Speaker 1:	04:40	Uh, uh, uh, uh,
Speaker 2:	04:51	Met police what is your reason for your call please.
Speaker 3:	04:54	Hello. Yesterday I phoned up the metropolitan police nine, nine, nine and explained that I was being assaulted in my house. Um, and they said that they was goanna send police officers to my house to take a witness statement off me and take my evidence and they agreed a time of eight o'clock and nobody attended. And I'm still here waiting today to do my statement and hand my evidence over. I was just wondering if you could help me and find out exactly what's happening.
Speaker 2:	05:21	Okay. Um, is it Mr. Cordell?
Speaker 3:	05:24	Yes, that's correct.
Speaker 2:	05:28	I am having a read through the report Ber, with me.
Speaker 3:	05:30	Thank you.
Speaker 2:	05:49	Okay, so, the operator that you spoke to yesterday about 20 past 6.
New Speaker:	05:55	6, Yeah.
New Speaker:	05:55	They booked an appointment for you. but there seems to be, I think they made an error. In booking the wrong appointment card. Um, it wasn't made on face book with X.Y. Um, I think maybe it got book, with officers in Hillingdon or Ealing and oversley you in Enfield.
New Speaker:	06:25	Yes, that is correct.
New Speaker:	06:25	I think they have made an error there because yeah, they did set an appointment but; please confirm appointment I can see a supervisor was looking at it, please confirm that he lives in a caravan site X to Y. So, then it came to the attention of the Lambeth supervisor um,
Speaker 3:	06:50	what centre is this known I'm speaking to?
New Speaker:	06:52	You have come through to Hendon.
New Speaker:	06:52	To Hendon, ok.
New Speaker:	06:52	Um,

New Speaker:	06:52	Is it possible to get another appointment? Rearrange, but today?
Speaker 2:	07:05	Yes. Yeah, I we'll do [inaudible]. We had the wrong Borough up [inaudible].
New Speaker:	07:26	Okay. The, the supervisor seem to have spot the error early on and then it was booked with an officer that come and [inaudible] evening, yesterday, evening, um
Speaker 3:	07:50	to know what priority the issue is being given
Speaker 2:	07:56	at the moment. It's on a grading of extended.
Speaker 3:	08:02	Ok And what does that account for may i ask?
Speaker 2:	08:07	that they would normally deal with it within 48 hours.
New Speaker:	08:09	Okay.
New Speaker:	08:14	Okay, So it was sent back to the attention of offices in Enfield and a local officer, have you had dealings with the police before?
Speaker 3:	08:25	I've spoke to the police on numerous occasions in my life. I don't so, much have of a criminal record. I got time spent from when I was juvenile,
Speaker 2:	08:35	okay. Um, Well one our offices from Enfield said that they, it was passed to him and he said that you would not be attending because of some of the previous communications that you've had with police that he would not be attending in person. And, uh, that if you wanted to follow this up any further that you would have come into the police station and make the report rather than us setting an appointment for you.
Speaker 3:	09:02	I think that's very unfair that, um, that would actually, that, that that's how it's got to be dealt with. I have a home and I'd like somebody to come and take a statement off me at my home. I think there's more than enough police resources available to staff available to be able to send somebody to my home. They send police to my home on any other occasion when somebody else accounts for something. So the first time I've ever asked the police to actually do some thinking, and this is my first ever statement I've ever made against anybody and it's a massive problem getting it taken off of me. I don't think it's fair that I'm

		suffering every day and I'm going through the pain that I am in with my heart and that no one's taking my evidence.
Speaker 3:	09:42	I have very strong evidence and is incriminating towards people and I want prosecution brought against them in a fair line of investigation. I don't feel that fit to go into the Edmonton Police Station. My health hasn't been up to too much. I can see, I can forward over a letter from um, DWP and from everywhere else. Cause I suppose to go for do you know when, you're on DWP or something like that. You're supposed to go and get your health assessment to make sure that you are unwell. Um, they've all agreed that I don't have to leave my house anymore because they've noticed that there's missing signatures on my, Asbo. It's put me in fear of walking down my hometown street before my curfew starts that, I've got for seven years, eight years of my life, I've got a 10 o'clock curfew and I'm not.
Speaker 3:	10:28	So like right now I'm scared to come out my house before 10 o'clock because of the fraudulent evidence that I have that can prove the corruption in the metropolitan police force. So, and my mental health assessment has agreed that they will come home and they do home visits. The doctors have agreed that there's an error in the paperwork and the doctors have come here and said that there's nothing wrong with my Mental Health or Mental stability and that this is a serious issue that the police need to raise, raise and address. So I'm asking you please, can you send somebody to my house? Under these grounds.
Speaker 2:	11:02	Okay. I don’t have the authorities to override that of a local police officer. So what I would have to do is raise this with a supervisor or an Inspector.
New Speaker:	11:15	Ok.
New Speaker:	11:15	as a complaints.
Speaker 3:	11:16	So what are you trying to explain to me if, if, if somebody tries to attempt to murder me in my house, which is what is happening right now, people are to, my neighbours are attempting to murder me and I'm recording every day and making a diary and report every day. You are saying to me, because I've had dealings with the police before. Yeah. That use lot will not attend my house even if someone's trying to kill me and then it gets graded as a 48 hour issue. Is that what you're explaining to me?

