	This is when the police came to my home / front door to arrest me. I explained that I had gotten drunk the nights and days before at an event on acholic drink and it had made me ill by causing me to hallucinate. I said to the attending police officers that I had been lying down since contemplating on calling an ambulance until they had arrived at my home address and this happened soon after they told me that I was getting arrested for an Armed Robbery. I went to the hospital with the police simply because I believed I had been spiked. Arrested by Police? Westminster sent the memorandum of conviction via an email after my request to the courthouse; I received this email on the 17/02/2014

	not too long after us paying for it. When I received the email, I acknowledged that it demonstrated what I claimed all about and that it was in error. The failing to surrender got dismissed by the court a long time beforehand, so it should have never of been placed on my PNC record and this error on my criminal record is why I got sent to prison, due to no fault of my own. I know it should not be on a copy of my Police Record, stating that I got found guilty of this offence. In understanding this error and knowing that many more were on my record to which I disputed knowledge about I continued in my search for answers; Then on the 19/02/2014 more Email's got sent to another courthouse such as Highbury Corner Magistrates Court, to have all my PNC records checked, for cases that were heard by Enfield Court which Edmonton Police dealt with. This took time to address as there where a list of Records I wanted checked. While waiting for my replies from the courthouses regarding my criminal recorded being in error so I felt depressed because of all the ongoing in my life so I attend to the local doctors to explain how the police court case and bail conditions deterred, my life away from being in harmony.

	Thank you for seeing this 33-year-old Afro-Caribbean man. He gives a history of symptoms of anxiety and depression, which have been on-going for a few months. His symptoms have progressively got worse and he has been having some suicidal thoughts, although he has not made any concrete plans to do anything. He says that the only reason he has not acted on these suicidal thoughts is because of his ex- patient and family. He is currently involved with the criminal justice system and is -currently - <u>on probation</u>. He is under curfew and there have been imposed- restrictions on his movements. He says he is finding it very difficult to cope with the conditions of his - sentence, mainly the confinement to his home. He says that his relationship with is partner appears to have broken down because of what he describes as the tough - conditions of his probation. He continues to feel very low and anxious when he is confined- to his home. - He is having difficulty sleeping. He has had problems with depression in the past and was referred to the psychiatric services in 2012. He has agreed to commence anti-depressant medication today in the form of Sertraline 50mg once daily. He requested some sleeping tablets and I have given him 10 tablets! of Zopiclone 3.75mg 1-2 tabs nocte to be used Infrequently.

New Assessment

Dr Jarvis (ST5),

Mr Cordell,

Mr Cordell's mother Diagnosis

Adjustment reaction - predominantly anxiety

Medication: Nil

Plan:

1. If Mr Cordell would like to try medication Sertraline starting at 50 mg for one week then increasing up to 100 mg would be a good choice.
2. Crisis plan agreed with Mr Cordell if he feels like acting on his suicidal thoughts (call crisis team, or Samaritans or an ambulance).
3. Discuss with team at MDT for advice around sources of support
4. Mr Cordell to consider psychotherapy to address problems from the past.

Thank you for referring this 33-year-old man with low mood, suicidal thoughts and anxiety. He attended an appointment at the Silver Street Clinic 11.03.14 with his mother Lorraine. Mr Cordell explained to me that he is under a lot of stress at the moment due to a pending court case. He told me he is accused of burglary, but that he had been wrongly accused and the police had falsified items on his criminal record. He said that the record had led to the judge placing restrictive bail conditions including being at home in his flat after 8 pm. This has meant Mr Cordell has not been able to work for the last nine months (as he normally works as a DJ and party host with most work going on beyond that time). The bail conditions have just been extended for a further six months. Mr Cordell feels that these restrictive conditions have made him feel "a prisoner" in his own home. Mr Cordell describes feeling anxious most days. He says he has a poor appetite and has lost "3 stone" in weight over the last 9 months. He says he often finds his thoughts are overactive and will not give him any rest. Mr Cordell says he finds it difficult to get off to sleep, sometimes not until 5am, but then will stay in bed until midday. **His mother says she has noticed him become "more aggressive" and trying to isolate himself from others. Mr Cordell says he frequently has suicidal thoughts and that he has been researching ways to kill himself "on YouTube". These have included "poisoning, over-dose, hanging". He said that he has tried to kill himself by hanging in the past. He says he has all the materials at home ready to act on his thoughts and has done so for the last nine months. He says what stops him from acting on these thoughts is a desire for justice, wanting to be proved innocent at trial. He says the police are very worried about him, saying "they know they have messed up and now I am on their most vulnerable list, I call 101 regularly, I had police officers out to my flat twice last week to check on my safety".**

Mr Cordell says he feels angry with the police, that he has been victimised by them because of the colour of his skin and that he will continue to be victimised by them.

Past Psychiatric History

Mr Cordell tried to hang himself at the age of 16 when in a young offender's institution; he says he lost consciousness and needed to be resuscitated. He was moved to a high security hospital and kept in seclusion on a number of occasions, but he says he would destroy the padded cell with his teeth. He says he was seen regularly by a psychiatrist called Dr Caplin from "the safe project". He says there was a second occasion where he tried to hang himself when in a cell after he was sentenced. He has not had contact with mental health services for the last 15 years.

Past Medical History: Nil

Personal History:

Mr Cordell was born at North Middlesex University Hospital. He has a younger brother and sister. Mr Cordell says he knows his maternal grandmother attempted suicide on a number of occasions and had had psychiatric hospital admissions. Mr Cordell's father worked as a union representative and his mother ran her own computer company. Mr Cordell says he did not get on well with his father who was a violent man. He was violent towards Mr Cordell, Mr Cordell's mother and siblings. Mr Cordell left home at the age of fifteen and was homeless for a while. He was placed in to care after stealing a pint of milk. He was placed in a series of children's care homes around the UK, but says that each time he would steal a car and drive back to London. Mr Cordell said he was pushed hard to achieve at school by his father and that he was "an A-star student" for most of the time. He says he was intelligent and would do the work at other times and as a result would often just "mess about" in class. He went on to college and studied engine mechanics, completing a city & guilds qualification. After

105

leaving school, he went on to get jobs in the construction industry. Mr Cordell says he has tried to build himself up a business for providing party entertainment. At the moment he says he is not able to earn from this due to the restrictions of his bail. Mr Cordell has had one long term relationship which he describes as "my first true love". This is with a woman called Diana who is currently studying physiotherapy. They were together thirteen years but he says she has moved back out of his flat in recent months. Mr Cordell thinks this is secondary to the repeated involvement of the police in their lives and the stress this has caused. Mr Cordell lives in a one-bedroom council flat. He says things have been financially difficult in recent months as his benefits were stopped and he has had to borrow from friends and relatives. His benefits have been restarted now. Mr Cordell says he does not smoke tobacco and does not drink alcohol. He says he does occasionally smoke "skunk".

Forensic History:

Mr Cordell was put in a Young Offender's Institution at the age of 16 after repeated driving offences (driving without a license) Mr Cordell says he has not been in trouble with the police for a number of years. He had stolen some trainers at a festival in 2009 and prior to that had not been in trouble since 2005. He denied any violent offences. Mr Cordell currently stands

accused of burglary. He has a solicitor and the case will not be heard until July at the earliest.

Mental State Examination:

Mr Cordell presented as a tall mixed-race man with short dark hair and beard, dressed appropriately in trousers and coat. He sat in a relaxed manner throughout our interview making good eye contact. His speech was a little rapid, but normal in rhythm and tone. His mood was described as "anxious", objectively it was a little low with a reactive affect. There was no evidence of formal thought disorder; content focused around the problems caused by his bail conditions. He described suicidal thoughts but said he had no plan to act on the thoughts due to wanting justice first. Mr Cordell denied abnormal perceptions and was not obviously responding to any. Cognition was not formally assessed but appeared grossly intact. Mr Cordell could see that most of his problems flowed from the very difficult set of circumstances he finds himself in and that he did not think he is "crazy".

Opinion:

Mr Cordell is a 33-year-old man presenting with anxiety and suicidal thoughts over the last nine months in the context of having a pending court case with no clear date or outcome yet. I would agree with Mr Cordell's own assessment that he does not have a major mental disorder. He has symptoms of anxiety in keeping with the stressful circumstances he finds himself in. He also displays a number of maladaptive psychological coping mechanisms, which likely flow from his difficult childhood with a violent father. His suicidal thoughts and acts have been a long running feature, becoming particularly acute at times of involvement with the criminal justice system.

Management:

We agreed a crisis plan today should Mr Cordell feel inclined to act on his suicidal thoughts. We agreed he would either call the Crisis Team (0208 702 5060) or the Samaritans (08457 90 90 90). If these sources of support did not workout, I said he could always call an ambulance in an emergency. We agreed that he could try an antidepressant medication if he chose to, although he remained ambivalent about this at consultation. Sertraline 50 mg OD increasing to 100 mg OD after one week, continuing as long as necessary would be appropriate. I also discussed psychotherapy with Mr Cordell today. He was not sure about this at present. If Mr Cordell would like psychotherapy the IAPT (Improving Access to Psychological Therapies) service would seem like an appropriate place to get this. We have not made plans to follow Mr Cordell up. If you have any questions or concerns, please do not hesitate to contact us.

Yours sincerely

	showed evidence of how this had stopped me from working, he told me in reply that he would also get upset with the police if they done the same to him, I soon after left his office.

Plan

1. If Mr Cordell would like to try medication Sertraline starting at 50mg for one week then increasing up to 100mg would be a good choice.
2. Crisis plan agreed with Mr Cordell if he feels like acting on his suicidal thoughts (call Crisis Team, or Samaritans or an ambulance).
3. Discuss with team at MDT for advice around sources of support.
4. Mr Cordell to consider psychotherapy to address problems from the past.

Thank you for referring this 33-year-old man with low mood, suicidal thoughts, and anxiety. He attended an appointment at the Silver Street Clinic 11.03.14 with his mother Lorraine.

Mr Cordell explained to me that he is under a lot of stress at the moment due to a pending court case. He told me he is accused of burglary, but that he had been wrongly accused and the police had falsified items on his criminal record. He said that the record had led to the judge placing restrictive bail conditions including being at home in his flat after 8 pm. This has meant Mr Cordell has not been able to work for the last nine months (as he normally works as a DJ and party host with most work going on beyond that time). The bail conditions have just been extended for a further six months. Mr Cordell feels that these restrictive conditions have made him feel "a prisoner" in his own home.

Mr Cordell describes feeling anxious most days. He says he has a poor appetite and has lost "3 stone" in weight over the last 9 months. He says he often finds his thoughts are overactive and will not give him any rest. Mr Cordell says he finds it difficult to get off to sleep, sometimes not until 5am, but then will stay in bed until midday. His mother says she has noticed him become "more aggressive" and trying to isolate himself from others.

Thank you for seeing this 33-year-old Afro-Caribbean man. He gives a history of symptoms of anxiety and depression, which have been on-going for a few months. His symptoms have progressively got worse and he has been having some suicidal thoughts, although he has not made any concrete plans to do anything. He says that the only reason he has not acted on these suicidal thoughts is because of his ex-patient and family.

He is currently involved with the criminal justice system and is -currently - on probation. He is under curfew and there have been imposed- restrictions on his movements. He says he is finding it very difficult to cope with the conditions of his - sentence, mainly the confinement to his home. He says that his relationship with his partner appears to have broken down because of what he describes as the tough - conditions of his probation. He continues to feel very low and anxious when he is confined- to his home. - He is having difficulty sleeping.

He has had problems with depression in the past and was referred to the psychiatric services in 2011s. He has agreed to commence anti-depressant medication today in the form of Sertraline 50mg once daily. He requested some sleeping tablets and I have given him 10 tablets! of Zopiclone 3.75mg 1-2 tabs nocte to be used Infrequently.

