4456,

Dear Trishna Kerai
I have sent some emails to you and I have had no replies regarding issues I am having regarding the court order that was made on the
09/08/2018.
Today I got a letter from Enfield Council which stated that you agreed with Enfield Council draft order on the
13/08/2018,
but was waiting instructions from me.
Please see below: --
"In relation to the allegations made in regard to the draft Order submitted to the Court. Ms lyavoo explains that she contacted Ms Trishna Kerai, of Stuart Miller Solicitors; the caseworker instructed on behalf of Simon Cordell on 10th August **2018** and emailed her a draft order. Ms lyavoo did not hear from Ms Kerai, so she emailed her again on
13th August 2018
and asked that she provides her agreement as soon as possible and if no response was made by 4pm on the same day she will have to email the draft to the Judge. Ms lyavoo states that

she received a response from Ms Kerai on the same day stating that she was in agreement with the order, but she was waiting for your instructions. As no response was forthcoming, Ms lyavoo had to email the order to the Court on
15th. August 2018
and she also copied Simon's caseworker to the email. Ms. Kerai has never indicated that she was on annual leave during the time of the correspondence but confirmed that the delay was due to the receipt of your instructions." I am very upset as you were well aware when you sent me the draft order on the
13th August 2018
to me, I did not agree to it and you said you was going to try and rewrite it that day, which was not done until after you came back from leave. So how is Enfield Council blaming that on me saying you stated the delay was due to me not getting back to you with instructions? I am having a great deal of issues with Enfield Council they are not moving Simon and are going to take him back to court to try and get his flat. They have not put the management **transfer** application in front of the panel and are saying they will not do this. It seems due to the way the court order was worded this is being put down to me, due to this section in the order please see below. AND UPON the Defendants mother agreeing to engage with the Enfield Mental Health Unit team so the Defendant could receive assistance with his mental health conditions and housing. I know you feel that this was dealt with and you should not need to do any other work regarding this, but this is a mess and I need some help as my son is suffering due to the on goings of Enfield Council. I await your reply

You sent me Ludmilla updated order on the **13/08/2018** and I replied saying I did not agree with their order on the **14/08/2018** I sent an attachment with that email showing what I did not agree to, and you said you would rewrite it. But I never heard anything if this had been done, I emailed you a few times after that you was on leave so I rewrote the order and sent to you, you amended that order and it was sent to Ludmilla. And you did not hear back from her. But this is not how they are saying it happened and it seems I am being blamed for not dealing with it. Also, it was funny as when you sent the order to Ludmilla and she never got back to you Her order was sealed at the court a few days after you sent it. Also Enfield Council is saying a lot to other bodies which in fact are not even in the order, and are misleading everyone they can, they have also never put the application to the panel for the move and are misleading other bodies as to the reasons this has not been done, by way of saying that the order stated Simon had to work with the mental health team and this was agreed in the court order when it clearly was not as the judge would not allow that, this is just some of the issues I am trying to deal with and Simon is suffering each day that goes by."

Dear Ludmilla,
Please note that we have no issues with the Order, but I have been waiting for a response from my client's mum in relation to the Order. I have just text her and will let you know once she gets back to me.

Please also note that we will not be dealing with the Housing Management Transfer Application as we are only instructed to deal with the breach of Injunction Order.
Thanks.

Dear Ms Cordell
We note that you have raised a request for information which relates to another person. In line with the Data Protection Act **2018**, we are unable to correspond with you on these matters. Where a request for information is made on behalf of somebody else, we need to confirm that they are happy for you to access their personal information. Should Simon Cordell want you to act on their behalf and access their personal information, he will need to provide us with their signed written agreement to the complaint issues raised and for you to proceed with these on their behalf. We note that your request is for 'all data that is held about me on Enfield Council systems all departments'. As your request does not provide us with much detail, we need you to clarify the specific information you are looking for. In order for us to retrieve relevant records, we would need to know where your personal information could be located and it would greatly help our search if you are able to give us more details regarding:

- Clarifying the type of information that you think the Council may hold about Mr. Cordell
- Clarifying the likely dates or time period when you think the information may have been created
- Clarifying if you only want information relating to a particular issue or specific time period

We have registered your request under case number CRM SAR 1085 and you may quote this when you get back in touch with us. We look forward to your response. Once we receive the clarification from you, we will contact you with a further update.
Yours sincerely,

Police Came to My Home

TO RE ARREST ME!

I had already been arrested for what the police were then at my front door for; Re - trying to re arrest me for in the past.

Getting arrested while wanting to sue the police with the police aware of my motive and the disciplinary actions that will follow regarding the 1st Abo and much more than just that then meant that I never got interviewed at the police understood that I had done nothing wrong and if interviewed and charged there would have been no likelihood of a realistic prospect of a guilty conviction in fact I would have one the case and this would have meant to the police another loss against me Mr. Simon Paul Cordell + Benjamin.

The police on this day became abusive and violent while trying to force a wrongful entry into my premises, so to help their colleges evade justice from their own corrupt doings.

I made a phone call to my mother while the police were outside of my front door shouting at me that they are going to break the front door down so that they could take me away. While the police were stepping outside of the bounders of the law by not following the correct so-called regulated police procedures in a multitude of different incidents when at my front door, they became unmoral as human beings let alone representing government official’s. I decided to test their integrity by explain the current ongoing leading towards their arrival to my humble fixed abode.

I explored for a reason to why the police were treating me in such a horrid way.

After executing my line of questioning I received some replies to my questions from the police officers.

The police explained that they wanted to re arrest me for the alleged incident that took place on the **10/11/2018** = **25/10/2018**

taken from the police station straight to a Chase Farm Mental Health department and keep against y free will in an abuse of malicious process to cover up what my official complaint covers.

The time was **22:40 Hours when the police first came to my home on this day.**

Spitting at police case: “incident”

The police came to my home front door again to arrest me I would not let them into my home and therefore did not open my front door. I asked the police officers what they wanted but they would not tell me the only thing that they would explain to me is that I had to go to the police station with them to be interviewed and for this to happen I had to get arrested

I made a phone call to my mother and she soon after arrived at my home with my uncial Andrew

Booked for me to attend Edmonton Police Station on Sunday the;

Revathy was banging upstairs on the floorboards I knew this was her because when she was leaving the building, I see her, for the last time.
And another reason that I also knew this was because I spoke to the removal man who I had caught with his friend leaving the building after winding me up by betrending to be them and hitting the floor
I went out to the communal front door as I heard them slam the door in believing it was still the Mathiyalagan family

Dear Christine Devaney
I am writing in regards the SAR that was requested and received on the 25/01/**2019**, it seems there is a lot of information that was requested that is missing,
4478,
It also seems you have been limited with the data that has been supplied which is held on the RIO system as there has been limited data and dates inputted,

- Date Range Criteria = Care provision time,
- Start Date = 12 October **2018** 13: 50, End Date = 4 December **2018**,

May I ask why so much data is missing which was requested from the RIO system, the request that was submitted asked for all data?
May I also ask why so much data is missing from the main file bundle and why so many emails and attachments are missing?
When the request for my data was submitted, we asked for all data from all systems and this does not seem to have been done and there is limited data that has been sent. Could you please get back to me regarding this, and supply all data that you hole on me?
Regards
Simon Cordell

00:00 Thank you.
00:04 To report a crime that is happening now or someone is injured and in need of urgent medical attention or in immediate danger, please hang up and dial nine, nine, nine now you can report a non-emergency crime throw or website at www.met.police.co.uk that's met.police.uk for custody related inquiries. Please press one please report all non-emergency crimes.
00:39 **Laughing in the background.**
00:39 Okay.
00:40 Hello Met police what is your reason for calling.
00:43 Hello. I'd like to go out tonight and I've gotten, there is supposed to be some bail conditions that a police officer fraudulently put on me. You can go to a website and see that they're fraudulently put on me. I'm not even the right colour skin. I want to go to wear ass nightclub tonight after 10 o'clock you've put warnings out on Crime Watch saying

that you're going to send me to prison if I do that, Is that true? Am I not to go to, warehouse night club tonight, the only nightclub?
01:07 Laughing in the background.
01:07 in my area?
01:08 What was the name for?
01:09 My name is Mr. Simon. Paul Cordell.
01:12 Okay and why do you believe that the officers put the bail conditions on you fraudulently
01:17 because they, each one of them signed an MGA 11 form. They done four witness statements each and none of them have victim statements on the bottom of them. So, there's no first-hand evidence, which is you've got to have first-hand evidence in a court. 15 police officers went to court all the highest-ranking officers and I was requesting MG6e I was requesting MG2 under the Crown Prosecution for I asking for witnesses to turn up. No witnesses turned up to court. I've got the transcripts here. Every police officer was hearsay not none of them first-hand evidence. The legal executive when she was index in the folder, she's done all the witness statements, which are the victim. She said signed by PC McMillen, resident statement, one resident statement two signed by PC McMillen, resident statement three, signed by PC max millennium.
02:05 So, she knew when she was indexing and that there was no, no victims statements and Now, I can't even go to wear House nightclub tonight. I'm on the curfew until 2020 the 11th yeah. And, and I've got all the court paperwork and that here and all the court numbers that say it's against the law for this to happen. When I've called your call centre and explained this to you in previous occasions, you've telling me down the phone that I have been robbed now. I've had to put all that up on the crime up on, up on the website and everything. Yeah. I'll keep putting it down because I won't use it to lose your jobs, but I want you to act efficiently and get this thing off me. That shouldn't be on me. Yeah. They fraudulently put it on, it says that white people commit the crime. I'm not the right colour.
02:43 I want to go out. I'm not being allowed to go out forever. You've labelled me like I've got a disease when there's nothing wrong with me and spread that out in public I mean every time I walk down the High Street, I've got people spitting at me and everything thinking that I've been danger at some woman that I was with for eight months and I've never ever done nothing bad to her. Me and now argued, I'm going to go and pick Shannon up in a minute. I'm going to drag her by her hair and I'm going to put her online and we're going, I will get her to tell all of you lot as well when everyone on the line, I never gave her a no disease and I never done nothing to nobody. Yeah, so if you don't want me to go down to Shannon and Heidi's house, right? Yeah. You know that's what's going to end up happening.
03:19 Okay. Well, I have let local officers know in regard to your call.
03:21 Yeah, use told me that you're going to get an officer to call me yesterday in regards to the website. Got 20 million emails here now and I'm going to start blasting this website out to everybody. Yeah. Show you how corrupt that office is on your call centres and the rest of it I'll be, I had or I had in **2014** in the recordings I had nine. Doctors come in my front room, three police officers come in my front room and four / two council offices. I recorded the whole conversation that I'm trying to take me away. They went through to first Asbo with me and they, you even said that there's no signatures there. Hang on, you're not the right colour skin to fit these crimes, Simon. They went through the whole lot, went through my medical notes from me in **2014** in the front room on them recordings. They knew there was nothing wrong with me. Then they spread all these **rumours up to 2018 that** I have gave someone a sexual disease and the rest of it. Yeah. What the heck is going on with you lot in them offices.

04:12 Okay. like I said it has been added, I'm not sure why someone didn't call you yesterday because I should have and it was marked up on your previous call for them to call you, but have you already made a complaint for the IPPC in regards to what we are talking about now
04:23 I spoke to the IPO. IPO, I have got loads of recordings of them as well when they're telling me that use what need to deal with this internally.
04:30 Okay. Well, it has been referred to them so I'm not sure why they've said that. We will look into it ourselves because you might complain to them.
04:36 The reason is the, I put a complaint into the IOPC.
04:39 Simon, Simon let me let me speak now. You put a complaint in to then. So, legally they have to respond to you.
04:45 Yeah, I remember if he responded to me and I've won the case. Yeah. The police officers being suspended yeah. One of them have, yeah. They are doing a second inquiry right now into this case as well. Yeah. The first one was the traffic copper. who on roadside? When I was working outside Brixton nightclub, he pulled me over. Yeah. Strip searched my van, there was no thinking in side of van and then what he done is I put him on the phone to my insurance company and he said to my insurance company down the phone, we're going to rob Simon and we're going to take everything of him. Yeah. Now I went to court. I lost my driving license because of it. Yeah. I remember I've had nine drive in bands. Why use lot have done all this to me. Yeah. I won.
05:21 I, I went to appeal state I won the court case. I've got a copy of all the recording tapes of the, of the police officer saying this or I've got the recording tapes and the copper down the phone at roadside that you use are going to rob me as well. Then I also went to the car compound. Yeah. And Perryville put the manager on the phone to the insurance. My insurance company, he went out, took pictures of the van and said that there's no tools inside it that the other copper had tried to set me up. All the pink seizure notice said that I had no tools in it. Yeah. And then so I've got both recordings of roadside and how this all started with that traffic copper and then he got suspended. The IPOCI. The police held a fake tribunal. Yeah. They didn't contact the IOPC.
06:00 See and tell the IOP, see that they were going to hold a tribunal in this coppers name. Yeah. They held, a tribunal sent me the paperwork, told me they're going to give me 90 pounds for it all yeah. And then I contacted the IOPC, seeks, showed them all the evidence and then they done their nut and then they phoned up some other company, the Omni Omniscient and the rest of erm, professional standards. And then they've gone chasing this police officer. The police officers left the company. Now he's somehow working as an MP in the Ministry of Justice. Yeah, I'll all, we keep messaging him, the IOPC, do. And I keep messaging him myself and he won't reply to none of us. Yeah. And now the IOPC have found him guilty on 20 accounts of conduct and we're just finished with the traffic copper. Now we're ready to come. I saw all the used or I'm sending a report off to Christopher Jedit that's the Queen Secretary.
06:48 I'm going to the EU. I don't trust this government here in this country. So, I'm going into the Universal Declaration of acts. I'm going to send it to the European committees, all this paperwork, what you're doing to me. And I hope that every person that touched me gets done for targeted malice, which is a 12-year sentence and the rest of it that comes on top. Yeah, you have a left people to attack me continuously. I phoned you over 220 times, told you I've got video evidence of what my neighbours are doing to me and what could the use of spread this sexual assault in mine and Shannon's name to cover up these missing signatures and protect these coppers that set me up in the beginning yeah, the maximum sentences are six months if you get found guilty and arrested for the organization of illegally. They never even arrested me.

07:30 I never even got arrested. Yeah, I know. I'm riding a nine-year sentence curfew, eight-year curfew and it don't even have enough for criminal conviction. They gave me a standalone Asbo which means you get see CBO Asbo's and standalone Asbo, yeah. a standalone Asbo means, it's not a criminal conviction. So, if you check my record now and see if the organization of illegal raves is on my criminal record, it's not on my criminal record yeah. A standalone Asbo should be anything but a form of punishment. It's just a deterrent. So why the heck have I got a curfew inside of my Asbo? Inside of it because a curfew. People get released from prison as an early release. It's a form of punishment. So why? Why? I've got a curfew inside of a standalone Asbo, but when I never even got arrested and you do and I'm riding a bigger bird than you could give even if you had enough for criminal conviction. I'm not the right colour skin to fit the crimes. All your timestamps are wrong.
08:18 Simon, Simon.
08:18 Your missing all of your signatures and none of you, we'll deal with it.
08:22 Simon, I'm goanna stop you there because you are repeating yourself now ok. I've let you know that the information has been passed on to officer and It will be for them to call you back. Also, it's the ICPC for them to advise you of any updates. Okay? bout I have got everything down that you've already said.
08:35 And I have. I'm recording this as well.
08:37 Ok, that is fine Simon. but at the moments. You have said things a few couple of times now, so I've already got that written down, so it will be passed on
08:44 you've not done nothing in five years about it. In five years, I'll be telling you about your whistle blowing policies about your co; there is an act of law,
08:51 Simon.
08:51 which is called the efficiency Act 1999 and 2003.
08:54 Alright Simon, do you want a reference number for your call, I am going to clear the line
08:54 when I tell you what another police officers doing that is corrupt you're supposed.
08:59 Right Simon.
08:59 His ruined
08:59 to act on it. You're as bad as a criminal as them because you don't act on what Steve Elesmore and that has done.
09:04 Simon.
09:04 You're all criminals. You signed the Alliance of oath in there.
09:07 I am going to hang up the phone because you are not listening to me, Bye.
09:07 Well, you have a good day, madam.

00:00 The metropolitan police 101 service. If you wish to report a crime that is happening now or someone is injured and indeed urgent medical attention or in immediate danger, please hang up and dial nine, nine, nine now you can report a non-emergency crime throw our website at www.met.police.co.UK that's www.met.police.co.UK for custody related inquiries. Please press one to report a new crime. Press two to provide or receive an update or please report or non-emergency crimes.
00:44 Metropolitan Police what is your reason for calling.
00:46 Hello? I believe I just spoke to you a second ago. Is that correct?
00:50 No, No that would not have been me.
00:52 I'm trying to find a question I want to go out tonight. There's supposed to be bail conditioners that are on me, I want to know if them bail conditions. If somebody else phones you like they would like the companies has advised them to like on crime watch. If they see me out. Um, I want to know if I'm going to get arrested. Can I go to warehouse nightclub? And also, can you tell me if I give you the badge numbers of the coppers, I'm saying that copper is a fraudulently made paperwork and holding me illegally and most of the people that I speak to on the phone, public servants have said that they don't believe in that. I don't think it's fair for them to make that decision. I think a fair investigation should happen and someone should take a statement of me, but just in case I am correct and some of these coppers have done this to me.
01:39 I want to know if they're on duty today. If I go out now, if they're on duty now in my area, if I go out tonight, are they on duty because I don't feel safe before 10 o'clock let alone going out after 10 o'clock just to go clubbing. I want to go out and have a life. I mean I've been locked up for seven years ago. I'm now 37 and I'm being told I've got to stay in until I'm 40 years old in fear of reprisals of the copper still working in the area because no one wants to see that there's no signatures or that the timestamp to your call centres go backwards or on the right colour and that I don't think it's fair. I think that if they did see me or their friends did see me while they are on duty in the area that they're going, it's like they're going to take advantage of what you use or are doing and that they're going to set me up even further to what they've continued to set me up throughout the years. All right.
02:26 All right. What's your name?
02:29 Simon Paul Cordell.
02:31 Simon Paul Cornell.
02:32 Cordell, C. O. R. D. E. double L.
02:36 okay.
02:37 I've been locked up for 1.5 million hours. Yeah, that's over seven years year. If you have, you took 500,000,000 half a million of them hours away. Yeah. And said, okay, I'm asleep for them. Half a million. Say I'm awake for the other million doing my defence work writing all of this. That means over the seven years, for every hour I get a pound, I should get a million-pound compensation. And I am, I've proved from the beginning in recordings that I'm correct and I'm right and I've worked harder than a computer expert on a level five who should be getting 50 pounds an hour. So, if I'm getting 50 pound an hour over the seven hours for over the seven years and I take away the five or half a million from there, you do the sums, that's one pound an hour. And I, I at one point at one pound an hour, that's a million pounds, 50 million pounds somewhere I've lost because of what these coppers have done to me and I've had to sit and write it out in defence work a defence solicitor would get it and I've got damages to my health, I've got damages to my reputation the definition of my character, I have been completely slandered here.
03:37 And I have done nothing wrong. Apart from going through the correct channels and ask for respect and courtesy towards my human rights and for the person that I am and nobody has been efficient in doing so.

03:47 Okay. Can you just give me a date of birth?
03:50 26 of the first 1981
03:53 1981. Alright. Um, and what's your address?
03:58 109 Burncroft Avenue.
04:00 Okay.
04:02 Burncroft Avenue and what is the post code
04:04 echo November three seven Juliet Cubex.
04:10 Right.
04:16 Okay. So, in an answer to your original question about if you can go out, I can't advise you on, do you have a solicitor?
04:23 I've spoken to solicitor. I am acting litigant on my own behalf, which I'm legally allowed to do. And I'm phoning you spread a message in movement and put photos of me in the newspaper saying that I've been, found guilty for the organization of an illegal raves. I've got the transcripts up online and you can see the judge couldn't, she even says it, I can't prove a legality. So, she says that I went there to fight the organization with legal. She says in the transcripts, she couldn't prove a legality because trespass wasn't present. So how am I, so how have you lot published this in the newspapers and asking everyone to phone you if they see me out on any industrial Estates or seeing me out or doing business personal or otherwise. Yeah. Personal is just, if I give you an amp as a friend or a bouncy castle otherwise is if I do business with you.
05:07 If anyone sees me doing business or sees me doing anything in the entertainment industry, I am liable for five years. For five years in prison. I'm liable even if. I believe I give my friend, a friend an amp to borrow as a friend or I or higher it and that's not fair. The conditions are a breach of my human rights, I can't even get out to, I can't even go out to a night club. Like I believe I should, I want to go out tonight. You're the only night club in the whole of my area that is on is, uh, is warehouse nightclub. If I go to warehouse nightclub club tonight, am I going to get put into prison? Can I get put in prison for five years?
05:41 Cause I, I can't advise you on that. The only people that can advise you on are your solicitors with the courts they are the people that are in charge of your bail conditions.
05:48 Yes. Yeah, but
05:48 you're the ones that's going to have authorise it all use lot no ones. You've put your phone numbers up to contact this phone number if anyone sees me out. So, when someone tests, if I do go out tonight and someone does see me there, are they going to phone use lot? Then w what you're going to say to them but we don't know. Again, you need to speak to Simon solicitor now you're not going to say that. You're going to send coppers there to arrest me. So please can you
06:09 You're asking, you're asking if your allowed to go out tonight. You need to speak to you solicitor
06:14 Now, I'm asking you've got bail conditions on that computer and I've got a copy of what you've got on that computer.
06:20 No I do not.
06:20 right now on that computer there. I've, I've requested a freedom of information and I've stripped the computers that are in front of you. Yeah, I can tell you right now from the top
06:28 Ok, and I am telling you now I don't have that information on my computer.
06:30 So

06:30 That is why I'm telling you, you speak to your solicitor about your bail conditions. I don't know what they are. I can't advise you on that.
06:37 But you are the nine, nine, nine call centre. You're at Bow Lambert.
06:41 Yep, and that's all it is.
06:44 I put a freedom of information request in already a subject.
06:47 Yeah, and that doesn't come from here that doesn't come from here.
06:50 I've got the, I've got the complete Crimit's that use lot see so when someone phones use up and use it, look on the, on the computer here on met CC. I've got met CC schematics here so I can tell when use it can check when the next closest location house. I've got the full schematics for Met CC here and I understand the NIC or I understand what you are capable of doing in that centre and what you are not capable of doing yeah. Now I'm, I tell you, I've got a copy of what you've got on your computers right now in front of you and it tells you my bail conditions and it tells you all my previous name.
07:23 Well I am telling you now that it does not Do you know that it does.
07:25 So
07:25 I am the one sitting here in front of it and I am telling you that I cannot see that information. I have advised you correctly.
07:32 So if someone phones use lot up and says that they see Simon.
07:34 I accept what you're saying. Someone phones you up tonight and says, okay, I've seen Simon in a night club. How do you know if he's breached his conditions or not? Who do you phone?
07:44 I would not know.
07:46 But someone in that call centre would no
07:48 that is different people?
07:49 So what, so who is it? Who is it? Where is it? Who is it in bow what section? So ok, you might be in a lower section or a lower tier or a lower phase in bow. So, you might not be able to get access to that information. But somebody in Bow their right now can log into that computer and they can see all my previous, they can see all my things, they can see all my alias names, they can see, what, what, all of my addresses, every address that I've lived that you have access on that computer or someone in that department does cause I have got it all here and all the blueprints of what you can do and it shows and I've got copies of it right now and it shows me use a lot more than what you're telling me.
08:28 Okay. Well, I've advised you correctly,
08:31 yeah, you may not, but who does in your department, I don't want to go out of your department,
08:35 I would not no, I would not know.
08:37 can I speak to her superior or somebody else? or a line manager of yours please and it's not about you, not about you.
08:42 Yeah, sure
08:42 It's not about you but just about.
08:44 no, no, that is fine.
08:45 About the company in general,
08:47 That's fine I will go and speak to one.
08:47 you've been more than courteous talking to me. Thank you.
09:56 I have got a copy of it here now police, national computer, nominal report and then what it says is straight away saying nominal details. Acro and I got it from a subject, access request, criminal record office. And then it says the name please, national computer ID, the last name and it goes with the whole of the history personal descriptions and it says the aliases and everything like that. Yeah. And this is what these lot have available to them and a lot more, Met CC is a very powerful tool.

10:37 Hello Boss you Plaza. How can I help you?
10:40 Hello may I ask who I'm speaking to please.
10:41 Yeah, you're speaking Sergeant Sing how can I help you?
10:42 Sergeant King.
10:44 Sing, S.I.G.H.
10:44 how are you doing sir.
10:48 I Am doing very well how can I help?
10:48 My name is Mr Cordell and I've been trying to contact yourselves in regards to your policies that the police force actually represent. Um, and my rights to equality, equality, equality **2010** not to be treated different from any other or, and to be treated fair and for my human rights to be taken into account when addressing the issues of concern, I raise of yourself that are of the utmost of importance. Is that okay if I go through a few of these issues with yourself and explain to you a few of the policies that should come into play. And I'm concerned that people are overseen.
11:23 Sir you have actually come through to the nine, nine, nine and one zero one control room. If you've got any issues,
11:28 you are a company still though you still have an abused to have a salary and you are still set under a constitution . So, I'm wanting to talk to, I'm talking to you. You are higher person than the person I was just speaking to.
11:39 How can I help you sir.
11:39 I would like to, I meet I've, I would like to, I'd like you to understand that I would like you to act on regards to in the efficiency Act 1999 and 2003 which States if I put you or any member of the public as CFS Call for services puts you in receipt of any information in regards to corruption misconduct that would be or negligence in regards to the police force. Yeah. You must act efficient with it and you must not disregard it and be scared to be a whistleblowing. Or some people might say, you know,
12:13 OK, CAN YOU LISTEN TO M.
12:13 I would like to put you in receipt of information.
12:16 Okay, sir. I am going to start again
12:16 Of what offices have done.
12:18 rather than quoting policy. You need to just tell me what you are calling for that. We've got numerous 999 and 101 calls
12:25 your call centre can handle 1,500 calls with ease per day. You, and this is not a serious bank holiday on new year's, your call centre is more than able to be able to deal with this conversation and you are paid a salary.
12:37 All you are doing sir is quoting policy.
12:37 I am not what I am explaining to you? I'm explaining to you that I would like to explain to you ok, a Steve Elesmore. And a Jane Johnson, who was your borough commander for North London, she's now been **transfer**red to Westminster leave me in large and at concern. They created an Asbo application and they forged the information within side of that Asbo application to prove my innocence, I've had to build a website which I can turn on and off when I choose to. And in that website holds all of the recordings to the call centres that I've been phoning through before, and I've not uploaded all of them yet but it holds a few and explains that when I'm speaking to your call centres, they're telling me I've been robbed and I'm a black boy on the phone and I've transcribed all of this up now the people that are working inside of your call centres touching DPA personal data.
13:24 I would like them.
13:25 Sir are you going to tell me why you're calling.
13:26 I am, I'm telling you right now, I am telling you that I've been calling your call centre, I'm telling you the, I've been calling your call centre and.

13:34 **Your dead**
13:34 And people have been telling me that I've been robbed down the phone and I'm a black Bastard and there's nothing I could do about my issues,
13:38 Your making no sense at all or whatsoever.
13:40 Well, I'm going to put this record of you alongside with the rest of the recordings.
13:44 No problem.
13:44 Do you want me to, do you want me to turn the website on for you to show you the evidence that I have so, that I can make a bit more sense.
13:49 You can do whatever you want to do.
13:49 So can I, so do you have access to Google, do you have access to Google right now?
13:57 Hello?
13:59 Are you feeling alright.
13:59 Do you have access to Google.
14:00 Seriously that has got nothing to do with you.
14:00 What. What hasn't got nothing to do with me. Google.
14:07 So, Ok, I am going to ask you.
14:07 I have a website right now. We've evidence of corruption. It's got over a hundred. He's got over a hundred copies names in it, and I'm going to put your name in it, Mr. Sing. And you're going to get reprimanded and your goanna end up facing what's called targeted malice when you tried to help a person evade justice. Yeah. When what that is a 12-year sentence is a breach of public office,
14:25 **there dead,**
14:25 malfeasance of public Office.
14:27 Ok, Simon ok, thank you.
14:27 Yeah. I swear to God you should act efficiently. And what I'm telling you, and he puts the phone down.

