide these and it sounds like these are the important calls from the CPS and Courts viewpoint. I will pass these over to our Data Protection Officer of course but will ask if its ok for me to release them to you in the meantime before he does his official response. I think we should also do the Letter of Indemnity and will send this across to you in the next few days, there's no reason why you can't send this across now and it can do no harm. I'm conscious we have

not done a formal final response yet to your complaint, I intend to do this as soon as we receive full details of the recovery costs you incurred and can make a decision on compensation, I trust that's acceptable. If you need anything else or have any questions in the meantime, please do not hesitate to contact us. I am keeping Andy in the loop as I am due to go on leave from 12/2/15 - 8/3/15 so he will need to pick up any issues that may arise during that time. We will be in touch shortly and await details from you as above in due course.

Dear Peter Wood
Thank you for picking this up and taking the time to deal with this matter. The date of the appeal I do not have yet. I are waiting for this but the court and CPS said if I get the information needed before the court date then it could be sent to the court who found me guilty and the CPS and this would be linked to the case and addressed. In addition, there should be no need for the appeal court case. I am trying to do this so that a next day is not got to be wasted of my time in court and getting to and from the court. The day that the police officer pulled me and told KGM that I had tools in my van, which the police officer lied, and the police officer has said this in court so lied to the judge is 14/11/**2013**. I think due to what the police officer said in court the CPS and judge would like to know the facts and what the police officer said on that phone call to KGM. In addition, when KGM spoke to the manager at the police compound and found out in fact there was not tools, I think the reason for this is the police officer committed perjury in the court. That is why they asked me to get proof that my insurance was not void, section 9 witness statements as to what the police officer told KGM on the phone to try to void my insurance, In addition, the facts how KGM found out I had in fact done nothing wrong and my insurance should not be cancelled. However, if you think a Letter of Indemnity would sort this matter out then if this could be done, I would be very grateful, but could you include in the letter only reason this has come about is due to what the police officer told KGM about the tools being in the van. In addition, this is the reason KGM told the police officer that I would not then be covered by the insurance policy I had in force with them. This should cover it I hope as I really did nothing wrong and Kelly Tiller knows the police officer lied to get my insurance cancelled as she spoke to the police compound and they told her there was no tools. The vehicle registration I was driving on the 14/11/**2010** was CX52JRZ, this registration was included on my insurance. So, should have shown on the database along with my car. However, none showed up as being insured on the MID database, this is what has caused me all the problems with the police. As already aware yes, I was stopped around 8 or 9 times and had vehicles seized. I do have some of the some of them here already like do have the receipt what I paid to get the vehicle out of the compound for the 14/11/**2013** case I picked that up on the 16/11/**2013**. I have the ones for the 08/04/**2013**, 29/10/**2013**, 16/11/**2013**, 03/01/**2014** I just need to get the receipts

Hi Josey, could you explain something to me, please: --

I forgot to ask today when at the office. The police are relying on Criminal Justice and Public Order Act 1994 section 63

http://www.legislation.gov.uk/ukpga/1994/33/section/63

Nothing is included, save for the explanatory note, I give that limited weight.

My view is the appellants could convict of a very serious offence by way of an explanatory note which, in the interests of justice, is manifestly, wrong and therefore I find no case to answer.

"Section 63 is what they are using in this case and as seen above has never had the words open air removed from section 63.

Simon called the guy he saw today and addressed this, but he says the police are using Simon character only in his case.

But how can this be the case as he does not got arrested before for anything to do with this?

I knew from the onset of this case due, to who they have got to deal with it, they are trying to push this law to include building under section 63, but a judge has already ruled this cannot be the case due to some sections not being amended. If you look at what they want to give Simon this Asbo for and what he cannot do is under section 63?

You also have this.

Please read section 12.2 The Police and Criminal Evidence Act (PACE) does not apply to civil Proceedings but, in view of their powers of arrest, etc., the police could as a matter of good practice, conduct, interviews, of defendants, by applying the basic principles of PACE - e.g., advising them of the purpose of the interview and that they are not under arrest, allowing a legal adviser to be present.
When in fact have the police done this to Simon Never?

Dear Simon,

I spent some time last Friday tracking down a number of calls and did find the original call that the Police made to Jessica and the calls Kelly made to the Compound so we can provide these and it sounds like these are the important calls from the CPS and Courts viewpoint. I will pass these over to our Data Protection Officer of course but will ask if its ok for me to release them to you in the meantime before he does his official response.
I think we should also do the Letter of Indemnity and will send this across to you in the next few days, there's no reason why you can't send this across now and it can do no harm.
I'm conscious we have not done a formal final response yet to your complaint, I intend to do this as soon as we receive full details of the recovery costs you incurred and can make a decision on compensation, I trust that's acceptable.
If you need anything else or have any questions in the meantime, please do not hesitate to contact us.
I am keeping Andy in the loop as I am due to go on leave from 12/2/15 - 8/3/15 so he will need to pick up any issues that may arise during that time.
We will be in touch shortly and await details from you as above in due course.

Dear Peter Wood
Thank you for picking this up and taking the time to deal with this matter.
363,
The date of the appeal I do not have yet.
I are waiting for this but the court and CPS said if I get the information needed before the court date then it could be sent to the court who found me guilty and the CPS and this would be linked to the case and addressed. In addition, there should be no need for the appeal court case.
I am trying to do this so that a next day is not got to be wasted of my time in court and getting to and from the court.
The day that the police officer pulled me and told KGM that I had tools in my van, which the police officer lied, and the police officer has said this in court so lied to the judge is 14/11/2013.
I think due to what the police officer said in court the CPS and judge would like to know the facts and what the police officer said on that phone call to KGM. In addition, when KGM spoke to the manager at the police compound and found out in fact there was not tools, I think the reason for this is the police officer committed perjury in the court.
That is why they asked me to get proof that my insurance was not void, section 9 witness statements as to what the police officer told KGM on the phone to try to void my insurance, in addition, the facts how KGM found out I had in fact done nothing wrong and my insurance should not be cancelled.
However, if you think a Letter of Indemnity would sort this matter out then if this could be done I would be very grateful, but could you include in the letter only reason this has come about is due to what the police officer told KGM about the tools being in the van. In addition, this is the reason KGM told the police officer that I would not then be covered by the insurance policy I had in force with them.

This should cover it I hope as I really did nothing wrong and Kelly Tiller knows the police officer lied to get my insurance cancelled as she spoke to the police compound and they told her there was no tools.
The vehicle registration I was driving on the 14/11/2010 was CX52JRZ, this registration was included on my insurance. So should have shown on the database along with my car. However, none showed up as being insured on the MID database, this is what has caused me all the problems with the police.
As already aware yes, I was stopped around 8 or 9 times and had vehicles seized.
I do have some of the some of them here already like do have the receipt what I paid to get the vehicle out of the compound for the 14/11/2013 case I picked that up on the 16/11/2013. I have the ones for the 08/04/2013, 29/10/2013, 16/11/2013, 03/01/2014 I just need to get the receipts for the other dates and also something that shows they was all sized due to no insurance from the police compound.
As for the Data Subject Access Request, I am most grateful that this is being addressed. If I had known a fee was, needed I would have paid that right away, but due to no one getting back to me about the ones that were put in, I did not know a fee was needed.
Regards
Simon Cordell

364,
Dear Mr. Cordell,
Unfortunately, Andy has been called away due to a family emergency, in his absence I have picked this matter up.
The first order of business to my mind is dealing with the Court case, can you confirm when the date has been set for the hearing please? My thought is that we provide a Letter of Indemnity that basically confirms that you had a valid policy in force between said dates and on what vehicles, this should satisfy the Courts but if they need anything else we will be happy to assist, just let me know what you require.
I understand you were stopped several times and had vehicles seized, you are in the process of obtaining evidence of these vehicle seizures and the costs incurred by you as a result for us to consider compensation. When you have gathered this please forward the evidence to us as soon as possible.
There is also the matter of your Data Subject Access Request. I have spent some time today tracking down recorded calls and various communications and hove notified our Data Protection Officer of your request. I can see that you have made a request, any request should correctly be sent on for the attention of the Data Protection Officer along with a £10 fee. Your request was addressed generally to KGM with no fee and it would appear not actioned. The underwriter dealing with your request should have asked immediately for the fee payment and escalated your request accordingly. This was not done for which I must apologise, as a result we will waive the fee requirement and I would confirm this is now in hand.
We have yet to issue a final response to your complaint and I would assure you we will do this as soon as we have received your response to the above points.

Dear Andrew
Please see attached Insurance, which will show you full details of his insurance policy and dates covered.
Yes, we do want full discloser so this mater can be sorted out by the court
365,
and I can send the information over to the CPS for the case of the 14/11/2013 where the police officer told KGM I had tools in my van to void my insurance. Kelly Tiller from the trade section and Jessica know fully what went on and it was Jessica that took the phone call from the police officer. After this I believe Kelly Tiller took over dealing with my policy and she was the one that had the say to cancel my policy and she was the one that believed the police until I went to the police compound and spoke to the manager there where he spoke to Kelly Tiller. If I had not done this Kelly Tiller would have cancelled my policy of insurance and I have all the emails to prove this.
After Kelly Tiller found out I was not lying about having no tools in my van the insurance policy was kept in place, I did ask Kelly Tiller on more than once to send me the information and put data requests in which was not replied to. Now I have been found guilty when Kelly Tiller knows the truth that there was not tools and the police officer lied to KGM on the phone call.
I am the one that has suffered over all this not just on this case but all the times I have been taken to court for no insurance over the year my policy run with KGM due to it not showing on the MID database.
You should have all the emails already from Broadsure Direct and many was sent by them to KGM as I was told KGM could not talk to me and I had to deal with Broadsure Direct about my policy Martin Jenkins from Broadsure Direct should also have copies of all emails as I do.
I have spoken to DVLA today and asked for the data of how many times points was put on my licence due to not getting summons from police and then dealing with cases I knew nothing about and then I had to get the cases reopened, I have to write them a letter and they will send the data I have asked for in the post.
I do have a lot of letters which I will sort out scan and send over. But the 1st part I want to deal with is the court case I was found guilty at and have put an appeal in that is the most important to me right now.
We can deal with everything else once I get all the data scanned as there is
366,
really a lot and it was all due to KGM not sorting out why my insurance was not showing on the MID database. The seizers alone have left me out of pocket by around £1700.00. That is without all the days I have not been able to work due to my driving licence being messed up and showing points for no insurance. All the time going back and forward to the compound to collect my vehicles, and everything else I have had to deal with the courts when in fact I had done nothing wrong.
I have tried to deal with this for months and months without going to the ombudsman and KGM has taken no notice, it has taken me to go to the ombudsman for KGM to take any

notice and I don't feel anyone would be happy with this sort of service from KGM let alone any company doing this and causing someone so much suffering.
It was one of the police in the end at the compound who in the end worked out why it was not showing up on the MID and that was because there had been a space put within my Reg Numbers. It was that bad two police compounds new me and said each time not again.
As you can see, I am not very happy about all of this, but I do not think anyone would be when they paid for their insurance and had done nothing wrong to suffer all this.
Therefore, could you please get the information I need to send to the CPS; I have written what was needed from Nov 2014 and way before this, and it still has not been sent and I have this hanging over my head. I did not just get points on my licence I got disqualified from driving for 6 months due to repeat offending of no insurance please tell me why when I have paid for my insurance from KGM? The reason it has not been enforced is due to me putting an appeal in.
You can contact my mother on 007 or 007

Dear Andrew
I will forward this to you within a few days I will ask the police compound to do a full print out as to all the tickets as I believe there is a few missing.
I do have around 6 of the tickets here when the vehicles were sized, I also do have court letters, and letters from DVLA, which I will forward over to you once I have scanned then in

so please give me a few days and I will get back to you with this information as there is a lot of data.
The main one at this time I am worried about is the case where the vehicle was sized due to the police lying and me being found guilty at court you did have an email on the 30 November 2014 about what was needed and I do have the court letter showing I was found guilty and about the appeal.
This data should have been given under the Subject access request under the Data Protection Act 1998 I put in, so was wondering what you can do about this and if you will need a new Subject access request under the Data Protection Act 1998, I have already sent 3 in so to do a 4th I do not feel I should need to do.
KGM have in fact not followed the protocol for the Subject access request under the Data Protection Act 1998 which has been put in 3 times already to KGM, I will be addressing this with the Information Commissioner's Office as I do not see any reason you would have to stop the information, I have asked for under this act to prove I was not in fact guilty of no insurance.
369,
And now say to deal with this you need information from me. I can understand you want the information for the complaint that has been put in, but not the information I asked for to show I was in fact I was insured for an appeal that is ongoing. And in fact, would not have been ongoing if the Subject access request under the Data Protection Act 1998 as I would not have been found guilty.
I would like the data sent to the court as soon as possible in regards to this so they can look at the facts and see if fact I was insured so there should be no need for the appeal to go ahead with more of my time wasted going to court.
Regards
Simon Cordell

Subject: RE: MT3574694
To Whom It May Concern:
I am writing due to the complaint I put in. I have forwarded emails to Broadsure Direct and spoken to Broadsure Direct who took the policy of insurance out policy no: MT3574694
I have been asking for information from KGM since 2013 and have heard nothing back.
When the policy was taken out there was some reason it did not show up on the MID database Broadsure Direct and KGM was aware of this.
Due to this fact I had my vehicles were sized a number of times I believe 8 or 9 times in all, where I had to pay the costs to get my vehicles out the compound each time. In the week when I was pulled by police it was not so bad as the insurance company was opened so when I showed the police my policy, they could call the insurance company.
The seizers happened mostly at the weekend mostly due to the insurance company being closed and the police could not talk to anyone even when I had my policy on me at all times to prove I did in fact have insurance.
372,
I made many calls to the police, Broadsure Direct, KGM and the people who run the MID database, but the issue did not go away, and my vehicles still did not show up on the MID database.
There was also a time in Nov 2013 when my van was sized this was due to KGM telling the police I was not insured due to the police telling KGM that I had tools in my van. Which was a lie by the police as I did not have anything in my van. Kelly Tiller from the trade section was dealing with this and a few days later I got a letter from KGM saying they was going to cancel my policy. As you can understand I was very upset over this as I had done nothing wrong.
At this time lots of calls was both made to KMG and Broadsure to stop the cancelation of my insurance policy, I spoke to Kelly Tiller many times, but she believed the police and I had no say in the matter. The police were off duty so I could not speak to them and Kelly Tiller was saying unless I could prove I did not have any tools in my van then the insurance policy would be cancelled which was very unfair as I had done nothing wrong, I knew I never had any tools.
But I also asked Kelly Tiller did the police tell her what tools was meant to be in my van, to which she said no. KGM was not even aware I had mechanics trade on my policy so if my mechanics tools had been in my van at the time my insurance would still have been cancelled which to me what was the point in having insurance?
I then spoke to a wonderful operator at the police when I called told her what had gone on and was told by her to go to the police compound as when any vehicles are taken there, they

have to do a full list of items that are in the vehicles as they are in fact legible if something goes missing. Over that weekend I sent emails to the compound and forwarded them to Broadsure as my insurance was due to be cancelled on the Monday. On Monday I got an email from Broadsure direct asking me to go to the compound as Kelly Tiller had no luck getting a reply from them also, and once there to call Kelly Tiller due to the time on the Monday I got the email it would have been too late to go the compound and get a call to Kelly Tiller as she would have ended work for that day so I sent an email saying I would be going there early the next morning.
I went the next day and asked to speak to the manager of the compound who in

373,

fact looked up my van and said nothing was in there, there was not tools I called Kelly Tiller and the manager of the compound spoke to her and confirmed there was nothing in the van when it was taken there by police and that I had put thing in the van when I had taken it out of the compound.
At this point Kelly tiller believed me and said the policy would not be cancelled. But on my way back from the compound driving my phone ring and I stopped to pick it up and it was Broadsure direct saying my policy had in fact been cancelled I was very upset at this and told them what had happened, I was asked to hold on they was called KGM back and would call me right back. I waited till Broadsure direct called me back and confirmed my insurance policy had not been cancelled then drove home.
From this point I have been asking for all information and putting data protection acts in which have not been dealt with and I have heard nothing from KGM.
I have been back and forward to court due to no insurance and in fact 4 cases I did not get any summons so was in fact found guilty as I did not know it was even going to court.
I have had points put on my driving licence for no reason and had to go back and forward to court many times when this should not have been the case.
Then the case come up for the seizer when the police said I had tools in my van I went to court with all my documents but due to not having the information I had asked for from KGM many times about that case I was found guilty. I am very upset about the whole policy with KGM. I have put an appeal in, and this case will be going to crown court I have again asked for information and again heard nothing. These matters need to be addressed as I am suffering due to all of this.
Martin Jenkins at Broadsure Direct knows everything that has gone on as he was my main contact.

374,

I also have all the emails the last one that I will enclose again, which I have heard nothing about and the 1st Subject access request under the Data Protection Act 1998 that I sent on the 26/11/2013. I did in fact send the Subject access request under the Data Protection Act 1998 about time times and asked Martin Jenkins to look into why I had heard nothing about more than once.
Once I get the appeal date for crown court, I will ask the court to summons the people at KGM to deal with this matter as they know I was insurance and did nothing wrong and the police lied. All I have asked for is the data so there will be no need to summons people this way I can send the section 9 witness statements over to the crown and the other information and this case should be dropped against me.
It just seemed that KGM does not want to do anything and give me the information I need to prove in fact I was insurance and the police lied to KGM to in fact make it that I was not insurance.

There is a lot more I could say about the insurance I had with KGM, but this insurance policy was my worst nightmare. It has messed my clean driving licence up and in fact got to the point I could not drive so could not work.
Due to the fact, KGM could not send me the information over that was needed to prove I did have insurance.
If you need o can send over all the emails that has been sent back and forward to Broadsure who sent them to KGM.
I have lost a lot of money, and time due to this insurance policy I have had to pay for my vehicles to be taken out of the police compound around 8 to 9 times at a cost of £180.00 to £200.00 a time. All the loss of work due to having to take time to go to the police compound, and all the times I have had to go to court for no insurance when in fact I had insurance. And points put on my driving licence to the fact I could not drive, this has all been costs to myself.
My Mother Lorraine Cordell has also written many of the emails and is fine with dealing with this issue.
375,
Regards
Simon Cordell

Dear Mr Cordell

RE: Letter of Indemnity - Policy Number MT3574694

We would confirm that the policy above was incepted at 00.01 AM on the 23/2/13 and was in force until Midnight on the 22/2/14 when it lapsed.

The policy is a Road Risks Motor Trade only,cover was Comprehensive with the use permitted of Social Domestic and Pleasure and for Motor Trade purposes only. Drivers under this policy were restricted to Mr Simon Cordell only.

The vehicles covered at inception of the policy were –

- Ford Zetec registration MA47LDY
- Ford Transit registration CX52JRZ

On the 8/4/13 at 11.05am the following vehicle was added to the policy –

- Renault Clio registration NA57LDY.

We understand that Mr Cordell was subjected to a number of Police stops during the policy period whilst driving these vehicles. The stops were due to these vehicles not showing as insured on the Motor Insurers Database (MID). We would confirm that it's a requirement for Motor Insurers to upload details of all insured policies & vehicles to the MID, the targets set are 95% of policies to be on the MID within 14 days for Motor Trade policies and 95% of vehicles to be on the MID within 21 days for Motor Trade. Accordingly we can note that whilst this database is very effective, it's not real time and not 100% accurate.

We have carried out an investigation to understand why Mr Cordells vehicles were not on the MID leading to these Police stops. It has been established that there is a "bug" in our system when copying and pasting a registration with a space in it into the policy record, that results in an unsuccessful upload to the MID. It does not happen when we receive

data electronically or when manually inputting data and was something we were unaware of until this case. We have of course changed our processes to prevent this occurring again.

The unfortunate outcome for Mr Cordell of course was that it appeared to the Police that he was driving uninsured and was subjected to unnecessary Police stops. This was not Mr Cordells fault in any way as he had a valid Insurance policy in force and was fully insured to drive these vehicles for the purposes permitted under this policy during the policy period.

We trust this letter meets the requirements of the Police and the Courts. Should you require any further assistance please do not hesitate to contact us.

3 An Email from my solicitor: MT3xxx94; Insurance Simon Cordell / Brixton Case / **Time** 18:15 - "I got the attached information from Simon's insurance company on Friday. After a lot of work to get it and a lot of emails and over a year of time. The letter of Indemnity is not correct with some points which I have asked peter wood to address. Simon has asked me to forward this to you. The reason is this show how far the police will go to lie. Not only did he lie to KGM Simon's insurance, about tools being in Simon's van to void Simon insurance cover and be able to seize his van. He then went on to lie in his statement of facts to be used at court saying nothing about tools just that the insurance said Simon's was not covered by his insurance. He then stood up in court and under oath when the judge asked him about tools being in the van said he did not say tools was in the van. The reason the judge asked this was he saw emails from KGM saying about the tools. Simon was found guilty of this and we have taken it to appeal and are waiting on a date. But in the Asbo case can this not be shown that the police will lie even under oath. They are trying to use Simon's char in the Asbo case and make him look bad. Why can we not show the police in the same light by using this information? Simon has asked can you get the case papers from the courts for this case and the Woolwich case. As these cases do show somewhat how far the police are willing to go with Simon. In the Asbo case papers you have police saying in their statement they know Simon is always insured it is on police file how much he was stopped. Yet he has around 8 cases at court for no insurance. In addition, most of these cases he never had a summons for

and they found him guilty due to him knowing nothing about the case was due to be in court."

Dear Peter
Yes, please could you send the tapes out and the Letter of Indemnity I would be most grateful as I think this would cover the courts and would like to get the information to them as soon as possible to the court and CPS. As for the other information that is acceptable, as I not sure how long it will take the police compound to send me over the information, I will need to send to you they do take their time. I am just happy this matter is getting address as said the most worrying thing was the court case and this is the information I needed. I hope you have a great time on leave. I look forward to hearing from you and will pass the information over from the police compound as soon as I have it.

8/4/13 at 11.05am the following vehicle was added to the policy. **4.** Renault Clio registration NA57LDY. **5.** Ford Zetec registration MA47LDY. **6.** Renault Clio registration NA57LDY. This registration was always put in not correctly but was in fact given to Broadsure Direct correctly. The registration should have been Ford Zetec registration MA57LDY This was later correct after the 3rd time of telling the Ford Zetec registration as MA57LDY please see attached document. This is the registration that should have been on the policy from the start. We never knew it was not correct until 08/04/13 when again the correct registration was given. However, it was put down as Renault Clio registration NA57LDY, we then believe it was put in correctly and not a new car added. We were not sent any documents of that change so did not know there was again an error until the Oct 2013 when it was in fact corrected this time, we asked for new documents to be sent which they were so we could check. But they kept on his policy Renault Clio registration NA57LDY we made a next call and told them this needed to be removed and was told it would be done. It seems this was never done by what you have sent in your email. I do believe I have emails also about this issue to Broadsure Direct and Martin Jenkins, can confirm this as he was the one, we dealt with at Broadsure Direct. He also should remember all the phone calls. There is also a next issue Simon was not just covered with the basic trade insurance with KGM, Broadsure Direct had a special section with KGM which included in his insurance he was in fact covered for his work as a mechanic, not just standard insurance of trade buying and selling that KGM as a rule only deals with. This has been discussed with the underwriters at KGM by Broadsure Direct re Martin Jenkins. This also caused issues with his insurance cover a few times. This was also meant to have been address and seems it was not. At the time we were not happy as we were told he was not covered when in fact he was. If you call Broadsure Direct and speak to Martin Jenkins, I feel that he can send you the paperwork and under writing of how Simon's insurance was meant to have been setup. As you can see there was a number of issues with his insurance with KGM that lead to problems. and even with the issues of 14/11/2013 when a call was made to Kelly Tiller, we asked did the police say what tools was meant to have been in the van as if there were mechanic tools in there his insurance should have in fact covered this. Kelly Tiller said no the police officer did not say which tools. But also said he was again not insured for this again Martin Jenkins got a rude call from us and again he had to make calls to address this issue. Can you please confirm he was correctly insured with KGM and write this as I would like this addressed? And one last thing could you please say in your letter on the date of the 14/11/2013 he was fully insured just so there cannot be any mistakes at court. Sorry, this is causing such an issue and taking up your time but I really want to have something that is fully correct, as I do not want any other issues with courts, police and anything else that could cause my son problems."

Subject: Public complaint by your son Simon Cordell
Ms Cordell,
I tried to call you today to ask you a question about your son's complaint. I was unable to get hold of you. Please can you reply and let me know if your son is disputing his penalty notice or not. If he has requested a Court hearing (which his complaint would tend to indicate) the complaint will be classed as 'SUBJUDICE' Which means it will be put on hold until Court proceedings are complete.

MR. SIMON CORDELL - CX52 JRZ (28.9 KB); 26_11_2013_13_53
Kelly-Tiller-Kelly-call to compound.wav
Hi Josey
I got the attached information from Simon's insurance company on Friday. After a lot of work to get it and a lot of emails and over a year of time. The letter of Indemnity is not correct with some points which I have asked peter wood to address.
Simon has asked me to forward this to you.
The reason is this show how far the police will go to lie. Not only did he lie to KGM Simon's insurance, about tools being in Simon's van to void Simon insurance cover and be able to seize his van. He then went on to lie in his statement of facts to be used at court saying nothing about tools just that the insurance said Simon's was not covered by his insurance. He then stood up in court and under oath when the judge asked him about tools being in the van said he did not say tools was in the van. The reason the judge asked this was he saw emails from KGM saying about the tools.
Simon was found guilty of this and we have taken it to appeal and are waiting on a date.
But in the Asbo case can this not be shown that the police will lie even under oath. They are trying to use Simon's char in the Asbo case and make him look bad. Why can we not show the police in the same light by using this information?
Simon has asked can you get the case papers from the courts for this case and the Woolwich case. As these cases do show somewhat how far the police are willing to go with Simon.
In the Asbo case papers you have police saying in their statement they know Simon is always insured it is on police file how much he was stopped. Yet he has around 8 cases at court for no insurance. In addition, most of these cases he never had a summons for, and they found him guilty due to him knowing nothing about the case was due to be in court.

Dear Simon,
Please find attached the following -
1. Recording of the original call made by the Police officer to KGM in which he advised that there were tools in your van.
2. Recording of the call between Kelly Tiller and the Police compound in which Kelly was advised that there were no tools in the vehicle.
3. Receipt showing purchase of the van.
4. E-Mail from Gareth Mullett from the compound confirming that there was nothing on the seizure notice to indicate that
388,
there were any tools removed from the vehicle or in the vehicle in the compound.
• Letter of Indemnity for the CPS/Courts.
I believe these are the relevant items you were after and hope this will assist you to resolve the court matters. If you need anything else, please let me know, or in my absence Andy Austin.
Paul Donovan will respond separately in respect of your data request but hopefully the attached will meet your requirements. As soon as I receive documentation from you to support costs incurred, I can consider our response on compensation.
No doubt I will hear from you shortly, in the meantime have a good weekend.

Yes, please could you send the tapes out and the Letter of Indemnity I would be most grateful as I think this would cover the courts and would like to get the information to them as soon as possible to the court and CPS.
As for the other information that is acceptable, as I not sure how long it will take the police compound to send me over the information, I will need to send to you they do take their time.
I am just happy this matter is getting address as said the most worrying thing was the court case and this is the information I needed. I hope you have a great time on leave.
I look forward to hearing from you and will pass the information over from the police compound as soon as I have it.

Dear Simon,
389,
I spent some time last Friday tracking down a number of calls and did find the original call that the Police made to Jessica and the calls Kelly made to the Compound so we can provide these and it sounds like these are the important calls from the CPS and Courts viewpoint. I will pass these over to our Data Protection Officer of course but will ask if its ok for me to release them to you in the meantime before he does his official response.
I think we should also do the Letter of Indemnity and will send this across to you in the next few days, there's no reason why you can't send this across now and it can do no harm.
I'm conscious we have not done a formal final response yet to your complaint, I intend to do this as soon as we receive full details of the recovery costs you incurred and can make a decision on compensation, I trust that's acceptable.
If you need anything else or have any questions in the meantime, please do not hesitate to contact us.
I am keeping Andy in the loop as I am due to go on leave from 12/2/15 - 8/3/15 so he will need to pick up any issues that may arise during that time.
We will be in touch shortly and await details from you as above in due course.

Dear Peter Wood
Thank you for picking this up and taking the time to deal with this matter.
The date of the appeal I do not have yet.
I are waiting for this but the court and CPS said if I get the information needed before the court date then it could be sent to the court who found me guilty and the CPS and this would be linked to the case and addressed. In addition, there should be no need for the appeal court case.
I am trying to do this so that a next day is not got to be wasted of my time in court and getting to and from the court.
The day that the police officer pulled me and told KGM that I had tools in my van, which the police officer lied, and the police officer has said this in court so lied to the judge is 14/11/2013.
I think due to what the police officer said in court the CPS and judge would like to know the facts and what the police officer said on that phone call to KGM. In addition, when KGM spoke to the manager at the police compound and found out in fact there was not tools, I think the reason for this is the police officer committed perjury in the court.
That is why they asked me to get proof that my insurance was not void, section 9 witness statements as to what the police officer told KGM on the phone to try to void my insurance, in addition, the facts how KGM found out I had in fact done nothing wrong and my insurance should not be cancelled.
390,
However, if you think a Letter of Indemnity would sort this matter out then if this could be done, I would be very grateful, but could you include in the letter only reason this has come about is due to what the police officer told KGM about the tools being in the van. In addition,

this is the reason KGM told the police officer that I would not then be covered by the insurance policy I had in force with them.
This should cover it I hope as I really did nothing wrong and Kelly Tiller knows the police officer lied to get my insurance cancelled as she spoke to the police compound and they told her there was no tools.
The vehicle registration I was driving on the 14/11/2010 was CX52JRZ, this registration was included on my insurance. So should have shown on the database along with my car. However, none showed up as being insured on the MID database, this is what has caused me all the problems with the police.
As already aware yes, I was stopped around 8 or 9 times and had vehicles seized.
I do have some of the some of them here already like do have the receipt what I paid to get the vehicle out of the compound for the 14/11/2013 case I picked that up on the 16/11/2013. I have the ones for the 08/04/2013, 29/10/2013, 16/11/2013, 03/01/2014 I just need to get the receipts for the other dates and also something that shows they was all sized due to no insurance from the police compound.
As for the Data Subject Access Request, I am most grateful that this is being addressed. If I had known a fee was, needed I would have paid that right away, but due to no one getting back to me about the ones that were put in, I did not know a fee was needed.

Dear Mr. Cordell,
Unfortunately, Andy has been called away due to a family emergency, in his absence I have picked this matter up.
The first order of business to my mind is dealing with the Court case, can you confirm when the date has been set for the hearing please? My thought is that we provide a Letter of Indemnity that basically confirms that you had a valid policy in force between said dates and on what vehicles, this should satisfy the Courts but if they need anything else we will be happy to assist, just let me know what you require.
I understand you were stopped several times and had vehicles seized, you are in the process of obtaining evidence of these vehicle seizures and the costs incurred by you as a result for us to consider compensation. When you have gathered this please forward the evidence to us as soon as possible.
There is also the matter of your Data Subject Access Request. I have spent some time today tracking down recorded calls and various communications and hove notified our Data Protection Officer of your request. I can see that you have made a request, any request should correctly be sent on for the attention of the Data Protection Officer along with a £10 fee.
Your request was addressed generally to KGM with no fee and it would appear not actioned. The underwriter dealing with your request should have asked immediately for the fee payment and escalated your request accordingly. This was not done for which I must apologise, as a
391,
result we will waive the fee requirement and I would confirm this is now in hand.
We have yet to issue a final response to your complaint and I would assure you we will do this as soon as we have received your response to the above points.

Dear Andrew
Please see attached Insurance, which will show you full details of his insurance policy and dates covered.
Yes, we do want full discloser so this mater can be sorted out by the court and I can send the information over to the CPS for the case of the 14/11/2013 where the police officer told KGM I had tools in my van to void my insurance. Kelly Tiller from the trade section and Jessica know fully what went on and it was Jessica that took the phone call from the police officer. After this I believe Kelly Tiller took over dealing with my policy and she was the one that had the say to cancel my policy and she was the one that believed the police until I went to the police compound and spoke to the manager there where he spoke to Kelly Tiller. If I had not done this Kelly Tiller would have cancelled my policy of insurance and I have all the emails to prove this.
After Kelly Tiller found out I was not lying about having no tools in my van the insurance policy was kept in place, I did ask Kelly Tiller on more than once to send me the information and put data requests in which was not replied to. Now I have been found guilty when Kelly Tiller knows the truth that there was not tools and the police officer lied to KGM on the phone call.
392,
I am the one that has suffered over all this not just on this case but all the times I have been taken to court for no insurance over the year my policy run with KGM due to it not showing on the MID database.
You should have all the emails already from Broadsure Direct and many was sent by them to KGM as I was told KGM could not talk to me and I had to deal with Broadsure Direct about my policy Martin Jenkins from Broadsure Direct should also have copies of all emails as I do.
I have spoken to DVLA today and asked for the data of how many times points was put on my licence due to not getting summons from police and then dealing with cases I knew nothing about and then I had to get the cases reopened, I have to write them a letter and they will send the data I have asked for in the post.
I do have a lot of letters which I will sort out scan and send over. But the 1st part I want to deal with is the court case I was found guilty at and have put an appeal in that is the most important to me right now.
We can deal with everything else once I get all the data scanned as there is really a lot and it was all due to KGM not sorting out why my insurance was not showing on the MID database. The seizers alone have left me out of pocket by around £1700.00. That is without all the days I have not been able to work due to my driving licence being messed up and showing points for no insurance. All the time going back and forward to the compound to collect my vehicles, and everything else I have had to deal with the courts when in fact I had done nothing wrong.

I have tried to deal with this for months and months without going to the ombudsman and KGM has taken no notice, it has taken me to go to the ombudsman for KGM to take any notice and I don't feel anyone would be happy with this sort of service from KGM let alone any company doing this and causing someone so much suffering.
It was one of the police in the end at the compound who in the end worked
393,
out why it was not showing up on the MID and that was because there had been a space put within my Reg Numbers. It was that bad two police compounds new me and said each time not again.
As you can see, I am not very happy about all of this, but I do not think anyone would be when they paid for their insurance and had done nothing wrong to suffer all this.
Therefore, could you please get the information I need to send to the CPS; I have written what was needed from Nov 2014 and way before this, and it still has not been sent and I have this hanging over my head. I did not just get points on my licence I got disqualified from driving for 6 months due to repeat offending of no insurance please tell me why when I have paid for my insurance from KGM? The reason it has not been enforced is due to me putting an appeal in.
You can contact my mother on 007 or 007

Dear Andrew
I will forward this to you within a few days I will ask the police compound to do a full print out as to all the tickets as I believe there is a few

395,
missing.
I do have around 6 of the tickets here when the vehicles were sized, I also do have court letters, and letters from DVLA, which I will forward over to you once I have scanned then in so, please give me a few days and I will get back to you with this information as there is a lot of data.
The main one at this time I am worried about is the case where the vehicle was sized due to the police lying and me being found guilty at court you did have an email on the 30 November 2014 about what was needed and I do have the court letter showing I was found guilty and about the appeal.
This data should have been given under the Subject access request under the Data Protection Act 1998 I put in, so was wondering what you can do about this and if you will need a new Subject access request under the Data Protection Act 1998, I have already sent 3 in so to do a 4th I do not feel I should need to do.
KGM have in fact not followed the protocol for the Subject access request under the Data Protection Act 1998 which has been put in 3 times already to KGM, I will be addressing this with the Information Commissioner's Office as I do not see any reason you would have to stop the information, I have asked for under this act to prove I was not in fact guilty of no insurance.
And now say to deal with this you need information from me. I can understand you want the information for the complaint that has been put in, but not the information I asked for to show I was in fact I was insured for an appeal that is ongoing. And in fact, would not have been ongoing if the Subject access request under the Data Protection Act 1998 as I would not have been found guilty.
I would like the data sent to the court as soon as possible in regards to this so they can look at the facts and see if fact I was insured so there should be no need for the appeal to go ahead with more of my time wasted going to court.

398,
I am writing due to the complaint I put in. I have forwarded emails to Broadsure Direct and spoken to Broadsure Direct who took the policy of insurance out policy no: MT3574694
I have been asking for information from KGM since 2013 and have heard nothing back.
When the policy was taken out there was some reason it did not show up on the MID database Broadsure Direct and KGM was aware of this.
Due to this fact I had my vehicles were sized a number of times I believe 8 or 9 times in all, where I had to pay the costs to get my vehicles out the compound each time. In the week when I was pulled by police it was not so bad as the insurance company was opened so when I showed the police my policy, they could call the insurance company.
The seizers happened mostly at the weekend mostly due to the insurance company being closed and the police could not talk to anyone even when I had my policy on me at all times to prove I did in fact have insurance.
I made many calls to the police, Broadsure Direct, KGM and the people who run the MID database, but the issue did not go away, and my vehicles still did not show up on the MID database.
There was also a time in Nov 2013 when my van was sized this was due to KGM telling the police I was not insured due to the police telling KGM that I had tools in my van. Which was a lie by the police as I did not have anything in my van. Kelly Tiller from the trade section was dealing with this and a few days later I got a letter from KGM saying they was going to cancel my policy. As you can understand I was very upset over this as I had done nothing wrong.
At this time lots of calls was both made to KMG and Broadsure to stop the cancelation of my insurance policy, I spoke to Kelly Tiller many times, but she believed the police and I had no say in the matter. The police were off

I am writing this email to find out to whom I would have to send information to within the CPS in regard to a case I was found guilty off at Wimbledon magistrate's court of driving without insurance.
I put an appeal into Wimbledon magistrate's court on the same day, which was accepted by the Judge hearing my case in court.
I was told by the court and CPS if I got the information that was needed to prove that I did in fact have insurance then I could pass this to the CPS to look at.
I have yet to get the date of my appeal, but do have the information from my insurance company that I feel will prove I did in fact have insurance to drive on the day I was stopped by police and would like to forward that over by email to the CPS to address.
Would it please be possible to get an email address of where the data can be sent to so that this can be done?

Attachments: registration MA47LDY Corrected.pdf

Dear Peter
Thank you very much for the information you have sent, I do see some errors in your letter of Indemnity.

- Ford Zetec registration MA47LDY
- Ford Transit registration CX52JRZ
- On the 8/4/13 at 11.05am the following vehicle was added to the policy -
- Renault Clio registration NA57LDY.
- Ford Zetec registration MA47LDY Renault Clio registration NA57LDY

This registration was always put in not correctly but was in fact given to Broadsure Direct correctly.
The registration should have been Ford Zetec registration MA57LDY
This was later correct after the 3rd time of telling the Ford Zetec registration as MA57LDY please see attached document.
This is the registration that should have been on the policy from the start.
We never knew it was not correct until 08/04/13 when again the correct registration was given.
However, it was put down as Renault Clio registration NA57LDY, we then believe it was put in correctly and not a new car added.
We were not sent any documents of that change so did not know there was again an error until the Oct 2013 when it was in fact corrected this time, we asked for new documents to be sent which they were so we could check.
But they kept on his policy Renault Clio registration NA57LDY we made a next call and told them this needed to be removed and was told it would be done.
It seems this was never done by what you have sent in your email.
I do believe I have emails also about this issue to Broadsure Direct and Martin Jenkins, can confirm this as he was the one, we dealt with at Broadsure Direct. He also should remember all the phone calls.
There is also a next issue Simon was not just covered with the basic trade insurance with KGM, Broadsure Direct had a special section with KGM which included in his insurance he was in fact covered for his work as a mechanic, not just standard insurance of trade buying and selling that KGM as a rule only deals with.
This has been discussed with the underwriters at KGM by Broadsure Direct re Martin Jenkins. This also caused issues with his insurance cover a few times. This was also meant to have been address and seems it was not. At the time we were not happy as we were told he was not covered when in fact he was. If you call Broadsure Direct and speak to Martin Jenkins, I feel that he can send you the paperwork and under writing of how Simon's insurance was meant to have been setup.
As you can see there was a number of issues with his insurance with KGM that lead to problems. and even with the issues of 14/11/2013 when a call was made to Kelly Tiller, we asked did the police say what tools was meant to have been in the van as if there was mechanic tools in there his insurance should have in fact covered this. Kelly Tiller said no the police officer did not say which tools. But also said he was again not insured for this again Martin Jenkins got a rude call from us and again he had to make calls to address this issue.
Can you please confirm he was correctly insured with KGM and write this as I would like this addressed?
And one last thing could you please say in your letter on the date of the 14/11/2013 he was fully insured just so there cannot be any mistakes at court.
Sorry, this is causing such an issue and taking up your time but I really want to have something that is fully correct, as I do not want any other issues with courts, police and anything else that could cause my Son problems.

416,
Regards
Lorraine.

Dear Simon,
Please find attached the following -

- Recording of the original call made by the Police officer to KGM in which he advised that there were tools in your van.
- Recording of the call between Kelly Tiller and the Police compound in which Kelly was advised that there were no tools in the vehicle.
- Receipt showing purchase of the van.
- E-Mail from Gareth Mullett from the compound confirming that there was nothing on the seizure notice to indicate that there were any tools removed from the vehicle or in the vehicle in the compound.
- Letter of Indemnity for the CPS/Courts.

I believe these are the relevant items you were after and hope this will assist you to resolve the court matters. If you need anything else please let me know, or in my absence Andy Austin.
Paul Donovan will respond separately in respect of your data request but hopefully the attached will meet your requirements. As soon as I receive documentation from you to support costs incurred, I can consider our response on compensation.
No doubt I will hear from you shortly, in the meantime have a good weekend.

Yes, please could you send the tapes out and the Letter of Indemnity I would be most grateful as I think this would cover the courts and would like to get the information to them as soon as possible to the court and CPS.
As for the other information that is acceptable, as I not sure how long it will take the police compound to send me over the

information, I will need to send to you they do take their time.
I am just happy this matter is getting address as said the most worrying thing was the court case and this is the information I needed. I hope you have a great time on leave.

I look forward to hearing from you and will pass the information over from the police compound as soon as I have it.

Dear Simon,
I spent some time last Friday tracking down a number of calls and did find the original call that the Police made to Jessica and the calls Kelly made to the Compound so we can provide these and it sounds like these are the important calls from the CPS and Courts viewpoint. I will pass these over to our Data Protection Officer of course but will ask if its ok for me to release them to you in the meantime before he does his official response.
I think we should also do the Letter of Indemnity and will send this across to you in the next few days, there's no reason why you can't send this across now and it can do no harm.
I'm conscious we have not done a formal final response yet to your complaint, I intend to do this as soon as we receive full details of the recovery costs you incurred and can make a decision on compensation, I trust that's acceptable.
If you need anything else or have any questions in the meantime, please do not hesitate to contact us.
I am keeping Andy in the loop as I am due to go on leave from 12/2/15 - 8/3/15 so he will need to pick up any issues that may arise during that time.
We will be in touch shortly and await details from you as above in due course.

