Hello, it's Mr Cordell. I just phoned the telephone a minute ago on the 5th of the 12th 2019 at about 11.15. I spoke to a lady administrator who was acting on behalf of Jeremy Chambers, the legal director for Enfield Council. And I believe, I've not played the recording back, but I think she just said to me her name was Jane. And from all of my previous recordings of speaking to people, a lot of people have been telling me I need to speak to a lady called Jane. If I can't get hold of Jeremy because she is just the one below Jeremy if I am correct and this is Jane that's available in that office is it possible that she can use the phone number that she just jotted down to give to Jeremy and ask her to call me back or Jeremy to call me back I'll be grateful if someone can assist in this and thank you I hope you all have a good day Mr Cordell
