Simon appeared polite and pleasant to speak with. He asked me how my Xmas and New Year breaks went. He told me that his went ok. However, when I asked "what did Santa bring you" he went completely off tangent and spoke about conspiracies and difficulties with the police. He "rambled" on and appeared to be thought disordered. He also came across a paranoid with delusions about cases, 400 he intends to present to court and win. He told me that he did not need help. He will only allow me to visit him if I came with a colleague and not a doctor. I agreed and I told him that I will call him again on Monday or Tuesday to give him date and time. He denied self-harm or harm to others. There was no apparent evidence of suicidal thoughts. <u>3</u> <u>The Doctor's Folder / pub Book Issue: 5!</u> <u>Stage 5</u> <u>Folder 5</u> Originator Details: 08 Jan 2016 Last Amended by Details: 08 Jan 2016 Goodie Adama Nursing Page Numbers: 86 I had a telephone conversation with Simon's mother who expressed concerns about him. Mother appeared angry and frustrated that for over a year she has been seeking help for Simon and she has not been heard or listened to. I tried and failed to get what Simon's mother was concerned about. I asked what risks there were and what prompted her to call about Simon today and did not get much from her. It was difficult to speak with her as she was understandably emotional about his son not being helped. There was someone talking over Simon's mother and made the conversation difficult to follow. Mother said she will be taking the matter with his MP and hang up.

He has had a call from <u>Louise Brown</u> (he asked me write down her name) making threats to get the MH team out to see him. Says his neighbour is victimizing him. Doesn't want the police or MH team visiting him to say he has anxiety. He spoke of writing constitutions; he has incriminating evidence. He has things in black and white that are being used against him. He was pressured, thought disordered and difficult to follow. He again mentioned HIV but could I not make any sense of what he was saying as it was rambles. I have spoken with the AMHP office and I understand a warrant has been granted and a police risk assessment has been forwarded to the police along with the warrant and a date is now being awaited. I shall email AMHP office to alert them to my conversation today.

A s135(1) warrant was obtained but not executed as Mr Cordell gave access. A lock smith was present but their services were not required as Mr Cordell opened the door. The police were present but remained outside the property. Mr Cordell's home was somewhat cluttered with a large printer by the door. However, it was clean and organised. He had food in the kitchen. His mother and a female friend were present. Mr Cordell was expecting the assessment to take place. He was appropriately groomed and dressed. He had put his dog in the garden. Mr Cordell expressed his unhappiness about the warrant being obtained. He said

that if he had been sent an appointment letter, he would give professionals access. He mentioned on going issues with the police and that he had a court case in February. His speech was somewhat rapid at the start of the interview but this appeared to be due to anxiety rather than thought disorder. His speech slowed as the interview went on. Mr Cordell did change topic of conversation a number of times as there was particular information that he wanted to share with the team. He spoke a project to start a community internet site and showed those present a business plan that was on his computer. He showed us documents which he said were related to his court case. He pointed out a line in the document that said that all the suspects were white and said that this was part of his legal challenge to his Anti-Social Behaviour Order. He denied any symptoms of mental illness when asked about a variety of psychotic symptoms. He denied suicidal ideation. He spoke about difficulties he had with his upstairs neighbour relating to noise disturbance. He showed us some letters which said that his neighbour had written to him. He said that his neighbour has an alcohol problem and a learning disability. There was no evidence of distraction, confusion or that he was responding to internal stimuli.

36

It is my view that Mr Cordell's detention was not in the interests of his health as I did not identify evidence of mental disorder during the visit. I did not believe that Mr Cordell's detention was necessary for his safety, Mr Cordell denied experiencing any suicidal ideation and could I not identify other risks to safety apart from possible substance misuse which could not be used as the basis of detention without clear evidence of a mental disorder associated with the substance misuse issues. I also did not think that the threshold for detention on the basis of safety was met, he was having conflict with neighbour this conflict did not appear to be driven by any mental disorder.

5. Consultation with Nearest Relative and process of identifying the Nearest Relative

I identified Mr Cordell's Nearest Relative as his mother Lorraine Cordell. Mr Cordell lives alone and is single. As far as I could ascertain he did not have any children and was not in relationship. His father was the older of his parents but when I phoned his mother on

03.02.16

she informed me that he was in regular contact with Mr Cordell and did his shopping for him. I therefore formed the view that she provided care and was the Nearest Relative.