Dear Peter Wood
Thank you for picking this up and taking the time to deal with this matter.
418,
The date of the appeal I do not have yet.
I are waiting for this but the court and CPS said if I get the information needed before the court date then it could be sent to the court who found me guilty and the CPS and this would be linked to the case and addressed. In addition, there should be no need for the appeal court case.
I am trying to do this so that a next day is not got to be wasted of my time in court and getting to and from the court.
The day that the police officer pulled me and told KGM that I had tools in my van, which the police officer lied, and the police officer has said this in court so lied to the judge is 14/11/2013.
I think due to what the police officer said in court the CPS and judge would like to know the facts and what the police officer said on that phone call to KGM. In addition, when KGM

spoke to the manager at the police compound and found out in fact there was not tools, I think the reason for this is the police officer committed perjury in the court.
That is why they asked me to get proof that my insurance was not void, section 9 witness statements as to what the police officer told KGM on the phone to try to void my insurance, in addition, the facts how KGM found out I had in fact done nothing wrong and my insurance should not be cancelled.
However, if you think a Letter of Indemnity would sort this matter out then if this could be done, I would be very grateful, but could you include in the letter only reason this has come about is due to what the police officer told KGM about the tools being in the van. In addition, this is the reason KGM told the police officer that I would not then be covered by the insurance policy I had in force with them.
This should cover it I hope as I really did nothing wrong and Kelly Tiller knows the police officer lied to get my insurance cancelled as she spoke to the police compound and they told her there was no tools.
The vehicle registration I was driving on the 14/11/2010 was CX52JRZ, this registration was included on my insurance. So should have shown on the database along with my car. However, none showed up as being insured on the MID database, this is what has caused me all the problems with the police.
As already aware yes, I was stopped around 8 or 9 times and had vehicles seized.
I do have some of the some of them here already like do have the receipt what I paid to get the vehicle out of the compound for the 14/11/2013 case I picked that up on the 16/11/2013. I have the ones for the 08/04/2013, 29/10/2013, 16/11/2013, 03/01/2014 I just need to get the receipts for the other dates and also something that shows they was all sized due to no insurance from the police compound.
As for the Data Subject Access Request, I am most grateful that this is being addressed. If I had known a fee was, needed I would have paid that right away, but due to no one getting back to me about the ones that were put in, I did not know a fee was needed.
Regards
Simon Cordell

Dear Mr. Cordell,
Unfortunately, Andy has been called away due to a family emergency, in his absence I have picked this matter up.
The first order of business to my mind is dealing with the Court case, can you confirm when the date has been set for the hearing please? My thought is that we provide a Letter of Indemnity that basically confirms that you had a valid policy in force between said dates and on what vehicles, this should satisfy the Courts but if they need anything else we will be happy to assist, just let me know what you require.
I understand you were stopped several times and had vehicles seized, you are in the process of obtaining evidence of these vehicle seizures and the costs incurred by you as a result for us to consider compensation. When you have gathered this please forward the evidence to us as soon as possible.
There is also the matter of your Data Subject Access Request. I have spent some time today tracking down recorded calls and various communications and hove notified our Data Protection Officer of your request. I can see that you have made a request, any request should

correctly be sent on for the attention of the Data Protection Officer along with a £10 fee. Your request was addressed generally to KGM with no fee and it would appear not actioned. The underwriter dealing with your request should have asked immediately for the fee payment and escalated your request accordingly. This was not done for which I must apologise, as a result we will waive the fee requirement and I would confirm this is now in hand.
We have yet to issue a final response to your complaint and I would assure you we will do this as soon as we have received your response to the above points.

Dear Andrew
Please see attached Insurance, which will show you full details of his insurance policy and dates covered.
420,
Yes, we do want full discloser so this mater can be sorted out by the court and I can send the information over to the CPS for the case of the 14/11/2013 where the police officer told KGM I had tools in my van to void my insurance. Kelly Tiller from the trade section and Jessica know fully what went on and it was Jessica that took the phone call from the police officer. After this I believe Kelly Tiller took over dealing with my policy and she was the one that had the say to cancel my policy and she was the one that believed the police until I went to the police compound and spoke to the manager there where he spoke to Kelly Tiller. If I had not done this Kelly Tiller would have cancelled my policy of insurance and I have all the emails to prove this.
After Kelly Tiller found out I was not lying about having no tools in my van the insurance policy was kept in place, I did ask Kelly Tiller on more than once to send me the information and put data requests in which was not replied to. Now I have been found guilty when Kelly Tiller knows the truth that there was not tools and the police officer lied to KGM on the phone call.
I am the one that has suffered over all this not just on this case but all the times I have been taken to court for no insurance over the year my policy run with KGM due to it not showing on the MID database.
You should have all the emails already from Broadsure Direct and many was sent by them to KGM as I was told KGM could not talk to me and I had to deal with Broadsure Direct about my policy Martin Jenkins from Broadsure Direct should also have copies of all emails as I do.
I have spoken to DVLA today and asked for the data of how many times points was put on my licence due to not getting summons from police and then dealing with cases I knew nothing about and then I had to get the cases reopened, I have to write them a letter and they will send the data I have asked for in the post.

I do have a lot of letters which I will sort out scan and send over. But the 1st part I want to deal with is the court case I was found guilty at and have put an appeal in that is the most important to me right now.

421,

We can deal with everything else once I get all the data scanned as there is really a lot and it was all due to KGM not sorting out why my insurance was not showing on the MID database. The seizers alone have left me out of pocket by around £1700.00. That is without all the days I have not been able to work due to my driving licence being messed up and showing points for no insurance. All the time going back and forward to the compound to collect my vehicles, and everything else I have had to deal with the courts when in fact I had done nothing wrong.

I have tried to deal with this for months and months without going to the ombudsman and KGM has taken no notice, it has taken me to go to the ombudsman for KGM to take any notice and I don't feel anyone would be happy with this sort of service from KGM let alone any company doing this and causing someone so much suffering.

It was one of the police in the end at the compound who in the end worked out why it was not showing up on the MID and that was because there had been a space put within my Reg Numbers. It was that bad two police compounds new me and said each time not again.

As you can see, I am not very happy about all of this, but I do not think anyone would be when they paid for their insurance and had done nothing wrong to suffer all this.

Therefore, could you please get the information I need to send to the CPS; I have written what was needed from Nov 2014 and way before this, and it still has not been sent and I have this hanging over my head. I did not just get points on my licence I got disqualified from driving for 6 months due to repeat offending of no insurance please tell me why when I have paid for my insurance from KGM? The reason it has not been enforced is due to me putting an appeal in.

You can contact my mother on 007 or 007

Dear Lorraine,
Thanks for your comments, don't worry I want to get this resolved as much as you and Simon, it's taken far too
long already, so before I send an amended Indemnity Letter (LOI) please confirm my understanding as listed
below –

- I will amend the registration of the Ford Zetec to show MA57LDY. Broadsure originally gave us the incorrect registration and as you say it was a while before this error was corrected and our policy history was confusing due to the incorrect Clio that I was not aware of previously.
- You are correct, looking back on the instructions from Broadsure I cannot see that they instructed Underwriters to delete the Renault Clio that was added in error following receipt of advices from Broadsure. I can amend the comment in the letter to show that this vehicle was added to the policy incorrectly following an effort on your part to correct the registration number of the Ford Zetec and was a broker error, are you happy

with this?

- The letter states cover was for Social Domestic & Pleasure and Motor Trade Use. Motor Trade use would cover Simon to carry a Motor Mechanics tool being used in connection with Motor Trade but not any tools that would typically be used for any other purposes such as perhaps, paint/brushes/ladders/plumbing/Electrical (domestic/commercial except auto electrical) and so on. This is standard cover; however, I am happy to expand on this statement in the letter if you would like me to in order to clarify that point?
- The Police officer asked if Simon would be covered for the carriage of tools to drive around doing "odd jobs". Later in the call he again confirmed that Simon was not covered "to drive around doing jobs". I sent you the call so you can listen to it yourself but the tone of the enquiry was suggesting that Simon was doing jobs not connected to the Motor Trade however I do feel there is plenty of room here for misunderstanding. If the question had been more specific with the officer stating that Simon had tools connected with the Motor Trade in the vehicle, would he be covered – Yes. If he said that the tools were not connected to the Motor Trade (as per my comments above) then the answer is – No. Not something I can put into a Letter of Indemnity but certainly something to be argued with the CPS/Courts.
- I'm happy to confirm in the letter that cover was in force under this policy on the 14/11/2013. Once I hear back from you, I will revise the LOI accordingly and e-mail it across for you to sign off, I will also send an original in the post just in case! If you need anything else, please do not hesitate to drop me and Andy a line, I am keeping Andy in the loop as I will be on leave from 12/2/15 – 9/3/15 so he will need to deal with anything in my absence.

Dear Peter
Thank you very much for the information you have sent, I do see some errors in your letter of Indemnity. Ford Zetec registration MA47LDY

- Ford Transit registration CX52JRZ
- On the 8/4/13 at 11.05am the following vehicle was added to the policy -
- Renault Clio registration NA57LDY.
- Ford Zetec registration MA47LDY Renault Clio registration NA57LDY

This registration was always put in not correctly but was in fact given to Broadsure Direct correctly. The registration should have been Ford Zetec registration MA57LDY. This was later correct after the 3rd time of telling the Ford Zetec registration as MA57LDY please see attached document. This is the registration that should have been on the policy from the start. We never knew it was not correct until 08/04/13 when again the correct registration was given. However, it was put down as Renault Clio registration NA57LDY, we then believe it

was put in correctly and not a new car added. Dear Simon,
Please find attached the following –

- Recording of the original call made by the Police officer to KGM in which he advised that there were tools in your van.
- Recording of the call between Kelly Tiller and the Police compound in which Kelly was advised that there were no tools in the vehicle.
- Receipt showing purchase of the van.
- E-Mail from Gareth Mullett from the compound confirming that there was nothing on the seizure notice to indicate that there were any tools removed from the vehicle or in the vehicle in the compound.
- Letter of Indemnity for the CPS/Courts.

I believe these are the relevant items you were after and hope this will assist you to resolve the court matters. If you need anything else please let me know, or in my absence Andy Austin. Dear Lorraine,

Thanks for your comments, don't worry I want to get this resolved as much as you and Simon, it's taken far too
long already, so before I send an amended Indemnity Letter (LOI) please confirm my understanding as listed
below –

- I will amend the registration of the Ford Zetec to show MA57LDY. Broadsure originally gave us the incorrect registration and as you say it was a while before this error was corrected and our policy history was confusing due to the incorrect Clio that I was not aware of previously.
- You are correct, looking back on the instructions from Broadsure I cannot see that they instructed Underwriters to delete the Renault Clio that was added in error following receipt of advices from Broadsure. I can amend the comment in the letter to show that this vehicle was added to the policy incorrectly following an effort on your part to correct the registration number of the Ford Zetec and was a broker error, are you happy with this?
- The letter states cover was for Social Domestic & Pleasure and Motor Trade Use. Motor Trade use would cover Simon to carry a Motor Mechanics tool being used in connection with Motor Trade but not any tools that would typically be used for any other purposes such as perhaps, paint/brushes/ladders/plumbing/Electrical (domestic/commercial except auto electrical) and so on. This is standard cover; however, I am happy to expand on this statement in the letter if you would like me to in order to clarify that point?
- The Police officer asked if Simon would be covered for the carriage of tools to drive around doing "odd jobs". Later in the call he again confirmed that Simon was not covered "to drive around doing jobs". I sent you the call so you can listen to it yourself but the tone of the enquiry was suggesting that Simon was doing jobs not connected to the Motor Trade however I do feel there is plenty of room here for misunderstanding. If the question had been more specific with the officer stating that Simon had tools connected with the Motor Trade in the vehicle, would he be covered – Yes. If he said that the tools were not connected to the Motor Trade (as per my comments above) then the answer is – No. Not something I can put into a Letter of Indemnity but certainly something to be argued with the CPS/Courts.
- I'm happy to confirm in the letter that cover was in force under this policy on the 14/11/2013. Once I hear back from you, I will revise the LOI accordingly and e-mail it across for you to sign off, I will also send an original in the post just in case!

1465,

- If you need anything else, please do not hesitate to drop me and Andy a line, I am keeping Andy in the loop as I will be on leave from 12/2/15 – 9/3/15 so he will need to deal with anything in my absence.

Dear Simon,
I spent some time last Friday tracking down a number of calls and did find the original call that the Police made to Jessica and the calls Kelly made to the Compound so we can provide these and it sounds like these are the important calls from the CPS and Courts viewpoint. I will pass these over to our Data Protection Officer of course but will ask if its ok for me to release them to you in the meantime before he does his official response.
438,
I think we should also do the Letter of Indemnity and will send this across to you in the next few days, threes no reason why you can't send this across now and it can do no harm.
I'm conscious we have not done a formal final response yet to your complaint, I intend to do this as soon as we receive full details of the recovery costs you incurred and can make a decision on compensation, I trust that's acceptable.
If you need anything else or have any questions in the meantime, please do not hesitate to contact us.
I am keeping Andy in the loop as I am due to go on leave from 12/2/15 - 8/3/15 so he will need to pick up any issues that may arise during that time.
We will be in touch shortly and await details from you as above in due course.

Dear Peter Wood
Thank you for picking this up and taking the time to deal with this matter.
The date of the appeal I do not have yet.
I are waiting for this but the court and CPS said if I get the information needed before the court date then it could be sent to the court who found me guilty and the CPS and this would be linked to the case and addressed. In addition, there should be no need for the appeal court case.
I am trying to do this so that a next day is not got to be wasted of my time in court and getting to and from the court.

The day that the police officer pulled me and told KGM that I had tools in my van, which the police officer lied, and the police officer has said this in court so lied to the judge is 14/11/2013.
I think due to what the police officer said in court the CPS and judge would like to know the facts and what the police officer said on that phone call to KGM. In addition, when KGM spoke to the manager at the police compound and found out in fact there was not tools, I think the reason for this is the police officer committed perjury in the court.
That is why they asked me to get proof that my insurance was not void, section 9 witness statements as to what the police officer told KGM on the phone to try to void my insurance, in addition, the facts how KGM found out I had in fact done nothing wrong and my insurance should not be cancelled.
However, if you think a Letter of Indemnity would sort this matter out then if this could be done, I would be very grateful, but could you include in the letter only reason this has come about is due to what the police officer told KGM about the tools being in the van. In addition, this is the reason KGM told the police officer that I would not then be covered by the insurance policy I had in force with them.
439,
This should cover it I hope as I really did nothing wrong and Kelly Tiller knows the police officer lied to get my insurance cancelled as she spoke to the police compound and they told her there was no tools.
The vehicle registration I was driving on the 14/11/2010 was CX52JRZ, this registration was included on my insurance. So should have shown on the database along with my car. However, none showed up as being insured on the MID database, this is what has caused me all the problems with the police.
As already aware yes, I was stopped around 8 or 9 times and had vehicles seized.
I do have some of the some of them here already like do have the receipt what I paid to get the vehicle out of the compound for the 14/11/2013 case I picked that up on the 16/11/2013. I have the ones for the 08/04/2013, 29/10/2013, 16/11/2013, 03/01/2014 I just need to get the receipts for the other dates and also something that shows they was all sized due to no insurance from the police compound.
As for the Data Subject Access Request, I am most grateful that this is being addressed. If I had known a fee was, needed I would have paid that right away, but due to no one getting back to me about the ones that were put in, I did not know a fee was needed.
Regards
Simon Cordell

Dear Mr. Cordell,
Unfortunately, Andy has been called away due to a family emergency, in his absence I have picked this matter up.
The first order of business to my mind is dealing with the Court case, can you confirm when the date has been set for the hearing please? My thought is that we provide a Letter of Indemnity that basically confirms that you had a valid policy in force between said dates and on what vehicles, this should satisfy the Courts but if they need anything else we will be happy to assist, just let me know what you require.
I understand you were stopped several times and had vehicles seized, you are in the process of obtaining evidence of these vehicle seizures and the costs incurred by you as a result for us

to consider compensation. When you have gathered this please forward the evidence to us as soon as possible.
There is also the matter of your Data Subject Access Request. I have spent some time today tracking down recorded calls and various communications and hove notified our Data Protection Officer of your request. I can see that you have made a request, any request should correctly be sent on for the attention of the Data Protection Officer along with a £10 fee. Your request was addressed generally to KGM with no fee and it would appear not actioned. The underwriter dealing with your request should have asked immediately for the fee payment and escalated your request accordingly. This was not done for which I must apologise, as a result we will waive the fee requirement and I would confirm this is now in hand.
We have yet to issue a final response to your complaint and I would assure you we will do this as soon as we have received your response to the above points.

Dear Andrew
Please see attached Insurance, which will show you full details of his insurance policy and dates covered.
Yes, we do want full discloser so this mater can be sorted out by the court and I can send the information over to the CPS for the case of the 14/11/2013 where the police officer told KGM I had tools in my van to void my insurance. Kelly Tiller from the trade section and Jessica know fully what went on and it was Jessica that took the phone call from the police officer. After this I believe Kelly Tiller took over dealing with my policy and she was the one that had the say to cancel my policy and she was the one that believed the police until I went to the police compound and spoke to the manager there where he spoke to Kelly Tiller. If I had not done this Kelly Tiller would have cancelled my policy of insurance and I have all the emails to prove this.
After Kelly Tiller found out I was not lying about having no tools in my van the insurance policy was kept in place, I did ask Kelly Tiller on more than once to send me the information and put data requests in which was not replied to. Now I have been found guilty when Kelly Tiller knows the truth that there was not tools and the police officer lied to KGM on the phone call.
I am the one that has suffered over all this not just on this case but all
441,
the times I have been taken to court for no insurance over the year my policy run with KGM due to it not showing on the MID database.
You should have all the emails already from Broadsure Direct and many was sent by them to KGM as I was told KGM could not talk to me and I had to deal with Broadsure Direct about my policy Martin Jenkins from Broadsure Direct should also have copies of all emails as I do.

I have spoken to DVLA today and asked for the data of how many times points was put on my licence due to not getting summons from police and then dealing with cases I knew nothing about and then I had to get the cases reopened, I have to write them a letter and they will send the data I have asked for in the post.
I do have a lot of letters which I will sort out scan and send over. But the 1st part I want to deal with is the court case I was found guilty at and have put an appeal in that is the most important to me right now.
We can deal with everything else once I get all the data scanned as there is really a lot and it was all due to KGM not sorting out why my insurance was not showing on the MID database. The seizers alone have left me out of pocket by around £1700.00. That is without all the days I have not been able to work due to my driving licence being messed up and showing points for no insurance. All the time going back and forward to the compound to collect my vehicles, and everything else I have had to deal with the courts when in fact I had done nothing wrong.
I have tried to deal with this for months and months without going to the ombudsman and KGM has taken no notice, it has taken me to go to the ombudsman for KGM to take any notice and I don't feel anyone would be happy with this sort of service from KGM let alone any company doing this and causing someone so much suffering.
It was one of the police in the end at the compound who in the end worked out why it was not showing up on the MID and that was because there had been a space put within my Reg Numbers. It was that bad two police compounds new me and said each time not again.
442,
As you can see, I am not very happy about all of this, but I do not think anyone would be when they paid for their insurance and had done nothing wrong to suffer all this.
Therefore, could you please get the information I need to send to the CPS; I have written what was needed from Nov 2014 and way before this, and it still has not been sent and I have this hanging over my head. I did not just get points on my licence I got disqualified from driving for 6 months due to repeat offending of no insurance please tell me why when I have paid for my insurance from KGM? The reason it has not been enforced is due to me putting an appeal in.
You can contact my mother on 007 or 007

Dear Mr. Cordell,
I have detailed the process for requesting information under the subject access request and if you wish to proceed with this please confirm.
443,
In the meantime, I am keen to assist you if I can in confirming when cover was in force. Please can you confirm if there is a contact number, I can call you or your Mother on and a time that is acceptable so that I can try and help resolve this particular issue for you.
I look forward to hearing from you with this information.

Dear Andrew
I will forward this to you within a few days I will ask the police compound to do a full print out as to all the tickets as I believe there is a few missing.
I do have around 6 of the tickets here when the vehicles were sized, I also do have court letters, and letters from DVLA, which I will forward over to
444,
you once I have scanned then in so please give me a few days and I will get back to you with this information as there is a lot of data.
The main one at this time I am worried about is the case where the vehicle was sized due to the police lying and me being found guilty at court you did have an email on the 30 November 2014 about what was needed and I do have the court letter showing I was found guilty and about the appeal.
This data should have been given under the Subject access request under the Data Protection Act 1998 I put in, so was wondering what you can do about this and if you will need a new Subject access request under the Data Protection Act 1998, I have already sent 3 in so to do a 4th I do not feel I should need to do.
KGM have in fact not followed the protocol for the Subject access request under the Data Protection Act 1998 which has been put in 3 times already to KGM, I will be addressing this with the Information Commissioner's Office as I do not see any reason you would have to stop the information, I have asked for under this act to prove I was not in fact guilty of no insurance.
And now say to deal with this you need information from me. I can understand you want the information for the complaint that has been put in, but not the information I asked for to show I was in fact I was insured for an appeal that is ongoing. And in fact, would not have been ongoing if the Subject access request under the Data Protection Act 1998 as I would not have been found guilty.
I would like the data sent to the court as soon as possible in regards to this so they can look at the facts and see if fact I was insured so there should be no need for the appeal to go ahead with more of my time wasted going to court.

Simon Cordell

Subject: RE: MT3574694
To Whom It May Concern:
I am writing due to the complaint I put in. I have forwarded emails to Broadsure Direct and spoken to Broadsure Direct who took the policy of insurance out policy no: MT3574694
447,
I have been asking for information from KGM since 2013 and have heard nothing back.
When the policy was taken out there was some reason it did not show up on the MID database Broadsure Direct and KGM was aware of this.
Due to this fact I had my vehicles were sized a number of times I believe 8 or 9 times in all, where I had to pay the costs to get my vehicles out the compound each time. In the week when I was pulled by police it was not so bad as the insurance company was opened so when I showed the police my policy, they could call the insurance company.
The seizers happened mostly at the weekend mostly due to the insurance company being closed and the police could not talk to anyone even when I had my policy on me at all times to prove I did in fact have insurance.
I made many calls to the police, Broadsure Direct, KGM and the people who run the MID database, but the issue did not go away, and my vehicles still did not show up on the MID database.

There was also a time in Nov 2013 when my van was sized this was due to KGM telling the police I was not insured due to the police telling KGM that I had tools in my van. Which was a lie by the police as I did not have anything in my van. Kelly Tiller from the trade section was dealing with this and a few days later I got a letter from KGM saying they was going to cancel my policy. As you can understand I was very upset over this as I had done nothing wrong.
At this time lots of calls was both made to KMG and Broadsure to stop the cancelation of my insurance policy, I spoke to Kelly Tiller many times, but she believed the police and I had no say in the matter. The police were off duty so I could not speak to them and Kelly Tiller was saying unless I could prove I did not have any tools in my van then the insurance policy would be cancelled which was very unfair as I had done nothing wrong, I knew I never had any tools.

448,

But I also asked Kelly Tiller did the police tell her what tools was meant to be in my van, to which she said no. KGM was not even aware I had mechanics trade on my policy so if my mechanics tools had been in my van at the time my insurance would still have been cancelled which to me what was the point in having insurance?
I then spoke to a wonderful operator at the police when I called told her what had gone on and was told by her to go to the police compound as when any vehicles are taken there, they have to do a full list of items that are in the vehicles as they are in fact legible if something goes missing. Over that weekend I sent emails to the compound and forwarded them to Broadsure as my insurance was due to be cancelled on the Monday. On Monday I got an email from Broadsure direct asking me to go to the compound as Kelly Tiller had no luck getting a reply from them also, and once there to call Kelly Tiller due to the time on the Monday I got the email it would have been too late to go the compound and get a call to Kelly Tiller as she would have ended work for that day so I sent an email saying I would be going there early the next morning.
I went the next day and asked to speak to the manager of the compound who in fact looked up my van and said nothing was in there, there was not tools I called Kelly Tiller and the manager of the compound spoke to her and confirmed there was nothing in the van when it was taken there by police and that I had put thing in the van when I had taken it out of the compound.
At this point Kelly tiller believed me and said the policy would not be cancelled. But on my way back from the compound driving my phone ring and I stopped to pick it up and it was Broadsure direct saying my policy had in fact been cancelled I was very upset at this and told them what had happened, I was asked to hold on they was called KGM back and would call me right back. I waited till Broadsure direct called me back and confirmed my insurance policy had not been cancelled then drove home.
From this point I have been asking for all information and putting data protection acts in which have not been dealt with and I have heard nothing from KGM.

449,

I have been back and forward to court due to no insurance and in fact 4 cases I did not get any summons so was in fact found guilty as I did not know it was even going to court.
I have had points put on my driving licence for no reason and had to go back and forward to court many times when this should not have been the case.
Then the case come up for the seizer when the police said I had tools in my van I went to court with all my documents but due to not having the information I had asked for from KGM many times about that case I was found guilty. I am very upset about the whole policy with KGM. I have put an appeal in, and this case will be going to crown court I have again

asked for information and again heard nothing. These matters need to be addressed as I am suffering due to all of this.
Martin Jenkins at Broadsure Direct knows everything that has gone on as he was my main contact.
I also have all the emails the last one that I will enclose again, which I have heard nothing about and the 1st Subject access request under the Data Protection Act 1998 that I sent on the 26/11/2013. I did in fact send the Subject access request under the Data Protection Act 1998 about time times and asked Martin Jenkins to look into why I had heard nothing about more than once.
Once I get the appeal date for crown court, I will ask the court to summons the people at KGM to deal with this matter as they know I was insurance and did nothing wrong and the police lied. All I have asked for is the data so there will be no need to summons people this way I can send the section 9 witness statements over to the crown and the other information and this case should be dropped against me.
It just seemed that KGM does not want to do anything and give me the information I need to prove in fact I was insurance and the police lied to KGM to in fact make it that I was not insurance.

450,

There is a lot more I could say about the insurance I had with KGM, but this insurance policy was my worst nightmare. It has messed my clean driving licence up and in fact got to the point I could not drive so could not work.
Due to the fact, KGM could not send me the information over that was needed to prove I did have insurance.
If you need o can send over all the emails that has been sent back and forward to Broadsure who sent them to KGM.
I have lost a lot of money, and time due to this insurance policy I have had to pay for my vehicles to be taken out of the police compound around 8 to 9 times at a cost of £180.00 to £200.00 a time. All the loss of work due to having to take time to go to the police compound, and all the times I have had to go to court for no insurance when in fact I had insurance. And points put on my driving licence to the fact I could not drive, this has all been costs to myself.
My Mother Lorraine Cordell has also written many of the emails and is fine with dealing with this issue.
Regards
Simon Cordell

Dear Mr Cordell

RE: Letter of Indemnity - Policy Number MT3574694

We would confirm that the policy above was incepted at 00.01 AM on the 23/2/13 and was in force until Midnight on the 22/2/14 when it lapsed.

The policy is a Road Risks Motor Trade only, cover was Comprehensive with the use permitted of Social Domestic and Pleasure and for Motor Trade purposes only. For clarity we would advise that Motor Trade Use would allow the carriage of tools required specifically for use in connection with Motor Trade activities.

Drivers under this policy were restricted to Mr Simon Cordell only.

The vehicles covered at inception of the policy were –

- Ford Zetec registration MA57LDY
- Ford Transit registration CX52JRZ

On the 8/4/13 at 11.05am the following vehicle was added to the policy –

- Renault Clio registration NA57LDY. We have since established that in fact Mr Cordell was trying to correct the registration of the Ford Zetec that his broker had incorrectly advised Underwriters was MA47LDY at policy inception. Unfortunately the broker compounded that error with these instructions as the registration number was still incorrect (NA57LDY) and on the wrong vehicle leading Underwriters to add this vehicle onto the policy in error. Eventually the correct registration of the Ford Zetec was noted.
- Please note that whilst the registration of the Ford Zetec was incorrect on the policy record and on the Motor Insurers Database for some time as a result of the above error, Underwriters would confirm that in the event of any incident Mr Cordell would have been fully indemnified subject to the terms of this policy.

MOTOR INSURANCE
Member of Canopius Group

We understand that Mr Cordell was subjected to a number of Police stops during the policy period whilst driving these vehicles. The stops were due to these vehicles not showing as insured on the Motor Insurers Database (MID). We would confirm that it's a requirement for Motor Insurers to upload details of all insured policies & vehicles to the MID, the targets set are 95% of policies to be on the MID within 14 days for Motor Trade policies and 95% of vehicles to be on the MID within 21 days for Motor Trade. Accordingly we can note that whilst this database is very effective, it's not real time and not 100% accurate.

We have carried out an investigation to understand why Mr Cordells vehicles were not on the MID leading to these Police stops. It has been established that there is a "bug" in our system when copying and pasting a registration with a space in it into the policy record, that results in an unsuccessful upload to the MID. It does not happen when we receive data electronically or when manually inputting data and was something we were unaware of until this case. We have of course changed our processes to prevent this occurring again.

The unfortunate outcome for Mr Cordell of course was that it appeared to the Police that he was driving uninsured and was subjected to unnecessary Police stops. This was not Mr Cordells fault in any way as he had a valid Insurance policy in force and was fully insured to drive these vehicles for the purposes permitted under this policy during the policy period.

As stated above this policy was in force from 00.01 AM on the 23/2/13 and was in force until Midnight on the 22/2/14. We have been asked to specifically confirm that it was in force on the 14/11/2013 for both the Ford Zetec registration MA57LDY and the Ford Transit registration CX52JRZ.

We trust this letter meets the requirements of the Police and the Courts. Should you require any further assistance please do not hesitate to contact us.

Yours sincerely,

  Dear Debbie Barnett
  Thank you for taking the time to talk to me today on the phone one the 02/02/**2015**. Could you please also confirm by email that you have this email. As explained, there have been a number of issues with my son Simon Cordell **DOB:** 26/01/1981. The issues are one of not being insured. When in fact he was. There was a case heard on the 26/11/**2014** at Wimbledon Magistrates' Court where my son Simon Cordell was found guilty. Of using his vehicle for business purposes. This was only the case due to the police officer lying. Not just to KGM who my son was insured with, but in his statement of facts, and also on oath to the judge and CPS. The case is such that on the day my son was stopped the police office made a call to KGM the police office told KGM that my son Simon Cordell had lots of tools in his van and was doing odd jobs. Under my son insurance this would not have covered him, and the police officer would have known this already as my son had given the police officer his policy at the side of the road. My son was arrested and taken to the police station. Due to him refusing to sign the seizer notice and telling the police officer he was lying and to arrest him. My sons Van registration CX52JRZ was seized and taken to Chariton police vehicle pound, with no tools in there. The police office when wrote his statement not with what he told KGM on the phone call but with something totally incorrect information. The judge asked the police office at court about the tools as he saw emails from KGM the police office told the judge he knew nothing about any tools. The police officer I believed new he could not put tools down in his statement as calls was already being put into the police about complaints. So changed his story in his statement. The facts are that there are audio tapes of what the police officer said to KGM, and also the call that was made to Chariton police vehicle pound as KGM record all calls. I have both of the audio files from KGM and also a Letter of Indemnity and an email that a manager sent to Kelly Tiller at KGM. How can a police officer act in such a manner? I really do not understand why he did this. As also said on the phone there is a number of summons my son has not had regarding the other stops from police, these cases he has gone to court without him knowing and he been found guilty when he did not even know there was a case in court. I have sent many emails to get these cases set aside and sent his insurance documents to the court. 2 case we had to do statutory declarations one for Willesden and one

for Bromley. The Willesden one seems to have been reheard at court on the 26/01/**2015** without us knowing again he was found guilty but they put this case under a new case number looking at the letter so all the documents that were sent before was not with the court file I would have through. But with both statutory declarations we added a copy of his insurance. I have been trying for some time to get all of this put together so it can all be addresses and so far, nothing has been done with all the emails I have sent to the court. We also asked at court when we went to Wimbledon Magistrates' Court, but nothing was done. Could you please tell us where we can sort this out about getting all?

1503,

the other cases addressed without the need to be going from one court to the next. This is a waste of courts time and money when clearly all that is needed to be is check my son's insurance that he was in fact insured. I am sure that the letter that has been sent of Indemnity from KGM would cover these other cases as proof he was in fact insured. Could you please advise what needs to be done with these other cases? Please can you address the issues in this email and get back to me by email.

Dear Debbie Barnett

Thank you for taking the time to talk to me today on the phone one the 02/02/2015. Could you please also confirm by email that you have this email.

As explained, there have been a number of issues with my son Simon Cordell DOB: 26/01/1981.

The issues are one of not being insured. When in fact he was.

There was a case heard on the 26/11/2014 at Wimbledon Magistrates' Court where my son Simon Cordell was found guilty. Of using his vehicle for business purposes.

This was only the case due to the police officer lying. Not just to KGM who my son was insured with, but in his statement of facts, and also on oath to the judge and CPS.

The case is such that on the day my son was stopped the police office made a call to KGM the police office told KGM that my son Simon Cordell had lots of tools in his van and was doing odd jobs. Under my son insurance this would not have covered him, and the police officer would have known this already as my son had given the police officer his policy at the side of the road.
My son was arrested and taken to the police station. Due to him refusing to sign the seizer notice and telling the police officer he was lying and to arrest him.

Dear Mr Cordell

RE: Letter of Indemnity - Policy Number MT3574694

We would confirm that the policy above was incepted at 00.01 AM on the 23/2/13 and was in force until Midnight on the 22/2/14 when it lapsed.

The policy is a Road Risks Motor Trade only, cover was Comprehensive with the use permitted of Social Domestic and Pleasure and for Motor Trade purposes only. For clarity we would advise that Motor Trade Use would allow the carriage of tools required specifically for use in connection with Motor Trade activities.

Drivers under this policy were restricted to Mr Simon Cordell only.

The vehicles covered at inception of the policy were –

- Ford Zetec registration MA57LDY
- Ford Transit registration CX52JRZ

On the 8/4/13 at 11.05am the following vehicle was added to the policy –

- Renault Clio registration NA57LDY. We have since established that in fact Mr Cordell was trying to correct the registration of the Ford Zetec that his broker had incorrectly advised Underwriters was MA47LDY at policy inception. Unfortunately the broker compounded that error with these instructions as the registration number was still incorrect (NA57LDY) and on the wrong vehicle leading Underwriters to add this vehicle onto the policy in error. Eventually the correct registration of the Ford Zetec was noted.
- Please note that whilst the registration of the Ford Zetec was incorrect on the policy record and on the Motor Insurers Database for some time as a result of the above error, Underwriters would confirm that in the event of any incident Mr Cordell would have been fully indemnified subject to the terms of this policy.

We understand that Mr Cordell was subjected to a number of Police stops during the policy period whilst driving these vehicles. The stops were due to these vehicles not showing as insured on the Motor Insurers Database (MID). We would confirm that it's a requirement for Motor Insurers to upload details of all insured policies & vehicles to the MID, the targets set are 95% of policies to be on the MID within 14 days for Motor Trade policies and 95% of vehicles to be on the MID within 21 days for Motor Trade. Accordingly we can note that whilst this database is very effective, it's not real time and not 100% accurate.

We have carried out an investigation to understand why Mr Cordells vehicles were not on the MID leading to these Police stops. It has been established that there is a "bug" in our system when copying and pasting a registration with a space in it into the policy record, that results in an unsuccessful upload to the MID. It does not happen when we receive data electronically or when manually inputting data and was something we were unaware of until this case. We have of course changed our processes to prevent this occurring again.

The unfortunate outcome for Mr Cordell of course was that it appeared to the Police that he was driving uninsured and was subjected to unnecessary Police stops. This was not Mr Cordells fault in any way as he had a valid Insurance policy in force and was fully insured to drive these vehicles for the purposes permitted under this policy during the policy period.

As stated above this policy was in force from 00.01 AM on the 23/2/13 and was in force until Midnight on the 22/2/14. We have been asked to specifically confirm that it was in force on the 14/11/2013 for both the Ford Zetec registration MA57LDY and the Ford Transit registration CX52JRZ.

We trust this letter meets the requirements of the Police and the Courts. Should you require any further assistance please do not hesitate to contact us.

Yours sincerely,

To Whom It May Concern:
I am writing this email due today due to speaking to the CPS again about the case that was heard at Wimbledon Magistrates' Court on the 26/11/**2014** where my son was found guilty. My son's details are Mr. Simon Paul Cordell **DOB:** 26/01/1981. An appeal was put in on the same date 26/11/**2014** and we have been waiting for an appeal date. But today when speaking to the CSP they told us a date was already set for the 05/03/**2015** at Kingston upon Thames Crown Court, we have had no letters of a date being set could you please forward to this email any letters that have been sent. At court when my son was found guilty the cps and the judge advised if we got the information needed from his insurance then it could be sent

before we got a date for the appeal to the cps and court. which I spoke to Debbie Barnett from the CPS on the 02/02/**2015** and told her I was now able to send this data over. She asked me to send this via email which was done on the 03/02/**2015**, please see below email. Could you please link this email and all attachments to the court file? I do not know the case ref for the court due to not having any letters. There are 3 PDF files and 2 Audio files from his insurance company. Could you also please explain what format the audio files should be in to be used in this case, also should they be on CD of tape. and would we need to bring something to court to play them on. The insurance company need to know this ASAP seeing as the case is listed for the 05/03/**2015**. Could you also please tell us what time the case is listed for, and also reply to this email to let me know you have got it safely with the attached documents and audio files.

Dear Debbie Barnett
Thank you for taking the time to talk to me today on the phone one the 02/02/**2015**. Could you please also confirm by email that you have this email. As explained, there have been a number of issues with my son Simon Cordell **DOB:** 26/01/1981. The issues are one of not being insured. When in fact he was.
1505,
There was a case heard on the 26/11/**2014** at Wimbledon Magistrates' Court where my son Simon Cordell was found guilty. Of using his vehicle for business purposes. This was only the case due to the police officer lying. Not just to KGM who my son was insured with, but in his statement of facts, and also on oath to the judge and CPS. The case is such that on the day my son was stopped the police office made a call to KGM the police office told KGM that my son Simon Cordell had lots of tools in his van and was doing odd jobs. Under my son insurance this would not have covered him, and the police officer would have known this already as my son had given the police officer his policy at the side of the road. My son was arrested and taken to the police station. Due to him refusing to sign the seizer notice and telling the police officer he was lying and to arrest him. My sons Van registration CX52JRZ was seized and taken to Chariton police vehicle pound, with no tools in there. The police office when wrote his statement not with what he told KGM on the phone call but with something totally incorrect information. The judge asked the police office at court about the tools as he saw emails from KGM the police office told the judge he knew nothing about any tools. The police officer I believed new he could not put tools down in his statement as calls was already being put into the police about complaints. So changed his story in his statement. The facts are that there are audio tapes of what the police officer said to KGM, and also the call that was made to Chariton police vehicle pound as KGM record all calls. I have both of the audio files from KGM and also a Letter of Indemnity and an email that a manager sent to Kelly Tiller at KGM. How can a police officer act in such a manner? I really do not understand why he did this. As also said on the phone there is a number of summons my son has not had regarding the other stops from police, these cases he has gone to court without him knowing and he been found guilty when he did not even know there was a case in court. I have sent many emails to get these cases set aside and sent his insurance documents to the

court. 2 case we had to do statutory declarations one for Willesden and one for Bromley. The Willesden one seems to have been reheard at court on the 26/01/**2015** without us knowing again he was found guilty but they put this case under a new case number looking at the letter so all the documents that were sent before was not with the court file I would have through. But with both statutory declarations we added a copy of his insurance. I have been trying for some time to get all of this put together so it can all be addresses and so far, nothing has been done with all the emails I have sent to the court. We also asked at court when we went to Wimbledon Magistrates' Court, but nothing was done. Could you please tell us where we can sort this out about getting all the other cases addressed without the need to be going from one court to the next. This is a waste of courts time and money when clearly all that is needed to be is check my son's insurance that he was in fact insured. I am sure that the letter that has been sent of Indemnity from KGM would cover these other cases as proof he was in fact insured. Could you please advise what needs to be done with these other cases? Please can you address the issues in this email and get back to me by email.

Dear Mr Cordell

RE: Letter of Indemnity - Policy Number MT3574694

We would confirm that the policy above was incepted at 00.01 AM on the 23/2/13 and was in force until Midnight on the 22/2/14 when it lapsed.

The policy is a Road Risks Motor Trade only, cover was Comprehensive with the use permitted of Social Domestic and Pleasure and for Motor Trade purposes only. For clarity we would advise that Motor Trade Use would allow the carriage of tools required specifically for use in connection with Motor Trade activities.

Drivers under this policy were restricted to Mr Simon Cordell only.

The vehicles covered at inception of the policy were –

- Ford Zetec registration MA57LDY
- Ford Transit registration CX52JRZ

On the 8/4/13 at 11.05am the following vehicle was added to the policy –

- Renault Clio registration NA57LDY. We have since established that in fact Mr Cordell was trying to correct the registration of the Ford Zetec that his broker had incorrectly advised Underwriters was MA47LDY at policy inception. Unfortunately the broker compounded that error with these instructions as the registration number was still incorrect (NA57LDY) and on the wrong vehicle leading Underwriters to add this vehicle onto the policy in error. Eventually the correct registration of the Ford Zetec was noted.
- Please note that whilst the registration of the Ford Zetec was incorrect on the policy record and on the Motor Insurers Database for some time as a result of the above error, Underwriters would confirm that in the event of any incident Mr Cordell would have been fully indemnified subject to the terms of this policy.

We understand that Mr Cordell was subjected to a number of Police stops during the policy period whilst driving these vehicles. The stops were due to these vehicles not showing as insured on the Motor Insurers Database (MID). We would confirm that it's a requirement for Motor Insurers to upload details of all insured policies & vehicles to the MID, the targets set are 95% of policies to be on the MID within 14 days for Motor Trade policies and 95% of vehicles to be on the MID within 21 days for Motor Trade. Accordingly we can note that whilst this database is very effective, it's not real time and not 100% accurate.

We have carried out an investigation to understand why Mr Cordells vehicles were not on the MID leading to these Police stops. It has been established that there is a "bug" in our system when copying and pasting a registration with a space in it into the policy record, that results in an unsuccessful upload to the MID. It does not happen when we receive data electronically or when manually inputting data and was something we were unaware of until this case. We have of course changed our processes to prevent this occurring again.

The unfortunate outcome for Mr Cordell of course was that it appeared to the Police that he was driving uninsured and was subjected to unnecessary Police stops. This was not Mr Cordells fault in any way as he had a valid Insurance policy in force and was fully insured to drive these vehicles for the purposes permitted under this policy during the policy period.

As stated above this policy was in force from 00.01 AM on the 23/2/13 and was in force until Midnight on the 22/2/14. We have been asked to specifically confirm that it was in force on the 14/11/2013 for both the Ford Zetec registration MA57LDY and the Ford Transit registration CX52JRZ.

We trust this letter meets the requirements of the Police and the Courts. Should you require any further assistance please do not hesitate to contact us.

Yours sincerely,

To Whom It May Concern:
I am writing this email due today due to speaking to the CPS again about the case that was heard at Wimbledon Magistrates' Court on the 26/11/2014 where my son was found guilty.
My son's details are Mr. Simon Paul Cordell DOB: 26/01/1981.
An appeal was put in on the same date 26/11/2014 and we have been waiting for an appeal date. But today when speaking to the CSP they told us a date was already set for the 05/03/2015 at Kingston-upon-Thames Crown Court, we have had no letters of a date being set could you please forward to this email any letters that have been sent.
At court when my son was found guilty the cps and the judge advised if we got the information needed from his insurance then it could be sent before we got a date for the appeal to the cps and court.
which I spoke to Debbie Barnett from the CPS on the 02/02/2015 and told her I was now able to send this data over.
She asked me to send this via email which was done on the 03/02/2015, please see below email.
Could you please link this email and all attachments to the court file? I do not know the case ref for the court due to not having any letters.
There are 3 PDF files and 2 Audio files from his insurance company. Could you also please explain what format the audio files should be in to be used in this case, also should they be on CD of tape. and would we need to bring something to court to play them on. The insurance company need to know this ASAP seeing as the case is listed for the 05/03/2015.
Could you also please tell us what time the case is listed for, and also reply to this email to let me know you have got it safely with the attached documents and audio files.

