Mr Cordell's mother contacted the Enfield HUB, mental health referral centre. She reported that Mr Cordell was not eating, not sleeping and that he was experiencing persecutory ideas, thinking that people are laughing at him and talking about him. His mother said that Mr Cordell believed that the government were advertising information about him and that the television was talking about him or to him. She stated that Mr Cordell was smoking

He believes the government is advertising things about him. That the TV is talking about him and talking directly to him. She reluctantly admits that he smokes cannabis adding "not a lot" She is adamant that her son should not know of this referral as she is frightened to sever the fragile relationship, she has with him. Subject: RE: Complaint [SEC=UNCLASSIFIED]

Dear Dawn Allen

- Was meant to be sending a surveyor out to see how the pipes have been laid for my heating system, this has not been done.
- When work was carried on my flat re doing the electric, they wired in fire alarms and a Carbon Monoxide alarm, I made many calls to say these had not been fitted correctly, and due to this got carbon monoxide poisoning and ended up in hospital due to a faulty boiler and the Carbon Monoxide alarm not working.
- when they did come out in Nov 2014 I was left with no boiler for weeks until parts could be ordered as they had to cap the boiler off, work was also meant to be done to rewired the incorrect rewiring of the alarms this has not been done and I feel very unsafe as I feel if my boiler went wrong again the Carbon Monoxide alarm would not go off.

- Window in my bedroom does not lock and needs a new hinge.
- The new toilet wish was fitting is not secure I have had this repaired once already but it still is moving around and I feel unsafe.
- The Sink has come away from the wall in bathroom.
- After major works being done to my flat for damp the smell of damp as soon as you enter the bedroom is very bad.
- They fixed damp in my front room and this is still not died out due to them not fixing the reason for the damp.
- I was told that the guttering was causing the damp in my flat and needed doing someone came around months ago and told me the works was due to be done this has never been done.
- The pipes bang in the flat really bad I was told it was the main stop cock that needed replacing the pipes are still banging badly so this cannot have been done.
- When the man came out to do my heating the council had told them I had removed all the pipes from my home, the man was stocked to see them all still in place and could not understand why he had been told this.
- I have had so many surveyors come to my flat and say work is going to be done but it never is I think this is most of the list that still needs to be done.

Dear Dawn Allen

My Mother has sent emails in of complaints about the repairs more than once and made lots of phone calls. There does seem to be an issue of things not being logged on the system and reports going missing. But I sure if you looked you could find them. But I am tired of getting the run about and waiting for years for things to be done. And a call was made to the Antisocial Behaviour Team today and they again gave me your details, so once again it seems nothing will get done about the neighbour. My mother has now made a call to the Assistant Director Community Housing Services and they have taken a lot of notes, and your name and I should be getting a call back and she has now booked to see the MP and will bring all the information that has been gathered along to the MP to see what they can do.

Dear Dawn Allen

I no longer go out of my home due to my health that is why I cannot come to the office. Also, why would it need to be a in a neutral environment you would have to come to my flat at some point to hear for yourself what is going on as you can clearly hear it and see what the neighbour is doing. I have also put in reports also about the repairs this has been going on for years and things still have not been done. You are my housing officers can you please tell me what your job description is? I am asking for help and have been for some time and you do not seem to be willing to give me any help. Is there a problem with you coming to my flat?

My Mother will be there with me and you can be someone with you if you feel there is a need to. I have ongoing issues which does need to be addressed by someone and you are my housing office and I have been told you would need to address

Dear Jackie Gubby

- Thank you for taking the time to talk to me, on the phone today and explaining why you could not come to the meeting on the **28/09/2014** at 14:30!
- As said on the phone the surveyors took all the details of repairs and said they will deal with them.
- I am happy, you will get keep updated as too, what is going on with the repairs and keep me updated.
- As also said to you on the phone we did not hear from the ASB team as yet, and today my son heard the main door keep banging so he walked out to the front and saw no one there so walked out further than he was to see if he could spot anyone else around the flats.
- When he walked back to the main door Debbie, his neighbour was by the bin door and when she turned around and saw my son, she hit him with her shopping bags, there was a lady that was with her, but not standing with her and saw what was going on and run over and told Debbie to stop, my son asked for the lady's name and the lady would not give him it or who she worked for.
- But my son had time to talk to the lady and tell her what Debbie had been doing, Debbie got upset, and kept shouting and telling the lady not to talk to him the lady had to tell Debbie to stop that she wanted to hear what my son was saying and told Debbie to wait.
- She spoke to my son for a little while but said to my son that she was sorry, but she was busy and had to go and she left, and my son goes back into his flat.
- He called me and told me what had happened and asked me to call you to update you as too, what had gone on.

