Sent	23 Apr 2026 09:12:31	****889110	I never treated her bad at all i promise and will show u the texts
Sent	23 Apr 2026 09:11:45	****889110	She said she will move in here with me i sent back to aunty that i love and am happy to live with and that's even when she is grumpy, plz can i have mothers keys, they have nothing to do with my legal rights
Sent	23 Apr 2026 09:09:46	****889110	All want is my keys to my mother i asked nicely, read the texts, i was polite asked for them three days ago of Andrew he gave them to her instead yesterday she refused to pick up to me but everyone else as i said I'm not selling my share of nans, I'm legally in the right to say this so what the fuck is she using my mother's house and my belongings to blackmail me out of my share by saying i want to move or sell, its unfair
