	(5) **<u>05/11/2018, Monday</u>** **<u>Getting wrongly detained while Working on my report in the.</u>** Chase Farm Mental Hospital on an Assessment Wing! Monday Morning, I awoke to the now normal daily routine and soon after spoke to a kind gentleman who is a part of the estate management team, he oversees my problem of cause and retried it with ease E.G “broken bathroom window due to not being able to shut correctly” What doctor green explained to me; next I think I took very well. He explained to me that he wanted to put me onto a section three of the Mental Health Act 1983. How it happened! Just before lunch time Doctor Greenside came to my room and asked me for a meeting with me. I agreed to what he had asked and walked with him into another room, when sitting down together we were both left quietly alone and then Doctor Greenside started to explain to me that he wanted to place me of the section 2 of the Mental Health Act 1983 and on to A section 3 of that act. I took my time and asked him why he believed this was warranted as to the initial reasons to why I had been placed on a section two had been proven to be inaccurate to the assessment documentation of its statement of facts. We went through what I had gotten accused of when first getting detained to hospital, which is: -- **1.** Mr. Cordell is known to psychiatric services but has not engaged with them in recent years. **Reply: --** This information is undermining towards the defamation of the definition of my character and influences a person beliefs into believing that I have gotten treated under the Mental Health Act 1983 as a person who has been diagnosed with a mental illness, to which I have not and to further my issues of raised concern it continues to state that I have not then on after accepted treatment as it states that I have not engaged with the Mental health Service in the following years to pass. As I have personal Telephoned Lucas house and also that of the Silver Street Mental Health Assessment Team arranged a meeting that did take place at my home address to which I took the Minutes of them meetings in a digital format to which I still claim the legal rights of and as a conclusion of them meetings I got diagnosed of well sanity. **2.** Today he was arrested for spitting at a police officer after they were called about him harassing his neighbors. **Reply: --** **3.** He has a number of non- molestation orders against him, forbidding him from contacting them. **Reply: --** **4.** On examination Mr. Cordell displayed a range of affective and psychiatric symptoms. **Reply: --** **5.** He Spoke rapidly and was thought disordered with overinclusive and tangential speech. **Reply: --** **6.** He held a number of grandiose and delusional beliefs. **Reply: --** **7.** He told us that the police were conspiring with medics and the council to silence him as he had uncovered police corruption. **Reply: --** **8.** He said he was targeted by police as they were envies of his abilities. **Reply: --** **9.** He told us that his neighbors two floors above were controlling the neighbors below them and caused them to stamp on the floor and disturb Mr. Cordell. **Reply: --**

This places his Health and safety at risk. **Reply: --** **14.** There is evidence that he has a Mental illness of a nature and degree treatment in hospital and without this there is a risk of harm to his health and safety and the safety of others. **Reply: --** **Sarah Hewitt** **reasons are: --** This man is hyper mental with flights of speech and ideation. He has delusions that the police are targeting him are other residents in his block of flats. He says people in the street are spitting at him because they believe he gave a woman herpes. He is quite grandiose in his ideas about helping the world. While with Doctor Greenside he persisted to prosiest thought or conversation that he believed that I was suffering with a Mental Health Disorder such as psychosis. I continued to stay adamant that I am of good health and that I do not suffer from any of the symptoms that a person would suffer from if they did have Psychosis and my family and loved ones also agree with myself. He told me that he wanted to put me onto medication again I told him that this was unfair and	

	would be a breach of the Mental Health process as he had no evidence that warrants my detention or any form of a Mental Health disorder. I asked doctor greenside if he does believe that I had a mental health illness such as psychosis why would he give me un escorted leave of the Dorset Hospital wing two days into my detention, he never had a fair response to my simple question I also reminded him that I had not failed in that obligation of trust. The next reply I said to the doctor greenside was that he is abusing his position as a clinical practitioner and that he had no legal right after I had proved that the reason for my detention was flawed within the assessment 2 and therefore incorrect information and also that of misleading information. Doctor Greenside asked me if I had been smoking any weed, I asked him why he would ask me this and he explained that he thought that he could smell weed from inside my room when he came to it early to take me out for our meeting. I gave him the reply of no I have not been smoking weed in my room and that I was happy to do a urine sample. I explained to him that I had just left the wing on unescorted leave and could also smell somebody outside smoking it. While talking I explained that I had applied for my tribunal and wished for an absolute discharge of any Mental Health illness and understood that this would be the correct professional opinion. At the end of our conversation, I reminded him of a part of or past short conversation, when doing so I explained that he had said to me himself that he did not believe that I was a danger to myself or towards any other person and that is why he had granted me unescorted leave of the Hospital wing that is named as Dorset Doctor Greenside finished or meeting by explain that he believed in the proof of what I had shown him to be correct as to the assessment 2 sheets wrote context being incorrect and told myself that he believed that since **2014** these problems that I had been questioned about by he had now caused me to suffer with Psychosis. I knew this not to be true.	

	Our meeting came to an end and I went back to my room on the hospital wing. I took Leave of the wing at the time of I arrived back without any issues. It was about 21:18 Hours when my mother gave me a telephone call while I was in my room writing my defence The conversation we had was quite up setting due to what had gotten explained to both me and my mother Mum Told me that she had received another telephone call of a person who is named as Who works at Silver Street Branch of the Mental Health Canter that is based opposite the Enfield Civic centre They had told her while on the phone that they had been telephoned by Doctor Greenside who had agreed that he would like them to visit the hospital to where I have been placed and for them to do an assessment on me so that I could get placed onto a section three of the Mental Health Act 1983 **Erratic behavior: --** There is a Bad leak running all across the main floor in the communal room coming from the water machine. T INFORMATIO

JURISDICTION. PRELIMINARY AND PROCEDURAL MATTERS

1. The tribunal is satisfied that it has jurisdiction to consider this application.

2. The solicitor for the patient sought permission to submit a 6-page document from Mrs Cordell, the nearest relative. The solicitor indicated that the document expressed the nearest relative's views-and those of a cousin the panel considered the request and noted that Mrs Cordell's views as regards her son's detention and the housing problems he has experienced were fully reflected in the social circumstances report provided. The panel would also allow her to speak at the tribunal hearing if she wished to do so. In those circumstances, we did not accept the submission of the document.

GROUNDS FOR THE DECISION

1. The tribunal is satisfied that the patient is suffering from mental disorder or from mental disorder of a nature or degree which warrants the patient's detention in a hospital for assessment (or for assessment followed by medical treatment) for at least a limited period.

2. The tribunal is satisfied that the patient's detention as aforesaid is justified in the interests of the patient's own health or safety, or with a view to the protection of other persons.

3. The tribunal does not consider that it is appropriate to discharge the patient under its discretionary powers.

REASONS

1) Mr. Simon Cordell is aged 37

2) He is single.

3) He resides in council accommodation in the community.

4) There is a longstanding history of difficulties with neighbours at his accommodation which was detailed in the reports.

5) His background and history were documented in the statutory reports provided to the panel.

6) He has been known to Adult Mental Health Services since **2014**.

7) He has had varied diagnoses in the past and has been found not to require section under the Mental Health Act in **2014** and **2015**.

8) He was however detained subject to Section 2 in August **2016** and was subsequently discharged by a Tribunal.

9) The history indicated that he was discharged on prescribed medication and followed up by EIS.

10) He reportedly did not engage with services or medication and was thereafter discharged from EIS.

11) He has a current working diagnosis of schizophrenia.

	12) The current admission follows an incident in October **2018** which led to safeguarding concerns and the Enfield Adult North Locality Team's decision to arrange an MHA assessment. Mr. Cordell was detained subject to Section 2 on the **02 .11.2018.**	
	<u>THE RESPONSIBLE AUTHORITY'S CASE:</u>	
	1) The clinical case argued that the patient has a chronic and enduring mental illness.	
	2) It is unclear whether the mental disorder responds to treatment as the patient has not engaged consistently with treatment.	
	3) Currently, the patient has been assessed without medication as Mr. Cordell does not accept that he requires psychotropic medication.	
	4) Mr. Cordell presents with a number of persecutory, paranoid thoughts in relation to his beliefs that the police and his neighbours are in some way targeting him.	
	5) Mr. Cordell also exhibits thought disorder and some tangentiality in his response to questions posed.	
	6) The professional evidence argued that the nature and degree of the mental disorder warranted the patient's continued detention of assessment which is justified in the interests of the patient's health, safety and the protection of others.	
	THE PATIENT'S VIEW:	
	1) Mr. Cordell was polite and courteous towards the panel.	
	2) He told the panel that he did not accept that he has a mental illness or any need for medication.	

3) He said he experienced anxiety and distress at his accommodation.
4) He indicated that the 48 allegations between the: 06/07/**2016** and 02/10/**2018** set out in the medical report from an Enfield Council Report regarding concerns and breaches of his tenancy agreement were all fabricated.
5) He did not accept that he was in any way at fault.
6) He repeated on several occasions that his neighbours had submitted a litany of complaints to council officials about him in order to undermine his occupation of the premises.
7) He said that he has been stopped from organising festivals and had set up a website to air his frustrations about his perception of the injustice of his treatment.
8) He told the panel that he would remain as a voluntary patient.
THE NATURE AND DEGREE OF THE MENTAL DISORDER:
1) As to the nature of the mental disorder, the patient's illness appears to be a chronic illness which has persisted for some time.
2) It is unclear as to the patient's response to treatment as yet.
3) Mr. Cordell told the panel that he did not take the psychotropic medication prescribed following his last discharge in **2016**.
4) The clinical team have sought the first recommendation for Section 3 and intend to

	commence treatment with psychotropic medication in due course.	
	5) Mr. Cordell displayed no insight into his mental health difficulties and sought to minimise his actions prior to the current admission.	
	6)As to the degree of the mental disorder, the patient's evidence **6.1)** was tangential; **6.2)** Guarded; **6.3)** clear thought disorder.	
	7) Dr Greensides told the panel that he had looked at Mr. Cordell's website which indicated the presence of thought disorder.	
	8) The panel asked Mr. Cordell about a telephone conversation with Mr. Appadoo which is detailed in the social circumstances report; the patient is alleged to have used foul and threatening language throughout the conversation.	
	9) Mr. Cordell did not dispute the telephone conversation and sought to minimise his actions stating that the content was out of context.	
	10) He was unable to contain his thoughts on the question posed as to whether, reflecting on the matter now, he thought his response was inappropriate.	
	11) The nursing evidence in contrast to the panel's observation, indicated that the patient has not exhibited any psychotic symptoms.	
	12) On a positive note, there has been some improvement in the patient's presentation overall as he is no longer challenging, irritable or confrontational.	

THE DETENTION IS JUSTIFIED IN THE INTERESTS OF THE PATIENT'S HEALTH, SAFETY AND THE PROTECTION OF OTHERS

As to the patient's health, the professional evidence indicated that: --

1) Psychotropic medication is to be commenced and the patient's response to treatment is to. be monitored.

As to the patient's health, the professional evidence indicated that: --

2) The clinical view is that a period of treatment is now required to address the patient's psychotic symptoms.

As to the patient's health, the professional evidence indicated that: --

3) The clinical view is that the patient is unlikely to engage as an informal patient and a previous attempt at treating the patient in the community was unsuccessful.

As to the patient's health, the professional evidence indicated that: --

4) As to the patient's safety, there is historical information that Mr. Cordell has attempted to self-harm in the past.

This is not a current concern.

As to the patient's health, the professional evidence indicated that: --

5) Mr. Cordell's difficulties at his accommodation may pose a risk of eviction.

5.1) However, further clarification is required during the period of the assessment on this point.

As to the patient's health, the professional evidence indicated that: --

6) There is a potential risk of retaliation from others when he is behaving aggressively towards others.

As regards the protection of others: --

7) Mr. Cordell has entrenched and longstanding views and there have been incidents of aggression involving his: --

7.1) Neighbours;

7.2) Council officials, and;

7.3) The police prior to admission.

As regards the protection of others: --

8) He showed little capacity for self-- reflection or remorse during his evidence when he was questioned about his telephone interaction with Mr. Appadoo.

As regards the protection of others: --

9) We note that the allegations of physical and verbal altercations with his neighbours were relied upon to obtain an order for an injunction as recently as the 9.1.**2018** which was later discharged in July **2018** due to the patient's lack of capacity to understand the conditions of the injunction due to his psychotic illness.

OUR CONCLUSIONS

1) We accept the clinical evidence as to the nature arid degree of the mental disorder.

2) We have no doubt that there is some element of neighbour's dispute;

3) However, Mr. Cordell's response to such triggers appears to be rooted in a mental disorder which will need to be assessed during this admission.

4) We also accept that the detention is justified in the interests of the patient's

4.1) Health,

4.2) Safety

4.3) Protection of others for the reasons set out above.

EXERCISE OF DISCRETION

1) There were no special features of this case which persuaded us to exercise our discretion to discharge.

STATUTORY CRITERIA

1) The grounds and statutory criteria are satisfied. The section is upheld.

Mother came to the Dorset wing to give me some money of my card I asked Bib if I could go outside to see her and for some reason she was not sure if I had been taken of un escorted leave, she took her time as she was slightly busy checking the computers in the office so that she could confirm whether I was aloud of the wing, so, long that my mother got feed up of waiting outside for me my, my mum must of got feed up of waiting outside in the car and came into the Dorset wing, Bibi was shocked to see her and my mother had a few polite words in regards to my detention on the wing and the conditions imposed upon my person. She quickly dropped the money off to me and left soon afterwards, about 5 minutes after her departure I noticed that she had not left me my socks that I had asked her to bring with her and called her back on my phone she agreed to meet me outside again and I asked Bibi if I could leave the wing she agreed this time and I went outside to the car park and collected my socks and went back into the wing and to my room to finish my work. **(13)** **<u>11/11/2018</u>** <u>The Enfield Gov / Email's Issue:</u> 1048. alev_ (9) / Page Numbers: 4293, From: alev.cazimoglu@parliament.uk Sent: 12 November 2018 11:20 To: lorraine32@blueyonder.co.uk Subject: (Case Ref: JR5802) Dear Lorraine Further to our earlier conversation, please see below response from Enfield Social Services. I got awoke by the maintenance team coming into my room to fix the blocked sink After they left if got up to see whether they had fixed the block sink The answer to my question was no they had not I decided I could not wait for another person to come along and ty to fix it because I needed to shave and to do this, I needed to use the sink in my Hospital room on Dorset Ward. I got an empty bottle that I had save and put it around the circular sink Basin hole and squeezed it as hard as I could and then Wala, I had fixed it. **I woke up and cleaned my room.** **I went and got my lunch at the time of 12:30 and eat in the main communal room.** 16:35 My mother came to the wing and told me that I can go home for a few hours because she had spoken to Doctor Greenside who had agreed that this would be ok After staying at the hospital on the Dorset wing for two weeks four days I finally run low on fresh cloths, so I decided to use the laundry room, when inside I	**14)** On the ****/**/20**** it is said that

	When I arrived at the office there was 3 staff available and no other persons in the communal area I explained that because of the extra time that I have been putting into my work I burn away more energy, and this sometimes leaves me starving hungry. I got laughed at and told no, I asked why and got told that this is because it was late at night This led me to explaining in a very polite voice again about how hungry I was and further explain that I am a fully-grown man who Is only under an assessment 2 of the Mental Health Act. 10:30: -- Doctor Greenside came into my room and asked me to have a meeting 21:49: I was inside of the communal hall eating some toast at toast time and drinking some hot chocolate While sitting down I could see into the staff office as it has a clear glass window, and I could see Bibi my care coordinator she left the office and went up to the medication room. “While this was going on I watch Nurse Daisy come into the same room, I had noticed that she had been funny with me since I got here in so many words that she never took a liking to me, what she said was how are you feeling today to me in front of every one in a sarcastic voice I replied to her comment by saying the following How do you think I am feeling today?” She looked at me funny and gave no reply as she done, she started to walk out of the room. She walked up the corridor and went into the medication room were Bibi was. I soon afterwards noticed her presence in the room once again but this time she had medication with her. I studied her as she walked up to the patient beside me with caution., due to my earlier conversation with Doctor Greenside and with rightfully cause as she had what seemed like more medication in her hands ready to administer to other people. The next thing I knew she was saying to me with a smile on her face Simon take your medication, I looked at her in disbelief and replied to her that I had explained to Doctor Greenside that I did not wish to	

	take medication under his professional belief alone and that while under a section two of the mental health act I did not ned to take the medication by law. She stormed of and told me that she is going to document down that I would not take the medication of her. I watched her walk back of to the medication room I decided to go and complain about my concerns and when I also arrived at the medication room, I could see Bibi and Daisy talking to each other and the tablets still in the pot that Daisy was still carrying. Being worried about my medical care I asked the following questions to the two staff present. 1) I never got given any Pilaff / form explaining to me what the medication was neither did any staff talk to me about what medication I was to be take. 2) No Staff had asked me if I had ever taken this medication before and if so, what reverse effects it may have had. 3) No staff talked to me about my health which to me is a fettle part of administering prescribed medication to another person and this being due to my bad heart pains that I keep complaining about since I got to the Dorset Wing and beforehand in letters to the Enfield Council asking them to protect me from what the other tenants were doing to me in regard to banging and stamping above my head, Including the stress from proving my innocents against the first Asbo and it appeal stage + Judicial Review, the Possession Order, the 1st Injunction Order and the 2nd Injunction Order. 4) No person had provided any evidence showing that I had a mental illness to my mother or father who both also disputed that I have any mental illness alongside with many other friends and family. 5) and because I have not acted with any mental illness and the main reason being that Doctor Greenside wanted me to get put on to a section 3 of the mental health Act 1983 is because I said to a Doctor Sarah Kathrine Hewitt that: -- 5.1) My Neighbours had been attacking me and this includes two of their already known patents who are named as

	With the whole understanding, my mother sub jested that I rearrange a meeting at the clinic and attended with my issues of concerns being raised, so I arranged the appointment for the following morning. When I attended the clinic for the second time I once again had to wait for what was a long time to get seen, when a acclimatizing asked me to follow her into a room, by me doing what she requested we took a seat in the room and spoke, while discussing the issues that I was trying to solve, so to be sure of the full understanding of a true and whole picture of what was going on in my life, I took a look into the folder the culmination had in her position on her desk top table, this folder related to my medical notes, on doing this and taking the best glance possible of the paperwork, I noticed the test result said it subjected that I may be a carrier of the blood, so showed my upset and requested an official company headed letter to get made to my person so for it to state this new information of relevance and also request that of a formal apologise, the clinicians agreed for this to get completed and I left their premises to go back home. **The Medical home treatment team came to set me up and get me because of Ozzie: -** **Update: 19/11/2014** Not being able to bear the sound problems with my flat anymore; I thought what gets done to me, is; "wrong." This was when I was to realise how inadequate the sound proofing in my flat really, was. Because Ozzie had wanted his friend to live with him, he kept pretence that he could not hear me and my first partner over the first five years. I was to find out how much this was a lie. I was angry with Ozzie because he caused a lot of unneeded stress on my relationship, for so many years prior and he kept breaking promises to fix the problem. So, when the police arrested me in the burglary case and I got put on the bail conditions I had gone to Ozzie house and spoke to him, I took a seat in his flat with him, so to sort out the problems in mine and my partner's life's, I did this so to address Ozzie with the issue. I explained myself in full and how this was having an effect on us. After coming home, I had been upset	

	due to what had got explained to me, by my new partner at that point in time. What I was to find out later was that Ozzie had been listening through the walls of my upset. I still to date cannot believe what he has done to me, and my loved ones, he had made an emergency 999 phone call to the police about overhearing me in my own home and then the police called the doctors to arrive for the first time in my life and this was not be the only time the doctors would visit me. Allegations state that I became paranoid about my mother to whom I and my mother disputed, the home treatment team attended my home address on this date and made a call to my mother. When the home treatment team turned up to my flat the police was already there, the Home treatment team phoned and spoke to my mother asking her, if she understood why the police was there, which she replied to them no, she also explained to the Home treatment team that the police kept coming into my flat for no reason. The Home treatment team then talked to the police and left my mother on hold. My mother heard what got said by the police to the Home treatment team as too why they were at my address again. The police said they got a phone call: stating that I was shouting, they gave the Home treatment team 3 different door numbers to my entrance door, which were all wrong. Not one person admitted that they understood who made the 999 calls to the police. The Home treatment team told the police to leave. On this day I was fine until the police turned up at my flat once again. I was not shouting or upset, so do not really, believe someone called the police, worried about me or if they did, they were setting me up. Due to how the police are with me, I got upset and would not open the door, so I sometimes shout to the police in these situations, through the door, as I feel safer, the police do not leave me alone, so why would I open my door when I am on my own, I always feel safer waiting until someone I have contacted gets to my flat, so they can see what is going on. Home treatment team told my mother I seemed to upset for them to talk to and she told them it was no	

	wonder the police are going to his flat all the time when he has done nothing wrong.

4 October 2009

36,

uu) It is my view that Mr Cordell's detention was not in the interests of his health as I did not identify evidence of mental disorder during the visit. I did not believe that Mr Cordell's detention was necessary for his safety, Mr Cordell denied experiencing any suicidal ideation and could I not identify other risks to safety apart from possible substance misuse which could not be used as the basis of detention without clear evidence of a mental disorder associated with the substance misuse issues. I also did not think that the threshold for detention on the basis of safety was met, he was having conflict with neighbour this conflict did not appear to be driven by any mental disorder.

- **Patient's name:** Simon Cordell
- **Date of assessment:** 03.02.16

- **Consultation With Nearest Relative And Process Of Identifying The Nearest Relative**

vv) I identified Mr Cordell's Nearest Relative as his mother Lorraine Cordell. Mr Cordell lives alone and is single. As far as I could ascertain he did not have any children and was not in relationship. His father was the older of his parents but when I phoned his mother

ww) on **03.02.16** she informed me that he was in regular contact with Mr Cordell and did his shopping for him. I therefore formed the view that she provided care and was the Nearest Relative.

xx) I phoned Lorraine at around 09:30hrs on **09.02.16** and she advised that in her view use of a warrant and the Mental Health Act

assessment were unnecessary as he would give professionals access if he had received an appointment letter. She said that he had a court case in February but would not elaborate on this. Lorraine said that she thought that the involvement of mental health services was unnecessary as Mr Cordell was not in her view experiencing any mental health difficulties and had not experienced any mental health difficulties for a number of months.

yy) I was surprised that Lorraine stated that she did not think that Mr Cordell as the recent referral to mental health services had been triggered by a referral that she had made.

- **Consultation with Assessing Doctors**

zz) Both assessing Doctors declined to make medical recommendations and were in agreement that there was no clear evidence of any mental disorder during the assessing.

- **Views of others consulted**

aaa) Prior to the assessment the police present advised me that were aware of conflict between Mr Cordell and his neighbour. They advised that the soundproofing between the two properties was poor. The police officers advised me that they were aware that on one occasion Mr Cordell had threatened to strangle his neighbour.

- **Mental Capacity Act 2005**

bbb) No Capacity Act issues identified during the assessment.

ccc) Reason for decision to make the application (including choice of Section)

ddd) Given that Mr Cordell's diagnosis and treatment plan were not clear at the time of the assessment the assessment was for possible detention on section 2. It was my view that Mr Cordell did not meet the statutory criteria for detention. It was not clear that he was suffering from a mental disorder of a nature because at the time of the assessment it was unclear if whether or not he had a mental disorder. He did not meet the criteria for degree as there was no clear evidence that he was experiencing symptoms of mental disorder.

- **Patient's name** Simon Cordell

- **Date of assessment:** 03.02.16

eee) If not admitted to hospital, outline immediate plans for alternative to admission and how those plans will be co-ordinated

fff) Early Intervention Team to offer Mr Cordell an appointment with a psychiatrist in their team for a psychiatric assessment.

I have had a very irate call from Simon Cordell. He says that he has been informed by his mother that a warrant has been granted to access his flat. He says the mother received a call from someone earlier today to inform her and she has told Simon. Extremely unhappy, says he is going to come here with his solicitor - took down our address. Says he has always said he would see me (this is true). Although refused me, the doc and AMHP access the other week. Demanding I find out the nature of the warrant and what do I know about it. Asking to see me this afternoon. He wants a call back in half an hour. He is due for a MHA assessment tomorrow at 10am. Police are coming.	

	The mother has clearly disclosed details of the assessment tomorrow to Simon. We are going to walk into a very hostile situation. I believe he may have CCTV cameras outside his flat facing the street as he mentioned to me previously that he saw someone sitting in their car (although this could be part of his paranoia). He does have CCTV in the entrance hallway. Could the police/assessing team please for warned. Maybe we need to meet around the corner rather than park outside his flat. 	Contains Third Party Info: No Conceal From Client: Not Concealed **75** Retrospective Entry Entry Sam Curtis, Forensic Social Worker Outline report. Initial entry on 03.02.16. Updated on 09.02.16. I carried out a Mental Health Act for Simon at around 10:40hrs on 03.02.16. Dr Al-Allaq (independent s 12 Doctor), Dr Albazaz (independent s12 Doctor) CJ and Nellie (HTT workers) Amal (Community Mental Health Nurse based at Enfield Early Intervention Team) all attended. A s135(1) warrant was obtained but not executed as Simon gave access. A lock smith was present but their services were not required as Simon opened the door. The police were present but remained outside the property. Mr Cordella€™s home was somewhat cluttered with a large printer by the door. However, it was clean and organised. He had food in the kitchen. His mother and a female friend were present. Simon was expecting the assessment. He was appropriately groomed and dressed. He had put his dog in the garden. Simon expressed his unhappiness about the warrant being obtained. He said that if he had been sent an appointment letter, he would give professionals access. He mentioned on going issues with the police and that he had a court case in February. His speech was somewhat rapid at the start of the interview but this appeared to be due to anxiety rather than thought disorder. His speech slowed as the interview went on. Simon did change the topic of conversation a number of times as there was particular information that he wanted to share with the team. He spoke a project to start a community internet site and showed those present a business plan that was on his computer. He showed us documents which he said were related to his court case. He pointed out a line in the document that said that all the suspects were white and said that this was part of his legal challenge to his Asbo.	

	He denied any symptoms of mental illness when asked about a variety of psychotic symptoms. He denied suicidal ideation. He spoke about difficulties he had with his upstairs neighbour relating to noise disturbance. He showed us some letters which said that his neighbour had written to him. He said that his neighbour has an alcohol problem and a learning disability. There was no evidence of distraction, confusion or that he was responding to internal stimuli. I did not feel that there was sufficient evidence of mental illness on the day of the assessment to detain Simon under the Mental Health Act. Neither Doctor made medical recommendations. Simon agreed to attend an outpatient appointment with the Early Intervention Team psychiatrist. SSM1 report to follow. **(31) 03/02/2016,** The banging Started! I got bailed at around 16:30 hours and this was on the **15th August 2016** but I found myself not being released even low I done nothing wrong. All I did was sleep in the police cell, that I got placed and detained in, I can remember	**33)** On the ****/**/20**** it is said that

	that at all times I acted in an uncivilized manner. The truth is in the whole time I was in police custody I did not get to see any police FME doctor, I also did not see my solicitors, who both, I continuously, asked to see. In the police station I got left in my cell sleeping on camera with no problems of concern thought the whole of my detention, and this was while being recorded in police cell number three. This meant that I also requested food to eat at three different times and the food got served with additional drinks, I asked for a blanket as I was cold and I got left with my shoelaces and belt on. I even remember I ask for toilet roll, to which this got given to me, in my whole stay I caused no concerns regarding my mental stability While at the police station all I wanted was Answers. Like, how did the police get involved in the start of everything? No official person would speak and say, what was going on throughout my whole illegal detention and for what reasons they continued to hold me, straight after being granted bail, even though my continual request of asking the police officers. Throughout my whole stay in detention all I wanted was to see my solicitor and get interviewed and released as I done nothing wrong. Just, after this as said above the police handed me a bail form at around 16:46 through my cell flap, when I got bailed with no interview, when given the ball form there was two doctors and a Mental health worker also standing outside the closed cell door, who said to myself that I was being held under section 2 of the Mental health act. Without no assessment, a key worker named Maggie Fuller was present and still no criminal interview had taken place also I did not get a Mental Health assessed, legally, I reminded the doctors while in my cell about my prior complaint against them Pacific members, who I got talking to and their darkness swallowed me up: In that moment of time I said aloud to the Doctor I know who you are I have you on CD from February coming into my home and I also have a complaint in against you and continued to state that I done nothing wrong in my whole detention and it was bios for them doctors to handle my case with an ongoing complaint in against them I	

	clearly remember their names to be Doctor: Albazaz AND Doctor: Amin alongside Sam and others such as Alan, on the **14th August 2016** outside the police cell I was being detained in Alan and Sam were not present but a woman who I understand to be Amp worker who has gotten named as Miss Maggie Fuller took their place. I got placed on a Section 2 of the Mental Health Act 1983 no matter of the stability of my Mental Health, any way and this got managed by the doctors who came into my house prior illegally, that I have on audio tape, shortly, after I got given my bail sheet through the cell flap and got completed without me being taken out of the cell. This got done to me, while being detained at the wood green police station Next, another independent police officer not involved in the past ongoing, came up to me, and told me that I would soon get **transfer**red to St Ann's hospital with no other option in the choice, I got picked up early hours of the 16th August **2016** and taken against me even low I done nothing wrong. **Done**

- **2014**- had MHAA - found not to have major mental illness.

- **2015**- 05-year ASBO for organising illegal raves- not allowed to enter industrial or disused premises between 10pm and 7 am.

- **2015**- November - mother made referral via HUB- she reports gradual deterioration in mental health over the last year. Simon was angry when his father made contact with the HUB in **2014** and does not want it known she instigated the referral.

<u>TODAY</u>

- Simon consented to be seen and let us in.
- He was clean, well nourished, well kempt and dressed casually.
- He put the dog in the back garden.
- One bed council flat
- There was a massive heavy-duty metal door like that of a prison cell (over 7 feet tall) behind his own front door, which Simon said he's made and installed recently.
- There were tools lying about on the floor and he has worked in construction in the past.
- He didn't give us a reason for making the door.
- He hasn't gone out for months- mother does all shopping
- History from Mr Cordell
- Chaotic historian, jumping about topic to topic, but happy to talk especially about his grievances chiefly with the police and the woman upstairs.

- He said there is a widespread conspiracy to destroy his good name and possibly ultimately to kill him.
- This is organised by the police with a policeman in Essex called Big Bad (unheard) as its source, in league with "Storm" a global agency who manage the UK's 999 calls.
- The police are putting things about him all over the internet (there has been local reporting of his ASBO) and are putting subliminal messages about him through his own TV and other people's.
- As part of this, he says they have falsified all his records - the proof of which he gave as a list of CADS (relating to one of the illegal raves he'd arranged) which as they were not written down in sequence of their numbers, could not be a true record and thus in his view proof of a conspiracy.
- He said he has evidence on tape of the police talking about him and plotting against him, which he offered to show us, although in fact there were no such sound files on his computer.
- He couldn't really explain how he'd heard this material.
- He was keen to show us other written "evidence " from the police, which were all notes Simon had made in files on his computer.
- Simon said the woman in the flat above has been stalking him, is aware of all his movements around the flat, and when he is in the bath, takes off his clothes or on the loo, begins stamping on the floorboards.
- The history we have is that he made threats to her and she was moved for her own safety: he still feels she is upstairs.
- Said he had CCTV footage from cameras in his flat of her stalking him - he could not show us any cameras.
- Simon got out several boxes of papers which he said related to the conspiracy together with his plan for his own business and his plans for a global charity for children.

- The flat was full of equipment for printing and other things.
- Simon said he had spent" a quarter of a million" on his businesses including 20 000 on each of two printers.
- Has thoughts of killing himself "when I eventually clear my name."

PROGRESS NOTES

- **Page 94 of 106**

FROM PREVIOUS NOTES

- Tried to hang himself at the age of 16 when in a young offender's institution and needed to be resuscitated.
- He was moved to a high security hospital and kept in seclusion on a number of occasions. He says he was seen regularly by a psychiatrist called Dr Caplin from "the safe project" (probably CAMHS.
- He says there was a second occasion where he tried to hang himself when in a cell after he was sentenced Said attended NMUH A and E **2014** after drinking liquid nitrous oxide with intent to die Forensic history
- Long history police contact from juvenile, mostly connected with driving, theft-? in prison on remand in past Smokes 1-2 spliffs most days, no other drugs, alcohol or tobacco SH
- 1 bed council flat, no debts, ESA, food in fridge, flat cluttered but clean MSE

- Clean, open manner, engaged well, incongruently cheerful, very polite
- Appeared euthymic- did not appear particularly elated: idea of harming self "when name is eventually cleared" but currently has no thoughts of self-harm or harming anyone else
- Pressure of speech but able to repeatedly interrupt without irritability

THOUGHT DISORDERED

- Tangential, circumstantial, preoccupied
- Paranoid delusions relating mainly to police and woman upstairs: delusions of reference
- His comments about hearing having police talking about him on tapes may be elaboration of auditory hallucinations No evidence commands or passivity

INSIGHT: ARTICULATE

- does not think he has a mental health problem: Said he'd had all these problems for the last year, especially in the last few months but felt they were getting worse. He has withdrawn from all social contact except with his mother.
- Impression
- FEP, possibly with mood element history at least several months

STRENGTHS

- Significant part of personality intact at present, was willing to engage with us today Maternal support

RISKS

- isolation, self-neglect if mother withdraws support, potential risk harm to self but trigger factors not clear (past self-harm attempts as teenager appear to have related to court appearances)

PLAN

- Declined medication and engagement with CRHTT (as he didn't want to give his story again)
- We talked about referral to EIS and my view that he would find seeing someone regularly helpful: he said if I made the referral he would engage- saying he would be too polite to refuse.
- He seemed to find our conversation today a relief and thanked us for coming.
- I did not feel he would meet criteria for detention today under the MHA and that I would refer for assertive approach from EIS as a more proportionate response.
- Referral via email to **Simon Clark**.

He starts quite calm however soon descends into a conversation in that he feels persecuted and paranoid against the police, the govt, and his upstairs neighbour. He was tangential, thought disordered, grandiose and difficult to follow at times. Quoting parts of various acts and reading out letters. Asked me what are my objectives? Who visited, the names? Concerned that the police may be coming. Who referred me to you? I haven a€™t seen my GP for ages. Says he has showed Goodie the true facts and he has official documents to say he has been set up by the police. Says he has been arrested 60 times; he has all the papers. His appeal is in 2/52. He went on talk about a relationship he had and 8/12 into that relationship the woman said she had an internal problem, the clinic said she had an external problem. Said the clinic was watching him. He went on to say that he attended a sexual health clinic on the 8.5.2015 and received a letter to say he had anti-bodies and he shouldn't a€™ t have sex with anyone. Says that the neighbour eavesdrops saying he has HIV and Hep B. I'm really unclear about this, whether he has HIV or Hep B or this is part of his mental health problem. Says that he is building a website and charity and educating others.	

	Police setting him up. He spoke about his upstairs neighbour at length, says she is an alcoholic and has LD. Under a MH team. Says she stalks him and has written him letters. She bangs on the taps, he has digi recorded her. Neighbour can hear his friends in the flat and follows them upstairs and bangs on the taps. He has been recording her. 3 days ago, says that she flooded his flat, he undone the knot on the radiator. She is trying to destroy his life. Ita€™s been going on in total for 400 days. Neighbour is deliberately ruining his property. Says neighbour needs to be analysed as does her network. He could do a citizen arrest. I explained I had been asked to call him. Simon expressed unhappiness about the MHA last week and said talked about the s135warrant being obtained under false pretences and that mental health staff had confessed' that he had a agreed to allow access to his property, therefore a warrant was not required. I asked Simon about the word confess, as this suggested to me a response to a criminal charge or accusation. Simon gave examples of confessions but it was not possible to explore this further as I could not re-engage Simon on this subject. Simon spoke at length about plans for the future, that he is working hard to help other people. I talked about sometimes	**12)** On the ****/**/20**** it is said that

	we all need help, but Simon said he has a hundred thousand friends and hundreds of family members. I said these sounded like very large numbers and asked how he made so many friends, Simon said through being nice and helpful. I asked Simon about the records he keeps including recordings of conversations, he said it is like keeping minutes for a meeting. I asked several times if he understood how this could seem to others like the behaviours of someone with paranoid beliefs to but he did not address this. Simon said that he had been told he is not mentally ill and that staff had cheered this at the MHA review. I tried to explain that mental ill health and health are a continuum and there is not a binary system of sickness vs. health. I tried to explain what I have been told and read that Simon did not meet thresholds for detention un MHA in terms of severity of mental illness or risk of harm to others or himself, but he did not acknowledge this. I told Simon that I thought he hadn't grasped what I was saying but regarding the MHA but he did not continue the conversation with this topic. I also said that our conversation has seemed tangential at times, Simon changing from one subject to another. He said that was to make the conversation varied. I asked if he needed any help, he said he needed space to work, but did not want weekly assessments from mental health services, and that he'd previously agreed to the appointment today but after thinking about it, decided he didn't want to attend. Simon agreed that I can call him from time to time, but did not want to meet with me when I offered. He said he would call me if he feels he needs help in future. I asked Simon to consider having a low threshold for asking for help and not to let things get very bad if he feels he would like to contact me. Although the content of Simon's speech was not bizarre, it did appear that he expressed paranoid thoughts at times, in addition to his behaviour of recording and monitoring of others. Simon made a clear view that he did not wish to have continued engagement with mental health services and it is my view that he has the capacity to make this decision. I

I got wrongfully, detained by metropolitan police and sectioned under the mental health act 1963, section 2 of that act, the following day, and this got achieved due to Carron Dunno's lies. Below is a copy of some events that took place due to Carron. The date turned into the **15th of August 2016** and the question to me, was; why did I get further detained? No one would tell me why. I got bailed at around 16:30 hours and this was on the **15th August 2016** but I found myself not being released even low I done nothing wrong. All I did was sleep in the police cell, that I got placed and detained in, I can remember that at all times I acted in an uncivilized manner. The truth is in the whole time I was in police custody I did not get to see any police FME doctor, I also did not see my solicitors, who both, I continuously, asked to see. In the police station I got left in my cell sleeping on camera with no problems of concern thought the whole of my detention, and this was while being recorded in police cell number three. This meant that I also requested food to eat at three different times and the food got served with additional drinks, I asked for a blanket as I was cold and I got left with my shoelaces and belt on. 	Answers. Like, how did the police get involved in the start of everything? No official person would speak and say, what was going on throughout my whole illegal detention and for what reasons they continued to hold me, straight after being granted bail, even though my continual request of asking the police officers. Throughout my whole stay in detention all I wanted was to see my solicitor and get interviewed and released as I done nothing wrong. Just, after this as said above the police handed me a bail form at around 16:46 through my cell flap, when I got bailed with no interview, when given the ball form there was two doctors and a Mental health worker also standing outside the closed cell door, who said to myself that I was being held under section 2 of the Mental health act. Without no assessment, a key worker named Maggie Fuller was present and still no criminal interview had taken place also I did not get a Mental Health assessed, legally, I reminded the doctors while in my cell about my prior complaint against them Pacific members, who I got talking to and their darkness swallowed me up: In that moment of time I said aloud to the Doctor I know who you are I have you on CD from February coming into my home and I also have a complaint in against you and continued to state that I done nothing wrong in my whole detention and it was bios for them doctors to handle my case with an ongoing complaint in against them I clearly remember their names to be Doctor: Albazaz AND Doctor: Amin alongside Sam and others such as Alan, on the **14th August 2016** outside the police cell I was being detained in Alan and Sam were not present but a woman who I understand to be Amp worker who has gotten named as Miss Maggie Fuller took their place. I got placed on a Section 2 of the Mental Health Act 1983 no matter of the stability of my Mental Health, any way and this got managed by the doctors who came into my house prior illegally, that I have on audio tape, shortly, after I got given my bail sheet through the cell flap and got completed without me being taken out of the cell. This got done to me, while being detained at the wood

He explained that he is currently preparing for a court hearing but when this is completed, he would like some help to look at training/courses to support his career ambitions. Simon said he will call in the next few weeks once the court hearing is over and we can arrange to meet to talk about what support he would like. When I attended the clinic for the second time I once again had to wait for what was a long time to get seen, when a acclimatizing asked me to follow her into a room, by me doing what she requested we took a seat in the room and spoke, while discussing the issues that I was trying to solve, so to be sure of the full understanding of a true and whole picture of what was going on in my life, I took a look into the folder the culmination had in her position on her desk top table, this folder related to my medical notes, on doing this and taking the best glance possible of the paperwork, I noticed the test result said it subjected that I may be a carrier of the blood, so showed my upset and requested an official company headed letter to get made to my person so for it to state this new information of relevance and also request that of a formal apologise, the clinicians agreed for this to get completed and I left their premises to go back home. **The Medical home treatment team came to set me up and get me because of Ozzie: -** **Update: 19/11/2014** Not being able to bear the sound problems with my flat anymore; I thought what gets done to me, is; "wrong." This was when I was to realise how inadequate the sound proofing in my flat really, was. Because Ozzie had wanted his friend to live with him, he kept pretence that he could not hear me and my first partner over the first five years. I was to find out	**4)** On the ****/**/20**** it is said that

	how much this was a lie. I was angry with Ozzie because he caused a lot of unneeded stress on my relationship, for so many years prior and he kept breaking promises to fix the problem. So, when the police arrested me in the burglary case and I got put on the bail conditions I had gone to Ozzie house and spoke to him, I took a seat in his flat with him, so to sort out the problems in mine and my partner's life's, I did this so to address Ozzie with the issue. I explained myself in full and how this was having an effect on us. After coming home, I had been upset due to what had got explained to me, by my new partner at that point in time. What I was to find out later was that Ozzie had been listening through the walls of my upset. I still to date cannot believe what he has done to me, and my loved ones, he had made an emergency 999 phone call to the police about overhearing me in my own home and then the police called the doctors to arrive for the first time in my life and this was not be the only time the doctors would visit me. Allegations state that I became paranoid about my mother to whom I and my mother disputed, the home treatment team attended my home address on this date and made a call to my mother. When the home treatment team turned up to my flat the police was already there, the Home treatment team phoned and spoke to my mother asking her, if she understood why the police was there, which she replied to them no, she also explained to the Home treatment team that the police kept coming into my flat for no reason. The Home treatment team then talked to the police and left my mother on hold. My mother heard what got said by the police to the Home treatment team as too why they were at my address again. The police said they got a phone call: stating that I was shouting, they gave the Home treatment team 3 different door numbers to my entrance door, which were all wrong. Not one person admitted that they understood who made the 999 calls to the police. The Home treatment team told the police to leave. On this day I was fine until the police turned up at my flat once again. I was not shouting or upset, so do not really, believe someone called the police,	

	worried about me or if they did, they were setting me up. Due to how the police are with me, I got upset and would not open the door, so I sometimes shout to the police in these situations, through the door, as I feel safer, the police do not leave me alone, so why would I open my door when I am on my own, I always feel safer waiting until someone I have contacted gets to my flat, so they can see what is going on. Home treatment team told my mother I seemed to upset for them to talk to and she told them it was no wonder the police are going to his flat all the time when he has done nothing wrong. **(5)** **<u>19/11/2014,</u>** **<u>The banging Started!</u>** Debbie Andrews (responsible) Stain Curtis (responsible) Mathiyalagan (Responsible) Tim**e:** All-Day and All-Night whenever they knew that I was indoors! He said that his neighbour has an alcohol problem and a learning disability.

zzzz) There was no evidence of distraction, confusion or that he was responding to internal stimuli.

4 October 2009

36,

aaaaa) It is my view that Mr Cordell's detention was not in the interests of his health as I did not identify evidence of mental disorder during the visit. I did not believe that Mr Cordell's detention was necessary for his safety, Mr Cordell denied experiencing any suicidal ideation and could I not identify other risks to safety apart from possible substance misuse which could not be used as the basis of detention without clear evidence of a mental disorder associated with the substance misuse issues. I also did not think that the threshold for detention on the basis of safety was met, he was having conflict with neighbour this conflict did not appear to be driven by any mental disorder.

- **Patient's name:** Simon Cordell
- **Date of assessment:** 03.02.16

- **Consultation With Nearest Relative And Process Of Identifying The Nearest Relative**

bbbbb) I identified Mr Cordell's Nearest Relative as his mother Lorraine Cordell. Mr Cordell lives alone and is single. As far as I could ascertain he did not have any children and was not in relationship. His father was the older of his parents but when I phoned his mother

ccccc) on **03.02.16** she informed me that he was in regular contact with Mr Cordell and did his shopping for him. I therefore formed the view that she provided care and was the Nearest Relative.

ddddd) I phoned Lorraine at around 09:30hrs on **09.02.16** and she advised that in her view use of a warrant and the Mental Health Act assessment were unnecessary as he would give professionals access if he had received an appointment letter. She said that he had a court case in February but would not elaborate on this. Lorraine said that she thought that the involvement of mental health services was unnecessary as Mr Cordell was not in her view experiencing any mental health difficulties and had not experienced any mental health difficulties for a number of months.

eeeee) I was surprised that Lorraine stated that she did not think that Mr Cordell as the recent referral to mental health services had been triggered by a referral that she had made.

- **Consultation with Assessing Doctors**

fffff) Both assessing Doctors declined to make medical recommendations and were in

agreement that there was no clear evidence of any mental disorder during the assessing.

- **Views of others consulted**

ggggg) Prior to the assessment the police present advised me that were aware of conflict between Mr Cordell and his neighbour. They advised that the soundproofing between the two properties was poor. The police officers advised me that they were aware that on one occasion Mr Cordell had threatened to strangle his neighbour.

- **Mental Capacity Act 2005**

hhhhh) No Capacity Act issues identified during the assessment.

iiiii) Reason for decision to make the application (including choice of Section)

jjjjj) Given that Mr Cordell's diagnosis and treatment plan were not clear at the time of the assessment the assessment was for possible detention on section 2. It was my view that Mr Cordell did not meet the statutory criteria for detention. It was not clear that he was suffering from a mental disorder of a nature because at the time of the assessment it was unclear if whether or not he had a mental disorder. He did not meet the criteria for degree as there was no clear evidence that he was experiencing symptoms of mental disorder.

- **Patient's name** Simon Cordell

- **Date of assessment:** 03.02.16

kkkkk) If not admitted to hospital, outline immediate plans for alternative to admission and how those plans will be co-ordinated

lllll) Early Intervention Team to offer Mr Cordell an appointment with a psychiatrist in their team for a psychiatric assessment.

5 October 2009

37

- **If admitted arrangements for:**
- **Dependants {including children):** None
- **Securing property:** Not applicable.
- **Pets:** Mr Cordell has a dog, but no arrangements needed to be made as for looking after the dog as Mr Cordell was not detained.

- **Any other practical matter (including informal ion/advice about children visiting the ward):** None

- Consultation with Nearest Relative and process of identifying the Nearest Relative
- I identified Mr Cordell's Nearest Relative as his mother Lorraine Cordell. Mr Cordell lives alone and is single. As far as I could ascertain he did not have any children and was not in relationship. His father was the older of his parents but when I phoned his mother
- on 03.02.16 she informed me that he was in regular contact with Mr Cordell and did his shopping for him. I therefore formed the view that she provided care and was the Nearest Relative.
- I phoned Lorraine at around 09:30hrs
- on 09.02.16 and she advised that in her view use of a warrant and the Mental Health Act assessment were unnecessary as he would give professionals access if he had received an appointment letter. She said that he had a court case in February but would not elaborate on this. Lorraine said that she thought that the involvement of mental health services was

unnecessary as Mr Cordell was not in her view experiencing any mental health difficulties and had not experienced any mental health difficulties for a number of months.

- I was surprised that Lorraine stated that she did not think that Mr Cordell as the recent referral to mental health services had been triggered by a referral that she had made.
- Consultation with Assessing Doctors
- Both assessing Doctors declined to make medical recommendations and were in agreement that there was no clear evidence of any mental disorder during the assessing.
- 7 Views of others consulted
- Prior to the assessment the police present advised me that were aware of conflict between Mr Cordell and his neighbour. They advised that the soundproofing between the two properties was poor. The police officers advised me that they were aware that on one occasion Mr Cordell had threatened to strangle his neighbour.

Mental Capacity Act 2005

a) No Capacity Act issues identified during the assessment.

- Reason for decision to make the application (including choice of Section)
- 9.Given that Mr Cordell's diagnosis and treatment plan were not clear at the time of the assessment the assessment was for possible detention on section 2. It was my view that Mr Cordell did not meet the statutory criteria for detention. It was not clear that he was suffering from a mental disorder of a nature because at the time of the assessment it was unclear if whether or not he had a mental disorder. He did not meet the criteria for degree as there was no clear evidence that he was experiencing symptoms of mental disorder.

	From Client: Not Concealed **71** Phone conversation with Simon. I explained I had been asked to call him. Simon expressed unhappiness about the MHA last week and said talked about the s135warrant being obtained under false pretences and that mental health staff had confessed' that he had a agreed to allow access to his property, therefore a warrant was not required. I asked Simon about the word confess, as this suggested to me a response to a criminal charge or accusation. Simon gave examples of confessions but it was not possible to explore this further as I could not re-engage Simon on this subject. Simon spoke at length about plans for the future, that he is working hard to help other people. I talked about sometimes we all need help, but Simon said he has a hundred thousand friends and hundreds of family members. I said these sounded like very large numbers and asked how he made so many friends, Simon said through being nice and helpful. I asked Simon about the records he keeps including recordings of conversations, he said it is like keeping minutes for a meeting. I asked several times if he understood how this could seem to others like the behaviours of someone with paranoid beliefs to but he did not address this. Simon said that he had been told he is not mentally ill and that staff had cheered this at the MHA review. I tried to explain that mental ill health and health are a continuum and there is not a binary system of sickness vs. health. I tried to explain what I have been told and read that Simon did not meet thresholds for detention un MHA in terms of severity of mental illness or risk of harm to others or himself, but he did not acknowledge this. I told Simon that I thought he hadn't grasped what I was saying but regarding the MHA but he did not continue the conversation with this topic. I also said that our conversation has seemed tangential at times, Simon changing from one subject to another. He said that was to make the conversation varied. I asked if he needed any help, he said he needed space to work, but did not want weekly assessments	

	from mental health services, and that he'd previously agreed to the appointment today but after thinking about it, decided he didn't want to attend. Simon agreed that I can call him from time to time, but did not want to meet with me when I offered. He said he would call me if he feels he needs help in future. I asked Simon to consider having a low threshold for asking for help and not to let things get very bad if he feels he would like to contact me. Although the content of Simon's speech was not bizarre, it did appear that he expressed paranoid thoughts at times, in addition to his behaviour of recording and monitoring of others. Simon made a clear view that he did not wish to have continued engagement with mental health services and it is my view that he has the capacity to make this decision. I will discuss the case with the clinical team and other staff/managers as appropriate regarding future action from mental health services and the EIP team in particular **(32) <u>10/02/2016,</u>** <u>The Doctor's Folder / pub Book Issue: 5!</u> <u>Stage 5</u> <u>Folder 5</u> Originator Details: 10 Feb 2016 Last Amended by Details: 11 Feb 2016 Mukesh Kripalani Medical Page Numbers: 71 **Originator Details:** 10 Feb **2016** 14:31 Mukesh Kripalani Medical **Originally Entered by Details:** 10 Feb **2016** 14:35 **Mukesh Kripalani Last Amended by Details:** 11 Feb **2016** 16:07 **Mukesh Kripalani Validated by Details:** 11 Feb **2016** 16:07 **Mukesh Kripalani Significant:** Yes, Added to Risk **History:** No Contains **Third Party Info:** No Conceal **From Client:** Yes Patient cancelled the appointment today. In remembering this day, it was Sunday, and the time turned into 1800 hours when the metropolitan police wrongfully, arrived to detain me for alleged offences under the grounds of suspicion of threats to kill my neighbour and children. I had been at my home on this day alone and did not intend for visiting guest to arrive, but this happened, my friends turned up to say hello to me. When at home in my flat, two friends came around to visit me they also brought two other friends with them that I did not know and their newborn baby. More than happy to see them, we relaxed and catch up on what had been going on and laughing at old good past times that we had together. When after some time I turned on some music to show my male friend, my sound system, as it is something that we have both enjoyed many times before together and to top things off he is a fantastic music producer /DJ and therefore creates	**2)** On the ****/**/20**** it is said that

	his own music. Soon after we had turned the sound system on, my friend's partner asked us to turn the music down because of the baby being present. I would say that this was no longer than five minutes after us both turning it on and this is what we did, the music never got left on long or loud during their visit. To be honest, I felt silly for having to get reminded that there was a newborn child in my home. After my friends had stayed at mine for a couple of hours, they decided that it would be best to make their travels back to their own home as it quickly turned into night. As my visitors were leaving, I asked my friend the new baby's father / music producer to leave a music audio CD, to which he did after a lot of my persuasion towards him, he got reluctant to share with me, as his CDS are one of his pride and joys out of life, after my friends left I put the CD on and played the whole thing what was about 20 songs at 4 minutes each tune played. I then waited for the amps to cool down, which took around 10 minutes. This is when on the **14th August 2016** At around 800 hours the police arrived at my house. The police knocked on the door and requested to 'speak' too me; I noticed that there were around 15 different police officers outside of my front door banging at me to get in. When I noticed the knock on my front door by police claiming to want to speak to me, I got worried and called my mother to attend my flat as towards of the on goings I done this for the concerns I have about police harassment and abuse of power while abuse of position, as at present; I have ongoing complaints of corruption in the process with the relevant governing bodies. I refused to speak with them that is to say with my front door opened, as by that time I lost a lot of trust for them, I done nothing wrong in any sense, nor should there being any reason for them to want to arrest me, so I had no obligation to speak with them police officers, without a solicitor being present. The officers were outside of my door banging for some time trying to force entry and I continued to tell them I did not want to speak with them and for the officer's present at my home address to contact my solicitor. For my	

	safety, I prior installed CCTV outside of my property which captured the police behaviour while they were present in my communal corridor space. I explained to the officers that I was not happy with the way I was being treated by them; after doing this I got left still intimidated by them. In noticing what the police officers were treating me like I continued to explain that their actions were being recorded by my CCTV. At that moment in time the police officer knew that how they continually, knocking on my door while laughing was wrong and too me, it mimicked what I complained about to the official governing members about prior. The acting police officer damaged my camera while I continued to watch. I understand that she has done this to protect herself against their prior wrongful actions, they intentionally damaged the CCTV system, so that my cameras turned off and can never get repaired again. Get this done by the police officers so for them to take away the security I protected myself with as I do not have an intercom communication system in place and the code to the main entrance door has not gotten changed in 11 years of me being present at Burncroft Avenue. My CCTV equipment being damaged got caused wrongfully, and without my consent and left the equipment so that it could no longer record anymore and must get protected under the DPA 1998 Act, and Criminal Damage Act 1998. I have the CCTV footage that will evidence this day and I have confirmed I will forward this on to my solicitors. Eventually, I came out of my property and got wrongfully arrested. In summary for the truth of the reason I got arrested, I found out much, much later in the following months to come and I now understand that this is because Carron Dunno decided to lie to the police for her own self gain so that she could infringe my human rights and have an effect on my way of life. Carron made a false statement with criminal allegations, so I would illegally receive a term of time in custody or forced into mental care to which both occurrences did in fact happen. Here the police have now also agreed with an NFA and therefore found no truth in	

	any person's statements, after the incident never took place on the **12th August 2016** My motor bike wasn't present in my private back garden on the date of the **14th August 2016** but was on the **12th August 2016** as I used to keep it indoors, for safe keeping. Carron had been the one who got abusive towards me, on the **12th not the 14th of August,** and she the after on the 12th of August used her mobile to call other people to my home, she then, waited a further two days to seek even further doings of hate crime against me, of revenge. It was Carron for sure, but I also believe with stain and those two together with Christine, as a collective of people they then, re-mediate the events of the **12th August 2016** and forgot any off the truth events that took place, for an instance about the motor bike's presence and then, further manipulated the truth and changed her statements of verbal aggression, while being confrontational towards my personal character, into wrongful claims of doings that are now in question of the facts of truth and them lies are now being used to accuse me, "Simon" of wrong and illegal doings, that are clearly not true. She claimed and altered the events, all to be on the **14th August 2016** and included to involve the children that the High courts have given her sole custody off, in knowing that there was no truth to her statements of truth, "she used the children police and doctors for her own gain to attack me." I was not in my back garden on the **14th August 2016** I was indoors with friends, and I also can on request, provide their witness statements as exhibits and all of them key first-hand material witness is all willing to attend any court hearing with the video recording of their personal mobile phones of the events that took place in my home on the	

	14th of August 2016 which shows me indoors playing with the baby, this mobile footage is also present on YouTube.com. It did not get explained to me, who the people were that accused me of the charges until me re bail many moths latter as I did not get an interview, I therefore got abused in relation towards incorrect or in another definition untrue cut and pasted fabricated events of occurrences, that if any truth was to get found out of their statements, it would only be that the Carron did in fact use her voice on the alleged date and this was while shouting at me out of her window on the **12th August 2016.** Another important factor of concern is if I got arrested on the 14th at 20:00 hours it must have taken no less than an hour while being mechanically, transported by the police officers booked me in at custody. This would be when travelling from Enfield "my flat" to the wood green police station and this would mean that the time would have been around 9:00 pm on the **14th August 2016.** With this keep in mind, it would mean that if all police regulations got followed, correctly, then I or any other person, with the same or similar sort of time scale, would or must get released from custody, within 24 hours from being booked into the police station, or a superintendent must sign the custody records, with a record off the reasons he or she has continued, mine or any other person's detention, and he or she must explain to me or any other person, "the detainee" the reason, to which they got further detained. **(3) 14/08/2016, Sunday, August 2016** **Andrew 2** The Doctor's Folder / pub Book Issue: 5! Following mha asmt initiated on 15/8, two meds recs completed. amhp Maggie Garrod unable to complete asmt

because no bed available.

I was informed at 23.50 on 15/8 by bed manager David Walcott that bed identified on Haringey ward, St Ann’s hospital.

