Sir Keir Rodney KCB KC (/ˈkɪər/ ⓘ; born 2 September 1962) is a British politician and barrister serving as Prime Minister of the United Kingdom since July 2024 and as Leader of the Labour Party since 2020. He previously served as Leader of the Opposition from 2020 to 2024. Starmer has been Member of Parliament (MP) for Holborn and St Pancras since 2015, and was Director of Public Prosecutions from 2008 to 2013.

Born in London and raised in Surrey, Starmer attended the selective state Reigate Grammar School. He was politically active from an early age and joined the Labour Party Young Socialists when he was 16. He graduated with a Bachelor of Laws degree from the University of Leeds in 1985 and gained a postgraduate Bachelor of Civil Law degree from the University of Oxford where he was a student at St Edmund Hall, Oxford in 1986. After being called to the bar, Starmer practised predominantly in criminal defence work, specialising in human rights. He served as a human rights adviser to the Northern Ireland Policing Board and was appointed a Queen's Counsel in 2002; his Northern Ireland policing work influencing his decision to pursue a political career. During his tenure as Director of Public Prosecutions, he dealt with a number of major cases, including the Stephen Lawrence murder case. He was appointed Knight Commander of the Order of the Bath (KCB) in the 2014 New Year Honours for services to law and criminal justice.

Starmer was elected to the House of Commons at the 2015 general election. As a backbencher, he supported the unsuccessful remain campaign in the 2016 Brexit referendum and advocated a proposed second referendum on Brexit. He was appointed to Jeremy Corbyn's shadow cabinet as Shadow Brexit Secretary, and following Corbyn's resignation after Labour's defeat at the 2019 general election, Starmer succeeded him by winning the 2020 leadership election on a left-wing platform. As opposition leader,

however, he moved the party toward the political centre, and also emphasised the project of eliminating antisemitism within the party.

In July 2024, Starmer led Labour to a landslide victory at the 2024 general election, ending fourteen years of Conservative government with Labour becoming the largest party in the House of Commons. He succeeded Rishi Sunak as prime minister on 5 July. Domestically, Starmer has said he will focus on economic growth, planning system reforms, infrastructure, energy, healthcare, education, childcare, and strengthening workers' rights, all of which were outlined in the 2024 election manifesto. He is also establishing the Border Security Command to replace the Rwanda asylum plan. In foreign policy, Starmer has supported Ukraine in its war against Russia and Israel in its war against Hamas, but has also called for an immediate ceasefire in the Gaza Strip since February 2024, after previously declining to call for one.

1+ Asbos being created by Sir. Tony Blair.

2+ Mr. Boris and his cannons, the reasons to why they were brought.

3+ Mr. Andy Love is the first email sent to the MPS on the **01/05/2015.**
The original copy I do not have any longer but might be obtainable through request, of the MPs. We can prove this email existed due to the next sent correspondence, dated the **16/07/2015** due to it being mentioned about inside of its consisting text.
The reason to why the email was sent to Mr. Andy Love & the Labour Cabinet was due to: ++++
The MPs involved became Liability in regard to the Asbo and prior police harassment against Mr. Simon Paul Cordell, at this stage.
I have allocated the missing email as a missing email to the date of the **01/05/2015**, in the diary and its Co Documentations due to not being sure of what date it got sent.

After speaking to my mother about the missing email from May, she has explained to me the following: --
Within the years prior to the Missing Mays Email, she as my mother had sent contacted the Labour Team, Mr. Andy Love about police harassment, they had written back to her but mostly by hardcopy letters, to which she no longer has. The police continued to harass me her son, Mr. Simon Paul Cordell as our provided evidence supports. Sadly, no follow up were continued on labours behalf to those complaints, made by the Now Claimants Mother. Eventually in May 2015 the police and council and Co had committed to us, even further harassment but this time with addition criminal intent by committing crimes physically and mentally to him and with the use of abuse of intrusted powers of work, I.E. crimes such as: --

a) Attempted Murder
b) Frauded Court Order Applications.
c) Hate Crimes
d) And Many More as We Have Listed in Our Claim Files.

