2016,
I know they are not going to want to give us the data this is why we need to keep on their backs this way the judge can be shown how many times data has been asked for. It has been a worry the last times in court as they have said nothing was asked for at some points, even on the 10/03/**2015** they even said the request for the public order unit information was only asked for on the 28/02/**2015** when we have been asking since **2014** for this information to be asked for, they said that's the only things that had been asked for and this is worrying, and is not helping Simon heath at all. Every time it's gone to court the barristers have said its down to Simon heath that things have not been done, Josey this is not the case Simon has been to every meeting and done the things he has be asked to do. If we have to keep taking it back to court to get the information, then that is what is going to have to be done. Simon is not well enough to leave this. I was thinking if we did not have the information from the police to take it back to court next week if this can be done. Please can you get back to me with an update and send over the details of what has been asked for. This is all making me ill, my heath as you know is not great already and I have many problems. I am not just dealing with this case for Simon and what the police have done to him over many years which you are aware of how Simon has been treated by the police. He is really not great also in his heath due to what the police are doing and now has totally locked himself away he don't go out from his flat anymore as he thinks the police are going to kill him, I am trying to deal with this by way of him getting everything for his business, but due to what Michael said to him he will not open it up, and the sections of the ASBO really need to be defined so he can try and carry on with something as I am running out of things to tell him that needs to be done as this is the only way to keep him claim. I got Tyrone and what the police done to him in Jan **2015** and trying to deal with all his hospital dates. I also got the appeal for Simon no insurance on the 14/05/**2015** and there will be one other date also. I got 2 complaints running with the police. And on top of that I got what happened to my mum and trying to deal with all the write ups for that as the coroner is taking it to a per inquest review on the 30/04/**2015** and everything is really getting on top of me and I am really stressed. I also got to look forward to 2 operations at the same hospital my mother passed away in, and that is stressing me out I need to try and keep on top of things as I know the 2 operations will need to be done earlier not later and I trying to fit everything around dates and things that need to be done. Please can you get back to me with an update about the information for the ASBO case and the below emails.

Dear Jeanette
I am sorry I have not been in contact with Simon Statement but as said in an earlier email we heard from the coroner office and they are doing an inquest review on the 30/04/**2015** which was very short notice to get everything ready for this hearing, as said I been dealing with getting all my late mothers files in order to be able to deal with this which has taken me some time, I am still chancing her bloods and other things and as this means a lot to the whole family due to the way my late mother passed away my time has been spent dealing with this. We have had to wait since **2013** for this complaint to even be looked at and my son has had to suffer the wait until he proved what the police had done. There is a number of issues with this complaint we want addressed which you know, I do not feel it was correct of you to pre write Simon statement and think he would just sign it when he had not even talked to you about the complaint. If you had wished you could have taken a statement from him in the meeting which would have taken some hours but you choose not to do this, I am sure a person is meant to be there when a statement is taken by the police as it has to be what they have said. I am also still waiting for an email from the crown court with the transcript which you said the crown court would send to my email, can you tell me if you have been sent this yet also. If you have not got this is there any update to this. The statement is ready I spent the last few days writing it up when I should have been dealing with issues related to my late mother, I should have that over to you today or tomorrow in the morning. I am just waiting for Simon to say everything is correct in it and then he will sign it.
2022,
Could you please let me know you have this email and that you will in fact wait till you get the statement before handing this over? I am very busy as I still have not got everything done for the inquest review and only have a few days in order to get anything done for this also.
Regards
Lorraine

STATEMENT OF SIMON CORDELL AS REQUESTED BY THE METROPOLITAN POLICE/
Page Numbers: 249,250,251,252,253
STATEMENT OF WITNESS
(C.J. Act 1967, S2,9. M.C. Rules 1968 R58)
STATEMENT OF: Simon Cordell
AGE OF WITNESS (if over 21): 34
OCCUPATION OF WITNESS: Unemployed
ADDRESS: 109 Burncroft Avenue, Enfield, Middlesex, EN3 7JQ TELEPHONE:
This statement consisting of 5 page(s) each signed by me, is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution if I have wilfully stated in it anything which I know to be false or do not believe to be true.
Dated the 29 day of April 2015
Signed Signature Witnessed
I am providing this statement to the Metropolitan Police Department of Professional Standards to outline my complaint regarding an incident that took place on 14th November **2013** at Brixton Hill SW2.
Throughout this statement I will refer to my vehicle which is a Ford Transit van registration CX52 JRZ. My insurance for this van is held through a broker of KGM insurance called Broadsure Direct and the following people were spoken to at some stage during this whole incident, Martin Jenkins, Jessica and Kelly Tiller along with a lot of emails to other people and calls.
My insurance policy is a Motor Trade; cover was Comprehensive with the use permitted of Social Domestic and Pleasure and for Motor Trade purposes. For clarity I would advise that Motor Trade use would allow the carriage of tools required specifically for use in connection

with Motor Trade activities. I would not be insured to use my van for the carriage of goods for any company.
On the day in question, I was in possession of my insurance documents.
On 14th November **2013** I was driving my van in order to attend a meeting with the owner of an up-and-coming night club for a prospective future job.
On driving along Brixton Hill I noticed some police on the side of the road stopping cars, I passed the 1st set of police and was not stopped, I then passed a 2nd set of police on the roadside and was not stopped, as I passed the 2nd set of police at the roadside I was around 200 yards to the place I was going to the meeting, I then pulled over parked my vehicle up just in front of them and waited in my van, while my friend got out to get something to eat and drink for us, we had got there around 13:00 hours and the meeting was set for 14:00 hours.
A police officer approached my van and said he wanted to conduct some checks on the vehicle under the Road Traffic Act. I now know this officer to be PC Geoghegan.
PC Geoghegan asked why I had stopped and I explained to him I had a meeting in the night club that we were outside, as it was due to open to the public in around 1-month time for a prospective future job as a manager of the night club. While I was there I
was also planning on asking if there were any jobs for Dean and that was the reason Dean had come with me, I explained all this to PC Geoghegan.
I knew there was an issue with the Motor Insurance Bureau and showing my vehicles as uninsured as I have encountered this problem before, and this is why I carry my insurance documents with me. I passed the police officer my insurance documents for him to check.
Signed
Witnessed By
250,
I then called my insurance company as I keep their number on me as it is not shown on my insurance documents. So that PC Geoghegan could check I was insured to drive, He spoke to Martin Jerkins from Broadsure Direct and was told I was insured PC Geoghegan did not say anything about any tools in my van to Martin Jerkins from Broadsure Direct.
PC Geoghegan did not seem happy with this; it was at this point PC Geoghegan called my insurance company again directly I overheard PC Geoghegan say I had tools in my van. Which I was upset about as I knew there were no tools in the van; PC Geoghegan had not searched my van so would not have known anything that was in my van.
By this time a second officer had now joined us, and I started talking to him and explaining the situation as to what was going on PC Geoghegan was still on the phone to the insurance company. I asked the second officer to check my van to see if there were tools in there, the second officer did this and saw my van had nothing in there.
I believe it was the 2nd officer that saw the business card at the front of my van but it is a very long time ago so I am not 100% sure, I know I spoke to the officer about the business card and told him they were made up for Dean to try and get him some work. The police officer I am sure put the business card into his own wallet to keep for himself.
PC Geoghegan then came back to me and told me I was not insured and due to this was going to seize my Van due to me using it for business use. PC Geoghegan also must have overheard me, and the other police officer talking and made a comment about the business card, I told him they were made up for Dean to try and find him work.
I was upset and called my mother to ask her to call my insurance company, Martin Jerkins called me back and again confirmed I was insured and confirmed that with the PC Geoghegan which he took no notice of.
My mother also called me back and she asked to speak to the police officer. PC Geoghegan would not speak to her, but the other police officer there spoke to my mother. This police

officer did confirm there were no tools in the van to my mother. There was more than one calls my mother made that day to me and spoke with the other police officer as each time PC Geoghegan would not talk to her, each time she was told by the other police officer there were no tools in my van.
PC Geoghegan did not appear to be satisfied with the fact I was insured from the start, and wanted to use anything he could think of to say I was not insured, to made up I had tools in my van knowing this would void my insurance by saying there were tools in my van when there was not, he would have known what my insurance coved as he had my insurance documents. All PC Geoghegan was saying that I was using my van for work purposes but he knew this was not the case. I told him this was not the case and I was in the location for a meeting prospective future job as a manager of the night club.
I told PC Geoghegan to look inside the van to check for any working tools which he did not do, the van was empty.
PC Geoghegan asked why I had paint on my jeans, and I explained to him that I did not have the money to buy a new pair and this is why I was looking for work. I asked the officer to go into the building where I was due to have a meeting and confirm that I was not there to work but the officer refused.
I am aware that my insurance allows me to drive to a meeting as long as I am not carrying any goods for a company which I was not, and this could clearly be seen as my van was empty.
PC Geoghegan did not listen to anything I had to say, and I believe he was looking for any reason to either arrest me or seize my van from the start.
I asked PC Geoghegan to call an inspector to the roadside as I was really not happy with what was going on.
The inspector turned up very fast and also did not listen to what I had to say and only believe what PC Geoghegan had to say. The inspector did not check the van for any tools and told me if I did not agree with what PC Geoghegan had said then I could have my say and take it to court. I believe if the inspector had addressed the issues at the roadside, he would have seen there was something clearly wrong. This is his duty to do this, but he done nothing and allowed PC Geoghegan to do what he wanted knowing he did not have facts to do what he was doing, the inspector then left.
PC Geoghegan asked me to sign a ticket in order to give me 6 points on my driving licence, a £300 fine and for my van to be seized. I refused to sign the ticket as I knew I was insured so I told the officer to arrest me. I was subsequently arrested and taken to Southwark Police Station.
I was on the phone to my mother throughout this incident and the second officer, PC Smith I believe his name is, spoke to my mother and confirmed to her the van was empty.
Once at the Police Station I was told to sign the ticket, or I would be taken directly to court the next morning. I told them I was willing to attend court as I had done nothing wrong. I was forced to sign the ticket and made to leave the station. I asked to speak to an Inspector as I wished to complain about the incident, but the Inspector told me as the officers were from Brixton there was
Signed
Witnessed By
251,
little he could do but he would get an Inspector from Brixton to call me so I could make a formal complaint. I have not been contacted by an Inspector and I do not feel as though my situation has been taken seriously by the police.
The seizure of my van has caused me a number of problems and cost me a lot of money.

Due to PC Geoghegan informing my insurance company I had tools in my van and was doing odd jobs I received a letter to say they were cancelling my insurance policy. I was told I would need proof there were no tools in the van.
My mother and I were making a lot of calls to the police and later my mother spoke to Inspector Sally Browne, my mother was told that the police officers were now off duty until next week and I would not be able to speak to them anyway. She said that she was going to look into the matter and get back to my mother the next day which she did. It was at this point Inspector Sally Browne told my mother as we were taking the matter to court it would be for the Judge to decide on an outcome.
There were many calls to try and find the proof I needed to stop my insurance company cancelling my insurance policy. On the last call made to 101 my mother spoke to a lady that did give her some information that could help me that the police compound my van was taken to would hold a list of any items that was in my van when it was seized by the police.
Over that weekend my mother sent emails to the police compound trying to find out the information. She got read replies back but no reply to what was being asked these emails were also forwarded to my insurance company.
On the 25 November **2013** my mother called Broadsure Direct to ask for the emails to be forwarded to Kelly Tiller at KGM and ask her if she could try and get hold of the compound and get the information. My insurance was due to be cancelled at 12:00 on the 25 November **2013**, again KGM had to extended my insurance as she also could not get the information from the police compound, and in an email, I was asked to go to the police compound and get them to call Kelly Tiller and if they could not do this put a subject access request in for the information for my insurance company.
On 26th November **2013** I attended the police compound and the manager placed a call to Kelly Tiller at KGM confirming there were no tools in the van. He said if there had been any in the van when it arrived, they would have been locked away securely. Kelly Tiller requested a copy of the item list but the manager told her she would need to request this in the correct way.
I had to pay £190.00 to recover my van along with travel costs to and from the car police compound more than once to address this issue.
My mother was also trying to get all the information from KGM including the audio of the calls, she put subject access requests into KGM, but KGM was not getting back to her, there were a lot of emails sent back and forward.
In April **2014** I got a summons to go to court for this case I sent the plea form by email on the 22/05/**2014** pleading not guilty for this case. Case number 011401009802 it said in the letter if I was pleading not guilty, I would get a letter with a date for me to go to court.
I am waiting for the letter with the date which I did not get and later found out I had been found guilty due to me not attending. Emails were sent to get the case re opened which did happen.
In this time my mother was still trying to get the information from KGM and the audio for the court hearing but was not having any luck with KGM doing what they should have done.
On the 26th November **2014** at Wimbledon magistrates court, the case was heard, PC Geoghegan was there and under oath told the court false information, even when the judge asked about tools being in the Van PC Geoghegan lied and said he could not remember, why could he not remember because he had not written this in his statement the true facts so in his statement were lies. I did not at this stage have the information from KGM that would prove that PC Geoghegan was lying and was found guilty given a ban from driving, points on my driving license and a fine. The judge did say as he knew I was going to appeal if I was found guilty, that he would wait until I filled the appeal form so I went out of court filled in the appeal then went back into court and the judge granted the appeal, The judge also give me

some advice that if I did not have the information I needed by the time the appeal date came from my insurance company, to go to the crown court and ask them to do a summon on the people I needed from my insurance company.
I was very upset over the way the police officer had lied under oath to the judge and the next day my mother called Broadsure Direct and spoke to Martin Jenkins he wrote an email to KGM and got a reply back that an Andrew Austin was going to deal with this matter directly. My mother sent over to Martin Jenkins what was needed including again the subject access request from
KGM.
My mother also put a complaint into Financial Ombudsman about what had been going on and the way in which the insurance company had been dealing with this.
Signed

252,
On the 30/01/**2015** my mother got by email from KGM Peter Wood the audio files for the 14/11/**2013** and the 26/11/**2013**, an email that was sent from the police compound to Kelly Tiller, and a Letter of Indemnity. The Letter of Indemnity had to be corrected as my mother wanted all the facts covered correctly the new Letter of Indemnity was sent on the 02/02/1015 by Peter Wood. We got the full subject access request from KGM at a later date. And on the 09/01/**2015** we got a witness statement from Peter Wood.
I had to get a barrister also as this time I did not want anything to go wrong and for me to be found guilty again when I had done nothing wrong.
The appeal hearing was on the 05/03/**2015** at Kingston Upon Thames Crown Court where PC Geoghegan again lied to the judge in court. But this time we had the Audio and a barrister. The judge was not happy with what PC Geoghegan did, it was also noted by the court that there was no notebook, PC Geoghegan statement was not correct and was only a copy and not dated and also the seizer ticket had been lost. The judge ordered the police officer out of his court room and not to leave the court building.
I won my appeal Upon Thames Crown Court on the 05/03/**2015**, this case has caused me a lot of problems that took over 1 year to address and correct due to what the PC Geoghegan did that day. He should never had lied and put me under the stress this case has caused me, if KGM did not record the phone calls I could be on a ban from driving and points on my license and had a fine to deal with this should never had happened.
There are a number of issues I wish to be addressed for my complaint as follows:
• Areas of complaint.
PC G blatantly lied to the insurance company resulting in his van being seized with a cost of £190.00 to get it out of the police compound and having to go up and down the compound to proof to his insurance he did not have any tools in the van, his insurance company was going to cancel his insurance policy that a lot of money had been paid PC G tried to void his insurance which I believe is corrupt and improper practice of any police officer.
Unlawful seizure of van which cost £190.00 to get it out.
Unlawful arrest I should never have been arrested as I had not done anything wrong, I believe this is Unlawful Imprisonment as he used false information knowing it to be false to arrest me.
Forced to sign a ticket for 6 penalty points on driving license and £300 fine, on top of this I was later found guilty in a court and banned from driving I believe over a £700.00 fine and points on his driving license all because PC G lied.
The inspector that came to roadside due to my son asking did not do his job as if he did, he would have seen there were in fact no tools in the van and this issue could have then been

addressed. But the inspector failed in his duties to do his job, as he only wanted to hear what PC G had to say and not the real facts of the case about what his PC G did.
PC G blatantly lied in his statement he wrote about the events of that day he knew what he had told the insurance company yet failed to put this in his statement as he knew he had blatantly lied this is not a thing he could have forgot to add in his statement a few hours after the fact when he was meant to have written the statement, which he later used in court knowing they were not true facts.
I have never seen PC G notebook but do believe he wrote in a book at the roadside. I would like a copy of his notebook where he recorded the name and information when he spoke to my insurance KGM.
PC G blatantly lied in the magistrate's court to the judge with the intention of gaining a conviction and perverting the Course of Justice regarding contents of the van and also Perjury, which Simon was then found guilty, banned from driving, fined and points added to his license.
PC G blatantly lied in the Crown court to the judge at the appeal hearing with the intention of keeping the conviction the magistrate's court judge had passed, and perverting the Course of Justice, and also Perjury but was found out due to us having the audio from KGM which in fact showed the judge what the police officer had done; my son won his appeal due to this.
No one recorded a formal complaint at the time of the original incident when Simon waited at the police station and filed one after he was arrested and released from the police station.

I want my complaint to be fully investigated and taken seriously and I am willing to cooperate with the police throughout this investigation.

Dear Dawn Allen
I have been sending you so many emails yet I am getting no reply nothing is being done, my son is having so many issues with the neighbours he has asked for help yet nothing is being done. My son went up to the neighbours and asked if they would please stop banging all the time, and about the water issues with the pipes banging, very, badly, in his flat, but they are still doing it and will not stop, people who also have been in my son's flat have also heard what is going on, even they are saying they don't know how he is coping with this. On the top floor, they have wooden flooring this does not help and can something please get done. The lady that lives at 113 is also causing a great deal of problems and she keeps coming to my front door asking for money to buy a drink, she is also banging very, badly, and my son's health is suffering due to this, I don't know why you have not replied to my emails and are just leaving things when we are asking for help, you are the council officer for my son's area please can this get addressed.
Regards

To Whom It May Concern:
I am writing this email due to a case for using a vehicle without insurance that was heard at Harrow Crown Court on the 14 May 2015 Case Number A20150049 the appeal against conviction was allowed. Please see attached document from the court
When I was found guilty for this case at Willesden Magistrates' Court the case numbers were 011403134612 and the old case number to that was 011401596899.
When I was found guilty at Willesden Magistrates' Court, I was given
Fine £600.00
Victim surcharge £60.00
Licence endorsed: 6 penalty points
I am not sure who is to address the points being removed from my driving licence and the Victim surcharge £60.00 therefore could someone please explain if I need to do anything for this.
Also, the fine of £600.00 the court arranged this to be taken out of my benefits each week. this is still being taken out I have today made a call to find out what I can do to get this stopped to Willesden court and got cut of the phone. Also, I called the fines people up who are collecting this fine and it is still being collected.
Could someone please get the fine to be stopped being taken out of my benefits and also the money they have collected from this fine which I believe started in Aug 2014 to be paid back to me. I am not sure even how it would be paid back to me as it has been taken direct from my benefit which has made me suffer when I did nothing wrong and did in fact have insurance, could someone get back to me if I need to deal with anything to get this fine stopped being taken and also the money that has been taken paid back to me..

Dear Josey
Please see attached letter from CPS I made a mistake the other day thinking it was the court. But how funny after me sending Simon insurance to them about 100 and them finding him guilty 3 times at Willesden mag court they are now saying oh you have insurance we will not be opposing the Appeal. What a waste of money and time.
I should think this will mean Simon does not need to attend court thank god but I will call the court to check I just called them and they say he will still need to attend can you check if that is correct for me please.

Dear Mr. Simon Cordell
I am writing at your request and this is a letter for your records. When you attended the sexual health clinic on the 8th May **2015** with your partner, you explained that you were upset. You explained that you had no symptoms of herpes in the mouth area or in the genital area. You had attended in November **2014** and had requested to have serology done for herpes simplex Type 1 and type 2 although you have shown no symptoms; the serology results show that you have antibodies to herpes simplex virus Type 1. I explained that this result means that you have been exposed to both viruses, but it is not possible for us to tell whether you have oral or genital herpes as you have had no symptoms and the blood test does not tell us where the virus is, I explained that the blood test results suggest that you are a carrier of herpes simplex virus. I want too again apologise to you that you have felt that the way you were informed about the results of the test was not-ideal and that you felt that you could not access any support following the diagnosis. If you need further support with this issue, you can ring for an appointment or attend our walk-in service.
Thank you.
Yours Sincerely,
Dr; Wai Ching Loke
Consultant in Genitourinary Medicine

To Whom It May Concern:
I am writing this email due to a case for using a vehicle without insurance that was heard at Harrow Crown Court on the 14 May **2015** Case Number A**2015**0049 the appeal against conviction was allowed. Please see attached document from the court When I was found guilty for this case at Willesden Magistrates' Court the case numbers were 011403134612 and the old case number to that was 011401596899. When I was found guilty at Willesden Magistrates' Court, I was given Fine £600.00 Victim surcharge £60.00 Licence endorsed: 6 penalty points I am not sure who is to address the points being removed from my driving licence and the Victim surcharge £60.00 therefore could someone please explain if I need to do anything for this. Also, the fine of £600.00 the court arranged this to be taken out of my benefits each week. this is still being taken out I have today made a call to find out what I can do to get this stopped to Willesden court and got cut of the phone. Also, I called the fines people up who are collecting this fine and it is still being collected. Could someone please get the fine to be stopped being taken out of my benefits and also the money they have collected from this fine which I believe started in Aug **2014** to be paid back to me. I am not sure even how it would be paid back to me as it has been taken direct from my benefit which has made me suffer when I did nothing wrong and did in fact have insurance, could someone get back to me if I need to deal with anything to get this fine stopped being taken and also the money that has been taken paid back to me.

Victimizing me with intent of using the same repeated items of the building fixtures to have tortures effects in my rented living circumstances!
Reckless unprofessional behaviour!
At all times the stationery duties of the Enfield Council and the Enfield Homes must get taken to the utmost of importance but I continue to get stressed-out by the way they treat me unequal, all I want is a nice home to live in that I can work hard for to save and buy!
The government official kept putting me down by not doing their jobs correctly and or efficiently!

Summary!

I feel Ashamed of the way the responsible people have left me to feel!

Please note that the conference has been arranged for Tuesday 9th June **2015** at 12pm at the above address. The nearest tube station is Holborn on the Central Line and the Chambers address is only a 2-minute walk away. I have emailed Andrew Locke to ask him to confirm what documents he wants to use during the full hearing. Can you please confirm the following? Katie's full name, address and email so that a statement can be obtained from her and served on the prosecution Likewise, in relation to the 24th and 25th May bank statements confirming food purchase or failing that statement from the person who bought the food, how the food was paid for and if there is a bank statement confirming the audit trail this also needs to be produced in the original format. Both of the above are live issues from the conference with Hayley on 12th February **2015**. I will email over a copy of a letter that I am proposing sending to Angela Bishop at the Directorate of Legal Services. I will of course want Andrew Locke to approve this letter and the information requested as I do not want to alert the prosecution to good points that we may have in cross examination. You will note when Simon's statement was served this triggered additional statement dealing with potential loopholes we were hoping to exploit. This is why decisions based on legal procedure should be left to Andrew Locke who is the trial advocate as any knee jerk decisions can have an impact on his effectiveness in court. Any further queries please do not hesitate to contact me.

My son and also, I have tried to talk to the neighbours which have done nothing they still keep on. My son health is st1ffering due to what has been ongoing for a long time. We have tried to get help from the council as if the council speaks to them maybe they will stop what they are doing. I also went to 117 but I believe they were not at home so did not speak to them about the issues. I went to Debbie at 113 to try and talk to her but she just started to shout at me through the door. I did try and say to her through the door could she let me speak but she was just screaming at me so I went back down to my son flat the banging is very bad and you can clearly hear they are doing this is not just so1neone living their life as no1mal people would. You can even hear her following my son around in his flat banging; he does not even want to take a bath because he can hear her above him banging on the floor. Yet she still keeps coming down to my son door asking him for money to buy drinks my son has told her could she please leave him alone and stop coming to his door and to please stop following him around and banging on the floor and pipes but this has not helped she just acts like nothing is going on. Debbie has now started to go to my other neighbours at 111 and they are drinking and now 111 is also banging. I don't know if it is due to Debbie liking my son and when he and his partner ended in Mid-2013 She was hoping something would come of this, as this is the time when she started to come to my son flat door a lot more. when my son was with his partner, she used to co1ne to his door maybe once a week for money but after they ended, she was coming down more and more she even was trying to give my son drink, he does not drink so would not accept it. She was also writing my son letters and putting them through his door, the letters are not really readable. The main problem with Debbie seemed to start when she came to 1ny son's front door and saw a girl in his flat she saw the girl on more than once and I think this upset her. Since this time things have got worse and worse and my son's health is really suffering. Please cam something be done as we really do not know what to do any longer, if you cannot do anything about the neighbours in the block can you please see if you can move my son as he cannot take any 1nore, he needs to be able to rest and sleep which at this time it is impossible, this is unfair what is going on to my son's health. 00:00 Issues in **2014** I come in and I was given information over the phone.
00:05 No, we are just a booking line, we are not medically trained or we don't give any advice or information.
00:11 So, who does.
00:11 You can come in to the walk in clinic and speak to the nurse
00:16 and speak to the nurse. You won't give me no advice or nothing on the phone.
00:17 Err, because we.
00:17 Can you not go into my note histories and tell me a report that was given to me please?
00:22 Sorry.
00:22 Can you go into the notes and tell me the last time I attended the clinic please?
00:30 What is your date of birth
00:32 26 of the first from 1981.
00:33 One minute.
00:33 what is the date.
00:39 pardon? 26 of the first 1981.
00:41 What is your surname.
00:41 my surname name is Cordell
00:55 Oh is this Simon.
00:57 Yes, that's correct. It's Simon. I have a few issues. Yeah. Of concern. I was trying to raise with yourselves. Um, do you have the dates that I actually attended the clinic on? Please?
01:10 I will give you the date of when you came to the clinic. That is all I can do.
01:14 two times. I come to the clinic.
01:19 You came here in February. 10th of February
01:21 Feb the 10th and, who did I see?
01:26 Yeah. You come, um, you visited, or clinic err in February. [inaudible].
01:41 Who did I actually speak to.
01:41 No sorry this is not our clinic, this is some other place that you went to.
01:43 pardon?
01:44 No, just leave it with me. I'm just trying to find out, when did you last come.
01:47 OK, thank you.
01:47 [inaudible]. I need some help
02:36 Hello.
02:55 [inaudible]. We don't know its payment for it [inaudible].
02:57 Oh, sorry. I can't give you any information because we don't know. Who is on the other end of the phone? You have to come to the clinic.
03:05 Can I speak to you for a second? I come to the clinic in **2014** I come to the clinic and I, and I asked if they would do the blood tests for HSV1 and HSV2. Yeah, and they explained to me that they do not really do these test results for certain people and I

forced that I asked them to do them because I had been accused or something. Yeah. They done the blood test on the phone, um they done the blood test. A couple of months later a woman phoned me back and she, a couple of weeks later and on the phone, I don't know who she was, she was a receptionist and that's who I would like to find out who this person is. Her name. Yeah. She gave me misleading information on the phone and told me that I basically, I basically had HSV1 and I had HSV2 in my blood.
03:46 As I say, what happens in the clinic we do not have that information. This is just a booking line
03:51 Yes. Well, so what is the, I've spoken to people on this line before and these people gave me the information before
03:55 You just whatever clinic you went you just go there and ask them I won't be able to help you that way I just book appointments.
04:01 Who is the, so you can't tell me who, who is the manager of the department right now.
04:06 We have not got any manager today? Here?
04:08 You haven't got a manager so who oversees all of the lock up who holds the keys, who does.
04:10 This is just a booking line.
04:10 And what is the actual line to actually speak to the reception?
04:19 Because I would like to receptionist. She told me that I can't kiss nobody, or I can't have not done anything with nobody else. When I attend, I felt, she never called me in for a consultation a couple of months later I felt I was suicidal when I've been suicidal for what she had told me. I attended the clinic because I sat down with my mother and my mother explained to me.
04:39 Okay. No point in telling me all this because I wouldn't be able to, say anything to this.
04:46 But there must be a manager or somebody who can tell me the doctor that I see or the person that works?
04:50 No, I don't have access to all that information. I, this is just the clinic booking line. I don't have access to anything. If you can speak to the nurse.
05:00 but there is other phone numbers that I can actually phone.
05:03 Okay. which clinic do you want evergreen or town clinic?
05:08 I want Evergreen.
05:08 OK I will give you its 0208.
05:08 0208.
05:08 702.
05:08 702.
05:08 5760.
05:08 5760.
05:08 You can't today as there is no clinic you can phone tomorrow
05:08 What it's not open today, is it not?
05:27 No it is not Thursday there is no clinic in Edmonton
05:27 Okay. Well thank you for your time
05:28 and you don't have no notes. do you have notes on the computers of letters that have been sent to me?
05:31 No, we, only have the bookings we just do the bookings. We don't have access to any, who is seeing you or nothing.
05:39 Okay, well you have a good day madam thank you.

00:19 Hello, [inaudible] good afternoon.
00:20 Hello, is this evergreen sexual clinic?
00:25 yes it is.
00:25 I was wondering if you could help me. Um, in February I attended the clinic. Well, just before February I attended the clinic and I had attended a few times before. I never really had a problem. I'd load the checks and never had a problem. On one occasion I attended the clinic and I'd been informed by a partner that I was with that there was a chance that I might have had HSV1 HSV2, which is herpes.
00:48 Okay.
00:49 Now, what actually happened is I, I asked for a blood test to be done and evergreen surgery explained to me that they don't normally do blood tests in regards to herpes,
00:58 Yes.
00:58 but I was quite, I was quite distressed about being accused of such allegations. So, I asked the, I asked the clinic, they would do, do this for me. Yeah.
01:07 hmm.
01:07 They agreed to do it and they'd done the blood test. A couple of months later I received a phone call back off of a woman. Now, this woman explained, she explained to me that I, I tested positive for HSV1 HSV2 and I asked a general question as any other person would. I believe it might even be yourself that I actually spoke to who actually phoned me. Am I correct in thinking that?
01:31 I'm not so sure because it is normally another person that does the results
01:37 Okay. Well, what actually happened is she phoned me and after her telling me I tested positive. Like I basically,
01:44 And this was a blood test.
01:44 yeah, it was a black woman. Yeah, that's correct.
01:53 No, no it was a blood test.
01:53 it was a what.
01:53 it was, was it a blood test.
01:53 a black woman.
01:53 Yeah. Blood test year a blood test,
01:54 year.
01:54 I forced the blood test. Yeah,
01:58 OK.
01:58 because I never had no symptoms.
01:59 [inaudible] there dead

01:59 I never had no symptoms. At the same time, I never had no understand into what HSV1 was. I thought HSV1 was like If I let somebody else's blood touch my blood, I might destroy their life. And I was working in community halls with lots of children. I was working in local parks,
02:16 hmm, hmm.
02:16 so I was so, I was left in a bad way thinking I can't even work with children anymore, let alone have children year. After I spoke.
02:23 [inaudible] there dead
02:23 this woman and I asked this woman on the phone that informed me if I can have sexual contact with any other person.
02:29 She told me, no, I can't kiss another person, and she told me I can't have sex with another person. so, I said to her if I wear if I wear a condom, can I still have sex with my partner? She said, no, there's still a chance that you will give that to your partner. wearing a condom.
02:43 [inaudible]. there dead
02:43 So I was so upset. So, I put the phone down. I thought my life was over. I tried to hang myself and kill myself. It took me months to repair myself. Yeah. I've sat down at my mum's bed at the end of my mum's bed one day and I was so upset like what had happened and I was like, practically at the stage where I was ready to kill myself because of what I had been informed and the way that I had been informed and she explained to me, hasn't my mother asked me, didn't you get called in for a consultation of such form.
03:08 Hmm,
03:08 or given no protection?
03:10 Hmm, hmm.
03:10 I was like, no. Funny enough, I never got given a consultation. I never got given protection. So, I arranged another meeting with the clinic, and I come and I see a doctor, Chung wing, I believe her name is Chung Wang or something.
03:20 Oh no, no, no, no. I'm that is the consultant here. That's what our consultant is called
03:24 You had a consultant. Now in meeting a consultant. And I brought another witness with me because I was quite concerned for the, for the, for how the company, how Evergreen had actually run it, run itself. And how it actually contacted me and told me this information. In getting to the office, I looked into the files and I looked at my own blood tests results.
03:44 Hmm, hmm.
03:44 And it says it suggest I may be a carrier, not that I am a carrier, It said that it suggests. Now, this woman misinformed me. So, what I asked Mrs. Chung to do was to write me a letter explaining that, explaining that I was misinformed on the phone. She did write me this letter and I; I have a copy of the letter and it says, I'm sorry that you were informed. Informed incorrectly. Yeah, but it doesn't really go into detail to who the person was that informed me incorrectly and how she did it.
04:15 Hmm, hmm.
04:15 And how she did inform me incorrectly.
04:16 **There Dead**
04:17 It wasn't as conclusive as I wish it could be. Now I'm still left in a state of confusion even to this date now because that letter contradicts itself in three places. It says that there, might still be a chance of me giving it to somebody there might be this, but on the bottom hand it says that it suggests I may be a carrier. I'm a very confused person.
04:37 I still feel very.
04:38 [inaudible].

