Transcription

Look what I've done to his wife. Left her to go crazy. Please, please. Hello, I'm getting attacked in my house still, and I'm being held hostage still. I've got my neighbours banging at me again, attacking me, and I'm recording it with my video evidence in my flat, my camera's on 24 hours, and the police won't protect me. I've got video evidence of them attacking me continuously throughout the last few years, I got video evidence of me knocking on their doors in a sensible way, asking them to act responsibly. They don't act responsibly. They keep having neglect.

The Mathierigan Mark and You family. They're a family that I helped once when they first moved onto the estate. I see the gentleman getting grabbed by the throat by another resident that lives in the building next to me. I took it upon myself to get involved and stop their problem. So what I done is, I said to the young gentleman who had Mathierigan, the adult, by the throat, about two weeks after he moved into the block. I said to the young gentleman who lived in the block opposite. They're continuously banging at me when I'm in my house. If I'm on the phone to you now, I'm recording this, you can hear them banging in the background at me. Where are they? Above me. Above me in 117. And I've got videos of them banging at me continuously. Every time I was writing a model constitution, they were banging and it's damaging my work. Every time I'm writing my court defences to defend myself, they're banging and they're damaging my work. The councils left them there to continue to do this to me. I've lost a child because of this. I had an unborn child and another woman's stomach in my flat. It's a breach of article 5, article 2, the right to life. It's a breach of article 5, the right to security and liberty. The breach of article 13, the right to a private and family life. And the breach of article 1.2.1, the enjoyment to my privacy of my own family home. It's everything that you are set up for. What's your address? My address is 109 Burncroft Avenue. You can hear them bangers, I'm talking to you now.

Nei, det blir... Nei, det blir... Nei, det blir...

Og de bestand seg å skapa denne sexskandalen med DPA, med min personale datum, da ingenting var verre med meg. Og basicent, nå begynte min norske til å atakke meg pga dette, pga min navn ble tarnisht, definisjonen av min karakter. Og da kastet jeg telefonen til polisen, begynte å bevare meg i en responsabel måte, og de kastet seg til meg: "Du blir råbt, vi har ingen rop." Og jeg har fått rekordninger av dette, jeg har transkripte dem, puttet dem i rapport, de sa: "Vi har ingen rop, vi har ingen rop." Jeg talte til managere i linjen, og til alle på telefonen, I've got sergeants spowing in me telling me that I've been robbed and there's nothing I can do about it. I've recorded it all. I don't think it's fair. I think it's very unfair that I've been put into this position all because a load of timestamps from your call centre were wrong and because there was no signatures on the MG11 forms. And because I raised these issues with yourselves. Sarah Fletcher and everyone's entangled with my personal information. Me and my partner have never argued. Me and Shannon or none of my partners have never had an argument. I've got all the texts until 2016 and them attacking me. It's not fair.

Ja, jeg har fått polisen til å komme her, og jeg har fått mye video-rekordninger av meg, som har visat meg i min medicin i 2014, og som har visat at det ikke var noe feil med meg, som har visat dem i papirverket at det ikke var noen signaturer på Asbo-applikasjonen, på MG11-formen, og at det var ulegalt, og at det ikke var noe førstehands-eviden til å gjøre dette til meg, og at de har brukt deres kraft som abuserende position til å holde meg i en skandal, og

en konspirasjon mot meg. Det var bøsning av deres beslutninger om å ha møte med den andre partiet og aldri ha møte med meg, og ingen har aldri satt ned og gått gjennom mitt evidens med meg.

Ok, hva vil du at polisen skal gjøre i dag? Jeg vil, fordi, fordi, min liv er i behov av det de gjør. Fysisk eller mentalsk torsning.

Degrading torture under article 3 means by any state official or any person that any treatment that is degrading, humiliating or at least amounts to suffering will amount to torture. And that's what it says. So this clearly is torture that I'm going through, physical or mental torture. And I'm asking you to arrest these people under your reforms act. And I'm asking for you to allow me to take them to court and I would like prosecution brought against them for what they've done and the video evidence I've held. I'd like a fair line of investigation brought against them. I believe that they attempt to murder me. They're using the fixtures of the buildings continuously. They're going back to them, picking up the floor and hitting me and using them and using them and using them. Again, my heart, I keep having heart attacks in my house and I swear my life on this. It's made me not eat. Every time I'm going to the toilet in the morning, I'm being sick every morning. She can hear me and she sits above me, stamping her feet above my head and flushing the toilet when I'm being sick. I can feel myself being more and more sick. And my heart hurting me more. The police have allowed this to continue to happen to the extent where I'm writing to the MPs. All the MPs are involved. Rob Leak, all the executive directors. They've all just run out of office. And I don't think it's fair that no one will arrest these people. Any way that can help get this problem solved and the right things to happen, I'd be happy to anticipate it with him. Or would you rather go into a police station?

