**Subject: URGENT Caveat Reference 1780-9657-3186-1397 / Probate Application Reference 1781606128650378**

Dear Catherine,
Thank you for your email of **24 September 2026**.
I was concerned to learn that no trace of my Warning could be found on the estate file.
For clarity, my application for Letters of Administration was submitted on **16 June 2026**. Following notification that a caveat had been entered against the estate, I acted promptly and prepared a Warning, which was sent by Royal Mail Special Delivery on **9 July 2026** and delivered to the Registry on **10 July 2026**. Following delivery, I took further steps to ensure that the Warning was available to HMCTS. On **22 July 2026**, I provided a further copy of the Warning by email together with supporting documentation. The Warning was therefore not only delivered by post but was subsequently supplied again electronically and remained available within the correspondence and attachments.
Thereafter, I made further enquiries regarding progress, and, on **13 August 2026**, I was informed that the Registry was experiencing a backlog and was processing Warnings received on or before **9 June 2026**. In light of the fact that the Warning had already been provided both by Special Delivery and by email, I reasonably understood that the Warning had been received and was awaiting processing within that backlog.
It was therefore concerning to later learn from your email of **24 September 2026** that no trace of the Warning could be found on the estate file. By that stage, the Warning had already been provided on multiple occasions, and a substantial period of time had elapsed whilst I believed the matter was progressing through the Registry's administrative process.
The chronology gives rise to a significant concern regarding procedural prejudice.
My application was submitted and despite these steps, I was informed on **24 September 2026** that no trace of the Warning could be found on the estate file.
This means that **76 days** had elapsed since confirmed delivery of the Warning, and **64 days** had elapsed since a further copy had been supplied by email.
The caveat is due to expire on **9 December 2026**. Accordingly, by **24 September 2026**, approximately **107 days** of the caveat period had already passed, leaving only **76 days** remaining before the stated expiry date.
I also note the information previously provided by HMCTS in the seventeen-email received by me that it states *That Applications May Take Up to **Eight Weeks** to Approve Once All Documentation Has Been Received* and that, where further documentation is required, a further six weeks may be necessary. Applying those published timescales from **24 September 2026** would result in indicative dates of approximately **19 November 2026** and **31 December 2026** respectively.
This creates an obvious concern. Through no fault of my own, a substantial proportion of the caveat period has been consumed whilst the Warning appears to have been unrecorded on the estate file despite having been supplied on multiple occasions. The remaining period before expiry of the caveat is now broadly equivalent to the period already lost between the confirmed delivery of the Warning and notification that no trace of it could be found.

**The Caveat Has Prevented an Unfair Progress in the Administration of My Late Mother's Estate for Many Months**. Throughout this matter I have acted promptly, complied with all requirements placed upon me, retained proof of postage and delivery, supplied further copies when requested, and made repeated efforts to obtain updates. The delays which have occurred were entirely outside my control.
I am therefore concerned that I should not suffer any prejudice, procedural disadvantage, additional burden, loss of position, or other adverse consequence as a result of the apparent loss or non-recording of the original Warning after its confirmed delivery.
In the circumstances, I would be grateful if this matter could be reviewed and resolved amicably so that I do not suffer detriment arising from events for which I bear no responsibility.

**I Would Therefore Appreciate Confirmation of The Following:**

**1)** That The Warning Already Supplied Within the Correspondence and Attachments Is Sufficient for Immediate Sealing and Return.

**2)** That The Delay Arising from The Apparent Loss or Non-Recording of the Original Warning Will Not Adversely Affect My Application for Letters of Administration or My Position in Relation to The Administration of the Estate.

**3)** What Steps HMCTS Proposes to Take to Ensure That I Am Not Disadvantaged by the Elapsed Time Attributable to This Issue.

**4)** Whether The Registry Considers Any Remedies, Protective Measures, Procedural Adjustments, Case Management Directions, Or Other Appropriate Measures Available to Ensure That I Do Not Suffer Prejudice, Additional Burden, Procedural Disadvantage, Or Loss of Position as A Result of The Delay.

**5)** That Any Such Remedies, Proposals, Recommendations, Or Safeguards Can Be Communicated to Me by Email So That I May Fully Understand How HMCTS Intends to Address the Consequences Arising from This Situation.

I have done everything reasonably expected of me to progress this matter in accordance with the Probate Rules. I would therefore be grateful for any assistance the Registry can provide in ensuring that I am placed, as far as possible, in the position I would reasonably have been in had the Warning been correctly recorded and processed upon receipt in **July 2026**.
Thank you for your time and assistance. I look forward to your response.

