Speaker 1:	00:27	Inside of Chase Farm Hospital as an Inpatient
New Speaker:	00:31	[inaudible]. Walking from the communal room with my cousin and mother to the meeting room for my second Mental Health Assessment after Doctor Greenside went against my family's will and common sense to keep myself detained to get put onto a section 3 of the Mental Health Act 1983
New Speaker:	00:27	This is Bollocks.
New Speaker:	00:27	Mum get off the phone, please mum, mum I am at a meeting.
New Speaker:	00:27	Alright bye
New Speaker:	00:49	[inaudible].
New Speaker:	00:58	Hello you lot how are you doing?
New Speaker:	01:00	Hi, Simon and how is everybody.
New Speaker:	01:00	I met you before haven't I some were.
New Speaker:	01:00	Year, we met
New Speaker:	01:00	And I met you as well somewhere.
New Speaker:	01:00	I'm Very well thanks. We met briefly at your, place about [inaudible]
New Speaker:	01:06	Year a couple of weeks ago.
New Speaker:	01:06	[inaudible].
New Speaker:	01:06	That's right Simon I just wanted to tell you that I am we are going to have to be carrying out a mental health act assessment today alright and that is the reason that we are all together. I am just going to introduce you to everyone now, that is the physiatrist.
New Speaker:	01:11	How are you doing?
New Speaker:	01:17	I am well thank you. My name is Dr. Rale i am Independent of the trust so i do not work in the Trust.
New Speaker:	01:21	Ok who do you work for may I ask.
New Speaker:	01:21	At the moment I do not work for anybody I am independent.

New Speaker:	01:27	You are just an independent person doing a review.
New Speaker:	01:27	Yes, yes.
New Speaker:	01:27	Ok, it a pleasure to meet yourself.
New Speaker:	01:27	And you.
New Speaker:	01:27	I met you I think before somewhere.
New Speaker:	01:27	yes, Er, I came to see you at home I think sometimes some years back.
New Speaker:	01:37	2014.
New Speaker:	01:37	That's very possible
New Speaker:	01:37	Yeah, that's right year. You did not come into a hospital on that occasion.
New Speaker:	01:37	Okay I would have been happy with that.
New Speaker:	01:37	year. Ok, I'm they err, Amp
New Speaker:	01:37	That is perfect.
New Speaker:	01:47	[inaudible] official.
New Speaker:	01:50	Hi and you erm, Simon mother.
New Speaker:	01:50	I am Lorraine, Simon's Mother sufficient.
New Speaker:	01:50	Hello.
New Speaker:	01:50	Hello.
New Speaker:	01:50	And I am his cousin Jermaine.
New Speaker:	01:50	Jermaine.
New Speaker:	01:50	I am the person staying in his flat at the moment, I am looking after his place.
New Speaker:	01:50	Okay, and are you looking after the dog as well.
New Speaker:	02:03	No, the dog is not with me.

New Speaker:	02:04	The dog has just had major surgery so the dog is at my property at the moment.
New Speaker:	02:04	Yeah, so, Simon were going to ask you questions We want to get a clear picture of what's going on at the moment. Um, Nothing's out of view. We may interrupt you because we want to try and keep things on track.
New Speaker:	02:24	That is understandable.
New Speaker:	02:24	Yeah. So, um, we'll just get a clear picture. So if you can be open and honest with us,
New Speaker:	02:33	Yeah, at all times I will try and help you because i want to go home
New Speaker:	02:33	Okay grate Okay great. I ‘am going to hand over to doctor round now to ask you some questions.
New Speaker:	02:33	Simon, So, we've been called to do this assessments for a section three.
New Speaker:	02:40	Who has called you, Dr. Greenside himself has he referred you is it Dr. Greenside King.
New Speaker:	02:42	It erm, he would not refer to me direct.
New Speaker:	02:42	AR, ok, to yourselves.
New Speaker:	02:42	It would to the Amp Services and the Amp Service.
New Speaker:	02:42	To the Amp Services, okay.
New Speaker:	02:53	He caught me, He is of the opinion that you need to remain in hospital on a section three,
New Speaker:	02:58	I understand.
New Speaker:	02:58	which is why this has been set up
Speaker 3:	03:00	and in he's professional belief.
New Speaker:	03:00	That right.
New Speaker:	03:00	I'm Simon I’m Sorry I just see that you've got your phone there can I ask if you are recording that.

New Speaker:	03:07	I'm taking the minutes to the meeting in a digital format.
New Speaker:	03:09	Well I think that you need to have people permission.
New Speaker:	03:09	No, I don't have to do that! What I am allowed to do is write notes I am allowed to take notes down by pen. If I would like to. I have problem with literature and with writing. I went to speech therapy as a kid so I can't write to well with my hand, by hand but I can talk to my computer and my computer can type for me. Yes, there was a court law case study that says you're a person that's in my situation, or any person has the right to take the minutes to any means in digital format, if they can't if they choose to.
New Speaker:	03:37	Hmm.
New Speaker:	03:37	Right Simon I think that it's quite polite to ask people first. I mean, I don't know what other people feel about how they are recorded.
New Speaker:	03:43	It's I am allowed to have a pen and paper in here and I am allowed to write everything that goes on in here down.
New Speaker:	03:46	Year
New Speaker:	03:46	Your paid for professional servants and because of that your being paid to be here. So I'm obliged. You're allowed to take the minutes to the meeting.
New Speaker:	03:57	Simon, usually its, You need someone's permission.
New Speaker:	03:58	That's incorrect madam.
New Speaker:	03:58	As professionals.
New Speaker:	03:58	May I ask my mum to explain this as well, the case study in Law as well and that i am correct!
Speaker 2:	04:05	there is a case study law where it counts. And uh, basically yes, I understand a load, of doctors don't like it, but as doctors, um, who actually practice the practice of allowing to be recorded, uh, they say that it's more transparent and open. So why wouldn't a doctor not want to allow it to happen.
New Speaker:	04:28	Hm, Hm.