Right now I don't really feel comfortable in going to a police station. Right now, I've got a 10 o'clock curfew. I'm not allowed to go and work with any borough. I've wrote to every borough because of this organisation of illegal raves application. Sanko was never arrested for. If it's illegal I should be arrested. Sally Gilhurst, I've got her on recording, and she's the executive director of Hugh Gill Slizzards. And I'm explaining to her, look, the timestamps are wrong. The 999 called us all white people, all white people and all white females committed this crime, and I'm mixed race. You know these things. Please call the meeting, an EGM meeting, and just go under trespass. Forget all the corruption. I've noticed too much in it. Just go about the sections being on the door and drop this case. Then the coppers are okay and I'm okay and I can get on with my life. But right now I can't do that and I'm stuck in this house. No one would face up to disciplinary action. I'm scared to walk out my front door before 10 o'clock. I'm scared to walk out my front door after 10 o'clock because I'm on curfew. They're hiding guns. All the police officers, while I was working in the community hall, lucky I gave the keys back to them because two weeks later they started scribbling like there's all hidden guns and that in the community hall and I would have got responsibility blamed for it.

Polisen har vært på vei til å sette meg på for seriøse ting. Og jeg har all den evidens mot det hele. If someone stole a Mars bar from a shop, you would send somebody to that shop over a Mars bar. I'm explaining to you that Sally Gilhurst, the executive director of this country, falsified an application as Boat Simon has. She forgot to arrest me for it and called the application the organisation of illegal raves. When I went to court, I went there defending myself under the organisation of illegal raves for the judge not to be able to prove any illegal concepts, anything that was illegal in it. I've got the transcript, she says she can't prove nothing illegal. So I didn't get a fair trial, she still gave me the ASBO. When I went home I

got upset, looked and noticed all your timestamps to your call centre all go backwards, like CAD500's got a 2 o'clock timestamp, then CAD525 all of a sudden has a timestamp of 1 o'clock. This is impossible to happen, there's supposed to be counter rules to NSIR in your call centres, and these things, this is fraudulent activity under the Fraudulent Companies Act. Somebody has handmade them paperwork, so I don't believe it's on your call centre, so I I believe someone's added extra paperwork into the response bundle, into the application, and that's why these timestamps keep going backwards in the CADs. There's no first-hand evidence, there's no signatures at the bottom of the witness statements, and most of the incidents, the people are admitting to being white in it, so I don't see why I'm being held for seven years for this, and I've done a year for the gazebo before that, gazebo case which I won, that's eight years of my life in thirties. I'm not allowed to hire no sound equipment to any person without Enfield Council's authority. I wrote to the other 32 boroughs and their licensing departments and they've looked at the application and said this application is illegal, it's a breach of my human rights. I've got emails from every licensing department, Lamberthew, Neyman, Camden, and they've said that this council and this police force need to take this back because I have to go on a special committee with every one of them to get my personal license to hold a fence. I won't go to Enfield Council and work with them because they've allowed these people to attack me, the Mafia-legends and everybody, and to do a sex scandal in mine and Shannon's name when we've never even had an argument to date, yeah? And now... Sorry, just back through to the operator. Have you finished with your call to the police? What, has the police put the phone down on you? Put the phone down? No, the line, their phone, you've come back through. Yeah, they've put the phone down on me, they've run, they've run. You're BT, you're BT, no, I like you, you're BT, you're alright. You shouldn't throw chops at people in your adverts, though. You shouldn't throw chops. It's not nice. It's discrimination against people. Do you want me to put your back through to the back? No, I'm alright. I'm alright. I've had enough of recording them. Alright. You have a good day, love. Bye-bye. Ozzy. You're a pussy, oh Ozzy. You couldn't manage nothing. You can't even manage yourself. Sitting with your benefits, you pussy. I know why your wife walked away from you. I know that. I'm telling you, I know why she done it to you. Don't tell me nothing. Sitting there banging at walls like that. That's ridiculous. Go and make some money and look after your family. Arvind and Arvind, even if it wasn't.