I attended wood green police station at approx. 02.00 this morning, I spent approx. 40 minutes with Simon

	in interview room. I have read the s.2 med recs by Dr. Albazaz and Dr. Amin, and recent history on Rio. I spoke with amhp Maggie Garrod, and I have also spoken with nearest relative mother Lorraine Cordell. she stated that she is Simons only real social support and remains very protective of their relationship. In all circumstances of the case I think that detention in under s.2 is the only viable way to ensure that Simon receives appropriate assessment for his mental health, and that an appropriate approach might be developed to assisting him. Simon was adamant that he is not mentally unwell, and not in need of any mental health assistance, he stated that he feels that detention and admission to hospital is truly detrimental to his future, and would not entertain the notion that he might require mental health assistance. I informed mother of outcome of mha asmt and her rights as nearest relative. s.2 detention documents and amhp report handed to pss ambulance staff at 04.00 this morning, and they agreed to transport Simon to Haringey ward. Simon has been bailed by police and is in possession of the bail sheet. Amhp report completed and uploaded. **(5) 16/08/2016, Tuesday, August 2016** **Getting illegally** Taken to saint Ann's hospital! **On the 16th of August 2016** **I remember: -** Getting taken to saint Ann's hospital, with me telling them involved; Stop, no, do not do this to me, I am off; well mind, and body and soul and I have hurt no person, including myself. I got petrified by their decisions. On the **16/08/2016** At the police station a single Amp worker visited me, I got detained at the police station for about 28 hours. The time was around 03:30 hours, he took me on his own and said that I was to get moved to St Ann's hospital at around 04:00 hours, when I asked why he replied by saying to me, that he was going by what the two previous doctors reported to him, I explained the true on goings at to him and continued to explain to him that I already have a complaint against the same	**5)** On the ****/**/20**** it is said that

Doctor prior to this incident and it makes the Doctor Bios and Prejudice towards any case relating to myself and that this should not get allowed to happen, he knew, that I was well of mind, but this got noted by him, with no change in his decision. To get assessed under the mental health act I would have needed to get spoken to by two different doctors present at the same time this must also be in the substance of an interview with an AMP worker present “as to mean out of my cell”, this never got done, I never got taken out of the police cell and spoken to by two doctors or even asked if I would speak to the doctors and an AMP worker. The police and doctors at this stage illegally kept me in detention for over 20 hours in a police cell waiting for my solicitor, so I could have my interview. I never saw my solicitor in all the time I got illegally held captive, I only spoke to a solicitor once on the phone at my request and this got achieved after 20 hours of being a police station detainee, wrongfully, might I add. I got taken from the police cell at around 3 to 4 am on the 16th of August **2016** and taken to St Ann’s hospital, after being held in the police station from the

14th August 2014

and still I had not got assessed or seen by Two doctors outside of the cell and an Amp worker together, as required by law. After arriving at St Ann’s Hospital at around 5:30 am the SHO duty doctors see me alone. In me trying to explain to her that I was not a danger to myself or any other person and that the allegations were wrong for threats to kill against myself and that I was being detained for no apparent reason. While waiting for a room in the hospital after being spoken to by the SHO, a gentleman awoke from his room and walked into the communal area to where I was, he plonked himself on the pool table I said hello to him, he seemed overdosed on medication to my concern, he became over abusive in my presents towards the staff and soon after other patients appeared in the communal room awaiting to go in the garden, I soon after getting introduced to my room and dropped off to sleep, I awoke for lunch and dinner and latter toast. Not one, nor two doctors were

present. When I got **transfer**red, illegally, too St Ann's Hospital I spoke to no one other than a single duty SHO with a nurse present. In reference towards my mental stability, I have never had to take any medication that got prescribed to myself by my local GP /doctor regarding Mental Health issues as there has been no need, however since I
got completely, setup on the
14th August 2016
by Carron Dunno I then got forced to take medication. From the first day of my arrival at the hospital while being in the mental health team's care, medication was on a daily basis, to get forced upon myself to get taken in tablet form by the home Teams Medical Professional. I had to deceive the doctors that I took them for them not to fry my brain with unneeded medication, or they said that I would never go back home again, they tried to force psychotic drugs and Antidepressants into me. After me, waking up from going to sleep in the early hours of the
16th August 2016
at St Ann's Hospital I had still not legally, gotten assessed. I woke up at 06:00 pm as I feel to asleep at about 9:00 am and ate my lunch and so forth. Soon after I used the toilet and then damaged my fingers at around 6:30 pm when I asked for medical help, I needed I did not get treated correctly?
When I showed the staff on duty that I needed emergency medical help, I got told to wait for an Hour and soon learnt that 7:30 would be the time of staff change over. I explained what had happened to the next shift around 8:00 pm who then explained to me, I need to wait for from the doctor the next day. When I got released from hospital, the Laceration had 95% healed and I still have no movement, off my finger to date, so I started to studding about the damage to my left finger I learnt I had cut the function of the extensor digiti minimi, which controls the movement off the little finger. This lack of movement in my finger is because when the muscle moves, it forces the little finger to bend and stretch. Sudden or unexpected movement of the finger or trauma to the finger
can easily damage the muscle as any doctor should understand. I tried my best to keep traction in my

finger so to keep the little finger from not moving again but this never helped me. Till date, I have still got no movement, and the Lacerations was 2 cm in width and slowly, healed well, the Laceration had got contained along the proximal phalanges which is the bones that can get found at the bottom of the right-hand finger, this problem causes me great concern as I am now disabled by it not being treated, and in disappear that I will never regain the use of my little index finger. On the

16th August 2016

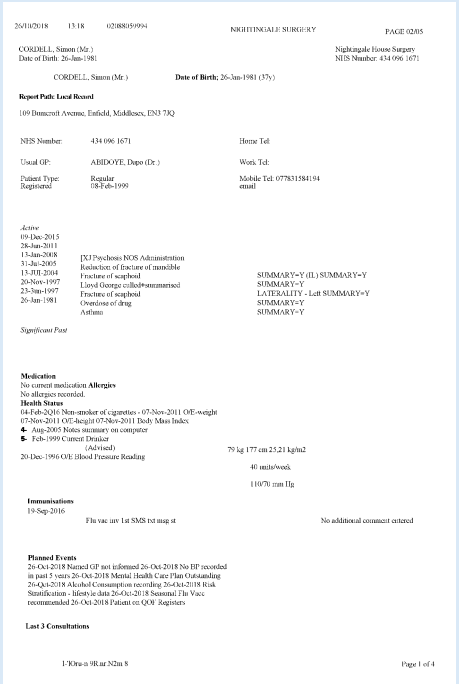

I also got asked to provide blood for my sugar levels and to take part in my temperature test. I explained I got happy, for this to get done and it got completed by the doctor. I got weighed in, so I do not understand why later the doctors, stated in their reports that I never allowed the tests to get carried out. The doctor asked me to take an ECG test on this date and allowed permission for it to get granted and it went ahead, the latter in the evening I waited outside the locked staff room to speak with staff again about my finger, when I noticed a gentleman who I saw for the first time earlier in the day, he placed himself on top of the pool table. I said hello to him, and
he verbally, bit my head off by shouting at me; do I know him and continued to say the following: do not talk to him, he wanted to challenge me in an intimidating manner, so I never reduced myself to his level, I clearly remember that he threatens me. Another inpatient walked over to me and showed me his own ear while this had gone on, in looking at his ear I noticed a vast amount of physical damage that required previous medical treatment, it contained a lot of stitches and was wiping from being
so badly, damaged and the weather being hot. The pain, with his ear, hurt, this is what he explained to me, he continued to explain that the gentlemen now arguing with me had been the person who attacked him and further warned me to be very careful of him. I felt, so sorry for him and could clearly see his pain, he continued to explain to me that I must take caution, due to the other men's rings on his hand, as
this caused the damage to him, by this time the hospital's staff took a control over the well medicated

	man and took him away from us all, I then walked back into my room. **Done**	

42+	**Matthew Strachan Validated by Details:** 15 Aug **2016** 12:12 = X1 **(1) 15/08/2016, Monday, August 2016** **If they had the same choices again, would they do the same again?** **15th August 2016: --** If they had the same choices again, would they do the same again? I got wrongfully, detained by metropolitan police and sectioned under the mental health act 1963, section 2 of that act, the following day, and this got achieved due to Carron Dunno's lies. Below is a copy of some events that took place due to Carron. The date turned into the **15th of August 2016** and the question too me, was why did I get further detained? No one would tell me why. I got bailed at around 16:30 hours and this was on the **15th August 2016** but I found myself not being released even low I done nothing wrong. All I did was sleep in the police cell, that I got placed and detained in, I can remember that at all times I acted in an uncivilized manner. The truth is in the whole time I was in police custody I did not get to see any police FME doctor, I also did not see my solicitors, who both, I continuously, asked to see. In the police station I got left in my cell sleeping on camera with no problems of concern thought the whole of my detention, and this was while being recorded in police cell number three. This meant that I also requested food to eat at three different	**RIO notes no email!** **1)** On the ****/**/20**** it is said that

	times and the food got served with additional drinks, I asked for a blanket as I was cold, and I got left with my shoelaces and belt on. I even remember I ask for toilet roll, to which this got given to me, in my whole stay I caused no concerns regarding my mental stability While at the police station all I wanted was Answers. Like, how did the police get involved in the start of everything? No official person would speak and say, what was going on throughout my whole illegal detention and for what reasons they continued to hold me, straight after being granted bail, even though my continual request of asking the police officers. Throughout my whole stay in detention all I wanted was to see my solicitor and get interviewed and released as I done nothing wrong. Just, after this as said above the police handed me a bail form at around 16:46 through my cell flap, when I got bailed with no interview, when given the ball form there was two doctors and a Mental health worker also standing outside the closed cell door, who said to myself that I was being held under section 2 of the Mental health act. Without no assessment, a key worker named Maggie Fuller was present and still no criminal interview had taken place also I did not get a Mental Health assessed, legally, I reminded the doctors while in my cell about my prior complaint against them Pacific members, who I got talking to and their darkness swallowed me up: In that moment of time I said aloud to the Doctor I know who you are I have you on CD from February coming into my home and I also have a complaint in against you and continued to state that I done nothing wrong in my whole detention and it was bios for them doctors to handle my case with an ongoing complaint in against them I clearly remember their names to be Doctor: Albazaz AND Doctor: Amin alongside Sam and others such as Alan, on the **14th August 2016** outside the police cell I was being detained in Alan and Sam were not present but a woman who I understand to be Amp worker who has gotten named as Miss Maggie Fuller took their place. I got placed on a Section 2 of the Mental Health Act 1983 no matter	

	of the stability of my Mental Health, any way and this got managed by the doctors who came into my house prior illegally, that I have on audio tape, shortly, after I got given my bail sheet through the cell flap and got completed without me being taken out of the cell. This got done to me, while being detained at the wood green police station Next, another independent police officer not involved in the past ongoing, came up to me, and told me that I would soon get **transfer**red to St Ann's hospital with no other option in the choice, I got picked up early hours of the 16th of August **2016** and taken against me even low I done nothing wrong. **(2) 15/08/2016, Monday, August 2016** The Doctor's Folder / pub Book Issue: 5! she was attempting to handle my case file and with this being even low, she herself, understood that I had an official complaint in progress against her person, and other members of her fellow work colleagues, also I would like to further the facts that as I done this, she accepted that I was right and agreed with me that it would be best for her to leave the meeting, to which she did towards some form of satisfaction of the first right doings for me while being detained. The official complaint I have in place is in fact for another occasion at my home when the same named professional's acting government representatives / people dealt with me in an undignified and unfair manner. I explained my rights and feelings to them, and I explained to them all that they should not do this to me, and every person outside the cell door, walked away for a while, for them to come back to the cell flap, I was still being detained in five minutes later, and say to myself, once again, that I am still being sectioned. In me knowing that I got treated wrong, I also contacted the MPs with my mother.

A copy of the recorded audio CD minutes when the same named doctor's illegal entering my home premises, under force grounds, this was in

February 2016

that got contained at the bottom of this document and contained in its context is a full admission regarding my statements of a gained warrant to enter my home and detainee me under the Mental Health Act.

They wanted me to lose more than just, my finger: -

I personally, and rightfully, understand I had my first true assessment 72 hours later on the

17/08/2016

When I saw two true doctors face to face for the first time to even have true assessment, my mother and uncle was also present at this meeting. While at the police station and being held as a detainee on the

14/08/2016

right up to the

16/08/2016

I have no Mental Health issues. In St Ann's Hospital I was in full good Health right up and till the

17/08/2016

When I used the hospital toilet as I walked in to use the toilet I slipped on the wet floor and fell forward causing both of my small index fingers to snap forward, this caused me a large amount of pain. The toilet got left to be in a foul, sort of manner since I arrived at the hospital and had not been well maintained thought all the days, that I got held against my free will as a patient, as to them was large amounts of human waste otherwise known as urine around the floor and on the toilet seat most days. On the

17th/08/2016

I clearly remember there being no warning safety signs up in place outside of the toilet on any of the days of my stay, this also include no form of maintenance. I got upset because of the lack of warning was careless on the hospital's behalf, as I or any other person walked into the toilet room, as the hospital did not prior warn any person of such fault or lack of schedules or upkeep of them schedules such as a sanitary policy being managed to an optimum level of services. When noticing the damage that got caused to both of my fingers on both separate hands, I worried with concern as for the needs that I have for them, I care for my hands as they provide my abilities to earn a living. Once I realized what happened to me, and the cause of me to sleep I got up and headed straight to the staff room and reported the incident, I asked for it to get drafted into the Hospitals accident and report book and to have the Emergency medical provisions that I required, it got explained to me that I will have to get the staff doctors to deal with the issue the next day to my pain and upset. I was in a huge amount of pain with the injuries to my fingers that I received while being detained at St Ann's hospital and could not receive the standard of medical care I would have normally, received if I could have attended on my accord to an emergency hospital that would have also have available surgeons with an x-ray machine, that I would have visited if not being held against my

will. Now, because of this accident, I cannot use my right finger anymore, because of this neglect by professionals inclusive of deceitful lies made by Carron Dunno, I will agree as I believe anyone else's will who pays an interest into the true facts that I get upset within the real events of occurrences of what I got accused of and have suffered through I therefore believe strongly, I want legal action and support of my local council Enfield and any other official governing body in resolving the problems at least in my favour. In further regards to my welfare and eradication, while in detention at the hospital all I wanted was the medical help I urgently, needed and wanted and also to know why I got sectioned with a full understanding to why and under what grounds I suffered the torture of events, a clear breach of my human rights article three, as no person should get placed under the circumstance I got presented with especially, under the same conditions, to strengthen the reason this should not of happened at any point of time a risk to myself or any other person and I believe under section 2 you need to be a risk to yourself or others. I kept asking questions such as in this document, with no fair response. On the **17th August 2016**

I had still been getting Illegal detained, up and till the first official 72-hour meeting that got held, what was the first true assessment with any two-doctor face to face and this took place at St Ann's Hospital not the police station. I broke my fingers inside of the hospital's site, and no nurse or doctor would take me to the outside hospital for an x-ray. This happened in St Ann's toilets while under their duty of care from the 16th of August **2016** at around 6:30pm, when after the incident staff would not update the incident report book when I asked. My mother attended the first true meeting; 72 hours after I got detained, with my uncle also being present; When a woman who is a care worker; had to leave the meeting taking place at the hospital, this got done due to their already being an official complaint put into place regarding her and others attending my home address in February. The meeting went ahead without the Mental Health worker being present and no matter

	what, me, my mother and my uncle explained the doctors planned to keep me. Later when I got back to the hospital wing all alone, I got forced to take Lorazepam and got given a pilaff leaflet because I complained about being prescribed medication blind, asking for one. I explained that I did not need to take the medication and that I already have a good sleep routine in place, I do not need an alarm clock, as I get up perfectly, fine by myself at 5:30 am each morning. In overlaying my opinion, I also explained that I am a tidy person and like to keep, washed and clean by 6:00 am and this means that normally, by 6:30am, I am ready and delegated to finishing of my agendas towards my companies' best interests, and back to sleep again by 10:00 pm. **(5) 17 Aug 2016, Wednesday** The Doctor's Folder / pub Book Issue: 5! Now, because of this accident, I cannot use my right finger anymore, because of this neglect by professionals inclusive of deceitful lies made by Carron Dunno, I will agree as I believe anyone else's will who pays an interest into the true facts that I get upset within the real events of occurrences of what I got accused of and have suffered through I therefore believe strongly, I want legal action and support of my local council Enfield and any other official	

governing body in resolving the problems at least in my favour. In further regards to my welfare and eradication, while in detention at the hospital all I wanted was the medical help I urgently, needed and wanted and also to know why I got sectioned with a full understanding to why and under what grounds I suffered the torture of events, a clear breach of my human rights article three, as no person should get placed under the circumstance I got presented with especially, under the same conditions, to strengthen the reason this should not of happened at any point of time a risk to myself or any other person and I believe under section 2 you need to be a risk to yourself or others. I kept asking questions such as in this document, with no fair response. On the

17th August 2016

I had still been getting Illegal detained, up and till the first official 72-hour meeting that got held, what was the first true assessment with any two-doctor face to face and this took place at St Ann's Hospital not the police station. I broke my fingers inside of the hospital's site, and no nurse or doctor would take me to the outside hospital for an x-ray. This happened in St Ann's toilets while under their duty of care from the 16th of August **2016** at around 6:30pm, when after the incident staff would not update the incident report book when I asked. My mother attended the first true meeting; 72 hours after I got detained, with my uncle also being present; When a woman who is a care worker; had to leave the meeting taking place at the hospital, this got done due to their already being an official complaint put into place regarding her and others attending my home address in February. The meeting went ahead without the Mental Health worker being present and no matter what, me, my mother and my uncle explained the doctors planned to keep me. Later when I got back to the hospital wing all alone, I got forced to take Lorazepam and got given a pilaff leaflet because I complained about being prescribed medication blind, asking for one. I explained that I did not need to take the medication and that I already have a good sleep routine in place, I do not need an alarm clock, as I get up perfectly, fine by myself at 5:30 am each

	morning. In overlaying my opinion, I also explained that I am a tidy person and like to keep, washed and clean by 6:00 am and this means that normally, by 6:30am, I am ready and delegated to finishing of my agendas towards my companies' best interests, and back to sleep again by 10:00 pm. **(5) <u>17 Aug 2016, Wednesday</u>** **<u>The Doctor's Folder / pub Book Issue: 5!</u>** **<u>Stage 5</u>** **<u>Folder 5</u>** Originator Details: 17 Aug **2016** Last Amended by Details: 17 Aug **2016** Jack Mumford Medical **Page Numbers:**58 + 59 +60 + 61 **Originator Details:** 17 Aug **2016** 13:10 Jack Mumford Medical **Originally Entered by Details:** 17 Aug **2016** 13:10 **Jack Mumford Last Amended by Details:** 17 Aug **2016** 13:10 **Jack Mumford Validated by Details:** 17 Aug **2016** 13:10 **Jack Mumford Significant:** No Added to Risk **History:** No **Contains Third Party Info:** No Conceal **From Client:** Not Concealed **<u>59</u>** **Haringey Ward CPA Review Meeting <u>CORDELL, Simon P (Mr)</u>** **MHA Status:** Sec.2 **Community Team:** Enfield Community EIP team **Present:** Dr Humphreys (SpR), Dr Mumford (F2), James (student nurse), Amal (care-coordinator), Mother **Discussion with professionals:** Notes reviewed from admission clerking and progress on the ward. 	Simon is not engaging with questions, talking rapidly about his business ventures, lots of derailing talking about unrelated themes. Saying he was held hostage in a call and was held illegally. Repeatedly talking of a CD, he has which holds a recording proving that the warrant was illegally served. Claims he has bought a lot of expensive equipment to start his new festival, and his new business ventures. Says he got the money from selling some of his own possessions such as scramblers and inheritance from his Nan. Simon denies any wrongdoing categorically. Saying that he is being persecuted, says the section 2 is wrong and was conducted illegally. Denies he was assessed under MHA. Denies that anyone spoke to him with regards to a mental health assessment. Simon began accusing his mother of trying to get him put away because she has not written a full appeal letter. Became extremely irate, shouting at his mother saying 'is this what I mean to you, I will never speak to you again' Admits being on bail for threats to neighbours. 8/10/16 is his court date. Claims he is being set up. Says to us he was accused of saying 'fuck you I will kill you' to neighbour but denies this ever happened. Claims the police continually changed their story regarding where he was when this incident occurred. Asked about energy levels - reports being up every morning at 6am, says he works all the time. Reports physical health is good. Simon has Crohn's disease. Claims he is not a danger to himself or others. Says the police are claiming he is other people. When explained that he is held under section 2 and won't be released as there is an ongoing period of assessment Simon became extremely angry, stood up, pacing up and down the room, shouting loudly, does not think he is unwell. Simon then left the room for a period of time, heard shouting in the corridor, then asked to return to room, said he would calm, he quickly started shouting at mother and uncle who also shouted back. Explained	

	we wanted to give anti-anxiety medication called lorazepam, Simon became very irate saying we were trying to 'stich him up' we were trying to 'end his life'. Extra nurses had to be called and Simon had to be escorted from the room. Collateral from Mother Mother also claims that the police unplugged the CCTV outside his house. Claims that son is not paranoid about the police, claims they have persecuted him for over 20 years, always send 15+ police to his house when they want to speak to or arrest him. Claims there have been numerous arrests of Simon where he has been innocent but they have charged him. Claims that he should not have been found guilty of throwing an illegal party for his friend. Reports got carbon monoxide poisoning in **2014**, feels that's when his health deteriorated. Mother does not want Simon to receive injections. We have explained we cannot guarantee this, and there may be some emergency situations we need to give injections where we will not be able to guarantee that we can inform **60** them before, but could inform them after. We have explained that if he repeatedly refuses tablet medications, we may need to consider long term injections as treatment, however we would discuss this with them first if possible, and this would depend on his mental state. Also explained that if lorazepam is not sufficient by itself, we may need to consider further treatments i.e. antipsychotics. Mother reports Simon often thinks things said on the TV are about him, and if you tell him otherwise, he gets very angry. When discussed with family on their own, mother and uncle did express the view that Simon is unwell. Saying he seems 'manic'. **Brief mental state examination:** A - Appearance, slightly unkempt. On the **18/08/2016** I again asked for the incident report book to get updated, so as for any person to explain the damage caused to my fingers. When on the **18/08/2016** at around 11:00 am I showed a doctor the damage to my hands, fingers, the reason I gotten given the opportunity to show a doctor was because, he asked me to take part in some routine checks, such as checking my heart rate, I showed the doctor the damage to both my fingers, I also expanded to the doctor the pain I was in and therefore suffering and that I required emergency help such as an x-ray? It got explained to me that even low my left finger looked snapped they believed it to have swollen, I knew this not to be fluid in my left finger and for it to be part of my bones snapped, it also got explained to me, by the doctor, that my right finger will heal and	**7)** On the ****/**/20**** it is said that

When Comparing the snap to both of my small index fingers, I class my right finger to be a lot worse, being that I have lost full control of it and can no longer use it, not having any use of my right small finger has a large effect on my daily life for incidence I can no longer write with a pen as I once could and I also find that I have issues with picking anything up as I once could before. In me continuing to report my concerns about my well-being, too my fingers with no true aid in emergency medical help apart from being prescribed ibuprofen an anti flamer tries and having my fingers taped together. Any person can clearly see the break in my left finger to date. I, am still in continuing pain due to the way it has repaired incorrectly, and this is due to the lack of duty to or of care, I know this has caused lifetime injuries to my abilities of my hand causing the absence of any use from my left small finger, this upset me as I now am disabled due to this accident and I know if I had my liberty at the time I would have received the medical help I needed, relating towards my Health. Also in me explaining to the doctor that I was not happy with taking Lorazepam in the morning and day times, as I needed to work on my statements for the up-and-coming appeal, he agreed, so that I would only have to take the tablets at night, to which made me happier, that night when going to take the medication I noticed a white tablet rather than a blue one like what got given to me, the night before and asked the name off the medication prescribed from the prescriber and I got told clozapine tablets, which is an antiseptic medication. I asked if the dosage was stronger than the blue tablet and if they had the same effect and I got told no, to which I still had never taken the blue tablet before. Nobody gave me a mandatory pilaffs leaflet nor a consultation regarding the medication change, so I made a phone call to my mother and explained all to her, she, after phoned the hospital with her upset in a consultation about the issues raised concern. Another inpatient was waiting to speak to staff on this day and I waited outside of the staff room, the office	

	door got closed to ajar, in him waiting the troublemaker from the 16th of August, caused conflict. He deliberately, caused a negative interaction when he came along and started another altercation with the standing inpatient, this made me worried about the standing inpatient, and other patients inclusive of mine and the safety of all the medical staff's team, then straight after that instance the trouble making, inpatient, got restrained by staff and I headed back quietly into my room. **(8)** **<u>18 Aug 2016, Thursday</u>** **<u>The Doctor's Folder / pub Book Issue: 5!</u>** **<u>Stage 5</u>** **<u>Folder 5</u>** Originator Details: 18 Aug **2016** Last Amended by Details: 18 Aug **2016** Jack Mumford **Page Numbers:**56 **Originator Details:** 18 Aug **2016** 11:34 Jack Mumford Medical **Originally Entered by Details:** 18 Aug **2016** 11:54 **Jack Mumford Last Amended by Details:** 18 Aug **2016** 11:54 **Jack Mumford Validated by Details:** 18 Aug **2016** 11:54 **Jack Mumford Significant:** No Added to Risk **History: No** **Contains Third Party Info:** No Conceal **From Client:** Not Concealed Offered a Simon bloods, physical and ECG, Simon consented. It was reported that he made treats to kill his neighbour and 2 children. His mother alerted the police, who picked him up and arrested him. He is a known to MH Services, known to Enfield EIS. He was referred to private service, but they declined him due to lack of information. He has paranoid, bizarre speech. Was assessed by the Forensic Medical Examiner and felt he needs to be sectioned and admitted. He was reported to be on clozapine in the past, but stopped it and relapsed, reported to be an absconding risk and during his **transfer** in the van he has been chatty. On arrival he appeared paranoid saying, " This is where I heard about, it's like a prison where you lock people up" He was reassured and was informed that this is a ward and he has his own room. He was welcome and orientated to the ward setting. Was offered night snack and drink, but he only requested for a cup of water. Bleep holder was contacted to come and accept his section 2 papers. Night duty doctor was also contacted to see the patient and she also came. His vital sign was done at 05:00 hrs and reading were bp=150 t=36.5 p=63 bm=6.5 w=72 h=175.5 He was given a welcome and recovery pack; his section 2 right was read to him which he understood. 	(4) 17/08/2016, Wednesday **At my first true assessment: --** At my first true assessment what was on the **17th August 2016** held at St Ann's Hospital, my mother and uncle was present, Alan was once again also present, the woman who came to my flat, so to gain entry with a wrongfully, filled out section 135, under the mental health act, I explained to all present when I first noticed this at the start of the meeting, what I explained was that it was unprofessional for her also to be present, the reason I gave, was: she will be bias towards my case, as at that point in time I realized, she was attempting to handle my case file and with this being even low, she herself, understood that I had an official complaint in progress against her person, and other members of her fellow work colleagues, also I would like to further the facts that as I done this, she accepted that I was right and agreed with me that it would be best for her to leave the meeting, to which she did towards some form of satisfaction of the first right doings for me while being detained. The official complaint I have in place is in fact for another occasion at my home when the same named professional's acting government representatives / people dealt with me in an undignified and unfair manner. I explained my rights and feelings to them, and I explained to them all that they should not do this to me, and every person outside the cell door, walked away for a while, for them to come back to the cell flap, I was still being detained in five minutes later, and say to myself, once again, that I am still being sectioned. In me knowing that I got treated wrong, I also contacted the MPs with my mother. A copy of the recorded audio CD minutes when the same named doctor's illegal entering my home premises, under force grounds, this was in **February 2016** that got contained at the bottom of this document and contained in its context is a full admission regarding my statements of a gained warrant to enter my home and detainee me under the Mental Health Act.	**4)** On the ****/**/20**** it is said that

17/08/2016
When I used the hospital toilet as I walked in to use the toilet I slipped on the wet floor and fell forward causing both of my small index fingers to snap forward, this caused me a large amount of pain. The toilet got left to be in a foul, sort of manner since I arrived at the hospital and had not been well maintained thought all the days, that I got held against my free will as a patient, as to them was large amounts of human waste otherwise known as urine around the floor and on the toilet seat most days. On the
17th/08/2016
I clearly remember there being no warning safety signs up in place outside of the toilet on any of the days of my stay, this also include no form of maintenance. I got upset because of the lack of warning was careless on the hospital's behalf, as I or any other person walked into the toilet room, as the hospital did not prior warn any person of such fault or lack of schedules or upkeep of them schedules such as a sanitary policy being managed to an optimum level of services. When noticing the damage that got caused to both of my fingers on both separate hands, I worried with concern as for the needs that I have for them, I care for my hands as they provide my abilities to earn a living. Once I realized what happened to me, and the cause of me to sleep I got up and headed straight to the staff

	room and reported the incident, I asked for it to get drafted into the Hospitals accident and report book and to have the Emergency medical provisions that I required, it got explained to me that I will have to get the staff doctors to deal with the issue the next day to my pain and upset. I was in a huge amount of pain with the injuries to my fingers that I received while being detained at St Ann's hospital and could not receive the standard of medical care I would have normally, received if I could have attended on my accord to an emergency hospital that would have also have available surgeons with an x-ray machine, that I would have visited if not being held against my will. Now, because of this accident, I cannot use my right finger anymore, because of this neglect by professionals inclusive of deceitful lies made by Carron Dunno, I will agree as I believe anyone else's will who pays an interest into the true facts that I get upset within the real events of occurrences of what I got accused of and have suffered through I therefore believe strongly, I want legal action and support of my local council Enfield and any other official governing body in resolving the problems at least in my favour. In further regards to my welfare and eradication, while in detention at the hospital all I wanted was the medical help I urgently, needed and wanted and also to know why I got sectioned with a full understanding to why and under what grounds I suffered the torture of events, a clear breach of my human rights article three, as no person should get placed under the circumstance I got presented with especially, under the same conditions, to strengthen the reason this should not of happened at any point of time a risk to myself or any other person and I believe under section 2 you need to be a risk to yourself or others. I kept asking questions such as in this document, with no fair response. On the **17th August 2016** I had still been getting Illegal detained, up and till the first official 72-hour meeting that got held, what was the first true assessment with any two-doctor face to face and this took place at St Ann's Hospital not the police station. I broke my fingers inside of the hospital's site, and no nurse or doctor would take me	

	to the outside hospital for an x-ray. This happened in St Ann's toilets while under their duty of care from the 16th of August **2016** at around 6:30pm, when after the incident staff would not update the incident report book when I asked. My mother attended the first true meeting; 72 hours after I got detained, with my uncle also being present; When a woman who is a care worker; had to leave the meeting taking place at the hospital, this got done due to their already being an official complaint put into place regarding her and others attending my home address in February. The meeting went ahead without the Mental Health worker being present and no matter what, me, my mother and my uncle explained the doctors planned to keep me. Later when I got back to the hospital wing all alone, I got forced to take Lorazepam and got given a pilaff leaflet because I complained about being prescribed medication blind, asking for one. I explained that I did not need to take the medication and that I already have a good sleep routine in place, I do not need an alarm clock, as I get up perfectly, fine by myself at 5:30 am each morning. In overlaying my opinion, I also explained that I am a tidy person and like to keep, washed and clean by 6:00 am and this means that normally, by 6:30am, I am ready and delegated to finishing of my agendas towards my companies' best interests, and back to sleep again by 10:00 pm. **(5) 17/08/2016, Wednesday** The Doctor's Folder / pub Book Issue: 5! I got petrified, by their decisions. On the **16/08/2016** at the police station a single Amp worker visited me, I got detained at the police station for about 28 hours. The time was around 03:30 hours, he took me on his own and said that I was to get moved to St Ann's hospital at around 04:00 hours, when I asked why he replied by saying to me, that he was going by what the two previous doctors reported to him, I explained	**4)** On the ****/**/20**** it is said that

	the true on goings at to him and continued to explain to him that I already have a complaint against the same Doctor prior to this incident and it makes the Doctor Bios and Prejudice towards any case relating to myself and that this should not get allowed to happen, he knew, that I was well of mind, but this got noted by him, with no change in his decision. To get assessed under the mental health act I would have needed to get spoken to by two different doctors present at the same time this must also be in the substance of an interview with an AMP worker present "as to mean out of my cell", this never got done, I never got taken out of the police cell and spoken to by two doctors or even asked if I would speak to the doctors and an AMP worker. The police and doctors at this stage illegally, kept me in detention for over 20 hours in a police cell waiting for my solicitor, so I could have my interview. I never saw my solicitor in all the time I got illegally, held captive, I only spoke to a solicitor once on the phone at my request and this got achieved after 20 hours of being a police station detainee, wrongfully, might I add. I got taken from the police cell at around 3 to 4 am on the 16th of August **2016** and taken to St Ann's hospital, after being held in the police station from the **14th August 2014** and still I had not got assessed or seen by Two doctors outside of the cell and an Amp worker together, as required by law. After arriving at St Ann's Hospital at around 5:30 am the SHO duty doctors see me alone. In me trying to explain to her that I was not a danger to myself or any other person and that the allegations were wrong for threats to kill against myself and that I was being detained for no apparent reason. While waiting for a room in the hospital after being spoken to by the SHO, a gentleman awoke from his room and walked into the communal area to where I was, he plonked himself on the pool table I said hello to him, he seemed overdosed on medication to my concern, he became over abusive in my presents towards the staff and soon after other patients appeared in the communal room awaiting to go in the garden, I soon after getting introduced to	

my room and dropped off to sleep, I awoke for lunch and dinner and latter toast. Not one, neither two doctors were present. When I got **transfer**red, illegally, too St Ann's Hospital I spoke to no one other than a single duty SHO with a nurse present. In reference towards my mental stability, I have never had to take any medication that got prescribed to myself by my local GP /doctor regarding Mental Health issues as there has been none need, however since I got completely, setup on the

14th August 2016

by Carron Dunno I then got forced to take medication. From the first day of my arrival at the hospital while being in the mental health team's care, medication was on a daily, basis, to get forced upon myself to get taken in tablet form by the home Teams Medical Professional. I had to deceive the doctors that I took them for them not to fry my brain with unneeded medication, or they said that I would never go back home again, they tried to force psychotic drugs and Antidepressants into me. After me, waking up from going to sleep in the early hours of the

16th August 2016

at St Ann's Hospital I had still not legally, gotten assessed. I woke up at 06:00 pm as I feel to sleep at about 9:00 am and ate my lunch and so forth. Soon after I used the toilet and then damaged my fingers at around 6:30 pm when I asked for medical help, I needed I did not get treated correctly?

When I showed the staff on duty that I needed emergency medical help, I got told to wait for an Hour and soon learnt that 7:30 would be the time of staff change over. I explained what had happened to the next shift around 8:00 pm who then explained to me, I need to wait for from the doctor the next day. When I got released from hospital, the Laceration had 95% healed and I still have no movement, off my finger to date, so I started to studding about the damage to my left finger I learnt I had cut the function of the extensor digiti minimi, which controls the movement off the little finger. This lack of movement in my finger is because when the muscle

moves, it forces the little finger to bend and stretch. Sudden or unexpected movement of the finger or trauma to the finger can easily damage the muscle as any doctor should understand. I tried my best to keep traction in my finger so to keep the little finger from not moving again but this never helped me. Till date, I have still got no movement, and the Lacerations was 2 cm in width and slowly, healed well, the Laceration had got contained along the proximal phalanges which is the bones that can get found at the bottom of the right-hand finger, this problem causes me great concern as I am now disabled by it not being treated, and in disappear that I will never regain the use of my little index finger. On the

16th August 2016

I also got asked to provide blood for my sugar levels and to take part in my temperature test. I explained I got happy, for this to get done and it got completed by the doctor. I got weighed in, so I do not understand why later the doctors, stated in their reports that I never allowed the tests to get carried out. The doctor asked me to take an ECG test on this date and allowed permission for it to get granted and it went ahead, the latter in the evening I waited outside the locked staff room to speak with staff again about my finger, when I noticed a gentleman who I saw for the first time earlier in the day, he placed himself on top of the pool table. I said hello to him, and he verbally, bit my head off by shouting at me; do I know him and continued to say the following: do not talk to him, he wanted to challenge me in an intimidating manner, so I never reduced myself to his level, I clearly remember that he threatens me. Another inpatient walked over to me and showed me his own ear while this had gone on, in looking at his ear I noticed a vast amount of physical damage that required previous medical treatment, it contained a lot of stitches and was wiping from being so badly, damaged and the weather being hot. The pain, with his ear, hurt, this is what he explained to me, he continued to explain that the gentlemen now arguing with me had been the person who attacked him and further warned me

	to be very careful of him. I felt, so sorry for him and could clearly see his pain, he continued to explain to me that I must take caution, due to the other men's rings on his hand, as this caused the damage to him, by this time the hospital's staff took a control over the well medicated man and took him away from us all, I then walked back into my room. **Done**

Also in me explaining to the doctor that I was not happy with taking Lorazepam in the morning and day times, as I needed to work on my statements for the up-and-coming appeal, he agreed, so that I would only have to take the tablets at night, to which made me happier, that night when going to take the medication I noticed a white tablet rather than a blue one like what got given to me, the night before and asked the name off the medication prescribed from the prescriber and I got told clozapine tablets, which is an antiseptic medication. I asked if the dosage was stronger than the blue tablet and if they had the same effect and I got told no, to which I still had never taken the blue tablet before. Nobody gave me a mandatory pilaffs leaflet nor a consultation regarding the medication change, so I made a phone call to my mother and explained all to her, she, after phoned the hospital with her upset in a consultation about the issues raised concern. I, am still in continuing pain due to the way it has repaired incorrectly, and this is due to the lack of duty to or of care, I know this has caused lifetime injuries to my abilities of my hand causing the absence of any use from my left small finger, this upset me as I now am disabled due to this accident and I know if I had my liberty at the time I would have received the medical help I needed, relating towards my Health. Also in me explaining to the doctor that I was not happy with taking Lorazepam in the morning and day times, as I needed to work on my	

	statements for the up-and-coming appeal, he agreed, so that I would only have to take the tablets at night, to which made me happier, that night when going to take the medication I noticed a white tablet rather than a blue one like what got given to me, the night before and asked the name off the medication prescribed from the prescriber and I got told clozapine tablets, which is an antiseptic medication. I asked if the dosage was stronger than the blue tablet and if they had the same effect and I got told no, to which I still had never taken the blue tablet before. Nobody gave me a mandatory pilaffs leaflet nor a consultation regarding the medication change, so I made a phone call to my mother and explained all to her, she, after phoned the hospital with her upset in a consultation about the issues raised concern. Another inpatient was waiting to speak to staff on this day and I waited outside of the staff room, the office door got closed to ajar, in him waiting the troublemaker from the 16th of August, caused conflict. He deliberately, caused a negative interaction when he came along and started another altercation with the standing inpatient, this made me worried about the standing inpatient, and other patients inclusive of mine and the safety of all the medical staff's team, then straight after that instance the trouble making, inpatient, got restrained by staff and I headed back quietly into my room. **(2) 18/08/2016, Thursday** The Doctor's Folder / pub Book Issue: 5! At this point, the staff asked him to delete the content if he had actually done that because it's not with his consent and it's not an acceptable practice. Instead of deleting the content of what he might have taken, he ran to his room to phone his mother, that he was being advised to take his prescribed medication against his will and that he could be given injection if he continues to refuse medication orally. The mother then phones the ward to inform the ward staff GD that her son, if going by the previous judgment they have got from the Supreme Court. Simon has the right to record any interaction at any public place, in which hospital is one of them. The mother went further to inform staff that she has spoken with the team doctor (no name given) about her son medication and that it was an agreement that Simon should only be taken 1mg Lorazepam now while subsequent medication review has to be weekly. Hence, they have not done further review, no staff should encourage son to take any anti-psychotic medication prescribed on the ward. In addition to the above, Simon himself played the audio recording of interactions with doctor and social workers from the previous encounter, when trying to delete the one he did tonight. To whom it may concern:
I am writing this letter after speaking to Dr J Cranitch today 23/08/**2016**,1 Believe that she is still under the impression that I have been charged at the police station on the 15/08/**2016** for threats to kill and I have a court date of the 04/10/**2016**, My mother has contacted my solicitor to ask for them to write a letter to confirm that I have not been charged, which they will do and this will be ready by Friday.
This is not the case as I told Dr Humphries on the 17/08/**2016**1 have not been interviewed by the police for this as of yet and have not been charged for anything by the police, the police was told when I was being held at the police station that I have CCTV which will prove this, as 1 did not leave my home on this day.

Simon was amenable to interview. Simon denied any drug or alcohol use at all, stating that he 'never touched the stuff. I clarified this with him as previous notes have described him using cannabis on a daily basis (back in Dec 2105), also	**3)** On the ****/**/20**** it is said that

	mentions of him using nitrous oxide. Simon stated that cannabis was very infrequent 'just to try it' 'recreationally', minimised this significantly in his recollection. Also told me that he had only been drunk once in his life when he was 16 and hadnt been drunk since. This differs to another report in RiO where he was admitted to A+E after consuming a bottle of rum and LSD in **2012**. Unfortunately, we haven't managed to complete a UDS during this admission. Simon was well kempt, he was initially polite in that he called me 'miss', he remained seated for the interview. Quite intense eye contact. Speech rapid, difficult to interrupt, very keen to discuss his business plans and court cases, told me about showing all his business plans to the patients on the ward, unable to see that this might not be relevant to them. Spoke of several different folders that he has created in order to plan his festivals and events, told me that he has set up a charity which he intends to use to help people by benefiting beneficiaries of the UK. He has applied for lottery funding and intends to appoint 6 directors. I found it very hard to understand the activities of his charity but it seemed to involve an online noticeboard where advertising space could be sold. Simon spoke about arranging for the red arrows to attend a future festival, has downloaded their website and made a folder for this. Simon struggled to stay on topic and had to be prompted several times back to the initial question. I explained the tribunal process to Simon and told him that I would be presenting the view of the team which is that we felt he is currently mentally unwell, and would benefit from further time in hospital and treatment with antipsychotic medication. I told him that I thought he was overly preoccupied with his court cases and police conspiracies, and that his business plans were difficult to understand and seemed a little far reaching and unrealistic. I told him that we felt that the extent to which he is preoccupied with this was a symptom of mental illness.	

	I asked Simon to have a think about what he would want to do should the section be ended on Friday, as he has at times said he might stay informally. Simon reported feeling quite happy, sleeping well, eating well, happy to be sharing his plans with us and working on his businesses. Denied any abnormal perceptions or unusual experiences. Does not feel that he has a mental illness. After the meeting, I returned to Simon to let him know about the procedure regarding him reading the reports prior to the tribunal (which he has a right to do). Mental health act office confirmed that they will provide him with the reports likely on Thursday afternoon or Friday morning. Simon was holding the phone near his ear at this point, asked me to tell him my name (which he already knows) apparently for the benefit of the phone. I asked Simon if he was recording, it turned out someone was on the phone. Simon told me that he would like me to tell his representative (turned out to be partner, Katie) why i was detaining him in hospital. The encounter felt very confrontational, I told Simon that it wasnt appropriate for me to discuss his case with unknown others on the telephone and she is welcome to attend any future meetings if he would like. I ended the conversation at that point. Simon continued stand very close to me whilst I was unlocking the office door, and continued to hold the phone towards me, demanding that I say my name and explain why I thought he was ill (I showed him my badge and confirmed who I was) and he was quite intimidating in this respect. **(4) <u>24/08/2016, Wednesday</u>** <u>The Doctor's Folder / pub Book Issue: 5!</u> <u>Stage 5</u> <u>Folder 5</u> Originator Details: 24 Aug 2016 Last Amended by Details: 25 Aug 2016 Sonya Rudra Medical Page Numbers: 46 **Originator Details:** 24 Aug **2016** 09:08 Sonya Rudra Medical **Originally Entered by Details:** 24 Aug **2016** 09:08	**4)** On the ****/**/20**** it is said that

REASONS	
24.11.2013	Mr Cordell is 35 years old. He lives alone in a one-bedroom flat. His mother is supportive and attended the hearing. Mr Cordell had a troubled adolescence with periods spent in care and was homeless for a while. Mr Cordell is not currently in paid employment, but he has ambitious plans to set up a company and a charitable organisation. He has a conviction for setting up illegal raves and is currently subject to an ASBO.
24.11.2013	He has been known to psychiatric services since 2014 and has undergone a number of assessments

			of his mental health but these have found that he was not detainable. He was discharged by services after non engagement in February 2016. He has expressed persecutory beliefs about a neighbour, the police and, at times, his mother. In the context of these beliefs, he has put CCTV cameras outside his flat and it appears that a neighbour was rehoused after a disagreement with him but the exact circumstances were not clear. He has misused substances in the past.		
		24.11.2013	The factual details of the circumstances of the admission were not clear from the reports and the clinical team were not able to tell us whether or not he is on bail. It was Mr Cordell who furnished us with a notice from the police that he is on bail for an offence of threats to kill. He is not due to be interviewed until October. It is unclear who the alleged victim of the complaint is. He is adamant that he is not guilty of this charge. Further, the report from the care co-ordinator stated it was his mother who called the police but this was adamantly denied by Mrs Cordell. The care co-ordinator corrected his report to clarify that Mr Cordell is not awaiting trial for burglary.		
		24.11.2013	Mr Cordell thinks he was arrested and taken to the police station because of concerns expressed about the loud music he was playing. He was seen in custody and admitted to hospital. **a)** He has been in hospital since 16-8-16. **b)** He was assessed in the absence of medication and		

	was prescribed medication on 19-8-16 but refused it until 23-8-16. He has been compliant since that time. He wanted to research the side effects of the medication. Mr Cordell is concerned that procedures are followed correctly.
2 **Page 103**	
Issues and submissions	**a)** He requested immediate discharge from section. He would stay voluntarily, and he is happy to continue with treatment and to see the team in the community. He does not accept a diagnosis of mental disorder but has stated that he will take treatment on the advice of the team. His mother thought that he has reacted to stress in the past and that he has been working very hard on his project. **b)** The clinical team were not unanimous in their view. Dr Mills suggested that there had been a possibility that Dr Cranitch, RC, had considered discharging him prior to the tribunal but on balance had decided not to. Dr Mills, having spoken to the RC, was of the view that detention was warranted given the degree of the disorder which is in their view a first episode psychosis. Mr Ahmed, a staff nurse on the ward, was of the view that it was the nature of the disorder that warranted detention. The care co-ordinator, Mr Adama, was of the view that the section should

			be discharged as Mr Cordell had been adamant that he would engage with services. Dr Mills and Mr Ahmed were concerned about his insight and the risk of non-compliance and deterioration.		
		Tribunal's conclusions with reasons	**a)** The tribunal is satisfied that Mr Cordell is suffering from a mental disorder. This is consistent with the signs and symptoms he has displayed which include a preoccupation with a business plan which is so ambitious and far reaching that it can be described as grandiose thinking. He has been working unceasingly on these plans and is in all likelihood suffering from a stress reaction. He has very limited insight. Over a period of two years Mr Cordell has expressed beliefs about police and neighbours which may have some factual basis but in all likelihood are overvalued. **b)** The tribunal is not satisfied that the nature of the disorder warrants detention. Mr Cordell has never accepted treatment. We were unable to find that the signs or symptoms have responded to treatment or that they had deteriorated in the absence of treatment. Any problems that he has had with neighbours and his beliefs about persecution at the hands of the police appear to be longstanding. Despite these beliefs he has lived in the same place for 11 years. He has convictions but these do not relate to violence and are in connection with driving offences		

			as a youth and with organising an illegal rave. He has been assessed before and not been found to be detainable. **c)** The tribunal is not satisfied that the degree of the disorder warrants detention. He was thought disordered on admission, but these symptoms have settled. He poses no management problems. He is compliant with treatment, and he gets on well with staff and patients. He was angry with his mother, but she is visiting and supports his discharge. He may not accept that he has a mental disorder but states that he is willing to engage with the assessment. He has stated that if the procedures are carried out properly, he will abide by them. We accepted his evidence. **d)** The tribunal's decision on the first limb of the act meant that we were not bound to consider the risks other than as to how they related to the current degree of the disorder. We are satisfied that it is at least likely that he will continue to comply with treatment either as a voluntary patient or in the community. In any event he has never accepted treatment in the past and until recently has found not to be detainable. It was not clear that there had been a deterioration. He is on bail but the police are not due to interview him until October 2016. We had his forensic history. We were not informed that he has any history of physical violence.		

	e) We did not use our discretionary grounds for discharge.

Simon has agreed to remain in hospital informally so that we can continue to assess him and monitor his progress with medication, his time off the ward can be negotiated with nursing staff, we would recommend that this is escorted on the first instance then if goes well can be unescorted. Simon has also agreed to take his medication as prescribed (5mg olanzapine nocte, 1mg lorazepam nocte), he presents as calm and amenable, willing to work with health professionals, denying thoughts to harm self and others. If Simon were to change his mind and decide to leave over the weekend, it would not be appropriate to detain him under 5(2) unless his presentation and risks changed. If Simon wishes to leave hospital and his presentation is unchanged, we would recommend that Simon be discharged with the HTT for follow up/monitoring/supervision with medication. **(8) <u>26/08/2016, Friday</u>** <u>The Doctor's Folder / pub Book Issue: 5!</u> <u>Stage 5</u> <u>Folder 5</u> Originator Details: 26 Aug 2016 Last Amended by Details: 09 Sep 2016 Sonya Rudra Page Numbers: 41 + 42 <u>41</u> **Originator Details:** 26 Aug **2016** 09:18 Sonya Rudra Medical **Originally Entered by Details:** 26 Aug **2016** 09:19 **Sonya Rudra Last Amended by Details:** 09 Sep **2016** 14:00 **Sonya Rudra Validated by Details:** 09 Sep **2016** 14:00 **Sonya Rudra Significant:** No Added to Risk **History:** No **Contains Third Party Info:** No Conceal **From Client:** Not Concealed **<u>42</u>** Dr Mills discussion with Simon: He is keen to go home with HTT. 	As anyone would be, I was upset at being arrested for something I did not do when the mental health team came to my cell, I had been in the police station around 20+ hours. And all I wanted was to have my interview and be released so when I saw the mental health team and they asked me if I would talk to them I did not understand why they were there and said no due to just wanting my interview, my solicitor was there at this time. When talking to Dr J Cranitch she wanted me to agree to take my tablets which I agreed to do and work with them. When Dr J Cranitch asked me if I won my court tribunal would I be willing to stay in hospital voluntary. I was happy to say I was willing to work with the doctors. **86** Since **2014** when I had contact with the mental health team, I have never said I would hurt anyone or myself, I was only discharged from the early intervention team 3 months ago and if they had any concerns I would not have been discharged. When at the police station I was not a risk to myself and never said anything that would have made the police think I was a risk to myself. I was left in my cell with all my clothing **and** shoes which **included laces,** if the police had **any** concerns of my welfare these would have been removed. As anyone would be, I was upset at being arrested for something I did not do when the mental health team came to my cell, I had been in the police station around 20+ hours. And all I wanted was to have my interview and be released so when I saw the mental health team and they asked me if I would talk to them I did not understand why they were there and said no due to just wanting my interview, my solicitor was there at this time. When talking to Dr J Cranitch she wanted me to agree to take my tablets which I agreed to do and work with them. When Dr J Cranitch asked me if I won my court tribunal would I be willing to stay in hospital voluntary. I was happy to say I was willing to work with the doctors. **95** Since **2014** when I had contact with the mental health team, I have never said I would hurt anyone or myself, I was only discharged from the early intervention team 3 months ago and if they had any concerns I would not have been discharged.

Interview: Simon joined the meeting, everyone introduced. 1. Simon told us that he has researched the members of staff in the meeting online and by asking people, he thought that Dr Cranitch had worked in south America with a children's charity. We clarified this with Simon, he had obtained some incorrect information from google and linked in etc. 2. We explored with Simon the events leading up to his admission, this was quite difficult to achieve coherently as Simon frequently jumped from topic to topic and also would focus on events that had happened months and years ago, required a lot of	**12)** On the ****/**/20**** it is said that

	prompting and direction in order to discuss the matter at hand. **3.** Simon told us that he has an Asbo for which he is due in court on 1st September. Spoke about some events that he had run several years ago, in **2013**, organised a birthday party for someone he knew, which involved obtaining a gazebo which later turned out to be stolen property, and he was charged with this. **4.** Described being under bail conditions for about a year which involved a curfew and a tag and having to attend a London office on a daily basis. Started working on festivals, describes various roles working in entertainment and events. Simon spoke at length about a business he wanted to reopen, and spent a lot of time researching into the legal situation. **5.** Described going to GP. with anxiety in the past but didn't require any follow up, then described receiving phone calls from mental health services asking how he was, then 2 professionals (one called Sandra) came to his house for an assessment, Simon felt that this went ok and that someone was going to come and see him again in a months' time. **6.** Simon has CCTV cameras up in his corridor and one inside his front door. Disagrees that this infringes anyone else's privacy despite the camera filming the communal corridor and outside the property. Told us that he likes to record himself in the flat as well in order to document 'like a journal what he is up to, and also appeared to refer to this several times as evidence of his innocence. Events around coming into hospital/progress. **7.** Asked about threats to harm neighbour and her children, Simon denied this "I've been in children's homes my whole life, I would never harm a child" "I 100% did not make a threat". **8.** Simon described a difficult situation with a previous neighbour "I had an altercation with another neighbour called Deborah Andrews who had a problem with alcohol". "Council moved her out of the property". She was trying to cause me problems, banging around the house and knocking on the door asking for money".	

	9. On day of recent MHA, Simon was at home, a friend had visited him with new baby, friend left. Police arrived at the property, which Simon saw with his cameras. Police were responding to a call they had received about him making a threat against his neighbours, Simon disputes this allegation. **10.** Q: Why would the neighbours say that? Simon feels this is because he had been playing music. **11.** Simon spoke at length about the treatment he subsequently received in the police station. Simon feels strongly that the assessment was not adequate and not legal. **12.** Dr Cranitch explained our assessment of his progress, that he had taken antianxiety drugs for the past few days. Dr Cranitch explained that she felt that Simon was not mentally well currently and that the treatment she advises is an antipsychotic medication called olanzapine. **13.** Simon feels that he is able to think clearly, denied any his thoughts were being interfered with in any way. Listens to radio and tv, denied that he feels radio and tv are talking about him. Pressure of speech evident, overinclusive and rambling manner of speech, at times standing up to better express himself, difficult to interrupt, frequently referring to injustices and things done illegally against him, some of his thought content was grandiose in nature, spoke of having tens of thousands of Facebook friends and that his mum had gifted him 20million emails (contacts) for his business, that his mum also owns several business, mentioned a computer game company. It was unclear as to the veracity of these statements. Tribunal: Dr Cranitch explained the tribunal process and that the tribunal may decide to end the detention under Section 2. If section 2 stopped, Simon told us that he would consider staying in hospital for a bit longer. "Whatever it takes to get out of hospital so I can go out and look after other people". If Section 2 upheld we explained that we would want Simon to remain in hospital for a while longer and take medication to treat his mental illness. Reassured Simon that we want to help him get better.	

	49 **Medication:** Discussed medication, Simon referred to lots of different information from the internet about antipsychotics, a lot of which was factually incorrect. Simon agreed to trial a small dose of olanzapine 5mg - starting today. **Plan** 1. Simon has agreed to take olanzapine 5mg nocte. 2. Give Simon some printed patient information about olanzapine from our intranet. 3. Continue to assess Simons mental state 4. Dr Cranitch intends to contact Simons mother later today. 5. Date of Report:	25 August 2016

I am a Locum Community Mental Health Nurse and allocated care co-ordinator to Mr Simon Cordell. I work for the Enfield Mental Health NHS Trust in partnership with the London Borough of Enfield, the local Social Services Authority that has statutory responsibility for providing after care to Mr Cordell under Sectionll7 when he leaves hospital.

In preparing this report I had access to previous reports, nursing and medical notes on electronic data base - RiO. I had the opportunity to speak with Mr Cordell as his care co-ordinator. And with his consent, I spoke with his mother Mrs Loraine Cordell by telephone. Mr Simon Cordell prefers to be called by his first name, Simon.

CIRCUMSTANCES LEADING TO ADMISSION

Arrested at his home address after his mother raised concerns about his mental state - he was allegedly verbally threatening towards his neighbour and (?) neighbour's children.
Simon's mother called police who arrested him. He was seen by the FME at Wood Green police station, then referred for MHA.

CURRENT MEDICATION

Olanzapine 5mg

PERSONAL & FAMILY HISTORY

Mr Cordell was born at North Middlesex University Hospital. He has a younger brother and sister. Mr Cordell says he knows his maternal grandmother attempted suicide on a number of occasions and had had admissions to mental hospital. Mr Cordell's father worked as a union representative, and his mother ran her own computer company.
Mr Cordell says he did not get on well with his father who was a violent man. He was violent towards Mr Cordell, Mr Cordell's mother and siblings. Mr Cordell left home at the age of fifteen and was homeless for a while. He was placed in to care after stealing a pint of milk. He was placed in a series of children's care homes around the UK but says that each time he would steal a car and drive back to London. Mr Cordell said he was pushed hard to achieve at school by his father and that he was "an A-star student" for most of the time. He says he was intelligent and would do the work at other times and as a result would often just "mess about" in class. He went on to college and studied engine mechanics, completing a city &

guilds qualification. After leaving school he went on to get jobs in the construction industry.
Mr Cordell says he has tried to build himself up a business for providing party entertainment. At the moment he says he is not able to earn from this due to the restrictions of his bail.
Mr Cordell has had one long term relationship which he describes as "my first true love". This is with a woman called Diana who is currently studying physiotherapy. They were together thirteen years, but he says she has moved back out of his flat in recent months. Mr Cordell thinks this is

secondary to the repeated involvement of the police in their lives and the stress this has caused.
Mr Cordell says he does not smoke tobacco and does not drink alcohol.
Grandmother (? maternal) had BPAD and/or schizophrenia

PSYCHIATRIC HISTORY in brief

Has previously been open to Enfield EIS, discharged in March **2016** due to non-engagement -Has been assessed under the MHA in **2014** and early **2016** but was not detained as there was not sufficient evidence of a mental disorder

FORENSIC HISTORY

Mr Cordell was put in a Young Offender's Institution at the age of 16 after repeated driving offences (driving without a license)
Mr Cordell says he has not been in trouble with the police for a number of years. He had stolen some trainers at a festival in 2009 and prior to that had not been in trouble since 2005.

He denied any violent offences.
Mr Cordell currently stands accused of burglary. He has a solicitor and the case will not be heard until July at the earliest.

MEDICAL HISTORY

Simon said he had Crohn's disease as a child. He denied any other physical health problems.
DRUGS AND ALCOHOL
He said he only got drunk once a teenager and has since not taken alcohol or drugs. He denied current use

FINANCE

Simon receives £200 Income Support every fortnight

VIEWS OF THE NEAREST RELATIVE

With Simon's consent I spoke with his mother Mrs Loraine Cordell. Mrs Cordell's views were that "I don't think he
[Simon] needs to be on section; he is not a danger to himself or other people" Mrs

SIMON CORDELL

3

Cordell said as far as she knows Simon is willing to work with the doctors and take his medication. Mrs Cordell would not say her views if Simon changes his mind and her response summed up as "we cross the bridge when we get there".

VIEWS OF THE PATIENT

Simon is willing to co-operative with mental health services. He said he is willing to take his medication. He gave me a letter he wrote to indicate his commitment to treatment and willingness to engage. I attach it for your information.

POSITIVE ASPECTS OF PATIENT

Simon was able to access community resources independently and had the ability and capacity to make some choices. He is competent in his activities of daily living skills. He plans to register a charity to raise funds to support causes dear to his heart. One of such causes is towards premature babies. He said his sister was born premature. The other is to help homeless people.

AFTERCARE

Simon lives on his own in a one-bedroom ground floor flat in Enfield. His mother is supportive and in constant contact with him. Enfield Council will have section 117 responsibilities and will provide the appropriate housing and care in the community.
Simon will also have the support of an allocated care co-ordinator who will regularly monitor his mental state and concordance with medication. The team will offer Simon psychology assessment and or input; he will be seen and reviewed by psychiatrist regularly i.e. every 2-3 months or sooner if required. He will be offered interventions around concordance to medication, identifying triggers and relapse preventions. A referral to dual diagnosis worker will be offered. Simon will have access to groups such as social recovery and mental well-being and specialist services for vocational/occupation recovery.