Speaker 2:	11:46	I can only give you feedback of what was taken yesterday [inaudible].
Speaker 3:	11:48	Can you tell me who the supervisor is that has drafted that and set that, that that is what you're explaining to me. Can you explain to me who actually has said that? What supervisor it is please?
Speaker 2:	12:01	the officer who said that they wouldn't be attending um, his shoulder number is five, nine, nine. 599
Speaker 3:	12:10	And who is that police officer?
New Speaker:	12:11	Yankee, Echo
Speaker 3:	12:12	Yankee, Echo. And who is that officer?
Speaker 2:	12:15	PC. Hurfwood,
Speaker 3:	12:17	Pc Hurford attached to Enfield or Edmonton.
New Speaker:	12:30	Um, bear with me.
New Speaker:	12:30	I've got all of my medical care assessments and the agree in the, I don't have to leave. I leave, wouldn't leave. I went to a private psychiatrist just to make sure to get statement a safe, stable, letter of my stability, mental stability and they've gave me a letter and I showed them the paperwork that I'm upset about that is illegally detaining me in my house and somebody recordings that I have. I've got recordings, of calling your call centre up loads of them, and again, I've got more than one of different assistants in each one's going. Your black bastard you've been robbed, there's nothing you can do about what's happening to you. I've got so many recordings of different things that's, I've got the line manager, the person that fraudulently made all of the paperwork with the missing signatures, victim signatures, there's no victims, yeah
Speaker 3:	13:08	Then they forged all your Cads centre and they made, because there was no real nine, nine, nine calls to progress way. They've added like sixth progress way events in there and each one of them, the timestamps are wrong for every event. That's at progress way, they all go backwards to each other. Like Cad 500 is at say 10 o'clock then Cad 565 is at nine o'clock on the same day. That's impossible. It happens to every event at progress way. Then I, I've, I've never shown the police it, but I've copied all the Facebook profiles of the, of the events that they tried to

accuse me off. So I've got the proof of that and I've spoke to a police officer called Adrian Combs who, who owns big boss limited and he's the Essex superintendent. He's gave me a personal letter and all of his notes, which I've never shown the metropolitan police.

Speaker 3: 13:54 He says that he's, he's, he called Chris lurch Lewis over in the field. He knows that, --- was the organizer of the event that I've been accused and set up for and what he's done is gave me a letter of all of these note saying he gave that to metropolitan police saying that he gave Chris an abatement notice and then the metropolitan police have taken my Chris's picture out and set me up for it. Yeah, they created all the Cads for progress way, which weren't were real. Then they used all of another event on the same day at crown road. They used all of the Cads for that and put them in. They blocked loads of the X to Y locations out in some and the Crown Road. So you can't tell. But then on some of them they forgot to one blocking so you can tell that their Crown Road and under oath on the day in court when we are Steve Elermore, the developer of the cases is surely every event is progressed way.

Speaker 3: 14:40 He swears under oath that he never put nothing else in there from Crown Road in there and there was no other party on that day. It's unfair that I've been set up like and I just want the things addressed, I'm illegally being detained in my house. I just, I, I'm not asking him for police officers to have to file prosecution for corruption. I'm not, I don't intend to have to go to the police station and file this report. What my intentions are is the police made an error in saying that there was, um, a section one for four one the doors of the parties that I never throw so in them excepting that they never said there's no breaches under the licensing Act. So I'm asking them to do is to go back and say, yeah, there was an error in law and that error in law was that there was a section on the doors and they hadn't, the police have no right in these buildings unless they can prove that money's being made.

Speaker 3: 15:26 A commercial companies being run, which no one's attempted to do. So this way the coppers are safe, I'm safe and everyone can move on. But even though I put this offer on the table, everyone spits it back in my face and now I've been recording me offering this offer from the beginning of time that I've noticed the missing signatures are most the timestamps. I know I've never done the events i have got the paperwork, I've got all of this evidence then they cause. Then they have caused a sex scandal in mine and my partner's name afterwards just to scare me out of the country when me and my partner have never