04:38 suicidal because of the advice that has been given to me.
04:42 Year.
04:42 and I've, and I've read and I've learned from a lot of places now and I understand I should never have been informed in such a way and I should have been called in for a consultation. I'm at a stage where I want to put prosecute. I want to put a proper complaint in, in regard to this.
04:55 Hmm, hmm.
04:55 and.
04:55 **There Dead.**
04:55 I'd like to know who the person actually that gives the results out to people is because.
04:59 **There Dead.**
04:59 this destroyed my life still today Now.
05:01 I still don't know how I feel. I don't even want to talk to other people anymore. I won't even say hello to another person anymore because of it let alone work in a community hall with all the children, I've got emails and me having to ask my community hall questions that I should have been informed by yourselves.
05:16 Like, am I safe working around children anymore? I've had to write, I had to write to my secretaries and things like that. I've got all the correspondence. I'm asking other people the advice that I should've been given by yourselves or by other representatives of your company. I was wondering if I can find out the person's name, if I can get re sent out a copy of the letter that was wrote by Miss. Chung so, I can have another copy of that please And I would ask and I would like Miss Chung to re go over what she's wrote and see how contradicting is and how that could lead.
05:47 I think what I would suggest is, um, what's this? We would, um, what do you have worries in the compliant, isn't it? And the other, is I don't know what, what's happening at the moment. I don't know about the letter. If you want, you can see our consultant Um, we have, um, Doctor [inaudible] is not in the clinic, Um, she's, oh leave. So, it, it's another consultant that is on the clinic.
06:14 Yeah. Can I see another consult and arrange another meeting with another person then?
06:17 Year, you can hmm,
06:17 Can I actually find out what my blood tests were actually, because from reading now,
06:24 I'm not really sure. I think what you have to do is when you see the consultant, I'm going to speak to him. When you see the consultant, then they can check everything. because obviously we don't have your file here.
06:33 Yeah. What blood tests were actually taken on the [inaudible]. Well, can I,
06:38 Year because I will not know.
06:38 Can I arrange that meeting for as soon as practically possible then please so that I can resolve these issues.
06:45 [inaudible] will have to inform office. I will have to speak to our consultants on because, um, our newsroom, I don't, I'm not so sure. Um, was this when he is available, but, um, let me get your name and then I'm going to let you hang.
06:58 UR, OK.
06:58 Ur, hang on for a while.
06:59 Okay.
07:00 What is your name.
07:00 Mr. Simon Cordell, C.O.R.D.E.L.L.

07:08 And what is your date of birth.
07:08 26, the first 1981.
07:13 26th of the 1st.
07:13 of the 1st 1981?
07:16 January, year.
07:16 Yes, that's correct Madam.
07:17 Okay. And um, your mobile number?
07:20 Um, I can be contacted on 02082457454.
07:32 I'm going to have to see if our consultant is available at the moment because she, he is in the clinic. If not, I'm going to. Um, let you hang on for a while. Let me just have a look. Yeah.
07:43 Okay. That's perfect. Thank you. Thank you for your help. Okay. Okay.
08:10 Hi.
08:59 Hello?
08:59 Hello. Yeah, he's still, with what is it a patient at the moment and they're doing I think a procedure. So, um, they told me I have to wait, so what I'm going to do. Have you been able to talk to Andy Locke yet to set up a meeting at your office Simon is asking me every day to see if I have heard anything as there is only 7 weeks left until it is due in court? Have you heard anything from the crown yet about the application you put in.?
Also, could you send me over the work that has been done on the file, so I can see what has been asked for and see if anything has been left what needs to be asked for please?
Simon said he told Michael that Katie did not want to do a statement as she really does not like courts even when she goes with Simon, she hates it and it makes her really scared. He also said he told Michael about the food was paid for in cash and that he does not have a receipt for this, Simon did think he paid for this by his card but that was not the case as he has checked with his bank. He does know what food shop he went to and he was with a girl, but he no longer talks to her. Not sure why Michael has not updated the file to show this.

Dear Josey
2066,
Thank you for the phone call today to let me know the meeting needed to be re-arranged, as said to you on the phone the last days have been a nightmare with Simon as he knew the meeting was in Holborn, As said on the phone this morning is there any way to arrange the meeting at your office getting Simon out of his flat to your office will be so much easier on me as it is only at Tottenham then trying to get him to Holborn. He really thinks the police are going to kill him and his heath is getting worse, even his GP is worried about him and was trying to get Simon to go for a meeting with him for him to get him some help. Simon won't go to see a doctor. So, if you can keep this in mind when re booking the meeting with the barrister, I would be grateful, as I really don't think I am going to be able to get him to Holborn as that is in the Centre of London and all the police in London has guns well most of them.

Andrew Locke sends his apologies, but a warned list case has come in tomorrow and he will be in court. I need to rearrange tomorrow's conference. I was at court all day and my battery died so I have just accessed my messages. I will call first thing in the morning to re-arrange and get back to you.

Further to my recent statements in relation to Simon CORDELL and my ASBO application, I wish to add the following information.
It is mentioned that Lorraine CORDELL has spoken to a Police Officer called Val TANNER regarding raves and her son.
I have spoken to A/DS Val TANNER who has confirmed that Lorraine CORDELL has contacted their unit in the past. A/DS TANNER works in the Public Order Investigation unit and states that she deals with Post Event Investigation involving large scale demonstrations. She said that her unit had assisted in June 2014, with regards to the Croydon Rave (Operation Blue Iris) due to the large scale of the investigation but have very little to do with Raves as a whole.
A/DS TANNER states that she has inputted a Crimint regarding a Rave that was due to take place on 19th July 2014 in Barking. This rave was due to be at one location but was due to be moved to another location which had not been disclosed. A/DS TANNER states that she has had no involvement with Simon CORDELL and any Raves within The London Borough of Enfield. She confirms that she has spoken to Lorraine CORDELL but has not provided her with any information in relation to her son or Raves within Enfield.

In relation to the number of calls made to Police and the number made to the council noise team. Usually over the weekends the Council provides two of their officers on duty' to deal with out of hour's noise nuisance calls This is for the whole • >:' the London Borough of Enfield. It would be my view that the majority of caller's first point of contact would be

Police, rather than the Council. In most cases Police, would refer the caller to the out of hour's noise team at the relevant council. However, in the case of a Rave, Police would not continue to advise this every time as Police would investigate. Both Police and Council would both be well aware of the situation.
I am obviously aware through my dealings with this case that Simon CORDELL has said he is a member of the committee at Kempe Hall. I am aware that Kempe Hall has recently been taken back into the possession of Enfield Council due to the way that it was being run. Gang members were regularly attending the venue and causing issues. On 18th March 2015, officers conducted a search of the grounds of Kempe Hall and found was a firearm. These incidents amongst others have resulted in the hall being closed for the time being. Since the interim Anti-Social Behaviour Order has been made there has been a huge decrease in the number of Raves reported within the London Borough of Enfield. Simon CORDELL has seemed to keep a very low profile. 1 have checked Police systems and Simon CORDELL has hardly been sighted since the Interim Anti-Social Behaviour Order was continued in March 2015.
Should others be involved in the illegal Rave scene within the Borough of Enfield then I confirm that Police will actively pursue them within the constraints of the law.

  The funfair being present: --
  July **2014** is around the time of the funfair being present in the local park attached to our housing estate; date.
  I had gotten locked in my flat wrongly, for one year for the gazebo case and an additional six months for the interim order by this stage of my life and thought that time I got assaulted by my neighbours, Stain Debra and the Mathiyalagan Markandu and friends, they together mentioned had been banging so loud at me, that it seemed as if in they were trying to get other involved who live on my estate, by way of making them believe that they were better than me and that I am the worst of society. Luckily, other people than the ones already involved on my estate did not get involved neither did their loved ones, so when the funfair arrived in the local park ajar from our housing estate it seemed as if in they would bang louder hoping for them to get involved by coming to my home address, I believe that it is lucky that this did not happen, I had prevented any bad misfortunes from happening and brought the welder for my security gate and then reinstated the gate commission of use.

1 Mother to the Enfield Council: Dawn Allen Neighbourhood Watch Team / Please can you help this cannot carry on Mr Simon Cordell / **Time** 21:13 – "Dear Dawn Allen, I do not understand why all my phone calls and emails are not getting addressed, I tried and so has my son, we have been making calls all the time to get something done and I have sent a lot of emails including a complaint email dated 01/07/2015 which I still have had no reply to. My son and I also tried to talk to the neighbours which have done nothing they still keep on. My son health is suffering due to what has been ongoing for a long time. We tried to get help from the council as if the council speaks to them, maybe they will stop what they are doing, I also attended to 117 but I believe they were not at home so did not speak to them about the issues. I attended to Debbie at 113 to talk to her, but she shouted at me through the door. I tried and say to her through the door could she let me speak, but she was just screaming at me so I went back down to my son flat the banging is terrible and you can clearly hear they are doing this is not just someone living their life as normal people would. You can even hear her following my son around in his flat banging; If he does not even want to take a bath because he can hear her above, him banging on the floor. Yet she still keeps coming down to my son door asking him for money to buy drinks my son has told her could she please leave him alone and stop coming to his door and to please stop following him around and banging on the floor and pipes but this has not helped she acts like nothing is going on. Debbie has now gone to my other neighbours at 111 and they are drinking and now 111 is also banging. I don't know if it is due to Debbie liking my son and when he and his partner ended in Mid-2013 she was hoping something would come of this as she came to my son's flat door a lot more. when my son was with his partner, she used to come to his door maybe once a week for money, but after they ended, she was coming down more and more she even was trying to give my son drink, he does not drink so would not accept it. She was also writing my son letters and putting them through his door, the letters are not readable. The main problem with

Debbie seemed to start when she came to my son's front door and saw a girl in his flat, she saw the girl on more than once and I think this upset her. Since this time things got worse and worse and my son's health is suffering. Please cam something gets done as we really, do not know what to do any longer, if you can do nothing about the neighbours in the block can you please see if you can move my son as he cannot take any more, he needs to rest and sleep which is impossible, this is unfair what is going on to my son's health. Please can you reply to this email as you have not done to any of my other emails or calls or the calls my son has made regarding this issue which I do not understand why."

Hi mother this is what you and Dave has asked for I believe. I would like to have something like this at the top of the Business directory web page under the menu bar.
http://codecanyon.net/item/jquery-goal-thermometer/6358236,
with room underneath it for an editable text with say 3 pictures. The donation centre to be in the left-hand side bar, where you would normally, show the advertisements. I would like it if no one can sign up, unless clicking on the donate button, which I would like to say support. I would like it for an editable percentage, to go to the raised amount.

I do have an issue as everything about what the police have been doing to my family over the last 18+ years was only said on phone calls and very limited information the family is at breaking point and my older son Simon Cordell is not coping at all due to what is going on. There is a setup case the police put on him last Sep **2015** for an ASBO which the police know full well he has not done. this case is at court for full hearing on the 3rd and 4th August **2015**. We know full well the public order unit at Scotland yard holds information that proves my son has not done what the police are saying he has; we have asked for this information yet have not been given it. Also, his PNC record is not correct, and the police will not do anything about it, with around 8 errors that should not be on his record. and I have the proof of this. there is 2 complaints in with the Serious Misconduct Investigation Unit (SMIU2A) Directorate of Professional Standards one for Tyrone Benjamin and one for Simon Cordell Simon Cordell one is due to a police officer lying at both the magistrates court where my son

was found guilty for something he had not done due to the police officer lying, and also on appeal at the crown court the crown court judge over tuned the guilty and my son won the appeal. There is so much more that has happened and all due to how much the police hate my family; we cannot take no more as a family and something has to be done to stop what the police are doing. No one could understand what the family has put up with over the last 18+ years, to write it all down would take forever but I am trying to be doing this. and we do keep the records. My kids are mixed race and I know part of the treatment is due to this.

Subject: Re: Update
Dear Kate Osamor,
I am writing this email as Andy Love was dealing with a matter for my son's Tyrone Benjamin and Simon Cordell and the police. The last time I spoke to anyone they were still waiting to hear back from the police this was in May **2015**. I
have not had any contact or update about this matter and I feel very let down by our MP. I was on the understanding that due to Andy Love leaving you would have taken up the case. Could you get back to me with an update, if you need any more information you can contact me via this email.
Regards
Lorraine Cordell

Andy / Lorraine
Please see attached additional statement and index to bundles. Andy, I have asked Lorraine to compile a list of raves / illegal parties that she has located on Facebook and the internet to counter what PC Elsmore is saying in his statement. She has compiled a folder of events / raves / illegal parties that PC Elsmore can be asked about. PC Elsmore has made reference to

a reduction in raves on Enfield this may be a way of limiting the term of the ASBO should it be imposed. What is very bizarre to me of the fact that no statement has been produced by Val Tanner and a statement should have been produced and she should specifically comment on her knowledge of Simon Cordell, if any in the organisation of illegal raves. PC Elsmore should be asked to produce the emails he sent to DS Tanner and the terms of reference.
Kindly acknowledge safe receipt.
Yours sincerely
Josephine Ward

Asbo Trial Date Magistrates Court
This is the Day at Court for the trial of the Anti-Social Behaviour Order Case and the Verdict got made Guilty against me in error!
On the 03 & 04/08/**2015** at the Highbury Corner Court the Asbo trial case, got said to be part proven on the 04th 08/**2015**. On this date of trial, I never got found guilty in my opinion, and others, such as my mother and barrister under true and fair Acts of law under the grounds of the application that the prosecution had brought into motion, but somehow, I seemed to have received a punishment, so I travelled home and looked into the case files even more than I

had beforehand as I knew that I had not committed the crimes that I was being accused of. I noticed the following to be wrong and in clear error: -

1.

2.

They got all the law's and do not use them right: -

I had noticed the governing officials as explained thought growing up, but this finally, became a growing concern when reading the Anti-Social Behaviour Order application that got said to get served on me under the law, to which I disputed from the start of the proceedings, at first, in the Anti-Social Behaviour Order case I had not noticed a lot of fraudulent inconsistencies contained, in its folder, right until I had noticed the time stamps were in error and this was because I understood that I had never committed the crimes or public offence I was being questioned and accused of on the days that the police brought proceedings in motion towards.

continued that sometime around mid-**September 2016, one** of the Defendant's neighbours reported that the Defendant confronted him outside his block as he was going to the local park and started to shout abuse and threats at him and said to him "I can get you over at the park, I know you go for a walk". 18. On **28th June 2017,** the Defendant confronted Mr Mathiyalagan's wife as she was leaving the block at **11:45am,** swore at her, shouted abuse and accused her of making noise inside her flat. He said to her that he knows all her personal details and that of her husband including their full names, date of birth, phone numbers and bank details. The Defendant demanded that they pay him some money and asked her to tell Mr Mathiyalagan to come and see him.

19. On **2nd July 2017,** Mr Mathiyalagan reported that the Defendant confronted him with his dog barking and without a lead as he was going out with his family at

5:18pm and asked him when he was going to hand over the money. He also reported that as they left the block, the Defendant ran after them swearing and shouting abuse and demanded that he must pay him money if he wants him to leave him alone. The Defendant also said to him that he has all their personal details. A report of the incident is at page 40 of the case history.

20. Case history notes exhibited at pages 41-46 show reports of similar aggressive and intimidating behaviour displayed to Mr Mathiyalagan was being experienced by another tenant who wishes to remain anonymous because of fear of reprisal from the Defendant.

21. Similarly, further case notes exhibited at pages 47-52 show that another tenant **who wishes to remain anonymous** was being subjected to the Defendant's antisocial behaviour. She had to be moved from the block because of the harassment from the Defendant and because **she suffered from mental health problems** and was particularly vulnerable and unable to deal with the threats and harassment from the Defendant.

22. On **7th February 2017,** the Defendant approached the leaseholder of 117 Bumcroft Avenue and his plumber outside the block as they were attempting to resolve low water pressure issues affecting the flat. The Defendant informed the leaseholder that there were problems between him and his tenants but did not give specific details. The leaseholder explained to the Defendant that his tenants were experiencing low water pressure in their flat and that they were trying to fix the problem. The Defendant said to the leaseholder, "you will not resolve the problem as I am restricting their water supply". The leaseholder later asked the Defendant to increase the water pressure and the Defendant stated, "I cannot do anything at the moment, I will sort it out later". A report of this incident is at page 55 of the exhibit bundle.

23. On **24th February 2017,** the Claimants officers Sarah Fletcher and Steve Kirk attended the Defendant's property following reports of low water pressure in the

flats above his. While inside his flat they noticed that the Defendant have installed a metal security gate inside his front door. It also appeared that the Defendant may have removed the wall between his kitchen and living room thereby creating an open plan living space. A copy of the file note is pages 56-57 of the exhibit bundle.

24. On **8th May 2017,** the Claimant's officers, Ms Fletcher, a Neighbourhood officer who has since left the Council and Mr Steve Stirk, a surveyor visited the Defendant's block of flats following reports of low water pressure to flats 109, 113 and 117 Bumcroft Avenue. While the Claimant's officers were outside flat 113, the Defendant came up to them and started to complain about his perceived victimization by his neighbours, the police and the council. While the Defendant was talking to the officers, Mr Mathiyalagan came down the stairs and the Defendant said to him, "I'm going to the police station now with my evidence about you and I'm going to ruin your life". A file note of this report is exhibited at page 58 of the exhibit bundle and an email from Steve Stirk is at page 59.

25. On **14th May 2017,** yet another neighbour who wishes to remain anonymous reported that the Defendant aggressively banged on her door, shouted abuse and threats at her and falsely accused her of making noise and coming into his flat to attack him. The neighbour stated that the Defendant later followed her to her car as she was leaving the block shouting abuse and wanting to know where she was going. The neighbour also reported that the Defendant allowed his dog to roam freely in the communal area of the block without a lead. A file note of the report is at page 60 of the exhibit bundle LN1.

26. On **28th May 2017,** the Defendant was issued with a first instance Harassment letter by the police following allegations of harassment and threatening behaviour made to the police by his neighbour. A copy of the letter and the PC's statement are at pages 61-62 of the exhibit bundle LN1.

27. On **12th July 2017,** Mr Neville Gray, the Claimants repairs surveyor attended the Defendant's flat to investigate reports of low water pressure to the flats above the Defendant's flat but the Defendant refused him access. Mr Neville Gray attended the

Defendant's flat again at about 5:39pm following reports from the leaseholder of flat 117 Burncroft House that the water supply had stopped completely, but the Defendant also refused him access. The Defendant later shouted abuse and swear words at Mr. Gray and would not allow him to approach his car. Mr. Gray has provided a witness statement in relation to this incident.

A. The Defendant is in breach of the following conditions of his tenancy agreement.

B. **Condition 10** - "You must not act in any way which causes, or is likely to cause, a nuisance or annoyance or is anti-social."

C. **Condition 21** - "You must not abuse, harass, make offensive comments and/or malicious allegations, use or threaten to use violence against any of our officers or agents, or against a councillor. This applies at any time and in any place. We may report the matter.to the Police".

G. **Condition 53 -** "You must keep the inside of the property, the fixtures and fittings and glass in the property in good repair during the tenancy"

I have corresponded with the Defendant regarding the reports of anti-social behaviour made against him by his neighbours and invited him to meetings with his mother Lorraine Cordell, but he declined to attend. Letters were sent to him on **29th November 2016** inviting him for a meeting on **6th December 2016, 31st**

30.1 have enquired with the Mental Health Team whether the Defendant is currently known to the team and was informed that he is no longer under their care.

2. The Claimant's operatives have had difficulties in accessing the Defendant's flat to inspect the state of the property and the unauthorised works and modifications which the Defendant is purported to have carried out without a written consent from the Claimant. The Claimant has also been unable to check whether the Defendant Is restricting water supply/pressure to the properties above his since **December 2016.** The Defendant has admitted to restricting the water supply but has refused to allow the Claimant's maintenance operatives access to his property to investigate and rectify the problem.

3. The Defendant has intimidated the residents in the entire block and because of his behaviour, we have received numerous complaints from residents, requests to be transferred from the block and we have had to move a vulnerable tenant from the block.

4. I have made attempts to engage with the Defendant, but he has not been cooperative and has continuously displayed abusive and threatening behaviour towards the Claimant's members of staff and his neighbours. A Notice of Seeking Possession has been served on him and possession action is being considered. However, in the meantime, this injunction is required to ensure that the other residents are not subjected to further intimidation and harassment by the Defendant. This application is being made without notice because if the Defendant were given notice, he would intimidate the witnesses in an attempt to prevent the order being made.

Dear Ms Cordell,

Re: Mr Simon Cordell -109 Burncroft Avenue - COM 1885.

I write with reference to your letters of complaint dated **24th November 2016** copies of which were received via email on **24th November 2016**, **5th December 2016** and **8th December 2016.**

I will respond to the issues you raised as follows.

1. Anti-Social Behaviour Order

We are aware that the police applied for an Anti-Social Behaviour Order (ASBO) which was granted on **4th August 2015** against your son in relation to activities that cations away from Burncroft Avenue. We are aware that your son is appealing against the ASBO and we are therefore unable to comment further.

2. CCTV

We can confirm that a letter was sent to your son by Sarah Fletcher, Neighbourhood Officer on **18th November 2016** giving him until **25th November 2016 to** remove the CCTV that he had installed on the internal communal door leading to flats 109 and 111 Burncroft Avenue and facing towards the main door of the block. We can also confirm that another letter was sent to him on **29th November 2016** by Lemmy Nwabuisi, Anti-Social

Behaviour Officer in relation to complaints received from your son's neighbours concerning the CCTV. This matter

concerns a breach of tenancy conditions and will be addressed separately from this complaint.

3. Allegations of Anti-Social Behaviour

You referred to alleged issues that your son was having with his neighbours; however, you' did not specify which neighbours and or provide a specific time frame when these complaints were made. We have checked our records since **4h August 2015** and found two records of telephone complaints received from your son. One on **20h August 2015** and again on **26h January 2016** which related to noise and the issues he was having with a neighbour. These concerns were dealt with at the time by relevant officers.

We note your comment that your son has been a tenant for many years and that there have been no complaints about him until the publication of the ASBO against him on **4th August 2015**. However, our records show that since your son's tenancy began on 14th August 2006, there has been at least one previous complaint against your son from another neighbour prior to the ASBO.

We are aware of the alleged incident that happened on **4th October 2016** as this was reported to us and this will be addressed separately as part of ongoing Anti-Social Behaviour investigations.

We note your comments regarding the police and must advise that you take up any issues with the Independent Police Complaints Commission. We also note your comment regarding an alleged incident on **14th August 2016.** This was not reported to the Council and should be a matter for the police. We note your comment that your son is scared to go home due to the alleged issues with his neighbours.

Regarding the allegations of ASB against your son and the issues regarding his dog, we note your comment that you do not think it is justified to attend the meeting with Lemmy Nwabuisi prior to your formal complaint being addressed. We note your comment that you have been advised by a solicitor to wait for the SAR. We also note your comments

in relation to the letter sent by Lemmy Nwabuisi on **29th November 2016** regarding reports of anti-social behaviour made against your son by his neighbours and that you will address these once the SAR is received. Please note that these allegations are serious breaches of tenancy conditions and will be addressed separately as part of an ongoing investigation. We have attempted to meet with your son to discuss the allegations made against him and give him the opportunity to respond. It is important that these issues are addressed, and another meeting will be arranged to facilitate this in due course.

- **Subject Access Request (SAR)**

The SAR that you have submitted is being responded to separately in accordance with required timescales.

- **Communications**

We are aware that you left messages for Sarah Fletcher on three occasions between 16 and **21 November 2016** and she was not available at these times. We confirm that she spoke directly with Mr Simon Cordell by telephone on **22nd November 2016.**

- **Housing Options**

As a single resident living in a one-bedroom property, the Council considers that your; son is suitably housed. We do not have sufficient evidence in relation to your son's allegations of anti-social behaviour against his neighbours to be able to refer him for a transfer on the housing register.

He can make an online application himself to be placed on the housing register by visiting the Council Housing pages of the Enfield Council website at www.enfield.Gov.uk. His eligibility for transfer will then be assessed by the Housing Options team in accordance with Council policy and they will advise whether his application is accepted.

Alternative options to move are available to him through the mutual exchange scheme, where tenants are able to swap their home with another tenant, and the fresh start scheme, where tenants can be supported in moving to a private rented home. Could you please send me over all the papers to Simon's Asbo case I have been asking for so?
2083,
long now and it has never been done. Also, can you please tell me about how I go about doing an appeal for this case. And send me the notes from Andy Locke for the trial.
Could this be done as soon as possible?
Regards
Lorraine

To whom it my Concern:
Complaint
I am writing this email about the re the below email and also the attached file.
I have been on incapacity/income support for many years now on the highest rate due to illness.
In April **2013** council tax changed their rules and a 19.5% needed to be paid unless exempt from this change.
As you will be aware the DWP has been in the process of changing everyone that was getting the old benefit incapacity benefit to the new benefit ESA, this should have all been completed by now, but due to things going wrong there is still people on incapacity that have not been moved over yet to the new Benefit ESA.
I am one of these people, but once they move me over, I will be in the support group of ESAs.
I have called the DWP many times and they cannot give me a timeline of the changeover.

Under the new rules I would be exempt from the 19.5% council tax, it is not my fault the DWP are not working fast enough to move people over the new benefits.
I would like to know the full policy for this and has this been taken into account when working out the new policies.
Surely if my benefits are still under the old policy, I should still be exempt.
Regards
Simon Cordell

This is an innovation of my privacy!
Loud and aggressive banging in the bathroom got worse and this got achieved by slamming objects on to the floor with evil intent of criminal actions!
Jumping on the floor above me when I am studying
113 and 117 woke me up straight after I feel to sleep by attacking me on purpose by stamping and dropping articles above my head!
Stain has now banged on the kitchen wall for weeks at a time with intent of victimising me on a full 24-hour assault!
A full investigation is supposed to take place within the first stages of my complaints once the Enfield Councils and the Enfield Homes got put in receipt of the emergency issues, I claim about but they keep on failing me!
There is also the issue of the lack of security due to old and un Morden-fitted main communal external door systems, so as living tenant to be able to see who comes in and out of the building, the locking system is faded on the buttons and any person can make out the entry code not having a security front door causes problems with security for the block of flats this issue and the mould on the walls and ceilings me unneeded stress inclusive of the heating and sound issues I have raised with them!

The Asbo's Wrong Verdict Got advertised in the Newspapers While I awaited my appeal!
The newspapers.
Mutable Newspaper Articles were published with wrongful claims that I got given an Asbo under the applicant's case, stating Man given ASBO for organising illegal raves (From Enfield Independent.) Do you hate things in life?
In any similar way, to what I do?
When people do not say sorry?
In return for this happening to me, I ended up feeling like a leprechaun which had got robbed and was therefore without his pot of gold. While looking into the court case paperwork, when at my home address one day, trying to study, so that I could defend myself, I remember a different occasion, when I was looking at the local newspaper, while trying to get my head around all the banging that I got induced towards from members of my neighbours. When reading the paper, I noticed a copy of an article that got contained in my local Newspaper. What I read was about my person and was unjustified to get printed as a true and fair description of the truth events. In fact, it got worse than unjustified as it was incorrect information that slandered my character. The published articles in the newspapers that had gotten copied from the metropolitan police website and were in regards to the Anti-Social Behaviour Order application that the police had been pursuing in court against me, they stated that I got given an Anti-Social Behaviour Order for organizing illegal raves. The case

against me for the Anti-Social Behaviour Order regarding “the organization of illegal raves” never got proven, correctly, and this is because the judge could not find any illegal accept, that I the defendant was guilty of, as the application claimed to be for, but somehow, some way even low wrong in law the district judge sitting the court found me guilty of acting in an antisocial way. In the newspapers it stated the following also: — “Cordell is well-known for organizing illegal raves in Enfield and across London.” I have never got arrested for anything that nature mentioned, so find this to be untrue and in other words, this would be a lie inclusive as since I had never arrested, I got so upset that my address got put into the metropolitan police website as I had requested and received a copy of the court transcripts of the day of the trail which prove that I am right, so had set the wheels in motion for the appeal proceedings. This led to the real problems I had to get worse and get out of control; I understood that members of my neighbours and members of the police made me suffer towards. My life got turned upside down as a figure of speech, by my name getting darkened and put into all the local newspapers stating that I had got found guilty for illegal raves when the judge clearly stated that no illegality got proved. A full assault took place against me by members of my neighbours and I was looking for a solution to the problems. The stress that has accumulated because of the problems in this document that I highlighted in any readers' vision are Unfair to have taken place against me and the problems being of such a high level of importance is of even further relevance to how this case should not have got dealt with.

The Newspaper Articles: --
After the Newspaper articles got wrongly, published I noticed that Debbie's attitude and Stains had really, changed against me for the worst, and this includes the Mati lagan family and this reminded me of the stories I had heard before of wild tales of evil witches and evil sources, but I never felt as if they were true till the adults around me turned evil towards me, the weird thing is that I had just met people who made them characters seem so real to me and it was them named neighbours. Soon after the Anti-Social Behaviour Order case; got said to have got proven against me at court; I noticed after the newspaper articles that had got published about me and from the letters that I had received from Debbie that her attitude and Stains had changed in a negative factor towards me. Other neighbour's had now also at this moment in time banged on the floor board and walls with Stan and Debra to my further surprise at my person, this was now happening, they were using the floor as if it was an offence weapon or a belt being wrongfully; used to hit a person, this is Clear tortious acts of crime that no one should ever have to go through, this happened to me, in every room I walk

into in my own home, “I could not go anywhere and be safe” I found that any place I stand in my flat she or others was above me, taking furious assaults upon me. I could always notice the other family above her flat joining in I could not even get in the bath or take my close off, I felt as if I was Debbie's children that have got taken away from her by social services, I was being abused in a sense of a clear insight, like she had gone mad hitting me, this could happen over 70 times a day and continued on for over a 1000 days, this still happens up to date were the Mathiyalagan family, who still live above me, who are not secure tenants as I am would not see reason to the issues and still to date have not changed their characters, as they always continue with the same actions and mind frame of making me a victim to their actions, together them mentioned neighbour’s all achieved this by way of using the floorboards and other house fixtures as weapons, they continued to find ways to have a negative effect on my life.

Mr Simon Cordell

Dear Dawn Allen
I do not understand why all my phone calls and emails are not getting addressed, I have really tried and so has my son, we have been making calls all the time to try and get something done and I have sent a lot of emails including a complaint email dated 01/07/**2015** which I still have had no reply to. My son and also, I have tried to talk to the neighbours which have done nothing they still keep on. My son health is suffering due to what has been ongoing for a long time. We have tried to get help from the council as if the council speaks to them maybe they will stop what they are doing. I also went to 117 but I believe they were not at home so did not speak to them about the issues. I went to Debbie at 113 to try and talk to her but she just started to shout at me through the door. I did try and say to her through the door could she let me speak but she was just screaming at me so I went back down to my son flat the banging is very bad and you can clearly hear they are doing this is not just someone living there life as normal people would. You can even hear her following my son around in his flat banging; he does not even want to take a bath because he can hear her above him banging on the floor. Yet she still keeps coming down to my son door asking him for money to buy drinks my son has told her could she please leave him alone and stop coming to his door and to please stop following him around and banging on the floor and pipes but this has not helped she just acts like nothing is going on. Debbie has now started to go to my other neighbours at 111 and they are drinking and now 111 is also banging. I don't know if it is due to Debbie liking my son and when him and his partner ended in Mid-**2013** she was hoping something would come of this, as this is the time when she started to come to my son flat door a lot more. when my son was with his partner, she used to come to his door maybe once a week for money but after they ended, she was coming down more and more she even was trying to give my son drink, he does not drink so would not accept it. She was also writing my son letters and putting them through his door, the letters are not
2089,

really readable. The main problem with Debbie seemed to start when she came to my son's front door and saw a girl in his flat, she saw the girl on more than once and I think this upset her. Since this time things have got worse and worse and my son's health is really suffering. Please cam something be done as we really do not know what to do any longer, if you cannot do anything about the neighbours in the block can you please see if you can move my son as he cannot take any more, he needs to be able to rest and sleep which at this time it is impossible, this is unfair what is going on to my son's health. Please can you reply to this email as you have not done to any of my other emails or calls or the calls my son has made regarding this issue which I do not understand why.

