Would you kindly note that I have been instructed by the LB Enfield as a consequence of your letter of 10 August 2020. Your recent conversation with Kay Osborne at Enfield refers. However, for the future, could you please send all communications in this matter to me.
Firstly, an apology. I was instructed in mid-December and having spoken with my client drafted a letter to you that was to be sent in hard copy form from my office confirming my instruction. That letter was due to go out on 23 December but unfortunately was not printed and sent out (I currently work remotely) to you. My apologies for the delay therefore which was Covid and Christmas related. I hope that all further communications can be by email.
Turning to your claim itself I note that in your letter you referred to documentation and evidence being completed, presumably that means collated by you. I assume you will then send a Letter of Claim setting out in detail the basis of what I assume is a claim for compensation. Can you please confirm and give me a timescale as to when the Letter is likely to be received by me? Once received, I can consider with my client the way forward.
I anticipate this will be a complex matter and my preferred method of communication is by email to ensure clarity of expression and provide a record of what our respective positions and understandings may be.

I hope you might agree that this is the best way forward and I look forward to hearing from you.

Dear Mr Cordell
Thank you for your email. As I stated in my earlier email, I would rather communicate in writing rather than by telephone. Please therefore can you supply by email to me details of your claim against my client. I cannot usefully say anything until I know what your claim is about. I am sorry but experience tells me that it is better to get clarity at an early stage in any claim.
I look forward to hearing from you.

Dear Mr David Knapp
As Enfield Council understands I have problems writing so much in an email due to the years that I have been forced to suffer. My mother does help me when writing to people but not even she can explain what I have been put through in detail as she does not live with me.

It is impractical for me to start to explain the breaches of my Human Rights that have occurred over the last Eight Years by email to which I am claiming for and all the dates involved to each offence that has taken place let alone the corruption and criminal offences that I have been forced to undergo.
I do not intend to make all communication to you by phone alone but to balance the weight of the scenario to which we are both trying to resolving. so, both phone and email would be best and or a meeting to take place.
I have built a website that documents most of what I am claiming about and I have put the files under Simon's Cases under the menu bar at.
Website: Horrificcorruption.com
You can take a look there if you wish to / Audio and Diary are a good place to start.
As you may have noticed I am using a Yahoo email account I also have a Hotmail account and both are limited to the amount of documentation that any person can send and these limits make using emails useless as I have collected a lot of evidence to support my claim that I believe would be mandatory for you to receive.
When using my website, I am allowed to send campaigns that have no limit to what can be sent by email and my intentions are for me to soon upload the last stages of my defence that is labelled as "Report Years" this is where the general public will be able to interact with what has happened to me illegally and unmorally. I hope to have the Report years section completed by latter today. Once this is finished, I can send to you and all other who were or should be involved the documents that you and they require. I believe the general public will help me pinpoint out more than what I can do alone.
I have already won all the case's brought against me at court and will not except the Enfield Council's wrong doings to myself. especially in the magnitude to which they have committed.
I wish to speak to you on the phone today so I can direct you to some of the relevant parts contained within the website Horrificcorruption.com before I go public for the first time in the hope of other options arising.
As asked earlier will you please call me by phone
From a civilian at home Mr. S.P. Cordell

Dear Mr Cordell

Thank you for your email. As I stated in my earlier email, I would rather communicate in writing rather than by telephone. Please therefore can you supply by email to me details of your claim against my client. I cannot usefully say anything until I know what your claim is about. I am sorry but experience tells me that it is better to get clarity at an early stage in any claim.

I look forward to hearing from you.

Hello and I hope all is well.
I am Mr Simon Cordell and as you are aware off, I have been in contact with the Enfield Council in regard to making a claim against them and others government bodies involved in my mistreatment, such a police officer's and the NHS
I Personally would prefer to have some form of contact by way of telephone with yourself due to the size of the case and to aid in a speedy claim. So, would it please be possible for you to contact me today as of the 25/01/2021 on the following telephone number as a matter of urgency.