Dear Lorraine/Simon,
Just a quick note to let you know that I will be on holiday from 12/2/15 returning on 9/3/15, so if you need anything in the meantime please communicate with Andy Austin. Can you let me know how you get on with the CPS and let me know if there is anything else, we can do or that you might need from us?
Just to confirm, I'm sure you are onto this, but you are currently pulling together evidence of the costs incurred by Simon for various release fee's following Police stop and seizures. As soon as you have provided this evidence, I can give further consideration to the compensation aspect of your complaint. I would prefer to deal with this myself when I return after the 9/3/15, I hope that's acceptable to you but if not please let me know and I will put something in place so that this can be handled in my absence. Finally, I would advise that the formal Data Subject Access Request you previously made has gone to our Data Protection Officer. He is aware that I have already provided the Indemnity Letter and some key call recordings to assist you. They are dealing with your request and he has asked that I send you his initial response, I have pasted this in below for your information –
Dear Mr. Cordell
Further to your ongoing correspondence with Peter Wood in our Motor Operation, your request for information has been passed to me and whilst I can see we have fulfilled that request in part by sending you specific data, we would like to fulfil the element of your request which is a Subject Access Request. We apologise that this element of your request was not dealt with as quickly as it should have been. Accordingly, we will now gather relevant data and write to you with the results of that data gathering exercise as soon as possible. As Peter has already communicated, we will charge no fee for this request on this occasion. Please do not hesitate to contact me if you have any queries.
With kind regards

Dear Lorraine,
Thanks for your comments, don't worry I want to get this resolved as much as you and Simon, it's taken far too
long already, so before I send an amended Indemnity Letter (LOI) please confirm my understanding as listed
below –

- I will amend the registration of the Ford Zetec to show MA57LDY. Broadsure originally gave us the incorrect registration and as you say it was a while before this error was corrected and our policy history was confusing due to the incorrect Clio that I was not aware of previously.
- You are correct, looking back on the instructions from Broadsure I cannot see that they instructed Underwriters to delete the Renault Clio that was added in error following receipt of advices from Broadsure. I can amend the comment in the letter to show that this vehicle was added to the policy incorrectly following an effort on your part to correct the registration number of the Ford Zetec and was a broker error, are you happy with this?
- The letter states cover was for Social Domestic & Pleasure and Motor Trade Use. Motor Trade use would cover Simon to carry a Motor Mechanics tool being used in connection with Motor Trade but not any tools that would typically be used for any other purposes such as perhaps, paint/brushes/ladders/plumbing/Electrical (domestic/commercial except auto electrical) and so on. This is standard cover; however, I am happy to expand on this statement in the letter if you would like me to in order to clarify that point?
- The Police officer asked if Simon would be covered for the carriage of tools to drive around doing "odd jobs". Later in the call he again confirmed that Simon was not covered "to drive around doing jobs". I sent you the call so you can listen to it yourself

but the tone of the enquiry was suggesting that Simon was doing jobs not connected to the Motor Trade however I do feel there is plenty of room here for misunderstanding. If the question had been more specific with the officer stating that Simon had tools connected with the Motor Trade in the vehicle, would he be covered – Yes. If he said that the tools were not connected to the Motor Trade (as per my comments above) then the answer is – No. Not something I can put into a Letter of Indemnity but certainly something to be argued with the CPS/Courts.

- I'm happy to confirm in the letter that cover was in force under this policy on the 14/11/**2013**.

As for the data we need from the compound I have had to put a subject access request in, not sure how long this is going to take but as soon as I heard anything I will let you know, thank you again for dealing with this matter and I am sure we will talk soon, hope you have a great holiday.

Dear Debbie Barnett
Thank you for taking the time to talk to me today on the phone one the 02/02/**2015**. Could you please also confirm by email that you have this email. As explained, there have been a number of issues with my son Simon Cordell **DOB:** 26/01/1981. The issues are one of not being insured. When in fact he was. There was a case heard on the 26/11/**2014** at Wimbledon Magistrates' Court where my son Simon Cordell was found guilty. Of using his vehicle for business purposes. This was only the case due to the police officer lying. Not just to KGM who my son was insured with, but in his statement of facts, and also on oath to the judge and CPS. The case is such that on the day my son was stopped the police office made a call to KGM the police office told KGM that my son Simon Cordell had lots of tools in his van and was doing odd jobs. Under my son insurance this would not have covered him, and the police officer would have known this already as my son had given the police officer his policy at the

side of the road. My son was arrested and taken to the police station. Due to him refusing to sign the seizer notice and telling the police officer he was lying and to arrest him. My sons Van registration CX52JRZ was seized and taken to Chariton police vehicle pound, with no tools in there.

The police office when wrote his statement not with what he told KGM on the phone call but with something totally incorrect information. The judge asked the police office at court about the tools as he saw emails from KGM the police office told the judge he knew nothing about any tools. The police officer I believed new he could not put tools down in his statement as calls was already being put into the police about complaints. So changed his story in his statement. The facts are that there are audio tapes of what the police officer said to KGM, and also the call that was made to Chariton police vehicle pound as KGM record all calls. I have both of the audio files from KGM and also a Letter of Indemnity and an email that a manager sent to Kelly Tiller at KGM. How can a police officer act in such a manner? I really do not understand why he did this. As also said on the phone there is a number of summons my son has not had regarding the other stops from police, these cases he has gone to court without him knowing and he been found guilty when he did not even know there was a case in court. I have sent many emails to get these cases set aside and sent his insurance documents to the court. 2 case we had to do statutory declarations one for Willesden and one for Bromley. The Willesden one seems to have been reheard at court on the 26/01/**2015** without us knowing again he was found guilty but they put this case under a new case number looking at the letter so all the documents that were sent before was not with the court file I would have through. But with both statutory declarations we added a copy of his insurance. I have been trying for some time to get all of this put together so it can all be addresses and so far, nothing has been done with all the emails I have sent to the court. We also asked at court when we went to Wimbledon
1572,

Magistrates' Court but nothing was done. Could you please tell us where we can sort this out about getting all the other cases addressed without the need to be going from one court to the next. This is a waste of courts time and money when clearly all that is needed to be is check my son's insurance that he was in fact insured. I am sure that the letter that has been sent of Indemnity from KGM would cover these other cases as proof he was in fact insured. Could you please advise what needs to be done with these other cases?
Please can you address the issues in this email and get back to me by email.

The issues are one of not being insured. When in fact he was.

There was a case heard on the 26/11/2014 at Wimbledon Magistrates' Court where my son Simon Cordell was found guilty. Of using his vehicle for business purposes.
This was only the case due to the police officer lying. Not just to KGM who my son was insured with, but in his statement of facts, and also on oath to the judge and CPS.

Dear Debbie Barnett

Thank you for taking the time to talk to me today on the phone one the 02/02/2015. Could you please also confirm by email that you have this email.

494,

As explained, there have been a number of issues with my son Simon Cordell DOB: 26/01/1981.

The issues are one of not being insured. When in fact he was.

There was a case heard on the 26/11/2014 at Wimbledon Magistrates' Court where my son Simon Cordell was found guilty. Of using his vehicle for business purposes.

This was only the case due to the police officer lying. Not just to KGM who my son was insured with, but in his statement of facts, and also on oath to the judge and CPS.

The case is such that on the day my son was stopped the police office made a call to KGM the police office told KGM that my son Simon Cordell had lots of tools in his van and was doing odd jobs. Under my son insurance this would not have covered him, and the police officer would have known this already as my son had given the police officer his policy at the side of the road.

My son was arrested and taken to the police station. Due to him refusing to sign the seizer notice and telling the police officer he was lying and to arrest him.

My sons Van registration CX52JRZ was seized and taken to Chariton police vehicle pound, with no tools in there.

The police office when wrote his statement not with what he told KGM on the phone call but with something totally incorrect information. The judge asked the police office at court about the tools as he saw emails from KGM the police office told the judge he knew nothing about any tools.

The police officer I believed new he could not put tools down in his statement as calls was already being put into the police about complaints. So changed his story in his statement.

The facts are that there are audio tapes of what the police officer said to KGM, and also the call that was made to Chariton police vehicle pound as KGM record all calls.

I have both of the audio files from KGM and also a Letter of Indemnity and an email that a manager sent to Kelly Tiller at KGM.

How can a police officer act in such a manner? I really do not understand why he did this.

As also said on the phone there is a number of summons my son has not had regarding the other stops from police, this case he has gone to court without him knowing and he been found guilty when he did not even know there was a case in court.

I have sent many emails to get these cases set aside and sent his insurance documents to the court. 2 case we had to do statutory declarations one for Willesden and one for Bromley. The Willesden one seems to have been reheard at court on the 26/01/2015 without us knowing again he was found guilty but they put this case under a new case number looking at the letter so all the documents that were sent before was not with the court file I would have through. But with both statutory declarations we added a copy of his insurance.

I have been trying for some time to get all of this put together so it can all be addresses and so far, nothing has been done with all the emails I have sent to the court. We also asked at court when we went to Wimbledon Magistrates' Court, but nothing was done. Could you please tell us where we can sort this out about getting all the other cases addressed without the need to

be going from one court to the next. This is a waste of courts time and money when clearly all that is needed to be is check my son's insurance that he was in fact insured. I
am sure that the letter that has been sent of Indemnity from KGM would cover these other cases as proof he was in fact insured. Could you please advise what needs to be done with these other cases?
Please can you address the issues in this email and get back to me by email.
Regards
Lorraine Cordell

Dear Mr Cordell

RE: Letter of Indemnity - Policy Number MT3574694

We would confirm that the policy above was incepted at 00.01 AM on the 23/2/13 and was in force until Midnight on the 22/2/14 when it lapsed.

The policy is a Road Risks Motor Trade only, cover was Comprehensive with the use permitted of Social Domestic and Pleasure and for Motor Trade purposes only. For clarity we would advise that Motor Trade Use would allow the carriage of tools required specifically for use in connection with Motor Trade activities.

Drivers under this policy were restricted to Mr Simon Cordell only.

The vehicles covered at inception of the policy were –

- Ford Zetec registration MA57LDY
- Ford Transit registration CX52JRZ

On the 8/4/13 at 11.05am the following vehicle was added to the policy –

- Renault Clio registration NA57LDY. We have since established that in fact Mr Cordell was trying to correct the registration of the Ford Zetec that his broker had incorrectly advised Underwriters was MA47LDY at policy inception. Unfortunately the broker compounded that error with these instructions as the registration number was still incorrect (NA57LDY) and on the wrong vehicle leading Underwriters to add this vehicle onto the policy in error. Eventually the correct registration of the Ford Zetec was noted.
- Please note that whilst the registration of the Ford Zetec was incorrect on the policy record and on the Motor Insurers Database for some time as a result of the above error, Underwriters would confirm that in the event of any incident Mr Cordell would have been fully indemnified subject to the terms of this policy.

We understand that Mr Cordell was subjected to a number of Police stops during the policy period whilst driving these vehicles. The stops were due to these vehicles not showing as insured on the Motor Insurers Database (MID). We would confirm that it's a requirement for Motor Insurers to upload details of all insured policies & vehicles to the MID, the targets set are 95% of policies to be on the MID within 14 days for Motor Trade policies and 95% of vehicles to be on the MID within 21 days for Motor Trade. Accordingly we can note that whilst this database is very effective, it's not real time and not 100% accurate.

We have carried out an investigation to understand why Mr Cordells vehicles were not on the MID leading to these Police stops. It has been established that there is a "bug" in our system when copying and pasting a registration with a space in it into the policy record, that results in an unsuccessful upload to the MID. It does not happen when we receive data electronically or when manually inputting data and was something we were unaware of until this case. We have of course changed our processes to prevent this occurring again.

The unfortunate outcome for Mr Cordell of course was that it appeared to the Police that he was driving uninsured and was subjected to unnecessary Police stops. This was not Mr Cordells fault in any way as he had a valid Insurance policy in force and was fully insured to drive these vehicles for the purposes permitted under this policy during the policy period.

As stated above this policy was in force from 00.01 AM on the 23/2/13 and was in force until Midnight on the 22/2/14. We have been asked to specifically confirm that it was in force on the 14/11/2013 for both the Ford Zetec registration MA57LDY and the Ford Transit registration CX52JRZ.

We trust this letter meets the requirements of the Police and the Courts. Should you require any further assistance please do not hesitate to contact us.

Yours sincerely,

Accordingly we can note that whilst this database is very effective, it's not real time and not 100% accurate.

We have carried out an investigation to understand why Mr Cordells vehicles were not on the MID leading to these Police stops. It has been established that there is a "bug" in our system when copying and pasting a registration with a space in it into the policy record, that results in an unsuccessful upload to the MID. It does not happen when we receive data electronically or when manually inputting data and was something we were unaware of until this case. We have of course changed our processes to prevent this occurring again.

The unfortunate outcome for Mr Cordell of course was that it appeared to the Police that he was driving uninsured and was subjected to unnecessary Police stops. This was not Mr Cordells fault in any way as he had a valid Insurance policy in force and was fully insured to drive these vehicles for the purposes permitted under this policy during the policy period.

As stated above this policy was in force from 00.01 AM on the 23/2/13 and was in force until Midnight on the 22/2/14. We have been asked to specifically confirm that it was in force on the 14/11/2013 for both the Ford Zetec registration MA57LDY and the Ford Transit registration CX52JRZ.

We trust this letter meets the requirements of the Police and the Courts. Should you require any further assistance please do not hesitate to contact us.

Yours sincerely,

Dear Peter

I have sent the information over to the CSP I am waiting for a reply from them, I do believe however there is now an appeal date of the 05/03/2015 which I am trying to confirm due to not getting any letters from the court.
As for the data we need from the compound I have had to put a subject access request in, not sure how long this is going to take, but as soon as I heard anything, I will let you know,
Thank you again for dealing with this matter and I am sure we will talk soon; hope you have a great holiday.

Dear Lorraine/Simon,
Just a quick note to let you know that I will be on holiday from 12/2/15 returning on 9/3/15, so if you need anything in the meantime please communicate with Andy Austin.
Can you let me know how you get on with the CPS and let me know if there is anything else, we can do or that you might need from us?
Just to confirm, I'm sure you are onto this, but you are currently pulling together evidence of the costs incurred by Simon for various release fee's following Police stop and seizures. As soon as you have provided this evidence, I can consider the compensation aspect of your complaint. I would prefer to deal with this myself when I return after the 9/3/15, I hope that s acceptable to you but if not please let me know and I will put something in place so that this can be handled in my absence.
Finally, I would advise that the formal Data Subject Access Request you previously made has gone to our Data Protection Officer. He is aware that I have already provided the Indemnity Letter and some key call recordings to assist you. They are dealing with your request and he has asked that I send you his initial response, I have pasted this in below for your information-

Dear Lorraine,
Thanks for your comments, don't worry I want to get this resolved as much as you and Simon, it's taken far too long already, so before I send an amended Indemnity Letter (LOI) please confirm my understanding as listed below -

- I will amend the registration of the Ford Zetec to show MA57LDY. Broadsure originally gave us the incorrect registration and as you say it was a while before this error was corrected and our policy history was confusing due to the incorrect Clio that I was not aware of previously.
- You are correct, looking back on the instructions from Broadsure I cannot see that they instructed Underwriters to delete the Renault Clio that was added in error following receipt of advices from Broadsure. I can amend the comment in the letter to show that this vehicle was added to the policy

- incorrectly following an effort on your part to correct the registration number of the Ford Zetec and was a broker error, are you happy with this?
- The letter states cover was for Social Domestic & Pleasure and Motor Trade Use. Motor Trade use would cover Simon to carry a Motor Mechanics tool being used in connection with Motor Trade but not any tools that would typically be used for any other purposes such as perhaps, paint/brushes/ladders/plumbing/Electrical (domestic/commercial except auto electrical) and so on. This is standard cover; however, I am happy to expand on this statement in the letter if you would like me to in order to clarify that point?
- The Police officer asked if Simon would be covered for the carriage of tools to drive around doing "odd jobs". Later in the call he again confirmed that Simon was not covered "to drive around doing jobs". I sent you the call so you can listen to it yourself but the tone of the enquiry was suggesting that Simon was doing jobs not connected to the Motor Trade however I do feel there is plenty of room here for misunderstanding. If the question had been more specific with the officer stating that Simon had tools connected with the Motor Trade in the vehicle, would he be covered- Yes. If he said that the tools were not connected to the Motor Trade (as per my comments above) then the answer is - No. Not something I can put into a Letter of Indemnity but certainly something to be argued with the CPS/Courts.

- I'm happy to confirm in the letter that cover was in force under this policy on the 14/11/2013.

Once I hear back from you, I will revise the LOI accordingly and e-mail it across for you to sign off, I will also send an original in the post just in case!
If you need anything else please do not hesitate to drop me and Andy a line, I am keeping Andy in the loop as I will be on leave from 12/2/15 - 9/3/15 so he will need to deal with anything in my absence.

Dear Peter
Thank you very much for the information you have sent, I do see some errors in your letter of Indemnity.

- Ford Zetec registration MA47LDY
- Ford Transit registration CX52JRZ
- On the 8/4/13 at 11.05am the following vehicle was added to the policy -
- Renault Clio registration NA57LDY.
- Ford Zetec registration MA47LDY Renault Clio registration NA57LDY

This registration was always put in not correctly but was in fact given to Broadsure Direct correctly.
The registration should have been Ford Zetec registration MA57LDY
This was later correct after the 3rd time of telling the Ford Zetec registration as MA57LDY please see attached

document.
This is the registration that should have been on the policy from the start.
We never knew it was not correct until 08/04/13 when again the correct registration was given.
However, it was put down as Renault Clio registration NA57LDY, we then believe it was put in correctly and not a new car added.
We were not sent any documents of that change so did not know there was again an error until the Oct 2013 when it was in fact corrected this time, we asked for new documents to be sent which they were so we could check.
But they kept on his policy Renault Clio registration NA57LDY we made a next call and told them this needed to be removed and was told it would be done.
It seems this was never done by what you have sent in your email.

I do believe I have emails also about this issue to Broadsure Direct and Martin Jenkins, can confirm this as he was the one, we dealt with at Broadsure Direct. He also should remember all the phone calls.
There is also a next issue Simon was not just covered with the basic trade insurance with KGM, Broadsure Direct had a special section with KGM which included in his insurance he was in fact covered for his work as a mechanic, not just standard insurance of trade buying and selling that KGM as a rule only deals with.
This has been discussed with the underwriters at KGM by Broadsure Direct re Martin Jenkins. This also caused issues with his insurance cover a few times. This was also meant to have been address and seems it was not. At the time we were not happy as we were told he was not covered when in fact he was. If you call Broadsure Direct and speak to Martin Jenkins, I feel that he can send you the paperwork and under writing of how Simon's insurance was meant to have been setup.
As you can see there was a number of issues with his insurance with KGM that lead to problems. and even with the issues of 14/11/2013 when a call was made to Kelly Tiller we asked did the police say what tools was meant to have been in the van as if there was mechanic tools in there his insurance should have in fact covered this. Kelly Tiller said no the police officer did not say which tools. But also said he was again not insured for this again Martin Jenkins got a rude call from us and again he had to make calls to address this issue. Can you please confirm he was correctly insured with KGM and write this as I would like this addressed?
And one last thing could you please say in your letter on the date of the 14/11/2013 he was fully insured just so there cannot be any mistakes at court.
Sorry, this is causing such an issue and taking up your time but I really want to have something that is fully correct, as I do not want any other issues with courts, police and anything else that could cause my Son problems.
Regards
Lorraine.

Please find attached the following -

- Recording of the original call made by the Police officer to KGM in which he advised that there were tools in your van.
- Recording of the call between Kelly Tiller and the Police compound in which Kelly was advised that there were no tools in the vehicle.
- Receipt showing purchase of the van.

- E-Mail from Gareth Mullett from the compound confirming that there was nothing on the seizure notice to indicate that there were any tools removed from the vehicle or in the vehicle in the compound.
- Letter of Indemnity for the CPS/Courts.

- I believe these are the relevant items you were after and hope this will assist you to resolve the court matters. If you need anything else please let me know, or in my absence Andy Austin.

Paul Donovan will respond separately in respect of your data request but hopefully the attached will meet your requirements.
As soon as I receive documentation from you to support costs incurred, I can consider our response on compensation.

As for the other information that is acceptable, as I not sure how long it will take the police compound to send me over the information, I will need to send to you they do take their time.
I am just happy this matter is getting address as said the most worrying thing was the court case and this is the information I needed. I hope you have a great time on leave.
I look forward to hearing from you and will pass the information over from the police compound as soon as I have it.

I spent some time last Friday tracking down a number of calls and did find the original call that the Police made to Jessica and the calls Kelly made to the Compound so we can provide these and it sounds like these are the important calls from the CPS and Courts viewpoint. I will pass these over to our Data Protection Officer of course but will ask if its ok for me to release them to you in the meantime before he does his official response.
I think we should also do the Letter of Indemnity and will send this across to you in the next few days, threes no reason why you can't send this across now and it can do no harm.

I'm conscious we have not done a formal final response yet to your complaint, I intend to do this as soon as we receive full details of the recovery costs you incurred and can make a decision on compensation, I trust that's acceptable.
If you need anything else or have any questions in the meantime, please do not hesitate to contact us.

We will be in touch shortly and await details from you as above in due course.

Dear Peter Wood
Thank you for picking this up and taking the time to deal with this matter.
The date of the appeal I do not have yet.
I are waiting for this but the court and CPS said if I get the information needed before the court date then it could be sent to the court who found me guilty and the CPS and this would be linked to the case and addressed. In addition, there should be no need for the appeal court case.
I am trying to do this so that a next day is not got to be wasted of my time in court and getting to and from the court.
The day that the police officer pulled me and told KGM that I had tools in my van, which the police officer lied, and the police officer has said this in court so lied to the judge is 14/11/2013.

I think due to what the police officer said in court the CPS and judge would like to know the facts and what the police officer said on that phone call to KGM. In addition, when KGM spoke to the manager at the police compound and found out in fact there was not tools, I think the reason for this is the police officer committed perjury in the court.
That is why they asked me to get proof that my insurance was not void, section 9 witness statements as to what the police officer told KGM on the phone to try to void my insurance, in addition, the facts how KGM found out I had in fact done nothing wrong and my insurance should not be cancelled.
However, if you think a Letter of Indemnity would sort this matter out then if this could be done, I would be very grateful, but could you include in the letter only reason this has come about is due to what the police officer told KGM about the tools being in the van. In addition, this is the reason KGM told the police officer that I would not then be covered by the insurance policy I had in force with them.
This should cover it I hope as I really did nothing wrong and Kelly Tiller knows the police officer lied to get my insurance cancelled as she spoke to the police compound and they told her there was no tools.
The vehicle registration I was driving on the 14/11/2010 was CX52JRZ, this registration was included on my insurance. So should have shown on the database along with my car.

However, none showed up as being insured on the MID database, this is what has caused me all the problems with the police.
As already aware yes, I was stopped around 8 or 9 times and had vehicles seized.
I do have some of the some of them here already like do have the receipt what I paid to get the vehicle out of the compound for the 14/11/2013 case I picked that up on the 16/11/2013.
I have the ones for the 08/04/2013, 29/10/2013, 16/11/2013, 03/01/2014 I just need to get the receipts for the other dates and also something that shows they was all sized due to no insurance from the police compound.
As for the Data Subject Access Request, I am most grateful that this is being addressed. If I had known a fee was, needed I would have paid that right away, but due to no one getting back to me about the ones that were put in, I did not know a fee was needed.

Dear Mr. Cordell,
Unfortunately, Andy has been called away due to a family emergency, in his absence I have picked this matter up.
The first order of business to my mind is dealing with the Court case, can you confirm when the date has been set for the hearing please? My thought is that we provide a Letter of Indemnity that basically confirms that you had a valid policy in force between said dates and on what vehicles, this

should satisfy the Courts but if they need anything else, we will be happy to assist, just let me know what you require.
I understand you were stopped several times and had vehicles seized, you are in the process of obtaining evidence of these vehicle seizures and the costs incurred by you as a result for us to consider compensation. When you have gathered this please forward the evidence to us as soon as possible.
There is also the matter of your Data Subject Access Request. I have spent some time today tracking down recorded calls and various communications and hove notified our Data Protection Officer of your request. I can see that you have made a request, any request should correctly be sent on for the attention of the Data Protection Officer along with a 10 fee. Your request was addressed generally to KGM with no fee and it would appear not actioned. The underwriter dealing with your request should have asked immediately for the fee payment and escalated your request accordingly. This was not done for which I must apologise, as a result we will waive the fee requirement and I would confirm this is now in hand.
We have yet to issue a final response to your complaint and I would assure you we will do this as soon as we have received your response to the above points.

Yes, we do want full discloser so this mater can be sorted out by the court and I can send the information over to the CPS for the case of the 14/11/2013 where the police officer told KGM I had tools in my van to void my insurance. Kelly Tiller from the trade section and Jessica know fully what went on and it was Jessica that took the phone call from the police officer. After this I believe Kelly Tiller took over dealing with my policy and she was the one that had the say to cancel my policy and she was the one that believed the police until I went to the police compound and spoke to the manager there where he spoke to Kelly Tiller. If I had not done this Kelly Tiller would have cancelled my policy of insurance and I have all the

emails to prove this.
After Kelly Tiller found out I was not lying about having no tools in my van the insurance policy was kept in place, I did ask Kelly Tiller on more than once to send me the information and put data requests in which was not replied to. Now I have been found guilty when Kelly Tiller knows the truth that there was not tools and the police officer lied to KGM on the phone call.
I am the one that has suffered over all this not just on this case but all the times I have been taken to court for no insurance over the year my policy run with KGM due to it not showing on the MID database.
You should have all the emails already from Broadsure Direct and many was sent by them to KGM as I was told KGM could not talk to me and I had to deal with Broadsure Direct about my policy Martin Jenkins from Broadsure Direct should also have copies of all emails as I do.
I have spoken to DVLA today and asked for the data of how many times points was put on my licence due to not getting summons from police and then dealing with cases I knew nothing about and then I had to get the cases reopened, I have to write them a letter and they will send the data I have asked for in the post.
I do have a lot of letters which I will sort out scan and send over. But the 1st part I want to deal with is the court case I was found guilty at and have put an appeal in that is the most important to me right now.
We can deal with everything else once I get all the data scanned as there is really a lot and it was all due to KGM not sorting out why my insurance was not showing on the MID database. The seizers alone have left me out of pocket by around 1700.00. That is without all the days I have not been able to work due to my driving licence being messed up and showing points for no insurance. All the time going back and forward to the compound to collect my vehicles, and everything else I have had to deal with the courts when in fact I had done nothing wrong.
I have tried to deal with this for months and months without going to the ombudsman and KGM has taken no notice, it has taken me to go to the ombudsman for KGM to take any

notice and I don't feel anyone would be happy with the this sort of service from KGM let alone any company doing this and

causing someone so much suffering.
It was one of the police in the end at the compound who in the end worked out why it was not showing up on the MID and that was because there had been a space put within my Reg Numbers. It was that bad two police compounds new me and said each time not again.
As you can see, I am not very happy about all of this, but I do not think anyone would be when they paid for their insurance and had done nothing wrong to suffer all this.
Therefore, could you please get the information I need to send to the CPS; I have written what was needed from Nov 2014 and way before this, and it still has not been sent and I have this hanging over my head. I did not just get points on my licence I got disqualified from driving for 6 months due to repeat offending of no insurance please tell me why when I have paid for my insurance from KGM? The reason it has not been enforced is due to me putting an appeal in.
You can contact my mother on 007 or 007

Dear Andrew
I will forward this to you within a few days I will ask the police compound to do a full print out as to all the tickets as I believe there is a few missing.
I do have around 6 of the tickets here when the vehicles were sized I also do have court letters, and letters from DVLA, which I will forward over to you once I have scanned then in so please give me a few days and I will get

back to you with this information as there is a lot of data.
The main one at this time I am worried about is the case where the vehicle was sized due to the police lying and me being found guilty at court you did have an email on the 30 November 2014 about what was needed and I do have the court letter showing I was found guilty and about the appeal.
This data should have been given under the Subject access request under the Data Protection Act 1998 I put in, so was wondering what you can do about this and if you will need a new Subject access request under the Data Protection Act 1998, I have already sent 3 in so to do a 4th I do not feel I should need to do.
KGM have in fact not followed the protocol for the Subject access request under the Data Protection Act 1998 which has been put in 3 times already to KGM, I will be addressing this with the Information Commissioner's Office as I do not see any reason you would have to stop the information, I have asked for under this act to prove I was not in fact guilty of no insurance.
And now say to deal with this you need information from me. I can understand you want the information for the complaint that has been put in, but not the information I asked for to show I was in fact I was insured for an appeal that is ongoing. And in fact, would not have been ongoing if the Subject access request under the Data Protection Act 1998 as I would not have been found guilty.
I would like the data sent to the court as soon as possible in regards to this so they can look at the facts and see if fact I was insured so there should be no need for the appeal to go ahead with more of my time wasted going to court.
Regards
Simon Cordell

Subject: RE: MT3574694
To Whom It May Concern:
I am writing due to the complaint I put in. I have forwarded emails to Broadsure Direct and spoken to Broadsure Direct who took the policy of insurance out policy no: MT3574694
I have been asking for information from KGM since 2013 and have heard nothing back.
When the policy was taken out there was some reason it did not show up on the MID database Broadsure Direct and KGM was aware of this.
Due to this fact I had my vehicles were sized a number of times I believe 8 or 9 times in all, where I had to pay the costs to get my vehicles out the compound each time. In the week when I was pulled by police it was not so

bad as the insurance company was opened so when I showed the police my policy, they could call the insurance company.

The seizers happened mostly at the weekend mostly due to the insurance company being closed and the police could not talk to anyone even when I had my policy on me at all times to prove I did in fact have insurance.
I made many calls to the police, Broadsure Direct, KGM and the people who run the MID database, but the issue did not go away, and my vehicles still did not show up on the MID database.
There was also a time in Nov 2013 when my van was sized this was due to KGM telling the police I was not insured due to the police telling KGM that I had tools in my van. Which was a lie by the police as I did not have anything in my van. Kelly Tiller from the trade section was dealing with this and a few days later I got a letter from KGM saying they was going to cancel my policy. As you can understand I was very upset over this as I had done nothing wrong.
At this time lots of calls was both made to KMG and Broadsure to stop the cancelation of my insurance policy, I spoke to Kelly Tiller many times, but she believed the police and I had no say in the matter. The police were off duty so I could not speak to them and Kelly Tiller was saying unless I could prove I did not have any tools in my van then the insurance policy would be cancelled which was very unfair as I had done nothing wrong I knew I never had any tools.
But I also asked Kelly Tiller did the police tell her what tools was meant to be in my van, to which she said no. KGM was not even aware I had mechanics trade on my policy so if my mechanics tools had been in my van at the time my insurance would still have been cancelled which to me what was the point in having insurance?
I then spoke to a wonderful operator at the police when I called told her what had gone on and was told by her to go to the police compound as when any vehicles are taken there they have to do a full list of items that are in the vehicles as they are in fact legible if something goes missing. Over that weekend I sent emails to the compound and forwarded them to Broadsure as my insurance was due to be cancelled on the Monday. On Monday I got an email from Broadsure direct asking me to go to the compound as Kelly Tiller had no luck getting a reply from them also, and once there to call Kelly Tiller due to the time on the Monday I got the email it would have been too late to go the compound and get a call to Kelly Tiller as she would have

ended work for that day so I sent an email saying I would be going there early the next morning.
I went the next day and asked to speak to the manager of the compound who in fact looked up my van and said nothing was in there, there was not tools I called Kelly Tiller and the manager of the compound spoke to her and confirmed there was nothing in the van when it was taken there by police and that I had put thing in the van when I had taken it out of the compound.
At this point Kelly tiller believed me and said the policy would not be cancelled. But on my way back from the compound driving my phone ring and I stopped to pick it up and it was Broadsure direct saying my policy had in fact been cancelled I was very upset at this and told them what had happened, I was asked to hold on they was called KGM back and would call me right back. I waited till Broadsure direct called me back and confirmed my insurance policy had not been cancelled then drove home.
From this point I have been asking for all information and putting data protection acts in which have not been dealt with and I have heard nothing from KGM.

I have been back and forward to court due to no insurance and in fact 4 cases I did not get any summons so was in fact found guilty as I did not know it was even going to court.
I have had points put on my driving licence for no reason and had to go back and forward to court many times when this should not have been the case.
Then the case come up for the seizer when the police said I had tools in my van I went to court with all my documents but due to not having the information I had asked for from KGM many times about that case I was found guilty. I am very upset about the whole policy with KGM. I have put an appeal in, and this case will be going to crown court I have again asked for information and again heard nothing. These matters need to be addressed as I am suffering due to all of this.
Martin Jenkins at Broadsure Direct knows everything that has gone on as he was my main contact.

I also have all the emails the last one that I will enclose again, which I have heard nothing about and the 1st Subject access request under the Data Protection Act 1998 that I sent on the 26/11/2013. I did in fact send the Subject access request under the Data Protection Act 1998 about time times and asked Martin Jenkins to look into why I had heard nothing about more than once.
Once I get the appeal date for crown court, I will ask the court to summon the people at KGM to deal with this matter as they know I was insurance and did nothing wrong and the police lied. All I have asked for is the data so there will be no need to summons people this way I can send the section 9 witness statements over to the crown and the other information and this case should be dropped against me.
It just seemed that KGM does not want to do anything and give me the information I need to prove in fact I was insurance and the police lied to KGM to in fact make it that I was not insurance.
There is a lot more I could say about the insurance I had with KGM, but this insurance policy was my worst nightmare. It has messed my clean driving licence up and in fact got to the point I could not drive so could not work.
Due to the fact, KGM could not send me the information over that was needed to prove I did have insurance.
If you need o can send over all the emails that has been sent back and forward to Broadsure who sent them to KGM.
I have lost a lot of money, and time due to this insurance policy I have had to pay for my vehicles to be taken out of the police compound around 8 to 9 times at a cost of 180.00 to 200.00 a time. All the loss of work due to having to take time to go to the police compound, and all the times I have had to go to court for no insurance when in fact I had insurance. And points put on my driving licence to the fact I could not drive, this has all been costs to myself.
My Mother Lorraine Cordell has also written many of the emails and is fine with dealing with this issue.

Subject: Appeal against conviction for no insurance Regina v. Simon Paul Cordell on 5th March
2015 at Kingston Upon Thames Crown Court
Dear Mr. Wood

I have been instructed by Mr. Simon Paul Cordell and Miss Lorraine Cordell to assist in the appeal against conviction that is due to be heard at Kingston Upon Thames Crown Court on 5th March **2015** at 10am. Miss Cordell has played two recordings that she received from KGM which are pertinent to the appeal but at present as the telephone recordings have not been produced as an exhibit by KGM they will not be admissible at court. Can you therefore please write a section 9 statement confirming that:
(a) all recording equipment was working correctly
(b) KGM produced two recordings at the request of Ms Lorraine Cordell
(c) Confirmation that the recording of S Cordell call from police 141113 Recording was provided by
KGM from their recorded calls and is authentic
(d) Confirmation that the recording between the Car Pound and Kelly Tiller was also provided from the KGM recorded calls and is authentic If we are in possession of a section 9 statement producing the recordings then we will not have to apply to the court for a Third-Party Summons to compel an employee from KGM to attend to produce the recordings. This would be a complete waste of your time when all we require is a section 9 attesting to the recordings being retrieved from the system and exhibited as two separate recordings. If you require assistance with drafting a section 9 statement, then we would be happy to draft it and email it over. We would require the name of the person who retrieved the recordings. the dates that the recordings were retrieved, the dates the recordings relate to, confirmation that the recordings were sent to Lorraine Cordell by email so that she can produce CDs of the recordings so that they can be played in court and specifically refer to the email containing the recordings so that there is continuity in the chain of evidence. Ideally, we would like KGM to produce the CD's and exhibit them but failing this we will try to get the CPS to agree the CDs as produced from the email of Miss Cordell. We stress that the section in relation to the search and retrieval of the KGM database is essential and critical to ensuring that the chain of evidence is intact. We can serve these recordings on the CPS and the Court so that they are agreed in advance of the Appeal hearing. We thank you in advance for your anticipated cooperation in this matter and hope that we do not have to apply for a Third-party Witness Summons to compel the attendance of a KGM employee at the Appeal on the 5th March **2015**. We confirm that Miss Cordell is forwarding an email confirming that we are instructed and authorised to request this information.
Yours faithfully

Dear Peter
We have had to have a meeting today with a solicitor re the appeal case for my son. The reason for this is due to something about chain of evidence and submitting the tapes as exhibits to the court I think that was why the CPS and judge said to us last time we were in

court we would need a section 9 witness statement. please can you address the email from Josephine Ward from **MICHAEL CARROLL & CO** that has been sent to you I have forwarded it below. This court appeal is a lot harder than I had ever dreamed.

I have become involved in this matter following receipt of a Data Subject Access request and a complaint letter from Simon and Lorraine Cordell. During the course of my investigations to establish all the facts before responding to the letter of complaint it has been necessary for me to obtain and listen to various phone calls between the client and Underwriters, the Broker and Underwriters, Underwriters and the Police compound and the original call from the officer at the roadside and Underwriters.

I feel I have now reached a good understanding of the sequence of events and as a result have provided both a Letter of Indemnity and 2 relevant call recordings to Lorraine and Simon Cordell to support their appeal.

Josephine Ward has requested that in addition to this I provide a section 9 statement and confirm the following points –

- I have been able to search and locate, I believe, all of the relevant call recordings connected to this matter. I have located in total 8 call recordings but have provided the 2 relevant calls being the call from the officer at the roadside talking to Underwriters and the call from Underwriters to the Police compound. The fact that I have been able to search for and locate these calls proves to me that our call recording equipment was functioning correctly, certainly on the days in question, on the few occasions its not working the result is that you cannot locate any call recordings.
- I would confirm that the 2 calls I have provided to Simon and Lorraine are authentic and have come from KGM call recording systems. These 2 calls specifically are –
  - The call made to Underwriters by the Police officer on the 14/11/2013
  - The call made by Kelly Tiller to the Police compound on the 26/11/2013
- I would confirm that I was searching for and located these call recordings on the 23/1/2015.
- I would confirm that I e-mailed these call recordings across along with the Letter of Indemnity to Simon & Lorraine Cordell on the 30/1/2015.

Thank you for your email sent on the 4th & 10th December **2014**. Here at the Council Tax Recovery department, we are mainly, responsible for the collection off the council tax and do not grant Council Tax Support. I got the understanding that you believe you should be exempt from paying the 19.5% shortfall in the Council Tax Support. Today I sent a memo to the Housing Benefit & Council Tax Support team asking them to review your Council Tax Support claim and decide if the 19.5% shortfall is applicable. I contacted Equity Collection Agency informing them to hold all recovery action for 3 weeks whilst we await a response from the Housing Benefit & Council Tax Support team. Yours sincerely

To whom it may concern:

I am writing this email due to the number of problems I have been having due to a policy of insurance I had with KGM insurance which did not show up on the MID database in the week it was fine as I carried my insurance documents with me at all times and the insurance company could be called, but the problems were when the insurance company was closed as the police could not contact them. My mum Lorraine Cordell and I have sent many emails to the courts with my insurance documents, but there have been cases where I have not had a summons. So did not know about cases and they have been heard at court and I was found guilty of no insurance. I have done statutory declarations at court including my insurance documents and this still has not corrected anything. One of the statutory declarations was again heard at court on the 26/01/**2015** which again I did not know about for Willesden Magistrates' Court. But I have sent so many emails to this court with all documents and asked for them to be checked with the police officer at court to show I was insured to drive. This has not been done I have just again been found guilty due to not getting letters of a court hearing date. I have now also got a letter of Indemnity from KGM who I was insured with under policy number MT3574694. 00.01 AM on the 23/2/13 and was in force until Midnight on the 22/2/14 when it lapsed. Most of the cases are with the KGM policy you will see the reason as to why in the Letter of Indemnity from KGM. I also believe there was one case for Covea Insurance PLC policy number MT10 021608047 it was not showing on the MID due to the stop was the day after I took the policy out. Please can any cases be set aside and reopened and looked into and any other cases that have been heard for no insurance under these policies of insurance be addressed. You will in due cause be hearing from my solicitor, she is trying to address all the cases, but this is taking time. She has seen all the emails I have sent trying to address these issues and feels more should have been done as it would have only taken for the insurance policies to be checked and this would have stopped a waste of time and money for the courts, and myself at this time she wants to just appeal all cases to the crown court. Which would again be a waste of money for the courts. and again, of my time. But this is having an effect on my life my driving licence has been revoked 3 times for no insurance, when in fact I have always had insurance to drive and would not drive if I did not have insurance. Please see attached documents Could you get back to me as soon as possible by way of email, as it does seem there is an issue with my post and not getting letters that was meant to be sent to me? I am taking this up with the royal mail.

Simon Cordell

Witness Statement 060215 S Cordell.docx
Hi Martin
Just giving you an update Simon has called to try and speak to you today to make a late payment on his insurance as he was a day late. could you please make sure someone calls us to make the payment?

As for KGM they are now dealing and addressing the issues, but it took me to start cc my emails to them to Lloyds. He has been having it really hard due to all this insurance with KGM and the courts, and not being able to drive half the time this policy has been in place due to them keep revoking his driving licence, until the courts then sort it and put it back in place. They have again revoked his driving licence this is the 3 time. I have had to get a solicitor now to help with the cases of no insurance because I seem to be getting nowhere. And also, to deal with the appeal case for the 14/11/**2013**. I do have the audio now from KGM that proves the police officer lied and some letters I will attach to this email just so you are updated. I can't send the audio due to most places will not accept that file type. So, I have included the transcript that the solicitor done Could you please also address doing your section 9 witness statement about the calls for the 14/11/**2013** as the appeal case is due to be heard on the 05/03/**2015**. Could you also please send over a copy of Simon no claims please?

I am writing this email due many problems I have been having been having with my driving licence. I have made many phone calls asking for full information to try and clear this mess up and I am not really getting any joy. My driving licence has been revoked 3 times due to mistakes at court no insurance. The issue is with no insurance the time scale of this would cover the years **2013** to date. I do need this information as soon as possible to any cases that are on my licence, and also that have been removed from my licence by the court within this time scale. I am addressing these issues but there are cases I am not aware of which DVLA does hold. This is why I need this information so I can contact the courts that need to be contacted. If there is a fee for this service, please let me know by return email. I do not have time to post letters and then have to wait which I am being told on the phone; this is having a huge effect on my life which maybe you can understand.
Please could this be addressed as a matter of urgency?

Witness Statement 060215 S Cordell.docx
Hi Martin
Just giving you an update Simon has called to try and speak to you today to make a late payment on his insurance as he was a day late. could you please make sure someone calls us to make the payment?
As for KGM they are now dealing and addressing the issues, but it took me to start cc my emails to them to Lloyds.

He has been having it really hard due to all this insurance with KGM and the courts, and not being able to drive half the time this policy has been in place due to them keep revoking his driving licence, until the courts then sort it and put it back in place. They have again revoked his driving licence this is the 3 time. I have had to get a solicitor now to help with the cases of no insurance because I seem to be getting nowhere. And also, to deal with the appeal case for the 14/11/2013. I do have the audio now from KGM that proves the police officer lied and some letters I will attach to this email just so you are updated.
I can't send the audio due to most places will not accept that file type. So, I have included the transcript that the solicitor done
Could you please also address doing your section 9 witness statement about the calls for the 14/11/2013 as the appeal case is due to be heard on the 05/03/2015.
Could you also please send over a copy of Simon no claims please?

Lorraine

Apologies for the lack of contact, I have been in and out of the office.
Have you received any correspondence from KGM? we spoke to them prior to Christmas regarding the issues and they have been looking into the situation and as far as I am aware, they were going to respond directly.
I look forward to hearing from you.

Dear Mr Cordell

RE: Letter of Indemnity - Policy Number MT3574694

We would confirm that the policy above was incepted at 00.01 AM on the 23/2/13 and was in force until Midnight on the 22/2/14 when it lapsed.

The policy is a Road Risks Motor Trade only, cover was Comprehensive with the use permitted of Social Domestic and Pleasure and for Motor Trade purposes only. For clarity we would advise that Motor Trade Use would allow the carriage of tools required specifically for use in connection with Motor Trade activities.

Drivers under this policy were restricted to Mr Simon Cordell only.