It also does show the police was there but that the council did not take their IDs which does not help but it does show the police was there. Also is there any update from Jemi about the 18/03/2014 for court as to what was said, and the bail application? Lorraine <u>786,787,788,789,</u>

Mr Cordell's mother phoned the hub (triage team) and reported that he was paranoid towards her and towards the police. In response the home treatment visited the same day. When home treatment workers arrived the same day, the police were present and reported that Mr Cordell had been screaming in distress. The police said that they had found Mr Cordell using a gas canister and thought that he was using nitrous oxide. He was referred for a Mental Health Act assessment.

Telephone call received from Simon's Mother to say that he is really unwell. He is extremely paranoid towards her; he thinks the television is talking to him and is having quite a lot of trouble with the police. He is very paranoid towards them also. I have given her the number for the Hub to make a referral for her Son. He is currently staying with his Father as he is so paranoid towards his Mother. She said that his Father would help as much as he could, but he doesn't know how Simon will react if he hears his Father talking about him.

On 19.11.14 Mr Cordell’s mother phoned the hub (triage team) and reported that he was paranoid towards her and towards the police. In response the home treatment visited the same day. When home treatment workers arrived the same day, the police were present and reported that Mr Cordell had been screaming in distress. The police said that they had found Mr Cordell using a gas canister and thought that he was using nitrous oxide. He was referred for a Mental Health Act assessment.

CRHT:

Mother, Lorraine: [REDACTED]

Father, Ben: [REDACTED]

We spoke initially with mother on phone. She reiterated that Simon has suffered years of harassment by the police for past offences. Not all true. She has spoken with him today and he has been extremely angry with her and the father. We stated to mother that we will be tactful and say only that the family were concerned.

We attended the flat around 17.30. There were police outside. They had been attempting to enter as they had received complaints from neighbours due to Simon screaming out in distress.

We spoke with the officers and explained that we were from the mental health services. They stated that they had not properly spoken with him and observed him to be holding a small gas cannister, possibly sniffing nitrous oxide for recreational purposes.

We all jointly spoke with his mother and she requested that CRHT do not attempt to see him following this as it will antagonise the situation.

19.30: Spoke with Lorraine. She stated that a friend is currently with him and he is calmer. The coincidental timing of the police attending has caused him to blame Lorraine for calling police. He is convinced that she is also conspiring against her. he has stated to her that he is feeling persecuted, he is paranoid and suffering ideas of reference from the TV constantly.

Lorraine explained that he has had an ASBO put on him due to being aggressive when in court, he has been bailed to his own address c/o a burglary accusation in June 2014.

Lorraine spoke of her own mother who has been treated for BPAD and was prescribed clozaril with good effect. Mother is now deceased c/o cancer complications.

Lorraine states that Simon has suffered sexual abuse as part of a paedophile ring when younger. This is the source of his anger and subsequent treatment under CAMHS. He has refused to talk about it for years and has declined any therapy / counselling for this so far. Lorraine states that she does not want him to be asked about any sexual abuse.

I informed mother of the remit of HTT and that he may be potentially prescribed an antipsychotic for his emerging paranoid psychosis. She reiterates that he will most likely refuse all medicine interventions. He has been prescribed medicine for Crohn's disease. He does not take.

We have mutually agreed to plan:

- CRHT to call mother tomorrow am to negotiate another visit to assess

ECRHTT- Referral taken from Simon's Mother as the situation was discussed with Scott Kerr and Helen Moorey and it was decided that the team would go and assess Simon at his home address.

Simon's mother called in to say that he has kicked his father out of the house as he heard him talking with staff from the hub and is now extremely paranoid towards him. He thinks that he is teaming up with his mother against him.

Simon's mother Lorraine expressed that he is not a threat to anyone but himself. It was advised that two members of staff carry out the assessment.

ECRHTT-

Telephone call received from Simon's Mother to say that he is really unwell. He is extremely paranoid towards her; he thinks the television is talking to him and is having quite a lot of trouble with the police. He is very paranoid towards them also. I have given her the number for the Hub to make a referral for her Son.

He is currently staying with his Father as he is so paranoid towards his Mother. She said that his Father would help as much as he could, but he doesn't know how Simon will react if he hears his Father talking about him.

The Medical home treatment team came to set me up and get me because of Ozzie: - Clinic!

With the whole understanding, my mother suggested that I rearrange a meeting at the clinic and attended with my issues of concerns being raised, so I arranged the appointment for the following morning. When I attended the clinic for the second time I once again had to wait for what was a long time to get seen, when a acclimatizing asked me to follow her into a room, by me doing what she requested we took a seat in the room and spoke, while discussing the issues that I was trying to solve, so to be sure of the full understanding of a true and whole picture of what was going on in my life, I took a look into the folder the culmination had in her position on her desk top table, this folder related to my medical notes, on doing this and taking the best glance possible of the paperwork, I noticed the test result said it subjected that I may be a carrier of the blood, so showed my upset and requested an official company headed letter to get made to my person so for it to state this new information of relevance and also request that of a formal apologise, the clinicians agreed for this to get completed and I left their premises to go back home.

The Medical home treatment team came to set me up and get me because of Ozzie: -

Update: 19/11/2014

Not being able to bear the sound problems with my flat anymore; I thought what gets done to me, is; "wrong." This was when I was to realise how inadequate the sound proofing in my flat really, was. Because Ozzie had wanted his friend to live with him, he kept pretence that he could not hear me and my first partner over the first five years. I was to find out how much this was a lie. I was angry with Ozzie because he caused a lot of unneeded stress on my relationship, for so many years prior and he kept breaking promises to fix the problem. So, when the police arrested me in the burglary case and I got put on the bail conditions I had gone to Ozzie house and

spoke to him, I took a seat in his flat with him, so to sort out the problems in mine and my partner's life's, I did this so to address Ozzie with the issue. I explained myself in full and how this was having an effect on us. After coming home, I had been upset due to what had got explained to me, by my new partner at that point in time. What I was to find out later was that Ozzie had been listening through the walls of my upset. I still to date cannot believe what he has done to me, and my loved ones, he had made an emergency 999 phone call to the police about overhearing me in my own home and then the police called the doctors to arrive for the first time in my life and this was not be the only time the doctors would visit me. Allegations state that I became paranoid about my mother to whom I and my mother disputed, the home treatment team attended my home address on this date and made a call to my mother. When the home treatment team turned up to my flat the police was already there, the Home treatment team phoned and spoke to my mother asking her, if she understood why the police was there, which she replied to them no, she also explained to the Home treatment team that the police kept coming into my flat for no reason. The Home treatment team then talked to the police and left my mother on hold. My mother heard what got said by the police to the Home treatment team as too why they were at my address again. The police said they got a phone call: stating that I was shouting, they gave the Home treatment team 3 different door numbers to my entrance door, which were all wrong. Not one person admitted that they understood who made the 999 calls to the police. The Home treatment team told the police to leave. On this day I was fine until the police turned up at my flat once again. I was not shouting or upset, so do not really, believe someone called the police, worried about me or if they did, they were setting me up. Due to how the police are with me, I got upset and would not open the door, so I sometimes shout to the police in these situations, through the door, as I feel safer, the police do not leave me alone, so why would I open my door when I am on my own, I always feel safer waiting until someone I have contacted gets to my flat, so they can see what is going on. Home treatment team told my mother I seemed to upset for them to talk to and she told them it was no wonder the police are going to his flat all the time when he has done nothing wrong.

T/C was made to Simon's mother this morning to inform her that we were planning to come and Ax Simon this morning. She informed me that Simon remains very paranoid, guarded and abusive to individuals. Currently she said his father is with him.

Having arrived at Simons property I called Simons father on the phone. I asked him whether we could Ax Simon. He said at present was not good, we would aggravate Simon further. I tried to ask him how Simon has been however he was reluctant to answer fearing Simon may know who he is talking too.

Simon was heard shouting in the background. 'who the fuck is you talking to? what do they want? Get the fuck out of my house et out I don't want anything. 'Simon continued to shout abuse at his father. He was heard to have been very paranoid and abusive. Simon's father then said we would not come back and that we should leave Simon alone. He was heard trying to calm Simon down in the background.

We were unbale to Ax Simon. Given the risks posed by Simon and the concerns from his family and neighbour, Simon is not willing to engage with the HTT or be Ax. I feel that this needs to be discussed with the team consultant for possible MHAA??

PLAN

Discuss with team consultant for possible MHAA??

	If Simon is to have a MHAA then a warrant will be required as Simon has an extensive forensic history and also at present will not allow anyone to see him.

Approved Mental Health Professional Service On going Progress

T/c to Lorraine Cordell) mother on 0208 245 7454, Lorraine said that Simon has been set up by the police. He was accused of burglary in June 2014, but the court throw the case out due to lack of evidence. She also alleged that Simon is being harassed by the police; monitor his flat on a daily basis. The police often stop and search him and believe that he is being targeted. She described him as a good person who recently stopped a youth centre from closing in Enfield.

Lorraine is concerned about Simon's chromes a € "stopped medication and is low in vitamin D. Four weeks ago, he was admitted to North Middlesex Hospital. She said that the police have him on there at risk register for suicide. Simon has been put on an ASBO due to nuisance (was unable to elaborate on this) Lorraine said that Simon called her in the night and talks about the police harassment. She thinks he needs treatment but would be unwilling to accept it. She stated that Simon called his father and apologies for his behaviour yesterday towards him and HTT. Lorraine said that his father Ben is the oldest therefore he is the nearest relative within the meaning of the mental health act (1983/2007). However, Lorraine said that she provides significant and substantial support and sees or has contact with Simon on a daily basis.

Lorraine then received a call from Simon's best friend who advised her that Simon was coming to see her. Due to this I ended the call as Simon was outside and said that I would call back later.

T/c to Ben (father) on 07415 388 734 no reply or message facility

T/c to Ben and discussed the nearest relative. Ben said he is the oldest parent but Simon's mother Lorraine provides significant and substantial support and has contact with him on a daily basis. Ben said that Simon is very depressed after experiencing the loss of his grandmother; brake up with his girlfriend, being placed on an ASBO and being harassed by the police. Ben took three days off work to stay with Simon and yesterday he seemed a lot calmer. However, he continues state that he does not want other people such as HTT to be involved. I explained that HTT have requested that Simon be assessed under the Mental Health Act. Ben said that it might make Simon worst, so would talk to Lorraine and assesses the situation. I agreed to contact Lorraine and gain her views.

T/c to Lorrain, Simon was present, so she was unable to talk but replied yes or no to my questions. She agreed that he was a little calmer and that she would not want the police to be involved. I asked Lorraine to talk to Simon about seeing the HTT again as this would be the least restricted alternative to hospital. Lorraine said she felt he would be ok over the weekend and I advised her to contact the police if she felt threatened or take him to North Middlesex Hospital A&E.

Plan

	I will contact Lorraine on Monday and review the situation.

24-hour assault of Cruel inhuman treatment!

A long time has passed by and I am still being victimised by the already mentioned.

Stan and Debra inclusive of the Mathiyalagan family members and they have now breached my human rights on a day to day and night to night basis this is while Stan and Debra are always both drunk and fuelled on alcoholic drinks when they are both together, this tortures behaviour of theirs towards me gets done to an extent off an attempted manslaughter charge that would be in accordance to section 18 of that Act and would also include proof of clear intent for the reasons such as sport "Cruel inhuman treatment is what they force upon me to suffer with. I know this as I rapidly, told them all that are definitely involved in the un human act of torture that I personally, had not gotten in a sense, tricked by their evil banging on the floorboards and walls at me, even with or without foreign objects being used at different times by them, on numerous instances this evil behaviour of theirs contains the use of their feet and hands inclusive of the objects and fixtures they use against me that I did past mentioned about. Together they work in collaboration to maintain a 24-hour assault on myself to get overseen and managed in their wrongful self-gains.

Again, for the second time!

