New Speaker:	02:09	
New Speaker:	02:09	
New Speaker:	02:09	
New Speaker:	02:09	
Speaker 1:	02:11	Right, let’s have a look so, that is Burn - Croft [inaudible] [inaudible] Oh yeah. Michael Had you Jerm Free, will he know what it's regarding.
Speaker 2:	02:36	He should do in the back of his head that he isn't managing these caseloads, very um, correctly with fair process and he's on the eighth is okay. Just to go through it with you on the eight on the 15th of the eight, I won three cases against the Enfield County Court um, against the Enfield Council. The judge ordered that I get a like for like two bedroom house and um, with back garden front garden and everything the paperwork went over to

		the Enfield Council solicitor firm. They've signed it and sent it over to my Solicitor firm. We've all agreed and sending over to them on eight for the 15th.
New Speaker:	03:08	Hm, hm.
New Speaker:	03:08	So this was an emergency transfer. Now somehow they started to boycott the situation and they've said, okay, the next annual general meeting is on the 28th 8 they said that'd be 15 days in time. They, they, they, it's going to take them a bit longer to sort things out.
Speaker 2:	03:24	So the next annual general meeting will be on the ninth the ninth the end of the ninth so I must wait till the end of the ninth I said, this is an emergency transfer judges ordered it and it's for my safety and they've [inaudible] you shouldn't be treating it as an annual general meeting. You should treat it as such as what?
New Speaker:	03:40	hmm.
New Speaker:	03:40	It's classed as they've, they pushed it over, to the turn ninth. Anyway, I allowed for that to happen in the end because I didn't have much options. They've, they've held a S they've held a secret meeting which I'm not allowed to attend in the civic centre, [inaudible]. I found that the, and to try and get them to go to the boardroom, meeting and I wasn't allowed to go on the ninth on in the end of the ninth month. Now, no one has contacted me back since then.
Speaker 2:	04:03	I'm now in the 17th of the 10th and this was all detached.
New Speaker:	04:07	Hm.
New Speaker:	04:07	from the transfer to happen on the eight feet and 15th of the eighth. And I feel that negligence is taking part now on his role because he understands my case load and I've won the cases, I'm in the right and they have no reason to treat me the way that I'm being treated by them. I've had to build a website which shows all the past workers. I just refer to, um, which,
New Speaker:	04:26	um.
New Speaker:	04:26	which is called horrific corruption. And I've, I can show, do you have Google available to you by any chance?
Speaker 2:	04:34	No, not at the moment.

New Speaker:	04:34	But, do none of you lot in the office, because I don't turn it on otherwise cause otherwise the damage it can cause to.
New Speaker:	04:38	[inaudible]
New Speaker:	04:38	everyone's lives. I can turn it on and just let use, lot see into it for half an hour. So you can have a look at what's actually going on here. They forged a possession order, which can be proved because of the time stamps that the council did. Then they falsified another injunction order, another injunction order, which I've won. They also forged an Asbo on me, um, before anything started and the, Asbo is missing all of the signatures of the people, that um, through that through the police officer, the victims, sorry, it says that white people commit the crime on not even white at the time the parties were going on. I never throw them. I, so I copied the Facebook profiles of the people that throw the parties, which proves that, and I'm not the organizer of these events.
Speaker 2:	05:19	Plus there's the timestamps to the. The police is call centre and go backwards. They made up the paperwork and set me up and they keep kept setting me up. So I've made all brand new PDF books and made all new websites of all the emails, that was 500 emails that went to your departments in the MP'S before anything happened. And they caught a sex scandal as a smokescreen in my name. When me and my partner have never argued, I never hurt my partner and they have endangered my life and endangered her life. And endangered the young siblings life and none of us are happy about what they've done. We've got all the clinics, recordings at the time on our phone on up on the website. We've got everything to protect ourselves to prove the truth of what's really happened here and we just want someone to pay attention.
Speaker 2:	05:59	They're trying to let, they're just saying that the last case the judge, judge, judge knew he was in trouble and I could prove that the timestamps are wrong for the council on that. Lemmy Newubsi, is a new person who started the company had copied and pasted all of the stuff because I told him about the time limitation Act 1980 on the phone. I asked him, can you go into the computer please in the recording I was recording and he said yeah, I'll go into the computer and check that the day of the last claim. And they said anything about me and he checked in, he goes on at six months ago. So I said at the time limitation Act is out and he was trying to force me for a meeting at the civic centre. And I was saying that you can't force me for a meeting you're not a police officer. He's saying well if you don't come for this meeting. I'm going to possession order in. So he

		copied and pasted like three claimant's claims and he'd made 31 claims, then went for injunction orders possession orders. He was gone. He's lived in the court with the company credit card trying to kill me like he's an assassin since he started the company and I've proved I can prove that. So easy do use lot not have got Google available.
Speaker 1:	06:57	No, not at the moment, but what I will do is it says that his line is busy so I'm going to send him an email to ask him to call you.
Speaker 2:	07:05	He had an email yesterday and he had an email about two days ago and I've had all employees sending him emails already and he's not contacting me back now and it's the 17th and I'm left suffering because of him not following protocol to what a judge has ordered and what has been signed by solicitors and what's under his company Mandate. Under his company reference alone, it says that he must deal with things efficiently and in a timely manner. With fair processing,
New Speaker:	07:28	Hmm.
New Speaker:	07:28	he isn't doing so as you can see by the dates. Now that I am phone in the 17th of the 10th but, I'm going to leave it to yourself, Madam, to make another call and another email to him and I might try again a bit later on this afternoon about two o'clock just after lunch, if that's okay with yourselves.
New Speaker:	07:43	Yeah. that’s fine that’s fine.
New Speaker:	07:44	And then if not I’m going to continue tomorrow.
New Speaker:	07:47	Okay.
Speaker 1:	07:48	And in mean time, I'll send an email to him.
New Speaker:	07:49	Alright I will appreciate that you lot have a good day.
New Speaker:	07:52	You're welcome. Thank you for calling ok i hope you kill yourself thank you. bye, bye [inaudible].