The vehicles covered at inception of the policy were –

- Ford Zetec registration MA57LDY
- Ford Transit registration CX52JRZ

On the 8/4/13 at 11.05am the following vehicle was added to the policy –

- Renault Clio registration NA57LDY. We have since established that in fact Mr Cordell was trying to correct the registration of the Ford Zetec that his broker had incorrectly advised Underwriters was MA47LDY at policy inception. Unfortunately the broker compounded that error with these instructions as the registration number was still incorrect (NA57LDY) and on the wrong vehicle leading Underwriters to add this vehicle onto the policy in error. Eventually the correct registration of the Ford Zetec was noted.
- Please note that whilst the registration of the Ford Zetec was incorrect on the policy record and on the Motor Insurers Database for some time as a result of the above error, Underwriters would confirm that in the event of any incident Mr Cordell would have been fully indemnified subject to the terms of this policy.

We understand that Mr Cordell was subjected to a number of Police stops during the policy period whilst driving these vehicles. The stops were due to these vehicles not showing as insured on the Motor Insurers Database (MID). We would confirm that it's a requirement for Motor Insurers to upload details of all insured policies & vehicles to the MID, the targets set are 95% of policies to be on the MID within 14 days for Motor Trade policies and 95% of vehicles to be on the MID within 21 days for Motor Trade. Accordingly we can note that whilst this database is very effective, it's not real time and not 100% accurate.

We have carried out an investigation to understand why Mr Cordells vehicles were not on the MID leading to these Police stops. It has been established that there is a "bug" in our system when copying and pasting a registration with a space in it into the policy record, that results in an unsuccessful upload to the MID. It does not happen when we receive data electronically or when manually inputting data and was something we were unaware of until this case. We have of course changed our processes to prevent this occurring again.

The unfortunate outcome for Mr Cordell of course was that it appeared to the Police that he was driving uninsured and was subjected to unnecessary Police stops. This was not Mr Cordells fault in any way as he had a valid Insurance policy in force and was fully insured to drive these vehicles for the purposes permitted under this policy during the policy period.

As stated above this policy was in force from 00.01 AM on the 23/2/13 and was in force until Midnight on the 22/2/14. We have been asked to specifically confirm that it was in force on the 14/11/2013 for both the Ford Zetec registration MA57LDY and the Ford Transit registration CX52JRZ.

We trust this letter meets the requirements of the Police and the Courts. Should you require any further assistance please do not hesitate to contact us.

Yours sincerely,

I work for KGM Motor Insurance, an Insurance Company based in London. I am an Operations Manager working for UK Specialty, Canopius. KGM is a member of the Canopius Group in the UK Specialty Division. I am responsible for managing the timely and accurate processing of all client records supplied to us via our Broker network.

Josephine Ward of Michael Carroll & Co (with Simon & Lorraine Cordell's permission) contacted me on the 8/2/2015 requesting a statement in respect of relevant recorded calls supplied plus a Letter of Indemnity pertaining to Mr Simone Cordell's policy number MT3574694. I understand the statement request is connected to an appeal against conviction for no insurance, Regina v. Simon Paul Cordell to be heard on the 5th March 2015 at Kingston Upon Thames Crown Court.

I would confirm that –

- The policy was incepted on the 23/2/2013 allowing Mr Simon Cordell only to drive at Comprehensive cover.

- The vehicles covered at inception were –
  - Ford Zetec registration MA57LDY.
  - Ford Transit registration CX52JRZ.
  - Use allowed was Social Domestic & Pleasure & or Motor Trade purposes only.

I have become involved in this matter following receipt of a Data Subject Access request and a complaint letter from Simon and Lorraine Cordell. During the course of my investigations to establish all the facts before responding to the letter of complaint it has been necessary for me to obtain and listen to various phone calls between the client and Underwriters, the Broker and Underwriters, Underwriters and the Police compound and the original call from the officer at the roadside and Underwriters.

I feel I have now reached a good understanding of the sequence of events and as a result have provided both a Letter of Indemnity and 2 relevant call recordings to Lorraine and Simon Cordell to support their appeal.

Josephine Ward has requested that in addition to this I provide a section 9 statement and confirm the following points –

- I have been able to search and locate, I believe, all of the relevant call recordings connected to this matter. I have located in total 8 call recordings but have provided the 2 relevant calls being the call from the officer at the roadside talking to Underwriters and the call from Underwriters to the Police compound. The fact that I have been able to search for and locate these calls proves to me that our call recording equipment was functioning correctly, certainly on the days in question, on the few occasions its not working the result is that you cannot locate any call recordings.
- I would confirm that the 2 calls I have provided to Simon and Lorraine are authentic and have come from KGM call recording systems. These 2 calls specifically are –
  - The call made to Underwriters by the Police officer on the 14/11/2013
  - The call made by Kelly Tiller to the Police compound on the 26/11/2013
- I would confirm that I was searching for and located these call recordings on the 23/1/2015.
- I would confirm that I e-mailed these call recordings across along with the Letter of Indemnity to Simon & Lorraine Cordell on the 30/1/2015.

Thank you for calling KGN accounts department to speak to an account handler please press 1
Female: Hello KGM
PC G: Hi there it is PC Geoghan from the Met Police I need to speak to someone about a policy of insurance a gentleman claims to have with you
Female: Okay if you hold the line, I will pass you through to our underwriting department
Carl KGM: Good afternoon Carl speaking how can I help
PC G: Hi there it's PC Geoghan from the Metropolitan Police I've got a gentleman stopped and he has produced a certificate of insurance from KGM and I just wanted to clarify some of the limitation on the use.
Carl: Okay do you have a policy number
PC G: Yeah, I do it's MT3574694.
Carl: It's a Motor trade policy. Yeah, I might have to forward you to another Department
PC G: Yeah sure
Jessica: Hi you have been passed through to Jessica from KGM how I can help
PC G: I have a gentleman here who has been stopped with an insurance certificate issued by KGM. I've got a policy number and other details
Jessica: Okay I can see that from my screen
PC G: Basically, it says motor trade and SDWP and use motor trade purposes- Looking at vehicle it's got a load of tools in and they appear to be workmen doing sort of work odd jobs here and there. Is that something motor trade would cover?
Jessica: No, he just covered for road trade, road risk only and SDWP and would not cover for any other occupation
PC G: Okay right, right. He's claimed he bought the vehicle today or yesterday and he's not able to produce any proof that he has done that
523,
Jessica: Rights
PC G: Em does he have to notify you of any vehicles
Jessica: When a client purchases a vehicle, they have 14 days to make us aware. If they didn't within 14 days, they don't make us aware then they're not covered but anything like this happened we do need proof to show that he had only had it within the 14 days otherwise it would not cover it we need to obviously we would not ask for proof normally but say if he has like pulled over now, we would ask because he could just say he bought it yesterday or a week ago and we would still cover him.
PC G So it definitely does not cover him on the if he literally going around with tools in the van doing jobs that is not something, he is covered for Jessica Certainly not
PC G: That's not something he is covered for
Jessica: No certainly not

Kelly Tiller - Hello Kelly speaking
Gareth: Hello Kelly my name is Gareth, Manager of Charlton Car Pound Metropolitan Police Service I'm dealing with a Mr. Simon Paul Cordell something about the tools in the back of his vehicle Kelly: Correct yeah
524,
Gareth: All I can do is I've looked at the seizure notice which would be given to Paul at the time and any property left was blank so if there was any tools in the back normally that would be registered as tools in the rear of the vehicle
Kelly: Right okay because we had a call from the police
Gareth: Yeah
Kelly: He advised that there were tools in the vehicle
Gareth: Do you want to speak to him a moment
Kelly: Who Sorry
Gareth: Paul because I have got him in front of me
Kelly: Yeah, that's fine
SC Hello
Kelly: Hello
SC: You alright Kelly
Kelly: Okay what have they given you there
SC: They have not given me anything, but he did explain to you on the phone that threes' no tools on the vehicle on their CADs and in any case, they would write that down tools in the vehicle and so forth
Kelly: Right okay and has he gives you a printout of this.
SC: No, you will have to ask him yourself
Kelly: Right can you pass me back to him
Gareth: Hello Kelly
Kelly: Hello, right okay so if there was any kind of tools in the vehicle it would be stated on there
Gareth: Well yeah what happens on the roadside a police officer will issue a seizure notice and he will say do you want to take any property out of the vehicle, normally they take satnavs, wallets, money whatever
Kelly: He could have taken the tools out of the vehicle

Gareth: Well, I do not know I am not going to comment on that to be perfectly frank with you all I can do is comment on the paperwork that I see in front of me Right okay
Gareth: And there was nothing left in the vehicle
Kelly: At the time of when it come in but obviously Yeah
Kelly: He's had the opportunity to take items out of that vehicle
Gareth: But then it would have been mentioned that he had done that and there is nothing there saying that he had, and it would have also mentioned what was taken on the seizure notice yeah
Kelly: Is there any chance you can forward me a copy of this
Gareth: No, we are not allowed to under the Police Act and God knows what else. All I can confirm is what I have seen on the seizure notice
Kelly: Can you confirm that in an email to me please
Gareth: Right, what you do
Kelly: I have already emailed yourselves and
Right
You've replied to say you would not have anything like that on record and I just need you to pop me over an email to say that
525,
Gareth: If you go to Charlton car Charlton documents and I can reply from there because we have firewalls and God knows what else
Kelly: So, you don't use the VCSE one of whatever it is called
Gareth: No if you do charltondocuments@met.police.uk. What I am going to do I am going to bring up a copy of this seizure notice just double check that I have done everything right for you
Kelly: Are you a police officer
Gareth: No, I work at the compound I am just one of the little plebs
Kelly: I have just forwarded you over a copy of the email and the reply that I got from the VRES Charlton@met.pnn.police.co.uk
Gareth: What I will do I can only go on what we have got here and I'm just bringing it up now if you bear with me. I am looking at the copy of
Kelly: Is that from a **PC G**eoghan
Gareth: Bear with me at the end of the day it is just a signature
Kelly: Oh, alright okay
Gareth: All I can say is property left in the vehicle there is nothing in their Property removed from driver that is blank as well but obviously he did not remove anything else as that would have been registered
Kelly: Yeah
Gareth: He would have told the officer there's tools in there be careful as they're part of me trade
Kelly: Yeah
Gareth: Then that would have been registered they were within there. We take them out and put them into our property store for safe-keeping and then when he comes to collect them, they get given back then
Kelly: Right okay that fine it is just when we got a call from the officer when he has Mr. Cordell at the road side, he has advised us that he is carrying tools in his vehicle Gareth: Well, I can't comment on that I can only go on the information on that seizure notice and there was nothing been entered that the gentleman removed anything or there was anything left. That's all I can say
Kelly: That's fine no worries so if you can just reply to my email there and then that will be great. Thanks for your help.

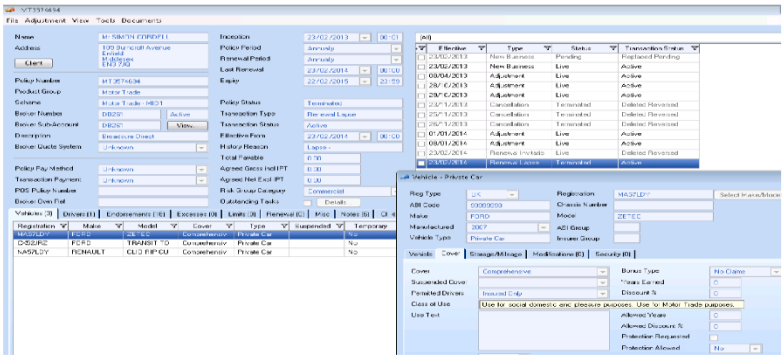
I work for KGM Motor Insurance, an Insurance Company based in London. I am an Operations Manager working for UK Specialty, Canopius. KGM is a member of the Canopius Group in the UK Specialty Division. I am responsible for managing the timely and accurate processing of all client records supplied to us via our Broker network.

Josephine Ward of Michael Carroll & Co (with Simon & Lorraine Cordell's permission) contacted me on the 8/2/2015 requesting a statement in respect of relevant recorded calls supplied plus a Letter of Indemnity pertaining to Mr Simone Cordell's policy number MT3574694. I understand the statement request is connected to an appeal against conviction for no insurance, Regina v. Simon Paul Cordell to be heard on the 5th March 2015 at Kingston Upon Thames Crown Court.

I would confirm that –

- The policy was incepted on the 23/2/2013 allowing Mr Simon Cordell only to drive at Comprehensive cover.



- The vehicles covered at inception were –
  - Ford Zetec registration MA57LDY.
  - Ford Transit registration CX52JRZ.
  - Use allowed was Social Domestic & Pleasure & or Motor Trade purposes only.

I have become involved in this matter following receipt of a Data Subject Access request and a complaint letter from Simon and Lorraine Cordell. During the course of my investigations to establish all the facts before responding to the letter of complaint it has been necessary for me to obtain and listen to various phone calls between the client and Underwriters, the Broker and Underwriters, Underwriters and the Police compound and the original call from the officer at the roadside and Underwriters.

I feel I have now reached a good understanding of the sequence of events and as a result have provided both a Letter of Indemnity and 2 relevant call recordings to Lorraine and Simon Cordell to support their appeal.

Josephine Ward has requested that in addition to this I provide a section 9 statement and confirm the following points –

- I have been able to search and locate, I believe, all of the relevant call recordings connected to this matter. I have located in total 8 call recordings but have provided the 2 relevant calls being the call from the officer at the roadside talking to Underwriters and the call from Underwriters to the Police compound. The fact that I have been able to search for and locate these calls proves to me that our call recording equipment was functioning correctly, certainly on the days in question, on the few occasions its not working the result is that you cannot locate any call recordings.
- I would confirm that the 2 calls I have provided to Simon and Lorraine are authentic and have come from KGM call recording systems. These 2 calls specifically are –
  - The call made to Underwriters by the Police officer on the 14/11/2013
  - The call made by Kelly Tiller to the Police compound on the 26/11/2013
- I would confirm that I was searching for and located these call recordings on the 23/1/2015.
- I would confirm that I e-mailed these call recordings across along with the Letter of Indemnity to Simon & Lorraine Cordell on the 30/1/2015.

To whom it may concern:
I am writing this email due to the number of problems I have been having due to a policy of insurance I had with KGM insurance which did not show up on the MID database in the week it was fine as I carried my insurance documents with me at all times and the insurance company could be called, but the problems were when the insurance company was closed as the police could not contact them.
My mum Lorraine Cordell and I have sent many emails to the courts with my insurance documents, but there have been cases where I have not had a summons. So did not know about cases and they have been heard at court and I was found guilty of no insurance.
I have done statutory declarations at court including my insurance documents and this still has not corrected anything.
One of the statutory declarations was again heard at court on the 26/01/2015 which again I did not know about for Willesden Magistrates' Court. But I have sent so many emails to this court with all documents and asked for them to be checked with the police officer at court to show I was insured to drive. This has not been done I have just again been found guilty due to not getting letters of a court hearing date.
I have now also got a letter of Indemnity from KGM who I was insured with under policy number MT3574694. 00.01 AM on the 23/2/13 and was in force until Midnight on the 22/2/14 when it lapsed.
Most of the cases are with the KGM policy you will see the reason as to why in the Letter of Indemnity from KGM.
I also believe there was one case for Covea Insurance PLC policy number MT10 021608047 it was not showing on the MID due to the stop was the day after I took the policy out.
Please can any cases be set aside and reopened and looked into and any other cases that have been heard for no insurance under these policies of insurance be addressed.
You will in due cause be hearing from my solicitor, she is trying to address all the cases, but this is taking time. She has seen all the emails I have sent trying to address these issues and feels more should have been done as it would have only taken for the insurance policies to be checked and this would have stopped a waste of time and money for the courts, and myself at this time she wants to just appeal all cases to the crown court. which would again be a waste of money for the courts. and again, of my time.

But this is having an effect on my life my driving licence has been revoked 3 times for no insurance, when in fact I have always had insurance to drive and would not drive if I did not have insurance.
Please see attached documents
Could you get back to me as soon as possible by way of email, as it does seem there is an issue with my post and not getting letters that was meant to be sent to me? I am taking this up with the royal mail.
Regards
Simon Cordell

Dear Mr Cordell

RE: Letter of Indemnity - Policy Number MT3574694

We would confirm that the policy above was incepted at 00.01 AM on the 23/2/13 and was in force until Midnight on the 22/2/14 when it lapsed.

The policy is a Road Risks Motor Trade only, cover was Comprehensive with the use permitted of Social Domestic and Pleasure and for Motor Trade purposes only. For clarity we would advise that Motor Trade Use would allow the carriage of tools required specifically for use in connection with Motor Trade activities.

Drivers under this policy were restricted to Mr Simon Cordell only.

The vehicles covered at inception of the policy were –

- Ford Zetec registration MA57LDY
- Ford Transit registration CX52JRZ

On the 8/4/13 at 11.05am the following vehicle was added to the policy –

- Renault Clio registration NA57LDY. We have since established that in fact Mr Cordell was trying to correct the registration of the Ford Zetec that his broker had incorrectly advised Underwriters was MA47LDY at policy inception. Unfortunately the broker compounded that error with these instructions as the registration number was still incorrect (NA57LDY) and on the wrong vehicle leading Underwriters to add this vehicle onto the policy in error. Eventually the correct registration of the Ford Zetec was noted.
- Please note that whilst the registration of the Ford Zetec was incorrect on the policy record and on the Motor Insurers Database for some time as a result of the above error, Underwriters would confirm that in the event of any incident Mr Cordell would have been fully indemnified subject to the terms of this policy.

We understand that Mr Cordell was subjected to a number of Police stops during the policy period whilst driving these vehicles. The stops were due to these vehicles not showing as insured on the Motor Insurers Database (MID). We would confirm that it's a requirement for Motor Insurers to upload details of all insured policies & vehicles to the MID, the targets set are 95% of policies to be on the MID within 14 days for Motor Trade policies and 95% of vehicles to be on the MID within 21 days for Motor Trade. Accordingly we can note that whilst this database is very effective, it's not real time and not 100% accurate.

We have carried out an investigation to understand why Mr Cordells vehicles were not on the MID leading to these Police stops. It has been established that there is a "bug" in our system when copying and pasting a registration with a space in it into the policy record, that results in an unsuccessful upload to the MID. It does not happen when we receive data electronically or when manually inputting data and was something we were unaware of until this case. We have of course changed our processes to prevent this occurring again.

The unfortunate outcome for Mr Cordell of course was that it appeared to the Police that he was driving uninsured and was subjected to unnecessary Police stops. This was not Mr Cordells fault in any way as he had a valid Insurance policy in force and was fully insured to drive these vehicles for the purposes permitted under this policy during the policy period.

As stated above this policy was in force from 00.01 AM on the 23/2/13 and was in force until Midnight on the 22/2/14. We have been asked to specifically confirm that it was in force on the 14/11/2013 for both the Ford Zetec registration MA57LDY and the Ford Transit registration CX52JRZ.

We trust this letter meets the requirements of the Police and the Courts. Should you require any further assistance please do not hesitate to contact us.

STATEMENT OF PETER WOOD KGM INSURANCE/
Page Numbers: 202,203,204
Witness Statement
Statement of: Peter Wood
Occupation: Operations Manager, Motor Underwriting Department
This page consists of two pages and signed by me. It is true to the best of my knowledge and belief
and I make it knowing that, if it is tendered evidence, I shall be liable to prosecution if I have wilfully stated anything in it that I know to be false, or do not believe to be true.
Date:
I work for KGM Motor Insurance, an Insurance Company based in London. I am an operation, manager working for UK Specialty, Canopius. KGM is a member of the Canopius Group in the UK Specialty Division. I am responsible for managing the timely and accurate processing of all client records supplied to us via our Broker network.
Josephine Ward of Michael Carroll & Co (with Simon & Lorraine Cordell's permission) contacted me on the 8/2/**2015** requesting a statement in respect of relevant recorded calls supplied plus a Letter of

I would confirm that -

1. The policy was incepted on the 23/2/2013 allowing Mr. Simon Cordell only to drive at Comprehensive cover

I have become involved in this matter following receipt of a Data Subject Access request and a complaint letter from Simon and Lorraine Cordell. During the course of my investigations to establish all the facts before responding to the letter of complaint it has been necessary for me to obtain and listen to various phone calls between the client and Underwriters, the Broker and Underwriters, Underwriters and the Police compound and the original call from the officer at the roadside and Underwriters.

I feel I have now reached a good understanding of the sequence of events and as a result have provided both a Letter of Indemnity and 2 relevant call recordings to Lorraine and Simon Cordell to support their appeal.
Josephine Ward has requested that in addition to this I provide a section 9 statement and confirm the following points -

1. I have been able to search and locate, I believe, all of the relevant call recordings connected to this matter. I have located in total 8 call recordings but have provided the 2 relevant calls being the call from the officer at the roadside talking to Underwriters and the call from Underwriters to the Police compound. The fact that I have been able to search for and locate these calls proves to me that our call recording equipment was functioning correctly, certainly on the days in question, on the few occasions it's not working the result is that you cannot locate any call recordings.
2. I would confirm that the 2 calls I have provided to Simon and Lorraine are authentic and have come from KGM call recording systems. These 2 calls specifically are -

- The call made to Underwriters by the Police officer on the 14/11/2013
- The call made by Kelly Tiller to the Police compound on the 26/11/**2013**

3. I would confirm that I was searching for and located these call recordings on the 23/1/**2015**
4. I would confirm that I e-mailed these call recordings across along with the Letter of Indemnity to Simon & Lorraine Cordell on the 30/1/**2015**.

data electronically or when manually inputting data and was something we were unaware of until this case. We have of course changed our processes to prevent this occurring again. The unfortunate outcome for Mr. Cordell of course was that it appeared to the Police that he was driving uninsured and was subjected to unnecessary Police stops. This was not Mr. Cordell's fault in any way as he had a valid Insurance policy in force and was fully insured to drive these vehicles for the purposes permitted under this policy during the policy period. We trust this letter meets the requirements of the Police and the Courts. Should you require any further assistance please do not hesitate to contact us.

Thank you for your email received 11 February. Unfortunately, you have contacted the DVA in Northern Ireland and we are unable to address the issue of your email. You should contact DVLA Swansea, and it is they who deal with driver licensing issues in the GB mainland.

I am writing this email due many problems I have been having been having with my driving licence. I have made many phone calls asking for full information to try and clear this mess up and I am not really getting any joy. My driving licence has been revoked 3 times due to mistakes at court no insurance. The issue is with no insurance the time scale of this would cover the years **2013** to date. I do need this information as soon as possible to any cases that are on my licence, and also that have been removed from my licence by the court within this time scale. I am addressing these issues but there are cases I am not aware of which DVLA does hold. This is why I need this information so I can contact the courts that need to be contacted. If there is a fee for this service, please let me know by return email. I do not have time to post letters and then have to wait which I am being told on the phone; this is having a huge effect on my life which maybe you can understand. Please could this be addressed as a matter of urgency?

I think the 17th will be fine just give me a time. Not sure what you mean below about the CD should I burn a copy off and bring them with me to the office or do they need to be burned off at the office. I can access emails that are being sent to me from the office if I make sure I

close outlook on my computer, but would have no access to the emails that are already in outlook as these have been directly downloaded to outlook from the virgin media server and I have that setup to del once they have been downloaded. Is it you who needs to ask for the Legal Adviser's notes re what was recorded as part of PC Geoghan's?

Can you transfer all from server onto a USB as this may be the easiest way of accessing the data? I suggested my office so that everything can be printed off and put in bundles and scanned and sent in the DX. Re the discs you can burn off and exhibit, but I will deal with this in your section 9 statement. I will have to request the data from the court re the trial notes so all I will need is the date of conviction and the appeal date and I will send that email off in the next ten minutes. I need these for two reasons

(a) accurate transcript of what was said for the appeal hearing in Kingston Upon Thames
(b) for when the formal complaint to the IPCC is made.
I am snowed under at the moment to please keep Monday appointment if you can and likewise, I hope that I do not have to rearrange. Can you confirm with Simon whether he wants to apply to set aside the conviction which is the correct way to go about it? Time runs from date of conviction so 21 days so lodge appeal against conviction as I believe only a Crown Court Judge can sort out the licence being revoked. You also mentioned that there was another court in East London or South East London can you bring whatever you need doing on that also.

Josephine

The dates of conviction were the 26/11/**2014** Wimbledon magistrate's court. Appeal date is 05/03/**2015** at 10:00 at Kingston Upon Thames Crown Court I will try and put emails to something and bring them to the office do you need all the ones for all the driving with no insurance of just the ones for the appeal?
The complaints started on the phone to the police on the day this happened which was the 14/11/**2013** I am sure I have the person's name here in my files I will try and find the name of the officer who was dealing with this matter on the phone calls as she called me back a number of times. But I wrote to the IPCC on their form from their website on the 03/12/**2013**, I got the reply email for that form on 03/12/**2013** at 13:30 please see attached email. But this will need to be updated now due to what has happened in this case with the police officer. Please also see attached Peter Wood Statement. I will bring all emails I can what I can do is export the emails to PDF like the one I have done in the attached from the IPCC then put them to disc as there is a real lot of emails and in outlook just saving them does not save them with all details. so, as a rule I export to PDF. is this, ok?

Can you transfer all from server onto a USB as this may be the easiest way of accessing the data? I suggested my office so that everything can be printed off and put in bundles and scanned and sent in the DX. Re the discs you can burn off and exhibit, but I will deal with this in your section 9 statement. I will have to request the data from the court re the trial notes so all I will need is the date of conviction and the appeal date and I will send that email off in the next ten minutes. I need these for two reasons
(a) accurate transcript of what was said for the appeal hearing in Kingston Upon Thames
(b) for when the formal complaint to the IPCC is made. I am snowed under at the moment to please keep Monday appointment if you can and likewise, I hope that I do not have to rearrange. Can you confirm with Simon whether he wants to apply to set aside the conviction which is the correct way to go about it? Time runs from date of conviction so 21 days so

lodge appeal against conviction as I believe only a Crown Court Judge can sort out the licence being revoked.
1622,
You also mentioned that there was another court in East London or South East London can you bring whatever you need doing on that also.

Dear All,
Please could you kindly assist Lorraine Cordell on behalf of her son Simon Cordell. They believe that a number of summonses have been issued against Simon for the offence of no insurance since **2013** due to an error made by the insurance company as per the attached letter. Unfortunately, due to Simon not always receiving the summons/adjournment notice they are unsure how many cases have been issued against him and are trying to get them all reopened and listed before court to be heard together in light of the above. Please would you be able to check your database and confirm to the email address below the number of cases with reference number, court, and conviction date. I have also spoken to her on the phone and informed Lorraine that she will need to contact the court directly to make application to reopen/stat decs, which she can only do so once the information has been obtained. The only matter the cps are currently aware of is for the case ref J63181495 which is listed for appeal at Kingston Crown Court 05/03/15. If you are unable to advise her on summons that have been issued on her son, please could you kindly advise her where she could obtain the information.

To whom it may concern:
I am writing this email due to the number of problems I have been having due to a policy of insurance I had with KGM insurance which did not show up on the MID database in the week it was fine as I carried my insurance documents with me at all times and the insurance company could be called, but the problems were when the insurance company was closed as the police could not contact them. My mum Lorraine Cordell and I have sent many emails to the courts with my insurance documents, but there have been cases where I have not had a summons. So did not know about cases and they have been heard at court and I was found guilty of no insurance. I have done statutory declarations at court including my insurance documents and this still has not corrected anything. One of the statutory declarations was again heard at court on the 26/01/**2015** which again I did not know about for Willesden Magistrates' Court. But I have sent so many emails to this court with all documents and asked for them to be checked with the police officer at court to show I was insured to drive. This has not been done I have just again been found guilty due to not getting letters of a court hearing date. I have now also got a letter of Indemnity from KGM who I was insured with under policy number MT3574694. 00.01 AM on the 23/2/13 and was in force until Midnight on the 22/2/14 when it lapsed. Most of the cases are with the KGM policy you will see the reason as to why in the Letter of Indemnity from KGM. I also believe there was one case for Covea Insurance PLC policy number MT10 021608047 it was not showing on the MID due to the stop was the day after I took the policy out. Please can any cases be set aside and reopened and looked into and any other cases that have been heard for no insurance under these policies of insurance be addressed. You will in due cause be hearing from my solicitor, she is trying to address all the cases, but this is taking time. She has seen all the emails I have sent trying to address these issues and feels more should have been done as it would have only taken for the insurance policies to be checked and this would have stopped a waste of time and money for the courts, and myself at this time she wants to just appeal all cases to the crown court. which would again be a waste of money for the courts. and again, of my time. But this is having an effect on my life my driving licence has been revoked 3 times for no insurance, when in fact I have always had insurance to drive and would not drive if I did not have insurance. Please see attached documents Could you get back to me as soon as possible by way of email, as it does seem there is an issue with my post and not getting letters that was meant to be sent to me? I am taking this up with the royal mail.

Can you get Simon to sign this and I will add the particulars to the appeal together with a chronology? I do not need the complaint emails yet just straightforward emails to and from court save to USB. Also emails to and from Peter Wood save to USB so I can out together a bundle.

Please can any cases be set aside and reopened and looked into and any other cases that have been heard for no insurance under these policies of insurance be addressed.
You will in due cause be hearing from my solicitor, she is trying to address all the cases, but this is taking time. She has seen all the emails I have sent trying to address these issues and feels more should have been done as it would have only taken for the insurance policies to be checked and this would have stopped a waste of time and money for the courts, and myself at this time she wants to just appeal all cases to the crown court. which would again be a waste of money for the courts. and again, of my time.
But this is having an effect on my life my driving licence has been revoked 3 times for no insurance, when in fact I have always had insurance to drive and would not drive if I did not have insurance.
Please see attached documents
Could you get back to me as soon as possible by way of email, as it does seem there is an issue with my post and not getting letters that was meant to be sent to me? I am taking this up with the royal mail.
Regards
Simon Cordell

Subject: Appeal against conviction for no insurance Regina v. Simon Paul Cordell on 5th March 2015 at Kingston Upon Thames Crown Court
Dear Mr. Wood
I have been instructed by Mr. Simon Paul Cordell and Miss Lorraine Cordell to assist in the appeal against conviction that is due to be heard at Kingston Upon Thames Crown Court on 5th March 2015 at 10am.
Miss Cordell has played two recordings that she received from KGM which are pertinent to the appeal but at present as the telephone recordings have not been produced as an exhibit by KGM they will not be admissible at court.
Can you therefore please write a section 9 statement confirming that:

- all recording equipment was working correctly
- KGM produced two recordings at the request of Ms. Lorraine Cordell
- Confirmation that the recording of S Cordell call from police 141113 Recording was provided by KGM from their recorded calls and is authentic
- Confirmation that the recording between the Car Pound and Kelly Tiller was also provided from the KGM recorded calls and is authentic

If we are in possession of a section 9 statement producing the recordings, then we will not have to apply to the court for a Third-Party Summons to compel an employee from KGM to attend to produce the recordings. This would be a complete waste of your
552,
time when all we require is a section 9 attesting to the recordings being retrieved from the system and exhibited as two separate recordings.
If you require assistance with drafting a section 9 statement, then we would be happy to draft it and email it over. We would require the name of the person who retrieved the recordings. the dates that the recordings were retrieved, the dates the recordings relate to, confirmation that the recordings were sent to Lorraine Cordell by email so that she can produce CDs of the recordings so that they can be played in court and specifically refer to the email containing the recordings so that there is continuity in the chain of evidence. Ideally, we would like KGM to produce the CD's and exhibit them but failing this we will try to get the CPS to agree the CDs as produced from the email of Miss Cordell. We stress that the section in relation to

the search and retrieval of the KGM database is essential and critical to ensuring that the chain of evidence is intact.
We can serve these recordings on the CPS and the Court so that they are agreed in advance of the Appeal hearing.
We thank you in advance for your anticipated co-operation in this matter and hope that we do not have to apply for a Third-party Witness Summons to compel the attendance of a KGM employee at the Appeal on the 5th March 2015.
We confirm that Miss Cordell is forwarding an email confirming that we are instructed and authorised to request this information.
Yours faithfully
MICHAEL CARROLL & CO.

I have become involved in this matter following receipt of a Data Subject Access request and a complaint letter from Simon and Lorraine Cordell. During the course of my investigations to establish all the facts before responding to the letter of complaint it has been necessary for me to obtain and listen to various phone calls between the client and Underwriters, the Broker and Underwriters, Underwriters and the Police compound and the original call from the officer at the roadside and Underwriters.

I feel I have now reached a good understanding of the sequence of events and as a result have provided both a Letter of Indemnity and 2 relevant call recordings to Lorraine and Simon Cordell to support their appeal.

Josephine Ward has requested that in addition to this I provide a section 9 statement and confirm the following points –

- I have been able to search and locate, I believe, all of the relevant call recordings connected to this matter. I have located in total 8 call recordings but have provided the 2 relevant calls being the call from the officer at the roadside talking to Underwriters and the call from Underwriters to the Police compound. The fact that I have been able to search for and locate these calls proves to me that our call recording equipment was functioning correctly, certainly on the days in question, on the few occasions its not working the result is that you cannot locate any call recordings.
- I would confirm that the 2 calls I have provided to Simon and Lorraine are authentic and have come from KGM call recording systems. These 2 calls specifically are –
  - The call made to Underwriters by the Police officer on the 14/11/2013
  - The call made by Kelly Tiller to the Police compound on the 26/11/2013
- I would confirm that I was searching for and located these call recordings on the 23/1/2015.
- I would confirm that I e-mailed these call recordings across along with the Letter of Indemnity to Simon & Lorraine Cordell on the 30/1/2015.

Hi Josey
The dates of conviction were the 26/11/2014 Wimbledon magistrate's court.
Appeal date is 05/03/2015 at 10:00 at Kingston Upon Thames Crown Court
I will try and put emails to something and bring them to the office do you need all the ones for all the driving with no insurance of just the ones for the appeal?
The complaints started on the phone to the police on the day this happened which was the 14/11/2013 I am sure I have the person's name here in my files I will try and find the name of the officer who was dealing with this matter on the phone calls as she called me back a number of times.
But I wrote to the IPCC on their form from there website on the 03/12/2013, I got the reply email for that form on 03/12/2013 at 13:30 please see attached email. But this will need to be updated now due to what has happened in this case with the police officer.
Please also see attached Peter Wood Statement.
I will bring all emails I can what I can do is export the emails to PDF like the one I have done in the attached from the IPCC then put them to disc as there is a real lot of emails and in outlook just saving them does not save them with all details. so, as a rule I export to PDF. is this, ok?

Lorraine

Can you transfer all from server onto a USB as this may be the easiest way of accessing the data? I suggested my office so that everything can be printed off and put in bundles and scanned and sent in the DX. Re the discs you can burn off and exhibit, but I will deal with this in your section 9 statement.

I will have to request the data from the court re the trial notes so all I will need is the date of conviction and the appeal date and I will send that email off in the next ten minutes. I need these for two reasons (a) accurate transcript of what was said for the appeal hearing in Kingston Upon Thames (b) for when the formal complaint to the IPCC is made.
I am snowed under at the moment to please keep Monday appointment if you can and likewise, I hope that I do not have to rearrange.
Can you confirm with Simon whether he wants to apply to set aside the conviction which is the correct way to go about it time runs from date of conviction so 21 days so lodge appeal against conviction as I believe only a Crown Court Judge can sort out the licence being revoked.
557,
You also mentioned that there was another court in East London or South East London can you bring whatever you need doing on that also.
Regards
Josephine

Not sure what you mean below about the CD should I burn a copy off and bring them with me to the office or do they need to be burned off at the office.
I can access emails that are being sent to me from the office if I make sure I close outlook on my computer, but would have no access to the emails that are already in outlook as these have been directly downloaded to outlook from the virgin media server and I have that setup to del once they have been downloaded.
Is it you who needs to ask for the Legal Adviser's notes re what was recorded as part of **PC Geoghan's** evidence and his officer's pocketbook or me?

- **APPEAL AGAINST CONVICTION / SET ASIDE CONVICTION FOR 26.01.2015**

On the 2nd part as I have already taken my emails to outlook, they are not on a server so the only way to access them is from my computer.

I need to draft a section 9 statement re transcribing the recordings onto CD. I need to draft a section 9 statement for you also so that you can exhibit them. I will also need to obtain a copy of the Legal Adviser's notes re what was recorded as part of **PC Geoghan's** evidence. I need to obtain copies of the officer's pocketbook also.
Can you access your email from my office in terms of files as emails will have to be printed off? A bundle will have to be prepared for the CPS and the Crown Court.
What is your availability 16th or 17th February 2015? I am flying home the next two weekends. I am then on duty quite a lot and will have murder case papers served so I will be hectically busy.

Again, Lorraine it will take 1 -2 hours to go through this, but I will need access to emails sent and received etc. I await hearing from you.

Occupation: **Operations Manager, Motor Underwriting Department**

This page consists of two pages and signed by me. It is true to the best of my knowledge and belief and I make it knowing that, if it is tendered evidence, I shall be liable to prosecution if I have wilfully stated anything in it that I know to be false, or do not believe to be true.

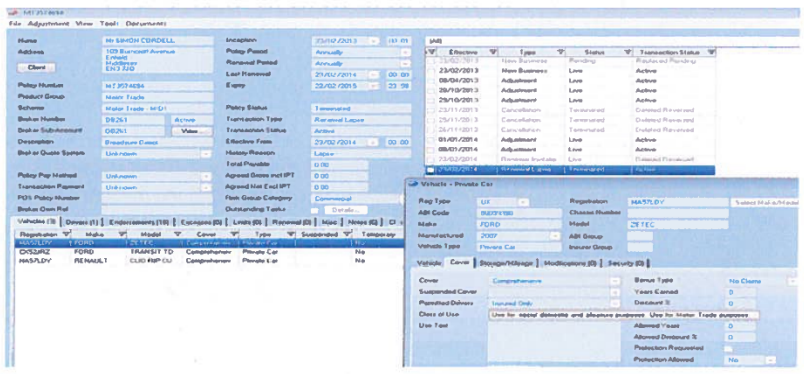
I work for KGM Motor Insurance, an Insurance Company based in London. I am an Operations Manager working for UK Specialty, Canopius. KGM is a member of the Canopius Group in the UK Specialty Division. I am responsible for managing the timely and accurate processing of all client records supplied to us via our Broker network.



Josephine Ward of Michael Carroll & Co (with Simon & Lorraine Cordell's permission) contacted me on the 8/2/2015 requesting a statement in respect of relevant recorded calls supplied plus a Letter of Indemnity pertaining to Mr Simone Cordell's policy number MT3574694. I understand the statement request is connected to an appeal against conviction for no insurance, Regina v. Simon Paul Cordell to be heard on the 5th March 2015 at Kingston Upon Thames Crown Court.

I would confirm that –

- The policy was incepted on the 23/2/2013 allowing Mr Simon Cordell only to drive at Comprehensive cover.

- The vehicles covered at inception were –
  - Ford Zetec registration MA57LDY.
  - Ford Transit registration CX52JRZ.
  - Use allowed was Social Domestic & Pleasure & or Motor Trade purposes only.

I have become involved in this matter following receipt of a Data Subject Access request and a complaint letter from Simon and Lorraine Cordell. During the course of my investigations to establish all the facts before responding to the letter of complaint it has been necessary for me to obtain and listen to various phone calls between the client and Underwriters, the Broker and Underwriters, Underwriters and the Police compound and the original call from the officer at the roadside and Underwriters.

I feel I have now reached a good understanding of the sequence of events and as a result have provided both a Letter of Indemnity and 2 relevant call recordings to Lorraine and Simon Cordell to support their appeal.

Josephine Ward has requested that in addition to this I provide a section 9 statement and confirm the following points –

- I have been able to search and locate, I believe, all of the relevant call recordings connected to this matter. I have located in total 8 call recordings but have provided the 2 relevant calls being the call from the officer at the roadside talking to Underwriters and the call from Underwriters to the Police compound. The fact that I have been able to search for and locate these calls proves to me that our call recording equipment was functioning correctly, certainly on the days in question, on the few occasions its not working the result is that you cannot locate any call recordings.
- I would confirm that the 2 calls I have provided to Simon and Lorraine are authentic and have come from KGM call recording systems. These 2 calls specifically are –
  - The call made to Underwriters by the Police officer on the 14/11/2013
  - The call made by Kelly Tiller to the Police compound on the 26/11/2013
- I would confirm that I was searching for and located these call recordings on the 23/1/2015.
- I would confirm that I e-mailed these call recordings across along with the Letter of Indemnity to Simon & Lorraine Cordell on the 30/1/2015.

To whom it my Concern:
Complaint
I am writing this email about the re the below email and also the attached file. I have been on incapacity/income support for many years now on the highest rate due to illness. In April **2013** council tax changed their rules and a 19.5% needed to be paid unless exempt from this change. As you will be aware the DWP has been in the process of changing everyone that was getting the old benefit incapacity benefit to the new benefit ESA, this should have all been completed by now, but due to things going wrong there is still people on incapacity that have not been moved over yet to the new Benefit ESA. I am one of these people, but once they move me over, I will be in the support group of ESAs. I have called the DWP many times and they cannot give me a timeline of the changeover. Under the new rules I would be exempt from the 19.5% council tax, it is not my fault the DWP are not working fast enough to move people over the new benefits. I would like to know the full policy for this and has this been taken into account when working out the new policies. Surely if my benefits are still under the old policy, I should still be exempt.

Simon Cordell

Appeal Notice Signed.pdf
To Whom It May Concern:
Complaint
I am writing this email again due to a case being heard at court and me being found guilty. On the 26/01/**2015**
Case number: 011403134612, I believe the old case number was 011401596899. I have emailed the court many times due to this case I and in my emails attached my insurance documents. I Have done a statutory declaration which I included my insurance documents. I know my file must have had my insurance document within there as it was included in many emails to the court and asked for my emails and documents to be put on my file. I had no letters from the court to say a date of a hearing of the 26/01/**2015**, I have asked in emails that have been sent for any dates to be also copied over to me by email, as there does seem to be an issue with my post. My mum Lorraine Cordell and I have asked in many emails and phone calls to the court for the police officer who checks documents to get him to check my documents which will confirm I am insured. None of this has been done and again I have been found guilty at court for no insurance when I was insured to drive. I am making this request to have my case listed in order that I can do the following.
1. Application to set aside the conviction
2. Reopen the case
My nam**e:** Mr. Simon Paul Cordell
DOB: 26/01/1981.
Address: 109 Burncroft Av
Enfield
Middlesex
EN3 7JQ
I am including in this email
1. Letter of Indemnity from KGM.
2. Policy of insurance form KGM.
3. List of emails sent to Court.
4. Email dates Tue 10/02/**2015** 13:06 which I have not had a reply to as yet.
5. Appeal Form
1646,
Could you please get back to me today by return e**mail to**?
lorraine32@blueyonder.co.uk
as I would like to know what can be done about this case.
I have 21 days to appeal to the crown court and this date is running out very fast so I am also including the form so, I do not run out of time to appeal to the Crown Court as I feel I will run out of time in this matter. But feel it would be a waste of time and money for the court and me to address it this way and take it to appeal at the crown court. I am not sure what CPS dealt with this case and I do now that the appeal form needs to be addressed to them also, so I have included all that I know off. If I have not included the right Email for the CPS who dealt with this case can it be forwarded to them. Or could you please get back to me by email at
lorraine32@blueyonder.co.uk

Complaint

I am writing this email again due to a case being heard at court and me being found guilty. On the 26/01/**2015** Case number: 011403134612, I believe the old case number was 011401596899. I have emailed the court many times due to this case I and in my emails attached my insurance documents. I Have done a statutory declaration which I included my insurance documents. I know my file must have had my insurance document within there as it was included in many emails to the court and asked for my emails and documents to be put on my file. I had no letters from the court to say a date of a hearing of the 26/01/**2015**, I have asked in emails that have been sent for any dates to be also copied over to me by email, as there does seem to be an issue with my post. My mum Lorraine Cordell and I have asked in many emails and phone calls to the court for the police officer who checks documents to get him to check my documents which will confirm I am insured. None of this has been done and again I have been found guilty at court for no insurance when I was insured to drive. I am making this request to have my case listed in order that I can do the following:
1. Application to set aside the conviction
2. Reopen the case
My nam**e:** Mr. Simon Paul Cordell
DOB: 26/01/1981.
Address: 109 Burncroft Av
Enfield

I am including in this email
1. Letter of Indemnity from KGM.
2. Policy of insurance form KGM.
1649,
3. List of emails sent to Court.
4. Email dates Tue 10/02/**2015** 13:06 which I have not had a reply to as yet.
5. Appeal Form
Could you please get back to me today by return email to?
lorraine32@blueyonder.co.uk
as I would like to know what can be done about this case.
I have 21 days to appeal to the crown court and this date is running out very fast so I am also including the form so I do not run out of time to appeal to the Crown Court as I feel I will run out of time in this matter. But feel it would be a waste of time and money for the court and me to address it this way and take it to appeal at the crown court. I am not sure what CPS dealt with this case and I do now that the appeal form needs to be addressed to them also, so I have included all that I know off. If I have not included the right Email for the CPS who dealt with this case can it be forwarded to them. Or could you please get back to me by email at lorraine32@blueyonder.co.uk

Dear All,
Please could you kindly assist Lorraine Cordell on behalf of her son Simon Cordell. They believe that a number of summonses have been issued against Simon for the offence of no insurance since
2013
due to an error made by the insurance company as per the attached letter. Unfortunately, due to Simon not always receiving the summons/adjournment notice they are unsure how many cases have been issued against him and are trying to get them all reopened and listed before court to be heard together in light of the above. Please would you be able to check your database and confirm to the email address below the number of cases with reference number,

court and conviction date. I have also spoken to her on the phone and informed Lorraine that she will need to contact the court directly to make application to reopen/stat Dec's, which she can only do so once the information has been obtained. The only matter the cps are currently aware of is for the case ref J63181495 which is listed for appeal at Kingston Crown Court **05/03/15.**
If you are unable to advise her on summons that have been issued on her son, please could you kindly advise her where she could obtain the information.