New Speaker:	04:28	So, basically there's two sides of it. The transparency side of it and the [inaudible].
New Speaker:	04:34	It was won at High Court.
New Speaker:	04:34	Well what I am saying is that I need to ask everyone here if they're okay with that.
New Speaker:	04:42	Well I've had assessments before and the people that didn't want to do the assessments at my house and I've got the recordings of this, they've done checks as well and phoned up the law and governance to their departments and they have agreed that if I, I'm entitled to record the conversation. So the people that chose not to do it called for other people to come and do other assessments.
New Speaker:	04:59	Yeah.
New Speaker:	04:59	So if you wasn't happy with yourself,
New Speaker:	05:02	I think it's a threat that's fine, um, I think what you do in you flat is fine.
New Speaker:	05:03	anywhere I am. Any government, any government servant who is being paid to deal with me a set fee, I'm allowed to record them minutes to that meeting and take them. And if you choose not to be a part of this meeting because of that.
New Speaker:	05:14	Well, I 'am not saying that.
New Speaker:	05:14	That's up to your own integrity.
New Speaker:	05:14	I do not want to argue with you, I just want to see if everyone is ok with it.
New Speaker:	05:14	Um,
New Speaker:	05:14	You have nothing to hide.
New Speaker:	05:26	What it is [inaudible].
New Speaker:	05:26	I've explained that from the beginning on the ward that I will be doing this today.
New Speaker:	05:29	But I was not aware.
New Speaker:	05:29	I thought that Dr, Greenside had told you.

New Speaker:	05:29	okay, So, you know I just, Personally, I don't have a problem with it, but I would just like to be asked.
New Speaker:	05:38	I can appreciate that I can appreciate that.
New Speaker:	05:44	[Phone ringing in the background].
New Speaker:	05:44	Like I said it would have been nice if we had been told.
New Speaker:	05:44	I do apologize for that I do apologise for that in all honesty
New Speaker:	05:44	No, No, that is fine
New Speaker:	05:44	I just want to make safeguards for myself.
Speaker 2:	05:55	All right. i do not have a problem with that I just like to no.
New Speaker:	05:55	Right, just to get back to the assessment, So, Simon why are you in hospital
Speaker 3:	06:01	initially on the 25th I was in my house and I was working on my computer. I was living a normal day. The police came to my house and what I believe happened is abuse of process. A Gentleman called Lemmy in the beginning he started working for the Enfield Council in 2016 and what he actually done this, he picked up another person's work while they had left the company a neighbourhood officer Sarah Fletcher and he kept arranging; trying to arrange meetings at the civic centre with my mother over allegations. So basically my mother showed me what he was trying to do to get me to go to the civic centre, so I made a phone call to him and I asked him, I said, I'm, hello, Lemmy how are you. I'm recording this conversation. Are you happy for me to record?
Speaker 3:	06:39	We went through the procedure and he said he was happy to talk to me. I said I was concerned about the allegations that he was accusing me of because I hadn't done them, sort of thing and I wasn't happy to go to a meeting with him in that phone conversation he, I asked him, can you go into the computer and tell him the last time the claimant call about me? He told me on the 1st of January, this was 2018 and we were speaking on the 7th of June, 2018 I explained to him, well you are out of the time limitation at 1980 on the phone conversation, he got upset and put the phone down. After that he's copied and pasted Sarah Fletcher work and he copied and pasted 31 times. Now I've got a copy of the Councils history of all the claims history

		and you can check against them and you can see where these things were maliciously processed and put in.
Speaker 3:	07:21	Fraudulently done now he went for a possession order with 31 fraudulent claims about me, which initially started on the 11 cause while I was in hospital, basically at St Ann's last time going for my tribunal. A Woman upstairs made an allegation that I wrote a letter and she said, I'm a drug addict. I was writing Anti-drug policies in my house. I've never had no problem, I've never been an addict, so now she's backdated that a month while I was in hospital, she made three telephone calls to the council, which are on the system updated complaints, now she got phoned in to go from meeting with Sarah Fletcher on the 11/11/2016 she went there and they didn't. They made a statement and they could, they can remember the date of the drug addict but they couldn't remember the three days that they phoned up while I was in hospital so they made three new dates up, which I couldn't have done because I wasn't living at my premisses, so, in total that was seven offenses.
Speaker 3:	08:11	Lemmy has took that and he copied and pasted it. Then after in on the 2nd of August, 2017 because I was asking him for the statements that made the possession order off the people of the people claimant he didn't have no statement. I've got a bit of a dry mouth here.
New Speaker:	08:33	Do you want a drink of water.
New Speaker:	08:33	Is it possible to get that.
New Speaker:	08:33	yeah.
New Speaker:	08:33	That would be great.
New Speaker:	08:33	Is it ok to continue or
New Speaker:	08:37	Yeah.
New Speaker:	08:37	Yeah,
New Speaker:	08:37	Yeah,
New Speaker:	08:37	basically Sarah Fletcher on the 11th which is in biro pen where she's done it and she's left her job. You've got them on our own free will rather than because I put it to her. I explained to her, I know what you've done.

New Speaker:	08:47	Hmm,
New Speaker:	08:47	I wasn't even in my house at these times, so she left her job. Lemmy start to come in and he picked it up. He started phoning my mum about the initial things that were on it and then because I've had the conversation with him about the time limitation Act he's copying and pasting it before their dates of them ever attending the civic centre or wherever, making the complaint and after made 31 claims put a possession order in and went to steal my flat off me and we explained to him well what are you doing, what are you doing and so [inaudible] committed a statement and so he's put an injunction order in as well and he's called the Mathiyalagans down for the first time on the 2nd of August.
New Speaker:	09:17	Hmm.
New Speaker:	09:17	and he had, I can't, I think he's had a prepared statement covering all the things that he put in the possession Order and the Mathiyalagans sign for it all on the 2nd of August and he remember more things than he could ever remember.
Speaker 3:	09:28	On the 11th August , they are temporary accommodation that live upstairs. I'm a secure tenant. I explained that this is causing me to have problems in my home and I'm having problems and I'm paying my rent and so forth. He says in my tendency, that all means will be taken as a secure tenant to protect me. I've asked the Council and asked my mother to ask the council to protect me from what they was doing and to move them out and to take account from my side of the story as well.
New Speaker:	09:52	Just may i stop you there for a moment and ask you a question, So you say you asked your mother for help to stop them from doing what they were doing.
New Speaker:	09:52	Year.
New Speaker:	09:52	Yes that is correct.
New Speaker:	09:52	I'm, well you can ask my cousin, well what have they done to you in the last couple of days.
New Speaker:	09:52	Let me just speak to you and understand what they have done to you.
New Speaker:	09:52	What was initially happening is there is my water pipe that runs through my flat and it feeds the two flats up above me.