Referral from mother. (But she does not want him to know of it) Patient known to mental health services was assessed under the MH Act last year but not deemed sectionable. Mother says she has

	been asking for help all over but got nowhere. She describes her son as not eating, not sleeping, he is paranoid saying people are talking about him or laughing at him. He believes the government is advertising things about him. That the TV is talking about him and talking directly to him. - It is my view that Mr Cordell's detention was not in the interests of his health as I did not identify evidence of mental disorder during the visit.
- I did not believe that Mr Cordell's detention was necessary for his safety, Mr Cordell denied experiencing any suicidal ideation and could I not identify other risks to safety apart from possible substance misuse which could not be used as the basis of detention without clear evidence of a mental disorder associated with the substance misuse issues.
- I also did not think that the threshold for detention on the basis of safety was met, he was having conflict with neighbour this conflict did not appear to be driven by any mental disorder.

Consultation with Nearest Relative and process of identifying the Nearest Relative

- I identified Mr Cordell's Nearest Relative as his mother Lorraine Cordell.
- Mr Cordell lives alone and is single.
- As far as I could ascertain he did not have any children and was not in relationship.
- His father was the older of his parents but when I phoned [his mother on 03.02.16](#) she informed me that he was in regular contact with Mr Cordell and did his shopping for him.
- I therefore formed the view that she provided care and was the Nearest Relative.
- I [phoned Lorraine at around 09:30hrs on 09.02.16](#) and she advised that in her view use of a warrant and the Mental Health Act assessment were unnecessary as he would give professionals access if he had received an appointment letter.
- She said that he had a court case in February but would not elaborate on this.
- [Lorraine said that she thought that the involvement of mental health services was unnecessary as Mr Cordell was not in her view experiencing any mental health difficulties and had not experienced any mental health difficulties for a number of months.](#)
- I was surprised that Lorraine stated that she did not think that Mr Cordell as the recent referral to mental health services had been triggered by a referral that she had made.

Consultation with Assessing Doctors

- Both assessing Doctors declined to make medical recommendations and were in agreement that there was no clear evidence of any mental disorder during the assessing.

Views of others consulted

- Prior to the assessment the police present advised me that were aware of conflict between Mr Cordell and his neighbour.
- They advised that the soundproofing between the two properties was poor.
- The police officers advised me that they were aware that on one occasion Mr Cordell had threatened to strangle his neighbour.

Mental Capacity Act 2005

- [No Capacity Act issues identified during the assessment.](#)

Reason for decision to make the application (including choice of Section)

- Given that Mr Cordell's diagnosis and treatment plan were not clear at the time of the assessment the assessment was for possible detention on section 2.
- It was my view that Mr Cordell did not meet the statutory criteria for detention.
- It was not clear that he was suffering from a mental disorder of a nature because at the time of the assessment it was unclear if whether or not he had a mental disorder.
- He did not meet the criteria for degree as there was no clear evidence that he was experiencing symptoms of mental disorder.

The banging Started!

Stain Curtis (responsible)

Mathiyalagan (Responsible)

Time: All-Day and All-Night whenever they knew that I was indoors!

The occupiers of 117 and 111 Continued to victimizing me by: --

Stain knocked on my letter box and waking me up when he is leaving his premises to get his newspaper in the mornings, like a person playing the game called knock down ginger!

Eavesdropping, / Heedfully aurally perceiving where I am in my abode and then chasing me around into each room as listed, while banging on the floor with objects!

Victimizing me with intent of utilizing the same reiterated items of the building fixtures to have tortures effects on me within my rented habitation is inequitable living circumstances!

Summary!

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what the Mathiyalagan family stain and Debra with the police and local council members are getting away with each day holding me hostage with no first hand witness and the estate members flushing the toilet attacking me when I am in the bathtub and getting undressed all so playing with the water taps and banging above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has eaten its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

If what they do to me finally kills me then it would also kill a lot of other people in the process!

Disrepair!

I stay hopeful that these problems within my home get repaired soon by the Enfield Council homes but as every day goes by, I seem to get no response and a continual repetitive reckless behaviour of disregard from their staff!

Time Spent Building.

In the background of everything going I continued working the Creating the new and up to date events Overall Medical Prearranged Plan and policies and I continued to Study and finish at the Time Start: 07:00Am and Time End: 03:30 Pm!

My mother also continues to work on building my company website for me with others at the Time Start: 09:00 and Time End: 14:00!

Working at Home doing Court Case Defense Work!

I spent time and resources costing expenditure with my mother also building my defence case, against the allegations getting put against me at the Time Start: 12:00 Am and Time End: 06:00 Am!