Dear Mr Cordell
Would you kindly note that I have been instructed by the LB Enfield as a consequence of your letter of 10 August 2020. Your recent conversation with Kay Osborne at Enfield refers. However, for the future, could you please send all communications in this matter to me.
13,
Firstly, an apology. I was instructed in mid-December and having spoken with my client drafted a letter to you that was to be sent in hard copy form from my office confirming my instruction. That letter was due to go out on 23 December but unfortunately was not printed and sent out (I currently work remotely) to you. My apologies for the delay therefore which was Covid and Christmas related. I hope that all further communications can be by email.
Turning to your claim itself I note that in your letter you referred to documentation and evidence being completed, presumably that means collated by you. I assume you will then send a Letter of Claim setting out in detail the basis of what I assume is a claim for compensation. Can you please confirm and give me a timescale as to when the Letter is likely to be received by me? Once received, I can consider with my client the way forward.
I anticipate this will be a complex matter and my preferred method of communication is by email to ensure clarity of expression and provide a record of what our respective positions and understandings may be.
I hope you might agree that this is the best way forward and I look forward to hearing from you.

Dear Mr Cordell

Thank you for your email. I am afraid that I am not prepared to discuss the claim without you putting in an email what your allegations are. I do not require a lot of documentation with your email, just a few core documents will suffice.

I strongly advise you however to seek independent legal advice. The Law Society will be able to recommend lawyers local to you. Your claim appears to be complex and, more importantly, some or all of it may be time barred as a consequence of the operation of limitation.

Dear Mr David Knapp

As Enfield Council understands I have problems writing so much in an email due to the years that I have been forced to suffer. My mother does help me when writing to people but not even she can explain what I have been put through in detail as she does not live with me.

It is impractical for me to start to explain the breaches of my Human Rights that have occurred over the last Eight Years by email to which I am claiming for and all the dates involved to each offence that has taken place let alone the corruption and criminal offences that I have been forced to undergo.

I do not intend to make all communication to you by phone alone but to balance the weight of the scenario to which we are both trying to resolving. so, both phone and email would be best and or a meeting to take place.
I have built a website that documents most of what I am claiming about and I have put the files under Simon's Cases under the menu bar at.
Website: Horrificcorruption.com
You can take a look there if you wish to / Audio and Diary are a good place to start.
As you may have noticed I am using a Yahoo email account I also have a Hotmail account and both are limited to the amount of documentation that any person can send and these limits make using emails useless as I have collected a lot of evidence to support my claim that I believe would be mandatory for you to receive.
When using my website, I am allowed to send campaigns that have no limit to what can be sent by email and my intentions are for me to soon upload the last stages of my defence that is labelled as "Report Years" this is where the general public will be able to interact with what has happened to me illegally and unmorally. I hope to have the Report years section completed by latter today. Once this is finished, I can send to you and all other who were or should be involved the documents that you and they require. I believe the general public will help me pinpoint out more than what I can do alone.
I have already won all the case's brought against me at court and will not except the Enfield Council's wrong doings to myself. especially in the magnitude to which they have committed.
I wish to speak to you on the phone today so I can direct you to some of the relevant parts contained within the website Horrificcorruption.com before I go public for the first time in the hope of other options arising.
As asked earlier will you please call me by phone
16,
From a civilian at home Mr. S.P. Cordell

Dear Mr Cordell
Thank you for your email. As I stated in my earlier email, I would rather communicate in writing rather than by telephone. Please therefore can you supply by email to me details of your claim against my client. I cannot usefully say anything until I know what your claim is about. I am sorry but experience tells me that it is better to get clarity at an early stage in any claim.
I look forward to hearing from you.