New Speaker:	10:13	Right.
New Speaker:	10:13	So when somebody draws; has to use water. It will run through the pipe in my room.
New Speaker:	10:18	Yep, yeah,
New Speaker:	10:18	Now what they was doing is getting the taps and continuously slamming them off and on, off and on, off and on at a fast competitive beat for hours at a time.
New Speaker:	10:25	Here you go. [Man - Larry Re - enters the room]
New Speaker:	10:25	Thank you
Speaker 3:	10:25	Your welcome to it. [Hmm]
New Speaker:	10:25	And this was stopping me and disturbing my studies.
New Speaker:	10:30	Hmm.
New Speaker:	10:30	Now after one or two days it became more than just there's a Law tawt called Christie Vs Davey. When the first person started banging at; A woman's started banging at a man through his house, it is civil Law and becomes criminal when pushed, what it come under is Environmental Health 1990 a noise problem. Then after, after that noise problem comes hate crime 1998 and after Hate Crime it becomes attempt manslaughter or malicious prosecution. against somebody, So, through the time that this has been escalated for the last five years? I feel that all of them Act of Law have been drawn against me and no person's ever taken a statement off me or watched any of the video evidence of what I'm doing or any of my other cousins or my friends that stayed in my house, that fallen victim as well. If someone that took the statement or when Lemmy pick up the case, he decided to realize I'm a secure tenant, they are temporary accommodation, I'm not going to move out of the borough from my own family.
Speaker 3:	11:19	My mother and my sister,
New Speaker:	11:21	Hmm.
New Speaker:	11:21	They're are going back to Walthamstow anyway, so all he had to do was move them out and then there would be, none of this as none of this would have ever happened.

New Speaker:	11:28	hmm.
New Speaker:	11:28	Just recently on the 08/2016. The judge ordered that I have
New Speaker:	11:32	[inaudible]
New Speaker:	11:32	[inaudible] The judge ordered that all of the cases get dropped against me and I have a new home, because I was highlighting these issues. Basically what Lemmy done is because he had lost a first Injunction Order; he's, I think the solicitor has gave that to Dr. Greenside and he's using them allegations,
New Speaker:	11:49	Yes.
New Speaker:	11:49	which are case number D something. Now after that case got struck out in November, 2017 that I won, without no doctor's help, Um, Lemmy go up set.
New Speaker:	11:59	I phoned Lemmy; Is it ok if I have a sip of this.
New Speaker:	11:59	Absolutely.
New Speaker:	11:59	So, I phoned Lemmy and explained to him I knew what he had done oversily his upset because he could lose his job for Targeted Malice, Malice of public Office and Malicious Prosecution. So now he's got a reason an [MO] he doesn't want to lose his career.
Speaker 3:	12:15	His just come out of Westminster. So basically from explaining to Lemmy what he had done, he decided to, Um, basically; I had a conversation with him after lose after he lost that case and I said to him, I checked on company house to see any information of who this person was and I find a woman called Tracy Willis who was a director with him. So in our conversation I said to him I know who Tracy Williams is, is she related to you and he lost his temper on the phone and he went I'm going to kill you and your mother. Now, I recorded that as well so I've got that on recording. I put the phone down off the conversation straight away he's got off the phone and phoned the Metropolitan Police, told them that I've threatened him down the phone, the police come to my house and arrested me.
Speaker 3:	12:54	Now while I'm in the police station. He's yet again gone to the court called another emergency application, He didn't even know what an emergency application was in the beginning and his called another emergency application and put um, done threats to kill against me under a new claim number. And then

		what it's done is the strike out case, which has all the stuff um, The 31, 48 allegations,
New Speaker:	13:12	Yes.
New Speaker:	13:12	he's got them and he's called the Mathiyalagans to come down to the, to the court and they've done an affidavit of service which is fraud under the 1911 Act, perjury. And then what she signed is she signed, I believe in my husband's statements. Yeah. So reinstated the closed day case number. Now she's never done a statement herself and it's all she, she, she sees her, she's doing the banging upstairs with another bloke that's up there while the husband's at work. Then the husband's coming back listening to what they're saying. Then he's going and doing the statements and he's not even there.
New Speaker:	13:43	yeah.
New Speaker:	13:43	So I cant even test the integrity of the true makers of the first time statements at court or nothing. The judge just threw it out by the end of it,
Speaker 2:	13:51	well, no. The judge; --- He was not in court, basically also in the report that there's sending me there stating that for Simon to be the judge stated for Simon to be helped into being removed, which basically I've been trying to do since 2015.
New Speaker:	14:10	HA, HA.
New Speaker:	14:10	Uh, basically Simon had to work with the mental health team.
New Speaker:	14:17	Um
New Speaker:	14:17	Now you should have doctor um, Dr. Greenside's report there and it actually States in that.
New Speaker:	14:22	um.
New Speaker:	14:22	but that's not what was actually stated. The judge demanded they move.
New Speaker:	14:29	He won.
New Speaker:	14:29	because basically they lied in court and I'm going to say they lied, they said that I had they been in contact with the council. Um, they've not been out once to see Simon look at any evidence from Simon.