- I had telephone contact with Simon's Mother Lorraine Cordell **020** today at 10.35.
- She told me Simon is refusing to seek help or attend his GP's surgery.
- He did not take the medication that was prescribed when he saw **Dr Jarvis Last March 2014.**
- It appears that Simon is not consenting to seek help with regards to his mental health.
- I have however advised Mrs Cordell that she encourages to visit his GP, or she could request another assessment under the MHA 1983 if she has concerned that Simon is at significant risk to himself and others.
- I have also advised that she could ring the police / LAS and Simon could be taken to A&E in an emergency.

EAS/ECRHTT entry.

- Joint assessment conducted together with Dr Cushion from the Enfield Assessment Services at patients’ home.
- We could not gain entry to his flat and therefore we had to make a telephone call to his mother who we asked to give us a code for access to communal door of the property.
- Same given as 0123.
- His mother is called Lorraine and her phone number is 020
- Upon knocking on the door to his flat there was fierce barking of his dog from the flat.
- He was suspicious of people knocking on the door and asked, Dr Cushion Who are you?
- We calmly introduced ourselves and called out purpose for our attendance.
- We then asked him to put his dog away and let us in.

- He complied without any issues.
- The front door was secured with a heavy-duty metal door and as soon as he opened the door, he instantly bombarded us with volumes of information, about who he is, he talked about what the police have done to him, explained what his neighbour is doing to him (following him about) and what he is doing to clear his name regarding his assumed criminal or police records.
- This pattern continued even when we sat down to interview him.
- He would not allow continuous flow of conversation; he had rapid speech, he was disruptive and jumping topics.
- He had many volumes of files to refer to and try to prove his points and assumed mistreatment by the police and misdiagnosis by the medical professionals.
- However, he could be interrupted without him becoming angry.
- He could not facilitate conclusive dialog or interview no matter what method of interviewing we employed.
- We kept going around the circle without end.
- He appeared to be mentally disordered and without understanding of his illness (not insightful).
- We advised and offered him support for his mental disorders which he declined saying that he is not ill and will not take medication.
- His mother reported family history of mental illness.
- His grandmother suffered from schizophrenia.
- This could be the start of his schizophrenia exacerbated by drug use.
- Finally, we had to summarise purpose of our home visit.
- We told him that we had attended in order to address his medical as well as social issues:

Medical:

- We told him that after the interview, we felt that he needed support/treatment for his mental disorders.
- We explained and offered him home treatment which he declined.
- I do not think that he would engage with the HTT.
- If he continues to take drugs he will continue to deteriorate in mental state and being paranoid about harm to him from others including the police and neighbours

Social issues:

- A 34-year male of mixed race, white, black (mother is white and father is black).
- He was known to CAMHS as a child.
- He accessed mental health services in 2008, 2012, 2013, 2014 and this year with no records of previous admission.
- He admits to using skunk cannabis daily supplied by people.
- He pays for drug supply with his benefit money and support from his mother.
- A well-known person to police.

Relationships:

- Isolated for more than two years, he said. According to Simon, he is not allowed to go out to certain areas by the police and in particular industrial places.
- He said that he has no friends.
- However, his mother has regular contact with him.
- She does his shopping for him.
- Activity of daily living.
- He told me that he can cook for himself.
- I checked that his kitchen was clean and there was some activity of previous cooking.
- There was food in the fridge.
- Although his flat is full of equipment, computers, industrial printers, speakers, and others, his flat is reasonably clean and orderly.

➤ His bedroom is not too bad either, has makeshift wall robe he made by himself, and I could see that an attempt had been made to make the bed after night use.

- Being appropriately clothed.
- Mr Cordell was casually dressed in a truck suit.
- He was cleanly shaven with no signs of self-neglect

Accommodation.

- Lives in a one bedroomed flat provided by the council and paid through housing benefits.
- Denied any rent arrears.

Finance/employment.

- Unemployed, explained that he is not allowed to venture out by police and hence he cannot go out to look for work.
- He said that he is in receipt of state benefits.
- He told me that he earns around A£70 per week EAS and receives housing benefits on top.
- Mother supports him with money too.

Social inclusion.

- He does not want to work or go for training.
- Said that his grandparents left a lot of money for the family.
- He said, "I am alright"
- Factors having significant impact on Mr Cordwell's wellbeing.
- Mental health and emotional wellbeing; he continues to deteriorate in mental state as currently not under treatment and using skunk cannabis

Conclusion/impression:

- Mr Cordell is not accepting that he is ill.
- He would not engage with the HTT.
- Mr Cordell need to be referred to the EIS as showing early signs of psychosis.
- A referral for MHA assessment to admit him in hospital for further assessments and treatment would help reduce risk of further deterioration in mental state but Mr Cordell is not detainable in his current mental state.
- No immediate social work role for now.
- The interview did not determine, and Mr Cordell could not identify social issues having significant impact on his wellbeing.

