Transcription

Hello, how are you doing? I'm just making a general inquiry. I'm trying to find a carer to one of your patients. I'm trying to find a woman called Jillian. I've been told that she might work in your department. No, we don't have a Jillian here. Is it Jill Thomas? Is that possible?

Jill Thomas? No, I don't. She just knocked at my front door and told me that she was in charge of a client that's moved above me. And I've had a lot of problems with him and I've been recording what's been going on. So I just wanted to be able to speak to her in regards to these issues.

Right. You don't know his details, though? I know his first name, Ambrose.

Ambrose. Oh, yes, yes. It would be, yes. It must be Jim Thomas, yes. Thank you. Her full name is Jillian Thomas. They call her Jill by short. Jill's Jill. Her full name is Jillian Thomas. She is in forensics at Herringdale, Chase Park. Why is she concerned about these ones? And again. - Yeah. The lens, she wanted to do a piss test on me. That's what she was chasing him down for, a piss test.

She come back with the others explaining what happened and that black man was the doctor they knew who umbo was straight away and they could attack so umbo saw yakuza and did a little They're gonna have trouble. I told him they've ruined his life, they've ruined George's life by saying they've put you in the way. He's a trap, lad. They are mad. Do you know what's going on? They've only been lying to me for a long time. I'm not going to let this shit get in. I told them they were going to start fighting, they were all like my fucking sport, man. Ever since I met this guy, all these buggers have tapped me. They're on the back with at least a 60 time-lapse that he has attacked. He's only been there a few months. I saved him when she came in before and I didn't reveal it. She wanted to fuck him up anyway. They don't like him. Forensics are getting cold. Go and knock on my front door and look what this guy... They wanted him back and they knew that the police was pretty much guaranteed that this guy's gonna be I can fix it, it's right where it's supposed to be. You should have listened to me from the beginning and come up with a plan for the importance of it. I've got this draft paper for what was happening in the museum. I'm going to moan. See, don't watch changing. I'm coming in two views above. I've got to come from left here, isn't it? These are coming and they want to kick me. Right. And I'm just a clean, you know, veteran with my feelings and they won't explain anything to me. The only difference is that I've known you for a long time. Here's just an adult that I don't know. I'm in a serious pain man Wow, I really hurt myself. I knew it. I didn't expect it to hurt me so much, forcing myself to stop. I knew it hurt. Simon's gonna end up in a circle all life. Or even a red circle, it could pop. And it's gonna be a sad shame, and it's just gonna be so fucking horrible. Oh my god, it's closed, and the whole circle's getting fucked up. Oh fuck. And these things happen, uh, I'm not sure if it's because of Netflix or something. There are a lot of people who have done wrong. They have put me through torture, right? I don't know what's standing there. Someone's going to take a picture of me. Oh, I'm crying in front of everyone else to decide. I've had enough of it. Oh, I'm in too much pain. I'm up to 24, I've got a seven and a half, seven and a half. I'm friends with people. Sometimes we get a... I don't know. She's been through a bad past. She's one of them. She knows that I know that she knows. I'm not sure if you're inside. But why is Chase Farmer attacking him? Is Lucas House calling on the other department? Why does Lucas House know Ambrose's case so well? They hit through their arms and hit them. Caused problems. It's the same as when I was in the hospital. They were moving people from the worst prison,

worst one. And they were coming back there because I kept making the environment neutral. And everyone had to. And they would throw problems in. And I defused them as well so they realise it's easy to be an arsehole and then they're told at 20:30 I'm off to outside it's all relaxed and it's the German doing what they're doing they look deep pull the bench put their back into the team move everything around that's what makes up the Green Metal team around the back I'm not sure what I'm talking about, really, really not. Alright. When you work as a user, there's no talking about it, I think. Everyone becomes smarter, wittier, comical, stuck away from the stage, and we're all polite, but we're taking the piss out of it. I don't know, but he can tell it's different. And it makes everything come up, you know, all the nuts and all the... It's got more big problems now. This guy should have understood more than any, doesn't he? And that explains it to me. He's crazy. I don't know much about anything. I don't know. I No one's signing no contact, no one's telling me that I want me to work, because it's what's happening here. Nothing's over now. Everyone's like some scout shit. There's no scouts around. I ain't signing no contact, no one's telling me about what happened or what couldn't have happened. And no money put in my bank account. I ain't gave permission for anyone to use my hand. I don't use Shining, I see everything. It's gonna be a terrible environment. I'll put you in the hospital. Oh. Oh. I'm so... Oh, I'm out now. I'm gonna die this time. I'm bored man, I'm in so much pain I can't force my body to sit.

Crushes right so I'm not in the country. My country is in the church. I'm not in the church. He knows who the humble is. I'm in pain right now. I'm not a god. I'm not a god. I'm not a god. Thank you. I'm going to go ahead and start the recording. Amen. Mm-hmm. Oh, shit.
