

FORMAL LETTER TO THE JUDGE

Request for Immediate Bail Variation, Removal of Tag, Removal of Exclusion Zone, and Judicial Intervention Due to Procedural Failures

To: The Presiding Judge

Court: Highbury & Islington Magistrates' Court / Crown Court (as applicable)

Case Reference: 01YE1267925 (02/08/2025)

Defendant: Mr. Simon Paul Cordell

Date: 17 May 2026

Your Honour,

I write to you directly because I am currently unable to obtain legal representation, and I am being forced to act as a litigant in person against my will. I respectfully request the Court's urgent intervention regarding:

1. **The removal of my electronic tag**
2. **The removal of the exclusion zone**
3. **Restoration of access to my home at 109 Burncroft Avenue**
4. **Restoration of access to 23 Byron Terrace**
5. **Correction of unlawful bail conditions**
6. **Adjournment or discontinuance due to the clash with my mother's funeral**
7. **Judicial review of serious procedural failures affecting my right to a fair trial**

I set out the relevant facts below.

1. I am denied legal representation — Section 38 is wrongly applied

Throughout these proceedings, **Section 38** is repeatedly and incorrectly applied, preventing me from:

speaking privately with a solicitor

receiving legal advice

preparing my defence

understanding the case against me

accessing disclosure

having a fair trial

I do **not** choose to represent myself.

I repeatedly request legal representation.

I am denied it every time.

This is a breach of **Article 6 ECHR** and the **Criminal Procedure Rules**.

2. My defence files are refused on the Common Platform

I upload my defence files repeatedly.

I email them.

I send them directly to the CPS.

I record myself giving them to the cps and the courts, as well as section 38 appointed solicitor firms.

The court and CPS and legal firms **refuse to store them** and **refuse to bring them into court**.

This means:

the judge cannot see my evidence

the CPS cannot respond to my evidence

my defence is never considered

I am forced to defend myself blindly

This is a fundamental procedural failure.

3. I am denied disclosure

The CPS does not disclose:

unused material

key evidence

custody logs

body-worn footage

witness statements

the case ratio file

I cannot prepare a defence without disclosure.

4. My mother's funeral is on the same day as the trial

I am informed that the only available date for my mother's burial is **29 May 2026**, the same date as my trial.

This makes it impossible for me to attend court or participate meaningfully.

I respectfully request:

adjournment, or

discontinuance, given the cumulative procedural failures.

5. My bail conditions are unlawful

I am forced to accept bail conditions **without signing** and **without consent**.

I am:

not given a bail sheet

not taken to court when I refuse to sign

threatened with forceful removal from the police station

surrounded by officers

denied the right to challenge the conditions

This breaches:

Bail Act 1976

PACE

Human Rights Act 1998 (Article 8 – Right to Home)

6. My electronic tag and exclusion zone are unlawful

My tag remains on my leg.
My tag box is removed without my consent.
My aunt misleads Serco into believing I cannot stay at 280 Durants Road.
Serco refuses to reinstall the box unless the OIC confirms my bail conditions.
Met CCC cannot locate the OIC, **PC Quick**, who appears not to exist.
This leaves me:
tagged
unable to comply
unable to charge the tag
unable to access my home
unable to live normally
This is unsafe and unlawful.
I respectfully request:
Immediate removal of the tag and exclusion zone.

7. I need access to my home at 109 Burncroft Avenue

I have been excluded from my home for **over 10 months**.
This prevents me from:
accessing personal correspondence
topping up gas and electricity
securing the property
maintaining food safety
retrieving legal documents
retrieving evidence
retrieving essential belongings
I invest thousands into rebuilding my home.
I am in the middle of repairs when the allegation is made.
I do not commit the offence.
I respectfully request:
Immediate restoration of access to 109 Burncroft Avenue.

8. I need access to 23 Byron Terrace

The council's message is incomplete.
I am officially **care-of** at the address.
All my mail is addressed there.
I am a long-term resident.
I am in an active succession application.
Under the **Housing Act 1985**, I have the right to remain until succession is decided.
The OIC has no authority to interfere with civil tenancy matters.
I respectfully request:
Immediate restoration of access to 23 Byron Terrace.

9. The cumulative failures make a fair trial impossible

I am denied:
legal representation
disclosure

access to my home
access to evidence
access to the Common Platform or far Arm while acting Litigant!
access to the CPS files taking into account its own inconsistencies
access to the OIC "PC Quick"
access to the tag box
access to the courts fair process

I am forced to act as a litigant in person against my will.
My mother's funeral is on the same day as the trial.
The proceedings cannot continue fairly.

REQUESTS TO THE COURT

I respectfully request the following orders:

1. Removal of electronic tag
2. Removal of exclusion zone
3. Restoration of access to 109 Burncroft Avenue
4. Restoration of access to 23 Byron Terrace
5. Confirmation that bail conditions are unlawful and void
6. Adjournment or discontinuance of the trial
7. Direction for CPS to upload and review all defence files
8. Direction for CPS to provide full disclosure
9. Direction for legal representation to be appointed immediately

Closing

Your Honour,

I am doing everything in my power to comply with the law, but the system is blocking me at every stage. I cannot defend myself without access to my home, my evidence, my legal files, or legal representation. I respectfully ask the Court to intervene urgently.

Yours faithfully,

Mr. Simon Paul Cordell