I got again harassed by the doctors on the

yet again and this had not got done of any wrong doings of my own, they came to my home address with no prior warnings, I found out that their intentions were to do a MHA assessment on my person, even low there clearly found nothing wrong with me in the past, but I still allowed this assessment to take place, so for it to happen to me, and once the doctors finished doing their further checks on me, they all together stated, after they finished testing me out, that I seemed to be acting much calmer than the last time that they attempted to visit my home, after we all spoke to each other I knew that something did not seem official about why they kept doing too me, when the kept attending unannounced at my home and then intimidating me with their mental health acts, I remember closing the door on them as they left and feeling like I could tell that they would be back again.

Summary of assessment

Patient's name Simon Cordell

Date of assessment 25/11/2014

1. Referral details and any other precipitating factors

Mr Cordell was referred to the Enfield CRHT by his mother on 19/11/2014 as she was concerned that he was mentally distressed, paranoid towards her and thinking that the television was talking to him. According to his mother, he has had several incidents with the police recently and they were also worried about his well-being. Mr Cordell's mother was concerned that he was not willing to accept any help from the family. Mr Cordell's father had tried to help him on 19/11/2014 and went to his flat but Mr Cordell had asked his father to leave his house after seen his father talking to professionals from the mental health service (HUB). According to his mother, Mr Cordell had suffered years of harassment from the police due to his past offences. The police had attended the property as Mr Cordell's neighbour had complained that Mr Cordell was screaming in distress. The police had observed him holding a gas canister, which is usually used for recreation purpose and spoke with the CRHT colleague about his current situation. Mr Cordell's mother had requested the ECRHT colleagues not to see him on that day as she had feared that it might antagonise him. When the ECRHT colleague went to see Mr Cordell on 20/11/2014, they observed him being abusive towards his father and did not want to meet with the CRHT colleagues. Mr Cordell was subsequently referred for a MHA as he had refused to engage with the ECRHT.

2. Relevant social and medical history

Mr Cordell is living in a council flat on his own. He was in a long-term relationship, but his girlfriend had broken up with him 2 years ago. He was a victim of a large paedophile gang as a young child and was seen by CAMH and has a history of violent suicide attempts in the past. He has had many incidents from the police since in his late teens. According to his medical records, he was put in a Young Offender's Institution at the age of 16 for repeated driving offences, mainly driving without a license. Mr Cordell has an ASBO put on him due to him being aggressive when he was in the court for burglary in June 2014. The case at that time was dismissed. He has reported his ASBO is affecting his ability to do anything constructive in his life. He said that has tried to set up a business for providing party entertainment, but he has not been able to do anything due to the restrictions of his bail. He was attending a youth centre in Enfield up and fought hard to keep it open with petitions etc. He is suffering from Crohn's disease and according to his mother, he has not been taking medication for this disease.

3. Record of interview with patient (Include where it was conducted who was present and use of police if required during process)

The interview took place at Mr Cordell's home address. Those attended - M G, AMHP, I A, AMHP trainee, Dr M and Dr A S12 doctor. Mr Cordell put his dog in the back yard. The reason for the visit was explained to Mr Cordell and he was interviewed appropriately. He was very calm throughout the interview. He said he has been stressed with the fact that he had not been able to do anything in his life due to the previous bail conditions. The ASBO is affecting his business opportunities. He said he would like to build up his business and get on with his life, but he is not being able to do this. He said he is spending most of the time indoors and occasionally taking his dog for a walk. He said he is working on his computer, trying to fix his website. He stated that he is getting sleep but found it being difficult for few days as he was working on his computer late at night. He denied drinking alcohol or taking any illicit drugs recently. When asked about the support he would require from the mental health service, he said that he would like to get some advice and move on with his life. He said he has not thought of harming himself or others. He was optimistic that he would go through this difficult situation and recognised that his grandmother's recent death had also contributed to his problems. He has agreed that he would contact the mental health crisis service if he needs help or he would go to the North Middx A&E if he felt bad in the future. He said that he had contacted the crisis service in the past and he knows how to access services.

4. Assessment of risk to patient and/or to others

Mr Cordell had told the mental health professional in March 2014 that he had suicidal thoughts and he had been E-searching the ways to kill himself on YouTube. However, he said today that he is a strong person and he has no intention of harming himself or others. As he has not had any thought of harming himself recently, the risk remains low at present. He said that he knows how to get help if he needs any support in the future and he was given contact information about the ECRHT.

Risk of social isolation: He has stopped attending youth centre and not going out as he used to do in the past. He was advised to go out at least for a walk with his dog daily and he has agreed for this plan.

5. Consultation with Nearest Relative and process of identifying the Nearest Relative

Mr Cordell is not married and living on his own. He has no children aged over 18 years of age. His parents are ordinarily residents in the UK. His father is the eldest of the two. However, his mother is providing significant and substantial care for him on daily basis. His father does not see him regularly and or provide any substantial care for him as his mother. Therefore, his mother is the Nearest Relative according to S26 (4) of the MHA. She described a complicated relationship with the police since he was 14 and guilty of driving stolen and other cars without a licence. More recently he has grown up and she still feels he is repeatedly targeted by the police. They often stop him to ask about his welfare and then use this to search him. She denies that he used any street drugs but then admitted he used to do this, and the last assessment had been after he had attended a festival and gave in to peer pressure taking lots of drugs. She claimed he is not using drugs now but then admitted he does use (laughing gas) from time to time

6. Consultation with Assessing Doctors

Both the assessing doctors had agreed that his problems are mostly related to his early history and losses of significant others over the past 2 years. **Dr Moorey** was of the opinion that counselling could make matters worse and that he should be encouraged to continue to work towards his long-term goals. The doctors felt that Mr Cordell is managing his difficult situation well and said that he can call crisis service if he requires support in the future.

7. Views of others consulted

Mr Cordell is reported to saying that he did his best to help but, on the whole, left the caring to Simon's mother his ex-partner who is heavily involved.

8. Mental Capacity Act 2005

Mr Cordell has capacity to decide on his present crisis situation. He has agreed to call the mental health service if he requires support in the future.

9. Reason for the decision to make the Application (including choice of section

It was decided there were no grounds to admit him to hospital as the doctors who attended the Mental Health Act assessment agreed that Mr Cordell is not suffering from a mental disorder that would require a hospital admission either voluntary or compulsory.

Welcome to the Metropolitan police introduction: --

Police Officer: Hello this is a police officer, what is your reason for calling, today.

Simon: hello I would like to put a complaint in, and I was just wondering if you could help me do this please.

Police Officer; yes, is it a complaint against police.

Simon: yes, that is correct.

Police Officer: yes, I can take the complaint.

Simon: I would like to; can you forward an **email to** Jane Johnson please.

Police Officer; Jane Johnson.

Simon; yes, superintendent for Edmonton police station the commissioner.

Police Officer; let me just have a look, just one second.

Police Officer; Jane Johnson yep chief superintendent.

Simon: yes, that is correct.

Police Officer: yes, that is ok, is this complaint that has already got made or is it that you need to make a first one.

Simon: this is just a fresh **email to** herself it is more of a request than a complaint at the present time, but it may turn into an official complaint depending on how she disciplines her officers that she represents.

Police Officer; OK

Police Officer: and that is too Jane Johnson ok go ahead with the continence and I will get the email sent to you.

Simon: my name is a Mr Simon Paul Cordell.

Police Officer; Paul Cordell.

Police Officer; Cordell.

Simon: yes, that is correct madam.

Simon; and.

Police Officer; and your contact number 0208-245.

Simon: yes, that is correct.

Police Officer; right go ahead.

Simon; and the issue is of concern that I have her signature at the bottom of an Asbo Order a standalone Asbo Order and there has been a lot of corruption represented in side of it, that she has instructed, a Steve Elsmore too complete an application for an Anti-Social Behaviour Order for the organisation of illegal raves and in that application there is lots of police corruption and foul play where the evidence has gotten manufactured, now I am asking her to oversee her officers that she has instructed to make such an application and then to check the time stamps relating to the Cad's and to check the Urn numbers that run consecutively, over an annual year period when they should not, I am asking her to oversee this and to inform me of

my case being manufactured and for this it will get dropped or I am calling her, herself to the court as a witness and I will investigate myself against her also for her actions and decisions.

Police Officer; OK

Simon; to what is allowed to happen, she is basically, the boss of all the police and she is charge of Steve Elsmore, she has told Steve Elsmore to make the application and either she told Steve Elsmore to manufacture the application in such a way and or to falsify information contained within it or she does not know that Steve Elsmore has done that and I would like her to know that Stave has done that and I would like her to decide to whether she is going to suspended him right now and give the case to somebody else to handle or what she will do and I would like her to contact me back at

Re_wired@ymail.com

as soon as practically, possible.

Simon: I know I was going fast, but did you manage to get the full gist of what I am explaining to you madam.

Police Officer: yes, I got the jest I made the points for you.

Simon: so, she will contact me back at

Re_wired@ymail.com

as soon as practically, possible regarding how she will represent this case, because at the present time I am being held captive within my own home because she is not doing her job, correct.

Simon; I have handed in an Article six twice now sine this case started at the courts with a complete copy, if she would like to get a copy of the court case she can and contained within this is a copy of the Article six with all the drafted corruption inside it and also I have handed in three complaints, three official complaints that get now issued on the police Pnc computer this will also show this information.

Police Officer; OK

Simon: and if she would like to hold a meeting with me and I would be happy to come to the police station and show her the evidence I have

Simon: either she is a part of the corruption or she is separate from the corruption and for her to be separate she must do her job correctly, and this must mean that I am not being held captive in my own home

Police Officer; OK

Simon: to law's that do not even exist.

Police Officer; right; OK, then

Police Officer: what I will do for you right now Simon is getting this email sent over to her right now, please can you just confirm your email address again

Re_wired@ymail.com

Simon; thank you.

Police Officer; ok good buy.

Simon: you have a good day

I could hear the locks being turned and locked so to warn me of the needed securing towards my own premises due to their misplaced behaviour towards me, so I got a security gate in my back garden from my last prior council flat laying down on the floor, it got placed there for about ten years prior since I moved into this home of mine and got left as dormant. The council was not protecting me neither was the MPs when informed of what I was being subjected towards by others, against my free will. I invested in a welder, of my own and did this so to put the gate up and in place, to secure my premises, as I always left my front door pretty insecure because; I trusted in stain and other residents on my living estate, but this trust got broken into peace by them mentioned neighbours, as I used to feel secure in my home before they started their tortious acts. <u>The banging Started!</u> Debbie Andrews (responsible) Stain Curtis (responsible) Mathiyalagan (Responsible) Time: All-Day and All-Night whenever they knew that I was indoors! Going to the shop and seeing Debra; --

Shortly, after this day, I had gone to my local shops, when walking into the shop I looked at the display chillier, which holds the alcoholic drinks in it. On looking at this feature, I noticed Debra picking up a large bottle of cider I knew this to be so that she could get ready to pay for it. I also was sure that she would then come home and get drunk and start with me and also understood that she would do this while she was attacking me, I understood this would happen to me, because it was a normal, daily, routine, of my life, by this stage. While still in the shop, I decided not to let her know that I was there and watched her for a minute or so, this got completed for me not to get noticed, I had to slip up the other side of the ale that was in the shop. On doing this, I pick up what I came for in the start. Then I hurried and in one quick, swift movement, I had successfully completed my goal so far, I then sneaked back down the other ale to where I first seen her standing once she had moved. Then from myself being in the right position, to where she had originally, been standing, I could now see here paying at the till. I felt my heart beating out of my chest. More than ever right there and then I wanted to understand why she had been treating me the way in which, she had been doing, with the others. I also wanted to find out what I done wrong to her, for it all to have started in the first place.