To whom it may concern:
I am writing this email due to the number of problems I have been having due to a policy of insurance I had with KGM insurance which did not show up on the MID database in the week it was fine as I carried my insurance documents with me at all times and the insurance company could be called, but the problems were when the insurance company was closed as the police could not contact them. My mum Lorraine Cordell and I have sent many emails to the courts with my insurance documents, but there have been cases where I have not had a summons. So did not know about cases and they have been heard at court and I was found guilty of no insurance. I have done statutory declarations at court including my insurance documents and this still has not corrected anything. One of the statutory declarations was again heard at court on the **26/01/2015** which again I did not know about for Willesden Magistrates' Court. But I have sent so many emails to this court with all documents and asked for them to be checked with the police officer at court to show I was insured to drive. This

has not been done I have just again been found guilty due to not getting letters of a court hearing date. I have now also got a letter of Indemnity from KGM who I was insured with under policy number MT3574694. 00.01 AM on the **23/02/2013** and was in force until Midnight on the **22/02/2014** when it lapsed. Most of the cases are with the KGM policy you will see the reason as to why in the Letter of Indemnity from KGM. I also believe there was one case for Covea Insurance PLC policy number MT10 021608047 it was not showing on the MID due to the stop was the day after I took the policy out. Please can any cases be set aside and reopened and looked into and any other cases that have been heard for no insurance under these policies of insurance be addressed. You will in due cause be hearing from my solicitor, she is trying to address all the cases, but this is taking time. She has seen all the emails I have sent trying to address these issues and feels more should have been done as it would have only taken for the insurance policies to be checked and this would have stopped a waste of time and money for the courts, and myself at this time she wants to just appeal all cases to the crown court. which would again be a waste of money for the courts. and again, of my time. But this is having an effect on my life my driving licence has been revoked 3 times for no insurance, when in fact I have always had insurance to drive and would not drive if I did not have insurance. Please see attached documents Could you get back to me as soon as possible by way of email, as it does seem there is an issue with my post and not getting letters that was meant to be sent to me?
I am taking this up with the royal mail.

Complaint

I am writing this email again due to a case being heard at court and me being found guilty. On the 26/01/2015 Case number: 011403134612, I believe the old case number was 011401596899.

I have emailed the court many times due to this case I and in my emails attached my insurance documents.

I Have done a statutory declaration which I included my insurance documents.

I know my file must have had my insurance document within there as it was included in many emails to the court and asked for my emails and documents to be put on my file.

I had no letters from the court to say a date of a hearing of the 26/01/2015, I have asked in emails that have been sent for any dates to be also copied over to me by email, as there does seem to be an issue with my post.

My mum Lorraine Cordell and I have asked in many emails and phone calls to the court for the police officer who checks documents to get him to check my documents which will confirm I am insured.

None of this has been done and again I have been found guilty at court for no insurance when I was insured to drive.

I am making this request to have my case listed in order that I can do the following.

A. Application to set aside the conviction

B. Re-open the case

My nam**e:** Mr. Simon Paul Cordell DOB: 26/01/1981.
Address: 109 Burncroft Av
Enfield
Middlesex
EN3 7JQ

I am including in this email

1. Letter of Indemnity from KGM.
2. Policy of insurance form KGM.
3. List of emails sent to Court.
4. Email dates Tue 10/02/2015 13:06 which I have not had a reply to as yet.

563,

Appeal Form

Could you please get back to me today by return email to lorraine32@blueyonder.co.uk as I would like to know what can be done about this case?
I have 21 days to appeal to the crown court and this date is running out very fast so I am also including the form so I do not run out of time to appeal to the Crown Court as I feel I will run out of time in this matter. But feel it would be a waste of time and money for the court and me to address it this way and take it to appeal at the crown court.
I am not sure what CPS dealt with this case and I do now that the appeal form needs to be addressed to them also, so I have included all that I know off. If I have not included the right Email for the CPS who dealt with this case can it be forwarded to them. Or could you please get back to me by email at lorraine32@blueyonder.co.uk and let me know the correct email address this needs to be sent to.
Regards Simon Cordell

Dear sir or Madam
I am writing this email due to the reply dated the 01/10/2014 I got in the post on 06/10/2014 about the email I sent to you on the 12/09/2014 please see below email dated 12/09/2014.
Above is a picture of the court processing.
I did not know about this not be there.
In the email dated the 12/09/2014, I asked for my case to be listed in order that I could do the following
Application to set aside the conviction
Re-open the case
The reason for this is because I have been wrongfully convicted as I did in fact have insurance. As shown in the attached file.
Please can you list my case in court so I can put the Application to set aside the conviction, Re-open the case that I
reply where you say I have 21 days to file a statutory declaration due to me being unaware of court case. I have been wrongfully convicted and have points on my licence, which should

Dear All,
Please could you kindly assist Lorraine Cordell on behalf of her son Simon Cordell. They believe that a number of summonses have been issued against Simon for the offence of no insurance since 2013 due to an error made by the insurance company as per the attached letter. Unfortunately, due to Simon not always receiving the summons/adjournment notice they are unsure how many cases have been issued against him and are trying to get them all reopened and listed before court to be heard together in light of the above. Please would you be able to check your database and confirm to the email address below the number of cases with reference number, court, and conviction date.
I have also spoken to her on the phone and informed Lorraine that she will need to contact the court directly to make application to reopen/stat decs, which she can only do so once the information has been obtained.
The only matter the cps are currently aware of is for the case ref J63181495 which is listed for appeal at Kingston Crown Court 05/03/15.
If you are unable to advise her on summons that have been issued on her son, please could you kindly advise her where she could obtain the information.
Kind Regards,

Subject: RE: Simon Cordell
To whom it may concern:
I am writing this email due to the number of problems I have been having due to a policy of insurance I had with KGM insurance which did not show up on the MID database in the week it was fine as I carried my insurance documents with me at all times and the insurance company could be called, but the problems was when the insurance company was closed as the police could not contact them.
My mum Lorraine Cordell and I have sent many emails to the courts with my insurance documents, but there have been cases where I have not had a summons. So did not know about cases and they have been heard at court and I was found guilty of no insurance.
I have done statutory declarations at court including my insurance documents and this still has not corrected anything.
One of the statutory declarations was again heard at court on the 26/01/2015 which again I did not know about for Willesden Magistrates' Court. But I have sent so many emails to this court with all documents and asked for them to be checked with the police officer at court to show I was insured to drive. This has not been done I have just again been found guilty due to not getting letters of a court hearing date.
I have now also got a letter of Indemnity from KGM who I was insured with under policy number MT3574694. 00.01 AM on the 23/2/13 and was in force until Midnight on the 22/2/14 when it lapsed.
Most of the cases are with the KGM policy you will see the reason as to why in the Letter of Indemnity from KGM.
I also believe there was one case for Covea Insurance PLC policy number MT10 021608047 it was not showing on the MID due to the stop was the day after I took the policy out.

Please can any cases be set aside and reopened and looked into and any other cases that have been heard for no insurance under these policies of insurance be addressed.
You will in due cause be hearing from my solicitor, she is trying to address all the cases, but this is taking time. She has seen all the emails I have sent trying to address these issues and feels more should have been done as it would have only taken for the insurance policies to be checked and this would have stopped a waste of time and money for the courts, and myself at this time she wants to just appeal all cases to the crown court. which would again be a waste of money for the courts. and again, of my time.
But this is having an effect on my life my driving licence has been revoked 3 times for no insurance, when in fact I have always had insurance to drive and would not drive if I did not have insurance.
Please see attached documents
Could you get back to me as soon as possible by way of email, as it does seem there is an issue with my post and not getting letters that was meant to be sent to me? I am taking this up with the royal mail.

I got woke up to Debra banging above my head then stain started to bang on the kitchen wall at me.
I noticed that Debra went out because she slammed the front communal front door aloud as she left the building and the banging continued upstairs from 117 at me, this is not right that they get away with such wrong doings.

R -v- CORDELL

PC GRAVID - Lambeth Borough.

14-11-13 - I made notes at the time of the incident.
1pm - on duty - on Brixton Hill. Traffic Operation
targetting unmarked drivers

CX 52 JRZ - White Transit - stopped was pulled over. MR Cordell was the driver
Explained the stopping him as part of operation. - he replied "I'm busy, I need to do some work".
I explained myself.
I'll give you my reason but I am not going in there to do some work - building undergoing refurbishment.
Another male in the passenger seat - Dean REID.
Vehicle some work as registered to Adam PARRIS.

Insurance Cert - covered him to drive any vehicle
- but did not cover business use.

I contacted Insurance Co. The inspected vehicle - loaded inside - general construction debris in there + business cards in vehicle - Simon & Dean (advertising TS enterprise - the detailed type of work).
Was a Thursday - MR Cordell - other man - wearing clothes covered in paint & dirt. It was middle of working day. Said he was going in there for work.
Explained this not covered for business use.
Started to walk off - C.
He said "I was trying to get a job here"
He became increasingly agitated - said he would find out about me and everything has consequences

I established his name - had difficulties with address.
In the end arrested him because he would not provide address.
At Peckham custody he provided details - & issued penalty notice.

XX —

He pulled over of own accord. I was told The Certificate covers Motor Trade Use.
He told me going into building to work. No Tools in the car.

JJ, ??,

Loose items - business cards. Other items consistent with details of ~~exp~~ services offer

Simon CORDELL

I was with friend - asked him to come down to look at of future cleaner. Dean Read was with me -
MR Klein was building a nightclub.
Going in to afternoon - appointment at 2pm with a view to taking a management position up there.
I get up work on building Co.
Went past shop - search. I pulled over - a bit past for friend to go into newest shop.

Complaint
I am writing this email again due to a case being heard at court and me being found guilty. On the 26/01/**2015** Case number: 011403134612, I believe the old case number was 011401596899. I have emailed the court many times due to this case I and in my emails attached my insurance documents. I Have done a statutory declaration which I included my insurance documents. I know my file must have had my insurance document within there as it was included in many emails to the court and asked for my emails and documents to be put on my file. I had no letters from the court to say a date of a hearing of the 26/01/**2015**, I have asked in emails that have been sent for any dates to be also copied over to me by email, as there does seem to be an issue with my post. My mum Lorraine Cordell and I have asked in many emails and phone calls to the court for the police officer who checks documents to get him to check my documents which will confirm I am insured. None of this has been done and

again I have been found guilty at court for no insurance when I was insured to drive. I am making this request to have my case listed in order that I can do the following:
1. Application to set aside the conviction
2. Reopen the case
My nam**e:** Mr. Simon Paul Cordell
DOB: 26/01/1981.
Address: 109 Burncroft Av
Enfield
Middlesex
EN3 7JQ
I am including in this email
1. Letter of Indemnity from KGM.
2. Policy of insurance form KGM.
3. List of emails sent to Court.
4. Email dates Tue 10/02/**2015** 13:06 which I have not had a reply to as yet.
5. Appeal Form
1666,
Could you please get back to me today by return email to lorraine32@blueyonder.co.uk as I would like to know what can be done about this case? I have 21 days to appeal to the crown court and this date is running out very fast so I am also including the form so I do not run out of time to appeal to the Crown Court as I feel I will run out of time in this matter. But feel it would be a waste of time and money for the court and me to address it this way and take it to appeal at the crown court. I am not sure what CPS dealt with this case and I do now that the appeal form needs to be addressed to them also, so I have included all that I know off. If I have not included the right Email for the CPS who dealt with this case can it be forwarded to them. Or could you please get back to me by email at
lorraine32@blueyonder.co.uk
and let me know the correct email address this needs to be sent to.

Dear Michael
Yes, it does, say that but I really don't know how you can read it the writing is horrible to understand lol
I am burning the copies of the CD's when Simon gets to the office can you please check them that they play I don't know what format the court uses.
I know Josey also needs these CDs also for the appeal on the 05/03/2015 at KINGSTON UPON THAMES CROWN COURT, should I wait to do the 2nd copy to make sure they play at the office I know they play in my computer CD,
Also, she will need some of the paperwork Simon will be bringing with him to the office today.
Can you also let me know about the statement from Moses is that good enough I had to make the format up you made for Simon statement and send it to him, so he knew how to write it. like the top section of the statement. if you understand that he is working so finding it very hard to get down here but will attend court I just have to give him a few days' notice to which day he will be needed for.
I am also trying to get hold of the court to see about the letter for his PNC record to see if any work has been done on it.

It would be ideal if we could have a letter from Every Decibel Matters Ltd confirming Simon Cordell is not an employee/shareholder/director or has any controlling interest in the company. Can this be arranged? It would have to be on company letterhead.

Yes, it does, say that but I really don't know how you can read it the writing is horrible to understand lol
I am burning the copies of the CD's when Simon gets to the office can you please check them that they play I don't know what format the court uses.
I know Josey also needs these CDs also for the appeal on the 05/03/2015 at KINGSTON UPON THAMES CROWN COURT, should I wait to do the 2nd copy to make sure they play at the office I know they play in my computer CD,
Also, she will need some of the paperwork Simon will be bringing with him to the office today.
Can you also let me know about the statement from Moses is that good enough I had to make the format up you made for Simon statement and send it to him, so he knew how to write it. like the top section of the statement. if you understand that he is working so finding it very hard to get down here but will attend court I just have to give him a few days' notice to which day he will be needed for.
I am also trying to get hold of the court to see about the letter for his PNC record to see if any work has been done on it.

It would be ideal if we could have a letter from Every Decibel Matters Ltd confirming Simon Cordell is not an employee/shareholder/director or has any controlling interest in the company. Can this be arranged? It would have to be on company letterhead.

I know Josey also needs these CDs also for the appeal on the 05/03/2015 at KINGSTON UPON THAMES CROWN COURT, should I wait to do the 2nd copy to make sure they play at the office I know they play in my computer CD, Also, she will need some of the paper work Simon will be bringing with him to the office today.
1707,
Can you also let me know about the statement from Moses is that good enough I had to make the format up you made for Simon statement and send it to him so he knew how to write it? like the top section of the statement. if you understand that he is working so finding it very hard to get down here but will attend court I just have to give him a few days' notice to which day he will be needed for. I am also trying to get hold of the court to see about the letter for his PNC record to see if any work has been done on it.

STATEMENT OF WITNESS
(C.J. Act 1967, S2,9. M.C. Rules 1968 R58)
STATEMENT OF: Simon Cordell AGE OF WITNESS (if over 21): 34
OCCUPATION OF WITNESS: Unemployed ADDRESS: 109
Burncroft Avenue, Enfield, Middlesex, EN3 7JQ TELEPHONE:
This statement consisting of 7 page(s) each signed by me, is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution if I have wilfully stated in it anything which I know to be false or do not believe to be true.

I am Simon Cordell; my date of birth is 26th January 1981. My home address is as stated above. I am making this witness statement in response to members of the police and local authority's application for an anti-social behaviour order.
I am currently in the process of trying to establish my company. I have not yet incorporated it; however, I am currently working on having it registered as a company. I am aiming to have it registered as a limited company with charitable status within the articles of the memorandum of association. I have become a member at general meetings held at my local community hall in turn taking part in the daily challenges a community hall can be presented with. This has introduced me to various people who have helped me with good advice.
I have always wanted to give something back to the community. I have established my web site with a lot of help of others and have now "parked" my company, and I exhibit proof of this of this as SC/1. The company is not yet trading, but I aim to trade soon.
I was placed in the care system as a child, and I try to help vulnerable people. I know what it is like to have to fend for yourself. I exhibit letters of proof that I have helped homeless people as exhibit SC/2.

2,

I believe that this application is an attempt by members of the police and local Authority to find me guilty of offences I have not committed in turn having an effect on my health and stopping me from developing my company, and it is not acceptable or reasonable. I am in the process of developing a business plan for a festival at Barley lands in Essex. I had planned to have this event in **2014**, however, the stress of the ongoing ASBO proceedings have stopped me from putting this festival on. I exhibit a draft business plan as exhibit SC/3, and a business submission form for a community festival as exhibit SC/4.
I was once arrested by members of the police outside White Sands Nightclub on 14th November **2013** at Brixton Hill and I had my van seized. The reason given for stopping me was that I had "tools of the trade" in my van and my insurance did not cover driving a

vehicle on this basis. My vehicle was seized as it was alleged that I did not have insurance. I was actually insured at the time, and there were no tools in my van. I exhibit proof of my insurance as exhibit SC/4. A police officer gave incorrect evidence in court that he had not taken my vehicle because there were tools in it; however, he had made an inconsistent statement previously saying that there were tools in the van. I exhibit proof of this incident as exhibits SC/5, a witness statement authenticating the sound recordings I have submitted, exhibit SC/6, transcripts of sound recordings of conversations with police personnel and my insurance company, and exhibit SC/7, a sound recording of a phone call from a police officer to my insurance company, and exhibit SC/8, a further sound recording of a phone call between the insurance company and the police car pound. I was convicted of driving without insurance on the basis of his evidence. I am appealing against conviction on the basis that the police officer gave incorrect evidence to court. My insurance company has provided me with a letter of indemnity and witness statement in this respect; however, I am currently banned from driving as a result of the officer's incorrect evidence. I exhibit the clerk's notes from the Magistrates Court trial verifying that the police officer told the court that my Van had not been seized because of there being tools in the Van, and a covering email from Lavender Hill Magistrates Court, as exhibit SC/9, and I exhibit proof that I am currently banned from driving as exhibit SC/10. I had a legitimate reason for being at White Sands Nightclub as I was discussing becoming entertainment manager for White Sands Nightclub; I was going to see a friend about the possibility of a job interview. My van was empty on the date in question.

I accept that I own entertainment equipment. I have acquired these for my company. I am trying to build a company, and the aim was to rent the equipment out to people. I have prepared draft terms and conditions of business that I exhibit as SC/11. I was trying to hire the equipment out to conferences, school fates, local community events, private birthday parties until the stress became too

much. I would hire the equipment out to private parties, and to people who could provide me with sufficient identification, and who could cover any damage to the equipment.

I have worked and attempted to work with charitable organizations, in particular Muswell Hill festival helping kids with cerebral palsy, as well as the local scouts Ponders End festival, Lock to Lock festival, Enfield Town Festival, Durant's Park Festival. I am a member on the committee at my local community hall, I have also been working alongside D.E.M.S event management services in aid of Bliss who are a charity that helps premature babies. I have been building strong relationships with a view to developing a running business helping make a positive effect of today's people and society. I exhibit proof of my business relationship with D.E.M.S as exhibit SC/12. I am very concerned that this application is damaging my attempts to build a legitimate business by way of darkening my name and company brand. I had arranged a community charity children's fashion show fundraiser, and I exhibit proof of this in the form of tickets that had been printed for the event as exhibit SC/13. However, this event did not go ahead as planned as the stress of these ongoing proceedings meant I could not take part in it.

I am currently signed off from work due to problems that I am having. I exhibit proof of this in the form of my doctor's authorisation as exhibit SC/14. These proceedings have taken a large part in the deterioration of my health, by way of the stress caused.

I will now comment on the incidents that I am alleged to have been involved in and that form the substance of the complaint that has been laid against me.

I am alleged to have been involved in the organisation of and/or supplied equipment for and/or attended an illegal rave at Canary Wharf on 12th January **2013**. I accept having attended a private party on this date I had been invited to; I did not organise any event on the 12th January **2013**, and I did not hire out or lend any sound equipment or encourage anybody else to do so. I arrived at the occupied building at about 10 or 11pm. I was there for about 3 hours, and then I was attacked by an occupier of the building and I was hospitalised. I was taken to hospital at about 2am. I do not know what happened after I left, but I was not involved in organising any event and I did not rent or lend out any sound equipment in respect of this. I exhibit proof that I was hospitalised as exhibit SC/15. I also dispute that I have any criminal convictions for Class A drugs or for supplying any drugs. I did not cause any Anti-Social Behaviour on the 12th January **2013**.
On the 7th April **2013**, I was going out with my friends and I had some off-road bikes in the back of my van. I was looking forward to this day, and it had been arranged for a Sunday. We were waiting

at ELLESMORE Road when the police stopped my van outside my friends. ELLESMORE Road is a house on a housing estate. I do not see how this is relevant to proceedings for an anti-social behaviour order; in addition, the prosecution offered no evidence in respect of the charges that were brought even though they were reliant on police witnesses. I had been wrongfully arrested for not having insurance when I was insured to drive. I did not cause any Anti-Social Behaviour on the
07th April 2013.
It is alleged that I was looking for venues in which illegal raves could be held on 24th May **2013**. I dispute this. I had been contacted by a friend called Joshua who was living at 204 High Street Ponders End EN3 4EZ known as the Old Police Station at Ponders End. As I was driving towards 204 High Street members of the police stopped me. I consented to having my person and my car searched; however, I had not done anything wrong, and nothing was found. I dispute making any comments about being able to attract people to illegal raves and illegal 3-day events. I did not cause any Anti-Social Behaviour on the 24th of May **2013**
In respect of evidence raised concerning an event at Hyde Park on 20th April **2014**; I was hired by norml-co.uk to attend the event. I was told it was legal, and I was hired on a dry hire basis. I was doing the job on a 'no profit' basis, and this was because the person who hired me had been let down by someone else. Members of the police told me at the event that I had not been hired by the organisers of the event, and that I was not supposed to be there. I had been hired by NORML- CO.UK, and I had been told that this was a licensed event. I took the police at their word, and I did not use my equipment on that day. I exhibit proof that I was hired as exhibit SC/16 I did not cause any Anti-Social Behaviour on the 20th of April **2014**.
In respect of my presence at Unit 5 St George's Industrial Estate, White Hart Lane on 25th May
I attended a commercial building that the occupiers were residing in having displayed s144 LASPO notices and in turn treating the premises as their home. There was no music played. I was not involved in the organisation of an illegal rave of any sort. I did drive there in my van VRM CX52JRZ, and I accept that I had 2 speakers in the van; however, I did not have a full sound system with me. I was using my van for storage. I had my van searched by

members of the police, nothing was seized, and I went home I did not cause any anti-social behaviour on the 25th of May **2014**.
In respect of the 6th June **2014** at an occupied Warehouse on Progress Way in Enfield; I do not accept that I was present at this warehouse on that date. I was with a friend at my house on this date and attended my mother's house Lorraine Cordell my sister was present D Benjamin and

family friend Jamie Duffy who has housing difficulties and lives at all my family's addresses and helps out where needed due to health problems my family has.
In respect of the 7th of June **2014** at a Warehouse on Progress Way in Enfield; I had been having a family drink in the pub/hall with my cousin D Edwards his leaving party went from the 07/06/**2014** till the early hours on the 08/06/**2014**. I had arranged to drop a friend's locker keys off to him, I left the pub/hall to visit my friend who was residing at Progress Way. I accept that members of the police approached me, he asked me my name and my details, and I did not reply to him. He asked me to follow him back to where I had just come from, which was where my car was parked along the Great Cambridge Road. I did what he asked. I felt like I was being accused of organising a rave, which I had not done. I then waited in the petrol station across the road for my friend so that I could give him his locker keys back. I then left and went back home. I was not involved in organising any event at a Warehouse on Progress Way. At no point was any of my sound equipment used for this event or did I cause any anti-social behaviour on the 7th of June **2014**.
I was not present at any event on Progress Way on the 8th of June **2014**. I was at my mother's house with my mother, Lorraine Cordell and my Nan, Sister Deon Benjamin, and a family friend, Jamie Duffy.
On the 20th of June **2014** I am alleged to have been involved in the organisation of and/or supplied equipment for and/or attended an illegal rave at 1 Falcon Park, Neasden Lane, NW10. I had been contacted and asked if I would hire a sound system out for a gentleman's birthday party. I agreed to do so, and the sound system and a van were collected from my house. My terms and conditions were signed, and a deposit was given to me. I exhibit the terms and conditions and a copy invoice in respect of the transaction as exhibit SC/18. I received a phone call at 1am in the morning by a client who said that the sound system was being seized, and that the police were in attendance. I remember getting up and attending at around 1am to 2am. It took me 1 hour and 10 minutes to attend. I remember there being lots of members of the police present when approaching the address, I had been given. I parked my car and approached the police at the doors and spoke to the police officers I explained and showed the invoice and a copy of my terms and conditions of hire. I was allowed entry to pack the sound system away, and it was explained to me that it was being confiscated. I was allowed to collect the sound system from the police at a later date. I never returned the sound system to the client as he had breached my terms and conditions. I did not knowingly supply equipment for an illegal party. I did not cause any Anti-Social Behaviour on the 20th June **2014**

On 19th July **2014** I am alleged to have been involved in the organisation of and/or supplied equipment for and/or attended an illegal rave at the 198 Great Cambridge Road, Enfield Town, EN1 1UJ. This road is between my house and my mother's house, and it is the route that I usually drive when going to Mac Donald's.
I was passing what is known at the old Carpet right, 198 Great Cambridge Road when I saw a man who I know to be homeless being detained by the police. As I was travelling on the opposite side of the Great Cambridge Road, travelling from Lincoln Road, I had to turn around at the closest traffic lights next to the Odeon Cinema.
I noticed a car park a few premises before 198 Great Cambridge Road, a general car park opens to the general public and belonging to Magnet. I parked there as I could see that the police had blocked access to the car park belonging to 198 Great Cambridge Road. I locked my vehicle and walked up to where the police were detaining the person I knew. On doing so, a police officer approached me and told me I was under arrest for a possible breach of the peace. I was later released from police custody without any further action being taken. I was not involved in the organisation of any event on this day at 198 Great Cambridge Road, nor did I supply any equipment. I did not cause any Anti-Social Behaviour on the 19th July **2014**.
On the 24th July **2014** I am alleged to have admitted to police officers that I organized illegal raves. At about 16:30 I was driving down Alma Road. I use this road to travel between my mother's house and my flat as it is the shortest route between both. My Nan also lived just off Alma Road just before her recent death. On travelling from my mum's house on the 24th July **2014** after visiting my Nan and my mother due to my Nan's illness my Nan was staying at my mum's house. I was going home to my flat.
I used Alma Road as a route to travel as I often do. I noticed an unmarked police car as it was indicating to take a right turn, the opposite way from which I was travelling. I realized it was an unmarked police car as I had seen the driver on active duty in the local area. As I drove past it changed its indication to the way I was heading. It indicated left. The car followed me and then put on its blue lights. I pulled over to the left-hand side of the road, opposite the BMW repair centre along Alma Road. On the left-hand side of the pavement leading to the back entrance of Durant's Park a male officer got out of the passenger side and approached my driver's door. I opened my window to a little and asked why I had been pulled over. The police officer said he was not sure why, but his colleague had instructed him to do so. He then went back to his unmarked police car and reproached my car window with his colleague the driver of the police car. I asked again why I had been pulled over, and the driver of the police car pulled out his truncheon and said I had to get out of my car, and that if I declined my window would be smashed. I got out of my vehicle as I did not have anything to hide, I had not committed any offence whatsoever, and I was not wanted. I was told I had been pulled over because I had driven too close to the car in-front of me. This car did not stop and had not been stopped by police. I was then accused of having drugs, and I was searched, and my vehicle

was searched and nothing was found. I was then asked by the police what I was up to. I said that I was setting up my catalogue that I had been building with a friend, and that my website was nearly completed. I said that I was trying to achieve positive effects within today's society with my business I was trying to build a brand. This was a Thursday at 16:30. Once the police had checked everything, they needed to us parted after I had shaken

hands with them. I then made my way home. I did not cause any Anti-Social Behaviour on the 24th of July **2014**
On 27th July **2014** in respect of an alleged rave on private land with a warehouse being occupied at the rear of MILLMARSH Lane, Enfield. I am said to have been involved in the organisation of and/or supplied equipment for and or attended an illegal rave on this date. I attended a 20th birthday party at MILLMARSH Lane, and I had dinner with people who were living there. I never knew of any event taking place on. I did not have any sound system on the premises. I understand that the sound system was moved at the request of police, the owners of the PA equipment was the occupiers, and I did not have any hand in this. I had been invited as a visitor. The occupants had placed LASPO notices on their premises. I did not own any of the sound equipment that was found there, and I did not rent or lend any sound equipment to anyone in respect of this occasion or take part in the organisation. I did not cause any Anti-Social Behaviour on the 27th of July **2014**.
I am further alleged to have been involved in the organisation of and/or supplied equipment for and or attended an illegal rave on the 9th to 10th August **2014** at MILLMARSH Lane. I dispute this. I was not involved in organising any rave, and I did not supply equipment. The police have alleged that this event was run by Every Decibel Matters. I can confirm that I am not an employee of this organisation, or a shareholder, or a director and have no controlling interest in this company. I exhibit a letter sent from Every Decibel Matters Ltd "to whom it may concern" verifying this, I exhibit this as exhibit SC/19. I had gone to have a birthday dinner, but I was not present at an illegal rave. Police came and requested that people leave and so I left. I did have a conversation with the police concerning three empty C02 gas canisters that I had in my vehicle, VRM MA57LDY. I did display knowledge of nitrous oxide, but this was just in a general conversation with the police as it is information I had to learn when carrying C02 cylinders for welding. I do remember talking to a police officer about an occupier I had met called Jena having passed her first aid test. This was general conversation. I dispute encouraging any crowd behind a gate to come in. I did not try to incite others to breach the peace, and I did not try to put anyone in danger.
I deny behaving in an anti-social manner on this date. I did not cause any Anti-Social Behaviour on the 9th 10th August **2014**.

I am Lorraine Cordell; my date of birth is 03/10/1963. My home address is as stated above. I am making this witness statement in response to the police and local authority's application for an anti-social behaviour order on Mr. Simon Cordell. I am the mother of Simon Cordell.
I am writing this statement due to the situation my son Simon Cordell is faced with. Due to the police saying he is the person that is setting up raves on dates within this ASBO.
My son has had many problems with the police since a young age, this has not just stopped there as when the police see my son's friends they are pulled, not due to them doing anything wrong but just to talk about Simon and what he is doing. This has had a large effect on the whole family for many years. If the police saw my son Simon Cordell, they would pull him for no reason. I am not saying my son was innocent he does have a record. But the police have harnessed him since he was around 15 years old. Many complaints have been put into the police and IPCC due to the police will not leave him alone when the police see him, they just have to pull him.

pulling him for no insurance. Then trying to void his insurance by saying there were tools in his Van when there was not this case is on appeal due to him being found guilty. I have been trying to get the records from his insurance company since this started in **2013**, it has taken me to put a complaint into the financial ombudsman, I have only just managed to obtain the prove that there were no tools in his van like the police officer said for the appeal case.
There is not just this case where he had problems with the police there was around 9 cases for the time frame of **2013** to **2014** when he was insured to drive.
On 25/06/**2013** my son was arrested at his home address. This case had a large impact on my son Simon Cordell heath, due to this his long team girlfriend ended their relationship due to the impact the police was having on their relationship.
My son new he had done nothing wrong, but he was remanded by the court on the 26th June **2013**.
On seeing my son's Simon Cordell PNC record which was sent to me on 26/06/**2013** at 20:34 via email from his solicitor I was shocked to see an error on there from many years before hand of failing to surrender which I believed had been corrected years before. This was one of the reasons for refusing him bail was the failing to surrender on his PNC.
His solicitor applied the court to get him released on bail at Southwark crown court the judge did release him on the 28/06/**2015** with 6 bail conditions.

Commit further offences whilst on bail Failure to surrender
I do have the decision letter from the judge if needed for the bail application.
And the memorandum of conviction from the case of Simon Cordell heard on 03.03.2008 at City of London Magistrate Court for failing to surrender, which showed the case was dismissed by the court due to my son proving he was in a bad accident and was in hospital.
I also noted there were more cases on his record that could be there in error, so I contacted Highbury Corner Magistrates' Court who now deals with cases at Enfield Magistrates' Court this was on the 19 February **2014** via a phone call after speaking to someone at the court they asked me to send an email with all the dates and what was needed. I wrote the email, and it was sent on the 19 February **2014** at 13:36 via email. It took until the 13/03**2014** to get the information I asked from by the court. I went to Enfield Magistrates' Court to collect the information and was told to be there by 16:00 to 16:30. Once I got to the court, I spoke to the lady who had been gathering the information I had asked for, her name was BENEDICTA ODJIDJA. She came out of the office to speak to me and to explain to me about cases that was not in the courts register. She had a print out which I asked for a copy, and she give me one to show the cases that was not in the court register I have been trying to get these cases corrected on the PNC but due to family issues I have not had a lot of time and there are still cases I would like looked into at other courts. This

information was given to Woolwich Crown Court and the Judge told the CPS to look into this and address it this has not been done.
On I believe the 01 July **2014** Simon was found not guilty by the judge before the case went to trial. Due to information, I had obtained. On the 02/07/**2014** we made a call to the police to ask about getting my son's things back, to be told by the police officer in the case that the item they took from his home on the 25/06/**2013** that the police had used to link my son to the crime, the police had damaged it when taking it from his garden so it was destroyed a few months after the case had started I still to this day cannot understand how evidence can be destroyed before a case went for trial. The police office in change told my son he could not get it back due to this. there is also the fact in this case that the police let the person who claimed the burglary get away with insurance fraud, they pined everything on to Simon but new in the Feb **2013** police allowed people to walk out with loads of things.

On the 10/04/**2014** my son Tyrone Benjamin was in a bad motor bike accident which the police had to attend. My son Tyrone Benjamin was air lifted to The Royal London Hospital where he had suffered a bleed on the brain, a multiple injury to his legs and hip and ribs. When the police came to my home, they could not even tell me if he was alive or dead.
Bleed on the brain Shattered left hip.
Shattered left knee.
Left Femur was broken in 2 places.
Tibia on his left leg was broken in 2 places and had released the bone out through his left knee.
Fibula was broken in 2 places.
• Nerves are damaged in the left leg.
Right Ankle was shattered and above the Right Ankle, and bones in his right foot broken.
He also had a few ribs that were broken.
The hospital could not do the operation that was needed for his left leg due to the bleed on the brain so had to try to align his legs and keep then in place.
The hospital did the 1st 8-hour operation 3 days later as they could not wait any longer the damage to the left leg was very bad. On this operation they tried to repair the hip and Femur the rest of the left leg and knee was put into a cage and they cleaned the lower left leg as the bones had broken the skin and was a big cause for infection, they did not have time to do anything to the Right leg.
Around 5 days later they did the 2nd 8-hour operation. This was to try to fix the left knee and the lower left leg and the right leg. The doctors were and still are very worried that the bones are going to die in his left leg as it is not healing the way it should. Since the accident his left hip and knee was showing no signs of healing, around July **2014** the knee was looking better and had started to heal but the hip was still showing no signs of healing in Sep **2014** the doctors told us that if there were no signs of healing to the hip by the Nov **2014**, they would have to replace the hip. on the

check-up in Nov **2014** we had a little bit of good news the left hip had showed a little bit of healing, so they were going to keep a close eye on it. But since the accident his has suffered from infection to the lower left leg, so has been on tablets to try and clear it but this has not worked. The doctors said they could not remove the plates, pins, screws and rods holding his left leg together, that they had to wait until it had healed more, so the infection in the lower left leg was just left to him taking tablets. in the Dec **2014** the infection was getting worse and the doctor said they are going to have to remove the plates, pins, screws and rods to that section of his lower left leg he had the operation for this on the 15/01/**2015**.
So how police officers could say Tyrone Benjamin was at a rave on the 07/06/**2014** is beyond me Tyrone Benjamin could not walk was in so much pain and on very strong pain killers and needed care around the clock. The accident he suffered is life changing he still may need his hip and knee replaced, his bones can still die in his left leg. He has memory problems due to the bleed on the brain, the nerves are damaged in the left leg and he has no feeling down the outside of the left leg which the doctors have said will not come back. The left leg will be shorter or longer than the right leg, but the doctors cannot tell us which one as of yet. He is having very bad pain still and also very bad pain to his lower back and to date he is still on very strong pain killers. His left lower leg was infected since April **2014**, but the hospital could not do anything but keep him on antibiotic tablets, this lasted until the 15/01/**2015** when he had an operation to remove the plates, pins, rods, to that section of the lower left leg, there is still infection to the left lower leg but it has been better since the operation on the 15/01/**2015**
In March of **2014** my mother started to feel unwell, and we were up and down her doctors. The doctor did think it was her gallbladder, so we were waiting for a scan date from the hospital. My mother was getting worse and feeling very unwell as time went on and the whole family was really worried.
On the 07/05/**2014** she had an appointment at the hospital to see her oncologist due to in **2011** my mother having
Bilateral Breast Cancer.
Wild Local Excision and Sentinel Lymph Node Biopsy.
Grade 2 Invasive ductal carcinoma T2 NO.
Right grade 1 invasive ductal carcinoma T1 NO.
Both tumours ER positive, PR positive, HER positive.
She suffered from history of manic depression and was on Clozapine.

On the 07/05/**2014** again my mother was given the all clear by her oncologist.
But my mother's health was getting worse; her GP could not understand why she had not had the date from her scan. So, re sent off this time to Chase Farm Hospital hoping it would come faster. during the week of the 02/06/**2014** she had her 4 weekly blood tests due to her being on Clozapine, on this check-up Jenny hunt noticed my mother's heart was faster than it should be so gave her the form to get a heart trace done at chase farm hospital. We had booked this to be done on the 09/06/**2014** after we had seen her GP. But around the 06/06/**2014** we had noticed my mother had a yellowing to her skin. At this stage my mother was really not feeling very well. I did take her for around 2 hours on the 07/06/**2014** to Dwayne Edwards leaving party as she did not want to miss it as she would not see him again for around a year as he was leaving to travel the world. On the 09/06/**2014** we went to her GP appointment we still had not had a date for her scan, and her GP was not happy about this, I told her again about the colour of my mother's urine but tests she had done had

all shown up clear for infection on her urine over the past months, and that we had also noticed yellowing to her skin and about the weigh lose. And that we were going to chase farm that afternoon to have her heart test done. She asked if we could get a full blood test done that afternoon which I said that would not be a problem.
I took my mother to the hospital and she had the tests done, the next day I got a call from my mother's GP asking us to come to the GPs at 10:20 on the 10/06/**2014** that my mother's blood tests had come back grossly abnormal, I asked what this meant and was told that after she saw the doctor she would most likely need to go to the hospital. I said I would be there the next day with my mother. on the 10/06/**2014** we went to the see her GP and they wrote a letter and made a call to the North Middlesex Hospital to say we was coming there right away.
We got to A&E and they done more blood test and x-rays by the time this was all done and the test was back it was too late for them to do a CT. they wanted to keep my mother in hospital, but she really did not like hospitals so it was agreed to allow her to come home and for us to be at the hospital at 09:00 on the 11/06/**2014** to have the CT done we was told we would be at the hospital all day as they wanted the results of the CT before we left the doctors was still saying it could be her gallbladder but her liver was very enlarged which could be due to the gallbladder.

On the 11/06/**2014** we went to the hospital for 09:00 and she had the CT at around 09:30 I saw Dr steel come onto the day unit around 12:00 and went into a room, I knew there was something wrong and I believe so did my mother as she said he had been in there a long time. I said maybe he had come out and we had not seen him to try and stop her worrying. at around 15;45 Dr Steel came out of the room and walked towards us and asked us to come into the room.
We were told the news that the breast cancer had metastasis, I asked how many growths and he could not say, he said that the oncologist doctor and nurse was on the way down to see us. The doctor a nurse came to see us I again asked how bad it was had many growths was in the liver the doctor told us that it was severe, and it was in the spine and ribs. That they were trying to book a CT biopsy and bone scan, this would be for the next day or the Monday. I broke down at the news how could this have been missed.
My mum was put on a lot of tablets to try and bring the enlarged liver down; she did not want to stay in hospital.
When we left the hospital, I went to my sisters to tell her the news she knew by my face it was bad when she opened the door. That day the family was all told.
We were all up and down the hospital a great deal from this point, the doctors gave my mother 6 to 12 months without treatment and 18+ with treatment. but there was still a huge problem as they wanted to treat her with chemo, which they had not done in **2011** due to her being on Clozapine both drugs have an effect on the white blood cells. I asked how they could treat with chemo now but could not do this in **2011** they never replied to that. They said they were going try a very low dose of chemo which I would have to give daily for 2 weeks then I would give white blood cell injections the 3rd week when she was not on the chemo tablets and at the start of each session, she would have to go to the chemo day unit and have a drip due to it being HER2.
The problem was they gave her an overdose of the chemo tablets and I did not know. so, I should have been giving her 500mg X two times a day I was giving my mother 1500mg x two times a day.

My mum went downhill very fast from when the 1st session started, when she had her next appointment before the 2nd session was due to start my mother looked very ill and was not eating or drinking. The doctor even said how ill she looked but carry

on with the 2nd session of treatment but did not notice the mistake on the dose of chemo I was giving my mother. I called the hospital 2 times after the 2nd session of chemo had started and was told to just give her more tablets to start the diarrhoea, 9 days into the 2nd session I demanded my mum needed to be in hospital we were told after hours on the phone to the hospital to take her to A&E by the on-call oncologist doctor. I took my mother to A&E on the 27/08/**2014** where they took her in right away and done blood tests. They could see how ill she looked she could now not even walk by this time. They stopped the chemo right away as I believe this is when they saw the mistake on the drug dose. We were told they needed to get fluids into my mother, and she was taken to the ward. We were not told my mother was in acute kidney failure. On the 28/08/**2014** it was the Macmillan nurse who told my sister about the dose of chemo. And on the 29/08/**2014** it was also the Macmillan nurse that told the family about acute kidney failure, the family asked my mother's oncologist doctor 4 times about the acute kidney failure on the 29/08/**2014** and was told 4 times that it was not nothing to do with her Kidneys it was the cancer.
On the day of the 29/08/**2014** a drug was put onto my mother chart of Codeine Phosphate. The family left the hospital at around 19:15 and I always went back to the hospital around 21:00 to 21:30 on returning to my mother's room I could hear there was something really wrong. The nurse asked if my mother had been like this all day, I told her no she was fine when I left at 19:15. My mother went downhill very fast this night all the family came to the hospital my mother passed away 9 hours after being given the drug Codeine Phosphate. Codeine Phosphate should never have been given to someone on Clozapine there are only 2 out comes and one of them is death. We are still waiting for causes of death.
On the 07/06/**2014** a member of the family Dwayne Edwards was having a going away party as he was due to travel the world for 12 months. Most of the family was there including my son Simon Cordell. The party was held in a hall I did not stay long as my mother was not well but she did want to go for a few hours due to not seeing Dwayne for many months, we stayed around 2 hours and then I took my mother to my home where she stayed with me.
On the date of 22/11/**2014** Simon was at home with his friend josh, they were working on bits for the company to try and take Simon mind of things Simon at this stage was really unwell and unstable.
It would seem police was at Simon Flat outside tiring to get in this was late at night.