		argued. I still talk to her to do this date now and she will come to any place the same as I would we have never argued over nothing and I never gave her nothing as has been portrayed out in the general public, which is a breach my Personal Data Act. I just want these things addressed and this is why these police won't attend my house. Now from this record in here, I've transcribed this conversation with me and you. Are you still there Madam?
Speaker 2:	16:19	I ‘am,
Speaker 3:	16:20	and now I have recorded this conversation. I'm recording it and I recorded many more. You've been a very kind lady to me and anyone that's been kind to me I've shown full courtesy towards like I've not asked for their names at the end of the compensations or their details and I'll just end this conversation and most I'm still like, I'll still transcribe it up and put it into my report. Now I've made an official report and it’s got every single day in detail. With all my problem, statements, questions, factual info I have took all my phone evidence of me talking to this girl. Never arguing and what we was talking about while this was going on. Yeah, and everything. I've took all of all of them emails between me and all of the companies and all I have built it on his hard evidence, and video evidence, of what my neighbours are doing to me after I carried and loved for them. I've never done nothing bad to none of my neighbours. I've never stole nothing with my state. I've never done nothing. I've never had a party. I have never sold a bag of draw from my house. I've never done nothing wrong other than work hard in my flat, so I don't know why, I'm being treated like this.
Speaker 3:	17:19	I just want.
New Speaker:	17:19	ok.
New Speaker:	17:19	someone to help me and to resolve. I don't want the coppers to have to leave their jobs. I don't want to, I just want it the keys to a park and I wanted to, I don't even have my own children. I can't even have my own kids in my own flat at the moment. I had another woman that come here. We had a child in her stomach and she was happy to live with me and be with me and they let this other gentleman, he's a big man who sleeps on their sofa or upstairs. They let him banging me every single thing and my girlfriend had a miscarriage and all the paperwork here to prove it. They killed my unborn child in woman's stomach since they accused me of this disease and now they still sit in there every day like yesterday attacking me and I'm not doing nothing wrong.

Speaker 3:	17:57	I'm, I'm, I've acted respectful. I'm not, I'm not the first thing anyone knew that I, that I use to be like, I might lose my temper a bit easier. I haven't lost my temper throughout this and it's been going on for four or five years now. I don't, I just want someone to come and look at my evidence to take what's going down into rectify the problems with the minimum impact on society and myself. I've built a website and I've uploaded my report to my website and I'm ready to go public with it and it's going to cause massive problems and I don't need these problems. That's the problem. I'm noticing.
New Speaker:	18:34	um.
New Speaker:	18:34	a lot of them go on. Thank you for listening.
Speaker 2:	18:37	Its alright, Okay.
New Speaker:	18:37	I will log the details of your complaints and I have um flagged it for the attention of um, our day time Inspector.
New Speaker:	18:40	ok.
New Speaker:	18:40	Who will have to be senior officer that reviews this. Okay, so the message has been passed to them now as a formal complaint, err, they will get back in contact with you. I can't unfortunately give err, me a exact time, but I can tell you that it has to be received by them. So if it's gone out of my hands and has been received, by at the moment Its being looked at by our CPC,
New Speaker:	19:12	ok.
New Speaker:	19:12	The senior officer that covers Enfield Borough. If I can give you a reference number for the complaint that you've made today,
New Speaker:	19:18	Ok thank you.
New Speaker:	19:18	the references is Charli, Alpha, Delta,
Speaker 3:	19:26	Charli, Alpha, Delta,
Speaker 2:	19:29	three four double nine.
Speaker 3:	19:31	3499
Speaker 2:	19:33	Oh, today's date, 25th of February,
New Speaker:	19:38	2018

Speaker 3:	19:38	I appreciate today and thank you for taking the time to listen to me.
New Speaker:	19:41	That’s ok.
New Speaker:	19:41	I just hope that somehow just from talking to people and we can close this, problem up behind closed doors. I had good intentions I have built a model constitution. I've got better paperwork here. The Malcolm X, I've got 100% in traditional words, 100% in grammar up a hundred percent in everything. I'm a master at what I do. Yeah, and I've wrote all new policies. I've got all the Glastonbury’s management system here. I've got all of Isle of White's management system. I've got trusted and that's why I'd once had problems dealing with me because every test say you have to go and do a test for CD or for NSI or to be able to do call handling, I've got folded, dedicated just for your job and it shows me all the HM books and all the safety.
Speaker 3:	20:19	Just like I've got the same for an electorate, electrician. Every test that you'd go to college to do, I put the folder with all the answers in them all so I can look after everybody. I've got basically a city and I've got entrusted in that by big people and I've had to rewrite my own policy so I don't have plagiarisms I’m plagiarism in it mand I've got everything I need to go above 500 people. All I want to do is pay my taxes and hope that other people we can do something that's going to be left behind. Like something that's a 10 if I can get a circus tent, the error in law without the police getting done for corruption, they're not can get a diary, I can attend at the civic centre, I can get released back into the community with a couple of patrol coppers in a tent and we can start maybe over in some cinema films in it. Start analysing the park and doing what we need to see to seek to maybe be able to get the park ready for an event yeah, I'm not asking for a lot. I've done the hard work and I've done the right things. throughout that kid's being protected upstairs till now and they're bad people and I don't see why I should protect them. And not be allowed to child in my own flat. I'm going to go anyway. Thank you for listening to me Madam
Speaker 2:	21:29	that's all right. They'll give you a call back on your mobile number.
New Speaker:	21:32	Okay.
New Speaker:	21:32	Shortly.
New Speaker:	21:32	okay.

New Speaker:	21:32	and it may come up as the withheld number.
New Speaker:	21:38	Ok I understand that.
New Speaker:	21:38	but it has been passed.
New Speaker:	21:38	Thank you very much. take care for now.
New Speaker:	21:41	Bye.
New Speaker:	21:41	Bye
