Speaker 2 (Mr Cordell):
Hello, is this Heather again?
It's Mr Cordell again.
Simon Cordell speaking.
I'm trying to raise this issue again and I'm recording the conversation.
I've been arrested again after speaking to you.
Just before Christmas I told you I wanted an EGM meeting called regarding the falsified statements in the first ASBO.
You kept trying to push me down to Steve Ellis or somebody below you.

Speaker 1 (Heather Littler):
I did speak to somebody and they said you have to make contact through your solicitor.

Speaker 2 (Mr Cordell):
No, no, no.
That's incorrect.
What initially happened was that Lemmy from Enfield Council signed the first ASBO.
The first ASBO was forged in 2014.
It's missing all the victims.
There are no victims in it.
Without a victim, without somebody actually being assaulted or something actually happening, it's against the law for me to be serving a sentence.
I'm seven years into this because Enfield Council forged paperwork inside your offices.
It's on the third page of the ASBO.
It says a meeting had to be held in your office.
Now Rob Leake appears in photographs in 2015 showing large estates that were being built.
I've downloaded all those photographs.
I've got everyone's photographs.
I've got your photograph.
I've got all the staff photographs from that building.
I've put them into my report and built a family tree showing what I believe is joint conduct.
The other day you explained that you were going on holiday and that you might consider sorting out this EGM issue when you returned.

Speaker 1 (Heather Littler):
No.
I said I'd forward it on to somebody.

Speaker 2 (Mr Cordell):
You forwarded it on to somebody?

Speaker 1 (Heather Littler):
It's nothing to do with me because I don't arrange meetings.

Speaker 2 (Mr Cordell):
Madam, may I say something?

I've got your signature here in front of me now.
Heather Littler, Senior Admin Officer.
My mother has been writing to you explaining that I'm having heart attacks in my house.
I had another one this morning.
I'm serving seven years because of paperwork that I believe was forged within your organisation.
You said previously that you didn't have a copy of the first ASBO.

Speaker 1 (Heather Littler):
No, I personally didn't.

Speaker 2 (Mr Cordell):
But someone else in the building would have.

Speaker 1 (Heather Littler):
Because I'm not the actual person you need to be speaking to.
I'm just an admin person.

Speaker 2 (Mr Cordell):
Yeah, but you're in charge.
You could put me through to Rob Leake.

Speaker 1 (Heather Littler):
No.
He doesn't work here anymore.
He left at the end of May.

Speaker 2 (Mr Cordell):
So Rob Leake left the company at the end of May.
Who is in charge now?
Who's the Chief Executive?
Who's the director of the Civic Centre?

Speaker 1 (Heather Littler):
It's Ian Davis who is now the Chief Executive.

Speaker 2 (Mr Cordell):
I've got lots of emails to Ian Davis from 2014.
Back then Ian was getting messages and Rob was getting messages asking them to protect me.
From 2014 to 2016 my mother and I kept writing asking for protection.
I recorded lots of videos of my neighbours assaulting me.
In 2016 the people involved were Stan Curtis, a family called the Mathigalens who lived above me, and Deborah Andrews.
Deborah Andrews had two light-skinned children removed under mental health proceedings.
We kept writing to the council.
You knew she'd had her children taken away, but she remained upstairs.
This is why I've suffered.

In 2016 the Mathigalens reported that tyres had been damaged.
Stan reported that I told him I would get him in the park if he kept doing things to me and Shannon.
Shannon and I never argued.
Shannon is willing to attend court with me.
We never gave permission for our names to be used.
There was never anything wrong with either of us.
You tried to scare me out of the country because I kept raising the issue of the missing signatures.
I've got all the recordings.
Lemmy took over the case files in 2016.
He started writing emails to my mother.
The first ASBO came from your organisation.
The possession proceedings also came from your organisation.
I recorded Lemmy and told him he was acting unfairly.
I told him he was only using signatures from 2016 and wasn't taking into account what happened from 2014 onwards.
I told him the people upstairs had killed my unborn child.
I'll provide hospital certificates and evidence.
Under my tenancy agreement, I'm a secure tenant.
The last option should be eviction.
I told Lemmy I wasn't comfortable attending the Civic Centre because of the complaints I had against the council and police.
I said he could come to my flat instead.
Lemmy refused four meetings at my flat.
I kept saying:
"I'm not coming to the Civic Centre."
Kenichiwa was Lemmy's manager.
In 2016 I was arrested following allegations by Stan, Karen and George.
I went to court and won all three cases on the same day.
A witness care employee called Joanne told Kenichiwa that I had won all three cases and that there was nothing further that could be done.
After that, Kenichiwa told Lemmy to meet with Stan.
Lemmy then had meetings at Stan's house.
Diaries were delivered to various houses.
There were several meetings after the cases had already been thrown out.
Because my mother continued submitting complaints, everything was passed back to those same people.
Lemmy then started copying and pasting information into computer systems.
I've recorded every occasion.
I've also been accused of aggressively knocking on the Mathigalen family's door.
I've never done that.
Every time I've approached them I've recorded it.
Whenever I've gone upstairs I've phoned the police first asking for help.
The police say they won't help me.
I then tell them I will go upstairs and defend myself.