Dear Mr Cordell
Would you kindly note that I have been instructed by the LB Enfield as a consequence of your letter of 10 August 2020. Your recent conversation with Kay Osborne at Enfield refers. However, for the future, could you please send all communications in this matter to me.
23,
Firstly, an apology. I was instructed in mid-December and having spoken with my client drafted a letter to you that was to be sent in hard copy form from my office confirming my instruction. That letter was due to go out on 23 December but unfortunately was not printed and sent out (I currently work remotely) to you. My apologies for the delay therefore which was Covid and Christmas related. I hope that all further communications can be by email.
Turning to your claim itself I note that in your letter you referred to documentation and evidence being completed, presumably that means collated by you. I assume you will then send a Letter of Claim setting out in detail the basis of what I assume is a claim for compensation. Can you please confirm and give me a timescale as to when the Letter is likely to be received by me? Once received, I can consider with my client the way forward.
I anticipate this will be a complex matter and my preferred method of communication is by email to ensure clarity of expression and provide a record of what our respective positions and understandings may be.
I hope you might agree that this is the best way forward and I look forward to hearing from you.

Dear Mr David Knapp
As Enfield Council understands I have problems writing so much in an email due to the years that I have been forced to suffer. My mother does help me when writing to people but not even she can explain what I have been put through in detail as she does not live with me.
It is impractical for me to start to explain the breaches of my Human Rights that have occurred over the last Eight Years by email to which I am claiming for and all the dates involved to each offence that has taken place let alone the corruption and criminal offences that I have been forced to undergo.
I do not intend to make all communication to you by phone alone but to balance the weight of the scenario to which we are both trying to resolving. so, both phone and email would be best and or a meeting to take place.
I have built a website that documents most of what I am claiming about and I have put the files under Simon's Cases under the menu bar at.
Website: Horrificcorruption.com
You can take a look there if you wish to / Audio and Diary are a good place to start.
As you may have noticed I am using a Yahoo email account I also have a Hotmail account and both are limited to the amount of documentation that any person can send and these limits make using emails useless as I have collected a lot of evidence to support my claim that I believe would be mandatory for you to receive.
When using my website, I am allowed to send campaigns that have no limit to what can be sent by email and my intentions are for me to soon upload the last stages of my defence that

is labelled as "Report Years" this is where the general public will be able to interact with what has happened to me illegally and unmorally. I hope to have the Report years section completed by latter today. Once this is finished, I can send to you and all other who were or should be involved the documents that you and they require. I believe the general public will help me pinpoint out more than what I can do alone.
I have already won all the case's brought against me at court and will not except the Enfield Council's wrong doings to myself. especially in the magnitude to which they have committed.
I wish to speak to you on the phone today so I can direct you to some of the relevant parts contained within the website Horrificcorruption.com before I go public for the first time in the hope of other options arising.
As asked earlier will you please call me by phone

Dear Mr Cordell
Thank you for your email. I am afraid that I am not prepared to discuss the claim without you putting in an email what your allegations are. I do not require a lot of documentation with your email, just a few core documents will suffice.
I strongly advise you however to seek independent legal advice. The Law Society will be able to recommend lawyers local to you. Your claim appears to be complex and, more importantly, some or all of it may be time barred as a consequence of the operation of limitation.

Dear Mr Cordell
Thank you for your email. I am afraid that I am not prepared to discuss the claim without you putting in an email what your allegations are. I do not require a lot of documentation with your email, just a few core documents will suffice.
I strongly advise you however to seek independent legal advice. The Law Society will be able to recommend lawyers local to you. Your claim appears to be complex and, more importantly, some or all of it may be time barred as a consequence of the operation of limitation.

Dear Mr David Knapp

As Enfield Council understands I have problems writing so much in an email due to the years that I have been forced to suffer. My mother does help me when writing to people but not even she can explain what I have been put through in detail as she does not live with me.

It is impractical for me to start to explain the breaches of my Human Rights that have occurred over the last Eight Years by email to which I am claiming for and all the dates involved to each offence that has taken place let alone the corruption and criminal offences that I have been forced to undergo.

I do not intend to make all communication to you by phone alone but to balance the weight of the scenario to which we are both trying to resolving. so, both phone and email would be best and or a meeting to take place.

I have built a website that documents most of what I am claiming about and I have put the files under Simon's Cases under the menu

35,

bar at.

Website: Horrificcorruption.com

You can take a look there if you wish to / Audio and Diary are a good place to start.

As you may have noticed I am using a Yahoo email account I also have a Hotmail account and both are limited to the amount of documentation that any person can send and these limits make using emails useless as I have collected a lot of evidence to support my claim that I believe would be mandatory for you to receive.