They could not get the code to the main door and went back to the police station where they seem to have got Simon mobile number and made calls trying to get the code for his main door. They did say it was police and Simon got very scared why the police wanted his door code to get in to see him the police would not give him the reason as to why they needed the main door code or the police numbers they would not give a reason as to why they wanted to see him.

This did not just scare the life out of Simon but also Josh. and Simon just wanted to get out of the flat. Simon made a call to me and told me what had happened I told him to come to my house.
He would not even use his car as he was so scared of what was going on, he did not even know for fact it was the police that had made the calls to his mobile.
Him and josh left the flat and would not even go the way he as a rule uses to get to my house.
They went down Green Street over the train station and walked down Mollison Ave then got on to the river lee and walked along to come out by Ponders End train station where they were meeting his sister Deon in a cab to get them to my house. It was really raining that night and then they got here they was very wet.
I made calls to the police in fact 3 calls as I put a complaint in at what was going on as the police for some reason at this stage kept going to his flat for unknown reasons and he was not stable enough and very scared and was not coping. I did let Josey know what was going on each time.
I do have my phone bill with all the phone calls listed to police via 101 calls via my home phone if this would be needed. This is without all the phone calls Simon made himself to police. And he has some police officers' numbers.
In the end an inspector stag I think his name was called and at 1st spoke to Simon, I was still not happy with what was going on so again made a call and asked for the inspector to call me back which he did some time later that day I think, on that call it lasted around 1 hour maybe a little longer I explained everything that was going on

with the police and Simon on that call and he said he would get the police to stop going to his Flat.
The police did pull Josh and Simon that night on the 23/11/**2014** which had now been added to the ASBO application, which also made Simon very scared even more.
They asked Simon and Josh what they were up to Simon told the police why they was out on the street that they was scared due to the calls they had for his main door code and said the person that called said it was the police, at this the police officers told him they was in fact the ones that had made the calls to him.
But did not still tell him the reason they wanted to see him at his Flat. I do believe the police was watching and just doing all this to intimidate him as they knew he was really not well at this time.
They did a search on both Simon and Josh and did checks then let them go. Simon and josh were not on drugs the pair of them was really scared at what was going on, and Simon was really unstable. The police and inspector at Edmonton Police Station would have all the CADs from the calls that were made on the 22/11/**2014** and the 23/11/**2014**. the way in which this day has been added to this ASBO application is beyond words as if was not for the fact the police was harassing my son still my son would have been in his home with his friend, I do believe the police was doing this to make my son more unstable in his health.
The police were going so far with going round his Flat all the time for no reason, when people from the AMHP team went out to do an assessment due to how unstable he was at this time it was late, when they got there, they called me and said why are the police there I said I did not know why but I was really upset due to the police was not stopping with him.
Simon was going mad and the assessment team told the police to leave him alone. I was still on the phone at the time to the assessment team and they asked the police why they

were there, I heard what the police told them why they were there, they said they had a call from 1ST they said 112 then they said 122 then they gave a next-door number, which I did not hear right they did not know what to say to the assessment team they were mixing everything up. the police left but due to the state Simon was in the assessment team felt it better to leave and not upset him any more than he was already due to what the police was doing just keep turning up at his flat for no reason. All he kept saying is why does the police not leave me alone. I have done nothing wrong.

The assessment team went to Simon flat the next day with no luck to getting to see him they spoke to him at the door but Simon would not open the door, they could clearly see he was not stable at all and did not want to push it. So, left he kept saying the police just need to leave him alone he not done anything and was not leaving his flat.
The assessment team left it around 5 days to a week I think before they tried again this time Simon did let them in and spoke to them this was on the 25/11/**2015**.
On Friday the 12/12/**2015** the police went to Kemp Hall committee centre looking for Simon again.
The police are still popping round now and then just to keep him at a low and not feel safe. This can be the only reason the police keep doing this. They know his heath is not good due to everything over the years the police have been doing to him they have not left him alone since he was a young age. I am not saying my son has done nothing wrong in his life as that is not true but the way in which the police have carried on it like nothing I have ever seen, this has put the whole family in a state, this being worse over the last 2 years Simon heath has got worse over the last 2 years and this is due to what the police are doing.
There was also a complaint put in to the IPCC on the 11/11/**2014** about the police and what they were doing and about the ASBO and his PNC record.
from **2013**/**2014** there was an issue with my son's insurance not showing up on the MID database, as the court will be aware as the police have said this in the ASBO, it was recorded on the police system and we had tried to work out what the issue was by calling the MID database people and the police and his insurance company many times. I also wrote many emails, even the police tried to work out what was wrong. But this did not stop his vehicles getting seized at the weekend when his insurance company was closed. The police were always told when he got stopped to check their systems as they would see there is an error and that showed on the police system, my son always carried his insurance documents to show police. But police still seized his vehicles they did not care what was said on the police system or my son had his insurance documents.

Due to this my son driving licence is a mess for no fault of his own summons have not been received so dates were not known that he was due to be in court so he was found guilty, I have written many emails to courts to get cases reopened. On two cases we had to file statutory declaration with the court. One of these cases is awaiting appeal.
But on the 14/11/**2013** my son was in Brixton, the police were doing stop checks but let my son pass, he was on his way to a meeting so not long after the police checks my son pulled over to the side of the road just outside where the meeting was due to take place about a

job. He was with a friend Dean Read and Dean got out of the vehicle to go to a shop and buy drinks and food as they had got to the meeting around 1 hour early so needed to wait my son stayed in the vehicle, and then a police officer came to the vehicle and said he was not insured. My son got his insurance documents to show the police officer. And also made a call to his insurance company where he passed his phone to the police officer so they could talk to them. it was confirmed to the police he was in fact insured. But the police officer was not happy with this so called his insurance company again this time saying my son had tools in his vehicle. The police officer would have known by looking at my son's insurance documents this would void my son's insurance, and this was confirmed by his insurance company. For what reason the police officer did this I still do not know. My son was really upset, and calls were also made to me, I spoke to one of the police officers and he did confirm there were no tools. but this did not stop the other officer from doing what he was doing. My son asked for an inspector to come which one did and the inspector went with what the police officer was saying. my son would not take the ticket the officer wanted to give him and asked to me arrested, that this was not correct what the police was doing. The vehicle was seized, and my son taken to the police station. Where he was later released with no charge, but they made him sign the ticket and accept it.
I made calls to the police again and put complaints in about what had gone on. but the police had gone of duty and would not be back on for 5 days. all I was told is we can take it to court and prove it. my son's insurance company was also making his insurance void. So, there were many calls made to the police on 101. it was due to this a very nice lady told me that to tell my son to go to the compound as they would have to make a list of what was in any vehicles seized due to them becoming liable. I sent emails to the compound as we only had the week end my son's insurance was due to be stopped at 12.00 on the 25/11/**2013** and I was also forwarding them over to

his insurance company so they got them as soon as they opened on the Monday. I called the insurance company as soon as they opened on the Monday also and they said they would try and contact the compound that they would not stop his insurance until they heard something. Later that afternoon I got an email asking if Simon could go to the compound and call Kelly Tiller at KGM and the phone number was given in the email. But due to the time if he had left then by the time, he got to the compound his insurance company would have been closed so I wrote an email saying this and saying he would attend the police compound in the morning on the 26/11/**2013** which he did and spoke to a manager who confirmed to Kelly Tiller on the phone there was no tools listed on the seizer notice and nothing taken out of the vehicle. if tools were in the vehicle when it came to the compound they would have been placed in safe storage and returned when the vehicle was picked up. Each time the vehicles have been seized he had to pay to get them out of the compound. The summons for this did come and I sent it off with a not guilty plea via email, but it was what the police officer had written in his statement that shocked me, there was nothing about any tools.
I was still trying to get all the information for the insurance company for court I put in a number of subject access requests which they did not deal with.
On the 26/11/**2014** my son was found guilty at Wimbledon court. For no insurance due to using the vehicle as business use. My son's insurance is trade insurance but not for odd jobs which the police officer had said. My son was banned for driving got a fine and points from the court. On that day my son's heath was not good and the fact he was doing this case

himself did worry me he was not up to it. on this day we put an appeal in which the court accepted.
This appeal was heard at Kingston upon Thames Crown Court on the 05/03/**2015** but this time I had got the information from my son's insurance and had the audios of the 14/11/**2013** between the police officer and KGM and what he said to them, and the audio from the police compound and Kelly Tiller the email the compound had sent to Kelly Tiller, a Letter of indemnity and a section 9 witness statement.
The judge found my son not guilty and was appalled by what the police office had done, this was the 2nd time the police office lied to a judge under oath. The judge ordered the police officer not to leave the court building. it was also noted that the

police did not have a 101 book his statement was not dated and was only a copy, and the police officer told the judge that the seizer ticket had been lost that he given my son. The judge ordered the real ones to be in court he wanted them. The remarks the Judge made showed he was not happy the judge also order the audio files stay on file and told the CPS he needed to inform the right persons as to what had gone on. The judge released us from court. There is a complaint with the IPCC about this.
There is also the fact that the police know that the public order unit at Scotland Yard hold the people names that set these parties up. we have asked for this information, but it has not been given. I have spoken to the public order unit a Val tanner and DS Chapman and have been told by them they took over dealing with raves from the Croydon Rave which has been said in this ASBO the fact is they only have my son's name on their system's once and that was when he was arrested at carpet right.
I know for a fact due to information I have gather since this ASBO was given to my son that the public order unit in fact knows who the organisers was are to the raves my son is said to have done.
there is facts on the 6th June the there was a party due to take place in Essex the public order unit had been in contact with the organiser of this party which was to last the 6th 7th 8th June **2014** for the weeks before it was due to take place. on the day of the 6th the police sent helicopters out in the Essex area to find the location of the private party, the police helicopters did find the location and within 10mins police was at the location. Essex police officer found the person they were looking for and handed a police dispersal order for the people that was there at the location and also an order that he could not setup within the next 24 hours.
Simon was not anywhere near Essex and was not planning on going to Essex. that day or any other day.
The private party got moved to a new location by the person and this was Progress Way, Enfield, so how police can blame my son for this party is beyond me they have it on the police systems and know it was not my son.
I believe all the dates my son is changed with in this ASBO the police already have on their systems at the public order unit at Scotland Yard who was the real organisers and that was not my son.
On the 19/07/**2014** police at the public order unit at Scotland Yard had also contacted the person they knew was the organiser.

Each date in this ASBO the police say my son was the organiser the police already have the information on the police public order unit at Scotland Yard system as to who done this, and this was not my son.
I believe this ASBO beaches Article 6 of ECHR is a person's right to a fair hearing.
If information is withheld from the court that would show my son is innocent with the intention of causing a guilty verdict to be returned, that is perverting the course of the justice/conspiracy to pervert the course of justice and, quite possibly, misconduct in public office/conspiracy to commit misconduct in public office on the part of those involved, if police officer, local government officers, civil servants, government officers.
Where a verdict or decision is made by a court as a result of pertinent information being withheld and which no court or judge would have made had that pertinent information been made available, the verdict/decision is said to be perverse. It also goes against natural justice.
Any public authority or person whose function is known to be public, like a police officer, who acts in a way that is incompatible with a person's rights under the European Convention on Human Rights, acts unlawfully according to Section 6(1), Human Rights Act 1998.
I do believe if the police disclosed the information that is held at the police public order unit at Scotland Yard this would show my son as innocent.

I do have some for Matt but don't think they will be any good as they are court letters and he has now been deported from the UK. As you may be aware homeless people are hard to get hold off and Simon has not been able to get hold of many of them. due to not being allowed to go out and see where there staying due to the Asbo. But I have known for years now he helps them I have also helped them; this is going back many years from when he was young. Jamie is homeless he had problems with his family so the only support he gets is from us or he would be on the street. this is how he was able to get a job because he had somewhere to stay.

  Hi Simon
  As promised, below are my contact details and, as I mentioned on our call, we offer free business guidance and support. If you have any questions, please do contact me. I did explain the next few steps with regards, to legal documentation and protecting your brand name. If you considered to be acting on behalf of your company, you are required to have the following document in place. This is required under the Companies Act 2006; Directors service agreement The second document I referred to was the Directors Service Contract which is required for all directors of trading companies, if you are considered to be acting on behalf of the limited company then a document that outlines the relationship between the director and the company will need to be kept at your registered office;
  Section 228 Companies Act 2006:
  (1) A company must keep available for inspection
  (a) a copy of every director's service contract with the company or with a subsidiary of the company
  (5) If default is made in an offence is committed by every officer of the company who is in default."
  (6) A person guilty of an offence under this section is liable on summary conviction to a fine not exceeding level 3 on the standard scale
  We provide this in an emendable contract so it will last you for every year of the company, for any director and for each company. This is emailed to you with a guide. Again, this can be ordered through the following link or you can order this for the company by calling the number below.

  /Director-service-contract
  I have provided the details on our trademark report below, which will highlight any existing protection over your trading names. I also recommend, for any business, having a bespoke logo. This will help protect your brand moving forward, choosing a simple logo online which

is shared by other businesses does not give you copyright over that image and therefore you can risk losing the right to your brand. Please have a look at our bespoke logo
1739,
package, whereby we design a unique logo from scratch and provide the chosen design in 7 file formats, which you will have copyright to that image. We can also design professional stationary around that chosen logo which can be sent electronically.

Trademark search £33.29+vat
An online search may identify existing registered Trademarks which are the same or similar to your registered company name. The Company Warehouse offers a quick service to complete a search of all UK registered Trademarks to give you, not only reassurance and peace of mind, but a clear indication on which classes are available to you to protect in the future. Failure to complete a thorough search can result in a loss of government fee if an application is later declined.
Our service includes.
• A detailed search of the online Trademark database held at the UK Intellectual Property Office (patent
office)
• Emailed results explaining pending or registered Trademarks for the same or similar name to your
business brand.
• It includes all UK trade marks but also international registered marks covering the UK.
• Guidance of the results found and areas of business they protect.
• Information regarding your options available to register and protect the name.
If you have any further question or would like us to complete the report, please call me on the number below.

These will be available to downloaded from your member's area and will provide you with a company number. It will also include the legal compliance documents that prove your ownership and right to act on behalf of your limited company, they include; register of directors, register of members, individual guarantor certificates, consent to act letters and the minutes of your first board meeting. Dear Sirs
Re: Yourself-v-Central Driving Offences Unit Case number A20150049
The Crown Court has received a set of appeal papers from the magistrate's court at Willesden.
In order to assist you, a copy of the memorandum of conviction and sentence is enclosed.
The court is committed to processing appeals as quickly as possible and it would greatly help the listing of this appeal if you would complete this form and return it to the Crown Court by the **10 March 2015**
If the court does not have a reply by this date your appeal will be listed without further consultation.
Please note if you fail to attend that hearing your appeal may be dismissed and further costs can be awarded against you.
If you do not wish to proceed with your appeal you should contact the court in writing before this date.

- Please confirm that the appeal is against Conviction/Sentence/Conviction & Sentence:

Mary Graham Appeals Clerk List Office
NOTE:
Once an appeal has been allocated a hearing date it will NOT be changed, save for the most exceptional reasons.
It is, therefore, essential that all dates to avoid are provided to the court by the date specified above.
Any subsequent application to move a fixture date will have to be listed before a judge, which does not automatically mean your application will be granted and may lead to wasted costs.
It has also just been noted that the court passed a driving disqualification until test passed was issued for this case which we have only just been made aware of by the paper work that has been served and seeing the Memorandum of ENTRY, If this had been known then I would have asked that the this be suspended until the appeal was heard in my appeal application.
We were only told by the court that 6 points and a fine had been given by the Judge and also the letter the court sent shows this Please see letter included within this paperwork.
Can we still ask that the driving disqualification be suspended until the Appeal is heard.?

I need an extension of time for this appeal ☐ Yes ☐ No

See the time limits listed below. If your appeal is late, you must answer question 1, on the other side of this form. Only the Crown Court can extend the 21 day time limit for appeal.

Thank you for your email which was received on 13th February 2015, in which you dispute the conviction and/or sentence in the above matter. You were sentenced by this court on 26th January 2015 when proceedings against you were concluded.

You have an automatic right of appeal to the Crown Court if your appeal notice is received by this court within **21 days** from the date of sentence, or the date of the order you want to appeal. If you pleaded guilty, you can appeal against your sentence and if you were convicted, you can appeal against your conviction or the sentence. Dear Mr Cordell

RE: Letter of Indemnity - Policy Number MT3574694

We would confirm that the policy above was incepted at 00.01 AM on the 23/2/13 and was in force until Midnight on the 22/2/14 when it lapsed.

The policy is a Road Risks Motor Trade only, cover was Comprehensive with the use permitted of Social Domestic and Pleasure and for Motor Trade purposes only. For clarity we would advise that Motor Trade Use would allow the carriage of tools required specifically for use in connection with Motor Trade activities.

Drivers under this policy were restricted to Mr Simon Cordell only.

The vehicles covered at inception of the policy were –

- Ford Zetec registration MA57LDY
- Ford Transit registration CX52JRZ

On the 8/4/13 at 11.05am the following vehicle was added to the policy –

- Renault Clio registration NA57LDY. We have since established that in fact Mr Cordell was trying to correct the registration of the Ford Zetec that his broker had incorrectly advised Underwriters was MA47LDY at policy inception. Unfortunately the broker compounded that error with these instructions as the registration number was still incorrect (NA57LDY) and on the wrong vehicle leading Underwriters to add this vehicle onto the policy in error. Eventually the correct registration of the Ford Zetec was noted.
- Please note that whilst the registration of the Ford Zetec was incorrect on the policy record and on the Motor Insurers Database for some time as a result of the above error, Underwriters would confirm that in the event of any incident Mr Cordell would have been fully indemnified subject to the terms of this policy.

KGM
MOTOR INSURANCE
Member of Canopius Group

We understand that Mr Cordell was subjected to a number of Police stops during the policy period whilst driving these vehicles. The stops were due to these vehicles not showing as insured on the Motor Insurers Database (MID). We would confirm that it's a requirement for Motor Insurers to upload details of all insured policies & vehicles to the MID, the targets set are 95% of policies to be on the MID within 14 days for Motor Trade policies and 95% of vehicles to be on the MID within 21 days for Motor Trade. Accordingly we can note that whilst this database is very effective, it's not real time and not 100% accurate.

We have carried out an investigation to understand why Mr Cordells vehicles were not on the MID leading to these Police stops. It has been established that there is a "bug" in our system when copying and pasting a registration with a space in it into the policy record, that results in an unsuccessful upload to the MID. It does not happen when we receive data electronically or when manually inputting data and was something we were unaware of until this case. We have of course changed our processes to prevent this occurring again.

The unfortunate outcome for Mr Cordell of course was that it appeared to the Police that he was driving uninsured and was subjected to unnecessary Police stops. This was not Mr Cordells fault in any way as he had a valid Insurance policy in force and was fully insured to drive these vehicles for the purposes permitted under this policy during the policy period.

As stated above this policy was in force from 00.01 AM on the 23/2/13 and was in force until Midnight on the 22/2/14. We have been asked to specifically confirm that it was in force on the 14/11/2013 for both the Ford Zetec registration MA57LDY and the Ford Transit registration CX52JRZ.

We trust this letter meets the requirements of the Police and the Courts. Should you require any further assistance please do not hesitate to contact us.

Found Guilty again 26-01-2015.pdf
Dear Annabel Jereniah
I have just seen the Memorandum of Entry that the Crown Court has sent and on that it says there was a Disqualification until test passed.
But when we contacted the court, we were only told about 6 points and a fine for this case and this was also on the letter from the court.
If I knew a Disqualification until test passed when I filed my appeal on the 13/02/2015 I would have ticked this be suspended until appeal was heard.
Can you please look into this and see if the appeal could include the suspension of the Disqualification until the appeal is heard?
Please see attached document
Simon Cordell Appeal Willesden Harrow Crown Court Found Guilty again 26-01-2015
As you will see the letter Found Guilty again 26-01-2015 does not show any disqualification and this was confirmed by the court when we called that there were 6 points added and a fine.

How Your Housing Benefit Has Been Worked Out for the period
From 06/04/**2015** your Housing Benefit will be £93.08 each week.
The rent you are charged each week is £99.19.
Housing Benefit cannot pay for some service charges that are included in your rent. The rent you pay has to be reduced by the amount of these service charges. These amounts are shown below:
Actual amount for Ineligible Water £6.11
Total deductions for services £6.11
The amount of rent after deducting these charges is called your maximum eligible rent. Your rent of £99.19 must be reduced by £6.11, to £93.08 each week. This is your maximum eligible rent.
The maximum Housing Benefit you can get is £93.08 each week. This figure is used when working out 'your total weekly Housing Benefit'.
Your Total Weekly Housing Benefit
As you are receiving Income Support, I can pay the maximum Housing Benefit of £93.08 each week.
How Your Council Tax Support Has Been Worked Out
Based on your circumstances I have decided to assess your claim using the Working Age scheme.
From 01/04/**2015**, your council tax support is £12.53 each week.
The maximum council tax support you could get
Your council tax liability for the year is £813.94 which for this period is £15.57 each week.
The maximum council tax support you could get is therefore £15.57 each week. This figure is used when working out 'your total weekly council tax support'.
Your Total Weekly Council Tax Support
A reduction of the maximum council tax support of £15.57 that you could get each week must be reduced by £3.04, to £12.53.
As you are receiving income support, I can pay you your maximum council tax support of £12.53 each week.

Re: Attention of Flo
Thank you for taking the time to talk to me today about my son Simon Cordell **DOB:** 26/01/1981.
As said on the Phone I am still having problems getting my recorded corrected on the PNC database, I will need a letter to confirm the court has done the checks on the records I have asked to be checked and that there is in fact no register in the courts file for some of the cases. As said on the phone my son is also due to appeal in your court on the 10/03/**2015** if I could get the information needed in a letter by this date, I would be most grateful. as the printout that was given to me by Benedicta is not enough. There were dates that did not have any register at the court when they were checked before by Benedicta. I have included some new dates as I believe it would be your court that deals with these also. I am sorry that you will need to do a lot of work again to deal with this. Please also see attached document from Benedicta she put stars by the ones which was not in the register of the court.

I was wondering if you heard anything back from the Public Order Unit at Scotland Yard. I have asked if the letter that was sent to them be forwarded to me, I know one has been sent as Michael told me. But it has not been sent to me could it please be sent so I can see what it says, I am not sure if the police will do it on just dates as said before they may need the event names. If you have not heard anything can this, be looked into why you have not heard anything?
Maybe there will be a need to summons Val Tanner and DS chapmen to court.

Subject: RE: Simon Cordell 011403134612

To Whom It May Concern:
Complaint
I am writing this email again due to a case being heard at court and me being found guilty. On the 26/01/**2015** Case number: 011403134612, I believe the old case number was 011401596899. I have emailed the court many times due to this case I and in my emails attached my insurance documents. I Have done a statutory declaration which I included my insurance documents. I know my file must have had my insurance document within there as it was included in many emails to the court and asked for my emails and documents to be put on my file. I had no letters from the court to say a date of a hearing of the 26/01/**2015**, I have asked in emails that have been sent for any dates to be also copied over to me by email, as there does seem to be an issue with my post. My mum Lorraine Cordell and I have asked in many emails and phone calls to the court for the police officer who checks documents to get him to check my documents which will confirm I am insured. None of this has been done and again I have been found guilty at court for no insurance when I was insured to drive. I am making this request to have my case listed in order that I can do the following: -
Application to set aside the conviction
Re-open the case
My name**:** Mr. Simon Paul Cordell **DOB:** 26/01/1981.
Address: 109 Burncroft Av
Enfield
Middlesex
EN3 7JQ
I am including in this email
1760,
1. Letter of Indemnity from KGM.
2. Policy of insurance form KGM.
3. List of emails sent to Court.
4. Email dates Tue 10/02/**2015** 13:06 which I have not had a reply to as yet.
5. Appeal Form Could you please get back to me today by return email to lorraine32@blueyonder.co.uk
as I would like to know what can be done about this case.
I have 21 days to appeal to the crown court and this date is running out very fast so I am also including the form so I do not run out of time to appeal to the Crown Court as I feel I will run out of time in this matter. But feel it would be a waste of time and money for the court and me to address it this way and take it to appeal at the crown court. I am not sure what CPS dealt with this case and I do now that the appeal form needs to be addressed to them also, so I have included all that I know off. If I have not included the right Email for the CPS who dealt with this case can it be forwarded to them. Or could you please get back to me by email at lorraine32@blueyonder.co.uk

Hi Lorraine,
Fantastic holiday thanks, really great time, went by far too quickly and now it's back to normal, took me a while to get my head back in the game I must say. I didn't realise there was more than 1 court case! This is going to take some time to sort out but I'm glad to hear you got the right result on the recent case. I guess all I can say for the moment is let me know how things go and of course I will respond again after I have received and considered details of the Police stops/vehicle seizures we are waiting on.
All the best.

Dear Peter
Thank you for the email and I hope you had a great holiday. I am waiting for the police compound to get back to us with the data for the seizers, but they just take so long with everything. There are still court cases for no insurance that are still ongoing there are 2 left where Simon did not get any summons form the court and was found guilty due to not knowing. One is due to be heard in May **2015** and we are waiting for the last date. DVLA have now taken of the ban on the 18/03/**2015** so the insurance my son has been paying for the last year and could not be used due to this can now be used as he can drive now. But there is still the 12 points on his licence due to the other 2 court cases for no insurance DVLA do know the 12 points should not be on there in fact they have also been in contact with the courts they are not happy, but they cannot remove the points until the cases are heard in court. But an update to what happened in court case were the police officer lied was Simon won the case and the judge was very upset at the police officer and put notes that it needed addressing. The complaint is ongoing with the police office that lied, at this time that may take some time as the police officer may be charged. We won't know fully until the Serious Misconduct Investigation Unit Directorate of Professional Standards completes their investigation into what the police officer did and what the crown court judge said as the judge knows he lied to 2 judges and Simon was found guilty when he had done nothing wrong. We had a meeting about this on the 26/03/**2015** but the person dealing with this is waiting for the crown court documents as to what the judge said, we should have the court transcript from Kingston Crown Court just after the Easter holidays.
1762,
I will keep you updated as to the data you need it's just waiting for it from the police compound as requests had to be made for the data, Simon did try to get the information without the requests but the police were not having it so the request had to be put in for it.
Regards

Lorraine

To Whom It May Concern:
Complaint
I am writing this email again due to a case being heard at court and me being found guilty. On the 26/01/2015 Case number: 011403134612, I believe the old case number was 011401596899.
I have emailed the court many times due to this case I and in my emails attached my insurance documents.
I Have done a statutory declaration which I included my insurance documents.
I know my file must have had my insurance document within there as it was included in many emails to the court and asked for my emails and documents to be put on my file.
I had no letters from the court to say a date of a hearing of the 26/01/2015, I have asked in emails that have been sent for any dates to be also copied over to me by email, as there does seem to be an issue with my post.
My mum Lorraine Cordell and I have asked in many emails and phone calls to the court for the police officer who checks documents to get him to check my documents which will confirm I am insured.
None of this has been done and again I have been found guilty at court for no insurance when I was insured to drive.
I am making this request to have my case listed in order that I can do the following: -
1. Application to set aside the conviction
2. Re-open the case
My name: Mr. Simon Paul Cordell DOB: 26/01/1981.
Address: 109 Burncroft Av
Enfield
Middlesex
EN3 7JQ

I am including in this email
609,

1. Letter of Indemnity from KGM.
2. Policy of insurance form KGM.
3. List of emails sent to Court.
4. Email dates Tue 10/02/2015 13:06 which I have not had a reply to as yet.
5. Appeal Form

Could you please get back to me today by return email to lorraine32@blueyonder.co.uk as I would like to know what can be done about this case?
I have 21 days to appeal to the crown court and this date is running out very fast so I am also including the form so I do not run out of time to appeal to the Crown Court as I feel I will run out of time in this matter. But feel it would be a waste of time and money for the court and me to address it this way and take it to appeal at the crown court.
I am not sure what CPS dealt with this case and I do now that the appeal form needs to be addressed to them also, so I have included all that I know off. If I have not included the right Email for the CPS who dealt with this case can it be forwarded to them. Or could you please get back to me by email at lorraine32@blueyonder.co.uk and let me know the correct email address this needs to be sent to.

Dear Mr Cordell

RE: Letter of Indemnity - Policy Number MT3574694

We would confirm that the policy above was incepted at 00.01 AM on the 23/2/13 and was in force until Midnight on the 22/2/14 when it lapsed.

The policy is a Road Risks Motor Trade only, cover was Comprehensive with the use permitted of Social Domestic and Pleasure and for Motor Trade purposes only. For clarity we would advise that Motor Trade Use would allow the carriage of tools required specifically for use in connection with Motor Trade activities.

Drivers under this policy were restricted to Mr Simon Cordell only.

The vehicles covered at inception of the policy were –

- Ford Zetec registration MA57LDY
- Ford Transit registration CX52JRZ

On the 8/4/13 at 11.05am the following vehicle was added to the policy –

- Renault Clio registration NA57LDY. We have since established that in fact Mr Cordell was trying to correct the registration of the Ford Zetec that his broker had incorrectly advised Underwriters was MA47LDY at policy inception. Unfortunately the broker compounded that error with these instructions as the registration number was still incorrect (NA57LDY) and on the wrong vehicle leading Underwriters to add this vehicle onto the policy in error. Eventually the correct registration of the Ford Zetec was noted.
- Please note that whilst the registration of the Ford Zetec was incorrect on the policy record and on the Motor Insurers Database for some time as a result of the above error, Underwriters would confirm that in the event of any incident Mr Cordell would have been fully indemnified subject to the terms of this policy.

We understand that Mr Cordell was subjected to a number of Police stops during the policy period whilst driving these vehicles. The stops were due to these vehicles not showing as insured on the Motor Insurers Database (MID). We would confirm that it's a requirement for Motor Insurers to upload details of all insured policies & vehicles to the MID, the targets set are 95% of policies to be on the MID within 14 days for Motor Trade policies and 95% of vehicles to be on the MID within 21 days for Motor Trade. Accordingly we can note that whilst this database is very effective, it's not real time and not 100% accurate.

We have carried out an investigation to understand why Mr Cordells vehicles were not on the MID leading to these Police stops. It has been established that there is a "bug" in our system when copying and pasting a registration with a space in it into the policy record, that results in an unsuccessful upload to the MID. It does not happen when we receive data electronically or when manually inputting data and was something we were unaware of until this case. We have of course changed our processes to prevent this occurring again.

The unfortunate outcome for Mr Cordell of course was that it appeared to the Police that he was driving uninsured and was subjected to unnecessary Police stops. This was not Mr Cordells fault in any way as he had a valid Insurance policy in force and was fully insured to drive these vehicles for the purposes permitted under this policy during the policy period.

As stated above this policy was in force from 00.01 AM on the 23/2/13 and was in force until Midnight on the 22/2/14. We have been asked to specifically confirm that it was in force on the 14/11/2013 for both the Ford Zetec registration MA57LDY and the Ford Transit registration CX52JRZ.

We trust this letter meets the requirements of the Police and the Courts. Should you require any further assistance please do not hesitate to contact us.

Yours sincerely,

To Whom It May Concern:
Complaint.
I am writing this email to many issues with my address of 109 Burncroft Avenue, Enfield, EN3 7JQ, over many years now I have had big issues with damp to my flat, I believe there is a wide area of concern being that. I believe there are leaks to pipe work in other flats above and beside me. This is causing the conditions I am living in and the flat is very dump. I have had large amounts of work done to try and stop this to my flat but believe due to other flats having issues this is causing my flat to suffer and this is causing my heath to suffer. My flat has been unliveable due to the damp and the issues just being covered up and not repaired in the way in which they should. Since some major work was carried out in my flat for damp, they had to remove the radiators in my flat also due to leaks in pipe work under the floors. These were never replaced once the work was completed, so I have had to live for years now with no heating. When they come to do a lot of work to my flat, they had to take the flooring up in my bedroom, and bathroom, they had to replace part of it, due to the leaking pipes the floor and joist have very badly bowing and rioting. But due to them not fixing the leaks the rest of my floor in my bedroom has now started to sink, so I know the problem has not been fixed, also the smell of damp as soon as you enter the bedroom is very bad. and this is also still ruining my belongings, I have already had to replace everything, and I am not willing to keep replacing due to things not being done, correctly. I have had around 12 surveyors to my flat each time them saying they would sort heating out for my flat and other things which has never happened therefore I have been living at my flat with no heating since the large amount of work was done. I have made many phones calls each time they just say they would send a surveyor again to look what needed doing. but how can they keep doing this and not correct the problems, until around Jan of **2015** all the information was on their system about all the problems this now seems to be missing, I am told people will call me back but the calls never come. The last set of surveyors sent was around Nov **2014** and all work was planned to be done, the person came to see how much pipe work was needed, but no one has come to do the work, and when I call all I get told it is being looked into. When work was also carried on my flat re doing the electric, they wired in fire alarms and a Carbon Monoxide alarm, I made many calls to say these had not been fitted correctly, and due to this got carbon monoxide poisoning due to a faulty boiler and the Carbon Monoxide alarm not working. when they did come out in Nov **2014** I was left with no boiler for weeks until parts could be ordered, work was also meant to be done to rewired the incorrect rewiring of the alarms this has again not been done and I feel very unsafe. They also repaired a new dump section to my wall, but due to them not fitting the under-laying problems with other flats this has again come back. I believe to leaking pipe work. I have told the council many
1770,

times about the other flats but nothing has been done and this is causing my heath to suffer badly this is
now just not good enough. They were also meant to repair my back-door window this is not just a back door it has windows each side to it. That has a large hole around the window frame where you can see outside. this was also meant to be fixed and has not been. the other day I got up to a large amount of water on the floor due to the hole around the frame of the window and it had been raining this has happened more than once due to this and it raining. also, the window in my bedroom does not lock and needs a new hinge. Also, where the police kicked of my front door, I give the CAD number to get this address as my front door is not safe nothing again has been done to sort this. Also, the new toilet wish was fitting is not secure I have had this repaired once already but it still is moving around, and I feel unsafe. I just want a home to live in and to be warm and not have all these problems and for them to be addressed but I am getting nowhere, so the only option I have left is to put this complaint in. If I did not pay my rent, you would soon get me out of the flat but when it is repairs that need done nothing gets done. I am paying full rent for a flat I cannot use right; I have to sit there with covers on just to try and keep warm this is no way to live and I had enough of nothing being done. I would like a reply to this complaint within the next 14 days as I feel I have waited long enough for work to be carried out on my flat. could you please reply via this email, and also confirm you have my email?
Regards
Simon Cordell

Information for New Patients about Staff and Student Care at the Dental Institute Dental Services
The Dental Hospital at Guy's and St Thomas' NHS Foundation Trust is part of the Dental Institute which brings together Guy's and St Thomas' NHS Foundation Trust with King's College Hospital NHS Foundation Trust and King's College London.
The Dental Hospital has responsibility for the training and education of dental undergraduates, postgraduates and other professional groups supporting dentistry. To support their training, routine dental care may be provided by our dental students or trainee dental hygienists. If this is the case, the consultant in charge of the clinic will assess your condition and decide whether you are suitable to have your dental care managed by a trainee. You will then be asked if you wish to receive treatment by a student. If you decide not to accept the offer of treatment by a student, there is a possibility that the hospital will not be able to offer you non-specialist dental care.
Dental clinics are situated either in Tower Wing at Guy's Hospital or the Dental Polyclinic at St Thomas' Hospital. The location of your clinic will be clearly stated in your appointment letter. Please check carefully which hospital you are due to attend.
Staff Clinics
The Dental Hospital staff clinics provide only highly specialised opinion and treatments, which cannot otherwise be provided in general or community dental practices.
Student Clinics
The hospital offers the opportunity for general dental care by students. Your treatment may be provided by, a number of dental students, depending on the treatment needs. In order to qualify for this service, you cannot be undergoing Dental treatment elsewhere or be registered with a General Dental Practitioner in the community. The service is accessed via booking and attending an assessment clinic appointment. After the initial appointment you will be informed whether treatment will be available in the student clinics. All student care is provided under close supervision from senior dental staff.
New Patients to the Dental Hospital
Please note all new appointments are for initial assessment only. You will need to be prepared to spend up to 3 hours or more for ail investigations to be earned out. You will then be advised whether treatment can be offered. You may therefore wish to bring some reading material with you to ease the wait.
Medical History
The aim of your first appointment is to make a provisional diagnosis of your condition. Hence it is essential for us to take a thorough history of your problem as well as documenting

your medical history. Please bring with you any information regarding your medical history that

may be relevant, including details of any medication that you have been prescribed by your doctor, dentist, or hospital specialist. If you are taking Warfarin please bring your INR booklet with you. A medical history will be taken, followed by an examination which may include X-rays and other specialist tests.
Who will you see?
A senior clinician, who is responsible for your care will see you. In most cases, this will be a consultant or a member of their team.
Children attending the Dental Hospital
All children under the age of 16 must be accompanied by a parent or legal guardian as parental consent is required before any procedure, including x-rays, may be carried out. Please note that siblings, a relative or family friend cannot give consent, even if they hold a letter of authorisation from die parent legal guardian.
You should where possible bring along any x-ray pictures of your child's teeth taken recently by your dentist. This may avoid repeating unnecessary x-rays or having to postpone treatment decisions until these x-rays can be sent to us and will also help to reduce the waiting time on the day of your visit.
Failure to attend new appointments.
Due to high demand for our services, please be advised that you will not receive another appointment if you foil to attend a consultation appointment without notifying us at least 24 hours in advance or if you reschedule your appointment more than once.
To cancel or re-arrange a consultation appointment, please contact the Appointments Centre on 0207 188 8006 or via email at dentalappointments@qsttnhs.uk
interpreters

Victimizing me by Banging above the Barth to which I get into, once they understand that I have stopped running the water for my bath to be ready, this is after they wait for any other tail, tail signs that I have gotten undressed and soaked within the water, creating a brutal attack against my person in their wrongful self-gains!
The continual intimidation of the kitchen draw being slammed shut or opened either way it got effectually, closed, to then soon after hearing the sharpening of the kitchen utilities knifes to an unrealistic extent to make a constructive sense of logic and reason, visible for explanation of any good character of themselves with the time need to look after an Adelson in today's word safely!

Dear Mr. Cordell
I refer to your enquiry regarding your request to be exempt from 19.5% Council tax liability. According to our records, you are currently not in receipt of the required welfare benefit that would entitle you to full Council Tax Support. Whilst I appreciate your comments regarding the delay in changing your benefit status, until I receive information from the Department of Work and Pensions that you are in receipt of the correct benefit that will give you full Council Tax exemption, I am unable to change my records and the 19.5% Council Tax liability remains payable. I suggest that if you are still experiencing difficulty in paying this, that you apply on-line for a Council Tax hardship payment at enfield.gov.uk

Hi Martin
Just giving you an update Simon has called to try and speak to you today to make a late payment on his insurance as he was a day late. could you please make sure someone calls us to make the payment?
As for KGM they are now dealing and addressing the issues, but it took me to start cc my emails to them to Lloyds. He has been having it really hard due to all this insurance with KGM and the courts, and not being able to drive half the time this policy has been in place due to them keep revoking his driving licence, until the courts then sort it and put it back in place. They have again revoked his driving licence this is the 3 time. I have had to get a solicitor now to help with the cases of no insurance because I seem to be getting nowhere. And also, to deal with the appeal case for the 14/11/**2013**. I do have the audio now from KGM that proves the police officer lied and some letters I will attach to this email just so you are updated. I can't send the audio due to most places will not accept that file type. So, I have included the transcript that the solicitor done Could you please also address doing your section 9 witness statement about the calls for the 14/11/**2013** as the appeal case is due to be heard on the 05/03/**2015**. Could you also please send over a copy of Simon no claims please?

Dear Mr. Cordell
I refer to your enquiry regarding your request to be exempt from 19.5% Council tax liability. According to our records, you are currently not in receipt of the required welfare benefit that would entitle you to full Council Tax Support.
Whilst I appreciate your comments regarding the delay in changing your benefit status, until I receive information from the Department of Work and Pensions that you are in receipt of the correct benefit that will give you full Council Tax exemption, I am unable to change my records and the 19.5% Council Tax liability remains payable.
I suggest that if you are still experiencing difficulty in paying this, that you apply on-line for a Council Tax hardship payment at enfield.gov.uk.

Re: MR. SIMON CORDELL Hospital No: 4663127Q

Thank you for asking me to see this patient he was seen on my clinic on the 4th March. The patient presented a few years ago following trauma to his upper anterior region and it was agreed to provide bridges. Sadly, he was unable to attend and since this time his upper anterior teeth remain unrestored. The UR2 has a crown preparation and is unrestored and the UL3 has a composite. Elsewhere his mouth is a reasonable condition but there are increased probing depths in the molars in the upper jaw approaching 5-6 mm. It is important that this is reduced and treated prior to any intervention on his upper anterior teeth. I would therefore be grateful if you would give him oral hygiene instruction and hygiene and then ensure that the probing depths have reduced in which case, I would be happy to see him again with a view to apply for implants. In the intervening period he would like an upper denture to replace the upper anterior teeth and I would be grateful if you would provide that.
Kind regards Yours sincerely,

Dear Dentist
Thank you for referring your patient to the Restorative Dentistry Group at Kings Dental Institute at Guy's and St Thomas Hospitals. Unfortunately, we are unable to accept the referral because:
(a) There is insufficient clinical information about your patient for us to assess this referral.
(b) There appears to be no clinical indication for the patient to receive specialist dental treatment at a hospital. If this should not be an accurate interpretation of your letter, please re-refer with detailed clinical reasons. We recommend that you refer your patient to another colleague within the general dental services or to the Community Dental Service. Our guidelines for referral are available on http://www.guysandstthomas.nhs.uk/services/ambulatory/dental/dental.aspx If however, you only require an opinion, please re-refer the patient.
(c) Our normal policy is not to accept patients for replacement of veneers, crowns or bridges. Please re-refer if you wish us to see your patient to provide advice on such replacements and please let your patient know that the consultation is for advice only.
(d) From your letter it appears that although this patient requires specialist treatment, they do not fall within our guidelines for hospital treatment. I would therefore advise a referral to a Specialist either in Practice or in the Community Dental Service, if available. A list of specialists is available on the GDC website gdc-uk.org. If, however, you only require an opinion, please rerefer the patient.
[(e) The clinical condition of your patient does not appear to fall within the guidelines for implant treatment under the NHS at this Institute. These guidelines are available on page 628 of the above website.
(f) From your letter, it appears that this patient requires general dental care. If they would like to be considered for treatment on the undergraduate student clinic, please ask them to

telephone 0207 188 9282 for an assessment clinic appointment. Please note that we cannot guarantee that they will be suitable for student treatment.
We are very sorry we are unable to help.
Yours sincerely

Hi Martin
Just giving you an update Simon has called to try and speak to you today to make a late payment on his insurance as he was a day late. could you please make sure someone calls us to make the payment?
As for KGM they are now dealing and addressing the issues, but it took me to start cc my emails to them to Lloyds.
He has been having it really hard due to all this insurance with KGM and the courts, and not being able to drive half the time this policy has been in place due to them keep revoking his driving licence, until the courts then sort it and put it back in place. They have again revoked his driving licence this is the 3 time. I have had to get a solicitor now to help with the cases of no insurance because I seem to be getting nowhere. And also, to deal with the appeal case for the 14/11/2013. I do have the audio now from KGM that proves the police officer lied and some letters I will attach to this email just so you are updated.
I can't send the audio due to most places will not accept that file type. So, I have included the transcript that the solicitor done

Could you please also address doing your section 9 witness statement about the calls for the 14/11/2013 as the appeal case is due to be heard on the 05/03/2015.
Could you also please send over a copy of Simon no claims please?