Yours faithfully,

**Mr Simon Paul Cordell**

**Subject:** Urgent: Warning Delivered to Incorrect Postcode – Sealed Warning Required by Email and Post

Good morning, Leeds Probate Team.

I am writing to request an urgent update regarding the Warning I submitted. The Warning was sent by Royal Mail Special Delivery Guaranteed under tracking number **AS598862828GB** and delivered on **10/07/2026**. However, it has now come to my attention that the Warning was delivered to the **"Visit Us"** address for Leeds District Probate Registry:

**York House 31 York Place Leeds LS1 2ED**

This postcode (**LS1 2ED**) is **not** the correct processing centre for caveats and warnings. The correct postal section on your official page is listed under **"Write to Us"**, which shows:

**York House 31 York Place Leeds LS1 2BA**

Because the Warning was delivered to **LS1 2ED** instead of **LS1 2BA**, it appears it may not have reached the correct internal department responsible for processing caveats and warnings.

As a result, twelve days have passed since delivery, and I have still not received confirmation of receipt nor the sealed Warning.

For clarity, I attach below the **Warning letter** I issued, along with the **previous covering letter** that accompanied it:

**a) Warning Letter Issued**

**Caveat Reference:** 1780-9657-3186-1397

**To:** Mr. Tyrone Benjamin Flat 61 Tiverton House Exeter Road Enfield EN3 7TW

**Date:** 09th July 2026

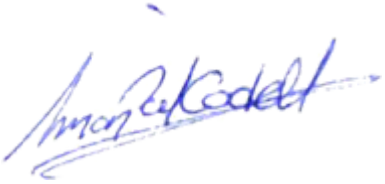

“I am the eldest of the three biological children of the deceased, Lorraine Caroline Cordell, and therefore hold statutory priority to apply for the grant of representation under the intestacy rules. As a child of the deceased, I am entitled to administer the estate, and no person has superior entitlement.

The caveator, Tyrone Benjamin, is also a biological child of the deceased and therefore of equal degree, but he does not have priority over me. No lawful grounds have been provided to justify the entry of the caveat, and no dispute has been raised regarding the identity of the deceased, the validity of the death, or the intestacy position.

I therefore require the caveator to enter an appearance within 14 days, setting out the legal basis on which he seeks to oppose or delay the grant. If no appearance is entered, I will apply for the caveat to be removed.”

Kind Regards Mr. Simon Paul Cordell

**Application Reference:** 1781606128650378

**Caveat Reference:** 1780-9657-3186-1397

Dear Registrar,

Please find enclosed my completed Warning relating to the caveat entered against the estate of my late mother, Lorraine Caroline Cordell.

I am the eldest of the three biological children of the deceased, and under the intestacy rules I hold statutory priority to apply for the grant of representation. I submitted the original application for the grant, which has now been stopped due to the caveat entered by Tyrone Benjamin, who is also a biological child of the deceased.

The caveator has provided no lawful grounds for entering the caveat, and no dispute has been raised regarding:

1) The Identity of The Deceased,
2) The Validity of the Death,
3) The Intestacy Position, Or
4) The Entitlement to Apply for The Grant.

I therefore request that the enclosed Warning be sealed and returned to me so that I may serve it on the caveator in accordance with the Probate Rules.

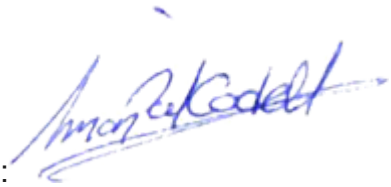

Once served, the caveator will have 14 days to enter an appearance. If no appearance is entered, I will apply for the caveat to be removed so that the grant of representation may proceed.

Please confirm receipt of this Warning and advise when the sealed copy has been issued.

Yours faithfully,

**Mr. Simon Paul Cordell**

Dated: 09/07/2026

Signed: 

Please also note that the previous return address is now unsafe for me to receive mail. If the sealed Warning has already been sent to that address, I urgently request that it be re-issued.

I require the sealed Warning to be provided both:

**a)** **By email**, due to the urgency of the matter, to: Re_Wired@live.co.uk

**b)** And **By post** to my safe address: **109 Burncroft Avenue Edmonton London N9 9DG**

Given that the Warning was delivered to an incorrect postcode and has not been processed, I urgently request confirmation of the following:

1. Whether Leeds Probate Registry Has Forwarded the Warning to The Correct HMCTS Probate Processing Centre.
2. Whether The Warning Has Been Sealed.
3. Immediate Issuance of The Sealed Warning by Email.
4. Re-Issue by Post to My Safe Address Above.

Thank you, Mr. **Simon Paul Cordell**