Catching up with Debra after seeing her in the Local shop; --

I do not believe in people bleaching the colour of their skin, just to get let into society by others as they seem to want to make many people feel. If I knew this, I might have been able to stop it from happening to me; I wanted to know these things, so that I could consider the circumstances of what she was doing to me, all over the nice different valuable good things that I done for her, in the past. It was simple: I wanted for her to reply about what I had done wrong to her and now this was my first opportunity to talk to her outside of the block of flats since it had all taken place against me. I waited and not approach her as I knew this would be the best action to take, I have done this, and she still did not know that I was in the shop, as soon as she left, I quickly, paid for what I wanted and then hurried to the front door, I looked to the right as I knew this to be how she would walk back home to our block of flats, but I had not anticipated seeing her with friend's, like she was then, so I had to re contemplate on my method of approach and hurried towards her and her associates. Seconds passed by and I was behind them both, I had to keep my footsteps quiet, within the last two feet I found myself: — saying in a reasonably, loud voice, why are you doing this to me. I noticed them jump towards me it was a surprise to them, as too me, this was a woman that I had known for years and even picked up from the roadside in the rain in my vehicle to take back home safe on other accountable days in the past, who I was now talking to about assaulting me. She never explained and she seemed to make a screaming sound for around two seconds, so I felt remorse for her and walked away. When I got home, I kept absolutely, quiet as I could hear her deliberate loud footsteps and her banging get louder and louder while she got drunk, nothing had changed the banging continued and I was right about her intentions on this day, as she had started again. In being Free, for the eight week's that I was free after the burglary case had finished, I had met my new second living partner, as

	explained and had our own so-called problems and I was continuing with the exceptional work, that I had been creating, right until the moment off noticing members of the government officials were creating a true concern towards my well-being and now this is the beginning of the Anti-Social Behaviour proceedings.

Referral from mother. (But she does not want him to know of it)

Patient known to mental health services was assessed under the MH Act last year but not deemed sectionable. Mother says she has been asking for help all over but got nowhere. She describes her son as not eating, not sleeping, he is paranoid saying people are talking about him or laughing at him. He believes the government is advertising things about him. That the TV is talking about him and talking directly to him. She reluctantly admits that he smokes cannabis adding "not a lot" She is adamant that her son should not know of this referral as she is frightened to sever the fragile relationship, she has with him.

He has agreed that he would write to his insurance company to correct the wrong information they have on him. He has also agreed to deal with his parking penalties. He is also trying to fix his website. Today he was very calm and appropriate in his manner allowing the assessing team to descend on him without warning and ask him a lot of personal questions. Mr Cordell seemed to have a better understanding of his current situation and attributed it to his involvement with the police and grandmother's loss. He may not benefit from a hospital admission or input from the ECRHT at this stage, his mother had spent most of Sunday with him and he had seemed much calmer now.

and there was no evidence thought disorder or psychotic symptoms on the telephone. He said that he didn't feel safe leaving the flat which appeared to be due concerns about police harassment. He said that complaint that he had made about a police officer had led to that police officer being arrested.

On **08.01.16** Goodie received a telephone call from Mr Cordell's mother. She said that she was concerned about Mr Cordell and said that she had been concerned about him for over a year but would not specify what her concerns were. Goodie phoned Mr Cordell the same day he spoke about

	conspiracies involving the police and appeared thought disordered and thought about conspiracies. On 13.01.16 Goodie spoke to Mr Cordell to see if he would agree to a home visit that day but said that it was not a convenient time, but he was prepared to have a visit at another time. On 15.01.16 he agreed to have home visit during a further telephone conversation with Goodie. On 19.01.16 he was visited at home by Goodie and Sandra Muschett, senior practitioner. He was noted to be paranoid, grandiose and not eating well. He denied any suicidal thoughts. On 21.01.16 Sandra Muschet had a telephone conversation with Mr Cordell's mother. She said that Mr Cordell had been harassed by the police for a number of years and that his preoccupation with the police was based on reality. She reported that Mr Cordell is not eating, not going out and has poor self-care. On 22.01.16 an attempt was made to assess Mr Cordell under the Mental Health Act. Mr Cordell was angry that he had an unannounced assessment. He spoke about feeling targeted by the police. He spoke about being arrested numerous times and had a curfew from the police. He refused to give the assessing team access. He initially spoke rapidly but more slowly as the meeting went on. On 22.01.16 Mr Cordell phoned Amal Pomphrey, early intervention worker covering for Goodie, and said that he had felt threatened by the Mental Health Act assessment that had taken place. He spoke about being arrested over a thousand times by the police and being subject to a curfew. On 26.01.16 Mr Cordell phoned Amal Pomphrey, early intervention worker. He said that he had been contacted by a housing officer who had "threatened to get the mental health team out to see him". On 02.02.16 Mr Cordell phoned Amal Pomphrey and advised that he had been told that a warrant had been granted. He was clearly aware of the planned Mental Health Act assessment. <u>Relevant social and medical history</u> Information obtained from reports from Mr Cordell and his family to mental health services. Not independently verified. hallucinating after taking LSD. He was not followed up by mental health services.

He was assessed by Dr Jarvis from the Enfield triage team on **11.03.14** due concerns about suicidal thoughts and anxiety. He was prescribed Sertraline anti-depressant. He was stressed about a pending court case as he was accused of burglary. He described experiencing poor sleep and weight loss.

On **19.11.14** Mr Cordell's mother phoned the hub (triage team) and reported that he was paranoid towards her and towards the police. In response the home treatment visited the same day. When home treatment workers arrived the same day, the police were present and reported that Mr Cordell had been screaming in distress. The police said that they had found Mr Cordell using a gas canister and thought that he was using nitrous oxide. He was referred for a Mental Health Act assessment.

On **21.11.14** the duty AMHP made contact with Mr Cordell's mother and father. The duty AMHP was told that Mr Cordell was subject to an anti-social behaviour order and that he is on the police at risk register for suicide. The duty AMHP advised that he broke up with his girlfriend and grandmother died. He had stopped taking his medication for chromes disease four weeks and had been admitted to the North Middlesex Hospital. Mr Cordell was assessed under the MHA act on **24.11.15** but he was not detained.

3. Record of interview with patient (Include where it was conducted who was present and use of police if required during process)

Mr Cordell was assessed under the Mental Health Act at around 10:40hrs on **03.02.16**.

Dr Al-Allaq (independents 12 Doctor),

Dr Albazaz (independent s12 Doctor),

CJ and Nellie (Home Treatment Team workers),

Amal Pomphrey (Community Mental Health Nurse based at Enfield Early Intervention Team)

all attended. A s135(1) warrant was obtained but not executed as Mr Cordell gave access. A lock smith was present, but their services were not required as Mr Cordell opened the door. The police were present but remained outside the property.

Mr Cordell's home was somewhat cluttered with a large printer by the door. However, it was clean and organised. He had food in the kitchen.

His mother and a female friend were present. Mr Cordell was expecting the assessment to take place. He was appropriately groomed and dressed. He had put his dog in the garden. Mr Cordell expressed his unhappiness about the warrant being obtained. He said that if he had been sent an appointment letter, he would give professionals access.

He mentioned on going issues with the police and that he had a court case in February. His speech was somewhat rapid at the start of the interview, but this appeared to be due to anxiety rather than thought disorder. His speech slowed as the interview went on. Mr Cordell did change topic of conversation a number of times as there was particular information that he wanted to share with the team. He spoke a project to start a community internet site and showed those present a business plan that was on his computer. He showed us documents which he said were related to his court case. He pointed out a line in the document that said that all the suspects were white and said that this was part of his legal challenge to his Anti-Social Behaviour Order.

He denied any symptoms of mental illness when asked about a variety of psychotic symptoms. He denied suicidal ideation. He spoke about difficulties he had with his upstairs neighbour relating to noise disturbance. He showed us some letters which said that his neighbour had written to him. He said that his neighbour has an alcohol problem and a learning disability. There was no evidence of distraction, confusion or that he was responding to internal stimuli.

4 October 2009

36.

It is my view that Mr Cordell's detention was not in the interests of his health as I did not identify evidence of mental disorder during the visit. I did not believe that Mr Cordell's detention was necessary for his safety, Mr Cordell denied experiencing any suicidal ideation and could I not identify other risks to safety apart from possible substance misuse which could not be used as the basis of detention without clear evidence of a mental disorder associated with the substance misuse issues. I also did not think that the threshold for detention on the basis of safety was met, he was having conflict with neighbour this conflict did not appear to be driven by any mental disorder.

Patient's name: Simon Cordell

Date of assessment: 03.02.16

5. Consultation with Nearest Relative and process of identifying the Nearest Relative

I identified Mr Cordell's Nearest Relative as his mother Lorraine Cordell. Mr Cordell lives alone and is single. As far as I could ascertain he did not have any children and was not in relationship. His father was the older of his parents but when I phoned his mother

on **03.02.16** she informed me that he was in regular contact with Mr Cordell and did his shopping for him. I therefore formed the view that she provided care and was the Nearest Relative.

I phoned Lorraine at around 09:30hrs

on **09.02.16** and she advised that in her view use of a warrant and the Mental Health Act assessment were unnecessary as he would give

professionals access if he had received an appointment letter. She said that he had a court case in February but would not elaborate on this. Lorraine said that she thought that the involvement of mental health services was unnecessary as Mr Cordell was not in her view experiencing any mental health difficulties and had not experienced any mental health difficulties for a number of months.

I was surprised that Lorraine stated that she did not think that Mr Cordell as the recent referral to mental health services had been triggered by a referral that she had made.

6. Consultation with Assessing Doctors

Both assessing Doctors declined to make medical recommendations and were in agreement that there was no clear evidence of any mental disorder during the assessing.

7. Views of others consulted

Prior to the assessment the police present advised me that were aware of conflict between Mr Cordell and his neighbour. They advised that the soundproofing between the two properties was poor. The police officers advised me that they were aware that on one occasion Mr Cordell had threatened to strangle his neighbour.

8. Mental Capacity Act 2005

No Capacity Act issues identified during the assessment.

9. Reason for decision to make the application (including choice of Section)

Given that Mr Cordell's diagnosis and treatment plan were not clear at the time of the assessment the assessment was for possible detention on section 2. It was my view that Mr Cordell did not meet the statutory criteria for detention. It was not clear that he was suffering from a mental disorder of a nature because at the time of the assessment it was unclear if whether or not he had a mental disorder. He did not meet the criteria for degree as there was no clear evidence that he was experiencing symptoms of mental disorder.

Referral from mother. **(But she does not want him to know of it)**

Patient known to mental health services was assessed under the MH Act last year but not deemed section able.

Mother says she has been asking for help all over but got nowhere. She describes her son as not eating, not sleeping, he is paranoid saying people are talking about him or laughing at him. He believes the government is advertising things about him. That the TV is talking about him and talking directly to him.

She reluctantly admits that he smokes cannabis adding "not a lot"

She is adamant that her son should not know of this referral as she is frightened to sever the fragile relationship, she has with him.

I had telephone contact with Simon's Mother Lorraine Cordell

[REDACTED]

today at 10.35.

She told me Simon is refusing to seek help or attend his GP's surgery. He did not take the medication that was prescribed when he saw Dr Jarvis last March 2014. It appears that Simon is not consenting to seek help with regards to his mental health. I have however advised Mrs Cordell that she encourages to visit his GP, or she could request **another assessment under the MHA 1983** if she has concerned that Simon is at significant risk to himself and others. I have also advised that she could ring the police / LAS and Simon could be taken to A&E in an emergency.

Reported that about three years ago she called an ambulance when her son was vomiting, and he is still complaining and talking about it.

Reported that her son has been in trouble with the police since the age of 14 said he was addicted to driving. Many charges and cases over the years.

Lorraine reported that she visits her son almost every day to check on him and make sure he has food in the house. Reported that he is eating but not as regularly as before, some weight loss, has IBS but is drinking well.

Reported that he talks about the TV talking to him and also when they are out when she scratches her head or something, he believes that she is sending messages and becomes paranoid that someone will harm him.

Reported that he has lots of friends but stops no longer goes out with them and also does not have them come around his home.