When using my website, I am allowed to send campaigns that have no limit to what can be sent by email and my intentions are for me to soon upload the last stages of my defence that is labelled as "Report Years" this is where the general public will be able to interact with what has happened to me illegally and unmorally. I hope to have the Report years section completed by latter today. Once this is finished, I can send to you and all other who were or should be involved the documents that you and they require. I believe the general public will help me pinpoint out more than what I can do alone.

I have already won all the case's brought against me at court and will not except the Enfield Council's wrong doings to myself. especially in the magnitude to which they have committed.

I wish to speak to you on the phone today so I can direct you to some of the relevant parts contained within the website Horrificcorruption.com before I go public for the first time in the hope of other options arising.

As asked earlier will you please call me by phone

From a civilian at home Mr. S.P. Cordell

Dear Mr Cordell

Thank you for your email. As I stated in my earlier email, I would rather communicate in writing rather than by telephone. Please therefore can you supply by email to me details of your claim against my client. I cannot usefully say anything until I know what your claim is about. I am sorry but experience tells me that it is better to get clarity at an early stage in any claim.

I look forward to hearing from you.

Hello and I hope all is well.
I am Mr Simon Cordell and as you are aware off, I have been in contact with the Enfield Council in regard to making a claim against them and others government bodies involved in my mistreatment, such a police officer's and the NHS
I Personally would prefer to have some form of contact by way of telephone with yourself due to the size of the case and to aid in a speedy claim. So, would it please be possible for you to contact me today as of the 25/01/2021 on the following telephone number as a matter of urgency.
36,
Tel: 07864 217519
kind regards Mr. S. P. Cordell

On **Monday, 25 January 2021,09:18:40** GMT, Knapp, David <daknapp@dacbeachcroft.com> wrot**e:**
Dear Mr Cordell
Would you kindly note that I have been instructed by the LB Enfield as a consequence of your letter of 10 August 2020. Your recent conversation with Kay Osborne at Enfield refers. However, for the future, could you please send all communications in this matter to me.
Firstly, an apology. I was instructed in mid-December and having spoken with my client drafted a letter to you that was to be sent in hard copy form from my office confirming my instruction. That letter was due to go out on 23 December but unfortunately was not printed and sent out (I currently work remotely) to you. My apologies for the delay therefore which was Covid and Christmas related. I hope that all further communications can be by email.
Turning to your claim itself I note that in your letter you referred to documentation and evidence being completed, presumably that means collated by you. I assume you will then send a Letter of Claim setting out in detail the basis of what I assume is a claim for compensation. Can you please confirm and give me a timescale as to when the Letter is likely to be received by me? Once received, I can consider with my client the way forward.
I anticipate this will be a complex matter and my preferred method of communication is by email to ensure clarity of expression and provide a record of what our respective positions and understandings may be.

I hope you might agree that this is the best way forward and I look forward to hearing from you.
Kind regards

(a) I refer to your recent voicemail messages. I am afraid that I am unable to access a Letter of Claim on your Website.

(b) Nor do I understand why you are putting details of your claim on a website rather than emailing me with your Letter of Claim and then putting it, if you wish, on your website.

(c) To confirm my email below, I do not require a large number of documents to be attached.

(d) With respect therefore, please put your allegations in an email to me so that I can understand the nature of the claim that you are making.

(e) I do not want to debate this further on the telephone with you: I would ask that, for the sake of clarity, all communications are by email.

(f) I cannot in any event discuss the matter with you until I know what your claim entails.

(g) I strongly suggest you obtain independent legal advice on this point.

- **02/03/2021 - 18:07 = 4th Email** from me to David / DAC Beachcroft

(a) I have not added my letter of claim to my website "www.Horrificcorruption.com" were my evidence of reason for claim is held.

(1) partly for security reasons.

(2) I have already explained to you in past conversations and messages that I cannot send the files by email due to their size and

(3) I also explained the cost of making hard copies to get sent while claiming low rate benefits due to the hardship this claim has caused me.