New Speaker:	14:46	Um.
New Speaker:	14:46	The police have because the neighbours are constantly calling the police, I bought a full CCTV for my son's property for the simple fact to show he hadn't been, wasn't leaving the property.
New Speaker:	14:58	Yeah.
New Speaker:	14:58	The police had been out on a number of occasions to arrested him.
Speaker 2:	15:03	Right.
New Speaker:	15:03	And even doctor Greenside. I wondered why he hadn't been arrested.
New Speaker:	15:08	Yes.
New Speaker:	15:08	And I said, because what's actually happened is the police have looked at the CCTV, which.
New Speaker:	15:14	He won.
New Speaker:	15:14	can't be Edited.
New Speaker:	15:16	EM.
New Speaker:	15:16	If they had actually arrested him, it would've been an unlawful arrest.
New Speaker:	15:18	I have been arrested low.
New Speaker:	15:18	yeah.
New Speaker:	15:18	and.
New Speaker:	15:22	May i say something.
New Speaker:	15:22	Hold on.
New Speaker:	15:22	It would have been an unlawful arrest and yet, we're proved beyond a reasonable doubt. He hadn't left his house we have asked the police to arrest them for false allegation, wasting police time the police are not doing that. So the police are not doing their job. There's also 200, around 280 calls he's done to the police themselves about what the neighbours are doing.

New Speaker:	15:48	And I have got the recordings.
New Speaker:	15:48	and out of those say 280 calls.
New Speaker:	15:49	Yes.
New Speaker:	15:49	The police have been out three times, but anytime the neighbours call the police are out like 15 of them.
New Speaker:	15:56	What my mane issues of concern are.
New Speaker:	15:56	Hold on, let me finish what I'm saying. Um, I have contacted Head - Helen Milkit which is they, um, uh, the police for this area, they, um, commissioner for this area.
Speaker 2:	16:13	And basically she's trying to put a load of stuff in place with Jack and alproof,
New Speaker:	16:19	um.
New Speaker:	16:19	uh,
New Speaker:	16:21	What do you mean by a load of stuff may i ask.
New Speaker:	16:21	Um, basically that the police do their job correctly.
New Speaker:	16:25	Ok.
New Speaker:	16:25	and basically deal with the false allegations because it's all now being written down.
New Speaker:	16:31	What my main concern is.
New Speaker:	16:31	she's dealing with it and basically that's being put into place. But the court order didn't state Simon has to work with the mental health team for Enfield Council to move them.
New Speaker:	16:44	Right.
New Speaker:	16:44	In fact, it actually says that I have got to work with the neighbourhood officer to actually get uh, because the neighbourhood officer is the one that would move Simon.
New Speaker:	16:54	Yeah, [inaudible].

New Speaker:	16:54	and basically that if I needed to contact a member of the Mental Health, no judge is going to demand that Simon interacts with the mental health team.
New Speaker:	17:06	Sometimes they do.
New Speaker:	17:07	Well no, she hasn't I have got the court order here.
New Speaker:	17:08	any way.
New Speaker:	17:08	Yeah, not on this occasion.
New Speaker:	17:08	right. So you got arrested by the police on that occasion?
New Speaker:	17:14	Yes, that's correct.
New Speaker:	17:14	How did you end up here?-
Speaker 3:	17:16	What happened is I went to the police when I was at my house. They put a letter through my letterbox another harassment letter from a bogus call.
New Speaker:	17:22	yes.
New Speaker:	17:22	while I was working. I decided I went out, I opened up the door for Pcs. I heard them leaving and see the harassment. I went outside to go and speak to the police officers.
New Speaker:	17:30	yes.
New Speaker:	17:30	because I thought I challenge the integrity of it. I checked that they out their webcams on so that everything was being recorded, so I need you to play.
New Speaker:	17:36	Sure.
New Speaker:	17:36	with caution and be sensible.
New Speaker:	17:38	Sure.
New Speaker:	17:38	I spoke to them and it was a male and a female officer there I took the advantage of saying to them, talking to them about their whistle blowing policy and the initial reason why I'm on curfew, um, is, okay, just to split is and show what actually happened from there.
New Speaker:	17:49	yes.

New Speaker:	17:49	what actually happen from there. In 2013 I got put on remand on bail conditions, so i had to stay in my house for a gazebo case handling, burglary.
New Speaker:	17:55	Burglary.
New Speaker:	17:55	suspicion of burglary,
New Speaker:	17:59	hmm.
New Speaker:	17:59	I was on stringent of bail conditions.
Speaker 3:	18:00	I had to be in; sign on the Police Station four o'clock I had to be in doors by eight o'clock I had to, hand over a thousand pound also passport handed in. I won the case after a year.
New Speaker:	18:11	Right.
New Speaker:	18:11	and being stuck indoors, this damage my company, I got upset and went to silver street clinic on the 11th of the fifth and spoke to a doctor Jarvis, on my own free of accord.
New Speaker:	18:18	Right.
New Speaker:	18:18	and I explained to him the case paperwork. He said to me that um, It's a bit of an adjustment order, but really at the end of the day, that it's not something that you're goanna have problems with. He's got to wait for the court case to get the decision.
New Speaker:	18:30	I see it, that's it.
New Speaker:	18:30	Then I won the court case after a year anyway, and I've got released. This caused me to break up my 13 year partner. She could just walk out the door, eight o'clock I can even follow her.
Speaker 3:	18:40	So now straight away I met a new partner. The next thing I knew, I know another Asbo folder got thrown outside my front door.
New Speaker:	18:45	Right.
New Speaker:	18:45	Now it's a massive folder. It couldn't fit through my letterbox box. So me and my mother took; I phoned, my mother and asked her to come and collect the folder. She come and collected. Without me going outside and she took it to Edmonton green police station Before she done that she took a copy herself and.