Reported however he does have a scrambling bike that he goes out on and has injured his ankle and wrist but refuses medical attention.

Reported that he has been suspicious about doctors since his childhood and having tonsillitis.

Reported that his mood does fluctuate but most days she will get text messages from him talking about killing himself when his name is cleared in next year after the court case, no current plans or intent.

Asked if she believes her son will see professionals if they visit, said she believes that he will shout but otherwise not aggressive, feels he will agree to be seen as a follow up following his assessment last year.

Feels he needs some help and support but uncertain what her son needs.

There were no concerns identified concerning his personal care. He said that he hasn't gone out for months and his mother does all the shopping. He spoke about a conspiracy to destroy his good name and send subliminal messages to him via the television. Mr Cordell said that the woman in the flat upstairs had been "stalking him" he elaborated and said that she stamps on the floor when she hears him moving around his flat or taking off his clothes. He spoke about his plans to start a global business for children. He said that he had about having thoughts of killing himself when he eventually clears his name. He did not accept that he had a mental disorder during the assessment.

1 Summary of assessment

Patient's name Simon Cordell

Date of assessment:

On 27.11.15 Mr Cordell's mother contacted the Enfield HUB, mental health referral centre. She reported that Mr Cordell was not eating, not sleeping and that he was experiencing persecutory ideas, thinking that people are laughing at him and talking about him. His mother said that Mr Cordell believed that the government were advertising information about him and that the television was talking about him or to him. She stated that Mr Cordell was smoking significant amounts of cannabis and he was not taking the anti-depressant medication that as prescribed in **March 2014**.

Mr Cordell was assessed by Dr Cushion, psychiatrist based at the Home Treatment Team,

and there was no evidence thought disorder or psychotic symptoms on the telephone. He said that he didn’t feel safe leaving the flat which appeared to be due concerns about police harassment. He said that complaint that he had made about a police officer had led to that police officer being arrested.

On 08.01.16 Goodie received a telephone call from Mr Cordell’s mother. She said that she was concerned about Mr Cordell and said that she had been concerned about him for over a year but would not specify what her concerns were. Goodie phoned Mr Cordell the same day he spoke about conspiracies involving the police and appeared thought disordered and thought about conspiracies.

On 13.01.16 Goodie spoke to Mr Cordell to see if he would agree to a home visit that day but said that it was not a convenient time but he was prepared to have a visit at another time.

On 15.01.16 he agreed to have home visit during a further telephone conversation with Goodie.

On 19.01.16 he was visited at home by Goodie and Sandra Muschett, senior practitioner. He was noted to be paranoid, grandiose and not eating well. He denied any suicidal thoughts.

On 21.01.16 Sandra Muschet had a telephone conversation with Mr Cordell’s mother. She said that Mr Cordell had been harassed by the police for a number of years and that his preoccupation with the police was based on reality. She reported that Mr Cordell is not eating, not going out and has poor self-care.

On 22.01.16 an attempt was made to assess Mr Cordell under the Mental Health Act. Mr Cordell was angry that he had an unannounced assessment. He spoke about feeling targeted by the police. He spoke about being arrested numerous times and had a curfew from the police. He refused to give the assessing team access. He initially spoke rapidly but more slowly as the meeting went on.

On 22.01.16 Mr Cordell phoned Amal Pomphrey, early intervention worker covering for Goodie, and said that he had felt threatened by the Mental Health Act assessment that had taken place. He spoke about being arrested over a thousand times by the police and being subject to a curfew.

On 26.01.16 Mr Cordell phoned Amal Pomphrey, early intervention worker. He said that he had been contacted by a housing officer who had “threatened to get the mental health team out to see him”.

On 02.02.16 Mr Cordell phoned Amal Pomphrey and advised that he had been told that a warrant had been granted. He was clearly aware of the planned Mental Health Act assessment.

Relevant social and medical history.

Mr Cordell’s father was violent towards him. He was placed in care as a teenager. He separated from his girlfriend in **2014**.

Mr Cordell mother has regular contact with and helps with shopping. Mr Cordell’s grandmother was diagnosed with bipolar affective disorder and schizophrenia, she was treated with Schizophrenia. She died from cancer in August **2014**.

Psychiatric History: Mr Cordell tried to hang himself at the age of 16 when in a young offender’s institution and needed to be resuscitated. He was moved to a secure hospital and kept in seclusion on a number of occasions. He has reported that he was regularly by a psychiatrist called Dr Caplin from CAMHS "the safe project". Mr Cordell reports there was a second occasion where he tried to hang himself when in a cell after he was sentenced. hallucinating after taking LSD. He was not followed up by mental health services.

He was assessed by Dr Jarvis from the Enfield triage team

on 11.03.14 due concerns about suicidal thoughts and anxiety. He was prescribed Sertraline anti-depressant. He was stressed about a pending court case as he was accused of burglary. He described experiencing poor sleep and weight loss.

On 19.11.14 Mr Cordell’s mother phoned the hub (triage team) and reported that he was paranoid towards her and towards the police. In response the home treatment visited the same day. When home treatment workers arrived the same day, the police were present and reported that Mr Cordell had been screaming in distress. The police said that they had

	found Mr Cordell using a gas canister and thought that he was using nitrous oxide. He was referred for a Mental Health Act assessment. On 21.11.14 the duty AMHP made contact with Mr Cordell's mother and father. The duty AMHP was told that Mr Cordell was subject to an anti-social behaviour order and that he is on the police at risk register for suicide. The duty AMHP advised that he broke up with his girlfriend and grandmother died. He had stopped taking his medication for chromes disease four weeks and had been admitted to the North Middlesex Hospital. Mr Cordell was assessed under the MHA act on 24.11.15 but he was not detained. 3. Record of interview with patient (Include where it was conducted who was present and use of police if required during process) Mr Cordell was assessed under the Mental Health Act at around 10:40hrs on 03.02.16. Dr Al-Allaq (independents 12 Doctor), Dr Albazaz (independent s12 Doctor), CJ and Nellie (Home Treatment Team workers), Amal Pomphrey (Community Mental Health Nurse based at Enfield Early Intervention Team) All attended. A s135(1) warrant was obtained but not executed as Mr Cordell gave access. A lock smith was present, but their services were not required as Mr Cordell opened the door. The police were present but remained outside the property. Mr Cordell's home was somewhat cluttered with a large printer by the door. However, it was clean and organised. He had food in the kitchen. His mother and a female friend were present. Mr Cordell was expecting the assessment to take place. He was appropriately groomed and dressed. He had put his dog in the garden. Mr Cordell expressed his unhappiness about the warrant being obtained. He said that if he had been sent an appointment letter, he would give professionals access. He mentioned on going issues with the police and that he had a court case in February. His speech was somewhat rapid at the start of the interview, but this appeared to be due to anxiety rather than thought disorder. His speech slowed as the interview went on. Mr Cordell did change topic of conversation a number of times as there was particular information that he wanted to share with the team. He spoke a project to start a community internet site and showed those present a business plan that was on his computer. He showed us documents which he said were related to his court case. He pointed out a line in the document that said that all the suspects were white and said that this was part of his legal challenge to his Anti-Social Behaviour Order. He denied any symptoms of mental illness when asked about a variety of psychotic symptoms. He denied suicidal ideation. He spoke about difficulties he had with his upstairs neighbour relating to noise disturbance. He showed us some letters which said that his neighbour had written to him. He said that his neighbour has an alcohol problem and a learning disability. There was no evidence of distraction, confusion or that he was responding to internal stimuli.

04 October 2009

36.

It is my view that Mr Cordell's detention was not in the interests of his health as I did not identify evidence of mental disorder during the visit. I did not believe that Mr Cordell's detention was necessary for his safety, Mr Cordell denied experiencing any suicidal ideation and could I not identify other risks to safety apart from possible substance misuse which could not be used as the basis of detention without clear evidence of a mental disorder associated with the substance misuse issues. I also did not think that the threshold for detention on the basis of safety was met, he was having conflict with neighbour this conflict did not appear to be driven by any mental disorder.

Patient's name

Simon Cordell

Date of assessment: 03.02.16

5. Consultation with Nearest Relative and process of identifying the Nearest Relative

I identified Mr Cordell's Nearest Relative as his mother Lorraine Cordell. Mr Cordell lives alone and is single. As far as I could ascertain he did not have any children and was not in relationship. His father was the older of his parents but when I phoned his mother

on 03.02.16 she informed me that he was in regular contact with Mr Cordell and did his shopping for him. I therefore formed the view that she provided care and was the Nearest Relative.

I phoned Lorraine at around 09:30hrs

on 09.02.16 and she advised that in her view use of a warrant and the Mental Health Act assessment were unnecessary as he would give professionals access if he had received an appointment letter. She said that he had a court case in February but would not elaborate on this. Lorraine said that she thought that the involvement of mental health services was unnecessary as Mr Cordell was not in her view experiencing any mental health difficulties and had not experienced any mental health difficulties for a number of months.

I was surprised that Lorraine stated that she did not think that Mr Cordell as the recent referral to mental health services had been triggered by a referral that she had made.

6. Consultation with Assessing Doctors

Both assessing Doctors declined to make medical recommendations and were in agreement that there was no clear evidence of any mental disorder during the assessing.

7 Views of others consulted

Prior to the assessment the police present advised me that were aware of conflict between Mr Cordell and his neighbour. They advised that the soundproofing between the two properties was poor. The police officers advised me that they were aware that on one occasion Mr Cordell had threatened to strangle his neighbour.

8. Mental Capacity Act 2005

No Capacity Act issues identified during the assessment.

Reason for decision to make the application (including choice of Section)

9. Given that Mr Cordell's diagnosis and treatment plan were not clear at the time of the assessment the assessment was for possible detention on section 2. It was my view that Mr Cordell did not meet the statutory criteria for detention. It was not clear that he was suffering from a mental disorder of a nature because at the time of the assessment it was unclear if whether or not he had a mental disorder. He did not meet the criteria for degree as there was no clear evidence that he was experiencing symptoms of mental disorder.

EAS/ECRHTT entry.

Joint assessment conducted together with Dr Cushion from the Enfield

Assessment Services at patients' home.

We could not gain entry to his flat and therefore we had to make a telephone call to his mother who we asked to give us a code for access to communal door of the property. Same given as 0123. His mother is called Lorraine and her phone number is 02082457454.

Upon knocking on the door to his flat there was fierce barking of his dog from the flat. He was suspicious of people knocking on the door and asked, **Dr Cushion Who are you?**

We calmly introduced ourselves and called out purpose for our attendance. We then asked him to put his dog away and let us in. He complied without any issues. The front door was secured with a heavy-duty metal door and as soon as he opened the door, he instantly bombarded us with volumes of information, about who he is, he talked about what the police have done to him, explained what his neighbour is doing to him (following him about) and what he is doing to clear his name regarding his **assumed criminal or police records**. This pattern continued even when we sat down to interview him. He would not allow continuous flow of conversation; he had rapid speech, he was disruptive and jumping topics. **He had many volumes of files to refer to and try to prove his points and assumed mistreatment by the police and misdiagnosis by the medical professionals.** However, he could be interrupted without him becoming angry. He could not facilitate conclusive dialog or interview no matter what method of interviewing we employed. We kept going around the circle without end.

He appeared to be mentally disordered and without understanding of his illness (not insightful). We advised and offered him support for his mental disorders which he declined saying that he is not ill and will not take medication.

His mother reported family history of mental illness. His grandmother suffered from schizophrenia. This could be the start of his schizophrenia exacerbated by drug use. Finally, we had to summarise purpose of our home visit. We told him that we had attended in order to address his medical as well as social issues:

Medical: We told him that after the interview, we felt that he needed support/treatment for his mental disorders.

We explained and offered him home treatment which he declined. I do not think that he would engage with the HTT.