00:50 Hello police what is your reason for calling?
00:52 Hello? I am just trying to find out is this Bow that I'm through too.
00:56 Is it what, sorry,

00:57 Bow Met CC.
01:01 Yes. How can I help you?
01:02 Is Mr Sing still on line? Um, On duty.
01:06 Mr. who sorry.
01:06 is it Mr Sing, the line manager?
01:09 I got no idea, Um I started at 3 O'clock. What was it regarding?
01:14 a conversation that we just had a little while ago in regards to his advice and him, him saying, that I'm not going to have Google no more. I would like when I was explaining to him about my website with my evidence, that I've got in it and obviously from playing the tape back to myself, I'm quite concerned that he, the way that he's talking that he's going to be putting pressure onto my hosting server to get the website turned off.
01:39 What's your name please.
01:39 Simon Cordell,
01:41 right, and what is it that you was calling to discuss Simon.
01:44 I was calling the discuss an Asbo that is holding me in my house illegally.
01:48 Right.
01:48 and there was misconduct in that being created. There's no signatures on it. The timestamps are wrong to your call centres and all of the Cads, what initially happened.
01:57 Right.
01:57 and so forth. I've been sentenced to an eight-year curfew, well two years for the injunction, five years for the Asbo, so that is seven years plus I already rid a year curfew before that and that is eight years of my life. I've got found guilty for the first case, which should have been a found not guilty for the first case for the first year. Then I've got to ride the seven till 2020 November. I'm supposed to be on curfew till I am 40 I never got arrested. The case says it's less loads of things that are wrong with the case.
02:26 Right.
02:26 and I wanted the police. I've been asking the police throughout all the years rather than me call misconduct or negligence and go out of body and go through a solicitor like they keep telling me go to a solicitor, go to a solicitor.
02:39 It'd be better if they go in a body and they just go through the Asbo folder and notice that trespass wasn't present, which was just an error under the law and if they called an emergency application back to the courts, they could have had this Asbo dropped I could have been released in **2014** when they realized they was fraudulently made in my front room on the, when I was going through it, we've done and I could have been released and no person would have been in trouble. No one person would have followed a misconduct or negligence, but every person keeps being rude, putting the phone down on to me and saying, go to a solicitor. So, now I've built a report and before I decided to hand that report over to her solicitor firms and to everybody else, I decided.
03:19 Hmm.
03:19 to phone yourselves again and try and see if we can resolve the problem.
03:22 I still got treated with no courtesy and the line manager that I spoke to, he told me basically on the phone that I'm not going to have Google no longer when I said to him well, I've got a website you can go to. He goes you're not going to have Google no more. So now I'm concerned that they're going to be attacking my website to cover up the truth and to cover up these missing signatures and the rest of it that is holding me in my house and I don't think fair, and it's another infringement, It's a company. I started the limited company. It's protected under the freedom of press and it's protected under my rights. It's a report, it's an

official report. And I'm asking for other people of the public to join in, in that report and help me build it before I send it to yourselves or to the companies that you represent and who I've got recordings of me chatting to, people in your call centres asking for help and they're telling me down the phone that I have been robbed and there's nothing I can do. So, I've transcribed all of these up and putting them all in this website and I want somebody to call me back and to go through it. No one's took a statement of me in the last five years in regard to everything they're making me live next to people that I've got video evidence of them attacking me in my home. And I don't want to live next to these people. I shouldn't have to. I shouldn't.
04:32 So w what is it you want me to do for you with this call then? Cause I've never spoken to before this
04:36 I just wanted to speak to the [inaudible], I wanted to speak to the line, manage, um, well I just wanted to understand what he was saying to me. Whether he's going to attack my website to cover everything up because that is targeted malice. If my website does get touched, it's been okay. It's been up for the last. I have not showed a lot of people it but. I've had it for the last nine months. I spoke to Wix legal departments.
04:56 What's your, what's your contact number Simon?
04:59 You can contact me on Oh two on the contact number that your I'm phoning in on right now.
05:03 ending in six, Zero, three.
05:08 Yes that is correct.
05:08 Ok.
05:08 Nobody wants to clear them. Mess up. And I'm at a stage where I am going to go public now because I'm not going to write a number two
05:13 Right well just bear with me and I will see if the person that you spoke to is available alright,
05:15 Ok, Thank you.
05:15
06:41 Hello, Simon, Hello, right Um Mr. Sing who you've spoke earlier on he is still on duty but his away from the office at the moment, what I would do is get him to give you a call back.
06:41 Or any person to give me a call, I just want somebody maybe not even if it is him himself, even if he just pass it on to the correct people and someone does do the investigations. That's supposed to be going on. I have a lot of evidence here that I want to go through with people and I'm not having him
06:54 would it, not be easier just to go into the police station. If you,
06:57 I have, I've, I went to the police station the police officers that actually done all of this. Fraud to me is still working in the local area. I've had the friends continuously knocking on my front door trying to Put applications possession orders, trying to do all sorts of things to me so I'm not allowed to be homeless. I'm not allowed to be homeless. Plus, I'm allowed to have a home anymore. So where am I supposed to live there? Put a possession order on me and number two in junctional and I won all of these cases because I proved another officer fraudulently made all of the paperwork as well, so I can prove that I am continuously being attacked and all of these are official servants have fraudulently done all of this to me. I just want something to be done about it. I don't feel safe in my own town area anymore. I want to know who's on duty and who's not on duty and if weather I can walk out or whether they're going to try and cover their over, when I walk out my front door and grab me. My life was bad enough before getting grabbed by the police before all of this started, if that makes any sense.
07:59 Hello.
08:03 Yeah, I am still here Simon.

08:08 Well, I'm going to leave it with you lot with yourselves and I will expect a phone call back off. Somebody who may be able to handle my complaint fairly
08:14 I will make sure that it is all logged onto our systems alright.
08:15 I appreciate that. You have a good day, sir.
08:17 Alright, Good bye

NOTES TO PARAGRAPH 4.

Before the Court will grant an order on any of the Grounds 1 to 8 or 12 to 16, it must be satisfied that it is reasonable to require you to leave. This means that, if one of these Grounds is set out in paragraph 3 to this Notice, you will be able to argue at the hearing in Court that it is not reasonable that you should have to leave, even if you accept that the Ground applies.
Before the court grants an order on any of the Grounds 9 to 16, it must be satisfied that there will be suitable alternative accommodation for you when you have to leave. This means that the Court will have to decide that, in its opinion, there will be other accommodation which is reasonably suitable for the needs of you and your family, taking into particular account various factors such as the nearness of your place of work, and the sort of housing that other people with similar needs are offered. Your new home will have to be let to you on another secure tenancy or a private tenancy under the Rent Act of a kind that will give you similar security.

There is no requirement for suitable alternative accommodation where Grounds 1 to 8 apply.

If your landlord is not a local authority, and the local authority gives a certificate that it will provide you with suitable accommodation, the Court has to accept the certificate.
One of the requirements of Ground 10A is that the landlord must have approval for the redevelopment scheme from the Secretary of State (or, in the case of a housing association

landlord, the Housing Corporation). The landlord must have consulted all secure tenants affected by the proposed redevelopment scheme.

35,
5. Court proceedings for possession of the dwelling-house can be begun immediately. The date by which the tenant is to give up possession of the dwelling-house is Monday the 25 **February 2019.**
NOTES TO PARAGRAPH 5
Court proceedings may be begun at once or at any time during the following twelve months. Once the twelve months are up this Notice will lapse, and a new Notice must be served before possession can be sought.
Possession of your dwelling-house cannot be obtained until after this date, which cannot be earlier than the date when your tenancy or license could have been brought to an end. This means that if you have a weekly or fortnightly tenancy, there should be at least 4 weeks between the date this Notice is given, and the date possession is ordered.

The Start of the Official Documentation for a 2nd Possession Order,

The Enfield Council!

When working quietly, I received a letter through my now open mail box at 109 Burncroft Avenue, Open as the malicious abuse of process of the mentioned government officials has cessed for a few weeks, until again now.

The mentioned government officials who do keep on using the company credit or debit card to account for forged official paperwork that does accuse me of fabricated offence had become somewhat tiering due to the malicious Possess caused by Gross Misconduct and Criminal intentions.

In a campaign to a fixate a forged guilty conviction against me while trashing my health to help themselves gain an advantage by overrunning me with documentation that does eventually get sent through my letter box had calmed down, allowing for me to unblock the mail box to receive mail once again. When inspecting my new mail, I noticed it was another position order to take my flat away from me and without any fair reason or cause of my own fault. I scanned the document while filing it within my filing cabinets that I have had to now create to address such abuse of position and power.

As she went up the stairs to their second floor flat, the Defendant dog came out of the Defendant flat and started barking at her. The neighbour had to run up the stairs to her flat to escape from the dog. It was reported that the Defendant dog is always barking whenever they go out or return to the block and the neighbour and 4 years old daughter are terrified.
- On 30th September 2018, it is alleged that the Defendant attempted to break down one of his neighbour's front doors by kicking it several times and accused him flushing his toilet.
- On 2nd October 2018 at about 12:45pm, it is alleged that the Defendant attacked one of his neighbour's cousins as he was leaving the block. It is alleged that as he exited the block, the Defendant followed him and suddenly grabbed his jacket from behind and tried to pull him to the ground. The cousin started shouting to attract neighbours and managed to push the Defendant off.
- On 18th October 2018, the Defendant telephoned one of the Enfield Council solicitors, Miss Ludmilla lyavoo almost ten times, making threats and intimidating her. The Defendant suggested that she stops working on the case or you will try to get her struck off from the 'register'.

- On 19th October 2018, the Defendant telephoned Miss Ludmilla lyavoo at least five times and left two voice messages making threats and trying to intimidate the solicitor working on the case.
- On 22nd October 2018, the Defendant telephoned Miss Ludmilla lyavoo from a private number and left one threatening and intimidating voice message.
- On 23rd October 2018, the Defendant telephoned Miss Ludmilla lyavoo from a private number and left an intimidating voice message.
- On 24th October 2018, the Defendant telephoned Ludmilla lyavoo twice but did not leave any messages.
- On 16th December 2018 at around 6pm, it is alleged that the Defendant repeatedly banged on one of his neighbour's doors and peeped through his letterbox.
- On 17th January2019, the Defendant was videotaped when he confronted one of his neighbours outside his block of flats (109-119 Burncroft Avenue) as he was taking his three-year-old daughter to school and started shouting

abuse and threats at him thereby preventing him from taking his daughter to school. The Defendant then followed him and his daughter up the stairs to their second floor flat and was videotaped by a member of the neighbour's family as he attempted to attack them causing them to run into their flat for safety with the Defendant forcing the door to try and gain entry. The neighbour and his family have since fled their property as a result of the Defendant constant threats and intimidation.

- On 18th January 2019, the Defendant telephoned Miss Ludmilla Lyavoo from a private number and started making threats and the solicitor ended the call. The Defendant called again three times and left a voice message making threats and intimidation.
- On 23rd January 2019, the Defendant telephoned Miss Ludmilla lyavoo eight times within a ten-minute period.
- On 25th January 2019, the Defendant telephoned Miss Ludmilla lyavoo on two occasions acknowledged receipt of the Notice of Seeking Possession, threaten to have her struck off the register and accused her of falsifying evidence against him.

1 Mother to my solicitor: Legal Aid Agency Requirements - Lots of PDF Attachments: - "I am writing this letter regarding the case that Enfield Council has laid before the court for a Possession Order for my son's flat. The court hearing is for the **08/03/2019** at 10:00 hours. I have tried to attach the most up to date information as there is a long history to this with Enfield Council and my son. I have ordered my son's bank statements but am waiting for them to come in the post so have included the other documents asked for in the email, and if a date can be set for him to see someone maybe by the time, we see someone we will have the bank statement, but my son has had legal aid in the below cases, please see attached documents. I am writing this to give you some form of information relating to this case as it has in some ways been ongoing for some time. Enfield Council has had 2 other court cases regarding these matters which were for injunction orders please see below information they were for the same cases as in this new Possession Order. - **E00ED049:** Edmonton Country Court **1.** Interim Injunction order started by Enfield Council on the 09th January 2018 at Edmonton Country Court, to replace the one that was struck out by the court on the 06/11/2017 as the Judge would not put it back in place. **2.** This case went on until the 09/08/2018, please see attached court order which was made, which Enfield Council was meant to have moved my son, which has never happened I have been trying to get this done since this date and Enfield Council have not done anything. - **D02ED073:** Edmonton Country Court. **1.** Interim Injunction order started by Enfield Council on the 9th August 2017 at Edmonton Country Court. **2.** This case ended up being struck out on the 06/11/2017, the reason for this was due to Enfield Council not doing what the court asked them to do. Even through there is a court order in place for Enfield Council to move my son, Enfield Council has done nothing only kept my son in a flat that is causing his health to be impacted and lied to multiple bodies regarding the order that was made on the **09/08/2018.** The judge warned Enfield Council regarding a Possession Order on my son on the **09/08/2018,** there is a lot of paperwork regarding all of this which will need to be gone over. There are so many Emails and Documents regarding everything that has gone on it will be too much to send via email. So, I have only put a few of the last emails and Letters including the new order, the other information will need to be done at a meeting as there is just so much information.

Dear Liselle Archer
I am writing this letter regarding the case that Enfield Council has laid before the court for a Possession Order for my son's flat. The court hearing is for the 08/03/**2019** at 10:00 hours. I have tried to attach the most up to date information as there is a long history to this with Enfield Council and my son. I have ordered my son's bank statements but am waiting for

them to come in the post so have included the other documents asked for in the email, and if a date can be set for him to see someone maybe by the time, we see someone we will have the bank statement, but my son has had legal aid in the below cases, please see attached documents.
I am writing this to give you some form of information relating to this case as it has in some ways been ongoing for some time.
Enfield Council has had 2 other court cases regarding these matters which were for injunction orders please see below information they were for the same cases as in this new Possession Order.
E00ED049: Edmonton Country Court
1. Interim Injunction order started by Enfield Council on the 09th January **2018** at Edmonton Country Court, to replace the one that was struck out by the court on the 06/11/**2017** as the Judge would not put it back in place.
2. This case went on until the 09/08/**2018**, please see attached court order which was made, which Enfield Council was meant to have moved my son, which has never happened I have been trying to get this done since this date and Enfield Council have not done anything.
4500,
D02ED073: Edmonton Country Court
1. Interim Injunction order started by Enfield Council on the 9th August **2017** at Edmonton Country Court.
2. This case ended up being struck out on the 06/11/**2017**, the reason for this was due to Enfield Council not doing what the court asked them to do.
Even through there is a court order in place for Enfield Council to move my son, Enfield Council has done nothing only kept my son in a flat that is causing his health to be impacted and lied to multiple bodies regarding the order that was made on the 09/08/**2018**. The judge warned Enfield Council regarding a Possession Order on my son on the 09/08/**2018**, there is a lot of paperwork regarding all of this which will need to be gone over. There are so many Emails and Documents regarding everything that has gone on it will be too much to send via email. So, I have only put a few of the last emails and Letters including the new order, the other information will need to be done at a meeting as there is just so much information.
Regards
Lorraine Cordell

Dear Mrs Cordell
Re: Your complaint regarding the sharing of your son's information
Thank you for passing on your concerns in your conversation and initial email with Angela Hague on 30th July 2018, and subsequently with Rachel Yona on 10th August 2018. You raised some key questions relating to information governance and the sharing of information regarding your son. Please accept our sincere apologies for the delay in our response to your queries, which was due to there being a separate ongoing investigation within the Trust regarding the matters you have raised.

Your concerns have been investigated and I am now in a position to respond to your complaint. Your concerns were investigated by Rachel Yona (Enfield Adult Mental Health Community Services Manager) and involved interviews with staff and a review of your son's clinical records.
You stated that a report written by Angela Hague regarding your son, dated 15th June 2018 and 19th June 2018, had been presented in court on 26th June 2018. You stated you had not had prior access to these reports and explained that you had considered the court case and the assessments by Angela Hague were separate processes.
Please be assured that we have looked into this matter and I can confirm the report used in court was not a formal report, but rather a response by Angela to a request for information. The Trust had communicated to the Council Legal Services that we would not be providing a report for the Court and it was recommended they commission an independent report if this were required. However, as part of the investigation, it has been highlighted that this communication was only shared verbally with the Council Legal Services, and the position of the Trust was not clarified in writing.
During our communications with the Council Legal Services, it was asked whether your son had engaged in his recent assessment, and it was for this reason the information presented in court was given. Our investigation found that the information which was sent was not a limited, direct response to the question posed to the Trust; I sincerely regret therefore that information was overshared and as such this aspect of your complaint is upheld.
This is a matter we have taken very seriously; I would like to offer you our sincere apologies that your son's information was used for anything other than it's intended use whilst in the hands of the
Chairman: Mark Lam
Chief Executive: Jinjer Kandola
101,
Trust, and assure you that we fully understand our role in ensuring the security and safekeeping of records relating to all of those in our care. We have completed a full internal incident investigation into this matter, and I would like to assure you that all due processes and actions have been taken in relation to this breach.
I understand that you also were concerned about the processing of your son's information by the Court and the Local Authority. We are aware your son did not give consent for his records to be used in Court, and I can confirm the Trust also did not give consent for the sharing of information by the Local Authority with the Court. Our investigation found that the London Borough of Enfield requested to know if your son had engaged in treatment. As part of the legal proceedings the Court had asked for an assessment of your son's capacity to litigate and capacity to understand the meaning of the interim injunction from January 2018. Whilst we cannot speak on behalf of the Courts, we believe that this was why they passed on the information.
I am very sorry to learn that you feel the trust between yourself, your son, and the Mental Health Services has been broken. I understand that your son is now being seen by the Enfield North Locality Team, and I sincerely hope that they will be able to help rebuild the trust and develop a good working relationship with yourself and your son.
I understand that when you discussed your concerns with Rachel Yona (Enfield Community Services Manager) you raised your view that you feel there were inaccuracies within your son's report. Please be advised that whilst we are unable to retrospectively amend records, we are able to add additional entries to reflect your views and comments, and we would be very happy to add any information as you see fit.
Please be assured that the recommendations from this complaint will be shared with the London Borough of Enfield Legal Services and across our Enfield Adult Community Mental

Health Teams, to ensure all agencies involved in this situation can learn from this regrettable incident.
We appreciate all feedback from service users' experience of our service as this helps us to assess, reflect on our actions and improve the care we provide. Staff members are committed to providing and delivering a high standard of care to all our service users. We try to ensure that through good support and training opportunities, staff are enabled to deal effectively and sensitively with the needs of all service users and their relatives. When members of our staff fall below the expected levels of performance, we ensure that issues are addressed and dealt with quickly. Our aim is to learn from these experiences and give assurances that any actions as a result of our investigation will be delivered.

Hi Alev
Further to your enquiry regarding Simon Cordell. Please see the update below from Debbie Morgan.
SC was discharged from hospital on 15/11/18 having been detained under the Mental Health Act for the purpose of assessment of his mental health. SC did not believe he required to be in hospital or wish to accept the proposed treatment that was offered. As there is insufficient grounds or risk for further detention or to take any further intrusive measures against his will, he has been discharged.
SC does not believe he has a mental illness that requires him to take treatment or to maintain on-going engagement with mental health services. He appears disappointed with services in which he perceives to have received from both housing and metropolitan police believing he is being targeted for things he has not done. His assessment has not elicited he has care needs warranting supported accommodation or a package of care to sustain independent living as he can be adequately supported through universal services. He presents with adequate daily living skills and can live in general needs housing. He appears to be young man who has particular beliefs, which may lead to him having differences in opinion with others, which may impact on relationships with others; particularly those in positions of authority. His mental health/psychological state therefore remains fragile; however, the risk is not such that he can be forced to engage with services.
112,
He was offered follow-up by mental health services in the community to which he declined, although agreed the he can be contacted by nurses from the ward to check on progress following discharge. He has been allocated a care coordinator (Soohah Appadoo, North Locality Team - 0208 379 4142) who will continue to try to engage him to build a

relationship. SC describes his main presenting need to be that of his relationship with particular neighbours within his block, whom he believes to be intentionally causing him a nuisance by way of making noise, and reports feeling disbelieved and unfairly treated by the housing department and police. He therefore wants to be moved from his current accommodation.
His mother approached the ward Consultant for a supporting letter to provide to housing for a 2-bedroom property citing she is his main carer. As there is no evidence to suggest SC requires to be looked after due to having care needs requiring a live-in carer her request was declined, she was advised to suggest housing put their request in writing should this be housing's request. Mental Health would support relocation to alternative accommodation to reduce further tensions between the residents within the block.
Hi mother advised that SC has/or is in the possess of eviction, and that he was discharged from hospital with no support which does not seem to be the case. Support has been offered which has been declined and will continue to be offered to assist in managing the current situation or avoid and/or mitigation a situation of eviction.

113,

RE: Legal Aid Agency Requirements ->Enfield-Counci-Reply-28-12-2018.pdf

- Simon Cordell - 109 Burncroft Ave, Enfield, EN3 7JQ - 28/12/2018
Dear Kaunchita Maudhub and Andrea Clemons
Thank you for the reply letter to my emails dated the 28/12/18, I have today contracted by email Mr Cordell's solicitors who were acting for my son Trishna Kerai, but she is away until the 2nd January 2019, Trishna Kerai was well aware I did not agree with Enfield Council's draft order, which was sent to me by her on the 13th August 2018 at 15:14, I made a reply to her with the points I did not agree to right away, and she was due to rewrite them points I did not agree with. Then she went on leave and did not do the rewrite until she came back of leave. This was when her amended order was sent back to Ludmilla Lyavoo and she got no reply and a few days after this Enfield Council draft order was sealed by the court.
I did not agree to submit a housing management transfer to be considered by the exceptions panel on 17/08/2018, As Ms lyavoo is well aware it is Enfield Council neighbourhood officer that has to complete this application, in fact I have nothing to do with the making of this application I was not even allowed to see it after it was completed by the neighbourhood officer even when I asked to see it, I was not allowed to be sent it as it is only used internally. I did not only email Ludmilla Lyavoo I had calls with her and we spoke, I also left voice messages for her, when the management transfer application was deferred on the 16/08/2018 it was only due to be deferred until the next panel meeting on 29/09/2018 when it should have gone before the panel even if it was a like to like move but this did not happen. When I emailed Ms Ludmilla Lyavoo on the 28/09/2018 I asked for an update as I had not heard anything, I did not know I was meant to have given her an update regarding the appointment; and I am sure I said to her on a phone call when the management transfer application was

deferred if I got any medical information I would email it to her as soon as I got it, so by not sending anything to her I sure she would have known I had not got anything, in fact the mental health team was not replying to me at all, looking back now I believe that was due to them looking into the complaint I had sent. But the medical evidence was not necessary for it to have gone to the housing panel.
215
116,
I did not get any updates from Ludmilla Lyavoo at this stage or any reasons it was not put forward to the panel on that date. I again emailed Ms Ludmilla Lyavoo on the 01/10/2018 and after talking to Lemmy Nwabuisi on the 02/10/2018 via a phone call I sent a next email to Ms Ludmilla Lyavoo asking for an update on the 02/10/2018, I did get a reply on the 02/10/2018 from Ms Ludmilla Lyavoo stating she had been in meetings and was unable to attend to my voice messages calls or emails, and that she was taking instructions from her office and would get back to me in due cause. I again emailed Ms Ludmilla Lyavoo on the 07/10/2018 as I still had not had any updates, I did not get a reply so again sent an email on the 09/10/2018 to Ms Ludmilla Lyavoo, on the 12/10/2018 I did get a reply to that email, but from my emailed it would have been very clear I wanted it to go to the panel, at that point I was very busy and did not have time to reply to that email, I then got an next email on the 15/10/2018 from Ms Ludmilla Lyavoo stating court action was going to start. At this point I knew in my heart Enfield Council was never going to put this to the panel and only wanted one thing and this was the real reason it took Ms Ludmilla Lyavoo so long to reply to my emails and calls, so it was around this time I made arrangements to see my son's MP as I felt I was not getting anywhere and through maybe it was better coming from the MP.
The issue with appointments being made they are for my son to go to the clinic; I have told them many times my son does not leave the flat and a home appointment should be made which they are still falling to do. I spoke to Soohah Appadoo, North Locality Team more than once saying this is an issue and been told he will get back to me regarding it after he has a meeting with his team about it but he has not done this yet.
If you are now agreeing that the court did not actually record that my son submits a housing transfer application on the condition that he engages with mental health team, why has Enfield Council been stating this to everyone as this is incorrect is it not? I believe this should be corrected should it not?
Yes, I agreed to talk with the mental health team which I have done, and it is clear I have done this as it stated in your letters and replies to the MP, so I am doing what I
215
117,
was asked to do by Enfield Council at court, so why is Enfield Council not doing what they were meant to do?
This section in the court order *"AND UPON the Defendants mother agreeing to engage with the Enfield Mental Health Unit team so the Defendant could receive assistance with his mental health conditions and housing."* is also something I did not agree to, and it was this point I asked to be rewritten or removed along with other sections. The reason I did not agree to it being written in the court order was due to the fact I knew I was limited in what I could do with the mental health team, and really the way the draft court order is worded by Enfield Council was not said in court that way and was I believe only written this way for Enfield Council to get out of moving my son.
There is only so much I can do as my son has rights even under the mental health act, so when I agreed I knew I would be limited in what I could do. It seems Enfield Council are just passing the buck over to anyone they can and not doing anything to help my son and passing incorrect information over all the time to people.

There is a duty of care and so far, Enfield Council has beached that in every way possible regarding my son, also the beaches in data protection is beyond anything I have ever seen when is this going to stop? By now you would have the complaint outcome letter that was submitted to the mental health team which was upheld, which should have been learned from, but it seems the sharing of information regarding my son is even worse now than when it was when I submitted the complaint to the mental health team. There has never been no consent from my son for Enfield Council to share data the way they have with the mental health team the way it has been shared.
When is Enfield Council going to help my son? not leave him to suffer the way Enfield Council has done since the end of 2014 when I started making calls about what was going on with the neighbours, from the start of 2015 I had to start sending emails to Enfield Council regarding what was going on with the neighbours because Enfield Council was just not getting back to me regarding the phone calls and still no one got back to me until 21/09/2015, it seems Enfield Council only acts when it is against my son, as I was putting in reports and complaints regarding what the
216
118,
neighbours were doing well before any report or complaint went in regarding my son,
I was told so many times by Lemmy Nwabuisi to forget all about the emails I sent, and it seems Enfield Council don't seem to have many of the emails I sent begging for help with what was ongoing.
To me this is one sided only and not once has Lemmy Nwabuisi ever asked to see anything this is a beach and discrimination against my son, not even the police take one side to everything at least they do an investigation, which I believe the council also have a duty to do.
Why is Enfield Council also allowed to try and pressure neighbours into doing statements against their will, against my son and don't think I don't know about this as I do, why am I being told by neighbours Enfield Council is out to get my son really badly and are not going to stop until they do get him out, why are neighbours even being talked to about my son? It seems Enfield Council will stop at nothing regarding my son.
Why has Lemmy Nwabuisi or any other Enfield Council worker ever taken any report from my son regarding anything when they have been told time and time again, we have proof my son has not done the things that is being said he has done? Why does Enfield Council see fit to wait months and months and months to tell us about any reports? The list can go on and on, but we know already Enfield Council will do nothing for my son but disregard him.
Please could you clarify for me whether or not you are seeking possession order for my son flat? Because you have now admitted in your letter to me dated the 28/12/2018 that the information used in your letter dated the 12/12/2018 was incorrect as it was not stated in the court order my son had to engage with mental health team to be able to get a housing management transfer, and that my son did not need to provide medical evidence to support the housing management transfer application, and you did in fact have enough information to put this to the panel as the application was completed by the 16/08/2018. As it really seems to me that Enfield Council has not done what was within the court order or taken anything the Judge said in court on the 09/08/2018 into account, and the basic for the seeking possession order on my son's
216
119,
flat was based on facts that was clearly not in the court order, if Enfield Council had put this before the panel, then this would not even be an issue and we would not need to address this now.

Also, I would like to say at this point Trishna Kerai from Stuart miller solicitors is no longer acting solicitors for my son, so there is no need for the legal team or any other team within Enfield Council to forward any documents to her regarding my son.
I apologise for the sternness of this letter, but it seems where my son and I are concerned we seem to take one step forward then two back and I am sure you can sympathise with how frustrating this must be.
I look forward to hearing from you soon.

Lorraine Cordell

Dear Alev Cazimoglu
I know you said to me today on the phone that you would get back to me if you heard anything from Enfield Council.
But this cannot be allowed to carry on, this is making my son's health worse with what is going on and him being in that flat, the banging does not stop even people I am I getting to stay with my son don't want to be there due to how bad it is it does not stop.
Enfield Council is now making my son stay in a flat living in hell, they know the issues why have they not just moved him out of there?
How long is it going to take with letters going backwards and forwards with no end to it? All awhile my son is suffering badly, and it is impacting on his health how far is Enfield Council going to let this go?

Enfield Council has not once asked my son's side to this they only go with what is being said about my son is this right? This are always 2 sides to anything so why is Enfield Council only taking one side to all of this and not once hearing our side?
Enfield Council has had long enough to move my son why have they not.
I need help to deal with this and I can't wait months for anything to be done, and that is not saying you are not doing your best as I know you are it seems Enfield Council are the ones holding this up and really for what reason, is it so they can make my son suffer more?

Subject: RE: Mr Simon Cordell. 109 Burncroft Avenue. EN3 7JQ
Dear Andrea Clemons
Today the MP's aid for Joan Ryan, Alev Cazimoglu sent me a copy of your letter dated the 12/12/2018, I am shocked to see what is written within it and the misleading information being passed over to the MP Joan Ryan.
It was not agreed on the condition that Mr Cordell should engage with mental health services and provide medical evidence to support the housing management transfer application. The court did not state this, so I do not know where this is coming from.
I also do not understand where it is coming from that Mr Cordell had to provided supporting letter from the mental health services to support his management transfer application, and he has not done this, he was never meant to have done this and the management transfer application was completed by Enfield Council to go to the panel on the 17/08/2018 and it was ready to go to the panel on this date, but this was deferred to be considered at the next panel meeting which would have taken place on 28/09/2018, which never happened.
The reason for it being deferred was so that I Miss Lorraine Cordell could try and get a letter from the mental health team, which I could not so it therefore should have gone ahead to the panel on the 28/09/2018, which I do have the emails to prove this. I also do not understand why Enfield Council is stating supported accommodation was being asked for as this was never asked for. I did however state in court that a 2 bedroom would be better as my son could have family live with him so he could get support from his family; I have never said I am his carer I have never said a lot of things that Enfield Council is stating I have said.
It was stated in the court order.

- *UPON the Defendant's mother Mrs Lorraine Cordell, confirming that she will engage with the Claimant and assist the Defendant's neighbourhood officer in making a housing management transfer application on or before 16 August 2018.*
- *UPON the Claimant agreeing that it will deal with the housing management transfer application as quickly as possible after being made.*
- *AND UPON the Defendants mother agreeing to engage with the Enfield Mental Health Unit team so the Defendant could receive assistance with his mental health conditions and housing.*

The order was to be agreed with my son's solicitor upon being drafted by Enfield Council, but my son's solicitor was on annual leave and therefore did not reply to Enfield Council

order until she came back of leave, but when you emailed her, it came back that she was on annual leave so Enfield Council was well aware of this.
Upon her return from annual leave her amended order was sent over to Ludmilla Lyavoo, which my son's solicitor never had a reply back from Ludmilla Lyavoo regarding her amended order, but some days after the amended order was sent over to Ludmilla Lyavoo, it seems an order was sealed at Edmonton Country Court which was not agreed on which was Enfield Council drafted order, which we never agreed to and feel it is misleading as to what was said in court.
I believe a lot of what was said in court is not being told and misleading information is being said, maybe someone should ask Ludmilla Lyavoo what the judge said when Ludmilla Lyavoo said she would go for a possession order to the judge because she did not get what she wanted.