New Speaker:	18:59	[inaudible].
New Speaker:	18:59	she got the stamp for it. Proven that it was handed in. Now, so, saying I never got served. Now what? In the copy that she gave me. I wasn't sure if there's any pages missing or anything, so I did not take it as I was served.
New Speaker:	19:10	Yep.
New Speaker:	19:10	I used it to my advantage. I looked through it and I noticed it was accusing me of being three people I know that I hadn't seen for the last year while I was on curfew and it was accusing me of being three
Speaker 3:	19:18	People that I just didn't even know who they were throwing parties. My mother went to Facebook and copied each one of their profile accounts, which is 100% evidence that they weren't my parties. I was in house building Bliss Charity with premature children working with the keys in my community Hall.
New Speaker:	19:31	So, they can easily say that we were not there if they were asked
New Speaker:	19:31	No, the second you show the Facebook profiles, it shows their name. They used their own personal names to start these events up.
New Speaker:	19:40	Yeah.
New Speaker:	19:40	and it shows them talking and inviting everyone approves it proves that the events had nothing to do with me. Yeah,
New Speaker:	19:45	Right.
New Speaker:	19:45	Hmm.
New Speaker:	19:45	It proves that I'm completely innocent.
New Speaker:	19:47	hm.
New Speaker:	19:47	Yeah, and now what I noticed is that; out of the six offences there is only one of them that had witnesses and victims in it and the victims are supposed to have got keep up overnight. At a party that happened on Lincoln road opposite the BMW factory, if you know it.
New Speaker:	20:00	I don't [inaudible].

New Speaker:	20:03	AR, well.
New Speaker:	20:03	Yeah, I do.
New Speaker:	20:03	On the A10.
New Speaker:	20:03	Yeah,
New Speaker:	20:03	And on the Southbury
New Speaker:	20:03	
Speaker 3:	20:04	And on Southbury Road at the same time, there's the old man building opposite Southbury Road train station. Now there was a load of people in that. The adults I call them. Yeah, inside that and I don't know, I'm on curfew. In my house, I have not even spoken to none of these for a year, now, this bloke spoke lets call him Chris, he's from Essex, so the police officer called Adrian Combs kept calling his mobile phone. Chris never done his homework on him. He's given Chris an opportunity,
New Speaker:	20:27	yeah.
New Speaker:	20:27	I think Chris see Adrian Combs owns a private company's called big boss limited and what he is. He's in charge of all of the festivals. He's a really nice police officer. I spoke to him in person since this happened. Yeah, and basically he said. He got Chris kept putting the phone on him so he landed in it.
Speaker 3:	20:42	He got into his helicopter. With a load of reporters and when in search for them and found them in a field in Essex, he landed and shut them all down and done a noise abatement notice with them now he sent the paperwork over to the metropolitan police saying that this is Chris is party and Chris might be coming to London. Now somehow my pictures being taken, Chris's picture got taken out and mine got put into it and I've got set up now all the nine 999 calls in my Asbo folder, actually belonged to the old man building, which is on Southbury Road. When the police officer made it, he tried to cross out all of Crown Road but they got lazy in doing it and forgot to cross out the X to Y grid reference locations so it shows that this other party under the transcripts under oath that police officer got asked by my barrister, are you sure when you made all this list folder everyday is the eighth yeah. And every day there was only one party, you're in a progressive way.
New Speaker:	21:29	yeah.

New Speaker:	21:29	The police Officer swears under Oath that there was not another party on that night. Me and my mom FOI into the Council and they've accepted, there was another party there as well. I looked at the nine, nine, nine calls to progress way and all the timestamps go backwards to them ones where the paperwork was made up and put it in the folder.
New Speaker:	21:44	Simon sorry to interrupt you but is this why you came into a Psychiatric Unit rather than being harassed in a
Speaker 3:	21:50	This is, this is, this is what doctor because I explained this to a Catherine, Catherine, Sarah, Catherine Hewitt who is a doctor outside. She un done the cell flat door. When the police officer come to my cell flap like this, I was in there all day trainer laces had blankets food looking after myself.
New Speaker:	22:05	yeah.
New Speaker:	22:05	Yeah. I've called my solicitor and everything spoke to my mother. So I was, I was independent and acting Okay.
New Speaker:	22:09	yeah.
New Speaker:	22:09	I don't cause no problems. He come to my cell door and he said he's going to drop the charges because the police officer believed that I had spit at her. I told him to watch the webcams. He watched them and realized I never done that. Yeah. So they dropped, they dropped all charges at the cell.
New Speaker:	22:21	Right.
New Speaker:	22:21	Then they go. Some doctors want to speak to you. I said to him, I'm not too sure if I want the doctors to speak to me, do I have to.
Speaker 3:	22:28	He said you do and please do it for me. Please do it for me. The doctors come to my cell door un done my flap and said you are getting section. So I un done the flap and said I know who use lot are again, sort of thing, I just put a complaint into Shoba last week about.
New Speaker:	22:40	yeah.
New Speaker:	22:40	you come into my house.
New Speaker:	22:41	yeah.

New Speaker:	22:41	and I have got an official complaint in again I think this is bios for you to ack on this and Now I've got the recordings on this here now of me from super put in that complaint in when they come to my house a couple of days prior. So I thought, well there's a conflict of interesting in work under the 1998 Act for them to continue with dealing with my case and assess me, Sarah, acted bios In me explain it to Sarah. What happened, what she said is, I'm having grandiose ideas that I am going to help the rest of the world with my company, I don't think that's grandiose I think that's a good opinion to have as a gentleman or as a successor to be. Yeah. And the other thing that they said, I speak with pressured speech. I said that is a disability, that I have, I'm tongue tied and I went to speech therapy. So I really thought, I find it hard to speak sometimes look see it there.
New Speaker:	23:23	You're doing very well.
New Speaker:	23:23	Yeah, I try my best. I don't want, I don't want to get sectioned for it, so trying to keep you aware. I'm trying to keep things reasonable between us.
Speaker 1:	23:31	Simon you talk about this curfew, I'm going, I am slightly confused because there is an Asbo that you are not allowed to go into disused industrial areas,
New Speaker:	23:38	No what it actually says.
New Speaker:	23:38	After 10:30 [inaudible].
New Speaker:	23:42	No, no, no.
New Speaker:	23:42	No what it actually says.
Speaker 3:	23:42	You have got, hold on, hold on, hold on,
New Speaker:	23:42	Please, let me speak mum. Please, let me speak mum. Please, mother let me answer my questions
Speaker 2:	23:45	I looked at the paperwork. You've got the wrong version of it. You've got the version that the magistrates keep, um, done.
New Speaker:	23:52	So, what is the curfew?
New Speaker:	23:52	You haven't got the version that the Crown Court made.
New Speaker:	23:54	And that is correct.