RECOMMENDATION

I met with Simon today on the ward and assessed him in preparation of the report. Simon recognised me immediately. He was

	warm, welcoming, polite and co-operative throughout the meeting. He stated about half a dozen times that he is willing to work with the services and also willing to accept medication. It would be helpful if Simon will agree to stay in hospital to continue treatment as he appeared to have made good progress since admission. As part of the medical and nursing team I believe that Simon will benefit from staying in hospital for further assessment and continue treatment. **Goodie Adama Locum CMHN Early Intervention for Psychosis** **SIMON CORDELL**

<u>REASONS</u>	

24.11.2013	Mr Cordell is 35 years old. He lives alone in a one-bedroom flat. His mother is supportive and attended the hearing. Mr Cordell had a troubled adolescence with periods spent in care and was homeless for a while. Mr Cordell is not currently in paid employment, but he has ambitious plans to set up a company and a charitable organisation. He has a conviction for setting up illegal raves and is currently subject to an ASBO.
24.11.2013	He has been known to psychiatric services since 2014 and has undergone a number of assessments of his mental health but these have found that he was not detainable. He was discharged by services after non engagement in February 2016. He has expressed persecutory beliefs about a neighbour, the police and, at times, his mother. In the context of these beliefs, he has put CCTV cameras outside his flat and it appears that a neighbour was rehoused after a disagreement with him but the exact circumstances were not clear. He has misused substances in the past.
24.11.2013	The factual details of the circumstances of the admission were not clear from the reports and the clinical team were not able to tell us whether or not he is on bail. It was Mr Cordell who furnished us with a notice from the police that he is on bail for an offence of threats to kill. He is not due to be interviewed until October. It is unclear who the alleged victim of the complaint is. He is adamant that he is not guilty of this

	charge. Further, the report from the care co-ordinator stated it was his mother who called the police but this was adamantly denied by Mrs Cordell. The care co-ordinator corrected his report to clarify that Mr Cordell is not awaiting trial for burglary.
24.11.2013	Mr Cordell thinks he was arrested and taken to the police station because of concerns expressed about the loud music he was playing. He was seen in custody and admitted to hospital. **c)** He has been in hospital since 16-8-16. **d)** He was assessed in the absence of medication and was prescribed medication on 19-8-16 but refused it until 23-8-16. He has been compliant since that time. He wanted to research the side effects of the medication. Mr Cordell is concerned that procedures are followed correctly.
2 **Page 103**	
Issues and submissions	**c)** He requested immediate discharge from section. He would stay voluntarily, and he is happy to continue with treatment and to see the team in the community. He does not accept a diagnosis of mental disorder but has stated that he will take treatment on the advice of the team. His mother thought that he has reacted to stress in the past and that he has

	been working very hard on his project. **d)** The clinical team were not unanimous in their view. Dr Mills suggested that there had been a possibility that Dr Cranitch, RC, had considered discharging him prior to the tribunal but on balance had decided not to. Dr Mills, having spoken to the RC, was of the view that detention was warranted given the degree of the disorder which is in their view a first episode psychosis. Mr Ahmed, a staff nurse on the ward, was of the view that it was the nature of the disorder that warranted detention. The care co-ordinator, Mr Adama, was of the view that the section should be discharged as Mr Cordell had been adamant that he would engage with services. Dr Mills and Mr Ahmed were concerned about his insight and the risk of non-compliance and deterioration.		
Tribunal's conclusions with reasons	**f)** The tribunal is satisfied that Mr Cordell is suffering from a mental disorder. This is consistent with the signs and symptoms he has displayed which include a preoccupation with a business plan which is so ambitious and far reaching that it can be described as grandiose thinking. He has been working unceasingly on these plans and is in all likelihood suffering from a stress reaction. He has very limited insight. Over a period of two years Mr Cordell has expressed beliefs about police and neighbours which may have		

			some factual basis but in all likelihood are overvalued. **g)** The tribunal is not satisfied that the nature of the disorder warrants detention. Mr Cordell has never accepted treatment. We were unable to find that the signs or symptoms have responded to treatment or that they had deteriorated in the absence of treatment. Any problems that he has had with neighbours and his beliefs about persecution at the hands of the police appear to be longstanding. Despite these beliefs he has lived in the same place for 11 years. He has convictions but these do not relate to violence and are in connection with driving offences as a youth and with organising an illegal rave. He has been assessed before and not been found to be detainable. **h)** The tribunal is not satisfied that the degree of the disorder warrants detention. He was thought disordered on admission, but these symptoms have settled. He poses no management problems. He is compliant with treatment, and he gets on well with staff and patients. He was angry with his mother, but she is visiting and supports his discharge. He may not accept that he has a mental disorder but states that he is willing to engage with the assessment. He has stated that if the procedures are carried out properly, he will abide by them. We accepted his evidence.	

	i) The tribunal's decision on the first limb of the act meant that we were not bound to consider the risks other than as to how they related to the current degree of the disorder. We are satisfied that it is at least likely that he will continue to comply with treatment either as a voluntary patient or in the community. In any event he has never accepted treatment in the past and until recently has found not to be detainable. It was not clear that there had been a deterioration. He is on bail but the police are not due to interview him until October 2016. We had his forensic history. We were not informed that he has any history of physical violence. **j)** We did not use our discretionary grounds for discharge.

	Attachments: DoctorsLetter2502**2016**.pdf; DoctorsLetterForDWP2602**2016**.doc.pdf Dear Lemmy Nwabuisi I have enclosed 2 letters that could help to show my son won't leave his flat he had a DWP assessment and a letter had to be written to his GP to ask if the GP could write a letter to get a home assessment please see both letters. It will also be noted on his file under the mental health team he won't leave his flat. And I cannot understand how you said on the phone today that you knew nothing on my son's health, as clearly it is in the limited subject access request, I got from Enfield Council under the ASB teams' information as you requested if he was known to the mental health team. Information you have asked for please see below: Barnet, Enfield and Haringey Mental Health NHS Trust The doctors name he was under when he was sectioned in August **2016**, Dr Julia Cranitch, Haringey Assessment Ward, St Ann's Hospital. When he left hospital, he was under the Home treatment team support and referral to community team. N9 As stated on the phone I have many emails to backup that complaints were put in on behalf of my son regarding what the neighbours was doing, well before any complaints was put in by the neighbours, yet nothing was done by Enfield Council, each email even states the neighbours was not letting him sleep and this was having a large impact on his health, this is what has upset me so much, as phone calls was being made emails sent, even my son was making calls, but you seem to have nothing of anything that was submitted so where has it all gone, please can you look into this and get back to me as I really do not understand how so much can be missing from Enfield Councils systems? I am grateful that you called me back today and we were able to speak, sorry if I sounded loader on the	

	phone but since the operation as I said my voice and throat are very sore, I believe due to the tube they put down them when they were doing the 2nd operation. I am grateful that you will deal with this and you cancelled tomorrow's meeting when we spoke, and you seemed to have some idea of what was going on which you seem to have not known before, I will await a reply from you as to how we can deal with this. I sorry to hear learn that you have been unwell, I wish you speedy recovery. The first letter I wrote to Mr Cordell was dated 29 November **2016** and not 29 December so apologies for the mistake and the first meeting were 6 December **2016** and not 6 January **2017** as you stated in your email below. I am not aware that Mr Cordell is unable to leave his flat due to health reasons as he has not provided us with a letter from his Doctor to support this claim. Also, when Mr Cordell telephoned me on 17 February **2017** following my letter to him dated 16 February **2017**, he informed me that he will not come to the Civic Centre or the council offices in Edmonton Green because there are gang members looking for him in these areas. I cannot recall him saying anything about him not being able to leave his flat due to health reasons. Also, Mr Cordell chased my car down the road when I went to deliver my last letter to his flat on 17 March **2017**, this is not the attitude of someone who cannot leave his flat for health reasons. I am inviting Mr Cordell to a formal meeting to discuss the allegations made against him and due	

	to the serious nature of the allegations, the meeting will have been held in the council offices with a minute taker present. However, if Mr Cordell presents a letter from his doctor stating that he is unable to leave his flat for health reason, then we can discuss an alternative venue. 	h) The tribunal is not satisfied that the patient's detention as aforesaid is justified in the interests of the patient's own health or safety, or with a view to the protection of other persons. **i)** The tribunal does not consider that it is appropriate to discharge the patient under its discretionary powers.
REASONS	
24.11.2013	Mr Cordell is 35 years old. He lives alone in a one-bedroom flat. His mother is supportive and attended the hearing. Mr Cordell had a troubled adolescence with periods spent in care and was homeless for a while. Mr Cordell is not currently in paid employment, but he has ambitious plans to set up a company and a charitable organisation. He has a conviction for setting up illegal raves and is currently subject to an ASBO.
24.11.2013	He has been known to psychiatric services since 2014 and has undergone a number of assessments of his mental health but these have found that he was not detainable. He was discharged by services after non engagement in February 2016. He has expressed persecutory beliefs about a neighbour, the police and, at times, his mother. In the context of these beliefs, he has put CCTV cameras outside his flat and it appears that a neighbour was rehoused after a disagreement with him but the exact circumstances were not clear. He has misused substances in the past.

24.11.2013	The factual details of the circumstances of the admission were not clear from the reports and the clinical team were not able to tell us whether or not he is on bail. It was Mr Cordell who furnished us with a notice from the police that he is on bail for an offence of threats to kill. He is not due to be interviewed until October. It is unclear who the alleged victim of the complaint is. He is adamant that he is not guilty of this charge. Further, the report from the care co-ordinator stated it was his mother who called the police but this was adamantly denied by Mrs Cordell. The care co-ordinator corrected his report to clarify that Mr Cordell is not awaiting trial for burglary.
24.11.2013	Mr Cordell thinks he was arrested and taken to the police station because of concerns expressed about the loud music he was playing. He was seen in custody and admitted to hospital. **e)** He has been in hospital since 16-8-16. **f)** He was assessed in the absence of medication and was prescribed medication on 19-8-16 but refused it until 23-8-16. He has been compliant since that time. He wanted to research the side effects of the medication. Mr Cordell is concerned that procedures are followed correctly.
2 **Page 103**	

		Issues and submissions	**e)** He requested immediate discharge from section. He would stay voluntarily, and he is happy to continue with treatment and to see the team in the community. He does not accept a diagnosis of mental disorder but has stated that he will take treatment on the advice of the team. His mother thought that he has reacted to stress in the past and that he has been working very hard on his project. **f)** The clinical team were not unanimous in their view. Dr Mills suggested that there had been a possibility that Dr Cranitch, RC, had considered discharging him prior to the tribunal but on balance had decided not to. Dr Mills, having spoken to the RC, was of the view that detention was warranted given the degree of the disorder which is in their view a first episode psychosis. Mr Ahmed, a staff nurse on the ward, was of the view that it was the nature of the disorder that warranted detention. The care co-ordinator, Mr Adama, was of the view that the section should be discharged as Mr Cordell had been adamant that he would engage with services. Dr Mills and Mr Ahmed were concerned about his insight and the risk of non-compliance and deterioration.		
		Tribunal's conclusions with reasons	**k)** The tribunal is satisfied that Mr Cordell is suffering from a mental disorder. This is consistent with the signs and symptoms he has displayed which include a preoccupation with a business		

			plan which is so ambitious and far reaching that it can be described as grandiose thinking. He has been working unceasingly on these plans and is in all likelihood suffering from a stress reaction. He has very limited insight. Over a period of two years Mr Cordell has expressed beliefs about police and neighbours which may have some factual basis but in all likelihood are overvalued. **l)** The tribunal is not satisfied that the nature of the disorder warrants detention. Mr Cordell has never accepted treatment. We were unable to find that the signs or symptoms have responded to treatment or that they had deteriorated in the absence of treatment. Any problems that he has had with neighbours and his beliefs about persecution at the hands of the police appear to be longstanding. Despite these beliefs he has lived in the same place for 11 years. He has convictions but these do not relate to violence and are in connection with driving offences as a youth and with organising an illegal rave. He has been assessed before and not been found to be detainable. **m)** The tribunal is not satisfied that the degree of the disorder warrants detention. He was thought disordered on admission, but these symptoms have settled. He poses no management problems. He is compliant with treatment, and he gets on well with staff and		

	patients. He was angry with his mother, but she is visiting and supports his discharge. He may not accept that he has a mental disorder but states that he is willing to engage with the assessment. He has stated that if the procedures are carried out properly, he will abide by them. We accepted his evidence. **n)** The tribunal's decision on the first limb of the act meant that we were not bound to consider the risks other than as to how they related to the current degree of the disorder. We are satisfied that it is at least likely that he will continue to comply with treatment either as a voluntary patient or in the community. In any event he has never accepted treatment in the past and until recently has found not to be detainable. It was not clear that there had been a deterioration. He is on bail but the police are not due to interview him until October 2016. We had his forensic history. We were not informed that he has any history of physical violence. **o)** We did not use our discretionary grounds for discharge.

	(6) 19/09/2016, Monday Now I would like to explain a little more about this case and how it has got handled: - On the **19/09/2016** my mother got contacted by my solicitors by way of her mobile phone, to say an email had got sent by her and that could my mother read it, my solicitor then called me and told me an email had got sent could I read it which I replied I have no internet so I cannot access my emails, she then said too me to contact my mother and that she will explain to me. Which I then heard what had got written in the context of the email? The email stated that my acting solicitor is no longer prepared to represent me and neither was Mr Andy Locke and if my solicitor firm was to continue to have by best interest at heart and continue representing me that I would have to agree to conditions such as; I	**6)** On the ****/**/20**** it is said that

	got asked to reply to an email sent to myself by my solicitor firm via: michael@michaelcarrollandco.com; which I did and as of this date **20/09/2016** I still have not had a response from Michael Carroll in relation towards this, neither has my mum had a reply to a vast majority of the email's that she has also sent, my mother got an email from Ms Word with an attached that got sent to the court, with an application to get taken off the record regarding the Appeal listed for **26th September 2016** this would still mean once again my appeal date would get vacated until this issue got resolved to no fault of my own. On the **19/02/2016** my solicitor also tried to get taken off the record for this case, which got denied by the court I have since gotten told that the only reason my solicitor is still acting for me is due to the regard and respect for my mother in received correspondence and the only issue I take with this is I believe she should be there to have my best interest at heart. Dear Josey / Michael I am writing this email due to an email that got received today in receipt from Josey. Today when I spoke on the phone to Josie as she called my phone I explained to her that I have no internet at home, so I could not login to my emails and therefore could not read what she had sent, Josey then asked me to contact my mother to tell me what was in the email. Since this has happened, I have asked my mother to write this email to you confirming the below. Josey has asked me to agree to an assessment, by a Psychiatrist; I do not see the need as I am not mentally ill. I know this as I was just recently assessed on the **15/08/2016** under section 2 of the mental health act 1983 and then released due to a decision being made at a Tribunal that I had on the **26/08/2016**	

	the Tribunal did not find me mentally, ill to carry on holding me under a section. When I got assessed under section two, I prior got arrested for wrongful claims. Michael Carroll should already be aware as his company is my acting solicitor firm for the ongoing. I still have not gotten interviewed by the police and will I will prove that I did nothing wrong, due to CCTV being requested, also in interview I will prove the same, on the date of when I return to the police station: the **04/10/2016** In the time I spent inside of the Hospital I took part in an assessment and the conclusion was I am of good mind body and soul, OK. I agreed after the assessment to get mentored on release, which is at its end of period, this got managed wrongfully, under a section 117 of the Mental Health Act 1983, the reason being that it was wrong is: Under a section two as I understand I did not have to approve to carry on with the Home Treatment care facilities, as only section 3 requires this to happen but even low I got forced into agreeing to this. No one has had any concerns with me since, as I am not of a concern, reassuring to all the state of my mental stability. In me taking other assessments prior to this and the same conclusion got found I have never been unwell with mental health issues of concern, I feel at this late stage of my Appeal due to lack of disclosure that there is not any time left to prepare my defence, I have had no meeting with my barrister for the appeal and there is less than a week till the appeal to start, I feel it is common sense that asking for an assessment will only put my Appeal off and this is unfair, as the start of the ongoing was **2014**, I have only ever asked for things to get done for my Appeal and case with no disrespect for any other person, which I know should have got completed in good time. I never got rude or disrespectful towards my solicitor I have only ever asked for things to get completed fair and right, so to get achieved in good time for the Appeal; I can send you the copy of the tribunal release from the section 2 if needed. **(7) <u>19/09/2016, Monday</u>**

I explained although he was found to be informal, one of the recommendations from the tribunal was to continue working with the mental health service and remain concordant with his prescribed medication. I explained that this maybe for a short period of time, normally lasting up too about 7-10days. Simon was in agreement to meet with the HTT, but informed staff that he takes his medication late at night and would not be happy to take it early evening. I informed him that it was important to concord with medication and part of this care package was to monitor and supervise him taking medication. Simon continued to decline having his medication between 6pm-8pm but was happy to meet with HTT to MMS and check concordance with medication. It was agreed that ward will hand over his TTA'S for the next 3 days; ECRHTT will be able to prescribe on-going medication thereafter. Prescription chart will be up-loaded on Rio. Denied any thoughts of wanting to harm him-self or others. Denied hallucinations, not responding to unseen stimuli. He talked at length about his issues with mental health services and asked lots of questions about how things operate. Also asked me if there was anything negative written about him in his progress notes. Sounded very knowledgeable about mental health services, diagnoses and mental health law. Eventually, he agreed to see me to be given the TTAs. ECRHTT- Referral taken from Simon's Mother as the situation was discussed with Scott Kerr and Helen Moorey and it was decided that the team would go and assess Simon at his home address.
Simon's mother called in to say that he has kicked his father out of the house as he heard him talking with staff from the hub and is now extremely paranoid towards him. He thinks that he is teaming up with his mother against him.

2) On the ****/**/20**** it is said that

Simon's mother Lorraine expressed that he is not a threat to anyone but himself. It was advised that two members of staff carry out the assessment.

Summary of assessment

Enfield CRHT
Page Numbers: 3,4

SUMMARY OF ASSESSMENT

- **Patient's name Simon Cordell**
- **Date of assessment 25/11/2014**

1. **Referral details and any other precipitating factors**

- Mr Cordell was referred to the Enfield CRHT by his mother on 19/11/2014 as she was concerned that he was mentally distressed, paranoid towards her and thinking that the television was talking to him. According to his mother, he has had several incidents with the police recently and they were also worried about his well-being.
- Mr Cordell's mother was concerned that he was not willing to accept any help from the family.
- Mr Cordell's father had tried to help him on 19/11/2014 and went to his flat but Mr Cordell had

asked his father to leave his house after seen his father talking to professionals from the mental health service (HUB).

- According to his mother, Mr Cordell had suffered years of harassment from the police due to his past offences.
- The police had attended the property as Mr Cordell's neighbour had complained that Mr Cordell was screaming in distress.
- The police had observed him holding a gas canister, which is usually used for recreation purpose and spoke with the CRHT colleague about his current situation.
- Mr Cordell's mother had requested the ECRHT colleagues not to see him on that day as she had feared that it might antagonise him.
- When the ECRHT colleague went to see Mr Cordell on 20/11/2014, they observed him being abusive towards his father and did not want to meet with the CRHT colleagues.
- Mr Cordell was subsequently referred for a MHA as he had refused to engage with the ECRHT.

2. **Relevant social and medical history**

- Mr Cordell is living in a council flat on his own.
- He was in a long-term relationship, but his girlfriend had broken up with him 2 years ago.
- He was a victim of a large paedophile gang as a young child and was seen by CAMH and has a history of violent suicide attempts in the past.
- He has had many incidents from the police since in his late teens.
- According to his medical records, he was put in a Young Offender's Institution at the age of 16 for repeated driving offences, mainly driving without a license.
- Mr Cordell has an ASBO put on him due to him being aggressive when he was in the court for burglary in June **2014**.
- The case at that time was dismissed.
- He has reported his ASBO is affecting his ability to do anything constructive in his life.

- He said that has tried to set up a business for providing party entertainment, but he has not been able to do anything due to the restrictions of his bail.
- He was attending a youth centre in Enfield up and fought hard to keep it open with petitions etc.
- He is suffering from Crohn's disease and according to his mother, he has not been taking medication for this disease.

3. **Record of interview with patient (Include where it was conducted who was present and use of police if required during process)**

- The interview took place at Mr Cordell's home address.
- Those attended –
- M G, AMHP,
- I A,
- AMHP trainee,
- Dr M and
- Dr A S12 doctor.
- Mr Cordell put his dog in the back yard.
- The reason for the visit was explained to Mr Cordell and he was interviewed appropriately.
- He was very calm throughout the interview.
- He said he has been stressed with the fact that he had not been able to do anything in his life due to the previous bail conditions.
- The ASBO is affecting his business opportunities.
- He said he would like to build up his business and get on with his life, but he is not being able to do this.
- He said he is spending most of the time indoors and occasionally taking his dog for a walk.
- He said he is working on his computer, trying to fix his website. He stated that he is getting sleep but found it being difficult for few days as he was working on his computer late at night.
- He denied drinking alcohol or taking any illicit drugs recently.
- When asked about the support he would require from the mental health service, he said that he would like to get some advice and move on with his life.

- He said he has no thought of harming himself or others.
- He was optimistic that he would go through this difficult situation and recognised that his grandmother's recent death had also contributed to his problems.
- He has agreed that he would contact the mental health crisis service if he needed help, or he would go to the North Middx A&E if he felt bad in the future. He said that he had contacted the crisis service in the past and he knows how to access services.

4. **Assessment of risk to patient and/or to others**

- Mr Cordell had told the mental health professional in March 2014 that he had suicidal thoughts and he had been E-searching the ways to kill himself on YouTube.
- However, he said today that he is a strong person, and he has no intention of harming himself or others.
- As he has not had any thought of harming himself recently, the risk remains low at present.
- He said that he knows how to get help if he needs any support in the future and he was given contact information about the ECRHT.
- Risk of social isolation: He has stopped attending youth centre and not going out as he used to do in the past. He was advised to go out at least for a walk with his dog daily and he has agreed for this plan.

5. Consultation with Nearest Relative and process of identifying the Nearest Relative

- Mr Cordell is not married and living on his own. He has no children aged over 18 years of age.
- His parents are ordinarily residents in the UK.
- His father is the eldest of the two.

- However, his mother is providing significant and substantial care for him on daily basis.
- His father does not see him regularly and or provide any substantial care for him as his mother.
- Therefore, his mother is the Nearest Relative according to S26 (4) of the MHA.
- She described a complicated relationship with the police since he was 14 and guilty of driving stolen and other cars without a licence. More recently he has grown up and she still feels he is repeatedly targeted by the police.
- They often stop him to ask about his welfare and then use this to search him. S
- he denies that he used any street drugs but then admitted he used to do this, and the last assessment had been after he had attended a festival and gave in to peer pressure taking lots of drugs.
- She claimed he is not using drugs now but then admitted he does use (laughing gas) from time to time

6. Consultation with Assessing Doctors

- Both the assessing doctors had agreed that his problems are mostly related to his early history and losses of significant others over the past 2 years.
- **Dr Moorey** was of the opinion that counselling could make matters worse and that he should be encouraged to continue to work towards his long-term goals.
- The doctors felt that Mr Cordell is managing his difficult situation well and said that he can call crisis service if he requires support in the future.

7. Views of others consulted

- Mr Cordell is reported to saying that he did his best to help but, on the whole, left the caring to Simon's mother his ex-partner who is heavily involved.

8. Mental Capacity Act 2005

- Mr Cordell has capacity to decide on his present crisis situation.
- He has agreed to call the mental health service if he requires support in the future.

9. Reason for the decision to make the Application (including choice of section

- It was decided there were no grounds to admit him to hospital as the doctors who attended the Mental Health Act assessment agreed that Mr Cordell is not suffering from a mental disorder that would require a hospital admission either voluntary or compulsory.

Referral Received from HCRHT To Followed Up by ECRHT 27/08/16.	
Assessment carried out by HCRHT. Simon presented as courteous and polite on approach. Explained to HCRHTT staff that he had been detained illegally and was placed in hospital without reason. Denied making threats to neighbours, denied any mental health problems. Explained that he had been put on medication and has remained concordant whilst on the ward despite not wanting to have medication, as he feels "I do not suffer with any mental health problems"	
Circumstances leading to admission to Haringey Ward:	Arrested at his home address after his mother raised concerns about his mental state - he was allegedly verbally threatening towards his neighbour and possibly neighbour's children. Simon's mother called police who arrested him. He was seen by the **Referral** FME at Wood Green police station, referred for MHA.
History of Paranoid thoughts regarding neighbour watching/listening to him.	
First HV by:	ECRHTT 28/08/16.
Simon was adamant that the Tribunal (26/09/16) had discharged him from Section and is not willing to take medication anymore. Appeared slightly elated in mood, pressured speech.	

M/R by:	Dr Akande 07/09/16.
Patient complained that the olanzapine was making him feel very tired. He appeared mentally stable in spite of his talkativeness which the Dr stated he later understood to be his normal self. Simon stated that professionals have misunderstood it as a symptom of a mental illness.

Dear Dr Chong,

- **Re:** Simon CORDELL - D.O.B: 26.01.1981

- 109 Burncroft Avenue, Enfield, Middlesex EN3 7JQ.

- **Jameson Simwanza,** Social Worker in Enfield Assessment Service/Crisis Resolution and Home Treatment Team and I saw Mr Cordell at home today after reports of a gradual deterioration in his mental health over the last year.

- Mr. Cordell's presentation today was congruent with a First Episode Psychosis with symptoms beginning several months ago.

- His main preoccupations and paranoid delusions relate to the police and with the woman, who lives upstairs although we understand she has moved out. His mother has been supporting him and has been calling on him almost daily for the past year as he has become more socially withdrawn.

- Today Simon was well nourished and cared for and his flat although cluttered was clean.

- He keens to relate his experiences to us but resisted the idea he had a mental health problem.
- **Risks:**
    - He made 1-2 serious self-harm attempts as a teenager with contact with the criminal justice system.
    - Today he said he had attended North Middlesex University Hospital Accident and Emergency department last year after drinking liquid nitrous oxide with intent to self-harm. Currently he has no thoughts intent or plan to harm himself or anyone else although **he said today,**

6+ The Defendants have committed several breaches by committing several acts of anti-social behaviour against his neighbours. Mr and Mrs Mathiyalagan have been the victim of several incidents of harassment, intimidation and a serious assault on "This Date has been Edited with a pen" **05/03/2018** Despite the matter being reported to the police, they have failed to take actions against the Defendant to enforce the terms of the injunction.

7+ The incidents are supported by the affidavit of Mr and Mrs Mathiyalagan dated **20/04/2018**

8+ The most recent incident took place on "This Date has been Edited with a pen" **05/03/2018** the Defendant assaulted Mr Mathiyalagan who then tried to defend himself. Mr Mathiyalagan sustained persona! injuries to his face and had to some of his teeth removed as a result of the assault. The injuries are supported by the ambulance officers' report, dentist records and letter from a GP which are exhibited in Mr Mathiyalagan affidavit dated **20/04/2018** and supporting this application.

9+ The Police arrested the Defendant, interviewed him and released him.

10+ Reclaimed from Evidence provided by the Enfield Council in support of the application notice dated **20/04/2018**

(part 10)
Dated: **20/04/2018**

11+ **01/03/2018** Is the day that I called the police and asked them to protect me and this was while recording with my dictator what was going on in my front room while still on the phone to the police call centre.
They said that they will not protect me in short and I told them that I was going to go upstairs

and ask them to stop banging on the floor with objects at me with deliberate intent of victimising me as they were doing to myself for sure
I then continued recording with my mobile phone for video evidence of the on goings and my mobile phone
soon after I could not accept the way that I was getting made to live in my home by these people and after all that I could prove that they had done wrong to me and with good evidence
So, I went upstairs and asked them will they stop treating me in such an evil way and after all they have already been informed of.

06/03/2018
Mathiyalagan went to the police station because he got asked to an made a statement against me.
6. On
01/03/2018
Mr Mathiyalagan stated that his wife was inside the bathroom giving their daughter a shower while his cousin was in the living room, he was at work. At about 11am, the Defendant came to their front door and started rattling the letterbox and knocking loudly on the door. His wife went to the door and asked who it was and the Defendant replied 'why are you shouting'. His wife told him that she was not shouting and that she was inside her bathroom giving her daughter a shower. She asked him why he came to her front door, that he was not allowed to be there but the Defendant ignored her and continued to bang and kick on the door. This went on for about 5 to 10 minutes and caused a great deal of distress to his wife and daughter and made them scared for their safety. His daughter started crying because of the commotion and loud banging. The Defendant left after his wife asked his cousin to call the police. Mr Mathiyalagan stated that he telephoned the police on 101 to report the incident and was asked to go and make a statement at Edmonton police station. He stated that he did so in the morning of Tuesday
06 March 2018

<u>26/02/2018</u>
7. On
26/02/2018
Mr Mathiyalagan stated that he returned from work at 11:30pm and went to the kitchen to get something to eat; his wife and daughter were already asleep. At about 11:45pm, while he was in the kitchen, he heard loud banging noises on his front door and rattling noises on his letterbox. He thought that his cousin had returned from work and was knocking on the door to be let in, he went to the door and spoke in his language but there was no response. He then opened the door and saw the Defendant standing outside his front door. As soon as the Defendant saw him, he ran away. The matter was referred to the police but no actions took place.
8. It is submitted that the Defendant should have been arrested, kept on remand and brought back to the County Court pursuant to CPR 65.47 which states as follows:
(1) This rule applies where a person is arrested pursuant to -
(a) a power of arrest attached to a provision of an injunction; or
(b) a warrant of arrest
(2) The judge before whom a person is brought following his arrest may -
(a) deal with the matter; or
(b) adjourn the proceedings.
9. The Police are aware of the injunction order as they have been served with a copy of the same. However, they have failed to enforce the terms of the interim injunction.
10. The Claimant is therefore bringing an application for the Defendant's committal

Advised that we will offer a non-urgent appointment from EAS. Loraine reported her concern that we would be tell her son about her reporting her son and that this would damage their relationship for good. Reported that about three years ago she called an ambulance when her son was vomiting and he is still complaining and talking about it. Reported that her son has been in trouble with the police since the age of 14 said he was addicted to driving. Many charges and cases over the years. Feels that the police have victimised her son and her other children because they are mixed race. Reported that they are appealing against some of the charges and his name being publicised in the papers which is due in court in February next year. Lorraine reported that she visits her son almost every day to check on him and make sure he has food in the house. Reported that he is eating but not as regularly as before, some weight loss, has IBS but is drinking well. Reported that he talks about the TV talking to him and also when they are out when she scratches her head or something, he believes that she is sending messages and becomes paranoid that someone will harm him. Reported that he has lots of friends but stops no longer goes out with them and also does not have	

	them come around his home. Reported however he does have a scrambling bike that he goes out on and has injured his ankle and wrist but refuses medical attention. Reported that he has been suspicious about doctors since his childhood and having tonsillitis. Reported that his mood does fluctuate but most days she will get text messages from him talking about killing himself when his name is cleared in next year after the court case, no current plans or intent. Asked if she believes her son will see professionals if they visit, said she believes that he will shout but otherwise not aggressive, feels he will agree to be seen as a follow up following his assessment last year. Feels he needs some help and support but uncertain what her son needs. Whilst talking to Lorraine her mobile phone rang and she spoke to the person said it was Maggie Garrod AMHP. Said she has been phoning them and they called her back yesterday and that they have told them that she should have a carers assessment as she is finding it difficult to cope. Reported that they had also told her that her son should be seen urgently. Agreed to speak to the AMHP office. **Discussion with AMHP manager Debbie Morgan**. Informed reported that Lorraine had spoken to Maggie and Lorraine had been advised about the carers centre in Enfield and also advised to go along with whatever plan there is with the assessment service. From description from mother does not appear to be crisis, is eating and drinking and no active plans to and, gradual deterioration in mental health over the past year. Plan to offer assessment with EAS medic and Social Worker. Patient already known to Community Safety Officer, and this may be a route into the assessment given the concerns raised by other residents. Community Safety Officer already informed. EIS also informed as may be and psychotic illness. **(6) 01/12/2015,** **The Doctor's Folder / pub Book Issue: 5!**

He recently accused another resident of purposely making noise to disturb him and he had threatened to strangle her. He appears to be very paranoid about sound. The resident upstairs is apparently under the care of our CSRT a Bola is the care coordinator and the resident had to be moved to another accommodation for her own safety. I am aware you recently close his referral following DNAs for clinic-based appointments. He is probably more likely to engage if he is seen at home (2 workers!). I also contacted his mother. She was angry at previous contact with mental health services because Simon has found out - she thinks this will break what little relationship they have. She was reluctant to talk on that basis. We attended court on 30th May 18 as the matter was listed for the return date for the injunction and for an application for committal following incidents which we submit have breached the terms. **At the hearing DJ Dias was concerned about Mr Cordell's mental health following submissions from his mother in his absence.** Although we have no evidence that he does not have capacity the Judge wants to satisfy herself that there

Apologies for the short timescale but could you please arrange for an appointment to be given to the defendant (Simon Cordell) as per the court order in order for these issues to be clarified. Telephone call from Simon,
long conversation, asking about his appointment he has been offered for next week, who made the referral and why. Same discussed and remembers that they had already spoken with lain Williams. Difficult to follow his conversation and to interrupt. Says he has been on a 10pm curfew for the past 9 years afraid to leave his house as he feels the police have set this up. Mistaken identity, reports he has read all give descriptions of different people, 4 in total, not him. All happened because of a party on Lincoln Road, he was not involved but happened because people were disturbed by the noise.
Because of the curfew says he lost his relationship with his first love has or had a second girlfriend. Said he has been dialling 999 they get 15,000 calls per day; their time is going backwards on their records and do not have a RUN number.
Says he does not have a mental illness no previous contact with services has been good. Sectioned in the past human rights broken, people coming into his house, says he was giving them access. Has tape recordings and LinkedIn, Facebook pages of all involved, has set up a web page. Discussed that they reason I had contacted him was to offer an appointment next Tuesday 11am, asking why we are coming, offered to see at Lucas House instead he declined this says prefers to be seen at home. Asked why I am not treating with dignity and respect that he has told me all about my colleagues and their treatment of him and I have not apologised to him and investigating. Discussed that he has the right to compliant which he says he already has and knows how to make a complaint, reported that he was taping our conversation and was making a digital copy which he has made of most interactions with people. He agreed to a home visit next week. The home visit is with EIS **Amal Pomphrey.**

Introduction** This report is prepared at the request of London Borough of Enfield, Antisocial Behaviour Team following directions from the Edmonton County Court to undertake an assessment on Mr Cordell. My instructions were received in a letter dated 5 July 2018 and outlined as below: 1. Whether the defendant has the mental capacity to litigate and give instructions in his defence. 2. Whether the defendant understands the terms of the injunction order dated 9 January 2018. **2. Details of current proceedings** The current proceedings relate to an interim injunction order issued against Mr Cordell, at the Edmonton County Court on 9 January 2018. This followed numerous complaints from neighbours about Mr Cordell's acts of harassment and antisocial behaviour. However, it has been reported that Mr Cordell has continued to breach the order. It has been reported that a neighbour has been assaulted, harassed and has received threats from Mr Cordell. He has also made threats towards certain council employees. The local authority issued applications for committal due to Mr Cordell's breach of the injunction, however the applications could not be considered due to concerns about his mental capacity. **3. Sources of information** **3.1** I was provided with the following information to aid in the assessment: 1. Claim form for an injunction with supporting documents 2. Order for an injunction dated 9.1.2018	**27)** On the ****/**/20**** it is said that

	3. Report of Angela Hague from the Enfield Assessment Team 4. Court order made by DJ Dias, Edmonton County Court at the hearing on 30.05.2018 and 26.6.2018. **1** **07,** 4. I assessed Mr Cordell on 6 July 2018, at his flat 109 Burncroft Avenue, Enfield EN3 7JQ, accompanied by two officers from the Enfield Housing Team. I can confirm that prior to my assessment; I explained to Mr Cordell my role and the purpose of my visit. I also explained to him that I was acting on the instructions of the Enfield Council at the directions of the Court. **4. Assessment of Mr Cordell** • Mr Cordell spoke to us for a few minutes outside his flat and upon explaining the purpose of the visit, he allowed us into his flat. He agreed to tie the dog outside in the garden. The flat although disorganised with papers and folders scattered around, did not appear overly cluttered. Mr Cordell presented as a young, slim built, mixed race male with reasonable hygiene. We explained our roles and the purpose of our visit. Mr Cordell informed us that he was recording our conversation. • Mr Cordell seemed very keen and enthusiastic to talk and we had to explain the reason of our visit several times to maintain some structure and focus. He maintained appropriate eye contact and we managed to establish a rapport after a while. His demeanour was polite and appropriate. There was evidence of psychomotor agitation as he appeared generally restless and overactive. Mr Cordell described his appetite and sleep pattern as fine. Objectively I would regard his mood as labile, rapidly fluctuating between euthymia (normal mood) and irritability. • Mr Cordell's comprehension of information presented to him appeared adequate. He was able to understand the queries presented to him. His responses however were very elaborate and circumstantial. His speech was very pressured, difficult to interrupt and at times frankly rambling. There was clear evidence of thought disorder with flight of ideas (rapid shift of ideas with some	

	superficial apparent connection). Mr Cordell struggled to sustain his goal of thinking as he often derailed to themes of relevance to him, digressing away from the topic of discussion. It was very difficult to obtain a direct response to the queries posed to him and follow his thread of conversation. 4.4. Mr Cordell's thought content was replete with various delusional beliefs of persecutory and grandiose nature. He spoke of an elaborate conspiracy which involves the Enfield local authority and the metropolitan police, dating back since **2013**, when he claimed that he was arrested for putting up a gazebo in his garden which led to him being barred from visiting **2** **08,** places in central London and placed on a curfew from 10 pm. Mr Cordell informed that he followed these restrictions imposed on him for about a year and returned to Court and won the case. Mr Cordell then went on to talk about Sally Gillcrest, the legal executive for the metropolitan police who he alleged set him up for a million pounds and brought on an ASBO against him, which ended with him being imposed on a nine-year curfew. Mr Cordell stated that Sally Gillcrest in conjunction with the borough commander Jane Johnson and the community officer started spreading rumours that he was "suffering from herpes and has hurt a woman" which the neighbours in his block became aware of and started sending him messages addressing him as "you; black boy. Mr Cordell implied that Sally Gillcrest colluded with the neighbours as she had a vested interest in getting him out of this country. He stated that the neighbours above him deliberately bang on his ceiling and have also subject him to other forms of harassment since **2014**. Mr Cordell implied that the neighbours were responsible for the miscarriage suffered by his then girlfriend and also held them responsible for the separation from his previous girlfriends. He further stated that between **2014** and **2016**, his mother has made numerous complaints to the council regarding the harassment he has been	

	subject to and he has won a criminal case against his neighbours **5.** Mr Cordell then went on to elaborate his grievance against Lemmy, the officer who works for the Enfield local authority. He claimed that he received an email from lemmy threatening that he would obtain a possession order against him and asking him to attend a meeting. He then stated that the ASBO that was served against him was not valid due to lack of signature. Therefore, Lemmy built a false case against him by using *"lower grade cases* "to pursue a possession order and subsequently an injunction order, by falsifying statements and using *"statements from dead cases".* According to Mr Cordell this was declared as invalid by a Judge, however Lemmy has continued to produce false orders against him in the way of a second injunction, which he claimed has never been served on him. Mr Cordell described this as *"targeted malice"* by Lemmy as he has used the injunction as a smoke screen to cover up the ASBO by providing false statements and witnesses. **6.** In addition, Mr Cordell also described a number of grandiose beliefs, stating that he was building a constitution on CIC, which he explained to be Community Interest Company. He also spoke of a number of other businesses. He was keen to show us the various documents, emails and recordings he has accrued as evidence to support his case. **3** **09,** **5. Opinion and Recommendations** Mr Cordell is a resident at the Enfield borough, who was served an injunction on 9 January 2018, following numerous complaints by his neighbours of antisocial behaviour and harassment. Despite this, Mr Cordell has continued to breach the order with further incidents of harassment, threats and assault against the neighbours. In addition, it has been reported that some council employees have also received threats from Mr Cordell. According to available information, Mr Cordell has had sporadic contact with the mental health services and has been recently assessed by the Enfield Mental Health Assessment Service.	

	During my assessment, Mr Cordell was preoccupied with a number of persecutory and grandiose delusional beliefs. In addition, he also presented with other symptoms such as labile mood, pressured speech, overactivity and flight of ideas. In my view, Mr Cordell's current presentation is consistent with Schizoaffective Disorder, which is recognised as an enduring mental illness. I have received specific instructions to address the following issues: **1. Whether Mr Cordell has the mental capacity to litigate and give instructions to his defence?** As highlighted above, Mr Cordell's mental state is replete with complex persecutory delusional belief system. During my assessment, Mr Cordell was convinced that the local authority and the police have been colluding alongside his neighbours to pursue false claims and allegations against him. In his view, the possession order and the injunction order were based on false statements, created against him and this did not stand up in Court and therefore an injunction was not issued against him. In my view, although there are no significant deficits in Mr Cordell's comprehension or retention of information, his ability to process information relevant to the current proceedings is likely to be influenced by his underlying delusional beliefs. During my interaction, it was evident that his interpretation of events and actions of others are influenced by his abnormal beliefs. Mr Cordell perceives himself as a victim and is aggrieved by the injustice carried out against him. In my view, Mr Cordell's ability to weigh the information relevant to the current proceedings is impaired due to his tendency to misinterpret any information presented to him to fit into his entrenched persecutory delusional beliefs. Moreover, Mr Cordell presents with significant thought disorder and it is unlikely that he will be able to give coherent instructions to the defence. It is therefore my opinion that Mr Cordell lacks capacity to litigate and give appropriate instructions to the defence. **4**	

	10 2. Whether Mr Cordell understands the terms of the injunction order dated 9 January 2018? Mr Cordell is currently suffering from symptoms of Schizoaffective Disorder and presents with florid psychotic symptoms. His thinking and behaviour are influenced by his underlying persecutory beliefs. Mr Cordell is convinced that the injunction order is a cover up by the local authority for the errors and mistakes of the ASBO and therefore did not stand up in Court. Mr Cordell is convinced that the injunction order has been falsified by certain individuals (particularly Lemmy possibly in conjunction with others). He therefore does not value the order or the contents contained within it. In my opinion Mr Cordell's capacity to process the information relevant to the order is again impacted by his delusional beliefs. It seems due to the change over to the new team they want do anything until they see my son, but I believe the mental health team has enough information on their system to be able to help in this matter which I will explain below. As you may be aware we were at court regarding Enfield Council and the neighbours case on the 09/08/2018 and the case against Mr Cordell was dismissed forthwith, the reason for this is I believe for 1st time the judge saw what Enfield Council has been doing along with the neighbours for a long time, I believe the Mental health team are well aware what my son has been dealing with and what he states has been ongoing since **2014** and it should be of record on the systems the hell he has been living with what the neighbours have been doing since **2014**, I know the mental health team are aware what the neighbours have been doing to my son due to being there more than once when my son has shown video and audio to the mental health team. I have asked more than once for the mental health team to help get my son move yet nothing has been done, and once again I am asking for help with this. On the 09/08/2018 the judge ordered that Enfield Council move my son as the flat he is in is clearly not suitable, I also spoke to the judge about the need for a suitable two bedroom property so that my son can have a spare room for his family so they could stay with him and support him. the judge agreed but it is this part that Enfield council are trying to get out of without the help and input of the mental health team, saying it would be more suitable for two bedroom property so Simon can get support from his family, Enfield Council is willing to move my son and there is going to be a hearing with the panel on the 28/09/2018 regarding moving my son, but unless the mental health team does a report saying he needs a 2 bedroom Enfield Council will only move him to a 1 bedroom. I do feel my son needs support and a 2 bedroom would allow family member to stay with him and help him and try and get him to understand he does need help. My son has been locked away on his own in the flat he is in since **2013**	

	living in hell due to what the neighbours are doing he does not go out, he is not getting the contract with others, only when the family attend his home for a few hours, and due to what he is living with he **4180,** don't like people around there, which it has made it harder for the family to be there all the time to support him because of how and what he is living in with what the neighbours and Enfield Council has been doing. 	on 10th August 2018. You raised some key questions relating to information governance and the sharing of information regarding your son. Please accept our sincere apologies for the delay in our response to your queries, which was due to there being a separate ongoing investigation within the Trust regarding the matters you have raised. Your concerns have been investigated and I am now in a position to respond to your complaint. Your concerns were investigated by Rachel Yona (Enfield Adult Mental Health Community Services Manager), and involved interviews with staff and a review of your son's clinical records. You stated that a report written by Angela Hague regarding your son, dated 15th June 2018 and 19th June 2018, had been presented in court on 26th June 2018. You stated you had not had prior access to these reports, and explained that you had considered the court case and the assessments by Angela Hague were separate processes. Please be assured that we have looked into this matter and I can confirm the report used in court was not a formal report, but rather a response by Angela to a request for information. The Trust had communicated to the Council Legal Services that we would not be providing a report for the Court and it was recommended they commission an independent report if this were required. However, as part of the investigation, it has been highlighted that this communication was only shared verbally with the Council Legal Services, and the position of the Trust was not clarified in writing. During our communications with the Council Legal Services it was asked whether your son had engaged in his recent assessment, and it was for this reason the information presented in court was given. Our investigation found that the information which was sent was not a limited, direct response to the question posed to the Trust; I sincerely regret therefore that information was overshared and as such this aspect of your complaint is upheld. This is a matter we have taken very seriously; I would like to offer you our sincere apologies that your son's	

	information was used for anything other than it's intended use whilst in the hands of the **Chairman:** Mark Lam **Chief Executive:** Jinjer Kandola **4325**, Trust, and assure you that we fully understand our role in ensuring the security and safekeeping of records relating to all of those in our care. We have completed a full internal incident investigation into this matter, and I would like to assure you that all due processes and actions have been taken in relation to this breach. I understand that you also were concerned about the processing of your son's information by the Court and the Local Authority. We are aware your son did not give consent for his records to be used in Court, and I can confirm the Trust also did not give consent for the sharing of information by the Local Authority with the Court. Our investigation found that the London Borough of Enfield requested to know if your son had engaged in treatment. As part of the legal proceedings the Court had asked for an assessment of your son's capacity to litigate and capacity to understand the meaning of the interim injunction from January 2018. Whilst we cannot speak on behalf of the Courts, we believe that this was why they passed on the information. I am very sorry to learn that you feel the trust between yourself, your son, and the Mental Health Services has been broken. I understand that your son is now being seen by the Enfield North Locality Team, and I sincerely hope that they will be able to help rebuild the trust and develop a good working relationship with yourself and your son. I understand that when you discussed your concerns with Rachel Yona (Enfield Community Services Manager) you raised your view that you feel there were inaccuracies within your son's report. Please be advised that whilst we are unable to retrospectively amend records, we are able to add additional entries to reflect your views and comments, and we would be very happy to add any information as you see fit. Please be assured that the recommendations from this complaint will be shared with the London	

	Borough of Enfield Legal Services and across our Enfield Adult Community Mental Health Teams, to ensure all agencies involved in this situation can learn from this regrettable incident. We appreciate all feedback from service users' experience of our service as this helps us to assess, reflect on our actions and improve the care we provide. Staff members are committed to providing and delivering a high standard of care to all our service users. We try to ensure that through good support and training opportunities, staff are enabled to deal effectively and sensitively with the needs of all service users and their relatives. 	(36) 28/11/2018, The Enfield Gov / Email's Issue: 1080. Dear-Jinjer-Kandola-MH-Complaint-28-11-2018 / Page Numbers: 4350,4351, **1+** Regarding Mr. Simon Cordell information: **2+** New Complaint Dated: 28/11/2018 Dear Jinjer Kandola Thank you for the update letter regarding the complaint that was submitted to Angela Hague on the 30th July 2018 and Rachel Vona on the 10th August 2018. I am very happy that you take the over-sharing of information very seriously, but it would seem that the sharing of my son's information has not stopped by the mental health teams, and is being continually breached even after I put in the complaint the mental health trust is continually passing information to Enfield Council. It would seem if Enfield Council ask for anything it is being passed to them from the mental health team. There has been a lot of data that is being passed between the mental health trust and Enfield Council this needs to stop, as no consent has ever been given by my son or my son asked if this information can be shared. It would also seem Enfield Council has not learned anything as they are still sharing said information that is being shared via the mental health team to Enfield Council. Please see attached email this time is seems it has come from Debbie Morgan who works in the same said department as Angela Hague where the last breach of data happened. The information was sent to Enfield Council by Debbie Morgan and then Denise Cook-Smith from Enfield Council who is a Note Taker it would seem, then passed it over to the MP's aid Alev Cazimoglu who is trying to address a move from Enfield Council for my son and it seems the only person trying to help my son. The move was ordered via the courts on the 09/08/2018 which Enfield Council has failed to do; it	**36)** On the ****/**/20**** it is said that

	seems Enfield Council will stop at nothing not to do the right thing towards my son. And seems they are only interested in using his mental health and not doing the correct thing and moving my son from the hell he is living in, everything the mental health team is passing to Enfield Council is being used against my son not to help him. I would like the full details of what was passed to Enfield Council by the Mental health team from Debbie Morgan as it would not surprise me if Enfield Council has changed it to the 1 **4351,** words they wanted to use to send it to the MP as what is stated in the Email to the MP is not correct on many points and I am very angry it has been written this way as no one has any right to say the things that have been said in the email the way they have been said is plainly wrong why would anyone write this email the way it has been written. I would like this investigated as it seems the 1st investigation has done nothing to stop this sharing of my son's information without consent via the mental health team. What right and laws are being used to share this information? As it seems all the information that is being shared goes against my son. How is any trust meant to be grained when this is happing all the time? This is not the only information that is being shared and I can prove this. I want all information sharing to stop forthwith with Enfield Council from the mental health teams across all departments, as it seems Enfield Council does not care how this information is being used or shared or if it is correct when they pass it on. From this point if any information is going to be shared with Enfield Council then the information needs to be sent to this email 1st and written consent obtained before any information is shared this would include all departments in the mental health team. I have included your letter of response as I am also including in this email the MP as all this incorrect	

	information that is being used against my son needs to stop from this point in time. I have submitted a subject access request of all data being held for my son by the mental health teams, which I am awaiting as I need to correct a great deal of data being held and find out what other information has been shared. I look forward to hearing from you regarding this complaint dated 28/11/2018 Regards Lorraine Cordell 2 Done

	I have had a very irate call from Simon Cordell. He says that he has been informed by his mother that a warrant has been granted to access his flat. He says the mother received a call from someone earlier today to inform her and she has told Simon. Extremely unhappy, says he is going to come here with his solicitor - took down our address. Says he has always said he would see me (this is true). Although refused me, the doc and AMHP access the other week. Demanding I find out the nature of the warrant and what do I know about it. Asking to see me this afternoon. He wants a call back in half an hour. He is due for a MHA assessment tomorrow at 10am. Police are coming. The mother has clearly disclosed details of the assessment tomorrow to Simon. We are going to walk into a very hostile situation. I believe he may have CCTV cameras outside his flat facing the street as he mentioned to me previously that he saw someone sitting in their car (although this could be part of his paranoia). He does have CCTV in the entrance hallway. Could the police/assessing team please for warned. Maybe we need to meet around the corner rather than park outside his flat. Subject: RE: Concerns for male
Hi Giudi,
SC was seen and assessed at home on 19th June. He is not currently under a community team, the service has received several referrals since **2015** pertaining concern for his mental state, however upon assessment he's not been found to be so unwell that restrictive measures have to be taken to engage him. He often presents with grandiose/paranoid ideations involving past involvement **with police**, and more recently involvement with the **housing department** and **neighbour(s).**
He is currently involved with court proceedings involving his neighbour/housing department arising from on-going dispute in which he alleges neighbour to be deliberating causing him distress by making noise (he appears to be noise sensitive). Housing are exploring eviction proceedings in which information has recently been provided for court regarding his mental health needs. I understand he is representing himself in court and the court has questioned his mental capacity/mental health to do so?
I also understand he has CCTV inside and outside the property and often tapes interactions with others. He also has a dog on the premises and frequently makes reference to the evidence he has gathered about the alleged wrongs done to him by police, neighbours and housing department; a full ring-binder folder was observed in his flat with this alleged evidence.
There was no significant concern regarding his mental state when recently assessed to require a more intrusive intervention, he was not deemed to be psychotic but some acknowledgement of a

	paranoid personality type with grandiose beliefs. He is reluctant to engage with mental health services as he does not believe he is mentally unwell and therefore does not wish to engage to explore possible treatment options. The plan following the assessment was for a referral to be made to the North Locality Community Team for further engagement to build rapport over a period of time to try and engage/encourage him for further assessments and/or support. The reason I do not believe they can put "And UPON the Defendant's mother agreeing to engage with the Enfield Mental Health Unit team so the Defendant could receive assistance with his mental health conditions and housing. Lorraine said that she would be at the review meeting with Simon on the 31st, advised that she/Simon could inform how they feel housing may impact on Simon's mental health in the longer term (in terms of support that family are able to provide) this can be included in the clinic review letter however psychiatrist will need to determine whether this is having/is going to affect Simon's mental state/risk. Dear Ludmilla Iyavoo
Could you please forward the housing management **transfer** application that **Lemmy called me about last night 15/08/2018 at 16:15 hours,** as I have the mental health team calling me regarding the like to like section in the application.
I have not yet seen the application that has been filled in for my son by Enfield Council, and I would like to see it before it is submitted to the **broad tomorrow.**
Also, would it be possible to get a copy of Enfield Councils guidelines and policies for the management **transfer** application, I do believe I have a copy but want to make sure I have the correct one.
As you are aware at court it was stated I had to fill an application in by today, but it was not stated as to what application it was, and then it was found out the application had to be done by the council so all the wrong information was told to judge, and as you are aware what I said to the judge regarding a 2 bedroom and then what Lemmy said to the judge that my son would not get one,
then what the judge said to Lemmy regarding a 2 bedroom.
I do not want my son placed into a new home that is not going to be appropriate, I want to get it right for him,
after all his health has gone downhill due to all the court cases
and what the neighbours were and are still doing to him
and Enfield council took no notice of the hell my son was living in
all they done was believed the neighbours,
then on top Enfield Council basically **telling the courts** there was **nothing wrong with my son's health** even though I was **telling Enfield Council since the start of 2015 via emails the impact this was having on my son regarding what the neighbours were doing,**
I want Enfield Council to take this seriously as so far where my son has been concerned you have only blamed him for everything and gone one sided and never heard what my son or I have had to say,

	I believe if Enfield Council had done the correct investigations they would have seen there was a lot more going on here then what the neighbours was saying, but Enfield Council only blamed without wanting to know the facts. **My son has to be re-housed** and I want that to be done correctly even if more time is needed and this is not taken to the panel until next week, I do want it done as soon as possible due to what the neighbours are still doing, I don't want things rushed by **Enfield Council because they know now they have done wrong** and made beaches regarding my son I want it done correctly, as stated I want the mental health input if they are willing to give it as it seems since I put the complaint in they do not seem to want to talk with me as stated to you outside the court room, but that is being addressed and I am waiting for a call back today regarding the housing issue, I have spoken with a few people over the last week regarding this, but due to a change over with the people dealing with my son and him not given a named worker yet it has been hard. Also, can you tell me if I am allowed to attend the panel hearing and also maybe a mental health worker if they are willing to attend also? I will await to hear from you today. So please accept my apologies if you may have been advised previously that this would be the case. However, **we are happy to discuss its contents with you should you wish to.** .I enclose a copy of the Enfield Housing Allocation Scheme, which is used by the exceptions panel before considering a management **transfer** application. I explained to you that if the application goes ahead tomorrow (this was the earliest exceptions panel meeting), Simon could only be considered for a **transfer** of property which is similar to the one he currently occupies (like for like **transfer**). On that basis you agreed to have the management **transfer** application deferred to be considered at the next panel meeting which will take place on 28/09/2018, this would allow more time for an assessment to be carried out by the Mental health team. As you are aware **at court it was stated** I had to fill an application in by today, but it was not stated as to what application it was, and then it was found out the application had to be done by the council so all the wrong information was told to the judge, and as you are aware what I said to the judge regarding a 2 bedroom and then what Lemmy said to the judge that my son would not get one, then what the judge said to Lemmy regarding a 2 bedroom. I do not want my son placed into a new home that is not going to be appropriate, I want to get it right for him, after all his health has gone downhill due to all the court cases and what the neighbours were and are still doing to him and Enfield council took no notice of the hell my son was living in all they done was believed the neighbours, then on top Enfield Council basically telling the courts there was nothing wrong with my son's health even though I was telling Enfield Council since the start of **2015** via emails the impact this was having on my son regarding what the neighbours were doing, I want Enfield Council to take this seriously as so far where my son has been concerned you have only blamed him for everything and gone one sided and never heard what my son or I have had to say, I believe if Enfield Council had done the correct investigations they would have seen there was a lot more going on here then what the neighbours was saying, but Enfield Council only blamed without wanting to know the facts. My son has to be re-housed and I want that to be done correctly even if more time is needed and this is not taken to the panel until next week, I do want it done as soon as possible due to what the neighbours are still doing, I don't want things rushed by Enfield Council because they know now they have done wrong and made beaches regarding my son I want it done correctly, as stated I **want the mental health**

- My report is based on the information which I have extracted from RIO and my telephone conversation with Mr Cordell's mother.

PSYCHIATRIC HISTORY

- On the 16th of August **2016** Mr Cordell was admitted to CFH under Section 2 of the MHA.
- He was discharged on the 27th of August **2016**.
- According to RIO notes Mr Cordell "was arrested at his home address after his mother raised concerns about his mental state - he was allegedly verbally threatening towards his neighbour and (?) neighbour's children.

- He appealed against his Section.
- The Mental Health Review Tribunal discharged him from Section 2 on the 26th of August **2016**.

LEADING TO CURRENT ADMISSION

- As I stated above leading to this admission Mr Cordell did not attend appointments offered to him by our service.

- Subsequently due to the allegations made against him I was advised to attend a Safeguarding meeting for an alleged victim.
- In that meeting I was informed by the Council that Mr Cordell has a past and current history of physical and verbal aggression towards residents in the building.
- I was informed that the council has tried to work with Mr Cordell but to no avail.
- I had informed me that Mr Cordell was getting easily irritated even by the sound of a flushing toilet; this happened very recently, and he threatened the resident concerned.
- The Council was of the opinion that these are signs of mental illness and suggested that BEH should proceed with an MHA.
- The Council argued that this is for the protection of others as well as Mr Cordell's own safety.
- Subsequently the council sent us a copy of 'Anti-Social Behaviour, Tenancy concerns and breaches- pre-action letter' which contained a chronology of alleged incidents dating from **2016**.
- These alleged incidents were in the meaning of an antisocial behaviour presentation.
- On the 17th of October Mr Cordell was discussed in our MDT meeting.
- A decision was made to conduct an MHA.
- An MHA was attempted on the 19th of October.
- Mr Cordell did not cooperate, and the assessment did not take place.
- On the 23rd of October an application for a warrant was made but was declined on the grounds "that there was insufficient recent evidence that he was being "kept under proper control" as he is living alone and "insufficient recent medical evidence that "he is unable to care for himself.
- According to RIO, on the 25th of October Mr Cordell was arrested for breaching a harassment order.
- It was alleged that he was aggressive towards the police and spat at them. He was assessed at the police station.

- On interview he had pressure of speech, delusions about his neighbours and the police and housing ganging up against him.
- He denied drug use.
- He said that does not have a mental disorder.

VIEWS OF FAMILY

- I telephoned Ms Cordell on the 7th of November 2018. Ms Cordell told me that neighbours have been "terrorising" his son since **2014** in particular a neighbour on the 2nd floor.
- Ms Cordell told me that whilst her son is in hospital her nephew has been staying in the flat to look after the dog.
- The nephew has reported that the occupier on the 2nd floor have been "banging" on the floor.

		• She said that the neighbour then realised that her son is not in the flat when they saw the nephew coming out of Mr Cordell's flat. • She told me that since the 26th of October the "banging" has stopped. • She said that she has complained about the neighbour herself but thinks these situations are misinterpreted by the council and the mental health services and her son is then seen as the perpetrator and or being mentally unwell. • Ms Cordell stated that the sound proofing is lacking, and the noise is real. • Other neighbours have made allegations that Mr Cordell has been aggressive towards them. • She said that there is no evidence of this; police have seen CCTV and found that her son had not left the flat at the time when these incidents were alleged to have happen. • Ms Cordell gave another example in **2016** where it was alleged by a neighbour that her son had made threats to kill him. • She said that the police initially charged her son with making threats to kill; after seeing video evidence they charged him with a 'Public Order Offence'. • She said that around the time of this alleged incident her son was in his flat with some friends. • Her son was not allowed to his flat and was bailed to her flat where he stayed until December **2016**. • She said that the CPS after seeing evidence dismissed the case a day before the trial. • She said that the council has never taken the responsibility to look at evidence; the allegations made against her son (physical assault, letting his dog on the loose) have not been proven. • She said that on the 9th of August in court the Judge ordered Enfield Council to move her son to a 2-bedroom flat but the Council wants/plans to evict him instead. • She said that the Council has no grounds to apply for her son's eviction. • She said that her son has a one-bedroom flat. • She said that he does not want to live there.	

- She said that he needs a 2-bedroom flat with the plan that his cousin could stay with him to provide emotional support.
- She said that her son has everything he needs in the flat.
- She told me that her son is very independent in activities of daily living; his personal care is extremely good; he cooks for himself, maintains the flat and takes responsibility for his bills.
- She told me that he has no financial difficulties/no debts.
- She said that her son has a work history.
- In **2010** he was planning to set up a business in the entertainment industry. He has also built websites in relation to this. At present he is not in employment.
- He is in receipt of Employment Support Allowance but needs to make an application for Personal Independent Payment.
- I asked her if she thinks her son has a mental illness; she told me that he suffers from stress and anxiety due to issues with the neighbours but does not think he has a mental illness.
- She said that the judged looked at evidence and did not grant a warrant in October 2018 for a mental health act to take place at her son's flat.
- I asked Ms Cordell if she thinks her son could benefit from support from the community team.
- She said that he could do with some support but "we should stop labelling him as being delusional as he is not delusional".

AFTER-CARE

- Potentially Mr Cordell care/treatment would be delivered via the Care Programme Approach.

- I am the allocated Care Coordinator, and he will have a responsible clinician in the community.
- My role would be first of all to build a relationship with Mr Cordell as I have only met him on 2 occasions.
- I will try to motivate him to engage with myself and the multidisciplinary team.
- As his Care Coordinator I will review Mr Cordell regularly independently and with the Community RC.
- We have a Team Clinical Psychologist, and it would be vital for Mr Cordell to have some form of talking therapy. This is on the basis of the stress and anxiety that his mother states he suffers from.
- We have a Dual Diagnosis Worker in the team who could offer drug counselling if necessary.
- We have an organisation called 'Remploy' which is funded by the Local Authority.
- Potentially they could support Mr Cordell to find work.
- They meet regularly with clients whilst they are in work and also liaise with employers.
- I could support Mr Cordell in making an application for PIP.
- Alternatively, he could get that support from 'Enfield Well-Being Connect'
- The Mental Health Enablement Team could provide support in tenancy management as well as support to access education/training and work.