And this is why the Now Claimants mother contacted Labour again. She referred a Kay Osborne to her past contact with the Labour Cabinet, as the past claims were of a similar nature.
It was the North London, Labour Team, Constituency who we contacted for emergency help who then explained to the Claimants mother that Mr. Andy Love is no longer the selected representative for north London any longer and that the further correspondence sent will need to be addressed to Miss. Joan Ryan.

4+ Mr. Boris Jhonson using his position as the mayor of London to conduct and condoled in the Asbo and the use of Human Right Violations. “Use of Press & Media Departments” are a small example, to follow!

Her complaint listed issues listing back towards mutable years to my early adolescent childhood of when I became social cares responsibilities, because I lived in children's homes when the police Harassment had started to escalate even further than when I was in the own Duty of Care of my own mother.

The United Government MP's

Do you ever question yourself when you think?
My answer to this question is yes, and the reason for myself to do this is that I know that I would better of spending my time not having to defend my legal rights against corrupt officials who refuse to acknowledge any wrong doings that can get proved against themselves and their colleagues to help those caught of wrongdoings to avoid criminal actions taken against them or the companies that they worked for while accomplishing such illegal activities against my person as can get proved, because I would have rather spent my time working on a festival than this report: - And due to the United Government MP's not acting within accordance to the laws to which they are bound to be incompliance towards that have been violated my Human Rights have been infringed. : --

CONTACTING THE COUNCIL
POLICE
&
MP'S

These are short notes at the moment

6+ Asbos being created by Mr. Tony Blair.

7+ Mr. Boris and his cannons, the reasons to why they were brought.

8+ Mr. Andy Love is the first email sent to the MPS on the **01/05/2015.**
The original copy I do not have any longer but might be obtainable through request, of the MPs.
We can prove this email existed due to the next sent correspondence, dated the **16/07/2015** due to it being mentioned about inside of its consisting text.
The reason to why the email was sent to Mr. Andy Love & the Labour Cabinet was due to: ++++

The MPs involved became Liability in regard to the Asbo and prior police harassment against Mr. Simon Paul Cordell, at this stage.
I have allocated the missing email as a missing email to the date of the **01/05/2015**, in the diary and its Co Documentations due to not being sure of what date it got sent.

After speaking to my mother about the missing email from May, she has explained to me the following: --
Within the years prior to the Missing Mays Email, she as my mother had sent contacted the Labour Team, Mr. Andy Love about police harassment, they had written back to her but mostly by hardcopy letters, to which she no longer has. The police continued to harass me her son, Mr. Simon Paul Cordell as our provided evidence supports. Sadly, no follow up were continued on labours behalf to those complaints, made by the Now Claimants Mother. Eventually in May 2015 the police and council and Co had committed to us, even further harassment but this time with addition criminal intent by committing crimes physically and mentally to him and with the use of abuse of intrusted powers of work, I.E. crimes such as: --

e) Attempted Murder
f) Frauded Court Order Applications.
g) Hate Crimes
h) And Many More as We Have Listed in Our Claim Files.

And this is why the Now Claimants mother contacted Labour again. She referred a Kay Osborne to her past contact with the Labour Cabinet, as the past claims were of a similar nature.
It was the North London, Labour Team, Constituency who we contacted for emergency help who then explained to the Claimants mother that Mr. Andy Love is no longer the selected representative for north London any longer and that the further correspondence sent will need to be addressed to Miss. Joan Ryan.

9+ Mr. Boris Jhonson using his position as the mayor of London to conduct and condoled in the Asbo and the use of Human Right Violations. “Use of Press & Media Departments” are a small example, to follow!

10+ In regard to number 3+ above “The first Email sent to Mr. Andy Love,” the next email to follow was sent on this date of the **16/07/2015,** which ++++
My mother who wrote the email of the **16/07/2015** to Andy Love of the Labour MPs members Cabinet raised concerns about myself and brother alongside herself due to unjustified treatment by government officials, in Layman terms Harassment 1998.
Her complaint listed issues listing back towards mutable years to my early adolescent childhood of when I became social cares responsibilities, because I lived in children’s homes when the police Harassment had started to escalate even further than when I was in the own Duty of Care of my own mother.