New Speaker:	23:54	and basically the why that it is worded and this has gone through solicitor after solicitor after solicitor. There is major under that breaches of my son's human rights because it doesn't just say; it basically states, he can only be in residential. Now that would include the present moment if being in this hospital, I don't know. This is not classified as residential.
New Speaker:	24:30	No, It's a commercial.
New Speaker:	24:30	commercial.
New Speaker:	24:31	It's commercial. now basically under his conditions. Really. He'll be in breach by staying here.
New Speaker:	24:35	What is [inaudible].
New Speaker:	24:35	He will be in breach by going to hospital, his being.
New Speaker:	24:39	mum in a short summary [inaudible]
Speaker 3:	24:42	[inaudible]. The Mental Act will trump
New Speaker:	24:49	Yeah, that is obvious, Is it ok if I speak mum, In a short summary in the Magistrates Courts what initially happened in the magistrates' court? Yes. They did set the conditions that you're saying and I knew that I'd won the case. All the way through, only 15 police officers turned up, I asked for witnesses or the victims to turn up.
New Speaker:	25:01	It was eight police.
New Speaker:	25:01	if I can't test the integrity of the people it was wrong and they knew that they were in trouble. Yeah. And so basically after that I went to the, I looked in my folder, my folder, I went, I had to collect my folders from my solicitor because my solicitor started acting funny. I've known them for years. I want and collected the folders of her and in it said in my bail conditions that they made in the courts which you've seen. They scribbled and sent it to me with some subliminal messages, attend court and dis us and we're goanna re - man. And them threats were for me, now I took it that Josie done them, because I had to collect them from her office. I took it that Josie could have made them or Sally Gilcrest who is the Metropolitan Police's Legal Director who went to all of the court cases. So I didn't know who done it, yeah, to me so, I could not prove it.
New Speaker:	25:33	I am still not clear how you ended up here

Speaker 3:	25:40	Basically.
New Speaker:	25:51	you know that I can completely respect the legal aspect but my role here is to decide whether you should stay or not stay here.
New Speaker:	25:51	Doctor Greenside believes that I was having pressured speech because of what Catherine what Catherine wrote in there and when, when I already had a complaint against Sarah Catherine and also that I was having Grandiose ideas, that I can help the rest of the world. And also, um,
New Speaker:	26:07	he said I was having a halogenic, he believes I was having a Halogenic effects, which is far from the truth.
New Speaker:	26:12	And his neighbours making up all of the stories about him.
New Speaker:	26:12	And him being deluded.
New Speaker:	26:12	I think he was innocent. And I believe that there's a conspiracy of the police against me. Now what the truth is, he says, do organization of a legal raves. If something's illegal, you have to be arrested. I never got arrested the maximum sentence. If you did get arrested for throwing parties is six months, you do three insight on the 20 grand fine. Somehow I'm doing a seven year curfew just for that.
Speaker 3:	26:35	After doing the year curfew for the case that I won. That's eight years from 32 I've been locked up to 40 I can prove the timestamps are backwards and I'm scared to walk out my front before 10 o'clock because these police officers aren't being disciplined and they are still working in the area. Now I they advertise, I've got nicked in the paperwork. It doesn't go on my criminal record. There's two things called a standalone as by an a CBO Asbo. The standalone Asbo say it's like kicking a football up the wall. It's not a criminal punishment. It don't go on your criminal record, which is why I've got. A CBO Asbo means you've been arrested for like the organization of illegal Raves you've done six months and they start the Asbo after. Now because of all of this, I kept saying all of this to, I explained this to Doctor Miss Catherine.
Speaker 3:	27:13	She said to me, she believes that I'm delusional in saying that there is a conspiracy against the police in 2014 and 16 all the doctors come in my house to do a section 135.
New Speaker:	27:25	February 2016.

New Speaker:	27:25	And when they were in there with the Council, I did not realizes that the Council had made the Asbo with them. I've told the police to stay outside because I blame the police for it. Now, really the Council made it. We're going throw all the Asbo and that all of the Doctors and I showed them the missing signatures and it says that a White person committed the crime. I showed them that I am not even the right colour skin to fit the crime, let alone, I'm doing nine years, seven years, an eight year curfew.
New Speaker:	27:46	Hmm.
New Speaker:	27:46	sort of thing. All the doctors. The doctors agree with me fully in the front room and they discharge me and say, that I'm okay and that there's no issues with me. Now, Doctor, because I've explained this to Catherine when she come to the cell, Sarah, Catherine, she's took it that in some things I might be delusional and she made her judgment on that day.
Speaker 3:	28:03	Now after that, it's just been a follow up between them.
New Speaker:	28:06	What did you get arrested for?
New Speaker:	28:06	They believe that; they believe that's spat at a police officer.
New Speaker:	28:09	What was, what were you arrested for.
New Speaker:	28:10	They believe that I spat, at a police, but I got them to check the videos. I asked for her clothes to be taken and everything and I said, no,
New Speaker:	28:18	Were you angry with her.
New Speaker:	28:18	No, of course not I didn't do nothing wrong. I didn't do nothing. All right. What I done was I upset them maybe I tore the paperwork up that they put throw my letter box in front of them. As I turned my back to them. Yeah, I went [pur] like that I made a noise of doing it yeah, that's what I think of your laws I was being a bit ambitious a bit. Now when I turned my back, she shouted. He spit at me because she believed I didn't, now the bloke police officer grabbed me from behind and put me in a headlock like that straight gone for my neck
Speaker 3:	28:41	Drag me down to the floor, I cut all of my knees and hands. The FME see it all and everything yeah, it is all in the reports and now he's choking me on the floor trying to proper choke me and she's laughing beside on the cameras and she is going he is still spitting he's still spitting and I am not even breathing I managed