Plan.

- We gave him our 24-hour contact number to phone mental health services if in emergency (02087023800).

- EAS Joint HV with [me](#) and Jameson Simwanza SW
- after sending out letter From RIO notes

Disrupted childhood:

- [CSE in paedophile ring](#)
- [violent father](#)
- adolescence in care,
- under CAMHS 2012 - diagnosed with anxiety related to court case for burglary
- 2014- had MHAA - found not to have major mental illness
- 2015- 05-year ASBO for organising illegal raves- not allowed to enter industrial or disused premises between 10pm and 7 am

2015- November –

- mother made referral via HUB-
- she reports gradual deterioration in mental health over the last year,
- Simon was angry when [his father](#) made contact with the [HUB in 2014](#) and does not want it known she instigated the referral.
- Today Simon consented to be seen and let us in.
- He was clean,

- well nourished.
- well kempt and dressed casually.
- He put the dog in the back garden.
- One bed council flat
- There was a massive heavy-duty metal door like that of a prison cell (over 7 feet tall) behind his own front door, which Simon said he's made and installed recently.
- There were tools lying about on the floor and he has worked in construction in the past.
- He didn't give us a reason for making the door.
- He hasn't gone out for months
- mother does all shopping

History from Mr Cordell

- Chaotic historian, jumping about topic to topic, but happy to talk especially about his grievances chiefly with the police and the woman upstairs.
- He said there is a widespread conspiracy to destroy his good name and possibly ultimately to kill him.
- This is organised by the police with a policeman in Essex called **Big Bad (unheard)** as its source, in league with "Storm" a global agency who manage the UK's 999 calls.
- The police are putting things about him all over the internet (there has been local reporting of his ASBO) and are putting subliminal messages about him through his own TV and other people's.
- As part of this, he says they have falsified all his records - the proof of which he gave as a list of CADS (relating to one of the illegal raves he'd arranged) which as they were not written down in sequence of their numbers, could not be a true record and thus in his view proof of a conspiracy.
- He said he has evidence on tape of the police talking about him and plotting against him, which he offered to show us, although in fact there were no such sound files on his computer.
- He couldn't really explain how he'd heard this material.
- He was keen to show us other written "evidence " from the police, which were all notes Simon had made in files on his computer.
- Simon said the woman in the flat above has been stalking him, is aware of all his movements around the flat, and when he is in the bath, takes off his clothes or on the loo, begins stamping on the floorboards.
- The history we have is that he made threats to her, and she was moved for her own safety: he still feels she is upstairs. Said he had CCTV footage from cameras in his flat of her stalking him - he could not show us any cameras.
- Simon got out several boxes of papers which he said related to the conspiracy together with his plan for his own business and his plans for a global charity for children.
- The flat was full of equipment for printing and other things. Simon said he had spent " a quarter of a million" on his businesses including 20 000 on each of two printers.
- Has thoughts of killing himself "when I eventually clear my name."
- FH of Bipolar Disorder /Schizophrenia- grandmother

From previous notes

- Tried to hang himself at the age of 16 when in a young offender's institution and needed to be resuscitated.
- He was moved to a high security hospital and kept in seclusion on several occasions.

- He says he was seen regularly by a psychiatrist called Dr Caplin from "the safe project" (probably CAMHS).
- He says there was a second occasion where he tried to hang himself when in a cell after he was sentenced
- Said attended NMUH A and E 2014 after drinking liquid nitrous oxide with intent to die

Forensic history

- Long history police contact from juvenile, mostly connected with driving, theft-?
- in prison on remand in past
- Smokes 1-2 spliffs most days,
- no other drugs, alcohol or tobacco SH
- 1 bed council flat,
- no debts, ESA,
- food in fridge,
- flat cluttered but clean

MSE

- Clean, open manner,
- engaged well,
- incongruently cheerful,
- very polite

Appeared euthymic-

- did not appear particularly elated:
- idea of harming self "when name is eventually cleared" but currently has no thoughts of self-harm or harming anyone else
- Pressure of speech but able to repeatedly interrupt without irritability

Thought disordered:

- Tangential, circumstantial, preoccupied
- Paranoid delusions relating mainly to police and woman upstairs: delusions of reference
- His comments about hearing having police talking about him on tapes may be elaboration of auditory hallucinations No evidence commands or passivity

Insight: articulate:

- does not think he has a mental health problem: Said he'd had all these problems for the last year, especially in the last few months but felt they were getting worse.
- He has withdrawn from all social contact except with his mother.