I phoned Lorraine at around 09:30hrs on

09.02.16

and she advised that in her view use of a warrant and the Mental Health Act assessment were unnecessary as he would give professionals access if he had received an appointment letter. She said that he had a court case in February but would not elaborate on this. Lorraine said that she thought that the involvement of mental health services was unnecessary as Mr Cordell was not in her view experiencing any mental health difficulties and had not experienced any mental health difficulties for a number of months. I was surprised that Lorraine stated that she did not think that Mr Cordell as the recent referral to mental health services had been triggered by a referral that she had made.

		6. Consultation with Assessing Doctors Both assessing Doctors declined to make medical recommendations and were in agreement that there was no clear evidence of any mental disorder during the assessing. 7. Views of others consulted Prior to the assessment the police present advised me that were aware of conflict between Mr Cordell and his neighbour. They advised that the soundproofing between the two properties was poor. The police officers advised me that they were aware that on one occasion Mr Cordell had threatened to strangle his neighbour. 8. Mental Capacity Act 2005 No Capacity Act issues identified during the assessment. 9. Reason for decision to make the application (including choice of Section) Given that Mr Cordell's diagnosis and treatment plan were not clear at the time of the assessment the assessment was for possible detention on section 2. It was my view that Mr Cordell did not meet the statutory criteria for detention. It was not clear that he was suffering from a mental disorder of a nature because at the time of the assessment it was unclear if whether or not he had a mental disorder. He did not meet the criteria for degree as there was no clear evidence that he was experiencing symptoms of mental disorder. 10. If not admitted to hospital, outline immediate plans for alternative to admission and how those plans will be co-ordinated. <u>4</u> <u>The Doctor's Folder / pub Book Issue: 1!</u> REFERRAL FORM - Enfield Crisis Resolution & Home Treatment Team Page Numbers: 39 Reason for Referral; mhaa @10:00Am <u>5</u> <u>The Doctor's Folder / pub Book Issue: 5!</u> <u>Stage 5</u> <u>Folder 5</u> Originator Details: 03 Feb 2016 Last Amended by Details: 09 Feb 2016 Samuel Curtis Social Worker Page Numbers: 74 + 75 <u>7</u> Notes <u>75</u> <u>Retrospective Entry</u> Entry Sam Curtis, Forensic Social Worker Outline report. Dear Amal / Goodie

I am writing in respect of your above patient who has been causing a lot of distress for my patient a€ “D. A a€ “1009639, who lives on top of his flat. S. Ca€™s behaviour and concerns about his mental state triggered the referral to your service. There is on-going SOVA in respect of S. Ca€™s threatening and aggressive behaviour towards D.A and her Support workers, this is in addition to constant barking by his dog which has made it difficult for D.A to live in peace at the accommodation. S.C has expressed paranoid thoughts that he was being stalked by D.A each time she moves around in her flat. D.A stated she has become a prisoner in her home due to the fear of being attacked by S.C who was alleged in the past to have waited for her under the communal landing while she was leaving her flat, fortunately her Support worker heard her scream and rushed in following which S.C went back to his flat. S.C was reported recently

Phone conversation with Simon. I explained I had been asked to call him. Simon expressed unhappiness about the MHA last week and said talked about the s135 warrant being obtained under false pretences and that mental health staff had confessed' that he had an agreed to allow access to his property, therefore a warrant was not required. I asked Simon about the word confess, as this suggested to me a response to a criminal charge or accusation. Simon gave examples of confessions but it was not possible to explore

Patient cancelled the appointment today.

The latest AMHP report states in point 4 that there was no evidence of mental disorder during the assessment.

Simon Clark (team manager) will make contact and if the client is unwilling to see services and given the AMHP report and his mother able to request support for the client when needed, a decision for discharge could be considered following the phone call, **if client has capacity to refuse intervention from services. Client seems unlikely to engage** unless under the auspices of the Mental Health act or under the criminal justice route.

t/c I spoke with Simon and informed him that I was back from my holidays. He told about the MHA team visiting him while I was away and tried to get him into hospital. He said he did not appreciate what happened and was glad that the doctors did not agree that he was mentally ill.

He said "I know who the team is and who you are and If I ever need help, I know who to contact"

He spoke positively about Mr Clark, manager; that he is a nice person and good to speak with.