If he **continues to take drugs** he will continue to deteriorate in mental state and **being paranoid about harm to him from others including the police and neighbours**

Social issues: A 34-year male of mixed race, white black (mother is white, and father is black). He was known to CAMHS as a child.

He accessed mental health services in 2008, **2012, 2013, 2014** and this year with no records of previous admission.

He admits to using skunk cannabis daily supplied by people.

He pays for drug supply with his benefit money and support from his mother.

A well-known person to police.

Relationships: Isolated for more than two years, he said. According to Simon, he is not allowed to go out to certain areas by the police and in particular industrial places.

He said that he has no friends.

However, his mother has regular contact with him.

She does his shopping for him. Activity of daily living.

He told me that he can cook for himself. I checked that his kitchen was clean and there was some activity of previous cooking. There was food in the fridge. Although his flat is full of equipment, computers, industrial printers, speakers, and others, his flat is reasonably clean and orderly. His bedroom is not too bad either, has makeshift wall robe he made by himself and I could see that an attempt had been made to make the bed after night use.

Progress Notes

Page 91 of 106

Being appropriately clothed.

Mr Cordell was casually dressed in a truck suit. He was cleanly shaven with no signs of self-neglect

Accommodation.

Lives in a one bedroomed flat provided by the council and paid through housing benefits. Denied any rent arrears.

Finance/employment.

Unemployed, explained that he is not allowed to venture out by police and hence he cannot go out to look for work.

He said that he is in receipt of state benefits. He told me that he earns around A£70 per week EAS and receives housing benefits on top. Mother supports him with money too.

Social inclusion.

He does not want to work or go for training. Said that his grandparents left a lot of money for the family. He said, "I am alright"

Factors having significant impact on Mr Cordwell's wellbeing.

Mental health and emotional wellbeing; he continues to deteriorate in mental state as currently not under treatment and using skunk cannabis

Conclusion/impression:

Mr Cordell is not accepting that he is ill.

He would not engage with the HTT.

Mr Cordell needs to be referred to the EIS as showing early signs of psychosis.

A referral for MHA assessment to admit him in hospital for further assessments and treatment would help reduce risk of further deterioration in mental state but Mr Cordell is not detenable in his current mental state.

No immediate social work role for now. The interview did not determine and Mr Cordell could not identify social issues having significant impact on his wellbeing.

Plan.

We gave him our 24-hour contact number to phone mental health services if in emergency (02087023800).

T/C to Simon's mother, who is his de facto carer:

She said Simon's grandmother (her mother) had a diagnosis of BPAD and was detained formally multiple times: later her diagnosis was changed to SCZ and she responded well to Clozapine. She is realistic about Simon's potential engagement and aware that things may not progress smoothly. She is keen to have support for herself and a carer's assessment while Simon is under the care of EIS - I told her about Enfield Carer's Centre. She gave history that that large metal gate has gone up again recently: and that in her view Simon has been deteriorating for the past year.

PLEASE NOTE

Mother is very keen that Simon does not know she made the referral to mental health services. Since his father called the HUB, they have had no contact. She is Simon's main support at the moment and has concerns that Simon knowing of her involvement would damage this relationship and negatively impact on him.

EAS

Joint HV with me and Jameson Simwanza SW after sending out letter
From RIO notes

Disrupted childhood: CSE in paedophile ring, violent father, adolescence
in care, under CAMHS 2012 - diagnosed with anxiety related to court
case for burglary

2014- had MHAA - found not to have major mental illness

2015- 05-year ASBO for organising illegal raves- not allowed to enter
industrial or disused premises between 10pm and 7 am

2015- November - mother made referral via HUB- she reports gradual
deterioration in mental health over the last year. Simon was angry when
his father made contact with the HUB in **2014** and does not want it known
she instigated the referral.

Today

Simon consented to be seen and let us in. He was clean, well nourished,
well kempt and dressed casually. He put the dog in the back garden.

One bed council flat

There was a massive heavy-duty metal door like that of a prison cell (over
7 feet tall) behind his own front door, which Simon said he's made and
installed recently. There were tools lying about on the floor and he has
worked in construction in the past. He didn't give us a reason for making
the door.

He hasn't gone out for months- mother does all shopping

History from Mr Cordell

Chaotic historian, jumping about topic to topic, but happy to talk
especially about his grievances chiefly with the police and the woman
upstairs.

He said there is a widespread conspiracy to destroy his good name and
possibly ultimately to kill him.

This is organised by the police with a policeman in Essex called Big Bad
(unheard) as its source, in league with "Storm" a global agency who
manage the UK's 999 calls. The police are putting things about him all
over the internet (there has been local reporting of his ASBO) and are
putting subliminal messages about him through his own TV and other
people's.

As part of this, he says they have falsified all his records - the proof of which he gave as a list of CADS (relating to one of the illegal raves he'd arranged) which as they were not written down in sequence of their numbers, could not be a true record and thus in his view proof of a conspiracy.

He said he has evidence on tape of the police talking about him and plotting against him, which he offered to show us, although in fact there were no such sound files on his computer. He couldn't really explain how he'd heard this material.

He was keen to show us other written "evidence " from the police, which were all notes Simon had made in files on his computer.

Simon said the woman in the flat above has been stalking him, is aware of all his movements around the flat, and when he is in the bath, takes off his clothes or on the loo, begins stamping on the floorboards. The history we have is that he made threats to her and she was moved for her own safety: he still feels she is upstairs. Said he had CCTV footage from cameras in his flat of her stalking him - he could not show us any cameras.

Simon got out several boxes of papers which he said related to the conspiracy together with his plan for his own business and his plans for a global charity for children.

The flat was full of equipment for printing and other things. Simon said he had spent " a quarter of a million" on his businesses including 20 000 on each of two printers.

Has thoughts of killing himself "when I eventually clear my name."

From previous notes

-Tried to hang himself at the age of 16 when in a young offender's institution and needed to be resuscitated. He was moved to a high security hospital and kept in seclusion on a number of occasions. He says he was seen regularly by a psychiatrist called Dr Caplin from "the safe project" (probably CAMHS).

-He says there was a second occasion where he tried to hang himself when in a cell after he was sentenced Said attended NMUH A and E **2014** after drinking liquid nitrous oxide with intent to die Forensic history Long history police contact from juvenile, mostly connected with driving, theft-? in prison on remand in past Smokes 1-2 spliffs most days, no other drugs, alcohol or tobacco SH

1 bed council flat, no debts, ESA, food in fridge, flat cluttered but clean MSE

Clean, open manner, engaged well, incongruently cheerful, very polite Appeared euthymic- did not appear particularly elated: idea of harming self "when name is eventually cleared" but currently has no thoughts of self-harm or harming anyone else

Pressure of speech but able to repeatedly interrupt without irritability
Thought disordered: Tangential, circumstantial, preoccupied
 Paranoid delusions relating mainly to police and woman upstairs: delusions of reference
 His comments about hearing having police talking about him on tapes may be elaboration of auditory hallucinations No evidence commands or passivity
Insight: articulate: does not think he has a mental health problem: Said he'd had all these problems for the last year, especially in the last few months but felt they were getting worse. He has withdrawn from all social contact except with his mother.
 Impression
 FEP, possibly with mood element history at least several months
Strengths: Significant part of personality intact at present, was willing to engage with us today Maternal support
Risks: isolation, self-neglect if mother withdraws support, potential risk harm to self but trigger factors not clear (past self-harm attempts as teenager appear to have related to court appearances)
Plan
 Declined medication and engagement with CRHTT (as he didn't want to give his story again)
 We talked about referral to EIS and my view that he would find seeing someone regularly helpful: he said if I made the referral he would engage-saying he would be too polite to refuse.
 He seemed to find our conversation today a relief and thanked us for coming.
 I did not feel he would meet criteria for detention today under the MHA and that I would refer for assertive approach from EIS as a more proportionate response.

Dear Dr Chong,

Re: Simon CORDELL - D.O.B: 26.01.1981

109 Burncroft Avenue, Enfield, Middlesex EN3 7JQ

Jameson Simwanza, Social Worker in Enfield Assessment Service/Crisis Resolution and Home Treatment Team and I saw Mr Cordell at home today after reports of a gradual deterioration in his mental health over the last year.

Mr Cordell's presentation today was congruent with a First Episode Psychosis with symptoms beginning several months ago. His main preoccupations and paranoid delusions relate to the police and with the

woman, who lives upstairs although we understand [she has moved out](#). His mother has been supporting him and has been calling on him almost daily for the past year as he has become more socially withdrawn. Today Simon was well nourished and cared for and his flat although cluttered was clean. He keens to relate his experiences to us but resisted the idea he had a mental health problem.

Risks:

1. He made 1-2 serious self-harm attempts as a teenager with contact with the criminal justice system. Today he said he had attended North Middlesex University Hospital Accident and Emergency department last year after drinking liquid nitrous oxide with intent to self-harm. Currently he has no thoughts intent or plan to harm himself or anyone else although **he said today, he would kill himself “when I eventually clear my name” - this is not linked to any particular date.**

2. He looked well-nourished and clean, engaged well: there is a potential risk of self-neglect if mother withdraws practical support.

3. Some Cannabis use, but likely to be insufficient to account for today's presentation.

Plan:

I did not think his presentation today would meet criteria for detention under the Mental Health Act and Simon is willing to engage with services although not to take medication at the moment. He declined contact with the Crisis Resolution Home Treatment Team as he does not feel he is in crisis but took the crisis number 020 8702 3800. We have referred him to the Early Intervention in Psychosis service for an assertive and consistent approach to his on-going management consistent with a least restrictive and proportionate response to his symptoms.

When his case is accepted by the Early Intervention Service, we will then close the case to this service.

Yours sincerely, ELECTRONICALLY SIGNED

Victimizing me by Banging above the Bath to which I get into, once they understand that I have stopped running the water for my bath to be ready, this is after they wait for any other tail, tail signs that I have gotten undressed and soaked within the water, creating a brutal attack against my person in their wrongful self-gains!

t/c I spoke with Simon at length and his final decision was that he was not interested in meeting me or having help from the mental health services. Simon told me he was not mentally ill and did not need help. He then went on to tell me about all the problems he had or still has with the police. He said that he simply wants to clear his name and that "the truth will set me free"

His speech appeared pressure and went from topic to topic without ending one topic. He appeared to have an aggressive tone and on the other hand he appeared apologetic about refusing help.

My impression is that Simon will not co-operative with assessment and treatment in the community. There was touch of delusions or rather exaggeration to his claims about being "victimised". There are information on the net about his arrest and being placed on ASBO.

I will discuss his case at EIS case fit referral meeting on Tuesday

Re: Mr Simon CORDELL

D.O.B: 26 January 1981

NHS No: 434 096 1671

109 Burncroft Avenue, Enfield, Middlesex, EN3 7JQ

[I write to inform you that the above-named gentleman has been accepted onto the caseload of the Enfield Early Intervention in Psychosis Service \(EIS\), and I am his Care Coordinator.](#)

The EIS work with service users and their families for up to three years for those aged between 18- 35 years of age, experiencing their first episode of psychosis, or those who are in the first three years of psychotic illness, living in Enfield.

The EIS offers treatment including:

- Administration of anti-psychotic medicines
- Psychological interventions including Cognitive Behaviour Therapy for psychosis and emotional problems, such as depression and anxiety

- Family interventions
- Vocational recovery
- Relapse prevention & management
- A harm minimisation approach to substance misuse
- Care Coordination
- Social recovery activities

New service users are usually seen weekly to assist with engagement with the service and to help formulate care plans. The frequency of contact may extend over time depending on the service user's needs, the nature of their illness and other factors such as work and studies.

We are required by the Care Quality Commission (CQC) to maintain a record of health care checks made by GP's of mentally ill patients on their register.

Mentally ill people have increased morbidity and mortality compared with the general population. Many of them have unhealthy lifestyles resulting in poor physical health and increased mortality due to common life-threatening conditions and physical ill health. Risk factors, particularly Cardiovascular Disease, Chronic Obstructive Pulmonary Disease and diabetes should be identified and managed according to the relevant guidance through primary care settings.