(4) I would load it up to my website for public interests in the belief that it would get the right feedback.

I have not yet to publish the website to any other person or professional body as of yet but for the reasons listed above that's why I would.

(b) What I have done is just uploaded it to a separate server that I own for ease of access and due to having Microsoft Word on that server, in fact I was considering loading it up to the website Horrificcorruption.com only earlier today, to being able to start an appeal / campaign in respect of the matters.

(c) I have given you the Web link on the phone to the server with just the letter of claim and you can see by the size of my diary the Malicious process alongside much more when considering I won all of the cases already in the courts of law also implementing the criminal aspect of what can be easily proved by overseeing the documents or Audio that I have referred you towards.

(d) And I believe from all of the complaints that have already been made to your clients and others that are preserved in detail, you can make the right assumptions of my claim being accepted for being right in my favour.

- **02/03/2021 - 18:33 = 5th Email** David Knapp to me / DAC Beachcroft

(a) I am afraid the draft Letter of Claim is a seemingly very long recital of the law, which I do not think is necessary, without any detail of your allegations against specific individuals or departments of my client and without detailing specific events.
(b) It is essential for you to particularise your allegations in a document of moderate length.
(c) Unless you are prepared to do so, I cannot take matters further forward and I can only invite you to proceed as you see fit.

(a) I also forgot to mention
(b) That I have prior explained to you that I have uploaded the audio calls of complaints to your clients inclusive of the phone calls to their insurance claim handler "Kay" that were made in audio, which explain in a fairish detail what my claim is for
(c) I have also taken the necessary time to transcribe as many audios as possible at the present time. This is inclusive of the emails and calls to yourselves where I gave clear instructions of case management.

- You can check our past conversation in the letter of claim here.
- **Audio Files**
  https://serverone.hopto.org/Audio%20Files%20Link/
- Just use control "F"
  and search for
  (1) "kay" = Enfield Insurance
  (2) (DAC) = Yourself
  (3) QBE
  and so on under file name "0/ Index Stuff is a timeline of all calls made."
  The file you would require is "Main = Fresh Com New Timeline MP3'S.docx" for an "Index" of Audio alone.
  The direct link is
  https://serverone.hopto.org/Audio%20Files%20Link/0.%20Index%20stuff/

(d) In the records to yourself I clearly explain how to manage the rest of the document e.g. "The headers & Diary."
(e) The links below provide information about what my claim is in part about as this is one of the last conversations to Kay Enfield Council Insurance when she asked me to explain as much as I could.

- **02/03/2021 - 19:48 = 6th Email** from me to David / DAC Beachcroft

(a) If you pay close attention you will notice in the links, I provided you with the is a file extension of Docx which is a word document and not audio Mp3 that you would listen to as I have prior transcribed the claims reasons to Kay, and this would be sufficient in most circumstances.
E.g., As this is how the police take 999 calls by audio and they would transcribe them if necessarily for persons that would get charged.
(b) I Feel that your points of view are a deterrent from me making a claim.
(c) You understood the years that I have suffered so should understand the size of the files due to this principle and also this make me feel that no person can get justice with the way you are advising for my claim to get handled
E.g., if a company or person does something of unjust then if they keep filing the paperwork and overload it as such a solicitor would not handle the case due to is size and complex nature causing the victim not to be able to receive justice.
(d) I will continue to try and make the case less complex for you if that is your wish as I can clearly evident my claim.
(e) **P.s** as prior explained I have transcribed the conversation of me making the points clear to Kay and put you in receipt of them documents

- **03/03/2021 - 12:06 = 7th Email** David Knapp to me / DAC Beachcroft

(a) I have read some of the transcript of your telephone call to Kay Osborne. I am afraid it is not a clear account of precisely what your claim is, almost certainly because Kay did not have the benefit of a letter of claim
(b) There is also within the transcript **much that is irrelevant to any civil claim.**
(c) It is not my role to try to work out what your claim is
(d) particularly when I am paid from the (limited) public purse.
(e) Please would you serve a Letter of Claim upon me
(f) failing which I do not think there is any purpose served by continuing this dialogue.
(g) You will then have to proceed as you see fit.
(h) I can only suggest again that you take independent advice.