124,

There is also the fact that my son was willing to stay in Hospital when he was sectioned on the 25/10/2018, it was the hospital that discharged him on the 15/11/2018 due to not getting the section 3 on my son they wanted, that was heard on the 14/11/2018, my son said as soon as he knew they was not allowing the section 3 on the 14/11/2018 that they would kick him out of the hospital, as this is what they did in 2016, and the next day the 15/11/2018 that is what the doctors did kicked him out the hospital, yet my son was willing to stay and build trust up with the doctors and the mental health team, which had broken down due to what has been ongoing for some time.
Which in fact would have been a lot better as if he had been allowed to stay in hospital like he wanted maybe by now they would have been trust built up with the doctors and teams, this is what Soohah Appadoo wanted to do as he saw that there was a real problem with trust and stated this at the appeal on the section 2 at the hearing. On the 16/11/2018 I myself spoke to Soohah Appadoo on the phone, but since that we have heard nothing from him is this what is being called support put in place when my son was discharged from hospital?
This misleading information needs to stop as it is a beach of the data protection act.
I look forward to hearing from you regarding this, please can you reply as I did not get a reply from you to my last email, I sent to you.

Lorraine Cordell

Dear Sirs **URGENT**

Re: The London Borough of Enfield v Cordell
Claim number: E00ED049- Edmonton County Court

We write further to the Order made by District Judge Dias following the hearing on 26th June 2018.

Paragraph 1 of the order states the following: *'By 4pm on 10 July 2018 the Defendant shall undergo a mental capacity assessment by a Consultant Psychiatrist at an appointment to be arranged of which the Defendant shall be given at least 24 hours' notice and a report shall be prepared in relation to the Defendant's capacity to litigate and capacity to understand the meaning of the interim injunction dated 09 January 2018 and that report shall be filed at court and served on each party to the litigation'.*

We confirm that the Defendant was assessed by Dr Dhinakaran, a psychiatrist consultant on 5th July 2018. A copy of her assessment report is attached to this email and it confirms that the Defendant lacks capacity to litigate/ understand the terms of the injunction order.

The Claimant was also directed to file a witness statement in response to this assessment if so advised by 10th July 2018. We confirm that the Claimant has no comments to make at this stage. We have asked the Defendant's solicitors to contact the Enfield Assessment Mental Health team and instruct them to release the Defendant's medical documents so the Claimant could consider them and make further comments. However we have had no confirmation from the Defendant's solicitors as to whether the Defendant has provided the relevant consent and we therefore reserve the right to make further submissions until these documents are received by the Claimant.

Psychiatric Report on Mr Simon Cordell 109 Burncroft Avenue Enfield EN3 7JQ

- **Introduction**

This report is prepared at the request of London Borough of Enfield, Antisocial Behaviour Team following directions from the Edmonton County Court to undertake an assessment on Mr Cordell. My instructions were received in a letter dated 5 July 2018 and outlined as below:

- Whether the defendant has the mental capacity to litigate and give instructions in his defence.
- Whether the defendant understands the terms of the injunction order dated 9 January 2018.
- **Details of current proceedings**
  The current proceedings relate to an interim injunction order issued against Mr Cordell, at the Edmonton County Court on 9 January 2018. This followed numerous complaints from neighbours about Mr Cordell's acts of harassment and antisocial behaviour. However it has been reported that Mr Cordell has continued to breach the order. It has been reported that a neighbour has been assaulted, harassed, and has received threats from Mr Cordell. He has also made threats towards certain council employees. The local authority issued applications for committal due to Mr Cordell's breach of the injunction, however the applications could not be considered due to concerns about his mental capacity.
- **Sources of information**

1. I was provided with the following information to aid in the assessment:
2. Claim form for an injunction with supporting documents
3. Order for an injunction dated 9.1.2018
4. Report of Angela Hague from the Enfield Assessment Team
5. Court order made by DJ Dias, Edmonton County Court at the hearing on 30.05.2018 and 26.6.2018.
   223
   128,
6. I assessed Mr Cordell on 6 July 2018, at his flat 109 Burncroft Avenue, Enfield EN3 7JQ, accompanied by two officers from the Enfield Housing Team. I can confirm that prior to my assessment; I explained to Mr Cordell my role and the purpose of my visit. I also explained to him that I was acting on the instructions of the Enfield Council at the directions of the Court.

- **Assessment of Mr Cordell**

7. Mr Cordell spoke to us for a few minutes outside his flat and upon explaining the purpose of the visit, he allowed us into his flat. He agreed to tie the dog outside in the garden. The flat although disorganised with papers and folders scattered around, did not appear overly cluttered. Mr Cordell presented as a young, slim built, mixed-race male with reasonable hygiene. We explained our roles and the purpose of our visit. Mr Cordell informed us that he was recording our conversation.
8. Mr Cordell seemed very keen and enthusiastic to talk and we had to explain the reason of our visit several times to maintain some structure and focus. He maintained appropriate eye contact and we managed to establish a rapport after a while. His demeanour was polite and appropriate. There was evidence of psychomotor agitation as he appeared generally restless and overactive. Mr Cordell described his appetite and sleep pattern as fine. Objectively I would regard his mood as labile, rapidly fluctuating between euthymia (normal mood) and irritability.
9. Mr Cordell's comprehension of information presented to him appeared adequate. He was able to understand the queries presented to him. His responses however were very elaborate and circumstantial. His speech was very pressured, difficult to interrupt and at times frankly rambling. There was clear evidence of thought disorder with flight of ideas (rapid shift of ideas with some superficial apparent connection). Mr Cordell struggled to sustain his goal of thinking as he often derailed to themes of relevance to him, digressing away from the topic of discussion. It was very difficult to obtain a direct response to the queries posed to him and follow his thread of conversation.

10. Mr Cordell's thought content was replete with various delusional beliefs of persecutory and grandiose nature. The spoke of an elaborate conspiracy which involves the Enfield local authority and the metropolitan police, dating back since 2013, when he claimed that he was arrested for putting up a gazebo in his garden which led to him being barred from visiting
224
129,

11. places in central London and placed on a curfew from 10 pm. Mr Cordell informed that he followed these restrictions imposed on him for about a year and returned to Court and won the case. Mr Cordell then went on to talk about Sally Gilcrest, the legal executive for the metropolitan police who he alleged set him up for a million pounds and brought on an ASBO against him, which ended with him being imposed on a nine-year curfew. Mr Cordell stated that Sally Gilcrest in conjunction with the borough commander Jane Johnson and the community officer started spreading rumours that he was ***"suffering from herpes and has hurt a woman"*** which the neighbours in his block became aware of and started sending him messages addressing him as ***"you black bo***y". Mr Cordell implied that Sally Gilcrest colluded with the neighbours as she had a vested interest in getting him out of this country. He stated that the neighbours above him deliberately bang on his ceiling and have also subject him to other forms of harassment since 2014. Mr Cordell implied that the neighbours were responsible for the miscarriage suffered by his then girlfriend and also held them responsible for the separation from his previous girlfriends. He further stated that between 2014 and 2016, his mother has made numerous complaints to the council regarding the harassment he has been subject to and he has won a criminal case against his neighbours

12. Mr Cordell then went on to elaborate his grievance against Lemmy, the officer who works for the Enfield local authority. He claimed that he received an email from Lemmy threatening that he would obtain a possession order against him and asking him to attend a meeting. He then stated that the ASBO that was served against him was not valid due to lack of signature. Therefore, Lemmy built a false case against him by using ***"lower grade cases"*** to pursue a possession order and subsequently an injunction order, by falsifying statements and using ***"statements from dead cases".*** According to Mr Cordell this was declared as invalid by a Judge, however Lemmy has continued to produce false orders against him in the way of a second injunction, which he claimed has never been served on him. Mr Cordell described this as ***"targeted malice"*** by Lemmy as he has used the injunction as a smoke screen to cover up the ASBO by providing false statements and witnesses.

13. In addition, Mr. Cordell also described a number of grandiose beliefs, stating that he was building a constitution on CIC, which he explained to be Community Interest Company. He also spoke of a number of other businesses. He was keen to show us the various documents, emails, and recordings he has accrued as evidence to support his case.
224
130,

- **Opinion and Recommendations**

  Mr Cordell is a resident at the Enfield borough, who was served an injunction on 9 January 2018, following numerous complaints by his neighbours of antisocial behaviour and harassment. Despite this, Mr Cordell has continued to breach the order with further incidents of harassment, threats, and assault against the neighbours. In addition, it has been reported that some council employees have also received threats from Mr Cordell. According to available information, Mr Cordell has had sporadic contact with the mental health services and has been recently assessed by the Enfield Mental Health Assessment Service. During my assessment, Mr Cordell was preoccupied with a number of persecutory and grandiose delusional beliefs. In addition, he also presented with other symptoms such as labile mood,

pressured speech, overactivity, and flight of ideas. In my view, Mr Cordell's current presentation is consistent with schizoaffective disorder, which is recognised as an enduring mental illness.

I have received specific instructions to address the following issues:

- **Whether Mr Cordell has the mental capacity to litigate and give instructions to his defence?**

  As highlighted above, Mr Cordell's mental state is replete with complex persecutory delusional belief system. During my assessment, Mr Cordell was convinced that the local authority and the police have been colluding alongside his neighbours to pursue false claims and allegations against him. In his view, the possession order and the injunction order were based on false statements, created against him and this did not stand up in Court and therefore an injunction was not issued against him. In my view, although there are no significant deficits in Mr Cordell's comprehension or retention of information, his ability to process information relevant to the current proceedings is likely to be influenced by his underlying delusional beliefs. During my interaction, it was evident that his interpretation of events and actions of others are influenced by his abnormal beliefs. Mr Cordell perceives himself as a victim and is aggrieved by the injustice carried out against him. In my view,
  Mr Cordell's ability to weigh the information relevant to the current proceedings is impaired due to his tendency to misinterpret any information presented to him to fit into his entrenched persecutory delusional beliefs. Moreover, Mr Cordell presents with significant thought disorder and it is unlikely that he will be able to give coherent instructions to the defence.
  It is therefore my opinion that Mr Cordell lacks capacity to litigate and give appropriate instructions to the defence.
  225
  131,

- **Whether Mr Cordell understands the terms of the injunction order dated 9 January 2018?**

  Mr Cordell is currently suffering from symptoms of schizoaffective disorder and presents with florid psychotic symptoms. His thinking and behaviour are influenced by his underlying persecutory beliefs. Mr Cordell is convinced that the injunction order is a cover up by the local authority for the errors and mistakes of the ASBO and therefore did not stand up in Court. Mr Cordell is convinced that the injunction order has been falsified by certain individuals (particularly Lemmy possibly in conjunction with others). He therefore does not value the order, or the contents contained within it. In my opinion Mr Cordell's capacity to process the information relevant to the order is again impacted by his delusional beliefs.

Dear Ms Cordell,

Re: Simon Cordell

I am writing in response to your emails dated 17th and 20th December 18 where you have raised that you feel that some of the information provided in my letter to Joan Ryan MP dated 12th December 2018 is incorrect.

I have therefore asked for legal clarification on the points raised. I accept that the order made by the Edmonton County Court on 9th August 2018 did not actually record that your son submits a housing transfer application on the condition that he engages with mental health team. However, you agreed that you would engage with the Enfield Mental Health Unit Team, so your son could receive assistance with his mental health conditions and housing.

I understand that you agreed to submit a housing management transfer to be considered by the exceptions panel on 17/08/2018. However, following a discussion held with Ms Iyavoo, one of the Council's lawyers on 16th August 2018 you were advised that the application being unsupported by medical evidence, if successful, would only result in a transfer of a property on a like for like basis. You explained to Ms Iyavoo that your son needed support and would benefit from a larger property, so someone could come and live with him and you were advised that this type of application must be supported by medical evidence. As your son was given an appointment to see the Enfield Mental Health Team on 31st August 2018, you asked that you son's application be deferred until the next panel meeting which was to take place on 29th September 2018. This was also confirmed in an email to Ms Iyavoo on the same day.

Unfortunately, you did not contact Ms Iyavoo until 28th September 2018 at

4.20pm where you asked for an update regarding your son's management transfer application. You were aware that the panel meeting would take place on 29th September 2018 but only contacted Ms Iyavoo less than 24 hours before the meeting. You also failed to provide Ms Iyavoo with an update regarding the appointment and whether you had managed to obtain the necessary medical evidence. Ms Iyavoo contacted you on 12th October 2018 and advised you that the next panel meeting was to take place on 18th October 2018 and any applications would need to be submitted by 15th October 2018. She also asked that you clarify the basis of the application and whether you were able to provide medical evidence. Unfortunately, you did not respond to her.

In relation to the allegations made in regard to the draft Order submitted to the Court. Ms Iyavoo explains that she contacted Ms Trishna Kerai, of Stuart Miller Solicitors; the caseworker instructed on behalf of Simon Cordell on 10th August 2018 and emailed her a draft order. Ms Iyavoo did not hear from Ms Kerai, so she emailed her again on 13th August 2018 and asked that she provides her agreement as soon as possible and if no response was made by 4pm on the same day she will have to email the draft to the Judge. Ms Iyavoo states that she received a response from Ms Kerai on the same day stating that she was in agreement with the order, but she was waiting for your instructions. As no response was forthcoming, Ms Iyavoo had to email the order to the Court on 15th August 2018 and she also copied Simon's caseworker to the email. Ms Kerai has never indicated that she was on annual leave during the time of the correspondence but confirmed that the delay was due to the receipt of your instructions.

Ms Iyavoo indicates that the order was following guidance provided by District Judge Dias. The Court order does not propose to be verbatim or to be a summary of all arguments exchanged in Court.

I apologise for the delay in responding over the Christmas period and I will contact you shortly to advise you about where any future enquiries on this matter should be addressed.

Yours Sincerely

She also asked that you clarify the basis of the application and whether you were able to provide medical evidence. Unfortunately, you did not respond to her.

In relation to the allegations made in regard to the draft Order submitted to the Court. Ms Iyavoo explains that she contacted Ms Trishna Kerai, of Stuart Miller Solicitors; the caseworker instructed on behalf of Simon Cordell on 10th August 2018 and emailed her a draft order. Ms Iyavoo did not hear from Ms Kerai, so she emailed her again on 13th August 2018 and asked that she provides her agreement as soon as possible and if no response was made by 4pm on the same day she will have to email the draft to the Judge. Ms Iyavoo states that she received a response from Ms Kerai on the same day stating that she was in agreement with the order, but she was waiting for your instructions. As no response was forthcoming, Ms Iyavoo had to email the order to the Court on 15th August 2018 and she also copied Simon's caseworker to the email. Ms Kerai has never indicated that she was on annual leave during the time of the correspondence but confirmed that the delay was due to the receipt of your instructions.

Ms Iyavoo indicates that the order was following guidance provided by District Judge Dias. The Court order does not propose to be verbatim or to be a summary of all arguments exchanged in Court.

I apologise for the delay in responding over the Christmas period and I will contact you shortly to advise you about where any future enquiries on this matter should be addressed.

Yours Sincerely

Andrea Clemons

NOTES TO PARAGRAPH 4.

Before the Court will grant an order on any of the Grounds 1 to 8 or 12 to 16, it must be satisfied that it is reasonable to require you to leave. This means that, if one of these Grounds is set out in paragraph 3 to this Notice, you will be able to argue at the hearing in Court that it is not reasonable that you should have to leave, even if you accept that the Ground applies. Before the court grants an order on any of the Grounds 9 to 16, it must be satisfied that there will be suitable alternative accommodation for you when you have to leave. This means that the Court will have to decide that, in its opinion, there will be other accommodation which is reasonably suitable for the needs of you and your family, taking into particular account various factors such as the nearness of your place of work, and the sort of housing that other people with similar needs are offered. Your new home will have to be let to you on another secure tenancy or a private tenancy under the Rent Act of a kind that will give you similar security.

There is no requirement for suitable alternative accommodation where Grounds 1 to 8 apply.

If your landlord is not a local authority, and the local authority gives a certificate that it will provide you with suitable accommodation, the Court has to accept the certificate.
One of the requirements of Ground 10A is that the landlord must have approval for the redevelopment scheme from the Secretary of State (or, in the case of a housing association landlord, the Housing Corporation). The landlord must have consulted all secure tenants affected by the proposed redevelopment scheme.
239
152,

- Court proceedings for possession of the dwelling-house can be begun immediately. The date by which the tenant is to give up possession of the dwelling-house is Monday the 25 February 2019.

NOTES TO PARAGRAPH 5
Court proceedings may be begun at once or at any time during the following twelve months. Once the twelve months are up this Notice will lapse, and a new Notice must be served before possession can be sought.
Possession of your dwelling-house cannot be obtained until after this date, which cannot be earlier than the date when your tenancy or license could have been brought to an end. This means that if you have a weekly or fortnightly tenancy, there should be at least 4 weeks between the date this Notice is given, and the date possession is ordered.

Dear Andrea Clemons
Today the MP's aid for Joan Ryan, Alev Cazimoglu sent me a copy of your letter dated the 12/12/2018, I am shocked to see what is written within it and the misleading information being passed over to the MP Joan Ryan.
It was not agreed on the condition that Mr Cordell should engage with mental health services and provide medical evidence to support the housing management transfer application. The court did not state this, so I do not know where this is coming from.
I also do not understand where it is coming from that Mr Cordell had to provided supporting letter from the mental health services to support his management transfer application, and he

has not done this, he was never meant to have done this and the management transfer application was completed by Enfield Council to go to the panel on the 17/08/2018 and it was ready to go to the panel on this date, but this was deferred to be considered at the next panel meeting which would have taken place on 28/09/2018, which never happened.
The reason for it being deferred was so that I Miss Lorraine Cordell could try and get a letter from the mental health team, which I could not so it therefore should have gone ahead to the panel on the 28/09/2018, which I do have the emails to prove this. I also do not understand why Enfield Council is stating supported accommodation was being asked for as this was never asked for. I did however state in court that a 2 bedroom would be better as my son could have family live with him so he could get support from his family; I have never said I am his carer I have never said a lot of things that Enfield Council is stating I have said.
It was stated in the court order.

- *UPON the Defendant's mother Mrs Lorraine Cordell, confirming that she will engage with the Claimant and assist the Defendant's neighbourhood officer in making a housing management transfer application on or before 16 August 2018.*
- *UPON the Claimant agreeing that it will deal with the housing management transfer application as quickly as possible after being made.*
- *AND UPON the Defendants mother agreeing to engage with the Enfield Mental Health Unit team so the Defendant could receive assistance with his mental health conditions and housing.*

154,

The order was to be agreed with my son's solicitor upon being drafted by Enfield Council, but my son's solicitor was on annual leave and therefore did not reply to Enfield Council order until she came back of leave, but when you emailed her, it came back that she was on annual leave so Enfield Council was well aware of this.
Upon her return from annual leave her amended order was sent over to Ludmilla Lyavoo, which my son's solicitor never had a reply back from Ludmilla Lyavoo regarding her amended order, but some days after the amended order was sent over to Ludmilla Lyavoo, it seems an order was sealed at Edmonton Country Court which was not agreed on which was Enfield Council drafted order, which we never agreed to and feel it is misleading as to what was said in court.
I believe a lot of what was said in court is not being told and misleading information is being said, maybe someone should ask Ludmilla Lyavoo what the judge said when Ludmilla Lyavoo said she would go for a possession order to the judge because she did not get what she wanted.
There is also the fact that my son was willing to stay in Hospital when he was sectioned on the 25/10/2018, it was the hospital that discharged him on the 15/11/2018 due to not getting the section 3 on my son they wanted, that was heard on the 14/11/2018, my son said as soon as he knew they was not allowing the section 3 on the 14/11/2018 that they would kick him out of the hospital, as this is what they did in 2016, and the next day the 15/11/2018 that is what the doctors did kicked him out the hospital, yet my son was willing to stay and build trust up with the doctors and the mental health team, which had broken down due to what has been ongoing for some time.
Which in fact would have been a lot better as if he had been allowed to stay in hospital like he wanted maybe by now they would have been trust built up with the doctors and teams, this is what Soohah Appadoo wanted to do as he saw that there was a real problem with trust and stated this at the appeal on the section 2 at the hearing. On the 16/11/2018 I myself spoke to Soohah Appadoo on the phone, but since that we have heard nothing from him is this what is being called support put in place when my son was discharged from hospital?
This misleading information needs to stop as it is a beach of the data protection act.

I look forward to hearing from you regarding this, please can you reply as I did not get a reply from you to my last email, I sent to you.
Regards
Lorraine Cordell

Dear Ms Ryan,

Re: Mr Simon Cordell, 109 Burncroft Avenue, EN3 7JQ

Thank you for your recent enquiry, which I forwarded to my officers in the Community Safety Unit Anti-Social Behaviour team.

I can confirm that the Anti-Social Behaviour Team is aware of the ongoing issues between Mr Cordell and his neighbours. Your enquiry has been added to the Anti-Social Behaviour database (Case Reference 17834).

I can confirm that we have liaised with the Council solicitors and have been advised that following the court order of 9 August 2018, the council agreed to consider and assist Mr Cordell in making a housing management transfer application. This was agreed on the condition that Mr Cordell should engage with mental health services and provide medical evidence to support the housing management transfer application.

I have been advised that Mr Cordell has not provided any supporting letter from the mental health services to support his application and therefore we do not have sufficient evidence at this time to put in a management transfer application on his behalf.

I have also been advised that the council will commence possession proceedings against Mr Cordell because of the seriousness of the allegations made against him.

Please contact me if I can be of any further assistance.

On behalf of Mr Simon Cordell of 109 Burncroft Ave, Enfield, EN3 7JQ
I am writing this email due to issues I have regarding a member of staff who works for Enfield Council by the name off Mr Lemmy Nwabuisi the Anti-Social Behaviour Coordinator,
Since 2016 when Mr Lemmy Nwabuisi the Anti-Social Behaviour Coordinator started working for Enfield Council he has been working on investigations relating to my son Mr. Simon Cordell.
In this time not once has Mr Lemmy Nwabuisi the Anti-Social Behaviour Coordinator, come to see my son's side to the alleged allegations regarding what the neighbours have put in about my son.
Mr Lemmy Nwabuisi the Anti-Social Behaviour Coordinator has taken one side to these said alleged allegations without no investigations,' Mr Lemmy Nwabuisi it seem has taken one side to everything that has been said and that is the side of the neighbours, Mr Lemmy Nwabuisi has been told many times we have information which would proof my son had not done things which have been stated by the neighbours
Mr Lemmy Nwabuisi the Anti-Social Behaviour Coordinator knows my son does not leave the flat he was told this, and also told that if he wanted to attend a meeting with my son he could do so with police there to have a meeting to hear my son's side, he has never got back to me regarding having a meeting at my son's home because he never wanted to, which I am sure if someone is a vulnerable person where was the duty of care where has it ever been for my son?
I believe Mr Lemmy Nwabuisi the Anti-Social Behaviour Coordinator just through to himself that my son is in the wrong he is a vulnerable person I will put pressure on him and get him out without even thinking there is 2 side to anything. And just blamed my son without even talking to him this is how it has been since Mr Lemmy

Nwabuisi the Anti-Social Behaviour Coordinator starting working for Enfield Council.
I also feel Mr Lemmy Nwabuisi has taken information and not relayed it back correctly many times regarding my son's health even to the courts. Information is being passed and obtained relating to my son which should never have been passed to 3 parties or used, how can this be allowed. There are many other points and failings which have been allowed to happen and this needs to stop. I will be drafting up a full complaint of failings and submitting it, but this will take a while to draft up as I have got to go back some years.
Mr Lemmy Nwabuisi also had my son arrested on the 09/01/2018 and even though we asked many times, even my own son's solicitors could not understand why he was the person still investigating my son. When his case was part of the court actions being taken against my son by Enfield Council this is against the law that someone is investigating something within their own case, and it beaches many other things.
At this point in time, I want Mr Lemmy Nwabuisi taken off dealing with anything to do with my son or related to him, I feel he has not done acted correctly and feel he has not investigated anything which would prove my son has done nothing wrong and only wanted to blame him for everything, I have asked this before and heard nothing back regarding this. But it has got to the point in time that this needs to happen.
Could someone please get back to me as soon as possible regarding this?

Regarding point 2, I will deal with this when the paperwork is received due to what the judge stated in court on the 09/08/2018 regarding this.

  Subject: RE: Legal Aid Agency Requirements
  Dear Liselle Archer
  I am writing this letter regarding the case that Enfield Council has laid before the court for a Possession Order for my son's flat. The court hearing is for the 08/03/**2019** at 10:00 hours. I have tried to attach the most up to date information as there is a long history to this with Enfield Council and my son. I have ordered my son's bank statements but am waiting for them to come in the post so have included the other documents asked for in the email, and if a date can be set for him to see someone maybe by the time, we see someone we will have the

bank statement, but my son has had legal aid in the below cases, Please see attached documents.

4503,

I am writing this to give you some form of information relating to this case as it has in some ways been ongoing for some time.

Enfield Council has had 2 other court cases regarding these matters which were for injunction orders please see below information they were for the same cases as in this new Possession Order.

E00ED049: Edmonton Country Court

1. Interim Injunction order started by Enfield Council on the 09th January **2018** at Edmonton Country Court, to replace the one that was struck out by the court on the 06/11/**2017** as the Judge would not put it back in place.

2. This case went on until the 09/08/**2018**, please see attached court order which was made, which Enfield Council was meant to have moved my son, which has never happened I have been trying to get this done since this date and Enfield Council have not done anything.

D02ED073: Edmonton Country Court

1. Interim Injunction order started by Enfield Council on the 9th August **2017** at Edmonton Country Court.

2. This case ended up being struck out on the 06/11/**2017**, the reason for this was due to Enfield Council not doing what the court asked them to do.

Even through there is a court order in place for Enfield Council to move my son, Enfield Council has done nothing only kept my son in a flat that is causing his health to be impacted and lied to multiple bodies regarding the order that was made on the 09/08/**2018**. The judge warned Enfield Council regarding a Possession Order on my son on the 09/08/**2018**, there is a lot of paperwork regarding all of this which will need to be gone over. There are so many Emails and Documents regarding everything that has gone on it will be too much to send via email. So, I have only put a few of the last emails and Letters including the new order, the other information will need to be done at a meeting as there is just so much information.

Subject: RE: Legal Aid Agency Requirements
Dear Liselle Archer
I am writing this letter regarding the case that Enfield Council has laid before the court for a Possession Order for my son's flat. The court hearing is for the 08/03/**2019** at 10:00 hours. I have tried to attach the most up to date information as there is a long history to this with Enfield Council and my son. I have ordered my son's bank statements but am waiting for them to come in the post so have included the other documents asked for in the email, and if a date can be set for him to see someone maybe by the time, we see someone we will have the bank statement, but my son has had legal aid in the below cases, please see attached documents. I am writing this to give you some form of information relating to this case as it has in some ways been ongoing for some time. Enfield Council has had 2 other court cases regarding these matters which were for injunction orders please see below information they were for the same cases as in this new Possession Order. E00ED049: Edmonton Country Court Interim Injunction order started by Enfield Council on the 09th January **2018** at Edmonton Country Court, to replace the one that was struck out by the court on the

06/11/**2017** as the Judge would not put it back in place. This case went on until the 09/08/**2018**, please see attached court order which was made, which Enfield Council was meant to have moved my son, which has never happened I have been trying to get this done since this date and Enfield Council have not done anything.
D02ED073: Edmonton Country Court

- Interim Injunction order started by Enfield Council on the 9th August **2017** at Edmonton **4508,**
  Country Court.
- This case ended up being struck out on the 06/11/**2017**, the reason for this was due to Enfield Council not doing what the court asked them to do.
  Even through there is a court order in place for Enfield Council to move my son, Enfield Council has done nothing only kept my son in a flat that is causing his health to be impacted and lied to multiple bodies regarding the order that was made on the 09/08/**2018**. The judge warned Enfield Council regarding a Possession Order on my son on the 09/08/**2018**, there is a lot of paperwork regarding all of this which will need to be gone over. There are so many Emails and Documents regarding everything that has gone on it will be too much to send via email. So, I have only put a few of the last emails and Letters including the new order, the other information will need to be done at a meeting as there is just so much information.
  Regards
  Lorraine Cordell

117 Burncroft Avenue was Empty / vacated! 117 Painters and decorators, started works, no Problems

Mother see some new people in the flat of 117 she told me when she came into my flat! After she left, I went up the stairs to see if this was true and to say hello to the new tenants. When I got to the top floor, I noticed that the front door was open and I could smell paint I noticed two decorators in the flat and said hello to them both, they were both polite, had my mother not told me about seeing people in the flat I would have not even known that they were even there. I asked them both if they were contracted to also repair the floorboards and they replied no.

I asked them if they council speak to John Iron about getting the floor fixed before any other persons got moved int the premises the both agreed to do so. We all said goodbye to each other and I left them to finish their work.

4 Mother to the Enfield Council: Records - "Eboni Ward - "Thank you for the email and re-sending the last document again to me. But I have a very big issue there is hardly any data I have asked for in the 3 documents that you have sent, there is nothing from ASB Team, Legal services, no complaint details, no emails from anyone, no information regarding meeting that have been held about my son yet we know meetings have been held, nothing really from the mental health teams where data has been requested from Enfield Council. the list can go on and on, yet I know that the information is being held on Enfield councils' systems, in fact there should be a great deal of data that all seems to me missing from the documents you have sent me. If you look at our request you will see if does cover what I have asked for yet none of the data has been sent. If Enfield Council is withholding data for some reason, could we please be told the reason and why it is being withheld? Can this please be addressed as soon as possible as we need all information that is being held on Enfield Councils systems across all departments relating to my son."

to check on his mother and aunt. Simon's mother is concerned that should Simon continue to be reported missing he may feel victimised and also the courts may 'blame' him for what's happened. Staff informed Ms Cordell that Simon had been reported missing because his whereabouts was unknown, and for fear he may become further involved with any reprisals. I also advised Ms Cordell to escort Simon back to Church Street when he is ready to leave her home. Mrs Cordell assured me she would do this.

2:16pm - T/C to Edmonton Police to advise on Simon's whereabouts (BT).