Dear Benedicta Odjida
Mr Simon Paul Cordell
DOB 26/01/1981
I am writing this Email due to some work you curry out in February/March **2014** in regard to looking up records that are on my PNC record. There was a list that took some time for you to go over, and then my mother Lorraine Cordell came to the court to pick them up once you had looked every up. Since this time, we have been trying to get this addressed as there were a number that was not in the court record, you gave my mother a print out that you had done with stars on the ones that was not in the courts register, please see attached document. Since this time, we have been dealing with Flo at Highbury Corner court to get a letter done by you to say you did in fact look at the court register and did not find these records on the court register. My Mother and I have sent many emails to Highbury Corner Court and have gone to the court and spoke with Flo and we see to not be able to get this issue addressed. Therefore, my mother came to Enfield court on the 15/09/**2015** to see if she could speak to you, but you was on leave so she asked for your direct email, I am writing this email directly to you to see if this issue can be addressed and a letter written saying you looked at the courts registers and did not find the ones marked on the list you gave my mother. As it seems the printout you gave her is not enough and it does need a court headed letter to show in fact the work that you carried out looking into my data the court holds. Could you please look into this issue and let me know if a court headed letter can be made up and if so, my mother Lorraine Cordell could come to the court and pick it up, if you could let me know by replying to this email, I would be most grateful.

Simon Cordell

Notes about this person
Home visit to Ms Deborah Andrews flat. Attendees Dawn Allen TMO and CPN Bola Quadri Horne visit to Ms Andrews advised that her neighbour at number 109 has for the past few months harassed, intimidated, stalked her and made a life a complete misery. He continuously plays loud music, bangs on her ceiling and door alleging that she is monitoring his movements in his flat. She feels petrified by his presence and as a result refused to leave her flat for fear bumping into him on her way out. She has missed a few appointments with her social worker as a result, she has now been subjected to making home appointments pending the time this matter is resolved. She explained that they use to be acquaintances before the relationship went sour. She believes the whole problem started when he claimed the decoration in his flat was damaged as a result of a leak coming from her flat. She confirmed that she had a leak from her overflow a few months ago which has since been repaired but, the damage alleged had occurred.

also recalled an incident when the perp spat in her face. It's been one issue after the other she advised

The recent event which took place a week ago. She was on her way out to attend her appointment with her CRN when he apprehended her and threatened to kill her. She was pretty shaken from the incident that instead of attending her appointment, returned home immediately. She advised that she contacted the police but, wasn't taken seriously as they assumed, she was drunk at the time of the call. She advised that she wasn't in the list drunk but, just the way she spoke due to her condition. She still wasn't taken seriously and had to abandon the call.
She found this very frustrating and advised that it was not the first time this would happen to her. Her GPN also confirmed her statement and expressed her dissatisfaction at the way she was treated.
I felt completely let down by the police and became frightful for her safety especially, as she knows the perpetrators has shells in his flat.
I observed in her flat that her floors were very creaky, I was made aware by Dawn that most of the flats in the block are like that. Unfortunately, the creakiness exacerbates the noise level in the fiats and cause more problems than usual.
I advised that I contact the police to make further enquiries. I will also contact MHT to enquire if Mr Cordell is known to them. At some point the perpetrator will need to be interviewed and a warning letter issued on him. I will contact the repairs team and try to arrange a surveyor to visit her flat and see what assistance nan be offered
I further advised that her case will be investigated, and an officer will get back to her to discuss further with her. Her CPN and TMO will be kept informed of updates

Hi Dolly,
Nick and I attended while ago and spoke to the A while ago when she originally called Police. At the time she didn't want us to speak to her neighbour as things had got better.
The lady handed us a letter about what had happened but none of it made any sense.
We believe she was suffering from mental health issues. On another occasion we popped round to see her and she wouldn't come and speak to us so instead she spoke through her letterbox to us.
The male at 109 - Simon Cordell who is causing the problems is very well known to Police and is also very anti Police. I know some Officers went around and spoke to him and things seemed to get better After that we have had no further calls from the lady
We will try and get around to see her when were back on duty on Monday.
Kind Regards

Good afternoon Mark,
Could you kindly assist with this query please. Following reports of ASB by the above tenant, my colleague and I visited her this morning and were alarmed by the nature of her complaints. She has in the past few months being constantly harassed, intimidated, bullied, stalked and threatened to kill by her neighbour at 109.
As a result of his behaviour, she has become too scared to leave her flat for fear of what may happen to her. She is a vulnerable tenant who requires support from services.
However, the unsettling behaviour exhibited by number 109, has hindered her from attending her appointments and exacerbated her condition. At the moment, she feels very disorientated / agitated and will like the harassment to stop.
She advised that she had reported this to the police a few times but, wasn't taken seriously.

I will appreciate if you could stop over at to reassure her that the matter is being dealt with and also to stop by 109 and advise him that you are aware of what is going on and the repercussions should it continue.
Thank you for your support and assistance

WITNESS STATEMENT

CJ Act 1967, s.9; MC Act 1980, ss.5A(3)(a) and SB; Criminal Procedure Rules 2005, Rule 27.1

Statement of…**Douglas Skinner**
Age if under 18: Over 18…. (If over 18 inserts 'over 18)
Occupation: Police Officer 206372

This statement (consisting of: ... 2 .... pages each signed by me) is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution if I have wilfully stated anything in it which I know to be false, or do not believe to be true.

This statement is completed in addition to one made on the 15th August 2014. I have been asked to clarify how I know that Simon Cordell is an organiser of raves. As stated in my previous statement 1 have known of Cordell for over 20 years. On the 7th June 2014 1 was the Duty Officer for Enfield Borough. I was tasked to visit an ongoing rave at Progress Way EN1 and speak to the organiser to see how long it would be carrying on for.
I went to the location which was made up of several industrial buildings. I walked through the estate until 1 saw a white van. Inside this van was a male I recognised to be Cordell. As I got closer to the van he got out and waked towards me. We Shaked hands and said hello and talked about how 1 remembered him as a youngster over twenty years ago.
I asked him if he was the organiser and he fully admitted to me that he was. He stated that the rave was winding down as there weren't many people there. I said that if it continued for another night then the likelihood was that police would stop it as the numbers were low and resources could deal with it. He told me that it would not be continuing for another night and would be stopping that afternoon. I had a walk around the area and then left. The rave did stop that afternoon.
On the 19th July 1 again came across Cordell at an empty industrial unit which people were arriving at. Cordell told me that he was organising a party for some friends. I told him that I was aware that over 100 people would be arriving close by for a rave and await directions on where the venue was. The location was this venue and it was going to be a rave that he was the organiser. He admitted to me that he was the organiser. As a result, has was arrested to prevent a breach of the peace. He asked if the music equipment which was in a van could be removed however the gate was padlocked. Cordell stated that he had padlocked the gate and had the keys however the keys could not be found.

To Whom It May Concern:
Today my mother Lorraine Cordell Had to come to court as I had not heard anything about my below emails. On the 14 August **2015** I asked the court for the Court Transcripts for my appeal to be told you did not keep Court Transcripts, but Legal Adviser notes are kept by the clerk of the court which I did ask for a copy of these notes for my appeal after many emails on the 25/08/**2015** at 12:27. Due to not hearing anything my mother came to the court today and was advised my emails had not yet been sent to the clerk to ask if it was ok for a copy to be given to me for the appeal, could this please be addressed and this email sent to the clerk of court to be confirmed, could you also email to this email address to let me know this has been done. Also, I had asked my mother to get a copy of the Memorandum of entry when she was at the court to make sure the corrections were done. Please see attached Memorandum of entry as you can see the dates January **2013** to August **2014** are within the document and there are still spelling error which should have been updated the following day due to the time of day the case ended and the paper work served in court. When the paper work was given to us on the day the applicant told the judge the dates of **2013** should not be on the case due to their age and they were only added for Reference, also the spelling mistakes are still on the Memorandum of entry. When told this the Judge said this would be corrected the next day and a copy of the conditions sent to me via post, but this has never been done. Could you please correct the Memorandum of entry with the removal of the **2013** dates and the spelling errors and email me to this email a corrected copy of the conditions and the new Memorandum of entry.
2109,
Regards
Simon Cordell

Dear Benedicta Odjida
Mr Simon Paul Cordell
DOB 26/01/1981
I am writing this Email due to some work you curry out in February/March **2014** in regard to looking up records that are on my PNC record. There was a list that took some time for you to go over, and then my mother Lorraine Cordell came to the court to pick them up once you had looked every up. Since this time, we have been trying to get this addressed as there were a number that was not in the court record, you gave my mother a print out that you had done with stars on the ones that was not in the courts register, please see attached document. Since this time, we have been dealing with Flo at Highbury Corner court to get a letter done by you to say you did in fact look at the court register and did not find these records on the court register. My Mother and I have sent many emails to **Highbury Corner Court** and have gone to the court and spoke with Flo and we see to not be able to get this issue addressed. Therefore, my mother came to Enfield court on the 15/09/**2015** to see if she could speak to you, but you were on leave so she asked for your direct email, I am writing this email directly to you to see if this issue can be addressed and a letter written saying you looked at the courts registers and did not find the ones marked on the list you gave my mother. As it seems the printout you gave her is not enough and it does need a court headed letter to show in fact the work that you carried out looking into my data the court holds. Could you please look into this issue and let me know if a court headed letter can be made up and if so, my mother Lorraine Cordell could come to the court and pick it up, if you could let me know by replying to this email, I would be most grateful.
Regards
Simon Cordell

Threats and intimidation (General)

Home visit to Ms Deborah Andrews flat. Attendees Dawn Allen TMO and CPN Bola Quadri
Home visit to Ms Andrews advised that her neighbour at number 109 has for the past few months harassed, intimidated, stalked her and made a life a complete misery. He continuously plays loud music, bangs on her ceiling and door alleging that she is monitoring his movements in his flat. She feels petrified by his presence and as a result refused to leave her flat for fear bumping into him on her way out. She has missed a few appointments with her social worker as a result, she has now been subjected to making home appointments pending the time this matter is resolved. She explained that they use to be acquaintances before the relationship went sour. She believes the whole problem started when he claimed the decoration in his flat was damaged as a result of a leak coming from her flat. She confirmed that she had a leak from her overflow a few months ago which has since been repaired but, the damage alleged had occurred.

it was not the first time this would happen to her. Her CPN also confirmed her statement and expressed her dissatisfaction at the way she was treated. Ms Andrews felt completely let down by the police and became frightful for her safety especially, as she knows the perpetrators has shells in his flat. I observed in her flat that her floors were very creaky, I was made aware by Dawn that most of the flats in the block are like that. Unfortunately, the creakiness exacerbates the noise level in the flats and cause more problems than usual. I advised that I contact the police to make further enquiries. I will also contact MHT to enquire if Mr Cordell is known to them. At some point the perpetrator will need to be interviewed and a warning letter issued on him. I will contact the repairs team and try to arrange a surveyor to visit her flat and see what assistance can be offered I further advised that her case will be investigated and an officer will get back to her to discuss further with her. Her CPN and TMO will be kept informed of updates

Good afternoon Mark,
Could you kindly assist with this query please. Following reports of ASB by the above tenant, my colleague and I visited her this morning and were alarmed by the nature of her complaints. She has in the past few months being constantly harassed, intimidated, bullied, stalked and threatened to kill by her neighbour at 109.
As a result of his behaviour, she has become too scared to leave her flat for fear of what may happen to her. She is a vulnerable tenant who requires support from services. However, the unsettling behaviour exhibited by number 109, has hindered her from attending her appointments and exacerbated her condition. At the moment, she feels very disorientated / agitated and will like the harassment to stop.
She advised that she had reported this to the police a few times but, wasn't taken seriously. I will appreciate if you could stop over at 113 to reassure her that the matter is being dealt with and also to stop by 109 and advise him that you are aware of what is going on and the repercussions should it continue.
Thank you for your support and assistance

Good afternoon Louise,
Sorry I missed your call; I was at a meeting at the time. Called and left a message on your voice mail.
Ms Andrews suffers from a history of mental health; she is currently being supported by Bola Quadri Care-coordinator / CPN / Nurse Prescriber Psychosis Service Line
Barnet, Enfield & Haringey Mental Health NHS Trust / 58-60 Silver Street, Enfield EN1 3EP
She made complains about her neighbour at number 109, harassing, verbally abusing her, intimidating, shouting threatening to kill her. The mean concern here is that the perpetrator in question also suffers from mental health and is known to be very aggressive, violet and anti-police. He has on a few occasions threatened to kill her and petrified the life out of her. It was on this basis that a decision was made to move her out immediately.
Hope the above information is useful.

Hi Louise,
Thanks for this - I'm pleased to hear you think Deborah is being properly supported and that she sounded better - she was in a right state when we spoke to her last.
Good news that it looks like she might be able to get help to move.
For the camera, we are very happy to come along for a visit. I've spoken to our Sgt and as we understand it the ideal course of action is to advise him to remove it in our presence, then if he refuses, I believe you can take it down and that should be fine so long as the camera itself is returned to Cordell. Let me know when your best days for it would be and I'll see when we can manage best.
Best wishes,
James

Hi James,
I spoke with Deborah Andrews this morning; the leak issue was sorted over the weekend this was from the flat above.
I do not know anything about Mr Cordell moving in two weeks' time, unless she is getting confused with his threat that he will get her in two weeks' time. Overall, I am concerned that Deborah is not managing and appears to be getting more confused the last few times I have spoken to her last week and today, she is also feeling that she needs further support by way of supported accommodation. I do agree with her as the level of support that St John of God provide is high and the dependency with other agencies is also constant and not something that housing or myself could provide long term.
Deborah was much calmer this morning and I reassured her that if she has any concerns to contact me.
With regard to the camera not he is not allowed it to be train on anything else other that his front door. Probably means I will need to visit him to get this sorted. I may request your assistance with this I don't really fancy

Hi Louise,
I hope you are well.
Since **15/01/2016** we have had further calls from Debra Andrew relating to the issues she has been having with Simon Cordell.
Given the nature of the calls, we visited Debra yesterday for a reassurance visit. She said that there has been a leak in the building causing 'flooding' in both her flat and Cordell's flat, and Cordell has been making accusations relating to it. She said that she believes Cordell is leaving his flat in two weeks, which I hadn't heard, but said I would look into it - do you know if that's true by any chance?
Debra said that if Cordell does not leave, she wants to leave her flat and move somewhere else herself.
While at the address we also noticed that Cordell has now installed a CCTV camera which is placed at the top of the internal communal door leading to flats 109 and 111, facing towards the main door of the block. I am unsure as to whether he's allowed to do this and shall look into it, but just wanted to let you know!

Best wishes,
James

Dear Sarah,
Thank you for your email and updated information. This incident yesterday J am assuming that this is a different incident from 15/1/16 where Mr Cordell approached Ms De Polla? Please can you confirm if this was reported to the police, and if this was not why? This is harassment and can be treated and reported as a criminal offence. Yes, this is a separate incident to 15.01.**2016**. The police were not called as a crime had not been committed and Barbara was able to walk away without Mr Cordell trying to prevent her or following her.
In relation to Deborah please can you confirm if your concerns for her welfare are being reported back to the Mental health team prior to this email (I do appreciate that Bola has been on leave for a few weeks) Yvonne has copied Bola into the same communication as yourself and expressed concerns. Debbie has also contacted Bola. I am receiving if not daily calls from Deborah or every other day, with her explaining to me that she feels she is not coping at all, she is looking to me for reassurance. Deborah has expressed that she is not managing independent living and would like to go back into supported accommodation. Supported living is something Bola would need to arrange. Can you confirm that you have reported your concerns for Debbie's welfare to the mental health team?
Please can you confirm if she has expressed this to staff at St John of god? Also, please can you confirm if you feel that Deborah is not coping at present. If so, has this been reported to the mental health team?
As you are aware, Debbie has said that she is not coping, and I understand that you are in the process of providing a report in order to facilitate Debbie to move. Can you confirm that this has been completed and if so, what the next step of the process is and how long this is likely to take?
Also given the current hours that currently allocated to Deborah if this is suitable in this situation for her need? If I recall this was expressed at a SOVA meeting that this should be extended as her needs are becoming greater? We are requested and funded to provide 6 hours support per week (3 hours twice a week for shopping). Bola is responsible for increasing the care package if Debbie is assessed as needing more support. With regard to the Safeguarding plan, I do feel that a mental health strategy meeting needs to take place as issues beyond our control will also have a direct impact on the wellbeing of Deborah. I am raising this directly with George Benyure Bolas manger. My understanding was that Bola had already raised a safeguarding alert.

Hi Louise
I am extremely concerned about Debbie Andrewes neighbour and the increased risk to the support workers and indeed Debbie, who, as you are aware is unable to leave her own home unescorted.
Yesterday it was reported to me that the neighbour approached Barbara de Polla as she entered the communal door, he was very aggressive and began shouting at her saying, you should not be coming here, she is an alcoholic, you shouldn't take her out anywhere etc." Barbara said that she did not want to talk about it and walked away from him, luckily, he did not follow her.
In relation to Debbie is safety, I strongly feel that it is only a matter of time before something serious or even fatal happens to her. As you are aware, the neighbour has a dog, which appears to be a Staffordshire bull terrier which
Page 18 of 21
he allows to roam free in the communal area which is highly intimidating and potentially very dangerous.
Please can you clarify the interim safeguarding protection plan and timescale as to when Debbie will be moved to a place of safety.
I have completed an internal incident form and unfortunately, if another incident occurs, I will have no other option but to temporarily withdraw our service, which will put Debbie in a situation where she is even more at risk.
I look forward to hearing from you at your earliest convenience.

Dear George & Bola,
Thank you for your email, I have only copied you both as there is other information on Mr Cordell that urgently needs to be considered.
I received an email informing me that a mental health warrant had been granted for Mr Cordell. This will cause a greater issue especially if he is released back into the community. My fear is that this will indirectly cause further distress for Deborah. A plan needs to be put in place with full considerations.
Please can an urgent mental health strategy meeting be held regarding Deborah Andrews, given the above information and the urgent need for full consideration in this case due to the complex needs and issues with both clients, who are known to your services and tenants of Enfield Council.
Deborah is contacting me if not daily every other day these calls are coming through at all different days and times. She is informing me that she is not coping with everything and wants to go back into supported accommodation, she feels extremely frightened and vulnerable. I must confirm that its Deborah stating that she is not coping as I am not in a position to make these decisions. When I speak with Deborah asking if she is attending her appointments, she states that" it is a quick jab, in and out no one speaks with you.
With regards to the management transfer this is still being prepared and waiting to be heard by panel, I am waiting to hear the next available date for this. It was explained when I suggested this action may be a route forward that this is not a quick process and all elements need to be considered. It is not necessary for Ms Andrews to currently go into emergency accommodation either. This case will be assisted by moving Ms Andrews; however, this may not resolve all of the concerns or the overall future welfare of Ms Andrews.
Transferring Ms Andrews into another independent accommodation without fully assessing her current needs and the full support required should be considered before this happens. As moving her may not solve all of Deborah Andrews concerns. She is only going out when SJOG are visiting, however they are only allocated 3 hours per week. More recommendations need to be put forward to provide a comprehensive package to support

the recent event which took place a week ago. She was on her way out to attend her appointment with her CPN when he apprehended her and threatened to kill her. She was pretty shaken from the incident that instead of attending her appointment, returned home immediately. She advised that she contacted the police but, wasn't taken seriously as they assumed, she was drunk at the time of the call. She advised that she wasn't in the list drunk but, just the way she spoke due to her condition. She still wasn't taken seriously and had to abandon the call. She found this very frustrating and advised that it was not the first time this would happen to her. Her CPN also confirmed her statement and expressed her dissatisfaction at the way she was treated. Ms Andrews felt completely let down by the police and became frightful for her safety especially, as she knows the perpetrators has shells in his flat. I observed in her flat that her floors were very creaky, I was made aware by Dawn that most of the flats in the block are like that. Unfortunately, the creakiness exacerbates the noise level in the flats and cause more problems than usual. I advised that I contact the police to make further enquiries. I will also contact MHT to enquire if Mr Cordell is known to them. At some point the perpetrator will need to be interviewed and a warning letter issued on him. I will contact the repairs team and try to arrange a surveyor to visit her flat and see what assistance can be offered I further advised that her case will be investigated, and an officer will get back to her to discuss further with her. Her CPN and TMO will be kept informed of updates

Hi Dolly,
Nick and I attended 113a while ago and spoke to the lady a while ago when she originally called Police. At the time she didn't want us to speak to her neighbour as things had got better. The lady handed us a letter about what had happened but none of it made any sense. We believe she was suffering from mental health issues. On another occasion we popped round to see her and she wouldn't come and speak to us so instead she spoke through her letterbox to us. The male at 109 - Simon Cordell who is causing the problems is very well known to Police and is also very anti Police. I know some Officers went around and spoke to him and things seemed to get better. After that we have had no further calls from the lady at 118.
We will try and get around to see her when were back on duty on Monday.

Kind Regards

Good afternoon Mark,
Could you kindly assist with this query please. Following reports of ASB by the above tenant, my colleague and I visited her this morning and were alarmed by the nature of her complaints. She has in the past few months being constantly harassed, intimidated, bullied, stalked and threatened to kill by her neighbour at 109.
As a result of his behaviour, she has become too scared to leave her flat for fear of what may happen to her. She is a vulnerable tenant who requires support from services. However, the unsettling behaviour exhibited by number 109, has hindered her from attending her appointments and exacerbated her condition. At the moment, she feels very disorientated / agitated and will like the harassment to stop.
She advised that she had reported this to the police a few times but, wasn't taken seriously. I will appreciate if you could stop over at 113 to reassure her that the matter is being dealt with and also to stop by 109 and advise him that you are aware of what is going on and the repercussions should it continue.
Thank you for your support and assistance

Dear Benedicta Odjida
Mr Simon Paul Cordell DOB 26/01/1981

I am writing this Email due to some work you curry out in February/March 2014 in regard to looking up records that are on my PNC record.
There was a list that took some time for you to go over, and then my mother Lorraine Cordell came to the court to pick them up once you had looked every up.
Since this time, we have been trying to get this addressed as there were a number that was not in the court record, you gave my mother a print out that you had done with stars on the ones that was not in the courts register, please see attached document.
Since this time, we have been dealing with Flo at Highbury Corner court to get a letter done by you to say you did in fact look at the court register and did not find these records on the court register.
My Mother and I have sent many emails to Highbury Corner Court and have gone to the court and spoke with Flo and we see to not be able to get this issue addressed.
Therefore, my mother came to Enfield court on the 15/09/2015 to see if she could speak to you, but you were on leave so she asked for your direct email, I am writing this email directly to you to see if this issue can be addressed and a letter written saying you looked at the courts registers and did not find the ones marked on the list you gave my mother. As it seems the printout you gave her is not enough and it does need a court headed letter to show in fact the work that you carried out looking into my data the court holds.
Could you please look into this issue and let me know if a court headed letter can be made up and if so, my mother Lorraine Cordell could come to the court and pick it up, if you could let me know by replying to this email, I would be most grateful.
Regards
Simon Cordell

This statement is completed in addition to one made on the 15th August **2014**.1 have been asked to clarify how I know that Simon Cordell is an organiser of raves. As stated in my previous statement 1 have known of Cordell for over 20 years. On the 7th June **2014** 1 was the Duty Officer for Enfield Borough. I was tasked to visit an ongoing rave at Progress Way EN1 and speak to the organiser to see how long it would be carrying on for.

I went to the location which was made up of several industrial buildings. I walked through the estate until 1 saw a white van. Inside this van was a male I recognised to be Cordell. As I got closer to the van he got out and waked towards me. We shacked hands and said hello and talked about how 1 remembered him as a youngster over twenty years ago.

I asked him if he was the organiser and he fully admitted to me that he was. He stated that the rave was winding down as there weren't many people there. I said that if it continued for another night then the likelihood was that police would stop it as the numbers were low and resources could deal with it. He told me that it would not be continuing for another night and would be stopping that afternoon. I had a walk around the area and then left. The rave did stop that afternoon.

On the 19th July 1 again came across Cordell at an empty industrial unit which people were arriving at. Cordell told me that he was organising a party for some friends. I told him that I was aware that over 100 people would be arriving close by for a rave and await directions on where the venue was. The location was this venue and it was going to be a rave that he was the organiser. He admitted to me that he was the organiser. As a result, has was arrested to prevent a breach of the peace. He asked if the music equipment which was in a van could be removed however the gate was padlocked. Cordell stated that he had padlocked the gate and had the keys however the keys could not be found.

Dear Josey
Could you please send me over the email you have sent Superintendent Adrian Coombs form Essex police, and also let me know if the form has been sent off for legal aid for the appeal and how long it will take to find out if it has been given? Also, the case files and the information about the medical notes, I have been told time and time again these will be sent over and I still have had nothing. It getting to the stage I going to have to let Simon know what is going on he keeps asking me and I keep putting things off telling him, Josey he is really not well you know this already, and the stress that this case is causing me is making me ill also. It's like no one wants to do anything on this case, things need to be done and not left like they were for the trial as that really was a mess where things had not been done that was meant to have been done. I really don't think you understand how bad the trial was even when Simon had to give his evidence, he was the only one who did not have his own case bundle and had to give evidence on paper work he did not have in front of him, the judge had to keep

passing her bundle to Simon and this is not meant to be the case, that's without nothing being done that had been asked to be done since this case stated. Really what chance did Simon have in that trial when nothing had been done, even down to that last statement that you missed in your email and that was only given to us the afternoon before the trail started and that was on a Sunday, so nothing could be done for that statement and that was the statement that said about the public order unit. at trial the police office said he had deleted his emails so the email that was sent to Val Tanner he said he deleted it so we could not find out what he had asked her. Can you please get back to me as a lot of work needs to be done to get this case really for the appeal?

Home visit to Ms Deborah Andrews flat. Attendees Dawn
Allen TMO and CPN Bola Quadri Horne visit to Ms Andrews advised that her neighbour at number 109 has for the past few months harassed, intimidated, stalked her and made a life a complete misery. He continuously plays loud music, bangs on her ceiling and door alleging that she is monitoring his movements in his flat. She feels petrified by his presence and as a result refused to leave her flat for fear bumping into him on her way out. She has missed a few appointments with her social worker as a result, she has now been subjected to making home appointments pending the time this matter is resolved. She explained that they use to be acquaintances before the relationship went sour. She believes the whole problem started when he claimed the decoration in his flat was damaged as a result of a leak coming from her flat. She confirmed that she had a leak from her overflow a few months ago which has since been repaired but, the damage alleged had occurred.

also recalled an incident when the perp spat in her face. It's been one issue after the other she advised
The recent event which took place a week ago. She was on her way out to attend her appointment with her CRN when he apprehended her and threatened to kill her. She was pretty shaken from the incident that instead of attending her appointment, returned home immediately. She advised that she contacted the police but, wasn't taken seriously as they assumed, she was drunk at the time of the call. She advised that she wasn't in the list drunk but, just the way she spoke due to her condition. She still wasn't taken seriously and had to abandon the call.
She found this very frustrating and advised that it was not the first time this would happen to her. Her GPN also confirmed her statement and expressed her dissatisfaction at the way she was treated.

I felt completely let down by the police and became frightful for her safety especially, as she knows the perpetrators has shells in his flat.
I observed in her flat that her floors were very creaky, I was made aware by Dawn that most of the flats in the block are like that. Unfortunately, the creakiness exacerbates the noise level in the fiats and cause more problems than usual.
I advised that I will contact the police to make further enquiries. I will also contact MHT to enquire if Mr Cordell is known to them. At some point the perpetrator will need to be interviewed and a warning letter issued on him. I will contact the repairs team and try to arrange a surveyor to visit her flat and see what assistance nan be offered
I further advised that her case will be investigated, and an officer will get back to her to discuss further with her. Her CPN and TMO will be kept informed of updates
Bola Quadri has already put in place a safeguard alert.

Hi Dolly,
Nick and I attended while ago and spoke to the A while ago when she originally called Police. At the time she didn't want us to speak to her neighbour as things had got better.
The lady handed us a letter about what had happened but none of it made any sense.
We believe she was suffering from mental health issues. On another occasion we popped round to see her and she wouldn't come and speak to us so instead she spoke through her letterbox to us.
The male at 109 - Simon Cordell who is causing the problems is very well known to Police and is also very anti Police. I know some Officers went around and spoke to him and things seemed to get better After that we have had no further calls from the lady
We will try and get around to see her when were back on duty on Monday.
Kind Regards

Good afternoon Mark,
Could you kindly assist with this query please. Following reports of ASB by the above tenant, my colleague and I visited her this morning and were alarmed by the nature of her complaints. She has in the past few months being constantly harassed, intimidated, bullied, stalked and threatened to kill by her neighbour at 109.
As a result of his behaviour, she has become too scared to leave her flat for fear of what may happen to her. She is a vulnerable tenant who requires support from services.
However, the unsettling behaviour exhibited by number 109, has hindered her from attending her appointments and exacerbated her condition. At the moment, she feels very disorientated / agitated and will like the harassment to stop.
She advised that she had reported this to the police a few times but, wasn't taken seriously.
I will appreciate if you could stop over at to reassure her that the matter is being dealt with and also to stop by 109 and advise him that you are aware of what is going on and the repercussions should it continue.
Thank you for your support and assistance
Doliy Ogunseye Anti-Social Behaviour Officer

On another occasion we popped round to see her and she wouldn't come and speak to us so instead she spoke through her letterbox to us. The male at 109 - Simon Cordell who is causing the problems is very well known to Police and is also very anti Police. I know some Officers went around and spoke to him and things seemed to get better. After that we have had no further calls from the lady at 118.
We will try and get around to see her when were back on duty on Monday.

Good afternoon Mark,
Could you kindly assist with this query please. Following reports of ASB by the above tenant, my colleague and I visited her this morning and were alarmed by the nature of her complaints. She has in the past few months being constantly harassed, intimidated, bullied, stalked and threatened to kill by her neighbour at 109.
As a result of his behaviour, she has become too scared to leave her flat for fear of what may happen to her. She is a vulnerable tenant who requires support from services. However, the unsettling behaviour exhibited by number 109, has hindered her from attending her appointments and exacerbated her condition. At the moment, she feels very disorientated / agitated and will like the harassment to stop.
She advised that she had reported this to the police a few times but, wasn't taken seriously. I will appreciate if you could stop over at 113 to reassure her that the matter is being dealt with and also to stop by 109 and advise him that you are aware of what is going on and the repercussions should it continue.
Thank you for your support and assistance

Good afternoon Louise,
Sorry I missed your call; I was at a meeting at the time. Called and left a message on your voice mail.
Ms Andrews suffers from a history of mental health; she is currently being supported by **Bola Quadri Care-coordinator** / CPN / **Nurse Prescriber Psychosis Service Line** Barnet, Enfield & Haringey Mental Health NHS Trust / 58-60 Silver Street, Enfield EN1 3EP
She made complains about her neighbour at number 109, harassing, verbally abusing her, intimidating, shouting threatening to kill her. **The mean concern here is that the perpetrator in question also suffers from mental health and is known to be very aggressive, violet, and anti-police**. He has on a few occasions threatened to kill her and petrified the life out of her.
It was on this basis that a decision was made to move her out immediately.
Hope the above information is useful.

