Hello, may I ask who I'm speaking to, please? Michael.

How are you doing, Michael? My name is Mr. Cordell, Simon Cordell, and I'm trying to get in contact with an officer named Paul Buckridge. I was wondering if you could help me do that, please. What's the name? Paul, P-A-U-L. Oh, Paul. Paul Buckridge. Give me one second. All right, thank you. Hold on one second. 109, 109 Burncroft Avenue. And the postcode is? Echo November 3, 7 Juliet Cubic. 7 Juliet Cubic.

And 109? Yes, that's correct. Good message. Let me find you and then I'll help you with it.

Okay, thank you. Your council's in that, I take it?

Yes, that's correct. No, I'm a secure tenant. I've been a secure tenant since 2006. That's EN3 7JQ. Oh, JQ. Yeah, 7JQ 109. Bankrupt Avenue. Yeah, it's close to it. Paul, Paul, P-A-U-L, Buckridge, B-U-C-K-R-I-D-G-E. I'm not sure. I believe that he's either a neighbourhood officer or he works in Edmonton Lower South Mall. Or in Edmonton South, I've got the address here, I'm just going to quickly grab it for one second. He's put on behalf of Enfield Council Housing, address the Edmonton Centre, 3644 South Mall. That's who he's put paperwork against me on behalf of. Alright, stay there for me one minute, hold on. His email is paul.buckeridge at enfield.gov. Hello? Yeah, so what you're saying is he works in the South Mall, yeah?

Yeah, I believe that he's done it on behalf of 36 to 44 South Mall London. Okay, hold the line for me one minute. Thank you. I'm going to try and find out who he is. Thank you.

Hello? I can't find this person. You can't find him? Nobody seems to know who he is. I seem to have that. I've got a lot of names that have been forged that keep changing the real people's names and in official documentation from basically inside of that what I understand is in the neighbourhood office team there was a gentleman called Geoffrey Mann and Geoffrey Mann had a load of team workers, Dawn Allen Jackie Gubby, Louise Brown and understand that Dawn Allen on the 23rd of September 2015 had been getting emailed by my mother for 16 months asking her to protect me and Dawn Allen had refused to answer to any of the 16 months prior to the 23rd of September 15th. Then my understanding is an incident happened between me and one of my neighbours, my mother and me forwarded over official documentation of what happened Dawn Allen was concerned for the 16 months that she had avoided in emails and what she'd done, she started writing to all the doctors and asking them if they'd have any medical history on me I've got the release notes, they've forwarded over to Dawn Allen that I'm not known to them, to mental health or nothing. Then the next day on the 24th of September 2015, Dawn Allen and the doctors all started writing, well Simon's got psychotic this and he's got mental health issues. They said they're going to have to build a

history for me. So they started building a history on the 24th of September 2015, which I've got all the proof of. She went into Merlin, told all the doctors to come to my house. She sent loads of doctors to my house. The doctors were trying to find her in the morning and messaging her and Jackie Gubbie. They couldn't find the two of them, none of them would answer because they knew they couldn't come here because my mum was going to be present when the doctors come here. So they knew that my mum would talk about the 16 months. They sent a woman called Louise Brown in their place. And basically they allowed a woman that had her children taken off of her to above me, attack me and moved her back in as a vicious assault and they basically built a profile on me, maliciously built a profile on me. Now from that, that's continued on and the neighbourhood office team has done the same thing and the Enfield Council done the same. They built an ASBO and they've changed all of the police officers' names in the ASBO to like a devil in me and stuff like that. There's names that you're just not allowed to have when you're registering a baby in this country or something, or on a birth certificate, and the names that they've used are them sort of names. And brand A, brand B, and started persecuting me. Because I started highlighting these things, they put a smoke screen up about me. Then a neighbourhood officer, Lemmy, an anti-social behavioural officer, took over all of their work once Dawn Allen and that sort of stepped back. And what's happened is he forged a load of paperwork, made 58 offences saying I've done stuff to my neighbours. But luckily for me, I wasn't in my house. I was on bail conditions at my mother's house so I could prove that Lemmy forged all of the paperwork. He went for a procession all day, lost that, he kept filing the same paperwork over and over again. Are you there still?

Yeah, he kept filing the same... Like, he lost the case, the judge threw it out because he knew that he was in the wrong. Then he maliciously refiled the same claims and just added, like, a few more and done the same again and again. So we went for a possession order, I won that. We went for an injunction order, I won that. Went for another injunction order, I won that. Then we went for another possession order, I won that. Then they just reopened the possession order again, changed the case handlers, and then he's run out of the company now, to what I understand, and... Now, Paul Buckeridge is dealing with this and it's on behalf of 3684. I've got a procession order. I can prove everything that's happened and I just want to go through this officially with somebody now, show my evidence and be able to... Yeah, I'm being held in my house for nine years on a curfew, seven years for an ASBO because they changed all the coppers' names, forged all the... I didn't even leave my house. I didn't even do none of these things. I can prove it all. They've been... It's one cover-up after another and they're persecuting me and my partner. Me and my partner never even argued, you know? They're making up vicious rumours about me. So I just want to get it sorted out. Okay, who is my neighborhood manager at the present? - My phone number you can dial. Nasser Uddin. Is he available to speak to at the present? I'll check for you now. Thank you.

Hello? He's not there right now. So, there's two ways. You can send him an email or I can give you his number for you to phone him on Monday. Can I take his number, please? Yeah, no problem. 0208? 0208. Er... One... I'll just give you one second. Stay there. 0208? 0208. 1-3-2-2 508 508 Okay, thank you for your time today. I hope you have a good weekend. You take care of me. You too. Bye-bye. Bye-bye. Hello? I'm just getting the phone down now. Bye-bye. Bye-bye. Bye-bye.