Dear Ned Johnson

Thank you for the reply to the freedom of information act I put in. I do however believe there is a lot of data that has been left out, so maybe I need to clarify the data that is being requested. To information is regarding Disused or abandoned buildings or any industrial estates buildings or open-air land. For the dates all of **2013** to date. This would include all data if there were occupiers/squatters in said building/parties/raves. This would include the dates these buildings/Disused or abandoned buildings/ or any industrial estates was first known to the Environment & Street Scene Department.

- All information would cover all wards boundaries for Enfield Council.

Information is also needed for some areas within the Enfield Council borough.

- Within the area of Pretoria Road N.
- Within the area of A406.
- Within the area of Montagu Road.
- Within the area of Meridian Way.
- Within the area of Ponders End Train Station.
- Within the area of Woodall Road.
- Within the area of Wharf Road.
- Within the area of MILLMARSH Lane.
- Within the area of A10 Great Cambridge Road.
- Within the area of Crown Road.
- Within the area of Southbury Road.

The information would cover if police were in attendance, if calls were made to the Environment & Street Scene Department by police, and any police officer information that the Environment & Street Scene Department holds about any police officer. This information would also include any calls that were made from the Environment & Street Scene **1805,**
Department to police in relation to any Disused or abandoned buildings or any industrial estates buildings or open-air land that the Environment & Street Scene Department felt could have a problem with. There is also an issue with the information in your email

- 18/5/14: 3 calls after event
- 19/5/14: 6 calls after event
- 21/5/14: 1 call after event

But have not given the date of the event itself, are the below layout ones was when events have taken place as it just has calls at the end of the dates could you please clarify

- 31/5/14: 2 calls
- 1/6/14: 6 calls

Also, in your email it seems that there was more of a problem with crown road over some months but from how I am reading your email it seems no one ever attended from the Environment & Street Scene Department on any of the dates in your list can this also be clarified in more detail. I know you have until the 10/03/**2015** to supply the information I have asked for. But I do feel your email was very incomplete, I do hope that I have not got to wait 20 more days now as I need all the data by 10/03/**2015** and I did ask for all information and I feel that has not been given. Could you get back to me via email as to the time it will take to get all the information I have asked for within my request?
Regards
Lorraine

Date: 08 March **2015** 16:07:00
Dear Michael/Josey
This is the reply to the new information in statement from police about the stop on the 23/11/**2014** On this date Simon was at home with his friend josh, they were working on bits for the company to try and take Simon mind of things Simon at this stage was really unwell and unstable. I believe this started on the 22/11/**2014** it would seem police was at Simon Flat outside tiring to get in this was late at night. They could not get the code to the main door and went back to the police station where they seem to have got Simon mobile number and made calls trying to get the code for his main door. They did say it was police and Simon got very scared why the police wanted his door code to get in to see him and they would not give a reason. This did not just scare the life out of Simon but also Josh. and Simon just wanted to get out of the flat. He would not even use his car as he was so scared of what was going on, he did not even know for fact it was the police that had made the calls to his mobile. Him and josh left the flat and would not even go the way he as a rule uses to get to my house. They went down Green Street over the train station and walked down Mollison Ave then got on to the river lee and walked along to come out by ponders end train station where they were meeting his sister Deon in a cab to get them to my house. It was really raining that night and then they got here they was very wet. I made calls to the police in fact 3 calls as I put a complaint in at what was going on as the police for some reason at this stage kept going to his flat for unknown reasons and he was not stable enough and very scared and was not coping. I did let Josey know what was going on each time. Please see attached calls to 101 calls that was made I have cut them out of my phone bill but do have my full phone bill saved. This is without all the phone calls Simon made himself to police there is lists of them. and he has some police officers' numbers. In the end an inspector stag I think his name was called and at 1st spoke to Simon, I was still not happy with what was going on so again made a call and asked for the inspector to call me back which he did some time later that day I think, on that call it lasted around 1 hour maybe a little longer I explained everything that was going on with the police and Simon on that call and he said he would get the police to stop going to his Flat. The police did pull Josh and Simon that night which also made Simon very scared even more. they asked Simon and Josh what they were up to Simon told the police why they were out that they were scared due to the calls they had for his main door code and said the person that called said it was the police, at this they told him they were in fact the ones that had made the calls to him. But did not still tell him the reason they wanted to see him at his Flat. I do believe the police was watching and just doing all this to intimidate him as they knew he was really not well at this time. They did a search on both Simon and Josh and did checks then let them go. Simon and josh were not on drugs the pair of them was really scared at what was going on, and Simon was really unstable. The police are taking the piss adding this in the ASBO and I want the complaint calls and call info. And I want the audio of this how dare they say this they knew how ill Simon was and just kept pushing it. the police were going so far with going round his Flat all the time for no reason, when people went out to do an assessment it was late when they got there, they called me and said why are the police there I said I did not know why but I was really upset due to the police was not stopping with him. Simon was going mad and the assessment team told the police to leave him alone. I was still on the phone at the time to the assessment team and they asked the police why they was there, I heard what the police told them why they was there, they said they had a call from 1st they said 112 then they said 122 then they gave a next door number, which I did not hear right they did not know what to say to the assessment team they was mixing everything up. the police left but due to the state Simon was in the assessment team felt it better to leave and not upset him any more than he was already due to what the police was doing just keep turning up at his Flat for no reason. The assessment team went to Simon Flat the next day

with no luck to getting to see him they spoke to him at the door but Simon would not open the door, they could clearly see he was not stable at all and did not want to push it. So, left he kept saying the police just need to leave him alone he not done anything and was not leaving his flat. The assessment team left it around a week I think before they tried again this time Simon did let them in and spoke to them this was on the 25/11/**2015**

1810,

On Friday the 12/12/**2015** the police went to Kemp Hall committee centre looking for Simon again. And they still pop up now and then just to keep him at a low and not feel safe. The police know full well what they are doing and know they have been breaking the law. I would also like to address this issue as I know this is going into court tomorrow re discloser. I want to seek an injunction against the Met Police under the European Convention on Human Rights. I want an application to put in tomorrow for High Court for an interim order under the Protection from Harassment Act, Article 6 of ECHR is a person's right to a fair hearing. If information is withheld from the court that would show your son is innocent with the intention of causing a guilty verdict to be returned, that is perverting the course of the justice/conspiracy to pervert the course of justice and, quite possibly, misconduct in public office/conspiracy to commit misconduct in public office on the part of those involved, if police officer, local government officers, civil servants, government officers. Where a verdict or decision is made by a court as a result of pertinent information being withheld and which no court or judge would have made had that pertinent information been made available, the verdict/decision is said to be perverse. It also goes against natural justice. Any public authority or person whose function is known to be public, like a police officer, who acts in a way that is incompatible with a person's rights under the European Convention on Human Rights, acts unlawfully according to Section 6(1), Human Rights Act 1998. The other day, I reckoned up the breaches of ECHR against your family by the Met Police. They have violated at least 22 different rights under ECHR. I suspect there are multiple violations of these rights. It is one of the worst cases of human rights violations by police I have come across. If this were to be revealed in an open court, Sir Bernard Hogan-Howe would be forced to resign or be sacked. His position would be untenable. There is also evidence of repeated racial discrimination and profiling, as well as harassment. This is what they are doing by withholding the information from the public order unit at Scotland Yard also known as National Public Order Intelligence Unit. And the Judge needs to know this tomorrow. Under Article 6 of ECHR is a person's right to a fair hearing. Discloser should be given if the discloser they are trying not to give would cause a guilty verdict in this case it will. And I have a lot more information that needs to be added. Under the ECHR rules that the court must look at. The fact is the police have it on their systems that these dates was not Simon but due to how much the police hate Simon and my family they have made up statements that will found him guilty knowing that not to be fact. They are using CADs from a next party they let go on yet Crown Road parties had been going on for months. And add all the CADs from these parties to the one they are saying Simon and Tyrone set up knowing this is not fact. And again, setting my family up when they have this information at the public order unit at Scotland Yard as to who set this party up and all the others. If this does not show how much the police hate my family, I don't think nothing else will and they are getting away with it and nothing is getting done all we are told is Simon is going to get this ASBO there is nothing he can do but grass up people to show he did not do this why should he have to give names out. The police already have them. The Burglary from **2013**/**2014** the police let a person get away with insurance fraud, they pined everything on to Simon but new in the Feb **2013** police allowed people to walk out with loads of things, destroyed the evidence they took from Simon home from the start and did not say anything until the judge found him not guilty a year after it started. Yet he was on 6 bail conditions for nearly a year one of them for failing

to surrender which we already know should not be on his record as it was dismissed at court. My family has had this for years and the police just get away with it all the time since Simon was 15 years old, they have not left off his back which then affected Tyrone and the whole family. Years of abuse by the police over and over again when will this stop, I can't allow Simon to take any more his heath is not up to this any longer. And that's all due to what the police have done over many years to this family. I am not saying Simon has done nothing in his life as I know that not facts. But what the police have done is beyond any reasons. Yes, I am upset and this time I am not letting this go into court and not letting the judge know what is going on, His PNC has errored the police has not left him alone, the police have lied they set him up. This needs to stop Josey has known how it's been over these years she been there seen it heard it and saw it. something needs to be done

1811,

Simon does not feel safe, and TBH, I worry all the time for his safety I should not need to be like this all the time. Could you please reply and let me know what is going to be done in court tomorrow who is going to be there and about the discloser that is going to be asked for.
Regards
Lorraine

Lorraine/Simon,
It is unlikely that the court/police will receive these documents in time before the hearing. I would suggest printing 3 copies of each of them and bringing them to court tomorrow, then seeking advice from your instructed barrister.
Kind regards,
Micheal McKee

Hi Michael/Josey
I can only print one copy as I don't have the paper to prink of 3 of each. I could put it on a laptop or USB pen and bring that to court.
I am shocked as until today we could not understand why the police kept updating their statements it was not until Michael explained in court it is only the statements the court goes by.
Also are you sure the CPS has all the documents as they said they have only had one Email in court today and nothing else.
Does this mean they do not have anything not even the list of all the people in the ASBO to attend that we asked for.
I am worried due to when they made the interim hearing no one turned up, but Josey did say they all should have been there even then ask it was asked for. As a lot of paperwork was sent over due to the 1st full hearing when it could not go ahead.
It is worrying as it seemed to say today by what they said they did not have anything only just one email.
Did you ever hear back from the CPS about the discloser re the Public Order Unit at Scotland Yard?
Regards
Lorraine

Dear Victoria McQueen
My son had his appeal on the 05/03/2015 which he won; the judge was not happy with the police officer as it was proved he did in fact lie, the judge did in fact tell the police office not to leave the court building. And in fact, we did not show all the facts we did have the complaint will need updating to show this police officer lied to 2 judges and in fact got my son convicted wrongly by lying to the 1st hearing judge and got my son banned from driving and points and a fine, and within his statement which the judge noted had not been dated and the fact there were no 101 books for the officer for this day. The ticket was also lost by the police that was issues on the day the police officer started this which was on the 14/11/2014. The judge sitting at the court was not happy, and in fact stopped the hearing as he could clearly see what the police officer had done. the judges went out and when they came back, they told my son he had won his case, the judge then spoke to the CPS about having the real statement and documents from the police officer that day and that the audio files needed to stay on file. he also told the CPS he was not happy about the police officer and this had to be passed on to the right person. Which the CPS said he would do. We are not happy about what this officer did and the cost it has caused my son and stress to his heath, my sons insurance was going to close his insurance down for no reason only due to what the police office said, days making calls to the police stations trying to prove my son did in fact have no tools in his van on that day, him having to go to the compound where the van was taken to just so they could call his insurance company to prove there were not tools that would have made my son's insurance void, all this due to the police actions on that day for no reason why did he need to lie, days going to court and hearing a police officer lie in 2 courts. I will again be writing an update to the IPCC about what this officer has done. Could you please get back to me so this complaint can now be started I think the police officer should be changed for what he has done. If anyone else lied in court not just once but 2 times they would end up in prison a police officer doing this is one of the worse cases. And there was no reason for what he did the only reason I can think of is due to my son being mixed raced.

Ms Cordell,
I tried to call you today to ask you a question about your son's complaint. I was unable to get hold of you. Please can you reply and let me know if your son is disputing his penalty notice

or not. If he has requested a Court hearing (which his complaint would tend to indicate) the complaint will be classed as 'SUBJUDICE'
Which means it will be put on hold until Court proceedings are complete.

Dear Ms. Cordell,
In terms of the number of events there was one further rave that took place on 25th March **2013** at Progress Way, other than this occurrence I have provided you with the dates and locations of all the illegal raves/parties that are recorded on our database as well as all other data we hold that you requested. The rave on March 25th, 2013 was attended by the Out of Hours Noise Team, assistance was requested from the police, but they were unable to help on that occasion. The events at Crown Road were over a period of several weeks not months, during which time we were in regular contact with the new site owners who worked to get the site secured and the power turned off. The Out of Hours Noise Team undertook observations

of the noise during the event on May 31st/June 1st but did not visit the party as the team decided that it was unsafe to do so due to the nature and location of the event and provided information to the daytime officer who ensured the owners undertook the necessary works. The complaints received on Sunday June 8th were all received after the council's Out of Hours Service had finished at 03:00 and therefore no response was possible. The Out of Hours Team respond to all complaints received but will only visit a premise where it is safe for them to do so and in the case of illegal raves/parties quite often there are officer safety issues which prevent visits at night time during the event, unless police support can be gained. Following illegal raves/parties we do make every effort to get a building secured as soon as possible to prevent the same thing happening again.

Dear Ned Johnson
Thank you for the reply to the freedom of information act I put in. I do however believe there is a lot of data that has been left out, so maybe I need to clarify the data that is being requested. To information is regarding Disused or abandoned buildings or any industrial estates buildings or open-air land. For the dates all of **2013** to date. This would include all data if there were occupiers/squatters in said building/parties/raves. This would include the dates these buildings/Disused or abandoned buildings/ or any industrial estates was first known to the Environment & Street Scene Department.

- All information would cover all wards boundaries for Enfield Council.
- Information is also needed for some areas within the Enfield Council borough.
- Within the area of Pretoria Road N.
- Within the area of A406.
- Within the area of Montagu Road.
- Within the area of Meridian Way.
- Within the area of Ponders End Train Station.
- Within the area of Woodall Road.
- Within the area of Wharf Road.
- Within the area of MILLMARSH Lane.
- Within the area of A10 Great Cambridge Road.
- Within the area of Crown Road.
- Within the area of Southbury Road.

The information would cover if police were in attendance, if calls were made to the Environment & Street Scene
Department by police, and any police officer information that the Environment & Street Scene Department holds about any police officer. This information would also include any calls that were made from the Environment & Street Scene Department to police in relation to any Disused or abandoned buildings or any industrial estates buildings or open-air land that the Environment & Street Scene Department felt could have a problem with. There is also an issue with the information in your email
1859,
18/5/14: 3 calls after event
19/5/14: 6 calls after event
21/5/14: 1 call after event
But have not given the date of the event itself, are the below layout ones was when events have taken place as it just has calls at the end of the dates could you please clarify
31/5/14: 2 calls
1/6/14: 6 calls
Also, in your email it seems that there was more of a problem with crown road over some months but from how I am reading your email it seems no one ever attended from the Environment & Street Scene Department on any of the dates in your list can this also be clarified in more detail. I know you have until the 10/03/**2015** to supply the information I have asked for. But I do feel your email was very incomplete, I do hope that I have not got to wait 20 more days now as I need all the data by 10/03/**2015** and I did ask for all information and I feel that has not been given. Could you get back to me via email as to the time it will take to get all the information I have asked for within my request?

When awake 113 and 117 attacked me while being sick in my toilet and because of what they get away with doing to me in my home like today's event flushing their own toilets above mine when I am using it causes my heart to hurt me and is making my health desperate!
This attack against me continues once I get into my Barth and while I am taking my clothes of and even when I am putting my close on
Today I got followed into my front room again and victimised by 113 and 117 tents even low I have never been of any negative concern to them, once sitting down in my front room thought the rest of the day they kept banging on the floor above my head!

Hi Lorraine
As requested below are the payments which have been made to date on the Motor Trade policy from the renewal date of 19/08/**2014**:
The premium of £1452.51 was originally fully financed with Close Brothers premium Finance on an 11-monthly scheme with monthly collections of £149.21, below are the payments collected via Clos**e:**
1st instalment due 21/10 for £298.45 (double collection to bring account up to date as the 1st facility cancelled due to default and a new facility was set hence the double collection) - rejected Reapplied 31/10/**2014** for £298.45 + £30.00 default fee - payment successful

- 2nd instalment due 19/11 for £149.21 - rejected
- Card payment made on 08/12/**2014** for £179.21 (instalment plus default fee)
- 3rd instalment due 19/12/**2014** for £149.21 - rejected
- Card payment made on 09/01/**2015** for £179.21 (instalment plus default fee)
- 4th instalment due 19/01/**2015** for £149.21 - rejected

J.L
As the 4th payment was never made the account cancelled on the 10/02/**2015** with a balance owed of £996.37 We then arranged a revised payment plan for the outstanding amount of £996.37 of 1 instalment of £180.00 & 4 instalments of £204.09, below are the payments which have currently been made on the revised payment plan:
£180.00 paid 11/02/**2015** £204.09 paid 13/03/**2015** To summarize the total collected by Close Brothers Premium Finance totals £686.87, of which £90.00 were default fees, the total paid to our office currently stands at £384.09, with 3 remaining collections due of £204.09 scheduled for 11/04/**2015**, 11/05/**2015** & 11/06/**2015**. I hope you find the above in order, if you have any queries, please do not hesitate to contact us.

Hi Melanie Twyman
Thank you for the below email, could I please ask for some other information please for my records. Could you please send me all details since April **2014** as to what payments were made and which polices and the name of the companies the policies applied to? The reason's as to why policies were stopped and if any charges was included to policies being stopped.
From my records he had policies started with:
Policy plan started on the 14/04/**2014** deposit paid on this one. Could you confirm the deposit paid?
And how much 1 month insurance with them should have cost, I have been told by yourself you lost money due to this policy the problem is I do not understand why still we was never told this by Martin the 1st time we knew you had lost money on this policy was when I spoke to you. Policy plan took the insurance cover out knowing the 2 claims was in place, it was not Simon fault that after one month into the policy starting Policy plan took issue with it and closed the policy due to this. Why is it the case you say you lost £400+ on this policy when I had paid, I think around £300 deposit this would mean 1 month's insurance cost over £700+ when it was Policy plan issue, they knew the 2 claims was in force so why is it we were never told as we would never of allowed the amount to be paid to them knowing it was down to them they are the ones that stopped the policy not my son. 1 month later after this policy started Policy plan stopped it due to the 2 claims that where on record with KGM. But I know they knew about the claims when the policy started as Martin had told them this before they started the policy, I believe Martin also told them 1 claim was due to be removed, KGM did take their time removing this claim in the end I had to deal with it and it was removed I sent over the details to Martin and it was confirmed it was removed this should have not been kept on Simon record as he did not own the Vehicle and proved this. Could it also be confirmed this is not on record for Simon. The 2nd claim was classed as no fault later I believe could this be confirmed please. 2nd policy started 19/05/**2015** Co VEA insurance could you please tell me date these police stopped and what reason and also how much had been paid. 3rd policy started Policy plan not sure of start date of this. There should have only been 3 policies since April **2014**. But I would like all information on each of them. And all payments made. I have also been sending emails to Martin but have had no replies I have also asked him to send Simon No claims discount, but nothing has been sent. I have some real issues as said many times due to the KGM policy Simon had forked out a lot of money that he should never have had to. There are around 9 Vehicle seizers at a cost to Simon of around £1800. There are all the dates he had to go to court for no insurance due to the errors on the MID database from **2013**/**2014** while the KGM policy was in place. And due to 4 of them cases where no summons was sent, he was found guilty and points added he had his licence revoked 3 times and has not been able to drive. there is the date of the 14/11/**2013** where the police lied to KGM to void his insurance which nearly happened and due to KGM failing to deal with 3 subject access requests Simon was found guilty and banned from driving £1000 he had to paid the court and 6 points on his licence due to the police officer lied to the Judge under oath

about the so-called tools being in the so he was found guilty again. this went to appeal and was heard on the 05/03/**2015** but this time due to me dealing with KGM in a way I should not have had to, I did in fact get the
1871,
information that was needed to prove in fact the police officer lied, the Judge was appalled and that is using mid words as to what was said in court because once again the police officer lied under oath to the judge in fact the police officer was told not to leave the court building. Simon won this case and there is a huge complaint with the police at this time. Simon for the appeal had to pay for a barrister at the cost of £2475.00 Martin was also asked to do a witness statement for this case but failed to do so. He still has 2 more appeals for no insurance one listed for May **2015** most of his **2014**/**2015** insurance he has not been able to drive due to KGM and what they made happen to his driving licence. But I know cancelling an insurance policy after it has started would incur large costs, so we have just been paying for something he has really not been able to use. So yes, a claim for costs will be going into KGM which will be a large about of money. For what has happened to my son as he not been able to work also due to his job which he does need to drive to do this and has not been able to do so. I also believe I am now going to have to put a subject access request under the data protection act 1994 into Broadsure Direct to get all the data as Martin has stopped replying to my emails. If you can confirm the above, I would be grateful as I will need these for my record.
Regards
Lorraine Cordell

- We then arranged a revised payment plan for the outstanding amount of £996.37 of 1 instalment of £180.00

Dear Tracey Bullock
Thank you for the email I did in fact get your letter today dated the 09/03/**2015** ref: 29597142 I would like to ask if you have had the above update as of yet for the case listed in your letter as 26/11/**2014**, as noted in your letter. The appeal hearing was heard on the 05/03/**2015** and I won my appeal. So, this case is dealt with please see attached document from the crown court re the appeal hearing but, on their letter, even they have put the date not correct they put the 29/08/**2014** as noted that was removed by the court on the 06/10/**2014**, and I was again found guilty on the 26/11/**2014**. The appeal was for this date and not the 29/08/**2014** as I had already had this date reopened and that was removed. I am contacting the court and asking for a new letter to be sent with the right date on it as this is just a mess. I have also noted you said that the licence was revoked on the 07/02/**2015** by DVLA. Due to all the mess-up with my insurance with KGM from the **2013**/**2014** and it not showing up on the MID database, there were a list of cases that I did not get a summon for so did not know I had to attend court, and was found guilty due to not attending court, a number of calls have been made to

DVLA in regards to this, this is why cases have been reopened due to the mess up with the courts and also appeals put in to the courts due to I could not take no more of the mess ups . Could you also please tell me how many points are on my licence and if it is still revoked? I believe the revoke was for the case I have just won on appeal and would believe that DVLA should have been updated to this already, so believe the revoke should not still be in place as the court has now seen the error and corrected this so I should never have been convicted and then you would never have revoked my licence, could you please confirm this by email so I know if I can drive or not and if all the points are off my licence or I still have points on there. I was trying to address all the wrong convictions against my name due to the errors in the MID I have really done nothing wrong to lose my driving licence I was insured to drive please see KGM LOI. I do understand that this will need to come from a court, but I am very upset due to everything that has happened when I had paid for my insurance to drive. I am in fact paying for insurance right now which due to this mess with the KGM insurance and the courts this has caused me to suffer badly when I should not have had to, I am in fact paying for insurance from **2014** to **2015** that I can't even use due to all this mess. So, I am insured but cannot drive. My insurance is not cheap it is costing me around £1600.00 this is not a small amount to be paying yet I cannot drive due to this mess. I do have an appeal date for the case you have dated 26/01/**2015** that is in May **2015**, but I am really suffering here due to all these errors due to the MID database not showing me as being insured. I am trying to address all of these issues and have sent 100's of emails to courts CPS and have even had to file Appeals because the cases have not been addressed correctly by the courts, I have sent my insurance documents to the courts so many times. Even the last appeal case the judge was appalled due to what has happened to me. I also know there is more dates when the courts added points etc to my driving licence and then they were removed due to me proving I was insured. I do have a claim ongoing and need to show how much this has affected my life. These have not been included in your letter, could you please look at my driving record from **2013** to date of all cases that the court added points etc and then they were removed as I need to prove the impact this has had on my life, I also know there were I believe 1 or 2 more times my Licence was revoked and then put back in place due to the court updating DVLA and I do know there is more dates you have not included in your letter. Could you please get back to me by email ASAP to tell me if I am now allowed to drive or if my licence is still revoked due to the errors of the courts and Insurance Company and if any points are still on there? Could you also please confirm everything also in writing, so I do have a letter confirming everything as things are still being addressed also with the courts and there is still one appeal date?

Dear Mr Cordell

RE: Letter of Indemnity - Policy Number MT3574694

We would confirm that the policy above was incepted at 00.01 AM on the 23/2/13 and was in force until Midnight on the 22/2/14 when it lapsed.

The policy is a Road Risks Motor Trade only, cover was Comprehensive with the use permitted of Social Domestic and Pleasure and for Motor Trade purposes only. For clarity we would advise that Motor Trade Use would allow the carriage of tools required specifically for use in connection with Motor Trade activities.

Drivers under this policy were restricted to Mr Simon Cordell only.

The vehicles covered at inception of the policy were –

- Ford Zetec registration MA57LDY
- Ford Transit registration CX52JRZ

On the 8/4/13 at 11.05am the following vehicle was added to the policy –

- Renault Clio registration NA57LDY. We have since established that in fact Mr Cordell was trying to correct the registration of the Ford Zetec that his broker had incorrectly advised Underwriters was MA47LDY at policy inception. Unfortunately the broker compounded that error with these instructions as the registration number was still incorrect (NA57LDY) and on the wrong vehicle leading Underwriters to add this vehicle onto the policy in error. Eventually the correct registration of the Ford Zetec was noted.
- Please note that whilst the registration of the Ford Zetec was incorrect on the policy record and on the Motor Insurers Database for some time as a result of the above error, Underwriters would confirm that in the event of any incident Mr Cordell would have been fully indemnified subject to the terms of this policy.

We understand that Mr Cordell was subjected to a number of Police stops during the policy period whilst driving these vehicles. The stops were due to these vehicles not showing as insured on the Motor Insurers Database (MID). We would confirm that it's a requirement for Motor Insurers to upload details of all insured policies & vehicles to the MID, the targets set are 95% of policies to be on the MID within 14 days for Motor Trade policies and 95% of vehicles to be on the MID within 21 days for Motor Trade. Accordingly we can note that whilst this database is very effective, it's not real time and not 100% accurate.

We have carried out an investigation to understand why Mr Cordells vehicles were not on the MID leading to these Police stops. It has been established that there is a "bug" in our system when copying and pasting a registration with a space in it into the policy record, that results in an unsuccessful upload to the MID. It does not happen when we receive data electronically or when manually inputting data and was something we were unaware of until this case. We have of course changed our processes to prevent this occurring again.

The unfortunate outcome for Mr Cordell of course was that it appeared to the Police that he was driving uninsured and was subjected to unnecessary Police stops. This was not Mr Cordells fault in any way as he had a valid Insurance policy in force and was fully insured to drive these vehicles for the purposes permitted under this policy during the policy period.

As stated above this policy was in force from 00.01 AM on the 23/2/13 and was in force until Midnight on the 22/2/14. We have been asked to specifically confirm that it was in force on the 14/11/2013 for both the Ford Zetec registration MA57LDY and the Ford Transit registration CX52JRZ.

We trust this letter meets the requirements of the Police and the Courts. Should you require any further assistance please do not hesitate to contact us.

Yours sincerely,

Dear Tracey Bullock
Thank you for the email I did in fact get your letter today dated the 09/03/**2015** ref: 29597142 I would like to ask if you have had the above update as of yet for the case listed in your letter as 26/11/**2014**, as noted in your letter. The appeal hearing was heard on the 05/03/**2015** and I won my appeal. So, this case is dealt with please see attached document from the crown court re the appeal hearing but, on their letter, even they have put the date not correct they put the 29/08/**2014** as noted that was removed by the court on the 06/10/**2014**, and I was again found guilty on the 26/11/**2014**. The appeal was for this date and not the 29/08/**2014** as I had already had this date reopened and that was removed. I am contacting the court and asking for a new letter to be sent with the right date on it as this is just a mess. I have also noted you said that the licence was revoked on the 07/02/**2015** by DVLA. Due to all the mess-up with my insurance with KGM from the **2013**/**2014** and it not showing up on the MID database, there were a list of cases that I did not get a summon for so did not know I had to attend court, and was found guilty due to not attending court, a number of calls have been made to DVLA in regards to this, this is why cases have been reopened due to the mess up with the courts and also appeals put in to the courts due to I could not take no more of the mess ups. Could you also please tell me how many points are on my licence and if it is still revoked? I believe the revoke was for the case I have just won on appeal and would believe that DVLA should have been updated to this already, so believe the revoke should not still be in place as the court has now seen the error and corrected this so I should never have been convicted and then you would never have revoked my licence, could you please confirm this by email so I know if I can drive or not and if all the points are off my licence or I still have points on there. I was trying to address all the wrong convictions against my name due to the errors in the MID I have really done nothing wrong to lose my driving licence I was insured to drive please see KGM LOI. I do understand that this will need to come from a court, but I am very upset due to everything that has happened when I had paid for my insurance to drive. I am in fact paying for insurance right now which due to this mess with the KGM insurance and the courts this has caused me to suffer badly when I should not have had to, I am in fact paying for insurance from **2014** to **2015** that I cannot even use due to all this mess. So, I am insured but cannot drive. My insurance is not cheap it is costing me around £1600.00 this is not a small amount to be paying yet I cannot drive due to this mess. I do have an appeal date for the case you have dated 26/01/**2015** that is in May **2015**, but I am really suffering here due to all these errors due to the MID database not showing me as being insured. I am trying to address all of these issues and have sent 100's of emails to courts CPS and have even had to file Appeals because the cases have not been addressed correctly by the courts, I have sent my insurance documents to the courts so many times. Even the last appeal case the judge was appalled due to what has happened to me.
1881,
I also know there is more dates when the courts added points etc to my driving licence and then they were removed due to me proving I was insured. I do have a claim ongoing and need to show how much this has affected my life. These have not been included in your letter, could you please look at my driving record from **2013** to date of all cases that the court added

points etc and then they were removed as I need to prove the impact this has had on my life I also know there were I believe 1 or 2 more times my Licence was revoked and then put back in place due to the court updating DVLA and I do know there is more dates you have not included in your letter. Could you please get back to me by email ASAP to tell me if I am now allowed to drive or if my licence is still revoked due to the errors of the courts and Insurance Company and if any points are still on there?
Could you also please confirm everything also in writing, so I do have a letter confirming everything as things are still being addressed also with the courts and there is still one appeal date?
Regards

Dear Mr. Cordell
Thank you for your Email, please see attached letter to the Crown Court to which we are awaiting a reply. Your driving licence was revoked due to it not being returned for updating with the latest hearing details of the 26/01/**2015**, however as a gesture of goodwill due to incorrect information being provided by the Crown Court, we will lift this revocation to enable you to drive pending the outcome of your case. In the meantime, you will need to forward your licence to us for updating, we appreciate you are returning to court regarding this offence in May, however by law the information needs to be updated onto your current driving licence until this date. Should your appeal be successful we will then issue you with a free replacement licence. In reply to your query regarding the points on your record I can confirm there are 6 points for the IN10 offence of the 20/05/**2014** and 6 points for the IN10 offence for the 01/01/**2014**, however these can be removed when instructed by the Court. I hope this information will be helpful.

1883,
Subject: RE: DVLA, Mr. Cordell
Dear Tracey Bullock
Thank you for the email I did in fact get your letter today dated the 09/03/**2015** ref: 29597142 I would like to ask if you have had the above update as of yet for the case listed in your letter as 26/11/**2014**, as noted in your letter. The appeal hearing was heard on the 05/03/**2015** and I won my appeal. So, this case is dealt with please see attached document from the crown court re the appeal hearing but, on their letter, even they have put the date not correct they put the 29/08/**2014** as noted that was removed by the court on the 06/10/**2014**, and I was again found

guilty on the 26/11/**2014**. The appeal was for this date and not the 29/08/**2014** as I had already had this date reopened and that was removed. I am contacting the court and asking for a new letter to be sent with the right date on it as this is just a mess. I have also noted you said that the licence was revoked on the 07/02/**2015** by DVLA. Due to all the mess-up with my insurance with KGM from the **2013**/**2014** and it not showing up on the MID database, there were a list of cases that I did not get a summon for so did not know I had to attend court, and was found guilty due to not attending court, a number of calls have been made to DVLA in regards to this, this is why cases have been reopened due to the mess up with the courts and also appeals put in to the courts due to I could not take no more of the mess ups . Could you also please tell me how many points are on my licence and if it is still revoked? I believe the revoke was for the case I have just won on appeal and would believe that DVLA should have been updated to this already, so believe the revoke should not still be in place as the court has now seen the error and corrected this so I should never have been convicted and then you would never have revoked my licence, could you please confirm this by email so I know if I can drive or not and if all the points are off my licence or I still have points on there. I was trying to address all the wrong convictions against my name due to the errors in the MID I have really done nothing wrong to lose my driving licence I was insured to drive please see KGM LOI. I do understand that this will need to come from a court but I am very upset due to everything that has happened when I had paid for my insurance to drive. I am in fact paying for insurance right now which due to this mess with the KGM insurance and the courts this has caused me to suffer badly when I should not have had to, I am in fact paying for insurance from **2014** to **2015** that I can't even use due to all this mess. So, I am insured but cannot drive. My insurance is not cheap it is costing me around £1600.00 this is not a small amount to be paying yet I cannot drive due to this mess. I do have an appeal date for the case you have dated 26/01/**2015** that is in May **2015**, but I am really suffering here due to all these errors due to the MID database not showing me as being insured. I am trying to address all of these issues and have sent 100's of emails to courts CPS and have even had to file Appeals because the cases have not been addressed correctly by the courts, I have sent my insurance documents to the courts so many times. Even the last appeal case the judge was appalled due to what has happened to me. I also know there is more dates when the courts added points etc to my driving licence and then they were removed due to me proving I was insured. I do have a claim ongoing and need to show how much this has affected my life. These have not been included in your letter, could you please look at my driving record from **2013** to date of all cases that the court added points etc and then they were removed as I need to prove the impact this has had on my life, I also know there were I believe 1 or 2 more times my Licence was revoked and then put back in place due to the court updating DVLA and I do know there is more dates you have not included in your letter. Could you please get back to me by email ASAP to tell me if I am now allowed to drive or if my licence is still revoked due to the errors of the courts and Insurance Company and if any points are still on there? Could you also please confirm everything also in writing, so I do have a letter confirming everything as things are still being addressed also with the courts and there is still one appeal date?

Dear Tracey Bullock
Thank you for the reply to my email. Can you please tell me which case the 20/05/**2014** was for and what court dealt with it please and what date it was dealt on by the court as this was not included in your letter and I knew nothing about this case until today so I will have to contact the court who dealt with this and get it addressed, as I was insured. I know about the date of the 01/01/**2014** as this one is going to appeal, please see the appeal date letter attached. This one is going to appeal on the 14/05/**2015** at Harrow crown court. The date of the 14/11/**2013** has had the appeal hearing and this was won on the 05/03/**2015** which you should have had the information from the court to remove this case from your records. But I know there were more dates that cases were heard at court and I was found guilty and points were added and then removed since **2013** to date it is these dates I would like included to show the problems I have had when paying for insurance and errors due to it not showing on the MID database as I was in fact insured. Sorry for the time this is taking it is such a mess as

dates was not sent nor summons and I was found guilty when I was insured, I have written so many emails to the courts and CPS but don't get replies all I want is to get all these cases sorted so there are no points on my licence and back to normal.

Can you please tell me which case the **20/05/2014** was for and what court dealt with it please and what date it was dealt on by the court as this was not included in your letter and I knew nothing about this case until today so I will have to contact the court who dealt with this and get it addressed, as I was insured. I know about the date of the **01/01/2014** as this one is going to appeal, please see the appeal date letter attached. This one is going to appeal on the **14/05/2015** at Harrow crown court. The date of the **14/11/2013** has had the appeal hearing and this was won on the **05/03/2015** which you should have had the information from the court to remove this case from your records. But I know there were more dates that cases were heard at court and I was found guilty and points were added and then removed since **2013** to date it is these dates I would like included to show the problems I have had when paying for insurance and errors due to it not showing on the MID database as I was in fact insured. Sorry for the time this is taking it is such a mess as dates was not sent nor summons and I was found guilty when I was insured, I have written so many emails to the courts and CPS but don't get replies all I want is to get all these cases sorted so there are no points on my licence and back to normal.

Thank you for your Email, please see attached letter to the Crown Court to which we are awaiting a reply. Your driving licence was revoked due to it not being returned for updating with the latest hearing details of the **26/01/2015**, however as a gesture of goodwill due to incorrect information being provided by the Crown Court, we will lift this revocation to enable you to drive pending the outcome of your case. Dear Tracey Bullock
Thank you for the email I did in fact get your letter today dated the **09/03/2015** ref: 29597142
I would like to ask if you have had the above update as of yet for the case listed in your letter

as 26/11/**2014**, as noted in your letter. The appeal hearing was heard on the 05/03/**2015** and I won my appeal. So, this case is dealt with please see attached document from the crown court re the appeal hearing but, on their letter, even they have put the date not correct they put the **29/08/2014** as noted that was removed by the court on the 06/10/**2014**, and I was again found guilty on the **26/11/2014.** The appeal was for this date and not the 29/08/**2014** as I had already had this date reopened and that was removed. I am contacting the court and asking for a new letter to be sent with the right date on it as this is just a mess. I have also noted you said that the licence was revoked on the **07/02/2015** by DVLA. Due to all the mess up with my insurance with KGM from the **2013**/**2014** and it not showing up on the MID database, there were a list of cases that I did not get a summon for so did not know I had to attend court, and was found guilty due to not attending court, a number of calls have been made to DVLA in regards to this, this is why cases have been reopened due to the mess up with the courts and also appeals put in to the courts due to I could not take no more of the mess ups . Could you also please tell me how many points are on my licence and if it is still revoked? I believe the revoke was for the case I have just won on appeal and would believe that DVLA should have been updated to this already, so believe the revoke should not still be in place as the court has now seen the error and corrected this so I should never have been convicted and then you would never have revoked my licence, could you please confirm this by email so I know if I can drive or not and if all the points are off my licence or I still have points on there. I was trying to address all the wrong convictions against my name due to the errors in the MID I have really done

1897,

nothing wrong to lose my driving licence I was insured to drive please see KGM LOI. I do understand that this

will need to come from a court but I am very upset due to everything that has happened when I had paid for me

insurance to drive. I am in fact paying for insurance right now which due to this mess with the KGM insurance and the courts this has caused me to suffer badly when I should not have had to, I am in fact paying for insurance from **2014** to **2015** that I can't even use due to all this mess. So, I am insured but cannot drive. My insurance is not cheap it is costing me around £1600.00 this is not a small amount to be paying yet I cannot drive due to this mess. I do have an appeal date for the case you have dated 26/01/**2015** that is in May **2015**, but I am really suffering here due to all these errors due to the MID database not showing me as being insured. I am trying to address all of these issues and have sent 100's of emails to courts CPS and have even had to file Appeals because the cases have not been addressed correctly by the courts, I have sent my insurance documents to the courts so many times. Even the last appeal case the judge was appalled due to what has happened to me. I also know there is more dates when the courts added points etc to my driving licence and then they were removed due to me proving I was insured. I do have a claim ongoing and need to show how much this has affected my life. These have not been included in your letter, could you please look at my driving record from **2013** to date of all cases that the court added points etc and then they were removed as I need to prove the impact this has had on my life, I also know there were I believe 1 or 2 more times my Licence was revoked and then put back in place due to the court updating DVLA and I do know there is more dates you have not included in your letter. Could you please get back to me by email ASAP to tell me if I am now allowed to drive or if my licence is still revoked due to the errors of the courts and Insurance Company and if any points are still on there? Could you also please confirm everything also in writing, so I do have a letter confirming everything as things are still being addressed also with the courts and there is still one appeal date?

Complaint
I am writing this email due to many problems with a case that has been ongoing for no insurance the old case number was 1402647845 the new case number is 1403116916. The Problem I have been having is not getting a summon this was the 1st thing so did not know a court date and was found guilty when I did not know I was due to attend court. Many emails have been sent including my insurance I had a list of cases due to an insurance policy I had with KGM this insurance did not show up on the MID database and I had my vehicles seized around 9 times when in fact I had paid for my insurance. Then this case happened on the 20/5/**2014** this was on a new policy with a new insurance company please see attached insurance document. The insurance started on the 19/05/**2014** and I believe this is why this one was not showing on the MID on the 20/05/**2014** as it was too short a time. I have sent many emails to the CPS who do not reply but I do get the read replies so I know the emails are getting opened the only reason I got the above emails addresses was due to all the email I was sending to the main CPS and calls I was making one day I was put though to a manager of traffic CPS as I was so upset on the phone to what was going on. I explained all the problems I was having all the calls and emails that were being sent, her name was Emma O'Sullivan please see attached email. The only traffic CPS that have replied was from CO16Mailbox.NorthProsecutionFPN@met.pnn.police.uk
a wonderful lady called Sharon Burns. I have also been sending emails to the court for the above listed case and have been including my insurance policy, I have been getting replies to my emails where I was told to file a statutory declaration which I did for this case on the 02/12/**2014** at Highbury Magistrates Court. When I came out of court, I was told to go to the court office where a lady took all the papers for the statutory declaration including a copy of my insurance papers. I was told I would get a date in the post with a new date hearing. I have been waiting for the date to come but as of, yet I did not get one for this case. I also did not get a date for the other statutory declaration I done on the same date and that case was heard again on the 26/01/**2015** again I was found guilty and was very upset and just filed an appeal which will be heard on the 14/05/**2015** at Harrow crown court. But for the Bromley Magistrates' Court case I not had anything. For the past 4 weeks I been dealing with a lady called Tracey Bullock Administrative Officer, Court Casework1 D9 | DVLA | Swansea | SA99 1AY due to the CPS not getting back to me with what was on my driving licence. today she sent me this over

Now I got very upset as I knew I had filed the statutory declaration for this case and seeing the conviction date this was clearly wrong as I had filed the statutory declaration after this date. I made a call to the court and was told that the statutory declaration filed in error and was closed, so was never reopened. The lady I spoke to said she was going to get the file out and get the right person to call me but give me an update call just to let me know it had been done. I then got a call from a lady called Donna and while on the phone to her the other lady called me from the court to say it had been done. I told her I was on the phone to Donna and she told me that is who I needed to speak to. I was shocked to hear the lady say to me that the case was heard on the 18/12/**2014** and I was found guilty again as I did not turn up, but I have had no letters so how was I meant to show up when I did not know I needed to. But this cannot be right as looking at the information DVLA hold it is the old information to the 1st hearing, as far as I have been told by the court when a statutory declaration is filed the court would have to contact DVLA and remove the old conviction they had on file this has not been done by the court. so how could the case have been heard on the 18/12/**2014**. something is really not right here at all as it is all the old information that DVLA have on file which should have been removed when the statutory declaration was filed on the 02/12/**2014**. I would like this case looked into and set aside and it to be reopened. I would also like the summons sent to me for this case that was meant to have been sent out to me which I have never had and the letter of a hearing for the 18/12/**2014** could this please be sent via email to this email address. Also, if the court is not willing to deal with this could you please give me the right to appeal to the crown court and I will file the correct paperwork to the court. Could it also be made sure that the right CPS get the files and my insurance policy so it can be checked I was in fact insured. And an update as to what will happen as it is very upsetting that I am been found guilty for no insurance when in fact I do pay for my insurance.

Dear Tracey Bullock
Thank you for the email I did in fact get your letter today dated the 09/03/2015
ref: 29597142
I would like to ask if you have had the above update as of yet for the case listed in your letter as 26/11/2014, as noted in your letter. The appeal hearing was heard on the 05/03/2015 and I won my appeal.