OPINION AND RECOMMENDATIONS

- I have met Mr Cordell on two occasions only and I have not had the opportunity to assess him in the community.
- A rapport needs to be established with him.
- On the basis of recent events, history of risks to self and alleged risks towards others and taking into account the views of the MDT on the ward I think that he would benefit from a longer stay in hospital.
- This is in-order for the MDT to assess him comprehensively to determine if he has a severe

and enduring mental illness such as schizophrenia/psychosis.

- If it is determined that he has a severe mental illness, then this should be treated accordingly whilst he is in hospital.

Who you are and in what capacity you know the patient, how long you have worked with them:

- My name is Soobah Appadoo? I am a CPN with the above-named team.
- I have been asked to compile this social circumstance report in support of above-named patient's Mental Health Review Tribunal (MHRT) appeal against his detention under Section 2 of the Mental Health Act.
- Mr Cordell was admitted on section 2 on the 26th of October 2018.
- Mr Cordell was previously under the care of the Early Intervention Team for 3 years.
- The Early Intervention Team discharged him in June 2018 and at that point he was referred to our team.
- There is a suggestion on RIO notes that he did not engage well with that team.
- I was allocated to Mr Cordell in August 2018.
- We offered him an appointment at his flat on the 31st of August.
- Mr Cordell rang our office the day before and spoke to me.
- I informed him that I am his new Care Coordinator.
- He said that he had been seen for "76 days by his CC" and there was "nothing wrong with me".
- He said that the reason we want to see him is to "cover for missing signatures?".
- He said he "will ruin anyone who come to my house" and he has "recording cameras and audios" to ruin us.
- He said if you come to my house "I f...ing will scar you for life".

- I could not interrupt him: very verbally aggressive with pressure in speech".
- I did manage to say that we are a different team from Lucas House, and we want him to have a fresh start- He said "I don't f...ing care" Further to that the MDT advised that we should assess Mr Cordell in clinic due to the potential risks.
- We then offered him an appointment on the 28th of September which Mr Cordell did not attend.

- She said that he needs a 2-bedroom flat with the plan that his cousin could stay with him to provide emotional support.
- She said that her son has everything he needs in the flat.
- She told me that her son is very independent in activities of daily living; his personal care is extremely good; he cooks for himself, maintains the flat and takes responsibility for his bills.
- She told me that he has no financial difficulties/no debts.
- She said that her son has a work history.
- In **2010** he was planning to set up a business in the entertainment industry. He has also built websites in relation to this. At present he is not in employment.
- He is in receipt of Employment Support Allowance but needs to make an application for Personal Independent Payment.
- I asked her if she thinks her son has a mental illness; she told me that he suffers from stress and anxiety due to issues with the neighbours but does not think he has a mental illness.
- She said that the judged looked at evidence and did not grant a warrant in October 2018 for a mental health act to take place at her son's flat.
- I asked Ms Cordell if she thinks her son could benefit from support from the community team.
- She said that he could do with some support but "we should stop labelling him as being delusional as he is not delusional".

AFTER-CARE

- Potentially Mr Cordell care/treatment would be delivered via the Care Programme Approach.

- I am the allocated Care Coordinator, and he will have a responsible clinician in the community.
- My role would be first of all to build a relationship with Mr Cordell as I have only met him on 2 occasions.
- I will try to motivate him to engage with myself and the multidisciplinary team.
- As his Care Coordinator I will review Mr Cordell regularly independently and with the Community RC.
- We have a Team Clinical Psychologist, and it would be vital for Mr Cordell to have some form of talking therapy. This is on the basis of the stress and anxiety that his mother states he suffers from.
- We have a Dual Diagnosis Worker in the team who could offer drug counselling if necessary.
- We have an organisation called 'Remploy' which is funded by the Local Authority.
- Potentially they could support Mr Cordell to find work.
- They meet regularly with clients whilst they are in work and also liaise with employers.
- I could support Mr Cordell in making an application for PIP.
- Alternatively, he could get that support from 'Enfield Well-Being Connect'
- The Mental Health Enablement Team could provide support in tenancy management as well as support to access education/training and work.

OPINION AND RECOMMENDATIONS

- I have met Mr Cordell on two occasions only and I have not had the opportunity to assess him in the community.
- A rapport needs to be established with him.
- On the basis of recent events, history of risks to self and alleged risks towards others and taking into account the views of the MDT on the ward I think that he would benefit from a longer stay in hospital.
- This is in-order for the MDT to assess him comprehensively to determine if he has a severe

and enduring mental illness such as schizophrenia/psychosis.
- If it is determined that he has a severe mental illness, then this should be treated accordingly whilst he is in hospital.

• weight, LFTs, prolactin etc. • Admission • Summary • **17 Oct -** referred for MHA due to history of physical and verbal aggression towards his neighbours. EANLT MDT agreed that he is a risk to others and his behaviour could also put him at risk from others. • Simon refused to engage with MHA. **Application for 135(1)** was made - Judge found insufficient evidence for 136. Forensic referral sent on 17/10 • 25 Oct - Simon was arrested as the police called to his flat re him breaking a harassment order and he assaulted the police who attended. • He was taken to Wood Green police station. • Found to be him thought disordered, hypomanic with flight of speech and grandiose delusions. • Detained under MHA. • On initial review he had pressured speech, difficulty interrupting, appeared elated in mood, and had grandiose beliefs e.g. started talking about owning a couple of local festivals and engaging in multiple charities involving children. • At the time he has limited insight; he does not want any medication, and has never believed he has a mental health disorder. • His UDS was positive to THC. • He immediately appealed his section. • The tribunal was done on **8/11/18** which he lost. • On 5/11/18, Dr Greensides reviewed the patient and made an application for Section 3 as there are risks to his health and to others. • It was felt that it would not be beneficial to take against his will unless he is subsequently detained on a section 3.

- However, there was a delay in the assessment so he was started on Risperidone 2mg ON which he refused to take.
- He had a MHAA for a Section 3 on 14/11/18; it was felt that there was no evidence of Simon posing a risk of harm/safety to himself or others and there was no obvious risk of neglect.
- As a result, he was not sectioned.
- It was decided that as a result of this, there was no reason for Simon to remain on an acute psychiatric ward as we are unable to treat him.
- He was discharged as a result, with Dr Greensides emailing his CC about arranging an O/P consultant review and emailed the forensic consultant regarding an O/P forensic opinion.
- Thank you for your continued care.
- Here is his MSE on admission:
- Simon is a 37-year-old male, who was appropriately dressed.
- He engaged in conversation and made eye contact throughout.
- Calm and polite, no aggression but did become mildly restless at points.
- Pressurised speech, difficult to interrupt.
- Flight of ideas noted.
- Described mood as good.
- High levels of energy and labile mood.
- Paranoid delusions about the police and MH services and some grandiose delusions noted.

Date of this report:	7th November 2018

Who you are and in what capacity you know the patient, how long you have worked with them:

- My name is Soobah Appadoo? I am a CPN with the above-named team.
- I have been asked to compile this social circumstance report in support of above-named patient's Mental Health Review Tribunal (MHRT) appeal against his detention under Section 2 of the Mental Health Act.
- Mr Cordell was admitted on section 2 on the 26th of October 2018.
- Mr Cordell was previously under the care of the Early Intervention Team for 3 years.
- The Early Intervention Team discharged him in June 2018 and at that point he was referred to our team.
- There is a suggestion on RIO notes that he did not engage well with that team.
- I was allocated to Mr Cordell in August 2018.
- We offered him an appointment at his flat on the 31st of August.
- Mr Cordell rang our office the day before and spoke to me.

- I informed him that I am his new Care Coordinator.
- He said that he had been seen for "76 days by his CC" and there was "nothing wrong with me".
- He said that the reason we want to see him is to "cover for missing signatures?".
- He said he "will ruin anyone who come to my house" and he has "recording cameras and audios" to ruin us.
- He said if you come to my house "I f...ing will scar you for life".
- He used foul languages throughout this contact.
- He said that I "can take the f...ing referral and stick it up my a..e".
- He said that he does not want to see us.
- I could not interrupt him: very verbally aggressive with pressure in speech".
- I did manage to say that we are a different team from Lucas House, and we want him to have a fresh start- He said "I don't f...ing care" Further to that the MDT advised that we should assess Mr Cordell in clinic due to the potential risks.
- We then offered him an appointment on the 28th of September which Mr Cordell did not attend.

66,

BARNET, ENFIELD AND HARINGEY MENTAL HEALTH NHS TRUST

NHS Enfield Adult North Locality Team

- My report is based on the information which I have extracted from RIO and my telephone conversation with Mr Cordell's mother.

PSYCHIATRIC HISTORY

- On the 16th of August **2016** Mr Cordell was admitted to CFH under Section 2 of the MHA.
- He was discharged on the 27th of August **2016**.
- According to RIO notes Mr Cordell "was arrested at his home address after his mother raised concerns about his mental state - he was

allegedly verbally threatening towards his neighbour and (?) neighbour's children.
- Simon's mother called police who arrested him.
- He was seen by the FME at Wood Green police station, was then referred for MHA."
- He appealed against his Section.
- The Mental Health Review Tribunal discharged him from Section 2 on the 26th of August **2016**.

LEADING TO CURRENT ADMISSION

- As I stated above leading to this admission Mr Cordell did not attend appointments offered to him by our service.
- Subsequently due to the allegations made against him I was advised to attend a Safeguarding meeting for an alleged victim.
- In that meeting I was informed by the Council that Mr Cordell has a past and current history of physical and verbal aggression towards residents in the building.
- I was informed that the council has tried to work with Mr Cordell but to no avail.
- I had informed me that Mr Cordell was getting easily irritated even by the sound of a flushing toilet; this happened very recently, and he threatened the resident concerned.
- The Council was of the opinion that these are signs of mental illness and suggested that BEH should proceed with an MHA.
- The Council argued that this is for the protection of others as well as Mr Cordell's own safety.
- Subsequently the council sent us a copy of 'Anti-Social Behaviour, Tenancy concerns and breaches- pre-action letter' which contained a chronology of alleged incidents dating from **2016**.
- These alleged incidents were in the meaning of an antisocial behaviour presentation.
- On the 17th of October Mr Cordell was discussed in our MDT meeting.
- A decision was made to conduct an MHA.
- An MHA was attempted on the **19th of October.**
- Mr Cordell did not cooperate, and the assessment did not take place.

- On the 23rd of October an application for a warrant was made but was declined on the grounds "that there was insufficient recent evidence that he was being "kept under proper control" as he is living alone and "insufficient recent medical evidence that "he is unable to care for himself.
- According to RIO, on the 25th of October Mr Cordell was arrested for breaching a harassment order.
- It was alleged that he was aggressive towards the police and spat at them. He was assessed at the police station.
- On interview he had pressure of speech, delusions about his neighbours and the police and housing ganging up against him.
- He denied drug use.
- He said that does not have a mental disorder.
- The

- doctors who assessed Mr Cordell found him "hypomanic, with flight of speech, grandiose and thought disordered"

FORENSIC HISTORY

- Nil known.

RISK HISTORY

- According to the Risk Assessment on RIO notes Mr Cordell had expressed suicidal thoughts in the past. This was related to stress from court cases.
- The date is not stated in the Risk Assessment.
- Around that time, he said that he had researched ways of harming himself (poisoning, OD, hanging).

- He had said in the past that he tried to hang himself aged 16 when he was in a young offender's institute.
- He had said that he needed resuscitation.
- He tried to hang himself a second time after he was sentenced by a judge aged 20.
- He had said that he drank Nitrous Oxide in **2014** with intent to die.
- According to his Risk Assessment he was regularly a victim or witness of his father's violent behaviour.
- There are recent reports from the Council regarding alleged aggressive behaviours towards other residents.
- In June 2018 he was apparently involved in court case with the neighbours who he apparently threatened to harm.

VIEWS OF FAMILY

- I telephoned Ms Cordell on the 7th of November 2018. Ms Cordell told me that neighbours have been "terrorising" his son since **2014** in particular a neighbour on the 2nd floor.
- Ms Cordell told me that whilst her son is in hospital her nephew has been staying in the flat to look after the dog.
- The nephew has reported that the occupier on the 2nd floor have been "banging" on the floor.
- She said that the neighbour then realised that her son is not in the flat when they saw the nephew coming out of Mr Cordell's flat.
- She told me that since the 26th of October the "banging" has stopped.
- She said that she has complained about the neighbour herself but thinks these situations are misinterpreted by the council and the mental health services and her son is then seen as the perpetrator and or being mentally unwell.
- Ms Cordell stated that the sound proofing is lacking, and the noise is real.
- Other neighbours have made allegations that Mr Cordell has been aggressive towards them.
- She said that there is no evidence of this; police have seen CCTV and found that her son had not left the flat at the time when these incidents were alleged to have happen.
- Ms Cordell gave another example in **2016** where it was alleged by a neighbour that her son had made threats to kill him.
- She said that the police initially charged her son with making threats to kill; after seeing video evidence they charged him with a 'Public Order Offence'.
- She said that around the time of this alleged incident her son was in his flat with some friends.
- Her son was not allowed to his flat and was bailed to her flat where he stayed until December **2016**.

- She said that the CPS after seeing evidence dismissed the case a day before the trial.
- She said that the council has never taken the responsibility to look at evidence; the allegations made against her son (physical assault, letting his dog on the loose) have not been proven.
- She said that on the 9th of August in court the Judge ordered Enfield Council to move her son to a 2-bedroom flat but the Council wants/plans to evict him instead.
- She said that the Council has no grounds to apply for her son's eviction.
- She said that her son has a one-bedroom flat.
- She said that he does not want to live there.
- She said that he needs a 2-bedroom flat with the plan that his cousin could stay with him to provide emotional support.
- She said that her son has everything he needs in the flat.
- She told me that her son is very independent in activities of daily living; his personal care is extremely good; he cooks for himself, maintains the flat and takes responsibility for his bills.
- She told me that he has no financial difficulties/no debts.
- She said that her son has a work history.
- In **2010** he was planning to set up a business in the entertainment industry. He has also built websites in relation to this. At present he is not in employment.
- He is in receipt of Employment Support Allowance but needs to make an application for Personal Independent Payment.
- I asked her if she thinks her son has a mental illness; she told me that he suffers from stress and anxiety due to issues with the neighbours but does not think he has a mental illness.
- She said that the judged looked at evidence and did not grant a warrant in October 2018 for a mental health act to take place at her son's flat.
- I asked Ms Cordell if she thinks her son could benefit from support from the community team.

- She said that he could do with some support but "we should stop labelling him as being delusional as he is not delusional".

Simon's flat, 109 is on ground floor and door was closed and had a strap fastened to bottom of door as well. After knocking Simon asked who it was and when told " A social worker from Enfield Mental Health services" he said that he did not wish to see me and to go away, he talked rapidly about being subjected to **75 assaults at the hands of mental health** services and that he has **documented evidence and is taking action.** Claimed he would make us all redundant. **He warned us to leave.** A dog could be heard barking behind the door. We left the block and gathered outside on the footpath to discuss plan. Shortly after Simon came out and approached as talking with pressured speech about his long battle with the police and legal system, how he is even now subject to a Curfew which keeps him from leaving his flat after 10.30 and this is in force until 2020, he claims. It was difficult to follow his story but appeared to all relate to the organisation of raves and club nights. He recognised Dr Albazaz from a previous assessment and said that he was there and he did not like him. Gradually a level of rapport was established and it was suggested to Simon that it might be a good idea to continue the discussion in his flat rather than in a public place. He agreed to this and I asked him to lock the dog away he said he will lock it in the back garden. Prior to entering the flat I informed Simon that I am a trainee AMHP and myself and the 2 doctors with me will be conducting a Mental Health Act assessment. We then entered the flat which was very cluttered with	

	musical equipment and stacks of books and records. On the coffee table was a modern Apple PC. There was no obvious smell of drugs only cigarette smoke. Upon entering the living room and the mention of the 2 doctors he pointed to Dr Albazaz and said that he will not talk to him and does not want him in the flat. I explained that we could not conduct the assessment without 2 doctors and that we would need to leave. He was very keen to show me things on his computer relating to conspiracies and torments that he perceives he is suffering but we left explain the assessment would need to happen at another time. Plan: **Apply for S135 (1) warrant in view of his unwillingness to be assessed.** Would require removal to a place of safety for assessment. **Plans to be made for care of dog if Service user is removed to POS.** **(23) 19/10/2018,** The Doctor's Folder / pub Book Issue: 1! 	Working on WIX / **Bro at court** When in doors asleep I got awoken by my neighbours who are 117 the Mathiyalagans and this happened to me when I was in my front room laying on my sofa! The Mathiyalagans started to jump up and down on the floor above where I got awoke. This got done to me with evil intentions. Rather than lead myself into trouble I decided to keep recording what was getting done to me on my camera system that is installed in each and every room in my home. While I was getting attacked with hate crime I decided to continue to lay down and battened that I had not been awoke as the neighbours can hear my every movement even from to flats above mine as the sound proofing within my rented home is that of anon existence. After not being able to take any more of what was getting done to me, I decided to head inn to my toilet so that I could have my wash. Date of this report:	7th November 2018

Who you are and in what capacity you know the patient, how long you have worked with them:

- My name is Soobah Appadoo? I am a CPN with the above-named team.
- I have been asked to compile this social circumstance report in support of above-named patient's Mental Health Review Tribunal (MHRT) appeal against his detention under Section 2 of the Mental Health Act.
- Mr Cordell was admitted on section 2 on the 26th of October 2018.
- Mr Cordell was previously under the care of the Early Intervention Team for 3 years.
- The Early Intervention Team discharged him in June 2018 and at that point he was referred to our team.
- There is a suggestion on RIO notes that he did not engage well with that team.
- I was allocated to Mr Cordell in August 2018.
- We offered him an appointment at his flat on the 31st of August.
- Mr Cordell rang our office the day before and spoke to me.
- I informed him that I am his new Care Coordinator.
- He said that he had been seen for "76 days by his CC" and there was "nothing wrong with me".
- He said that the reason we want to see him is to "cover for missing signatures?".
- He said he "will ruin anyone who come to my house" and he has "recording cameras and audios" to ruin us.
- He said if you come to my house "I f...ing will scar you for life".
- He used foul languages throughout this contact.
- He said that I "can take the f...ing referral and stick it up my a..e".
- He said that he does not want to see us.

- I could not interrupt him: very verbally aggressive with pressure in speech".
- I did manage to say that we are a different team from Lucas House, and we want him to have a fresh start- He said "I don't f...ing care" Further to that the MDT advised that we should assess Mr Cordell in clinic due to the potential risks.
- We then offered him an appointment on the 28th of September which Mr Cordell did not attend.

- My report is based on the information which I have extracted from RIO and my telephone conversation with Mr Cordell's mother.

PSYCHIATRIC HISTORY

- On the 16th of August **2016** Mr Cordell was admitted to CFH under Section 2 of the MHA.
- He was discharged on the 27th of August **2016**.
- According to RIO notes Mr Cordell "was arrested at his home address after his mother raised concerns about his mental state - he was allegedly verbally threatening towards his neighbour and (?) neighbour's children.
- Simon's mother called police who arrested him.
- He was seen by the FME at Wood Green police station, was then referred for MHA."
- He appealed against his Section.
- The Mental Health Review Tribunal discharged him from Section 2 on the 26th of August **2016**.

LEADING TO CURRENT ADMISSION

- As I stated above leading to this admission Mr Cordell did not attend appointments offered to him by our service.

- Subsequently due to the allegations made against him I was advised to attend a Safeguarding meeting for an alleged victim.
- In that meeting I was informed by the Council that Mr Cordell has a past and current history of physical and verbal aggression towards residents in the building.
- I was informed that the council has tried to work with Mr Cordell but to no avail.
- I had informed me that Mr Cordell was getting easily irritated even by the sound of a flushing toilet; this happened very recently, and he threatened the resident concerned.
- The Council was of the opinion that these are signs of mental illness and suggested that BEH should proceed with an MHA.
- The Council argued that this is for the protection of others as well as Mr Cordell's own safety.
- Subsequently the council sent us a copy of 'Anti-Social Behaviour, Tenancy concerns and breaches- pre-action letter' which contained a chronology of alleged incidents dating from **2016**.
- These alleged incidents were in the meaning of an antisocial behaviour presentation.
- On the 17th of October Mr Cordell was discussed in our MDT meeting.
- A decision was made to conduct an MHA.
- An MHA was attempted on the 19th of October.
- Mr Cordell did not cooperate, and the assessment did not take place.
- On the **23rd of October** an application for a warrant was made but was declined on the grounds "that there was insufficient recent evidence that he was being "kept under proper control" as he is living alone and "insufficient recent medical evidence that "he is unable to care for himself.
- According to RIO, on the 25th of October Mr Cordell was arrested for breaching a harassment order.
- It was alleged that he was aggressive towards the police and spat at them. He was assessed at the police station.

- On interview he had pressure of speech, delusions about his neighbours and the police and housing ganging up against him.
- He denied drug use.
- He said that does not have a mental disorder.
- The

VIEWS OF FAMILY

- I telephoned Ms Cordell on the 7th of November 2018. Ms Cordell told me that neighbours have been "terrorising" his son since **2014** in particular a neighbour on the 2nd floor.
- Ms Cordell told me that whilst her son is in hospital her nephew has been staying in the flat to look after the dog.
- The nephew has reported that the occupier on the 2nd floor have been "banging" on the floor.

		• She said that the neighbour then realised that her son is not in the flat when they saw the nephew coming out of Mr Cordell's flat. • She told me that since the 26th of October the "banging" has stopped. • She said that she has complained about the neighbour herself but thinks these situations are misinterpreted by the council and the mental health services and her son is then seen as the perpetrator and or being mentally unwell. • Ms Cordell stated that the sound proofing is lacking, and the noise is real. • Other neighbours have made allegations that Mr Cordell has been aggressive towards them. • She said that there is no evidence of this; police have seen CCTV and found that her son had not left the flat at the time when these incidents were alleged to have happen. • Ms Cordell gave another example in **2016** where it was alleged by a neighbour that her son had made threats to kill him. • She said that the police initially charged her son with making threats to kill; after seeing video evidence they charged him with a 'Public Order Offence'. • She said that around the time of this alleged incident her son was in his flat with some friends. • Her son was not allowed to his flat and was bailed to her flat where he stayed until December **2016**. • She said that the CPS after seeing evidence dismissed the case a day before the trial. • She said that the council has never taken the responsibility to look at evidence; the allegations made against her son (physical assault, letting his dog on the loose) have not been proven. • She said that on the 9th of August in court the Judge ordered Enfield Council to move her son to a 2-bedroom flat but the Council wants/plans to evict him instead. • She said that the Council has no grounds to apply for her son's eviction. • She said that her son has a one-bedroom flat. • She said that he does not want to live there.	

- She said that he needs a 2-bedroom flat with the plan that his cousin could stay with him to provide emotional support.
- She said that her son has everything he needs in the flat.
- She told me that her son is very independent in activities of daily living; his personal care is extremely good; he cooks for himself, maintains the flat and takes responsibility for his bills.
- She told me that he has no financial difficulties/no debts.
- She said that her son has a work history.
- In **2010** he was planning to set up a business in the entertainment industry. He has also built websites in relation to this. At present he is not in employment.
- He is in receipt of Employment Support Allowance but needs to make an application for Personal Independent Payment.
- I asked her if she thinks her son has a mental illness; she told me that he suffers from stress and anxiety due to issues with the neighbours but does not think he has a mental illness.
- She said that the judged looked at evidence and did not grant a warrant in October 2018 for a mental health act to take place at her son's flat.
- I asked Ms Cordell if she thinks her son could benefit from support from the community team.
- She said that he could do with some support but "we should stop labelling him as being delusional as he is not delusional".

AFTER-CARE

- Potentially Mr Cordell care/treatment would be delivered via the Care Programme Approach.

- I am the allocated Care Coordinator, and he will have a responsible clinician in the community.
- My role would be first of all to build a relationship with Mr Cordell as I have only met him on 2 occasions.
- I will try to motivate him to engage with myself and the multidisciplinary team.
- As his Care Coordinator I will review Mr Cordell regularly independently and with the Community RC.
- We have a Team Clinical Psychologist, and it would be vital for Mr Cordell to have some form of talking therapy. This is on the basis of the stress and anxiety that his mother states he suffers from.
- We have a Dual Diagnosis Worker in the team who could offer drug counselling if necessary.
- We have an organisation called 'Remploy' which is funded by the Local Authority.
- Potentially they could support Mr Cordell to find work.
- They meet regularly with clients whilst they are in work and also liaise with employers.
- I could support Mr Cordell in making an application for PIP.
- Alternatively, he could get that support from 'Enfield Well-Being Connect'
- The Mental Health Enablement Team could provide support in tenancy management as well as support to access education/training and work.

OPINION AND RECOMMENDATIONS

- I have met Mr Cordell on two occasions only and I have not had the opportunity to assess him in the community.
- A rapport needs to be established with him.
- On the basis of recent events, history of risks to self and alleged risks towards others and taking into account the views of the MDT on the ward I think that he would benefit from a longer stay in hospital.
- This is in-order for the MDT to assess him comprehensively to determine if he has a severe

and enduring mental illness such as schizophrenia/psychosis.

- If it is determined that he has a severe mental illness, then this should be treated accordingly whilst he is in hospital.

Interlinked Table Numbers:

Today I got awoken by my Neighbors once again who are addressed at 117 Burncroft Avenue who are the Mathiyalagan family. What is getting done to me is achieved with evil criminal intentions.

When explain what was on this day getting done to me illegal and what is also a clear breach of my human rights, I explain that, when sitting down at home on my sofa I heard a knock on my front door when I went to answer it, I first took a look through my front door keyhole, when doing so, I noticed two police officers one male and on female. I can remember asking the woman officer a question What I asked her was why they were outside of my front door and in short to why I asked the question.

is I wanted to understand for what reason they wanted to speak to me, I received a reply of the Female police officer who replied to my question by saying that she just wanted to chat to me about something, I can remember replying to her by saying I can chat to you still without opening my front door and in blunt saying to her please can you just explain to me what you want, she said that she just wanted to give me some paperwork and did not want to arrest me for anything I again replied to her in a deeper voice and told her that I will not accept anything from them.

I held my letter box closed so that no mail could enter inside of my flat from the police officers who were outside. Soon afterwards I heard them both leave my communal hallway. When I was sure that they had left the building, I opened my front door.

26) On the **/**/20** it is said that

	I took a look on the floor and noticed that there was a letter left on the floor. After picking it up I took a short peek at the heading and realised that it was another Harassment Letter against my person in Knowing that I never done anything wrong again so to be able to receive such a notice in a fair motion. I Decided to question the police officer who had tried to post the letter through m front door. In doing so I quickly run outside of my front communal door and looked around the streets locations to see if I could still catch up with the two police officers. I noticed them both to my left when coming out of my building still walking towards their police car, so I called out to them in a polite manner / not to load or neither hash in voice. The police officers turned around towards myself and asked what I wanted, I replied to them both I just wanted to chat to them about what has been going on and as I was doing so I hurried towards them but in a settled manner, as I approached them I took my time as I chose my words and because of this I can remember what I said, what I did say was after noticing that they were both were body cameras and went a little something like this: -- **Woman Police Officer:** what do you want? **Simon:** I would like to report a crime. A police officer has caused me to suffer from gross Misconduct and would like to report it to you under the police efficiency Act of Law 1999 or 2003 or under any police whistle blowing policy you must be in accordance to. What I am reporting to you is that a police Officer that who is name as Steven Elesmore who works for your branch has forge official paperwork and then on filed it against me alongside with other members of the Metropolitans Police Force. **Woman Police Officer:** I am not dealing with that; I am here only to serve you a Harassment Letter. **Simon:**	

	That is not correct protocol when I explain to you about corruption that has been caused by one of your colleges must act upon it. **Woman Police Officer:** I am not here to deal with that. **Simon:** But I am reporting a crime to you. **Woman Police Officer:** Can you stop shouting at me? **Simon:** I am not shouting at you I am just talking to you. **Woman Police Officer:** I am going to turn my body camera on **Simon:** Why is it not on already? **Woman Police Officer:** “Woman Police Officer turned on her body cam.” **Simon:** I have had another of this harassment from your police force and the council and this does also include the neighbors who choose to forge offal documents. I told the police force that the people making these claims tried to set me up by forging official paperwork to aid in taking my flat of me in the form of a forged possession order and I supported my clams of truth alongside with good evidence that I have to support my clams. **Woman Police Officer:** I am only here to deal with giving you a harassment letter. **Simon:** year, but what I am saying to you has to do with that harassment letter, this is bios. **Simon:** “I took the harassment letter that the police officer had left outside of my front door and decided to tear it up in front of them both and as I done this, I made a spitting sound and said well that’s what I think of the way that the police deal with their laws. I done this as I was turning around to walk back towards my home.” **Woman Police Officer:** The female Police Officer shouted out he spotted at me.	

Simon:
I noticed a male's arm go around my neck and start to choke me from behind I could feel the man's weight on my back trying to bring me to the ground and after a few seconds I felt him become successful in his ambush against my person I can remember felling my hand and knees hurting me as the hit the concrete floor. I can remember finding it getting harder and harder to breath and with what felt like my last breath I managed to make a voice in the formation of a screech the words that came out of my mouth were that of "you are choking me."

Woman Police Officer:
The woman officer continued to try and get my hands while she continues to scream that I was still spitting even more so than from the start of their unneeded issues of concern with me.

Simon:
I can remember thinking he is going to kill me if I do not stop him and his bad temper, and in realizing so, I remembered the police body cameras were still recording so choose to take caution in doing so, what I did was stand up and run away from the two police officers. I run into my block and felt them hot on my toes I closed my communal door and reminded the polices officers of my dog by shouting my dog my dog my dog be careful my dog.

Woman & Male Police Officers:
Never followed me into my home and I decided to leave through my backdoor due to wanting things too cool down from both parties involved myself and police officers.

I walked through Durant's Park Enfield London and then walked up the Hertford Road
And back down Green Street to my home on my route I noticed a police car driving and decided that the best thing to do was stop the petrol car and ask for their assistance.

I was happy to see different police officer from the ones that had just attacked me and made this point very clear to them I got told that I was under arrest and then on jumped in the back of the police car with them. While in the police car I got told that I was

	under arrest for assault “spitting at police officer” I explained the truth to them in short. **Simon:** I got taken out of the police car and then placed into the back of a police van and then transported to the Wood Green Police Station. **Wood Green Police Station** **My Detention at Wood Green Police Station.** I got transported to the police station and taken straight away out of the police van and brought into a holding cell. While in the police holding cell, I got to speak to the police officer who had transported me to the police station. I remembered that I had met him before; while talking to him he reminded me where I knew him from, what he said was he was that he was the police officer who had come to speak to me at my home address before: He continued our conversation by saying to me that he was the police officer who had prior got called about an incident referring towards me hiring out my sound system. After taken even more understanding towards what he was saying to myself I realised that he is a police officer that is involved in the first Asbo Case. **(27) 25/10/2018,** **What did happen was: --** **1 Falcon Park, Neasden Lane; NW10: --** On the 20th of June **2014** it got alleged by members of the police that I got involved in the organisation of and/or supplied equipment for and/or attended an illegal rave at 1 Falcon Park, Neasden Lane, NW10. This is not accurate information as the truth is that I had gotten contacted by way of mobile phone by a client, and he asked me if I would hire a sound system out for a gentleman’s, birthday party. After our conversation I agreed to do so, and a sound system and a van got hired out to that person and then later collected from outside of my home address. My terms and conditions got signed, and a deposit got given to me by the client.	**27)** On the **/**/20** it is said that

Once the client left me, I continued with my day and then went back to my home.
When at my home, I ended up receiving a phone call at 1:00 hours in the morning by the same client who said that the police were in attendance, and they were seizing the sound system. I remember getting up from what I had prior gotten occupied with and leaving my home address at around 1am hours, so to attend to the private party location, which took place indoors.
Then soon after I arrived at the client's destination, at around the time of; 2:00 hours, I would claim that I took one hour and ten minutes to attend to, as I drove outside of the address that I had to be at so to park my car I can remember there being lots of different members of the police who were already present. When I approached to the address front door on my two feet, to which address I got given by the client, the police were there blocking any persons entrance, so I spoke to the police officers and explained to them by circumstances, this meant that I showed them a copy of the higher invoice and a copy of my terms and conditions of hire, I got allowed entry by the police officers who were present to pack the sound system away and once I finished doing this, I asked to get released with the equipment, it then got explained that the equipment was to get confiscated.
After a lengthy, debate, I had no option but to allow the police officers to seize the equipment, I got allowed to collect the sound system from the police at a later date, without being arrested or any charges being brought into motion. This meant that I never returned the sound system to the same client ever again as he breached my terms and conditions and at no time did, I knowingly supply equipment for an illegal party. A few months later this date got added to the Anti-Social Behavior Order against me, even low I caused no problems.

<u>While at the Police Station getting Booked in: --</u>

Once put in front of the custody officer so that I could get booked into the police station I asked him if he would document the following down.

1) Please take the police officers cloths and put them into forensics as my DNA will not be on them as I never done what I was getting accused of.

2) For a copy of the Police office seeing an FME / doctor.

3) For the police body cameras to get observed to prove that I never spat at any person or anything.

4) I asked if I could see a doctor about my medical injuries to which did happen.

I got put in a detention cell while I waited for members of the CID Force to put their paperwork together.

I look after myself while I was in the police cell by asking the staff to contact my mother and allow me to speak with her and also that of my solicitor, to which both legal rights of mine got completed without any issues.

I asked for food on two different occasions in my short time in detention, there were also no issues of concern revving food in the police station.
There was no bedding in the cell when I first entered it and I therefore asked for that to get rectified, this got achieved straight after I requested the bedding.
All of my detention in the cell I was on camera in the police cell.
Finally, the custody officer came up to me and told me that he was dropping the case against me, but I could still not leave due to the fact that the Mental Health Doctors wanted to see me.
I asked him am I obliged to speak to them and explained to him that I had not acted with a Mental Illness throughout my detention in the police station in fact I had done the complete opposite and asked for food, drink, blanket, medical care, to speak to a solicitor, to speak to my mother, I managed to sleep for a while also.
The sergeant explained to me that it was not down to the police that the doctors wanted me to speak with myself and I continued by explaining to him that it was also not down to anything that I had done while in custody or beforehand as well.
He pleaded with me to be in compliance to his official public servant's request in so many different words, by asked me to confirm to himself that I will do so, I explained to him that I did not want to speak to any doctors and did not see any reason to warrant such forced treatment but due to him having me detained in a police cell I did not feel like I did have any other choose in the matter.

Doctors came to cell door: --

Our conversation came to an end and as he moved his head away from the cell hatch, I noticed a few more people outside of my cell door, when taking a closer look, I can remember that in doing so I noticed quite a few of them from other prior occasions, as if in to mean who they were. The reason I remembered who they were easily is because on the

25/10/2018

Most of them came to my home on an unexpected visit: --

What had happened on the 25/10/2018? --

	What had happened is that the doctors from Silver Street Crisis Team had made a telephone call to my mother in the morning of the **25/10/2018** I never found this out until later in the evening as I had left my mobile phone turned off from the night before hand and also due to my mother having to go to another court case in **Oxford on the same Morning.** While indoor I received a knock on my front door when I went to see who it was, I heard a reply of it is the doctors we want to speak to you about your mental health, I was quite shocked for the doctors to be at my front door again after all that had happened as of so far between me and them self's. Because I never knew they were coming I never rushed and tydeid up my flat when first waking up and on stead had started work on my computer. When speaking to the doctors with my home front door closed at first, I heard a man's voice say hello Simon we are the doctors, and we want to do an assessment on your Mental Health under the Mental Health Act 1983. I decided not to open my front door at first and to find out more to why they believed they had the rights to do yet again another assessment on me by speaking to them with the door keep shut. They would not explain much to me and all preferred to walk away. I waited for them to go out the door and tried to call my mother, but her mobile phone was turned off. After a few moments I decided to go outside and learn more to why they wanted to use the Mental Health Act against my wellbeing. When outside of my block of flats I could see a few of the Mental Health team members sitting on a low-built wall and the rest standing together all talking. I approached them and asked why they keep attending my home address without any official person ever taking a statement of myself about what I claim about on stead of victimising me and then on doing the correct follow-up's. The official public servants outside of my home said the normal reply to myself by this date and that was "we got referred to you"	

I explained that some person must do the correct follow ups about what I claim about for once and then these fake claims against me might stop.
The doctors said to me that speaking outside in the road will not help, so I offered for them to come inside of my flat and do their assessment yet again against me.
The doctors accepted my offer and followed me into my flat.
Doctor Abiza Came into my front room of my flat
After the doctors left my home, I made a few telephone calls to understand who sent them and put an official complaint in about what had just happened.
I recorded the recordings of myself making an official complaint to the Mental Health Act's Department at the Silver Street Department and this is the transcribes of them recordings: --
Back to the Date of the: 00/00/2018, "At the Police Station.": --
Because of what happened to me the last time with Maggie Fuller who is an Amp Worker for the NHS Mental Health trust,
Dated the: **25/10/2018**: --
I understood the situation that I was in with the public servants on the **25/10/2018**, so, I started to show why I must not get detained and in other words "put my defense forward to the doctors.": --
1) That I was not Mentally ill.
2) That my family and friends also did not think that I was Mentally unwell.
3) Why are they at my Police cell door to speak to me in the beginning!
4) That I noticed a few of them like Larry, who works for the Enfield Council, that came to my house to do another assessment against me on the Date of: **25/10/2018**, just a few days beforehand and the reason given to me was because of another case of abuse of position and with a bios opinion and unlawful at that, due to another bogus and therefore malicious phone call made by my neighbors about my person.
5) That this was now the **300000000** days that the doctors had come to assess me under the Mental

Health Act and on all other occasions that there was nothing wrong with myself.

While putting good reason that an assessment 2 must not get warranted as towards the grounds of the detention not being warranted, the police officer / Sargent allowed for this conversation to continue and opened my cell door and while we were taking.

The Doctors said that they needed a few minutes on their own to discuss with each other what was going on and not to long after he arrived back to my cell door and undone the cell hatch again, but this time told me that I was getting sectioned under the Mental Health Act under an assessment 2.

I explained to them all present that I did not think that this was a fair assessment as I had not even been taken into a room with them or neither had they come into a room with me and that the conversation that we had just had with each other was just merely an introduction.

With this the doctors walked away and closed the hatch on the cell door.

Very soon after a normal ambulance arrive and two female officers who were both polite took me to the hospital named as Chaser Farm Hospital and then after brought me on to the Dorset wing.

Mr. Simon Cordell

My reasons for my opinions are: --

Mr. Cordell is known to psychiatric services but has not engaged with them in recent years. Today he was arrested for spitting at a police officer after they were called about him harassing his neighbors.
He has a number of non- molestations orders Against him, forbidding him from contacting them.
On examination Mr. Cordell displayed a range of affective and psychiatric symptoms.
He Spoke rapidly and was thought disordered with overinclusive and tangential speech.
He held a number of grandiose and delusional beliefs.
He told us that the police were conspiring with medics and the council to silence him as he had uncovered police corruption.
He said he was targeted by police as they were envied of his abilities.
He told us that his neighbors two floors above were controlling the neighbors below them and caused them to stamp on the floor and disturb Mr. Cordell.
He did not believe that he was Mental unwell and was adamant that he would not see a physiatrist.
He lacked insight into his presentation.
He was irritable and has assaulted police officers and harassed his neighbors in recent days.
He poses a risk to others; therefore, his behavior poses him a risk of retaliatory Symptoms. This places his Health and safety at risk.
There is evidence that he has a Mental illness of a nature and degree which warrants assessment and treatment in hospital and without this there is a risk of harm to his health and safety and the safety of others.

My reasons for my opinions are: --

	This man is hyper mental with flights of speech and ideation. He has delusions that the police are targeting him are other residents in his block of flats. He says people in the street are spitting at him because they believe he gave a woman herpes. He is quite grandiose in his ideas about helping the world. **I got taken to the hospital "Dorset Wing"** **Sunil Ramrecha:** **Night Manager at Barnet Enfield and Haringey Mental Health NHS Trust** **London, Greater London, United Kingdom; ---** A "SHO" duty Doctor Came to See me, she explained to me some of my legal rights and asked me to explain a short summery as towards the fabricated reasons to why I had gotten brought before her. **Reply:** I then after went to the room on the wing that I was given to sleep in and went to bed.

Who you are and in what capacity you know the patient, how long you have worked with them:

- My name is Soobah Appadoo? I am a CPN with the above-named team.
- I have been asked to compile this social circumstance report in support of above-named patient's Mental Health Review Tribunal (MHRT) appeal against his detention under Section 2 of the Mental Health Act.
- Mr Cordell was admitted on section 2 on the **26th of October 2018.**
- Mr Cordell was previously under the care of the Early Intervention Team for 3 years.
- The Early Intervention Team discharged him in June 2018 and at that point he was referred to our team.
- There is a suggestion on RIO notes that he did not engage well with that team.
- I was allocated to Mr Cordell in August 2018.
- We offered him an appointment at his flat on the 31st of August.
- Mr Cordell rang our office the day before and spoke to me.
- I informed him that I am his new Care Coordinator.
- He said that he had been seen for "76 days by his CC" and there was "nothing wrong with me".
- He said that the reason we want to see him is to "cover for missing signatures?".
- He said he "will ruin anyone who come to my house" and he has "recording cameras and audios" to ruin us.
- He said if you come to my house "I f...ing will scar you for life".
- He used foul languages throughout this contact.
- He said that I "can take the f...ing referral and stick it up my a..e".

- He said that he does not want to see us.
- I could not interrupt him: very verbally aggressive with pressure in speech".
- I did manage to say that we are a different team from Lucas House, and we want him to have a fresh start- He said "I don't f...ing care" Further to that the MDT advised that we should assess Mr Cordell in clinic due to the potential risks.
- We then offered him an appointment on the 28th of September which Mr Cordell did not attend.

- My report is based on the information which I have extracted from RIO and my telephone conversation with Mr Cordell's mother.

PSYCHIATRIC HISTORY

- On the 16th of August **2016** Mr Cordell was admitted to CFH under Section 2 of the MHA.
- He was discharged on the 27th of August **2016**.
- According to RIO notes Mr Cordell "was arrested at his home address after his mother raised concerns about his mental state - he was allegedly verbally threatening towards his neighbour and (?) neighbour's children.
- Simon's mother called police who arrested him.
- He was seen by the FME at Wood Green police station, was then referred for MHA."
- He appealed against his Section.
- The Mental Health Review Tribunal discharged him from Section 2 on the 26th of August **2016**.

LEADING TO CURRENT ADMISSION

- As I stated above leading to this admission Mr Cordell did not attend appointments offered to him by our service.

- Subsequently due to the allegations made against him I was advised to attend a Safeguarding meeting for an alleged victim.
- In that meeting I was informed by the Council that Mr Cordell has a past and current history of physical and verbal aggression towards residents in the building.
- I was informed that the council has tried to work with Mr Cordell but to no avail.
- I had informed me that Mr Cordell was getting easily irritated even by the sound of a flushing toilet; this happened very recently, and he threatened the resident concerned.
- The Council was of the opinion that these are signs of mental illness and suggested that BEH should proceed with an MHA.
- The Council argued that this is for the protection of others as well as Mr Cordell's own safety.
- Subsequently the council sent us a copy of 'Anti-Social Behaviour, Tenancy concerns and breaches- pre-action letter' which contained a chronology of alleged incidents dating from **2016**.
- These alleged incidents were in the meaning of an antisocial behaviour presentation.
- On the 17th of October Mr Cordell was discussed in our MDT meeting.
- A decision was made to conduct an MHA.
- An MHA was attempted on the 19th of October.
- Mr Cordell did not cooperate, and the assessment did not take place.
- On the **23rd of October** an application for a warrant was made but was declined on the grounds "that there was insufficient recent evidence that he was being "kept under proper control" as he is living alone and "insufficient recent medical evidence that "he is unable to care for himself.
- According to RIO, on the 25th of October Mr Cordell was arrested for breaching a harassment order.
- It was alleged that he was aggressive towards the police and spat at them. He was assessed at the police station.

- On interview he had pressure of speech, delusions about his neighbours and the police and housing ganging up against him.
- He denied drug use.
- He said that does not have a mental disorder.
- The

VIEWS OF FAMILY

- I telephoned Ms Cordell on the 7th of November 2018. Ms Cordell told me that neighbours have been "terrorising" his son since **2014** in particular a neighbour on the 2nd floor.
- Ms Cordell told me that whilst her son is in hospital her nephew has been staying in the flat to look after the dog.
- The nephew has reported that the occupier on the 2nd floor have been "banging" on the floor.

	• She said that the neighbour then realised that her son is not in the flat when they saw the nephew coming out of Mr Cordell's flat. • She told me that since the **26th of October** the "banging" has stopped. • She said that she has complained about the neighbour herself but thinks these situations are misinterpreted by the council and the mental health services and her son is then seen as the perpetrator and or being mentally unwell. • Ms Cordell stated that the sound proofing is lacking, and the noise is real. • Other neighbours have made allegations that Mr Cordell has been aggressive towards them. • She said that there is no evidence of this; police have seen CCTV and found that her son had not left the flat at the time when these incidents were alleged to have happen. • Ms Cordell gave another example in **2016** where it was alleged by a neighbour that her son had made threats to kill him. • She said that the police initially charged her son with making threats to kill; after seeing video evidence they charged him with a 'Public Order Offence'. • She said that around the time of this alleged incident her son was in his flat with some friends. • Her son was not allowed to his flat and was bailed to her flat where he stayed until December **2016**. • She said that the CPS after seeing evidence dismissed the case a day before the trial. • She said that the council has never taken the responsibility to look at evidence; the allegations made against her son (physical assault, letting his dog on the loose) have not been proven. • She said that on the 9th of August in court the Judge ordered Enfield Council to move her son to a 2-bedroom flat but the Council wants/plans to evict him instead. • She said that the Council has no grounds to apply for her son's eviction. • She said that her son has a one-bedroom flat. • She said that he does not want to live there.	

- She said that he needs a 2-bedroom flat with the plan that his cousin could stay with him to provide emotional support.
- She said that her son has everything he needs in the flat.
- She told me that her son is very independent in activities of daily living; his personal care is extremely good; he cooks for himself, maintains the flat and takes responsibility for his bills.
- She told me that he has no financial difficulties/no debts.
- She said that her son has a work history.
- In **2010** he was planning to set up a business in the entertainment industry. He has also built websites in relation to this. At present he is not in employment.
- He is in receipt of Employment Support Allowance but needs to make an application for Personal Independent Payment.
- I asked her if she thinks her son has a mental illness; she told me that he suffers from stress and anxiety due to issues with the neighbours but does not think he has a mental illness.
- She said that the judged looked at evidence and did not grant a warrant in October 2018 for a mental health act to take place at her son's flat.
- I asked Ms Cordell if she thinks her son could benefit from support from the community team.
- She said that he could do with some support but "we should stop labelling him as being delusional as he is not delusional".

AFTER-CARE

- Potentially Mr Cordell care/treatment would be delivered via the Care Programme Approach.

- I am the allocated Care Coordinator, and he will have a responsible clinician in the community.
- My role would be first of all to build a relationship with Mr Cordell as I have only met him on 2 occasions.
- I will try to motivate him to engage with myself and the multidisciplinary team.
- As his Care Coordinator I will review Mr Cordell regularly independently and with the Community RC.
- We have a Team Clinical Psychologist, and it would be vital for Mr Cordell to have some form of talking therapy. This is on the basis of the stress and anxiety that his mother states he suffers from.
- We have a Dual Diagnosis Worker in the team who could offer drug counselling if necessary.
- We have an organisation called 'Remploy' which is funded by the Local Authority.
- Potentially they could support Mr Cordell to find work.
- They meet regularly with clients whilst they are in work and also liaise with employers.
- I could support Mr Cordell in making an application for PIP.
- Alternatively, he could get that support from 'Enfield Well-Being Connect'
- The Mental Health Enablement Team could provide support in tenancy management as well as support to access education/training and work.

OPINION AND RECOMMENDATIONS

- I have met Mr Cordell on two occasions only and I have not had the opportunity to assess him in the community.
- A rapport needs to be established with him.
- On the basis of recent events, history of risks to self and alleged risks towards others and taking into account the views of the MDT on the ward I think that he would benefit from a longer stay in hospital.
- This is in-order for the MDT to assess him comprehensively to determine if he has a severe

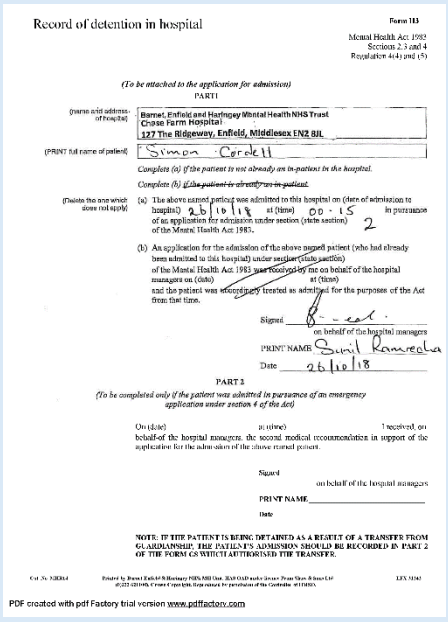

and enduring mental illness such as schizophrenia/psychosis.

- If it is determined that he has a severe mental illness, then this should be treated accordingly whilst he is in hospital.

CARE COORDINATOR

16. This is only the second time meeting Simon. There have been issues with reports he is assaulting other residents in his council accommodation.

NURSING REPORT

17. Appears paranoid on the ward.

INTERVIEW WITH PATIENT

18. Simon appears very agitated and vocal and is keen to put across his opinion that he has been illegally detained.
19. Simon reports issues with police actions in regard to not giving him the ASBO folder properly - this was left outside instead of giving

it to him directly. Simon continued to explain other problems with the police's treatment of him. This includes the metropolitan police having placed a photo of Simon in a folder in regard to a party he had no involvement with. He denies being involved in any of the parties mentioned in the ASBO. Simon spoke at length about the injustices surrounding his placement on curfew and the ASBO order.

20. He describes how on multiple times doctors have tried to assess him under the MHA and he has explained to them at each time the situation with the police. He was once placed under a section 2 and was able to appeal his section.

21. Simon reports the neighbours ***(11*** floors up) trying to deliberately disturb him by making a lot of noise and flushing the toilet multiple times. He feels they want him to get distressed and go upstairs to address them. They have been doing this over the last 4 years and are doing this throughout the day. From Simons flat you can even hear them talking - there is apparently very poor sound proofing.

22. Simon has described a council official as having forged statements and falsely accusing him of threatening his life. Simon reports that he is being assaulted by his neighbours as is his partner's small child. He feels the stress from this situation may have been linked to his partner's miscarriage. Simon denies any acts of antisocial behaviour, even in retaliation. At every point where he approaches the upstairs neighbours, he states he calls the police to ask then to "protect" him.

23. <u>In regard to the recent arrest, he reports the police attended due to a fraudulent call from the neighbours.</u> The police tried to hand him a breach of harassment order which Simon ripped and spat on the paper. The police officer then yelled that he had spat on her. He was then arrested for assault to a police officer. This charge was dropped in the police station, and he was referred for an MHA.

24. Simon is currently on benefits. He reports the expensive hardware he owns (e.g. 70000-pound bookmaker) he buys broken and second hand cheaply and fixes them. Simon works from home. He built a new model constitution – a community interest company which was a charity farm.

COLLATERAL INFORMATION:

25. His mother and uncle would like MHS to stop referring to Simon reporting the police as being prejudice against him as delusional - they believe this can be proved (showing photos of his company truck and hardware).

26. Simon's mother is very upset that doctors have submitted reports stating that he is delusional and grandiose. They feel the AMHP report is grossly inaccurate.

27. Simon's uncle is also upset that the MH team would not provide Simon with a letter to assist with his housing situation.

28. They explain that the reason Simon has not be prosecuted for the complaints made by the neighbours is because each time Simon is able to "prove his innocence" directly to the police.

29. Simon's mother believes he is very stressed due to the conditions of the ASBO and his neighbours disturbing him.

30. His uncle would like us to check the website that Simon has set up to highlight the injustices against him "horrificcorruption.com". (other websites mentioned by Simon include the Wayback machine and TooSmooth)

Sources of Information:	Electronic Documentation on Rio
Nearest Relative:	Ms Cordell (mother)
Date of this report:	7th November 2018

Who you are and in what capacity you know the patient, how long you have worked with them:

- My name is Soobah Appadoo? I am a CPN with the above-named team.
- I have been asked to compile this social circumstance report in support of above-named patient's Mental Health Review Tribunal (MHRT) appeal against his detention under Section 2 of the Mental Health Act.
- Mr Cordell was admitted on section 2 on the **26th of October 2018.**

- Mr Cordell was previously under the care of the Early Intervention Team for 3 years.
- The Early Intervention Team discharged him in June 2018 and at that point he was referred to our team.
- There is a suggestion on RIO notes that he did not engage well with that team.
- I was allocated to Mr Cordell in August 2018.
- We offered him an appointment at his flat on the 31st of August.
- Mr Cordell rang our office the day before and spoke to me.
- I informed him that I am his new Care Coordinator.
- He said that he had been seen for "76 days by his CC" and there was "nothing wrong with me".
- He said that the reason we want to see him is to "cover for missing signatures?".
- He said he "will ruin anyone who come to my house" and he has "recording cameras and audios" to ruin us.
- He said if you come to my house "I f...ing will scar you for life".
- He used foul languages throughout this contact.
- He said that I "can take the f...ing referral and stick it up my a..e".
- He said that he does not want to see us.
- I could not interrupt him: very verbally aggressive with pressure in speech".
- I did manage to say that we are a different team from Lucas House, and we want him to have a fresh start- He said "I don't f...ing care" Further to that the MDT advised that we should assess Mr Cordell in clinic due to the potential risks.
- We then offered him an appointment on the 28th of September which Mr Cordell did not attend.

66,

BARNET, ENFIELD AND HARINGEY MENTAL HEALTH NHS TRUST

NHS Enfield Adult North Locality Team

- My report is based on the information which I have extracted from RIO and my telephone conversation with Mr Cordell's mother.

PSYCHIATRIC HISTORY

- On the 16th of August **2016** Mr Cordell was admitted to CFH under Section 2 of the MHA.
- He was discharged on the 27th of August **2016**.
- According to RIO notes Mr Cordell "was arrested at his home address after his mother raised concerns about his mental state - he was allegedly verbally threatening towards his neighbour and (?) neighbour's children.
- Simon's mother called police who arrested him.
- He was seen by the FME at Wood Green police station, was then referred for MHA."
- He appealed against his Section.
- The Mental Health Review Tribunal discharged him from Section 2 on the 26th of August **2016**.

LEADING TO CURRENT ADMISSION

- As I stated above leading to this admission Mr Cordell did not attend appointments offered to him by our service.
- Subsequently due to the allegations made against him I was advised to attend a Safeguarding meeting for an alleged victim.
- In that meeting I was informed by the Council that Mr Cordell has a past and current history of physical and verbal aggression towards residents in the building.
- I was informed that the council has tried to work with Mr Cordell but to no avail.
- I had informed me that Mr Cordell was getting easily irritated even by the sound of a flushing toilet; this happened very recently, and he threatened the resident concerned.
- The Council was of the opinion that these are signs of mental illness and suggested that BEH should proceed with an MHA.
- The Council argued that this is for the protection of others as well as Mr Cordell's own safety.

- Subsequently the council sent us a copy of 'Anti-Social Behaviour, Tenancy concerns and breaches- pre-action letter' which contained a chronology of alleged incidents dating from **2016**.
- These alleged incidents were in the meaning of an antisocial behaviour presentation.
- On the 17th of October Mr Cordell was discussed in our MDT meeting.
- A decision was made to conduct an MHA.
- An MHA was attempted on the 19th of October.
- Mr Cordell did not cooperate, and the assessment did not take place.
- On the **23rd of October** an application for a warrant was made but was declined on the grounds "that there was insufficient recent evidence that he was being "kept under proper control" as he is living alone and "insufficient recent medical evidence that "he is unable to care for himself.
- According to RIO, on the 25th of October Mr Cordell was arrested for breaching a harassment order.
- It was alleged that he was aggressive towards the police and spat at them. He was assessed at the police station.
- On interview he had pressure of speech, delusions about his neighbours and the police and housing ganging up against him.
- He denied drug use.
- He said that does not have a mental disorder.
- The

- doctors who assessed Mr Cordell found him "hypomanic, with flight of speech, grandiose and thought disordered"

FORENSIC HISTORY

- Nil known.

RISK HISTORY

- According to the Risk Assessment on RIO notes Mr Cordell had expressed suicidal thoughts in the past. This was related to stress from court cases.
- The date is not stated in the Risk Assessment.
- Around that time, he said that he had researched ways of harming himself (poisoning, OD, hanging).
- He had said in the past that he tried to hang himself aged 16 when he was in a young offender's institute.
- He had said that he needed resuscitation.
- He tried to hang himself a second time after he was sentenced by a judge aged 20.
- He had said that he drank Nitrous Oxide in **2014** with intent to die.
- According to his Risk Assessment he was regularly a victim or witness of his father's violent behaviour.
- There are recent reports from the Council regarding alleged aggressive behaviours towards other residents.
- In June 2018 he was apparently involved in court case with the neighbours who he apparently threatened to harm.

VIEWS OF FAMILY

- I telephoned Ms Cordell on the 7th of November 2018. Ms Cordell told me that neighbours have been "terrorising" his son since **2014** in particular a neighbour on the 2nd floor.
- Ms Cordell told me that whilst her son is in hospital her nephew has been staying in the flat to look after the dog.
- The nephew has reported that the occupier on the 2nd floor have been "banging" on the floor.
- She said that the neighbour then realised that her son is not in the flat when they saw the nephew coming out of Mr Cordell's flat.
- She told me that since the **26th of October** the "banging" has stopped.
- She said that she has complained about the neighbour herself but thinks these situations are misinterpreted by the council and the mental health services and her son is then seen as the perpetrator and or being mentally unwell.
- Ms Cordell stated that the sound proofing is lacking, and the noise is real.
- Other neighbours have made allegations that Mr Cordell has been aggressive towards them.
- She said that there is no evidence of this; police have seen CCTV and found that her son had not left the flat at the time when these incidents were alleged to have happen.

- Ms Cordell gave another example in **2016** where it was alleged by a neighbour that her son had made threats to kill him.
- She said that the police initially charged her son with making threats to kill; after seeing video evidence they charged him with a 'Public Order Offence'.
- She said that around the time of this alleged incident her son was in his flat with some friends.
- Her son was not allowed to his flat and was bailed to her flat where he stayed until December **2016**.
- She said that the CPS after seeing evidence dismissed the case a day before the trial.
- She said that the council has never taken the responsibility to look at evidence; the allegations made against her son (physical assault, letting his dog on the loose) have not been proven.
- She said that on the 9th of August in court the Judge ordered Enfield Council to move her son to a 2-bedroom flat but the Council wants/plans to evict him instead.
- She said that the Council has no grounds to apply for her son's eviction.
- She said that her son has a one-bedroom flat.
- She said that he does not want to live there.
- She said that he needs a 2-bedroom flat with the plan that his cousin could stay with him to provide emotional support.
- She said that her son has everything he needs in the flat.
- She told me that her son is very independent in activities of daily living; his personal care is extremely good; he cooks for himself, maintains the flat and takes responsibility for his bills.
- She told me that he has no financial difficulties/no debts.
- She said that her son has a work history.
- In **2010** he was planning to set up a business in the entertainment industry. He has also built websites in relation to this. At present he is not in employment.

- He is in receipt of Employment Support Allowance but needs to make an application for Personal Independent Payment.
- I asked her if she thinks her son has a mental illness; she told me that he suffers from stress and anxiety due to issues with the neighbours but does not think he has a mental illness.
- She said that the judged looked at evidence and did not grant a warrant in October 2018 for a mental health act to take place at her son's flat.
- I asked Ms Cordell if she thinks her son could benefit from support from the community team.
- She said that he could do with some support but "we should stop labelling him as being delusional as he is not delusional".

