It is 10:58 in the morning 24th of the 8th 2022. I've been building my report for god knows how long now and I want to get things rectified so I'm going to phone up Enfield Council whistleblowing policy because I've got a lot of the paperwork ready so that I can see if we can go to the next stage of an investigation or something. I wanna arrange a meeting with him and put the evidence on him. It's Wednesday. Ian Davis is currently unavailable. Please leave a message after the tone. When you have finished, please hang up or press the pound key for more options.

Hello, it's Mr Simon Paul Cordell calling from 109 Burncroft Avenue. I've left loads of messages to get to Ian Davies and to speak to him directly because I've had correspondence off of him and his teams and I've had forged applications, court orders put against me by Enfield Council's employees. I don't know if he's aware, obviously I put in data subject acts requests, FOI's and SAR's into the computer systems, councils, police and everything and took all my personal data from most of the systems that I could and I've put it all together and I can clearly prove that Lemmy Nwabasai who works for the Enfield Council and Social Department and alongside a lot of other staff have frauded applications and deprived me of my fair standard of life with criminal activities and with intent of doing what they was doing. They was clearly well informed. What I'm asking for is for Ian Davis to contact me back please. Because I've now had to sit there and spend a long time putting all this stuff together and it's clearly obvious what's happened. I'd like to sit down and have a meeting. I've got recordings of Lemmy Neuropassai and everybody telling me that I'm dead down the phone. All the neighbour office teams telling me I'm dead every time I've tried to make an official complaint about this. I've tried to speak to insurance companies and through Kay Osborne and she has just completely wasted my time and undermined dealing with me. There's been no fair investigations into anything that I've said and I think it's more than time now for us all to sit down and have a meeting and for me to be allowed to present this evidence to yourselves and for a fair investigation, maybe an out of body investigation because there's so many of you involved in the correspondence here, I don't think it would be too fair for many of you to deal with the case or the investigation. If you don't contact me yourselves, Very shortly I'm going to send over all of the correspondence that I have to all the full departments of the other boroughs' councils and I'm going to let them deal with the investigation against Enfield Council and the rest. If you contact me we may be able to sit down and negotiate this with minimal impact and be able to rectify the issues to a standard to where I'm satisfied, which is I'm pretty sure which is what you're going to need. I'm prepared to bring this paperwork to court and I'm pretty confident that yous up really will get the life sentences that I said in the recordings you will get for what I can prove and for the forced recordings I have of the staff and the way that they've acted. Please can you sit down with me? I'm going to leave you my telephone number. This is Enfield Council's whistle blowing line again and it's directly to Ian Davis. And if I can just get into my phone quickly. Contacts. I keep changing them. I'm sure you have my number on file anyway. 07-864-217519. That's 07-864-217519. That's Mr. Simon Paul Cordell 109 Bancroft Avenue. And if you use that, refer me to the doctors again because I've made this phone call as you have done to me and my mother throughout. Anytime that we've made contact to you, you refer me to the doctor and try to build some history against me and make me look, you know, I will document that, I will get that information as well and I'll present that as well to a jury and court the day that I take the use of two court if you don't contact me and deal with things correctly. Have a good day. Please contact me. It's 11.02 now, the 24th of April 2022. And I'm about to post everything that I've got if you ain't prepared to see it all over the internet and absolutely everywhere.

And I'm looking for an investigation. I'd like to see yous not in court as you took me to court. Maybe sit down with me. We might be able to deal with things in another way. Have a good day.