Hi Louise,
Thanks for this - **I'm pleased to hear you think Deborah is being properly supported** and that she sounded better - she was in a right state when we spoke to her last.
Good news that it looks like she might be able to get help to move.
For the camera, we are very happy to come along for a visit. I've spoken to our Sgt and as we understand it the ideal course of action is to advise him to remove it in our presence, then if he refuses, I believe you can take it down and that should be fine so long as the camera itself is returned to Cordell. Let me know when your best days for it would be and I'll see when we can manage best.
Best wishes,
James

Hi James,
I spoke with Deborah Andrews this morning; the leak issue was sorted over the weekend this was from the flat above.
I do not know anything about Mr Cordell moving in two weeks' time, unless she is getting confused with his threat that he will get her in two weeks' time? Overall, I am concerned that Deborah is not managing and appears to be getting more confused the last few times I have spoken to her last week and today, she is also feeling that she needs further support by way of supported accommodation. I do agree with her as the level of support that St John of God provide is high and the dependency with other agencies is also constant and not something that housing or myself could provide long term.
Deborah was much calmer this morning and I reassured he that if she has any concerns to contact me.
With regard to the camera not he is not allowed it to be train on anything else other that his front door. Probably means I will need to visit him to get this sorted. I may request your assistance with this I don't really fancy

seeing him on my own!! (sorry)

Hi Louise,
I hope you are well.
Since **15/01/2016** we have had further calls from Debra Andrew relating to the issues she has been having with Simon Cordell.
Given the nature of the calls, we visited Debra yesterday for a reassurance visit. She said that there has been a leak in the building causing 'flooding' in both her flat and Cordell's flat, and **Cordell has been making accusations relating to it.** She said that she believes Cordell is leaving his flat in two weeks, which I hadn't heard, but said I would look into it - do you know if that's true by any chance?
Debra said that if Cordell does not leave, she wants to leave her flat and move somewhere else herself.
While at the address we also noticed that Cordell has now installed a CCTV camera which is placed at the top of the internal communal door leading to flats 109 and 111, facing towards the main door of the block. I am unsure as to whether he's allowed to do this and shall look into it, but just wanted to let you know!
Best wishes,

Debbie has also contacted Bola. I am receiving if not daily calls from Deborah or every other day, with her explaining to me that she feels she is not coping at all, she is looking to me for reassurance. Deborah has expressed that she is not managing independent living and would like to go back into supported accommodation. Supported living is something Bola would need to arrange. Can you confirm that you have reported your concerns for Debbie's welfare to the mental health team?
Please can you confirm if she has expressed this to staff at St John of god? Also, please can you confirm if you feel that Deborah is not coping at present. If so, has this been reported to the mental health team?
As you are aware, Debbie has said that she is not coping and I understand that you are in the process of providing a report in order to facilitate Debbie to move. Can you confirm that this has been completed and if so, what the next step of the process is and how long this is likely to take?
Also given the current hours that currently allocated to Deborah if this is suitable in this situation for her need? If I recall this was expressed at a SOVA meeting that this should be extended as her needs are becoming greater? We are requested and funded to provide 6 hours support per week (3 hours twice a week for shopping). Bola is responsible for increasing the care package if Debbie is assessed as needing more support. With regard to the Safe guarding plan I do feel that a mental health strategy meeting needs to take place as issues beyond our control will also have a direct impact on the wellbeing of Deborah. I am raising this directly with George Benyure Bolas manger. My understanding was that Bola had already raised a safeguarding alert?

Hi Louise
I am extremely concerned about Debbie Andrewes neighbour and the increased risk to the support workers and indeed Debbie, who, as you are aware is unable to leave her own home unescorted.
Yesterday it was reported to me that the neighbour approached Barbara de Polla as she entered the communal door, he was very aggressive and began shouting at her saying, you should not be coming here, she is an alcoholic, you shouldn't take her out anywhere etc." Barbara said that she did not want to talk about it and walked away from him, luckily, he did not follow her.
In relation to Debbie is safety, I strongly feel that it is only a matter of time before something serious or even fatal happens to her. As you are aware, the neighbour has a dog, which appears to be a Staffordshire bull terrier which
Page 18 of 21
he allows to roam free in the communal area which is highly intimidating and potentially very dangerous.
Please can you clarify the interim safeguarding protection plan and timescale as to when Debbie will be moved to a place of safety.
I have completed an internal incident form and unfortunately, if another incident occurs, I will have no other option but to temporarily withdraw our service, which will put Debbie in a situation where she is even more at risk.
I look forward to hearing from you at your earliest convenience.

Dear George & Bola,
Thank you for your email, I have only copied you both as there is other information on Mr Cordell that urgently needs to be considered.
I received an email informing me that a mental health warrant had been granted for Mr Cordell. This will cause a greater issue especially if he is released back into the community. My fear is that this will indirectly cause further distress for Deborah. A plan needs to be put in place with full considerations.
Please can an urgent mental health strategy meeting be held regarding Deborah Andrews, given the above information and the urgent need for full consideration in this case due to the complex needs and issues with both clients, who are known to your services and tenants of Enfield Council.
Deborah is contacting me if not daily every other day these calls are coming through at all different days and times. She is informing me that she is not coping with everything and wants to go back into supported accommodation, she feels extremely frightened and vulnerable. I must confirm that its Deborah stating that she is not coping as I am not in a position to make these decisions. When I speak with Deborah asking if she is attending her appointments, she states that" it js a quick jab, in and out no one speaks with you.
With regards to the management transfer this is still being prepared and waiting to be heard by panel, I am waiting to hear the next available date for this. It was explained when I suggested this action may be a route forward that this is not a quick process and all elements need to be considered. It is not necessary for Ms Andrews to currently go into emergency accommodation either. This case will be assisted by moving Ms Andrews; however, this may not resolve all of the concerns or the overall future welfare of Ms Andrews.
Transferring Ms Andrews into another independent accommodation without fully assessing her current needs and the full support required should to be considered before this happens. As moving her may not solve all of Deborah Andrews concerns. She is only going out when SJOG are visiting, however they are only allocated 3 hours per week. More recommendations need to be put forward to provide a comprehensive package to support

the recent event which took place a week ago. She was on her way out to attend her appointment with her CPN when he apprehended her and threatened to kill her. She was pretty shaken from the incident that instead of attending her appointment, returned home immediately. She advised that she contacted the police but, wasn't taken seriously as they assumed, she was drunk at the time of the call. She advised that she wasn't in the list drunk but, just the way she spoke due to her condition. She still wasn't taken seriously and had to abandon the call. She found this very frustrating and advised that it was not the first time this would happen to her. Her CPN also confirmed her statement and expressed her dissatisfaction at the way she was treated. Ms Andrews felt completely let down by the police and became frightful for her safety especially, as she knows the perpetrators has shells in his flat. I observed in her flat that her floors were very creaky, I was made aware by Dawn that most of the flats in the block are like that. Unfortunately, the creakiness exacerbates the noise level in the flats and cause more problems than usual. I advised that I contact the police to make further enquiries. I will also contact MHT to enquire if Mr Cordell is known to them. At some point the perpetrator will need to be interviewed and a warning letter issued on him. I will contact the repairs team and try to arrange a surveyor to visit her flat and see what assistance can be offered I further advised that her case will be investigated, and an officer will get back to her to discuss further with her. Hi Dolly,
Nick and I attended 113a while ago and spoke to the lady a while ago when she originally called Police. At the time she didn't want us to speak to her neighbour as things had got better. The lady handed us a letter about what had happened but none of it made any sense. We believe she was suffering from mental health issues. On another occasion we popped round to see her and she wouldn't come and speak to us so instead she spoke through her letterbox to us. The male at 109 - Simon Cordell who is causing the problems is very well known to Police and is also very anti Police. I know some Officers went around and spoke to him and things seemed to get better. After that we have had no further calls from the lady at 118.
We will try and get around to see her when were back on duty on Monday.
Kind Regards
Classification: PROTECT
Good afternoon Mark,
Could you kindly assist with this query please. Following reports of ASB by the above tenant, my colleague and I visited her this morning and were alarmed by the nature of her complaints. She has in the past few months being constantly harassed, intimidated, bullied, stalked and threatened to kill by her neighbour at 109.
As a result of his behaviour, she has become too scared to leave her flat for fear of what may happen to her. She is a vulnerable tenant who requires support from services. However, the unsettling behaviour exhibited by number 109, has hindered her from attending her appointments and exacerbated her condition. At the moment, she feels very disorientated / agitated and will like the harassment to stop.
She advised that she had reported this to the police a few times but, wasn't taken seriously.

I will appreciate if you could stop over at 113 to reassure her that the matter is being dealt with and also to stop by 109 and advise him that you are aware of what is going on and the repercussions should it continue.
Thank you for your support and assistance

Home visit to Ms Deborah Andrews flat. Attendees Dawn
Allen TMO and CPN Bola Quadri Horne visit to Ms Andrews advised that her neighbour at number 109 has for the past few months harassed, intimidated, stalked her and made a life a complete misery. He continuously plays loud music, bangs on her ceiling and door alleging that she is monitoring his movements in his flat. She feels petrified by his presence and as a result refused to leave her flat for fear bumping into him on her way out. She has missed a few appointments with her social worker as a result, she has now been subjected to making home appointments pending the time this matter is resolved. She explained that they use to be acquaintances before the relationship went sour. She believes the whole problem started when he claimed the decoration in his flat was damaged as a result of a leak coming from her flat. She confirmed that she had a leak from her overflow a few months ago which has since been repaired but, the damage alleged had occurred.

also recalled an incident when the perp spat in her face. It's been one issue after the other she advised

The recent event which took place a week ago. She was on her way out to attend her appointment with her CRN when he apprehended her and threatened to kill her. She was pretty shaken from the incident that instead of attending her appointment, returned home immediately. She advised that she contacted the police but, wasn't taken seriously as they assumed, she was drunk at the time of the call. She advised that she wasn't in the list drunk but, just the way she spoke due to her condition. She still wasn't taken seriously and had to abandon the call.

She found this very frustrating and advised that it was not the first time this would happen to her. Her GPN also confirmed her statement and expressed her dissatisfaction at the way she was treated.

I felt completely let down by the police and became frightful for her safety especially, as she knows the perpetrators has shells in his flat.

I observed in her flat that her floors were very creaky, I was made aware by Dawn that most of the flats in the block are like that. Unfortunately, the creakiness exacerbates the noise level in the fiats and cause more problems than usual.

I advised that I will contact the police to make further enquiries. I will also contact MHT to enquire if Mr Cordell is known to them. At some point the perpetrator will need to be interviewed and a warning letter issued on him. I will contact the repairs team and try to arrange a surveyor to visit her flat and see what assistance nan be offered

I further advised that her case will be investigated, and an officer will get back to her to discuss further with her. Her CPN and TMO will be kept informed of updates

Bola Quadri has already put in place a safeguard alert.

Hi Dolly,
Nick and I attended while ago and spoke to the A while ago when she originally called Police. At the time she didn't want us to speak to her neighbour as things had got better. The lady handed us a letter about what had happened but none of it made any sense.

We believe she was suffering from mental health issues. On another occasion we popped round to see her and she wouldn't come and speak to us so instead she spoke through her letterbox to us.
The male at 109 - Simon Cordell who is causing the problems is very well known to Police and is also very anti Police. I know some Officers went around and spoke to him and things seemed to get better After that we have had no further calls from the lady
We will try and get around to see her when were back on duty on Monday.
Kind Regards

Good afternoon Mark,
Could you kindly assist with this query please. Following reports of ASB by the above tenant, my colleague and I visited her this morning and were alarmed by the nature of her complaints. She has in the past few months being constantly harassed, intimidated, bullied, stalked and threatened to kill by her neighbour at 109.
As a result of his behaviour, she has become too scared to leave her flat for fear of what may happen to her. She is a vulnerable tenant who requires support from services.
However, the unsettling behaviour exhibited by number 109, has hindered her from attending her appointments and exacerbated her condition. At the moment, she feels very disorientated / agitated and will like the harassment to stop.
She advised that she had reported this to the police a few times but, wasn't taken seriously.
I will appreciate if you could stop over at to reassure her that the matter is being dealt with and also to stop by 109 and advise him that you are aware of what is going on and the repercussions should it continue.
Thank you for your support and assistance

Miss Debra Andrew [SEC=PROTECT]

Hi Dolly,
Nick and I attended 113a while ago and spoke to the lady a while ago when she originally called Police. At the time she didn't want us to speak to her neighbour as things had got better. The lady handed us a letter about what had happened but none of it made any sense. We believe she was suffering from mental health issues. On another occasion we popped round to see her and she wouldn't come and speak to us so instead she spoke through her letterbox to us. The male at 109 - Simon Cordell who is causing the problems is very well known to Police and is also very anti Police. I know some Officers went around and spoke to him and things seemed to get better. After that we have had no further calls from the lady at 118.
We will try and get around to see her when were back on duty on Monday.
Kind Regards

Good afternoon Mark,
Could you kindly assist with this query please. Following reports of ASB by the above tenant, my colleague and I visited her this morning and were alarmed by the nature of her complaints. She has in the past few months being constantly harassed, intimidated, bullied, stalked and threatened to kill by her neighbour at 109.
As a result of his behaviour, she has become too scared to leave her flat for fear of what may happen to her. She is a vulnerable tenant who requires support from services. However, the unsettling behaviour exhibited by number 109, has hindered her from attending her appointments and exacerbated her condition. At the moment, she feels very disorientated / agitated and will like the harassment to stop.
She advised that she had reported this to the police a few times but, wasn't taken seriously. I will appreciate if you could stop over at 113 to reassure her that the matter is being dealt with and also to stop by 109 and advise him that you are aware of what is going on and the repercussions should it continue.
Thank you for your support and assistance

Good afternoon Louise,
Sorry I missed your call; I was at a meeting at the time. Called and left a message on your voice mail.
Ms Andrews suffers from a history of mental health; she is currently being supported by Bola Quadri Care-coordinator / CPN / Nurse Prescriber Psychosis Service Line
Barnet, Enfield & Haringey Mental Health NHS Trust / 58-60 Silver Street, Enfield EN1 3EP
She made complains about her neighbour at number 109, harassing, verbally abusing her, intimidating, shouting threatening to kill her. The mean concern here is that the perpetrator in question also suffers from mental health and is known to be very aggressive, violet and anti-police. He has on a few occasions threatened to kill her and petrified the life out of her. It was on this basis that a decision was made to move her out immediately.
Hope the above information is useful.

Hi Louise,
Thanks for this - I'm pleased to hear you think Deborah is being properly supported and that she sounded better - she was in a right state when we spoke to her last.
Good news that it looks like she might be able to get help to move.
For the camera, we are very happy to come along for a visit. I've spoken to our Sgt and as we understand it the ideal course of action is to advise him to remove it in our presence, then if he refuses, I believe you can take it down and that should be fine so long as the camera itself is returned to Cordell. Let me know when your best days for it would be and I'll see when we can manage best.
Best wishes,
James

Hi James,
I spoke with Deborah Andrews this morning; the leak issue was sorted over the weekend this was from the flat above.
I do not know anything about Mr Cordell moving in two weeks' time, unless she is getting confused with his threat that he will get her in two weeks' time? Overall, I am concerned that Deborah is not managing and appears to be getting more confused the last few times I have spoken to her last week and today, she is also feeling that she needs further support by way of supported accommodation. I do agree with her as the level of support that St John of God provide is high and the dependency with other agencies is also constant and not something that housing or myself could provide long term.
Deborah was much calmer this morning and I reassured he that if she has any concerns to contact me.

With regard to the camera not he is not allowed it to be train on anything else other that his front door. Probably means I will need to visit him to get this sorted. I may request your assistance with this I don't really fancy

Hi Louise,
I hope you are well.
Since **15/01/2016** we have had further calls from Debra Andrew relating to the issues she has been having with Simon Cordell.
Given the nature of the calls, we visited Debra yesterday for a reassurance visit. She said that there has been a leak in the building causing 'flooding' in both her flat and Cordell's flat, and Cordell has been making accusations relating to it. She said that she believes Cordell is leaving his flat in two weeks, which I hadn't heard, but said I would look into it - do you know if that's true by any chance?
Debra said that if Cordell does not leave, she wants to leave her flat and move somewhere else herself.
While at the address we also noticed that Cordell has now installed a CCTV camera which is placed at the top of the internal communal door leading to flats 109 and 111, facing towards the main door of the block. I am unsure as to whether he's allowed to do this and shall look into it, but just wanted to let you know!
Best wishes,
James

Dear Sarah,
Thank you for your email and updated information. This incident yesterday J am assuming that this is a different incident from **15/1/16** where Mr Cordell approached Ms De Polla? Please can you confirm if this was reported to the police, and if this was not why? This is harassment and can be treated and reported as a criminal offence. Yes, this is a separate incident to 15.01.**2016**. The police were not called as a crime had not been committed and Barbara was able to walk away without Mr Cordell trying to prevent her or following her. In relation to Deborah please can you confirm if your concerns for her welfare are being reported back to the Mental health team prior to this email (I do appreciate that Bola has been on leave for a few weeks) Yvonne has copied Bola into the same communication as yourself and expressed concerns. Debbie has also contacted Bola. I am receiving if not daily calls from Deborah or every other day, with her explaining to me that she feels she is not coping at all, she is looking to me for reassurance. Deborah has expressed that she is not managing independent living and would like to go back into supported accommodation. Supported living is something Bola would need to arrange. Can you confirm that you have reported your concerns for Debbie's welfare to the mental health team?

Please can you confirm if she has expressed this to staff at St John of god? Also, please can you confirm if you feel that Deborah is not coping at present. If so, has this been reported to the mental health team?
As you are aware, Debbie has said that she is not coping and I understand that you are in the process of providing a report in order to facilitate Debbie to move. Can you confirm that this has been completed and if so, what the next step of the process is and how long this is likely to take?
Also given the current hours that currently allocated to Deborah if this is suitable in this situation for her need? If I recall this was expressed at a SOVA meeting that this should be extended as her needs are becoming greater? We are requested and funded to provide 6 hours support per week (3 hours twice a week for shopping). Bola is responsible for increasing the care package if Debbie is assessed as needing more support. With regard to the Safe guarding plan, I do feel that a mental health strategy meeting needs to take place as issues beyond our control will also have a direct impact on the wellbeing of Deborah. I am raising this directly with George Benyure Bolas manger. My understanding was that Bola had already raised a safeguarding alert?

Hi Louise
I am extremely concerned about Debbie Andrewes neighbour and the increased risk to the support workers and indeed Debbie, who, as you are aware is unable to leave her own home unescorted.
Yesterday it was reported to me that the neighbour approached Barbara de Polla as she entered the communal door, he was very aggressive and began shouting at her saying, you

should not be coming here, she is an alcoholic, you shouldn't take her out anywhere etc." Barbara said that she did not want to talk about it and walked away from him, luckily, he did not follow her.
In relation to Debbie is safety, I strongly feel that it is only a matter of time before something serious or even fatal happens to her. As you are aware, the neighbour has a dog, which appears to be a Staffordshire bull terrier which
Page 18 of 21
he allows to roam free in the communal area which is highly intimidating and potentially very dangerous.
Please can you clarify the interim safeguarding protection plan and timescale as to when Debbie will be moved to a place of safety.
I have completed an internal incident form and unfortunately, if another incident occurs, I will have no other option but to temporarily withdraw our service, which will put Debbie in a situation where she is even more at risk.
I look forward to hearing from you at your earliest convenience.
Regards
NB: Please can you forward this message to your line manager.

Dear George & Bola,

Thank you for your email, I have only copied you both as there is other information on Mr Cordell that urgently needs to be considered.
I received an email informing me that a mental health warrant had been granted for Mr Cordell. This will cause a greater issue especially if he is released back into the community. My fear is that this will indirectly cause further distress for Deborah. A plan needs to be put in place with full considerations.
Please can an urgent mental health strategy meeting be held regarding Deborah Andrews, given the above information and the urgent need for full consideration in this case due to the complex needs and issues with both clients, who are known to your services and tenants of Enfield Council.
Deborah is contacting me if not daily every other day these calls are coming through at all different days and times. She is informing me that she is not coping with everything and wants to go back into supported accommodation, she feels extremely frightened and vulnerable. I must confirm that its Deborah stating that she is not coping as I am not in a position to make these decisions. When I speak with Deborah asking if she is attending her appointments, she states that" it js a quick jab, in and out no one speaks with you.
With regards to the management transfer this is still being prepared and waiting to be heard by panel, I am waiting to hear the next available date for this. It was explained when I suggested this action may be a route forward that this is not a quick process and all elements need to be considered. It is not necessary for Ms Andrews to currently go into emergency accommodation either. This case will be assisted by moving Ms Andrews; however, this may not resolve all of the concerns or the overall future welfare of Ms Andrews.
Transferring Ms Andrews into another independent accommodation without fully assessing her current needs and the full support required should to be considered before this happens. As moving her may not solve all of Deborah Andrews concerns. She is only going out when SJOG are visiting, however they are only allocated 3 hours per week. More recommendations need to be put forward to provide a comprehensive package to support

Allen TMO and CPN Bola Quadri Horne visit to Ms Andrews advised that her neighbour at number 109 has for the past few months harassed, intimidated, stalked her and made a life a complete misery. He continuously plays loud music, bangs on her ceiling and door alleging that she is monitoring his movements in his flat. She feels petrified by his presence and as a result refused to leave her flat for fear bumping into him on her way out. She has missed a few appointments with her social worker as a result, she has now been subjected to making home appointments pending the time this matter is resolved. She explained that they use to be acquaintances before the relationship went sour. She believes the whole problem started when he claimed the decoration in his flat was damaged as a result of a leak coming from her flat. She confirmed that she had a leak from her overflow a few months ago which has since been repaired but, the damage alleged had occurred.

also recalled an incident when the perp spat in her face. It's been one issue after the other she advised
The recent event which took place a week ago. She was on her way out to attend her appointment with her CRN when he apprehended her and threatened to kill her. She was pretty shaken from the incident that instead of attending her appointment, returned home immediately. She advised that she contacted the police but, wasn't taken seriously as they assumed, she was drunk at the time of the call. She advised that she wasn't in the list drunk but, just the way she spoke due to her condition. She still wasn't taken seriously and had to abandon the call.
She found this very frustrating and advised that it was not the first time this would happen to her. Her GPN also confirmed her statement and expressed her dissatisfaction at the way she was treated.
I felt completely let down by the police and became frightful for her safety especially, as she knows the perpetrators has shells in his flat.
I observed in her flat that her floors were very creaky, I was made aware by Dawn that most of the flats in the block are like that. Unfortunately, the creakiness exacerbates the noise level in the fiats and cause more problems than usual.
I advised that I will contact the police to make further enquiries. I will also contact MHT to enquire if Mr Cordell is known to them. At some point the perpetrator will need to be interviewed and a warning letter issued on him. I will contact the repairs team and try to arrange a surveyor to visit her flat and see what assistance nan be offered
I further advised that her case will be investigated, and an officer will get back to her to discuss further with her. Her CPN and TMO will be kept informed of updates

Hi Dolly,
Nick and I attended while ago and spoke to the A while ago when she originally called Police. At the time she didn't want us to speak to her neighbour as things had got better. The lady handed us a letter about what had happened but none of it made any sense.
We believe she was suffering from mental health issues. On another occasion we popped round to see her and she wouldn't come and speak to us so instead she spoke through her letterbox to us.

The male at 109 - Simon Cordell who is causing the problems is very well known to Police and is also very anti Police. I know some Officers went around and spoke to him and things seemed to get better After that we have had no further calls from the lady
We will try and get around to see her when were back on duty on Monday.

Good afternoon, Louise,
Sorry I missed your call; I was at a meeting at the time. Called and left a message on your voice mail.
Ms Andrews suffers from a history of mental health; she is currently being supported by Bola Quadri Care-coordinator / CPN / Nurse Prescriber Psychosis Service Line
Barnet, Enfield & Haringey Mental Health NHS Trust / 58-60 Silver Street, Enfield EN1 3EP

She made complains about her neighbour at number 109, harassing, verbally abusing her, intimidating, shouting threatening to kill her. The mean concern here is that the perpetrator in question also suffers from mental health and is known to be very aggressive, violet and anti-police. He has on a few occasions threatened to kill her and petrified the life out of her. It was on this basis that a decision was made to move her out immediately.
Hope the above information is useful.

Hi Louise,

Thanks for this - I'm pleased to hear you think Deborah is being properly supported and that she sounded better - she was in a right state when we spoke to her last.
Good news that it looks like she might be able to get help to move.
For the camera, we are very happy to come along for a visit. I've spoken to our Sgt and as we understand it the ideal course of action is to advise him to remove it in our presence, then if he refuses, I believe you can take it down and that should be fine so long as the camera itself is returned to Cordell. Let me know when your best days for it would be and I'll see when we can manage best.
Best wishes,
James

Hi James,
I spoke with Deborah Andrews this morning; the leak issue was sorted over the weekend this was from the flat above.
I do not know anything about Mr Cordell moving in two weeks' time, unless she is getting confused with his threat that he will get her in two weeks' time? Overall, I am concerned that Deborah is not managing and appears to be getting more confused the last few times I have spoken to her last week and today, she is also feeling that she needs further support by way of supported accommodation. I do agree with her as the level of support that St John of God provide is high and the dependency with other agencies is also constant and not something that housing or myself could provide long term.
Deborah was much calmer this morning and I reassured her that if she has any concerns to contact me.
With regard to the camera not he is not allowed it to be train on anything else other that his front door. Probably means I will need to visit him to get this sorted. I may request your assistance with this I don't really fancy

Hi Louise,

I hope you are well.
Since **15/01/2016** we have had further calls from Debra Andrew relating to the issues she has been having with Simon Cordell.
Given the nature of the calls, we visited Debra yesterday for a reassurance visit. She said that there has been a leak in the building causing 'flooding' in both her flat and Cordell's flat, and Cordell has been making accusations relating to it. She said that she believes Cordell is leaving his flat in two weeks, which I hadn't heard, but said I would look into it - do you know if that's true by any chance?
Debra said that if Cordell does not leave, she wants to leave her flat and move somewhere else herself.
While at the address we also noticed that Cordell has now installed a CCTV camera which is placed at the top of the internal communal door leading to flats 109 and 111, facing towards the main door of the block. I am unsure as to whether he's allowed to do this and shall look into it, but just wanted to let you know!
Best wishes,
James

I am sure you know the details; however, he did say that his neighbour is making noise when he undresses. He did go on to mention an incident that resulted in both himself and his neighbour in an awkward position when he attempted to help her move her bed.
Mr Cordell is expecting a call back this afternoon.

Dear Sarah,

Thank you for your email and updated information. This incident yesterday J am assuming that this is a different incident from 15/1/16 where Mr Cordell approached Ms De Polla? Please can you confirm if this was reported to the police, and if this was not why? This is harassment and can be treated and reported as a criminal offence. Yes, this is a separate incident to 15.01.**2016**. The police were not called as a crime had not been committed and Barbara was able to walk away without Mr Cordell trying to prevent her or following her.

In relation to Deborah please can you confirm if your concerns for her welfare are being reported back to the Mental health team prior to this email (I do appreciate that Bola has been on leave for a few weeks) Yvonne has copied Bola into the same communication as yourself and expressed concerns. Debbie has also contacted Bola. I am receiving if not daily calls from Deborah or every other day, with her explaining to me that she feels she is not coping at all, she is looking to me for reassurance. Deborah has expressed that she is not managing independent living and would like to go back into supported accommodation. Supported living is something Bola would need to arrange. Can you confirm that you have reported your concerns for Debbie's welfare to the mental health team?

Please can you confirm if she has expressed this to staff at St John of God? Also, please can you confirm if you feel that Deborah is not coping at present. If so, has this been reported to the mental health team?

As you are aware, Debbie has said that she is not coping, and I understand that you are in the process of providing a report in order to facilitate Debbie to move. Can you confirm that this has been completed and if so, what the next step of the process is and how long this is likely to take?

Also given the current hours that currently allocated to Deborah if this is suitable in this situation for her need? If I recall this was expressed at a SOVA meeting that this should be extended as her needs are becoming greater? We are requested and funded to provide 6 hours support per week (3 hours twice a week for shopping). Bola is responsible for increasing the care package if Debbie is assessed as needing more support. With regard to the Safeguarding plan, I do feel that a mental health strategy meeting needs to take place as issues beyond our control will also have a direct impact on the wellbeing of Deborah. I am raising this directly with George Benyure Bolas manger. My understanding was that Bola had already raised a safeguarding alert.

Hi Louise
I am extremely concerned about Debbie Andrewes neighbour and the increased risk to the support workers and indeed Debbie, who, as you are aware is unable to leave her own home unescorted.
Yesterday it was reported to me that the neighbour approached Barbara de Polla as she entered the communal door, he was very aggressive and began shouting at her saying, you should not be coming here, she is an alcoholic, you shouldn't take her out anywhere etc." Barbara said that she did not want to talk about it and walked away from him, luckily, he did not follow her.
In relation to Debbie is safety, I strongly feel that it is only a matter of time before something serious or even fatal happens to her. As you are aware, the neighbour has a dog, which appears to be a Staffordshire bull terrier which

he allows to roam free in the communal area which is highly intimidating and potentially very dangerous.
Please can you clarify the interim safeguarding protection plan and timescale as to when Debbie will be moved to a place of safety.
I have completed an internal incident form and unfortunately, if another incident occurs, I will have no other option but to temporarily withdraw our service, which will put Debbie in a situation where she is even more at risk.
I look forward to hearing from you at your earliest convenience.

Dear George & Bola,
Thank you for your email, I have only copied you both as there is other information on Mr Cordell that urgently needs to be considered.
I received an email informing me that a mental health warrant had been granted for Mr Cordell. This will cause a greater issue especially if he is released back into the community. My fear is that this will indirectly cause further distress for Deborah. A plan needs to be put in place with full considerations.
Please can an urgent mental health strategy meeting be held regarding Deborah Andrews, given the above information and the urgent need for full consideration in this case due to the complex needs and issues with both clients, who are known to your services and tenants of Enfield Council.
Deborah is contacting me if not daily every other day these calls are coming through at all different days and times. She is informing me that she is not coping with everything and wants to go back into supported accommodation, she feels extremely frightened and vulnerable. I must confirm that its Deborah stating that she is not coping as I am not in a position to make these decisions. When I speak with Deborah asking if she is attending her appointments, she states that" it js a quick jab, in and out no one speaks with you.

With regards to the management transfer this is still being prepared and waiting to be heard by panel, I am waiting to hear the next available date for this. It was explained when I suggested this action may be a route forward that this is not a quick process and all elements need to be considered. It is not necessary for Ms Andrews to currently go into emergency accommodation either. This case will be assisted by moving Ms Andrews; however, this may not resolve all of the concerns or the overall future welfare of Ms Andrews.
Transferring Ms Andrews into another independent accommodation without fully assessing her current needs and the full support required should be considered before this happens. As moving her may not solve all of Deborah Andrews concerns. She is only going out when SJOG are visiting, however they are only allocated 3 hours per week. More recommendations need to be put forward to provide a comprehensive package to support

When he walked back to the main door Debbie, his neighbour was by the bin door and when she turned around and saw my son, she hit him with her shopping bags, there was a lady that was with her, but not standing with her and saw what was going on and run over and told Debbie to stop, my son asked for the lady's name and the lady would not give him it or who she worked for. But my son had time to talk to the lady and tell her what Debbie had been doing, Debbie got upset, and kept shouting and telling the lady not to talk to him the lady had to tell Debbie to stop that she wanted to hear what my son was saying and told Debbie to wait. She spoke to my son for a little while but said to my son that she was sorry, but she was busy and had to go and she left, and my son goes back into his flat. It is truly tragic that the Enfield Councils and the Enfield Homes inclusive of the Metropolitans constabulary left the occupiers of 117 Burncroft Avenue without any form of support in regards to their Child's protection when I notified them of my concerns and video evidence of the legal guardians consecutive while amoral behaviour of criminal attempts, as for the child protection Act 1989 states that in section 27 of that act it requires all local authority as a must to assist in the protection of children, since the young child's birth the child legal mother and father have provoked a Critical emergency needed for the Mental stability of themselves to get questioned as for the complete absinth of the disregard for life itself, as the Article 2 of the human Right Act 1998 explains within its context, as I am Confident that the child is in danger alongside many of my other witness towards the child's legal guardians stability and Mental stability. Legal Aid was sent in over two weeks ago as previously advised. If they have not received / processed the form that is outside my control. Clearly you are not familiar with the workings of the Legal Aid Agency and the frequency with which they lose forms, or the amount of time I waste on the phone to them making enquiries about legal aid applications previously sent in. The Crown Court has been advised during a telephone conversation that the appeal would be 2- 3 days as per the length the original hearing took. As previously advised Lorraine all other work will be undertaken once legal aid has been granted otherwise, we will not get paid for any backdated work. I submitted the appeal and that has been lodged. I did not submit a court stamped form so will now have to get fresh form signed and date stamped and I will only be paid from that date. Please indicate if Simon can attend my office on Friday 9th October **2015** at 2pm with a full list of any new evidence he wants included in the appeal hearing. In the intervening period of time, I will get a "CRM" 14 date stamped.