2:20pm - T/C from Edmonton Police I spoke to [redacted] who advised staff that the police would not officially cancel Simon as 'missing' until he returned to Church Street. Staff enquired of [redacted] if she knew whether there were any conditions of bail (eg a Police Curfew). She did not have that information, but informed staff that when she was contacted later on (when Simon returned with his mother) that she would pass on this information to us (BT)

Dear Eboni Ward
Thank you for the email and resending the last document again to me. But I have a very big issue there is hardly any data I have asked for in the 3 documents that you have sent, there is nothing from ASB Team, Legal services, no complaint details, no emails from anyone, no information regarding meeting that have been held about my son yet we know meetings have been held, nothing really from the mental health teams where data has been requested from Enfield Council. the list can go on and on, yet I know that the information is being held on Enfield councils' systems, in fact there should be a great deal of data that all seems to me missing from the documents you have sent me. If you look at our request you will see if does cover what I have asked for yet none of the data has been sent. If Enfield Council is withholding data for some reason, could we please be told the reason and why it is being withheld?
Can this please be addressed as soon as possible as we need all information that is being held on Enfield Councils systems across all departments relating to my son.

Subject: RE: Legal Aid Agency Requirements
Dear Liselle Archer
I am writing this letter regarding the case that Enfield Council has laid before the court for a Possession Order for my son's flat. The court hearing is for the 08/03/**2019** at 10:00 hours. I have tried to attach the most up to date information as there is a long history to this with Enfield Council and my son. I have ordered my son's bank statements but am waiting for them to come in the post so have included the other documents asked for in the email, and if a date can be set for him to see someone maybe by the time, we see someone we will have the bank statement, but my son has had legal aid in the below cases, please see attached

documents. I am writing this to give you some form of information relating to this case as it has in some ways been ongoing for some time. Enfield Council has had 2 other court cases regarding these matters which were for injunction orders please see below information they were for the same cases as in this new Possession Order.
E00ED049: Edmonton Country Court
1. Interim Injunction order started by Enfield Council on the 09th January **2018** at Edmonton Country Court, to replace the one that was struck out by the court on the 06/11/**2017** as the Judge would not put it back in place.
2. This case went on until the 09/08/**2018**, please see attached court order which was made, which Enfield Council was meant to have moved my son, which has never happened I have been trying to get this done since this date and Enfield Council have not done anything.
D02ED073: Edmonton Country Court
1. Interim Injunction order started by Enfield Council on the 9th August **2017** at Edmonton Country Court.
2. This case ended up being struck out on the 06/11/**2017**, the reason for this was due to Enfield Council not doing what the court asked them to do.
Even through there is a court order in place for Enfield Council to move my son, Enfield Council has done nothing only kept my son in a flat that is causing his health to be impacted and lied to multiple bodies regarding the order that was made on the 09/08/**2018**. The judge warned Enfield Council regarding a Possession Order on my son on the 09/08/**2018**, there is a lot of paperwork regarding all of this which will need to be gone over. There are so many Emails and Documents regarding everything that has gone on it will be too much to send via email. So, I have only put a few of the last emails and Letters including the new order, the other information will need to be done at a meeting as there is just so much information.

15. Mother to my solicitor: Ronak Ahmed, Liselle Archer, Booked Appointments - "Thank you for the below email would it please be possible for you to call me on 07807 333545. I don't think it's going to be that easy on the 08/03/2019 as the last 2 court cases Enfield Council has tried to railroad my son with the court totally misleading the courts with everything including my son's health. My son did not even attend the last 3 hearings due to what was going on and the court assessment was ordered by the court. There have also been major data beaches between Enfield Council staying to the MH team there was a court order for information to be given to them regarding my son which there was not. I know on the 08/03/2019 that Enfield Council is going to try and get the possession order on that date. Even though they have not complied with the court order dated the 09/08/2018 where they were meant to have moved my son. They have never put anything in front of the housing management panel to even start this, they have lied to the MP and also the MH teams. This case really does need to be heard by judge dais who heard the last 3 hearings from the last case. Simon is very worried, and this is not helping him, Enfield Council knows he does not cope with court hearings also, the impact this is having on my son is very bad. If you can call me, I would be most grateful."

Dear Ms Cordell
I have been forwarded your email below and can confirm that I am unfortunately not able to meet with you on Monday. Additionally, I am on holiday next week so if you need to speak to someone at the Office then please ask for Sean. My colleague Liselle Archer will also not be in the office from Monday so please do not send her any emails going forward.
The hearing on 8 March 2019 will be a brief 5-minute hearing and we will be requesting directions from the court on that occasion. This means that there will be opportunity to present further documents to trial (which will be sometime winter 2019 or spring 2020. Therefore, I propose that we meet after I return from holiday. I will arrange for my colleague Sean or an external lawyer to represent Simon Cordell at the first hearing.
Best wishes

The reason that I understand that there is new tenant's that live within side of the premises of 117 is that when on my computer writing my report, I noticed a person directly above my head jumping on the floor. I was not too sure if it was the builders whom I had met just the other day on the date of **00/00/20019**. Who were maybe still re-decorating the flat? The Jumping above my head was directly above my work desk to where I was sitting in my managers chair and was not the average noise that the builders had been making while in the flat after it getting done up by the decorators straight after the Mathiyalagan Family moved out just after the **31st February 2019**. I do not think that it is right or fair that he has been allowed to get away with what he has done to me by allowing the Mathiyalagan Family to live in his property and attack me the way they have with him knowing what they are doing to me and joining in while this breach of my human right gets accomplished."

Dear Eboni Ward
Thank you for the email and resending the last document again to me. But I have a very big issue there is hardly any data I have asked for in the 3 documents that you have sent, there is nothing from ASB Team, Legal services, no complaint details, no emails from anyone, no information regarding meeting that have been held about my son yet we know meetings have been held, nothing really from the mental health teams where data has been requested from Enfield Council. the list can go on and on, yet I know that the information is being held on Enfield councils' systems, in fact there should be a great deal of data that all seems to me missing from the documents you have sent me. If you look at our request you will see if does cover what I have asked for yet none of the data has been sent.

4537
If Enfield Council is withholding data for some reason, could we please be told the reason and why it is being withheld?
Can this please be addressed as soon as possible as we need all information that is being held on Enfield Councils systems across all departments relating to my son.

16. Mother to Enfield Council: Ian Davis, Heather Littler, Kaunchita Maudhub. – Complaints. "Thank you for the below reply, but I fear just passing a copy of my correspondence will do very little, as I have been waiting for a reply just from one complaint since I believe the **05/12/2019,** and there are multiple emails and letters going back to **2018** and the start of **2019** I have yet to have a reply from, also the SAR I put in on **25/11/2018** is still on going with really only data from **1997** included within a few documents I did get which I am writing emails for updates and getting no replies. So, you can see things are for some reason things are not being dealt with, Also I get no correspondence asking for more time, I write more emails to ask for an update but yet no replies so I think you can see that issues are not being dealt with in the correct way, and this has been like this for years not a few months, it is like I am wasting my time sitting and writing anything as it seem Enfield Council are not addressing anything I have asked. This is why I have asked the Chief Executive's Unit to get involved as I feel I am getting nowhere, and that should not be the case I should at least get a reply. There are multiple issues and it seems where my son is involved Enfield Council just pushes it under the table. As it seems you have just pushed this to the same teams that are not doing their job and have not done their job for some time, is there anyone else in Enfield Council I can take this to that is higher as it seems no one wants

to do anything within Enfield Council, I also do feel that departments within Enfield Council have deleted multiple of my correspondence from Enfield Council systems so it looks like I am doing nothing, when in fact I am. Multiple beaches in data can also be proven regarding the sharing of my son's data, and multiple other beaches. I have been told to ask under what jurisdiction within law; Enfield Council is using to share data, and what security is being taken by Enfield Council when passing information over to other bodies within, yet I have had no reply to this also along with multiple other questions I have asked. I would like to know if anyone at Enfield Council is going to take anything serious?"

I felt upset about all the things that I had been going throw because of him and other people involved. So, I decided to open my front door and ask him why he has done the things to me that he has and why they are still continuing with a possession order made up from his and Christine's while also Carron's fake claims after assaulting me from the beginning by attacking me when I was in my home by banging on the walls and slamming the taps on and off. Stains reply to me was shocking as he lent into my front door and took a quick look around at what my flat looked like. He said to me don't worry about it all anymore as he has worked it all out. I said to him to carry on with what he was explaining. The reply was it was my tumble dryer, but I fixed it now. Words just flew out of my mouth "and you expect me to explain that as the truth to Shannon and all of my family and friends that have suffered because of all of this hatred" I continued by saying that he can come into my home and take a look at all of the videos I have and the illegal applications that have been frauded and the rest of the official paperwork that has been put into my name.

With this Stain just walked back into his house and said you need to speak to the Council about it all. I then walked of back into my home and continued to work on the report.

2 Si Note: - "When on my way back home from going to the local shops for some living essentials I Notice A dark colored Ford in make car it was a People Carrier as it had lots of seats in the back of it for people to when being precise. As I went to walk past the People Carrier about to park, I noticed that Christine was sitting in the passage sit and Carron was in the driver sit, they both looked at me and then turned and looked at each other and started to Laugh. I took this as I had caught them to gather again since Carron has moved out and they did not expect for me to catch them together as I do not come out of my house any more due to what they have all done to me. I just continued to walk into my so-called home and that is what I done. **Time:** 07:00. I then after keep an eye on what was going on from my bedroom window and not much seemed to take place so I went back into my front room and started to do a little bit of work on my report on my computer and at the time of 07:46 I heard Stain shutting his front door a s he went out to go and get his dinner from Christine's House."

25. An Email from my solicitor: Ronak Ahmed, Liselle Archer, Your Son's Case. - "Thank you or your email. We have not heard anything yet and I am hoping that the Claimants do not take any action so that the claim is stuck out. If contact is made, then we shall of course be in touch. Dear Ronak Ahmed
I was wondering if there was any update and if Enfield Council has made any contract with you regarding my son. Sean also said when we saw him at court maybe the old court order should be reopened due to Enfield Council not doing what the court ordered I was wondering your input in this.
Regards
Lorraine Cordell

00:20 Okay.

00:20 Yes. Okay.

00:23 Pardon.

00:52 Um, No, not that I can see no.

00:57 Or the doctor's notes?

00:59 No, there's only so much that I can see cause I'm administration.

01:01 Ok.

01:09 Yes, that's correct.

01:11 Yeah. So that is all that I saw but I did pass that information on as well, to Ollie to let him know that you called the night team two days ago before to let him know that you have,

01:21 Do you have a list of available doctors that use lot have? So, let's say now that you wanted to call somebody out of the team, like obviously if I said Simon to you, Simon Clark that would be the ex-director of the company and most people would, and I know that like you might not understand cause he, he wasn't there at your time, but then you'd still have access to knowing what, what like personnel is available, like Goodie

01:46 Sir if you called and ask to speak to a certain person I will try and **transfer** you to that person I will try and **transfer** you to that person

01:47 So if I would like to see, I'm trying to get hold of um, Dr. Albaz, A.L.

01:56 Dr. Albaz.

01:56 Sir Dr. Alabaz from what I can see on our list. I don't think works here anymore. So, I don't, I don't actually know who that is or Dr. Amin A. M I. N.

02:07 I do not know who that is, eva but I have passed this on to Ollie and he is aware.

02:11 Okay.

02:12 He is actually very smart.

02:12 Do you know who did this gentleman Sam or Elan is that I referred to.

Please press one to report.
  00:38 the will be a significant weight to speak to an operator as we are busy dealing with emergencies. If you are reporting antisocial behaviour, please stay on the line if

you are calling to report a crime or a road traffic instance, you may find it quicker and more convenient to use our website, simply go to www.met.police.co.uk
01:17 [inaudible].
01:44 Hello Met police.
01:44 Hello, how are you doing?
01:47 Hello
01:48 **I spoke to a few agents earlier in regards** to official servants in regards to my on goings at present and I just wanted to go through a few things. On your new message. When I, first of all, when I phoned up this phone line, now here on the new message, that's an audio recorded message. It says, if this is in regard to any **social behaviour,** please stay on the line. If it's in regard to a traffic report, then contact the traffic officer. So, my first issue I'm having here is I have phoned this line so many times in regards to any social Behaviour where the claimants are attacking me and every time, I phoned it and asked use lot to take a statement of me, you refuse to let that happen. But you've taken statements of other people that call you. So, I want to understand, I've been told that this line has nothing to do with antisocial Behaviour or with people banging or attacking me in my home that I can't phone use, not in regard to none of these issues.
02:44 People trying to take my life, flushing the toilet above my head every day. Why can't? Why won't you deal with me? But you would deal with other members of the public. I'm quite concerned about it. You've got 220 phone calls off me when I've been getting attacked at worst of times when you could have stopped the suffering I was going through on your, on them, on the computers. Um, because a police officer admitted that to my mother on recording the other day. He went through and said, there's over 220 phone calls here to us. And he said, this is out of order. What's happening? So, I want to understand why am I so different? Why won't you deal with my own Anti-social Behaviour claims against my neighbours and not arrest any of these people? Is that a fair question to ask? Would you say?
03:27 Well, w I can't comment on that. I don't know. I don't know what the current history is. I wishing to make a complaint.
03:35 Um, I've already made complaints. I've been waiting for a supervisor to phone me back today. I've had to make a website. The website is live now I'm about to start to go to go public with it and start to send it out to mass amounts of people. It's got lots of police officers names in it. I've spoken to all the highest departments and legal departments in Wix and the rest of it and they've all advised me that what I'm doing is not against the law. I'm going to build an online report in regard to all of the call centres cause I'm recording all of these and I'm putting them online and I want and the people upstairs above me. I've got loads of evidence in the website of what they've done and previously done in fraud that they've actually committed that they are in over 50 houses in fraudulent names.
04:16 She got married in a fake name which she uses with you now and for and signs all affidavit's. of service, which is a fraudulently under the 1911 Act. Yeah. When she signing all of this, knowing that she falsified her first name in her marriage certificate and she falsified the [inaudible], she never used her real surname yogajah because she's got lots of houses storied in it because her dad is an accountant, they used her other surname to add, to nick a council flat, their temporary accommodation. I'm a secure tenant and you've left them upstairs, attacking me and basically telling me I'm not allowed to live in my own hometown. And when they're finished, there not even goanna live in this area cause they're from Walthamstow and they're goanna move back to Walthamstow, so why am I, why won't you support me in my own hometown that my mother gave me birth and I was given birth at chase farm hospital.
05:04 Yeah. And I was born in 1981. I've got my British UK passport, I've got my birth certificate, I'm a secure tenant. And you've got these temporary accommodation

people upstairs, two flats above me attacking me. They've lied when a Lemmy Nwabusi who's is a council officer in **2016** has come along and he has picked up. He, he, he on the phone call recording, he had two three previous claims against me, which are in the council's history. And in what he'd done is he, um, he, he tried to entrap me into a meeting. Saying, if I don't go for a meeting about these free claims that he's going to take my home off of me. I said to him, I've already been arrested for these claims by the police and I've got found not guilty at court. So, they're all NFS and if you've got no right in questioning me, you're not a police officer.

05:54 I asked him the last time on the time in the recording what the, um, what, when we last complaint was he says our in January, this was on the seventh of 2017 so it was prior six months. So, I said, Tim, you're at, at the time limitation act. Anyway, even if he did pass the information to the police, he got upset and he copied and pasted all of the information. Yeah, that's the three claims thirty-one times. So now my next-door neighbour, Stan's had seven meeting's this one's had eight and he went for possession order to steal my flat then because I've, I've told him I know what he's done. He then called the Mathiyalagan's down for a meeting with the first time with him and he had a prepared statement. We've all done the stuff that you'd put in the procession order and got the Mathiyalagan's to comes to forgery sign it, so they have signed it.

06:43 knowing that I never done none of these things to them and that can be proved from the councils history that I have and the timestamps. If anyone just went to, for instance, I've turned my website on horrific corruption and if you just went into horrific corruption and forgot the first Asbo and the missing signatures and I've left all the evidence in the first Asbo on Horrific corruption to prove that I wasn't found guilty in the court. You can see it. Yeah, I've just turned it on. But if you go to the, the instructions are, cause you, someone told me you don't have Google, but I don't believe that if you go into the horrific corruption, you go to the second injunction folder at the bottom and it says the **25th of the sixth 2018** if you click on that, you'll see three PDF books come up, which is all of Lemmy's injunction orders and that is put against me and now if you scroll to the very bottom of the bottom book.

07:31 If you, if you click along. You see I'm on page two four on the second book just up. You see, Lemmy's first claims against me. And if you click on the bottom index, yeah, at the very bottom of it and press control F, what you can do is you can see all of the claims that Lemmy accuse me of and you can put them into the control F into the index of the bottom and you see the claimant's histories. And then you see all of the ones that never really got made that he falsified. And if it's very easy to do and very easy to see what Lemmy done when he tried to steal my home to cover up the Asbo that the metropolitan police and the council made against me with new victims. I've been abused for the last four or five years of my life.

08:16 I've not done nothing wrong. I don't think this is fair. If you go to the first Asbo someone can actually go into the thing, because I've got no problem with the police. I got on with grand force so well before they touched my woman to get to me. I've been arrested so many times as a, as a child and I've never ever, ever gone to a police officer's wife and gave them a problem. I wouldn't do that. If anyone has a problem with me, they should come to me and then no one should have touch Shannon ever on you for eight months. And I cared for her. Yeah. And no one should scare me out of the country because I'm supposed to have a sexually. The gave them something, but I never done that. I've never done nothing bad to nobody. Yeah, that was

08:56 a smoke screen to scare me out of the country to cover up the first Asbo and you can see the transcripts in the first. If you click on the first Asbo in the website, you can see. Are you still there, madam, if you go to the first Asbo and you click in there, you

can click on the first Asbo, and you can see I was requesting MG6e which is a copy of all the criminal convictions of all the P official people dealing with my case? You can see that these people had done this to somebody else. They cause a sex scandal. Robert Taylor, who dealt with my whole case. The evidence is there. You can see that not one first-hand witness attended court all inspector Skinner, inspector miles and all the rest of them attended court and are all hearsay, I've got the right to question the first-hand evidence.

09:42 Yeah, and you can see the transcripts and you can see them all saying, Oh were, sorry. We copied the evidence out of the Crimit's, we weren't. None of the police officers were even there. They have all copied it out of the Crimit's and made them all up. Yeah,

09:56 Ok.

09:56 The timestamps are wrong. You can see all of these things that are wrong and I don't see why I shouldn't have to ride another two years in my house because of what these police officers have done when I'm informing everybody of what they've done. This isn't fair. It's not fair on my neighbourhood. It's not fair on myself. It was advertised that in the newspapers that I was, found guilty for the organization of illegal raves if you just scroll down in the bottom of the Asbo you can read my barristers submissions, they couldn't prove illegality in the court it's in red part 11 and it says that they couldn't prove that the raves were illegal.

10:31 Yeah, and they could cause they couldn't prove trespass. So, he found it very out of all that this has happened to me and it's very confusing and he said that this is the law, this is wrong. What's happened. You can even check; there's a copy of the licensing Act a snip-lit in there and it says that house parties and squat are not licensable you can charge money to make money. Yeah. As long as you don't have a few of making profit. I never throw these parties. The Facebook of the person actually through party is there and there's a letter of a police officer called inspector, um, Adrian Combs, an Adrian Combs he owns, he owns big boss limited so I didn't really want to cause any problems for Adrian Combs cause big boss limits in charge of all the festivals, Glastonbury and the rest of it.

11:19 But what he says in his paperwork and the rest of his release notes, which I have here and I've just put a letter up, what he gave me is that he, when he was phoning a gentleman called Chris Lurcher Lewis telling him not to throw a party, well to speak to Chris. Chris kept putting the phone down on him and being rude. He mostly would have let Chris have the party if Chris has spoken to him with courtesy and respect. Chris throws the party and this police officer got in a helicopter, got loads of the reporters and landed in a field in Essex. He told all of them and them a noise abatement notice in Chriss name. Chris even tried to forge his name in the beginning and told them that this party is not that that happened. Chriss. He sent the paperwork to the metropolitan police and the metropolitan police had Chris lurchers name in it, knew that it was Chris's party and somehow took Chris's picture of it and sent me up for it.

12:15 Yeah, I don't think that's fair. Yeah. I never throw this party. Chris, Facebook is there and there's the rest of it. Yeah. I, I'm entitled to question any evidence that you have and nobody went on know that you're listening to a lot here about, no one's taking me serious here that I'm, I'm not goanna be the next Steven Lawrence on the next Jay ball that gets found in a river because of use lot, I can tell I've got hundreds of videos and all audio recordings of use lot I.

12:41 What happened is Andrew Rio died while I was on curfew in Croydon, the public order team, which is a, if you, I don't know, you might know who they are because of your job. Yeah, but if I was to explain it to a member of the public, yeah. I'd say the public order team is a special operation.

12:59 They're special police officers that att under a limited company and they're based in Scotland yard. They normally they can take drugs with people and trick people and, and do the rest of it. Yeah. And the main order is to set out to stop public offenses like riots and protests and stuff like that. They took on the inquiry of Andrew Rio's death while I was on curfew knowing that I had nothing to do with Andrew Rio's Death They put a regulations 2000 Act into Theresa May because she was secretary of state for the right to invade their privacy and they invaded lots of different peoples. While I was on curfew, I got put on that and they had no right to put me on that. Invading inside of my house. They knew I never went to the party and that it has nothing to do with me.
13:46 And I was built in charities and working hard in my flat somehow. Now the police officers, a load of, police, dealt with a load of them. But Chris who lives in Essex got, he got, um, Adrian Combs, but all the rest of the Londoners got the public or the team Valerie Tanner going to their houses now. I never knew that they were from in parties. Yeah. I've not contacted none of them for over a year. I've been in my house working hard. I didn't go to Andrew Rio's party I didn't have nothing to do with none of it Yeah.
14:19 Ok.
14:19 Now what actually happened in that building? I don't know if how well-informed use lot are. But while I was on curfew in my house at gentleman phoned my phone and told me the a gentleman no um, er, another person Tucker I believe his name is that is not his real name inaudible] but nickname is he, he, he must've been attending the party for whatever purpose and he's advised people to spray my name on the wall in the toilet while I'm on curfew in my house and there's a sex scandal being spread in my name that I've sexually assaulted my partner when I have not and no one's letting me out of my house.
14:56 Now I phone up my bread - rens and I say to them, well, when they, when they tell me that has happened, I tell them to go and sort this out speak on for me, now they're all grafters. They're all sprayers anyway. And now Tucker has gone upstairs on top of the building and got a microphone and shouted through that megaphone and infringed a riot yeah, breaking police front line telling everyone to come in the building. He's pissed out of his nut and gone downstairs and gone to sleep in the van. Andrew Rio must be passing out on the floor dying and no one's looking after Andrew Rio. This isn't my fault. I'm not there. The lads have gone to Tuckers van and sprayed Tucker's van, completely while his asleep in side of it, he's brand-new van because of this so-called spray thing. Whatever's happened, year when I'm on curfew, Tucker has woken up, left the building and collected or whatever and left at four o'clock.
15:49 Use have watched his van leave sprayed up at four o'clock but you also had the big bird on top of the building recording him with the megaphone, so you arrest, you put the six pictures up of all the people that you want it in relation to the possibility of Andrew Rio's death and they will over the news and Tuckers picture was one of them. He got arrested but no one told Andrew Rio's mother that Tucker got arrested for this organizing this party or that he got the police had him on camera in sighting the megaphone. They charged Tucker. with breaking front line and never told Andrew Rio's mother the truth. Yeah. That Andrew Rio had died and they let Tucker get 18 months custodial do half. So, he'd done his half and got released. He kept throwing more, whatever, and then he's been done again.
16:42 now he's riding a little bird again because he's breach of license and six months we're throwing a party,
16:49 Alright.
16:49 not throw all of that now somehow these police, Steven Elesmore has gone and took Andrew Rios deaf and put in the third page on my Asbo. And I've seemed to be riding a curfew because somehow it says I, I'm involved in these parties that caused Andrew Rio's Death. Yeah. Now, I don't think that's fair. Yeah. Now what makes it worse

than its Inspector Skinner knows that another one of these people that was up with Tucker's picture, it's called Antony Harvey. This young kid, I don't even know this young kid get, goes to the police station, hands himself in use or do an investigation and put him on bail conditions. Do not throw no more parties anywhere. now, I'm on curfew in my house working hard.

17:28 I'm building Bliss Charity and working with Ponders End festival also kids with cela palsy. I've got the keys to my community hall. I've got, I'm a manager down at white sands night club on Brixton high street. I'm working hard. I'm building a model constitution. I've got charity bar up on my charity I'm, I'm in lock-to-lock festival, so I'm committing myself to working hard and to where I said I was going to be, year and I never done nothing wrong year, now, next thing I know Steve Elesmore has put that inside about the first Asbo, Yeah, and he's, he's gone along and he has created the application. Each police officer has done four statements saying that I that I, I kept, I had done this party when they all knew and there because Adrian Combs has given them the true paperwork. All of this has happened to me and I've done nothing wrong.

18:17 They've gone and, they knew that there was two parties going on the same day, progress way and one at the old man building in them transcripts. You can see Steve Elsmore was asked, are you sure? that every party that was on on the sixth and the seventh of the eighth is only, what is that you put in that folder is only progress way. He swears under oath. Yes. I'm 100% sure. Yeah, and if you check, he got so bored making that folder. He left all crown road in all of the cards. He lied under oath to get me found guilty, when he knew all of the 999 calls, no one went to progress way because progress way, if you work it out them lot them lot have left Essex. So only the cars that were with them, not in Essex. After Adrian Combs served them an abatement notice followed Chris.

19:03 Chris has gone down to progress way to meet other friends where they're living and they have had a little party there maybe. Yeah, but the adults are in the old man building and they'd been in there for months prior and use lot knew that. Yeah. I didn't know I'm on curfew. I haven't even visited them. They're all, my family and friends I have not even visited my own friends. Yeah. Now. Everyone, all of the foot soldiers that have left after Adrian Combs had come, they've gone straight to Southbury train station, the closest train station and walk straight out and seen the old man building and gone straight into the old man building. So, no one's gone to this progress way. Yeah. Other than a few of the cars from the beginning. So, no noise complaints went to progress way? Now. What? That's what the police officers went and done is they falsified all of they, they took all of the Cads and started blocking out all the, blocking out all of the Cad's names.

19:51 The things, but they forgot to take the X to Y locations out. so, when you check them all, all of the nine, nine, nine calls, the true ones that don't, the time stamps don't go wrong to belong to crown roads. Then to make up progress way they've made up frauded paperwork out off the computers and they've got the timestamps wrong, making them and put them in for progress way. None of the police officers have got 101 note Books. Year, none of them, I've got a note here of Sally Gilchrist, the legal executive director, and she says, no, no members of the public wanted to give evidence in court or wanted to sign, a statement, but you can tell by the magnitude of the Cads that there was a problem on this day. So now I've been without no first-hand evidence, not been allowed to question the victims.

20:38 I have been found guilty and without, no true witnesses, no true victims, no signatures to the bottoms. All the timestamps wrong. No one really went to progress where they all went to the old man building. All the paperwork in that folder really belongs to the old man building and not progress way. Steven Elesmore has lied under his statement saying that that's the complete opposite. And I've got, I've got a ride nine eight years in one of my lives in my house here. I'm not allowed to have a festival. I've wrote to

every other, every other borough and they've said because of this says the organization of illegal raves. I'm not allowed. Licensing. Yeah. They've said that. They said because it says illegal. That's the problem. Yeah, and they said it never said that. I've got all of the emails from all of the other Boroughs and they've said the only Borough I can work with is Enfield Council, but how can I go and give Enfield Council all of my work when they forged all of this paperwork to do that to me in the beginning and then allow this to happen to my wifey and the baby that I cared about.

21:35 Yeah. I don't think it's all fair. I appreciate that you've listened to me and you're not finding my, understandably, I'm not done. Nothing wrong here. Yeah. Have the recordings. I've got all of all the police officers, you, you go to the audio recordings just in that website. If you click on it, I've not uploaded all of them. I've got so many more here and I've transcribed quite a lot. Then if you click on audios, yeah, and then you just on the website you can see, you can click on the little buttons beside it and you can see the transcripts in them. If you click on the little music button on it, yeah, you can see them all and you can see where you are telling me down the phone. I've been robbed of. You look at the German bloke doing the Morse code, typing it all up.

22:18 **If you just click on the little play button, sign there, you see what the transcripts and they keep telling me down the phone, I'm dead. You're dead. You're dead. You've been robbed. You dead.** How is that professional behaviour? How am I supposed to walk out of my house now know and use that saying that down the phone? You've all forged this paperwork in the beginning. It's a sentence that not even a terrorist should get. Yeah. If you check the video footage here, of the Supreme courts, the Supreme courts say that you can't even give a terrorist. This sort of sentence. Yeah. A curfew is a punishment it is a criminal is a punishable offense. Yeah. Curfew, electronic tag being released from prison early. I've got a standalone Asbo. It's not supposed to be a criminal offense. It's not on my criminal record. Have you checked my criminal record? There isn't no organization of illegal raves on it and the reason for that is because I've got a standalone. Asbo and I went to court to defend myself and I won the case of the organization of illegal raves and they set me up otherwise it'd be on my criminal record. Yeah. I shouldn't be getting punished for this.

23:25 I shouldn't be getting punished. No way. It'd be on my criminal record. No. Am I correct in saying that if the organization of illegal raves if I have been found guilty It should be on my criminal record. The max. I should have been six months custodial then a CBO Asbo should have started and I should have then got the Asbo to start after that. Why have I got to wait till 2020 now, the 11th of 2020 when I walk out of my house in 2020 say I walk out a month earlier. Yeah. You lot most times you lot try and set people up at the end of their Asbo's not all the way through it because you want to reactivate the Asbo at the end of it and make the person do extra bird. So how bad is my life? Going to be in 2020 when you use, really need to get this back onto me. To hold me even longer to stop me getting out and showing people the truth of for or talking to Shannon about this because use lot have made it out that Shannon's told use lot that it is alright to kill me and the general public should all believe in this, but me and Shannon haven't argued, **has Shannon told you lot that you were allowed to kill me in public or Bar me from my own country.**

24:31 [inaudible].

24:33 Hello.

24:33 I cannot comment on that because I do not know I can't comment on that.

24:33 I appreciate you listening. Anyway, I'm going to go madam. Thank you. Have a good day madam.