		to get to get a speech out of my throat, your trying to kill me, I Knew that they were not going to let me go. So I stood up with him on me and that and went like that I wiggled out and run away from them, I see another police car coming down the road and said to the other police car; I jumped into the road and stopped it and said I am jumping in the car with use two until we get this sorted. I jumped in the back of the car with the other two police officers I explaining to them what happened because they were angry as well, believing that I had spat at a police officer.
Speaker 3:	29:15	They said, well we'll see how it pans out at the other end and they treated me with respect and took me back to the police station and I explained to the custody officer what i have explained to you. And then they watched the videos come to the cell, and said that we're dropping all charges. We know that they never done that; then Sarah Catherine has come and i have explained to her about the banging and the neighbours are doing and what I have got on video tape and she said that she is sectioning me under the section.
New Speaker:	29:35	You said that the neighbours have started on you as well.
New Speaker:	29:35	Yeah, outside of the front of the block. They see me and they have not banging since because they know that Simon is not there.
New Speaker:	29:41	Okay, fine
Speaker 3:	29:43	so he's not delusional. He's not making up. It is actually happening.
New Speaker:	29:47	[inaudible].
New Speaker:	29:47	[inaudible] I understand that and may I ask what you was going to say
Speaker 1:	29:50	I'm I am a bit confused about this curfews, why do you think there's a curfew?
New Speaker:	29:54	There is a curfew.
New Speaker:	29:54	[inaudible] Um, that's more than not being allowed in industry areas
Speaker 3:	30:03	Can I explain in short.

New Speaker:	30:04	It's not that, hold on, no, no, no,
New Speaker:	30:04	Let me answer the questions mother please.
New Speaker:	30:04	You need to listen and read and read what is in the paperwork.
New Speaker:	30:04	Please and in short the Enfield Council and the metropolitan police had to work together to create an Asbo and if they do not do that the criminal standards are not met. They both put a certificate that they made it in the Enfield Civic Centre together. Now they need victims to have that. They never had that and they forged the timestamps on that. So in a pretence the Enfield Council. my landlords are saying I'm not allowed to be homeless. Yeah.
New Speaker:	30:33	I'm.
New Speaker:	30:33	What also says, if I stop at McDonald's 24 hours, that I would have to be arrested and go to prison. If I stop at a petrol station on the motorway, it's classed as an industrial estate and I would have to go to prison.
New Speaker:	30:43	year.
New Speaker:	30:44	year but you have had an hearing
New Speaker:	30:44	yeah, and that case never got won.
New Speaker:	30:48	So they put a nine year curfew for that first case.
Speaker 1:	30:53	My understanding, those are forensic reports the Doctor from forensics.
Speaker 3:	30:57	No, that's, that's a long time after.
New Speaker:	31:00	Yeah, this was 2014.
New Speaker:	31:00	That is something total different; 2014 yes
New Speaker:	31:00	Na, there is one most recently. She's correct as well.
New Speaker:	31:10	Because in order of 2014.
New Speaker:	31:10	Can I explained to you what happened.
New Speaker:	31:11	I thought you saw a forensic psychiatrist [inaudible]

New Speaker:	31:11	I think everyone's getting confused here slightly, what's actually happened is that first case happened, which is what the Enfield Council made.
New Speaker:	31:20	I was thinking.
New Speaker:	31:20	Yeah, your right.
New Speaker:	31:20	In this last year last year.
New Speaker:	31:22	Yeah. I'm just trying to explain to you
Speaker 1:	31:24	Someone who regarding the Asbo
Speaker 3:	31:28	No, it's not the Asbo.
New Speaker:	31:28	No.
New Speaker:	31:28	Mum stop for a moment.
New Speaker:	31:28	It’s the one to do with the neighbours.
New Speaker:	31:28	That's what I am just trying to explain. Can I explain it to you?
Speaker 1:	31:34	Go on Yeah, [inaudible] but they felt that there was no point in having it.
Speaker 3:	31:40	No, there's two separate things.
New Speaker:	31:41	No.
New Speaker:	31:41	there is more than two
New Speaker:	31:42	This is where everyone information is incorrect.
New Speaker:	31:42	The one about Industrial raves is about organizing illegal raves.
New Speaker:	31:48	Yes.
New Speaker:	31:48	And that's why you're allowed to go out.
New Speaker:	31:49	And that was 2014 and that is until 2020.
New Speaker:	31:51	And then there was a possession order,
New Speaker:	31:54	That is to do with the neighbours.

New Speaker:	31:54	then there was a possession order that was forged. Then from that forged possession Order that they made an injunction order to get the statements. Then after they lost that completely knew how much trouble they was in. So Lemmy done threats to kill, which is the next injunction order saying I threatened him and he's got the recording so, in total there is a first Asbo, which hasn't been taken off yet, but I've got the evidence when I go Highbury Corner Court.
New Speaker:	32:11	That's at [inaudible].
New Speaker:	32:11	Then there was a possession order, made by the Council Frauded. So basically what I'm saying is I'm not allowed to be homeless in the first one and then in the possession order they are saying they want my home of me? Then in the new one for the last two new injunction the conditions are, I'm not allowed to phone Enfield Council or make a complaint or I'm not allowed to go to the civic centre or I am not allowed my dog of the lead so I've had to sit there and let these people do this to me and I can't even phone the civic centre. otherwise i get five years in prison. That's the conditions Enfield Council are so contradicting, in all of the policies and the things that they have aimed at me for.
New Speaker:	32:41	Yes.
New Speaker:	32:41	And they have tarnished my whole life in doing so.
Speaker 2:	32:45	Okay.
New Speaker:	32:46	But what you've got to understand is the restrictions of the first Asbo of 2014 basically really at 10 o'clock at night, he's only allowed in residential. Anything non-residential is not allowed in. So like he is not allowed to go to the cinema
Speaker 3:	33:02	[inaudible].
New Speaker:	33:02	I can't go Warehouse nightclub, i can't go out
New Speaker:	33:02	I can't go out.
New Speaker:	33:02	He can't go to a pub. He can't go it's like
New Speaker:	33:02	Because I've complained about the time stamps being wrong and the missing signatures on each police officer done five statements each pretending they were victims.