I spoke today to Debbie Adams from Criminal, and Civil sent me an email on the 22/09/**2015** saying no application has been put in. I was told the turnaround is 2 days to know if it has been granted Josey this was meant to have been put in weeks ago. I cannot take no more of this please update me.

Hi Josey
I was wondering if you had heard anything from legal aid yet. Could you please deal with the information below I have asked for over and over again?
Could I please get the case files, since this case started in Sep **2014** so I can see what has been done?
The information about the medical records. A list of what was given the Magistrates for the trail as Simon never had his own bundle for trail, we don't know what was in fact sent to the court, we do know there was medical records lists 2 sets but the court did not seem to have these, as there were a lot of things Given to Michael which we don't know if they were sent.
Could you please forward me the email to Superintendent Adrian Coombs from Essex police that you said you was going to send weeks ago asking him about the statement. Forward me the ema l you have sent to the crown court about the appeal updating them to how many days you think the appeal will take and any person that are being called, I know you will not be able to give them a full list as of yet as we don't yet have the statement from Superintendent Adrian Coombs and information about the public order unit. I keep sending emails with lists of things but you only every seem to reply to as little as you can and we never get an update as to what is being asked this has gone on since this case started Sep **2014**, I know Michael was dealing with this case and he left, the trail was a mess Josey as so much was never done.
Also, did you get the below email of information you asked for, and how we are going to deal with this please?
Please could you take a little time and deal with just some of this.

Event was called Chaotic Waves Gully posted in >>2100+ ATTENDING<< TONIGHT! ☆☆CHAOTIC WAVES//RIGHT WRONGUNS//BASSFACE SOUNDS//HOUSE OF HAVIK PRESENTS THE 1ST YEAR ANNIVERSARY OF CHAOTIC WAVES^^FT SKUNK-WORKS ARENA

06 to 08 June **2014** Progress way Enfield the full event page is 225 pages Hippy Fest and the Superintendent from Essex statement which should also then bring up a name for a Superintendent in the MET police he spoke to about Hippy Fest. 20 June **2014** 1 Falcon Park Neasden Lane NW10 full event page is 87 pages 19/07/**2014** Carpet right A10 Enfield I got Antony Havey Facebook account page I been waiting for nearly a year for him to add me so I could see what his account page showed as he deleted the event page the event was ca led 19th JULY (1.4k attending) The Raving Family That Rave In The Woods he only added me to his Facebook account on the 1 3/09/**2015** and oh yes I got the information from his Facebook account page, which shows him and others talking about the event, and also a person says on his page there is 200 people waiting at Southbury. Also, it seems that he was one of the people that was at Croydon Party and put on the news and newspapers, he handed himself in for this on the 30/06/**2014** to a police station and was taken to Scotland Yard for interview this is confirmed by his mother on his Facebook account as she was keeping people updated. He was given bail from Scotland yard but it seems on bail conditions from reading his page and reading between the lines one of them seem to be was not to attend any illegal raves, he got NFA for that one the 04/08/**2014** from Scotland yard from what it says on his page, But tell me this he was arrested on the 19/07/**2014** for this event Simon is being blamed for before Simon got there, why when the police saw Simon did, they arrest Simon and de arrest Antony Havey, I sure they would have had his name and done a name check and saw what he was on bail for?
Also, he does not stop there about Scotland Yard. 27/07/**2014** Millmarsh Lane Enfield Emails for this one with information and location. Also, this was not outdoors like the police are trying to say and I can prove this 09 to 10 Aug **2014** Millmarsh Lane Enfield the full event page is 108 pages. Also, this was not outdoors like the police are trying to say and I can prove this, also the po ice must have known there were squatters there due to the party on the 27/07/**2014** Just say I got information a lot of information to each event they say Simon set up. But Josey you need to under the information and how it works I am very good at computers and t even took me a little while to work out how these people set these pages up and what they are doing with the event pages. So just saying you will print them off is not going to be enough as you are going to have hundreds of pages that will need tagging. You need to see the information and understand t to be able to lay this out how it will need laying out for people to understand it. and how I was able to find it which I started when this case started, and have been saying I had it and the event pages but nothing was done, now some pages have been deleted, but we all know the police can get them don't we. I even got events to date that these people are still setting up and the po ice are giving green lights to them which mean the police are allowing these parties to go ahead. These parties are in fact still

going on every week. Also, Josey the paper works the police served really does need time to go over it there is times that are off so many things that are wrong here. The CADs well sorry but the police are trying to with these they really are, and something needs to be done about how they have blacked so much out. But I need to show you for you to understand. And please tell me why a grid ref would need to be blacked out?
But there is a lot of work with the police papers that needs to be gone over which was not done for the trial and Josey this will take time. That last statement you missed in your email from the office in charge of the case needs to be dealt with also it was too late when we found out about it the day before the trail, and that being in Val Tanner from the public order unit at Scotland Yard, but I need to say in a statement what she said to me on the phone as it don't work out with what the police officer said in that statement. And also, the phone ca l that DS Chapman from the public order unit at Scotland Yard. The public order unit at Scotland Yard know a lot more Josey and they know it and they are allowing Simon to be blamed for this knowing he never done it that is wrong Josey it really is. was really funny how the office in charge of this case deleted the email he sent to the public order unit why would he have done this why would he have not taken a statement from Val Tanner?
Simon did do a lot of this with me right from the start when this started but Michael kept saying that does not matter, But Josey t does matter I did not understand how a civil case worked until the end at trial I did ask but I was not explained to me or Simon.

Legal Aid was sent in over two weeks ago as previously advised. If they have not received / processed the form that is outside my control. Clearly you are not familiar with the workings of the Legal Aid Agency and the frequency with which they lose forms, or the amount of

time I waste on the phone to them making enquiries about legal aid applications previously sent in. The Crown Court has been advised during a telephone conversation that the appeal would be 2- 3 days as per the length the original hearing took. As previously advised Lorraine all other work will be undertaken once legal aid has been granted otherwise, we will not get paid for any backdated work. I submitted the appeal and that has been lodged. I did not submit a court stamped form so will now have to get fresh form signed and date stamped and I will only be paid from that date. Please indicate if Simon can attend my office on Friday 9th October **2015** at 2pm with a full list of any new evidence he wants included in the appeal hearing. In the intervening period of time, I will get a "CRM" 14 date stamped.

I was wondering if you had heard anything from legal aid yet. Could you please deal with the information below I have asked for over and over again?
Could I please get the case files, since this case started in Sep **2014** so I can see what has been done?
The information about the medical records. A list of what was given the Magistrates for the trail as Simon never had his own bundle for trail, we don't know what was in fact sent to the court, we do know there was medical records lists 2 sets but the court did not seem to have these, as there were a lot of things Given to Michael which we don't know if they were sent.
Could you please forward me the e**mail to** Superintendent Adrian Coombs from Essex police that you said you was going to send weeks ago asking him about the statement. Forward me the ema l you have sent to the crown court about the appeal updating them to how many days you think the appeal will take and any person that are being called, I know you will not be able to give them a full list as of yet as we don't yet have the statement from Superintendent Adrian Coombs and information about the public order un t.

I keep sending emails with lists of things but you only every seem to reply to as little as you can and we never get an update as to what is being asked this has gone on since this case started Sep **2014**, I know Michael was dealing with this case and he left, the trail was a mess Josey as so much was never done. Also did you get the below email of information you asked for, and how we are going to deal with this please?

Also, it seems that he was one of the people that was at Croydon Party and put on the news and newspapers, he handed homes f in for this on the 30/06/**2014** to a police station and was taken to Scotland Yard for interview this is confirmed by his mother on his Facebook account as she was keeping people updated. 27/07/**2014** Just say I got information a lot of information to each event they say Simon set up. But Josey you need to under the information and how it works I am very good at computers and t even took me a little while to work out how these people set these pages up and what they are doing with the event pages. So just saying you will print them off is not going to be enough as you are going to have hundreds of pages that will need tagging. You need to see the information and understand t to be able to lay this out how it will need laying out for people to understand it. and how I was able to find it which I started when this case started, and have been saying I had it and the event pages but nothing was done, now some pages have been deleted, but we all know the police can get them don't we. I even got events to date that these people are still setting up and the po ice are giving green lights to them which mean the police are allowing these parties to go ahead. These parties are in fact still going on every week. Also, Josey the paper works the police served really does need time to go over it there is times that are off so many things that are wrong here. The CADs well sorry but the police are trying to on with these they really are, and something needs to be done about how they have blacked so much out. But I need to show you for you to understand. And please tell me why a grid ref would need to be blacked out?
But there is a lot of work with the police papers that needs to be gone over which was not done for the trial and Josey this will take time. That last statement you missed in your email from the office in charge of the case needs to be dealt with also it was too late when we found out about it the day before the trail and that being in Val Tanner from the public order unit at Scotland Yard, but I need to say in a statement what she said to me on the phone as it doesn't work out with what the police officer said in that statement. And also, the phone ca l that DS Chapman from the public order unit at Scotland Yard. The public order unit at Scotland Yard know a lot more Josey and they know it and they are allowing Simon to be blamed for this knowing he never done it that is wrong Josey it really is. was really funny how the office in charge of this case deleted the email he sent to the public order unit why would he have done this why would he have not taken a statement from Val Tanner? Simon did do a lot of this with me right from the start when this started but Michael kept saying that does not matter, But Josey t does matter I did not understand how a civil case worked unit l the end at trial I did ask but it was not explained to me or Simon.

Legal Aid was sent in over two weeks ago as previously advised. If they have not received / processed the form that is outside my control. Clearly you are not familiar with the workings of the Legal Aid Agency and the frequency with which they lose forms, or the amount of time I waste on the phone to them making enquiries about legal aid applications previously sent in. The Crown Court has been advised during a telephone conversation that the appeal would be 2- 3 days as per the length the original hearing took. As previously advised Lorraine all other work will be undertaken once legal aid has been granted otherwise, we will not get paid for any backdated work. I submitted the appeal and that has been lodged. I did not submit a court stamped form so will now have to get fresh form signed and date stamped, and I will only be paid from that date.
Please indicate if Simon can attend my office on Friday 9th October **2015** at 2pm with a full list of any new evidence he wants included in the appeal hearing. In the intervening period of time, I will get a "CRM" 14 date stamped.
Regards
Josephine

Hi Josey
I was wondering if you had heard anything from legal aid yet. Could you please deal with the information below I have asked for over and over again?
Could I please get the case files, since this case started in Sep **2014** so I can see what has been done?
The information about the medical records. A list of what was given the Magistrates for the trail as Simon never had his own bundle for trail, we don't know what was in fact sent to the court, we do know there was medical records lists 2 sets but the court did not seem to have these, as there were a lot of things Given to Michael which we don't know if they were sent.
Could you please forward me the email to Superintendent Adrian Coombs from Essex police that you said you was going to send weeks ago asking him about the statement. Forward me the ema l you have sent to the crown court about the appeal updating them to how many days you think the appeal will take and any person that are being called, I know you will not be able to give them a full it's as of yet as we don't yet have the statement from Superintendent Adrian Coombs and information about the public order un t. I keep sending emails with lists of things but you only every seem to reply to as little as you can and we never get an update as to what is being asked this has gone on since this case started Sep **2014**, I know Michael was dealing with this case and he left, the trail was a mess Josey as so much was never done.
Also, did you get the below email of information you asked for, and how we are going to deal with this please?
Please could you take a little time and deal with just some of this.

I got the face book events pages for 12/01/**2013** Canary Wharf Simon was taken to the Royal London Hospital I found out the hospital called them they have the records. 25/05/**2014** Unit 5 St Georges Ind Est White hart Lane, N17 I got emails of the event and what was written on the Facebook event page as to the location and what the event was ca led and the links to the event etc, but event page was deleted. Event was called Chaotic Waves Gully posted in >>2100+ ATTENDING<< TONIGHT!! AACHAOTIC WAVES//RIGHT WRONGUNS//BASSFACE SOUNDS//HOUSE OF HAVIK PRESENTS THE 1ST YEAR ANNIVERSARY OF CHAOTIC WAVESAAFT SKUNK-WORKS ARENA (Then changed to) (Chaotic Waves Gully posted in) A VERY CHAOTIC POPUP! 06 to 08 June **2014** Progress way Enfield the full event page is 225 pages Hippy Fest and the Superintendent from Essex statement which should also then bring up a name for a Superintendent in the MET police he spoke to about Hippy Fest. 20 June **2014** 1 Falcon Park Neasden Lane NW10 full event page is 87 pages 19/07/**2014** Carpet right A10 Enfield I got Antony Harvey Facebook account page I been waiting for nearly a year for him to add me so I could see what his account page showed as he deleted the event page the event was ca led 19th JULY (1.4k attending) The Raving Family That Rave In The Woods he only added me to his Facebook account on the 1 3/09/**2015** and oh yes I got the information from his Facebook account page, which shows him and others talking about the event, and also a person says on his page there

is 200 people waiting at Southbury. Also, it seems that he was one of the people that was at Croydon Party and put on the news and newspapers, he handed himself in for this on the 30/06/**2014** to a police station and was taken to Scotland Yard for interview this is confirmed by his mother on his Facebook account as she was keeping people updated. He was given bail from Scotland yard but it seems on bail conditions from reading his page and reading between the lines one of them seem to be was not to attend any illegal raves, he got NFA for that one the 04/08/**2014** from Scotland yard from what it says on his page, But tell me this he was arrested on the 19/07/**2014** for this event Simon is being blamed for before Simon got there, why when the police saw Simon did, they arrest Simon and de arrest Antony Havey, I sure they would have had his name and done a name check and saw what he was on bail for? Also, he does not stop there about Scotland Yard.

1000,

27/07/**2014** Millmarsh Lane Enfield Emails for this one with information and location. Also, this was not outdoors like the police are trying to say and I can prove this 09 to 10 Aug **2014** Millmarsh Lane Enfield the full event page is 108 pages. Also, this was not outdoors like the police are trying to say and I can prove this, also the police must have known there were squatters there due to the party on the 27/07/**2014** Just say I got information a lot of information to each event they say Simon set up. But Josey you need to under the information and how it works I am very good at computers and it even took me a little while to work out how these people set these pages up and what they are doing with the event pages. So just saying you will print them off is not going to be enough as you are going to have hundreds of pages that will need tagging. You need to see the information and understand t to be able to lay this out how it will need laying out for people to understand it. and how I was able to find it which I started when this case started, and have been saying I had it and the event pages but nothing was done, now some pages have been deleted, but we all know the police can get them don't we. I even got events to date that these people are still setting up and the po ice are giving green lights to them which mean the police are allowing these parties to go ahead. These parties are in fact still going on every week. Also, Josey the paper works the police served really does need time to go over it there is times that are off so many things that are wrong here. The CADs well sorry but the police are trying it on with these they really are and something needs to be done about how they have blacked so much out. But I need to show you for you to understand. And please tell me why a grid ref would need to be blacked out? But there is a lot of work with the police papers that needs to be gone over which was not done for the trial and Josey this will take time. That last statement you missed in your email from the office in charge of the case needs to be dealt with also it was too late when we found out about it the day before the trail, and that being in Val Tanner from the public order unit at Scotland Yard, but I need to say in a statement what she said to me on the phone as it doesn't work out with what the police officer said in that statement. And also, the phone ca l that DS Chapman from the public order unit at Scotland Yard. **The public order unit at Scotland Yard** know a lot more Josey and they know it and they are allowing Simon to be blamed for this knowing he never done it that is wrong Josey it really is. was really funny how the office in charge of this case deleted the email he sent to the public order unit why would he have done this why would he have not taken a statement from Val Tanner? Simon did do a lot of this with me right from the start when this started but Michael kept saying that does not matter, But Josey t does matter I did not understand how a civil case worked until the end at trial I did ask but it was not explained to me or Simon.

Threats and intimidation (General)
Home visit to Ms Deborah Andrews flat. Attendees Dawn Allen TMO and CPN Bola Quadri
Home visit to Ms Andrews advised that her neighbour at number 109 has for the past few months harassed, intimidated, stalked her and made a life a complete misery. He continuously plays loud music, bangs on her ceiling and door alleging that she is monitoring his movements in his flat. She feels petrified by his presence and as a result refused to leave her flat for fear bumping into him on her way out. She has missed a few appointments with her social worker as a result, she has now been subjected to making home appointments pending the time this matter is resolved. She explained that they use to be acquaintances before the relationship went sour. She believes the whole problem started when he claimed the decoration in his flat was damaged as a result of a leak coming from her flat. She confirmed that she had a leak from her overflow a few months ago which has since been repaired but, the damage alleged had occurred.

Her CPN also confirmed her statement and expressed her dissatisfaction at the way she was treated. Ms Andrews felt completely let down by the police and became frightful for her safety especially, as she knows the perpetrators has shells in his flat. I observed in her flat that her floors were very creaky, I was made aware by Dawn that most of the flats in the block are like that. Unfortunately, the creakiness exacerbates the noise level in the flats and cause more problems than usual. I advised that I will contact the police to make further enquiries. I will also contact MHT to enquire if Mr Cordell is known to them. At some point the perpetrator will need to be interviewed and a warning letter issued on him. I will contact the repairs team and try to arrange a surveyor to visit her flat and see what assistance can be offered I further advised that her case will be investigated and an officer will get back to her to discuss further with her. Hi Dolly,
Nick and I attended 113a while ago and spoke to the lady a while ago when she originally called Police. At the time she didn't want us to speak to her neighbour as things had got better. The lady handed us a letter about what had happened but none of it made any sense. We believe she was suffering from mental health issues. On another occasion we popped round to see her and she wouldn't come and speak to us so instead she spoke through her letterbox to us. The male at 109 - Simon Cordell who is causing the problems is very well known to Police and is also very anti Police. I know some Officers went around and spoke to him and things seemed to get better. After that we have had no further calls from the lady at 118.
We will try and get around to see her when were back on duty on Monday.
Kind Regards

Good afternoon Mark,
Could you kindly assist with this query please. Following reports of ASB by the above tenant, my colleague and I visited her this morning and were alarmed by the nature of her complaints. She has in the past few months being constantly harassed, intimidated, bullied, stalked and threatened to kill by her neighbour at 109.
As a result of his behaviour, she has become too scared to leave her flat for fear of what may happen to her. She is a vulnerable tenant who requires support from services. However, the unsettling behaviour exhibited by number 109, has hindered her from attending her appointments and exacerbated her condition. At the moment, she feels very disorientated / agitated and will like the harassment to stop.
She advised that she had reported this to the police a few times but, wasn't taken seriously. I will appreciate if you could stop over at 113 to reassure her that the matter is being dealt with and also to stop by 109 and advise him that you are aware of what is going on and the repercussions should it continue.
Thank you for your support and assistance

Good afternoon, Mark,
Just received some disturbing news about am incident that took place today.
I was made aware that Simon Cordell attempted to strangle the tenant of 113 Burncroft Avenue. She managed to escape his grip but, extremely shaken by the whole episode. She is petrified at the moment and refuses to leave her flat.
Would it be possible to contact / visit her today ASAP please?
Thank you

Good afternoon, Louise,
Sorry I missed your call; I was at a meeting at the time. Called and left a message on your voice mail.
Ms Andrews suffers from a history of mental health; she is currently being supported by Bola Quadri Care-coordinator / CPN / Nurse Prescriber Psychosis Service Line

Barnet, Enfield & Haringey Mental Health NHS Trust / 58-60 Silver Street, Enfield EN1 3EP
She made complains about her neighbour at number 109, harassing, verbally abusing her, intimidating, shouting threatening to kill her. The mean concern here is that the perpetrator in question also suffers from mental health and is known to be very aggressive, violet and anti-police. He has on a few occasions threatened to kill her and petrified the life out of her. It was on this basis that a decision was made to move her out immediately.
Hope the above information is useful.
Thank you

Hi Louise,
Thanks for this - I'm pleased to hear you think Deborah is being properly supported and that she sounded better - she was in a right state when we spoke to her last.
Good news that it looks like she might be able to get help to move.
For the camera, we are very happy to come along for a visit. I've spoken to our Sgt and as we understand it the ideal course of action is to advise him to remove it in our presence, then if he refuses, I believe you can take it down and that should be fine so long as the camera itself is returned to Cordell. Let me know when your best days for it would be and I'll see when we can manage best.
Best wishes,
James

Hi James,
I spoke with Deborah Andrews this morning; the leak issue was sorted over the weekend this was from the flat above.
I do not know anything about Mr Cordell moving in two weeks' time, unless she is getting confused with his threat that he will get her in two weeks' time. Overall, I am concerned that Deborah is not managing and appears to be getting more confused the last few times I have spoken to her last week and today, she is also feeling that she needs further support by way of supported accommodation. I do agree with her as the level of support that St John of God provide is high and the dependency with other agencies is also constant and not something that housing or myself could provide long term.
Deborah was much calmer this morning and I reassured he that if she has any concerns to contact me.
With regard to the camera not he is not allowed it to be train on anything else other that his front door. Probably means I will need to visit him to get this sorted. I may request your assistance with this I don't really fancy

seeing him on my own!! (sorry)

Subject: Cordell
Hi Louise,
I hope you are well.
Since **15/01/2016** we have had further calls from Debra Andrew relating to the issues she has been having with Simon Cordell.
Given the nature of the calls, we visited Debra yesterday for a reassurance visit. She said that there has been a leak in the building causing 'flooding' in both her flat and Cordell's flat, and Cordell has been making accusations relating to it. She said that she believes Cordell is leaving his flat in two weeks, which I hadn't heard, but said I would look into it - do you know if that's true by any chance?
Debra said that if Cordell does not leave, she wants to leave her flat and move somewhere else herself.
While at the address we also noticed that Cordell has now installed a CCTV camera which is placed at the top of the internal communal door leading to flats 109 and 111, facing towards the main door of the block. I am unsure as to whether he's allowed to do this and shall look into it, but just wanted to let you know!
Best wishes,
James

Hi Louise, Jackie,
Mr Cordell called this afternoon requesting to speak with yourselves in regard to his case against his neighbour.
I am sure you know the details; however, he did say that his neighbour is making noise when he undresses. He did go on to mention an incident that resulted in both himself and his neighbour in an awkward position when he attempted to help her move her bed.
Mr Cordell is expecting a call back this afternoon.

Dear Sarah,
Thank you for your email and updated information. This incident yesterday J am assuming that this is a different incident from 15/1/16 where Mr Cordell approached Ms De Polla? Please can you confirm if this was reported to the police, and if this was not why? This is harassment and can be treated and reported as a criminal offence. Yes, this is a separate incident to 15.01.**2016**. The police were not called as a crime had not been committed and Barbara was able to walk away without Mr Cordell trying to prevent her or following her.
In relation to Deborah please can you confirm if your concerns for her welfare are being reported back to the Mental health team prior to this email (I do appreciate that Bola has been on leave for a few weeks) Yvonne has copied Bola into the same communication as yourself and expressed concerns. Debbie has also contacted Bola. I am receiving if not daily calls from Deborah or every other day, with her explaining to me that she feels she is not coping at all, she is looking to me for reassurance. Deborah has expressed that she is not managing independent living and would like to go back into supported accommodation. Supported living is something Bola would need to arrange. Can you confirm that you have reported your concerns for Debbie's welfare to the mental health team?
Please can you confirm if she has expressed this to staff at St John of god? Also, please can you confirm if you feel that Deborah is not coping at present. If so, has this been reported to the mental health team?
As you are aware, Debbie has said that she is not coping, and I understand that you are in the process of providing a report in order to facilitate Debbie to move. Can you confirm that this has been completed and if so, what the next step of the process is and how long this is likely to take?
Also given the current hours that currently allocated to Deborah if this is suitable in this situation for her need? If I recall this was expressed at a SOVA meeting that this should be extended as her needs are becoming greater? We are requested and funded to provide 6 hours support per week (3 hours twice a week for shopping). Bola is responsible for increasing the care package if Debbie is assessed as needing more support. With regard to the Safeguarding plan, I do feel that a mental health strategy meeting needs to take place as issues beyond our control will also have a direct impact on the wellbeing of Deborah. I am raising this directly with George Benyure Bolas manger. My understanding was that Bola had already raised a safeguarding alert.

Hi Louise
I am extremely concerned about Debbie Andrewes neighbour and the increased risk to the support workers and indeed Debbie, who, as you are aware is unable to leave her own home unescorted.
Yesterday it was reported to me that the neighbour approached Barbara de Polla as she entered the communal door, he was very aggressive and began shouting at her saying, you should not be coming here, she is an alcoholic, you shouldn't take her out anywhere etc." Barbara said that she did not want to talk about it and walked away from him, luckily, he did not follow her.
In relation to Debbie is safety, I strongly feel that it is only a matter of time before something serious or even fatal happens to her. As you are aware, the neighbour has a dog, which appears to be a Staffordshire bull terrier which

he allows to roam free in the communal area which is highly intimidating and potentially very dangerous.
Please can you clarify the interim safeguarding protection plan and timescale as to when Debbie will be moved to a place of safety.
I have completed an internal incident form and unfortunately, if another incident occurs, I will have no other option but to temporarily withdraw our service, which will put Debbie in a situation where she is even more at risk.
I look forward to hearing from you at your earliest convenience.

Dear George & Bola,
Thank you for your email, I have only copied you both as there is other information on Mr Cordell that urgently needs to be considered.
I received an email informing me that a mental health warrant had been granted for Mr Cordell. This will cause a greater issue especially if he is released back into the community. My fear is that this will indirectly cause further distress for Deborah. A plan needs to be put in place with full considerations.
Please can an urgent mental health strategy meeting be held regarding Deborah Andrews, given the above information and the urgent need for full consideration in this case due to the complex needs and issues with both clients, who are known to your services and tenants of Enfield Council.
Deborah is contacting me if not daily every other day these calls are coming through at all different days and times. She is informing me that she is not coping with everything and wants to go back into supported accommodation, she feels extremely frightened and vulnerable. I must confirm that its Deborah stating that she is not coping as I am not in a position to make these decisions. When I speak with Deborah asking if she is attending her appointments, she states that" it is a quick jab, in and out no one speaks with you.

With regards to the management transfer this is still being prepared and waiting to be heard by panel, I am waiting to hear the next available date for this. It was explained when I suggested this action may be a route forward that this is not a quick process and all elements need to be considered. It is not necessary for Ms Andrews to currently go into emergency accommodation either. This case will be assisted by moving Ms Andrews; however, this may not resolve all of the concerns or the overall future welfare of Ms Andrews.
Transferring Ms Andrews into another independent accommodation without fully assessing her current needs and the full support required should be considered before this happens. As moving her may not solve all of Deborah Andrews concerns. She is only going out when SJOG are visiting, however they are only allocated 3 hours per week. More recommendations need to be put forward to provide a comprehensive package to support

It is truly tragic that the Enfield Councils and the Enfield Homes inclusive of the Metropolitans constabulary left the occupiers of 117 Burncroft Avenue without any form of support in regards to their Child's protection when I notified them of my concerns and video evidence of the legal guardians consecutive while amoral behaviour of criminal attempts, as for the child protection Act 1989 states that in section 27 of that act it requires all local authority as a must to assist in the protection of children, since the young child's birth the child legal mother and father have provoked a Critical emergency needed for the Mental stability of themselves to get questioned as for the complete absinth of the disregard for life itself, as the Article 2 of the human Right Act 1998 explains within its context, as I am Confident that the child is in danger alongside many of my other witness towards the child’s legal guardians stability and Mental stability. I have scheduled a meeting with Simon tomorrow so that the following can be don**e:**
(a) Simon signs "CRM" 14 and I can submit legal aid application again
(b) Simon's defence document bundle is updated and indexed Simon's statement is updated All freedom of information disclosure is considered and included in the bundle Simon's comments on the additional statement Basically, you now know how the police are putting the case. You have specified areas that you require clarification upon, namely **Crown Road raves etc.** I have left a voice message for Andy asking him to confirm if he is willing to do the appeal as usually barristers like fresh eyes on the case as the prosecution is not firmly on notice as to the points that we are raising. We also now know the points that the prosecution is making, and we need to challenge them. Re Freedom of information - please bring all that you have so that I can consider it and include it in the bundle Email to Essex will be done tomorrow when you are present Email to Val at Public Order unit will be done tomorrow - as you are aware the police did not take a statement from Val but provided a statement regarding a conversation so we will request information. This point was mooted with Andy during the conference and he was of the view that this could be a double-edged sword and I agreed with Andy. Perhaps via emails / Facebook we can explain how Simon was present so early on for the parties. Whatever you have on the USB please bring so that we can consider this also. The meeting is scheduled between 2pm - 4pm tomorrow.
Regards
Josephine

Hi Josey
I have not had a reply to the below emails yet, can you please tell me what this meeting is going to be tomorrow that you want Simon to attend at the office at 14 00 hours. Is it just going to be to sign and new legal Aid form, and hand over a list of information for the appeal?
As said in an earlier email you will not just be able to print of the new information and hand it in as each part will need going over as there are 100s of pages, I can put it on a USB pen as at this time I have just printed it to PDF so it all on my computer the only one I printed off which the judge would not a low was **Hippy Fest,** and some other documents from the news showing these parties was still going on. Now I have event pages showing this clearly has not stopped. And the police are allowing them to go on. I have already sent you a list of information that has been gathered, and explained what would need to be done, due to it not being done for the trial. I know you cannot do any work without legal aid being granted, and I know Simon thinks tomorrow he will be sitting down with you going over a lot of data will this be the case?
Could you also tell me f Andy Locke will be dealing with the appeal?
I not sure how this will work as legal aid has not been granted yet would he be able to book the days that would be needed for the appeal.

Hi Josey
Can you please fill the form in for legal Aid and leave it at the office and let me know when this has been done please then me and Simon will come to the office and he will sign and date it and I will get the staff to take a copy of the form so you have a copy of it. I will then take it to the post office and send it next day signed for as I am not going to wait until the 09/10/**2015** for Simon to sign this legal Aid form this needs to be done as soon as possible so we know if it has been granted or it will have to go in front of the judge like last time.

Hi Josey
I can print the form off and take it to Simon like I did last time get him to sign it and date it, and then bring it to your office I will even pay for it to be sent next day delivery signed for, so we have proofed this time they got it as I don't trust normal delivery after what you said and that legal aid losing so many applications, or please leave the form with someone at the office and I will bring Simon to the office before the 09/1 0/**2015** to get him to sign it and date it in front of one of the staffs and leave the money there so it can be posted next day delivery. This way you be able to get t before 09/10/**2015** so it can be sent off, so you are not doing any work before legal aid is granted. There is only 5 weeks 4 days left for the appeal case, and there is so much that was not done for the last trial that it all needs to be done. I

don't want him just coming to the office to sign the form on the **09/10/201 5** he already is not well enough as you already know and then we have to wait weeks to find out if the application has been granted again in which time no work can be done again as this will really upset him and I really can do without that, and I am not having the date set back on the 26/1 0/**2015** when it is listed in court to make sure everything is ready. this case has been going on for over a year now and it was never ready for trial the 1st time. You also have to look at the CADs as I been saying all along a lot are not correct and we need to get the cads for the 06rth June funny how none of them are in there and also all the **Cads for Crown Road**. I mean the grid that are left open in the cads we have got are for places like chase side miles away from progress way, and other places, and then you got crown road 2 secs away from Southbury road train station and progress way is 17mins away from Southbury road, so did the police ask a l the people that were at Southbury road what party they were going to? I mean from what the police said on the stand they did not even know a party was going on at crown road which is a joke seeing as parties had been going on there every week since April **2014**, it just does not add up and if it had been looked at when I kept asking this should have been seen. And what about the medical notes I still don't know anything about them, if you have not got them it takes around 6 weeks to get them so we are already out of time, but seeing as Michael said he had paid for them I think you should have them they just were not at court for the trial. And the Cads and medical notes was meant to have been done form the trial, also we still don t have the court bundle from the trial so don't know what is in it. Things will need to be asked for Josey I am tiring as much as I can to get as much work as I can done, Simon and I done a lot of work already. I don't think you understand how much paperwork is going to be added to this case. and I been up and down Highbury corner getting the errors addressed that is on his PNC record which should have been done for the trial. Also, as I already said the police are not helping with a l the FOI, I am putting in they are finding every way possible not to deal with it, and sorry but 5 weeks is not long enough to address this entire, well it will be 4 weeks 3 days by the **09/10/2015.**

Does the office not submit the legal aid applications online or by DX?
Time is running very low to get the information dealt with we still need information from the public order unit, and other things addressed Josey there is going to be a lot of work to get his ready for appeal for the

Legal Aid was sent in over two weeks ago as previously advised. If they have not received / processed the form that is outside my control. Clearly you are not familiar with the workings of the Legal Aid Agency and the frequency with which they lose forms, or the amount of time I waste on the phone to them making enquiries about legal aid applications previously sent in. The Crown Court has been advised during a telephone conversation that the appeal would be 2- 3 days as per the length the original hearing took. As previously advised Lorraine all other work will be undertaken once legal aid has been granted otherwise, we will not get paid for any backdated work. I submitted the appeal and that has been lodged. I did not submit a court stamped form so will now have to get fresh form signed and date stamped, and I will only be paid from that date. Please indicate if Simon can attend my office on Friday 9th October **2015** at 2pm with a full list of any new evidence he wants included in the appeal hearing. In the intervening period of time, I will get a "CRM" 14 date stamped.

