Sent	1 Jan 2026 12:09:04	+447807333545	There is desperate there trying to say Ella is a crack head but are making it up she who they banned no one else, she is a schoolteacher and only drinks on holidays as she has work, polite and spoke to dad well. Dad checked her out, he got drunk and came down and started to be horrible and took the tv of us while we were cooking say you lot don't want us to have the house and would not leave us, he bulled her while she was drunk jamming, Ella went sleep and got up and left as she said she could tell that dad don't want her here., i was upset and after going to Ella and no luck with her, i drove home alone for Christmas with tears in my eyes, i done what any man would do and looked in my phone book. Kaite always comes and meets me after her brother died as she lives on my estate. And said she will come for food. So, i cooked for her and jammed and took her home to her kids and Garry and that her friend afterwards. I'm a grown man and tell uncle who he can sleep with and can or be friends with. This is 5 months now they got the hump with me. dad made Ella run then tried to do the same to Katie, but we stood our ground polity and cooked nice chicken and had a drink i took her to the food bank and brought her kids dinner and went and chipped there firestick, so they got sky.

Sent	6 Sept 2025 14:37:00	+447807333545	I can prove to that all this done to my life is because of you finding the pnc record. How i can do this is only due to the paperwork received for this case at nans. My criminal record is like a book that get old. But the bail conditions are a pugin were both reviewing teams update and chat. We never understood this for the asbo arcoss or conviction printouts. But now tucker solicitors gave me the new doc and there talking to each other setting me up for their own advantage. I can show yo police logging and leave a not for no bail the courts, the courts played about an barred me from 280 and 109 then police attend and update it. My whole life has been them messing me up like this ever since. This is out of order.... now i lose my family over it cold... you all knew fro. Your own decisions when i was born about all pf this, so why fuck me over and blame me

Sent	6 Sept 2025 14:23:40	+447807333545	He was trying to make me do it up for Tyrone treating me like an idiot and would help pay a bit then. But now its left every day why he get drunk....

He hates me, for trying to stop it and sets me up and says the truth about what his doing then goes to you and makes lies up and himself sound in the right. I will never trust him ever again... I lost my family over this thanks.... like I never already lost enough...