Plan:

Discuss at EIS referral and case meeting on Tuesday

Recommend that case to be closed

Bessie Ward Mgr. spoke with Simon's father - father reported that another family member was prescribed Clozapine which had to be immediately stopped, he is concerned that we proceed cautiously with any prescribed medication for Simon. Father earlier reported his concern that Simon's swollen finger was being neglected, I understand he spoke with Bessie about same. Ibuprofen, 400mg, oral tablets given to Simon for painful swollen finger. Meals attended. Socialised with peers. First thing this morning Simon communicated that he was unhappy about another patient M.A. being on the ward, agitating, intimidating and upsetting other patients including himself, related other patients shared his opinion that other 'aggressive' patient should not be on this ward and be moved elsewhere, said he could not guarantee not 'taking on' M.A., 'I don't want to go back to prison, I'm on an ASBO. I will defend myself. I counselled Simon to maintain his distance, not to take matters into his own hands, not involve himself with M.A., to report any concerns to nursing staff for staff to manage any challenging/aggressive behaviour and in so doing maintain the welfare and safety of all persons. <u>3</u> <u>The Doctor's Folder / pub Book Issue: 5!</u> <u>Stage 5</u>

Simons mum is unhappy, she said we are starting too many drugs at once. She said 'what you are trying to do is put everything in his way - so it goes against him when he's refusing medication. Now he's going to have this on his record, I feel your putting things in his path. I explained that the consultant feels that this medicine will be beneficial to his mental state which is why we have prescribed it. Simons mum has also asked that we record all collateral history or mention of her in the notes as third party information as she does not want Simon to read it when he requests a copy of his notes. He complained about his admission as he feels it was unlawful for some of the mental health professionals who came to his house to assess him as he has already made a complaint about their attitudes and have recordings OF the visits. He also informed me that there is nothing wrong with him to be in hospital and to take anti-psychotic medication. He has been told that he will be given injection if he refused his oral medication after he has been seen by the consultant. He just wants to be discharge to continue with his business plan. After explaining to him about the reasons for his detention and the benefits of taking medication, also the longer he refused will prolong his stay in hospital. Conversation with Simons mother

Explained current treatment plan and mental state. Agreed Simon is taking the lorazepam however it has not made any notable change to his mental state. Explained that the next stage is antipsychotic medications as was stated at our first meeting. Mum says that Simon will refuses to take these and she denies that he is delusional or paranoid. Simon continues to decline his antipsychotics as he does not think he needs them. We have explained the signs and symptoms that Simon is exhibited warrants the use of antipsychotics to prevent further deterioration in his physical and mental health. We have explained that if Simon continues to refuse tablets the next stage would be an injection. Simons mum asked about when or if he will be moved to another ward, we explained that this depends on Simons progress and how long it takes to make a fuller assessment of his needs. Simons mum was concerned with the lack of activities on the ward and she feels this is contributing to his bad health, she says the only time there was an activity on the ward was when the solicitor on the ward and she felt these two things were linked.

TRIBUNAL + PLAN

Simons MHA Tribunal went ahead this morning - the panel decided not to uphold the Section 2; therefore, Simon is now an informal patient. The judge made it clear to Simon that although they were discharging the section, they felt that he needed to work with the medical team and the nurses, and that they felt he needed support. Simon has agreed to remain in hospital informally so that we can continue to assess him and monitor his progress with medication, his time off the ward can be negotiated with nursing staff, we would recommend that this is escorted on the first instance then if goes well can be unescorted. Simon has also agreed to take his medication as prescribed (5mg olanzapine nocte, 1mg lorazepam nocte), he presents as calm and amenable, willing to work with health professionals, denying thoughts to harm self and others. If Simon were to change his mind and decide to leave over the weekend, it would not be appropriate to detain him under 5(2) unless his presentation and risks changed. If Simon wishes to leave hospital and his presentation is unchanged, we would recommend that Simon be discharged with the HTT for follow up/monitoring/supervision with medication.

Handover from ward doctor received and advised that pt is not detainable unless presentation massively changed. Simon is keen to be discharged today, he wants to visit his civil partner, take his dog out for a walk and "get back to normal". He also intends to go to AED for? CXR of his distal phalange of L small finger which he believes to be broken following an accident on the ward - slipped in the bathroom. Advised by staff that this was examined by duty doctor and it was felt it is unlikely to be a fracture. He admits that he has benefited from his stay on the ward but feels that no further IP stay is necessary as he would feel much more comfortable at home. He initially suggested to go home today, stay overnight and return to the ward. The plan from the day team was for pt to go out on escorted leave with staff and then gradually increase his leave and let him go out alone. He refused going out with staff due to "embarrassment" of walking with staff if he is seen by his neighbours/friends. I asked if he would be happy to be visited by HTT at home on discharge and he agreed. He confirmed he is happy to take his meds and to engage with HTT.