New Speaker:	33:15	On the new restrictions he is allowed to go to one place for 30 while there on.
New Speaker:	33:15	and their missing all of the victim signatures at the bottom. So there's, like about 15 reports saying that people were kept up overnight. They're all forged. And because of that, I've reported that now they are all still working in my area and no one's getting reprimanded so I won't even go back before 10 o'clock they're sending all their mates to my front door and that's why you lot are getting so many referrals.
New Speaker:	33:34	I mean you haven't been going out of your flat at all, have you [inaudible].
New Speaker:	33:36	I go to the shops a lot. I go to the shops and I go to the in the local facilities.
New Speaker:	33:40	Your mum has been bringing you round taking you around takeaways and things.
New Speaker:	33:40	I bring him around the big shop.
New Speaker:	33:40	Yeah.
New Speaker:	33:40	And i will go and get the milk and the bread and everything in the newspapers.
New Speaker:	33:49	And take the dog out for a walk.
New Speaker:	33:49	Yeah, my dog comes out with me occasionally, but not so much now. She's 12 years old now.
New Speaker:	33:52	And you do not go out much.
New Speaker:	33:52	Because she has not been well
Speaker 3:	33:55	[inaudible] during the day.
New Speaker:	33:55	[inaudible].
New Speaker:	33:57	This is because of the Asbo about the raves. Is this because you don't feel, do you feel safe when you go out?
New Speaker:	34:02	No, because of the 10 o'clock curfew. I've complained about these police officers who have done four statements each.
New Speaker:	34:07	Hmm, hmm

New Speaker:	34:07	and they're all missing their signatures. There's five of them each bettending that people got keep up because I've reported that it's a criminal offense and the timestamps and me not being the right colour skin to fit the crime.
New Speaker:	34:16	But what is the reason that you are not going out very often.
New Speaker:	34:16	Because I've been phoning that I want the first Asbo taken off of me. These coppers are still working in the area and they'd been reprimanded.
New Speaker:	34:24	So, you feel vulnerable to the police.
New Speaker:	34:26	So, I feel vulnerable to the police going up before 10 o'clock until someone actually gets told this is wrong and this isn't supposed to happen.
New Speaker:	34:31	His right
Speaker 2:	34:32	See the thing that I've got major problem with is it's like the mental health team is using stuff the police are saying and their use stuff that Enfield Council are saying and at the present moment the original Asbo was with the CCRC. I don't know if understand or know who they are. Yeah, Uh, basically they've took the case up and basically they know there's breaches in his human rights and everything else. In fact, even in the transcripts from the court, they state that it is okay. To breaches his Article 6 and Article.
New Speaker:	35:01	So
New Speaker:	35:01	er, and mutable Articles.
New Speaker:	35:01	Well lets
Speaker 3:	35:04	That may complicate things because everyone may not know what they are.
New Speaker:	35:04	I appreciate that
New Speaker:	35:04	Well lets, why we are here today to have a look at the middle lines.
Speaker 2:	35:13	So, until that is sorted out criminally,
New Speaker:	35:14	[inaudible]. There wasted

New Speaker:	35:14	you can't use that against him.
New Speaker:	35:18	Yeah, because I have not been found guilty for none of it
New Speaker:	35:18	Also,
New Speaker:	35:18	Where out!
New Speaker:	35:18	We've got solicitors that's dealing with everything. The Council, and neighbours are saying, your using that against him as that is a 100%
Speaker 3:	35:29	Well were not using anything yet.
New Speaker:	35:32	no, not yet.
New Speaker:	35:32	You're having a laugh.
New Speaker:	35:37	But Doctor Greenside has put treatment inside off these papers.
New Speaker:	35:37	No were not.
New Speaker:	35:37	Yes you lot are.
New Speaker:	35:37	Were trying to understand
Speaker 1:	35:38	you are because if.
New Speaker:	35:38	I just want to be allowed out again.
New Speaker:	35:38	One at a time, one at a time.
New Speaker:	35:38	you wasn't listening to the Council why did Dr. Greenside, write everything that the Council put inside of that report? for the section two Tribunal.
New Speaker:	35:50	Again, that's not here something that we need to discuss.
New Speaker:	35:55	I understand.
New Speaker:	35:55	So, basically.
New Speaker:	35:55	I don't have to answer.
New Speaker:	35:55	that is wrong in my eyes, your using stuff that has never been proven.

New Speaker:	35:55	Mum stop calm down for a moment.
New Speaker:	35:55	Lets have a break.
New Speaker:	35:55	Well let's have a break yeah.
New Speaker:	35:55	let’s have a break.
New Speaker:	35:55	Lets have a break and we will have a little chat and we will come and get you.
New Speaker:	35:55	God bless you.
New Speaker:	35:55	Thank Simon
New Speaker:	35:55	
New Speaker:	36:03	[inaudible].
New Speaker:	36:09	yeah,
New Speaker:	36:12	So are we actually going to be meeting again today or is that the final conclusion to everything.
New Speaker:	36:14	Yeah, yeah, we will meet in a minute.
New Speaker:	36:14	okay. Yes definitely, Thank you.
New Speaker:	36:39	Your welcome.
New Speaker:	36:39	[inaudible].
New Speaker:	36:39	No, you'll interrupt him whenever you want to say what you say. Your car, you jump in when they're talking and everything. Yeah. Amy, she jumps in when they're talking in it. I'm sorry, I didn't even realize you yourself. Is there any way, can you tell him when it comes to try to give me a psychiatric report? Anything that comes to meet me. Wow. Couple of days. The one I wrote in the paperwork. Oh, he's, I think that's possible.