AFTER-CARE

- Potentially Mr Cordell care/treatment would be delivered via the Care Programme Approach.
- I am the allocated Care Coordinator, and he will have a responsible clinician in the community.
- My role would be first of all to build a relationship with Mr Cordell as I have only met him on 2 occasions.
- I will try to motivate him to engage with myself and the multidisciplinary team.
- As his Care Coordinator I will review Mr Cordell regularly independently and with the Community RC.
- We have a Team Clinical Psychologist, and it would be vital for Mr Cordell to have some form of talking therapy. This is on the basis of the stress and anxiety that his mother states he suffers from.
- We have a Dual Diagnosis Worker in the team who could offer drug counselling if necessary.

- We have an organisation called 'Remploy' which is funded by the Local Authority.
- Potentially they could support Mr Cordell to find work.
- They meet regularly with clients whilst they are in work and also liaise with employers.
- I could support Mr Cordell in making an application for PIP.
- Alternatively, he could get that support from 'Enfield Well-Being Connect'
- The Mental Health Enablement Team could provide support in tenancy management as well as support to access education/training and work.

OPINION AND RECOMMENDATIONS

- I have met Mr Cordell on two occasions only and I have not had the opportunity to assess him in the community.
- A rapport needs to be established with him.
- On the basis of recent events, history of risks to self and alleged risks towards others and taking into account the views of the MDT on the ward I think that he would benefit from a longer stay in hospital.
- This is in-order for the MDT to assess him comprehensively to determine if he has a severe and enduring mental illness such as schizophrenia/psychosis.
- If it is determined that he has a severe mental illness, then this should be treated accordingly whilst he is in hospital.

Dear Ms Ryan,
Mr Simon Cordell, 109 Burncroft Avenue, EN3 7JQ
Thank you for your recent enquiry, which I forwarded to my officers in the Community Safety Unit Anti-Social Behaviour team.
I can confirm that the Anti-Social Behaviour Team is aware of the ongoing issues between Mr Cordell and his neighbours. Your enquiry has been added to the Anti-Social Behaviour database (Case Reference 17834) and passed to Anti-Social Behaviour Coordinator Lemmy Nwabuisi to investigate.
I have liaised with Mr Nwabuisi and have been advised that the council was granted an interim injunction with a power of arrest on **9th January 2018** because of reports of anti-social behaviour and harassment made against Mr Cordell by some of his neighbours. The injunction was discharged at a hearing at Edmonton County Court on **9th August 2018** following a mental health assessment report that concluded that Mr Cordell did not have the mental capacity to litigate or understand the terms of the injunction.
Mr Nwabuisi has also advised that there is no court decision whereby the Judge stated that Mr Cordell is entitled to a 2-bedroom property so that his career, his mother, has a spare room to sleep in. He advised that Mrs Cordell informed the Judge at the hearing that her son requires a 2-bedroom property and the Judge asked the council to consider her request, however the Judge did not make an order that Mr

	Cordell should be offered a 2-bedroom property. Mr Nwabuisi further advised that the council is not aware that Mrs Cordell is Mr Cordell's register carer. **Environment** Enfield Council Civic Centre, Silver Street Enfield EN13XY Website: www.enfield.gov.uk EQUALITY FRAMEWORK FOR LOCAL GOVERNMENT EXCELLENT **4287** her on 16th August 2018 that her son will only be considered for a like for like 1- bedroom property if a **transfer** application was made. She was advised that her son will have to engage with the mental health team if he requires a 2-bedroom property, so they can assess him and make further recommendations. However, he has failed to do this and was recently sectioned when he was arrested by the police. Please contact me if I can be of any further assistance. Num	T INFORMATIO

JURISDICTION. PRELIMINARY AND PROCEDURAL MATTERS

1. The tribunal is satisfied that it has jurisdiction to consider this application.

2. The solicitor for the patient sought permission to submit a 6-page document from Mrs Cordell, the nearest relative. The solicitor indicated that the document expressed the nearest relative's views-and those of a cousin the panel considered the request and noted that Mrs Cordell's views as regards her son's detention and the housing problems he has experienced were fully reflected in the social circumstances report provided. The panel would also allow her to speak at the tribunal hearing if she wished to do so. In those circumstances, we did not accept the submission of the document.

GROUNDS FOR THE DECISION

1. The tribunal is satisfied that the patient is suffering from mental disorder or from mental disorder of a nature or degree which warrants the patient's detention in a hospital for assessment (or for assessment followed by medical treatment) for at least a limited period.

2. The tribunal is satisfied that the patient's detention as aforesaid is justified in the interests of the patient's own health or safety, or with a view to the protection of other persons.

3. The tribunal does not consider that it is appropriate to discharge the patient under its discretionary powers.

REASONS

1) Mr. Simon Cordell is aged 37

2) He is single.
3) He resides in council accommodation in the community.
4) There is a longstanding history of difficulties with neighbours at his accommodation which was detailed in the reports.
5) His background and history were documented in the statutory reports provided to the panel.
6) He has been known to Adult Mental Health Services since **2014**.
7) He has had varied diagnoses in the past and has been found not to require section under the Mental Health Act in **2014** and **2015**.
8) He was however detained subject to Section 2 in August **2016** and was subsequently discharged by a Tribunal.
9) The history indicated that he was discharged on prescribed medication and followed up by EIS.
10) He reportedly did not engage with services or medication and was thereafter discharged from EIS.
11) He has a current working diagnosis of schizophrenia.
12) The current admission follows an incident in October **2018** which led to safeguarding concerns and the Enfield Adult North Locality Team's decision to arrange an MHA assessment. Mr. Cordell was detained subject to Section 2 on the **02 .11.2018.**
THE RESPONSIBLE AUTHORITY'S CASE:

	1) The clinical case argued that the patient has a chronic and enduring mental illness.	
	2) It is unclear whether the mental disorder responds to treatment as the patient has not engaged consistently with treatment.	
	3) Currently, the patient has been assessed without medication as Mr. Cordell does not accept that he requires psychotropic medication.	
	4) Mr. Cordell presents with a number of persecutory, paranoid thoughts in relation to his beliefs that the police and his neighbours are in some way targeting him.	
	5) Mr. Cordell also exhibits thought disorder and some tangentiality in his response to questions posed.	
	6) The professional evidence argued that the nature and degree of the mental disorder warranted the patient's continued detention of assessment which is justified in the interests of the patient's health, safety and the protection of others.	
	THE PATIENT'S VIEW:	
	1) Mr. Cordell was polite and courteous towards the panel.	
	2) He told the panel that he did not accept that he has a mental illness or any need for medication.	
	3) He said he experienced anxiety and distress at his accommodation.	
	4) He indicated that the 48 allegations between the: 06/07/**2016** and 02/10/**2018** set out in the medical report from an Enfield Council Report regarding concerns and breaches of his tenancy agreement were all fabricated.	

5) He did not accept that he was in any way at fault.	
6) He repeated on several occasions that his neighbours had submitted a litany of complaints to council officials about him in order to undermine his occupation of the premises.	
7) He said that he has been stopped from organising festivals and had set up a website to air his frustrations about his perception of the injustice of his treatment.	
8) He told the panel that he would remain as a voluntary patient.	
THE NATURE AND DEGREE OF THE MENTAL DISORDER:	
1) As to the nature of the mental disorder, the patient's illness appears to be a chronic illness which has persisted for some time.	
2) It is unclear as to the patient's response to treatment as yet.	
3) Mr. Cordell told the panel that he did not take the psychotropic medication prescribed following his last discharge in **2016**.	
4) The clinical team have sought the first recommendation for Section 3 and intend to commence treatment with psychotropic medication in due course.	
5) Mr. Cordell displayed no insight into his mental health difficulties and sought to minimise his actions prior to the current admission.	
6)As to the degree of the mental disorder, the patient's evidence **6.1)** was tangential; **6.2)** Guarded;	

6.3) clear thought disorder.
7) Dr Greensides told the panel that he had looked at Mr. Cordell's website which indicated the presence of thought disorder.
8) The panel asked Mr. Cordell about a telephone conversation with Mr. Appadoo which is detailed in the social circumstances report; the patient is alleged to have used foul and threatening language throughout the conversation.
9) Mr. Cordell did not dispute the telephone conversation and sought to minimise his actions stating that the content was out of context.
10) He was unable to contain his thoughts on the question posed as to whether, reflecting on the matter now, he thought his response was inappropriate.
11) The nursing evidence in contrast to the panel's observation, indicated that the patient has not exhibited any psychotic symptoms.
12) On a positive note, there has been some improvement in the patient's presentation overall as he is no longer challenging, irritable or confrontational.
THE DETENTION IS JUSTIFIED IN THE INTERESTS OF THE PATIENT'S HEALTH, SAFETY AND THE PROTECTION OF OTHERS
As to the patient's health, the professional evidence indicated that: -- **1)** Psychotropic medication is to be commenced and the patient's response to treatment is to. be monitored.
As to the patient's health, the professional evidence indicated that: --

2) The clinical view is that a period of treatment is now required to address the patient's psychotic symptoms.

As to the patient's health, the professional evidence indicated that: --

3) The clinical view is that the patient is unlikely to engage as an informal patient and a previous attempt at treating the patient in the community was unsuccessful.

As to the patient's health, the professional evidence indicated that: --

4) As to the patient's safety, there is historical information that Mr. Cordell has attempted to self-harm in the past.

This is not a current concern.

As to the patient's health, the professional evidence indicated that: --

5) Mr. Cordell's difficulties at his accommodation may pose a risk of eviction.

5.1) However, further clarification is required during the period of the assessment on this point.

As to the patient's health, the professional evidence indicated that: --

6) There is a potential risk of retaliation from others when he is behaving aggressively towards others.

<u>As regards the protection of others: --</u>

7) Mr. Cordell has entrenched and longstanding views and there have been incidents of aggression involving his: --

7.1) Neighbours;

7.2) Council officials, and;

7.3) The police prior to admission.

<u>As regards the protection of others: --</u>

8) He showed little capacity for self-- reflection or remorse during his evidence when he was questioned about his telephone interaction with Mr. Appadoo.

As regards the protection of others: --

9) We note that the allegations of physical and verbal altercations with his neighbours were relied upon to obtain an order for an injunction as recently as the 9.1.**2018** which was later discharged in July **2018** due to the patient's lack of capacity to understand the conditions of the injunction due to his psychotic illness.

OUR CONCLUSIONS

1) We accept the clinical evidence as to the nature arid degree of the mental disorder.

2) We have no doubt that there is some element of neighbour's dispute;

3) However, Mr. Cordell's response to such triggers appears to be rooted in a mental disorder which will need to be assessed during this admission.

4) We also accept that the detention is justified in the interests of the patient's

4.1) Health,

4.2) Safety

4.3) Protection of others for the reasons set out above.

EXERCISE OF DISCRETION

1) There were no special features of this case which persuaded us to exercise our discretion to discharge.

Dear Ludmilla and Lemmy
As you will be aware Simon is in hospital, today I was at the hospital with his cousin for a meeting, I got a

	call regarding the person who lives at 113 a person that knows us and also Ambrose from 113 stated that Simon had beat him up, then that changed to a person who had been staying at Simon flat beat him up. And that now due to this people was going to come and beat us up. Then it changed again to the person who beat Ambrose from 113 up come from my sons flat. Until today I have not wanted to say anything but I think this is going too far now. I could say a lot more but I feel it is pointless as you have done nothing with anything I have said. Since Ambrose has moved in the main door lock has been ripped out and there is drug taking in the block on the level of 113 and people coming in and out of 113 at all times which I do have a few pictures off people taking drugs. After our meeting I went to Simon flat to check on it and put gas and electric on as the Electric had run out, as no one is staying there. This is not the 1st time we have been threatened by 113 and his friends for something we have not done or my son has not done. I have been told that Ambrose is taking drugs but do not know how true this is as it is from a 3 person. When I got home and spoke to the person who called me it seems Ambrose was badly hurt and I believe stabbed. This has nothing to do with my son or my family and I believe now Ambrose is aware this had nothing to do with us or my son, but I am sick of everything being blamed on my son, and the phone calls we get when something goes on in the block. I believe there is a lot Enfield Council is not aware off, and are turning a blind eye just so the blame can be put to my son. I have now seen the reports you have put into the MH services so have this in black and white now so it cannot be said it is not come from you. I will be talking to the MH tomorrow regarding a letter relating to a 2-bedroom property and would like my son moved as soon as possible. I do not think it is right you are trying to get my son to remind in hospital by what is being passed to the MH services via Enfield Council this needs to stop the worst part is that it is incorrect information, which can be proven. There is more I can say but I feel there is very little point as really all Enfield Council has wanted to do is blame my son for everything. Without not one meeting	

	without looking at one bit of Evidence we have and we do have real evidence which the police have seen why do you think my son was not arrested was it due to you thinking they just could not be bothered no it was if they arrested him it **4309**, would be unlawful due to what they saw. I want this email kept Strictly confidential and not sent to anyone without my written Permission. I look forward to hearing from you. Simon was polite and appropriate. At the outset it was noticed that Simon had a mobile phone in his hand and was asked if he was recording the assessment. I informed him that he would require our consent prior to recording. He claimed that he had a legal right to do this. I asked the other professionals present if they objected and they did not. I reinforced with Simon	**46)** On the **/**/20** it is said that What was going on!

	that consent has to be given. Simon talked at length about his experiences of being victimised by the police when asked about reason for arrest. He reported injustices about forged statements, curfew being in place since **2014** which included any area apart from a residential area. He admitted the police believed he had spat but denied doing this. There seemed no evidence of thought disorder. There was some pressure of speech which appeared to be linked to his anxiety that he could be detained under S3 and his need to give us as comprehensive version of his situation in the shortest possible time. No ideas expressed of intention to self-harm ideas or of suicidality. Mother backed up all of his assertions about neighbours making noise. Cousin Jerome claimed to have heard the noises in the flat which he reported stopped once he considered the neighbours in flat above saw him leaving the property and he felt they stopped making noise from then. Denied having any mental health issues but agreed to remain in hospital as an informal patient and would consider taking medication providing, he is seen by a second opinion doctor. It is reported that a referral has been made for a Forensic Assessment by the Care Coordinator and this should be followed up. Dr Rao did not make a recommendation for detainment under S3 as she did not feel the criteria was met as she was not in a position to refute the evidence that Simon gave. No evidence of Simon presenting a risk of harm/safety to himself or others, no obvious risk of neglect. **Conclusion** He does not accept that he has a mental illness but is willing to stay in hospital so that, in his own words, “Dr Greensides can get to know me better”. Simon will be willing to take medication if a doctor giving a second opinion can justify the need to him. Simon was encouraged to cooperate with Dr Greenside and the community team when discharged. **Outcome** Simon is not detained under S3 but remains subject to the conditions of S2 until it's expiry unless Dr Greensides completed a S23 form to discharge him from section 2.

Hi Alev
Further to your enquiry regarding Simon Cordell.
Please see the update below from Debbie Morgan.
SC was discharged from hospital on **15/11/18** having been detained under the Mental Health Act for the purpose of assessment of his mental health. SC did not believe he required to be in hospital or wish to accept the proposed treatment that was offered.
As there is insufficient grounds or risk for further detention or to take any further intrusive measures against his will, he has been discharged.
SC does not believe he has a mental illness that requires him to take treatment or to maintain on-going engagement with mental health services.
He appears disappointed with services in which he perceives to have received from both housing and metropolitan police believing he is being targeted for things he has not done.
His assessment has not elicited he has care needs warranting supported accommodation or a package of care to sustain independent living as he can be adequately supported through universal services.
He presents with adequate daily living skills and can live in general needs housing.
He appears to be young man who has particular beliefs, which may lead to him having differences in opinion with others, which may impact on relationships with others; particularly those in positions of authority.

	His mental health/psychological state therefore remains fragile; however, the risk is not such that he can be forced to engage with services. **4315,** He was offered follow-up by mental health services in the community to which he declined, although agreed the he can be contacted by nurses from the ward to check on progress following discharge. He has been allocated a care coordinator (Soohah Appadoo, North Locality Team - 0208 379 4142) who will continue to try to engage him to build a relationship. SC describes his main presenting need to be that of his relationship with particular neighbours within his block, whom he believes to be intentionally causing him a nuisance by way of making noise, and reports feeling disbelieved and unfairly treated by the housing department and police. He therefore wants to be moved from his current accommodation. His mother approached the ward Consultant for a supporting letter to provide housing for a 2-bedroom property citing she is his main carer. As there is no evidence to suggest SC requires to be looked after due to having care needs requiring a live-in carer her request was declined, she was advised to suggest housing put their request in writing should this be housing's request. Mental Health would support relocation to alternative accommodation to reduce further tensions between the residents within the block. Hi mother advised that SC has/or is in the possess of eviction, and that he was discharged from hospital with no support which does not seem to be the case. Support has been offered which has been declined and will continue to be offered to assist in managing the current situation or avoid and/or mitigation a situation of eviction. **(56) 23/11/2018,** The Doctor's Folder / pub Book Issue: 1! I'm just following up on the discharge of the above. It is a shame that it was not possible to start treatment in him but I see that a concerted attempt was made. I have put a note on RiO. I note that Simon was documented to be thought disordered and to experience delusions but to be refusing to take treatment or to see a psychiatrist in the community following not being detained under s3 MHA. He was referred for a forensic assessment but of course we have no additional powers to compel him, so it is difficult for us to add more in the immediate aftermath. We have not closed the referral made to us. Although it seems unlikely that Simon would agree to attend a forensic assessment given the above, I wonder whether the most helpful course of action to take would be to suggest/arrange a professionals' meeting, involving Enfield Housing and also a representative from the Police (perhaps the officer in the case in relation to	

	the assault charge) or even MAPPA (he could be referred here?). FICS would be able to attend this if helpful. Tim

	neighbours, Mr Lemmy Nwabuisi has been told many times we have information which would proof my son had not done things which have been stated by the neighbours Mr Lemmy Nwabuisi the Anti-Social Behaviour Coordinator knows my son does not leave the flat he was told this, and also told that if he wanted to attend a meeting with my son he could do so with police there to have a meeting to hear my son's side, he has never got back to me regarding having a meeting at my son's home because he never wanted to, which I am sure if someone is a vulnerable person where was the duty of care where has it ever been for my son? I believe Mr Lemmy Nwabuisi the Anti-Social Behaviour Coordinator just through to himself that my son is in the wrong he is a vulnerable person I will put pressure on him and get him out without even thinking there is 2 side to anything. And just blamed my son without even talking to him this is how it has been since Mr Lemmy **4386,** Nwabuisi the Anti-Social Behaviour Coordinator starting working for Enfield Council. I also feel Mr. Lemmy Nwabuisi has taken information and not relayed it back correctly many times regarding my son's health even to the courts. Information is being passed and obtained relating to my son which should never have been passed to 3 parties or used, how can this be allowed. There are many other points and failings which have been allowed to happen and this needs to stop. I will be drafting up a full complaint of failings and submitting it but this will take a while to draft up as I have got to go back some years. Mr. Lemmy Nwabuisi also had my son arrested on the 09/01/**2018** and even though we asked many times, even my own son's solicitors could not understand why he was the person still investigating my son. When his case was part of the court actions being taken against my son by Enfield Council this is against the law that someone is investigating something within their own case and it beaches many other things. At this point in time I want Mr. Lemmy Nwabuisi taken off dealing with anything to do with my son or related to him, I feel he	

	has not done acted correctly and feel he has not investigated anything which would prove my son has done nothing wrong and only wanted to blame him for everything, I have asked this before and heard nothing back regarding this. But it has got to the point in time that this needs to happen. Could someone please get back to me as soon as possible regarding this? He has remained administratively open to the forensic outreach team for consultation if needed, in case it was possible to contribute to a professionals meeting about him if needed. Where are things up to? Are we able to close his referral to us if there is no current contact with services?

	(70) **<u>15/07/2019,</u>** Mother made a phone call to me at the time of 16:00 and told me that **<u>the doctors are coming to my house again to do another assessment</u>** on me for my Mental Health I told her that this is wrong and that I do not trust her anymore due to hearing her talk to the police outside of my front door "BT-DAY" man day. I pulled the doctors letter out that I have been receiving since Soobah came to my front door the other day, to see what they said and when checking them they all said that it is up to myself whether I go to see them for any support I choose not to as I understood that what the doctors had being doing to my self was illegal alongside unmoral. For an instance if I was a venerable adult as the doctors have been trying label myself even low, I am not then they would have abused myself and their position as medical practitioners. When thinking back of what my mother had said to me about the doctors coming to mine again, I released the following: Waiting for the doctors to come to my home again the next day.	**70)** On the **/**/20** it is said that
	(71) **<u>16/07/2019,</u>** **<u>The Doctors Came to my Home to do an Assessment on me again.</u>** I heard my "Atomic Alarm Clock" on my Pc set its Siren of at eight Am as planed but somehow some way I lent over and turned it off and never got up, I think I left the mouse to control the pc to close to my hand. I heard a knock at my front door and jumped up. When I asked who it was, I heard the reply of my uncle's voice and I can remember thinking to myself thank god for that! When rushing to open the front door I hurried and put my clothes on that I had pre paired the night before.	**71)** On the **/**/20** it is said that

	After a few minutes my uncle was in the house We both had a short chat until, uncle checked the time. At the time of 10:35 my uncle wanted to see what had held the doctors up and decoded to go outside and see if he could see any of them, I stayed inside of my flat while he did this. Uncle soon afterwards came back into my flat and told me that the doctors were sitting on the wall at the end of the road to the left as you walk outside of the block of flats that I live in. I pressed record on the recording equipment in side of my home so to have the assessment on recording. We waited some time and no doctors found their way to my front door. As the time disappeared by, I spoke to my uncle and said that I am going outside to see what is going on, as I left my flat I picked up all of the Haringey and Barnet / Enfield NHS letters that I had recently received and made my way out to the doctors. When I walked out of the block of flats front door, I took a look to my left and focused on were the doctors were. I noticed that they were a group of people, some standing and some sitting down on the side of a wall. I never counted how many because my uncle had already told me a roundabout number of six people. From looking at them all together I could tell that they were the doctors. I spoke in a voice that was not over powering but fair to be heard by the group. What I said was, why are you all sitting out here. Come in to my house I am waiting to record the meeting, I showed the letters in my hand that I had brought with myself from inside of my home and showed them high in my right hand while continuing to speak. The doctors acknowledged me and continued to hover around the same location to what I had seen them in from the start. I said to the doctors this is malicious proses alongside with malicious prosecution. I pin pointed out my so-called care coordinator out of the group “Soobah” and headed towards them all.	

	Once with the doctors, Care Coordinators, Amp Works, I told them all that this is: **1)** Out of order. **2)** I started to explain common sense about the Dates of occurrences with themselves and or colleagues and introduced the letters raised high in my right hand. I told Soobah who I had pinout of the group "you sent me these letters with a doctor called Antonio. **3)** I explained that I have never even met my care coordinator other than once in my life and that time was at my tribunal at Chase farm Hospital – Mental Health Department Dorset As noted in Soobah's own "Social Circumstances Report for S.C Rio no 11214451 on Section 2 of the MHA 1983/2007" **4)** I have never been diagnosed with a mental Health Illness but always get referred to Mental Health by bent police officers and the council corrupt staff inclusive of unmoral doctors or Mental health Workers, trying to avoid disciplinary actions against themselves and or colleagues. **5)** Soobah "Social Circumstances Report for S.C Rio no 11214451 on Section 2 of the MHA 1983/2007" was maliciously forged which is a criminal Act of law "Fraud 2006" + "Fraud under the company Act 2006" **Finally,** I got fed up of warning the doctors of their own negligee and gross Misconduct and headed back into my home were my uncle still was, When I got back inside it took a few minutes and I heard my communal front door open. So, I headed to my front door and took a look out into the corridor. I caught all the doctors and Mental Health workers entering	
	(72) **<u>17/07/2019,</u>** I woke up this morning laying down on my sofa. **<u>Uncle Andrew</u>** turned up at my home at the time of 03:15. He told me that he had been speaking to the Amp worker and Doctors.	**72)** On the **/**/20** it is said that

	I noticed that he had a writing book with him. At one point in or conversation I think when I was looking at the book Uncle Andrew started to explain what it was and why he had turned up with the book to my home in detail to me. He said that after yesterday he talked to the doctors on the phone again and what he had one was document everything down. I asked if it was ok to get a copy of the pages and if he knew the doctor's names alongside with the rest of their crew. He said that he had been speaking to one of the AMP workers who had been outside and knew his name only. Uncle also commented by saying that it will be ok for me to take a copy of the work. He showed me a form and said that it was a release form, in relation to releasing my personal information with authorisation to him and asked me whether I would give him consent. I agreed that this would be ok if he could explain to me why I should and I also agreed with his reason. He told me that what the doctors are doing to me is wrong i.e. illegal and that they had told him that they were now going to try and get a warrant under the Mental health Act 1963 to gain access to my premises with the police.	
	(73) **18/07/2019,** **I made a phone call to** my mother once I had gotten up and sorted out my home and so forth. What I did ask her was does she understand whether or not the doctors are coming to my home with a warrant under the Mental Health Act 1963, she replied and told me as she understands no doctors are going to be issuing a warrant at the moment even low they wanted to because uncle Andrew has spoken to them. If the doctors do issue a warrant, it will not be until Monday or Tuesday. I asked her next why would that be so if a warrant under the mental health Act "A Section 137" is for emergency problems. So, if that was so, why wait another week seven day to execute one. Mother had no answer for me.	**73)** On the **/**/20** it is said that

	Next, I questioned her in regard to a M.O for Tuesday a bit more. What I said was are you sure that the doctors are not waiting because of my front door not being fixed until the 19/07/2019, Mother had no reply. We ended the conversation. I heard my mobile ringing at the time of 02:10, when looking at the display screen I see my mother's telephone number and picked up the phone. I was not to shocked to hear what she said to me next. My mother told me that she had just received another email in regard to the Enfield Council and the possession orders that they keep on putting onto me with malicious prosecution. The Email Stated that the Enfield Council want to re-open the same old cases again that I have won time and time over again. I asked mother to send me a copy of the email and attachments, she agreed to do so. By the sounds of all that has been explained to me again over the last few days it seems that the police are happy to continue to let any person violate my Syble liberties and Human Rights, while they continue to evade justice for the Asbo being made from fraud alongside with the council who created it as well. The Enfield Council intend to make me not to be allowed to be homeless due to the Asbo conditions and then afterwards continued to create frauded documentation and produce it to the courts of the land and law to also take possession of my home. They all allow other members of the public to act against my person with criminal activities. While involving the doctors to get involved to cover up all that has been done wrong to myself by undermining me and demoralising my liberties of Rights. Year, so, as a cover up they all want to get me and put me on loads of medication to stop me writing this report about what they do to me on a day-to-day basis. Mine and my mother's phone conversation came to an end and I continue to document all down. **1)** 21 Sep 2018 14:34

The Mathiyalagans started to jump up and down on the floor above where I got awoke. This got done to me with evil intentions. Rather than lead myself into trouble I decided to keep recording what was getting done to me on my camera system that is installed in each and every room in my home. While I was getting attacked with hate crime I decided to continue to lay down and battened that I had not been awoke as the neighbours can hear my every movement even from to flats above mine as the sound proofing within my rented home is that of anon existence.	**3)** On the ****/**/20**** it is said that **4)** On the ****/**/20**** it is said that

	After not being able to take any more of what was getting done to me, I decided to head inn to my toilet so that I could have my wash. When in the bathroom the now Letter from solicitor Enfield Council / The same paperwork that Sarah Flexure had forged while I was not staying at my home on the 04/10/**2015** due to bail conditions that then after got picked up by Lemmy who tried to force me into a trap meeting at the civic centre due to them forged claims. When he then after super forged them and copied and pasted Sarah Flexures work and created 31 different claims then on after giving up on the trap meeting for him to then create a possession order to steel my home from his then on super forged claims against me to then needing the statement makers statements because I requested them of himself for Lemmy too then create an injunction order against me from the same claims to recover the missing victims missing statements to which I won the injunction order at a court he then created another injunction order to cover up what I can prove of threats to kill him while on the phone in turn getting me arrested when I never done what he said so that he could also then illegally reinstated the stuck out Mathiyalagan claims into his own application and then on adding as much lies to tarnish my life.	
	(5) **25/10/2018,** **Interlinked Table Numbers:** Today I got awoken by my Neighbors once again who are addressed at 117 Burncroft Avenue who are the Mathiyalagan family. What is getting done to me is achieved with evil criminal intentions. When explain what was on this day getting done to me illegal and what is also a clear breach of my human rights, I explain that, when sitting down at home on my sofa I heard a knock on my front door when I went to answer it, I first took a look through my front door key hole, when doing so, I noticed two police officers one male and on female. I can remember asking the woman officer a question What I asked her was why they were outside of my front door and in short to why I asked the question.	**5)** On the ****/**/20**** it is said that

	is I wanted to understand for what reason they wanted to speak to me, I received a reply of the Female police officer who replied to my question by saying that she just wanted to chat to me about something, I can remember replying to her by saying I can chat to you still without opening my front door and in blunt saying to her please can you just explain to me what you want, she said that she just wanted to give me some paperwork and did not want to arrest me for anything I again replied to her in a deeper voice and told her that I will not accept anything from them. I held my letter box closed so that no mail could enter inside of my flat from the police officers who were outside. Soon afterwards I heard them both leave my communal hallway. When I was sure that they had left the building, I opened my front door. I took a look on the floor and noticed that there was a letter left on the floor. After picking it up I took a short peek at the heading and realised that it was another Harassment Letter against my person in Knowing that I never done anything wrong again so to be able to receive such a notice in a fair motion. I Decided to question the police officer who had tried to post the letter through m front door. In doing so I quickly run outside of my front communal door and looked around the streets locations to see if I could still catch up with the two police officers. I noticed them both to my left when coming out of my building still walking towards their police car, so I called out to them in a polite manner / not to load or neither hash in voice. The police officers turned around towards myself and asked what I wanted, I replied to them both I just wanted to chat to them about what has been going on and as I was doing so I hurried towards them but in a settled manner, as I approached them I took my time as I chose my words and because of this I can remember what I said, what I did say was after noticing that they were both were body cameras and went a little something like this: -- **Woman Police Officer:**	

	What do you want? **Simon:** I would like to report a crime. A police officer has caused me to suffer from gross Misconduct and would like to report it to you under the police efficiency Act of Law 1999 or 2003 or under any police whistle blowing policy you must be in accordance to. What I am reporting to you is that a police Officer that who is name as Steven Elesmore who works for your branch has forge official paperwork and then on filed it against me alongside with other members of the Metropolitans Police Force. **Woman Police Officer:** I am not dealing with that; I am here only to serve you a Harassment Letter. **Simon:** That is not correct protocol when I explain to you about corruption that has been caused by one of your colleges must act upon it. **Woman Police Officer:** I am not here to deal with that. **Simon:** But I am reporting a crime to you. **Woman Police Officer:** Can you stop shouting at me? **Simon:** I am not shouting at you I am just talking to you. **Woman Police Officer:** I am going to turn my body camera on **Simon:** Why is it not on already? **Woman Police Officer:** “Woman Police Officer turned on her body cam.” **Simon:** I have had another of this harassment from your police force and the council and this does also include the neighbors who choose to forge offal documents. I told the police force that the people making these claims tried to set me up by forging official paperwork to aid in taking my flat of me in the form of a forged possession order and I supported my clams of truth alongside with good evidence that I have to support my clams.	

	Woman Police Officer: I am only here to deal with giving you a harassment letter. **Simon:** year, but what I am saying to you has to do with that harassment letter, this is bios. **Simon:** “I took the harassment letter that the police officer had left outside of my front door and decided to tear it up in front of them both and as I done this, I made a spitting sound and said well that’s what I think of the way that the police deal with their laws. I done this as I was turning around to walk back towards my home.” **Woman Police Officer:** The female Police Officer shouted out he spotted at me. **Simon:** I noticed a male’s arm go around my neck and start to choke me from behind I could feel the man’s weight on my back trying to bring me to the ground and after a few seconds I felt him become successful in his ambush against my person I can remember felling my hand and knees hurting me as the hit the concrete floor. I can remember finding it getting harder and harder to breath and with what felt like my last breath I managed to make a voice in the formation of a screech the words that came out of my mouth were that of “you are choking me.” **Woman Police Officer:** The woman officer continued to try and get my hands while she continues to scream that I was still spitting even more so than from the start of their unneeded issues of concern with me. **Simon:** I can remember thinking he is going to kill me if I do not stop him and his bad temper, and in realizing so, I remembered the police body cameras were still recording so choose to take caution in doing so, what I did was stand up and run away from the two police officers. I run into my block and felt them hot on my toes I closed my communal door and reminded the polices officers of my dog by shouting my dog my dog my dog be careful my dog.	

	Woman & Male Police Officers: Never followed me into my home and I decided to leave through my backdoor due to wanting things too cool down from both parties involved myself and police officers. I walked through Durant's Park Enfield London and then walked up the Hertford Road And back down Green Street to my home on my route I noticed a police car driving and decided that the best thing to do was stop the petrol car and ask for their assistance. I was happy to see different police officer from the ones that had just attacked me and made this point very clear to them I got told that I was under arrest and then on jumped in the back of the police car with them. While in the police car I got told that I was under arrest for assault "spitting at police officer" I explained the truth to them in short. **Simon:** I got taken out of the police car and then placed into the back of a police van and then transported to the Wood Green Police Station. **Wood Green Police Station** **My Detention at Wood Green Police Station.** I got transported to the police station and taken straight away out of the police van and brought into a holding cell. While in the police holding cell, I got to speak to the police officer who had transported me to the police station. I remembered that I had met him before; while talking to him he reminded me where I knew him from, what he said was he was that he was the police officer who had come to speak to me at my home address before: He continued our conversation by saying to me that he was the police officer who had prior got called about an incident referring towards me hiring out my sound system. After taken even more understanding towards what he was saying to myself I realised that he is a police officer that is involved in the first Asbo Case. **(6) 25/10/2018,** **What did happen was: --**	**6)** On the ****/**/20**** it is said that

	1 Falcon Park, Neasden Lane; NW10: -- On the 20th of June **2014** it got alleged by members of the police that I got involved in the organisation of and/or supplied equipment for and/or attended an illegal rave at 1 Falcon Park, Neasden Lane, NW10. This is not accurate information as the truth is that I had gotten contacted by way of mobile phone by a client, and he asked me if I would hire a sound system out for a gentleman's, birthday party. After our conversation I agreed to do so, and a sound system and a van got hired out to that person and then later collected from outside of my home address. My terms and conditions got signed, and a deposit got given to me by the client. Once the client left me, I continued with my day and then went back to my home. When at my home, I ended up receiving a phone call at 1:00 hours in the morning by the same client who said that the police were in attendance, and they were seizing the sound system. I remember getting up from what I had prior gotten occupied with and leaving my home address at around 1am hours, so to attend to the private party location, which took place indoors. Then soon after I arrived at the client's destination, at around the time of; 2:00 hours, I would claim that I took one hour and ten minutes to attend to, as I drove outside of the address that I had to be at so to park my car I can remember there being lots of different members of the police who were already present. When I approached to the address front door on my two feet, to which address I got given by the client, the police were there blocking any persons entrance, so I spoke to the police officers and explained to them by circumstances, this meant that I showed them a copy of the higher invoice and a copy of my terms and conditions of hire, I got allowed entry by the police officers who were present to pack the sound system away and once I finished doing this, I asked to get released with the equipment, it then got explained that the equipment was to get confiscated.	

After a lengthy, debate, I had no option but to allow the police officers to seize the equipment, I got allowed to collect the sound system from the police at a later date, without being arrested or any charges being brought into motion. This meant that I never returned the sound system to the same client ever again as he breached my terms and conditions and at no time did, I knowingly supply equipment for an illegal party. A few months later this date got added to the Anti-Social Behavior Order against me, even low I caused no problems.

Once our conversation was finished, I knew that A police officer named Steven Elesmore who is the Asbo developer used his statement contained in a Crimit's and edited the intel and placed it inside of the Asbo folder.

End of conversation with the arresting police officer.

While at the Police Station getting Booked in: --

Once put in front of the custody officer so that I could get booked into the police station I asked him if he would document the following down.

1) Please take the police officers cloths and put them into forensics as my DNA will not be on them as I never done what I was getting accused of.

	2) For a copy of the Police office seeing an FME / doctor. **3)** For the police body cameras to get observed to prove that I never spat at any person or anything. **4)** I asked if I could see a doctor about my medical injuries to which did happen. I got put in a detention cell while I waited for members of the CID Force to put their paperwork together. I look after myself while I was in the police cell by asking the staff to contact my mother and allow me to speak with her and also that of my solicitor, to which both legal rights of mine got completed without any issues. I asked for food on two different occasions in my short time in detention, there were also no issues of concern revving food in the police station. There was no bedding in the cell when I first entered it and I therefore asked for that to get rectified, this got achieved straight after I requested the bedding. All of my detention in the cell I was on camera in the police cell. Finally, the custody officer came up to me and told me that he was dropping the case against me, but I could still not leave due to the fact that the Mental Health Doctors wanted to see me. I asked him am I obliged to speak to them and explained to him that I had not acted with a Mental Illness throughout my detention in the police station in fact I had done the complete opposite and asked for food, drink, blanket, medical care, to speak to a solicitor, to speak to my mother, I managed to sleep for a while also. The sergeant explained to me that it was not down to the police that the doctors wanted me to speak with myself and I continued by explaining to him that it was also not down to anything that I had done while in custody or beforehand as well. He pleaded with me to be in compliance to his official public servant's request in so many different words, by asked me to confirm to himself that I will do so, I explained to him that I did not want to speak to any doctors and did not see any reason to warrant such forced treatment but due to him having me detained	

in a police cell I did not feel like I did have any other choose in the matter.

Doctors came to cell door: --

Our conversation came to an end and as he moved his head away from the cell hatch, I noticed a few more people outside of my cell door, when taking a closer look, I can remember that in doing so I noticed quite a few of them from other prior occasions, as if in to mean who they were. The reason I remembered who they were easily is because on the

25/10/2018

Most of them came to my home on an unexpected visit: --

What had happened on the 25/10/2018? --

What had happened is that the doctors from Silver Street Crisis Team had made a telephone call to my mother in the morning of the

25/10/2018

I never found this out until later in the evening as I had left my mobile phone turned off from the night before hand and also due to my mother having to go to another court case in **Oxford on the same Morning.**

While indoor I received a knock on my front door when I went to see who it was, I heard a reply of it is the doctors we want to speak to you about your mental health, I was quite shocked for the doctors to be at my front door again after all that had happened as of so far between me and them self's.

Because I never knew they were coming I never rushed and tydeid up my flat when first waking up and on stead had started work on my computer.

When speaking to the doctors with my home front door closed at first, I heard a man's voice say hello Simon we are the doctors, and we want to do an assessment on your Mental Health under the Mental Health Act 1983.

I decided not to open my front door at first and to find out more to why they believed they had the rights to do yet again another assessment on me by speaking to them with the door keep shut.

They would not explain much to me and all preferred to walk away.

I waited for them to go out the door and tried to call my mother, but her mobile phone was turned off.

After a few moments I decided to go outside and learn more to why they wanted to use the Mental Health Act against my wellbeing.
When outside of my block of flats I could see a few of the Mental Health team members sitting on a low-built wall and the rest standing together all talking.
I approached them and asked why they keep attending my home address without any official person ever taking a statement of myself about what I claim about on stead of victimising me and then on doing the correct follow-up's.
The official public servants outside of my home said the normal reply to myself by this date and that was "we got referred to you"
I explained that some person must do the correct follow ups about what I claim about for once and then these fake claims against me might stop.
The doctors said to me that speaking outside in the road will not help, so I offered for them to come inside of my flat and do their assessment yet again against me.
The doctors accepted my offer and followed me into my flat.
Doctor Abiza Came into my front room of my flat
After the doctors left my home, I made a few telephone calls to understand who sent them and put an official complaint in about what had just happened.
I recorded the recordings of myself making an official complaint to the Mental Health Act's Department at the Silver Street Department and this is the transcribes of them recordings: --
Back to the Date of the: 00/00/2018, "At the Police Station.": --
Because of what happened to me the last time with Maggie Fuller who is an Amp Worker for the NHS Mental Health trust,
Dated the: **25/10/2018**: --
I understood the situation that I was in with the public servants on the **25/10/2018**, so, I started to show why I must not get detained and in other words "put my defense forward to the doctors.": --
1) That I was not Mentally ill.

2) That my family and friends also did not think that I was Mentally unwell.
3) Why are they at my Police cell door to speak to me in the beginning!
4) That I noticed a few of them like Larry, who works for the Enfield Council, that came to my house to do another assessment against me on the Date of: **25/10/2018**, just a few days beforehand and the reason given to me was because of another case of abuse of position and with a bios opinion and unlawful at that, due to another bogus and therefore malicious phone call made by my neighbors about my person.
5) That this was now the **300000000** days that the doctors had come to assess me under the Mental Health Act and on all other occasions that there was nothing wrong with myself.
6)
7)
8)
9)
10)
While putting good reason that an assessment 2 must not get warranted as towards the grounds of the detention not being warranted, the police officer / Sargent allowed for this conversation to continue and opened my cell door and while we were taking.
The Doctors said that they needed a few minutes on their own to discuss with each other what was going on and not to long after he arrived back to my cell door and undone the cell hatch again, but this time told me that I was getting sectioned under the Mental Health Act under an assessment 2.
I explained to them all present that I did not think that this was a fair assessment as I had not even been taken into a room with them or neither had they come into a room with me and that the conversation that we had just had with each other was just merely an introduction.
With this the doctors walked away and closed the hatch on the cell door.
Very soon after a normal ambulance arrive and two female officers who were both polite took me to the

hospital named as Chaser Farm Hospital and then after brought me on to the Dorset wing.

Mr. Simon Cordell

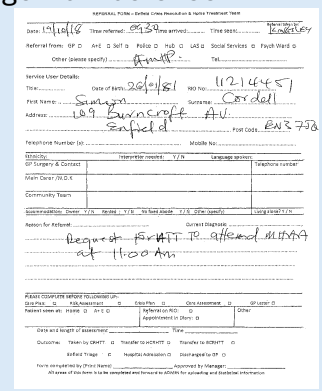

My reasons for my opinions are: --

Mr. Cordell is known to psychiatric services but has not engaged with them in recent years. Today he was arrested for spitting at a police officer after they were called about him harassing his neighbors.
He has a number of non- molestations orders Against him, forbidding him from contacting them.
On examination Mr. Cordell displayed a range of affective and psychiatric symptoms.
He Spoke rapidly and was thought disordered with overinclusive and tangential speech.
He held a number of grandiose and delusional beliefs.
He told us that the police were conspiring with medics and the council to silence him as he had uncovered police corruption.
He said he was targeted by police as they were envied of his abilities.

	He told us that his neighbors two floors above were controlling the neighbors below them and caused them to stamp on the floor and disturb Mr. Cordell. He did not believe that he was Mental unwell and was adamant that he would not see a physiatrist. He lacked insight into his presentation. He was irritable and has assaulted police officers and harassed his neighbors in recent days. He poses a risk to others; therefore, his behavior poses him a risk of retaliatory Symptoms. This places his Health and safety at risk. There is evidence that he has a Mental illness of a nature and degree which warrants assessment and treatment in hospital and without this there is a risk of harm to his health and safety and the safety of others. **My reasons for my opinions are: --** This man is hyper mental with flights of speech and ideation. He has delusions that the police are targeting him are other residents in his block of flats. He says people in the street are spitting at him because they believe he gave a woman herpes. He is quite grandiose in his ideas about helping the world. **I got taken to the hospital "Dorset Wing"** **Sunil Ramrecha:** **Night Manager at Barnet Enfield and Haringey Mental Health NHS Trust** **London, Greater London, United Kingdom; ---** A "SHO" duty Doctor Came to See me, she explained to me some of my legal rights and asked me to explain a short summery as towards the fabricated reasons to why I had gotten brought before her. **Reply:** I then after went to the room on the wing that I was given to sleep in and went to bed. **(7) 25/10/2018,** **Getting wrongly detained while Working on my report in the;** Chase Farm Mental Hospital on an Assessment Wing! **(8) 25/10/2018,**	**7)** On the ****/**/20**** it is said that

There was no obvious smell of drugs only cigarette smoke. Upon entering the living room and the mention of the 2 doctors he pointed to Dr Albazaz and said that he will not talk to him and does not want him in the flat. 	anything but I think this is going too far now. I could say a lot more but I feel it is pointless as you have done nothing with anything I have said. Since Ambrose has moved in the main door lock has been ripped out and there is drug taking in the block on the level of 113 and people coming in and out of 113 at all times which I do have a few pictures off people taking drugs. After our meeting I went to Simon flat to check on it and put gas and electric on as the Electric had run out, as no one is staying there. This is not the 1st time we have been threatened by 113 and his friends for something we have not done or my son has not done. I have been told that Ambrose is taking drugs but do not know how true this is as it is from a 3 person. When I got home and spoke to the person who called me it seems Ambrose was badly hurt and I believe stabbed. This has nothing to do with my son or my family and I believe now Ambrose is aware this had nothing to do with us or my son, but I am sick of everything being blamed on my son, and the phone calls we get when something goes on in the block. I believe there is a lot Enfield Council is not aware off, and are turning a blind eye just so the blame can be put to my son. I have now seen the reports you have put into the MH services so have this in black and white now so it cannot be said it is not come from you. I will be talking to the MH tomorrow regarding a letter relating to a 2-bedroom property and would like my son moved as soon as possible. I do not think it is right you are trying to get my son to remind in hospital by what is being passed to the MH services via Enfield Council this needs to stop the worst part is that it is incorrect information, which can be proven. There is more I can say but I feel there is very little point as really all Enfield Council has wanted to do is blame my son for everything. Without not one meeting without looking at one bit of Evidence we have and we do have real evidence which the police have seen why do you think my son was not arrested was it due to you thinking they just could not be bothered no it was if they arrested him it **4309**, would be unlawful due to what they saw. Cousin Jerome claimed to have heard the noises in the flat which he reported stopped once he considered the neighbours in flat above saw him leaving the property and he felt they stopped making noise from then. Denied having any mental health issues but agreed to remain in hospital as an informal patient and would consider taking medication providing, he is seen by a second opinion doctor. It is reported that a referral has been made for a Forensic Assessment by the Care Coordinator and this should be followed up. Dr Rao did not make a recommendation for detainment under S3 as she did not feel the criteria was met as she was not in a position to refute the evidence that Simon gave. No evidence of Simon presenting a risk of harm/safety to himself or others, no obvious risk of neglect. **Conclusion** He does not accept that he has a mental illness but is willing to stay in hospital so that, in his own words, "Dr Greensides can get to know me better". Simon will be willing to take medication if a doctor giving a second opinion can justify the need to him. Simon was encouraged to cooperate with Dr Greenside and the community team when discharged. **Outcome** Simon is not detained under S3 but remains subject to the conditions of S2 until it's expiry unless Dr Greensides completed a S23 form to discharge him from section 2. **Report to follow** **(10) 14/11/2018,** **Simon Cordell's MP3'S Indexed** **Stage 1** **1x Recording** 01m. 32. mental health assessment 3 chase farm pt1 14_11_2018	**10)** On the ****/**/20**** it is said that

Prior to entering the flat I informed Simon that I am a trainee AMHP and myself and the 2 doctors with me will be conducting a Mental Health Act assessment. We then entered the flat which was very cluttered with musical equipment and stacks of books and records. On the coffee table was a modern Apple PC. There was no obvious smell of drugs only cigarette smoke. Upon entering the living room and the mention of the 2 doctors he pointed to Dr Albazaz	

	and said that he will not talk to him and does not want him in the flat. I explained that we could not conduct the assessment without 2 doctors and that we would need to leave. He was very keen to show me things on his computer relating to conspiracies and torments that he perceives he is suffering but we left explain the assessment would need to happen at another time. Plan: **Apply for S135 (1) warrant in view of his unwillingness to be assessed.** Would require removal to a place of safety for assessment. **Plans to be made for care of dog if Service user is removed to POS.** Done

What is getting done to me is achieved with evil criminal intentions. When explain what was on this day getting done to me illegal and what is also a clear breach of my human rights, I explain that, when sitting down at home on my sofa I heard a knock on my front door when I went to answer it, I first took a look through my front door key hole, when doing so, I noticed two police officers one male and on female. I can remember asking the woman officer a question What I asked her was why they were outside of my front door and in short to why I asked the question. is I wanted to understand for what reason they wanted to speak to me, I received a reply of the Female police officer who replied to my question by saying that she just wanted to chat to me about something, I can remember replying to her by saying	**RIO notes no email!** **1)** On the ****/**/20**** it is said that

	I can chat to you still without opening my front door and in blunt saying to her please can you just explain to me what you want, she said that she just wanted to give me some paperwork and did not want to arrest me for anything I again replied to her in a deeper voice and told her that I will not accept anything from them. I held my letter box closed so that no mail could enter inside of my flat from the police officers who were outside. Soon afterwards I heard them both leave my communal hallway. When I was sure that they had left the building, I opened my front door. I took a look on the floor and noticed that there was a letter left on the floor. After picking it up I took a short peek at the heading and realised that it was another Harassment Letter against my person in Knowing that I never done anything wrong again so to be able to receive such a notice in a fair motion. I Decided to question the police officer who had tried to post the letter through m front door. In doing so I quickly run outside of my front communal door and looked around the streets locations to see if I could still catch up with the two police officers. I noticed them both to my left when coming out of my building still walking towards their police car, so I called out to them in a polite manner / not to load or neither hash in voice. The police officers turned around towards myself and asked what I wanted, I replied to them both I just wanted to chat to them about what has been going on and as I was doing so I hurried towards them but in a settled manner, as I approached them I took my time as I chose my words and because of this I can remember what I said, what I did say was after noticing that they were both were body cameras and went a little something like this: -- **Woman Police Officer:** What do you want? **Simon:** I would like to report a crime. A police officer has caused me to suffer from gross Misconduct and would like to report it to you under the police	

	efficiency Act of Law 1999 or 2003 or under any police whistle blowing policy you must be in accordance to. What I am reporting to you is that a police Officer that who is name as Steven Elesmore who works for your branch has forge official paperwork and then on filed it against me alongside with other members of the Metropolitans Police Force. **Woman Police Officer:** I am not dealing with that; I am here only to serve you a Harassment Letter. **Simon:** That is not correct protocol when I explain to you about corruption that has been caused by one of your colleges must act upon it. **Woman Police Officer:** I am not here to deal with that. **Simon:** But I am reporting a crime to you. **Woman Police Officer:** Can you stop shouting at me? **Simon:** I am not shouting at you I am just talking to you. **Woman Police Officer:** I am going to turn my body camera on **Simon:** Why is it not on already? **Woman Police Officer:** “Woman Police Officer turned on her body cam.” **Simon:** I have had another of this harassment from your police force and the council and this does also include the neighbors who choose to forge offal documents. I told the police force that the people making these claims tried to set me up by forging official paperwork to aid in taking my flat of me in the form of a forged possession order and I supported my clams of truth alongside with good evidence that I have to support my clams. **Woman Police Officer:** I am only here to deal with giving you a harassment letter. **Simon:**	

year, but what I am saying to you has to do with that harassment letter, this is bios.

Simon:

"I took the harassment letter that the police officer had left outside of my front door and decided to tear it up in front of them both and as I done this, I made a spitting sound and said well that's what I think of the way that the police deal with their laws. I done this as I was turning around to walk back towards my home."

Woman Police Officer:

The female Police Officer shouted out he spotted at me.

Simon:

I noticed a male's arm go around my neck and start to choke me from behind I could feel the man's weight on my back trying to bring me to the ground and after a few seconds I felt him become successful in his ambush against my person I can remember felling my hand and knees hurting me as the hit the concrete floor. I can remember finding it getting harder and harder to breath and with what felt like my last breath I managed to make a voice in the formation of a screech the words that came out of my mouth were that of "you are choking me."

Woman Police Officer:

The woman officer continued to try and get my hands while she continues to scream that I was still spitting even more so than from the start of their unneeded issues of concern with me.

Simon:

I can remember thinking he is going to kill me if I do not stop him and his bad temper, and in realizing so, I remembered the police body cameras were still recording so choose to take caution in doing so, what I did was stand up and run away from the two police officers. I run into my block and felt them hot on my toes I closed my communal door and reminded the polices officers of my dog by shouting my dog my dog my dog be careful my dog.

Woman & Male Police Officers:

Never followed me into my home and I decided to leave through my backdoor due to wanting things too

	cool down from both parties involved myself and police officers. I walked through Durant's Park Enfield London and then walked up the Hertford Road And back down Green Street to my home on my route I noticed a police car driving and decided that the best thing to do was stop the petrol car and ask for their assistance. I was happy to see different police officer from the ones that had just attacked me and made this point very clear to them I got told that I was under arrest and then on jumped in the back of the police car with them. While in the police car I got told that I was under arrest for assault "spitting at police officer" I explained the truth to them in short. **Simon:** I got taken out of the police car and then placed into the back of a police van and then transported to the Wood Green Police Station. **Wood Green Police Station** **My Detention at Wood Green Police Station.** I got transported to the police station and taken straight away out of the police van and brought into a holding cell. While in the police holding cell, I got to speak to the police officer who had transported me to the police station. I remembered that I had met him before; while talking to him he reminded me where I knew him from, what he said was he was that he was the police officer who had come to speak to me at my home address before: He continued our conversation by saying to me that he was the police officer who had prior got called about an incident referring towards me hiring out my sound system. After taken even more understanding towards what he was saying to myself I realised that he is a police officer that is involved in the first Asbo Case.

This is not accurate information as the truth is that I had gotten contacted by way of mobile phone by a client, and he asked me if I would hire a sound system out for a gentleman's, birthday party. After our conversation I agreed to do so, and a sound system and a van got hired out to that person and then later collected from outside of my home address. My terms and conditions got signed, and a deposit got given to me by the client. Once the client left me, I continued with my day and then went back to my home. When at my home, I ended up receiving a phone call at 1:00 hours in the morning by the same client who said that the police were in attendance, and they were seizing the sound system. I remember getting up from what I had prior gotten occupied with and leaving my home address at around 1am hours, so to attend to the private party location, which took place indoors. Then soon after I arrived at the client's destination, at around the time of; 2:00 hours, I would claim that I took one hour and ten minutes to attend to, as I drove outside of the address that I had to be at so to park my car I can remember there being lots of different members of the police who were already present. When I approached to the address front door on my two feet, to which address I got given by the client, the police were there blocking any persons entrance, so I spoke to the police officers and explained to them by circumstances, this meant that I showed them a copy of the higher invoice and a copy of my terms and conditions of hire, I got allowed entry by the police officers who were present to pack the sound system away and once I finished doing this, I asked to get released with the equipment, it then got explained that the equipment was to get confiscated. After a lengthy, debate, I had no option but to allow the police officers to seize the equipment, I got allowed to collect the sound system from the police at a later date, without being arrested or any charges	

being brought into motion. This meant that I never returned the sound system to the same client ever again as he breached my terms and conditions and at no time did, I knowingly supply equipment for an illegal party. A few months later this date got added to the Anti-Social Behavior Order against me, even low I caused no problems.

<u>While at the Police Station getting Booked in: --</u>

Once put in front of the custody officer so that I could get booked into the police station I asked him if he would document the following down.

1) Please take the police officers cloths and put them into forensics as my DNA will not be on them as I never done what I was getting accused of.

2) For a copy of the Police office seeing an FME / doctor.

3) For the police body cameras to get observed to prove that I never spat at any person or anything.

	4) I asked if I could see a doctor about my medical injuries to which did happen. I got put in a detention cell while I waited for members of the CID Force to put their paperwork together. I look after myself while I was in the police cell by asking the staff to contact my mother and allow me to speak with her and also that of my solicitor, to which both legal rights of mine got completed without any issues. I asked for food on two different occasions in my short time in detention, there were also no issues of concern revving food in the police station. There was no bedding in the cell when I first entered it and I therefore asked for that to get rectified, this got achieved straight after I requested the bedding. All of my detention in the cell I was on camera in the police cell. Finally, the custody officer came up to me and told me that he was dropping the case against me, but I could still not leave due to the fact that the Mental Health Doctors wanted to see me. I asked him am I obliged to speak to them and explained to him that I had not acted with a Mental Illness throughout my detention in the police station in fact I had done the complete opposite and asked for food, drink, blanket, medical care, to speak to a solicitor, to speak to my mother, I managed to sleep for a while also. The sergeant explained to me that it was not down to the police that the doctors wanted me to speak with myself and I continued by explaining to him that it was also not down to anything that I had done while in custody or beforehand as well. He pleaded with me to be in compliance to his official public servant's request in so many different words, by asked me to confirm to himself that I will do so, I explained to him that I did not want to speak to any doctors and did not see any reason to warrant such forced treatment but due to him having me detained in a police cell I did not feel like I did have any other choose in the matter. **Doctors came to cell door: --**	

Our conversation came to an end and as he moved his head away from the cell hatch, I noticed a few more people outside of my cell door, when taking a closer look, I can remember that in doing so I noticed quite a few of them from other prior occasions, as if in to mean who they were. The reason I remembered who they were easily is because on the

25/10/2018

Most of them came to my home on an unexpected visit: --

What had happened on the 25/10/2018? --

What had happened is that the doctors from Silver Street Crisis Team had made a telephone call to my mother in the morning of the

25/10/2018

I never found this out until later in the evening as I had left my mobile phone turned off from the night before hand and also due to my mother having to go to another court case in **Oxford on the same Morning.**

While indoor I received a knock on my front door when I went to see who it was, I heard a reply of it is the doctors we want to speak to you about your mental health, I was quite shocked for the doctors to be at my front door again after all that had happened as of so far between me and them self's.

Because I never knew they were coming I never rushed and tydeid up my flat when first waking up and on stead had started work on my computer.

When speaking to the doctors with my home front door closed at first, I heard a man's voice say hello Simon we are the doctors, and we want to do an assessment on your Mental Health under the Mental Health Act 1983.

I decided not to open my front door at first and to find out more to why they believed they had the rights to do yet again another assessment on me by speaking to them with the door keep shut.

They would not explain much to me and all preferred to walk away.

I waited for them to go out the door and tried to call my mother, but her mobile phone was turned off.

After a few moments I decided to go outside and learn more to why they wanted to use the Mental Health Act against my wellbeing.

When outside of my block of flats I could see a few of the Mental Health team members sitting on a low-built wall and the rest standing together all talking.
I approached them and asked why they keep attending my home address without any official person ever taking a statement of myself about what I claim about on stead of victimising me and then on doing the correct follow-up's.
The official public servants outside of my home said the normal reply to myself by this date and that was "we got referred to you"
I explained that some person must do the correct follow ups about what I claim about for once and then these fake claims against me might stop.
The doctors said to me that speaking outside in the road will not help, so I offered for them to come inside of my flat and do their assessment yet again against me.
The doctors accepted my offer and followed me into my flat.
Doctor Abiza Came into my front room of my flat
After the doctors left my home, I made a few telephone calls to understand who sent them and put an official complaint in about what had just happened.
I recorded the recordings of myself making an official complaint to the Mental Health Act's Department at the Silver Street Department and this is the transcribes of them recordings: --
Back to the Date of the: 00/00/2018, "At the Police Station.": --
Because of what happened to me the last time with Maggie Fuller who is an Amp Worker for the NHS Mental Health trust,
Dated the: **25/10/2018**: --
I understood the situation that I was in with the public servants on the **25/10/2018**, so, I started to show why I must not get detained and in other words "put my defense forward to the doctors.": --
1) That I was not Mentally ill.
2) That my family and friends also did not think that I was Mentally unwell.
3) Why are they at my Police cell door to speak to me in the beginning!

4) That I noticed a few of them like Larry, who works for the Enfield Council, that came to my house to do another assessment against me on the Date of: **25/10/2018**, just a few days beforehand and the reason given to me was because of another case of abuse of position and with a bios opinion and unlawful at that, due to another bogus and therefore malicious phone call made by my neighbors about my person.

5) That this was now the **300000000** days that the doctors had come to assess me under the Mental Health Act and on all other occasions that there was nothing wrong with myself.

6)

7)

8)

9)

10)

While putting good reason that an assessment 2 must not get warranted as towards the grounds of the detention not being warranted, the police officer / Sargent allowed for this conversation to continue and opened my cell door and while we were taking.

The Doctors said that they needed a few minutes on their own to discuss with each other what was going on and not to long after he arrived back to my cell door and undone the cell hatch again, but this time told me that I was getting sectioned under the Mental Health Act under an assessment 2.

