Hello, your call can't be taken at the moment. So, please leave your message after the tone.

Hello, this is the Labour Department, Joanne Ryan's department, and it's 3rd of the 12th, 2008 and the 12th, 32. I just made a prior phone call to yourself, and I don't think I was speaking, lad, and in the recording I wasn't speaking, lad, and the lady believed that I was speaking rude and incourteous to her when I wasn't. She put the phone down on me which I think is a lot ruder than what happened when I was explaining to her serious issues to do with my life where people are trying to take my life article to my right to life and now I feel the way that she has treated me she's breached my human rights article 3 the right not to be degraded humiliated by any state official yeah and I think that at the bottom line of it is she should have been more courteous listen to what I had to say it's the first time I've ever got to speak to the lady and she's dealing with my case not my mother's case the first thing she's done is pick up the phone phone up my mother and threaten that she's not going to deal with proceedings anymore with my case if I speak to her again in so many words yeah I think that's unfair yeah I would like a meeting to be drawn myself I want prosecution brought against Lemmy Yeah, knew a bus from the Enfield Council and against the Metropolitan Police officers alongside who acted in joint circular together and the evidence that I have is at horrificcorruption.com Any person can go to that website and it's in draft mode at the present and I will update all of these recordings alongside with every other recording Yeah, I feel that your sit, I feel that your department, the woman telling me, me phoning on Thursday and I have to wait till Friday, Saturday, Sunday is another joke because we were messaging your department in 14 when this all started and you could have prevented all of these things from happening you could have prevented this temporary accommodation family living upstairs who's nicking other council flats yeah and on benefits her name's backwards on loads of other houses you can go to the second injunction click on the two blue files at the bottom you can see her marriage certificate and you can see all the other houses that they've been fraudulently claiming yeah in the other surname Yogajar that she owns on top of Flambreeza I want prosecution brought against these people. You may not be the people that can actually do that, the public servants like the police, but the police will not take a statement off me and have not taken a statement off me in five years, even though I've phoned them 220 times. I want someone to take a, to order these public servants to do what their careers say that they should do. Yeah, and I want them to, or I want them to be suspended if fraudulent claims come, or I'm making the claims against them. Please can somebody do something in your office about me suffering in my house and stop going home every single day without doing nothing first. Yeah, this is very serious. I was getting attacked again yesterday and I've got camera evidence of it from two different neighbours and I'm sitting, while I'm sitting in my house building my legal defence. Yeah, I paid the rent on my flat and I shouldn't have to suffer like this. My dog's eating its paws because of what's happened. I've had a loss of a child and I'm also suffering myself. I've been locked in my house since 32 years old and I'm now 37 and they're telling me that the ASBO won't get taken off.