Hi Josey
I was wondering if you had heard anything from legal aid yet.
Could you please deal with the information below I have asked for over and over again?
Could I please get the case files, since this case started in Sep **2014** so I can see what has been done?
The information about the medical records. A list of what was given the Magistrates for the trail as Simon never had his own bundle for trail, we don't know what was in fact sent to the court, we do know there was medical records lists 2 sets but the court did not seem to have these, as there were a lot of things Given to Michael which we don't know if they were sent.
Could you please forward me the e**mail to** Superintendent Adrian Coombs from Essex police that you said you was going to send weeks ago asking him about the statement. Forward me the ema l you have sent to the crown court about the appeal updating them to how many days you think the appeal will take and any person that are being called, I know you will not be able to give them a full list as of yet as we don't yet have the statement from Superintendent Adrian Coombs and information about the public order un t. I keep sending emails with lists of things but you only every seem to reply to as little as you can and we never get an update as to what is being asked this has gone on since this case started Sep **2014**, I know Michael was dealing with this case and he left, the trail was a mess Josey as so much was never done.
Also, did you get the below email of information you asked for, and how we are going to deal with this please?
Please could you take a little time and deal with just some of this.

Hi Josey
I got the face book events pages for 12/01/**2013** Canary Wharf Simon was taken to the Royal London Hospital I found out the hospital called them they have the records. 25/05/**2014** Unit 5 St Georges Ind Est White hart Lane, N17 I got emails of the event and what was written on the Facebook event page as to the location and what the event was ca led and the links to the event etc, but event page was deleted. Event was called Chaotic Waves Gully posted in >>2100+ ATTENDING<< TONIGHT!! AACHAOTIC WAVES//RIGHT WRONGUNS//BASSFACE SOUNDS//HOUSE OF HAVIK PRESENTS THE 1ST YEAR ANNIVERSARY OF CHAOTIC WAVESA~A~FT SKUNK-WORKS ARENA (Then changed to)
(Chaotic Waves Gully posted in) A VERY CHAOTIC POPUP!
06 to 08 June **2014** Progress way Enfield the full event page is 225 pages Hippy Fest and the Superintendent from Essex statement which should also then bring up a name for a Superintendent in the MET police he spoke to about Hippy Fest. **20 June 2014**
1 Falcon Park Neasden Lane NW10 full event page is 87 pages **19/07/2014** Carpet right A10 Enfield I got Antony Harvey Facebook account page I been waiting for nearly a year for him to add me so I could see what his account page showed as he deleted the event page the event was ca led 19th JULY (1.4k attending) The Raving Family That Rave In The Woods he only added me to his Facebook account on the 1 3/09/**2015** and oh yes I got the information from his Facebook account page, which shows him and others talking about the event, and also a person says on his page there is 200 people waiting at Southbury. Also, it seems that he was one of the people that was at Croydon Party and put on the news and newspapers, he handed himself in for this on the**30/06/2014** to a police station and was taken to Scotland Yard for interview this is confirmed by his mother on his Facebook account as she was keeping people updated. He was given bail from Scotland yard but it seems on bail conditions from reading his page and reading between the lines one of them seem to be was not to attend any illegal raves, he got NFA for that one the **04/08/2014** from Scotland yard from what it says on his page,
997,
But tell me this he was arrested on the **19/07/2014** for this event Simon is being blamed for before Simon got there, why when the police saw Simon did, they arrest Simon and de arrest Antony Harvey, I sure they would have had his name and done a name check and saw what he was on bail for?
Also, he does not stop there about Scotland Yard. **27/07/2014** Millmarsh Lane Enfield Emails for this one with information and location. Also, this was not outdoors like the police are trying to say and I can prove this 09 to 10 Aug **2014** Millmarsh Lane Enfield the full event page is 108 pages. Also, this was not outdoors like the police are trying to say and I can prove this, also the po ice must have known there were squatters there due to the party on the **27/07/2014** Just say I got information a lot of information to each event they say Simon set up. But Josey you need to under the information and how it works I am very good at computers and it even took me a little while to work out how these people set these pages up and what they are doing with the event pages. So just saying you will print them off is not going to be enough as you are going to have hundreds of pages that will need tagging. You need to see the information and understand t to be able to lay this out how it will need laying

out for people to understand it. and how I was able to find it which I started when this case started, and have been saying I had it and the event pages but nothing was done, now some pages have been deleted, but we all know the police can get them don't we. I even got events to date that these people are still setting up and the po ice are giving green lights to them which mean the police are allowing these parties to go ahead. These parties are in fact still going on every week. Also, Josey the paper works the police served really does need time to go over it there is times that are off so many things that are wrong here. The CADs well sorry but the police are trying it on with these they really are, and something needs to be done about how they have blacked so much out. But I need to show you for you to understand. And please tell me why a grid ref would need to be blacked out?
But there is a lot of work with the police papers that needs to be gone over which was not done for the trial and Josey this will take time. That last statement you missed in your email from the office in charge of the case needs to be dealt with also it was too late when we found out about it the day before the trail and that being in Val Tanner from the public order unit at Scotland Yard, but I need to say in a statement what she said to me on the phone as it doesn't work out with what the police officer said in that statement. And also, the phone ca l that DS Chapman from the public order unit at Scotland Yard. The public order unit at Scotland Yard know a lot more Josey and they know it and they are allowing Simon to be blamed for this knowing he never done it that is wrong Josey it really is. was really funny how the office in charge of this case deleted the email he sent to the public order unit why would he have done this why would he have not taken a statement from Val Tanner? Simon did do a lot of this with me right from the start when this started but Michael kept saying that does not matter, But Josey t does matter I did not understand how a civil case worked until the end at trial I did ask but it was not explained to me or Simon.

Good afternoon, Louise, Sorry I missed your call; I was at a meeting at the time. Called and left a message on your voice mail. Ms. Andrews suffers from a history of mental health; she is currently being supported by Bola Quadri Care-coordinator / CPN / Nurse Prescriber Psychosis Service Line, Barnet, Enfield & Haringey Mental Health NHS Trust / 58-60 Silver Street, Enfield EN1 3EP. She made complains about her neighbour at number 109, harassing, verbally abusing her, intimidating, shouting threatening to kill her. The mean concern here is that the perpetrator in question also suffers from mental health and is known to be very aggressive, violet and anti-police. He has on a few occasions threatened to kill her and petrified the life out of her. It was on this basis that a decision was made to move her out immediately. Hope the above information is useful. Threats and intimidation (General)
Home visit to Ms Deborah Andrews flat. Attendees Dawn Allen TMO and CPN Bola Quadri
Home visit to Ms Andrews advised that her neighbour at number 109 has for the past few months harassed, intimidated, stalked her and made a life a complete misery. He continuously plays loud music, bangs on her ceiling and door alleging that she is monitoring his movements in his flat. She feels petrified by his presence and as a result refused to leave her flat for fear bumping into him on her way out. She has missed a few appointments with her social worker as a result, she has now been subjected to making home appointments pending the time this matter is resolved. She explained that they use to be acquaintances before the relationship went sour. She believes the whole problem started when he claimed the decoration in his flat was damaged as a result of a leak coming from her flat. She confirmed that she had a leak from her overflow a few months ago which has since been repaired but, the damage alleged had occurred.

She still wasn't taken seriously and had to abandon the call. She found this very frustrating and advised that it was not the first time this would happen to her. Her CPN also confirmed her statement and expressed her dissatisfaction at the way she was treated. Ms Andrews felt completely let down by the police and became frightful for her safety especially, as she knows the perpetrators has shells in his flat. I observed in her flat that her floors were very creaky, I was made aware by Dawn that most of the flats in the block are like that. Unfortunately, the creakiness exacerbates the noise level in the flats and cause more problems than usual. I advised that I will contact the police to make further enquiries. I will also contact MHT to enquire if Mr Cordell is known to them. At some point the perpetrator will need to be interviewed and a warning letter issued on him. I will contact the repairs team and try to arrange a surveyor to visit her flat and see what assistance can be offered I further advised that her case will be investigated and an officer will get back to her to discuss further with her. Miss Debra Andrew [SEC=PROTECT]
Hi Dolly,
Nick and I attended 113a while ago and spoke to the lady a while ago when she originally called Police. At the time she didn't want us to speak to her neighbour as things had got better. The lady handed us a letter about what had happened but none of it made any sense. We believe she was suffering from mental health issues. On another occasion we popped round to see her and she wouldn't come and speak to us so instead she spoke through her letterbox to us. The male at 109 - Simon Cordell who is causing the problems is very well known to Police and is also very anti Police. I know some Officers went around and spoke

to him and things seemed to get better. After that we have had no further calls from the lady at 118.
We will try and get around to see her when were back on duty on Monday.
Kind Regards

Good afternoon Mark,
Could you kindly assist with this query please. Following reports of ASB by the above tenant, my colleague and I visited her this morning and were alarmed by the nature of her complaints. She has in the past few months being constantly harassed, intimidated, bullied, stalked and threatened to kill by her neighbour at 109.
As a result of his behaviour, she has become too scared to leave her flat for fear of what may happen to her. She is a vulnerable tenant who requires support from services.
However, the unsettling behaviour exhibited by number 109, has hindered her from attending her appointments and exacerbated her condition. At the moment, she feels very disorientated / agitated and will like the harassment to stop.
She advised that she had reported this to the police a few times but, wasn't taken seriously.
I will appreciate if you could stop over at 113 to reassure her that the matter is being dealt with and also to stop by 109 and advise him that you are aware of what is going on and the repercussions should it continue.

Good afternoon Louise,

Sorry I missed your call; I was at a meeting at the time. Called and left a message on your voice mail.
Ms Andrews suffers from a history of mental health; she is currently being supported by Bola Quadri Care-coordinator / CPN / Nurse Prescriber Psychosis Service Line
Barnet, Enfield & Haringey Mental Health NHS Trust / 58-60 Silver Street, Enfield EN1 3EP
She made complains about her neighbour at number 109, harassing, verbally abusing her, intimidating, shouting threatening to kill her. The mean concern here is that the perpetrator in question also suffers from mental health and is known to be very aggressive, violet and anti-police. He has on a few occasions threatened to kill her and petrified the life out of her. It was on this basis that a decision was made to move her out immediately.
Hope the above information is useful.
Thank you

Hi Louise,
Thanks for this - I'm pleased to hear you think Deborah is being properly supported and that she sounded better - she was in a right state when we spoke to her last.
Good news that it looks like she might be able to get help to move.
For the camera, we are very happy to come along for a visit. I've spoken to our Sgt and as we understand it the ideal course of action is to advise him to remove it in our presence, then if he refuses, I believe you can take it down and that should be fine so long as the camera itself is returned to Cordell. Let me know when your best days for it would be and I'll see when we can manage best.
Best wishes,
James

Hi James,
I spoke with Deborah Andrews this morning; the leak issue was sorted over the weekend this was from the flat above.
I do not know anything about Mr Cordell moving in two weeks' time, unless she is getting confused with his threat that he will get her in two weeks' time? Overall, I am concerned that Deborah is not managing and appears to be getting more confused the last few times I have spoken to her last week and today, she is also feeling that she needs further support by way of supported accommodation. I do agree with her as the level of support that St John of God provide is high and the dependency with other agencies is also constant and not something that housing or myself could provide long term.
Deborah was much calmer this morning and I reassured her that if she has any concerns to contact me.
With regard to the camera not he is not allowed it to be train on anything else other that his front door. Probably means I will need to visit him to get this sorted. I may request your assistance with this I don't really fancy

seeing him on my own!! (sorry)

Hi Louise,
I hope you are well.
Since **15/01/2016** we have had further calls from Debra Andrew relating to the issues she has been having with Simon Cordell.
Given the nature of the calls, we visited Debra yesterday for a reassurance visit. She said that there has been a leak in the building causing 'flooding' in both her flat and Cordell's flat, and Cordell has been making accusations relating to it. She said that she believes Cordell is leaving his flat in two weeks, which I hadn't heard, but said I would look into it - do you know if that's true by any chance?
Debra said that if Cordell does not leave, she wants to leave her flat and move somewhere else herself.
While at the address we also noticed that Cordell has now installed a CCTV camera which is placed at the top of the internal communal door leading to flats 109 and 111, facing towards the main door of the block. I am unsure as to whether he's allowed to do this and shall look into it, but just wanted to let you know!
Best wishes,
James

Hi Louise, Jackie,
Mr Cordell called this afternoon requesting to speak with yourselves in regard to his case against his neighbour.
I am sure you know the details however; he did say that his neighbour is making noise when he undresses. He did go on to mention an incident that resulted in both himself and his neighbour in an awkward position when he attempted to help her move her bed.
Mr Cordell is expecting a call back this afternoon.

Dear Sarah,
Thank you for your email and updated information. This incident yesterday J am assuming that this is a different incident from **15/1/16** where Mr Cordell approached Ms De Polla? Please can you confirm if this was reported to the police, and if this was not why? This is harassment and can be treated and reported as a criminal offence. Yes, this is a separate incident to 15.01.**2016**. The police were not called as a crime had not been committed and Barbara was able to walk away without Mr Cordell trying to prevent her or following her.
In relation to Deborah please can you confirm if your concerns for her welfare are being reported back to the Mental health team prior to this email (I do appreciate that Bola has been on leave for a few weeks) Yvonne has copied Bola into the same communication as yourself and expressed concerns. Debbie has also contacted Bola. I am receiving if not daily calls from Deborah or every other day, with her explaining to me that she feels she is not coping at all, she is looking to me for reassurance. Deborah has expressed that she is not managing independent living and would like to go back into supported accommodation. Supported living is something Bola would need to arrange. Can you confirm that you have reported your concerns for Debbie's welfare to the mental health team?
Please can you confirm if she has expressed this to staff at St John of god? Also, please can you confirm if you feel that Deborah is not coping at present. If so, has this been reported to the mental health team?
As you are aware, Debbie has said that she is not coping, and I understand that you are in the process of providing a report in order to facilitate Debbie to move. Can you confirm that this has been completed and if so, what the next step of the process is and how long this is likely to take?
Also given the current hours that currently allocated to Deborah if this is suitable in this situation for her need? If I recall this was expressed at a SOVA meeting that this should be extended as her needs are becoming greater? We are requested and funded to provide 6 hours support per week (3 hours twice a week for shopping). Bola is responsible for increasing the care package if Debbie is assessed as needing more support. With regard to the Safeguarding plan, I do feel that a mental health strategy meeting needs to take place as issues beyond our control will also have a direct impact on the wellbeing of Deborah. I am

raising this directly with George Benyure Bolas manger. My understanding was that Bola had already raised a safeguarding alert.

Hi Louise
I am extremely concerned about Debbie Andrewes neighbour and the increased risk to the support workers and indeed Debbie, who, as you are aware is unable to leave her own home unescorted.
Yesterday it was reported to me that the neighbour approached Barbara de Polla as she entered the communal door, he was very aggressive and began shouting at her saying, you should not be coming here, she is an alcoholic, you shouldn't take her out anywhere etc." Barbara said that she did not want to talk about it and walked away from him, luckily, he did not follow her.
In relation to Debbie is safety, I strongly feel that it is only a matter of time before something serious or even fatal happens to her. As you are aware, the neighbour has a dog, which appears to be a Staffordshire bull terrier which

he allows to roam free in the communal area which is highly intimidating and potentially very dangerous.
Please can you clarify the interim safeguarding protection plan and timescale as to when Debbie will be moved to a place of safety.
I have completed an internal incident form and unfortunately, if another incident occurs, I will have no other option but to temporarily withdraw our service, which will put Debbie in a situation where she is even more at risk.

I look forward to hearing from you at your earliest convenience.

Dear George & Bola,
Thank you for your email, I have only copied you both as there is other information on Mr Cordell that urgently needs to be considered.
I received an email informing me that a mental health warrant had been granted for Mr Cordell. This will cause a greater issue especially if he is released back into the community. My fear is that this will indirectly cause further distress for Deborah. A plan needs to be put in place with full considerations.
Please can an urgent mental health strategy meeting be held regarding Deborah Andrews, given the above information and the urgent need for full consideration in this case due to the complex needs and issues with both clients, who are known to your services and tenants of Enfield Council.
Deborah is contacting me if not daily every other day these calls are coming through at all different days and times. She is informing me that she is not coping with everything and wants to go back into supported accommodation, she feels extremely frightened and vulnerable. I must confirm that its Deborah stating that she is not coping as I am not in a

position to make these decisions. When I speak with Deborah asking if she is attending her appointments, she states that" it js a quick jab, in and out no one speaks with you.
With regards to the management transfer this is still being prepared and waiting to be heard by panel, I am waiting to hear the next available date for this. It was explained when I suggested this action may be a route forward that this is not a quick process and all elements need to be considered. It is not necessary for Ms Andrews to currently go into emergency accommodation either. This case will be assisted by moving Ms Andrews; however, this may not resolve all of the concerns or the overall future welfare of Ms Andrews.
Transferring Ms Andrews into another independent accommodation without fully assessing her current needs and the full support required should be considered before this happens. As moving her may not solve all of Deborah Andrews concerns. She is only going out when SJOG are visiting, however they are only allocated 3 hours per week. More recommendations need to be put forward to provide a comprehensive package to support

2 **Enfield Council & The Neighborhood Watch Team:** Formal Complaint / **Time** 15:30- "Dear Louise Brown and Jackie Gubby, could you please read the attached letter and please reply so I know you have got this email? Regards Mother Simon Cordell. **Formal Complaint** / Dear Louise Brown: I believe you are the person dealing with the complaints put in due to the behaviour of Debbie who lives at number 113 Burncroft Av EN3 7 JQ. My son Simon Cordell is the person who lives at 109 Burncroft Av EN3 7 JQ. Yesterday the 15/10/2015 you attended my son Simon Cordell flat with 2 police officers. Why would you turn up at someone flat with 2 police officers and not even ask or set up a meeting to do this? Could I please ask why a meeting was not set up to see him, and you just turned up at his flat with the police? I am the person looking after my son and have been in contract with the council and was meant to have been there at the meeting so this was meant to have been arranged not that you just turn up with police. You said you was in the area and had the case file for this so just attended, when was you given the case file for you to address on what date? As I believe it was some time ago, yet we have had no contact from you. You asked my son what had been going on, yet you took no notes or a report of anything my son was saying. How is this addressing the issue when you did not even take notes at what was meant to be called a meeting, may I ask what was the point of this meeting? You did not want to look at any of the videos that my son had recorded re what had been going on and what Debbie had been doing. You did not want to look at any of the evidence my son had, the letters Debbie was putting in my son's door in one letter she even put £20 in there which was posted back in her door as my son did not want her money, the videos my son had recorded, nothing so how are you doing your job. You did not want to hear about the attack on my son, when Debbie was at the bins and my son walked be hide her to the main door and when she turned around and saw my son she started screaming and attacking my son. You said to my son Debbie had not been in her address for the last 2 weeks that she had been in a hotel. And asked my son if he knew this how is my son meant to know this? I think you told him this because he said the things had been better the last few weeks, but there were still problems. Which if you had looked at the Videos you would have seen things from the last 2 weeks, but you did not do this did you. When you left you made my son give his word, he would not hurt Debbie, like

Debbie is the victim here and not my son. My son has never hurt Debbie so why would you make him give his word he would not hurt her? Debbie is the person who attacked my son not the other way around here. Which was reported? You have given Debbie support moved her to a hotel like she is the victim yet failed to support my son in any way here, yet he is the victim of what Debbie is doing. Not took a report does not ask anyone what has been going on, as there is witness as to what Debbie is doing. My son's friends and I have heard what is going on and what Debbie is doing. I even went up to Debbie's door to try and speak with her, she asked who was at the door and I said I was Simon mum and would like to speak to her to try and sort the issue out what was going on, that if we spoke maybe we could sort this out, she just started shouting so many things at me and sounded drunk, I left and went down to my son flat and said she would not speak to me, I was there around 3 hours after that and Debbie did not bang once or doing anything, yet the 2 hours I was there before going up to her flat to speak to her the banging was ongoing and was making my son so upset we could not do the work I was there for that is why I went up to speak to her. I believe my son has been to her door 2 times and ask her to stop well he begged her to stop She just started shouting and then called the police, one of these times my son friend Katie was there, and heard what Debbie was doing and spoke to the police when they came to my son door. Katie goes to my son's flat a lot along with a friend called Nash and a few other people each of these people have heard what Debbie is doing. Debbie has been to my son's door more than once when Katie has been at my son's flat offering my son cans of alcohol which my son refused as he does not drink and asking my son for money and other things. So please don't make this out as if it is my son that is causing the problem here as that is how you made him feel yesterday. We are the ones who put the reports in from around a year ago yet you have done nothing to support my son the 1st time you even went to see him was the 15/10/15 yet you been out to see Debbie and seem to have given her support. Yet each time I told the council how ill this is making my son, where is his support? Am I of the understand you said to my son that you believe Debbie has feelings for my son and this is the reason you believe Debbie is acting the way in which she is? My son has never acted in a way to make Debbie think my son had any interest in her, he has only every helped his neighbours, which is the type of person my son is. Has Debbie said she has feeling for my son? And as Debbie has already attacked my son unprovoked is, he in any harm from a next attack? This is making my son ill, but you don't care about how ill this is making my son do you or you would have addressed the issue when contact was made with the council about this issue. You have said you are moving Debbie back in, but what has been done to the so-called feelings you think Debbie has got for my son have they just gone away? We know Debbie has mental health issues and she is an alcoholic, and that she needs help, but I am sorry this is making my son ill and something does need to be done as it has been going on to long now and you have done nothing. My son has lived in his flat even before Debbie moved there and he has never caused a problem. In fact, he has only ever tried to help his neighbours. I would like to know what has been done to address this and what is being done to help my son. I do not think you have addressed this in the correct manner, and I feel that you feel Debbie needs more support due to her being vulnerable, but have you asked if my son is vulnerable what heath conditions, he has nope you have not and I feel it is due to him being a male and Debbie a female, I feel as if you think males can't be vulnerable."

Is there an update to how long this will take regarding the complaint, will it be weeks or months? As you are aware this has been ongoing since Dec **2013** when this started, yes, we know that the trial took some time and then the appeal, and that you could only start to address this from that point and we do understand this.

Dear Mr Dear Forster
Could you please put this email in front of the legal adviser, the alleged erroneous entries on my PNC as you have put it, are made up from the court as the police would not be able to put records on a person's PNC record without a case being put in front of the courts. My Mother has asked the court to check all the registries at the court against the records the police hold on my PNC record. This showed the errors and as you said to my mother at the court if a case is not listed at the court, then it was never heard at the court. There are 5 errors of no listing on my PNC that the court does not have in the court register how can this be? My mother has been to the police who do not want to address this issue this is why she came to the court as the court should hold all records. By the legal adviser not wanting to write a letter showing

my records have been checked by the court what is this saying. why should a person be able to ask the court to check their records, yet the court does not want to get involved in errors they found? This is a miscarriage of justice; the court has not found records in the court registries that are on my PNC record, yet the court does not want to do anything about it.

The banging Continued!
Tim**e:** All-Day and All-Night whenever they knew that I was indoors!

The occupiers of 117 and 111 Continued to victimizing me by: --
This is an innovation of my privacy!
Loud and aggressive banging in the bathroom got worse and this got achieved by slamming objects on to the floor with evil intent of criminal actions!
Jumping on the floor above me when I am studying
117 woke me up straight after I feel to sleep by attacking me on purpose by stamping and dropping articles above my head!
Stain has now banged on the kitchen wall for weeks at a time with intent of victimising me on a full 24-hour assault!
A full investigation is supposed to take place within the first stages of my complaints once the Enfield Councils and the Enfield Homes got put in receipt of the emergency issues, I claim about but they keep on failing me!
There is also the issue of the lack of security due to old and in Modern-fitted main communal external door system's, so as living tenant to be able to see who comes in and out of the building, the locking system is faded on the buttons and any person can make out the entry code not having a security front door causes problems with security for the block of flats this issue and the mould on the walls and ceilings me unneeded stress inclusive of the heating and sound issues I have raised with them!

Summary!

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what the Mathiyalagan family stain and Debra with the police and local council members are getting away with each day holding me hostage with no first hand witness and the estate members flushing the toilet attacking me when I am in the bathtub and getting undressed all so playing with the water taps and banging above my head damaging my work studies and private family life and making me a Vulnerable person!
I have also had a lot of problems with eating because of what they keep all doing to me!
My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!
If what they do to me finally kills me then it would also kill a lot of other people in the process!

Disrepair!

I continue to highlight my issues of concern causing me dissatisfaction with the disrepair issues within my flats but no reasonable person from Enfield Council or Enfield homes complies with their statutory duties and the time that these problems have got left to eclipse is unprofessional behaviour!

Lorraine
Thank you for your email.
I will deal with your requests on my return to the office this weekend. As I confirmed to Simon his Magistrates Court file has been removed from the office during the audit process and I have emailed Michael and Edel to ask that it be returned. The bundles prepared by Michael Mc Kee should be stored electronically on a hard drive that Edel moved during the restructuring of the office. I believe that Michael Mc Kee hand delivered hard copies of the defence bundles to the Magistrates Court for the hearing in March. Nexus Chambers should also have copies of these bundles. I again have to check all his emails but do not have his password. I will do what work I can on this tomorrow afternoon based on electronic information stored on the 1 and 1 email system, provided I can access Michael Mc Kee's password. I will copy you in on all emails now that Simon has confirmed that I can discuss the case with you.
Regards
Josephine

2224,
Dear Josey
Today the case was put back until Feb **2016** which you knew it was going to be as nothing had been done once again. I am the one trying to keep Simon stable with his heath but when his acting Solicitors don't do the things, they should this gets very hard. Simon is the one that is suffering due to this, but it is having a large impact on me and the family, due to cases keep being put back because things are not done on time. This ASBO case has now being going on for over a year the last case was also over a year. These cases both of them was put back more than once because things were just not done. Simon wants an application put in to address these ASBO conditions which I hope can be address in a timely manner, All the conditions are for illegal raves which was not proven at the trial it was only proven that Simon had acted in an anti-social manner. How I really don't know as the cases application was, he was the organiser of these illegal raves. Not one person or police officer said that Simon had acted in an anti-social manner towards them so how this ASBO was granted is beyond me and everyone else, and now he has to wait until Feb **2016** for his appeal why because things was never got ready. I have been asking for all of Simon case bundle since around the start of **2015** and about his medical notes since March **2015** I still have not had these or a reply as to what is in his case bundle as Simon did not even have this himself for his trial. Josey, we don't know what has been done on this case that was asked for that is really bad for a person to be up in court for a case he has asked for things to be done and don't even know if they have been done and we keep asking and get no reply. We have been asking about letters that was meant to have been wrote still don't know about any that was wrote. I mean even down to what Michael was meant to have written to ask for the information re Val tanner and the public order unit we still don't know what was asked for if anything. Today we were asked things and we could not even tell the barrister what he was asking as we don't know. Could you please update us to everything and as soon as you get the barrister notes for today can they be sent over as I know a lot of dates were given for things to be done but we were not given the list of dates.

Disrepair!

The Enfield Council and the Enfield homes have left the disrepair of the damp and heating issues for so long that the damp water shows on the electrical wiring systems and sometime causes them to overloaded making the electrical sockets dangers and causing further damage to my personal property, such as my TV that also has mould growing over it, as much as I try my best to keep it clean and well ventilated!

Apologies I have been snowed under. The last meeting in the office was not structured and disruptive. I think that the best way forward, Simon is for Lorraine and I to go through everything on Saturday. Once the additional information comes back from the public order unit, I then update your statement. Documents to be relied on by the Defence have to be ready by the beginning of December **2015**. I will send over the direction's tomorrow afternoon. I will need a list of all documents that you intend to rely upon e.g., Enfield Council - the Youth Centre. As I advised you last week, Simon the office was audited in October and I am still locating files. I am working through files on an urgent basis. I have no other appointments scheduled for Saturday and I will tell Michael Carroll that I have to concentrate on your case Saturday. I therefore propose that Lorraine and I work on your case on Saturday. No decisions will be made without your approval. Once Lorraine and I collate all the information this will then be shown to you for your approval. Lorraine if Spurs are playing on Saturday at home, then we can change to Sunday.
Regards
Josephine
PS I am having an early night as I have a 6am start in the morning.

Please can we sort something on this case, I cannot take no more not know what is going on and nor can Simon.
I have sent so many emails asking for information as to what has been done on this case yet we still don't know what is going on.
2244,
Have you heard from the barrister with the dates of information from the 26/10/**2015** if you have can you send us a copy please? And have you updated the court as I said in an earlier email the court only had a black appeal form and asked for this to be addressed at court on the 26/10/**2015**. Also, can you reply to the below emails please.

Hi Josey
I have not heard anything back from you so was wondering if there were any updates. Have you managed to get Magistrates Court bundle or any news on this? Have you written the letter yet to request that Adrian Coombs Specialist Operations Superintendent Essex Police write his statement which he said he was willing to do? If you have can you send a copy of the letter written. Have you written to Val Tanner at the public order unit Scotland Yard? Have you written to DS Chapman at the public order unit Scotland Yard? I know the 3 letters above that were to be written you said you would forward them to me before they were sent to check everything we wanted to ask was included. The public order ones I think dates etc will need to be included, have you had time to go over the CADs and the write-up Simon did I am still going over the write-up as it is so long and Simon missed loads of thing out?
2245,
Have you managed to get hold of Andy Locke I know he said he would be willing to do the appeal to us?
If he cannot do it can you let us know who you are thinking of asking to be the barrister, as there is a few names of barristers we have Maya Sikand being one of them who knows ASBO law and Human Rights along with some criminal and claims against the police and other public authorities, and other things reading up about her she seems very good, and has knowledge in many areas which could help with this case. If you could give us an update, I would be grateful.

Lorraine
Thank you for your email.
I will deal with your requests on my return to the office this weekend. As I confirmed to Simon his Magistrates Court file has been removed from the office during the audit process and I have emailed Michael and Edel to ask that it be returned. The bundles prepared by Michael Mc Kee should be stored electronically on a hard drive that Edel moved during the restructuring of the office. I believe that Michael Mc Kee hand delivered hard copies of the defences bundles to the Magistrates Court for the hearing in March. Nexus Chambers should also have copies of these bundles. I again have to check all his emails but do not have his password. I will do what work I can on this tomorrow afternoon based on electronic information stored on the 1 and 1 email system, provided I can access Michael Mc Kee's password. I will copy you in on all emails now that Simon has confirmed that I can discuss the case with you.

2265,
Lorraine / Simon
Apologies I have been snowed under. The last meeting in the office was not structured and disruptive. I think that the best way forward, Simon is for Lorraine and I to go through everything on Saturday. Once the additional information comes back from the public order unit, I then update your statement. Documents to be relied on by the Defence have to be ready by the beginning of December **2015**. I will send over the direction's tomorrow afternoon. I will need a list of all documents that you intend to rely upon e.g. Enfield Council - the Youth Centre. As I advised you last week, Simon the office was audited in October and I am still locating files. I am working through files on an urgent basis. I have no other appointments scheduled for Saturday and I will tell Michael Carroll that I have to concentrate on your case Saturday. I therefore propose that Lorraine and I work on your case on Saturday. No decisions will be made without your approval. Once Lorraine and I collate all the information this will then be shown to you for your approval.
Lorraine if Spurs are playing on Saturday at home then we can change to Sunday.
Regards
Josephine
PS I am having an early night as I have a 6am start in the morning.