I had a telephone conversation with Simon's mother who expressed concerns about him. Mother appeared angry and frustrated that for over a year she has been seeking help for Simon and she has not been heard or listened to. I tried and failed to get what Simon's mother was concerned about. I asked what risks there were and what prompted her to call about Simon today and did not get much from her. It was difficult to speak with her as she was understandably emotional about his son not being helped. There was someone talking over Simon's mother and made the conversation difficult to follow. Mother said she will be taking the matter with his MP and hang up.

t/c I spoke with Simon immediately his mother hangs up the phone with me. Simon appeared polite and pleasant to speak with. He asked me how my Xmas and New Year breaks went. He told me that his went ok. However, when I asked "what did Santa bring you" he went completely off tangent and spoke about conspiracies and difficulties with the police. He "rambled" on and appeared to be thought disordered. He also came across a paranoid with delusions about cases, 400 he intends to present to court and win. He told me that he did not need help. He will only allow me to visit him if I came with a colleague and not a doctor. I agreed and I told him that I will call him again on Monday or Tuesday to give him date and time. He denied self-harm or harm to others. There was no apparent evidence of suicidal thoughts.

I had a telephone conversation with Simon's mother who expressed concerns about him. Mother appeared angry and frustrated that for over a year she has been seeking help for Simon and she has not been heard or listened to. I tried and failed to get what Simon's mother was concerned about. I asked what risks there were and what prompted her to call about Simon today and did not get much from her. It was difficult to speak with her as she was understandably emotional about his son not being helped. There was someone talking over Simon's mother and made the conversation difficult to follow. I have had a very lengthy conversation with Simon.

He starts quite calm however soon descends into a conversation in that he feels persecuted and paranoid against the police, the govt, and his upstairs neighbour. He was tangential, thought disordered, grandiose and difficult to follow at times. Quoting parts of various acts and reading out letters. Asked me what are my objectives? Who visited, the names? Concerned that the police may be coming. Who referred me to you?

I haven’t seen my GP for ages. Says he has showed Goodie the true facts and he has official documents to say he has been set up by the police. Says he has been arrested 60 times; he has all the papers. His appeal is in 2/52. He went on talk about a relationship he had and 8/12 into that relationship the woman said she had an internal problem, the clinic said she had an external problem. Said the clinic was watching him. He went on to say that he attended a sexual health clinic on the 8.5.**2015** and received a letter to say he had anti-bodies and he shouldn’t have sex with anyone.

Says that the neighbour eavesdrops saying he has HIV and Hep B. I'm really unclear about this, whether he has HIV or Hep B or this is part of his mental health problem. Says that he is building a website and charity and educating others.

Police setting him up. He spoke about his upstairs neighbour at length, says she is an alcoholic and has LD. Under a MH team. Says she stalks him and has written him letters. She bangs on the taps, he has digi recorded her. Neighbour can hear his friends in the flat and follows them upstairs and bangs on the taps. He has been recording her. 3 days ago, says that she flooded his flat, he undone the knot on the radiator. She is trying to destroy his life. Ita€™s been going on in total for 400 days. Neighbour is deliberately ruining his property. Says neighbour needs to be analysed as does her network. He could do a citizen arrest.

Thanks,

Amal Pomphrey

ENFIELD AMHP MENTAL HEALTH ACT SERVICE

Dr Al-Allaq, Amal (EIS) and I visited Simona€™s home for the purpose of undertaking a Mental Health Act assessment. Simon was very angry that we had attended unannounced stating that when I last visited, I did not say I would come back and that he felt he was forming a good working relationship with the team. He went on to say that he has been targeted by the police who are stopping him from working. He described organising several illegal Raves which the police shut down. He presented as manic with pressure of speech but when Dr Al- Allaq questioned him about this, he started talking slower stating that we were busy people, so he was talking fast to get all the information out. He said that the police have arrested him over 1,000 times and that he is on a 10-year curfew to not leave the house after 8.00pm. He has insulted CCTV cameras outside the house and stated that he is recording our visit and will make a formal complaint and take it higher. He said that he has lost thousands of pounds in earnings due to police harassment. He said that the police have contacted the DVLA who

are monitoring him. He said he has files and files of information which proves that he is being harassed and monitored by the police. He gave an account of going to court about this and has documents that prove he is being harassed and targeted by the police. He said that he has been to see a psychologist in the East Community Support and Recovery Team and that the psychiatrist said he is not mentally well. Simon refused to allow the assessing team into his property stating that we have to send him an appointment letter. He said he is recording us on CCTV and will have evidence of our conversation.

Simon presented as paranoid, suspicious, and grandiose with flights of ideas, clear evidence that he is suffering from a mental disorder.

Plan

Obtain a Section 135 (1) warrant to enable us to gain police assistance to enter his property for the purpose of carrying out a Mental Health Act assessment (1983).

The banging Started!

Debbie Andrews (responsible)

Stain Curtis (responsible)

Mathiyalagan (Responsible)

Time: All-Day and All-Night whenever they knew that I was indoors!

The evidence supported by the prosecution and police is falsely, incorrect!

The occupiers of 117 and 113 and 111 Continued to victimizing me by Stain knocked on my letter box and woke me up again this morning, when he is leaving his premises, like a person playing the game called knock down ginger!

Then the Loud and aggressive banging in the bathroom got worse and this got achieved by 117 and 113 tents slamming objects on to the floor with evil intent of criminal actions!

At the night time Stain played with his front door locks to try and scare me again!

Debbie bangs when she is drunk with the occupiers of 117 the Mathiyalagan family and also Stain Curtis off 111 Burncroft Avenue and continue to Slamming the water tap on and off, causing damage to my health and the buildings fixtures at an unacceptable rate!

They all mentioned in the addresses of 113 and 111 Burncroft Avenue keep Dropping articles on to their own wooden flooring to make loud banging noises!

Stain banged on the kitchen wall again with intent of victimising me on a full 24-hour assaults!

117 and 113 keep slamming their own living room, window continually opened and closed like to explain a person making competitive beats out aloud!

Disrepair!

I get left by the Enfield Council to suffer after asking their employees to respect my rights to equality by complying to their duty of care towards me but without any satisfaction in the disrepair issues being repaired in a fair time!

Time Spent Building.

Threats and intimidation (General)

Home visit to Ms Deborah Andrews flat. Attendees Dawn Allen TMO and CPN Bola Quadri

Home visit to Ms Andrews advised that her neighbour at number 109 has for the past few months harassed, intimidated, stalked her and made a life a complete misery. He continuously plays loud music, bangs on her ceiling and door alleging that she is monitoring his movements in his flat. She feels petrified by his presence and as a result refused to leave her flat for fear bumping into him on her way out. She has missed a few appointments with her social worker as a result, she has now been subjected to making home appointments pending the time this matter is resolved. She explained that they use to be acquaintances before the relationship went sour. She believes the whole problem started when he claimed the decoration in his flat was damaged as a result of a leak coming from her flat. She confirmed that she had a leak from her overflow a few months ago which has since been repaired but, the damage alleged had occurred.

She was on her way out to attend her appointment with her CPN when he apprehended her and threatened to kill her. She was

pretty shaken from the incident that instead of attending her appointment, returned home immediately. She advised that she contacted the police but, wasn't

taken seriously as they assumed, she was drunk at the time of the call. She advised that she wasn't in the list drunk but, just the way she spoke due to her condition. She still wasn't taken seriously and had to abandon the call. She found this very frustrating and advised that it was not the first time this would happen to her. Her CPN also confirmed her statement and expressed her dissatisfaction at the way she was treated. Ms Andrews felt completely let down by the police and became frightful for her safety especially, as she knows the perpetrators has shells in his flat. I observed in her flat that her floors were very creaky, I was made aware by Dawn that most of the flats in the block are like that. Unfortunately, the creakiness exacerbates the noise level in the flats and cause more problems than usual. I advised that I will contact the police to make further enquiries. I will also contact MHT to enquire if Mr Cordell is known to them. At some point the perpetrator will need to be interviewed and a warning letter issued on him. I will contact the repairs team and try to arrange a surveyor to visit her flat and see what assistance can be offered I further advised that her case will be investigated and an officer will get back to her to discuss further with her. Her CPN and TMO will be kept informed of updates Bola Quadri has already put in place a safeguard alert.

Ms Andrews felt completely let down by the police and became frightful for her safety especially, as she knows the perpetrators has shells in his flat. I observed in her flat that her floors were very creaky, I was made aware by Dawn that most of the flats in the block are like that. Unfortunately, the creakiness exacerbates the noise level in the flats and cause more problems than usual. I advised that I will contact the police to make further enquiries. I will also contact MHT to enquire if Mr Cordell is known to them. At some point the perpetrator will need to be interviewed and a warning letter issued on him. I will contact the repairs team and try to arrange a surveyor to visit her flat and see what assistance can be offered I further advised that her case will be investigated and an officer will get back to her to discuss further with her. Her CPN and TMO will be kept informed of updates Bola Quadri has already put in place a safeguard alert.

Home visit to Ms Deborah Andrews flat. Attendees Dawn Allen TMO and CPN Bola Quadri

Home visit to Ms Andrews advised that her neighbour at number 109 has for the past few months harassed, intimidated, stalked her and made a life a complete misery. He continuously plays loud music, bangs on her ceiling and door alleging that she is monitoring his movements in his flat. She feels petrified by his presence and as a result refused to leave her flat for fear bumping into him on her way out. She has missed a few appointments with her social worker as a result, she has now been subjected to making home appointments pending the time this matter is resolved.

Miss Debra Andrew [SEC=PROTECT]

Hi Dolly,

Nick and I attended 113a while ago and spoke to the lady a while ago when she originally called Police. At the time she didn't want us to speak to her neighbour as things had got better. The lady handed us a letter about what had happened but none of it made any sense. We believe she was suffering from mental health issues. On another occasion we popped round to see her and she wouldn't come and speak to us so instead she spoke through her letterbox to us. The male at 109 - Simon Cordell who is causing the problems is very well known to Police and is also very anti Police. I know some Officers went around and spoke to him and things seemed to get better. After that we have had no further calls from the lady at 118.

We will try and get around to see her when were back on duty on Monday.

Kind Regards

Good afternoon Mark,

Could you kindly assist with this query please. Following reports of ASB by the above tenant, my colleague and I visited her this morning and were alarmed by the nature of her complaints. She has in the past few months being constantly harassed, intimidated, bullied, stalked and threatened to kill by her neighbour at 109.

As a result of his behaviour, she has become too scared to leave her flat for fear of what may happen to her. She is a vulnerable tenant who requires support from services.

However, the unsettling behaviour exhibited by number 109, has hindered her from attending her appointments and exacerbated her condition. At the moment, she feels very disorientated / agitated and will like the harassment to stop.

She advised that she had reported this to the police a few times but, wasn't taken seriously. I will appreciate if you could stop over at 113 to reassure her that the matter is being dealt with and also to stop by 109 and advise him that you are aware of what is going on and the repercussions should it continue.

Thank you for your support and assistance

Good afternoon Louise,

Sorry I missed your call; I was at a meeting at the time. Called and left a message on your voice mail.

Ms Andrews suffers from a history of mental health; she is currently being supported by Bola Quadri Care-coordinator / CPN / Nurse Prescriber Psychosis Service Line

Barnet, Enfield & Haringey Mental Health NHS Trust / 58-60 Silver Street, Enfield EN1 3EP

She made complains about her neighbour at number 109, harassing, verbally abusing her, intimidating, shouting threatening to kill her. The main concern here is that the perpetrator in question also suffers from mental health and is known to be very aggressive, violent and anti-police. He has on a few occasions threatened to kill her and petrified the life out of her.

It was on this basis that a decision was made to move her out immediately.

Hope the above information is useful.