Impression

- FEP, possibly with mood element history at least several months

Strengths:

- Significant part of personality intact at present, was willing to engage with us today Maternal support

Risks:

- isolation, self-neglect if mother withdraws support, potential risk harm to self but trigger factors not clear (past self-harm attempts as teenager appear to have related to court appearances)

Plan

- Declined medication and engagement with CRHTT (as he didn't want to give his story again)
- We talked about referral to EIS and my view that he would find seeing someone regularly helpful: he said if I made the referral he would engage- saying he would be too polite to refuse.
- He seemed to find our conversation today a relief and thanked us for coming.
- I did not feel he would meet criteria for detention today under the MHA and that I would refer for assertive approach from EIS as a more proportionate response.
- Referral via email to [Simon Clark](#)

- Jameson Simwanza, Social Worker in Enfield Assessment Service/Crisis Resolution and Home Treatment Team
- and I saw Mr Cordell at home today after reports of a gradual deterioration in his mental health over the last year.
- Mr Cordell's presentation today was congruent with a [First Episode Psychosis](#) with symptoms [beginning several months ago](#).
- His main preoccupations and paranoid delusions relate to the police
- and with the woman, who lives upstairs
- although we understand she has moved out.
- His mother has been supporting him and has been calling on him almost daily for the past year as he has become more socially withdrawn.
- Today Simon was well nourished and cared for
- and his flat although cluttered was clean.
- He keens to relate his experiences to us but resisted the idea he had a mental health problem.

Risks:

1.
 - He made 1-2 serious self-harm attempts as a teenager with contact with the criminal justice system.
 - Today he said he had attended North Middlesex University Hospital Accident and Emergency department last year after drinking liquid nitrous oxide with intent to self-harm.
 - Currently he has no thoughts intent or plan to harm himself or anyone else
 - although [he said today, he would kill himself "when I eventually clear my name" - this is not linked to any particular date.](#)

- He looked well-nourished and clean, engaged well: there is a potential risk of self-neglect if mother withdraws practical support.

3.

➤ Some Cannabis use, but likely to be insufficient to account for today's presentation.

Plan:

➤ I did not think his presentation today would meet criteria for detention under the Mental Health Act and Simon is willing to engage with services although not to take medication at the moment.

➤ He declined contact with the Crisis Resolution Home Treatment Team as he does not feel he is in crisis but took the crisis number 020 8702 3800.

➤ We have referred him to the Early Intervention in Psychosis service for an assertive and consistent approach to his on-going management consistent with a least restrictive and proportionate response to his symptoms.

➤ When his case is accepted by the Early Intervention Service, we will then close the case to this service.

Yours sincerely, ELECTRONICALLY SIGNED

- t/c I spoke with Simon at length and his final decision was that he was not interested in meeting me or having help from the mental health services.
- Simon told me he was not mentally ill and did not need help.
- He then went on to tell me about all the problems he had or still has with the police.
- He said that he simply wants to clear his name and that "the truth will set me free"
- His speech appeared pressure and went from topic to topic without ending one topic.
- He appeared to have an aggressive tone and on the other hand he appeared apologetic about refusing help.
- My impression is that Simon will not co-operative with assessment and treatment in the community.
- There was touch of delusions or rather exaggeration to his claims about being "victimised".
- There is information on the net about his arrest and being placed on ASBO.
- I will discuss his case at EIS case fit referral meeting on Tuesday

➤ t/c I rang Simon and wished him Happy New Year and asked him how he was.

➤ He told me that he has been doing well and no problems except that he has a Court case in February to clear his name.

➤ However, he told me that he reported a police officer whom he secretly recorded for framing or setting him up.

➤ He said at the Highbury Magistrate Court the police officer was found guilty.

➤ He said he felt good about that and that he will be claiming compensation.

➤ He will also like an apology made through the news [media].

➤ Simon informed me that he has not been going out much - "getting myself locked; I don't feel safe to walk around much" as I got a police officer arrested.

➤ I reminded him of my or EIP offer for help i.e., talk to someone or get practical help if the need arose.

➤ Simon was quite polite, thank me for calling and the reminder and wished me and the team a Happy New Year.

Impression

- Apart from the story about getting a police officer arrested [? delusional?]. and is plausible, Simon did not appear to have psychotic symptoms.
- He spoke clearly, coherently and content was logical.
- There was no apparent evidence of thought disorder.
- He appeared to not mind me calling him.
- I will call him again after New Year to check how things have moved on.