Have you heard from the barrister with the dates of information from the 26/10/**2015** if you have can you send us a copy please? And have you updated the court as I said in an earlier email the court only had a black appeal form and asked for this to be addressed at court on the 26/10/**2015**.

Dear PC Purcell
I refer to the intelligence report source XREF: HTIS00099105 in which you made reference to a vehicle registered to Simon Cordell as being at the Rave at Wood Wharf. You reported that this vehicle was not insured. Can you please confirm whether this vehicle was seized at the time? If not, whether the driver was given a producer to produce his documents? Please also confirm where specifically this vehicle was located and what time the vehicle was sighted as it is not clear from the intelligence report inputted by PC Reilly on 16th January **2013**. I await hearing from you and I thank you in advance for your kind assistance in this matter.

Dear PC Scott
RE: CRIS 4208265/13
I refer to the above matter. On 7th April **2013** you detained Simon Cordell on Upper North Street, London, E14 6HS. Mr Cordell was originally detained on suspicion of being involved in a burglary after a member of the public telephoned police to state that they had observed the occupants of the vehicle loading a flat screen television into the back of the vehicle index CX52 JRX. Mr Cordell was upset about being falsely accused of being involved in a burglary and protested his innocence. He also protested that he had insurance for the vehicle in question. Mr Cordell was arrested for section 5 Public Order Act 1986 offence and also for the offence of no insurance. He was charged. Mr Cordell's vehicle was seized from him. The case was subsequently dismissed against Mr Cordell at the Magistrates Court. Mr Cordell is in the process of appealing against an ASBO that was imposed against him on 4th August **2015**. This particular incident was referred to in the body of the ASBO application. Can you please provide a copy of your pocketbook which should confirm the contents of the van on

the date in question? Please also confirm the checks that you did with the Motor Insurer's Bureau to confirm that the vehicle was not insured. Thank you in advance for your kind assistance in this matter.
Yours sincerely
Josephine Ward

We refer to the above matter.

Why was no one arrested if an alarm was activated?
What time did you attend and leave the location?

Dear Jackie Gubby
When the surveyors came around there was a list of jobs that they said needed to be done.
1. The electrics needed sorting and the detectors (this has now been done they sent someone out nearly right away after the surveyors came and done the report)
2. Bathroom sink (repaired now)
3. Bathroom toilet (repaired now)
4. Heating pipes not been covered that are running all round the walls and down the walls. (Now it is winter my son has his heating on but has burned himself more than once walking past the pipes as they are so hot, this is bad being left like this as it is a danger due to how hot the pipes get. (Not done)
5. Bedroom floor (not done)
6. Bedroom window (not done)
7. Front room window/door frame (surveyors said that the water was still coming in due to the outside step and this needed to be sorted) (Not done)
8. Pipes banging all the time (the surveyors saw this when they came out) (Not done)
9. Wall still wet in front room (we have been told this is due to the guttering needs to be renewed which was meant to be done, 111 has guttering in his back garden that has fallen off the roof some time ago, but now what also has been noticed is that in the main hallway water is dripping down the walls leaving puddles of water on the stairway which people have to walk up and down this is a danger for people they could have an accident, believe this is due to the guttering needs to be replaced or the roof. (Not Done) I am sure there was also some other jobs that needed to be done the surveyors that came the day you were meant to have come took a full list and wrote everything down. So how is none of these jobs on the system that have not been done? It seems once again things have not been put on the system. Why should we have to keep calling for jobs to be done when they were already meant to have been done, and surveyors and inspectors have been out more than once over the years why are they not on the system, as it seems someone is not doing their job.

Dear Ms Cordell
I am not aware of any outstanding repairs to your son's property. The surveyors who attended the inspection reported back that the heating was fully operational, and the detectors are also working. Mr Cordell can report any new repairs to telephone 0800 40 80 160 - option 1

I worked within this field for many years until I became too ill due to health Problems.
When my son was served the police application for an anti-social behaviour order, due to my knowledge I used this to search for information which could help prove he had not done what the police said he did and was not involved in the organisation and conduct of illegal raves. The application gave me a base line in which to start to search and the dates the police said my son Mr Simon Cordell set up these illegal raves.
I used my knowledge I had within Search engine optimization and keywords to be able to use the internet, search engines and social media to bring up a great deal of data that allowed me to find out information to the dates the police said my son organisation and conducted illegal raves within this application.
I am going to explain how this was done with keywords and the internet search engines and my knowledge.
The 1st thing I did was open chrome and went to Google search engine, as this is the biggest search engine and the Google's spiders regularly crawl the web to rebuild their index's, Google spiders crawl process is algorithmic.
2

275,

I then type in a keyword like illegal rave, UK, rave UK, it is better also to have your search tool selected in this case to Country: the UK, but it is still good to end the keyword with UK, then click search this will bring up all dates to start with.

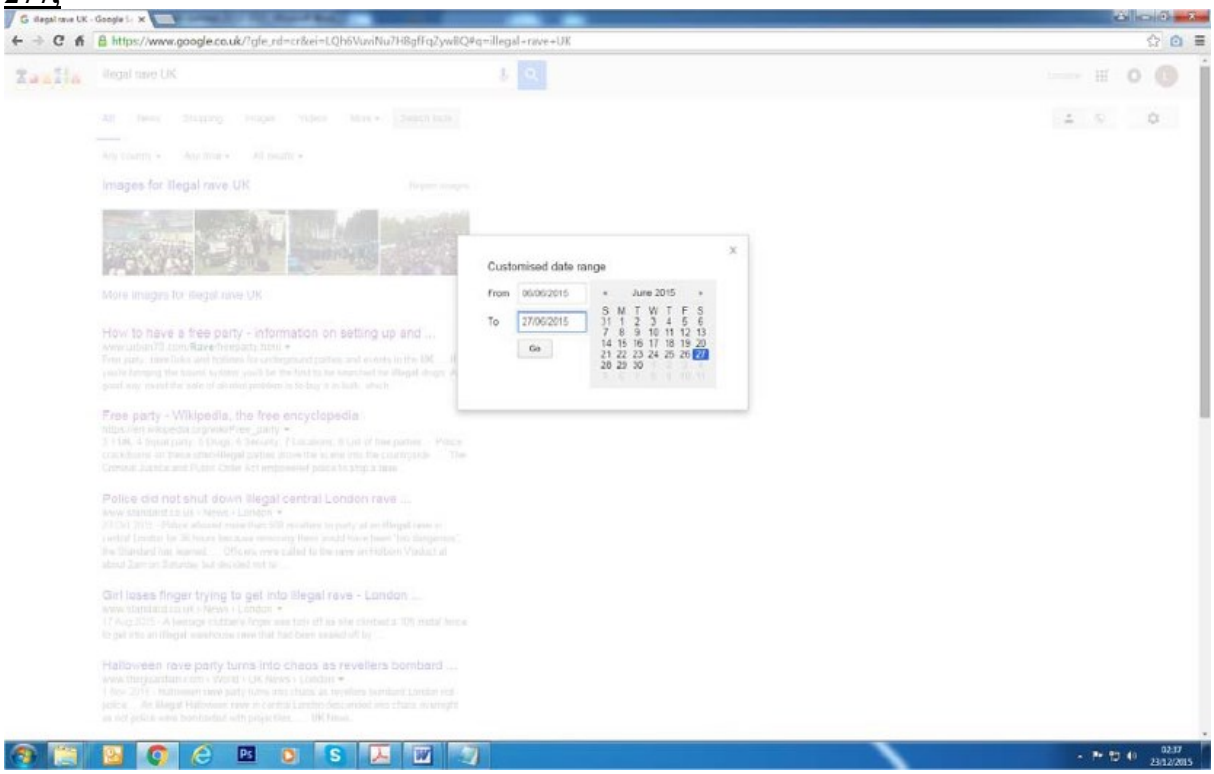
End of Picture / Document Page!

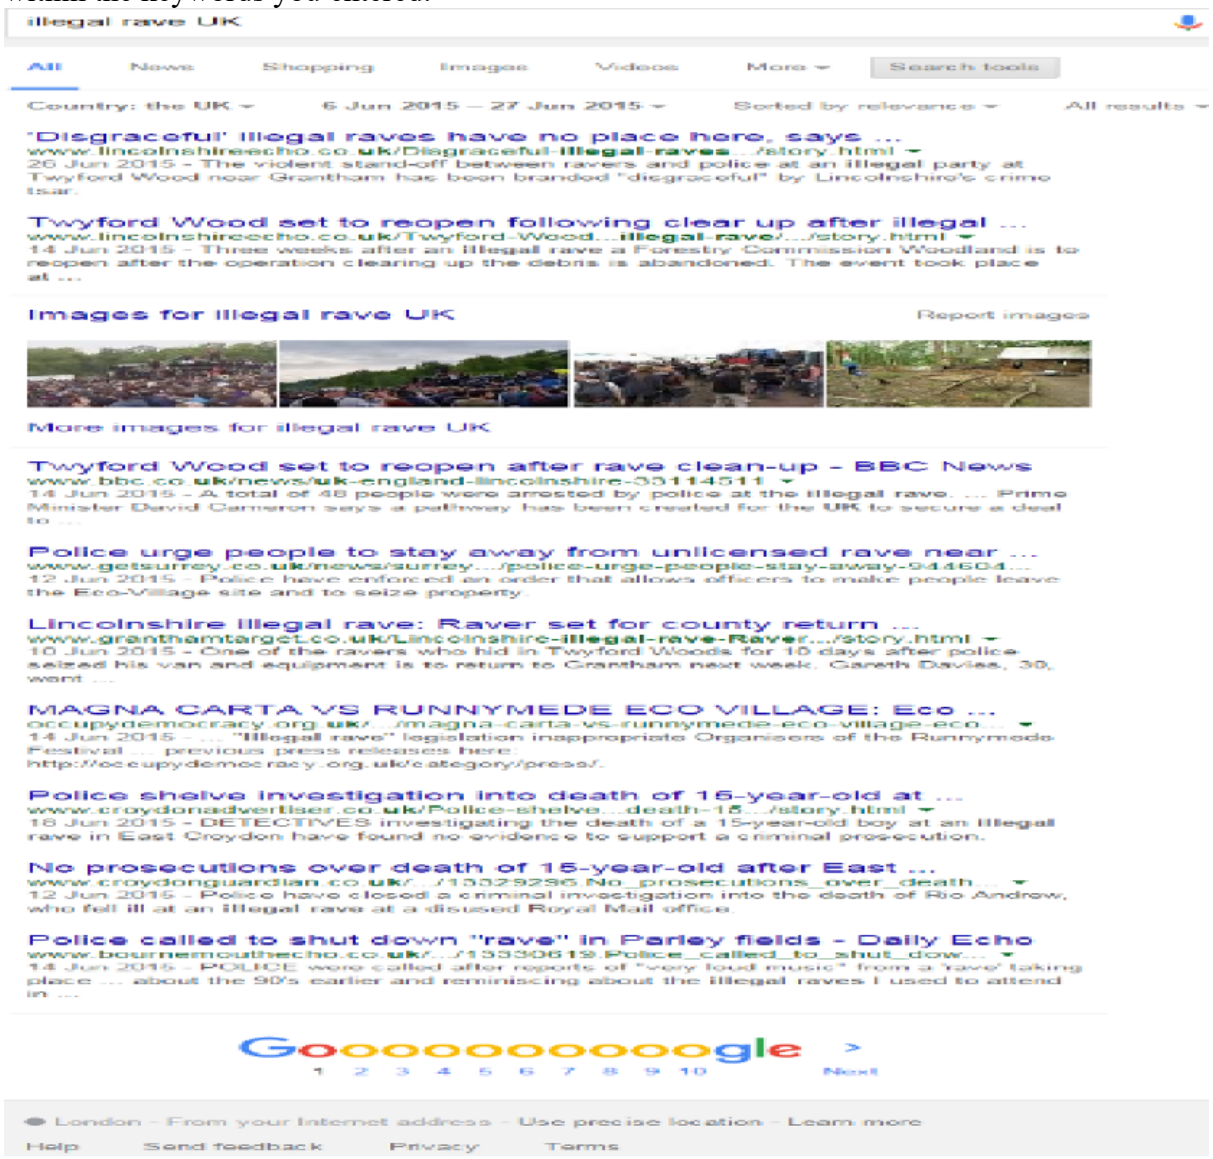
276,

Then I used the search tool to enter custom dates. I had the dates as they were in the application for the ASBO order.



Now we add the date time line we are looking for in the custom fields, you are better to start with a wider date line then you need and see the results and you can shorten the date line as needed from the results you get back.

It is better to start to look for News data and social media URLs as in the application the police submitted, they said in a statement about social media.



Signed

Witnessed By

277,

You start to look at the results and read all is what is said there are 10 results per page and there can be a number of pages. To look for just news within your date line you can select the tab for news data. If you want to look at all then you will have more to look at as this is a much wider search. On each search field you get a description this can show missing words within the keywords you entered.

Referral from mother. (But she does not want him to know of it) Patient known to mental health services was assessed under the MH Act last year but not deemed sectionable. Mother says she has been asking for help all over but got nowhere. She describes her son as not eating, not sleeping, he is paranoid saying people are talking about him or laughing at him. He believes the government is advertising things about him. That the TV is talking about him and talking directly to him. She reluctantly admits that he smokes cannabis adding "not a lot" She is adamant that her son should not know of this referral as she is frightened to sever the fragile relationship, she has with him.

Today he was very calm and appropriate in his manner allowing the assessing team to descend on him without warning and ask him a lot of personal questions.
Mr Cordell seemed to have a better understanding of his current situation and attributed it to his involvement with the police and grandmother's loss.
He may not benefit from a hospital admission or input from the ECRHT at this stage, his mother had spent most of Sunday with him and he had seemed much calmer now.

1. Referral details and any other predicating factors.

On **27.11.15** Mr Cordell's mother contacted the Enfield HUB, mental health referral centre. She reported that Mr Cordell was not eating, not sleeping and that he was experiencing persecutory ideas, thinking that people are laughing at him and talking about him. His mother said that Mr Cordell believed that the government were advertising information about him and that the television was talking about him or to him. She stated that Mr Cordell was smoking significant amounts of cannabis and he was not taking the anti-depressant medication that as prescribed in **March 2014.**

On **01.12.15** Mr Cordell's mother again contacted the Enfield assessment mental health team and reported that Mr Cordell had locked himself in his room and believed that his television was talking to him. She reported that Mr Cordell was eating but not as regularly as previously. She said that Mr Cordell sometimes believes that his mother's body language is sending him messages. She reported that he had not had any recent contact with his friends but does go out on a scramble bike and had injured his hands.
On **01.12.15** a worker from the Enfield assessment team phoned **Dawn Allan, estate officer,** who reported that he had threatened to strangle his neighbour who had been moved as a result. Mr Cordell had accused his neighbour of deliberately causing noise disturbance.
On **01.12.15** an assessment team worker phoned Mr Cordell and reported that she had received text messages from Mr Cordell saying that he will commit suicide once a court case is finished.
Mr Cordell was assessed by **Dr Cushion**, psychiatrist based at the Home Treatment Team, on **08.12.15.** There were no concerns identified concerning his personal care. He said that he hasn't gone out for months and his mother does all the shopping. He spoke about a conspiracy to destroy his good name and send subliminal messages to him via the television.
Mr Cordell said that the woman in the flat upstairs had been "stalking him" he elaborated and said that she stamps on the floor when she hears him moving around his flat or taking off his clothes. He spoke about his plans to start a global business for children. He said that he had about having thoughts of killing himself when he eventually clears his name. He did not accept that he had a mental disorder during the assessment.
On **10.12.15** Mr Cordell was contacted by Goodie Adama, early intervention team worker. He said that he was not interested in meeting with mental health services. He spoke about being victimised by the police. On

and there was no evidence thought disorder or psychotic symptoms on the telephone. He said that he didn't feel safe leaving the flat which appeared to be due concerns about police harassment. He said that complaint that he had made about a police officer had led to that police officer being arrested.

On **08.01.16** Goodie received a telephone call from Mr Cordell's mother. She said that she was concerned about Mr Cordell and said that she had been concerned about him for over a year but would not specify what her concerns were. Goodie phoned Mr Cordell the same day he spoke about conspiracies involving the police and appeared thought disordered and thought about conspiracies.

On **13.01.16** Goodie spoke to Mr Cordell to see if he would agree to a home visit that day but said that it was not a convenient time, but he was prepared to have a visit at another time.

On **15.01.16** he agreed to have home visit during a further telephone conversation with Goodie.

On **19.01.16** he was visited at home by Goodie and Sandra Muschett, senior practitioner. He was noted to be paranoid, grandiose and not eating well. He denied any suicidal thoughts.

On **21.01.16** Sandra Muschet had a telephone conversation with Mr Cordell's mother. She said that Mr Cordell had been harassed by the police for a number of years and that his preoccupation with the police was based on reality. She reported that Mr Cordell is not eating, not going out and has poor self-care.

On **22.01.16** an attempt was made to assess Mr Cordell under the Mental Health Act. Mr Cordell was angry that he had an unannounced assessment. He spoke about feeling targeted by the police. He spoke about being arrested numerous times and had a curfew from the police. He refused to give the assessing team access. He initially spoke rapidly but more slowly as the meeting went on.

On **22.01.16** Mr Cordell phoned Amal Pomphrey, early intervention worker covering for Goodie, and said that he had felt threatened by the Mental Health Act assessment that had taken place. He spoke about being arrested over a thousand times by the police and being subject to a curfew.

On **26.01.16** Mr Cordell phoned Amal Pomphrey, early intervention worker. He said that he had been contacted by a housing officer who had "threatened to get the mental health team out to see him".

On **02.02.16** Mr Cordell phoned Amal Pomphrey and advised that he had been told that a warrant had been granted. He was clearly aware of the planned Mental Health Act assessment.

Relevant social and medical history

Information obtained from reports from Mr Cordell and his family to mental health services. Not independently verified.

Mr Cordell's mother has regular contact with and helps with shopping. Mr Cordell's grandmother was diagnosed with bipolar affective disorder and schizophrenia, she was treated with Schizophrenia. She died from cancer in **August 2014.**

In **2014** he was bailed for burglary. In **2015** he was made subject to a 5-year Anti-Social Behaviour Order for organising illegal raves. He not allowed to enter industrial or disused

Psychiatric History: Mr Cordell tried to hang himself at the age of 16 when in a young offender's institution and needed to be resuscitated. He was moved to a secure hospital and kept in seclusion on a number of occasions. He has reported that he was regularly by a psychiatrist called Dr Caplin from CAMHS "the safe project". Mr Cordell reports there was a second occasion where he tried to hang himself when in a cell after he was sentenced. He attended the Accident and Emergency Department at the North Middlesex Hospital after drinking liquid nitrous oxide with an intent to die.
3 October 2009

hallucinating after taking LSD. He was not followed up by mental health services.
He was assessed by Dr Jarvis from the Enfield triage team
on **11.03.14** due concerns about suicidal thoughts and anxiety. He was prescribed Sertraline anti-depressant. He was stressed about a pending court case as he was accused of burglary. He described experiencing poor sleep and weight loss.
On **19.11.14** Mr Cordell's mother phoned the hub (triage team) and reported that he was paranoid towards her and towards the police. In response the home treatment visited the same day. When home treatment workers arrived the same day, the police were present and reported that Mr Cordell had been screaming in distress. The police said that they had found Mr Cordell using a gas canister and thought that he was using nitrous oxide. He was referred for a Mental Health Act assessment.
On **21.11.14** the duty AMHP made contact with Mr Cordell's mother and father. The duty AMHP was told that Mr Cordell was subject to an anti-social behaviour order and that he is on the police at risk register for suicide. The duty AMHP advised that he broke up with his girlfriend and grandmother died. He had stopped taking his medication for chromes disease four weeks and had been admitted to the North Middlesex Hospital.
Mr Cordell was assessed under the MHA act
on **24.11.15** but he was not detained.
3. Record of interview with patient (Include where it was conducted who was present and use of police if
required during process)
Mr Cordell was assessed under the Mental Health Act at around 10:40hrs
on **03.02.16.**
Dr Al-Allaq (independents 12 Doctor),
Dr Albazaz (independent s12 Doctor),
CJ and Nellie (Home Treatment Team workers),
Amal Pomphrey (Community Mental Health Nurse based at Enfield Early Intervention Team) all attended. A s135(1) warrant was obtained but not executed as Mr Cordell gave access. A lock smith was present, but their services were not required as Mr Cordell opened the door. The police were present but remained outside the property.
Mr Cordell's home was somewhat cluttered with a large printer by the door. However, it was clean and organised. He had food in the kitchen.
His mother and a female friend were present. Mr Cordell was expecting the assessment to take place. He was appropriately groomed and dressed. He had put his dog in the garden. Mr Cordell expressed his unhappiness about the warrant being obtained. He said that if he had been sent an appointment letter, he would give professionals access.

He mentioned on going issues with the police and that he had a court case in February. His speech was somewhat rapid at the start of the interview, but this appeared to be due to anxiety rather than thought disorder. His speech slowed as the interview went on. Mr Cordell did change topic of conversation a number of times as there was particular information that he wanted to share with the team. He spoke a project to start a community internet site and showed those present a business plan that was on his computer. He showed us documents which he said were related to his court case. He pointed out a line in the document that said that all the suspects were white and said that this was part of his legal challenge to his Anti-Social Behaviour Order.
He denied any symptoms of mental illness when asked about a variety of psychotic symptoms. He denied suicidal ideation. He spoke about difficulties he had with his upstairs neighbour relating to noise disturbance. He showed us some letters which said that his neighbour had written to him. He said that his neighbour has an alcohol problem and a learning disability.
There was no evidence of distraction, confusion or that he was responding to internal stimuli.
4 October 2009

36,

It is my view that Mr Cordell's detention was not in the interests of his health as I did not identify evidence of mental disorder during the visit. I did not believe that Mr Cordell's detention was necessary for his safety, Mr Cordell denied experiencing any suicidal ideation and could I not identify other risks to safety apart from possible substance misuse which could not be used as the basis of detention without clear evidence of a mental disorder associated with the substance misuse issues. I also did not think that the threshold for detention on the basis of safety was met, he was having conflict with neighbour this conflict did not appear to be driven by any mental disorder.
Patient's name: Simon Cordell
Date of assessment: 03.02.16
5. Consultation with Nearest Relative and process of identifying the Nearest Relative

I identified Mr Cordell's Nearest Relative as his mother Lorraine Cordell. Mr Cordell lives alone and is single. As far as I could ascertain he did not have any children and was not in relationship. His father was the older of his parents but when I phoned his mother on **03.02.16** she informed me that he was in regular contact with Mr Cordell and did his shopping for him. I therefore formed the view that she provided care and was the Nearest Relative.
I phoned Lorraine at around 09:30hrs on **09.02.16** and she advised that in her view use of a warrant and the Mental Health Act assessment were unnecessary as he would give professionals access if he had received an appointment letter. She said that he had a court case in February but would not elaborate on this. Lorraine said that she thought that the involvement of mental health services was unnecessary as Mr Cordell was not in her view experiencing any mental health difficulties and had not experienced any mental health difficulties for a number of months.
I was surprised that Lorraine stated that she did not think that Mr Cordell as the recent referral to mental health services had been triggered by a referral that she had made.
6. Consultation with Assessing Doctors
Both assessing Doctors declined to make medical recommendations and were in agreement that there was no clear evidence of any mental disorder during the assessing.
1. Views of others consulted

Prior to the assessment the police present advised me that were aware of conflict between Mr Cordell and his neighbour. They advised that the soundproofing between the two properties was poor. The police officers advised me that they were aware that on one occasion Mr Cordell had threatened to strangle his neighbour.

8. Mental Capacity Act 2005

No Capacity Act issues identified during the assessment.

9. Reason for decision to make the application (including choice of Section)

Given that Mr Cordell's diagnosis and treatment plan were not clear at the time of the assessment the assessment was for possible detention on section 2. It was my view that Mr Cordell did not meet the statutory criteria for detention. It was not clear that he was suffering from a mental disorder of a nature because at the time of the assessment it was unclear if whether or not he had a mental disorder. He did not meet the criteria for degree as there was no clear evidence that he was experiencing symptoms of mental disorder.

Spoke with Mrs Cordell again. Clearly, she does not want his son to know that she is requesting help.
She last saw him on

and spoke with him regularly on the Telephone. She told me he is not well. He has locked himself in his room, believing TV is talking about him. He is not eating properly and talks about killing himself. Mrs Cordell became rather irate, stating * I don't want you to tell him that I am requesting help, just leave him, I have enough problem'.
Plan - Discussed with Team - Referral to CRHTT. MHA assessment could be needed if he does not engage with HTT.

today at 10.35.
She told me Simon is refusing to seek help or attend his GP's surgery. He did not take the medication that was prescribed when he saw Dr Javis last March **2014**. It appears that Simon is not consenting to seek help with regards to his mental health. I have however advised Mrs

Cordell that she encourages to visit his GP, or she could request another assessment under the MHA 1983 if she has concerned that Simon is at significant risk to himself and others. I have also advised that she could ring the police / LAS and Simon could be taken to A&E in an emergency.

Loraine reported that her mother suffered from bi-polar affective disorder and latter schizophrenia late onset during her menopause. Passed away last year August **2014** from cancer believes she had an overdose of chemotherapy.

5 NHS: Angela Hague Nursing / NB / **Time** 15:36 - "Telephoned and spoke to Lorraine. Advised that we will offer a non-urgent appointment from EAS. Loraine reported her concern that we would be tell her son about her reporting her son and that this would damage their relationship for good. Reported that about three years ago she called an ambulance when her son was vomiting, and he is still complaining and talking about it. Reported that her son has been in trouble with the police since the age of 14 said he was addicted to driving. Many charges and cases over the years. Feels that the police have victimised her son and her other children because they are mixed race. Reported that they are appealing against some of the charges and his name being publicised in the papers which is due in court in February next year. Lorraine reported that she visits her son almost every day to check on him and make sure he has food in the house. Reported that he is eating but not as regularly as before, some weight loss, has IBS but is drinking well. Reported that he talks about the TV talking to him and also when they are out when she scratches her head or something, he believes that she is sending messages and becomes paranoid that someone will harm him. Reported that he has lots of friends but stops no longer goes out with them and also does not have them come around his home. Reported however he does have a scrambling bike that he goes out on and has injured his ankle and wrist but refuses medical attention. Reported that he has been suspicious about doctors since his childhood and having tonsillitis. Reported that his mood does fluctuate but most days she will get text messages from him talking about killing himself when his name is cleared in next year after the court case, no current plans or intent. Asked if she believes her son will see professionals if they visit, said she believes that he will shout but otherwise not aggressive, feels he will agree to be seen as a follow up following his assessment last year. Feels he needs some help and support but uncertain what her son needs. Whilst talking to Lorraine her mobile phone rang and she spoke to the person said it was Maggie Garrod AMHP. Said she has been phoning them and they called her back yesterday and that they have told them that she should have a careers assessment as she is finding it difficult to cope. Reported that they had also told her that her son should be seen urgently. Agreed to speak to the AMHP office. Discussion with AMHP manager Debbie Morgan. Informed reported that Lorraine had spoken to Maggie and Lorraine had been advised about the careers center in Enfield and also advised to go along with whatever plan there is with the assessment service. From description from mother does not appear to be crisis, is eating and drinking and no active plans to and, gradual deterioration in mental health over the past year. Plan to offer assessment with EAS medic and Social Worker. Patient already known to Community Safety Officer and this may be a route into the assessment given the concerns raised by other residents. Community Safety Officer already informed. EIS also informed as may be and psychotic illness."

He said that he hasn't gone out for months and his mother does all the shopping. He spoke about a conspiracy to destroy his good name and send subliminal messages to him via the television.

He spoke about his plans to start a global business for children. He said that he had about having thoughts of killing himself when he eventually clears his name. He did not accept that he had a mental disorder during the assessment.
On 10.12.15 Mr Cordell was contacted by Goodie Adama, early intervention team worker. He said that he was not interested in meeting with mental health services. He spoke about being victimised by the police. On
02nd October 2009

34,
and there was no evidence thought disorder or psychotic symptoms on the telephone. He said that he didn't feel safe leaving the flat which appeared to be due concerns about police harassment. He said that complaint that he had made about a police officer had led to that police officer being arrested.
On 08.01.16 Goodie received a telephone call from Mr Cordell's mother. She said that she was concerned about Mr Cordell and said that she had been concerned about him for over a year but would not specify what her concerns were. Goodie phoned Mr Cordell the same day he spoke about conspiracies involving the police and appeared thought disordered and thought about conspiracies.
On 13.01.16 Goodie spoke to Mr Cordell to see if he would agree to a home visit that day but said that it was not a convenient time but he was prepared to have a visit at another time.
On 15.01.16 he agreed to have home visit during a further telephone conversation with Goodie.
On 19.01.16 he was visited at home by Goodie and Sandra Muschett, senior practitioner. He was noted to be paranoid, grandiose and not eating well. He denied any suicidal thoughts.
On 21.01.16 Sandra Muschet had a telephone conversation with Mr Cordell's mother. She said that Mr Cordell had been harassed by the police for a number of years and that his

preoccupation with the police was based on reality. She reported that Mr Cordell is not eating, not going out and has poor self-care.
On 22.01.16 an attempt was made to assess Mr Cordell under the Mental Health Act. Mr Cordell was angry that he had an unannounced assessment. He spoke about feeling targeted by the police. He spoke about being arrested numerous times and had a curfew from the police. He refused to give the assessing team access. He initially spoke rapidly but more slowly as the meeting went on.
On 22.01.16 Mr Cordell phoned Amal Pomphrey, early intervention worker covering for Goodie, and said that he had felt threatened by the Mental Health Act assessment that had taken place. He spoke about being arrested over a thousand times by the police and being subject to a curfew.
On 26.01.16 Mr Cordell phoned Amal Pomphrey, early intervention worker. He said that he had been contacted by a housing officer who had "threatened to get the mental health team out to see him".
On 02.02.16 Mr Cordell phoned Amal Pomphrey and advised that he had been told that a warrant had been granted. He was clearly aware of the planned Mental Health Act assessment.

Relevant social and medical history.

Information obtained from reports from Mr Cordell and his family to mental health services. Not independently verified.

Mr Cordell's father was violent towards him. He was placed in care as a teenager. He separated from his girlfriend in **2014**.
Mr Cordell's mother has regular contact with and helps with shopping. Mr Cordell's grandmother was diagnosed with bipolar affective disorder and schizophrenia, she was treated with Schizophrenia. She died from cancer in August **2014**.
In **2014** he was bailed for burglary. In **2015** he was made subject to a 5-year Anti-Social Behaviour Order for organising illegal raves. He not allowed to enter industrial or disused premises between 10pm and 7 am. He has reported that he has a long history police contact since he was juvenile. His contact with the police mostly related to theft and driving offences.