When asking Alley why he was at my front door he explained to me that he just wanted to say hello to me alongside with this following comment, Ally explained that he still had a key for the flat upstairs referring to 113 Burncroft Avenue And that he intended to enter the premises and sleep over the night. I found this wired as I have never really got along with him as I have explained and I also understood that the flat had gotten vacated about 2 months prior. I explained that this was not my decision to take apart of and that I personal did not have a problem with his decision personally, when I said this to him, I hoped that he had the brain cells available to possess the whole citation, for himself to then on after in a respectful manner, if he did choose to go ahead with his decision. While Alley was present still outside of my front door, I asked Alley what was going on with Ambrose, because it was Alley who had come down to my front door and told me that he was going to be staying upstairs for a little while until the Enfield Council took the keys back of them both due to Ambrose losing the Flat and getting placed into a Mental Hospital again for the reason of testing positive on a drug test alongside other problems of his. I was shocked before when told what had happened to Ambrose, even allow, he had been the one attacking me without any fair cause not that any person should be issuing punishment without law anyway. I knew that I was right also on this day by not opening the door to Ally from the start and then on afterwards by deciding that I was defiantly not going to open it to him. Same As Above Below!

Morning: --

I Woke up this morning and I felt fed up of all the work that I am now faced with in creating my defence paperwork so to be able to receive the correct gratitude my life deserves. This is now apparent and due to the other people involved who have taken apart in destroying my life as of so far, meaning as of this far in age of mine. These people have now been highlighted as such, to which led to evidence getting contained within side of this document of mine. The day progressed without any bother from my neighbours as a whole group, which for me is a gift from above because it has become far from the normal day to day's events that I get induced to thought. I studied hard at work, right up until 04:00Pm.

When trouble starts: --

As per normal I received a knock at my front door while I was at my computer writing my report and avoiding the officials to which my report reflects upon.

Reason; Safety: --

As I maintain the goal and causes of my work at the present, I have to keep safety as a number one concern of mine because of the foul play I have been in receipt of and this means that simple daily practices that a British citizen just take to be a part of a life's routine have been changed for me, to set an example task such as the following three situation have been affected and in route compile a large list of breaches to my human rights.

Safety to me means staying indoors safe until the problem of my cause(s) are rectified so that no person can abused their position to undermined me like has pressed to circulate as of so far, or manage to achieve going even further in their disrespect for law by dispensing of me

and the truth therefore at the present time causing safety for myself to be a key part of my stringent process of mine to oversee my goals, in short, I stay indoors a lot more so, that do not get victimised and then labelled as the perpetrator.
The negative effects this causes me even to allow I use my time wisely transpire to be some of the listed
I do not go out and socialize or cause myself more havoc in my daily life's routine for safety reasons. in-turn putting myself in harm's way if a routine were to be scheduled for myself to go outside of my premises more than I do at the present time.
Causing a lack of socialism between me and others. I chose not to put other people lives at risk due to the death defences attitudes of official behaviour towards our well-beings, Portraying Gross Misconduct towards our lives for their own out of bounds focuses of causes. to socialise with others that much anymore due to my security and safety being comprised because of official persons continue to illegally victimise myself or sometime just simply causing negligence towards me.

I want to go and check that company to see what sort of proper work it is doing. On the front face of it looks like a standard company. 21:07 21 minutes and eight seconds this time that they have refused to pick up to me.
21:42 Hello Police. What's the reason for your call?
21:45 Hello? Can you help me send an email to an officer please? To Cressida Rosedick, please
21:54 Sandra dick. Okay. The commissioner? Yeah. Okay. You actually need to go on the internet.
22:02 ok.
22:02 Type in the, um obviously the Met commissioner email address and it'll come up with the address that you need to do.
22:13 What the Met commissioner's email herself.
22:16 It's not you don't get an email to her. No, it goes to her success secretary
22:21 to her secretary. can i get this straight. Yeah. She lives in Oxfordshire, is that correct? Yeah, and she's running a company called Homeless Oxfordshire limited. In her area and she's just kidnapped my brother as well, and she's had my brother **transferred to Oxfordshire.** They have had two withdrawal statements put in. And are they saying that they are going to for a trial just on hearsay and the person was on drugs when they were taking the statement as well. How is that? They are doing exactly the same as what they've done to me.

I've got a website, my website Horrific corruption. It's gone live. Yeah. I'm going on keeping it up now. Yeah. You can go along and see all the police officers' names and a load of your names and the other people that I've been calling.
23:01 That have been telling me that I have been robbed down the phone and you can also click on the second Asbo folder and you can see if you click on the second Asbo folder in that thing, you can see that, um, on, on a scroll down, you can see in the red, writing that there was no witnesses or no evidence, no witnesses or victims in my case. And that is from Sally Gilchrist, and the Judge saying that themselves and that use lot are holding me hostage in my house and telling me that I've been robbed in. There's nothing I can do about it. Like, well, the company you represent is, and I'm happy for it. I would like someone to take this as an emergency situation to treat my life with respect and dignity. I have the right to life and I'm being left in here and made to feel suicidal by the company, by your company and by what it's doing to me and, and the breach of my fair process. Please.
23:49 By or company our company is the Metropolitan Police
23:52 Yes, that is correct, Madam. The metropolitan police have falsified a statement, they all went to court 15 and the highest.
24:01 Ok so you want to make a complaint.
24:01 Yeah, an official complaint. Yeah.
24:05 You made a complaint two days ago.
24:05 And I was told that someone will be contacted me back and nobody has contacted me back yet. In regards to,
24:11 ok let me find out what is going on.
24:11 I made multiple calls in regards to this, the website's up now and the police officers are up and a load of your call centres work, workers is up. Christmas is around the corner and I can see a lot of people losing their families and going to prison for Targeted Malice which is a 12-year sentence and malice of public office if Teresa. If Cressida doesn't, do her job properly, I'm not happy that they have **transfer**red my brother to a court in our area and the rest of it now and they're doing exactly the same to my brother without no evidence and no victims.
24:40 Yeah. You need first hand evidence in this country to hold somebody. If you go to my website, you can see, you can see what recall I'm going to upload a load more recordings and transcribes of me being called a black, black, black bastered, down the phone and stuff like that by the officers. I'm going to load up a load more of it now and I'm not happy with what's happening. I've met, I've contacted your call centre over 220 times now that it's on record and I've got the Cad numbers for the recordings too. Most of them and not once. Have you taken a statement of me or come and took my evidence?
25:13 And what is your name sir.
25:13 Mr. Simon Paul Cordell, C. O. R. D.
25:18 Ok, double l.
25:18 Yeah, D.E.L.L.
25:18 do you know who was supposed to be contacting me back? exactly what.
25:20 I am going to try and find out.
25:20 Thank you.
25:34 They've been telling me and you can go to, you can go into, Lemmy's second in junction order on that, in that Asbo yeah, on the 25th or something it says and we go to page 258 in, that's in the, in the last PDF, but you can see the day that I was supposedly found guilty when I wasn't found guilty in the court yeah, which you can read from the first Asbo folder in in that you can see on page 258 of this of Lemmy's last index. You can see where when I left the court in **2015** Highbury Magistrates Court you can see they made

threats. If you attend court again and dis us, we're going to re - man and they made threats out of my bail conditions. They gave them, they gave me, they gave my solicitor a copy of the folder and now I couldn't prove when I had to go and hand collect the slip, my folders, the Asbo folders from Josie, my Solicitor, I couldn't prove whether Josie put them Threats in my folder.

26:25 I couldn't prove whether Sally Gilchrist for the metropolitan police put them in the folder. But now Sally said The Enfield Council never turned up once to any of the to the, to the um, to the trials to 30 different trial dates. Yeah. And hearing dates for the Asbo. So, I know they never collected the photo after I've been. Found Guilty. that folder has now been sent by Sally Gilchrist to the Enfield Council the Enfield Council has been receiving emails asking them to protect me, because my neighbours are attacking me because of this sex scandal being made in my name. Yeah. And they have had a copy of the first Asbo, and they have got these threats now. Lemmy has emailed that to me. Sally Gilchrist never emailed it to me in the beginning yeah, So I couldn't prove that Sally done it or I could improve that.

27:13 It was either Sally or Josie. Yeah. because I had to collect it from Josie. Now's Lemmy Sally get Post emailed it or gave it to Lemmy to the Enfield Council. And Lemmy, has emailed me that and put that in an injunction order for himself. So now Lemmy also, when he, when Lemmy copied and pasted all of the information in that Asbo, you can go to the, to the, to the, the last one, the second or the second last Asbo in the bottom on horrific corruption. You can go to this. I'm the second book up from the bottom and you can see that, um, a copy, a statement of Mathiyalagan dated the 2nd of August, 2017 yeah, and you can see next door to page 258 you can see the first time that the Mathiyalagan's went to the civic centre and you can see that that what claims they made, Lemmy was phoning me trying to entrap me for the five claims that they made about me while I was in a hospital so I couldn't have done them.

28:08 Yeah, in the, in the handwritten letter next to page two five eight. Then because I wouldn't go for the meeting, Lemmy copied and pasted it 31 times. Then five claims made a possession order and went to steal my flat, he's chased me for two years round in the courts all you have to do is press, go to the, go to the set menu. Then what you've done is because I hit him up and said that you've copied and pasted all that and made that up. Lemmy, he made his first appointment with the Mathiyalagan's on the 2nd of August, 2017 nine months later and he had the pre prepared statement for everything. He put in the possession order and made the Mathiyalagan's sign it Yeah. And let them, the true perpetrators who had been doing all this to me, Shannon, Heidi for two years, cover up what they had been doing and falsify and try to steal my home.

28:51 And now you can see from the council's history that none of that's in there. All you have to do is before when you press control F yeah, before the number 10 you just put a zero in it. So Ciro one's forward slash Siro one forward slash 2018, say the that I was accused of whatever. And you can check all the dates and you could see none of them are in the Council History. And you can see that, were, Lemmy falsified all of this paperwork and no, and he's still allowed to work in Enfield council and use it won't even arrest him. And I've got this evidence clear here. What is going on?

29:26 Hello Madam. Hello. She's run and put the phone down.

Dear Ronak Ahmed
Today I called Enfield Country Court to make sure FOOED222 had been struck out for my son Simon Cordell, but what I have been told is Enfield Council has reopened it, the person at the court would give me no other information as I am not listed on the court record that I can been told anything.
353,
My son has had no letters from the court as of yet and there is a real issue that he will not get any letters because his door was broken by the police and they had to put wood up so he has nowhere for the postman to post his letters, we know from a long time now also that the postman is just putting his letters in the hallway to his block and other people are taking his letters so I am worry that the court have sent his something but he had not had it, but I would have also through that seeing as you are the acting solicitors for my son for this case the court would have updated you I would have also through Enfield Council would have updated you regarding what they wanted to do, I spoke to Sean today and he has not heard anything at all. Would it please be possible for you to make contract with the court and find out what is going on as I think this would be the better option to find out what Enfield Council is doing.

It is regarding case **FOOED222** Enfield Council V Simon Cordell. The case was last in court on the **08/03/2019** when District Judge Davies heard the case and set out an order due to my son's health, please see attached court

order dated **11/03/2019.** District Judge Davies ordered that these proceedings are adjourned generally with permission to restore in order for the parties to apply to the Official Solicitor to consider whether he is prepared to act as Litigation Friend for the Defendant. If no request to restore is made by 4pm on **08/06/2019**, the claim will stand "struck out without further order and Costs reserved. I have contacted the court and it would seem Enfield Council submitted a letter to restore this case **FOOED222**, and so far, nothing has been done with this. But the issue I have is that Enfield Council has done nothing they have not tried to work with Mr. Cordell's Official Solicitor they have not contacted them at all since the last hearing of the **08/03/2019**, they also did not notify Mr. Cordell's Solicitor that they had put in to restore this case **FOOED222**, the only reason we know anything is due to me contacting the court by telephone on the **10/06/2019** to see if the case had been "struck out" which I was told it has not been due to the letter Enfield Council had submitted to the court to restore it and move forward with the case. We do not know any details of this letter Enfield Council has sent to the court to restore this case and under what grounds and when it was sent to the court from Enfield Council. This is not the 1st time Enfield Council has not followed a court order, there is an outstanding court order that has never been dealt with by Enfield Council in which Enfield Council should have moved my son which they have never done anything about and then submitted this new case **FOOED222** for which is an abuse of court process. This is not helping my son's health and Enfield Council is very aware of this, I do not know what to do, all of these entire court cases one after the other which Enfield Council has done since **2017** is having a very damaging effect deteriorating and impacting my son's health. It is Enfield Council that has chosen not to communicate with me on behalf of my son, it is Enfield Council that has not once asked to see proof that these alleged allegations are false, to be able to address anything I would need Enfield Council to work with me, but they will not and I have never been rude to anyone within Enfield Council for them to not to want to communicate with me. Could the court please tell us what is going on with this court case as not knowing what is going on is making things worse for my son not knowing if he is going to be made homeless."

The case was last in court on the 08/03/2019 when District Judge Davies heard the case and set out an order due to my son's health, please see attached court order dated 11/03/2019.

District Judge Davies ordered that

Litigation Friend for the Defendant. If no request to restore is made by 4pm on **08/06/2019**, the claim will stand "struck out without further order.

I have contacted the court and it would seem Enfield Council submitted a letter to restore this case FOOED222, and so far, nothing has been done with this.

Dear Ronak
How are they going to try and take this forward when there is no Litigation Friend for my son? I am sure the court stated last time in court that Enfield Council had to work alongside you to see if you were willing to act as my son's Litigation Friend, but as we are aware they have not contracted you at all.
I hope they don't think they can try and use me like they have in the past for this as I will not do it as I have to work for my son not Enfield Council.
Also, Enfield Council is still in breach of the court order the court made which they should have moved my son, I know you have stated you are not sure if you can bring this case up due to legal aid but the legal aid was ordered by the court in this case, please see attached order which I will highlight the section regarding legal aid.
It seems to me that Enfield Council will do anything they can do to not help my son and only do everything to go against him.

- Case EOOED049
- The order of the 12/06/2018 is where legal aid is spoke about.
- The Seal-Court-Order-09-08-2018-got-on-the-06-12-2018 is the final outcome, which Enfield Council has failed to do any part of it just lie to people as to the reason they have done nothing.

My son is getting badly effected by what Enfield Council is doing they have left this nearly 3 months to bring it back into court this is not right.
Could you please write to the court and say that Enfield Council has not contracted you once to even address what
365,
the court ordered on the 08/03/2019 as Enfield Council clearly has not done anything within that order and I think that the court needs to know this, I have enclosed the court order dated 08/03/2019.
Also, could you please forward any documents you get relating to this to this email so I can pass them on to my son as right now this is the safest way to do this as any letters sent in the post my son may not get due to his door and no access for the postman.

In the interim, it may be advisable to set up a royal mail redirection service and have post sent elsewhere.
Not fool proof but worth considering.

Dear Ronak Ahmed
Today I called Enfield Country Court to make sure FOOED222 had been struck out for my son Simon Cordell, but what I have been told is Enfield Council has reopened it, the person at the court would give me no other information as I am not listed on the court record that I can been told anything.
My son has had no letters from the court as of yet and there is a real issue that he will not get any letters because his door was broken by the police and they had to put wood up so he has nowhere for the postman to post his letters, we know from a long time now also that the postman is just putting his letters in the hallway to his block and other people are taking his letters so I am worry that the court have sent his something but he had not had it, but I would have also through that seeing as you are the acting solicitors for my son for this case the court would have updated you I would have also through Enfield Council would have updated you regarding what they wanted to do, I spoke to Sean today and he has not heard anything at all. Would it please be possible for you to make contract with the court and find out what is going on as I think this would be the better option to find out what Enfield Council is doing.

Response sent via email

Dear Mr Cordell,

Re: Vexatious and Unreasonable Complaints

We write to bring to your attention our concern regarding the volume of your contact, your repetitive complaints raised and the occasionally threatening tone of your telephone correspondence. Most recently, you spoke with the Chief Executive's office on 6 June and were abusive during the call.

The Council is of the view that the aspects of your correspondence are deemed as being unreasonable complainant behaviour. Unreasonable and unreasonably persistent complainants are those complainants who, because of the nature or frequency of their contacts with an organisation, hinder the organisation's consideration of their, or other people's complaints.

We have concluded your contact is vexatious for the following reasons:

This is not an exhaustive list but examples of unreasonable actions and behaviour which can be deemed as vexatious:

- You have sent frequent and overlapping correspondence on this same matter. Your contact is disproportionate and have or are likely to cause an unjustified level of disruption, irritation or distress.
- You are making excessive demands on the time and resources of staff with lengthy phone calls, emails to numerous council staff, or frequent emails / letters to staff.
- Submitting repeat contacts which have been addressed, essentially about the same issues, with additions/variations which the complainant insists make these 'new'.
- Refusing to accept the decision; repeatedly arguing points with no new evidence.

Council Officers have spent copious amounts of time on your contact which detracts from the Council being able to conduct its business effectively. We hereby conclude that the Council's Community Safety Unit will no longer respond to your repetitive correspondence. Any further contact received will be placed on file and coordinated through a single point of contact until such time as the current situation is concluded

and the volume of letters becomes reasonable. This includes correspondence from other family members acting on your behalf. The Council had received contact from your mother where issues were repetitive to what you have raised. We have explained to your mother that the Council cannot continue to respond to various parties on the same matters and that going forward we will be following the arrangement put in place whereby issues are solely raised by you to your single point of contact.

In relation to the arrangements outlined here for a single point of contact, may I remind you that the Council does not tolerate offensive and inappropriate behaviour. We therefore ask that you reflect on such behaviour and stop contacting the Council officers in such a manner.

The medium of contact that you should use to correspond with the Council for future requests should be by email only and through your single of point of contact who will be Dionne Grant. These restrictions will be in place for a year and will then be reviewed accordingly. Should you wish to appeal this decision to restrict your contact, please contact Dionne Grant, Complaints and Access to Information Manager at: complaintsandinformation@enfield.gov.uk within 20 working days of this letter.

  1 Si Note: I decided to go to sleep at about 21:00 Hours! - "I done this because I was feeling tiered and I also wanted my stab wound to get better. I had not noticed any activity inside of the flat of 117 and or 113 Burncroft Avenue since the new tenants of 117 stabbed me and then after came to my front door saying I have got something bigger for you till he run of out of the block because I shouted that I have called the police even when at this stage I had not. My dog lady was looking at me as in to say please take me out but I did not want to stand outside of the block just in case this man comes back with his knife or friends and a knifes, so I decided to take a look out of my back garden door and see if the windows on the flats above had been uttered, the reason being is after the man had run of the windows on the back of the flat were left closed. When taking a proper look, I noticed that they were wide open so I understood that there had been some person whom had entered the flat while I had been to sleep or that they may have been in the flat all the time along. I took my dog out the front so that it could see the outside world as we both do not go out that much due to the police not protecting us as they should by abusing the laws with malicious process. There were no problems mind you I did not stay outside for longer than five minutes. The people inside of the flat could hear me typing on my keyboard and I think they have realised that I am now adding them to my report and slammed the front communal door as they left the building g to go to their other Council Property. - **Re: Vexatious and Unreasonable Complaints**

Dear Dionne Grant

I am writing this letter regarding the email I received on the 27th June 2019 where it has been stated that rules have been set out in regard to us contracting Enfield Council, and that my correspondence has been deemed Vexatious and Unreasonable Complaints.

I have issues with what has been said in your letter that has been sent to me.

You state in the letter

"The Council is of the view that the aspects of your correspondence are deemed as being unreasonable complainant behaviour. Unreasonable and unreasonably persistent complainants are those complainants who, because of the nature or frequency of their contacts with an organisation, hinder the organisation's consideration of their, or other people's complaints.

- **We have concluded your contact is vexatious for the following reasons:**
- This is not an exhaustive list but examples of unreasonable actions and behaviour which can be deemed as vexatious: You have sent frequent and overlapping correspondence on this same matter. Your contact is disproportionate and have or are likely to cause an unjustified level of disruption, irritation, or distress.
- You are making excessive demands on the time and resources of staff with lengthy phone calls, emails to numerous council staff, or frequent emails / letters to staff.

618

383,

- Submitting repeat contacts which have been addressed, essentially about the same issues, with additions/variations which the complainant insists make these 'new'.
- Refusing to accept the decision; repeatedly arguing points with no new evidence."

The issue I have with the above is yes, I have sent letters and complaints, but we do not get any replies to these or if we do get a reply, it does not cover what we have asked.

The last time I wrote was I believe 05/12/2018 with no reply, so I sent a few follow up emails in 2019 asking if there was any update which I never got a reply back, which since then I have just given up due to the fact I know I will not get a reply, I do not feel my letters are Vexatious and Unreasonable I am asking questions I would like replies to, I do not just sit here each day spending all my time writing to Enfield Council when I know I will not get a reply. The only reason I wrote in 2018 was after the court case and that was to address things within the court order, which Enfield Council failed to comply with.

The other letter I sent was for a DSAR this was sent on 25/11/2018 which I did not really get what I asked for on the 16/02/2019, there was some issues with some of the files that Enfield Council had uploaded, I could not get and sent an email over which was corrected so I could download the files, but once I opened them most of the data was for 1997, I did write back

asking why everything was missing and once again got no reply regarding all the missing data.
In fact, I am in the process of drawing up a new DSAR in the hope this time I will get the data I am asking for which so far Enfield Council has failed to do, should this be addressed to yourself?
In fact, from 2015 most of my letters or emails have in fact gone without a reply and this can be proven. It seems very strange this letter has been written and I wonder if it is only due to the court action Enfield Council wants to take regarding my son.
I cannot understand your point regarding the "volume of letters becomes reasonable" as I have not sent that many emails as I know in fact, I will hardly ever get a reply, it is for that reason I do not take my time in writing to you in order to try and address issues as it seems Enfield Council is unwilling to try and address anything.
619
384,
I did ask Enfield Council to confirm in writing more than once, what stage my complaint was at due to no replies, but I have never had a reply back to tell me what stage it was at.
I was not going to reply back to this letter that was sent on the 27th June 2019 as I felt it was Enfield Council that was being Vexatious and Unreasonable, I already know nothing will be addressed but, in the end, I felt I had to say something.
Yours sincerely,
Miss L Cordell

I had placed myself to the right of the building as you leave the flats When doing this any person would end up on a piece of loan with hedges protecting vison from the street when ducked down lower than the bushes. I could see a man and that the color of his skin was the same of that to the new occupier off 117 who had just stabbed me. At the time I thought oh no this is all I need while lady is ill. I see his face clearly and could see that he was the right height also the fact that I could recognise his face from the prior time and other occasions in the past. He just went up the stairs as he done this, I quickly got my dog and rushed her back into the flats and towards my front door. As I done this, I heard the Man who had stabbed me, prior, slam his front door and hurry back down the stairs the disappear off. I stayed working on computer and looking after my dog Lady."

Lady Passed Away
The day that Stain and the neighbours were waiting for another part of me to die:
Lady Passed Awayday" My best Friend / Dog"

2 Si Note: The neighbours in 117 tried to rob my home on the Day BT Open Reach their friend came to my Home. - "Van Reg: Police refuse to arrest any criminals in my favor again. I was just laying down on my sofa after lady sadly passing away this morning and I decided to lay down with all electrical appliances turned off. While laying down from somewhat of the best part of what I would say would have been half an Hour I got disturbed: At First, I heard a person come in to the block of flats, what I heard was the communal door getting slammed closed hard. I continued to lay down on my sofa and make no noise at all. I noticed people had entered the premises of 117 Burncroft Avenue, as, they had slammed their own front door closed as well. Soon afterwards I started to notice the occupiers had started to step on the squeaking floor boards to upset me, I stayed quiet still. The floor boards have not been fixed thought all of the tenants whom have lived there as, of so, far. After 10Miniutes or so I heard a person come into my down stairs section of the block that leads to mine and stains flats as they have to open a separate door on the ground floor, at first and this door makes a creaking sound as it opens and closes, I thought that this person would have most probably been Stain but I was soon after to find out that it was not. I continued to lay down while being quietly waiting to hear Stain close his front door and the occupiers off 117 to continue on their path of breaching my Human Rights with Criminal Activity's and pure evil intentions. What I noticed was that Stain never opened his front door and I then heard my front door getting forcefully opened I thought at first, to myself that I best make reinsurance of the sounds that my ears could hear, as I hoped that I might be wrong about someone trying to burgle my premises, while still in doors. I then analysed any other person in my head of who this could be, and came up with no answer. For myself to be able to sneak up on my house burglar I had to tip toe quietly up to my front door and then without disturbing them "Catch them in the act." Luckily for myself I had gotten all my floor boards replaced, even low I live on the ground floor. I done this when I first moved into Burncroft Avenue in the year of **2006** or **2007** say and up a till date they are still quiet. Tip toeing on my way, when I arrived to my replacement of a front door, I could see fingers they were whitey in color and mednation in complex. The reason for seeing fingers other than the fact that some body was trying to rob me is that the chip board of a replacement of a front door that has gotten hanged with the hinge's flat on the outside of the premises as the door and frame were damaged so badly on the **26/05/2019** by police again trying to set me up "Which the Case has Now Been No Further Actioned For". Once I was at the front door, I tried to look through the gaps that the chip board does not cove due to the door frame getting damaged and I could not see any uniforms or hi – vis clothing. I could see that the fingers belonged to a man and that they were breaking into my premises. I decided to say in a loud voice, what are you doing. Straight away I noticed the man jump back and pull his fingers from within side of my premises out into the communal hall way to where they belonged. I asked again what are you doing as I received no reply the first time that I request the unauthorised person to identify themselves, what I heard next was a man's voice who sounded like an Indian person I could tell that the voice was getting put on to cover up the unauthorised persons real identity and the reason being is that the voice did not sound natural. As always, I decided to keep my front door closed until I had worked out what was going on a bit more. What the man's voice said

is hello I am just fixing Virgin; I took this to mean the TV Company Virgin and he was trying to fix the cables that run up the buildings brick wall eternally “Outside” he continued to make up a pack of lies to explain why he had been trying to rip my front door down. What he said was that he was trying to get to the other side. His words came out “I thought this entrance led to another department.” I knew that I had caught a Burglar trying to rob my home of its belongings. I told him in a deep voice that he must leave the block of flats, I then I heard the man say that he was just going to go upstairs next. With this I understood that this man was a terrible person and just to put it in other words “Taking the fiddle” I had to take the facts into perception, after all I do understand for sure that I am not alone in the fact that a bad stories of what happens with door sales people and the vulnerable, that could take place anywhere. I decided to speak more clearly in my approach to the person who had just been trying to gain illegal entry into my home and I done this in a louder voice, what I said was if you do not leave this block of flats now and without going upstairs, I will call the police on you. He replied ok in a low voice. I listened for him to leave the flats but on stead I heard him going up the stairs to the other flats, premises. I decided to open my front door and go out to see the face of the person, of whom had just done all of this to me and my home and then afterwards never took my good advice to leave and made their way to the other homes once advised not to. Because of the temp replacement chip board door, I do not have the privilege of having any spy hole so, to be able to see who is outside of my front door. In these moments of time on this day my safety again become a concern due to others wrong doings. This meant that my dog came to light, the fact that lady had just passed away the same morning as this man had tried to break into my home, made my home less secure than normal. Also, not to forget the fact that the new tenants of 117 came down to my flat with a balaclava and a big knife just a few days prior because he was attacking me while his wife and child were out and then afterwards the next day his wife was caught by myself using the bathroom appliances to copycat the past wrongdoers. I know this for sure because on the second occasion of interaction I and the occupiers of 117 had I was in my home and I went to his door to ask them to stop. “Unarmed might I add” And the Woman I had spoken to in the stairs was in the bathroom slamming the taps on and off, in her bathroom to have an effect on my home below and myself. The bathroom is next to the flats front door and you can touch the wall that her sink is on in her bathroom because of the hall way stair given any person access. Another fact that Ambrose of 113 had just had his face cut in his flat just a few months prior while I was illegally getting detained in Chase Farm Hospital. All of this passing through in my head before I opened my front door to check on this Virgin man meant to me that I needed to pick up my mobile phone before I went outside of my front door and this is what I did. Anyways back to this day present I decided to use my mobile phone that I had picked up on the way out of my front door while going to see who this person was, I made a phone call to my mother, straight away I started to explain to her what had just happened to me while I was in my home. While then standing in the corridor. When I was on my way out to the main corridor front door, I noticed a hammer on the floor and picked it up. I also noticed that the virgin man never came back down the stairs after a few minutes’ and I knew that he was still in the block of flats, I could even hear him talking to the woman in the flat of 117 Burncroft Avenue and then enter the flat, while still on the phone to my mother. I decided to go outside of the block and take a look back at the flats in doing so I noticed that the windows of 117 Burncroft Avenue were open the Bedroom being the biggest window was left just short of a shut eye, open and the bathroom window was open to the maximum extent. I noticed the female whom I had met on the stairs and talked to through the front door of 117 a few days earlier, looking down at me with her mobile phone in her had while she had a set of music head phones on, whit with red parts on them or maybe pink, these people were 3 floors high but I could see them very clearly as the weather was sunny and I have superb eye vision. In other words, I do

not need to go to speck savers. I asked her who the man was that she had just let into her flat she decided to try and speak to someone on a mobile phone, while trying to capture me on her phone camera at the same time. I suspected that she was on the phone to the police trying to set me up for fun or sport, then all of a sudden, the man whom had just come and tried to break into my home popped up behind her and then came in front of her to the window to address my question. I listened to the words that rolled of his tongue and out of his mouth to myself. What he replied was; I am Working for BT my van is over there as he showed me and load of what looked like plastic ID Cards that were around his neck, held on with a Id secure neck-band. My Mother herd the conversation while still being on the phone to me. I took a glance at where the man had pointed towards in reference towards his company's van's location. I heard my mother's voice on the phone to me asking me what was going on an I explained to her the update of the incident in commotion. We both agreed that it would be best to take the registration and make - model of the van down, due to fingers being inside of my front door and this person now not working for Virgin media but BT on stead. To achieve taking the vans information down I had to walk closer to it as it was not parked directly outside of my accommodation, no longer than 2 minutes distance and I was telling mother all the information to document down and back into my flat. Before mine and my mother's conversation came to an end. She explained to me that she was going to check on this BT man's story. I found myself back in my flat alone and my burglar hid upstairs, with my so called new next-door neighbours, whom had already hurt myself. As an Investable coincidence to all what was going on, I could hear a radio and when recon sing this sound, I knew that this was the police just outside of my front door again in the communal hall way to where I live. I did not want to let the police into my home as I understood what they have decided to treat me like for a long time now years even. In explaining what they want to do to me and why they want to do the things they do to me I would explain that the Metropolitans Police Force want to get me on to a cocktail of prescribed drugs so that in turn I believe that there are signatures on the victims' statements in the first Asbo Case and this is alongside the rest of the criminal activities that took place after the Asbo folder got developed. Anyways while I am still hear and have not been set up, I best continue to explain the day's events. What I heard come over the police radio is like the message that I heard while in the back of the police van on the date of the **26/05/2019**. It's too late he has done it again. I could hear a lot of people whom I believe were police officers rushing into the corridor at this point of time. The reason I believe the words of; "It's too late, he has done it again." Had gotten said over the police radio system other than the oblivious is that my mother had already made a telephone call to BT Open Reach due to me telling her what had just happened and this included sending emails to them. When on the phone the van reg got checked and the gentlemen said to mother that she must call the police and send a report of what has just happened to themselves and this is what she did. This meant that Met CCC understood that it was too late for all the police who travelled to my house to set me up for this incident to arrest me, A knock at my front door. Even low all that had taken place the police officers present in my communal hallway seem to want to get me to open my front door to them. I refused to do so and explained to them with my front door closed what had just happened. The police officers keep asking me to open my door to them they were calm in attitude and spoke to myself polite but I was still not getting fooled by any of them. I said to the police that my mother is on the phone and already in her car on the way here please can they wait for her if they must speak to any person. I asked the police officer way he wanted me to open the front door and he explained to me that 117 has reported a breach of the peace about me. I told him that I was in my house when he arrived at that there had been no breach of the peace and in any since I would take his words as my first verbal warning and make sure that there is no breach of the peace in resecting the law. He was quite a bit. I continued the conversation

by asking what he was doing about the person who had just made an attempt to break into my home, the so, called Virgin BT man. The police officer understood who I was on about and even explained to me that he had the right as he is a BT man doing work. With this being said to me I told the police officer that there is no authorisation for any person to rip my front door open and then on causing criminal damage to my property. The police officer continued to try an undermine me, I even explained to him what BT had just said on the phone to my mother. Because the police officer refused to arrest the person. I told them that my dog had just died the same morning and asked them if they could kindly leave me in peace and this would all be on the police officers body cameras if they had them turned on. The police officers told me that they were going to wait for my mother to arrive. I asked them why and received no reply. Mother soon afterwards arrived at my home address and I could hear her speaking to the police outside of my front door. I personally understand that my mother continued to recorded the rest of the interview with the police on her mobile phone's camera. Finally, after what was like the best part of twenty minutes the police left and I opened the front door for my mother to enter into my flat. **Key Notes: 1.** The open reach worker did not have any legal consent to put his hand's inside of the chip board temporary door and try to rip the door open, forcefully. **2.** From the date off **26/05/2019** I have had no front door and what was put into place as a temporary door is no sufficient, accurate to be able to leave my premises safely on its own and especially with what my neighbours have been doing to me. There is a cheap padlock provided by the door security company after the police Ripped my original front door down and this lock gets put on the outside of the door the padlock was not present. I had already damaged the BT phone line myself and had to call BT just prior of a couple of months. **3.** The Woman in 117 Burncroft Avenue opened her top window when I went outside to see where the worker had gone inside of the block of flats."