I explained to them all present that I did not think that this was a fair assessment as I had not even been taken into a room with them or neither had they come into a room with me and that the conversation that we had just had with each other was just merely an introduction.

With this the doctors walked away and closed the hatch on the cell door.

Very soon after a normal ambulance arrive and two female officers who were both polite took me to the hospital named as Chaser Farm Hospital and then after brought me on to the Dorset wing.

Mr. Simon Cordell

My reasons for my opinions are: --

Mr. Cordell is known to psychiatric services but has not engaged with them in recent years. Today he was arrested for spitting at a police officer after they were called about him harassing his neighbors.
He has a number of non- molestations orders Against him, forbidding him from contacting them.
On examination Mr. Cordell displayed a range of affective and psychiatric symptoms.
He Spoke rapidly and was thought disordered with overinclusive and tangential speech.
He held a number of grandiose and delusional beliefs.
He told us that the police were conspiring with medics and the council to silence him as he had uncovered police corruption.
He said he was targeted by police as they were envied of his abilities.
He told us that his neighbors two floors above were controlling the neighbors below them and caused them to stamp on the floor and disturb Mr. Cordell.
He did not believe that he was Mental unwell and was adamant that he would not see a physiatrist.
He lacked insight into his presentation.

	He was irritable and has assaulted police officers and harassed his neighbors in recent days. He poses a risk to others; therefore, his behavior poses him a risk of retaliatory Symptoms. This places his Health and safety at risk. There is evidence that he has a Mental illness of a nature and degree which warrants assessment and treatment in hospital and without this there is a risk of harm to his health and safety and the safety of others. **My reasons for my opinions are: --** This man is hyper mental with flights of speech and ideation. He has delusions that the police are targeting him are other residents in his block of flats. He says people in the street are spitting at him because they believe he gave a woman herpes. He is quite grandiose in his ideas about helping the world. **I got taken to the hospital "Dorset Wing"** **Sunil Ramrecha:** **Night Manager at Barnet Enfield and Haringey Mental Health NHS Trust** **London, Greater London, United Kingdom; ---** A "SHO" duty Doctor Came to See me, she explained to me some of my legal rights and asked me to explain a short summery as towards the fabricated reasons to why I had gotten brought before her. **Reply:** I then after went to the room on the wing that I was given to sleep in and went to bed.

MEETING WITH LORRAINE CORDELL (MOTHER) AND ANDREW CORDELL (UNCLE)

3) On the ****/**/20**** it is said that

I had a meeting with Simon's mother and uncle. They demanded copies of the detention papers. They were disputing the reasons for detention and more importantly the phrase that Simon is "Grandiose". They were very angry talking over each other and cutting across each other.
Lorraine said Simon has been harassed by is neighbours above him. He has reported many times to the authorities but no one is taking action but when the neighbours report of harassment about 15 police officers come to his flat.
Lorraine said the Court has ordered Enfield Council to move him to a 2-bedroom accommodation where family members can stay with him.
She confirmed that she will appeal against the detention.
She was reminded of the formulation meeting on Monday 29th at 3pm. She indicated her willingness to attend

JURISDICTION. PRELIMINARY AND PROCEDURAL MATTERS

1. The tribunal is satisfied that it has jurisdiction to consider this application.

2. The solicitor for the patient sought permission to submit a 6-page document from Mrs Cordell, the nearest relative. The solicitor indicated that the document expressed the nearest relative's views-and those of a cousin the panel considered the request and noted that Mrs Cordell's views as regards her son's detention and the housing problems he has experienced were fully reflected in the social circumstances report provided. The panel would also

T INFORMATIO

allow her to speak at the tribunal hearing if she wished to do so. In those circumstances, we did not accept the submission of the document.

GROUNDS FOR THE DECISION

1. The tribunal is satisfied that the patient is suffering from mental disorder or from mental disorder of a nature or degree which warrants the patient's detention in a hospital for assessment (or for assessment followed by medical treatment) for at least a limited period.

2. The tribunal is satisfied that the patient's detention as aforesaid is justified in the interests of the patient's own health or safety, or with a view to the protection of other persons.

3. The tribunal does not consider that it is appropriate to discharge the patient under its discretionary powers.

REASONS

1) Mr. Simon Cordell is aged 37

2) He is single.

3) He resides in council accommodation in the community.

4) There is a longstanding history of difficulties with neighbours at his accommodation which was detailed in the reports.

5) His background and history were documented in the statutory reports provided to the panel.

6) He has been known to Adult Mental Health Services since **2014**.

7) He has had varied diagnoses in the past and has been found not to require section under the Mental Health Act in **2014** and **2015**.	
8) He was however detained subject to Section 2 in August **2016** and was subsequently discharged by a Tribunal.	
9) The history indicated that he was discharged on prescribed medication and followed up by EIS.	
10) He reportedly did not engage with services or medication and was thereafter discharged from EIS.	
11) He has a current working diagnosis of schizophrenia.	
12) The current admission follows an incident in October **2018** which led to safeguarding concerns and the Enfield Adult North Locality Team's decision to arrange an MHA assessment. Mr. Cordell was detained subject to Section 2 on the **02 .11.2018.**	
<u>THE RESPONSIBLE AUTHORITY'S CASE:</u>	
1) The clinical case argued that the patient has a chronic and enduring mental illness.	
2) It is unclear whether the mental disorder responds to treatment as the patient has not engaged consistently with treatment.	
3) Currently, the patient has been assessed without medication as Mr. Cordell does not accept that he requires psychotropic medication.	
4) Mr. Cordell presents with a number of persecutory, paranoid thoughts in relation to his beliefs that the police and his neighbours are in some way targeting him.	

5) Mr. Cordell also exhibits thought disorder and some tangentiality in his response to questions posed.

6) The professional evidence argued that the nature and degree of the mental disorder warranted the patient's continued detention of assessment which is justified in the interests of the patient's health, safety and the protection of others.

THE PATIENT'S VIEW:

1) Mr. Cordell was polite and courteous towards the panel.

2) He told the panel that he did not accept that he has a mental illness or any need for medication.

3) He said he experienced anxiety and distress at his accommodation.

4) He indicated that the 48 allegations between the: 06/07/**2016** and 02/10/**2018** set out in the medical report from an Enfield
Council Report regarding concerns and breaches of his tenancy agreement were all fabricated.

5) He did not accept that he was in any way at fault.

6) He repeated on several occasions that his neighbours had submitted a litany of complaints to council officials about him in order to undermine his occupation of the premises.

7) He said that he has been stopped from organising festivals and had set up a website to air his frustrations about his perception of the injustice of his treatment.

8) He told the panel that he would remain as a voluntary patient.

THE NATURE AND DEGREE OF THE MENTAL DISORDER:
1) As to the nature of the mental disorder, the patient's illness appears to be a chronic illness which has persisted for some time.
2) It is unclear as to the patient's response to treatment as yet.
3) Mr. Cordell told the panel that he did not take the psychotropic medication prescribed following his last discharge in **2016**.
4) The clinical team have sought the first recommendation for Section 3 and intend to commence treatment with psychotropic medication in due course.
5) Mr. Cordell displayed no insight into his mental health difficulties and sought to minimise his actions prior to the current admission.
6)As to the degree of the mental disorder, the patient's evidence **6.1)** was tangential; **6.2)** Guarded; **6.3)** clear thought disorder.
7) Dr Greensides told the panel that he had looked at Mr. Cordell's website which indicated the presence of thought disorder.
8) The panel asked Mr. Cordell about a telephone conversation with Mr. Appadoo which is detailed in the social circumstances report; the patient is alleged to have used foul and threatening language throughout the conversation.
9) Mr. Cordell did not dispute the telephone conversation and sought to minimise his actions stating that the content was out of context.

10) He was unable to contain his thoughts on the question posed as to whether, reflecting on the matter now, he thought his response was inappropriate.
11) The nursing evidence in contrast to the panel's observation, indicated that the patient has not exhibited any psychotic symptoms.
12) On a positive note, there has been some improvement in the patient's presentation overall as he is no longer challenging, irritable or confrontational.
THE DETENTION IS JUSTIFIED IN THE INTERESTS OF THE PATIENT'S HEALTH, SAFETY AND THE PROTECTION OF OTHERS
As to the patient's health, the professional evidence indicated that: -- **1)** Psychotropic medication is to be commenced and the patient's response to treatment is to. be monitored.
As to the patient's health, the professional evidence indicated that: -- **2)** The clinical view is that a period of treatment is now required to address the patient's psychotic symptoms.
As to the patient's health, the professional evidence indicated that: -- **3)** The clinical view is that the patient is unlikely to engage as an informal patient and a previous attempt at treating the patient in the community was unsuccessful.
As to the patient's health, the professional evidence indicated that: -- **4)** As to the patient's safety, there is historical information that Mr. Cordell has attempted to self-harm in the past.

This is not a current concern.

As to the patient's health, the professional evidence indicated that: --

5) Mr. Cordell's difficulties at his accommodation may pose a risk of eviction.

5.1) However, further clarification is required during the period of the assessment on this point.

As to the patient's health, the professional evidence indicated that: --

6) There is a potential risk of retaliation from others when he is behaving aggressively towards others.

<u>As regards the protection of others: --</u>

7) Mr. Cordell has entrenched and longstanding views and there have been incidents of aggression involving his: --

7.1) Neighbours;

7.2) Council officials, and;

7.3) The police prior to admission.

<u>As regards the protection of others: --</u>

8) He showed little capacity for self-- reflection or remorse during his evidence when he was questioned about his telephone interaction with Mr. <u>Appadoo</u>.

<u>As regards the protection of others: --</u>

9) We note that the allegations of physical and verbal altercations with his neighbours were relied upon to obtain an order for an injunction as recently as the 9.1.**2018** which was later discharged in July **2018** due to the patient's lack of capacity to understand the conditions of the injunction due to his psychotic illness.

<u>OUR CONCLUSIONS</u>

1) We accept the clinical evidence as to the nature arid degree of the mental disorder.

2) We have no doubt that there is some element of neighbour's dispute;

3) However, Mr. Cordell's response to such triggers appears to be rooted in a mental disorder which will need to be assessed during this admission.

4) We also accept that the detention is justified in the interests of the patient's

4.1) Health,

4.2) Safety

4.3) Protection of others for the reasons set out above.

EXERCISE OF DISCRETION

1) There were no special features of this case which persuaded us to exercise our discretion to discharge.

STATUTORY CRITERIA

1) The grounds and statutory criteria are satisfied. The section is upheld.

Hand Type of Summery of Notes! Simon arrested on 15/08/**2016** on suspicion of threats to kill neighbours & children!

Summary of assessment

Patient's name: Simon Cordell Date of assessment: 16/8/16

1. Referral details and any other precipitating factors

Simon arrested on 15/8 on suspicion of threatening to kill his neighbours and reportedly children. He was seen by FME at Wood Green PS who requested MHA and he was assessed by two psych. & MHP on 15/8 – two med. recs. completed but AMHP unable to complete application as he had absconded at the time.

2. Relevant social and medical history

Some years back on informal admission to psych hosp. More recently unknown been CPN but seems not to have been successful in gaining client engagement. MHA assess in Jan 16 & Feb 16 – no admission. Lives alone with dog. Supported by brother. Has other family also living locally.

3. Record of interview with patient (including where it was conducted who was present and use of police if required during process)

Client seen – interview room at Wood Green PS. Police officer stood outside the door he was polite & cooperative throughout. He spoke quickly about a wide range of subjects and topics – variable focussing as his pleas & volunteering as well as past achievements eg in organising raves/clubbing. Some of what he said seemed quite unrealistic at times but I was able to stay close to him although he seemed disappointed was not angry or aggressive. He spoke in what I felt was a persecutory way about how he feels harassed & "set up" by police. He denied making any threat against neighbours but this was not what he has negative feelings towards neighbours & would try to avoid him if by passing based inside.

4. Assessment of risk to patient and/or to others

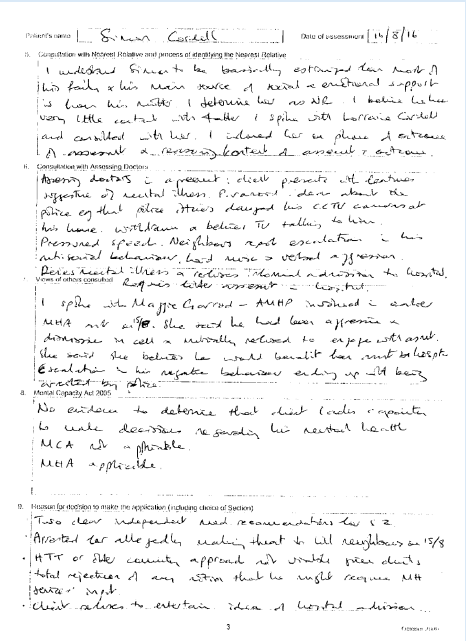

Although known disorder manifest, police have arrested him for threatening to kill neighbours on 15/8.

Patient's name: Simon Cordell Date of assessment: 16/8/16

5. Consultation with Nearest Relative and process of identifying the Nearest Relative

I understand Simon to be basically estranged from much of his family & his main source of social & emotional support is from his mother. I determine he as NR. I believe he has very little contact with father. I spoke with Lorraine Cordell and consulted with her. I advised her on phase 1 of assessment & process & content & assessment & outcome.

6. Consultation with Assessing Doctors

Assessing doctors in agreement: client presents with features suggestive of mental illness. Paranoid ideation about the police eg that police officers destroyed his CCTV cameras at his home. Withdrawn & believes he is talking to him. Pressured speech. Neighbours report escalation in his anti-social behaviour, hard music & verbal aggression. Poss mental illness & refuses informal admission to hospital. Views of others consulted: Requires wider assessment in hospital.

I spoke with Maggie Gerrard – AMHP involved in earlier MHA not at this. She said he had been aggressive & dismissive in call & reluctantly refused to engage with assmt. She says the behaviour he would benefit from assessment in hospital. Escalation in his negative behaviour ending up with being arrested by police.

8. Mental Capacity Act 2005

No evidence to determine that client lacks capacity to make decisions regarding his mental health. MCA not applicable.

MHA applicable.

10. Reason for decision to make the application (including choice of Section)

Two clear independent med recommendations for s 2

Arrested for allegedly making threat to kill neighbours on 15/8

HTT or ESK currently approved with variable presentations, total rejection of any notion that he might require MH assessment.

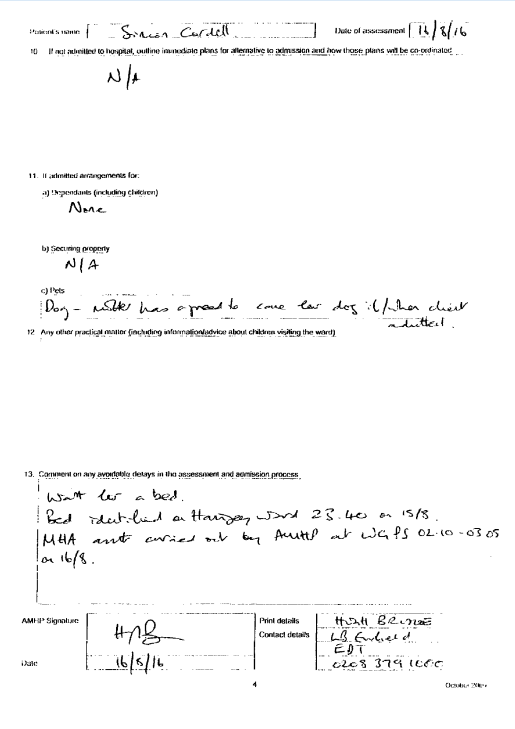

Client refuses to entertain idea of hospital admission.

	(8) <u>16/08/2016,</u> **<u>Getting illegally</u>** Taken to saint Ann's hospital! **<u>On the 16th August 2016</u>** **I remember: -** Getting taken to saint Ann's hospital, with me telling them involved; Stop, No, do not do this to me, I am off; well mind, and body and soul and I have hurt no person, including myself. I got petrified, by their decisions. On the **16/08/2016** at the police station a single Amp worker visited me, I got detained at the police station for about 28 hours. The time was around 03:30 hours, he took me on his own and said that I was to get moved to St Ann's hospital at around 04:00 hours, when I asked why he replied by saying to me, that he was going by what the two previous doctors reported to him, I explained the true on goings at to him and continued to explain to him that I already have a complaint against the same Doctor prior to this incident and it makes the Doctor Bios and Prejudice towards any case relating to myself and that this should not get allowed to happen, he knew, that I was well of mind, but this got noted by him, with no change in his decision. To get assessed under the mental health act I would have needed to get spoken to by two different doctors present at the same time this must also be in the substance of an interview with an AMP worker	**8)** On the ****/**/20**** it is said that

	present “as to mean out of my cell”, this never got done, I never got taken out of the police cell and spoken to by two doctors or even asked if I would speak to the doctors and an AMP worker. The police and doctors at this stage illegally, kept me in detention for over 20 hours in a police cell waiting for my solicitor, so I could have my interview. I never saw my solicitor in all the time I got illegally, held captive, I only spoke to a solicitor once on the phone at my request and this got achieved after 20 hours of being a police station detainee, wrongfully, might I add. I got taken from the police cell at around 3 to 4 am on the 16th August **2016** and taken to St Ann’s hospital, after being held in the police station from the **14th August 2014** and still I had not got assessed or seen by Two doctors outside of the cell and an Amp worker together, as required by law. After arriving at St Ann’s Hospital at around 5:30 am the SHO duty doctors see me alone. In me trying to explain to her that I was not a danger to myself or any other person and that the allegations were wrong for threats to kill against myself and that I was being detained for no apparent reason. While waiting for a room in the hospital after being spoken to by the SHO, a gentleman awoke from his room and walked into the communal area to where I was, he plonked himself on the pool table I said hello to him, he seemed overdosed on medication to my concern, he became over abusive in my presents towards the staff and soon after other patients appeared in the communal room awaiting to go in the garden, I soon after getting introduced to my room and dropped off to sleep, I awoke for lunch and dinner and latter toast. Not one, neither two doctors were present. When I got **transfer**red, illegally, too St Ann’s Hospital I spoke to no one other than a single duty SHO with a nurse present. In reference towards my mental stability I have never had to take any medication that got prescribed to myself by my local GP /doctor regarding Mental Health issues as there has been none need, however since I got completely, setup on the	

	14th August 2016 by Carron Dunno I then got forced to take medication. From the first day of my arrival at the hospital while being in the mental health team's care, medication was on a daily, basis, to get forced upon myself to get taken in tablet form by the home Teams Medical Professional. I had to deceive the doctors that I took them for them not to fry my brain with unneeded medication, or they said that I would never go back home again, they tried to force psychotic drugs and Antidepressants into me. After me, waking up from going to sleep in the early hours of the **16th August 2016** at St Ann's Hospital I had still not legally, gotten assessed. I woke up at 06:00 pm as I feel to sleep at about 9:00 am and ate my lunch and so forth. Soon after I used the toilet and then damaged my fingers at around 6:30 pm when I asked for medical help, I needed I did not get treated correctly? When I showed the staff on duty that I needed emergency medical help, I got told to wait for an Hour and soon learnt that 7:30 would be the time of staff change over. I explained what had happened to the next shift around 8:00 pm who then explained to me, I need to wait for from the doctor the next day. When I got released from hospital, the Laceration had 95% healed and I still have no movement, off my finger to date, so I started to studding about the damage to my left finger I learnt I had cut the function of the extensor digiti minimi, which controls the movement off the little finger. This lack of movement in my finger is because when the muscle moves, it forces the little finger to bend and stretch. Sudden or unexpected movement of the finger or trauma to the finger can easily, damage the muscle as any doctor should understand. I tried my best to keep traction in my finger so to keep the little finger from not moving again but this never helped me. Till date, I have still got no movement, and the Lacerations was 2 cm in width and slowly, healed well, the Laceration had got contained along the proximal phalanges which is the bones that can get found at the bottom of the right-	

	hand finger, this problem causes me great concern as I am now disabled by it not being treated, and in disappear that I will never regain the use of my little index finger. On the **16th August 2016** I also got asked to provide blood for my sugar levels and to take part in my temperature test I explained I got happy, for this to get done and it got completed by the doctor. I got weighed in, so I do not understand why latter the doctors, stated in their reports that I never allowed the tests to get carried out. The doctor asked me to take an ECG test on this date and allowed permission for it to get granted and it went ahead, the latter in the evening I waited outside the locked staff room to speak with staff again about my finger, when I noticed a gentleman who I saw for the first time earlier in the day, he placed himself on top of the pool table. I said hello to him, and he verbally, bit my head off by shouting at me; do I know him and continued to say the following; do not talk to him, he wanted to challenge me in an intimidating manner, so I never reduced myself to his level, I clearly remember that he threatens me. Another inpatient walked over to me and showed me his own ear while this had gone on, in looking at his ear I noticed a vast amount of physical damage that required previous medical treatment, it contained a lot of stitches and was wiping from being so badly, damaged and the weather being hot. The pain, with his ear, hurt, this is what he explained to me, he continued to explain that the gentlemen now arguing with me had been the person who attacked him and further warned me to be very careful of him. I felt, so sorry for him and could clearly see his pain, he continued to explain to me that I must take caution, due to the other men's rings on his hand, as this caused the damage to him, by this time the hospital's staff took a control over the well medicated man and took him away from us all, I then walked back into my room. **(9) <u>26/10/2016,</u>** **<u>Getting wrongly detained while Working on my report in the;</u>**	**9)** On the ****/**/20**** it is said that

Interview with Patient

Simon feels he is in hospital because the police have "falsified" a report that led to him being kept on a curfew for years.

He proceeded to talk at length about circumstance that led him to be charged for handling of stolen goods and suspicion of burglary in **2013**. He believes the case was handled poorly and is sure the police were conspiring against him. "The abuse of process by the civil service was unreasonable".

Following this he reports being placed on a 2-year injunction and a 5-year curfew. He feels this has led to a breakdown in a 13-year relationship he had. He also reports this affecting his company -a community interest company he started up. At one-point Simon also mentioned the police targeting him for holding

	large parties that he was adamant were not hosted by him. Simon reports owning a couple of local festivals and talks about engaging with multiple charities helping children. He says he had to stop this as police were harassing him in front of the children. He alleges to own his own company, his own paper and has just bought his own book maker for 70000 pounds. He also reports having 180000 friends on Facebook due to all his free parties. When asked about his neighbours Simon said he believes his neighbours have been making up complaints about him. “My neighbours are calling up the police after forging the paperwork." He feels that his neighbours have been attacking him and reports feeling anxious in his house. Simon says he “kept writing to the police saying please can you protect me”. He does not think he is unwell and does not think he has a mental health problem. He admits he might be elevated but he believes this is a constructive state. Simon reports not being compliant with any of his medication at any point. He is refusing to take any medication during this admission. “I’ve spent thousands of pounds showing you my brain, me being alert saves lives.” Simon would like to appeal his section and feels that by keeping him in hospital we are breaching his rights. “Physical or mental suffering amount to torture” Reports sleeping, eating and drinking well. Later suggested this may not be the case stating “In the night time when my neighbours are asleep that’s the best time for working”. Personal Hx: Born at? Chase farm hospital (previous entry on Rio NMUH), normal delivery. Was bullied at school by a female pupil. “I have loads of qualifications. My management system is my qualification - motor trade, gas laying, paving lay, I understand the formation of companies, my English is at 92%” Family Hx: Has one brother and sister - he is the oldest brother. Parents recently broke up. He sees his parents regularly. Denies any issues with his father.	

	His grandmother had some psychotic problems/depression after his grandfather passed away. Rio notes report his maternal grandmother had BpAD/later changed to Schizophrenia, detained formally multiple times, responded well to **Clozapine.** **Social:** Works from home currently. Does 9-10-hour shifts building, his website. Previously has had multiple different jobs including working at a market and brick laying. Has a new baby on the way with Katy - due to get married soon? From Rio - "Enfield Council will be seeking possession of SC's flat via the courts. Lemy stated that in a recent court case the judge recommended that Enfield Council re-house SC on the proviso that he engages with the MH Team" **Forensic Hx:** Reports being linked to 500 cases but he has won every one. Says these are all linked to driving offences. From Rio - **2015**- 5y ASBO for organising illegal raves- not allowed to enter industrial or disused premises between 10pm and 7 am. CARE COORDINATOR

51. This is only the second time meeting Simon.

There have been issues with reports he is assaulting other residents in his council accommodation.

NURSING REPORT

52. Appears paranoid on the ward.

INTERVIEW WITH PATIENT

53. Simon appears very agitated and vocal and is keen to put across his opinion that he has been illegally detained.

54. Simon reports issues with police actions in regard to not giving him the ASBO folder properly - this was left outside instead of giving it to him directly. Simon continued to explain other problems with the police's treatment of him. This includes the metropolitan police having placed a photo of Simon in a folder in regard to a party he had no involvement with. He denies being involved in any of the parties mentioned in the ASBO. Simon spoke at length about the injustices surrounding his placement on curfew and the ASBO order.

55. He describes how on multiple times doctors have tried to assess him under the MHA and he has explained to them at each time the situation with the police. He was once placed under a section 2 and was able to appeal his section.

56. Simon reports the neighbours ***(11*** floors up) trying to deliberately disturb him by making a lot of noise and flushing the toilet multiple times. He feels they want him to get distressed and go upstairs to address them. They have been doing this over the last 4 years and are doing this throughout the day. From Simons flat you can even hear them talking - there is apparently very poor sound proofing.

57. Simon has described a council official as having forged statements and falsely accusing him of threatening his life. Simon reports that he is being assaulted by his neighbours as is his

partner's small child. He feels the stress from this situation may have been linked to his partner's miscarriage. Simon denies any acts of antisocial behaviour, even in retaliation. At every point where he approaches the upstairs neighbours, he states he calls the police to ask then to "protect" him.

58. In regard to the recent arrest, he reports the police attended due to a fraudulent call from the neighbours. The police tried to hand him a breach of harassment order which Simon ripped and spat on the paper. The police officer then yelled that he had spat on her. He was then arrested for assault to a police officer. This charge was dropped in the police station, and he was referred for an MHA.

59. Simon is currently on benefits. He reports the expensive hardware he owns (e.g. 70000-pound bookmaker) he buys broken and second hand cheaply and fixes them. Simon works from home. He built a new model constitution – a community interest company which was a charity farm.

COLLATERAL INFORMATION:

60. His mother and uncle would like MHS to stop referring to Simon reporting the police as being prejudice against him as delusional - they believe this can be proved (showing photos of his company truck and hardware).

61. Simon's mother is very upset that doctors have submitted reports stating that he is delusional and grandiose. They feel the AMHP report is grossly inaccurate.

62. Simon's uncle is also upset that the MH team would not provide Simon with a letter to assist with his housing situation.

63. They explain that the reason Simon has not be prosecuted for the complaints made by the neighbours is because each time Simon is able to "prove his innocence" directly to the police.

64. Simon's mother believes he is very stressed due to the conditions of the ASBO and his

neighbours disturbing him.

65. His uncle would like us to check the website that Simon has set up to highlight the injustices against him “horrificcorruption.com”. (other websites mentioned by Simon include the Wayback machine and TooSmooth)

	CORDELL, Simon P (Mr) Present: Dr Greensides (consultant), Dr Elia (ST6) Dr Bruce (FY2) MHA: Section 2 Interview with Patient Simon confirms his problems began in **2013**. He moved into his premises in **2013** - there was evidence of CO poisoning in the flat and all the boiler systems and alarms had to be replaced. Simon has been held on curfew for a long time for organising a party and? wrongly accused of damaging the premises. Also was accused of burglary and handling of stolen goods - he was found innocent on both accounts. Simon reports having had a "relationship" with his current partner Katy for the last ?20 years. She has a son from a previous relationship. The problems with the neighbours have been going on for 4 years now. Simon is concerned about his neighbours, in particular to how their behaviour might affect their child. 6 flats in total in his council building - the neighbours that are problematic are 2 floors above Simons. These particular neighbours bang on the water pipes, stamps on the floor (these echoes through the flat between) - this happens first thing in the morning and goes on through the day. Simon believes his neighbours sit in their flat eavesdropping on Simon's whereabouts. When he enters the bathroom, they enter their bathroom and flush the toilet a lot. Simon has Video and Audio recordings throughout his flat in order to prove his innocence. There is a husband and wife living there as well as a new born baby. Simon reports he can here this family talking but he can't make out what they are saying - he denies them saying anything negative about him "they've never spoke to me". Simon has personal information about his neighbour which he feels is proof of? tax evasion - he reports the family own 50 houses in the UK. The neighbour has changed their surname in order to accommodate some scheme to avoid? tax - Simon reports he has "100% evidence" that this is true and feels it is relevant to him because of how they are treating him. Simon believes what the neighbours are doing is a hate crime.	

	Simon denies ever having felt like the TV was talking to him or that the council was advertising his information. Simon does feel his personal information is being advertised somehow - friends have approached him and have information about him he believes can only have come from secure computer systems. Simon is not concerned about his tenancy at the moment - he states he has recordings that prove his innocence. Simon is aware the council has told him to stay away from his neighbours - since this time he states he hasn't approached his neighbours. He wants to publish a book about what has been going on. Simon does not appear to accept that he has become fixated on this issue. Simon does not think his problems with his neighbours are in any way due to him having a mental health problem. Simon wouldn't like to take medication as he doesn't feel he needs it and is concerned medication may impact his ability work. He is particularly concerned that the medication will "dope him out". Simon states he has a good family support network. He is happy to see the ward psychologist. Simon has been informed that a referral to a forensic psychiatrist who may want to visit him on the ward. <u>Impression:</u> Presenting with persecutory delusions. Limited insight. Not currently deemed to be a risk to himself or others. Could be at risk of losing accommodation if continues untreated. <u>Plan:</u> For Section 17 leave 1. He has been known to CAMHS service in the past and to Adult Mental Health Services since **2014**. However, he has not been engaging with the services in recent years despite numerous	**23)** On the ****/**/20**** it is said that

attempts from mental health teams.

2. Mr Cordell become significantly unwell in mental health in **2014.** He deteriorated significantly in mental state but he refused engage with mental health service and declined to take medication. Consequently, he had to be detained under Section 2 of MHA in **2016.** He was treated with medication (Olanzapine) during the admission but soon after discharge he stopped taking his medication. He continued to be seen by Early Intervention service following a discharge, but he continued to refuse any treatment for his condition. This led to further deterioration in mental health. When Mr Cordell is unwell, he presents with persecutory delusions about his neighbours, council staff and the police. As a result of paranoid beliefs, he becomes more aggressive and threatening especially towards neighbours. From **2016 to January 2018** there were numerous complaints from neighbours reported about Nr Cordell's acts of harassment and antisocial behaviour. This led to an interim injunction order (harassment order) to be issued against Mr Cordell, at the Edmonton County Court, in **January 2018.** Mr Cordell breached the order on multiple occasions. It has been reported that his neighbours have been assaulted, harassed and have received threats from Mr Cordell. In addition, Mr Cordell disengaged with EIS.

3. In **April 2018** further deterioration in mental health was observed when he contacted the police and complained about the neighbours making noise. EIS team was contacted, and they offered to review Mr Cordell but he refused to work with them again.

4. On the 1st of June he was arrested for harassing his neighbours and breaching the injunction order against him. He threatened his neighbour who was at the time with her two children that he

- will kill her and her children " You fucking bitch, I have a bomb for you, I will get in your block, kill you and your children At that point, EIS stated that he has gone beyond EIS three year treatment period and therefore they referred his case to Enfield North Locality Team in **June 2018.** During the period of next few months (from **June 2018 until October 2018** - they were reported numerous accounts of harassment and assaults to his council on his neighbour) Mr Cordell has continued to harass his neighbours and has refused to engage with mental health services. Few neighbours already moved out from their flats due to Mr Cordell's aggressive behaviour and Enfield Council decided to seek possession of Mr Cordell's flat via the courts. In a recent court case, the judge recommended that Enfield Council re-house Mr Cordell on the proviso that he engages with the MH Team. However, he failed to do that.

5. In **October 2018**, Mr Cordell was physically aggressive towards another service user who lives in the same building as him. Mr Cordell took him by the throat and left him feeling unable to walk around on the floor or even flush his toilet chain for fear of sparking another altercation (with no basis) about excessive noise.

6. This triggered a safeguarding process and Enfield Adult North Locality Team decided to organise MHA assessment as Mr Cordell refused to engage with them.

7. Consequently, he was referred for MHA assessment on the **17th of October 2018.** Enfield Adult North Locality Team agreed that he is at risk to others and his behaviour could also put him at risk from others. Application for 135(1) was made however a judge found insufficient evidence presented for a warrant. He was referred to a forensic sector following this event.

8. On the **25th of October** he was arrested as the police were called to his flat regarding him breaking a harassment order and that day, he allegedly assaulted the police who attended by

spitting. Consequently, he was taken to Wood Green police station. He was found to be thought disordered with grandiose and persecutory delusions, hypomanic with flight of ideas and pressured speech. Therefore, MHA assessment was organised. He was detained under section 2 of MHA and admitted to Dorset ward, Chase Farm Hospital on the **25th of October 2018.**

9. Mr Cordell explained that the police were conspiring with medics and the council to silence him as he had uncovered police corruption. He also said his neighbours two floors above were controlling the neighbour below them and caused them to stamp on the floor and disturb him. It was reported that he appeared to lack insight into his presentation as he did not believe he was mentally unwell and was adamant to see a psychiatrist for treatment.

MENTAL STATE EXAMINATION ON ADMISSION

10. Mr Cordell is 37-year-old male, mixed origin, slim build. He was wearing casual and dirty clothes. He engaged in conversation and made eye contact throughout. He was calm and polite during the interview; no aggression was observed but did become mildly restless at points. The conversation was one sided with Mr Cordell keen to talk. He presented with pressured speech and flight of ideas. Mood, subjectively he described as "fine, a bit elated", objectively he was elated. Thoughts: He presented thought disordered with tangential thinking, grandiose and persecutory delusions. He was oriented to time, place and person. He presented with poor insight - does not want any medications, he does not believe that has a mental health disorder.

87. On **15th March 2018** it is alleged that you swore, shouted and assaulted one of you neighbours in front of his wife and his 3 years old child.

88. On **1st May 2018,** you attended the Edmonton County Court as there was a hearing listed in relation to an injunction. It is alleged that you started shouting abuse, swore and make threats to two of the Claimant's employees (Lemmy Nwabuisi, ASB officer and Balbinder Kaur Geddes, lawyer) and to one of your neighbours who attended Court to give evidence. You also swore at a judge. These incidents were witnessed by members of staff working at the Court.

89. On **29th May 2018,** it is alleged that you attended one of your neighbours' properties; you took your dog with you and waited by their front door. 94. On **12th September 2018** at about 3.50pm, you called one of your neighbours on his mobile phone using a private number. It is not known how you obtained his number, but he terminated the call. You called again using the same private number,

but he terminated the call as soon as he heard your voice. You called repeatedly after that.

95. On **24th September 2018** at about 11.30am, one of your neighbours returned home from dropping her daughter at school and as she entered their block of flat, she noticed that the middle door on the ground floor was open as well as your front door. As she went up the stairs to their second floor flat, your dog came out of your flat and started barking at her. The neighbour had to run up the stairs to her flat to escape from the dog. 99. On the 25th of October he was arrested for breaching the injection order and spitting at the police officer on arrest.

Treatment and progress on the ward

100. On admission to Dorset ward, Mr Cordell presented elated, mildly irritable and thought disordered. On arrival to the room, he remained calm and polite. He started the conversation by asking for duty doctor’s name, which he wrote down on a paper. He then stated he has been detained here illegally because they think he is grandiose. He then went onto give the duty doctor a timeline of events which were largely related to the police and his connection with mental health services. In summary, he holds paranoid ideas that the police have charged him 'in illegal ways'

for an ASBO for 'organisation of illegal raves. This has led to several on-going issues with the police who have involved mental health services, and it is a conspiracy against him.

101. He states he wasn't assessed properly by doctors today **(25/10/18)** and that the doctors who saw him today **(25/10/18)** have previously tried to section him and 'failed' because he has 'video recordings' to prove he is innocent. He referred to multiple acts and dates which apparently are being broken by keeping him here.

102. He states he has several businesses that the police have tried to stop, including 'owning festivals' and his website called 'horrific corruption' and associated newsroom which he uses to expose police and doctors who are working in illegal ways. He states he has 'been wronged 78 times by the police' and will 'expose all of the doctors and police' involved.

103. He spoke about being a 'privileged member of the community' and has never tried to hurt anyone. He reports the police have framed him in a 'sex scandal' and caused multiple issues. He described a negative relationship with neighbours and states that they bang from above continuously. He states a previous partner was pregnant and the neighbours banging led to the

- baby being lost.

104. He denies having a mental health illness and states he will get out of here once he has his laptop containing video graphic proof and was requesting a tribunal. During the course of the conversation, he refused to acknowledge he has been sectioned and was adamant he would be able to leave but was not forceful or physically attempting to leave.

105. When he was seen by ward doctor on the **26th of October** Mr Cordell feels he is in hospital because

the police have “falsified” a report that led to him being kept on a curfew for years.

106. He proceeded to talk at length about circumstance that led him to be charged for handling of stolen goods and suspicion of burglary in **2013.** He believes the case was handled poorly and is sure the police were conspiring against him. “The abuse of process by the civil service was unreasonable”.

107. Following this he reports being placed on a 2-year injunction and a 5-year curfew. He feels this has led to a breakdown in a 13-year relationship he had. He also reports this affecting his company -a community interest company he started up. At one-point Mr Cordell also mentioned the police targeting him for holding large parties that he was adamant were not hosted by him.

108. Mr Cordell reports owning a couple of local festivals and talks about engaging with multiple charities helping children. He says he had to stop this as police were harassing him in front of the children. He alleges to own his own company, his own paper and has just bought his own book maker for 70000 pounds. He also reports having 180000 friends on Facebook due to all his free parties.

109. When asked about his neighbours Mr Cordell said he believes his neighbours have been making up complaints about him. “My neighbours are calling up the police after forging the paperwork.” He feels that his neighbours have been attacking him and reports feeling anxious in his house. Simon says he “kept writing to the police saying please can you protect me”.

110. He does not think he is unwell and does not think he has a mental health problem. He admits he might be elevated but he believes this is a constructive state.

111. Mr Cordell reports not being compliant with any of his medication at any point. He is refusing to take any medication during this admission. “I’ve spent thousands of pounds showing you my brain, me being alert saves lives.”

112. Mr Cordell would like to appeal his section and feels that by keeping him in hospital we are breaching his rights. “Physical or mental suffering amount to torture”

113. He reports sleeping, eating and drinking well. Later he suggested this may not be the case stating, “In the nighttime when my neighbours are asleep that’s the best time for working”.

114. Impression was that he presented with paranoid and grandiose delusions with significant mood component. In view of long-term symptoms this is most likely consistent with a schizoaffective disorder. He does not currently have capacity for treatment or admission.

115. He settled in over the weekend, personal hygiene remained poor, smell of cannabis on him was noticed.

116. On the **29th of October 2018** when he was seen by a nurse, he was irritable and quite hostile. He was

- on the phone to his relative, complaining about police and claimed to be falsely accused.

117. On the 29th of October Formulation meeting was held:

CARE COORDINATOR ‘S FEEDBACK

118. This is only the second time meeting Simon. There have been issues with reports he is assaulting other residents in his council accommodation.

NURSING REPORT

119. He appears paranoid on the ward.

INTERVIEW WITH PATIENT

120. Mr Cordell appeared very agitated and vocal and was keen to put across his opinion that he had been illegally detained.

121. Mr Cordell reports issues with police actions in regard to not giving him the ASBO folder properly - this was left outside instead of giving it to him directly.

122. Mr Cordell continued to explain other problems with the police's treatment of him. This includes the metropolitan police having placed a photo of Mr Cordell in a folder in regard to a party he had no involvement with. He denies being involved in any of the parties mentioned in the ASBO.

123. Mr Cordell spoke at length about the injustices surrounding his placement on curfew and the ASBO order.

124. He describes how on multiple times doctors have tried to assess him under the MHA and he has explained to them at each time the situation with the police. He was once placed under a section 2 and was able to appeal his section.

125. Mr Cordell reports the neighbours (72 floors up) trying to deliberately disturb him by making a lot of noise and flushing the toilet multiple times.

126. He feels they want him to get distressed and go upstairs to address them.

127. They have been doing this over the last 4 years and are doing this throughout the day.

128. From Mr Cordell's flat you can even hear them talking - there is apparently very poor sound proofing.

129. Mr Cordell has described a council official as having forged statements and falsely accusing him of threatening his life.

130. Mr Cordell reports that he is being assaulted by his neighbours as is his partner's small child. He feels the stress from this situation may have been linked to his partner's miscarriage. Mr Cordell denies any acts of antisocial behaviour, even in retaliation.

131. At every point where he approaches the upstairs neighbours, he states he calls the police to ask then to "protect" him.

132. In regards to the recent arrest he reports the police attended due to a fraudulent call from the neighbours. The police tried to hand him a breach of harassment order which Mr Cordell ripped and spat on the paper.

133. The police officer then yelled that he had spat on her. He was then arrested for assault to a police officer.

134. This charge was dropped in the police station, and he was referred for a MHA.

135. Mr Cordell is currently on benefits.

136. He reports the expensive hardware he owns (e.g. 70000-pound bookmaker) he buys broken and second hand cheaply and fixes them.

137. Mr Cordell works from home. He built a new model constitution - a community interest company which was a charity farm.

COLLATERAL INFORMATION

138. His mother and uncle would like mental health service to stop referring to Mr Cordell reporting the police as being prejudice against him as delusional - they believe this can be proved (showing

- photos of his company truck and hardware).

139. Mr Cordell 's mother is very upset that doctors have submitted reports stating that he is delusional and grandiose.

140. They feel the AMHP report is grossly inaccurate.

141. Mr Cordell 's uncle is also upset that the mental health team would not provide Mr Cordell with a letter to assist with his housing situation.

142. They explain that the reason Mr Cordell has not be prosecuted for the complaints made by the neighbours is because each time Mr Cordell is able to "prove his innocence" directly to the police.

143. Mr Cordell 's mother believes he is very stressed due to the conditions of the ASBO and his neighbours disturbing him.

144. His uncle would like us to check the website that Mr Cordell has set up to highlight the injustices against him "horrificcorruption.com". (other websites mentioned by Simon include the Wayback machine and TooSmooth.co.uk).

145. Impression was that Mr Cordell was unstable in mental state and behaviour. He presented with persecutory delusions and possibly auditory hallucinations.

146. Plan was:

a. Requires further review of notes

b. Liaise Enfield council re plans for housing - ask Rosie for input

147. Following the formulation meeting he presented very grandiose - showing staff and peers his website and that he has '20,000 emails and 500,000 phone contacts'. He seems elated and keen to get his message across.

148. Dr Timothy Rogers e-mailed Dr Greensides on the 30th of October 2018 as Mr Cordell was referred to a forensic sector prior MHAA and wrote that he has terrorised their patient (who lives above him) including one occasion taking him by the throat and left our patient feeling unable to walk around on the floor or even flush his toilet chain for fear of sparking another altercation (with no basis) about excessive noise.

149. Mr Cordell was reviewed on the 31st of October 2018 by Dr Greensides (Consultant psychiatrist), Dr Elia and Dr Bruce:

150. Mr Cordell confirms his problems began in **2013**. He moved into his premises in **2013** - there was evidence of CO poisoning in the flat and all the boiler systems and alarms had to be replaced.

151. Mr Cordell has been held on curfew for a long time for organising a party and? wrongly accused of damaging the premises. Also was accused of burglary and handling of stolen goods - he was found innocent on both accounts.

152. Mr Cordell reports having had a "relationship" with his current partner Katy for the last ?20 years. She has a son from a previous relationship.

153. The problems with the neighbours have been going on for 4 years now. Mr Cordell is concerned about his neighbours, in particular to how their behaviour might affect their child. 6 flats in total in his council building - the neighbours that are problematic are 2 floors above Mr Cordell's. These

154. particular neighbours bang on the water pipes, stamps on the floor (this echo through the flat between) - this happens first thing in the morning and goes on through the day.

155. Mr Cordell believes his neighbours sit in their flat eavesdropping on Mr Cordell's whereabouts. When he enters the bathroom, they enter their bathroom and flush the toilet a lot. Simon has Video and Audio recordings throughout his flat in order to prove his innocence. There is a husband and wife living there as well as a new born baby. Mr Cordell reports he can hear this family talking but he can't make out what they are saying - he denies them saying anything negative about him "they've never spoke to me".

156. Simon has personal information about his neighbour which he feels is proof of? tax evasion - he reports the family own 50 houses in the UK. The neighbour has changed their surname in order to accommodate some scheme to avoid? tax - Mr Cordell reports he has "100% evidence" that this is true and feels it is relevant to him because of how they are treating him. Mr Cordell believes what the neighbours are doing is a hate crime.

157. Mr Cordell denies ever having felt like the TV was talking to him or that the council was advertising his information. Mr Cordell does feel his personal information is being advertised somehow - friends have approached him and have information about

him he believes can only have come from secure computer systems.

158. Mr Cordell is not concerned about his tenancy at the moment - he states he has recordings that prove his innocence. Simon is aware the council has told him to stay away from his neighbours - since this time he states he hasn't approached his neighbours. He wants to publish a book about what has been going on. Simon does not appear to accept that he has become fixated on this issue.

159. Mr Cordell does not think his problems with his neighbours are in any way due to him having a mental health problem. Mr Cordell wouldn't like to take medication as he doesn't feel he needs it and is concerned medication may impact his ability work. He is particularly concerned that the medication will "dope him out".

160. Mr Cordell states he has a good family support network. He is happy to see the ward psychologist.

161. Mr Cordell has been informed that a referral to a forensic psychiatrist who may want to visit him on the ward.

162. Impression was that he presented with persecutory delusions and poor insight into his condition.

163. Not currently deemed to be a risk to himself or others.

164. He could be at high risk of losing accommodation if continues untreated. Plan was:

- **a.** For Section 17 leave
- **b.** No medication at present

165. Refer to ward Psychologist - Dr Patkas

. He has terrorised our patient (who lives above him) including one occasion taking him by the throat and left our patient feeling unable to walk around on the floor or even flush his toilet chain for fear of sparking another altercation (with no basis) about excessive noise.

1. Mr Cordell suffers from a mental disorder, the symptoms of which at present are persecutory delusions, grandiose beliefs and attitude. In addition, he also presented thought disordered with circumstantial thinking. Probably he has been experiencing auditory hallucinations too. His condition is complicated by poor insight into his mental health illness and substance misuse.
2. This illness is currently of a nature and degree to warrant detention under section 2 of the mental health act.
3. Without this there are risks to his health, principally mental health which is likely to continue to deteriorate without intervention. He is also at high risk from being evicted from his current accommodation which could put his mental and physical health at significant risk. His safety is compromised by possible retaliation from others when he is behaving aggressively towards other people. As well as the safety of others as he was aggressive to his neighbours, council employees and police prior to admission.
4. This cannot be carried out in the community as he has limited insight and refuses intervention, tried for a number of years and failed.
5. Should he be discharged then he will be referred to the HTT but is not likely to engage.
6. Tribunal need no special arrangements to accommodate Mr Cordell.

We went through what I had gotten accused of when first getting detained to hospital, which is: -- **1.** Mr. Cordell is known to psychiatric services but has not engaged with them in recent years. **Reply: --** This information is undermining towards the defamation of the definition of my character and influences a person beliefs into believing that I have gotten treated under the Mental Health Act 1983 as a person who has been diagnosed with a mental illness, to which I have not and to further my issues of raised concern it continues to state that I have not then on after accepted treatment as it states that I have not engaged with the Mental health Service in the following years to pass. This information is also not an 100% accurate fact towards the statement of the maker. As I have personal Telephoned Lucas house and also that of the Silver Street Mental Health Assessment Team arranged a meeting that did take place at my home address to which I took the Minutes of them meetings in a digital format to which I still claim the legal rights of and as a conclusion of them meetings I got diagnosed of well sanity. **2.** Today he was arrested for spitting at a police officer after they were called about him harassing his neighbors. **Reply: --** **3.** He has a number of non- molestation orders against him, forbidding him from contacting them. **Reply: --** **4.** On examination Mr. Cordell displayed a range of affective and psychiatric symptoms. **Reply: --** **5.** He Spoke rapidly and was thought disordered with overinclusive and tangential speech. **Reply: --**

	This man is hyper mental with flights of speech and ideation. He has delusions that the police are targeting him are other residents in his block of flats. He says people in the street are spitting at him because they believe he gave a woman herpes. He is quite grandiose in his ideas about helping the world. While with Doctor Greenside he persisted to prosiest thought or conversation that he believed that I was suffering with a Mental Health Disorder such as psychosis. I continued to stay adamant that I am of good health and that I do not suffer from any of the symptoms that a person would suffer from if they did have Psychosis and my family and loved ones also agree with myself. He told me that he wanted to put me onto medication again I told him that this was unfair and would be a breach of the Mental Health process as he had no evidence that warrants my detention or any form of a Mental Health disorder. I asked doctor greenside if he does believe that I had a mental health illness such as psychosis why would he give me un escorted leave of the Dorset Hospital wing two days into my detention, he never had a fair response to my simple question I also reminded him that I had not failed in that obligation of trust. The next reply I said to the doctor greenside was that he is abusing his position as a clinical practitioner and that he had no legal right after I had proved that the reason for my detention was flawed within the assessment 2 and therefore incorrect information and also that of misleading information. Doctor Greenside asked me if I had been smoking any weed, I asked him why he would ask me this and he explained that he thought that he could smell weed from inside my room when he came to it early to take me out for our meeting. I gave him the reply of no I have not been smoking weed in my room and that I was happy to do a urine sample. I explained to him that I had just left the wing on unescorted leave and could also smell somebody outside smoking it.	

	While talking I explained that I had applied for my tribunal and wished for an absolute discharge of any Mental Health illness and understood that this would be the correct professional opinion. At the end of our conversation, I reminded him of a part of or past short conversation, when doing so I explained that he had said to me himself that he did not believe that I was a danger to myself or towards any other person and that is why he had granted me unescorted leave of the Hospital wing that is named as Dorset Doctor Greenside finished or meeting by explain that he believed in the proof of what I had shown him to be correct as to the assessment 2 sheets wrote context being incorrect and told myself that he believed that since **2014** these problems that I had been questioned about by he had now caused me to suffer with Psychosis. I knew this not to be true. Our meeting came to an end and I went back to my room on the hospital wing. I took Leave of the wing at the time of I arrived back without any issues. It was about 21:18 Hours when my mother gave me a telephone call while I was in my room writing my defence The conversation we had was quite up setting due to what had gotten explained to both me and my mother Mum Told me that she had received another telephone call of a person who is named as Who works at Silver Street Branch of the Mental Health Canter that is based opposite the Enfield Civic centre They had told her while on the phone that they had been telephoned by Doctor Greenside who had agreed that he would like them to visit the hospital to where I have been placed and for them to do an assessment on me so that I could get placed onto a section three of the Mental Health Act 1983 **Erratic behavior: --** There is a Bad leak running all across the main floor in the communal room coming from the water machine. Dear Ms Ryan,
Mr Simon Cordell, 109 Burncroft Avenue, EN3 7JQ
Thank you for your recent enquiry, which I forwarded to my officers in the Community Safety Unit Anti-Social Behaviour team.
I can confirm that the Anti-Social Behaviour Team is aware of the ongoing issues between Mr Cordell and his neighbours. Your enquiry has been added to the Anti-Social Behaviour database (Case Reference 17834) and passed to Anti-Social Behaviour Coordinator Lemmy Nwabuisi to investigate.
I have liaised with Mr Nwabuisi and have been advised that the council was granted an interim injunction with a power of arrest on **9th January 2018** because of reports of anti-social behaviour and harassment made against Mr Cordell by some of his neighbours. The injunction was discharged at a hearing at Edmonton County Court on **9th August 2018** following a mental health assessment report that concluded that Mr Cordell did not have the mental capacity to litigate or understand the terms of the injunction.
Mr Nwabuisi has also advised that there is no court decision whereby the Judge stated that Mr Cordell is entitled to a 2-bedroom property so that his career, his mother, has a spare room to sleep in. He advised that Mrs Cordell informed the Judge at the hearing that her son requires a 2-bedroom property and the Judge asked the council to consider her request, however the Judge did not make an order that Mr Cordell should be offered a 2-bedroom property. Mr

	Nwabuisi further advised that the council is not aware that Mrs Cordell is Mr Cordell's register carer. **Environment** Enfield Council Civic Centre, Silver Street Enfield EN13XY Website: www.enfield.gov.uk EQUALITY FRAMEWORK FOR LOCAL GOVERNMENT EXCELLENT **4287** her on 16th August 2018 that her son will only be considered for a like for like 1- bedroom property if a **transfer** application was made. She was advised that her son will have to engage with the mental health team if he requires a 2-bedroom property, so they can assess him and make further recommendations. However, he has failed to do this and was recently sectioned when he was arrested by the police. Please contact me if I can be of any further assistance. I got laughed at and told no, I asked why and got told that this is because it was late at night This led me to explaining in a very polite voice again about how hungry I was and further explain that I am a fully-grown man who Is only under an assessment 2 of the Mental Health Act. 10:30: -- Doctor Greenside came into my room and asked me to have a meeting 21:49: I was inside of the communal hall eating some toast at toast time and drinking some hot chocolate While sitting down I could see into the staff office as it has a clear glass window, and I could see Bibi my care coordinator she left the office and went up to the medication room. “While this was going on I watch Nurse Daisy come into the same room, I had noticed that she had been funny with me since I got here in so many words that she never took a liking to me, what she said was how are you feeling today to me in front of every one in a sarcastic voice I replied to her comment by saying the following How do you think I am feeling today?” She looked at me funny and gave no reply as she done, she started to walk out of the room. 	walked up the corridor and went into the medication room were Bibi was. I soon afterwards noticed her presence in the room once again but this time she had medication with her. I studied her as she walked up to the patient beside me with caution., due to my earlier conversation with Doctor Greenside and with rightfully cause as she had what seemed like more medication in her hands ready to administer to other people. The next thing I knew she was saying to me with a smile on her face Simon take your medication, I looked at her in disbelief and replied to her that I had explained to Doctor Greenside that I did not wish to take medication under his professional belief alone and that while under a section two of the mental health act I did not ned to take the medication by law. She stormed of and told me that she is going to document down that I would not take the medication of her. I watched her walk back of to the medication room I decided to go and complain about my concerns and when I also arrived at the medication room, I could see Bibi and Daisy talking to each other and the tablets still in the pot that Daisy was still carrying. Being worried about my medical care I asked the following questions to the two staff present. 1) I never got given any Pilaff / form explaining to me what the medication was neither did any staff talk to me about what medication I was to be take. 2) No Staff had asked me if I had ever taken this medication before and if so, what reverse effects it may have had. 3) No staff talked to me about my health which to me is a fettle part of administering prescribed medication to another person and this being due to my bad heart pains that I keep complaining about since I got to the Dorset Wing and beforehand in letters to the Enfield Council asking them to protect me from what the other tenants were doing to me in regard to banging and stamping above my head, Including the stress from proving my innocents against the first Asbo and it appeal stage + Judicial

	PC: Patient was arrested due to complaints received regarding harassment of neighbours. He was taken to Wood green police station, found to have a manic presentation with grandiose delusional ideas and was detained under MHA. Background: Patient previously given diagnosis of unspecified non-organic psychosis. He has a long-standing MH background and has been under both CAMHS and adult services in the past. Over the past few years, he has engaged poorly with services and is not currently on any medications. More recently he has been reviewed by EIS/Enfield north locality team. Simon was seen in the quiet room with nursing staff present. Prior to entering the room, Simon started to ask a lot of questions and asked the nurses for a pen for 'the meeting'. When nursing staff stated that he should wait till we get to the room to ask questions he responded 'she is in a male role so it's only fair that I speak to her in the same way'. On arrival to the room he remained calm and polite. He started the conversation by asking for my name, which he wrote down on a paper. He then stated he has been detained here illegally because they think he is grandiose. He then went onto give me a timeline of events which were largely related to the police and his connection with mental health services. In summary he holds paranoid ideas that the police have charged him 'in illegal ways' for an ASBO for organisation of illegal raves. This has led to several on-going issues with the police who have involved mental health services and it is a conspiracy against him. He states he wasn't assessed properly by doctors today and that the doctors who saw him today have previously tried to section him and 'failed' because he has 'video recordings' to prove he is innocent. He referred to multiple acts and dates which apparently are being broken by keeping him here. He states he has several businesses that the police have tried to stop, including 'owning festivals' and a newspaper called 'horrific corruption' and associated newsroom which he uses to expose police and doctors who are working in illegal ways. He states he	

	has 'been wronged 78 times by the police' and will 'expose all of the doctors and police' involved. He spoke about being a 'privileged member of the community' and has never tried to hurt anyone. He reports the police have framed him in a 'sex scandal' and caused multiple issues. He described a negative relationship with neighbours and states that they bang from above continuously. He states a previous partner was pregnant and the neighbours banging led to the baby being lost. He denies having a MH illness and states he will get out of here once he has his laptop containing video graphic proof and was requesting a tribunal. During the course of the conversation he refused to acknowledge he has been sectioned and was adamant he would be able to leave but was not forceful or physically attempting to leave. **PMH:** Nil **DH:** Nil NKDA **SH:** Denies drug or alcohol use (current or past) **Personal history:** Abuse as a child from father. **Mental State Examination:** Simon is a 37-year-old male, who was appropriately dressed. Described mood as good. High levels of energy and labile mood. **46** Progress Notes Page 46 of 53 Paranoid delusions about the police and MH services and some grandiose delusions noted. No perceptual abnormalities noted. Orientated to TPP Lacks insight, does not believe he has a MH condition and not willing to engage with services historically or currently. Unlikely to take medication willingly. **Risk:**	

	No risk to self-identified. Risk of physical and verbal aggression towards others noted. This in turn, increases risk of others retaliating, therefore harm towards Simon. **Impression:** Simon is a 37-year-old who has a background of a psychotic disorder. He presents with a deterioration in his mental state, with manic and psychotic symptoms. **Plan** 1. Urine drug screen 2. Bloods in morning 3. Because of what I got told I decided the best form of action was to make a phone call to my mother While on the phone to her I explained what the nurse had just said to me. 	<u>Getting wrongly detained while Working on my report in the.</u> Chase Farm Mental Hospital on an Assessment Wing! Monday Morning, I awoke to the now normal daily routine and soon after spoke to a kind gentleman who is a part of the estate management team, he oversees my problem of cause and retried it with ease E.G “broken bathroom window due to not being able to shut correctly” What doctor green explained to me; next I think I took very well. He explained to me that he wanted to put me onto a section three of the Mental Health Act 1983. How it happened! Just before lunch time Doctor Greenside came to my room and asked me for a meeting with me. I agreed to what he had asked and walked with him into another room, when sitting down together we were both left quietly alone and then Doctor Greenside started to explain to me that he wanted to place me of the section 2 of the Mental Health Act 1983 and on to A section 3 of that act. I took my time and asked him why he believed this was warranted as to the initial reasons to why I had been placed on a section two had been proven to be inaccurate to the assessment documentation of its statement of facts. We went through what I had gotten accused of when first getting detained to hospital, which is: -- **1.** Mr. Cordell is known to psychiatric services but has not engaged with them in recent years. **Reply: --** This information is undermining towards the defamation of the definition of my character and influences a person beliefs into believing that I have gotten treated under the Mental Health Act 1983 as a person who has been diagnosed with a mental illness, to which I have not and to further my issues of raised concern it continues to state that I have not then on after accepted treatment as it states that I have not engaged with the Mental health Service in the following years to pass. This information is also not an 100% accurate fact towards the statement of	

	the maker. As I have personal Telephoned Lucas house and also that of the Silver Street Mental Health Assessment Team arranged a meeting that did take place at my home address to which I took the Minutes of them meetings in a digital format to which I still claim the legal rights of and as a conclusion of them meetings I got diagnosed of well sanity. **2.** Today he was arrested for spitting at a police officer after they were called about him harassing his neighbors. **Reply: --** **3.** He has a number of non- molestation orders against him, forbidding him from contacting them. **Reply: --** **4.** On examination Mr. Cordell displayed a range of affective and psychiatric symptoms. **Reply: --** **5.** He Spoke rapidly and was thought disordered with overinclusive and tangential speech. **Reply: --** **6.** He held a number of grandiose and delusional beliefs. **Reply: --** **7.** He told us that the police were conspiring with medics and the council to silence him as he had uncovered police corruption. **Reply: --** **8.** He said he was targeted by police as they were envies of his abilities. **Reply: --** **9.** He told us that his neighbors two floors above were controlling the neighbors below them and caused them to stamp on the floor and disturb Mr. Cordell. **Reply: --**	

	10. He did not believe that he was Mental unwell and was adamant that he would not see a physiatrist. **Reply: --** **11.** He lacked insight into his presentation. **Reply: --** **12.** He was irritable and has assaulted police officers and harassed his neighbors in recent days. **Reply: --** **13.** He poses a risk to others; therefore, his behavior poses him a risk of retaliatory Symptoms. This places his Health and safety at risk. **Reply: --** **14.** There is evidence that he has a Mental illness of a nature and degree treatment in hospital and without this there is a risk of harm to his health and safety and the safety of others. **Reply: --** **Sarah Hewitt** **reasons are: --** This man is hyper mental with flights of speech and ideation. He has delusions that the police are targeting him are other residents in his block of flats. He says people in the street are spitting at him because they believe he gave a woman herpes. He is quite grandiose in his ideas about helping the world. While with Doctor Greenside he persisted to prosiest thought or conversation that he believed that I was suffering with a Mental Health Disorder such as psychosis. I continued to stay adamant that I am of good health and that I do not suffer from any of the symptoms that a person would suffer from if they did have Psychosis and my family and loved ones also agree with myself. He told me that he wanted to put me onto medication again I told him that this was unfair and would be a breach of the Mental Health process as	

	he had no evidence that warrants my detention or any form of a Mental Health disorder. I asked doctor greenside if he does believe that I had a mental health illness such as psychosis why would he give me un escorted leave of the Dorset Hospital wing two days into my detention, he never had a fair response to my simple question I also reminded him that I had not failed in that obligation of trust. The next reply I said to the doctor greenside was that he is abusing his position as a clinical practitioner and that he had no legal right after I had proved that the reason for my detention was flawed within the assessment 2 and therefore incorrect information and also that of misleading information. Doctor Greenside asked me if I had been smoking any weed, I asked him why he would ask me this and he explained that he thought that he could smell weed from inside my room when he came to it early to take me out for our meeting. I gave him the reply of no I have not been smoking weed in my room and that I was happy to do a urine sample. I explained to him that I had just left the wing on unescorted leave and could also smell somebody outside smoking it. While talking I explained that I had applied for my tribunal and wished for an absolute discharge of any Mental Health illness and understood that this would be the correct professional opinion. At the end of our conversation, I reminded him of a part of or past short conversation, when doing so I explained that he had said to me himself that he did not believe that I was a danger to myself or towards any other person and that is why he had granted me unescorted leave of the Hospital wing that is named as Dorset Doctor Greenside finished or meeting by explain that he believed in the proof of what I had shown him to be correct as to the assessment 2 sheets wrote context being incorrect and told myself that he believed that since **2014** these problems that I had been questioned about by he had now caused me to suffer with Psychosis. I knew this not to be true. Our meeting came to an end and I went back to my room on the hospital wing.	