- **03/03/2021 - 13:43 = 7th Email** from me to David / DAC Beachcroft

(a) To David I have read your email and taken on board what you have suggested.
(b) This led to me needing to understand more about the policy itself
(c) therefore, I request a copy of the ensures underwriting contained in the policy to be able to establish who is responsible for what aspect of law.
(d) please can you provide the policy's underwriting to myself by way of email and post and keep me updated in the progress of my request getting accomplished.

(e) When reading about what public liability covers, I am made aware that generally acts of dishonestly or fraud or criminal conduct are covered by public liability indemnity, and it is for the insurance company to claw back any loss of cash from their clients afterwards if possible.

(f) I have taken this knowledge from the follows weblink https://www.burges-salmon.com/-/media/files/publications/open-access/insuring_the_cost_of_prosecutions_and_regulatory_investigations.pdf

(g) What is not covered?

(h) *In the event that the prosecution leads to a conviction, it is possible that the insurer may be able to claw back some or all of the costs paid out to date. In the majority of cases, the policy will only provide for claw back in the event that the individual being prosecuted is found to have acted dishonestly or fraudulently or have engaged in criminal conduct. Arguably, however, insurers may be able to recover payments made under the common law whether or not the policy provides for claw back.*

(i) It is important that I am allowed to read the wording in the policy as I only have a copy of the liability policy cover page at present.

(j) I would also like to mention that once read and understood if the policy does not cover all of the relevant aspects of law, then I will spilt the civil allegations and put them in the format you have request.

(a) I can answer this briefly.

(b) The extent of insurance coverage is irrelevant to your claim against the Council

(c) the policy coverage is a commercial transaction between Insurers and the Council.

(d) Furthermore, the Council has a large deductible before the operation of insurance cover.

(e) I am afraid therefore that I cannot disclose it.

(c) The summery of the telephone call is that your reasons

(1) I can answer this briefly
(2) The extent of insurance coverage is irrelevant to your claim against the Council
(3) The policy coverage is a commercial transaction between Insurers and the Council
(4) The Council has a large deductible before the operation of insurance cover
Do not seem fair or correct as a valid reason to refuse the information that I have requested. I have been advised on how to proceed and will do as following.

(d) My reasons in part are: --

(1) I am acting litigant as you have been made aware of and request the documents under my legal rights to be able to make my own assumptions.

(e) **Freedom of Information Act 2000 Request**

(a) We acknowledge receipt of your email,

9

INSURANCE

➢ **03/03/2021 - 18:40 = 9th Email** David Knapp to me / DAC Beachcroft

(a) I have listened to your recording of the call. I am very sorry, but your call was an unproductive utilisation of your time.

(b) The problem stems from your desire to progress matters by telephone

(c) in this case apparently confusing the call handler at the ICO.

(d) The point here is that I am instructed by Enfield to deal with your civil claim for damages against the Council.

(e) Your request to me for the Insurance policy was in the context of how that claim was to be put.

(f) It had nothing to do with Data protection or the Freedom of Information Act (FOI) as is clear from your email.

(g) The claim is governed by the Civil Procedure Rules (CPR)

(h) I respectfully refer you to the case of Dunn v Durham CC which confirms that the CPR "trump" data protection legislation.

(i) You can apply to my Client under FOI and they will make a decision as to whether the policy is disclosable, but FOI is irrelevant to your claim as is, more particularly, the Insurance policy.

(j) I suggest again that you obtain independent expert legal advice.

(k) I propose only to respond going forward to a properly constructed Letter of Claim.