Same As Above Below!

117

The neighbours in 117 tried to rob my home the Day BT Open Reach their friend Came to my Home:

Van Reg:

Police refuse to arrest any criminals in my favour again.

I was just laying down on my sofa after lady sadly passing away this morning and I decided to lay down with all electrical appliances turned off.

While laying down from somewhat of the best part of what I would say would have been half an Hour I got disturbed:

At First, I heard a person come in to the block of flats, what I heard was the communal door getting slammed closed hard.

I continued to lay down on my sofa and make no noise at all.

I noticed people had entered the premises of 117 Burncroft Avenue, as, they had slammed their own front door closed as well.

Soon afterwards I started to notice the occupiers had started to step on the squeaking floor boards to upset me,

I stayed quiet still.

The floor boards have not been fixed thought all of the tenants whom have lived there as, of so, far.

After 10Miniutes or so I heard a person come into my down stairs section of the block that leads to mine and stains flats as they have to open a separate door on the ground floor, at first and this door makes a creaking sound as it opens and closes, I thought that this person would have most probably been Stain but I was soon after to find out that it was not.

I continued to lay down while being quietly waiting to hear Stain close his front door and the occupiers off 117 to continue on their path of breaching my Human Rights with Criminal Activity's and pure evil intentions.
What I noticed was that Stain never opened his front door and I then heard my front door getting forcefully opened I thought at first, to myself that I best make reinsurance of the sounds that my ears could hear, as I hoped that I might be wrong about someone trying to burgle my premises, while still in doors. I then analysed any other person in my head of who this could be, and came up with no answer.
For myself to be able to sneak up on my house burglar I had to tip toe quietly up to my front door and then without disturbing them "Catch them in the act."
Luckily for myself I had gotten all my floor boards replaced, even low I live on the ground floor. I done this when I first moved into Burncroft Avenue in the year of 2006 or 2007 say and up a till date they are still quiet.
Tip toeing on my way, when I arrived to my replacement of a front door, I could see fingers they were whitey in colour and mednation in complex.
The reason for seeing fingers other than the fact that some body was trying to rob me is that the chip board of a replacement of a front door that has gotten hanged with the hinge's flat on the outside of the premises as the door and frame were damaged so badly on the 26/05/2019 by police again trying to set me up "Which the Case has Now Been No Further Actioned For".
Once I was at the front door, I tried to look through the gaps that the chip board does not cove due to the door frame getting damaged and I could not see any uniforms or hi – vis clothing.
I could see that the fingers belonged to a man and that they were breaking into my premises. I decided to say in a loud voice, what are you doing. Straight away I noticed the man jump back and pull his fingers from within side of my premises out into the communal hall way to where they belonged.
I asked again what are you doing as I received no reply the first time that I request the unauthorised person to identify themselves, what I heard next was a man's voice who sounded like an Indian person I could tell that the voice was getting put on to cover up the unauthorised persons real identity and the reason being is that the voice did not sound natural.
As always, I decided to keep my front door closed until I had worked out what was going on a bit more.
What the man's voice said is hello I am just fixing Virgin; I took this to mean the TV Company Virgin and he was trying to fix the cables that run up the buildings brick wall eternally "Outside" he continued to make up a pack of lies to explain why he had been trying to rip my front door down. What he said was that he was trying to get to the other side. His words came out "I thought this entrance led to another department." I knew that I had caught a Burglar trying to rob my home of its belongings.
I told him in a deep voice that he must leave the block of flats, I then I heard the man say that he was just going to go upstairs next.
With this I understood that this man was a terrible person and just to put it in other words "Taking the fiddle" I had to take the facts into perception, after all I do understand for sure that I am not alone in the fact that a bad stories of what happens with door sales people and the vulnerable, that could take place anywhere.
I decided to speak more clearly in my approach to the person who had just been trying to gain illegal entry into my home and I done this in a louder voice, what I said was if you do not leave this block of flats now and without going upstairs, I will call the police on you.
He replied ok in a low voice.

I listened for him to leave the flats but on stead I heard him going up the stairs to the other flats, premises.
I decided to open my front door and go out to see the face of the person, of whom had just done all of this to me and my home and then afterwards never took my good advice to leave and made their way to the other homes once advised not to.
Because of the temp replacement chip board door, I do not have the privilege of having any spy hole so, to be able to see who is outside of my front door.
In these moments of time on this day my safety again become a concern due to others wrong doings.
This meant that my dog came to light, the fact that lady had just passed away the same morning as this man had tried to break into my home, made my home less secure than normal.
Also, not to forget the fact that the new tenants of 117 came down to my flat with a balaclava and a big knife just a few days prior because he was attacking me while his wife and child were out and then afterwards the next day his wife was caught by myself using the bathroom appliances to copycat the past wrongdoers.
I know this for sure because on the second occasion of interaction I and the occupiers of 117 had I was in my home and I went to his door to ask them to stop. “Unarmed might I add”
And the Woman I had spoken to in the stairs was in the bathroom slamming the taps on and off, in her bathroom to have an effect on my home below and myself. The bathroom is next to the flats front door and you can touch the wall that her sink is on in her bathroom because of the hall way stair given any person access.
Another fact that Ambrose of 113 had just had his face cut in his flat just a few months prior while I was illegally getting detained in Chase Farm Hospital.
All of this passing through in my head before I opened my front door to check on this Virgin man meant to me that I needed to pick up my mobile phone before I went outside of my front door and this is what I did.
Anyways back to this day present
I decided to use my mobile phone that I had picked up on the way out of my front door while going to see who this person was, I made a phone call to my mother, straight away I started to explain to her what had just happened to me while I was in my home. While then standing in the corridor.
When I was on my way out to the main corridor front door, I noticed a hammer on the floor and picked it up.
I also noticed that the virgin man never came back down the stairs after a few minutes’ and I knew that he was still in the block of flats, I could even hear him talking to the woman in the flat of 117 Burncroft Avenue and then enter the flat, while still on the phone to my mother.
I decided to go outside of the block and take a look back at the flats in doing so I noticed that the windows of 117 Burncroft Avenue were open the Bedroom being the biggest window was left just short of a shut eye, open and the bathroom window was open to the maximum extent.
I noticed the female whom I had met on the stairs and talked to through the front door of 117 a few days earlier, looking down at me with her mobile phone in her had while she had a set of music head phones on, whit with red parts on them or maybe pink, these people were 3 floors high but I could see them very clearly as the weather was sunny and I have superb eye vision.
In other words, I do not need to go to speck savers.
I asked her who the man was that she had just let into her flat she decided to try and speak to someone on a mobile phone, while trying to capture me on her phone camera at the same

time. I suspected that she was on the phone to the police trying to set me up for fun or sport, then all of a sudden, the man whom had just come and tried to break into my home popped up behind her and then came in front of her to the window to address my question.
I listened to the words that rolled of his tongue and out of his mouth to myself.

2 Mental Health Referral: The Doctors Came to my Home to do an Assessment on me again. - "I heard my "Atomic Alarm Clock" on my Pc set its Siren of at eight Am as planed but somehow some way I leant over and turned it off and never got up, I think I left the mouse to control the pc to close to my hand. I heard a knock at my front door and jumped up. When I asked who it was, I heard the reply of my uncle's voice and I can remember thinking to myself thank God for that! When rushing to open the front door I hurried and put my clothes on that I had pre paired the night before. After a few minutes my uncle was in the house we both had a short chat until, uncle checked the time. At the time of 10:35 my uncle wanted to see what had held the doctors up and decoded to go outside and see if he could see any of them, I stayed inside of my flat while he did this. Uncle soon afterwards came back into my flat and told me that the doctors were sitting on the wall at the end of the road to the left as you walk outside of the block of flats that I live in. I pressed record on the recording equipment inside of my home so to have the assessment on recording. We waited some time and no doctors found their way to my front door. As the time disappeared by, I spoke to my uncle and said that I am going outside to see what is going on, as I left my flat, I picked up all of the Haringey and Barnet / Enfield NHS letters that I had recently received and made my way out to the doctors. When I walked out of the block of flats front door, I took a look to my left and focused on where the doctors were. I noticed that they were a group of people, some standing and some sitting down on the side of a wall. I never counted how many because my uncle had already told me a roundabout number of six people. From looking at them all together I could tell that they were the doctors. I spoke in a voice that was not overpowering but fair to be heard by the group. What I said was, why are you all sitting out here. Come into my house I am waiting to record the meeting; I showed the letters in my hand that I had brought with myself from inside of my home and showed them high in my right hand while continuing to speak. The doctors acknowledged me and continued to hover around the same location to what I had seen them in from the start. I said to the doctors this is malicious proses alongside with malicious prosecution. I pinpointed out my so-called care coordinator out of the group "Soobah" and headed towards them all. Once with the doctors, Care Coordinators, Amp Works, I told them all that this is: **1)** Out of order. **2)** I started to explain common sense about the Dates of occurrences with themselves and or colleagues and introduced the letters raised high in my right hand. I told Soobah who I had pinout of the group "you sent me these letters with a doctor called Antonio. **3)** I explained that I have never even met my care coordinator other than once in my life and that time was at my tribunal at Chase farm Hospital – Mental Health Department Dorset as noted in Soobahs own "Social Circumstances Report for S.C Rio no 11214451 on Section 2 of the MHA 1983/2007." **4)** I have never been diagnosed with a mental Health Illness but always get referred to Mental Health by bent police officers and the council corrupt staff inclusive of unmoral doctors or Mental health Workers, trying to avoid disciplinary actions against themselves and or colleagues. **5)** Soobah "Social Circumstances Report for S.C Rio no 11214451 on Section 2 of the MHA 1983/2007" was maliciously forged which is a criminal Act of law "Fraud 2006" + "Fraud under the company Act 2006" **Finally**, I got fed up of warning the doctors of their own

  1 Si Note: I woke up this morning laying down on my sofa &? - "Uncle Andrew turned up at my home at the time of 03:15. He told me that he had been speaking to the Amp worker and Doctors. I noticed that he had a writing book with him. At one point in or conversation I think when I was looking at the book Uncle Andrew started to explain what it was and why he had turned up with the book to my home in detail to me. He said that after yesterday he talked to the doctors on the phone again and what he had one was document everything down. I asked if it was ok to get a copy of the pages and if he knew the doctor's names alongside with the rest of their crew. He said that he had been speaking to one of the AMP workers who had been outside and knew his name only. Uncle also commented by saying that it will be ok for me to take a copy of the work. He showed me a form and said that it was a release form, in relation to releasing my personal information with authorisation to him and asked me whether I would give him consent. I agreed that this would be ok if he could explain to me why I should and I also agreed with his reason. He told me that what the doctors are doing to me is wrong i.e., illegal and that they had told him that they were now going to try and get a warrant under the Mental health Act 1963 to gain access to my premises with the police.

1 Si Note: The Start of the 2nd Possession order Again.! - "I made a phone call to? - "My mother once I had gotten up and sorted out my home and so forth. What I did ask her was does she understand whether or not the doctors are coming to my home with a warrant under the Mental Health Act 1963, she replied and told me as she understands no doctors are going to be issuing a warrant at the moment even low, they wanted to because uncle Andrew has spoken to them. If the doctors do issue a warrant, it will not be until Monday or Tuesday. I asked her next why would that be so if a warrant under the mental health Act "A Section 137" is for emergency problems. So, if that was so, why wait another week seven day to execute one. Mother had no answer for myself. Next, I questioned her in regard to a M.O for Tuesday a bit more. What I said was are you sure that the doctors are not waiting because of my front door not being fixed until the **19/07/2019**, Mother had no reply. We ended the conversation. I heard my mobile ringing at the time of 02:10, when looking at the display screen I see my mother telephone number and picked up the phone. I was not to shocked to hear what she said to me next. My mother told me that she had just received another email in regard to the Enfield Council and the possession orders that they keep on putting onto me with malicious prosecution. The Email Stated that the Enfield Council want to re-open the

same old cases again that I have won time and time over again. I asked mother to send me a copy of the email and attachments, she agreed to do so. By the sounds of all that has been explained to me again over the last few days it seems that the police are happy to continue to let any person violate my Syble liberties and Human Rights, while they continue to evade justice for the Asbo being made from fraud alongside with the council who created it as well. The Enfield Council intend to make me not to be allowed to be homeless due to the Asbo conditions and then afterwards continued to create frauded documentation and produce it to the courts of the land and law to also take possession of my home. They all allow other members of the public to act against my person with criminal activities. While involving the doctors to get involved to cover up all that has been done wrong to myself by undermining me and demoralising my liberties of Rights. Year, so, as a cover up they all want to get me and put me on loads of medication to stop me writing this report about what they do to me on a day-to-day basis. Mine and my mother's phone conversation came to an end and I continue to document all down."

I asked her next why would that be so if a warrant under the mental health Act "A Section 137" is for emergency problems. So, if that was so, why wait another week seven day to execute one.

Mother had no answer for myself.

Next, I questioned her in regard to a M.O for Tuesday a bit more. What I said was are you sure that the doctors are not waiting because of my front door not being fixed until the 19/07/2019, Mother had no reply.

We ended the conversation.

I heard my mobile ringing at the time of 02:10, when looking at the display screen I see my mother telephone number and picked up the phone.

I was not to shocked to hear what she said to me next. My mother told me that she had just received another email in regard to the Enfield Council and the possession orders that they keep on putting onto me with malicious prosecution.

The Email Stated that the Enfield Council want to re-open the same old cases again that I have won time and time over again. I asked mother to send me a copy of the email and attachments, she agreed to do so.

By the sounds of all that has been explained to me again over the last few days it seems that the police are happy to continue to let any person violate my Syble liberties and Human Rights, while they continue to evade justice for the Asbo being made from fraud alongside with the council who created it as well.

The Enfield Council intend to make me not to be allowed to be homeless due to the Asbo conditions and then afterwards continued to create frauded documentation and produce it to the courts of the land and law to also take possession of my home.

They all allow other members of the public to act against my person with criminal activities. While involving the doctors to get involved to cover up all that has been done wrong to myself by undermining me and demoralising my liberties of Rights.

Year, so, as a cover up they all want to get me and put me on loads of medication to stop me writing this report about what they do to me on a day-to-day basis.

Mine and my mother's phone conversation came to an end and I continue to document all down.

41. An Email from my solicitor: Ronak Ahmed. - "Thank you for your email. We are somewhat constrained by the regulations related to Legal Aid in that we can deal with the Claim for possession only. This means we can take all necessary steps to deal with your son's defence only. In relation to the correspondence, I have requested copies and will forward these on to you once received. In terms of the Litigation Friend, the Official Solicitor will act only if there are no family members involved and here it is likely to be the case that you will be proposed as the litigation friend. If you refuse to act as such then the Official Solicitor will get involved and provide instructions to your son's solicitors as to how to proceed with your son's case. The London Borough of Enfield does not dictate who the Litigation Friend appointed is. All the Official Solicitor does is provide instructions on how to proceed with the case - which has been your role so far. They do not run the legal case. Hope that answers your queries in relation to the Claim for Possession but if not either call or email back."

Subject: RE: Your Son' Case
Dear Ronak and Sean
I have tried to call the office today to find out what is our next steps I do not understand what Enfield Council has done and what has been written in their letters to the court dated, 06/06/2019 10/06/2019 12/06/2019 and 26/06/2019, should we have not been included in these letters so we had an understanding of what and how Enfield Council wanted to process with this case?
Should we not be aware what Enfield Council has done regarding the Official Solicitor to consider whether he is prepared to act as Litigation Friend?
I am not sure what the Official Solicitor does, and how Enfield Council can get a solicitor they choose I just do not understand how this works and if Enfield Council has ever had contract with this Official Solicitor, does this also mean you will not be acting for my son and it will be this Official Solicitor Which would not be someone my son has chosen to act for him.?
Could someone please get back to me regarding this and can the letters that have been sent to the court via Enfield Council be requested, I do believe we have a right to know what is going on here and right now are we going to be left with not knowing anything until the 12/12/2019?
Regards

Dear Sir / Madam,

Re: Claim No: FOOED222
The London Borough of Enfield v Simon Cordell
Claim for Possession of 109 Burncroft Avenue, Enfield EN3 7JQ

We refer to the Order made by Deputy District Judge Harris dated 18 June 2019 that the Claimant Claim stand struck out.

We respectfully ask that this order of Deputy District Judge Harris be set aside as a letter dated 6 June was sent by post and emailed to the Court requesting that the matter be restored. The Court was telephoned yesterday, and it was confirmed that the Claimant letter was received and was not taken account of when the matter came before Deputy District Judge Harris. For convenience we provide a copy of said letter sent.

Yours faithfully,

Dear Bina

Thank you for the reply to my email I am not sure why Mr Ronak Ahmed advised the Official Solicitor's I would be willing to act for my son as I clearly told Mr. Sean Shanmuganathan who was at court acting for my son on the 08/03/2019 I could not do this. There is good reason for me not being able to act as litigation friend, which has been stated two times before in court action that Enfield Council brought regarding my son, which I refused these two times also.

Enfield Council has caused so much damage to my son in what has been ongoing since late 2014, Enfield council has never wanted to deal with my son nor me regarding issues which has happened and have just allowed me to live in the home he lives going through hell with what the neighbours have been doing to him, in fact there is a court order dated the 09/08/2018 in which Enfield Council should have moved my son, Enfield Council has refused to do so, and then just started the possession proceedings against my son, which is the case we are dealing with now.

Due to everything that has gone on my son has no trust in anyone and our relationship has suffered badly due to everything that is ongoing. I believe if I submitted to act as my son's litigation friend our relationship could suffer beyond repair, and at this point in time I feel everything that is going on is not helping my own health, and I cannot afford my relationship with my son to break down any further than it already is.

I am also very unwell myself and the stress I am suffering is making my health worse, I have been told by my doctors I need to have rest and at this point I am not doing that and the stress is not helping me at all.

My Health problems are listed below:

- Chronic Kidney Disease Stage 3
- Fibrillary Glomerulonephritis (GN)
- IGA Nephropathy
- Immune system issues

402,

- Fibromyalgia
- Chronic Obstructive Pulmonary Disease
- Chronic Asthma
- Possible Lupus
- Blood Issues
- Double Incontinence (Sacral Nerve Implant)
- Osteoarthritis Spine
- Nerve Damage Spine
- Spine Disc Degeneration
- Lumbar Spondylosis
- Osteophytic Narrowing Foramina
- Eye Disease
- Bile Salt Malabsorption
- Heart murmur, fast and slow heartbeat

I am there for my son and always will be but I cannot take on any more pressure due to my own health, and I cannot cause my relationship to break down any more than it already has with my son and the trust between me and my son to get worse.
Please can this email be kept confidential as I do not want Enfield Council knowing my personal health issues as I sure they would find a way to use it against my son, and also my son does not know how bad my health really is and this is how I would like it to stay?
Could you please re-open the case file for my son.
Best Regards
Lorraine Cordell

Lorraine,
Thank you for your email.
It may help if I firstly, explain that the Official Solicitor will only act as a litigation friend if:

- nobody else is suitable and willing to be litigation friend.
- there's money available to pay the Official Solicitor's costs, e.g., legal aid.
- the person's doctor or another medical professional, e.g., their psychiatrist, confirms they lack capacity to manage the

case.

403,

The Official Solicitor was contacted on 30 April 2019 by Enfield Council regarding possession proceedings against your son, Simon Cordell. However, after contacting the representatives for Simon, Tyrer Roxburgh, the solicitor with conduct of this matter, Mr Ronak Ahmed advised that you, Simon's mother, is willing and suitable to act as his litigation friend in these proceeding and as such the Official Solicitor's last resort criteria was not met. Consequently, Enfield Council were requested to contact Mr Ronak Ahmed and were also notified that we would close our file.

I am sorry that you were misinformed. This may have been because a search was not undertaken to check the closed cases on the system. Please accept my apologises for this oversight.
I trust this clarifies the situation.
Regards,
Bina.

To Whom It May Concern:
I am writing this email after a call I made to your offices this morning where I was told no application had been made regarding my son Mr Simon Cordell DOB: 26/01/1981 address 109 Burncroft Avenue, Enfield EN3 7JQ to act in court proceedings as a Litigation Friend for a Claim for Possession of my son's home 109 Burncroft Avenue, Enfield EN3 7JQ by Enfield Council.
On the 8 March 2019 the court ordered that Enfield Council contract The Official Solicitor and ask if The Official Solicitor to consider whether they are prepared to act as Litigation Friend for the Defendant.
Enfield Council proceeded to restore their Claim for Possession with Edmonton County Court on the 06 June 2019 which was granted by the court on the grounds that The Official Solicitor had responded to the request from Enfield Council.
Yesterday I received an email from my son's acting solicitors with the letters sent to the court to restore by Enfield Council and this is the reason I made the call to The Official Solicitor this morning. I felt it very concerning that I have never been contracted since the 8 March 2019 from The Official Solicitor or Enfield Council, yet The Official Solicitor stated to Enfield Council that I could act as Litigation Friend for my son.
This is what has been stated in the letter to the court to restore the court proceedings from Enfield Council for the Claim for Possession.
"We write to request that the proceedings be now restored. The Official Solicitor has responded to the request to act as Litigation Friend to the Defendant advising that they not so act instead the Defendant mother Mrs Cordell will act as Litigation Friend to the Defendant".
Could you please confirm via this email, what was stated to me this morning on the phone call I made, that there has never been any application to The Official Solicitor from Enfield Council regarding my son Mr Simon Cordell to act as a Litigation Friend in court proceedings for a Claim for Possession?

Resident Alterations and Improvements Policy

December 2014

www.enfield.gov.uk

ENFIELD Council

410,

1.0. Introduction

We encourage residents (secure tenants and leaseholders) to take pride in their home by making small scale improvements and alterations, where they wish to. This policy outlines:

Section 1-3:	Introduction, scope and legal framework
Section 4:	Definition of improvements
Section 5:	Types of works that will be considered
Section 6:	Our responsibilities
Section 7:	Residents' responsibilities
Section 8:	Circumstances where requests will be refused
Section 9:	Responsibility for future maintenance
Section 10:	Appeals
Section 11-12:	Unauthorised alterations or improvements and legal action
Section 13:	Removal of an alteration or improvement
Section 14-16:	How we will consider improvement compensation claims at the end of a tenancy for improvements that were approved
Section 17:	Equality and diversity
Section 18:	Health and safety

2.0 Scope

2.1 Secure tenants have a legal right to make alterations and improvements to their homes provided that they obtain written permission (and gain consent) before they carry out any works. Introductory tenants are not entitled to make alterations or improvements under this policy.

2.2. Leaseholders are entitled to make alterations in accordance with the terms and conditions of their lease, provided that they obtain written permission (and gain consent, where it is stipulated in the lease) before they carry out any works. For specific or more complex Leaseholder enquiries, please seek guidance from the Home Ownership Team.

3.0 Legal framework

3.1 The main areas of law that are relevant to this policy are:

- The Housing Act 1985 specifies that it should be a term of a secure tenants' tenancy that they obtain consent from their landlord for any improvements
- The terms and conditions of the Tenancy Agreement which outlines tenants' rights and responsibilities, and
- Leaseholder's rights to make alterations are governed by the terms of their lease
- The Housing Act 1985 which outlines the right to be compensated for certain improvements at the end of a tenancy provided the improvements were started on or after 1 April 1994. Prior to this date a discretionary compensation scheme was in operation.

- Planning Applications
- Building Regulations - The legislative framework of the 'Building Regulations' is principally made up of the Building Regulations 2010 and The Building (Approved Inspectors) Regulations 2010. Building Regulations cover procedural regulations that set out what kind of work needs Building Regulations approval and how that approval should be obtained and technical requirements that set the standards that should be achieved by the building work

4.0 Definition of improvements

4.1 "Improvements" are defined as "alterations in, or additions to, a property" including additions or alterations to the Landlord's fixtures and fittings, alterations to the services to the property, alterations or improvements which change the original floor plan of the dwelling, and the carrying out of external decorations.

4.2 Satellite dishes, wireless or television aerials are covered by a separate policy.

5.0 Types of works that will be considered

5.1 **We will NOT normally consider or give approval for structural alterations** (e.g. removing or altering walls, chimney breasts etc), **or changing the use of rooms, for example, changing a living room into a bedroom, kitchen into bedroom or switching bathroom/kitchen configurations or moving services**. All requests will be considered on an individual basis, but only after full scheme details, plans and/or drawings have been provided and where any necessary building approval consent or other relevant consents have been provided (see also application form at the end of this document).

5.2. Examples of works that would be assessed under this policy include, but are not limited to:

- Installing replacement windows or doors (e.g. in street properties).
- Building or removing a structure in your garden including a shed, greenhouse, wall or fencing.
- Adding or replacing kitchen units.
- Replacing a bathroom suite or installing additional sanitary ware.
- Felling of a tree in the garden (e.g. where it is a hazard)
- Installing a driveway or pavement crossing or greensward use
- Decorating the outside of the property
- Fitting of water pumps and changes of pipework within a Council block.
- Erection of fences, gates or boundary walls.

For the health and safety of all residents, under NO circumstances should residents undertake any work structural alterations or changes to services without our prior written consent.

412,

At all-time works should only be undertaken by appropriately qualified and professionally accredited trades people.

The above list is not exhaustive and is for guidance only. Each case will be assessed on its individual merits.

5.3 NOTE: Permission to lay hard flooring e.g. laminate flooring or tiles will be refused unless it is on the ground floor. Permission to lay ceramic flooring will be refused unless laid in a kitchen or bathroom that is not above a living room or bedroom.

6.0 Our responsibilities

6.1. It is our policy to be fair and consistent in considering requests made by tenants to carry out improvements and alterations to their homes. When making decisions we will consider any potential concerns for neighbouring homes and also protect its own interest in the property. All decisions will be confirmed in writing by a Tenancy Management Officer.

6.2. We will only consider applications after:

- All appropriate approvals/permissions have been obtained from the relevant department e.g. planning, building consent, listed buildings etc.
- Clearance of any rent arrears or other debts owed to, or collected by us, have been cleared.

6.3. We will attach reasonable conditions to any consent given. This may include:

- **An estimate of timescales** for completing the requested works e.g. in accordance with guidance provided by the planning department
- **Allowing access** for an inspection to the property (within 21 calendar days) after completing the works
- **A description of the quality of materials** that must be used in accordance with agreed specifications
- Works must be carried out by a **suitably qualified person/contractor**.
- Where requested by us **certificates/guarantees or warranties** must be provided e.g. Fensa certificate, GASsafe registration details etc
- **Complying with ALL relevant regulations** for carrying out the proposed works (See also section 7.2 below).

6.4. Where permission is refused we **will not** be liable for reimbursing residents for any charges/fees or for any other costs incurred.

6.5. We **will not** be liable for any loss or damage to any alterations carried out by the tenant with or without written permission/consent from us.

6.6. We **will not** assist with payment towards the cost of carrying out the improvement.

413,

6.7. Rent **will not** be reduced or altered as a result of any improvement; even if the improvements has had an effect on the value of the property *

6.8. We will aim to deal with claims for improvement compensation within 28 calendar days of an application being received and where all information is received from the tenant in order for a decision to be taken *.