	I took Leave of the wing at the time of I arrived back without any issues. It was about 21:18 Hours when my mother gave me a telephone call while I was in my room writing my defence The conversation we had was quite up setting due to what had gotten explained to both me and my mother Mum Told me that she had received another telephone call of a person who is named as Who works at Silver Street Branch of the Mental Health Canter that is based opposite the Enfield Civic centre They had told her while on the phone that they had been telephoned by Doctor Greenside who had agreed that he would like them to visit the hospital to where I have been placed and for them to do an assessment on me so that I could get placed onto a section three of the Mental Health Act 1983 **Erratic behavior: --** There is a Bad leak running all across the main floor in the communal room coming from the water machine. 	(13) **13/11/2018, Tuesday** Getting wrongly detained while Working on my report in the; Chase Farm Mental Hospital on an Assessment Wing! 00:15: I am still awake working on my computer, and I am really hunger I decided to ask the staff on duty if I could go to the petrol station to buy some food When I arrived at the office there was 3 staff available and no other persons in the communal area I explained that because of the extra time that I have been putting into my work I burn away more energy, and this sometimes leaves me starving hungry. I got laughed at and told no, I asked why and got told that this is because it was late at night This led me to explaining in a very polite voice again about how hungry I was and further explain that I am a fully-grown man who Is only under an assessment 2 of the Mental Health Act. 10:30: -- Doctor Greenside came into my room and asked me to have a meeting	**13)** On the ****/**/20**** it is said that

	21:49: I was inside of the communal hall eating some toast at toast time and drinking some hot chocolate While sitting down I could see into the staff office as it has a clear glass window, and I could see Bibi my care coordinator she left the office and went up to the medication room. "While this was going on I watch Nurse Daisy come into the same room, I had noticed that she had been funny with me since I got here in so many words that she never took a liking to me, what she said was how are you feeling today to me in front of every one in a sarcastic voice I replied to her comment by saying the following How do you think I am feeling today?" She looked at me funny and gave no reply as she done, she started to walk out of the room. She walked up the corridor and went into the medication room were Bibi was. I soon afterwards noticed her presence in the room once again but this time she had medication with her. I studied her as she walked up to the patient beside me with caution., due to my earlier conversation with Doctor Greenside and with rightfully cause as she had what seemed like more medication in her hands ready to administer to other people. The next thing I knew she was saying to me with a smile on her face Simon take your medication, I looked at her in disbelief and replied to her that I had explained to Doctor Greenside that I did not wish to take medication under his professional belief alone and that while under a section two of the mental health act I did not ned to take the medication by law. She stormed of and told me that she is going to document down that I would not take the medication of her. I watched her walk back of to the medication room I decided to go and complain about my concerns and when I also arrived at the medication room, I could see Bibi and Daisy talking to each other and the tablets still in the pot that Daisy was still carrying. Being worried about my medical care I asked the following questions to the two staff present.	

	1) I never got given any Pilaff / form explaining to me what the medication was neither did any staff talk to me about what medication I was to be take. 2) No Staff had asked me if I had ever taken this medication before and if so, what reverse effects it may have had. 3) No staff talked to me about my health which to me is a fettle part of administering prescribed medication to another person and this being due to my bad heart pains that I keep complaining about since I got to the Dorset Wing and beforehand in letters to the Enfield Council asking them to protect me from what the other tenants were doing to me in regard to banging and stamping above my head, Including the stress from proving my innocents against the first Asbo and it appeal stage + Judicial Review, the Possession Order, the 1st Injunction Order and the 2nd Injunction Order. 4) No person had provided any evidence showing that I had a mental illness to my mother or father who both also disputed that I have any mental illness alongside with many other friends and family. 5) and because I have not acted with any mental illness and the main reason being that Doctor Greenside wanted me to get put on to a section 3 of the mental health Act 1983 is because I said to a Doctor Sarah Kathrine Hewitt that: -- 5.1) My Neighbours had been attacking me and this includes two of their already known patents who are named as • Miss Debra Andrews; And: -- • Ambrose Tariq. 5.2) The Doctor Greenside is saying that he wants to put me on a section three of the Mental Health Act and administer medication to myself because I said that the police have set me up and, in the doctors, chosen words "a conspiracy has taken place against me." 5.2.21) I never committed the offences that I am being accused if and then after punished. 5.2.22) I am not the right colour skin to fit the accused allegations that the police have place me on a 7-year curfew for 2 years for	

	the injunction side of the Asbo and 65 years on top at sentencing nonconcurrent straight after a year on curfew for another crime that I did not commit and won the case at court after a lot of sufferings due to them police and court case on goings. 5.2.23) The time stamps to the 999 calls go backwards 5.2.24) There on no victim or witness signatures. 5.2.25) Hologynic effects 5.2.26) Psychosis 5.2.27) F432 - Adjustment disorder 11/03/2015 5.2.28) F29X – Unspecified Nonorganic Psychosis 5.2.29) Pressured speech 5.2.30) Grandiose and Delusional Beliefs, about helping other people in the world 6) Building a legal defence 7) I work with children, and this will tarnish my future prospects of a bright future 8) I am building a festival, and this will label me as vulnerable person when I am not, when making decisions for my companies' best interest if it gets used against me in the future. I felt upset about my medical treatment and did understand that it was getting administered to me for the right reasons.

	At 11:30 Hours I spoke to a lady called Dr Bruise and I asked her if I could speak to a Dr Green side about getting some trust to be able to leaver the ward, when doing so she agreed to look into the issue for myself. Soon afterwards I was alone in room 24 on the Dorset Ward when Dr Greenside knocked on the door, I then on answered the door to get invited into a meeting There were two other doctor presents in the room alongside with Dr greenside himself. The conversation stayed polite and reasonable through When taking an understanding to what was getting explained to me, I took the understanding that the doctors still wanted to further assess me, due to having a professional belief that I may have some form of mental health issue to which I know that I did explained Soon after the meeting with the doctors I received a telephone call of my mother who started to explain to me that she had also received a telephone call of my chosen representing solicitor firm. **Waiting for board room meeting civic center for my housing transfer.** There is a Bad leak running all across the main floor in the communal room coming from the water machine. He moved into his premises in **2013** - there was evidence of CO poisoning in the flat and all the boiler systems and alarms had to be replaced. Simon has been held on curfew for a long time for organising a party and? wrongly accused of damaging the premises. Also was accused of burglary and handling of stolen goods - he was found innocent on both accounts. Simon reports having had a “relationship” with his current partner Katy for the last ?20 years. She has a son from a previous relationship. The problems with the neighbours have been going on for 4 years now. Simon is concerned about his neighbours, in particular to how their behaviour might affect their child. 6 flats in total in his council building - the neighbours that are problematic are 2 floors above Simons. These particular neighbours bang on the water pipes, stamps on the floor (these echoes through the flat between) - this happens first thing in the morning and goes on through the day. Simon believes his neighbours sit in their flat eavesdropping on Simon’s whereabouts. When he enters the bathroom, they enter their bathroom and flush the toilet a lot. Simon has Video and Audio recordings throughout his flat in order to prove his innocence. There is a husband and wife living there as well as a new born baby. Simon reports he can here this family talking but he can’t make out what they are saying - he denies them saying anything negative about him “they’ve never spoke to me”.	

	Simon has personal information about his neighbour which he feels is proof of? tax evasion - he reports the family own 50 houses in the UK. The neighbour has changed their surname in order to accommodate some scheme to avoid? tax - Simon reports he has "100% evidence" that this is true and feels it is relevant to him because of how they are treating him. Simon believes what the neighbours are doing is a hate crime. Simon denies ever having felt like the TV was talking to him or that the council was advertising his information. Simon does feel his personal information is being advertised somehow - friends have approached him and have information about him he believes can only have come from secure computer systems. Simon is not concerned about his tenancy at the moment - he states he has recordings that prove his innocence. Simon is aware the council has told him to stay away from his neighbours - since this time he states he hasn't approached his neighbours. He wants to publish a book about what has been going on. Simon does not appear to accept that he has become fixated on this issue. Simon does not think his problems with his neighbours are in any way due to him having a mental health problem. Simon wouldn't like to take medication as he doesn't feel he needs it and is concerned medication may impact his ability work. He is particularly concerned that the medication will "dope him out". Simon states he has a good family support network. He is happy to see the ward psychologist. Simon has been informed that a referral to a forensic psychiatrist who may want to visit him on the ward. <u>Impression:</u> Presenting with persecutory delusions. Limited insight. Because of what I got told I decided the best form of action was to make a phone call to my mother While on the phone to her I explained what the nurse had just said to me. Mental Health Tribunal Report
Date:01/11/18 Patient details
Mr Simon Cordell (11214451)
Date of birth: 26 Jan 1981
Address: 109 Burncroft Avenue, Enfield Post Code: EN3 7JQ

CIRCUMSTANCES OF ADMISSION AND BACKGROUND

1. Mr Cordell is a 37-year-old man with previous diagnosis of F29X - Unspecified nonorganic psychosis. He has been known to CAMHS service in the past and to Adult Mental Health Services since **2014**. However, he has not been engaging with the services in recent years despite numerous attempts from mental health teams.

2. Mr Cordell become significantly unwell in mental health in **2014.** He deteriorated significantly in mental state but he refused engage with mental health service and declined to take medication. Consequently, he had to be detained under Section 2 of MHA in **2016.** He was treated with medication (Olanzapine) during the admission but soon after discharge he stopped taking his medication. He continued to be seen by Early Intervention service following a discharge, but he continued to refuse any treatment for his condition. This led to further deterioration in mental health. When Mr Cordell is unwell, he presents with persecutory delusions about his neighbours, council staff and the police. As a result of paranoid beliefs, he becomes more aggressive and threatening especially towards neighbours. From **2016 to January 2018** there were numerous complaints from neighbours reported about Nr Cordell's acts of harassment

and antisocial behaviour. This led to an interim injunction order (harassment order) to be issued against Mr Cordell, at the Edmonton County Court, in **January 2018.** Mr Cordell breached the order on multiple occasions. It has been reported that his neighbours have been assaulted, harassed and have received threats from Mr Cordell. In addition, Mr Cordell disengaged with EIS.

3. In **April 2018** further deterioration in mental health was observed when he contacted the police and complained about the neighbours making noise. EIS team was contacted, and they offered to review Mr Cordell but he refused to work with them again.

4. On the 1st of June he was arrested for harassing his neighbours and breaching the injunction order against him. He threatened his neighbour who was at the time with her two children that he

- will kill her and her children " You fucking bitch, I have a bomb for you, I will get in your block, kill you and your children At that point, EIS stated that he has gone beyond EIS three year treatment period and therefore they referred his case to Enfield North Locality Team in **June 2018.** During the period of next few months (from **June 2018 until October 2018** - they were reported numerous accounts of harassment and assaults to his council on his neighbour) Mr Cordell has continued to harass his neighbours and has refused to engage with mental health services. Few neighbours already moved out from their flats due to Mr Cordell's aggressive behaviour and Enfield Council decided to seek possession of Mr Cordell's flat via the courts. In a recent court case, the judge recommended that Enfield Council re-house Mr Cordell on the proviso that he engages with the MH Team. However, he failed to do that.

5. In **October 2018**, Mr Cordell was physically aggressive towards another service user who lives in the same building as him. Mr Cordell took him by the throat and left him feeling unable to walk around on the floor or even flush his toilet chain for fear of sparking another altercation (with no basis) about excessive noise.

6. This triggered a safeguarding process and Enfield Adult North Locality Team decided to organise MHA assessment as Mr Cordell refused to engage with them.

7. Consequently, he was referred for MHA assessment on the **17th of October 2018.** Enfield Adult North Locality Team agreed that he is at risk to others and his behaviour could also put him at risk from others. Application for 135(1) was made however a judge found insufficient evidence presented for a warrant. He was referred to a forensic sector following this event.

8. On the **25th of October** he was arrested as the police were called to his flat regarding him breaking a harassment order and that day, he allegedly assaulted the police who attended by spitting. Consequently, he was taken to Wood Green police station. He was found to be thought disordered with grandiose and persecutory delusions, hypomanic with flight of ideas and pressured speech. Therefore, MHA assessment was organised. He was detained under section 2 of MHA and admitted to Dorset ward, Chase Farm Hospital on the **25th of October 2018.**

9. Mr Cordell explained that the police were conspiring with medics and the council to silence him as he had uncovered police corruption. He also said his neighbours two floors above were controlling the neighbour below them and caused them to stamp on the floor and disturb him. It was reported that he appeared to lack insight into his presentation as he did not believe he was mentally unwell and was adamant to see a psychiatrist for treatment.

MENTAL STATE EXAMINATION ON ADMISSION

10. Mr Cordell is 37-year-old male, mixed origin, slim build. He was wearing casual and dirty clothes. He engaged in conversation and made eye contact throughout. He was calm and polite during the interview; no aggression was observed but did become mildly restless at points. The conversation was one sided with Mr Cordell keen to talk. He presented with pressured speech and flight of ideas. Mood, subjectively he described as "fine, a bit elated", objectively he was elated. Thoughts: He presented thought disordered with tangential thinking, grandiose and persecutory delusions. He was oriented to time, place and person. He presented with poor insight - does not want any medications, he does not believe that has a mental health disorder.

23. In **November 2015** - He was referred via BEH HUB to mental health services. At that time Mr Cordell was not eating, not sleeping, he was paranoid saying people were talking about him or laughing at him, believed the government was advertising things about him, the TV was talking about him and talking directly to him. He was smoking cannabis at that time. He was again found non sectionable under MHA and disengaged with the service.

24. In **February 2016** it was applied for Warrant 135 (1) - but not sufficient evidence was presented to the judge for a warrant.

25. In **August 2016,** he was admitted under Section 2 of the MHA following custody at Wood Green station for threats to kill - section 2 reversed on

appeal. He was discharged on Olanzapine 5mg and followed up by EIS. It was reported poor compliance with medication on discharge. Consequently, he was discharged from EIS due to disengagement.

94. On **12th September 2018** at about 3.50pm, you called one of your neighbours on his mobile phone using a private number. It is not known how you obtained his number, but he terminated the call. You called again using the same private number, but he terminated the call as soon as he heard your voice. You called repeatedly after that.

95. On **24th September 2018** at about 11.30am, one of your neighbours returned home from dropping her daughter at school and as she entered their block of flat, she noticed that the middle door on the ground floor was open as well as your front door. As she went up the stairs to their second floor flat, your dog came out of your flat and started barking at her. The neighbour had to run up the stairs to her flat to escape from the dog. 99. On the 25th of October he was arrested for breaching the injection order and spitting at the police officer on arrest.

Treatment and progress on the ward

100. On admission to Dorset ward, Mr Cordell presented elated, mildly irritable and thought disordered. On arrival to the room, he remained calm and polite. He started the conversation by asking for duty doctor's name, which he wrote down on a paper. He then stated he has been detained here illegally because they think he is grandiose. He then went onto give the duty doctor a timeline of events which were largely related to the police and his connection with mental health services. In summary, he holds paranoid ideas that the police have charged him 'in illegal ways' for an ASBO for 'organisation of illegal raves. This has led to several on-going issues with the police who have involved mental health services, and it is a conspiracy against him.

101. He states he wasn't assessed properly by doctors today **(25/10/18)** and that the doctors who saw him today **(25/10/18)** have previously tried to section him and 'failed' because he has 'video recordings' to prove he is innocent. He referred to multiple acts and dates which apparently are being broken by keeping him here.

102. He states he has several businesses that the police have tried to stop, including 'owning festivals' and his website called 'horrific corruption' and associated newsroom which he uses to expose police and doctors who are working in illegal ways. He states he has 'been wronged 78 times by the police' and will 'expose all of the doctors and police' involved.

103. He spoke about being a 'privileged member of the community' and has never tried to hurt anyone. He reports the police have framed him in a 'sex scandal' and caused multiple issues. He

described a negative relationship with neighbours and states that they bang from above continuously. He states a previous partner was pregnant and the neighbours banging led to the

- baby being lost.

104. He denies having a mental health illness and states he will get out of here once he has his laptop containing video graphic proof and was requesting a tribunal. During the course of the conversation, he refused to acknowledge he has been sectioned and was adamant he would be able to leave but was not forceful or physically attempting to leave.

105. When he was seen by ward doctor on the **26th of October** Mr Cordell feels he is in hospital because the police have "falsified" a report that led to him being kept on a curfew for years.

106. He proceeded to talk at length about circumstance that led him to be charged for handling of stolen goods and suspicion of burglary in **2013.** He believes the case was handled poorly and is sure the police were conspiring against him. "The abuse of process by the civil service was unreasonable".

107. Following this he reports being placed on a 2-year injunction and a 5-year curfew. He feels this has led to a breakdown in a 13-year relationship he had. He also reports this affecting his company -a community interest company he started up. At one-point Mr Cordell also mentioned the police targeting him for holding large parties that he was adamant were not hosted by him.

108. Mr Cordell reports owning a couple of local festivals and talks about engaging with multiple charities helping children. He says he had to stop this as police were harassing him in front of the children. He alleges to own his own company, his own paper and has just bought his own book

maker for 70000 pounds. He also reports having 180000 friends on Facebook due to all his free parties.

109. When asked about his neighbours Mr Cordell said he believes his neighbours have been making up complaints about him. "My neighbours are calling up the police after forging the paperwork." He feels that his neighbours have been attacking him and reports feeling anxious in his house. Simon says he "kept writing to the police saying please can you protect me".

110. He does not think he is unwell and does not think he has a mental health problem. He admits he might be elevated but he believes this is a constructive state.

111. Mr Cordell reports not being compliant with any of his medication at any point. He is refusing to take any medication during this admission. "I've spent thousands of pounds showing you my brain, me being alert saves lives."

112. Mr Cordell would like to appeal his section and feels that by keeping him in hospital we are breaching his rights. "Physical or mental suffering amount to torture"

113. He reports sleeping, eating and drinking well. Later he suggested this may not be the case stating, "In the nighttime when my neighbours are asleep that's the best time for working".

114. Impression was that he presented with paranoid and grandiose delusions with significant mood component. In view of long-term symptoms this is most likely consistent with a schizoaffective disorder. He does not currently have capacity for treatment or admission.

115. He settled in over the weekend, personal hygiene remained poor, smell of cannabis on him was noticed.

116. On the **29th of October 2018** when he was seen by a nurse, he was irritable and quite hostile. He was

- on the phone to his relative, complaining about police and claimed to be falsely accused.

117. On the 29th of October Formulation meeting was held:

CARE COORDINATOR 'S FEEDBACK

118. This is only the second time meeting Simon. There have been issues with reports he is assaulting other residents in his council accommodation.

NURSING REPORT

119. He appears paranoid on the ward.

INTERVIEW WITH PATIENT

120. Mr Cordell appeared very agitated and vocal and was keen to put across his opinion that he had been illegally detained.

121. Mr Cordell reports issues with police actions in regard to not giving him the ASBO folder properly - this was left outside instead of giving it to him directly.

122. Mr Cordell continued to explain other problems with the police's treatment of him. This includes the metropolitan police having placed a photo of Mr Cordell in a folder in regard to a party he had no involvement with. He denies being involved in any of the parties mentioned in the ASBO.

123. Mr Cordell spoke at length about the injustices surrounding his placement on curfew and the ASBO order.

124. He describes how on multiple times doctors have tried to assess him under the MHA and he has explained to them at each time the situation with the police. He was once placed under a section 2 and was able to appeal his section.

125. Mr Cordell reports the neighbours (72 floors up) trying to deliberately disturb him by making a lot of noise and flushing the toilet multiple times.

126. He feels they want him to get distressed and go upstairs to address them.

127. They have been doing this over the last 4 years and are doing this throughout the day.

128. From Mr Cordell's flat you can even hear them talking - there is apparently very poor sound proofing.

129. Mr Cordell has described a council official as having forged statements and falsely accusing him of threatening his life.

130. Mr Cordell reports that he is being assaulted by his neighbours as is his partner's small child. He feels the stress from this situation may have been linked to his partner's miscarriage. Mr Cordell denies any acts of antisocial behaviour, even in retaliation.

131. At every point where he approaches the upstairs neighbours, he states he calls the police to ask then to "protect" him.

132. In regards to the recent arrest he reports the police attended due to a fraudulent call from the neighbours. The police tried to hand him a breach of harassment order which Mr Cordell ripped and spat on the paper.

133. The police officer then yelled that he had spat on her. He was then arrested for assault to a police officer.

134. This charge was dropped in the police station, and he was referred for a MHA.

135. Mr Cordell is currently on benefits.

136. He reports the expensive hardware he owns (e.g. 70000-pound bookmaker) he buys broken and second hand cheaply and fixes them.

137. Mr Cordell works from home. He built a new model constitution - a community interest company which was a charity farm.

COLLATERAL INFORMATION

138. His mother and uncle would like mental health service to stop referring to Mr Cordell reporting the police as being prejudice against him as delusional - they believe this can be proved (showing

- photos of his company truck and hardware).

139. Mr Cordell 's mother is very upset that doctors have submitted reports stating that he is delusional and grandiose.

140. They feel the AMHP report is grossly inaccurate.

141. Mr Cordell 's uncle is also upset that the mental health team would not provide Mr Cordell with a letter to assist with his housing situation.

142. They explain that the reason Mr Cordell has not be prosecuted for the complaints made by the neighbours is because each time Mr Cordell is able to "prove his innocence" directly to the police.

143. Mr Cordell 's mother believes he is very stressed due to the conditions of the ASBO and his neighbours disturbing him.

144. His uncle would like us to check the website that Mr Cordell has set up to highlight the injustices against him "horrificcorruption.com". (other websites mentioned by Simon include the Wayback machine and TooSmooth.co.uk).

145. Impression was that Mr Cordell was unstable in mental state and behaviour. He presented with persecutory delusions and possibly auditory hallucinations.

146. Plan was:

c. Requires further review of notes

d. Liaise Enfield council re plans for housing - ask Rosie for input

147. Following the formulation meeting he presented very grandiose - showing staff and peers his website and that he has '20,000 emails and 500,000 phone contacts'. He seems elated and keen to get his message across.

148. Dr Timothy Rogers e-mailed Dr Greensides on the 30th of October 2018 as Mr Cordell was referred to a forensic sector prior MHAA and wrote that he has terrorised their patient (who lives above him) including one occasion taking him by

the throat and left our patient feeling unable to walk around on the floor or even flush his toilet chain for fear of sparking another altercation (with no basis) about excessive noise.

149. Mr Cordell was reviewed on the 31st of October 2018 by Dr Greensides (Consultant psychiatrist), Dr Elia and Dr Bruce:

150. Mr Cordell confirms his problems began in **2013**. He moved into his premises in **2013** - there was evidence of CO poisoning in the flat and all the boiler systems and alarms had to be replaced.

151. Mr Cordell has been held on curfew for a long time for organising a party and? wrongly accused of damaging the premises. Also was accused of burglary and handling of stolen goods - he was found innocent on both accounts.

152. Mr Cordell reports having had a "relationship" with his current partner Katy for the last ?20 years. She has a son from a previous relationship.

153. The problems with the neighbours have been going on for 4 years now. Mr Cordell is concerned about his neighbours, in particular to how their behaviour might affect their child. 6 flats in total in his council building - the neighbours that are problematic are 2 floors above Mr Cordell's. These

154. particular neighbours bang on the water pipes, stamps on the floor (this echo through the flat between) - this happens first thing in the morning and goes on through the day.

155. Mr Cordell believes his neighbours sit in their flat eavesdropping on Mr Cordell's whereabouts. When he enters the bathroom, they enter their bathroom and flush the toilet a lot. Simon has Video and Audio recordings throughout his flat in order to prove his innocence. There is a husband and wife living there as well as a new born baby. Mr Cordell reports he can hear this family talking but he can't make out what they are saying - he denies

them saying anything negative about him “they’ve never spoke to me”.

156. Simon has personal information about his neighbour which he feels is proof of? tax evasion - he reports the family own 50 houses in the UK. The neighbour has changed their surname in order to accommodate some scheme to avoid? tax - Mr Cordell reports he has “100% evidence” that this is true and feels it is relevant to him because of how they are treating him. Mr Cordell believes what the neighbours are doing is a hate crime.

157. Mr Cordell denies ever having felt like the TV was talking to him or that the council was advertising his information. Mr Cordell does feel his personal information is being advertised somehow - friends have approached him and have information about him he believes can only have come from secure computer systems.

158. Mr Cordell is not concerned about his tenancy at the moment - he states he has recordings that prove his innocence. Simon is aware the council has told him to stay away from his neighbours - since this time he states he hasn’t approached his neighbours. He wants to publish a book about what has been going on. Simon does not appear to accept that he has become fixated on this issue.

159. Mr Cordell does not think his problems with his neighbours are in any way due to him having a mental health problem. Mr Cordell wouldn’t like to take medication as he doesn’t feel he needs it and is concerned medication may impact his ability work. He is particularly concerned that the medication will “dope him out”.

160. Mr Cordell states he has a good family support network. He is happy to see the ward psychologist.

161. Mr Cordell has been informed that a referral to a forensic psychiatrist who may want to visit him on the ward.

162. Impression was that he presented with persecutory delusions and poor insight into his condition.

163. Not currently deemed to be a risk to himself or others.

164. He could be at high risk of losing accommodation if continues untreated. Plan was:

c. For Section 17 leave

d. No medication at present

165. Refer to ward Psychologist - Dr Patkas

. He has terrorised our patient (who lives above him) including one occasion taking him by the throat and left our patient feeling unable to walk around on the floor or even flush his toilet chain for fear of sparking another altercation (with no basis) about excessive noise.

Opinion and recommendations

7. Mr Cordell suffers from a mental disorder, the symptoms of which at present are persecutory delusions, grandiose beliefs and attitude. In addition, he also presented thought disordered with circumstantial thinking. Probably he has been experiencing auditory hallucinations too. His condition is complicated by poor insight into his mental health illness and substance misuse.

8. This illness is currently of a nature and degree to warrant detention under section 2 of the mental health act.

9. Without this there are risks to his health, principally mental health which is likely to continue to deteriorate without intervention. He is also at high risk from being evicted from his current accommodation which could put his mental and physical health at significant risk. His safety is compromised by possible retaliation from others when he is behaving aggressively towards other people. As well as the safety of others as he was aggressive to his neighbours, council employees and police prior to admission.

10. This cannot be carried out in the community as he has limited insight and refuses intervention, tried for a number of years and failed.

11. Should he be discharged then he will be referred to the HTT but is not likely to engage.

12. Tribunal need no special arrangements to accommodate Mr Cordell.

Getting wrongly detained while Working on my report in the.

Chase Farm Mental Hospital on an Assessment Wing!

Monday Morning, I awoke to the now normal daily routine and soon after spoke to a kind gentleman who is a part of the estate management team, he oversees my problem of cause and retried it with ease E.G "broken bathroom window due to not being able to shut correctly"

What doctor green explained to me; next I think I took very well. He explained to me that he wanted to put me onto a section three of the Mental Health Act 1983.

How it happened!

Just before lunch time Doctor Greenside came to my room and asked me for a meeting with me. I agreed to what he had asked and walked with him into another room, when sitting down together we were both left quietly alone and then Doctor Greenside started to explain to me that he wanted to place me of the section 2 of the Mental Health Act 1983 and on to A section 3 of that act.

I took my time and asked him why he believed this was warranted as to the initial reasons to why I had been placed on a section two had been proven to be inaccurate to the assessment documentation of its statement of facts.

We went through what I had gotten accused of when first getting detained to hospital, which is: --

1. Mr. Cordell is known to psychiatric services but has not engaged with them in recent years.

Reply: --

This information is undermining towards the defamation of the definition of my character and influences a person beliefs into believing that I have

	gotten treated under the Mental Health Act 1983 as a person who has been diagnosed with a mental illness, to which I have not and to further my issues of raised concern it continues to state that I have not then on after accepted treatment as it states that I have not engaged with the Mental health Service in the following years to pass. This information is also not an 100% accurate fact towards the statement of the maker. As I have personal Telephoned Lucas house and also that of the Silver Street Mental Health Assessment Team arranged a meeting that did take place at my home address to which I took the Minutes of them meetings in a digital format to which I still claim the legal rights of and as a conclusion of them meetings I got diagnosed of well sanity. **2.** Today he was arrested for spitting at a police officer after they were called about him harassing his neighbors. **Reply: --** **3.** He has a number of non- molestation orders against him, forbidding him from contacting them. **Reply: --** **4.** On examination Mr. Cordell displayed a range of affective and psychiatric symptoms. **Reply: --** **5.** He Spoke rapidly and was thought disordered with overinclusive and tangential speech. **Reply: --** **6.** He held a number of grandiose and delusional beliefs. **Reply: --** **7.** He told us that the police were conspiring with medics and the council to silence him as he had uncovered police corruption. **Reply: --** **8.** He said he was targeted by police as they were envies of his abilities.	

	Reply: -- **9.** He told us that his neighbors two floors above were controlling the neighbors below them and caused them to stamp on the floor and disturb Mr. Cordell. **Reply: --** **10.** He did not believe that he was Mental unwell and was adamant that he would not see a physiatrist. **Reply: --** **11.** He lacked insight into his presentation. **Reply: --** **12.** He was irritable and has assaulted police officers and harassed his neighbors in recent days. **Reply: --** **13.** He poses a risk to others; therefore, his behavior poses him a risk of retaliatory Symptoms. This places his Health and safety at risk. **Reply: --** **14.** There is evidence that he has a Mental illness of a nature and degree treatment in hospital and without this there is a risk of harm to his health and safety and the safety of others. **Reply: --** **<u>Sarah Hewitt</u>** **<u>reasons are: --</u>** This man is hyper mental with flights of speech and ideation. He has delusions that the police are targeting him are other residents in his block of flats. He says people in the street are spitting at him because they believe he gave a woman herpes. He is quite grandiose in his ideas about helping the world. While with Doctor Greenside he persisted to prosiest thought or conversation that he believed that I was suffering with a Mental Health Disorder such as psychosis.	

	I continued to stay adamant that I am of good health and that I do not suffer from any of the symptoms that a person would suffer from if they did have Psychosis and my family and loved ones also agree with myself. He told me that he wanted to put me onto medication again I told him that this was unfair and would be a breach of the Mental Health process as he had no evidence that warrants my detention or any form of a Mental Health disorder. I asked doctor greenside if he does believe that I had a mental health illness such as psychosis why would he give me un escorted leave of the Dorset Hospital wing two days into my detention, he never had a fair response to my simple question I also reminded him that I had not failed in that obligation of trust. The next reply I said to the doctor greenside was that he is abusing his position as a clinical practitioner and that he had no legal right after I had proved that the reason for my detention was flawed within the assessment 2 and therefore incorrect information and also that of misleading information. Doctor Greenside asked me if I had been smoking any weed, I asked him why he would ask me this and he explained that he thought that he could smell weed from inside my room when he came to it early to take me out for our meeting. I gave him the reply of no I have not been smoking weed in my room and that I was happy to do a urine sample. I explained to him that I had just left the wing on unescorted leave and could also smell somebody outside smoking it. While talking I explained that I had applied for my tribunal and wished for an absolute discharge of any Mental Health illness and understood that this would be the correct professional opinion. At the end of our conversation, I reminded him of a part of or past short conversation, when doing so I explained that he had said to me himself that he did not believe that I was a danger to myself or towards any other person and that is why he had granted me unescorted leave of the Hospital wing that is named as Dorset	

	Doctor Greenside finished or meeting by explain that he believed in the proof of what I had shown him to be correct as to the assessment 2 sheets wrote context being incorrect and told myself that he believed that since **2014** these problems that I had been questioned about by he had now caused me to suffer with Psychosis. I knew this not to be true. Our meeting came to an end and I went back to my room on the hospital wing. I took Leave of the wing at the time of I arrived back without any issues. It was about 21:18 Hours when my mother gave me a telephone call while I was in my room writing my defence The conversation we had was quite up setting due to what had gotten explained to both me and my mother Mum Told me that she had received another telephone call of a person who is named as Who works at Silver Street Branch of the Mental Health Canter that is based opposite the Enfield Civic centre They had told her while on the phone that they had been telephoned by Doctor Greenside who had agreed that he would like them to visit the hospital to where I have been placed and for them to do an assessment on me so that I could get placed onto a section three of the Mental Health Act 1983 **Erratic behavior: --** There is a Bad leak running all across the main floor in the communal room coming from the water machine. - On 5/11/18, Dr Greensides reviewed the patient and made an application for Section 3 as there are risks to his health and to others.

- He had a MHAA for a Section 3 on 14/11/18; it was felt that there was no evidence of Simon posing a risk of harm/safety to himself or others and there was no obvious risk of neglect.
- As a result, he was not sectioned.
- It was decided that as a result of this, there was no reason for Simon to remain on an acute psychiatric ward as we are unable to treat him.
- He was discharged as a result, with Dr Greensides emailing his CC about arranging an O/P consultant review and emailed the forensic consultant regarding an O/P forensic opinion.

	(2) <u>25/10/2018,</u> **<u>Interlinked Table Numbers:</u>** Today I got awoken by my Neighbors once again who are addressed at 117 Burncroft Avenue who are the Mathiyalagan family. What is getting done to me is achieved with evil criminal intentions. When explain what was on this day getting done to me illegal and what is also a clear breach of my human rights, I explain that, when sitting down at home on my sofa I heard a knock on my front door when I went to answer it, I first took a look through my front door keyhole, when doing so, I noticed two police officers one male and on female. I can remember asking the woman officer a question What I asked her was why they were outside of my front door and in short to why I asked the question. is I wanted to understand for what reason they wanted to speak to me, I received a reply of the Female police officer who replied to my question by saying that she just wanted to chat to me about something, I can remember replying to her by saying I can chat to you still without opening my front door and in blunt saying to her please can you just explain to me what you want, she said that she just wanted to give me some paperwork and did not want to arrest me for anything I again replied to her in a deeper voice and told her that I will not accept anything from them. I held my letter box closed so that no mail could enter inside of my flat from the police officers who were outside. Soon afterwards I heard them both leave my communal hallway. When I was sure that they had left the building, I opened my front door. I took a look on the floor and noticed that there was a letter left on the floor. After picking it up I took a short peek at the heading and realised that it was another Harassment Letter	**2)** On the ****/**/20**** it is said that

	against my person in Knowing that I never done anything wrong again so to be able to receive such a notice in a fair motion. I Decided to question the police officer who had tried to post the letter through m front door. In doing so I quickly run outside of my front communal door and looked around the streets locations to see if I could still catch up with the two police officers. I noticed them both to my left when coming out of my building still walking towards their police car, so I called out to them in a polite manner / not to load or neither hash in voice. The police officers turned around towards myself and asked what I wanted, I replied to them both I just wanted to chat to them about what has been going on and as I was doing so I hurried towards them but in a settled manner, as I approached them I took my time as I chose my words and because of this I can remember what I said, what I did say was after noticing that they were both were body cameras and went a little something like this: -- **Woman Police Officer:** what do you want? **Simon:** I would like to report a crime. A police officer has caused me to suffer from gross Misconduct and would like to report it to you under the police efficiency Act of Law 1999 or 2003 or under any police whistle blowing policy you must be in accordance to. What I am reporting to you is that a police Officer that who is name as Steven Elesmore who works for your branch has forge official paperwork and then on filed it against me alongside with other members of the Metropolitans Police Force. **Woman Police Officer:** I am not dealing with that; I am here only to serve you a Harassment Letter. **Simon:** That is not correct protocol when I explain to you about corruption that has been caused by one of your colleges must act upon it. **Woman Police Officer:**	

	I am not here to deal with that. **Simon:** But I am reporting a crime to you. **Woman Police Officer:** Can you stop shouting at me? **Simon:** I am not shouting at you I am just talking to you. **Woman Police Officer:** I am going to turn my body camera on **Simon:** Why is it not on already? **Woman Police Officer:** “Woman Police Officer turned on her body cam.” **Simon:** I have had another of this harassment from your police force and the council and this does also include the neighbors who choose to forge offal documents. I told the police force that the people making these claims tried to set me up by forging official paperwork to aid in taking my flat of me in the form of a forged possession order and I supported my clams of truth alongside with good evidence that I have to support my clams. **Woman Police Officer:** I am only here to deal with giving you a harassment letter. **Simon:** year, but what I am saying to you has to do with that harassment letter, this is bios. **Simon:** “I took the harassment letter that the police officer had left outside of my front door and decided to tear it up in front of them both and as I done this, I made a spitting sound and said well that’s what I think of the way that the police deal with their laws. I done this as I was turning around to walk back towards my home.” **Woman Police Officer:** The female Police Officer shouted out he spotted at me. **Simon:** I noticed a male’s arm go around my neck and start to choke me from behind I could feel the man’s weight on my back trying to bring me to the ground	

	and after a few seconds I felt him become successful in his ambush against my person I can remember felling my hand and knees hurting me as the hit the concrete floor. I can remember finding it getting harder and harder to breath and with what felt like my last breath I managed to make a voice in the formation of a screech the words that came out of my mouth were that of “you are choking me.” **Woman Police Officer:** The woman officer continued to try and get my hands while she continues to scream that I was still spitting even more so than from the start of their unneeded issues of concern with me. **Simon:** I can remember thinking he is going to kill me if I do not stop him and his bad temper, and in realizing so, I remembered the police body cameras were still recording so choose to take caution in doing so, what I did was stand up and run away from the two police officers. I run into my block and felt them hot on my toes I closed my communal door and reminded the polices officers of my dog by shouting my dog my dog my dog be careful my dog. **Woman & Male Police Officers:** Never followed me into my home and I decided to leave through my backdoor due to wanting things too cool down from both parties involved myself and police officers. I walked through Durant’s Park Enfield London and then walked up the Hertford Road And back down Green Street to my home on my route I noticed a police car driving and decided that the best thing to do was stop the petrol car and ask for their assistance. I was happy to see different police officer from the ones that had just attacked me and made this point very clear to them I got told that I was under arrest and then on jumped in the back of the police car with them. While in the police car I got told that I was under arrest for assault “spitting at police officer” I explained the truth to them in short. **Simon:**	

	I got taken out of the police car and then placed into the back of a police van and then transported to the Wood Green Police Station. **Wood Green Police Station** **My Detention at Wood Green Police Station.** I got transported to the police station and taken straight away out of the police van and brought into a holding cell. While in the police holding cell, I got to speak to the police officer who had transported me to the police station. I remembered that I had met him before; while talking to him he reminded me where I knew him from, what he said was he was that he was the police officer who had come to speak to me at my home address before: He continued our conversation by saying to me that he was the police officer who had prior got called about an incident referring towards me hiring out my sound system. After taken even more understanding towards what he was saying to myself I realised that he is a police officer that is involved in the first Asbo Case.	
	(3) 25/10/2018, **What did happen was: --** **1 Falcon Park, Neasden Lane; NW10: --** On the 20th of June **2014** it got alleged by members of the police that I got involved in the organisation of and/or supplied equipment for and/or attended an illegal rave at 1 Falcon Park, Neasden Lane, NW10. This is not accurate information as the truth is that I had gotten contacted by way of mobile phone by a client, and he asked me if I would hire a sound system out for a gentleman's, birthday party. After our conversation I agreed to do so, and a sound system and a van got hired out to that person and then later collected from outside of my home address. My terms and conditions got signed, and a deposit got given to me by the client. Once the client left me, I continued with my day and then went back to my home. When at my home, I ended up receiving a phone call at 1:00 hours in the morning by the same client who	**3)** On the ****/**/20**** it is said that

said that the police were in attendance, and they were seizing the sound system. I remember getting up from what I had prior gotten occupied with and leaving my home address at around 1am hours, so to attend to the private party location, which took place indoors.

Then soon after I arrived at the client's destination, at around the time of; 2:00 hours, I would claim that I took one hour and ten minutes to attend to, as I drove outside of the address that I had to be at so to park my car I can remember there being lots of different members of the police who were already present. When I approached to the address front door on my two feet, to which address I got given by the client, the police were there blocking any persons entrance, so I spoke to the police officers and explained to them by circumstances, this meant that I showed them a copy of the higher invoice and a copy of my terms and conditions of hire, I got allowed entry by the police officers who were present to pack the sound system away and once I finished doing this, I asked to get released with the equipment, it then got explained that the equipment was to get confiscated.

After a lengthy, debate, I had no option but to allow the police officers to seize the equipment, I got allowed to collect the sound system from the police at a later date, without being arrested or any charges being brought into motion. This meant that I never returned the sound system to the same client ever again as he breached my terms and conditions and at no time did, I knowingly supply equipment for an illegal party. A few months later this date got added to the Anti-Social Behavior Order against me, even low I caused no problems.

Once our conversation was finished, I knew that A police officer named Steven Elesmore who is the Asbo developer used his statement contained in a Crimit's and edited the intel and placed it inside of the Asbo folder.

End of conversation with the arresting police officer.

<u>While at the Police Station getting Booked in: --</u>

Once put in front of the custody officer so that I could get booked into the police station I asked him if he would document the following down.

1) Please take the police officers cloths and put them into forensics as my DNA will not be on them as I never done what I was getting accused of.

2) For a copy of the Police office seeing an FME / doctor.

3) For the police body cameras to get observed to prove that I never spat at any person or anything.

4) I asked if I could see a doctor about my medical injuries to which did happen.

I got put in a detention cell while I waited for members of the CID Force to put their paperwork together.

I look after myself while I was in the police cell by asking the staff to contact my mother and allow me to speak with her and also that of my solicitor, to which both legal rights of mine got completed without any issues.

I asked for food on two different occasions in my short time in detention, there were also no issues of concern revving food in the police station.

There was no bedding in the cell when I first entered it and I therefore asked for that to get rectified, this got achieved straight after I requested the bedding.

All of my detention in the cell I was on camera in the police cell.
Finally, the custody officer came up to me and told me that he was dropping the case against me, but I could still not leave due to the fact that the Mental Health Doctors wanted to see me.
I asked him am I obliged to speak to them and explained to him that I had not acted with a Mental Illness throughout my detention in the police station in fact I had done the complete opposite and asked for food, drink, blanket, medical care, to speak to a solicitor, to speak to my mother, I managed to sleep for a while also.
The sergeant explained to me that it was not down to the police that the doctors wanted me to speak with myself and I continued by explaining to him that it was also not down to anything that I had done while in custody or beforehand as well.
He pleaded with me to be in compliance to his official public servant's request in so many different words, by asked me to confirm to himself that I will do so, I explained to him that I did not want to speak to any doctors and did not see any reason to warrant such forced treatment but due to him having me detained in a police cell I did not feel like I did have any other choose in the matter.

Doctors came to cell door: --

Our conversation came to an end and as he moved his head away from the cell hatch, I noticed a few more people outside of my cell door, when taking a closer look, I can remember that in doing so I noticed quite a few of them from other prior occasions, as if in to mean who they were. The reason I remembered who they were easily is because on the

25/10/2018

Most of them came to my home on an unexpected visit: --

What had happened on the 25/10/2018? --

What had happened is that the doctors from Silver Street Crisis Team had made a telephone call to my mother in the morning of the

25/10/2018

I never found this out until later in the evening as I had left my mobile phone turned off from the night before

	hand and also due to my mother having to go to another court case in **Oxford on the same Morning.** While indoor I received a knock on my front door when I went to see who it was, I heard a reply of it is the doctors we want to speak to you about your mental health, I was quite shocked for the doctors to be at my front door again after all that had happened as of so far between me and them self's. Because I never knew they were coming I never rushed and tydeid up my flat when first waking up and on stead had started work on my computer. When speaking to the doctors with my home front door closed at first, I heard a man's voice say hello Simon we are the doctors, and we want to do an assessment on your Mental Health under the Mental Health Act 1983. I decided not to open my front door at first and to find out more to why they believed they had the rights to do yet again another assessment on me by speaking to them with the door keep shut. They would not explain much to me and all preferred to walk away. I waited for them to go out the door and tried to call my mother, but her mobile phone was turned off. After a few moments I decided to go outside and learn more to why they wanted to use the Mental Health Act against my wellbeing. When outside of my block of flats I could see a few of the Mental Health team members sitting on a low-built wall and the rest standing together all talking. I approached them and asked why they keep attending my home address without any official person ever taking a statement of myself about what I claim about on stead of victimising me and then on doing the correct follow-up's. The official public servants outside of my home said the normal reply to myself by this date and that was "we got referred to you" I explained that some person must do the correct follow ups about what I claim about for once and then these fake claims against me might stop. The doctors said to me that speaking outside in the road will not help, so I offered for them to come	

inside of my flat and do their assessment yet again against me.
The doctors accepted my offer and followed me into my flat.
Doctor Abiza Came into my front room of my flat
After the doctors left my home, I made a few telephone calls to understand who sent them and put an official complaint in about what had just happened.
I recorded the recordings of myself making an official complaint to the Mental Health Act's Department at the Silver Street Department and this is the transcribes of them recordings: --
Back to the Date of the: 00/00/2018, "At the Police Station.": --
Because of what happened to me the last time with Maggie Fuller who is an Amp Worker for the NHS Mental Health trust,
Dated the: **25/10/2018**: --
I understood the situation that I was in with the public servants on the **25/10/2018**, so, I started to show why I must not get detained and in other words "put my defense forward to the doctors.": --
1) That I was not Mentally ill.
2) That my family and friends also did not think that I was Mentally unwell.
3) Why are they at my Police cell door to speak to me in the beginning!
4) That I noticed a few of them like Larry, who works for the Enfield Council, that came to my house to do another assessment against me on the Date of: **25/10/2018**, just a few days beforehand and the reason given to me was because of another case of abuse of position and with a bios opinion and unlawful at that, due to another bogus and therefore malicious phone call made by my neighbors about my person.
5) That this was now the **300000000** days that the doctors had come to assess me under the Mental Health Act and on all other occasions that there was nothing wrong with myself.
6)
7)
8)

9)
10)
While putting good reason that an assessment 2 must not get warranted as towards the grounds of the detention not being warranted, the police officer / Sargent allowed for this conversation to continue and opened my cell door and while we were taking.
The Doctors said that they needed a few minutes on their own to discuss with each other what was going on and not to long after he arrived back to my cell door and undone the cell hatch again, but this time told me that I was getting sectioned under the Mental Health Act under an assessment 2.
I explained to them all present that I did not think that this was a fair assessment as I had not even been taken into a room with them or neither had they come into a room with me and that the conversation that we had just had with each other was just merely an introduction.
With this the doctors walked away and closed the hatch on the cell door.
Very soon after a normal ambulance arrive and two female officers who were both polite took me to the hospital named as Chaser Farm Hospital and then after brought me on to the Dorset wing.

Mr. Simon Cordell

My reasons for my opinions are: --

Mr. Cordell is known to psychiatric services but has not engaged with them in recent years. Today he was arrested for spitting at a police officer after they were called about him harassing his neighbors.
He has a number of non- molestations orders Against him, forbidding him from contacting them.
On examination Mr. Cordell displayed a range of affective and psychiatric symptoms.
He Spoke rapidly and was thought disordered with overinclusive and tangential speech.
He held a number of grandiose and delusional beliefs.
He told us that the police were conspiring with medics and the council to silence him as he had uncovered police corruption.
He said he was targeted by police as they were envied of his abilities.
He told us that his neighbors two floors above were controlling the neighbors below them and caused them to stamp on the floor and disturb Mr. Cordell.
He did not believe that he was Mental unwell and was adamant that he would not see a physiatrist.
He lacked insight into his presentation.
He was irritable and has assaulted police officers and harassed his neighbours in recent days.
He poses a risk to others; therefore, his behavior poses him a risk of retaliatory Symptoms. This places his Health and safety at risk.
There is evidence that he has a Mental illness of a nature and degree which warrants assessment and treatment in hospital and without this there is a risk of harm to his health and safety and the safety of others.

My reasons for my opinions are: --

This man is hyper mental with flights of speech and ideation.
He has delusions that the police are targeting him are other residents in his block of flats.
He says people in the street are spitting at him because they believe he gave a woman herpes.

	He is quite grandiose in his ideas about helping the world. **I got taken to the hospital "Dorset Wing"** **Sunil Ramrecha:** **Night Manager at Barnet Enfield and Haringey Mental Health NHS Trust** **London, Greater London, United Kingdom; ---** A "SHO" duty Doctor Came to See me, she explained to me some of my legal rights and asked me to explain a short summery as towards the fabricated reasons to why I had gotten brought before her. **Reply:** I then after went to the room on the wing that I was given to sleep in and went to bed.

- He was arrested today for spitting at a police officer after they were called about him harassing his neighbours.
- He also has a number of non-molestation orders against him, forbidding him contacting them.
- It was also reported that he appeared to be thoughts disorder, held a number of grandiose and delusional beliefs.
- Said the police were conspiring with medics and the council to silence him as he had uncovered police corruption.

- Mr Cordell was a victim of sexual abuse as a child and attended SAFE under Dr Caplan for a long time.

- He was arrested for burglary as a young man and was remanded in custody in a young offender's institution for a prolonged period.
- During this period, he was discovered making preparation to kill himself by hanging.
- It is recorded that he has used laughing gas and LSD.
- He was arrested for organizing illegal raves It seems that he. may base his complaints for Police Harassment as he believes they have obstructed his ability to run this business.
- It is reported that he was made the subject of an ASBO, required to wear a tag and believed he could not go out at all for about a year.
- He was banned from visiting bams derelict buildings and factories and had a curfew.
- **Medical:** Mr Cordell suffers from Crohn's disease but does not eat properly to manage his symptoms and will not seek medical advice for this.
- In **2014** there were many deaths in the family from natural causes especially his grandmother to whom he was very close.
- He was assessed for admission in November 2104 but not detained.
- During this period, he spent many hours in doors his mother kept smelling gas but no leak was detected despite repeated complaints.
- He felt very ill and spent some days in hospital.
- Sometime later it was discovered the gas and carbonmonixide meters were incorrectly installed and he was without heating or hot water for 6 weeks.

3. RECORD OF INTERVIEW WITH PATIENT (INCLUDE WHERE IT WAS CONDUCTED WHO WAS PRESENT AND USE OF POLICE IF REQUIRED DURING PROCESS)

- Mental Health Act Assessment Wood Green Police Station,
- Dr s Hewitt and

- Dr P Keane.

- section 2 application by Anthony manning.
- The patient seen in the police cell, he was arrested today as the police called to his flat re him breaking a harassment order, he assaulted the police who attended, and spat at them.
- on interview he had pressure of speech, delusions about his neighbours and the police and housing ganging up against him.
- He denied drug use. He does not feel he has a mental disorder, spoke about organising st Ann's when he was admitted in the past, both doctors found him hypomanic, flight of speech, and grandiose.
- Said the police were conspiring with medics and the council to silence him as he had uncovered police corruption.
- He also said his neighbours two floors above were controlling the neighbour below them and caused them to stamp on the floor and disturb him.
- police liaison requested a mental health act assessment, recent attempted mental health assessment but he refused to engage, a report went to court but they refused a warrant to complete an assessment, he was also thought disordered, see medical recommendation for evidence.
- taking all the circumstances of the case into consideration including his human rights I made a section 2 application based on two medical recommendations.
- See medical recommendations for details.

4. ASSESSMENT OF RISK TO PATIENT AND/OR TO OTHERS

- Mr Cordell seems to have a history of deteriorating behaviour and feelings of persecution and since

2014 after the deaths in his family and the carbon monoxide poisoning.

- He has been taping everything and has Closed circuit TV outside his flat.
- It is reported that he believes the TV is talking about him.
- He has been depressed in the past and attempted to take his own life.
- He seems to have some very grandiose plans to run Raves but no evidence that he has any funds for it.
- This is a long running issue that has not changed since his admission in 2016.
- given his presentation today he would be a risk to others if not assessed under the mental health act and then treated.

SUMMARY OF ASSESSMENT

Patient's name	Simon Cordell
Date of assessment	25/10/2018

5. CONSULTATION WITH NEAREST RELATIVE AND PROCESS OF IDENTIFYING THE NEAREST RELATIVE

- Lorraine Cordell his mother is one of the few people he still trusts to support him.
- He has become dependent on her to do his grocery shopping or care for his dog.
- He has no regular partner or child over 18 years.
- I deem his mother to be Nearest Relative, she believes there has been a difference in him since he suffered carbon monoxide poisoning in 2014.
- she sees no change in him but does feel he needs mental health assistance and treatment, she does feel he got detained under false pretence as

we deemed him to be delusional in his thoughts about the police and his neighbours, she does feel he suffers from depression and does need treatment for this.

6. CONSULTATION WITH ASSESSING DOCTORS

- Both Doctors were of the opinion that he had pressure of speech and that his thought processes are delusional. they do not feel he can be treated in the community.

7. VIEWS OF OTHERS CONSULTED

- **Blank**

8. MENTAL CAPACITY ACT 2005

- Mr Cordell seemed to want to demonstrate his innocence and evidence that he was being unreasonably harassed.
- He had no concept that his behaviour would be seen as unacceptable and was in fact putting his tenancy at risk.
- He does not accept that his presentation may be the result of a mental disorder and that he needs an assessment of his mental state and treatment for this, so he could not agree to an informal admission.
- I deemed him to lack capacity to make this decision today.

9. REASON FOR DECISION TO MAKE THE APPLICATION (INCLUDING CHOICE OF SECTION)

- Mr Cordell seems to have a history of deteriorating behaviour and feelings of persecution and since 2014 after the deaths in his family and the carbon monoxide poisoning.
- He has been taping everything and has Closed circuit TV outside his flat.
- It is reported that he believes the TV is talking about him. He has been depressed in the past and attempted to take his own life.
- He seems to have some very grandiose plans to run Raves but no evidence that he has any funds for it, this is a long running issue that has not changed since his admission in 2016.
- given his presentation today he would be a risk to other if not assessed under the mental health act and then treated.

- section 2 allows a period of assessment and or treatment for his mental disorder, so this was the appropriate section to make today.

and delusional beliefs. He told us that the police were conspiring with medics and the council to silence him as he had uncovered police corruption. He said he was targeted by police as they were envious of his abilities. He told us that his neighbour two floors above were controlling the neighbour below them and caused them to stamp on the floor and disturb Mr Cordell. He did not believe that he was mentally unwell and was adamant he would not see a psychiatrist.

He lacked insight into his presentation. He was irritable and was argumentative police officers and harassed his neighbours in recent days. He poses a risk to others therefore. His behaviour places him at risk of retaliatory attacks from others and he will not accept treatment for his hypomanic symptoms. This places his health and safety at risk. There is evidence therefore that he has a mental illness of a nature and degree which warrants assessment and treatment in hospital and without this there is a risk of harm to his health and safety and the safety of others

<u>Getting wrongly detained while Working on my report in the;</u>

Chase Farm Mental Hospital on an Assessment Wing!

A nurse called Simon who was on night shift came to the room that I got detained in he tried to give me medication that was not prescribed by a doctor

The medication that he tried to give me I recognised from St Ann's Hospital

<u>The name of the medication is Olispine</u>

I told him that I understood that no doctor had been on duty to order this a s Dr Greenside was away on leave.

I noticed that the TV in the main room has broken as it has gotten old this did get reported to the nurses on the Dorset ward, what I noticed had happened is that the back light that glows up the picture on the screen had failed and could not get fixed, this meant that no person could watch the Tv.

CARE COORDINATOR

16. This is only the second time meeting Simon. There have been issues with reports he is assaulting other residents in his council accommodation.

NURSING REPORT

17. Appears paranoid on the ward.

INTERVIEW WITH PATIENT

18. Simon appears very agitated and vocal and is keen to put across his opinion that he has been illegally detained.
19. Simon reports issues with police actions in regard to not giving him the ASBO folder properly - this was left outside instead of giving it to him directly. Simon continued to explain other problems with the police's treatment of him. This includes the metropolitan police having placed a photo of Simon in a folder in regard to a party he had no involvement with. He denies being involved in any of the parties mentioned in the ASBO. Simon spoke at length about the injustices surrounding his placement on curfew and the ASBO order.
20. He describes how on multiple times doctors have tried to assess him under the MHA and he has explained to them at each time the situation with the police. He was once placed under a section 2

and was able to appeal his section.

21. Simon reports the neighbours ***(11*** floors up) trying to deliberately disturb him by making a lot of noise and flushing the toilet multiple times. He feels they want him to get distressed and go upstairs to address them. They have been doing this over the last 4 years and are doing this throughout the day. From Simons flat you can even hear them talking - there is apparently very poor sound proofing.
22. Simon has described a council official as having forged statements and falsely accusing him of threatening his life. Simon reports that he is being assaulted by his neighbours as is his partner's small child. He feels the stress from this situation may have been linked to his partner's miscarriage. Simon denies any acts of antisocial behaviour, even in retaliation. At every point where he approaches the upstairs neighbours, he states he calls the police to ask then to "protect" him.
23. <u>In regard to the recent arrest, he reports the police attended due to a fraudulent call from the neighbours.</u> The police tried to hand him a breach of harassment order which Simon ripped and spat on the paper. The police officer then yelled that he had spat on her. He was then arrested for assault to a police officer. This charge was dropped in the police station, and he was referred for an MHA.
24. Simon is currently on benefits. He reports the expensive hardware he owns (e.g. 70000-pound bookmaker) he buys broken and second hand cheaply and fixes them. Simon works from home. He built a new model constitution – a community interest company which was a charity farm.

<u>COLLATERAL INFORMATION</u>:

25. His mother and uncle would like MHS to stop referring to Simon reporting the police as being prejudice against him as delusional - they believe this can be proved (showing photos of his company truck and hardware).
26. Simon's mother is very upset that doctors have submitted reports stating that he is delusional and grandiose. They feel the AMHP report is grossly

inaccurate.

27. Simon's uncle is also upset that the MH team would not provide Simon with a letter to assist with his housing situation.