BT operators have even commented that it's wrong how calls are being handled.
They could hear the banging in the background.
Lemmy won't move the people upstairs.
In 2017 I told Lemmy I'd lost an unborn child.
I kept it private between me and my partner.
The first thing he did was run back to the office and write about it in the possession proceedings.
He reused old statements that had already been NFA'd.
Then I challenged him about witness statements.
There were 42 incidents listed but all of them were simply written as "he" or "she".
There were no signed witness statements.
I went to court and told the judge I wanted a trial.
I wanted the witnesses to attend.
The judge realised there were problems.
The judge effectively suggested an out-of-court settlement.
Lemmy refused.
My mother submitted another complaint.
Lemmy then drafted another injunction order.
This was the third document that I believe was false.
On my recordings I repeatedly asked Lemmy to protect me.
I asked him if he was a solicitor.
He said no.
I asked whether the paperwork had gone through a solicitor.
He said it didn't need to.
I told him he was abusing his position.
He then produced another injunction.
I challenged that one too.
The judge refused to reopen the application when council staff later asked.
Then another injunction application was produced.
Lemmy alleged I threatened him.
I've got recordings and say that he was acting unfairly.
This was the fourth application.
I pointed out that he claimed not to have a copy of the first ASBO, but when he prepared possession proceedings he reused pages from it.
That proves there was a copy available.
I've got recordings of me repeatedly telling him about the missing signatures.
Instead of correcting it, he reused pages from the original ASBO.
I asked him to call an emergency meeting.
Instead he called emergency meetings to force matters through.
Since then he's held several more emergency meetings.
The police later tried entering my house and taking paperwork.
Fortunately I've got cameras in every room.
My mother had copies of everything.
The moment I was released home I started being attacked again.
You can hear it here.
Why are you chasing me?
Listen to what they're doing.

This was after Lemmy accused me of threatening him.
You can hear the banging.
I've got over ten videos.
Some last for hours.
I go into my kitchen and ask for help.
These people killed my baby.
I'm asking you to move the Mathigalen family out of that flat.
I wake up every night having nightmares.

Speaker 1 (Heather Littler):
I put in a complaint and you've already had the complaint.
The complaint is already in hand.

Speaker 2 (Mr Cordell):
You've never dealt with it.
I'm still here being attacked.
You've never taken a statement from me.
You've bypassed the complaints.
You realised how much trouble there is and you've continued allowing Lemmy and the others to do this.
You have the first ASBO.
Lemmy knows there are no signatures.
You can see from the possession proceedings that he reused material from it.
So why use that paper rather than dealing with the signature issue?
Please push this above Daniel Ellis, Lemmy and Kenichiwa.
I'm certain their jobs are finished.
I've gathered photographs, office numbers and information.
I've spent months building all this.
Please move the Mathigalen family out of the flat upstairs.
I've never done anything bad to them.
I helped them in the beginning.
I had keys to community facilities.
I helped with Ponders End Festival, Durants Park Festival and Lock to Lock Festival.
I worked with the community.
Then the ASBO happened.
You've held me in my house for seven years.
Even if there had been a conviction the maximum sentence would have been six months and a fine.
You didn't have enough evidence for any criminal conviction.
Yet somehow I've lost seven years of my life.
I'm not allowed to leave until August 2020.
I won't work with these people again.

Speaker 1 (Heather Littler):
All I can suggest is that you send it to the complaints team.

Speaker 2 (Mr Cordell):
I've already sent complaints.
I'm reading the complaint to you now.
I've been doing this since 2014.
I've been sent in circles.
Get Ian on the phone.
Get those people out of the flat upstairs before I take further action.

Speaker 1 (Heather Littler):
There's not a lot else I can say.
I've been told you have to make contact through your solicitor.

Speaker 2 (Mr Cordell):
I don't have to.
I'm acting as a litigant in person.
That's a legal right.
I'm your tenant.
We're in a mutual agreement.
You're leaving those people there to attack me.
They're not secure tenants.
I am.
I'm asking you to move them.
They killed my baby.
You told me before Christmas you'd sort this out.
You had Christmas and New Year.
I was trapped because of corruption.
Why isn't your position being used to escalate this?
Why isn't Ian calling me?
Why isn't your team coming here now, treating those flats as a crime scene and investigating?
I've given you a line of investigation.
I'm telling you I'm not crazy.
I'm telling you I've got video evidence.
Serious offences have happened and I want action.
I don't want to be passed back to the same people again.

Speaker 1 (Heather Littler):
That's all I can reiterate, what I've already told you.

Speaker 2 (Mr Cordell):
Listen to what they're doing to me in my flat.

Speaker 1 (Heather Littler):
I'm going to have to hang up now.

Speaker 2 (Mr Cordell):
Hear the banging.

Look what they're doing.
This was less than three days ago.
Come on, Ambrose, let's go to the other end, Ambrose.