6.9. Residents will be recharged for any repairs that we have to carry out if the repairs relate to, or arise from, alterations or improvements

6.10. Permission is not considered given until we receive signed and dated copies of all relevant scheme details, plans, designs, consents, letters or other necessary documents to make a decision.

6.11. At the end of a tenancy, we will consider claims for the outstanding value of any improvement made by residents who carried out improvements to their homes with our written consent.

7.0 Residents' responsibilities

7.1. Residents are responsible for requesting permission in writing and for obtaining consent in writing before beginning any works. Residents can use the application form to make a request. See end of document.

7.2. Residents are responsible for ensuring that any other permissions, approvals or licenses are obtained before beginning any works. Including:

- Building regulations
- Planning (including conservation areas)
- Listed building permissions
- Gas, electricity or water companies
- Consent to prune or fell a tree, where necessary

7.3. Residents are responsible for complying with all reasonable conditions attached to the written permission; failure to satisfy a reasonable condition will be treated as a breach of tenancy conditions and void any consent given.

7.4. Residents are responsible for paying any fees or charges that arise from seeking the appropriate permissions e.g. architect fees, planning application fees or tradesman costs.

7.5. Approved alterations to the property must be completed in a reasonable timescale, to an appropriate standard of workmanship and in accordance with other conditions contained in the written permission that are agreed.

* does not apply to leaseholders

7.6. All electrical work carried out at the premises, set out in the Electrical Regulation, January 2005, must be undertaken by a competent electrician and must carry a certificate of compliance as per the Electrical Regulations (BS7671) or any other regulations in force at the time of the request or as amended.

7.7. All works relating to the installation, removal or relocating of a gas appliance must be carried out by Gas SAFE registered engineer in accordance with Gas Safety (Installation and Use) Regulations 1998 (as amended).

7.8. All work on asbestos containing materials must be carried out by a suitably competent person, in accordance with the Control of Asbestos Regulations (CAR) 2006 (as amended).

7.9. All plumbing works must be carried out by a suitably qualified and competent plumber.

7.10. For certain works, residents may be required to submit relevant paperwork including:

- Specification for the full work that is planned
- Details of the contractor chosen to carry out the work. (Contractors must be suitably qualified for example registered with an appropriate trade body, insured to carry out the required work and VAT registered).
- Confirmation in writing from the planning authorities that planning permission is necessary and that it has been obtained where necessary
- Written proof that approval has been obtained where necessary from the local authority specifications for installations (e.g. central heating)
- Drawings and plans for structural work, prepared by a qualified surveyor or engineer
- Full details including plans, specifications, catalogue illustrations for supplies and materials e.g. kitchen units, replacement doors, FENSA certificates etc.

The above list is not exhaustive. Residents will be advised of any further requirements when their application is being considered.

7.11. If a tenant intends to restore or reinstate an existing fixture on the termination of their tenancy, the tenant must agree to store the original fixture in a safe and secure environment where it will not deteriorate.*

7.12. Residents are responsible for finding alternative accommodation, at their own expense, if they have to move out of their property during any works. Rent will be charged during any period where a tenant is required to move out*.

7.13. If we carry out any repairs that relate to, or arise from, alterations or improvements the tenant will be responsible for paying for any and/or all recharges.

*does not apply to leaseholders

8. 0. Circumstances where requests will be refused

8.1. Permissions will be refused if it is considered that the intended work:

- makes the property unsafe
- increases maintenance costs
- increases fire risks e.g. replacing fire resistant front doors, cupboard doors or other doors (e.g. hallway doors) in communal areas
- results in overcrowding
- reduces living space
- breaches planning, building or conservation area regulations
- does not comply with relevant regulations, health and safety etc .
- affects any work planned under a modernisation or improvement programme
- reduces the value of an our property
- appears unsightly or out of keeping with the character of the development or surroundings
- is likely to be a source of annoyance or disturbance to neighbours
- may result in making the property difficult to let in the future
- restricts access to service points such as stopcocks
- involves erecting security grilles on doors or windows
- adding, altering, moving (or removing) any gas, electrical or water services
- is to a property or block that has been identified for proposed regeneration
- is not in accordance with the principles of this policy.

The above list is not exhaustive and every request will be considered individually.

8.2. **IMPORTANT NOTE:** Security grilles pose a serious access risk (especially in the case of fire) and are prohibited from use on all our properties.

9.0. Responsibility for future maintenance

9.1. We will not be responsible for maintaining items that have been installed by residents e.g. shelving, fitted wardrobes and additional kitchen cupboards as these are regarded as being residents' fixtures.

9.2. At the end of their tenancy, residents will not be permitted to remove fixtures that are an essential feature of the structure or installations e.g. wiring.*

9.3. At the end of their tenancy residents may be instructed to reinstate the property to its original condition. The cost of this will be borne by the tenant.*

* does not apply to leaseholders

10.0. Appeals

10.1. If a tenant is dissatisfied with a condition set or a decision made by us, they MUST follow our published complaints procedure.

10.2. Residents can also appeal to the County Court (or the LVT in the case of leaseholders) if they feel that permission to make an improvement or alteration has been unreasonably withheld by us or the statutory improvement compensation offered is too low.* In determining whether permission has been unreasonably withheld, the County Court will have regard to the extent to which the improvement would be likely:

- To make the property, or any other premises less safe to occupiers
- To cause us to incur expenditure which it would be unlikely to incur if the improvement were not made, or
- To reduce the price that the property would realise if sold on the open market or the rent we would be able to charge on letting the property.

11.0. Unauthorised alterations or improvements

11.1. It is a tenancy and lease condition that permission must be obtained in writing before a tenant or leaseholder commences any improvement. If a resident carries out an improvement without obtaining written permission, we may grant retrospective permission subject to the resident making a written application within 28 days of being instructed to do so.

11.2. Further action may be taken if:

- The improvement has already been carried out and the tenant refuses to make an application
- The tenant is refused permission on application and does not reinstate the property to its original condition
- The quality of the workmanship or the materials used are below the required standard.

11.3. In these situations we may start legal action.

12.0. Legal action

12.1. If residents fail to comply with this policy we will take appropriate action including, but not limited to:

- Formal injunctive action
- Ending a tenancy by applying to the courts or forfeiting of the lease
- Ordering the removal of an improvement that is a breach of the tenancy or lease conditions
- seeking damages and recharges for any costs incurred

* does not apply to leaseholders

13.0. Removal of an alteration or improvement

13.1. We reserve the right to reinstate the property to its original condition if the improvement is unsafe or causing damage to the structure of the property, or any adjoining property. We will seek legal advice before taking this action. Any costs incurred in reinstating the property will be recharged to the tenant.

13.2. If appropriate, if we have to remove and dispose of any equipment or materials from a property, the tenant will be recharged for any costs incurred.

13.3. Further works carried out by us to rectify problems caused by resident or leaseholder improvements will be recharged to residents or leaseholders.

14.0. Compensation for Tenants' Improvements*

14.1. When their tenancy ends, most council tenants have a right to claim compensation for certain improvements that they have carried out. A summary of the scheme is as follows:

- The scheme compensates tenants who have carried out improvements on or after 1 April 1994 but leave before they have gained full benefit from their investment.
- We **must** have granted permission for the improvement, this includes retrospective consent.
- Compensation is only paid for eligible improvements (see item 7.2) when the tenancy ends.
- The tenant must be a secure tenant at the time of the claim.
- Tenants who exercise the right to buy are **not** eligible as tenants own improvements are taken into account when carrying out the valuation.
- Tenants who lose their tenancy under a court order are **not** eligible.
- Claims can be made up to 28 calendar days before the tenancy ends or 14 calendar days after the tenancy end date. All claims must be made in writing.
- Invoices are required for materials and labour. The tenants' own labour costs are not eligible. There is no compensation for planning or professional fees.
- There is a lower limit of £50.00 and an upper limit of £3,000 for compensation payable.
- Any payment due under this scheme can be offset against any arrears, including former tenant and secondary account debts.
- Tenants who are able to remove the improvement at the end of their tenancy and reinstate the original or return the area to its original state are **not** eligible to receive compensation

*does not apply to leaseholders

15.0. List of eligible improvements (Section 15 and 16 below does not apply to leaseholders)

15.1. The following table lists the improvements that tenants can make to their homes at their own cost for which compensation can be claimed at the end of the tenancy. The list also states their average notional life. The improvements may only be made where they do not already exist; and they will not be eligible for compensation if they are carried out as part a scheduled programme of works carried out by us.

Eligible Improvements Note: **Notional life** is taken from the DCLG revised guidance: A Better Deal for Tenants (2007) **Eligible improvement**	**Notional Life**
Bath, shower, wash-hand basin, toilet	12 years
Kitchen sink and work surfaces for food preparation	10 years
Storage cupboards in bathroom or kitchen	10 years
Central heating, hot water boilers and other types of heating	12 years
Thermostatic radiator valves	7 years
Insulation of pipes, water tank or cylinder	10 years
Loft and cavity wall insulation	20 years
Draught proofing external doors or windows	5 years
Double glazing or other external window replacement or secondary glazing	20 years
Rewiring or the provision of power and lighting or other electrical fittings (including smoke detectors)	15 years
Security measures (excluding burglar alarms)	10 years

16.0. Calculation of Improvement Compensation

16.1. The amount of compensation payable for an eligible improvement is calculated according to the following formula which takes into account wear and tear and depreciation:

C x [1 – (Y/N)] where:

C = the cost of the improvement.

Y = the age of the improvement in whole years, rounded up.

N = the notional life of the improvement.

For example, kitchen cupboards installed 6 years ago at a cost of £1,000 have a notional life of 10 years. Therefore:

divide 6(Y) by 10(N) = 0.6

1 minus 0.6 = 0.4

Then multiply 1,000 by 0.4 = 400.

Therefore the tenant would be reimbursed with £400

17.0. Equality and Diversity

17.1. We will implement this policy fairly and equally and in accordance with the Equality Act 2010 (as amended).

17.2. Applications from households with disabled residents will be agreed wherever possible subject to planning and building control regulations and providing the proposed alterations do not have an adverse effect on other residents.

18.0. Health and Safety

18.1. When considering a request to make an alteration or improvement to a property the Technical Officers must take into account the health and safety implications of the proposed works. We will use the legal powers available to ensure unauthorised alterations that pose a risk to health and safety are reinstated or removed as quickly as possible.

19.0. Review Period

19.1. This policy will be reviewed every 3 years or as necessary to ensure it is kept up to date with changes in legislation, best practice or changes in service delivery.

Standard conditions for resident alterations

We will allow residents to undertake improvements to their property, provided the guidelines and conditions outlined below are strictly adhered to. Before completing an application form you must read our Policy on resident alterations very carefully and agree to be bound by it.

General conditions and guidelines

1. Before we can grant permission for works you propose to carry out, an application form must be completed and forwarded together with any plans, drawings, schedules of work and a signed copy of these conditions. You must obtain written approval from us prior to commencing any improvement works and keep all guarantees/warranties, and forward these or copies to us on completion of works.

2. Unless otherwise agreed, in writing by us, the total cost of the work and related expenses are to be met by you as the tenant of the property.

3. You must advise your Tenancy Management Officer when works are due to commence and when works are completed in order that we may inspect the works. You MUST provide access for us to inspect the works within 21 calendar days of completion of the works or when otherwise requested by us.

4. Any Contractors you employ must be suitably qualified and members of their respective trade organisation and hold a current Public Liability insurance policy. The manufacturer or contractor should provide a guarantee for some improvements.

5. You must ensure that the appropriate statutory authorities are involved where necessary:
   - Where planning permission or building regulation approval is required before undertaking some works, the approval/certificate must be sent to us before we can give our written permission for the work to be carried out.
   - Notices may need to be served on the gas, electricity and water and sewerage companies. If required, we will need to see proof of these notices before giving consent for works to go ahead. Any conditions required by these statutory or responsible authorities MUST be met.

6. In carrying out the works, you will be required to ensure:

   a) That if there are common parts to the building, they must be protected and clear of obstruction. After the works have been completed, common parts should be cleaned and free from dust.

   b) That any damage caused during the works are notified and put right at your expense. You will be liable for any claims of damage from a third party.

   c) You should notify all neighbours likely to be affected by the works and take all possible steps to minimise inconvenience, noise and nuisance to them. In particular no work should be undertaken during the hours of 10pm and 8 a.m. Noisy operations which may disturb others should only be undertaken between the hours of 9am – 5 pm Monday to Friday and Saturday mornings.

   d) Where works necessitate the interruption of services to neighbours, i.e. temporary disconnection of gas, water and electricity, mutually satisfactory arrangements must be made with them beforehand and notified to us in writing.

   e) Access is available for us to inspect works. **To encourage applications, no fee is payable for any inspections or re-inspections**. Should conditions not be met and/or the works are not progressing in a satisfactory manner, we reserve the right to order the works be stopped.

7. In making any application to carry out an alteration, you are required to sign or acknowledge the copy of these conditions and return it to us.

Frequently Asked Questions (FAQs)

This FAQ will be maintained on a rolling basis as staff raise queries or where clarification is required on any aspects of the policy and procedure. FAQS should be directed to the Business Improvement Team.

1. **Should residents contact Council Housing before they contact other council services to get any planning permission or other consents?**
   Staff should encourage residents to contact their landlord/freeholder before applying for any formal planning permission/consents. As the landlord/freeholder, we can provide informal advice to residents on whether any structure/alteration/improvement is likely to get consent from us (as required under all residents' tenancy agreements and/or lease agreements and the new Resident Alterations and Improvement Policy). If a resident applies for and gains building control/planning permission from our Planning Department, that does not necessarily mean that we as the freeholder would grant permission. Conversely, where an alteration/improvement application is made to us first, if the alteration/improvement requires building control/planning consent, we may withhold or refuse our permission where it is obvious that a building/planning or other type of consent is first required before we make our decision. To assist residents and to avoid residents incurring abortive building/planning costs, it is good practice for staff to encourage residents to contact us first about any proposed alteration/improvement application. (24/2/15)

2. **Is there a charge of £45.00 for alteration/improvements inspections?**
   There is NO charge for surveyor inspections or re-inspections directly related to making an alteration and improvement application (see bullet (e) on the application form). This is to encourage residents to make applications to us. However, there are still charges for other types of inspections (e.g. Leaks or complaints from residents that need to be investigated and which require surveyor time), which are not directly related to making an application for alterations/improvements. (24/2/15).

3. **Should residents complete additional application forms if there is more than one alteration/improvement that is planned?**
   Additional application forms can be completed where there is more than one (or additional alteration/improvements) and which require individual planning/building consent. Officers should ensure residents are advised to complete and return a second application form where there is more than one significant alteration/improvement. Each case should be assessed on its individual merits/circumstances and advice offered accordingly. (24/2/15).

4. **Where should alteration/improvement cases be logged and tracked?**
   All alteration/improvement cases that are identified should be logged on the central alterations and improvements spreadsheet which is on the s drive. This is maintained by Housing Managers. Staff should also ensure that individual correspondence is maintained locally for audit purposes on individual resident records (e.g. using Northgate and Iclipse).

Dear Sir / Madam,

Re: LB Enfield v Simon Cordell Claim NO: F00ED222 Hearing: 12 December 2019 at 2pm t/e 20 mins at Edmonton County Court

We write further in this case. We would be grateful if you could advise us on whether you are still instructed by Mr Cordell.

The possession claim is listed for a direction's hearing on 12 December 2019.

We write to advise you that we are instructed to discontinue the claim on the basis that each party bears their own costs as there have been no recent incidents of antisocial behaviour. The situation will be monitored but for the time being it is not this authority's intention to proceed with the possession claim.

We request that you seek instructions and revert to us as soon as possible so that a suitable worded consent order maybe agreed.

Yours faithfully,

Kulwinder Johal,

Dear Mr Cordell

RE: Your Housing Possession Matter

Please find enclosed a letter dated 21 October 2019 from the London Borough of Enfield confirming that they do not wish to proceed with the case to evict you. This is good news.

Please do bear in mind that a new case can be started if the Council find that there are fresh complaints in the future.

We will shortly begin to agree terms of a consent order to formally terminate the case at the Courts. Thereafter we shall close the case. If you have any questions please get in touch.

Yours faithfully

Dear Sir / Madam,

Re: LB Enfield v Simon Cordell Claim NO: F00ED222 Hearing: 12 December 2019 at 2pm t/e 20 mins at Edmonton County Court

We write further in this case. We would be grateful if you could advise us on whether you are still instructed by Mr Cordell.

The possession claim is listed for a direction's hearing on 12 December 2019.

We write to advise you that we are instructed to discontinue the claim on the basis that each party bears their own costs as there have been no recent incidents of antisocial behaviour. The situation will be monitored but for the time being it is not this authority's intention to proceed with the possession claim.

We request that you seek instructions and revert to us as soon as possible so that a suitable worded consent order maybe agreed.

Yours faithfully,

Kulwinder Johal,

Dear Mr Cordell

RE: Your Housing Possession Matter

Please find enclosed a letter dated 21 October 2019 from the London Borough of Enfield confirming that they do not wish to proceed with the case to evict you. This is good news.

Please do bear in mind that a new case can be started if the Council find that there are fresh complaints in the future.

We will shortly begin to agree terms of a consent order to formally terminate the case at the Courts. Thereafter we shall close the case. If you have any questions please get in touch.

Yours faithfully

Dear Ronak
Can you please explain what a consent order is and what will be in this consent order, and can we be supplied a copy of it before it goes to the court?
My son is really unhappy regarding the way in which he has been treated by Enfield Council and the lies in which they have told about him and the way in which they have made him suffered and the fact that they could just start this backup at any time they want.
He said it seems funny that the neighbours that caused all these issues and put in all the complaints and Enfield Council believed 100% without once looking or seeing any evidence my son had and we offered that many times but no Enfield Council just did what they wanted and my son was suffering badly and had to deal with 4 cases against him which Enfield Council took. It seems funny now that the neighbours got what they wanted and was moved now Enfield Council does not have any complaints to still want to take this to court.
Could it be maybe that Enfield Council can't get them to come to court as witnesses now they have got what they want. My son does not feel safe in that flat the court ordered them to move my son on the 09/08/2019 yet Enfield Council done nothing and left him to suffer and my son is still there.
Seems Enfield Council can just get away with what they have done to my son, start a case when they want to and end it will they want to is there a way that it can be asked at court that Enfield Council cannot bring a new case with the same information in it as what's in it know they have put the same information in 3 court cases and I believe they should not be allowed to be able to use it again and again whenever they want.
My son feels he should just go to court and have this dealt with once and for all, but that could lead to my son losing his home and that should not be allowed.

What you need to understand what he is trying to say, which you just seem to think he is going against you is.

- Enfield Council started this case and it does not matter what you say Enfield Council has the right to withdraw the case whenever they want, and for whatever reason they want, and you cannot do anything about that.

Good morning, Lorraine,

Thank you for your email,

Unfortunately, the Household Enquiry Form is dispatched to every address in the borough and address to 'The Occupier' in case people have moved in/out. We would not be able to send this or any other forms within the nature of electoral services to yourself in order to complete for your son.

As you have confirmed he is the sole occupant and I have managed to check this against local sources, I have now taken the no change response and he will not be required to complete that form and I can assure you he will not be fined.

Apologies for any distress caused,

Kind regards,

To Whom It May Concern:

I am writing this email for my son Mr Simon Cordell he lives at 109 Burncroft Ave Enfield EN3 7JQ.

Enfield Council knows my son has health issues and everything that is sent to him should be sent to me so I can deal with it, this is on Enfield Councils system, and I know he would have been sent a form to register which he is meant to fill in or he can be fined.

I do not have the form in which to deal with this and do not want my son to be fined due to not filling the form in.

452,
My son is the only person who lives at the above address.
Could someone please get back to me in order that I can deal with this for my son as soon as possible?
Regards

  59. An Email from my solicitor: Ronak Ahmed. - "Thank you for your email dated 28 October 2019. You state "But I do think this is wrong that Enfield Council has put this on my son when Enfield Council know at this point no-one has been appointed for Simon by the court to act in his best interest. Enfield Council is well aware as it has been stated in their application that my son lacks capacity to litigate and give appropriate instructions in his defence.". We cannot file a defence as the claim is being terminated. If the case had continued, then we would have had to prepare and file a Defence after the hearing in December 2019 - this is what I was expecting to occur. I have let the Legal Aid Agency know of the Council's offer to discontinue the claim. I will telephone Simon Cordell in the next day or so (unless you come back to me first) and ask again if he has changed his mind. The Agency are likely to terminate funding given the offer received. I will then let the Council's lawyer know of the decision of Simon. If the claim is not agreed to be terminated, then at the next hearing the Judge will dismiss the Claim - as the Council want. So, by Simon refusing to agree to terminate, all that is occurring is that the Council is being forced to attend the next hearing. You also state in your above email "If Enfield Council have instructed their solicitors to discontinue, they should just do this, and not put costs first over welfare knowing no one has been appointed for Simon by the court at this stage." This is not correct - if the Council wishes to end the Claim, they have to obtain the Defendant's consent or the permission of the Court (The Council cannot just end the Claim). The latter option costs money as you can appreciate in court fees etc. Therefore, the Council wants an agreement to be reached without a court hearing or having to ask the Court to end the claim- it is the

cheaper option. I would be grateful if you could explain this point to Simon the best you can."

Good afternoon

Thank you for your email dated 28 October 2019. You state "But I do think this is wrong that Enfield Council has put this on my son when Enfield Council know at this point no-one has been appointed for Simon by the court to act in his best interest. Enfield Council is well aware as it has been stated in their application that my son lacks capacity to litigate and give appropriate instructions in his defence.". We cannot file a defence as the claim is being terminated. If the case had continued, then we would have had to prepare and file a Defence after the hearing in December 2019 - this is what I was expecting to occur.

I have let the Legal Aid Agency know of the Council's offer to discontinue the claim. I will telephone Simon Cordell in the next day or so (unless you come back to me first) and ask again if he has changed his mind. The Agency are likely to terminate funding given the offer received. I will then let the Council's lawyer know of the decision of Simon. If the claim is not agreed to be terminated, then at the next hearing the Judge will dismiss the Claim - as the Council want. So, by Simon refusing to agree to terminate, all that is occurring is that the Council is being forced to attend the next hearing.

You also state in your above email "If Enfield Council have instructed their solicitors to discontinue, they should just do this, and not put costs first over welfare knowing no one has been appointed for Simon by the court at this stage." This is not correct - if the Council wishes to end the Claim, they have to obtain the Defendant's consent or the permission of the Court (The Council cannot just end the Claim). The latter option costs money as you can appreciate in court fees etc. Therefore, the Council wants an agreement to be reached without a court hearing or having to ask the Court to end the claim- it is the cheaper option.

I would be grateful if you could explain this point to Simon the best you can.

Kind regards

Mr. Ronak Ahmed LL. B, LL.M

Dear Mr Cordell
RE: Your Housing Possession Matter
Please find enclosed a letter dated 5 November 2019 sent to the London Borough of Enfield confirming that you do not agree to their proposal to withdraw the claim. Additionally, we have informed the Legal Aid Agency of the offer made by the Council and it is likely that they will withdraw the Public Funding shortly as they will consider that further costs are not justified.
We did leave a voicemail for you on 1 Nov 2019 at 16:16 to see if you had changed your mind after calming down but to date you have not contacted us back. You may recall that the previous telephone conversation was terminated abruptly due to your conduct.
Yours faithfully

Dear Sirs
RE: LB Enfield v Simon Cordell CLAIM: F00ED222
Further to recent telephone conversations, we can confirm that we have conveyed the contents of your letter dated 21 October 2019 to both our client and his mother. We remind you that our client suffers from serious mental health issues and there is currently no litigation friend appointed which places us in difficulties in relation to disposing of this matter.

Our client has instructed us that he does not agree to the terms as stipulated in your above letter. The reason for this is that our client feels a great injustice has been inflicted upon him due to the false allegations founding the current claim and by it being discontinued, our Client is being deprived of his day in court.
As discussed, you may file a notice of discontinuance to the Court immediately or wait until the hearing on 12 December 2019 and ask the Court to dismiss the Claim. Should Public Funding be terminated, please note that we will not attend that hearing but is it likely that our client will attend.

Re: SIMON CORDELL
We refer to the client's Legal Aid certificate, which was issued on 15/02/2019.
The certificate was placed under review on 20/11/2019 for the following reasons:

- Your case has been reviewed in the light of an offer to discontinue pursuit of the claim by the claimant. It is therefore unreasonable for further funding to be given by civil legal aid under the relevant Funding Code criteria or the equivalent regulations under the Legal Aid, Sentencing & Punishment of Offenders Act 2012.

You are entitled to reply to this certificate embargo with your reasons as to why you feel legal aid funding should continue. Please be advised that, if no reply is received within 21 days, a decision will be made as to whether the certificate should be discharged.
Any work undertaken after the review date will not be covered under your certificate, unless we decide that this can continue.
If you think Legal Aid should continue, please contact us within 14 days of the date of this letter to provide full reasons. Please note that if you do not take the action required within this time the certificate will be discharged.
We have written to the client separately to advise them.
If you have any questions or queries, please do not hesitate to contact us. Details can be found at the top of this letter.

Yours faithfully,
472,

Dear Sir / Madam,

Re: LB Enfield v Simon Cordell Claim NO: F00ED222 Hearing: 12 December 2019 at 2pm t/e 20 mins at Edmonton County Court

We write further in this case. We would be grateful if you could advise us on whether you are still instructed by Mr Cordell.

The possession claim is listed for a direction's hearing on 12 December 2019.

We write to advise you that we are instructed to discontinue the claim on the basis that each party bears their own costs as there have been no recent incidents of antisocial behaviour. The situation will be monitored but for the time being it is not this authority's intention to proceed with the possession claim.

We request that you seek instructions and revert to us as soon as possible so that a suitable worded consent order maybe agreed.

Yours faithfully,

Kulwinder Johal,

Dear Mr Cordell

RE: Your Housing Possession Matter

Please find enclosed a letter dated 21 October 2019 from the London Borough of Enfield confirming that they do not wish to proceed with the case to evict you. This is good news.

Please do bear in mind that a new case can be started if the Council find that there are fresh complaints in the future.

We will shortly begin to agree terms of a consent order to formally terminate the case at the Courts. Thereafter we shall close the case. If you have any questions please get in touch.

Yours faithfully

To Whom It May Concern:
Re: SIMON CORDELL
We refer to the client's Legal Aid certificate, which was issued on 15/02/2019.
The certificate was placed under review on 20/11/2019 for the following reasons:
• Your case has been reviewed in the light of an offer to discontinue pursuit of the claim by the claimant. It is therefore unreasonable for further funding to be given by civil legal aid under the relevant Funding Code criteria or the equivalent regulations under the Legal Aid, Sentencing & Punishment of Offenders Act 2012.
You are entitled to reply to this certificate embargo with your reasons as to why you feel legal aid funding should continue. Please be advised that, if no reply is received within 21 days, a decision will be made as to whether the certificate should be discharged.
Any work undertaken after the review date will not be covered under your certificate, unless we decide that this can continue.
If you think Legal Aid should continue, please contact us within 14 days of the date of this letter to provide full reasons. Please note that if you do not take the action required within this time the certificate will be discharged.
We have written to the client separately to advise them.
If you have any questions or queries, please do not hesitate to contact us. Details can be found at the top of this letter.
Yours faithfully,

**** IMPORTANT NOTICE ON EMAIL COMMUNICATIONS ****
Thank you for your email, which has been received by the court. Depending on the nature of your email you may receive a response via email or post.
What documents can be sent by email?
You can send all letters and documents relevant to the case including adoption cases. However, due to the sensitive nature of adoption work the court will only send emails to **secure email accounts**. **If a hard copy of a document has been filed at court by DX or Post, an electronic copy should not be sent. As yet please note** that court bundles are **not** part of this process and will not be printed.
For more information regarding e-mails please go to the following
http://www.justice.gov.uk/courts/email-guidance What is a secure email account?
An email account is considered secure when security measures are in place to make sure the data in the email can't be accessed by users without the relevant approval. Any account that ends in the following is considered secured: gsi, pnn, gsx, gcsx, gse, cjsm, and nhs.net.
What emails will HMCTS accept?

To make sure we operate this service as efficiently and effectively as possible there are exemptions.

All Civil and Family process, applications and documents will be accepted by email as long as when the entire email is printed out it is not more than 50 pages. This should include the email, all attachments (including any documents embedded in another) and enough copies to serve on required parties.

Please note that:

- A page is one side, so 50 pages equals 25 pieces of paper printed on both sides.
- Do not use more than one email to take any step in a case which requires a document or documents to be filed.

DOCUMENTS FOR HEARINGS IN ACCORDANCE WITH CIVIL PROCEDURE RULES PD, 5B.2. FAMILY PROCEDURE RULE PD 5B

You have received an order to attend court for a hearing.

It would greatly assist the court staff if you could ensure documents you file into court have a hearing date endorsed on the covering letter, paperwork, or email.

This will then enable the court staff to identify the document is placed on file in readiness for the hearing.

Please note, if the court is unaware of the pending hearing, when you file your documents, this may result in the document not reaching the court file in time for the hearing.

Can processes that carry a fee be sent by email?

In both Civil and Family cases court processes that carry a fee can also be received by email and processed by court staff. However, the same conditions as above must apply and in addition the party issuing the process must either quote a Fee Account number, or the party who wants to pay has a valid credit or debit card. If you wish to pay using this method, please say this on the

B,

email and include a contact number for the Court to contact you to take payment.

What is Fee Account?

This is a Direct Debit function that is quick, safe, and easy to use. It is available for solicitors and large organisations. Once you have set up an account all you need is to provide your fee account number within the body of the email. The fee will then be deducted from your account. For more information and to apply for Fee Account please visit www.justice.gov.uk/courts/fees/payment-by-account**.**

Any document submitted that breaches any of the above terms will remain unprocessed. This is in line with Court Practice Directions 5BPD.1 - 5BPD.9.3.

When you email the court **the subject line of your mail must contain** (in the following order): -

- The claim numbers
- The title of the claim (abbreviated if necessary) **
- The subject matter (e.g. defence)
- If relating to a hearing the date and time of hearing **in bold black**
- The judge's name, where the correspondence/document is for their attention

**If your email is in relation to a family matter, please refer to the initials only.

Your message should also contain the **name, telephone number and email address of the sender.** Correspondence and documents may be sent as either text or attachments. Where there is a practice form, it must be sent in that form by attachment. The complete email (including any attachment(s)) **must not exceed 10Mb.**

The rest of this automated message provides information that customers often find useful.