He denied any suicidal thoughts or thoughts of self-harm, denied thoughts of harming others. Denied any hallucinatory experiences.

t/c I spoke with Simon. It was just to get an update on how he was getting on with HTT. Simon spoke about the Tribunal and appeared upset about the reports. Particularly he was not happy that it has been documented that he threatened his neighbour and also that it was his mother who called the Police. He said he was angry with his mother and will never talk to her. There was no malice intended while he went on about what doctors, nurses and his mother did, are doing and will continue to do. Simon spoke on lots of topics - going from one issue to the other without finishing off the previous; had flight of ideas and speech was pressured. These appear to be normal to him.

Dr's RiO entry did not explicitly say this although stated that he appeared stable at present, so benefit of doubt given. Simon, he said he was reluctant to take meds because he does not feel he needs it and because he has been experiencing side effects - feeling of electric shocks going through his head. He talked at length about his issues with mental health services and asked lots of questions about how things operate. Also asked me if there was

anything negative written about him in his progress notes. Sounded very knowledgeable about mental health services, diagnoses and mental health law. Eventually, he agreed to see me to be given the TTAs. Home visit this evening - was pleasant although slightly over-familiar with me - asked me personal questions such as if I am single and asked for my phone number. Speech was slightly tangential although normal rate, tone and volume, interruptible.

Patient complained that the olanzapine was making him feel very tired. He appeared mentally stable in spite of his talkativeness which I later understood was his normal self. He told me that professionals have misunderstood it as a symptom of a mental illness. He was preoccupied with how he was treated during the MHA and false statements in various reports about him including police reports. He has spent significant amount of time putting things in correct perspective with both papers and audio-visual evidences. He has an advocate and he also talking to his lawyers.

Patient was seen this evening. He was very talkative, showing me folders, he had compiled, and paperwork Showed me his little finger and said that when he was in hospital, that his small finger was damaged and currently cannot bend it. Kempt, dressed appropriate for the weather in jeans and a T-shirt. Said that he has ran out of Lorazepam and would like it to be prescribed to

		him again, to which I explained will relay this back to the office. He rated his mood at 6 out of 10, saying that he just wants his appeal to be sorted out at the Crown Court which should be towards the end of next week. He was giving me compliments but was getting too familiar which was making me feel uncomfortable. I then said I had to go as I had my colleague waiting for me. He reported no further concerns. He called to say that his solicitor has talked to him about a psychiatric assessment re fitness to appear in court. Simon said he has had numerous assessments, but I pointed out this one would be specific and current regarding fitness to appear rather than some of the other assessments such as for section or general mental health. He explained that he is currently preparing for a court hearing but when this is completed, he would like some help to look at training/courses to support his career ambitions. Simon said he will call in the next few weeks once the court hearing is over and we can arrange to meet to talk about what support he would like. Although Simon spoke quite quickly on a number of subjects, with a slight preoccupation of past assessments and contact with the police, the content did not appear odd or delusional

TC prior to visiting, no reply. Message left for him that I am coming to visit and will also give him his TTA's. Arrived at him home address but still unable to get through to him. Need a code to enter the building. As I was again calling him, I saw a car who stopped and a guy came out asking me if I am a Doctor and whether I have come to no: 109. Before I could reply he told me he is the person at 109. He was dressed in black suit and tie. A female driver stayed in the car. He approached me and told me he does not need to be seen by the HTT because "I am not crazy." He also added that he also won his Tribunal and only agreed to be seen by us briefly. He went on saying Dr has been prescribing him medication that he never took and the Dr claimed that he is doing well on it when in fact he is not taking any medication. "I don't need it. I am ok without the medication 'therefore refused the TTA's and requested no more visits from us and that he will call us if he needs our

		help. Plan To discuss in next TPM and to discharge him back to GP or his local CMHT.

I could hear him very clearly in the background saying and referring to me "stay away from me; you have ruined my life". He did not wish to speak with me. Lorraine however said that he was fine and that he has been staying with her. I said to Lorraine that I will call at another time and hope to get him in a better mood. When on the phone as can be heard I asked Lemmy to go on the computer and check what the last fake allegation is against me and also asked him to provide the date and time, he did do as I requested and because of this I explained to him that the accused allegations were out of the time limit Act 1980, on top of me being an innocent person.

I then spoke with his mother Lorraine and explained that apart from medication Simon could benefit from regular contact with myself to monitor his mental health and psychiatrist for review. He could have psychology input if interested and other activities on offer from EIP.
