**Subject: STAGE 2 COMPLAINT SUBMISSION – ENF228458**

Dear Complaints Team,

Please accept this email and the following three attached documents as my formal Stage 2 complaint under reference **ENF228458**:

- **Exhibit 3 Core:**

| **My Stage Two Complaint Files:** | |
|---|---|
| **Nub** | **Digital Files** |
| **1.** | 1. 01. Stage 2, Core 1.pdf |
| **2.** | 2. 02. Stage 2, Core 2.pdf |
| **3.** | 3. 03. Stage 2, Core 3.pdf |

Together, these documents explain why I disagree with the Stage 1 response and why I believe my complaint and supporting evidence require a full Stage 2 investigation.

I ask that the Stage 2 reviewer considers the three Core files together, builds a complete timeline from the evidence and provides a clear finding on each principal complaint issue. The review should not be limited solely to whether individual documents display **23 Byron Terrace** as my address. It must also consider the evidence cumulatively, the Council's previous knowledge of my housing and caring circumstances, the handling of my succession application and the changing reasons given for refusing it.

**Key Council Evidence Attached Separately**

Although this evidence is already referred to within my Seven Core complaint and Three Core Stage 2 complaint, I have attached it separately so that it is not overlooked. It shows that Enfield Council knew of my overnight caring role from 2014, processed the overnight-care arrangement, and reduced the under-occupancy charge because my mother required an additional bedroom for overnight care. The attached records also show that this reduction continued to be reflected in the Council's records. This evidence must be considered together with my other occupation evidence when deciding whether 23 Byron Terrace was my home.

**Exhibit S11**:

01. All Merged Files Care of Address 23 overnight Living Allowance.pdf

Any other important evidence obtained after these three Core files were completed relevant to these proceedings will be submitted separately, with a clear explanation of its relevance. This will avoid overloading or confusing the present Stage 2 submission.

**Please Confirm**:

1) Receipt Of This Email and All Three Attachments.

2) That Each Attachment Can Be Opened and Read.
3) The Date My Stage 2 Complaint Is Treated as Received.
4) The Name or Position of the Appointed Stage 2 Reviewer.
5) The Deadline for The Stage 2 Response.

Yours faithfully,
**Mr. Simon Paul Cordell**

**Subject:** [CaseRef:ENF228458] CaseRef: ENF228458 - Cordell

Dear Simon Paul Cordell,
**Re: Stage 1 Complaint Response - Ref: ENF228458**
Dear Mr Cordell,
Thank you for your complaint about the Council's handling of your request to succeed to the tenancy following your mother's death. I am sorry for the distress this matter has caused you.
I have considered the information provided and the available records and set out my findings below.
Complaint
Your complaint is that the Council mishandled your succession request, incorrectly stated that you had no confirmed right to occupy the property, failed to process the matter properly, disclosed information to relatives, and acted concerning the tenancy and belongings while the succession issue was being considered.
You also allege misconduct by the officer involved and hold the Council responsible for your exclusion from the property and the loss of personal possessions.
Findings
Succession occurs only where all relevant statutory conditions are met. Completing an application form does not itself create a right to succeed; the Council must establish whether the qualifying conditions were met at the date of the tenant's death.
A material condition in this case was whether you occupied the property as your only or principal home throughout the 12 months immediately before the tenant's death.
Unfortunately you did not provide sufficient evidence demonstrating your occupation of the property as your only or principal home for the required 12-month period and the succession did not take place.
I have found no evidence that the officer deliberately misrepresented the law, concealed a valid succession, or acted fraudulently. The correspondence shows that further supporting information was requested and that the claim was considered against the qualifying conditions. The fact that the outcome was disputed does not demonstrate misconduct or maladministration.
Your concerns about alleged criminal conduct and the actions of the police are matters for the relevant police authorities. The Council's complaints procedure is not the appropriate process for investigating or reaching findings on allegations of criminal conduct or the actions of the police.
I acknowledge your report of missing and damaged personal property at 23 Byron Terrace, including the comic collection, cash, generators, vehicles, tools, clothing and other belongings, together with the reported damage to the property.
The Council's complaints process is not the appropriate routes for claims relating to loss of or damage to personal possessions. These matters should be pursued through your own household or contents-insurance policy. Your insurer can assess the claimed loss under the terms of your cover.
Your data protection concerns will be considered separately through the Council's information governance process.

Conclusion

I do not uphold your complaint about the handling of the succession request. The Council considered the request, sought supporting evidence and reached a decision based on the absence of sufficient evidence that the property was your only or principal home for the 12 months immediately before the tenant's death. I have therefore found no service failure in the handling of the succession matter and no basis to recommend compensation or disciplinary action.

This concludes my investigation into your complaint. If you are not satisfied with the outcome you may request a Stage 2 review. Please explain which parts of this response you disagree with and the outcome you are seeking.

Any further documentary evidence relevant to your occupation of the property during the qualifying 12-month period should be provided with your request.

You can contact the Housing Ombudsman Service at any point during the complaint process for guidance. Please note that it cannot investigate your complaint whilst your complaint is going through our internal complaint's procedure. Details can be viewed via www.housing-ombudsman.org.uk

Yours Sincerely