So, this case is dealt with please see attached document from the crown court re the appeal hearing but, on their letter, even they have put the date not correct they put the 29/08/2014 as noted that was removed by the court on the 06/10/2014, and I was again found guilty on the 26/11/2014. The appeal was for this date and not the 29/08/2014 as I had already had this date reopened and that was removed. I am contacting the court and asking for a new letter to be sent with the right date on it as this is just a mess.

I have also noted you said that the licence was revoked on the 07/02/2015 by DVLA. Due to all the mess-up with my insurance with KGM from the 2013/2014 and it not showing up on the MID database, there were a list of cases that I did not get a summon for so did not know I had to attend court, and was found guilty due to not attending court, a number of calls have been made to DVLA in regards to this, this is why cases have been reopened due to the mess up with the courts and also appeals put in to the courts due to I could not take no more of the mess ups .

Could you also please tell me how many points are on my licence and if it is still revoked? I believe the revoke was for the case I have just won on appeal and would believe that DVLA should have been updated to this already, so believe the revoke should not still be in place as the court has now seen the error and corrected this so I should never have been convicted and then you would never have revoked my licence, could you please confirm this by email so I know if I can drive or not and if all the points are off my licence or I still have points on there.

I was trying to address all the wrong convictions against my name due to the errors in the MID I have really done nothing wrong to lose my driving licence I was insured to drive please see KGM LOI. I do understand that this will need to come from a court, but I am very upset due to everything that has happened when I had paid for my insurance to drive.

I also know there is more dates when the courts added points etc. to my driving licence and then they were removed due to me proving I was insured. I do have a claim ongoing and need to show how much this has affected my life. These have not been included in your letter, could you please look at my driving record from 2013 to date of all cases that the court added points etc. and then they were removed as I need to prove the impact this has had on my life I also know there were I believe 1 or 2 more times my Licence was revoked and then put back in place due to the court updating DVLA and I do know there is more dates you have not included in your letter.

Could you please get back to me by email ASAP to tell me if I am now allowed to drive or if my licence is still revoked due to the errors of the courts and Insurance Company and if any points are still on there?

Could you also please confirm everything also in writing, so I do have a letter confirming everything as things are still being addressed also with the courts and there is still one appeal date?

Regards

Simon Cordell

Dear Tracey Bullock
Thank you for the reply to my email.
Can you please tell me which case the 20/05/2014 was for and what court dealt with it please and what date it was dealt on by the court as this was not included in your letter and I knew nothing about this case until today so I will have to contact the court who dealt with this and get it addressed, as I was insured.
I know about the date of the 01/01/2014 as this one is going to appeal, please see the appeal date letter attached. This one is going to appeal on the 14/05/2015 at Harrow crown court.
The date of the 14/11/2013 has had the appeal hearing and this was won on the 05/03/2015 which you should have had the information from the court to remove this case from your records.
But I know there were more dates that cases were heard at court and I was found guilty and points were added and then removed since 2013 to date it is these dates I would like included to show the problems I have had when paying for insurance and errors due to it not showing on the MID database as I was in fact insured.
Sorry for the time this is taking it is such a mess as dates was not sent nor summons and I was found guilty when I was insured, I have written so many emails to the courts and CPS but don't get replies all I want is to get all these cases sorted so there is no points on my licence and back to normal.

Dear Mr. Cordell
Thank you for your Email, please see attached letter to the Crown Court to which we are awaiting a reply.
Your driving licence was revoked due to it not being returned for updating with the latest hearing details of the 26/01/2015, however as a gesture of goodwill due to incorrect information being provided by the Crown Court, we will lift this revocation to enable you to drive pending the outcome of your case. In the meantime, you will need to forward your licence to us for updating, we appreciate you are returning to court regarding this offence in May, however by law the information needs to be updated onto your current driving licence until this date.
Should your appeal be successful we will then issue you with a free replacement licence.
In reply to your query regarding the points on your record I can confirm there are 6 points for the IN10 offence of the 20/05/2014 and 6 points for the IN10 offence for the 01/01/2014, however these can be removed when instructed by the Court.
I hope this information will be helpful.

Dear Tracey Bullock
Thank you for the email I did in fact get your letter today dated the 09/03/2015
ref: 29597142
I would like to ask if you have had the above update as of yet for the case listed in your letter as 26/11/2014, as noted in your letter. The appeal hearing was heard on the 05/03/2015 and I won my appeal.

So, this case is dealt with please see attached document from the crown court re the appeal hearing but on their letter even they have put the date not correct they put the 29/08/2014 as noted that was removed by the court on the 06/10/2014, and I was again found guilty on the 26/11/2014. The appeal was for this date and not the 29/08/2014 as I had already had this date reopened and that was removed. I am contacting the court and asking for a new letter to be sent with the right date on it as this is just a mess.
I have also noted you said that the licence was revoked on the 07/02/2015 by DVLA. Due to all the mess-up with my insurance with KGM from the 2013/2014 and it not showing up on the MID database, there were a list of cases that I did not get a summon for so did not know I had to attend court, and was found guilty due to not attending court, a number of calls have been made to DVLA in regards to this, this is why cases have been reopened due to the mess up with the courts and also appeals put in to the courts due to I could not take no more of the mess ups .
Could you also please tell me how many points are on my licence and if it is still revoked? I believe the revoke was for the case I have just won on appeal and would believe that DVLA should have been updated to this already, so believe the revoke should not still be in place as the court has now seen the error and corrected this so I should never have been convicted and then you would never have revoked my licence, could you please confirm this by email so I know if I can drive or not and if all the points are off my licence or I still have points on there.
I was trying to address all the wrong convictions against my name due to the errors in the MID I have really done nothing wrong to lose my driving licence I was insured to drive please see KGM LOI. I do understand that this will need to come from a court, but I am very upset due to everything that has happened when I had paid for my insurance to drive.
644,
I am in fact paying for insurance right now which due to this mess with the KGM insurance and the courts this has caused me to suffer badly when I should not have had to I am in fact paying for insurance from 2014 to 2015 that I can't even use due to all this mess. So, I am insured but cannot drive. My insurance is not cheap it is costing me around £1600.00 this is not a small amount to be paying yet I cannot drive due to this mess.
I do have an appeal date for the case you have dated 26/01/2015 that is in May 2015, but I am really suffering here due to all these errors due to the MID database not showing me as being insured. I am trying to address all of these issues and have sent 100's of emails to courts CPS and have even had to file Appeals because the cases have not been addressed correctly by the courts, I have sent my insurance documents to the courts so many times.
Even the last appeal case the judge was appalled due to what has happened to me.
I also know there is more dates when the courts added points etc. to my driving licence and then they were removed due to me proving I was insured. I do have a claim ongoing and need to show how much this has affected my life. These have not been included in your letter, could you please look at my driving record from 2013 to date of all cases that the court added points etc. and then they were removed as I need to prove the impact this has had on my life, I also know there were I believe 1 or 2 more times my Licence was revoked and then put back in place due to the court updating DVLA and I do know there is more dates you have not included in your letter.
Could you please get back to me by email ASAP to tell me if I am now allowed to drive or if my licence is still revoked due to the errors of the courts and Insurance Company and if any points are still on there?

  Dear Michael
  Please see attached document from Enfield Council. So, Progress Way was used before as you can see from the email below it was 1st used on the 25/03/**2013** so way before 06th 07th 08th June **2014** I also know they are withholding dates back and locations. So, asked for this to go for independent review which I was hoping the data would have been back by now, but I only just got an email today please see attached. I asked for the independent review on the 10/03/**2015** and from that date they have 20 working days to deal with it. I think also the council have got something to answer to here also. maybe they could not go without police to locations at Crown Road when there was a party taking place, but they knew people was living in the said building as their homes. And therefore, could have arranged for someone to attend the building within the weekdays and they could have served a noise abetment order at any time within the time the parties were on going. They do not need a person name to serve a noise abatement order to an occupier. So, what the police are saying about they need a name is untrue and I know this is a fact. Also, the council only say in the last email about one date for a party at Crown Road when clearly you can see from the list there was a lot more of them. Maybe the council were working with the new owner but why was a noise abatement

order never served on the occupiers. I think maybe they need to be asked to attend court as clearly, they are not doing their job in the correct way. But we will see as information comes in maybe you could put a request for data to them as clearly a freedom of information is very limited.

Dear Ms. Cordell,
In terms of the number of events there was one further rave that took place on 25th March **2013** at Progress Way, other than this occurrence I have provided you with the dates and locations of all the illegal raves/parties that are recorded on our database as well as all other data we hold that you requested. The rave on March 25th, 2013 was attended by the Out of Hours Noise Team, assistance was requested from the police but they were unable to help on that occasion. The events at Crown Road were over a period of several weeks not months, during which time we were in regular contact with the new site owners who worked to get the site secured and the power turned off. The Out of Hours Noise Team undertook observations of the noise during the event on May 31st/June 1st but did not visit the party as the team decided that it was unsafe
1913,
to do so due to the nature and location of the event and provided information to the daytime officer who ensured the owners undertook the necessary works. The complaints received on Sunday June 8th were all received after the council's Out of Hours Service had finished at 03:00 and therefore no response was possible. The Out of Hours Team respond to all complaints received but will only visit a premise where it is safe for them to do so and in the case of illegal raves/parties quite often there are officer safety issues which prevent visits at night time during the event, unless police support can be gained. Following illegal raves/parties we do make every effort to get a building secured as soon as possible to prevent the same thing happening again.

Dear Ned Johnson

Thank you for the reply to the freedom of information act I put in. I do however believe there is a lot of data that has been left out, so maybe I need to clarify the data that is being requested. To information is regarding Disused or abandoned buildings or any industrial estates buildings or open-air land. For the dates all of **2013** to date. This would include all data if there were occupiers/squatters in said building/parties/raves. This would include the dates these buildings/Disused or abandoned buildings/ or any industrial estates was first known to the Environment & Street Scene Department.

- All information would cover all wards boundaries for Enfield Council.

Information is also needed for some areas within the Enfield Council borough.

I therefore am asking for an internal review request.

Dear Ms. Cordell,
In terms of the number of events there was one further rave that took place on 25th March **2013** at Progress Way, other than this occurrence I have provided you with the dates and locations of all the illegal raves/parties that are recorded on our database as well as all other data we hold that you requested. The rave on March 25th **2013** was attended by the Out of Hours Noise Team, assistance was requested from the police but they were unable to help on that occasion. The events at Crown Road were over a period of several weeks not months, during which time we were in regular contact with the new site owners who worked to get the site secured and the power turned off. The Out of Hours Noise Team undertook observations of the noise during the event on May 31st/June 1st but did not visit the party as the team decided that it was unsafe to do so due to the nature and location of the event and provided information to the daytime officer who ensured the owners undertook the necessary works. The complaints received on Sunday June 8 were all received after the council's Out of Hours Service had

To Whom It May Concern:
Complaint
I am writing this email due to many problems with a case that has been ongoing for no insurance the old case number was 1402647845 the new case number is 1403116916. The Problem I have been having is not getting a summon this was the 1st thing so did not know a court date and was found guilty when I did not know I was due to attend court. Many emails have been sent including my insurance I had a list of cases due to an insurance policy I had with KGM this insurance did not show up on the MID database and I had my vehicles seized around 9 times when in fact I had paid for my insurance. Then this case happened on the 20/5/**2014** this was on a new policy with a new insurance company please see attached insurance document. The insurance started on the 19/05/**2014** and I believe this is why this one was not showing on the MID on the 20/05/**2014** as it was too short a time. I have sent many emails to the CPS who do not reply but I do get the read replies so I know the emails are getting opened the only reason I got the above emails addresses was due to all the email I was sending to the main CPS and calls I was making one day I was put though to a manager of traffic CPS as I was so upset on the phone to what was going on. I explained all the problems I was having all the calls and emails that were being sent, her name was Emma O'Sullivan please see attached email. The only traffic CPS that has replied was from
mailto: Check front
a wonderful lady called Sharon Burns. I have also been sending emails to the court for the above listed case and have been including my insurance policy, I have been getting replies to my emails where I was told to file a statutory declaration which I did for this case on the 02/12/**2014** at Highbury Magistrates Court. When I came out of court, I was told to go to the court office where a lady took all the papers for the statutory declaration including a copy of my insurance papers. I was told I would get a date in the post with a new date hearing. I have been waiting for the date to come but as of yet I did not get one for this case. I also did not get a date for the other statutory declaration I done on the same date and that case was heard again on the 26/01/**2015** again I was found guilty and was very upset and just filed an appeal which will be heard on the 14/05/**2015** at Harrow crown court. But for the Bromley Magistrates' Court case I not had anything.
1927,
For the past 4 weeks I been dealing with a lady called Tracey Bullock Administrative Officer, Court Casework1 D9 | DVLA | Swansea | SA99 1AY due to the CPS not getting back to me with what was on me driving licence. today she sent me this over
Dear Mr. Cordell
The Court case with the offence date of the 20/05/**2014** is as follows: -
South East London Magistrates' Court
Date of Conviction – 06/11/**2014**
Offence – IN10
Date of Offence – 20/05/**2014**
Fine - £600
Points – 6
South East London Magistrates' Court
Bromley Magistrates' Court
London Road
Bromley

Kent BR1 1RQ
Telephone no - 020 8437 3500
Hope this information is of help to you
Tracey Bullock
Administrative Officer
Court Casework1 D9 | DVLA | Swansea | SA99 1AY
Now I got very upset as I knew I had filed the statutory declaration for this case and seeing the conviction date this was clearly wrong as I had filed the statutory declaration after this date. I made a call to the court and was told that the statutory declaration filed in error and was closed, so was never reopened. The lady I spoke to said she was going to get the file out and get the right person to call me but give me an update call just to let me know it had been done. I then got a call from a lady called Donna and while on the phone to her the other lady called me from the court to say it had been done. I told her I was on the phone to Donna and she told me that is who I needed to speak to. I was shocked to hear the lady say to me that the case was heard on the 18/12/**2014** and I was found guilty again as I did not turn up, but I have had no letters so how was I meant to show up when I did not know I needed to. But this cannot be right as looking at the information DVLA hold it is the old information to the 1st hearing, as far as I have been told by the court when a statutory declaration is filed the court would have to contact DVLA and remove the old conviction they had on file this has not been done by the court. so how could the case have been heard on the 18/12/**2014**. something is really not right here at all as it is all the old information that DVLA have on file which should have been removed when the statutory declaration was filed on the 02/12/**2014**. I would like this case looked into and set aside and it to be reopened. I would also like the summons sent to me for this case that was meant to have been sent out to me which I have never had and the letter of a hearing for the 18/12/**2014** could this please be sent via email to this email
address.

a wonderful lady called Sharon Burns. I have also been sending emails to the court for the above listed case and have been including my insurance policy, I have been getting replies to my emails where I was told to file a statutory declaration which I did for this case on the 02/12/**2014** at Highbury Magistrates Court. When I came out of court, I was told to go to the court office where a lady took all the papers for the statutory declaration including a copy of my insurance papers. I was told I would get a date in the post with a new date hearing. I have been waiting for the date to come but as of yet I did not get one for this case. I also did not get a date for the other statutory declaration I done on the same date and that case was heard again on the 26/01/**2015** again I was found guilty and was very upset and just filed an appeal which will be heard on the 14/05/**2015** at Harrow crown court. But for the Bromley Magistrates' Court case I not had anything. For the past 4 weeks I been dealing with a lady called Tracey Bullock Administrative Officer, Court Casework1
D9 | DVLA | Swansea | SA99 1AY due to the CPS not getting back to me with what was on my driving licence.
today she sent me this over
Dear Mr. Cordell
The Court case with the offence date of the 20/05/**2014** is as follows: -
South East London Magistrates' Court
Date of Conviction – 06/11/**2014**
Offence – IN10
Date of Offence – 20/05/**2014**
Fine - £600
Points – 6
South East London Magistrates' Court
Bromley Magistrates' Court
1941,
London Road

Bromley
Kent BR1 1RQ
Telephone no - 020 8437 3500
Hope this information is of help to you
Tracey Bullock
Administrative Officer
Court Casework1 D9 | DVLA | Swansea | SA99 1AY
Now I got very upset as I knew I had filed the statutory declaration for this case and seeing the conviction date this was clearly wrong as I had filed the statutory declaration after this date. I made a call to the court and was told that the statutory declaration filed in error and was closed, so was never reopened. The lady I spoke to said she was going to get the file out and get the right person to call me but give me an update call just to let me know it had been done. I then got a call from a lady called Donna and while on the phone to her the other lady called me from the court to say it had been done. I told her I was on the phone to Donna and she told me that is who I needed to speak to. I was shocked to hear the lady say to me that the case was heard on the 18/12/**2014** and I was found guilty again as I did not turn up, but I have had no letters so how was I meant to show up when I did not know I needed to. But this cannot be right as looking at the information DVLA hold it is the old information to the 1st hearing, as far as I have been told by the court when a statutory declaration is filed the court would have to contact DVLA and remove the old conviction they had on file this has not been done by the court. so how could the case have been heard on the 18/12/**2014**. something is really not right here at all as it is all the old information that DVLA have on file which should have been removed when the statutory declaration was filed on the 02/12/**2014**. I would like this case looked into and set aside and it to be reopened. I would also like the summons sent to me for this case that was meant to have been sent out to me which I have never had and the letter of a hearing for the 18/12/**2014** could this please be sent via email to this email address. Also, if the court is not willing to deal with this could you please give me the right to appeal to the crown court and I will file the correct paperwork to the court. Could it also be made sure that the right CPS get the files and my insurance policy so it can be checked I was in fact insured. And an update as to what will happen as it is very upsetting that I am been found guilty for no insurance when in fact I do pay for my insurance.
Regards

Sections 63, 64 & 65 of the Act targeted electronic dance music played at raves. The Criminal Justice and Public Order Act empowered police to stop a rave in the open air when a hundred or more people are attending, or where two or more are making preparations for a rave. Section 65 allows any uniformed constable who believes a person is on their way to a rave within a five-mile radius to stop them and direct them away from the area; non-compliant citizens may be subject to a maximum fine not exceeding level 3 on the standard scale (£1 000). The Act got ostensibly, introduced because of the noise and disruption caused by all night parties to nearby residents, and to protect the countryside. It has also got claimed that it introduced to kill a popular youth movement that was taking many drinkers out of town centres, drinking taxable alcohol and into the fields to take untaxed drugs. The number of people attending and organising such an event for it to get deemed as illegal altered in the Anti-Social Behaviour Act 2003 section 58 to cover indoor parties and outdoor parties of over 20 people. It is also a crime if, within 24 hours of being told by a police officer to leave a rave, a

persons can make preparations to attend a rave. More recently, in the United Kingdom, Anti-Social Behaviour Orders (ASBO'S) have been used against unlicensed rave organisers if the police receive repeated complaints about noise and littering from locals.

Dear Josey/Michael
I also forgot to include about the new date that the police have said on the new book they served the date for this is the **23/11/2014** As said in my statement the police went round Simon flat this was between the 22/11/**2014** and the 23/11/**2014** they could not get the code for his main door so went back to the police station got Simon mobile number and called him to get the main code so they could get in. they would not give him any information as to why they needed to speak to him and Simon was not even sure it was the police. As Said in my statement it scared the hell out of Simon and his friend Josh and they left the flat and were stopped by police and this is what they have added to the ASBO. On the 07/03/**2015** I made a call trying to get the CAD numbers for the calls that were made on the 22/11/**2014** and the

23/11/**2014** and they were not able to help me but the CAD for that call is CAD 7115 07/03/**2015** But 2 days ago I did find the CAD number for a call I made on the 23/11/**2014** at 02:04 the CAD for this is CAD 1129 23/11/**2014** when I called to get the other CADs something funny has been done to the CADs as the lady said to me there is a list of CADs I do not want to give you that link to that CAD, I do know a complaint was put in and on the 23/11/**2015** an inspector Slag (I think his name was) called at 1st he spoke to Simon, I was not happy and then called back and the inspector called me back and we spoke for some time. Please also see attached call list from my house phone to police for the date of the 23/11/**2014**. We would like all the CADs linking and the report the inspector took. As I believe on this call, we did not just speak about that night we spoke about a lot of things.

I still have not had a reply to the below email and have not had the paper work sent to me about the public order unit that you sent and as said before I would like to see what data has been asked for to see if there is anything else that would be needed could you please send it over. Could you also tell me if a request for the information we asked for below from Essex police has been sent off yet as we would like that data. and if it has, could you please send what has been written to them.
1950,
I do know Simon has spoken to Michael today and ATM we are writing up a detailed email about the reasons what he would like defined by the court that will be with you over the next few days.

Dear Michael/Josey
I just wanted to get an update as to if any information had come in from the Public Order Unit at Scotland Yard yet. Also, could you please forward me what was sent to them so I can see what data was asked for?
Also, could you please put a request for data into Essex police? This data would be for the date leading up to the 06/06/**2014** for the party called Hippy Fest. We would also need the data for the 06/06/**2014** as to what the police did on this day, which should come back that they sent police helicopters out in the Essex area to find the location of the private party, that police helicopters did find the location and within around 10mins police was at the location. Essex police officer found the person they were looking for and handed a police dispersal order for the people that was there at the location and also an order that he could not setup

within the next 24 hours. We would need a copy of any paperwork served by police on that day. We would need all names of police officer who attended we would also need all information the police noted and any names of person that they took of any people that were there. We would also need the information leading to the police knowing about this party and that should link to the Public Order Unit. Police will never have Simon name on any paperwork they hold, as Simon was never in Essex. And if police used video or anything Simon would not show up on anything as he was never there. Once we have this data, we should be able to prove that in fact it was this party was then moved to Progress Way, Enfield.
Regards
Lorraine

Thank you for sending the email through regarding the court transcript. I'm not sure whether I am able to provide you with a copy, so I have asked the court to clarify this. Once I receive an answer either way, I will update you. Are you in a position to send through Simon's statement?

Dear Jeanette
Thank you for taking the time to come and see us today, as you can see Simon is not great with the police and finds it very hard due to the many things that have gone on in his life due to the police and there is very little trust left for the police with the whole family. I have forwarded you in a copy of the email giving permission for the court to release the transcript to you. Could I ask once you get the transcript from the court would it be possible for us to get a copy of it, please could you let me know if this would be possible or not, if you cannot I will then put a request into the court myself.

Subject: Appeal against conviction for no insurance Regina v. Simon Paul Cordell on 5th March **2015** at Kingston Upon Thames Crown Court
Dear Mr. Wood

I have been instructed by Mr. Simon Paul Cordell and Miss Lorraine Cordell to assist in the appeal against conviction that is due to be heard at Kingston Upon Thames Crown Court on 5th March **2015** at 10am. Miss Cordell has played two recordings that she received from KGM which are pertinent to the appeal but at present as the telephone recordings have not been produced as an exhibit by KGM they will not be admissible at court.
Can you therefore please write a section 9 statement confirming that:
(a) all recording equipment was working correctly
(b) KGM produced two recordings at the request of Ms Lorraine Cordell
(c) Confirmation that the recording of S Cordell call from police 141113 Recording was provided by KGM from their recorded calls and is authentic
(d) Confirmation that the recording between the Car Pound and Kelly Tiller was also provided from
the KGM recorded calls and is authentic
If we are in possession of a section 9 statement producing the recordings, then we will not have to apply to the court for a Third-Party Summons to compel an employee from KGM to attend to produce the recordings. This would be a complete waste of your time when all we require is a section 9 attesting to the recordings being retrieved from the system and exhibited as two separate recordings. If you require assistance with drafting a section 9 statement, then we would be happy to draft it and email it over. We would require the name of the person who retrieved the recordings. the dates that the recordings were retrieved, the dates the recordings relate = to, confirmation that the recordings were sent to Lorraine Cordell by email so that she can produce CDs of the recordings so that they can be played in court and specifically refer to the email containing the recordings so that there is continuity in the chain of evidence. Ideally, we would like KGM to produce the CD's and exhibit them but failing this we will try to get the CPS to agree the CDs as produced from the email of Miss Cordell. We stress that the section in relation to the search and retrieval of the KGM database is essential and critical to ensuring that the chain of evidence is intact. We can serve these recordings on the CPS and the Court so that they are agreed in advance of the Appeal hearing. We thank you in advance for your anticipated cooperation in this matter and hope that we do not have to apply for a Third-party Witness Summons to compel the attendance of a KGM employee at the Appeal on the 5th March **2015**.

Dear Jeanette
Thank you for taking the time to come and see us today, as you can see Simon is not great with the police and finds it very hard due to the many things that have gone on in his life due to the police and there is very little trust left for the police with the whole family. I have forwarded you in a copy of the email giving permission for the court to release the transcript to you. Could I ask once you get the transcript from the court would it be possible for us to get a copy of it, please could you let me know if this would be possible or not, if you cannot I will then put a request into the court myself.

As mentioned earlier I have been trying to obtain a copy of the court transcript from Kingston Crown Court for Simon's appeal. I have been advised that if an email is received from Simon stating he gives permission for the transcript to be sent to me I should be in receipt of it quicker than applying through the judge. Can Simon please send an email to margaretwortco@hotmail.co.uk
stating that he gives permission for a copy of the court transcript relating to his appeal hearing on 5th March **2015** to be released to PC Jeanette Reilly. The email can come from your email address but needs Simon to sign off with his name and clearly state he gives his permission for this request. Thank you for your help

Dear Dawn Allen,
I am writing this email due to not having a reply to my email dated 19/03/**2015** I am having a great deal of problems with my neighbours who live above me; they are not letting me sleep and this is having an effect on my health I asked before if someone could come and speak to me, to address these problems and no one has, I and my mother have made many phone calls about the neighbours above my flat yet nothing is being done. Please can you get back to me as soon as possible in order to set up a meeting at my home so we can address the issues with the neighbours as soon as possible as I cannot live the way I am any longer. There are also still issues with repairs that have not gotten addressed.

Dear Peter
Thank you for the email and I hope you had a great holiday. I am waiting for the police compound to get back to us with the data for the seizers, but they just take so long with everything. There are still court cases for no insurance that are still ongoing there are 2 left where Simon did not get any summons form the court and was found guilty due to not knowing. One is due to be heard in May **2015** and we are waiting for the last date. DVLA have now taken of the ban on the 18/03/**2015** so the insurance my son has been paying for the last year and could not be used due to this can now be used as he can drive now. But there is still the 12 points on his licence due to the other 2 court cases for no insurance DVLA do know the 12 points should not be on there in fact they have also been in contact with the courts they are not happy, but they cannot remove the points until the cases are heard in court. But an update to what happened in court case were the police officer lied was Simon won the case and the judge was very upset at the police officer and put notes that it needed addressing. The complaint is ongoing with the police office that lied, at this time that may take some time as the police officer may be charged. We won't know fully until the Serious Misconduct Investigation Unit Directorate of Professional Standards completes their investigation into what the police officer did and what the crown court judge said as the judge knows he lied to 2 judges and Simon was found guilty when he had done nothing wrong. We had a meeting about this on the 26/03/**2015** but the person dealing with this is waiting for the crown court documents as to what the judge said, we should have the court transcript from Kingston Crown Court just after the Easter holidays. I will keep you updated as to the data you need it's just waiting for it from the police compound as requests had to be made for the data, Simon did try to get the information without the requests but the police was not having it so the request had to be put in for it.

Hi peter
Great to hear you had a good holiday and yes, it is hard to get back into things once you come back from holiday. I was thinking you was aware there were more than one case, there was 1 were the police officer lied, but then due to all the seizers for no insurance I think there was 5 cases where we did not get the summons they went to court and he was found guilty for no insurance as he did not know. We have been dealing with these cases for a while with the courts. The ones we got the summons for was all fine. To me it is silly the way in which the system works it's a waste of tax payer's money, as you would think when he went to the police compound, they would note he did in fact have insurance and then that would be it but nope. 2 have been a nightmare to deal with as the courts did not send dates out the number of emails, I have sent is a joke I have even had to put complaints into the court which really, I should have not needed to do. When I had to get the solicitors involved with the one was the police officer lied, she had to attend my home to get all the data for it. I showed her about the other cases and all the emails she could not believe her eyes and what we were going through she is helping me with the last 2 cases. It really has been a nightmare you would never want to have to deal with this. Simon Driving licence is in a mess that's why I had to get DVLA involved. And the worst part is he was insured did nothing wrong but due to the MID database error has had so many problems I think the worst part is not being able to drive and knowing you should be able to and having to pay for insurance you can't even use, not being able to work due to needing to be able to drive.

Complaint
I am writing this email due to many problems with a case that has been ongoing for no insurance the old case number was 1402647845 the new case number is 1403116916. The Problem I have been having is not getting a summon this was the 1st thing so did not know a court date and was found guilty when I did not know I was due to attend court. Many emails have been sent including my insurance I had a list of cases due to an insurance policy I had with KGM this insurance did not show up on the MID database and I had my vehicles seized around 9 times when in fact I had paid for my insurance. Then this case happened on the 20/5/**2014** this was on a new policy with a new insurance company please see attached insurance document. The insurance started on the 19/05/**2014** and I believe this is why this one was not showing on the MID on the 20/05/**2014** as it was too short a time. I have sent many emails to the CPS who do not reply but I do get the read replies so I know the emails are getting opened the only reason I got the above emails addresses was due to all the email I was sending to the main CPS and calls I was making one day I was put though to a manager of traffic CPS as I was so upset on the phone to what was going on. I explained all the problems I was having all the calls and emails that were being sent, her name was Emma O'Sullivan please see attached email. The only traffic CPS that has replied

Subject: RE: Appeal against conviction for no insurance Regina v. Simon Paul Cordell on **5th March 2015** at Kingston Upon Thames Crown Court
Dear Peter
Thank you for the email and I hope you had a great holiday.
I am waiting for the police compound to get back to us with the data for the seizers, but they just take so long with everything.
There are still court cases for no insurance that are still ongoing there are 2 left where Simon did not get any summons form the court and was found guilty due to not knowing. One is due to be heard in May 2015 and we are waiting for the last date.
DVLA have now taken of the ban on the 18/03/2015 so the insurance my son has been paying for the last year and could not be used due to this can now be used as he can drive now. But there is still the 12 points on his licence due to the other 2 court cases for no insurance DVLA do know the 12 points should not be on there in fact they have also been in contact with the courts they are not happy, but they cannot remove the points until the cases are heard in court.
But an update to what happened in court case were the police officer lied was Simon won the case and the judge was very upset at the police officer and put notes that it needed addressing. The complaint is ongoing with the police office that lied, at this time that may take some time as the police officer may be charged. We won't know fully until the Serious Misconduct Investigation Unit Directorate of Professional Standards completes their investigation into what the police officer did and what the crown court judge said as the judge knows he lied to 2 judges and Simon was found guilty when he had done nothing wrong. We had a meeting about this on the 26/03/2015 but the person dealing with this is waiting for the crown court documents as to what the judge said, we should have the court transcript from Kingston Crown Court just after the Easter holidays.
I will keep you updated as to the data you need it's just waiting for it from the police compound as requests had to be made for the data,
670,
Simon did try to get the information without the requests, but the police was not having it, so the request had to be put in for it.

Regards
Lorraine

Hello Lorraine,
I trust you and Simon are well.
I was wondering if you could update me on what's been happening, please? I would like to make sure there is nothing else we can do and of course to bring this matter to a conclusion if we can.

Subject: Appeal against conviction for no insurance Regina v. Simon Paul Cordell on 5th March 2015 at Kingston Upon Thames Crown Court

Dear Mr. Wood

I have been instructed by Mr. Simon Paul Cordell and Miss Lorraine Cordell to assist in the appeal against conviction that is due to be heard at Kingston Upon Thames Crown Court on 5th March 2015 at 10am.

Miss Cordell has played two recordings that she received from KGM which are pertinent to the appeal but at present as the telephone recordings have not been produced as an exhibit by KGM they will not be admissible at court.

Can you therefore please write a section 9 statement confirming tha**t:**

all recording equipment was working correctly

KGM produced two recordings at the request of Ms Lorraine Cordell

Confirmation that the recording of S Cordell call from police 141113 Recording was provided by KGM from their recorded calls and is authentic

Confirmation that the recording between the Car Pound and Kelly Tiller was also provided from the KGM recorded calls and is authentic

If we are in possession of a section 9 statement producing the recordings, then we will not have to apply to the court for a Third-Party Summons to compel an employee from KGM to attend to produce the recordings. This would be a complete waste of your time when all we require is a section 9 attesting to the recordings being retrieved from the system and exhibited as two separate recordings.

If you require assistance with drafting a section 9 statement, then we would be happy to draft it and email it over. We would require the name of the person who retrieved the recordings. the dates that the recordings were retrieved, the dates the recordings relate to, confirmation that the recordings were sent to Lorraine Cordell by email so that she can produce CDs of the recordings so that they can be played in court and specifically refer to the email containing the recordings so that there is continuity in the chain of evidence. Ideally, we would like KGM to produce the CD's and exhibit them but failing this we will try to get the CPS to agree the CDs as produced from the email of Miss Cordell. We stress that the section in relation to the search and retrieval of the KGM database is essential and critical to ensuring that the chain of evidence is intact.

We can serve these recordings on the CPS and the Court so that they are agreed in advance of the Appeal hearing.

We thank you in advance for your anticipated co-operation in this matter and hope that we do not have to apply for a Third-party Witness Summons to compel the attendance of a KGM employee at the Appeal on the 5th March 2015.

We confirm that Miss Cordell is forwarding an email confirming that we are instructed and authorised to request this information.

673,

Yours faithfully

MICHAEL CARROLL & CO.

676,
when I did not know I was due to attend court.
Many emails have been sent including my insurance I had a list of cases due to an insurance policy I had with KGM this insurance did not show up on the MID database and I had my vehicles seized around 9 times when in fact I had paid for my insurance.
Then this case happened on the 20/5/2014 this was on a new policy with a new insurance company please see attached insurance document. The insurance started on the 19/05/2014 and I believe this is why this one was not showing on the MID on the 20/05/2014 as it was too short a time.
I have sent many emails to the CPS who do not reply but I do get the read replies so I know the emails are getting opened the only reason I got the above emails addresses was due to all the email I was sending to the main CPS and calls I was making one day I was put though to a manager of traffic CPS as I was so upset on the phone to what was going on. I explained all the problems I was having all the calls and emails that were being sent, her name was Emma O'Sullivan please see attached email. The only traffic CPS that have replied was from CO16Mailbox-.NorthProsecutionFPN@met.pnn.police.uk a wonderful lady called Sharon Burns.
I have also been sending emails to the court for the above listed case and have been including my insurance policy, I have been getting replies to my emails were I was told to file a

statutory declaration which I did for this case on the 02/12/2014 at Highbury Magistrates Court.
When I came out of court, I was told to go to the court office where a lady took all the papers for the statutory declaration including a copy of my insurance papers. I was told I would get a date in the post with a new date hearing. I have been waiting for the date to come but as of, yet I did not get one for this case.
I also did not get a date for the other statutory declaration I done on the same date and that case was heard again on the 26/01/2015 again I was found guilty and was very upset and just filed an appeal which will be heard on the 14/05/2015 at Harrow crown court.
But for the Bromley Magistrates' Court case I not had anything.
For the past 4 weeks I been dealing with a lady called Tracey Bullock Administrative Officer, Court Casework1 D9 | DVLA | Swansea | SA99 1AY due to the CPS not getting back to me with what was on my driving licence. today she sent me this over
Dear Mr. Cordell
The Court case with the offence date of the 20/05/2014 is as follows: -
South East London Magistrates' Court
Date of Conviction - 06/11/2014
Offence - IN10
Date of Offence - 20/05/2014
Fine - £600
Points - 6

677,
Now I got very upset as I knew I had filed the statutory declaration for this case and seeing the conviction date this was clearly wrong as I had filed the statutory declaration after this date. I made a call to the court and was told that the statutory declaration filed in error and was closed, so was never reopened. The lady I spoke to said she was going to get the file out and get the right person to call me but give me an update call just to let me know it had been done.
I then got a call from a lady called Donna and while on the phone to her the other lady called me from the court to say it had been done. I told her I was on the phone to Donna and she told me that is who I needed to speak to.
I was shocked to hear the lady say to me that the case was heard on the 18/12/2014 and I was found guilty again as I did not turn up, but I have had no letters so how was I meant to show up when I did not know I needed to. But this cannot be right as looking at the information DVLA hold it is the old information to the 1st hearing, as far as I have been told by the court when a statutory declaration is filed the court would have to contact DVLA and remove the old conviction they had on file this has not been done by the court. so how could the case have been heard on the 18/12/2014. something is really not right here at all as it is all the old information that DVLA have on file which should have been removed when the statutory declaration was filed on the 02/12/2014.
I would like this case looked into and set aside and it to be reopened.

I would also like the summons sent to me for this case that was meant to have been sent out to me which I have never had and the letter of a hearing for the 18/12/2014 could this please be sent via email to this email address.
Also, if the court is not willing to deal with this could you please give me the right to appeal to the crown court and I will file the correct paperwork to the court.
Could it also be made sure that the right CPS get the files and my insurance policy so it can be checked I was in fact insured.
And an update as to what will happen as it is very upsetting that I am been found guilty for no insurance when in fact I do pay for my insurance.
Regards
Lorraine Cordell Simon Cordell

The continual dismay of the kitchen draw being slammed shut or opened either way it got effectually, closed, to then anon after aurally perceive the sharpening of the kitchen utilities knifes to a fictitious extent to make a constructive sense of logic and reason, visible for explication of any benevolent character of themselves with the time need to look after an Adelson in today's word safely!
Victimizing me with intent of utilizing the same reiterated items of the building fixtures to have tortures effects on me within my rented habitation is inequitable living circumstances!
Banging with objects onto the internal main buildings walls and floors, so to dismay surely me and maybe others living close by whom may be present to an extent only worthwhile for the perpetrators munificent glory, In them perpetrators kenning that there deportment would only leave all those getting victimized towards getting left by their wrongful actions as to being put into a state of a noetic health patient and not rightfully with this occurring within mine and their rented or paid for homes!

Morning Lorraine,
Can you please advise when you think the statement will be ready? In the meantime, can Simon please confirm the following are the areas of complaint he wishes to be investigated:
1. PC G lied to the insurance company resulting in his van being seized
2. Unlawful seizure of van
3. Unlawful arrest
4. Forced to sign a ticket for 6 penalty points on driving licence and £300 fine
5. PC G lied in court regarding contents of the van
6. No one recorded a formal complaint at the time of the original incident
Once the heads of complaint have been agreed I can establish which officer/s are involved in each part and investigate accordingly.
Many thanks
Jeanette

Dear Jeanette
Thank you for the update, the statement will be ready in the next few days to send to you it's taken me longer as I was busy dealing with something due to my late mothers' death, as its

going to inquest review and we were only given 5 weeks to get everything in order. There are a lot of emails that was going back and forward to the insurance company since **2013** about this issue, and I do mean a lot as I was trying to get the information from them. Will you need all the emails or just the ones from after Simon was found guilty as that was when I went to the Financial Ombudsman and put a complaint in, this was when the insurance company started to deal with getting me the information needed. Not sure why you would need all the emails as it has already been proven Simon was insured. And was insured on the date of the 14/11/**2013**, yes, the police officer tried to make his insurance void by saying about the tools. But that was corrected when Kelly Tiller got the call from the police compound on the 26/11/**2013**. I'm sure I gave you the Letters of Indemnity from KGM to confirm he was insured. Yes, many hours have gone into proving Simon was innocent by ways of emails trying to get the data and audio from them for the courts.

I was Still Being Victimised by the Already Mentioned: --
On the 11th April a 24-hour assault of cruel inhuman treatment took place against me because I was still being victimised by the already mentioned. Stan and Debra had now breached my human rights on a day to day and night to night basis this was while they were always both drunk together, this got done to an extent off an attempted manslaughter charge that would be in accordance to section 18 of that Act and would also include proof of clear intent for reasons such as; sport and/or "Cruel Inhuman treatment. I know this as I had rapidly, told them all involved that I had not been tricked by their evil banging on the floorboards and walls, even with or without foreign objects being used at different times by them; on numerous instances this contained the use of their feet and hands inclusive of other objects and fixtures. Together they would work in collaboration to maintain a 24-hour assault on myself to get overseen and managed, I continued to defend myself even more and with any extra time of peace that I got given I read into the Anti-Social Behaviour Order Case files I noticed, that these people that created the application were not good police officer's, they were criminals. I needed to safeguard myself from their actions and after contemplating on what would be the best way forward for me and anyone involved, I called the Metropolitan police 999 call centre again to ask for more advice and security and this is a copy of that conversation that got recorded then transcribed.

Intro: Welcome to the Metropolitan police introduction: --
Police Officer: Hello, police officer, what is the reason for calling us.
Simon: hello I would like to put a complaint in, and I was just wondering if you could help me do this, please.
Police Officer; yes, is it a complaint against police?
Simon: yes, that is correct.
Police Officer: yes, I can take the complaint.

Simon: I would like to; can you forward an email to Jane Johnson please?
Police Officer; Jane Johnson.
Simon; yes, superintendent for Edmonton police station the commissioner.
Police Officer; let me just have a look, just one second.
Police Officer; Jane Johnson yep supper chief superintendent
Simon: yes, that is correct.
Police Officer: yes, that is ok, is this complaint that has already got made or is it that you need to make a first one?
Simon: this is just a fresh email to herself it is more of a request than a complaint at the present time but it may turn into an official complaint depending on how she decides to discipline her officers that she represents.
Police Officer; ok.
Police Officer: and that is too Jane Johnson ok go ahead with the continence and I will get the email sent to you.
Simon: my name is a Mr. Simon Paul Cordell.
Police Officer; Paul Cordell
Police Officer; Cordell
Simon: yes, that is correct madam.
Simon; and.
Police Officer; and your contact number 0208-245.
Simon: yes, that is correct.
Police Officer; right go ahead.
Simon; and the issue is of concern that I have her signature at the bottom of an Asbo Order a standalone Asbo Order and there has been a lot of corruption represented in side of it, that she has instructed, a Steve Elsmore too complete an application for an Anti-Social Behaviour Order for the organisation of illegal raves and in that application there are lots of police corruption and foul play where the evidence has gotten manufactured, now I am asking her to oversee her officers that she has instructed to make such an application and then to cheek the time stamps relating to the Cad's and to check the Urn numbers that run consecutively, over an annual year period when they should not, I am asking her to oversee this and to inform me of my case being manufactured and for this it will get dropped or I am calling her, herself to the court as a witness and I will investigate myself against her also for her actions and decisions.
Police Officer; OK.
Simon; to what is allowed to happen, she is basically, the boss of all the police and she is charge of Steve Elsmore, she has told Steve Elsmore to create an application and either she told Steve Elsmore to manufacture the application in such a way and or to falsify information contained within it or she does not know that Steve Elsmore has done that and I would like her to know that Stave has done that and I would like her to decide to whether she is going to suspended him right now and give the case to somebody else to handle or what she will do and I would like her to contact me back at Re_wired@ymail.com as soon as practically, possible.
Simon: I know I was going fast, but did you manage to get the full gist of what I am explaining to you, madam.
Police Officer: yes, I got the jest I made the points for you.
Simon; so, she will contact me back at Re_wired@ymail.com as soon as practically, possible regarding how she will represent this case, because at the present time I am being held captive within my own home because she is not doing her job correctly.
Simon; I have handed in an article six twice now sine this case started in the courts with a complete copy, if she would like to get a copy of the court case she can and contained within

this is a copy of the Article six with all the drafted corruption inside it and also I have handed in three complaints, three official complaints that get issued in the police PNC computer this will also show this information.
Police Officer; OK.
Simon: and if she would like to hold a meeting with me, I would be happy to come to the police station and show her the evidence I have.
Simon: either she is a part of the corruption or she is separate from the corruption and for her to be separate she must do her job correctly, and this must mean that I am not being held captive in my own home.
Police Officer; ok.
Simon: to laws that do not even exist.
Police Officer; right ok.
Police Officer; what I will do for you right now Simon is getting this email sent over to her right now, please can you confirm your email address again Re_wired@ymail.com.
Simon; thank you.
Police Officer; ok good buy.
Simon: you have a good day.