Hi Louise,

Thanks for this - I'm pleased to hear you think Deborah is being properly supported and that she sounded better - she was in a right state when we spoke to her last.

Good news that it looks like she might be able to get help to move.

For the camera, we are very happy to come along for a visit. I've spoken to our Sgt and as we understand it the ideal course of action is to advise him to remove it in our presence, then if he refuses, I believe you can take it down and that should be fine so long as the camera itself is returned to Cordell. Let me know when your best days for it would be and I'll see when we can manage best.

Best wishes,

Hi James,

I spoke with Deborah Andrews this morning; the leak issue was sorted over the weekend this was from the flat above.

I do not know anything about Mr Cordell moving in two weeks' time, unless she is getting confused with his threat that he will get her in two weeks' time. Overall, I am concerned that Deborah is not managing and appears to be getting more confused the last few times I have spoken to her last week and today, she is also feeling that she needs further support by way of supported accommodation. I do agree with her as the level of support that St John of God provide is high and the dependency with other agencies is also constant and not something that housing or myself could provide long term.

Deborah was much calmer this morning and I reassured her that if she has any concerns to contact me.

With regard to the camera not he is not allowed it to be train on anything else other than his front door. Probably means I will need to visit him to get this sorted. I may request your assistance with this I don't really fancy

Hi Louise,

I hope you are well.

Since **15/01/2016** we have had further calls from Debra Andrew relating to the issues she has been having with Simon Cordell.

Given the nature of the calls, we visited Debra yesterday for a reassurance visit. She said that there has been a leak in the building causing 'flooding' in both her flat and Cordell's flat, and Cordell has been making accusations relating to it. She said that she believes Cordell is leaving his flat in two weeks, which I hadn't heard, but said I would look into it - do you know if that's true by any chance?

Debra said that if Cordell does not leave, she wants to leave her flat and move somewhere else herself.

While at the address we also noticed that Cordell has now installed a CCTV camera which is placed at the top of the internal communal door leading to flats 109 and 111, facing towards the main door of the block. I am unsure as to whether he's allowed to do this and shall look into it, but just wanted to let you know!

Best wishes,

James

Dear Sarah,

Thank you for your email and updated information. This incident yesterday I am assuming that this is a different incident from **15/1/16** where Mr Cordell approached Ms De Polla? Please can you confirm if this was reported to the police, and if this was not why? This is harassment and can be treated and reported as a criminal offence. Yes, this is a separate incident to **15.01.2016**. The police were not called as a crime had not been committed and Barbara was able to walk away without Mr Cordell trying to prevent her or following her. In relation to Deborah please can you confirm if your concerns for her welfare are being reported back to the Mental health team prior to this email (I do appreciate that Bola has been on leave for a few weeks) Yvonne has copied Bola into the same communication as yourself and expressed concerns. Debbie has also contacted Bola. I am receiving if not daily calls from Deborah or every other day, with her explaining to me that she feels she is not coping at all, she is looking to me for reassurance. Deborah has expressed that she is not managing independent living and would like to go back into supported accommodation. Supported living is something Bola would need to arrange. Can you confirm that you have reported your concerns for Debbie's welfare to the mental health team?

Please can you confirm if she has expressed this to staff at St John of god? Also, please can you confirm if you feel that Deborah is not coping at present. If so, has this been reported to the mental health team?

As you are aware, Debbie has said that she is not coping, and I understand that you are in the process of providing a report in order to facilitate Debbie to move. Can you confirm that this has been completed and if so, what the next step of the process is and how long this is likely to take?

Also given the current hours that currently allocated to Deborah if this is suitable in this situation for her need? If I recall this was expressed at a SOVA meeting that this should be extended as her needs are becoming greater? We are requested and funded to provide 6 hours support per week (3 hours twice a week for shopping). Bola is responsible for increasing the care package if Debbie is assessed as needing more support. With regard to the Safeguarding plan, I do feel that a mental health strategy meeting needs to take place as issues beyond our control will also have a direct impact on the wellbeing of Deborah. I am raising this directly with George Benyure Bola's manager. My understanding was that Bola had already raised a safeguarding alert.

Dear Sarah,

Thank you for your email and updated information. This incident yesterday I am assuming that this is a different incident from **15/1/16** where Mr Cordell approached Ms De Polla? Please can you confirm if this was reported to the police, and if this was not why? This is harassment and can be treated and reported as a criminal offence.

In relation to Deborah please can you confirm if your concerns for her welfare are being reported back to the Mental health team prior to this email (I do appreciate that Bola has been on leave for a few weeks) I am receiving if not daily calls from Deborah or every other day, with her explaining to me that she feels she is not coping at all, she is looking to me for reassurance. Deborah has expressed that she is not managing independent living and would like to go back into supported accommodation.

Please can you confirm if she has expressed this to staff at St John of God? Also, please can you confirm if you feel that Deborah is not coping at present. If so, has this been reported to the mental health team?

Also given the current hours that currently allocated to Deborah if this is suitable in this situation for her need? If I recall this was expressed at a SOVA meeting that this should be extended as her needs are becoming greater?

With regard to the Safeguarding plan I do feel that a mental health strategy meeting needs to take place as issues beyond our control will also have a direct impact on the wellbeing of Deborah. I am raising this directly with George Benyure Bolas manager.

Regards

Louise

Subject: Debra Andrews Importance: High Sensitivity: Confidential This message has been sent on behalf of Yvonne Stacey.
Hi Louise
I am extremely concerned about Debbie Andrewes's neighbour and the increased risk to the support workers and indeed Debbie, who, as you are aware is unable to leave her own home unescorted.
Yesterday it was reported to me that the neighbour approached Barbara de Polla as she entered the communal door, he was very aggressive and began shouting at her saying, you should not be coming here, she is an alcoholic, you shouldn't take her out anywhere etc." Barbara said that she did not want to talk about it and walked away from him, luckily, he did not follow her.
In relation to Debbie is safety, I strongly feel that it is only a matter of time before something serious or even fatal happens to her. As you are aware, the neighbour has a dog, which appears to be a Staffordshire bull terrier which
Page 18 of 21
he allows to roam free in the communal area which is highly intimidating and potentially very dangerous.
Please can you clarify the interim safeguarding protection plan and timescale as to when Debbie will be moved to a place of safety.
I have completed an internal incident form and unfortunately, if another incident occurs, I will have no other option but to temporarily withdraw our service, which will put Debbie in a situation where she is even more at risk.
I look forward to hearing from you at your earliest convenience.
Regards
NB: Please can you forward this message to your line manager.

Dear [George & Bola](#),

Thank you for your email, I have only copied you both as there is other information on Mr Cordell that urgently needs to be considered.

I received an email informing me that a mental health warrant had been granted for Mr Cordell. This will cause a greater issue especially if he is released back into the community. My fear is that this will indirectly cause further distress for Deborah. A plan needs to be put in place with full considerations.

Please can an urgent mental health strategy meeting be held regarding Deborah Andrews, given the above information and the urgent need for full consideration in this case due to the complex needs and issues with both clients, who are known to your services and tenants of Enfield Council.

Deborah is contacting me if not daily every other day these calls are coming through at all different days and times. She is informing me that she is not coping with everything and wants to go back into supported accommodation, she feels extremely frightened and vulnerable. I must confirm that its Deborah stating that she is not coping as I am not in a position to make these decisions. When I speak with Deborah asking if she is attending her appointments, she states that" it js a quick jab, in and out no one speaks with you.

With regards to the management transfer this is still being prepared and waiting to be heard by panel, I am waiting to hear the next available date for this. It was explained when I suggested this action may be a route forward that this is not a quick process and all elements need to be considered. It is not necessary for Ms Andrews to currently go into emergency accommodation either. This case will be assisted by moving Ms Andrews; however, this may not resolve all of the concerns or the overall future welfare of Ms Andrews.

Transferring Ms Andrews into another independent accommodation without fully assessing her current needs and the full support required should be considered before this happens.

As moving her may not solve all of Deborah Andrews concerns. She is only going out when SJOG are visiting, however they are only allocated 3 hours per week. More recommendations need to be put forward to provide a comprehensive package to support

Dear Ms Cordell,

Re: Mr Simon Cordell -109 Burncroft Avenue - COM 1885.

I write with reference to your letters of complaint dated **24th November 2016** copies of which were received via email on **24th November 2016**, **5th December 2016** and **8th December 2016**.

I will respond to the issues you raised as follows.

1. Anti-Social Behaviour Order

We are aware that the police applied for an Anti-Social Behaviour Order (ASBO) which was granted on **4th August 2015** against your son in relation to activities that cations away from Burncroft Avenue. We are aware that your son is appealing against the ASBO and we are therefore unable to comment further.

2. CCTV

We can confirm that a letter was sent to your son by Sarah Fletcher, Neighbourhood Officer on **18th November 2016** giving him until **25th November 2016** to remove the CCTV that he had installed on the internal communal door leading to flats 109 and 111 Burncroft Avenue and facing towards the main door of the block. We can also confirm that another letter was sent to him on **29th November 2016** by Lemmy Nwabuisi, Anti-Social Behaviour Officer in relation to complaints received from your son's neighbours concerning the CCTV. concerns a breach of tenancy conditions and will be addressed separately from this complaint.

3. Allegations of Anti-Social Behaviour

You referred to alleged issues that your son was having with his neighbours; however, you did not specify which neighbours and or provide a specific time frame when these complaints were made. We have checked our records since **4h August 2015** and found two records of telephone complaints received from your son. One on **20h August 2015** and again on **26h January 2016** which related to noise and the issues he was having with a neighbour. These concerns were dealt with at the time by relevant officers.

We note your comment that your son has been a tenant for many years and that there have been no complaints about him until the publication of the ASBO against him on **4th August 2015**. However, our records show that since your son's tenancy began on 14th August 2006, there has been at least one previous complaint against your son from another neighbour prior to the ASBO.

We are aware of the alleged incident that happened on **4th October 2016** as this was reported to us and this will be addressed separately as part of ongoing Anti-Social Behaviour investigations.

We note your comments regarding the police and must advise that you take up any issues with the Independent Police Complaints Commission. We also note your comment regarding an alleged incident on **14th August 2016**. This was not reported to the Council and should be a matter for the police. We note your comment that your son is scared to go home due to the alleged issues with his neighbours.

Regarding the allegations of ASB against your son and the issues regarding his dog, we note your comment that you do not think it is justified to attend the meeting with Lemmy Nwabuisi prior to your formal complaint being addressed. We note your comment that you have been advised by a solicitor to wait for the SAR. We also note your comments

in relation to the letter sent by Lemmy Nwabuisi on **29th November 2016** regarding reports of anti-social behaviour made against your son by his neighbours and that you will address these once the SAR is received. Please note that these allegations are serious breaches of tenancy conditions and will be addressed separately as part of an ongoing investigation. We have attempted to meet with your son to discuss the allegations made against him and give him the opportunity to respond. It is important that these issues are addressed and another meeting will be arranged to facilitate this in due course.

Subject Access Request (SAR)

The SAR that you have submitted is being responded to separately in accordance with required timescales.

Communications

We are aware that you left messages for Sarah Fletcher on three occasions between 16 and **21 November 2016** and she was not available at these times. We confirm that she spoke directly with Mr Simon Cordell by telephone on **22nd November 2016**.

Housing Options

As a single resident living in a one-bedroom property, the Council considers that your son is suitably housed. We do not have sufficient evidence in relation to your son's allegations of anti-social behaviour against his neighbours to be able to refer him for a transfer on the housing register.

He can make an online application himself to be placed on the housing register by visiting the Council Housing pages of the Enfield Council website at www.enfield.Gov.uk. His eligibility for transfer will then be assessed by the Housing Options team in accordance with Council policy and they will advise whether his application is accepted.

Alternative options to move are available to him through the mutual exchange scheme, where tenants are able to swap their home with another tenant, and the fresh start scheme, where tenants can be supported in moving to a private rented home.
