Please press one to report a new crime press two to provide or to receive an update. Please report all non-emergency crimes.
New Speaker:	00:50	Hello police what is your reason for calling?
Speaker 2:	00:52	Hello? i am just trying to find out is this Bow that I'm through too.
Speaker 1:	00:56	Is it what, sorry,
Speaker 2:	00:57	Bow Bow Met CC.
Speaker 1:	01:01	Yes. How can I help you?
Speaker 2:	01:02	Is mr Sing still on line? Um, On duty.
New Speaker:	01:06	Mr. who sorry.
New Speaker:	01:06	is it mr Sing, the line manager?
New Speaker:	01:09	I got no idea, Um i started at 3 O'clock. What was it regarding
Speaker 2:	01:14	a conversation that we just had a little while ago in regards to his advice and him, him saying, that I'm not going to have Google no more. I would like when I was explaining to him about my website with my evidence, that I've got in it and obviously from playing the tape back to myself, I'm quite concerned that he, the way that he's talking that he's going to be putting pressure onto my hosting server to get the website turned off.
New Speaker:	01:39	Whats your name please.
New Speaker:	01:39	Simon Cordell,
Speaker 1:	01:41	right, and what is it that you was calling to discuss Simon.
Speaker 2:	01:44	I was calling the discuss an Asbo that is holding me in my house illegally.

New Speaker:	01:48	Right.
New Speaker:	01:48	and there was misconduct in that being created. There's no signatures on it. The timestamps are wrong to your call centers and all of the Cads, what initially happened.
New Speaker:	01:57	Right.
New Speaker:	01:57	and so forth. I've been sentenced to an eight year curfew, well two years for the injunction, five years for the Asbo, so that is seven years plus I already rid a year curfew before that and that is eight years of my life. I've got found guilty for the first case, which should have been a found not guilty for the first case for the first year. Then I've got to ride the seven til 2020 November. I'm supposed to be on curfew till i am 40 I never got arrested. The case says it's less loads of things that are wrong with the case.
New Speaker:	02:26	Right.
New Speaker:	02:26	and I wanted the police. I've been asking the police throughout all the years rather than me call misconduct or negligence and go out of body and go through a solicitor like they keep telling me go to a solicitor, go to a solicitor.
Speaker 2:	02:39	It'd be better if they go in a body and they just go through the Asbo folder and notice that trespass wasn't present, which was just an error under the law and if they called an emergency application back to the courts, they could have had this Asbo dropped I could have been released in 2014 when they realized they was fraudulently made in my front room on the, when I was going through it, we've done and I could have been released and no person would have been in trouble. No one person would have followed a misconduct or negligence, but every person keeps being rude, putting the phone down on to me and saying, go to a solicitor. So, now I've built a report and before I decided to hand that report over to her solicitor firms and to everybody else, I decided.
New Speaker:	03:19	Hmm.
New Speaker:	03:19	to phone yourselves again and try and see if we can resolve the problem.
Speaker 2:	03:22	I still got treated with no courtesy and the line manager that I spoke to, he told me basically on the phone that I'm not going to have Google no longer when I said to him well, I've got a

		website you can go to. He goes you're not going to have Google no more. So now I'm concerned that they're going to be attacking my website to cover up the truth and to cover up these missing signatures and the rest of it that is holding me in my house and I don't think thats fair, and it's another infringement, Its a company. I started the limited company. It's protected under the freedom of press and it's protected under my rights. It's a report, it's an official report. And I'm asking for other people of the public to join in, in that report and help me build it before I send it to yourselves or to the companies that you represent and who I've got recordings of me chatting to, people in your call centers asking for help and they're telling me down the phone that i have been robbed and there's nothing I can do. So I've transcribed all of these up and putting them all in this website and I want somebody to call me back and to go through it. No one's took a statement of me in the last five years in regards to everything they're making me live next to people that I've got video evidence of them attacking me in my home. And I don't want to live next to these people. I shouldn't have to. I shouldn't.
Speaker 1:	04:32	So w what is it you want me to do for you with this call then? Cause I've never spoken to before this
Speaker 2:	04:36	I just wanted to speak to the [inaudible], I wanted to speak to the line, manage, um, well i just wanted to understand what he was saying to me. Whether he's going to attack my website to cover everything up because that is targeted malice. If my website does get touched, it's been okay. It's been up for the last. I have not showing a lot of people it but. I've had it for the last nine months. I spoke to Wix legal departments.
Speaker 1:	04:56	What's your, what's your contact number Simon?
Speaker 2:	04:59	You can contact me on Oh two on the contact number that your I'm phoning in on right now.
Speaker 1:	05:03	ending in six, Zero, three.
Speaker 2:	05:08	Yes that is correct.
New Speaker:	05:08	Ok.
New Speaker:	05:08	Nobody wants to clear them. Mess up. And I'm at a stage where I am going to go public now because I'm not going to write a number two

Speaker 1:	05:13	Right well just bear with me and i will see if the person that you you spoke to is available alright,
New Speaker:	05:15	Ok, Thank you.
New Speaker:	05:15	
Speaker 2:	06:41	Hello, Simon, Hello, right Um Mr. Sing who you've spoke earlier on ron he is still on duty but his away from the office at the moment, what i would do is get him to give you a call back.
New Speaker:	06:41	Or any person to give me a call, i just want somebody maybe not even if it is him himself, even if he just pass it on to the correct people and someone does do the investigations. That's supposed to be going on. I have a lot of evidence here that I want to go through with people and I'm not having him
Speaker 1:	06:54	would it, not be easier just to go into the police station. If you,
Speaker 2:	06:57	I have, I've, I went to the police station the police officers that actually done all of this. fraudery to me are still working in the local area. I've had the friends continuously knocking on my front front door trying to Put applications possession orders, trying to do all sorts of things to me so I'm not allowed to be homeless. I'm not allowed to be homeless. Plus I'm allowed to have a home anymore. So where am I supposed to live there? Put a possession order on me and number two in junctional and I won all of these cases because I proved another officer fraudulently made all of the paperwork as well, so i can prove that i am continuously being attacked and all of these are official servants have fraudulently done all of this to me. I just want something to be done about it. I don't feel safe in my own town area anymore. I want to know who's on duty and who's not on duty and if weather i can walk out or whether they're going to try and cover their over, when I walk out my front door and grab me. My life was bad enough before getting grabbed by the police before all of this started, if that makes any sense.
Speaker 3:	07:59	Hello.
Speaker 1:	08:03	Yer i am still here Simon.
Speaker 2:	08:08	Well, I'm going to leave it with you lot with yourselfs and i will expect a phone call back off. Somebody who may be able to handle my complaint fairly
Speaker 1:	08:14	I will make sure that it is all logged onto our systems alright.

Speaker 2:	08:15	I appreciate that. You have a good day, sir.
New Speaker:	08:17	Alright, Good bye
