Hello Marvin, I'm just trying to find out an employee of the ASB team. I know there's a Steve Ellis or Steve Ellsmore and he belongs to the Anti-Social Behaviour team. I'm just trying to contact him. I was wondering what one is that works there. It might be a Steve, his surname might be Stephen Ellis or Stephen Ellsmore. Ellis I believe. Thank you.

What about Stephen Ellsmore? Thank you. Who is the head of the ASB team? Who's the line manager? Who's in charge of everything over there? Of the anti-social people? Yeah, because that's a different department. I need to find out who that is. Hold on.

Alright, thank you. It's Ellie's. He's run away. He's run away. Hello? Hello? Yeah, I found this person. His name is Colin Parsons. He's the team leader for the Environmental Protection. So, anti-social behaviour comes underneath environmental crime and he's the team leader for that department. Colin who? Colin Parsons. How do I spell that, please? Pardon, I'm sorry, say that again? C-O-L-I-N, that's Colin. C-O-L-I-N, oh yeah. Yeah, I have Parsons, P-A-R-S-O-N-S. P-A-R-S-N... S-O-N-S. S-O-N-S, yeah, Parsons. Yeah. I'm sorry, what was I going to say? Is there any way that you've got a direct telephone number for him, please? We don't give out direct numbers. Do you have an email for him, then, please? Yeah, it's his first name, dot last name, or Colin, dot Parsons. Enfield.gov.uk.

Is there any way you can transfer me through to the ASB team department please? Because I have a few concerns I'm trying to resolve right now. I've been placed under an ASBO by Enfield Council and this ASBO is for the organisation of illegal raves. It states illegal and I've never been arrested for something that was illegal. I looked into the case obviously that they put onto me. Enfield Council was in support of this application. And basically for something that the maximum sentence is six months in prison, do three months inside, I've seem to have got seven years for it. I never committed the offences in the beginning. So basically I was accused of being ten different people that I don't... Three of them are close friends and the rest of them I don't know. They're younger kids to me. While I was on curfew or throwing events. Now these people done what they done on their own, I didn't hire them, no equipment, this wasn't nothing to do with me.

Yeah, but the police somehow changed all their pictures and set me up for being these people, trying to turn me into a super grass, in a sense. Now what I done is I copied all these people's Facebook profiles. Now from copying their Facebook profiles, I can prove that I never done it, but I've never gave the police these people's Facebook profiles, because I don't want to do their line of investigations for them.

Yeah. Then I went to court under the grounds that I wasn't going to be a grass and I noticed that a section was on all of these doors. Now if a section's on somebody's front door that gives them the right to live in that building. You can't defer somebody because they're rich and own a company, you can't defer the difference. Everyone that's living in the premises in the United Kingdom is entitled to have their own parties. For the police, once something's proved to be a private residential place, it's for the police to prove commercial gain or that someone was doing something for a commercial reason. And the police never proved none of this. They never went there. I never got arrested for illegal. So I went to court and I basically won the application, proved. I got the transcripts of the court proving that I was never found guilty under the applicant's case because there was no illegal concept to it. And the police admitted that these buildings were sectioned in the beginning they never went to none of the landlords, none of the building owners or nothing like that so I went home and I noticed all the timestamps were wrong in the case papers on top of noticing the timestamps were wrong I noticed that there were 16 members of the public witness statements but none of them had been signed by the police officers and by the witnesses themselves now that's been fully admitted that no one would sign, no one that was supposed to have got kept up overnight signed these things Now, all the timestamps were wrong. In the case papers, they're saying, because it wasn't me, I'm a mixed-race male, IC3, the police call it. Now, I noticed that all of the people in the case papers, when they were setting me up, these people were white people. And it says, when the 999 caller phoned up for one of the events, for instance, he said, it's all white males and females. And they went there and arrested all these white people. They held them hostage for eight hours. Then I went there. Then to go and see these people. I couldn't gain access to the premises or anything, it was all surrounded. The police de-arrested all the people in the building eight hours later and arrested me and set me up for what these so-called white people done, as the 999 caller would say. Now I've been trying to prove all this, yeah, ever since then they got my personal life and twisted my personal life around in the public's view to darken my name, yeah. I started pushing out different stories about myself. So when I got all the recordings and everything, I needed all my medical evidence of that and proving that I was healthy and a full bill of health and everything throughout. And I've got all the recordings of that. Like I'm recording this conversation between us now, for instance, and I've been doing that from the beginning. I'm just basically would like to get this resolved because I feel like I can't walk down my own hometown street right now because of what Steve Ellis has done who's under Colin Pearson's control has been in support of I've got loads of phone calls of me phoning up and asking the council now I can show this evidence to yourselves is there any way that you won't be in support because you know truthfully I'm an innocent person the council have refused to acknowledge this from the first point of time that I've told them and they refuse to come and look at it or call me in for a meeting but somehow I'm riding eight years for something I haven't done and everyone knows that I'm correct and no one would deal with everything correctly. So now I'd just like to speak to anybody that maybe be able to help me with this problem because I understand that maybe that might not be yourself and that you're just coming for a simple day's work Somebody in that building should be able to deal with my problem right now on the phone. And I'm not too sure that... Yeah, what I do is request the customer services and secondly, we're not placed in that building where the other staff people are placed. So what I would advise you to do is to put the query through email. Somebody would actually pick that up and deal with it. They should hear from them, hopefully, before Friday.

Okay. Seeing as it's such a big query, I don't know if the internet's over, you know. Yeah, my case, yeah. I'm ready to sit there with the paperwork in front of anybody and prove to them what they've done to me. They've used my name, they've entangled everything, I've got all

the evidence I could ever want. I just don't want to cause a massive riot. All I wanted to do was hold an event in my local community and support my local community members and be a valid citizen. They turned that completely around for me. So right now I'm trying to clean my name up and get everything straight with as minimal damage or an impact to society as possible. So I'm trying to speak to the correct people. Yeah, I mean, you know, I would advise you to contact that person, the conning person, and see if they have any questions. Yeah i'm not the best way for it after yeah after you've done you know some some some time and things haven't been you know all shady but yeah just pop it through email and you should be able to deal with it um if you don't have anything by friday give us a call back and we'll just chase it up to see what's going on all right thank you sir you have a good day yeah okay okay god bless god bless