I was forwarded a court order dated the 09/12/2019 from Edmonton Country Court, heard on the 06/12/2019.

Can you please forward this consent order over via this email ASAP as we have never seen it yet alone agreed to it or signed it? As you will be aware, no consent order has been agreed upon or signed, so how has the court been sent a consent order by you?

**** IMPORTANT NOTICE ON EMAIL COMMUNICATIONS ****

Thank you for your email, which has been received by the court. Depending on the nature of your email you may receive a response via email or post.

What documents can be sent by email?

You can send all letters and documents relevant to the case including adoption cases. However, due to the sensitive nature of adoption work the court will only send emails to **secure email accounts**. **If a hard copy of a document has been filed at court by DX or Post, an electronic copy should not be sent. As yet please note** that court bundles are **not** part of this process and will not be printed.

For more information regarding e-mails please go to the following

http://www.justice.gov.uk/courts/email-guidance What is a secure email account?

An email account is considered secure when security measures are in place to make sure the data in the email can't be accessed by users without the relevant approval. Any account that ends in the following is considered secured: gsi, pnn, gsx, gcsx, gse, cjsm, and nhs.net.

What emails will HMCTS accept?

To make sure we operate this service as efficiently and effectively as possible there are exemptions.

All Civil and Family process, applications and documents will be accepted by email as long as when the entire email is printed out it is not more than 50 pages. This should include the email, all attachments (including any documents embedded in another) and enough copies to serve on required parties.

Please note that:

- A page is one side, so 50 pages equals 25 pieces of paper printed on both sides.
- Do not use more than one email to take any step in a case which requires a document or documents to be filed.

DOCUMENTS FOR HEARINGS IN ACCORDANCE WITH CIVIL PROCEDURE RULES PD, 5B.2. FAMILY PROCEDURE RULE PD 5B

You have received an order to attend court for a hearing.

It would greatly assist the court staff if you could ensure documents you file into court have a hearing date endorsed on the covering letter, paperwork or email.

This will then enable the court staff to identify the document is placed on file in readiness for the hearing.

Please note, if the court is unaware of the pending hearing, when you file your documents, this may result in the document not reaching the court file in time for the hearing.

Can processes that carry a fee be sent by email?

In both Civil and Family cases court processes that carry a fee can also be received by email and processed by court staff. However, the same conditions as above must apply and in addition the party issuing the process must either quote a Fee Account number, or the party who wants to pay has a valid credit or debit card. If you wish to pay using this method, please say this on the

497,

email and include a contact number for the Court to contact you to take payment.

What is Fee Account?

This is a Direct Debit function that is quick, safe and easy to use. It is available for solicitors and large organisations. Once you have set up an account all you need is to provide your fee account number within the body of the email. The fee will then be deducted from your account. For more information and to apply for Fee Account please visit www.justice.gov.uk/courts/fees/payment-by-account**.**

Any document submitted that breaches any of the above terms will remain unprocessed. This is in line with Court Practice Directions 5BPD.1 - 5BPD.9.3.
When you email the court **the subject line of your mail must contain** (in the following order): -

- The claim numbers
- The title of the claim (abbreviated if necessary) **
- The subject matter (e.g., defence)
- If relating to a hearing the date and time of hearing **in bold black**
- The judge's name, where the correspondence/document is for their attention

**If your email is in relation to a family matter, please refer to the initials only.
Your message should also contain the **name, telephone number and email address of the sender.** Correspondence and documents may be sent as either text or attachments. Where there is a practice form, it must be sent in that form by attachment. The complete email (including any attachment(s)) **must not exceed 10Mb.**
The rest of this automated message provides information that customers often find useful.

Subject: RE: Simon Cordell Claim Number FOOED222
Dear Kulwinder Johal
I am writing this email with regard to a telephone call that I received tonight from my son Mr Simon Cordell solicitor, Tyrer Roxburgh Solicitors.
506,
I was forwarded a court order dated the 09/12/2019 from Edmonton Country Court, heard on the 06/12/2019.
It would seem that Edmonton Country Court received a consent order at the court on the 5 th December 2019, and Deputy District Judge Brown made a court order on the 06/12/2019.
Can you please forward this consent order over via this email ASAP as we have never seen it yet alone agreed to it or signed it? As you will be aware, no consent order has been agreed upon or signed, so how has the court been sent a consent order by you?
Regards Lorraine Cordell

- **Complaint: Fraudulent Consent Order in Claim Number FOOED222:**
- 11th December 2019

To Whom It May Concern:
I am writing this email after I got a call from my son's Mr Simon Cordell's solicitor, Tyrer Roxburgh Solicitors at around 17:20 hours on the 11thDecember 2019. The solicitors are no longer acting due to legal aid being removed, which The Mayor and Burgesses of the London Borough of Enfield are already aware of due to being told via my son's solicitors.
I was informed that they had received a Court order today the 11th December 2019 regarding the hearing, which was listed for 12th December 2019 at 2pm at the County Court at Edmonton, under Claim Number FOOED222.
It would seem that The Mayor and Burgesses of the London Borough of Enfield has contacted the court via letter and a court order has been made on their behalf via Deputy District Judge Brown on the 06th December 2019. Please see attached Court Order.
The Mayor and Burgesses of the London Borough of Enfield sent a Consent Order received by the Court on 5th December 2019, and this is how Deputy District Judge Brown made the court order on the 06th December 2019.
I am upset regarding this Court Order, It is my believe a Consent Order would need to be signed and agreed by all parties, in the Claim Number FOOED222, this has not happened therefore I believe it is a Fraudulent Consent Order that has been submitted to the court, which was never agreed to or signed.
I know my son Mr Simon Cordell also his solicitor Tyrer Roxburgh Solicitors have not signed and agreed to any Consent Order for Claim Number FOOED222.

So how has, The Mayor and Burgesses of the London Borough of Enfield sent a Consent Order to the court, which was received by the Court on 5th December 2019. Then a court order made from this Consent Order when only one party has signed it, no agreement made by the parties involved in
988
515,
this case. It is me believe it is the rule of law that all parties have to agree and sign a Consent Order for the court to be able to accept it.
Neither my son nor his solicitors Tyrer Roxburgh Solicitors have seen this Consent Order so could the court please forward it to this email as soon as possible.
Also, within the Court order dated the 09th December 2019, Deputy District Judge Brown has allowed the Claim Number FOOED222 to be adjourned generally with liberty to restore. There is no date set by the court by which time The Mayor and Burgesses of the London Borough of Enfield would need to restore this case, so in fact no End date for this Claim Number FOOED222 it would seem it is an unlimited case with no time limited set by the court.
How can this be allowed so by no date being placed on the court order, The Mayor and Burgesses of the London Borough of Enfield can wait five or Ten years or a lifetime and then decide to being this case back to court whenever they wish to do so.
This is not acceptable by any means, and would never have been agreed, I do not understand how a court could allow this.
My son is unwell which the court is aware, and to have this hanging over his head for the rest of his life I believe is unlawful and would make my son's health worse, knowing whenever they want, they can bring this case up again for the rest of his life.
District Judge Das warned The Mayor and Burgesses of the London Borough of Enfield about bring a Possession claim on the 09/08/2018. Yet all The Mayor and Burgesses of the London Borough of Enfield did was wait some months and then submitted the Possession claim to the court. Moreover, failed to comply with District Judge Das court order dated 09/08/2018.
The Mayor and Burgesses of the London Borough of Enfield acting solicitors wrote to my son's solicitors Tyrer Roxburgh Solicitors the letter was dated 21/10/2019. The Mayor and Burgesses of the London Borough of Enfield had instructed their acting solicitors to discontinue the claim on the basis that each party bears their own costs. In addition, that could my son's acting solicitors Tyrer Roxburgh Solicitors contact them as soon as possible so a suitable worded consent order maybe agreed.
The Mayor and Burgesses of the London Borough of Enfield would know my son is unwell and that someone should have been placed to act in his best interest, this is listed on court orders, from
988
516,
the court. This was due to happen on the 12thDecember 2019 hearing which Deputy District Judge Brown has now vacated.
This is not the first time The Mayor and Burgesses of the London Borough of Enfield has submitted a draft court order, which was not agreed. The Mayor and Burgesses of the London Borough of Enfield have had my son in the County Court at Edmonton three times different Claim Numbers for the same said alleged allegations, since 2017. The last case was dismissed, and The Mayor and Burgesses of the London Borough of Enfield are in breach of that court order. The Mayor and Burgesses of the London Borough of Enfield was meant to have moved my son yet have not; District Judge Das made this court order on the 09/08/2018.

My son has had no input regarding this court order dated 09th December 2019 that has been made, under a consent order via Deputy District Judge Brown.
Therefore, I am asking for the court order dated the 09thDecember 2019 is Set Aside in Claim Number FOOED222.
The court will have on file I Miss Lorraine Cordell has been trying to deal with cases for my son Mr Simon Cordell and this will be on record at the court. Since legal Aid has been withdrawn and The Mayor and Burgesses of the London Borough of Enfield know this fact, I have been left to write this letter and try to deal with this serious matter.
I would also request to see the complete file on demand in Claim Number FOOED222 and this is my demand. I will attend the court as soon as a date is set to see the complete case file. This to be as soon as possible as I believe this cannot wait. In addition, we have not agreed to anything that The Mayor and Burgesses of the London Borough of Enfield have submitted to the court, and I would like this addressed.
I wait to hear from you regarding this most serious matter.
Regards
Miss Lorraine Cordell on behalf of Mr. Simon Cordell

Dear Kulwinder Johal
I know you have read the below email so cannot understand why you have not replied and sent over the letter sent to the court which they received on the 05/12/2019 and deemed it to be a consent order.
I have just made a call to Tyrer Roxburgh Solicitors who are no longer dealing with this case as legal aid was withdrawn which you will be aware of.
Mr Ahmed is on leave so I have asked Sean Shanmuganathan to call me back, as he is the one who called me last night to explain regarding the court order which was received in their office on the 11/12/2019 which he forwarded me the court order over via my email last night.
520,
I do not understand why you are not sending me the letter, which was sent to the court for this court order to be made up.
Could you please forward me the letter sent to the court? You did ask me on the phone call we had this morning you would need an Authority letter which you have had so there is no reason the letter cannot be sent to me, as you have had what you asked for.
In addition, can you please forward it to Sean Shanmuganathan sean@tyrerroxburgh.co.uk as he does know about my son's case and the letter can then be added to their file, as Mr Ahmed is on leave, he will not be able to deal with this until his return. I have CC in both Mr Ahmed and Sean Shanmuganathan all the emails.
Could this matter please be addressed as a matter of urgency?

As you will already be aware Legal Aid funding has been withdrawn from this case, as you stated in your in your letter dated the 21/10/2019 to Mr Ahmed, you had been instructed to discontinue the claim from your clients Enfield Council, so Mr Ahmed is no longer dealing with this matter.
You have had the letter of Authority, which you asked for on the phone today and received this, which has been confirmed in your below email. However, there has always been Authority on Enfield Councils systems for me to address matters for my son, Mr Simon Cordell.
I would like to see the letter that that has been sent to the court which the court received on the 05/12/2019, which the court has deemed as a consent order for claim number FOOED222. No consent order has been agreed or signed, so I cannot understand how Edmonton Country Court, more so a judge has deemed you letter as a consent order, which is stated in the court order dated 06/12/2019.
Also, there is a large issue your client Enfield Council instructed you for this claim to be discontinue, I will state the court order is far from being discontinue as you have it would seem instructed the court for it to be adjourned generally with liberty to restore this is far from what your clients asked to be done on this case.

It would seem that Edmonton Country Court received a consent order at the court on the 5 th December 2019, and Deputy District Judge Brown made a court order on the 06/12/2019.
526,
Can you please forward this consent order over via this email ASAP as we have never seen it yet alone agreed to it or signed it?
As you will be aware, no consent order has been agreed upon or signed, so how has the court been sent a consent order by you?
Regards
Lorraine Cordell

RE: FOOED222 Enfield Council V Simon Cordell->Claim Number FOOED222 11-12-2019.pdf

- Complaint: Fraudulent Consent Order in Claim Number FOOED222:
- 11th December 2019

To Whom It May Concern:
I am writing this email after I got a call from my son's Mr Simon Cordell's solicitor, Tyrer Roxburgh Solicitors at around 17:20 hours on the 11thDecember 2019. The solicitors are no longer acting due to legal aid being removed, which The Mayor and Burgesses of the London Borough of Enfield are already aware of due to being told via my son's solicitors.
I was informed that they had received a Court order today the 11th December 2019 regarding the hearing, which was listed for 12th December 2019 at 2pm at the County Court at Edmonton, under Claim Number FOOED222.
It would seem that The Mayor and Burgesses of the London Borough of Enfield has contacted the court via letter and a court order has been made on their behalf via Deputy District Judge Brown on the 06th December 2019. Please see attached Court Order.
The Mayor and Burgesses of the London Borough of Enfield sent a Consent Order received by the Court on 5th December 2019, and this is how Deputy District Judge Brown made the court order on the 06th December 2019.
I am upset regarding this Court Order, it is my believe a Consent Order would need to be signed and agreed by all parties, in the Claim Number FOOED222, this has not happened therefore I believe it is a Fraudulent Consent Order that has been submitted to the court, which was never agreed to or signed.
I know my son Mr Simon Cordell also his solicitor Tyrer Roxburgh Solicitors have not signed and agreed to any Consent Order for Claim Number FOOED222.
So how has, The Mayor and Burgesses of the London Borough of Enfield sent a Consent Order to the court, which was received by the Court on 5th December 2019. Then a court order made from this Consent Order when only one party has signed it, no agreement made by the parties involved in
999
529,

this case. It is me believe it is the rule of law that all parties have to agree and sign a Consent Order for the court to be able to accept it.
Neither my son nor his solicitors Tyrer Roxburgh Solicitors have seen this Consent Order so could the court please forward it to this email as soon as possible.
Also, within the Court order dated the 09th December 2019, Deputy District Judge Brown has allowed the Claim Number FOOED222 to be adjourned generally with liberty to restore.
There is no date set by the court by which time The Mayor and Burgesses of the London Borough of Enfield would need to restore this case, so in fact no End date for this Claim Number FOOED222 it would seem it is an unlimited case with no time limited set by the court.
How can this be allowed so by no date being placed on the court order, The Mayor and Burgesses of the London Borough of Enfield can wait five or Ten years or a lifetime and then decide to being this case back to court whenever they wish to do so.
This is not acceptable by any means, and would never have been agreed, I do not understand how a court could allow this.
My son is unwell which the court is aware, and to have this hanging over his head for the rest of his life I believe is unlawful and would make my son's health worse, knowing whenever they want they can bring this case up again for the rest of his life.
District Judge Das warned The Mayor and Burgesses of the London Borough of Enfield about bring a Possession claim on the 09/08/2018. Yet all The Mayor and Burgesses of the London Borough of Enfield did was wait some months and then submitted the Possession claim to the court. Moreover, failed to comply with District Judge Das court order dated 09/08/2018.
The Mayor and Burgesses of the London Borough of Enfield acting solicitors wrote to my son's solicitors Tyrer Roxburgh Solicitors the letter was dated 21/10/2019. The Mayor and Burgesses of the London Borough of Enfield had instructed there acting solicitors to discontinue the claim on the basis that each party bears their own costs. In addition, that could my son's acting solicitors Tyrer Roxburgh Solicitors contact them as soon as possible so a suitable worded consent order maybe agreed.
The Mayor and Burgesses of the London Borough of Enfield would know my son is unwell and that someone should have been placed to act in his best interest, this is listed on court orders, from
1000
530,
the court. This was due to happen on the 12thDecember 2019 hearing which Deputy District Judge Brown has now vacated.
This is not the first time The Mayor and Burgesses of the London Borough of Enfield has submitted a draft court order, which was not agreed. The Mayor and Burgesses of the London Borough of Enfield have had my son in the County Court at Edmonton three times different Claim Numbers for the same said alleged allegations, since 2017. The last case was dismissed, and The Mayor and Burgesses of the London Borough of Enfield are in breach of that court order. The Mayor and Burgesses of the London Borough of Enfield was meant to have moved my son yet have not; District Judge Das made this court order on the 09/08/2018.
My son has had no input regarding this court order dated 09th December 2019 that has been made, under a consent order via Deputy District Judge Brown.
Therefore, I am asking for the court order dated the 09thDecember 2019 is Set Aside in Claim Number FOOED222.
The court will have on file I Miss Lorraine Cordell has been trying to deal with cases for my son Mr Simon Cordell and this will be on record at the court. Since legal Aid has been

withdrawn and The Mayor and Burgesses of the London Borough of Enfield know this fact, I have been left to write this letter and try to deal with this serious matter.
I would also request to see the complete file on demand in Claim Number FOOED222 and this is my demand. I will attend the court as soon as a date is set to see the complete case file. This to be as soon as possible as I believe this cannot wait. In addition, we have not agreed to anything that The Mayor and Burgesses of the London Borough of Enfield have submitted to the court, and I would like this addressed.
I wait to hear from you regarding this most serious matter.
Regards
Miss Lorraine Cordell on behalf of Mr. Simon Cordell

I do have Authority to address things for my son Simon Cordell, but it would seem I am being ignored, which my request to be sent the letter that was sent to the court by Kulwinder Johal.

Dear Kulwinder Johal
I know you have read the below email so cannot understand why you have not replied and sent over the letter sent to the court which they received on the 05/12/2019 and deemed it to be a consent order.
I have just made a call to Tyrer Roxburgh Solicitors who are no longer dealing with this case as legal aid was withdrawn which you will be aware of.
Mr Ahmed is on leave so I have asked Sean Shanmuganathan to call me back, as he is the one who called me last night to explain regarding the court order which was received in their office on the 11/12/2019 which he forwarded me the court order over via my email last night.
I do not understand why you are not sending me the letter, which was sent to the court for this court order to be made up.
Could you please forward me the letter sent to the court? You did ask me on the phone call we had this morning you would need an Authority letter which you have had so there is no reason the letter cannot be sent to me, as you have had what you asked for.
541,
In addition, can you please forward it to Sean Shanmuganathan sean@,tvrerroxburgh.co.uk as he does know about my son's case and the letter can then be added to their file, as Mr Ahmed is on leave, he will not be able to deal with this until his return. I have CC in both Mr Ahmed and Sean Shanmuganathan all the emails.

Could this matter please be addressed as a matter of urgency?

Dear Kulwinder Johal
I am writing this email with regard to a telephone call that I received tonight from my son Mr Simon Cordell solicitor, Tyrer Roxburgh Solicitors.
I was forwarded a court order dated the 09/12/2019 from Edmonton Country Court, heard on the 06/12/2019.
It would seem that Edmonton Country Court received a consent order at the court on the 5 th December 2019, and Deputy District Judge Brown made a court order on the 06/12/2019.
Can you please forward this consent order over via this email ASAP as we have never seen it yet alone agreed to it or signed it?
As you will be aware, no consent order has been agreed upon or signed, so how has the court been sent a consent order by you?
543,
Regards
Lorraine Cordell

Dear Kulwinder Johal

I know you have read the below email so cannot understand why you have not replied and sent over the letter sent to the court which they received on the 05/12/2019 and deemed it to be a consent order.

Dear Kulwinder Johal
As you will already be aware Legal Aid funding has been withdrawn from this case, as you stated in your in your letter dated the 21/10/2019 to Mr Ahmed, you had been instructed to discontinue the claim from your clients Enfield Council, so Mr Ahmed is no longer dealing with this matter.
You have had the letter of Authority, which you asked for on the phone today and received this, which has been confirmed in your below email. However, there has always been Authority on Enfield Councils systems for me to address matters for my son, Mr
545,
Simon Cordell.
I would like to see the letter that that has been sent to the court which the court received on the 05/12/2019, which the court has deemed as a consent order for claim number FOOED222. No consent order has been agreed or signed, so I cannot understand how Edmonton Country Court, more so a judge has deemed you letter as a consent order, which is stated in the court order dated 06/12/2019.
Also, there is a large issue your client Enfield Council instructed you for this claim to be discontinue, I will state the court order is far from being discontinue as you have it would seem instructed the court for it to be adjourned generally with liberty to restore this is far from what your clients asked to be done on this case.

Dear Sir / Madam,

Re: LB Enfield v Simon Cordell Claim NO: F00ED222 Hearing: 12 December 2019 at 2pm t/e 20 mins at Edmonton County Court

We act for the London Borough of Enfield. This possession claim is listed for a directions hearing on 12 December 2019.

We write to advise you that we are instructed to vacate this hearing and to seek to adjourn the claim generally with liberty to restore with no order as to costs. This is because there have been no recent incidents of anti-social behaviour. However, our clients will continue to monitor the situation. We have written to the Defendants solicitors to advise them of this.

We request that this letter and it's attachment are placed before a judge for urgent consideration prior to the above hearing date, which should be vacated. We advise the court that in order to save court time and costs we will not be attending the hearing on 12 December. No discourtesy is intended. We attach a draft court order for consideration.

Yours faithfully,

Good afternoon
It is correct to say that we no longer are on record as acting for the Defendant as Legal Aid has been terminated. However, we can confirm receipt of the letter dated 4 December 2019 from the Claimants to the Court requesting the December hearing be vacated. It does appear that the most recent sealed court order was incorrect when it referred to a "consent order" when it should have referred to the draft order that was attached. No such consent order was agreed given the specific and direct instructions from the Defendant, Mr Cordell. It appears that the court made an order in accordance with the **draft order** provided by the claimant.
It is also important to note that the Claim is not struck out and the Claimant can apply for it to be reinstated. Therefore, the Claim is live but with no hearing date listed so if there are any further allegations then the case is likely to be restored.
If Mr Cordell is unhappy about the Court making any such order, he can apply using Form N244 to set it aside.
I am not proposing to engage in further debate on this matter given we are not getting paid for our continued

involvement.

Dear Jill Bayley
557,
I have been given your email regarding an issue I have, I believe you are the manager of Kulwinder Johal, Kulwinder Johal is dealing with a case for Enfield Council which relates to my son Mr Simon Cordell.
It would seem a letter which was deemed by the court and Judge as a consent order was sent to the court by Kulwinder Johal. I have requested that the letter be sent to me via this email as we have never seen it.
I do have Authority to address things for my son Simon Cordell, but it would seem I am being ignored, which my request to be sent the letter that was sent to the court by Kulwinder Johal.
Please see below a list of emails sent which there has only been one reply, with all the information for the case.
Could you please address this matter as a matter of urgency?
I look forward to your reply to this matter.

Dear Kulwinder Johal
I know you have read the below email so cannot understand why you have not replied and sent over the letter sent to the court which they received on the 05/12/2019 and deemed it to be a consent order.
I have just made a call to Tyrer Roxburgh Solicitors who are no longer dealing with this case as legal aid was withdrawn which you will be aware of.
Mr Ahmed is on leave so I have asked Sean Shanmuganathan to call me back, as he is the one who called me last night to explain regarding the court order which was received in their office on the 11/12/2019 which he forwarded me the court order over via my email last night.
I do not understand why you are not sending me the letter, which was sent to the court for this court order to be made up.
Could you please forward me the letter sent to the court? You did ask me on the phone call we had this morning you would need an Authority letter which you have had so there is no reason the letter cannot be sent to me, as you have had what you asked for.
In addition, can you please forward it to Sean Shanmuganathan sean@tvrerroxburgh.co.uk as he does know about my son's case and the letter can then be added to their file, as Mr Ahmed is on leave, he will not be able to deal with this until his return. I have CC in both Mr Ahmed and Sean Shanmuganathan all the emails.
558,
Could this matter please be addressed as a matter of urgency?

Dear Kulwinder Johal
As you will already be aware Legal Aid funding has been withdrawn from this case, as you stated in your in your letter dated the 21/10/2019 to Mr Ahmed, you had been instructed to discontinue the claim from your clients Enfield Council, so Mr Ahmed is no longer dealing with this matter.
You have had the letter of Authority, which you asked for on the phone today and received this, which has been confirmed in your below email. However, there has always been Authority on Enfield Councils systems for me to address matters for my son, Mr Simon Cordell.
I would like to see the letter that that has been sent to the court which the court received on the 05/12/2019, which the court has deemed as a consent order for claim number FOOED222. No consent order has been agreed or signed, so I cannot understand how Edmonton Country Court, more so a judge has deemed you letter as a consent order, which is stated in the court order dated 06/12/2019.
Also, there is a large issue your client Enfield Council instructed you for this claim to be discontinue, I will state the court order is far from being discontinue as you have it would seem instructed the court for it to be adjourned generally with liberty to restore this is far from what your clients asked to be done on this case.

Dear Kulwinder Johal
I am writing this email with regard to a telephone call that I received tonight from my son Mr Simon Cordell solicitor, Tyrer Roxburgh Solicitors.
I was forwarded a court order dated the 09/12/2019 from Edmonton Country Court, heard on the 06/12/2019.
It would seem that Edmonton Country Court received a consent order at the court on the 5 th December 2019, and Deputy District Judge Brown made a court order on the 06/12/2019.
Can you please forward this consent order over via this email ASAP as we have never seen it yet alone agreed to it or signed it? As you will be aware, no consent order has been agreed upon or signed, so how has the court been sent a consent order by you?
Regards

Dear Ronak Ahmed
May I ask on what date your office got the letter dated the 04th December 2019 from the Claimants, was it sent via post or email?
Did your office have the letter before the court made the order or after? As we knew nothing about this letter until the 11th December 2019, when Sean made a call to me, and sent the court order via my email which he got in the office on the 11th December 2019 from the court.
You state in your reply email below you confirm receipt of the letter dated 4th December 2019 from the Claimants but have not confirmed what date you received it.
It does seem it was delivered to the court very fast; the letter is dated the 04th December 2019, the court got the letter on the 05th December 2019, and the court made there ruling on the 06th December 2019.

I await your reply.

Dear Jill Bayley
I have been given your email regarding an issue I have, I believe you are the manager of Kulwinder Johal, Kulwinder Johal is dealing with a case for Enfield Council which relates to my son Mr Simon Cordell.
It would seem a letter which was deemed by the court and Judge as a consent order was sent to the court by Kulwinder Johal. I have requested that the letter be sent to me via this email as we have never seen it.
I do have Authority to address things for my son Simon Cordell, but it would seem I am being ignored, which my request to be sent the letter that was sent to the court by Kulwinder Johal.

I look forward to your reply to this matter.

Dear Kulwinder Johal
567,
I know you have read the below email so cannot understand why you have not replied and sent over the letter sent to the court which they received on the 05/12/2019 and deemed it to be a consent order.
I have just made a call to Tyrer Roxburgh Solicitors who are no longer dealing with this case as legal aid was withdrawn which you will be aware of.
Mr Ahmed is on leave so I have asked Sean Shanmuganathan to call me back, as he is the one who called me last night to explain regarding the court order which was received in their office on the 11/12/2019 which he forwarded me the court order over via my email last night.
I do not understand why you are not sending me the letter, which was sent to the court for this court order to be made up.
Could you please forward me the letter sent to the court? You did ask me on the phone call we had this morning you would need an Authority letter which you have had so there is no reason the letter cannot be sent to me, as you have had what you asked for.

In addition, can you please forward it to Sean Shanmuganathan sean@tvrerroxburgh.co.uk as he does know about my son's case and the letter can then be added to their file, as Mr Ahmed is on leave, he will not be able to deal with this until his return. I have CC in both Mr Ahmed and Sean Shanmuganathan all the emails.
Could this matter please be addressed as a matter of urgency?

Dear Kulwinder Johal
As you will already be aware Legal Aid funding has been withdrawn from this case, as you stated in your in your letter dated the 21/10/2019 to Mr Ahmed, you had been instructed to discontinue the claim from your clients Enfield Council, so Mr Ahmed is no longer dealing with this matter.
You have had the letter of Authority, which you asked for on the phone today and received this, which has been confirmed in your below email. However, there has always been Authority on Enfield Councils systems for me to address matters for my son, Mr Simon Cordell.
I would like to see the letter that that has been sent to the court which the court received on the 05/12/2019, which the court has deemed as a consent order for claim number FOOED222. No consent order has been agreed or signed, so I cannot understand how Edmonton Country Court, more so a judge has deemed you letter as a consent order, which is stated in the court order dated 06/12/2019.
Also, there is a large issue your client Enfield Council instructed you for this claim to be discontinue, I will state the court order is far
568,
from being discontinue as you have it would seem instructed the court for it to be adjourned generally with liberty to restore this is far from what your clients asked to be done on this case.

I am writing this email with regard to a telephone call that I received tonight from my son Mr Simon Cordell solicitor, Tyrer Roxburgh Solicitors.
I was forwarded a court order dated the 09/12/2019 from Edmonton Country Court, heard on the 06/12/2019.
It would seem that Edmonton Country Court received a consent order at the court on the 5 th December 2019, and Deputy District Judge Brown made a court order on the 06/12/2019.
Can you please forward this consent order over via this email ASAP as we have never seen it yet alone agreed to it or signed it? As you will be aware, no consent order has been agreed upon or signed, so how has the court been sent a consent order by you?

90. An Email from my solicitor to the Enfield Council: Ronak Ahmed, Lorraine Cordell; Sean Shanmuganathan to - Kulwinder Johal, Jill Bayley. - "**Claim Number** FOOED222 Good afternoon. It is correct to say that we no longer are on record as acting for the Defendant as Legal Aid has been terminated. However, we can confirm receipt of the letter dated **4 December 2019** from the Claimants to the Court requesting the December hearing be vacated. It does appear that the most recent sealed court order was incorrect when it referred to a "consent order" when it should have referred to the draft order that was attached. No such consent order was agreed given the specific and direct instructions from the Defendant, Mr. Cordell. It appears that the court made an order in accordance with the draft order provided by the claimant. It is also important to note that the Claim is not struck out and the Claimant can apply for it to be reinstated. Therefore, the Claim is live but with no hearing date listed so if there are any further allegations then the case is likely to be restored. If Mr. Cordell is unhappy about the Court making any such order, he can apply using Form N244 to set it aside. I am not proposing to engage in further debate on this matter given we are not getting paid for our continued involvement."