Psychiatric History: Mr Cordell tried to hang himself at the age of 16 when in a young offender's institution and needed to be resuscitated. He was moved to a secure hospital and kept in seclusion on a number of occasions. He has reported that he was regularly by a psychiatrist called Dr Caplin from CAMHS "the safe project". Mr Cordell reports there was a second occasion where he tried to hang himself when in a cell after he was sentenced. He attended the Accident and Emergency Department at the North Middlesex Hospital after drinking liquid nitrous oxide with an intent to die.
03 October 2009

hallucinating after taking LSD. He was not followed up by mental health services.
He was assessed by Dr Jarvis from the Enfield triage team
on 11.03.14 due concerns about suicidal thoughts and anxiety. He was prescribed Sertraline anti-depressant. He was stressed about a pending court case as he was accused of burglary. He described experiencing poor sleep and weight loss.
On 19.11.14 Mr Cordell's mother phoned the hub (triage team) and reported that he was paranoid towards her and towards the police. In response the home treatment visited the

same day. When home treatment workers arrived the same day, the police were present and reported that Mr Cordell had been screaming in distress. The police said that they had found Mr Cordell using a gas canister and thought that he was using nitrous oxide. He was referred for a Mental Health Act assessment.
On 21.11.14 the duty AMHP made contact with Mr Cordell's mother and father. The duty AMHP was told that Mr Cordell was subject to an anti-social behaviour order and that he is on the police at risk register for suicide. The duty AMHP advised that he broke up with his girlfriend and grandmother died. He had stopped taking his medication for chromes disease four weeks and had been admitted to the North Middlesex Hospital.
Mr Cordell was assessed under the MHA act
on 24.11.15 but he was not detained.
3. Record of interview with patient (Include where it was conducted who was present and use of police if required during process)
Mr Cordell was assessed under the Mental Health Act at around 10:40hrs
on 03.02.16.
Dr Al-Allaq (independents 12 Doctor),
Dr Albazaz (independent s12 Doctor),
CJ and Nellie (Home Treatment Team workers),
Amal Pomphrey (Community Mental Health Nurse based at Enfield Early Intervention Team)
All attended. A s135(1) warrant was obtained but not executed as Mr Cordell gave access. A lock smith was present, but their services were not required as Mr Cordell opened the door. The police were present but remained outside the property.
Mr Cordell's home was somewhat cluttered with a large printer by the door. However, it was clean and organised. He had food in the kitchen.
His mother and a female friend were present. Mr Cordell was expecting the assessment to take place. He was appropriately groomed and dressed. He had put his dog in the garden.
Mr Cordell expressed his unhappiness about the warrant being obtained. He said that if he had been sent an appointment letter, he would give professionals access.
He mentioned on going issues with the police and that he had a court case in February. His speech was somewhat rapid at the start of the interview, but this appeared to be due to anxiety rather than thought disorder. His speech slowed as the interview went on. Mr Cordell did change topic of conversation a number of times as there was particular information that he wanted to share with the team. He spoke a project to start a community internet site and showed those present a business plan that was on his computer. He showed us documents which he said were related to his court case. He pointed out a line in the document that said that all the suspects were white and said that this was part of his legal challenge to his Anti-Social Behaviour Order.
He denied any symptoms of mental illness when asked about a variety of psychotic symptoms. He denied suicidal ideation. He spoke about difficulties he had with his upstairs neighbour relating to noise disturbance. He showed us some letters which said that his neighbour had written to him. He said that his neighbour has an alcohol problem and a learning disability.
There was no evidence of distraction, confusion or that he was responding to internal stimuli.
04 October 2009

36,

It is my view that Mr Cordell's detention was not in the interests of his health as I did not identify evidence of mental disorder during the visit. I did not believe that Mr Cordell's

detention was necessary for his safety, Mr Cordell denied experiencing any suicidal ideation and could I not identify other risks to safety apart from possible substance misuse which could not be used as the basis of detention without clear evidence of a mental disorder associated with the substance misuse issues. I also did not think that the threshold for detention on the basis of safety was met, he was having conflict with neighbour this conflict did not appear to be driven by any mental disorder.
Patient's name
Simon Cordell
Date of assessment: 03.02.16
5. Consultation with Nearest Relative and process of identifying the Nearest Relative

I identified Mr Cordell's Nearest Relative as his mother Lorraine Cordell. Mr Cordell lives alone and is single. As far as I could ascertain he did not have any children and was not in relationship. His father was the older of his parents but when I phoned his mother **on 03.02.16** she informed me that he was in regular contact with Mr Cordell and did his shopping for him. I therefore formed the view that she provided care and was the Nearest Relative.
I phoned Lorraine at around 09:30hrs
on 09.02.16 and she advised that in her view use of a warrant and the Mental Health Act assessment were unnecessary as he would give professionals access if he had received an appointment letter. She said that he had a court case in February but would not elaborate on this. Lorraine said that she thought that the involvement of mental health services was unnecessary as Mr Cordell was not in her view experiencing any mental health difficulties and had not experienced any mental health difficulties for a number of months.
I was surprised that Lorraine stated that she did not think that Mr Cordell as the recent referral to mental health services had been triggered by a referral that she had made.
6. Consultation with Assessing Doctors
Both assessing Doctors declined to make medical recommendations and were in agreement that there was no clear evidence of any mental disorder during the assessing.
7 Views of others consulted
Prior to the assessment the police present advised me that were aware of conflict between Mr Cordell and his neighbour. They advised that the soundproofing between the two properties was poor. The police officers advised me that they were aware that on one occasion Mr Cordell had threatened to strangle his neighbour.
8. **<u>Mental Capacity Act 2005</u>**
No Capacity Act issues identified during the assessment.
Reason for decision to make the application (including choice of Section)
9.Given that Mr Cordell's diagnosis and treatment plan were not clear at the time of the assessment the assessment was for possible detention on section 2. It was my view that Mr Cordell did not meet the statutory criteria for detention. It was not clear that he was suffering from a mental disorder of a nature because at the time of the assessment it was unclear if whether or not he had a mental disorder. He did not meet the criteria for degree as there was no clear evidence that he was experiencing symptoms of mental disorder.

EAS/ECRHTT entry.
Joint assessment conducted together with Dr Cushion from the Enfield Assessment Services at patients' home.
We could not gain entry to his flat and therefore we had to make a telephone call to his mother who we asked to give us a code for access to communal door of the property. Same given as 0123. His mother is called Lorraine and her phone number is 0208.
Upon knocking on the door to his flat there was fierce barking of his dog from the flat. He was suspicious of people knocking on the door and asked, Dr Cushion Who are you?
We calmly introduced ourselves and called out purpose for our attendance. We then asked him to put his dog away and let us in. He complied without any issues. The front door was secured with a heavy-duty metal door and as soon as he opened the door, he instantly bombarded us with volumes of information, about who he is, he talked about what the police have done to him, explained what his neighbour is doing to him (following him about) and what he is doing to clear his name regarding his assumed criminal or police records. This pattern continued even when we sat down to interview him. He would not allow continuous flow of conversation; he had rapid speech, he was disruptive and jumping topics. He had many volumes of files to refer to and try to prove his points and assumed mistreatment by the police and misdiagnosis by the medical professionals. However, he could be interrupted without him becoming angry. He could not facilitate conclusive dialog or interview no matter what method of interviewing we employed. We kept going around the circle without end.
He appeared to be mentally disordered and without understanding of his illness (not insightful). We advised and offered him support for his mental disorders which he declined saying that he is not ill and will not take medication.
His mother reported family history of mental illness. His grandmother suffered from schizophrenia. This could be the start of his schizophrenia acerbated by drug use. Finally, we had to summarise purpose of our home visit. We told him that we had attended in order to address his medical as well as social issues:
Medical: We told him that after the interview, we felt that he needed support/treatment for his mental disorders.
We explained and offered him home treatment which he declined. I do not think that he would engage with the HTT.
If he continues to take drugs he will continue to deteriorate in mental state and being paranoid about harm to him from others including the police and neighbours
Social issues: A 34-year male of mixed race, white black (mother is white, and father is black). He was known to CAMHS as a child.
He accessed mental health services in 2008, **2012**, **2013**, **2014** and this year with no records of previous admission.
He admits to using skunk cannabis daily supplied by people.
He pays for drug supply with his benefit money and support from his mother.
A well-known person to police.

Relationships: Isolated for more than two years, he said. According to Simon, he is not allowed to go out to certain areas by the police and in particular industrial places.
He said that he has no friends.
However, his mother has regular contact with him.
She does his shopping for him. Activity of daily living.
He told me that he can cook for himself. I checked that his kitchen was clean and there was some activity of previous cooking. There was food in the fridge. Although his flat is full of equipment, computers, industrial printers, speakers, and others, his flat is reasonably clean and orderly.
His bedroom is not too bad either, has makeshift wall robe he made by himself and I could see that an attempt had been made to make the bed after night use.

Being appropriately clothed.
Mr Cordell was casually dressed in a truck suit. He was cleanly shaven with no signs of self-neglect
Accommodation.
Lives in a one bedroomed flat provided by the council and paid through housing benefits. Denied any rent arrears.
Finance/employment.
Unemployed, explained that he is not allowed to venture out by police and hence he cannot go out to look for work.
He said that he is in receipt of state benefits. He told me that he earns around A£70 per week EAS and receives housing benefits on top. Mother supports him with money too.
Social inclusion.
He does not want to work or go for training. Said that his grandparents left a lot of money for the family. He said, "lam alright"
Factors having significant impact on Mr Cordwella€ms wellbeing.
Mental health and emotional wellbeing; he continues to deteriorate in mental state as currently not under treatment and using skunk cannabis
Conclusion/impression:
Mr Cordell is not accepting that he is ill.
He would not engage with the HTT.
Mr Cordell need to be referred to the EIS as showing early signs of psychosis.
A referral for MHA assessment to admit him in hospital for further assessments and treatment would help reduce risk of further deterioration in mental state but Mr Cordell is not deternable in his current mental state.
No immediate social work role for now. The interview did not determine and Mr Cordell could not identify social issues having signification impact on his wellbeing.
Plan.
We gave him our 24-hour contact number to phone mental health services if in emergency (02087023800).

EAS
Joint HV with me and Jameson Simwanza SW after sending out letter From RIO notes Disrupted childhood: CSE in paedophile ring, violent father, adolescence in care, under CAMHS **2012** - diagnosed with anxiety related to court case for burglary
2014- had MHAA - found not to have major mental illness
2015- 05-year ASBO for organising illegal raves- not allowed to enter industrial or disused premises between 10pm and 7 am
2015- November - mother made referral via HUB- she reports gradual deterioration in mental health over the last year. Simon was angry when his father made contact with the HUB in **2014** and does not want it known she instigated the referral.
Today
Simon consented to be seen and let us in. He was clean, well nourished, well kempt and dressed casually. He put the dog in the back garden.
One bed council flat
There was a massive heavy-duty metal door like that of a prison cell (over 7 feet tall) behind his own front door, which Simon said he's made and installed recently. There were tools lying about on the floor and he has worked in construction in the past. He didn't give us a reason for making the door.
He hasn't gone out for months- mother does all shopping
History from Mr Cordell
Chaotic historian, jumping about topic to topic, but happy to talk especially about his grievances chiefly with the police and the woman upstairs.
He said there is a widespread conspiracy to destroy his good name and possibly ultimately to kill him.
This is organised by the police with a policeman in Essex called Big Bad (unheard) as its source, in league with "Storm" a global agency who manage the UK's 999 calls. The police are putting things about him all over the internet (there has been local reporting of his ASBO) and are putting subliminal messages about him through his own TV and other people's.
As part of this, he says they have falsified all his records - the proof of which he gave as a list of CADS (relating to one of the illegal raves he'd arranged) which as they were not written down in sequence of their numbers, could not be a true record and thus in his view proof of a conspiracy.

He said he has evidence on tape of the police talking about him and plotting against him, which he offered to show us, although in fact there were no such sound files on his computer. He couldn't really explain how he'd heard this material.
He was keen to show us other written "evidence " from the police, which were all notes Simon had made in files on his computer.
Simon said the woman in the flat above has been stalking him, is aware of all his movements around the flat, and when he is in the bath, takes off his clothes or on the loo, begins stamping on the floorboards. The history we have is that he made threats to her and she was moved for her own safety: he still feels she is upstairs. Said he had CCTV footage from cameras in his flat of her stalking him - he could not show us any cameras.
Simon got out several boxes of papers which he said related to the conspiracy together with his plan for his own business and his plans for a global charity for children.
The flat was full of equipment for printing and other things. Simon said he had spent" a quarter of a million" on his businesses including 20 000 on each of two printers.
Has thoughts of killing himself "when I eventually clear my name."

From previous notes
-Tried to hang himself at the age of 16 when in a young offender's institution and needed to be resuscitated. He was moved to a high security hospital and kept in seclusion on a number of occasions. He says he was seen regularly by a psychiatrist called Dr Caplin from "the safe project" (probably CAMHS.
-He says there was a second occasion where he tried to hang himself when in a cell after he was sentenced Said attended NMUH A and E **2014** after drinking liquid nitrous oxide with intent to die Forensic history
Long history police contact from juvenile, mostly connected with driving, theft-? in prison on remand in past Smokes 1-2 spliffs most days, no other drugs, alcohol or tobacco SH
1 bed council flat, no debts, ESA, food in fridge, flat cluttered but clean MSE
Clean, open manner, engaged well, incongruently cheerful, very polite
Appeared euthymic- did not appear particularly elated: idea of harming self "when name is eventually cleared" but currently has no thoughts of self-harm or harming anyone else
Pressure of speech but able to repeatedly interrupt without irritability
Thought disordered: Tangential, circumstantial, preoccupied
Paranoid delusions relating mainly to police and woman upstairs: delusions of reference
His comments about hearing having police talking about him on tapes may be elaboration of auditory hallucinations No evidence commands or passivity
Insight: articulate: does not think he has a mental health problem: Said he'd had all these problems for the last year, especially in the last few months but felt they were getting worse. He has withdrawn from all social contact except with his mother.
Impression
FEP, possibly with mood element history at least several months
Strengths: Significant part of personality intact at present, was willing to engage with us today Maternal support

Risks: isolation, self-neglect if mother withdraws support, potential risk harm to self but trigger factors not clear (past self-harm attempts as teenager appear to have related to court appearances)
Plan
Declined medication and engagement with CRHTT (as he didn't want to give his story again)
We talked about referral to EIS and my view that he would find seeing someone regularly helpful: he said if I made the referral he would engage- saying he would be too polite to refuse.
He seemed to find our conversation today a relief and thanked us for coming.
I did not feel he would meet criteria for detention today under the MHA and that I would refer for assertive approach from EIS as a more proportionate response.

Dear Dr Chong,
Re: Simon CORDELL - D.O.B: 26.01.1981
109 Burncroft Avenue, Enfield, Middlesex EN3 7JQ

Jameson Simwanza, Social Worker in Enfield Assessment Service/Crisis Resolution and Home Treatment Team and I saw Mr Cordell at home today after reports of a gradual deterioration in his mental health over the last year.
Mr Cordell's presentation today was congruent with a First Episode Psychosis with symptoms beginning several months ago. His main preoccupations and paranoid delusions relate to the police and with the woman, who lives upstairs although we understand she has moved out. His mother has been supporting him and has been calling on him almost daily for the past year as he has become more socially withdrawn.
Today Simon was well nourished and cared for and his flat although cluttered was clean. He keens to relate his experiences to us but resisted the idea he had a mental health problem.
Risks:
1. He made 1-2 serious self-harm attempts as a teenager with contact with the criminal justice system. Today he said he had attended North Middlesex University Hospital Accident and Emergency department last year after drinking liquid nitrous oxide with intent to self-harm. Currently he has no thoughts intent or plan to harm himself or anyone else although he said today, he would kill himself "when I eventually clear my name" - this is not linked to any particular date.
Trust Chairman: Michael Fox Trust Chief Executive: Maria Kane

(Available in translation) www.behmht.nhs.uk/cm
In a mental health emergency, you can call the crisis team on 020 8702 3800 (answered 24/7)

2. He looked well-nourished and clean, engaged well: there is a potential risk of self-neglect if mother withdraws practical support.
3. Some Cannabis use, but likely to be insufficient to account for today's presentation.
Plan:
I did not think his presentation today would meet criteria for detention under the Mental Health Act and Simon is willing to engage with services although not to take medication at the moment. He declined contact with the Crisis Resolution Home Treatment Team as he does not feel he is in crisis but took the crisis number 020 8702 3800. We have referred him

to the Early Intervention in Psychosis service for an assertive and consistent approach to his on-going management consistent with a least restrictive and proportionate response to his symptoms.
When his case is accepted by the Early Invention Service, we will then close the case to this service.
Yours sincerely, ELECTRONICALLY SIGNED
Dr. Jane Cushion Consultant Psychiatrist Enfield Assessment Service

He said that he simply wants to clear his name and that "the truth will set me free" His speech appeared pressure and went from topic to topic without ending one topic. He appeared to have an aggressive tone and on the other hand he appeared apologetic about refusing help. My impression is that Simon will not co-operative with assessment and treatment in the community. There was touch of delusions or rather exaggeration to his claims about being "victimised". There is information on the net about his arrest and being placed on ASBO. I will discuss his case at EIS case fit referral meeting on Tuesday."

T/C I spoke with Simon at length and his final decision was that he was not interested in meeting me or having help from the mental health services.
Simon told me he was not mentally ill and did not need help. He then went on to tell me about all the problems he had or still has with the police. He said that he simply wants to clear his name and that "the truth will set me free"
His speech appeared pressure and went from topic to topic without ending one topic. He appeared to have an aggressive tone and on the other hand he appeared apologetic about refusing help.
My impression is that Simon will not co-operative with assessment and treatment in the community. There was touch of delusions or rather exaggeration to his claims about being "victimised". There is information on the net about his arrest and being placed on ASBO.
I will discuss his case at EIS case fit referral meeting on Tuesday

She told me also that Simon was still in bed and will be upset if woken up. I told her who I was and the team. She recognised the team immediately and willingly gave me Simon's mobile number 07763 **Plan** Goodie to call Simon from 12pm and arrange and assessment."

Am upset that's such a large co-operative company such as the Enfield homes and Enfield Council have not balanced out their line of duty's or tried to fulfilled a genuine need from my heating to get replaced and the damp and to get rectified as to being ok and fine for human inhabitants, I continue to do my best in the circumstances that I'm presented with buck's team to be on a Downward Spiral due to no fault of my own!

Dear Jeanette
Thank you for the reply to the complaint. As you have found one of the aspects of the complaint that PC Geoghegan lied to Simon Insurance is a breach then does this mean that anything that happened after that fact was unlawful? As this caused a huge impact on Simon life after that lie happened, he was then arrested due to the lie, had his van impounded to the lie, and then was found guilty at the lower court and then had to appeal to prove he was innocent. His insurance company was going to close his insurance down and we had to prove to them there were no tools in his van and in fact the police officer had lied. I do not fully understand the one aspect you have said as that one aspect had a lot to do with what happened after. PC Geoghegan even admits in the crown court he had not searched the van. Could you please explain to me what this one aspect means?
Regards
Lorraine

The level of service provided by the Enfield Council and the Enfield Homes teams staff is truly inadequate to the sufficient need services required, for an example when the staff are using the available granted money that comes from the community repair chest budget that gets granted for repairs they do no manage maintain and distribute the selfless cash within the relevant emergency sectors of highest priorities to a reasonable standard and in a practical time scale, as my rented council flats conditions are of the highest priorities but still continues to suffer alongside myself, once I had applied for the staff to initialize the capital and reasonable persons to rectify the repairs need, so to fix my home in a relevant time period and to a professional standard!

In relation towards an application for an Anti-Social Behaviour Order regarding myself the defendant Simon Cordell.
3 Steve Elsmore States.
On the 5th November **2014** at Highbury Corner Magistrates, that I Simon Cordell made certain representations in regard to my company Too Smooth.
I Simon Cordell State.
I did explain that I was establishing my company and had become a valid member at Kemp Hal, Community Centre there for committing myself to working for my local community centre, I did also say that I had been establishing my company brand and reputation, by way of provision of hire under a pro bono agreement with companies working on behalf of them self's, in connection with Enfield Council as they were all licensed outdoor events within the borough of Enfield contained within the local parks and such land marks.
Pc Steve Elsmore States.
That he has searched the police systems in reference to my statement made in court, "that I was in fact on curfew and had not been leaving my place of residence.
Signed mi Witnessed By:

I Simon Cordell State.
I do agree that I did state that I had been of police curfew during dates 28/06/**2013** to 21/05/**2014** during court proceedings which I was found not guilty for on the 02/07/**2014**.
Throughout the Interim stage of the ASBO order held at the Magistrates Court, I do not understand how PC Steve Elsmore when checking the Metropolitan police databases could not find my statement to be true,
As on the date of 03/08/**2015** at my trial the clerk of the *court checked* her computer system in front of the DJ and all else present in the trial proceedings and found my statements to be true. I had been on curfew from the 28/06/**2013** until the 21/05/**2014** along with other bail conditions.
PC Steve Elsmore States.
That he had discussed entertainment licences with the police and Council Licensing Officers and they had informed PC Steve Elsmore, I would not need to apply for licensing if premises were already in place of licensing or that I can apply for A Ten Note if on outdoor land.
Simon Cordell State.
Had been in negotiations with Lee Valley in regard to Premises and Licensing to hold an outdoor community event within my local borough which was going well until the court proceeding became too much inclusive of the conditions imposed upon myself.
With regard to Barley Land Farm, due to everything that was going on in **2013**, **2014**,1 had to take a step back from the event I wanted to host at Barley Land Farm, this was going to be picked up after I proved I had not done anything wrong which was the case. Barley Land Farm I did want to host this in **2014** but knew this could not happen as the case I was on lasted over a year, before I was found not guilty. I was due to pick up contract with regard to hosting this for **2015**. This was stopped due to this ASBO order and the ongoing court proceedings becoming the priority over all in my life.
It was also noted by my mother due to the case in **2013** / **2014** that my PNC record was not correct and there were errors on it.
Please see emails and court file.
I was made manager of club Juice Brimsdown Enfield and trusted with the keys and all operations of the company till the police made this impossible to manage due to being continuously being pulled over outside.

It was agreed for me to be the manager of the lunch of White Sands night club once known as the Beach club Brixton Hill, till the police publicly embarrassed me and shamed my name by arresting me out side at an arranged meeting with the owner, to which I proved my case at court The police officer lied to the lower court and I was found guilty so had to take it to appeal which I won my case, please see file.
There was also a complaint put in and at this time the Serious Misconduct Investigation Unit have agreed the police officer lied my complaint is still on going.
I had committed a lot of time towards the launch of this venue prior. And walked away due to how I was being treated by the police.
The last I heard of the club was that it had turned into a chapel, the owner had spent a large amount of money doing the club up and had verbal licensing agreement with the council to reopen it, but the local people did not want to club to reopen and the council refused licensing at the last stage.
Signed …….

10,

PC Steve Elsmore States.
The Licensing officer had checked in Steve Elsmore presence that I Mr Cordell has never applied for licensing regarding entertainment I Simon Cordell State.
I had no reason at this time of my life to apply to the council as pickets Lock, Barlylands and all festivals, inclusive of Night clubs and community halls I was committing my personal time to while establishing my company and representing my brand, have or had licensing already in place, I have also listed a few more companies name I was working with and for below with correspondents.
Lock to Lock
Muswell Hill Festival is a fundraising community event for children with cerebral palsy and their families from across London.
Enfield Town Fire Works Ponders End Festival Durant's Park Festival HD Festival
At the same time, I was constructing and in development of my website with help from my mother and friends, hosted at www.TooSmooth.co.uk
PC Steve Elsmore States.
That he has spoken to Enfield Council with regards to myself Simon Cordell hiring Generators to them for events also that I had only hired out a human gyroscope to Enfield Scout for the local town fireworks display dated **2013**.
Simon Cordell State.
As listed above is the names of some events I was working within and for at the dates in question mainly before the interim stage and while other ongoing court proceeding progressed to which I was being accused of, to which I rightfully was found not guilty in my plea of innocence.
I had a curfew so could not stay with the equipment over night and as a company getting ready to start to trade I could not afford the higher of an experienced employee, so in turn I lost the contracts and faith in the justice system that was the main contribution towards the key elements need to cause myself to lose the contracts I and others had worked so hard to gain, due to the value of the products it was impossible to comet myself to a contract of hire any longer, at the same time the probationary conditions thought the interim stage imposed that represented the ASBO order made it once again even harder to continue forward than it already was.
PC Steve Elsmore States.

A company House Check has been conducted under the name Too Smooth and Mr Cordell's post code and there is nothing registered. 1 am also asked by Steve Elsmore to provide my company number.
I Simon Cordell State.
My company name was registered on the 10/03/**2015** and this was shown to the court at trial.
I think there was a mistake in how I explained myself and due to this think you believe my company had been registered before this date.
However, what I was trying to explain was my domains had been registered since **2010**, and **2013**.
The reason my company was not registered in **2013**, which it was meant to be was due to the court case and the conditions of bail I was on.
I could not do the contracts I had in **2013** so my company was put on hold until after I was found not guilty at court on the 02/07/**2014**.
But then as soon as I had been found not guilty for that case, I then had to deal with this ASBO order.
PC Steve Elsmore States.
On Wednesday 10th **2014**, in regard to obtaining Mr Simon Cordell's role also inclusive of any more information that could be obtained relating to him at Kemp Hall Community Hall.
Diana Johnson hall manager was unavailable due to being sick, PC Elsmore spoke to assistant Hailey "Football Team Manager" who stated she was not sure of Mr Cordell role and had not seen him for about Two months in advance to the last meeting to which he had attended due to being ill.
I Simon Cordell State.
Regards Kemp hall, I Simon Cordell was given a Business card by a friend of a woman name as Lavinia De-Terville.
Her business card represented a company known as Dem's event management who provides licensed outdoor and indoor events, so I called the number in hope of making good relations relating to professional business possibilities, a meeting was agreed and went well.
I was later contacted by Dems Management to help with the on goings of a charity event in •'id of a charity called Bliss that helps premature babies, this event had been cancelled and was supposed to have taken place at another community hall other than Kemp Hall to which she had lost her deposit.
I arranged another meeting with her and asked her to bring all documents for the event so I could see if there was a way to rectify the problems, I took on the project to re-launch the event at a new location and Kemp Hall was chosen, a meeting was arranged at Kemp hall for 19th September **2014** with Diana hall manager and Dem, at the meeting I noticed the community halls absinth of articles of association and the down full in the maintenance of the hall, it was explained by Diana that she was having issues with managing the hall due to a lack of communication with committee members and local Authority and that the hall was absent of licensing and no constitution was in place neither funding, on taking a tour of the hall I took a list of problems I could fore see for holding an event for Dem's and that could be rectified for Diana.
I prioritised the *list as I* was *going around here* is some of the problems I listed.

The list went on, I agreed to come back and help out where I could, and did do so at my own expense, I fixed most of the listed above over time and a lot more to which I still have all the notes of and information relating to the contract work. I have and provide evidence of Diana hall manager thanking me for my help and that she had not meet any one in 15 years that she could trust with the keys and management of the hall and because of this she had neglected time with her own family in the aid of keeping the hall running for the local children and community. This was because she trusted me with full management of the hall under her supervision. I can provide the information.
II also do not understand why PC Steven Elsmore would want to obtain more information as to my role at Kempe Hall and why he would speak to someone he does not know about me and any role I have at Kempe Hall. If the person who currently run Kempe hall was not there, he should have asked for a number to contract her on, not gone about speaking about me to someone else he did not know what role they had in Kempe hall.
PC Steve Elsmore States.
On Sunday 23/11/**2014** police stopped the following two males who were seen walking around an industrial estate Stockings Water Lane Enfield at 01:10 hours.
Both males seem to be under the influence of drugs.
On page 28 the CRIMINT reference states the other male, this has been blacked out, it also states that this person was living with myself Simon Cordell.
5 Simon Cordell State.
On the 22/11/**2014** I had been at my home address with a friend named Josh who was homeless when my mobile phone rang a person claiming to be a police officer spoke to myself, he called me unexpectedly it was around 23:45 hours to 00:20 hours I got the call. This person said they had been at my flat earlier but could not get the entrance code to my front door, they had returned to the police station to call me and get the door code, to which I thought and knew to be out of place I asked for the police officers badge number to which the person speaking would not give it to me, making me not believe this was a police officer I was in fact speaking to I would not give the door code out, on putting the phone

down 1 called the police and asked if it was them asking me for my entrance code to which the reply was no.
This worried me even more because I live in a communal building that does not have an intercom system or CCTV. You must know the door entry code to the main entrance, and you can get to my front door.
This made me and my friend scared and could not understand how someone had got my number and called and wanted the main door code.
I called my mother who told me and Josh to come to her house, my mother had been cooking something to eat so I turned everything off and left my flat with Josh.

We walked along Green Street, towards Brimsdown train station going towards the river lee.
I had called my sister and she agreed to pick us up in a cab at Ponders End train station as it was raining very badly.
As we were walking the police pulled us over, they said they were the police care team and asked us what we were doing, I told the police what had happened about the call and was told it was them that had called me for the door code.
They said that they had been at my flat early and could not get in, so had gone back to the police station to get my number to call me to get my door code.
I asked why they wanted my door code and why they wanted to see me, they would not tell i.e. We both got searched by the police and then let go, me and my friend Josh was not under the influence of drugs, and the police never found anything on us when they searched us both. They asked Josh why a boy from East London was in North London and he told them to see his friend. I called my mother again and was really upset as the police was not leaving me alone, I had done nothing wrong and never went out of my flat anymore, but the police kept coming to my flat when they wanted.
When we got to Ponders end my sister was waiting in a cab, which we got into and went to my mother's home, my sister then left in the cab to go home.
My mother was really upset and made a call to the police at 02:04 to find out what was going on and why the police kept turning up at my flat CAD 1129:23/11/**2014**.
She was told that I called the police, she asked me and Josh if we had called the police which me and Josh replied no to, I told her I had only called the police after the police had called me. She carried on talking to the police on the phone.

On Friday 19th September **2014** at approximately 14:15 AT Kemp Hail I Simon Cordell State; This date Friday 19th September **2014**,1 was at Kemp Hall with Luvinia De-Terville we were due to have a meeting with Diana hall manager in regard to the higher of the hall for the charity Bliss.
Signed HH Witnessed By …

14,

Yes, I agree the police did come to Kemp Hall while I and Luvinia De-Tervil! we were there in the meeting with Diana hall manager about hiring the hall for the bliss charity.
I did speak to them as they spoke to me; I told them why we were there about hiring the hall for the bliss charity the police could also see we were in a meeting. They seemed interested about the charity, and I went on to say about my goals for my company and showed the police a project I was working on, on my laptop, the police did ask some things which I told them.
I do not see how the police was utterly bemused I was not the only person who was talking and mostly it was the manageress talking to the police, as the police was there to speak to

her and our meeting had run over and we were waiting for the police to leave to carry on talking to the hall manageress.
I did not tell the police I had 3 lockups, the police know where I keep my equipment and that is not in lockups.
I do not understand why PC Steve Elsmore has gone on in his statement to say about GMG members nor do I understand why gang members have been included in his statement.
Nor do I understand why he has included in his statement about issues with Kempe Hall.
I had done nothing wrong and had nothing at this time to do with Kempe Hall I was there about hiring the hall for a charity event run by Dems.
I also do not understand why the police when got the opportunity did, they start to ask the manageress tactfully how long she had known me, they knew already the reason I was at the hall and that was for a meeting about hiring the hall for a charity event.
Shortly after this date the police started to publicly make a bad example of me and started to harass me by pulling me over as I was attending the hall one method was to strip searching me in there van in the front car park in front of all the children and other community members that I was there trying to help which is not mentioned and there are no Cad's relating to within the ASBO application, the police also attended the hall more than the twice mentioned by Steve Elsmore and the once I mention when I was publicly embraced by the police in relation to questions regarding myself, I gave up and walked away as I did with the night clubs, as the police were set out to destroy all myself and every one had worked so hard to gain.
PC Steven Elsmore Updated statement dated the 26/06/**2015**
PC Steven Elsmore again says about Kempe hall page 30B as said above I stopped going to Kempe Hall around Dec **2014** due to what the police was doing but was still getting emails from them I believe they did not take my email out of the email list. The police are aware of this as I have had more calls that the police have been there asking about me. PC Steven Elsmore states that Kempe Hall was taken back into possession of the council due to the way in which it was being run.
This is not correct it was taken back due to accounting not being completed on time that Enfield council was asking for. Please see email dated 21/01/**2015** from Monica.Kaur@enfieldhomes.org
Also, please see email dated 17/02/**2015** from Monica.Kaur@enfieldhomes.org and Simon.James@enfieldhomes.org
So, by 18th March **2015** Kempe Hall was already back in Enfield Councils possession when the

  Summary!
  My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what the Mathiyalagan family stain and Debra with the police and local council members are getting away with each day holding me hostage with no first hand witness and the estate members flushing the toilet attacking me when I am in the bathtub and getting undressed all so playing with the water taps and banging above my head damaging my work studies and private family life and making me a Vulnerable person!
  I have also had a lot of problems with eating because of what they keep all doing to me!
  My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!
  If what they do to me finally kills me then it would also kill a lot of other people in the process!

He told me that he has been doing well and no problems except that he has a Court case in February to clear his name. However, he told me that he reported a police officer whom he secretly recorded for framing or setting him up. He said at the Highbury Magistrate Court the police officer was found guilty. He said he felt good about that and that he will be claiming compensation. He will also like an apology made through the news [media]. Simon informed me that he has not been going out much - "getting myself locked; I don't feel safe to walk around much" as I got a police officer arrested. I reminded him of my or EIP offer for help i.e., talk to someone or get practical help if the need arose. Simon was quite polite, thank me for calling and the reminder and wished me and the team a Happy New Year. **Impression** Apart from the story about getting a police officer arrested [? delusional?]. and is plausible, Simon did not appear to have psychotic symptoms. He spoke clearly, coherently and content was logical. There was no apparent evidence of

thought disorder. He appeared to not mind me calling him. I will call him again after New Year to check how things have moved on."