1+ I Mr. Simon Paul Cordell had been getting continually harassed by the member s of the Metropolitan Police Force and by my Local Authority the Enfield Civic Centre in aid of them

a) Just to name a couple of the people that attacked me I would say for sure that it is obviously that the neighbours like Hassan Osman and Debra Andrews Stain Curtis who acted with criminal intentions to deprive me of my life were not stopped by the officials when request by myself and others in accordance to the United Kingdom's Laws by the Enfield Council or the Local Metropolitans Police Force Services and this also included the Enfield Neighbourhood Team and the reason for this was because these are the companies that encouraged them into acting in such a hatred way against me from the start.

b) A large number of 39 different neighbours attack me without any reasonable cause and harmed me throughout the years of **2014** till **2021**.

c) There are 39 different people who moved in and out of flats that are directly attached to my flat which I rent of the Enfield Council.

d) 98% of these people acted with criminal intentions and continued to try and take my life from me.

e) In-between the years of **2006** till **2014**. I was a valid member to my local community and strived forward to a fair and constructive life for all persons that I came into contact with.

f) The Enfield Council had never had a complaint about me prior to **2015.**

g) Between the different contacts that I had with the MP's, Enfield council and the police nothing changed for me the banging continued as I explain and got much, much, much, worse.

h) I asked my mother if she could help me in emailing and or calling Enfield Council, so to get the problems addressed, as towards what was being done to me, by members of my neighbours,

i) My mother and I both did contact the relevant authorities for help on a numerous number of different occasions.

j) Many emails got sent to the official departments as has been filed documented and evidenced.

k) I even called them by phone on top of sending emails as did my mother and recorded all the conversations with my dictator.

l) The complaints that got sent by I and my loved ones got sent to the correct departments who would have any relevance in these situations and this got done by us with no correct follow up taking place of them sent correspondents thus so far, this is a serious concern to me: - "the victim" and any others their reckless behaviour may affect, indirectly or directly.

m) Nothing was being done by the council.

n) I told the police Doctors and the Enfield Council of what was being done to me illegally

o) I got CCTV of what was going on but the police doctors and Enfield Council refused to act in accordance to the law and treat my evidence as it should have.

p) In the few times that I did end up with an official person in my flat

q) [redacted].

7

r) **A Subject access request got made**

s) To the Local council Enfield: --

t) A Subject access request got made to the Local council Enfield,

u) so chasing answers,

v) I re-submitted a subject access request into the local council again,

w) so that I could find out more information as to what was truly, being addressed by them and why and also what was being done about it.

x) In the request that I sent I asked for some of: -

y) Any information, as to any complaints made by my neighbours or any other person about me or my personal visiting guests, in any of the times, that they been and visited me, this was to get answers for the time period, of Enfield Council being my landlords; this was to include any anti-social complaints.

z) The reply that I received back, that was in acceptance off my Subject access request and was an answer of no there has been no complaints that got made to them, regarding myself or any of my other visiting guest, this got agreed for the time of the first eleven years, which I had lived in my home.

2+ Intimidating a young person that they stereotypically labelled as black person even when I was born in the United Kingdom with a black father and white mother. The government officials showed racial hatred on most intervals with myself and continue to discriminate me out of any United Kingdom Citizens.

3+ Due to my mother and her family being abused in a large range of unjustified actions that are mandatory to be respected by governance such as

4+ The corruption that I and my mother can prove that has taken place against my person illegally can get proved to go right to the top of the government's management tree of staff and this is an issue when rectifying the problems of cause.

5+ After so manty different attempts to get justice throughout the standard channels of protocols to no evade of justice our family had no other option other than to contact our local MPs for protection that my mother and loved ones should never had to ask for to protect the life of her son Mr. Simon Cordell and the knock-on effect the corrupt and evil behaviour.

The **24/11/2016** is the next emails date that I have filed