Hello & thank you for your reply.
In respect of the definition of, "underwriting" I believe the correct terminology of what I request is: -The insurance policy's the contracts between you and the insurance companies comprehensively for the years of 2013 till 2021 as of today's date. These insurance policies that I request are to cover the Enfield Council for indemnity that Coverer's employers and public liability or any other insurance policies that got taken out by the Enfield Council within 2013 till 16/03/2021 for business purposes that may be relevant towards my insurance claim as a member of the public and or client as a secure housing tenant.
To my understanding this will include.
1. The Insurance policies.
"https://en.wikipedia.org/wiki/Insurance_policy"
"The insurance policy is a contract between the insurer and the policyholder, which determines the claims which the insurer is legally required to pay. In exchange for an initial payment, known as the premium, the insurer promises to pay for loss caused by perils covered under the policy language"
2. The Insurance schedules.
"A Policy Schedule is an outline of the cover provided under the policy, it will show details of the policyholder, what the policyholder does, and the cover given and the relevant limits, sums insured and excess. "
3. The Insurance Policies endorsements
Forms added to an insurance policy, to modify its terms.
"https://en.wikipedia.org/wiki/Endorsement"
And also, that o**f:** -
4. The Insurance certificates: as they all should be read as if they are one document per Insurance contract.
"A certificate of insurance (COI) is issued by an insurance company or broker and verifies the existence of an insurance policy."
5. A Basic Example
The Metropolitan Police Force 2012

Classification: OFFICIAL

Dear Mr Cordell,

Thank you for your email where you requested information about Insurance policy of indemnity that covers employers and public liability.

41,

Request

Please may you provide me with:

- The Insurance policy of indemnity that Coverer employers and public liability or any other insurance taken out by the Enfield Council for business purposes that may be relevant towards my insurance claim in Criminal and civil law against the Enfield Council following the years of 2013 till the present date of the 03/03/2021. This is to be inclusive of all underwriting made for the policies.
- I have requested this information before, and it was agreed for me to be able to receive such information but sadly I only received the information in part and not complete due to the lack of underwriting missing.
- I do not believe DAC Beachcroft has the legal authority to refuse the Enfield Councils Insurance details
- It is mandatory of persons or companies to disclose insurance details when requested to do so in respect to a claim taking place

Please provide the information in this document / form that I have requested within the timescale of 20 working days of this letter.

If it is not possible to provide the information requested due to the information exceeding the cost of compliance limits identified in Section 12, please provide advice and assistance, under the Section 16 obligations of the Act, as to how I can refine my request.

If you can identify any ways that my request could be refined, I would be grateful for any further advice and assistance.

If you have any queries, please don't hesitate to contact me via email or phone and I will be very happy to clarify what I am asking for and discuss the request, my details are outlined below.

Thank you for your time and I look forward to your response.

From our preliminary assessment, it is clear that we will not be able to answer your request without further clarification.

The Council requires further information in order to identify and locate the information you have asked for. In particular, it would be useful to know:

1. Please can you confirm exactly what documents and information you require as we are unclear what you mean by "insurance policy underwriting" and "This is to be inclusive of all underwriting made for the policies"
2. Could you also confirm what information you previously requested and what did you receive so we can check if any documents are missing.

Once you have clarified your request, I will be able to begin to process your request. If I do not receive clarification within three months your request will be considered to have lapsed. (Under section 1 (3) of the Freedom of Information Act (FOIA), a public authority need not comply with a request unless any further information reasonably required to locate the information is supplied).

I also note that you have directed your request to Kay Osborne and the insurance team, in addition to the Complaints and Information Team mailbox, which is outside of the arrangement we have in place for you regarding contact with the Council, as per the letter sent to you in June 2020. I would therefore like to take this opportunity to remind you of the process that we have in place to manage your contact. Should you continue to contact officers outside of this, the Council will have to consider further restrictive measures.
If you are dissatisfied with the handling of your request, you have the right to ask for an internal review. Internal review requests should be submitted within two months of the date of receipt of the response to your original letter and should be addressed to:
Complaints and Access to Information Team Email - complaintsandinformation@enfield.gov.uk Please remember to quote the reference number above in any future communications.
If you are not content with the outcome of the internal review, you have the right to apply directly to the Information Commissioner for a decision. The Information Commissioner can be contacted a**t:** Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF.
PLEASE NOTE: As most staff are working from home, please e-mail all correspondence to us, rather than posting it, as there is likely to be delay in responding to correspondence arriving by post.