28. They explain that the reason Simon has not be prosecuted for the complaints made by the neighbours is because each time Simon is able to "prove his innocence" directly to the police.

29. Simon's mother believes he is very stressed due to the conditions of the ASBO and his neighbours disturbing him.

30. His uncle would like us to check the website that Simon has set up to highlight the injustices against him "horrificcorruption.com". (other websites mentioned by Simon include the Wayback machine and TooSmooth)

	Interview with Patient Simon confirms his problems began in **2013**. He moved into his premises in **2013** - there was evidence of CO poisoning in the flat and all the boiler systems and alarms had to be replaced. Simon has been held on curfew for a long time for organising a party and? wrongly accused of damaging the premises. Also was accused of burglary and handling of stolen goods - he was found innocent on both accounts. Simon reports having had a "relationship" with his current partner Katy for the last ?20 years. She has a son from a previous relationship. The problems with the neighbours have been going on for 4 years now. Simon is concerned about his neighbours, in particular to how their behaviour might affect their child. 6 flats in total in his council building - the neighbours that are problematic are 2 floors above Simons. These particular neighbours bang on the water pipes, stamps on the floor (these echoes through the flat between) - this happens first thing in the morning and goes on through the day. Simon believes his neighbours sit in their flat eavesdropping on Simon's whereabouts. When he enters the bathroom, they enter their bathroom and flush the toilet a lot. Simon has Video and Audio recordings throughout his flat in order to prove his innocence. There is a husband and wife living there as well as a new born baby. Simon reports he can here this family talking but he can't make out what they are saying - he denies them saying anything negative about him "they've never spoke to me". Simon has personal information about his neighbour which he feels is proof of? tax evasion - he reports the family own 50 houses in the UK. The neighbour has changed their surname in order to accommodate some scheme to avoid? tax - Simon reports he has "100% evidence" that this is true and feels it is relevant to him because of how they are treating him. Simon believes what the neighbours are doing is a hate crime. Simon denies ever having felt like the TV was talking to him or that the council was advertising his information. Simon does feel his personal	

	information is being advertised somehow - friends have approached him and have information about him he believes can only have come from secure computer systems. Simon is not concerned about his tenancy at the moment - he states he has recordings that prove his innocence. Simon is aware the council has told him to stay away from his neighbours - since this time he states he hasn't approached his neighbours. He wants to publish a book about what has been going on. Simon does not appear to accept that he has become fixated on this issue. Simon does not think his problems with his neighbours are in any way due to him having a mental health problem. Simon wouldn't like to take medication as he doesn't feel he needs it and is concerned medication may impact his ability work. He is particularly concerned that the medication will "dope him out". Simon states he has a good family support network. He is happy to see the ward psychologist. Simon has been informed that a referral to a forensic psychiatrist who may want to visit him on the ward. <u>Impression:</u> Presenting with persecutory delusions. Limited insight. Because of what I got told I decided the best form of action was to make a phone call to my mother While on the phone to her I explained what the nurse had just said to me. CIRCUMSTANCES OF ADMISSION AND BACKGROUND

1. Mr Cordell is a 37-year-old man with previous diagnosis of F29X - Unspecified nonorganic psychosis. He has been known to CAMHS service in the past and to Adult Mental Health Services since **2014**. However, he has not been engaging with the services in recent years despite numerous attempts from mental health teams.
2. Mr Cordell become significantly unwell in mental health in **2014.** He deteriorated significantly in mental state but he refused engage with mental health service and declined to take medication. Consequently, he had to be detained under Section 2 of MHA in **2016.** He was treated with medication (Olanzapine) during the admission but soon after discharge he stopped taking his medication. He continued to be seen by Early Intervention service following a discharge, but he continued to refuse any treatment for his condition. This led to further deterioration in mental health. When Mr Cordell is unwell, he presents with persecutory delusions about his neighbours, council staff and the police. As a result of paranoid beliefs, he becomes more aggressive and threatening especially towards neighbours. From **2016 to January 2018** there were numerous complaints from neighbours reported about Nr Cordell's acts of harassment and antisocial behaviour. This led to an interim injunction order (harassment order) to be issued against Mr Cordell, at the Edmonton County Court, in **January 2018.** Mr Cordell breached the order on multiple occasions. It has been reported that his neighbours have been assaulted, harassed and have received threats from Mr Cordell. In addition, Mr Cordell disengaged with EIS.
3. In **April 2018** further deterioration in mental health was observed when he contacted the police and complained about the neighbours making noise.

EIS team was contacted, and they offered to review Mr Cordell but he refused to work with them again.

4. On the 1st of June he was arrested for harassing his neighbours and breaching the injunction order against him. He threatened his neighbour who was at the time with her two children that he

- will kill her and her children " You fucking bitch, I have a bomb for you, I will get in your block, kill you and your children At that point, EIS stated that he has gone beyond EIS three year treatment period and therefore they referred his case to Enfield North Locality Team in **June 2018.** During the period of next few months (from **June 2018 until October 2018** - they were reported numerous accounts of harassment and assaults to his council on his neighbour) Mr Cordell has continued to harass his neighbours and has refused to engage with mental health services. Few neighbours already moved out from their flats due to Mr Cordell's aggressive behaviour and Enfield Council decided to seek possession of Mr Cordell's flat via the courts. In a recent court case, the judge recommended that Enfield Council re-house Mr Cordell on the proviso that he engages with the MH Team. However, he failed to do that.

5. In **October 2018**, Mr Cordell was physically aggressive towards another service user who lives in the same building as him. Mr Cordell took him by the throat and left him feeling unable to walk around on the floor or even flush his toilet chain for fear of sparking another altercation (with no basis) about excessive noise.

6. This triggered a safeguarding process and Enfield Adult North Locality Team decided to organise MHA assessment as Mr Cordell refused to engage with them.

7. Consequently, he was referred for MHA assessment on the **17th of October 2018.** Enfield Adult North Locality Team agreed that he is at risk to others and his behaviour could also put him at risk from others. Application for 135(1) was made however a judge found insufficient evidence presented for a warrant. He was referred to a forensic sector following this event.

8. On the **25th of October** he was arrested as the police were called to his flat regarding him breaking a harassment order and that day, he allegedly assaulted the police who attended by spitting. Consequently, he was taken to Wood Green police station. He was found to be thought disordered with grandiose and persecutory delusions, hypomanic with flight of ideas and pressured speech. Therefore, MHA assessment was organised. He was detained under section 2 of MHA and admitted to Dorset ward, Chase Farm Hospital on the **25th of October 2018.**

9. Mr Cordell explained that the police were conspiring with medics and the council to silence him as he had uncovered police corruption. He also said his neighbours two floors above were controlling the neighbour below them and caused them to stamp on the floor and disturb him. It was reported that he appeared to lack insight into his presentation as he did not believe he was mentally unwell and was adamant to see a psychiatrist for treatment.

MENTAL STATE EXAMINATION ON ADMISSION

10. Mr Cordell is 37-year-old male, mixed origin, slim build. He was wearing casual and dirty clothes. He engaged in conversation and made eye contact throughout. He was calm and polite during the interview; no aggression was observed but did become mildly restless at points. The conversation was one sided with Mr Cordell keen to talk. He presented with pressured speech and flight of ideas. Mood, subjectively he described as "fine, a bit elated", objectively he was elated. Thoughts: He presented thought disordered with

tangential thinking, grandiose and persecutory delusions. He was oriented to time, place and person. He presented with poor insight - does not want any medications, he does not believe that has a mental health disorder.

15. From others - high, as he can be aggressive towards others, he is at risk of retaliation from others.

23. In **November 2015** - He was referred via BEH HUB to mental health services. At that time Mr Cordell was not eating, not sleeping, he was paranoid saying people were talking about him or laughing at him, believed the government was advertising things about him, the TV was talking about him and talking directly to him. He was smoking cannabis at that time. He was again found non sectionable under MHA and disengaged with the service.

24. In **February 2016** it was applied for Warrant 135 (1) - but not sufficient evidence was presented to the judge for a warrant.

25. In **August 2016,** he was admitted under Section 2 of the MHA following custody at Wood Green station for threats to kill - section 2 reversed on appeal. 95. On **24th September 2018** at about 11.30am, one of your neighbours returned home from dropping her daughter at school and as she entered their block of flat, she noticed that the middle door on the ground floor was open as well as your front door. 99. On the 25th of October he was arrested for breaching the injection order and spitting at the police officer on arrest.

Treatment and progress on the ward

100. On admission to Dorset ward, Mr Cordell presented elated, mildly irritable and thought disordered. On arrival to the room, he remained calm and polite. He started the conversation by asking for duty doctor's name, which he wrote down on a paper. He then stated he has been detained here illegally because they think he is grandiose. He then went onto give the duty doctor a timeline of events which were largely related to the police and his connection with mental health services. In summary, he holds paranoid ideas that the police have charged him 'in illegal ways' for an ASBO for 'organisation of illegal raves. This has led to several on-going issues with the police who have involved mental health services, and it is a conspiracy against him.

101. He states he wasn't assessed properly by doctors today **(25/10/18)** and that the doctors who saw him today **(25/10/18)** have previously tried to section him and 'failed' because he has 'video recordings' to prove he is innocent. He referred to multiple acts and dates which apparently are being broken by keeping him here.

102. He states he has several businesses that the police have tried to stop, including 'owning festivals' and his website called 'horrific corruption' and associated newsroom which he uses to expose police and doctors who are working in illegal ways. He states he has 'been wronged 78 times by the police' and will 'expose all of the doctors and police' involved.

103. He spoke about being a 'privileged member of the community' and has never tried to hurt anyone. He reports the police have framed him in a 'sex scandal' and caused multiple issues. He described a negative relationship with neighbours and states that they bang from above continuously. He states a previous partner was pregnant and the neighbours banging led to the

- baby being lost.

104. He denies having a mental health illness and states he will get out of here once he has his laptop containing video graphic proof and was requesting a tribunal. During the course of the conversation, he refused to acknowledge he has been sectioned and was adamant he would be able to leave but was not forceful or physically attempting to leave.

105. When he was seen by ward doctor on the **26th of October** Mr Cordell feels he is in hospital because the police have "falsified" a report that led to him being kept on a curfew for years.

106. He proceeded to talk at length about circumstance that led him to be charged for handling of stolen goods and suspicion of burglary in **2013.** He believes the case was handled poorly and is sure the police were conspiring against him. "The abuse of process by the civil service was unreasonable".

107. Following this he reports being placed on a 2-year injunction and a 5-year curfew. He feels this has led to a breakdown in a 13-year relationship he had. He also reports this affecting his company -a community interest company he started up. At one-point Mr Cordell also mentioned the police targeting him for holding large parties that he was adamant were not hosted by him.

108. Mr Cordell reports owning a couple of local festivals and talks about engaging with multiple charities helping children. He says he had to stop this as police were harassing him in front of the children. He alleges to own his own company, his own paper and has just bought his own book maker for 70000 pounds. He also reports having 180000 friends on Facebook due to all his free parties.

109. When asked about his neighbours Mr Cordell said he believes his neighbours have been making up complaints about him. "My neighbours are calling up the police after forging the paperwork." He feels that his neighbours have been attacking him and reports feeling anxious in his house.

Simon says he "kept writing to the police saying please can you protect me".

110. He does not think he is unwell and does not think he has a mental health problem. He admits he might be elevated but he believes this is a constructive state.

111. Mr Cordell reports not being compliant with any of his medication at any point. He is refusing to take any medication during this admission. "I've spent thousands of pounds showing you my brain, me being alert saves lives."

112. Mr Cordell would like to appeal his section and feels that by keeping him in hospital we are breaching his rights. "Physical or mental suffering amount to torture"

113. He reports sleeping, eating and drinking well. Later he suggested this may not be the case stating, "In the nighttime when my neighbours are asleep that's the best time for working".

114. Impression was that he presented with paranoid and grandiose delusions with significant mood component. In view of long-term symptoms this is most likely consistent with a schizoaffective disorder. He does not currently have capacity for treatment or admission.

115. He settled in over the weekend, personal hygiene remained poor, smell of cannabis on him was noticed.

116. On the **29th of October 2018** when he was seen by a nurse, he was irritable and quite hostile. He was

- on the phone to his relative, complaining about police and claimed to be falsely accused.

117. On the 29th of October Formulation meeting was held:

CARE COORDINATOR 'S FEEDBACK

118. This is only the second time meeting Simon. There have been issues with reports he is assaulting other residents in his council accommodation.

NURSING REPORT

119. He appears paranoid on the ward.

INTERVIEW WITH PATIENT

120. Mr Cordell appeared very agitated and vocal and was keen to put across his opinion that he had been illegally detained.

121. Mr Cordell reports issues with police actions in regard to not giving him the ASBO folder properly - this was left outside instead of giving it to him directly.

122. Mr Cordell continued to explain other problems with the police's treatment of him. This includes the metropolitan police having placed a photo of Mr Cordell in a folder in regard to a party he had no involvement with. He denies being involved in any of the parties mentioned in the ASBO.

123. Mr Cordell spoke at length about the injustices surrounding his placement on curfew and the ASBO order.

124. He describes how on multiple times doctors have tried to assess him under the MHA and he has explained to them at each time the situation with the police. He was once placed under a section 2 and was able to appeal his section.

125. Mr Cordell reports the neighbours (72 floors up) trying to deliberately disturb him by making a lot of noise and flushing the toilet multiple times.

126. He feels they want him to get distressed and go upstairs to address them.

127. They have been doing this over the last 4 years and are doing this throughout the day.

128. From Mr Cordell's flat you can even hear them talking - there is apparently very poor sound proofing.

129. Mr Cordell has described a council official as having forged statements and falsely accusing him of threatening his life.

130. Mr Cordell reports that he is being assaulted by his neighbours as is his partner's small child. He feels the stress from this situation may have been linked to his partner's miscarriage. Mr Cordell denies any acts of antisocial behaviour, even in retaliation.

131. At every point where he approaches the upstairs neighbours, he states he calls the police to ask then to "protect" him.

132. In regards to the recent arrest he reports the police attended due to a fraudulent call from the neighbours. The police tried to hand him a breach of harassment order which Mr Cordell ripped and spat on the paper.

133. The police officer then yelled that he had spat on her. He was then arrested for assault to a police officer.

134. This charge was dropped in the police station, and he was referred for a MHA.

135. Mr Cordell is currently on benefits.

136. He reports the expensive hardware he owns (e.g. 70000-pound bookmaker) he buys broken and second hand cheaply and fixes them.

137. Mr Cordell works from home. He built a new model constitution - a community interest company which was a charity farm.

COLLATERAL INFORMATION

138. His mother and uncle would like mental health service to stop referring to Mr Cordell reporting the police as being prejudice against him as delusional - they believe this can be proved (showing

- photos of his company truck and hardware).

139. Mr Cordell 's mother is very upset that doctors have submitted reports stating that he is delusional and grandiose.

140. They feel the AMHP report is grossly inaccurate.

141. Mr Cordell 's uncle is also upset that the mental health team would not provide Mr Cordell with a letter to assist with his housing situation.

142. They explain that the reason Mr Cordell has not be prosecuted for the complaints made by the neighbours is because each time Mr Cordell is able to "prove his innocence" directly to the police.

143. Mr Cordell 's mother believes he is very stressed due to the conditions of the ASBO and his neighbours disturbing him.

144. His uncle would like us to check the website that Mr Cordell has set up to highlight the injustices against him "horrificcorruption.com". (other websites mentioned by Simon include the Wayback machine and TooSmooth.co.uk).

145. Impression was that Mr Cordell was unstable in mental state and behaviour. He presented with persecutory delusions and possibly auditory hallucinations.

146. Plan was:

e. Requires further review of notes

f. Liaise Enfield council re plans for housing - ask Rosie for input

147. Following the formulation meeting he presented very grandiose - showing staff and peers his website and that he has '20,000 emails and 500,000 phone contacts'. He seems elated and keen to get his message across.

148. Dr Timothy Rogers e-mailed Dr Greensides on the 30th of October 2018 as Mr Cordell was referred to a forensic sector prior MHAA and wrote that he has terrorised their patient (who lives above him) including one occasion taking him by the throat and left our patient feeling unable to walk around on the floor or even flush his toilet chain for fear of sparking another altercation (with no basis) about excessive noise.

149. Mr Cordell was reviewed on the 31st of October 2018 by Dr Greensides (Consultant psychiatrist), Dr Elia and Dr Bruce:

150. Mr Cordell confirms his problems began in **2013**. He moved into his premises in **2013** - there was evidence of CO poisoning in the flat and all the boiler systems and alarms had to be replaced.

151. Mr Cordell has been held on curfew for a long time for organising a party and? wrongly accused of damaging the premises. Also was accused of burglary and handling of stolen goods - he was found innocent on both accounts.

152. Mr Cordell reports having had a "relationship" with his current partner Katy for the last ?20 years. She has a son from a previous relationship.

153. The problems with the neighbours have been going on for 4 years now. Mr Cordell is concerned about his neighbours, in particular to how their behaviour might affect their child. 6 flats in total in his council building - the neighbours that are problematic are 2 floors above Mr Cordell's. These

154. particular neighbours bang on the water pipes, stamps on the floor (this echo through the flat between) - this happens first thing in the morning and goes on through the day.

155. Mr Cordell believes his neighbours sit in their flat eavesdropping on Mr Cordell's whereabouts. When he enters the bathroom, they enter their bathroom and flush the toilet a lot. Simon has Video and Audio recordings throughout his flat in order to prove his innocence. There is a husband and wife living there as well as a new born baby. Mr Cordell reports he can hear this family talking but he can't make out what they are saying - he denies them saying anything negative about him "they've never spoke to me".

156. Simon has personal information about his neighbour which he feels is proof of? tax evasion - he reports the family own 50 houses in the UK. The neighbour has changed their surname in order to accommodate some scheme to avoid? tax - Mr Cordell reports he has "100% evidence" that this

is true and feels it is relevant to him because of how they are treating him. Mr Cordell believes what the neighbours are doing is a hate crime.

157. Mr Cordell denies ever having felt like the TV was talking to him or that the council was advertising his information. Mr Cordell does feel his personal information is being advertised somehow - friends have approached him and have information about him he believes can only have come from secure computer systems.

158. Mr Cordell is not concerned about his tenancy at the moment - he states he has recordings that prove his innocence. Simon is aware the council has told him to stay away from his neighbours - since this time he states he hasn't approached his neighbours. He wants to publish a book about what has been going on. Simon does not appear to accept that he has become fixated on this issue.

159. Mr Cordell does not think his problems with his neighbours are in any way due to him having a mental health problem. Mr Cordell wouldn't like to take medication as he doesn't feel he needs it and is concerned medication may impact his ability work. He is particularly concerned that the medication will "dope him out".

160. Mr Cordell states he has a good family support network. He is happy to see the ward psychologist.

161. Mr Cordell has been informed that a referral to a forensic psychiatrist who may want to visit him on the ward.

162. Impression was that he presented with persecutory delusions and poor insight into his condition.

163. Not currently deemed to be a risk to himself or others.

164. He could be at high risk of losing accommodation if continues untreated. Plan was:

- **e.** For Section 17 leave
- **f.** No medication at present

165. Refer to ward Psychologist - Dr Patkas

. He has terrorised our patient (who lives above him) including one occasion taking him by the throat and left our patient feeling unable to walk around on the

floor or even flush his toilet chain for fear of sparking another altercation (with no basis) about excessive noise.

Opinion and recommendations

13. Mr Cordell suffers from a mental disorder, the symptoms of which at present are persecutory delusions, grandiose beliefs and attitude. In addition, he also presented thought disordered with circumstantial thinking. Probably he has been experiencing auditory hallucinations too. His condition is complicated by poor insight into his mental health illness and substance misuse.

14. This illness is currently of a nature and degree to warrant detention under section 2 of the mental health act.

15. Without this there are risks to his health, principally mental health which is likely to continue to deteriorate without intervention. He is also at high risk from being evicted from his current accommodation which could put his mental and physical health at significant risk. His safety is compromised by possible retaliation from others when he is behaving aggressively towards other people. As well as the safety of others as he was aggressive to his neighbours, council employees and police prior to admission.

16. This cannot be carried out in the community as he has limited insight and refuses intervention, tried for a number of years and failed.

17. Should he be discharged then he will be referred to the HTT but is not likely to engage.

18. Tribunal need no special arrangements to accommodate Mr Cordell.

What she told me next left me even more in shock than I had been by what was already getting done to me illegally. She said that doctor greenside had made a phone call to her about me What she explained to me was in short because she was not too happy with my decisions What was said is that a Doctor Green side who is the Main Clinician for the Mental Health team North London and manages the Dorset wing at Chase Farm hospital had called her mobile phone. 	Monday Morning, I awoke to the now normal daily routine and soon after spoke to a kind gentleman who is a part of the estate management team, he oversees my problem of cause and retried it with ease E.G “broken bathroom window due to not being able to shut correctly” What doctor green explained to me; next I think I took very well. He explained to me that he wanted to put me onto a section three of the Mental Health Act 1983. How it happened! Just before lunch time Doctor Greenside came to my room and asked me for a meeting with me. I agreed to what he had asked and walked with him into another room, when sitting down together we were both left quietly alone and then Doctor Greenside started to explain to me that he wanted to place me of the section 2 of the Mental Health Act 1983 and on to A section 3 of that act. I took my time and asked him why he believed this was warranted as to the initial reasons to why I had been placed on a section two had been proven to be inaccurate to the assessment documentation of its statement of facts. We went through what I had gotten accused of when first getting detained to hospital, which is: -- **1.** Mr. Cordell is known to psychiatric services but has not engaged with them in recent years. **Reply: --** This information is undermining towards the defamation of the definition of my character and influences a person beliefs into believing that I have gotten treated under the Mental Health Act 1983 as a person who has been diagnosed with a mental illness, to which I have not and to further my issues of raised concern it continues to state that I have not then on after accepted treatment as it states that I have not engaged with the Mental health Service in the following years to pass. This information is also not an 100% accurate fact towards the statement of the maker. As I have personal Telephoned Lucas house and also that of the Silver Street Mental Health Assessment Team arranged a meeting that did take place at my home address to which I took	

	the Minutes of them meetings in a digital format to which I still claim the legal rights of and as a conclusion of them meetings I got diagnosed of well sanity. **2.** Today he was arrested for spitting at a police officer after they were called about him harassing his neighbors. **Reply: --** **3.** He has a number of non- molestation orders against him, forbidding him from contacting them. **Reply: --** **4.** On examination Mr. Cordell displayed a range of affective and psychiatric symptoms. **Reply: --** **5.** He Spoke rapidly and was thought disordered with overinclusive and tangential speech. **Reply: --** **6.** He held a number of grandiose and delusional beliefs. **Reply: --** **7.** He told us that the police were conspiring with medics and the council to silence him as he had uncovered police corruption. **Reply: --** **8.** He said he was targeted by police as they were envies of his abilities. **Reply: --** **9.** He told us that his neighbors two floors above were controlling the neighbors below them and caused them to stamp on the floor and disturb Mr. Cordell. **Reply: --** **10.** He did not believe that he was Mental unwell and was adamant that he would not see a physiatrist. **Reply: --**	

	11. He lacked insight into his presentation. **Reply: --** **12.** He was irritable and has assaulted police officers and harassed his neighbors in recent days. **Reply: --** **13.** He poses a risk to others; therefore, his behavior poses him a risk of retaliatory Symptoms. This places his Health and safety at risk. **Reply: --** **14.** There is evidence that he has a Mental illness of a nature and degree treatment in hospital and without this there is a risk of harm to his health and safety and the safety of others. **Reply: --** **Sarah Hewitt** **reasons are: --** This man is hyper mental with flights of speech and ideation. He has delusions that the police are targeting him are other residents in his block of flats. He says people in the street are spitting at him because they believe he gave a woman herpes. He is quite grandiose in his ideas about helping the world. While with Doctor Greenside he persisted to prosiest thought or conversation that he believed that I was suffering with a Mental Health Disorder such as psychosis. I continued to stay adamant that I am of good health and that I do not suffer from any of the symptoms that a person would suffer from if they did have Psychosis and my family and loved ones also agree with myself. He told me that he wanted to put me onto medication again I told him that this was unfair and would be a breach of the Mental Health process as he had no evidence that warrants my detention or any form of a Mental Health disorder. I asked doctor greenside if he does believe that I had a mental health illness such as psychosis why would	

	he give me un escorted leave of the Dorset Hospital wing two days into my detention, he never had a fair response to my simple question I also reminded him that I had not failed in that obligation of trust. The next reply I said to the doctor greenside was that he is abusing his position as a clinical practitioner and that he had no legal right after I had proved that the reason for my detention was flawed within the assessment 2 and therefore incorrect information and also that of misleading information. Doctor Greenside asked me if I had been smoking any weed, I asked him why he would ask me this and he explained that he thought that he could smell weed from inside my room when he came to it early to take me out for our meeting. I gave him the reply of no I have not been smoking weed in my room and that I was happy to do a urine sample. I explained to him that I had just left the wing on unescorted leave and could also smell somebody outside smoking it. While talking I explained that I had applied for my tribunal and wished for an absolute discharge of any Mental Health illness and understood that this would be the correct professional opinion. At the end of our conversation, I reminded him of a part of or past short conversation, when doing so I explained that he had said to me himself that he did not believe that I was a danger to myself or towards any other person and that is why he had granted me unescorted leave of the Hospital wing that is named as Dorset Doctor Greenside finished or meeting by explain that he believed in the proof of what I had shown him to be correct as to the assessment 2 sheets wrote context being incorrect and told myself that he believed that since **2014** these problems that I had been questioned about by he had now caused me to suffer with Psychosis. I knew this not to be true. Our meeting came to an end and I went back to my room on the hospital wing. I took Leave of the wing at the time of I arrived back without any issues.	

	It was about 21:18 Hours when my mother gave me a telephone call while I was in my room writing my defence The conversation we had was quite up setting due to what had gotten explained to both me and my mother Mum Told me that she had received another telephone call of a person who is named as Who works at Silver Street Branch of the Mental Health Canter that is based opposite the Enfield Civic centre They had told her while on the phone that they had been telephoned by Doctor Greenside who had agreed that he would like them to visit the hospital to where I have been placed and for them to do an assessment on me so that I could get placed onto a section three of the Mental Health Act 1983 **Erratic behavior: --** There is a Bad leak running all across the main floor in the communal room coming from the water machine. I didn't accept that the persecution he described from his neighbour one floor up was happening as I didn't believe this was possible and I felt what was being described was paranoid psychosis. His mother does not agree and feels that this is to do with poor sound proofing St deliberate targeting by a neighbour and subsequent persecution by the authorities. she asked me for a letter to be given to the legal dept, of Enfield council, advocating for simon to have a two bed property so that someone can stay to provide support for him. I told her we do not write letters of this nature but that if the dept got in touch with us we would answer any questions they had. she gave the details as Ludmilla Lyavoo tel 02083798323 ludmilla.lvavoo@enfield.gov.uk I explained to his mother that I intended on applying for a section 3 as I felt he needed some treatment 5/11/18 I interviewed simon. we went over some of the things, he maintained that the neighbour one floor above was persecuting him and was able to locate him in his flat and then bang, flush the toilet and make noise, the purpose of which was persecution. he confirmed that this happens at all times of day and even if he changes his routine etc. I asked him about the neighbour directly above	

	he said he was OK. but went on to describe one time when he 'went mad in his flat, following me round and banging on the floor like crazy' He admitted that he confronted him after this, but denied any assault etc (I have been informed that he attacked this neighbour and that he was subsequently very frightened to flush his toilet) I explained to Simon that I felt he was unwell with a paranoid psychosis and that I felt he needed to take some treatment, he disagreed and then accused me of 'being leaned on by people above you' On closer questioning he was referring to the police. I asked him if he smoked much cannabis, he said he used to, then said every now & then. I asked him about the smell of cannabis in his room, he said that he'd had a few visitors. he agreed to provide a urine sample at l/v he is relatively well presented his speech is rapid but not pressured, he makes frequent legal references some of which I know to be inaccurate (ie around the mental health act) and remains very preoccupied with his perceived persecution, of which this admission is part. he is not elated or depressed in his mood his thinking is unclear and his answers are often very circumstantial, in my view he is at times thought disordered he remains paranoid with a complex system involving his neighbour, the council, police and the NHS I suspect he suffers with auditory hallucinations he is insightless and will not accept any treatment **21** **IMP -** I have made an application for a section 3. he suffers with a paranoid psychosis, most likely schizophrenia and there are risks to his health (mental), safety (retaliation) and to others-he has threatened his neighbours, filmed through their letter box etc. in response to his paranoia 6 caused considerable psychological distress. if this is upheld then we will start a trial of antipsychotic treatment, I do not wish to do this prior to any section 3 as it will not be beneficial to take

JURISDICTION. PRELIMINARY AND PROCEDURAL MATTERS

1. The tribunal is satisfied that it has jurisdiction to consider this application.

2. The solicitor for the patient sought permission to submit a 6-page document from Mrs Cordell, the nearest relative. The solicitor indicated that the document expressed the nearest relative's views-and those of a cousin the panel considered the request and noted that Mrs Cordell's views as regards her son's detention and the housing problems he has experienced were fully reflected in the social circumstances report provided. The panel would also

T INFORMATIO

allow her to speak at the tribunal hearing if she wished to do so. In those circumstances, we did not accept the submission of the document.

GROUNDS FOR THE DECISION

1. The tribunal is satisfied that the patient is suffering from mental disorder or from mental disorder of a nature or degree which warrants the patient's detention in a hospital for assessment (or for assessment followed by medical treatment) for at least a limited period.

2. The tribunal is satisfied that the patient's detention as aforesaid is justified in the interests of the patient's own health or safety, or with a view to the protection of other persons.

3. The tribunal does not consider that it is appropriate to discharge the patient under its discretionary powers.

REASONS

1) Mr. Simon Cordell is aged 37

2) He is single.

3) He resides in council accommodation in the community.

4) There is a longstanding history of difficulties with neighbours at his accommodation which was detailed in the reports.

5) His background and history were documented in the statutory reports provided to the panel.

6) He has been known to Adult Mental Health Services since **2014**.

7) He has had varied diagnoses in the past and has been found not to require section under the Mental Health Act in **2014** and **2015**.	
8) He was however detained subject to Section 2 in August **2016** and was subsequently discharged by a Tribunal.	
9) The history indicated that he was discharged on prescribed medication and followed up by EIS.	
10) He reportedly did not engage with services or medication and was thereafter discharged from EIS.	
11) He has a current working diagnosis of schizophrenia.	
12) The current admission follows an incident in October **2018** which led to safeguarding concerns and the Enfield Adult North Locality Team's decision to arrange an MHA assessment. Mr. Cordell was detained subject to Section 2 on the **02 .11.2018.**	
<u>THE RESPONSIBLE AUTHORITY'S CASE:</u>	
1) The clinical case argued that the patient has a chronic and enduring mental illness.	
2) It is unclear whether the mental disorder responds to treatment as the patient has not engaged consistently with treatment.	
3) Currently, the patient has been assessed without medication as Mr. Cordell does not accept that he requires psychotropic medication.	
4) Mr. Cordell presents with a number of persecutory, paranoid thoughts in relation to his beliefs that the police and his neighbours are in some way targeting him.	

5) Mr. Cordell also exhibits thought disorder and some tangentiality in his response to questions posed.

6) The professional evidence argued that the nature and degree of the mental disorder warranted the patient's continued detention of assessment which is justified in the interests of the patient's health, safety and the protection of others.

THE PATIENT'S VIEW:

1) Mr. Cordell was polite and courteous towards the panel.

2) He told the panel that he did not accept that he has a mental illness or any need for medication.

3) He said he experienced anxiety and distress at his accommodation.

4) He indicated that the 48 allegations between the: 06/07/**2016** and 02/10/**2018** set out in the medical report from an Enfield
Council Report regarding concerns and breaches of his tenancy agreement were all fabricated.

5) He did not accept that he was in any way at fault.

6) He repeated on several occasions that his neighbours had submitted a litany of complaints to council officials about him in order to undermine his occupation of the premises.

7) He said that he has been stopped from organising festivals and had set up a website to air his frustrations about his perception of the injustice of his treatment.

8) He told the panel that he would remain as a voluntary patient.

THE NATURE AND DEGREE OF THE MENTAL DISORDER:
1) As to the nature of the mental disorder, the patient's illness appears to be a chronic illness which has persisted for some time.
2) It is unclear as to the patient's response to treatment as yet.
3) Mr. Cordell told the panel that he did not take the psychotropic medication prescribed following his last discharge in **2016**.
4) The clinical team have sought the first recommendation for Section 3 and intend to commence treatment with psychotropic medication in due course.
5) Mr. Cordell displayed no insight into his mental health difficulties and sought to minimise his actions prior to the current admission.
6)As to the degree of the mental disorder, the patient's evidence **6.1)** was tangential; **6.2)** Guarded; **6.3)** clear thought disorder.
7) Dr Greensides told the panel that he had looked at Mr. Cordell's website which indicated the presence of thought disorder.
8) The panel asked Mr. Cordell about a telephone conversation with Mr. Appadoo which is detailed in the social circumstances report; the patient is alleged to have used foul and threatening language throughout the conversation.
9) Mr. Cordell did not dispute the telephone conversation and sought to minimise his actions stating that the content was out of context.

10) He was unable to contain his thoughts on the question posed as to whether, reflecting on the matter now, he thought his response was inappropriate.
11) The nursing evidence in contrast to the panel's observation, indicated that the patient has not exhibited any psychotic symptoms.
12) On a positive note, there has been some improvement in the patient's presentation overall as he is no longer challenging, irritable or confrontational.
THE DETENTION IS JUSTIFIED IN THE INTERESTS OF THE PATIENT'S HEALTH, SAFETY AND THE PROTECTION OF OTHERS
As to the patient's health, the professional evidence indicated that: -- **1)** Psychotropic medication is to be commenced and the patient's response to treatment is to. be monitored.
As to the patient's health, the professional evidence indicated that: -- **2)** The clinical view is that a period of treatment is now required to address the patient's psychotic symptoms.
As to the patient's health, the professional evidence indicated that: -- **3)** The clinical view is that the patient is unlikely to engage as an informal patient and a previous attempt at treating the patient in the community was unsuccessful.
As to the patient's health, the professional evidence indicated that: -- **4)** As to the patient's safety, there is historical information that Mr. Cordell has attempted to self-harm in the past.

This is not a current concern.

As to the patient's health, the professional evidence indicated that: --

5) Mr. Cordell's difficulties at his accommodation may pose a risk of eviction.

5.1) However, further clarification is required during the period of the assessment on this point.

As to the patient's health, the professional evidence indicated that: --

6) There is a potential risk of retaliation from others when he is behaving aggressively towards others.

<u>As regards the protection of others: --</u>

7) Mr. Cordell has entrenched and longstanding views and there have been incidents of aggression involving his: --

7.1) Neighbours;

7.2) Council officials, and;

7.3) The police prior to admission.

<u>As regards the protection of others: --</u>

8) He showed little capacity for self-- reflection or remorse during his evidence when he was questioned about his telephone interaction with Mr. <u>Appadoo</u>.

<u>As regards the protection of others: --</u>

9) We note that the allegations of physical and verbal altercations with his neighbours were relied upon to obtain an order for an injunction as recently as the 9.1.**2018** which was later discharged in July **2018** due to the patient's lack of capacity to understand the conditions of the injunction due to his psychotic illness.

<u>OUR CONCLUSIONS</u>

1) We accept the clinical evidence as to the nature arid degree of the mental disorder.

2) We have no doubt that there is some element of neighbour's dispute;

3) However, Mr. Cordell's response to such triggers appears to be rooted in a mental disorder which will need to be assessed during this admission.

4) We also accept that the detention is justified in the interests of the patient's

4.1) Health,

4.2) Safety

4.3) Protection of others for the reasons set out above.

Case Number:	MP/2018/29087
Date of Application:	1.11.2018
Patient:	Mr Simon Cordell
Born	26.1.1981

A patient now liable to be detained under Section 2 of the Act

Responsible Authority:	BEH Mental Health NHS Trust
Hospital:	Chase Farm Hospital

Pre-Hearing Medical Examination of the Patient

3+ A pre-hearing examination of the patient was indicated under the Rules.

4+ The interview with the patient took place on 8th November 2018.

The Tribunal considered:

4+ Oral evidence from Dr J. Greensides, RC; Nurse Thembi Magodlela; Mr Soobah Appadoo, CPN; Mr Simon Cordell, patient and Mrs Cordell, patient's mother.

5+ Written evidence from Dr M. Elia, ST6; Nurse Bibi Khodabux; Mr Soobah Appadoo, CPN Other material, namely Responsible Authority Statement of Information,

6+ Observers: Mrs Fiona Bateman, (Judicial Shadowing Scheme) and Student Nurse Skubik Jurisdiction.

Preliminary and Procedural Matters

7+ The tribunal is satisfied that it has jurisdiction to consider this application.

8+ The solicitor for the patient sought permission to submit a 6-page document from Mrs Cordell, the nearest relative.

9+ The solicitor indicated that the document expressed the nearest relative's views and those of a cousin.

10+ The panel considered the request and noted that Mrs Cordell's views as regards her son's detention and the housing problems he has experienced were fully reflected in the social circumstances report provided.

11+ The panel would also allow her to speak at the tribunal hearing if she wished to do so.

12+ In those circumstances, we did not accept the submission of the document.

Grounds for the Decision

4+ The tribunal is satisfied that the patient is suffering from mental disorder or from mental disorder of a nature or degree which warrants the patient's detention in a hospital for

assessment (or for assessment followed by medical treatment) for at least a limited period.

5+ The tribunal is satisfied that the patient's detention as aforesaid is justified in the interests of the patient's own health or safety, or with a view to the protection of other persons.

6+ The tribunal does not consider that it is appropriate to discharge the patient under its discretionary powers.

Reasons

1.Background

12+ Mr Simon Cordell is aged 37 and is single and resides in council accommodation in the community.

13+ There is a longstanding history of difficulties with neighbours at his accommodation which was detailed in the reports.

14+ His background and history were documented in the statutory reports provided to the panel.

15+ He has been known to Adult Mental Health Services since **2014**.

16+ He has had varied diagnoses in the past and has been found not to require section under the Mental Health Act in **2014** and **2015**.

17+ He was however detained subject to Section 2 in August **2016** and was subsequently discharged by a Tribunal.

18+ The history indicated that he was discharged on prescribed medication and followed up by EIS.

19+ He reportedly did not engage with services or medication and was thereafter discharged from EIS.

20+ He has a current working diagnosis of schizophrenia.

21+ The current admission follows an incident in October 2018 which led to safeguarding concerns and the Enfield Adult North Locality Team's decision to arrange an MHA assessment.

22+ Mr Cordell was detained subject to Section 2 on the 25.11.2018.

72

The Responsible Authority's case

7+ The clinical case argued that the patient has a chronic and enduring mental illness.

8+ It is unclear whether the mental disorder responds to treatment as the patient has not engaged consistently with treatment.

9+ Currently, the patient has been assessed without medication as Mr Cordell does not accept that he requires psychotropic medication.

10+ Mr Cordell presents with a number of persecutory, paranoid thoughts in relation to his beliefs that the police and his neighbours are in some way targeting him.

11+ Mr Cordell also exhibits thought disorder and some tangentiality in his response to questions posed.

12+ The professional evidence argued that the nature and degree of the mental disorder warranted the patient's continued detention of assessment which is justified in the interests of the patient's health, safety and the protection of others.

The patient's view

9+ Mr. Cordell was polite and courteous towards the panel.

10+ He told the panel that he did not accept that he has a mental illness or any need for medication.

11+ He said he experienced anxiety and distress at his accommodation.

12+ He indicated that the 48 allegations between 6.7.**2016** and 2.10.2018 set out in the medical report from an Enfield Council Report regarding concerns and breaches of his tenancy agreement were all fabricated.

13+ He did not accept that he was in any way at fault.

14+ He repeated on several occasions that his neighbours had submitted a litany of complaints to council officials about him in order to undermine his occupation of the premises.

15+ He said that he has been stopped from organising festivals and had set up a website to air his frustrations about his perception of the injustice of his treatment.

16+ He told the panel that he would remain as a voluntary patient

<u>The nature and degree of the mental disorder</u>

13+ As to the nature of the mental disorder, the patient's illness appears to be a chronic illness which has persisted for some time.

14+ It is unclear as to the patient's response to treatment as yet.

15+ Mr Cordell told the panel that he did not take the psychotropic medication prescribed following his last discharge in **2016**.

16+ The clinical team have sought the first recommendation for Section 3 and intend to commence treatment with psychotropic medication in due course.

17+ Mr Cordell displayed no insight into his mental health difficulties and sought to minimise his actions prior to the current admission.

18+ As to the degree of the mental disorder, the patient's evidence was tangential, guarded and there was clear thought disorder.

19+ Dr Greensides told the panel that he had looked at Mr Cordell's website which indicated the presence of thought disorder.

20+ The panel asked Mr Cordell about a telephone conversation with Mr Appadoo which is detailed in the social circumstances report; the patient is alleged to have used foul and threatening language throughout the conversation.

21+ Mr Cordell did not dispute the telephone conversation and sought to minimise his actions stating that the content

was out of context.

22+ He was unable to contain his thoughts on the question posed as to whether, reflecting on the matter now, he thought his response was inappropriate.

23+ The nursing evidence in contrast to the panel's observation, indicated that the patient has not exhibited any psychotic symptoms.

24+ On a positive note, there has been some improvement in the patient's presentation overall as he is no longer challenging, irritable or confrontational.

The detention is justified in the interests of the patient's health, safety and the protection of others

12+ As to the patient's health, the professional evidence indicated that psychotropic medication is to be commenced and the patient's response to treatment is to be monitored.

13+ The clinical view is that a period of treatment is now required to address the patient's psychotic symptoms.

14+ The clinical view is that the patient is unlikely to engage as an informal patient and a previous attempt at treating the patient in the community was unsuccessful.

3

73

15+ As to the patient's safety, there is historical information that Mr Cordell has attempted to self-harm in the past.

16+ This is not a current concern.

17+ Mr Cordell's difficulties at his accommodation may pose a risk of eviction.

18+ However, further clarification is required during the period of the assessment on this point.

19+ There is a potential risk of retaliation from others when he is behaving aggressively towards others.

20+ As regards the protection of others, Mr Cordell has entrenched and longstanding views and there have been incidents of aggression involving his neighbours, council officials, and the police prior to admission.

21+ He showed little capacity for self-reflection or remorse during his evidence when he was questioned about his telephone interaction with Mr Appadoo.

22+ We note that the allegations of physical and verbal altercations with his neighbours were relied upon to obtain an order for an injunction as recently as the 9.1.2018 which was later discharged in July 2018 due to the patient's lack of capacity to understand the conditions of the injunction due to his psychotic illness.

Our conclusions

4+ We accept the clinical evidence as to the nature and degree of the mental disorder.

5+ We have no doubt that there is some element of neighbour dispute; however, Mr Cordell's response to such triggers appear to be rooted in a mental disorder which will need to be assessed during this admission.

6+ We also accept that the detention is justified in the interests of the patient's health, safety and the protection of others for the reasons set out above.

Exercise of discretion

2+ There were no special features of this case which persuaded us to exercise our discretion to discharge.

Statutory criteria

2+ The grounds and statutory criteria are satisfied. The section is upheld

	Chase Farm Mental Hospital on an Assessment Wing! 00:15: I am still awake working on my computer, and I am really hunger I decided to ask the staff on duty if I could go to the petrol station to buy some food When I arrived at the office there was 3 staff available and no other persons in the communal area I explained that because of the extra time that I have been putting into my work I burn away more energy, and this sometimes leaves me starving hungry. I got laughed at and told no, I asked why and got told that this is because it was late at night This led me to explaining in a very polite voice again about how hungry I was and further explain that I am a fully-grown man who Is only under an assessment 2 of the Mental Health Act. 10:30: -- Doctor Greenside came into my room and asked me to have a meeting 21:49: I was inside of the communal hall eating some toast at toast time and drinking some hot chocolate While sitting down I could see into the staff office as it has a clear glass window, and I could see Bibi my care coordinator she left the office and went up to the medication room. “While this was going on I watch Nurse Daisy come into the same room, I had noticed that she had been funny with me since I got here in so many words that she never took a liking to me, what she said was how are you feeling today to me in front of every one in a sarcastic voice I replied to her comment by saying the following How do you think I am feeling today?” She looked at me funny and gave no reply as she done, she started to walk out of the room. She walked up the corridor and went into the medication room were Bibi was. I soon afterwards noticed her presence in the room once again but this time she had medication with her. I studied her as she walked up to the patient beside me with caution., due to my earlier conversation with Doctor Greenside and with rightfully cause as she	

	had what seemed like more medication in her hands ready to administer to other people. The next thing I knew she was saying to me with a smile on her face Simon take your medication, I looked at her in disbelief and replied to her that I had explained to Doctor Greenside that I did not wish to take medication under his professional belief alone and that while under a section two of the mental health act I did not ned to take the medication by law. She stormed of and told me that she is going to document down that I would not take the medication of her. I watched her walk back of to the medication room I decided to go and complain about my concerns and when I also arrived at the medication room, I could see Bibi and Daisy talking to each other and the tablets still in the pot that Daisy was still carrying. Being worried about my medical care I asked the following questions to the two staff present. 1) I never got given any Pilaff / form explaining to me what the medication was neither did any staff talk to me about what medication I was to be take. 2) No Staff had asked me if I had ever taken this medication before and if so, what reverse effects it may have had. 3) No staff talked to me about my health which to me is a fettle part of administering prescribed medication to another person and this being due to my bad heart pains that I keep complaining about since I got to the Dorset Wing and beforehand in letters to the Enfield Council asking them to protect me from what the other tenants were doing to me in regard to banging and stamping above my head, Including the stress from proving my innocents against the first Asbo and it appeal stage + Judicial Review, the Possession Order, the 1st Injunction Order and the 2nd Injunction Order. 4) No person had provided any evidence showing that I had a mental illness to my mother or father who both also disputed that I have any mental illness alongside with many other friends and family. 5) and because I have not acted with any mental illness and the main reason being that Doctor	

	Greenside wanted me to get put on to a section 3 of the mental health Act 1983 is because I said to a Doctor Sarah Kathrine Hewitt that: -- 5.1) My Neighbours had been attacking me and this includes two of their already known patents who are named as • Miss Debra Andrews; And: -- • Ambrose Tariq. 5.2) The Doctor Greenside is saying that he wants to put me on a section three of the Mental Health Act and administer medication to myself because <u>I said that the police have set me up</u> and, in the doctors, chosen words "<u>a conspiracy has taken place against me.</u>" 5.2.31) I never committed the offences that I am being accused if and then after punished. 5.2.32) I am not the right colour skin to fit the accused allegations that the police have place me on a 7-year curfew for 2 years for the injunction side of the Asbo and 65 years on top at sentencing nonconcurrent straight after a year on curfew for another crime that I did not commit and won the case at court after a lot of sufferings due to them police and court case on goings. 5.2.33) The time stamps to the 999 calls go backwards 5.2.34) There on no victim or witness signatures. 5.2.35) Hologynic effects 5.2.36) Psychosis 5.2.37) F432 - Adjustment disorder 11/03/2015 5.2.38) F29X – Unspecified Nonorganic Psychosis 5.2.39) Pressured speech 5.2.40) Grandiose and Delusional Beliefs, about helping other people in the world 6) Building a legal defence 7) I work with children, and this will tarnish my future prospects of a bright future 8) I am building a festival, and this will label me as vulnerable person when I am not, when making decisions for my companies' best interest if it gets used against me in the future. 	Enfield AMHP Service T/C to Lorraine Cordell mother on 07807333545. She confirmed that she will be available tomorrow and can attend the Ward at 2.00pm. She told me at length about her concerns that her son had been misdiagnosed and that the evidence against him that he has mental illness is based on information from Enfield Council who she considers have been supporting allegations from his neighbours, ignoring his complaints that the neighbours are causing him serious noise nuisance. She said she had attended a court hearing on 9th August when Enfield housing had been giving evidence to evict Simon from his flat. Lorraine said that the Court was impressed with her copies of her evidence that disputed the Evidence from Enfield and no Eviction notice was granted. She told me he has colour CCTV that could give documentary evidence that he was in his flat when instances occurred outside. She also said that in the past Simon had agreed to remain in hospital but had been discharged two days later due to lack of beds. She told me that Simon had been given leave to visit his dog who since Simon's admission was found to have cancer and has undergone major surgery. She had felt he needed time to be with the dog, to which he is devoted, and planned to take him to visit her home today. We agreed to meet on the ward tomorrow Wed 14.11.2018 at 2.00pm Dr Rao Independent S12 agreed to meet us on the ward at 2.00pm. Dr Greensides agreed that he would be available on the ward. Simon has been very calm on the ward until the matter of him taking medication was raised. He thought there was sufficient evidence for a new med rec for Section 3 to be completed which he will be doing. **(41)** **<u>13/11/2018, Tuesday</u>** <u>The Doctor's Folder / pub Book Issue: 1!</u> <u>Stage 4</u> <u>Folder 4</u> Originator Details: 13 Nov 2018	**41)** On the ****/**/20**** it is said that

I explained this to Simon & that in the circumstances I feel it is important that he commences treatment he became quite angry, he said he felt the tribunal made the wrong decision & that we were relying on evidence that had been 'thrown out' as it had 'expired' (this was the list of complaints the council had compiled) he then said he would appeal again & would complain about me and that as a result I would not be his doctor as this would be 'a conflict of interests under the 1998 act' I asked him what the 1998 act was, he wasn't able to give a clear explanation. I told him that I felt he was confused about points of law, and that often he would refer to things incorrectly-l know this in regards to his references around the mental health act in particular at l/v he was thought disordered (this is apparent much more when he is confronted about his beliefs/behaviour) he continues to express paranoid views about the council & his neighbours, these haven't changed he was paranoid about me and felt that I was persecuting him and trying to 'euthanise him' by prescribing medication, which he told me he would refuse I explained I would prescribe risperidone 2mg at night. he remains insight less and whilst generally calmer his core delusional beliefs remain. 	Subject: Re: Simon Cordell Dear Ludmilla and Lemmy As you will be aware Simon is in hospital, today I was at the hospital with his cousin for a meeting, I got a call regarding the person who lives at 113 a person that knows us and also Ambrose from 113 stated that Simon had beat him up, then that changed to a person who had been staying at Simon flat beat him up. And that now due to this people was going to come and beat us up. Then it changed again to the person who beat Ambrose from 113 up come from my sons flat. Until today I have not wanted to say anything but I think this is going too far now. I could say a lot more but I feel it is pointless as you have done nothing with anything I have said. Since Ambrose has moved in the main door lock has been ripped out and there is drug taking in the block on the level of 113 and people coming in and out of 113 at all times which I do have a few pictures off people taking drugs. After our meeting I went to Simon flat to check on it and put gas and electric on as the Electric had run out, as no one is staying there. This is not the 1st time we have been threatened by 113 and his friends for something we have not done or my son has not done. I have been told that Ambrose is taking drugs but do not know how true this is as it is from a 3 person. When I got home and spoke to the person who called me it seems Ambrose was badly hurt and I believe stabbed. This has nothing to do with my son or my family and I believe now Ambrose is aware this had nothing to do with us or my son, but I am sick of everything being blamed on my son, and the phone calls we get when something goes on in the block. I believe there is a lot Enfield Council is not aware off, and are turning a blind eye just so the blame can be put to my son. I have now seen the reports you have put into the MH services so have this in black and white now so it cannot be said it is not come from you. I will be talking to the MH tomorrow regarding a letter relating to a 2-bedroom property and would like my son moved as soon as possible. I do not think it is right you are trying to get my son to remind in hospital by what is being passed to the MH services via Enfield Council this needs to stop the worst part is that it is	

	incorrect information, which can be proven. There is more I can say but I feel there is very little point as really all Enfield Council has wanted to do is blame my son for everything. Without not one meeting without looking at one bit of Evidence we have and we do have real evidence which the police have seen why do you think my son was not arrested was it due to you thinking they just could not be bothered no it was if they arrested him it **4309**, would be unlawful due to what they saw. I want this email kept Strictly confidential and not sent to anyone without my written Permission. I look forward to hearing from you. Simon was polite and appropriate. At the outset it was noticed that Simon had a mobile phone in his hand and was asked if he was recording the assessment. I	**46)** On the ****/**/20**** it is said that

	informed him that he would require our consent prior to recording. He claimed that he had a legal right to do this. I asked the other professionals present if they objected and they did not. I reinforced with Simon that consent has to be given. Simon talked at length about his experiences of being victimised by the police when asked about reason for arrest. He reported injustices about forged statements, curfew being in place since **2014** which included any area apart from a residential area. He admitted the police believed he had spat but denied doing this. There seemed no evidence of thought disorder. There was some pressure of speech which appeared to be linked to his anxiety that he could be detained under S3 and his need to give us as comprehensive version of his situation in the shortest possible time. No ideas expressed of intention to self-harm ideas or of suicidality. Mother backed up all of his assertions about neighbours making noise. Cousin Jerome claimed to have heard the noises in the flat which he reported stopped once he considered the neighbours in flat above saw him leaving the property and he felt they stopped making noise from then. Denied having any mental health issues but agreed to remain in hospital as an informal patient and would consider taking medication providing, he is seen by a second opinion doctor. It is reported that a referral has been made for a Forensic Assessment by the Care Coordinator and this should be followed up. Dr Rao did not make a recommendation for detainment under S3 as she did not feel the criteria was met as she was not in a position to refute the evidence that Simon gave. No evidence of Simon presenting a risk of harm/safety to himself or others, no obvious risk of neglect. **Conclusion** He does not accept that he has a mental illness but is willing to stay in hospital so that, in his own words, "Dr Greensides can get to know me better". Simon will be willing to take medication if a doctor giving a second opinion can justify the need to him. Simon was encouraged to cooperate with Dr Greenside and the community team when discharged. **Outcome**	

	Simon is not detained under S3 but remains subject to the conditions of S2 until it's expiry unless Dr Greensides completed a S23 form to discharge him from section 2. **Report to follow**

ADMISSION SUMMARY

- **17 Oct** - referred for MHA due to history of physical and verbal aggression towards his neighbours. EANLT MDT agreed that he is a risk to others and his behaviour could also put him at risk from others. Simon refused to engage with MHA. Application for 135(1) was made - Judge found

insufficient evidence for 136. Forensic referral sent on 17/10

- **25 Oct** - Simon was arrested as the police called to his flat re him breaking a harassment order and he assaulted the police who attended. He was taken to Wood Green police station. Found to be him thought disordered, hypomanic with flight of speech and grandiose delusions. Detained under MHA.
- On initial review he had pressured speech, difficulty interrupting, appeared elated in mood, and had grandiose beliefs e.g. started talking about owning a couple of local festivals and engaging in multiple charities involving children. At the time he has limited insight; he does not want any medication, and has never believed he has a mental health disorder.
- His UDS was positive to THC.
- He immediately appealed his section. The tribunal was done on 8/11/18 which he lost.
- On 5/11/18, Dr Greensides reviewed the patient and made an application for Section 3 as there are risks to his health and to others. It was felt that it would not be beneficial to take against his will unless he is subsequently detained on a section 3. However, there was a delay in the assessment so he was started on Risperidone 2mg ON which he refused to take.
- He had a MHAA for a Section 3 on 14/11/18; it was felt that there was no evidence of Simon posing a risk of harm/safety to himself or others and there was no obvious risk of neglect. As a result, he was not sectioned.
- It was decided that as a result of this, there was no reason for Simon to remain on an acute psychiatric ward as we are unable to treat him. He was discharged as a result, with Dr Greensides emailing his CC about arranging an O/P consultant review and emailed the forensic consultant regarding an O/P forensic opinion.
- Thank you for your continued care.
- Here is his MSE on admission:

- Simon is a 37-year-old male, who was appropriately dressed. He engaged in conversation and made eye contact throughout. Calm and polite, no aggression but did become mildly restless at points.
- Pressurised speech, difficult to interrupt. Flight of ideas noted.
- Described mood as good. High levels of energy and labile mood.
- Paranoid delusions about the police and MH services and some grandiose delusions noted.

91

- No perceptual abnormalities noted. Orientated to TPP
- Lacks insight, does not believe he has a MH condition and not willing to engage with services historically or currently. Unlikely to take medication willingly.

Hi Alev
Further to your enquiry regarding Simon Cordell.
Please see the update below from Debbie Morgan.
SC was discharged from hospital on **15/11/18** having been detained under the Mental Health Act for the purpose of assessment of his mental health. SC did not believe he required to be in hospital or wish to accept the proposed treatment that was offered.
As there is insufficient grounds or risk for further detention or to take any further intrusive measures against his will, he has been discharged.
SC does not believe he has a mental illness that requires him to take treatment or to maintain on-going engagement with mental health services.
He appears disappointed with services in which he perceives to have received from both housing and metropolitan police believing he is being targeted for things he has not done.
His assessment has not elicited he has care needs warranting supported accommodation or a package of care to sustain independent living as he can be adequately supported through universal services.
He presents with adequate daily living skills and can live in general needs housing.
He appears to be young man who has particular beliefs, which may lead to him having differences in opinion with others, which may impact on relationships with others; particularly those in positions of authority.

	His mental health/psychological state therefore remains fragile; however, the risk is not such that he can be forced to engage with services. **4315,** He was offered follow-up by mental health services in the community to which he declined, although agreed the he can be contacted by nurses from the ward to check on progress following discharge. He has been allocated a care coordinator (Soohah Appadoo, North Locality Team - 0208 379 4142) who will continue to try to engage him to build a relationship. SC describes his main presenting need to be that of his relationship with particular neighbours within his block, whom he believes to be intentionally causing him a nuisance by way of making noise, and reports feeling disbelieved and unfairly treated by the housing department and police. He therefore wants to be moved from his current accommodation. His mother approached the ward Consultant for a supporting letter to provide housing for a 2-bedroom property citing she is his main carer. As there is no evidence to suggest SC requires to be looked after due to having care needs requiring a live-in carer her request was declined, she was advised to suggest housing put their request in writing should this be housing's request. Mental Health would support relocation to alternative accommodation to reduce further tensions between the residents within the block. Hi mother advised that SC has/or is in the possess of eviction, and that he was discharged from hospital with no support which does not seem to be the case. Support has been offered which has been declined and will continue to be offered to assist in managing the current situation or avoid and/or mitigation a situation of eviction. **(58) 23/11/2018,** The Doctor's Folder / pub Book Issue: 1! I'm just following up on the discharge of the above. It is a shame that it was not possible to start treatment in him but I see that a concerted attempt was made. I have put a note on RiO. I note that Simon was documented to be thought disordered and to experience delusions but to be refusing to take treatment or to see a psychiatrist in the community following not being detained under s3 MHA. He was referred for a forensic assessment but of course we have no additional powers to compel him, so it is difficult for us to add more in the immediate aftermath. We have not closed the referral made to us. Although it seems unlikely that Simon would agree to attend a forensic assessment given the above, I wonder whether the most helpful course of action to take would be to suggest/arrange a professionals' meeting, involving Enfield Housing and also a representative from the Police (perhaps the officer in the case in relation to the assault charge) or	

	even MAPPA (he could be referred here?). FICS would be able to attend this if helpful. 	Chase Farm Mental Hospital on an Assessment Wing! Monday Morning, I awoke to the now normal daily routine and soon after spoke to a kind gentleman who is a part of the estate management team, he oversees my problem of cause and retried it with ease E.G “broken bathroom window due to not being able to shut correctly” What doctor green explained to me; next I think I took very well. He explained to me that he wanted to put me onto a section three of the Mental Health Act 1983. How it happened! Just before lunch time Doctor Greenside came to my room and asked me for a meeting with me. I agreed to what he had asked and walked with him into another room, when sitting down together we were both left quietly alone and then Doctor Greenside started to explain to me that he wanted to place me of the section 2 of the Mental Health Act 1983 and on to A section 3 of that act. I took my time and asked him why he believed this was warranted as to the initial reasons to why I had been placed on a section two had been proven to be inaccurate to the assessment documentation of its statement of facts. We went through what I had gotten accused of when first getting detained to hospital, which is: -- **1.** Mr. Cordell is known to psychiatric services but has not engaged with them in recent years. **Reply: --** This information is undermining towards the defamation of the definition of my character and influences a person beliefs into believing that I have gotten treated under the Mental Health Act 1983 as a person who has been diagnosed with a mental illness, to which I have not and to further my issues of raised concern it continues to state that I have not then on after accepted treatment as it states that I have not engaged with the Mental health Service in the following years to pass.
