[00:03:14] Ok, hmm

[00:03:17] Would you mind if I take your phone number. because I am actually siting at my colleagues desk and then I'll call you back.

[00:03:23] Okay. Um I don't know this mobile number here.

[00:03:26] Hang on I can see it on my side it come up on my side.

[00:03:29] No, no.

[00:03:29] You can use that if you have got that number then.

[00:03:31] hang on bear with me let me just write it down.

[00:03:31] 07729243063.

[00:03:31] yeah, that is your phone number.

[00:03:45] Yeah. that is the number that i am using.

[00:03:46] Yeah I can see it.

[00:03:49] OK,.

[00:03:49] Just to Let you know when the court calls we use a withheld number.

[00:03:52] Okay. That's perfect. Um , what I am trying to understand is where I actually stand whether the injunctions on me.

[00:03:58] I've got the video evidence to prove I wasn't served and that whole application has been forged from the beginning the first application the second application and a lot of them all have not got the SEALs some of them got the seals on from the court the seals and them but the first injunction order never had most seals on it and every SEAL was supposed to be signed by a law a case M v.

[00:04:17] Murphy I have got the case number here. And basically they should be signed by a person I don't know who is actually authorized all this in the courthouse to happen but the first possession order was forged from the lower court.

[00:04:31] And I've got the proof of that. It was missing all of its signatures. The second injunction and then after the possession would they put an injunction order to cover the signatures. That was all forged and I've got all the evidence video recordings of the incidents plus the paperwork itself was fabricated under the Fraudulent Company Act and then the fraud that and in the second.

[00:04:51] Let me check the Case. And I need to check the court system for these two and then I will be in touch with you it is just that I am at my colleagues desk.

[00:04:57] OK.

[00:04:59] I have got your number and you gave me a case number as well i need to read the order. So that we are on the same page.

[00:05:03] Okay.

[00:05:04] And we'll see what's going on.

[00:05:05] Okay, then.

[00:05:06] just to let you know when the court calls our number will not show

[00:05:09] Yeah it's perfect. Thank you for your assistance. bye.

[00:05:12] No, no, its fine alright then bye.
