

Items I would like to address

- All Pictures that soco took for Feb 2013 as this will show the damaged wall and other damaged that was there from Feb 2013, as from the paper work we have been shown the police entered from the warehouse where the rave was taking place at 13.30 on the 17/02/2013 and the police entered the hole in the wall where they found 2 people putting items into trolleys.
- We have only been given 12 pictures of 13 pictures from soco from May 2013 we need all 13 pictures.
- On discloser from CPS from 04/03/2014 on page 2 see below it says,

Ms Pursey was arrested for the burglary in May 2013 and interviewed. DC Johnson was the interviewing officer. In interview Pursey states that she attended the rave in February 2013 and that the beer can was left at the rave back in February and that she wasn't present at the rave in May. No further action was taken by the police with regard to Ms Pursey. Ms Pursey had been arrested in February 2013 (see CRIS 3005146/13).

- how could they have arrested her in May 2013 when the DNA had not come back till mid June 2013, and when they went to the address given from Feb 2013 the person there said she did not know her and had lived there for 5 years. She was put as wanted on the 26/06/2013. so how could they have interviewed her in May 2013?
- The discloser the judge ordered on the 18/03/2014

There are also some things I would like to ask.

Maybe the police are not finding the discloser for the May 2013 as it comes under 2 roads names.

Bianca Road, SE15.6SJ / Haymerle Road, SE15 6SD

Bianca Road, SE15.6SJ = the road of the warehouse where the party took place on the 04/05/2013 / 05/05/2013 and this is the road the police were on when I turned up to the warehouse where I had been hired for my sound system. And each time the police came on the night of the private party they used Bianca Road, SE15.6SJ.

Haymerle Road, SE15 6SD = is the address of Mr Patel's warehouse.
